INDEPENDENT ACCOUNTANTS' REVIEW REPORT

TO THE BOARD OF DIRECTORS AND STOCKHOLDERS OF
CENTRAL SECURITIES CORPORATION

We have reviewed the accompanying statement of assets and liabilities, including the statement of investments, of Central Securities Corporation as of June 30, 2003, and the related statements of operations, changes in net assets and financial highlights for the six-month period ended June 30, 2003. These financial statements are the responsibility of the management of Central Securities Corporation.

We have conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements referred to above for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the statement of changes in net assets for the year ended December 31, 2002, and financial highlights for each of the five years in the period ended December 31, 2002, and in our report dated January 29, 2003 we expressed an unqualified opinion on those statements.
