**CENTRAL SECURITIES CORPORATION**

**NOTES TO STATEMENT OF INVESTMENTS**

1. Security Valuation – Marketable common and preferred stocks are valued at the last or closing sale price or, if unavailable, at the closing bid price. Securities for which no ready market exists are valued at estimated fair value by the Board of Directors.

As of September 30, 2011, the tax cost of investments was \$323,618,324. Net unrealized appreciation was \$210,402,435 consisting of gross unrealized appreciation and gross unrealized depreciation of \$279,725,502 and \$69,323,067, respectively.

2. Fair Value Measurements – The Corporation’s investments are categorized below in three broad hierarchical levels based on market price observability as follows:

- Level 1 – Quoted prices in active markets for identical investments;
- Level 2 – Other significant observable assumptions obtained from independent sources, for example, quoted prices for similar investments, or the use of models or other valuation methodologies;
- Level 3 – Significant unobservable inputs including the Corporation’s own assumptions based upon the best information available. Investments categorized as Level 3 include securities in which there is little, if any, market activity. The Corporation’s Level 3 investments consist of The Plymouth Rock Company, Inc. and Aerogroup International, Inc.

The designated Level for a security is not necessarily an indication of the risk associated with investing in that security.

The Corporation’s investments as of September 30, 2011 are classified as shown below:

	Level 1	Level 2	Level 3	Total
Common stocks	\$ 356,953,233	—	\$ 175,165,200	\$ 532,118,433
Preferred stocks	—	\$ 1,902,326	—	1,902,326
Total investments	\$ 356,953,233	\$ 1,902,326	\$ 175,165,200	\$ 534,020,759

There were no significant transfers of investments between Levels 1, 2, or 3 during the nine months ended September 30, 2011. The following is a reconciliation of the change in the value of Level 3 investments:

Edgar Filing: CENTRAL SECURITIES CORP - Form N-Q

Balance as of December 31, 2010	\$ 168,455,000
Net realized gains and change in unrealized appreciation of investments	7,008,200
Sales	(298,000 )
Balance as of September 30, 2011	\$ 175,165,200

The change in unrealized appreciation of Level 3 investments held at September 30, 2011 included in the above table was \$6,950,200. In valuing Level 3 investments, the Corporation considers the results of various valuation methods, which may include comparable company valuation analyses, discounted future cash flow models and recent private transactions. Consideration is also given to corporate governance, marketability, independent appraisals obtained from portfolio companies, company and industry results and outlooks, and general market conditions. The determination of fair value involves subjective judgments. As a result, using fair value to price a security may result in a price materially different from the price used by other investors or the price that may be realized upon the actual sale of the security.

3. Restricted Securities - The Corporation from time to time invests in securities the resale of which is restricted. The Corporation does not have the right to demand registration of the restricted securities. On September 30, 2011, such investments had an aggregate value of \$175,165,200, which was equal to 32.4% of the Corporation's net assets. Investments in restricted securities at September 30, 2011, including acquisition dates and cost, were:

Company	Shares Security	Date Acquired	Cost
AeroGroup International, Inc.	20,000 Common Stock	6/14/05	\$ 11,719
