PROXY STATEMENT

This Proxy Statement is furnished by and on behalf of the Board of Directors of Books-A-Million, Inc. (the "Company") in connection with the solicitation of proxies for use at the Annual Meeting of Stockholders of the Company to be held at 10:00 a.m. on Tuesday, May 29, 2007, at The Harbert Center, 2019 Fourth Avenue North, Birmingham, Alabama 35203 and at any adjournments or postponements thereof (the "Annual Meeting"). This Proxy Statement and the enclosed proxy card will be first mailed on or about April 25, 2007 to the Company's stockholders of record on the Record Date, as defined below.

THE BOARD OF DIRECTORS URGES YOU TO COMPLETE, SIGN, DATE AND RETURN THE ENCLOSED PROXY CARD IN THE POSTAGE-PREPAID ENVELOPE PROVIDED.

SHARES ENTITLED TO VOTE

Proxies will be voted as specified by the stockholder or stockholders granting the proxy. Unless contrary instructions are specified, if the enclosed proxy card is executed and returned (and not revoked) prior to the Annual Meeting, the shares of common stock, \$.01 par value per share (the "Common Stock"), of the Company represented thereby will be voted FOR the election as director of the nominees listed in this Proxy Statement. The submission of a signed proxy will not affect a stockholder's right to attend and to vote in person at the Annual Meeting. A stockholder who executes a proxy may revoke it at any time before it is voted by filing with the Secretary of the Company either a written revocation or an executed proxy bearing a later date or by attending and voting in person at the Annual Meeting.

Only holders of record of Common Stock as of the close of business on March 30, 2007 (the "Record Date") will be entitled to vote at the Annual Meeting. As of the close of business on the Record Date, there were 16,638,477 shares of Common Stock (the "Shares") outstanding. Holders of Shares authorized to vote are entitled to cast one vote per Share on all matters. The holders of a majority of the Shares entitled to vote must be present or represented by proxy to constitute a quorum. Shares as to which authority to vote is withheld and abstentions are counted in determining whether a quorum exists.

Under Delaware law and the Company's by-laws, directors are elected by the affirmative vote, in person or by proxy, of a plurality of the shares entitled to vote in the election at a meeting at which a quorum is present. Only votes actually cast will be counted for the purpose of determining whether a particular nominee received more votes than the persons, if any, nominated for the same seat on the Board of Directors.

Approval of any other matters that may properly come before the Annual Meeting, requires the affirmative vote of a majority of the Shares represented in person or by proxy and entitled to vote on such matter at a meeting at which a quorum is present. Abstentions, votes withheld and, unless a broker's authority to vote on a particular matter is limited, shares held in street name that are not voted are counted in determining the votes present at a meeting and entitled to vote, such as for quorum purposes. Abstentions will be counted in determining the minimum number of votes required for approval and will, therefore, have the effect of votes against such proposal. However, a share that is held in street name that is not voted because the broker's authority to vote on that matter is limited and the broker did not receive direction on how to vote the share on that matter from the beneficial owner (a "broker non-vote") is not considered entitled to vote and is thus not calculated as a vote cast at a meeting (either for or against the proposal). Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have discretion to vote such shares on routine matters including the election of directors, increases in authorized common stock for general corporate purposes and ratification of auditors. Non-routine matters include amendments to stock plans.

With respect to any other matters that may come before the Annual Meeting, if proxies are executed and returned, such proxies will be voted in a manner deemed by the proxy representatives named therein to be in the best interests of the Company and its stockholders.

PROPOSAL I - ELECTION OF DIRECTORS

The Board of Directors of the Company is divided into three classes of directors serving staggered terms of office. Upon the expiration of the term of office of a class of directors, the nominees for that class are elected for a term of three years to serve until the election and qualification of their successors. The current terms of Dr. J. Barry Mason and Mr. William H. Rogers, Jr. expire upon the election and qualification of the directors to be elected at this Annual Meeting. The Board of Directors has nominated Dr. J. Barry Mason and Mr. William H. Rogers, Jr. for re-election to the Board of Directors at the Annual Meeting, to serve until the 2010 annual meeting of stockholders and until their successors are duly elected and qualified.

All Shares represented by properly executed proxies received in response to this solicitation will be voted for the election of the directors as specified therein by the stockholders. Unless otherwise specified in the proxy, it is the intention of the persons named on the enclosed proxy card to vote FOR the election of Dr. J. Barry Mason and Mr. William H. Rogers, Jr. to the Board of Directors. Dr. Mason and Mr. Rogers have consented to serve as directors of the Company if elected. If at the time of the Annual Meeting, Dr. Mason or Mr. Rogers are unable or decline to serve as a director, the discretionary authority provided in the enclosed proxy card will be exercised to vote for a substitute candidate designated by the Board of Directors. The Board of Directors has no reason to believe that Dr. Mason or Mr. Rogers will be unable or will decline to serve as a director.

Stockholders may withhold their votes from a nominee by so indicating in the space provided on the enclosed proxy card.

Set forth below is certain information furnished to the Company by Dr. Mason, Mr. Rogers and by each of the incumbent directors whose terms will continue following the Annual Meeting.

Identifying and Evaluating Nominees for Directors. The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year.

Edgar Filing: BOOKS A MILLION INC - Form DEF 14A

The Nominating and Corporate Governance Committee will consider suggestions from stockholders for nominees for election as directors. The bylaws of the Company provide that any stockholder entitled to vote on the election of directors at a meeting called for such purpose may nominate persons for election to the Board by following the procedures set forth in the section titled "Notice of Stockholder Nominees." Stockholders who wish to submit a proposed nominee to the Nominating and Corporate Governance Committee should send written notice to Mr. Ronald G. Bruno, Nominating and Corporate Governance Committee Chairman, Books-A-Million, Inc., 402 Industrial Lane, Birmingham, Alabama 35211.

Such notice should set forth all information relating to such nominee as is required to be disclosed in solicitations of proxies for elections of directors pursuant to Regulation 14A under the Exchange Act, including such person's written consent to being named in the Proxy Statement as a nominee and to serve as a director if elected, the name and address of such stockholder or beneficial owner on whose behalf the proposed nomination is being made, and the class and number of shares of the Company owned beneficially and of record by such stockholder or beneficial owner. The Nominating and Corporate Governance Committee will consider nominees suggested by stockholders on the same terms as nominees provided by search firms or other parties. The Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and believes that nominees for election to the Board must possess certain minimum qualifications and attributes. The nominee: 1) must exhibit strong personal integrity, character and ethics, and a commitment to ethical business and accounting practices, 2) must not serve on more than two other public company boards, 3) must not be involved in on-going litigation with the Company or be employed by an entity which is engaged in such litigation, and 4) must not be the subject of any on-going criminal investigations, including investigations for fraud or financial misconduct.

Communication with Directors. Individuals may communicate with the Board by submitting the communication to the Company's executive offices at 402 Industrial Lane, Birmingham, Alabama 35211. The Company's Internal Auditor reports directly to the Audit Committee of the Board of Directors, and will immediately communicate the information to the Audit Committee and / or all members of the Board.

AUDITOR FEES AND SERVICES

Upon the recommendation of the Audit Committee of the Board of Directors of the Company, Deloitte & Touche LLP ("Deloitte") was dismissed as the Company's independent auditor effective April 29, 2005. Deloitte served as the Company's independent auditor for fiscal years 2003, 2004 and 2005. The reports of Deloitte for those fiscal years did not contain an adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. During those fiscal years and for fiscal year 2006 through April 29, 2005 there were no (A) disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Deloitte, would have caused Deloitte to make reference to such disagreements in its reports provided to the Company; and (B) reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K).

Effective April 29, 2005, the Company's Audit Committee engaged Grant Thornton LLP to audit the Company's financial statements for the fiscal year ending on January 28, 2006. Prior to the engagement of Grant Thornton LLP, neither the Company nor anyone on behalf of the Company had consulted with Grant Thornton LLP during the Company's two most recent fiscal years and for fiscal year 2006 through April 29, 2005 in any matter regarding either: (A) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither was a written report nor oral advice provided to the Company that Grant Thornton concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (B) any matter which was the subject of either a disagreement or a reportable event, as each are defined in Item 304(a)(1)(iv) and (v) of Regulation S-K, respectively.

The Audit Committee of the Board of Directors selected Grant Thornton LLP to serve as the Company's independent registered public accounting firm for the 2007 fiscal year. Representatives of Grant Thornton LLP are expected to be present at the annual meeting. They will be provided an opportunity to make a statement if they desire to do so and they will be available to respond to appropriate questions.

Edgar Filing: BOOKS A MILLION INC - Form DEF 14A

The following table shows the fees paid or accrued, including out-of-pocket expenses, by the Company for the audit provided by Grant Thornton LLP for fiscal years 2007 and 2006:

Fees	2007	2006
Audit fees (1)	\$916,415	\$1,042,098
Audit-related fees (2)	38,066	46,398
Tax fees (3)	15,750	13,574
Total	\$970,231	\$1,102,070

(1) Audit fees represent fees for professional services provided in connection with the audit of the Company's financial statements and review of quarterly financial statements and audit services provided in connection with other statutory or regulatory filings.

(2) Audit-related fees represent the aggregate fees billed during the past two years for assurance and related services by the principal accountants that are reasonably related to their performance of the audit or review of the Company's financial statements that are not covered by the prior item.

(3) Tax fees principally included tax compliance fees and tax advice and planning fees.

The Audit Committee has required that a majority of its members pre-approve all audit-related and non-audit services not prohibited by law to be performed by the Company's independent auditors.

The Audit Committee has considered whether the provision of non-audit services by the Company's independent registered public accounting firm is compatible with maintaining the independent registered public accounting firm's independence, and believes that the provision of such services is compatible.

REPORT OF THE AUDIT COMMITTEE

The members of the Audit Committee are Messrs. Albert C. Johnson (Chairman), J. Barry Mason and William H. Rogers. During fiscal 2007 Ronald G. Bruno served as a member of the Audit Committee. The Board has determined that Mr. Johnson is an audit committee financial expert as defined by the Securities and Exchange Commission.

The primary function of the Audit Committee is to provide advice with respect to the Company's financial matters and to assist the Board of Directors in fulfilling its oversight responsibilities regarding (i) the quality and integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the qualifications and independence of the independent registered public accounting firm serving as auditors of the Company and (iv) the performance of the Company's internal audit function and the independent registered public accounting firm. The Audit Committee's primary duties and responsibilities relate to:

Managing the reliability and integrity of accounting policies and financial reporting and disclosure practices of the Company;

Ensuring that an adequate system of internal controls is functioning within the Company; and

Selecting the independent registered public accounting firm.

Management is responsible for the Company's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with U.S. generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee held four meetings during fiscal 2007, including regular meetings in conjunction with the close of each fiscal quarter during which the Audit Committee reviewed and discussed the Company's financial statements with management and Grant Thornton LLP, its independent registered public accounting firm.

The Audit Committee reviewed and discussed the audited financial statements of the Company for the fiscal year ended February 3, 2007 with the Company's management, and management represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee discussed with Grant Thornton LLP matters required to be discussed by Statement on Auditing Standards ("SAS") No. 61 (Communication with Audit Committees) as amended by SAS No. 91.

Edgar Filing: BOOKS A MILLION INC - Form DEF 14A

The Audit Committee received the written disclosures and the letter from Grant Thornton LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), and the Audit Committee discussed with Grant Thornton LLP its independence from the Company. It considered the non-audit services provided by Grant Thornton LLP and determined that the services provided are compatible with maintaining Grant Thornton LLP's independence. The Audit Committee approved 100% of all audit, audit related and tax services provided by Grant Thornton LLP for the fiscal year ended February 3, 2007. The total fees paid to Grant Thornton LLP for the fiscal year 2007 is described above under "Auditor Fees and Services."

Based on the Audit Committee's discussions with management and the independent registered public accounting firm, the Audit Committee's review of the representation of management and the report of the independent registered public accounting firm to the Audit Committee, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended February 3, 2007 for filing with the Securities and Exchange Commission.

Compliance with Section 16(a) of the Securities Exchange Act of 1934. Section 16(a) of the Exchange Act requires the Company's directors, executive officers and persons who own beneficially more than 10% of the Company's Common Stock to file reports of ownership and changes in ownership of such stock with the Securities and Exchange Commission (the "SEC") and the NASDAQ Stock Market, Inc. Directors, executive officers and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all such forms they file. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, its directors, executive officers and greater than 10% stockholders complied during fiscal 2007 with all applicable Section 16(a) filing requirements.

COMPENSATION DISCUSSION AND ANALYSIS

Pursuant to SEC rules for Proxy Statement disclosure of executive compensation, the Company has prepared the following Compensation Discussion and Analysis (CD&A). The CD&A addresses the objectives and implementation of the Company's executive compensation programs and focuses on the policies and decisions behind the programs. In addition, the Company intends that the CD&A clearly describe the current executive compensation program of the Company, including the underlying philosophy of the program and the specific performance criteria on which executive compensation is based.

Compensation Program Objectives

The Company's executive compensation policy is designed to provide levels of compensation that integrate compensation with the Company's annual and long-term performance goals and reward above-average corporate performance, thereby allowing the Company to attract and retain qualified executives. Specifically, the Company's executive compensation policy is intended to:

- Provide compensation levels that reflect the competitive marketplace so that the Company can attract, retain and motivate the most talented executives;

- Provide compensation levels that are consistent with the Company's business plan, financial objectives and operating performance;

- Reward performance that facilitates the achievement of specific results and goals in furtherance of the Company's business plan;

- Motivate executives to make greater personal contributions to the performance of the Company helping it to achieve its strategic operating objectives; and

- Provide proper motivation for enhancing stockholder value by providing long-term incentive compensation, in the form of stock options and shares of restricted stock, in order to align the interests of executives with those of stockholders and the long-term interest of the Company.

The compensation program is designed to reward Officers for above average year over year company and personal performance, the development of long term growth strategies, as well as longevity with the Company.

In light of the Company's compensation policy, the components of its executive compensation program for fiscal 2007 were base salaries, cash bonuses and restricted stock bonuses.

The Company believes that each of the elements of compensation are competitive and consistent with current market expectations for leaders with an organization our size in our field.

Elements of Compensation

Base Salary. Each executive officer's base salary is based upon a number of factors, including the responsibilities borne by the executive officer, his or her performance and his or her length of service to the Company. Each executive officer's base salary is reviewed annually and generally adjusted to account for inflation, the Company's financial performance, any change in the executive officer's responsibilities and the executive officer's overall performance. Factors considered in evaluating performance include financial results such as increases in sales, net income before taxes and earnings per share, as well as non-financial measures such as improvements in service and relationships with customers, suppliers and employees, employee safety and leadership and management development. These non-financial measures are subjective in nature. No particular weight is given by the Compensation Committee to any particular factor.

Edgar Filing: BOOKS A MILLION INC - Form DEF 14A

Cash Bonuses. Each executive officer is eligible to receive an annual cash bonus of up to 100% of his or her base salary at the time of the award. Generally, the Company establishes a bonus program at the beginning of each fiscal year in connection with the preparation of the Company's annual operating budget for such year. Under this bonus program, an executive officer is eligible to receive a bonus upon the Company achieving certain pre-tax income goals and the executive officer accomplishing certain individual performance goals related to his or her job functions, the actual amount of the cash bonus is determined by reference to the level of achievement with respect to the preset goals.

Restricted Stock. Currently the Company only issues restricted stock from the 2005 Incentive Award Plan. Prior to fiscal 2007 the Company also had the Executive Incentive Award Plan. No further awards will be issued out of the Executive Incentive Award Plan.

2005 Incentive Award Plan. During fiscal 2006, the Board of Directors (the "Board") adopted, the Books-A-Million 2005 Incentive Award Plan (the "Plan") for members of the Board, employees and consultants of the Company and its subsidiaries, 300,000 shares were made available for grants under the plan at that time. The Plan became effective in June 2005 when the Plan was approved by the affirmative vote of the holders of the majority of our Common Stock present, or represented, and entitled to vote thereon at the Annual Meeting of Stockholders. On June 8, 2006, the Shareholders approved the First Amendment to the 2005 Incentive Award plan that increased the shares available under the plan by 300,000 shares. The plan maintains a total share reserve of 600,000 and as of February 3, 2007 there was a total of 353,327 shares still available to be granted under the plan.

The Board believes that the Plan will promote the success and enhance the value of the Company by continuing to link the personal interest of participants to those of Company stockholders and by providing participants with an incentive for outstanding performance.

The Plan provides for the grant of incentive stock options, nonqualified stock options, restricted stock, stock appreciation rights, performance shares, performance stock units, dividend equivalents, stock payments, deferred stock, restricted stock units, and/or performance-based awards to eligible individuals. During Fiscal 2007, awards were made under this plan to Mr. Clyde B. Anderson, Executive Chairman of the Board, Ms. Sandra B. Cochran, President and Chief Executive Officer, Mr. Terrance G. Finley, President of the Merchandising Group, and Mr. Douglas G. Markham, Chief Financial Officer. The awards were made in restricted stock according to the provisions of the plan. See the Summary Compensation Table on page 17 for more information on awards to named executive officers. An independent compensation consultant makes a presentation recommending share aware levels based on market data, taking into consideration such things as prior grants of awards and numbers of outstanding unvested awards.

Executives' Deferred Compensation Plan. During fiscal 2006, the Board adopted the Books-A-Million, Inc. Executives' Deferred Compensation Plan (the "Executives' Deferred Compensation Plan"). The Executives' Deferred Compensation Plan provides a select group of management or highly compensated employees of the Company and certain of its subsidiaries (the "Participants") with the opportunity to defer the receipt of certain cash compensation. Under the Executives' Deferred Compensation Plan each Participant may elect to defer a portion of his or her cash compensation that may otherwise be payable in a calendar year. A Participant's compensation deferrals are credited to the Participant's bookkeeping account (the "Account") maintained under the Executives' Deferred Compensation Plan. Each Participant's Account is credited with a deemed rate of interest and/or earnings or losses depending upon the investment performance of the deemed investment option selected by the participant.

With certain exceptions, a Participant's Account will be paid after the earlier of: (1) a fixed payment date, as elected by the Participant (if any); or (2) the Participant's separation from service with Company or its subsidiaries. Participants may generally elect that payments be made either in a single sum or in installments in the year specified by the Participant or upon their separation from service with the Company. Additionally, a Participant may elect to receive payment upon a Change of Control, as defined in, and to the extent permitted by, Section 409A of the Internal Revenue Code of 1986, as amended.

Stock Options. In September 1992, the Company adopted a Stock Option Plan under which executive officers were eligible to receive stock options. Under the Stock Option Plan, all stock options were awarded at prices no less than the fair market value (the closing sale price of a share) of the Company's Common Stock on the date of grant. In fiscal 2006, the company discontinued the issuance of any additional options under this plan. No options were granted to any officer during fiscal 2006 or 2007.

Edgar Filing: BOOKS A MILLION INC - Form DEF 14A

Executive Incentive Plan. During fiscal 1995, the Company adopted the Books-A-Million, Inc. Executive Incentive Plan. The Incentive Plan provides for awards to certain executive officers of cash, shares of restricted stock or both, based on the achievement of specific pre-established performance goals during a three consecutive fiscal year performance period. During Fiscal 2006, awards were made under this plan to Mr. Clyde B. Anderson, Executive Chairman of the Board, Ms. Sandra B. Cochran, President and Chief Executive Officer and Mr. Terrance G. Finley, President of the Merchandising Group. These awards were granted as they related performance achievement of fiscal 2006 goals. The awards were made in restricted stock according to the provisions of the plan. Effective in fiscal 2007, no future awards will be made under the Executive Incentive Plan.

The Company believes that maintaining a sound leadership team is fundamental to the Company's success, and having the correct mix of compensation elements furthers this important objective. A combination of base salary plus performance based bonuses allows for stability and growth both personally and professionally and provides motivation and incentive during the near term. Restricted stock further encourages actual ownership of part of the company and is a powerful motivating tool in aligning employees' objectives with the company's objectives. Equity ownership in general, and restricted stock in particular, also makes employees more focused on meeting long term goals and increasing overall stockholder value, as well as encouraging highly valued employees to remain with the Company.

Compensation Policies

Compensation of Executive Officers. During fiscal 2007, the Company's executive officers earned compensation comprised of base salary, cash bonus and restricted stock as described above.

Distribution between long term and currently paid out compensation. Having a balance between short and long term compensation is a fundamental part of the Company's compensation package. Base salaries and cash bonuses provide for the immediate necessity of attracting and retaining a well qualified staff, with the bonus component rewarding high levels of performance by both the Company and the individual.

The Restricted Stock program addresses both short and long term objectives of the Company with the intention to reward individuals who are committed to the continued success of the company. Although restricted stock awards are generally made on the basis of current year Company performance and current employment, the restricted stock awards vest over time such that only those holders who maintain employment with the Company for a period of 2 to 5 years recognize a benefit from the awards. Thus, the restricted stock awards are intended in part to provide long term compensation opportunities that compliment other compensation paid in the short term.

Restricted stock encourages our employees to behave like owners and provides a clear link between the interests of the stockholder and the interests of the recipient. As employees have more impact on corporate performance, their main incentive should be profitably growing the company, which aligns their interest with that of our stockholders. Accordingly, as the executives' levels of responsibility increase, more of their compensation is provided in the form of restricted stock. This approach ties the executive's level of responsibility for the Company's performance to the amount of risk to such executive's total pay.

Allocating between cash and non-cash compensation, and among different forms of non-cash compensation. The Company believes that a fair balance between cash and non-cash compensation has been established. The Committee continues to monitor the compensation programs with the assistance of input from outside advisors in order to ensure compliance with the changing landscape of executive pay. Generally, as an executive's level of responsibilities increases a greater percentage of his or her compensation is tied to Company performance and a greater percentage is therefore subject to the risk tied to the return to the Company's stockholders.

The Committee directly retains a compensation consultant, who advises it regarding "best practices" in executive compensation and analyzes the Company's competitive position and the levels of compensation for the three components of the Company's executive compensation program including base salaries, bonuses and long-term incentives, such as restricted stock awards. This consultant also advises the Committee with respect to specific executive compensation decisions.

Award Determination. Base salary, cash bonuses and restricted stock awards are determined once a year, usually in March. Once the Company's financial statements have been audited by an independent audit firm, the Compensation Committee will determine base salaries and bonuses, and awards of restricted stock as well as the measurement goals for achieving the various awards. The committee will also determine what portion of the

Edgar Filing: BOOKS A MILLION INC - Form DEF 14A

restricted stock awards which were authorized the previous year have been earned and issue those shares of restricted stock as they have been earned.

Compensation Policies and Corporate Performance. Compensation policies are primarily driven by desire and intent to link the fundamental characteristics of the retail sector to various objectives related to making the Company successful. By taking specific positive traits of thriving retail companies into account when reviewing compensation, management keeps the Company continuously striving for continued success. These goals might include achieving certain earnings per share increases, new store growth, return on assets, and return on equity and Sarbanes-Oxley compliance.

The Company maintains a policy seeking reimbursement from the Officers and other key management positions of certain bonuses and other incentive-based or equity-based compensation to the extent deemed appropriate by the Compensation Committee and the Board of Directors. In particular, the Company shall seek reimbursement of such compensation for the relevant period if the Company's financial results are required to be restated due to material noncompliance of the Company as a result of misconduct.

Company's performance and the executive's individual performance. Base salary is paid regardless of the individual's or Company's performance, however for employment to be maintained the associate is expected to maintain certain levels of responsibility, time commitments and performance levels. In addition, individuals are unlikely to receive an increase in base salary if they have not demonstrated a commitment to individual and Company performance.

Cash bonuses reward personal and Company performance. However, if the Company does not achieve certain minimum performance levels, the personal bonus will not be awarded.

Restricted stock to some extent emulates the spirit of the cash bonus program. The Performance Based Shares measurements are similar to the Company performance measurements maintained in connection with the bonus program. While the Career Based Shares may be issued to current employees, it requires longevity with the Company before the shares become vested.

Material changes to compensation. Material changes in compensation are based on performance (both personal and Company performance), responsibility and time commitment.

The impact of accounting and tax treatments. Base salary and cash bonuses are taxed at current Federal Income Tax rates in the years that the monies are paid. Restricted stock allows for the individual to select when the awards will be taxed. Generally, in accordance with Federal tax laws, restricted stock must be reported as taxable income in the year that the restricted shares vest. The amount of taxable income is calculated by multiplying the number of shares that vest in a given year times the stock price on the date the shares vest. Alternatively, individuals may elect to make a special tax election which allows them to report the taxable income in the year the shares are granted based on the number of shares granted and the value of the shares on that date.

Ownership Requirements. Executive Officers are required to maintain a certain level of ownership of company stock as determined by the Compensation Committee. The level of ownership is determined on an individual basis and is based upon the level of responsibility of each executive. As levels of responsibilities increase so may the requirement of ownership.

The role of executive officers in the compensation process. Executive officers participate in the compensation process to the extent of developing and presenting ideas and concepts, with the assistance of the independent Compensation Consultant. The independent Compensation Consultant prepares a report for the compensation committee with input from the executive officers. The independent Compensation Committee has the final authority to determine all components of compensation structure.

Limitations on Deductibility of Compensation. Under the 1993 Omnibus Budget Reconciliation Act, a portion of annual compensation payable after 1993 to any of the Company's five highest paid executive officers would not be deductible by the Company for federal income tax purposes to the extent such officer's overall compensation exceeds \$1,000,000. Qualifying performance-based incentive compensation, however, would be both deductible and excluded for purposes of calculating the \$1,000,000 limit. Although the Compensation Committee does not presently intend to award compensation in excess of the \$1,000,000 limit, it will continue to address this issue when formulating compensation arrangements for the Company's executive officers.

COMPENSATION COMMITTEE REPORT

The Compensation Committee, which consists of Messrs. William H. Rogers, Jr. (who served as Chairman throughout fiscal 2007), J. Barry Mason and Ronald G. Bruno, was responsible for establishing salaries, bonuses and other compensation for the Company's executive officers for fiscal 2007, as well as for administering the Company's 2005 Incentive Award Plan, and Employee Stock Purchase Plan. Each member of the Compensation Committee is a non-employee director. Clyde B. Anderson, in his position as Executive Chairman of the Board and Sandra B. Cochran, in her position as President and Chief Executive Officer, provided input to the Compensation Committee as to the compensation for the Company's other officers.

The Committee continues to monitor the compensation programs with the assistance of input from outside advisors in order to ensure compliance with the changing landscape of executive pay. The Compensation Committee held two meetings during fiscal 2007. The Compensation Committee has reviewed and discussed the Company's CD&A with management; and based upon this review and discussion, the Compensation Committee recommended to the Board that the CD&A be included in the Company's Annual Report on Form 10-K and in this Proxy Statement.

By the Compensation Committee of the Board of Directors:

Mr. William H. Rogers, Jr. (Chairman)

Dr. J. Barry Mason

Mr. Ronald G. Bruno

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Interlocks. As indicated above, the Compensation Committee of the Board of Directors consists of Messrs., William H. Rogers, Jr., J. Barry Mason and Ronald G. Bruno. None of these directors had interlock relationships.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Procedures for Approval of Related Party Transactions. The Audit Committee pre-approves all related party transactions and approves any changes to existing contracts as well as approving new contracts. At the end of each year, the Audit Committee will review all related party transactions and determine if the Company is compliant with current contracts. This formal process approves and monitors all transactions of companies that could be considered related. Related Parties are defined by Regulation S-K and the NASDAQ National Market and further explained in the Company's Code of Conduct and in the following paragraph. The Audit Committee has the authority to make waivers on conflicts of interest.

In accordance to the Company's Code of Conduct, conflicts of interest are defined by outside employment, improper personal benefits, financial interests, loans or other financial transactions, service on outside Boards and Committees and actions of family members. The Code of Conduct defines a company as material if the customer has made payments to the Company in the past year in excess of \$200,000 or 5%, whichever is greater, of either the Company's or the customer's gross revenues. A company is a material supplier to the Company if the supplier has received payments from the Company in excess of \$200,000 or 5%, whichever is greater, of the supplier's or the company's gross revenues.

Related Party Transactions. As described below during fiscal 2007, the Company entered into certain transactions in the ordinary course of business with certain entities affiliated with Messrs. Charles C. Anderson, Sr., Terry C. Anderson, Joel R. Anderson, Harold M. Anderson, Charles C. Anderson, Jr. and Clyde B. Anderson, who own 70% or more of these companies and serve as Officers and or Directors. The Board of Directors of the Company believes that all such transactions were on terms no less favorable to the Company than terms available from unrelated parties. All of the related party transactions were reviewed and approved by the Audit Committee in accordance with the Company's policy. Significant activities with these entities are:

The Company purchases a substantial portion of its magazines as well as certain of its seasonal music and newspapers from Anderson Media Corporation ("Anderson Media"). Edgar Filing: BOOKS A MILLION INC - Form DEF 14A

on-board catering, landing/ramp fees and other miscellaneous variable costs. The total annual variable costs are divided by the annual number of hours the Company aircraft flew to derive an average variable cost per hour. This average variable cost per hour is then multiplied by the hours flown for personal use to derive the estimated aggregate incremental cost. Since the Company aircraft is used primarily for business travel, the methodology excludes fixed costs that do not change based on usage, such as pilots and other employees' salaries, purchase costs of the aircraft and non-trip related hangar expenses. On certain occasions, an executive's spouse, other family member or guest may accompany the executive on a flight. No additional direct operating cost is incurred in such situations under the foregoing methodology.
