REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Plan Administrator of Fresh Brands
Distributing Retirement Savings Plan:

We have audited the accompanying statement of net assets available for benefits of the Fresh Brands Distributing Retirement Savings Plan (the Plan) as of December 31, 2003, and the related statement of changes in net assets available for plan benefits for the year then ended. These financial statements and the supplemental schedule referred to below are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003, and the changes in its net assets available for plan benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2003 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

FRESH BRANDS DISTRIBUTING RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2003 AND 2002

1. DESCRIPTION OF THE PLAN

The following description of the Fresh Brands Distributing Retirement Savings Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan may be found in the Plan document.

General The Plan is a defined contribution, discretionary profit sharing plan which covers all salaried, non-union employees of Fresh Brands Distributing, Inc. (the Company) who satisfy the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective March 1, 2003, the Company adopted an Employee Stock Ownership Plan ("ESOP") within the Plan. Under the new provisions, Plan participants have the option to elect to receive cash for any dividends paid on Company common stock within the Plan or to have the dividends reinvested in additional shares based on the current market price.

Eligibility Employees become eligible to participate in the salary deferral and employer matching portion of the Plan after completing one hour of service. Employees become eligible to participate in the profit sharing provision of the Plan on the January 1 after the plan year in which the employee completes one year of credited employment, as defined. A participant must complete 1,000 hours of service in a plan year and be employed as of December 31 to receive a profit sharing contribution for that year.

Edgar Filing: FRESH BRANDS INC - Form 11-K

Plan Administration The Plan trustee is Marshall & Ilsley Trust Company (the Trustee). The Plan is administered by the Company which uses the services of the Trustee to maintain the individual participant accounts.

Contributions Participating employees can elect to defer in whole percentages, up to 25%, of their annual compensation by means of a salary reduction agreement. Participants age 50 or older are allowed to make "catch-up" contributions, subject to Internal Revenue Code limitations. The Company is required to match elective deferrals to the Plan at a rate of 25% of the first 4% of annual compensation. In addition prior to 2003, the Company was required to make a contribution, defined as an employer basic contribution, to the Plan in the amount of 5% of the participants annual compensation, as defined. The Company could also make a discretionary contribution at the discretion of Plan management. Beginning in 2003, all contributions to the Plan are made on a discretionary basis. All contributions are subject to certain IRC limitations.

Vesting Participants are immediately vested in their contributions, the Company's matching contributions, and the actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0 %
1	20 %
2	40 %
3	60 %
4	80 %
5 or more	100 %

Upon disability, death, and under certain retirement conditions, participants become fully vested in their account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures At December 31, 2003 and 2002, forfeited nonvested accounts totaled \$12,632 and \$11,008, respectively. Forfeitures are used to reduce employer contributions.

Benefits Vested balances can be distributed in either of two forms: (1) qualified joint and survivor annuities, or (2) lump-sum payments. Vested balances of less than \$5,000 must be distributed in a lump-sum payment.

-9-

Participant Accounts Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant balances or earnings, as defined.

Investment Options Participants may direct their contributions to any one or any combination of the Plan's investment funds. Employer matching contributions are invested in the same funds as the participant portion. Participants may change their investment elections quarterly. A description of each investment option is provided below:

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

-10-

Income Recognition Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Investment Valuation Investments, except for the M&I Stable Principal Fund, are reflected at values quoted at the valuation date. The fair value of the participation units in the common collective funds is based on the fair value of the underlying assets, as reported to the Plan by the Trustee. The M&I Stable Principal Fund is a common collective fund that invests in fully benefit-responsive investment contracts. The investments in this fund are stated at contract value which approximates fair value. Purchases and sales of transactions are recorded on a trade-date basis.

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts in the financial statements of the Plan.

Administrative Expenses The Company pays all administrative expenses of the Plan except for the Trustee fees.

Estimates Used in the Preparation of Financial Statements The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Edgar Filing: FRESH BRANDS INC - Form 11-K

Payment of Benefits Benefit payments to participants are recorded upon distribution.

			<hr style="width: 100%;"/>

4. RELATED PARTY TRANSACTIONS

The Plan periodically invests in common collective funds managed by the Trustee and in securities of the Company. All transactions between the Plan, the Company, the Trustee, and the participants are considered party-in-interest transactions.

The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code, and the Plan remains qualified and the related trust is tax-exempt for the years ended December 31, 2003 and 2002.

6. PLAN TERMINATION
