ITEM 8.01      OTHER INFORMATION.

In its Form 10-K for the year ended December 31, 2008, Rimage Corporation (the Company) reported that its principal means of distributing its products were: direct sales to select accounts using its own sales force; a two-tier distribution channel of distributors to value added resellers in Europe, the United States and Latin America; and a distributor or OEM to end-user distribution channel in Asia Pacific, some areas in Europe and some United States market applications.

On January 25, 2010, the Company notified distributors of its products in the United States that the Company is terminating these distributor relationships effective April 1, 2010. The Company also terminated distribution relationships in Germany and the United Kingdom effective April 1, 2010. The termination of these distributors is part of the Company's decision to further develop its own distribution capability. Following termination of the distributors, the Company will sell product in these regions directly to select accounts through its own sales force and to the end-user customers through value-added resellers or other strategic partners.
