The source and amount of funds used in purchasing the Stock were as follows:

<u>Purchaser</u>	<u>Source of Funds</u>	<u>Amount</u>

Item 4. Purpose of Transaction

The Filers acquired the Stock for investment purposes. On September 29, 2008, Greg Noval sent a letter to Palo Alto Investors on behalf of the Issuer's Board of Directors responding to a letter from Palo Alto Investors sent earlier in the day, and Palo Alto Investors sent a further response to the Board. A copy of that correspondence is incorporated by reference herein as Exhibit B. On November 5, 2008, PAI LLC sent a letter to the Board (the November 5 Letter), a copy of which is incorporated by reference herein as Exhibit F. On February 11, 2009, PAI LLC sent a letter to the Board questioning the timing and strategy of the Issuer's proposed monetization of part of its Block 5(c) assets in Trinidad and Tobago (the February 11 Letter). On February 12, 2009, PAI LLC issued a press release including the text of the February 11 Letter and requesting additional disclosure by the Issuer with regard to its financial position and the status of that project and requesting that the Issuer hold a public conference call to update shareholders. A copy of that press release is incorporated by reference herein as Exhibit G. On February 17, 2009, PAI LLC delivered to the Issuer a requisition for a special meeting of the Issuer's shareholders for the purpose, among other things, of removing all of the directors on the Issuer's board of directors and replacing such directors with PAI LLC's nominees (the Requisition). Also on February 17, 2009, PAI LLC issued a press release announcing that it had requisitioned a special meeting of the Issuer's shareholders for that purpose (the February 17 Press Release). Once a record date and meeting date for the shareholders meeting have been established, a dissident proxy circular will be mailed to shareholders of record by PAI LLC. The dissident proxy circular will provide details regarding each of PAI LLC's nominees to the Issuer's Board of Directors. Shareholders are urged to carefully read the dissident proxy circular and other documents when they are available. A copy of the Requisition is incorporated by reference herein as Exhibit H, and a copy of the February 17 Press Release is incorporated by reference herein as Exhibit I. On March 10, 2009, PAI LLC sent a letter to the Board (the March 10 Letter) noting that no response had been provided to its February 11, 2009 inquiry regarding the Issuer's proposed monetization of part of its Block 5(c) assets in Trinidad and Tobago and requesting a meeting with the full Board to discuss strategic and financing alternatives to monetizing the Block 5(c) assets. A copy of the March 10 Letter is incorporated herein by reference as Exhibit J. On March 16, 2009, PAI LLC sent a letter (the March 16 Letter) to the Board. The March 16 Letter was sent in response to an electronic mail message sent by Greg Noval (the March 10 Noval E-mail) to PAI LLC responding to the March 10 Letter sent earlier in the day on March 10, 2009, and in response to a letter from C. Alexander Squires, a director and chair of the Audit Committee of the Issuer's Board of Directors (the March 12 Board Letter) to PAI LLC on behalf of the Issuer's Board of Directors responding to the March 10 Letter. The March 16 Letter attaches a draft term sheet that PAI LLC believes is reflective of the type of transaction that is available to the Issuer from third parties if the Issuer would be willing to enter into discussions with such third parties (the Draft Term Sheet) and which could serve as a potential alternative to the Issuer's proposed sale of part of its Block 5(c) assets in Trinidad and Tobago. The March 16 Letter also attaches copies of the March 10 Noval E-Mail and the March 12 Board Letter. The foregoing descriptions of the March 16 Letter, the Draft Term Sheet, the March 10 Noval Email and the March 12 Board Letter are each qualified in their entirety by reference to the terms of such documents. A copy of the March 16 Letter is incorporated herein by reference as Exhibit K. On April 1, 2009, PAI LLC issued, via press release, an open letter (the April 1 Letter) to the Board of Directors and Shareholders of the Issuer describing PAI LLC's view of the failings, misconduct and inadequate corporate governance of the current Board and again demanding that the Board be reconstituted to include truly independent Directors with relevant international oil and gas expertise. The foregoing description of the April 1 Letter is qualified in its entirety by reference to the terms of such document. A copy of the April 1 Letter is incorporated herein by reference as Exhibit L. On April 2, 2009, Mr. V. Phil Lalonde of

CUSIP No. 136644101

Brownlee LLP wrote PAI LLC on behalf of Greg Noval, asserting, among other things, that the April 1 Letter contains statements that defame Mr. Noval. On April 3, 2009, Canadian counsel to PAI LLC, Blake, Cassels & Graydon LLP, sent a letter to Mr. Lalonde responding to his April 2, 2009 letter. The foregoing description of the April 3 Letter is qualified in its entirety by reference to the terms of such document. A copy of the April 3 Letter is incorporated herein by reference as Exhibit M.

Recent Developments: On May 15, 2009, PAI LLC commenced soliciting proxies from up to 15 shareholders of the Issuer, on a non-public basis as permitted by the Alberta Securities Commission, to vote in favor of PAI LLC's eight nominees (the Nominees) for election to the Issuer's Board of Directors at the June 26, 2009 annual and special meeting of the Issuer's shareholders and to approve certain amendments to the Issuer's By-laws, by way of a letter (the May 15 Letter). The May 15 Letter lists the Nominees, and attaches biographical information regarding each of the Nominees, a copy of the November 5 Letter (incorporated herein by reference as Exhibit F), a copy of the April 1 Letter (incorporated herein by reference as Exhibit L) and a form of proxy. The foregoing description of the May 15 Letter and all attachments thereto is qualified in its entirety by reference to the terms of such documents. A copy of the May 15 Letter is attached hereto as Exhibit N.

In pursuing their investment purposes, the Filers may from time to time further purchase, hold, vote, trade, dispose of, engage in option, swap or other derivative securities transactions with respect to or otherwise deal in the Stock at times, and in such manner, as they deem advisable to benefit from changes in the Stock's market price, changes in the Issuer's operations, business strategy or prospects, or from sale or merger of the Issuer. To evaluate such alternatives, the Filers routinely will monitor the Issuer's operations, prospects, business development, management, competitive and strategic matters, capital structure and prevailing market conditions, as well as alternative investment opportunities, the Filers' liquidity requirements and other investment considerations. Consistent with their investment research methods and evaluation criteria, the Filers may discuss such matters with the Issuer's management, Board of Directors, other shareholders, industry analysts, existing or potential strategic partners or competitors, investment and financing professionals, sources of credit and other investors. Such factors and discussions may affect materially, and result in, the Filers' modifying their ownership of the Stock, exchanging information with the Issuer pursuant to appropriate confidentiality or similar agreements, proposing changes in the Issuer's operations, governance or capitalization, or in proposing or taking one or more of the actions described in paragraphs (a) through (j) of Item 4 of Schedule 13D. The Filers may reconsider and change their plans or proposals relating to the Stock at any time.

**Re: Solicitation of Your Vote to Elect An Independent
and Qualified Board of Canadian Superior Energy Inc.**

Dear Fellow Shareholder,

As you may be aware, Palo Alto Investors, LLC, a California-based investment manager and long term holder of approximately 9.3% of the common shares of Canadian Superior Energy Inc., has requested that the Company call a special meeting of its shareholders to consider and, if deemed advisable, elect a new slate of nominee Directors as the Board of Directors. The Company has called its Annual and Special Meeting of Shareholders for June 26, 2009 and we are now soliciting your proxy to vote for our slate of nominee Directors. Like you, we have been greatly dismayed over the past eight months at the steady stream of bad news, falling stock price and dimming prospects of Canadian Superior. Palo Alto Investors strongly believes that all Canadian Superior shareholders would benefit from the election of a more experienced, qualified and independent Board of Directors focused on maximizing shareholder value.

If managed properly, Canadian Superior has tremendous opportunities in front of it. As such we propose to nominate for election a group of individuals whose personal and professional excellence matches the valuable prospects we believe the Company possesses. We have assembled a slate of nominee Directors with the requisite skills and experience to help Canadian Superior move forward. Our slate includes Kerry R. Brittain, Marvin M. Chronister, Randolph C. Coley, Dr. Michael Enachescu, Dr. James M. Funk, Robert J. Hassler, F. Gardner Parker and Dr. William Roach. These men are truly independent candidates who will fulfill key Board requirements, including: international oil and gas operational knowledge; project development expertise; international legal and contract experience; Board audit, compliance, nominating, and compensation committee expertise; and an expectation of overall corporate governance excellence. None of these individuals is an employee or an associate of Palo Alto Investors. The biographical information of each nominee is attached for your reference.

In identifying candidates with appropriate expertise, we have kept in mind the Company's position and opportunities, including Western Canada, Eastern Offshore Canada, Trinidad, Tunisia/Libya, the United States LNG market, and beyond. We hope that you will recognize the alignment between our nominees and the requirements we have outlined above. We would be happy to answer any questions you have regarding the backgrounds of our Director nominees.

We have not identified a CEO candidate, as we are prepared to let the new Board of Directors make that decision, and we believe there are numerous excellent options for filling that important role. Directors' compensation will be determined by the incoming Board and its new Compensation Committee. As shareholders we prefer to see goal alignment between Directors and shareholders, so we expect new Director compensation will include a meaningful stock position that recognizes the value each Director brings to the Board at this crucial juncture.

The upcoming Annual and Special Meeting of Shareholders is the culmination of a long and difficult process. We have voiced our concerns with the Board for some time, and we believe many other shareholders also share these concerns. We attach for your reference the letter we sent to the existing Board of Directors on November 5, 2008, in which we asked that the Company: 1) control the conflicts inherent in the then Chairman's activities with Challenger Energy; 2) prepare for upcoming potential conflicts due to the now well publicized relationship with and loan to Challenger Energy; and 3) upgrade

CUSIP No. 136644101

the Board of Directors to include new Directors with relevant international oil and gas experience. We also attach for your reference the letter we sent April 1, 2009 to the Board which outlined a number of issues that the Board had not yet properly addressed or that indicated deep-seated issues with the governance of the Company.

Some good news has come recently, although in our view it is too little, too late. On April 27, 2009, the Company announced that Greg Noval and Michael Coolen had resigned as the Company's Executive Chairman and President and CEO, respectively. However, the Board of Directors continues to be hampered by fundamental structural problems and lack of depth, and they need significant help. The existing Board includes some Directors that have long-term personal relationships with the now former Executive Chairman, Mr. Noval. The existing Board also includes individuals with little or no experience as public company directors and minimal experience with international oil and gas operations. The Company's historic lack of transparency regarding the relationships among its existing directors, their historic resistance to shareholder requests for positive change, and the extremely limited disclosure of the Board's qualifications further underscore our views.

As all shareholders are aware, the Company remains under creditor protection as a result of its March 2009 filing under the *Companies Creditors Arrangement Act* (CCAA) in Canada. We have no desire to disrupt the CCAA process and are committed to ensuring that current and prospective Board members appropriately manage the Board transition within the context of the CCAA proceedings. Palo Alto Investors has in fact worked diligently to support the CCAA process. Our initial discussions with the Board involved our suggestion of a rights offering for all shareholders to participate in refinancing the Company. When it was determined that it would be difficult to find a backstop for a large rights offering, we suggested debt or debt and equity combinations, separate or in conjunction with assets sales. With the high likelihood now of potential asset sales to allow the Company to pay off existing debt, we have continued to talk to financing partners that could provide long term capital after an emergence from CCAA protection. We believe that by the Annual and Special Meeting of Shareholders scheduled for June 26, 2009, the Company's plan of reorganization will have been proposed to creditors and it will be the appropriate time for a new Board to start working toward the future.

We attach to this letter our Form of Proxy with which you authorize Palo Alto to vote your shares for our slate of Directors. We hope that, like us, you see the opportunity that we have to match this excellent group of Directors with an asset base in Canadian Superior that we all believe can create significant future value for shareholders.

We ask that you express your confidence in our slate and return your voting decision to us as soon as possible.

We appreciate your support.
