PROXY STATEMENT FOR ANNUAL
STOCKHOLDERS MEETING
TO BE HELD JANUARY 31, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Key Energy Services, Inc. (the "Company") for use at the Company's Annual Meeting of Stockholders (the "Annual Meeting") to be held at The Hilton Hotel, Tower Center Boulevard, Brunswick Room, East Brunswick, New Jersey at 11 A.M. on Thursday, January 31, 2002, and at any adjournment thereof. This Proxy Statement and the accompanying form of proxy are first being mailed to the Company's Stockholders on or about January 4, 2002.

The Company will bear all costs of solicitation of proxies. In addition to solicitations by mail, the Company's Directors, officers and regular employees,

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

without additional compensation, may solicit proxies by telephone, telegraph and personal interviews. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and the Company will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of such proxy materials. In addition, the Company has engaged D. F. King & Co. to assist in the solicitation for a fee of \$5,000, plus costs and expenses.

REVOCABILITY OF PROXIES

Any Stockholder giving a proxy has the power to revoke it at any time before it is exercised, by delivering to the Secretary of the Company at its office located at 400 South River Road, New Hope, PA 18938, a written notice of revocation or another duly executed proxy bearing a later date. A Stockholder also may revoke his or her proxy by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy.

RECORD DATE, VOTING AND SHARE OWNERSHIP

Only holders of record of common stock, par value \$.10 per share (the "Common Stock"), of the Company at the close of business on December 28, 2001 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting and at any adjournments thereof. Each share of Common Stock is entitled to one vote. On the Record Date there were outstanding and entitled to vote 107,955,279 shares of Common Stock.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the votes entitled to be cast (53,977,640 shares) will constitute a quorum for the transaction of business at the Annual Meeting. A proxy, if received in time for voting and not revoked, will be voted at the Annual Meeting in accordance with the instructions contained therein. Where a choice is not so specified, the shares represented by the proxy will be voted "for" the election of the nominees for Directors listed herein and in favor of any other matter as may properly come before the Annual Meeting. A Stockholder marking the proxy "Abstain" will not be counted as a vote in favor of or against the election of Directors. If a quorum exists, a proposal can be adopted by an affirmative vote of (i) in the case of election of Directors, a plurality of the votes cast and (ii) in the case of any other matter as may properly come before the Annual Meeting, a majority of the votes cast.

1

Votes cast at the Annual Meeting will be tabulated by a duly appointed inspector of election. The inspector will treat shares represented by a properly signed and returned proxy as present at the Annual Meeting for purposes of determining a quorum without regard to whether the proxy is marked as casting a vote or abstaining. Likewise, the inspector will treat shares represented by "broker non-votes" as present for purposes of determining a quorum, although such shares will not be voted on any matter for which the record holder of such shares lacks authority to act. Broker non-votes are proxies with respect to shares held in record name by brokers or nominees, as to which (i) instructions have not been received from the beneficial owners; (ii) the broker or nominee does not have discretionary voting power under applicable national securities exchange rules or the instrument under which it serves in such capacity; and (iii) the record holder has indicated on the proxy card or has otherwise notified the Company that it does not have authority to vote such shares on that matter.

ELECTION OF DIRECTORS

At the Annual Meeting, seven Directors are to be elected, each Director to

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

hold office until the next Annual Meeting of Stockholders and until his successor is elected and qualified unless such Director resigns or is properly removed from office prior to such time. The Board of Directors has designated the persons named in the accompanying proxy to vote for the election of seven Directors and those persons intend to vote for the election of the nominees named below to the Board of Directors unless authority to do so is withheld by the Stockholder submitting the proxy. If any of the nominees become unavailable to serve, the shares represented by proxies will be voted for the election of a substitute nominee selected by the Board of Directors, or the size of the Board may be reduced accordingly; however, the Board of Directors is not aware of any circumstances likely to render any nominee from serving. For information regarding ownership of Common Stock by the nominees see "Security Ownership of Management and Certain Beneficial Owners--Management." EMPLOYMENT AGREEMENTS WITH EXECUTIVE OFFICERS

Effective as of July 1, 2001, the Company entered into an amended and restated employment agreement with Mr. John, which provides that Mr. John will serve as Chairman of the Board, President and Chief Executive Officer of the Company for a five-year term commencing July 1, 2001 and continuing until June 30, 2006, with an automatic one-year renewal on each June 30, commencing on June 30, 2006, unless terminated by the Company or by Mr. John with proper notice. Under this employment agreement, Mr. John's annual base salary will remain at \$595,000 per year until January 1, 2003 at which time it will increase to \$695,000 per year, in each case subject to increase after annual reviews by the Board of Directors. This employment agreement also provides that Mr. John will be entitled to (i) participate in the Company's Performance Compensation Plan, with performance criteria to be approved by the Compensation Committee, (ii) receive additional bonuses at the discretion of the Compensation Committee, and (iii) participate in stock option grants made to the Company's executives. In addition to salary and bonus, Mr. John is entitled to medical, dental, accident and life insurance, reimbursement of expenses and various other benefits. To the extent Mr. John is taxed on any such reimbursement or benefit, the Company will pay Mr. John an amount which, on an after-tax basis, equals the amount of these taxes.

In the event that Mr. John's employment is terminated by the Company voluntarily or by nonrenewal, or by Mr. John for "Good Reason," or by either the Company or Mr. John following a "Change in Control" (in each case as defined in the employment agreement), Mr. John will be entitled to receive: (i) his accrued but unpaid salary and bonuses to the date of termination, and a PRO RATA bonus for the year in which termination occurs; (ii) a severance payment in an amount equal to five times his average total annual compensation (I.E., salary plus bonus) for the preceding three years; (iii) immediate vesting and exercisability of all stock options held by him (to the extent not already vested and exercisable) for the remainder of the original terms of the options; (iv) any other amounts or benefits earned, accruing or owing to him, but not yet paid; and (v) continued participation in medical, dental and life insurance coverage, as well as the receipt of other benefits to which he was entitled, until the first to occur of the third year anniversary of the date his employment was terminated or the date on which he receives equivalent coverage and benefits under the plans and programs of a subsequent employer (or, in the event of a "Change in Control," an amount in cash equal to the reasonable expenses that the Company would incur if it were to provide these benefits for three years). In the event that Mr. John's employment is terminated as a result of Mr. John's disability, Mr. John will be entitled to receive (i) through (v) above, except that his severance compensation will be an amount equal to three times his average total annual compensation for the preceding three years, reduced by the amount of any Company-paid disability insurance proceeds paid to Mr. John. In the event that Mr. John's employment is terminated by the Company for "Cause," as defined in the employment agreement, or by Mr. John voluntarily or by nonrenewal, he will be entitled to receive only (i) and (v) above and will

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

forfeit any restricted stock or options not previously vested. In the event Mr. John's employment is terminated by reason of his death, he will be entitled to receive (i), (iii), (iv) and (v) above, except that his family will be entitled to receive the medical and dental insurance coverage provided in (v) above until the death of Mr. John's spouse. In addition, if any of the above benefits are subject to the tax imposed by Section 4999 of the Internal Revenue Code, the Company will reimburse Mr. John for such tax on an after-tax basis.

The employment agreement contains a comprehensive non-compete provision that prohibits Mr. John from engaging in any activities that are competitive with the Company for a period of three years after the termination of his employment.

Pursuant to the employment agreement, the Company will pay to Mr. John, on or prior to December 31, 2001, a one-time retention incentive bonus equal to the aggregate amount of all principal and interest on loans previously made by the Company to Mr. John that were originally to be forgiven over a ten-year period beginning July 1, 2001, as well as the amount, on an after-tax basis, required to pay the taxes incurred by Mr. John in connection with such payment. The after-tax proceeds of the bonus will be used to repay such loans. The employment agreement goes on to provide that if, prior to June 30, 2011,

10

Mr. John is terminated by the Company for Cause, or by Mr. John voluntarily or by nonrenewal, Mr. John will repay to the Company a percentage of the retention incentive bonus beginning at 100% during the first year and declining at the rate of 10% each year to 0% on and after June 30, 2011. The Company paid the bonus to Mr. John on December 1, 2001 and the after-tax proceeds of the bonus were used to fully repay all principal and interest on such loans.

Effective as of January 1, 2002 Mr. Grundman began serving as the Company's Executive Vice President--M&A and International. In connection with assuming his new role, Mr. Grundman and the Company are negotiating a new employment agreement which will be effective as of January 1, 2002. The Company expects the negotiations to be completed shortly and, based on the current status of the negotiations, expects that the new employment agreement will provide for a two and one-half year term and thereafter for successive one-year terms unless terminated 90 days prior to the commencement of an extension term. The Company anticipates that under his new employment agreement, Mr. Grundman's annual base compensation will remain at \$280,000 until January 1, 2003 at which time it will increase to \$295,000, which can be increased but not decreased, and that Mr. Grundman will be eligible for additional annual incentive bonuses. If, during the term of his new employment agreement, Mr. Grundman is terminated by the Company for any reason other than for cause, or if he terminates his employment because of a material breach by the Company or following a change of control of the Company, the Company anticipates that the new employment agreement will entitle Mr. Grundman to severance compensation equal to his base compensation in effect at the time of termination payable in equal installments over a 36-month period following termination; PROVIDED, HOWEVER, that if termination results from a change of control of the Company, severance compensation will be increased by an amount equal to three times the average annual bonus received by Mr. Grundman over the past three years and will be payable in a lump sum on the date of termination. Also, if Mr. Grundman is subject to the tax imposed by Section 4999 of the Internal Revenue Code, the Company has agreed to reimburse him for such tax on an after-tax basis.

Effective as of January 1, 2002 Mr. Byerlotz entered into a new employment agreement with the Company pursuant to which he will serve as the Company's Executive Vice President and Chief Operating Officer. This agreement is for a two and one-half year term and thereafter for successive one-year terms unless terminated 90 days prior to the commencement of an extension term. Under the agreement, Mr. Byerlotz's annual base compensation will be \$275,000 until

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

January 1, 2003 at which time it will increase to \$325,000, which can be increased but not decreased, and Mr. Byerlotzer will be eligible for additional annual incentive bonuses. If during the term of his new employment agreement Mr. Byerlotzer is terminated by the Company for any reason other than for "Cause", or if he terminates his employment because of a material breach by the Company or following a change of control of the Company, he will be entitled to severance compensation equal to his base compensation in effect at the time of termination payable in equal installments over a 36-month period following termination; PROVIDED, HOWEVER, that if termination results from a change of control of the Company, severance compensation will be increased by an amount equal to three times the average annual bonus received by Mr. Byerlotzer over the past three years and will be payable in a lump sum on the date of termination. Also, if Mr. Byerlotzer is subject to the tax imposed by Section 4999 of the Internal Revenue Code, the Company has agreed to reimburse him for such tax on an after-tax basis.

Effective as of January 1, 2002, Mr. Mitchell entered into an employment agreement with the Company pursuant to which he will serve as the Company's Executive Vice President and Chief Financial Officer. This agreement is for a three-year term and thereafter for successive one-year terms unless terminated 90 days prior to the commencement of an extension term. Under this agreement, Mr. Mitchell receives an annual base compensation of \$295,000, which can be increased but not decreased, and a one-time signing bonus of \$100,000, and Mr. Mitchell will be eligible for additional annual incentive bonuses. In the event that, prior to January 1, 2005 Mr Mitchell is terminated by the Company for cause, or by Mr. Mitchell voluntarily or by nonrenewal, Mr. Mitchell will repay to the Company a percentage of the bonus

11

beginning at 100% during the first year and declining at the rate of 1/3 each year to 0% on and after January 1, 2005. If, during the term of his employment agreement, Mr. Mitchell is terminated by the Company for any reason other than for cause, or if he terminates his employment because of a material breach by the Company or following a change of control of the Company, he will be entitled to severance compensation equal to his base compensation in effect at the time of termination payable in equal installments over a 36-month period following termination; PROVIDED, HOWEVER, that if termination results from a change of control of the Company, severance compensation will be increased by an amount equal to three times the average annual bonus received by Mr. Mitchell over the past three years and will be payable in a lump sum on the date of termination. Also, if Mr. Mitchell is subject to the tax imposed by Section 4999 of the Internal Revenue Code, the Company has agreed to reimburse him for such tax on an after-tax basis.

COMPENSATION COMMITTEE REPORT

The Compensation Committee is responsible for establishing the Company's compensation philosophy and policies, setting the terms of and administering its option plans, and option grants outside its option plans, reviewing and approving employment contracts and salary recommendations for executive officers and setting the compensation for the Chief Executive Officer.

The Company's overall compensation philosophy is to align the financial interests of management with those of the Company's stockholders, taking into account the Company's expectations for growth and profitability, the necessity to attract and retain the best possible executive talent and to reward its executives commensurate with their ability to enhance stockholder value. Accordingly, employment agreements with the executive officers approved by the Compensation Committee provide for compensation consisting of base salary, participation in an incentive compensation plan based upon performance and stock options and other stock-based awards. The 1997 Incentive Plan and the

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

Performance Compensation Plan, as well as other stock-based incentive plans and grants, are intended, in part, to align more closely the financial interests of executive officers and key employees with those of the Company's stockholders. The Compensation Committee believes that providing executives with opportunities to acquire significant stakes in the Company's growth and prosperity through grants of stock options and other incentive awards will enable the Company to attract and retain executives with the outstanding managerial abilities essential to the Company's success, motivate these executives to perform to their full potential and enhance stockholder value.

In approving base and incentive compensation levels for executive officers, the Compensation Committee has considered the actual results of operations with the Company's internal projections and target levels for revenues, earnings before interest, taxes, depreciation, depletion and amortization ("EBITDA"), net income and earnings per share. The Compensation Committee determined that the Company significantly exceeded its internal projections and target levels for each of these criteria for fiscal 2001 while at the same time significantly strengthening the Company's balance sheet through substantial debt reduction.

The employment agreements with the Company's executive officers allow for significant bonuses pursuant to the Company's management incentive bonus plan. Bonus awards under such plan are based upon achieving certain earnings goals and the attainment of individual qualitative goals relating to the employee's position and responsibilities. The Board of Directors determines the Company's overall earnings goals and, with the review and approval of the Compensation Committee, the Chief Executive Officer sets the earnings and individual qualitative goals for the Company's operating subsidiaries.

The Performance Compensation Plan was approved by the Company's stockholders at the Annual Meeting of Stockholders held on December 8, 1998. Under the Performance Compensation Plan, a participating executive officer's bonus is determined for each fiscal six-month period based upon one or more of the following criteria, individually or in combination, adjusted in such manner as the Compensation Committee determines: (a) pre-tax or after-tax return on equity; (b) earnings per share; (c) pre-tax or after-tax net income; (d) book value per share; (e) market price per share; (f) relative performance to peer group companies; (g) expense management; (h) total return to stockholders; and

12

(i) attainment of balance sheet criteria, including, but not limited to reduction(s) in long-term and short-term indebtedness.

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits deductibility for federal income tax purposes of compensation in excess of \$1 million paid to individual executive officers per taxable year unless certain exceptions, including compensation based on performance goals, are satisfied. The Performance Compensation Plan was adopted in an effort to comply with the performance-based exception to limits on deductibility of executive officer compensation with respect to compensation paid under this Plan.

Fiscal 2001 compensation for Mr. John as Chief Executive Officer consisted of a base salary of \$595,000, and bonuses totaling \$845,000 based on the Company having significantly exceeded its internal projections and target levels for fiscal 2001 revenues, EBITDA, net income and earnings per share and significantly improving its balance sheet through substantial debt reduction. Mr. John's base salary was set under the terms of his employment agreement. The Compensation Committee's arrangements with Mr. John have been designed from the outset to align his compensation to the enhancement of shareholder value. To that end, during fiscal 2001, the Compensation Committee granted to Mr. John 960,000 and 500,000 stock options, with per share exercise prices of \$8.25 for both grants, representing the market value of an underlying share of the

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

Company's Common Stock on the date of each grant.

Since the Company's reorganization in December 1992, under Mr. John's leadership, total stockholder value has increased from a negative net worth of \$5.6 million at November 30, 1992 to a positive net worth of approximately \$477 million at June 30, 2001. In addition to leading the Company through its critical post-reorganization period, Mr. John has strengthened the Company's position through the successful integration of over 60 strategic acquisitions, culminating with the consolidation of the Company with Dawson Production Services, Inc. in September 1998, thereby establishing the Company as the largest, most efficient rig-based well service operator in the domestic onshore U.S. market. In addition, following this consolidation activity, the Company has reduced its long-term funded debt from a high of approximately \$845 million to approximately \$379 million at December 31, 2001, resulting in a long-term funded debt-to-total capitalization ratio improvement from a high of 87.6% to approximately 39.5% at December 31, 2001. As a result of its current market position and improved balance sheet, the Company has been able to attract high-quality executives and operational managers, upgrade its equipment fleet, and implement technology enhancements, all of which has allowed the Company to provide its customers with the highest quality and broadest range of services in the industry.

In recognition of the Company's superior performance under Mr. John's leadership and the Company's desire to retain Mr. John for the long-term future of the Company, on October 16, 2001 the Compensation Committee approved a new employment agreement, effective as of July 1, 2001, with Mr. John. Pursuant to this new agreement, Mr. John will serve as Chairman of the Board, President and Chief Executive Officer of the Company for a five-year term, with an automatic one-year renewal thereafter unless terminated by either party. Mr. John's annual base salary is specified to remain at its current level of \$595,000 until January 1, 2003, when it is specified to increase to \$695,000. Mr. John will also be entitled to participate in the Performance Compensation Plan, receive additional bonuses at the discretion of the Compensation Committee, participate in stock option grants made to the Company's executives and receive reimbursement of expenses and various other benefits.

In addition, the employment agreement provides that, on or before December 31, 2001, Mr. John will receive a one-time retention incentive bonus in an amount equal to the principal and interest he owes the Company pursuant to loans previously made by the Company to Mr. John that were originally to be forgiven over a 10-year period beginning on July 1, 2001. The after-tax proceeds of the bonus will be automatically applied to payment in full of all amounts owed by Mr. John to the Company under the loans. The employment agreement further provides that if, prior to June 30, 2011, Mr. John is terminated by the Company for Cause (as defined in such agreement), or by Mr. John voluntarily or by nonrenewal, Mr. John will repay to the Company a percentage of the extraordinary bonus beginning at 100% during the first year and declining at a rate of 10% each year to 0% on and after June 30, 2011. The Compensation Committee

13

believes that the economic incentives of this new arrangement give a greater incentive to Mr. John not to leave the Company than was provided under the loan forgiveness program this it replaces. The Company paid the bonus to Mr. John on December 1, 2001 and the after-tax proceeds of the bonus were used to fully repay all amounts owed by Mr. John under the loans.

In connection with its consideration of the new employment agreement, the Compensation Committee retained an expert in executive compensation to review, and advise the Committee concerning, the compensation policy of the Company, the various methods for structuring base salary, bonus and stock option compensation

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

and the compensation structures of the chief executive officers of comparable companies. In his review, the consultant determined that the Company had been under-compensating Mr. John relative to the executive officers of comparable companies and the Company's extraordinary results under Mr. John's leadership. The consultant further determined that the compensation arrangements proposed in the new employment agreement were reasonable and competitive. The Compensation Committee concurred with the consultant's findings and approved the new employment agreement.

The Compensation Committee believes that its current policies have been and will continue to be successful in aligning the financial interests of executive officers with those of the Company's stockholders and the Company's performance. Nevertheless, the Compensation Committee intends to continue to review whether and how to modify its policies to further link executive compensation with both individual and Company performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In connection with the negotiation of the terms of a five-year employment agreement with Francis D. John, Chairman of the Board, President and Chief Executive Officer of the Company, and as an inducement to Mr. John to enter into such employment agreement, the Company entered into a separate loan agreement with Mr. John dated as of August 2, 1999, which as amended through June 30, 2001, provides that \$6.5 million in loans previously made by the Company to Mr. John, together with the accrued interest payable thereon (accruing at a rate equal to 125 basis points above LIBOR, adjusted monthly) will be forgiven ratably during the ten year period commencing on July 1, 2001 and ending on June 30, 2011. The loan agreement provides that the foregoing forgiveness of indebtedness is predicated and conditioned upon Mr. John remaining employed by the Company during such period. In addition, in the event that Mr. John is terminated by the Company for "Cause" (as defined in the agreement), or in the event that Mr. John voluntarily terminates his employment with the Company, the loan agreement further provides that the entire remaining principal balance of these loans, together with accrued interest payable thereon,

16

will become immediately due and payable by Mr. John. However, in the event that Mr. John's employment is terminated for "Good Reason", or as a result of Mr. John's death or "Disability", or as a result of a "Change in Control" (all as defined in that agreement), the loan agreement stipulates that the remaining principal balance outstanding on the loans, together with accrued interest thereon will be forgiven. This loan agreement further provides that with respect to any forgiveness of the payment of principal and interest on the loans, Mr. John will be entitled to receive a "gross-up" payment in an amount sufficient for him to pay any federal, state, or local income taxes that may be due and payable by him with respect to the forgiveness of such indebtedness (principal and interest). The loan agreement has been effectively superseded by Mr. John's new employment agreement that provides for a one-time retention incentive bonus used to repay all amounts owed under the loan agreement (See "Other Informaton--Employment Agreements with Executive Officers").

In connection with the negotiation of an employment agreement with Thomas K. Grundman, the Company's Executive Vice President of International Operations, Chief Financial Officer and Chief Accounting Officer, the Company made a \$240,000 short-term loan and a \$150,000 relocation loan to assist Mr. Grundman's relocation to the Company's executive offices. Interest on these loans accrues at a rate of 6.125% per annum. The short-term loan has been repaid. The relocation loan together with accrued interest will be forgiven in three installments of \$50,000 each on July 1, 2000, 2001 and 2002; PROVIDED, HOWEVER, that if Mr. Grundman's employment is terminated during such period in a way that (i) triggers severance obligations, all amounts owed shall be immediately forgiven or (ii) does not trigger severance obligations, all amounts owed shall be immediately due and payable. This agreement further provides that

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

with respect to any forgiveness of the payment of principal and interest on the loans, Mr. Grundman will be entitled to receive a "gross-up" payment in an amount sufficient for him to pay any federal, state, or local income taxes that may be due and payable by him with respect to the forgiveness of such indebtedness (principal and interest).

AUDITORS

KPMG LLP ("KPMG"), certified public accounting firm, has served as the Company's independent auditor for several years. Although management anticipates that this relationship will continue during fiscal 2002, no formal action is proposed to be taken at the Annual Meeting with respect to the continued employment of KPMG inasmuch as no such action is legally required. A representative of KPMG plans to attend the Annual Meeting and will be available to answer appropriate questions. The representative also will have an opportunity to make a statement at the Annual Meeting if he so desires, although it is not expected that any statement will be made.

The Audit Committee of the Board of Directors assists the Board of Directors in assuring that the Company's accounting and reporting practices are in accordance with applicable requirements. The Audit Committee reviews with the auditors the scope of the proposed audit work and meets with the auditors to discuss matters pertaining to the audit and any other matter that the Audit Committee or the auditors may wish to discuss. In addition, the Audit Committee would recommend the appointment of new auditors to the Board of Directors if future circumstances were to indicate that such action is desirable.
