INDEPENDENT AUDITORS' REPORT

To the Administrative Trustees of the  
BGEA/Boston Globe Employee Savings Plan:

We were engaged to audit the accompanying statements of net assets available for plan benefits of the BGEA/Boston Globe Employee Savings Plan as of December 24, 2001 and 2000, and the related statements of changes in net assets available for plan benefits for the years ended December 24, 2001 and 2000, and the period ended December 24, 1999, and the supplemental schedule of assets held for investment purposes at end of the year at December 24, 2001. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Putnam Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 24, 2001 and 2000, and for the period ended December 24, 1999, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### (b) CONTRIBUTIONS

Participants may make qualified rollover contributions to the plan. Participants' contributions shall be invested in the Plan in accordance with the participants' investment elections.

#### (c) PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and reflects an allocation (based on participant account balances) of (a) fund earnings of each fund in which the participant elects contributions, and (b) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Participant accounts will consist of investments, at the direction of the participant.

#### (d) INVESTMENT OPTIONS

## Notes to the Financial Statements

December 24, 2001 and 2000

(g) VESTING

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Participants vest in the employer matching and other contributions at a rate of 25% after one year of service, 75% after two years of service, and 100% after three years of service.

(h) PAYMENTS OF BENEFITS

Upon termination of service or retirement, a participant is entitled to a lump sum distribution equal to the value of his or her account.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF PRESENTATION

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(b) INVESTMENTS VALUATION AND INCOME RECOGNITION

Investments held by the Plan are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net assets value of shares held by the plan at year-end. Participants' notes receivable are valued at cost which approximates market. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses are calculated on a weighted average basis. The participant determines the percentage of contributions, which are to be invested in each investment fund.

The plan presents in the statement of changes in net assets available for Plan benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.
