MANAGEMENT PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS, May 20, 2004

This statement is furnished in connection with the solicitation of proxies by the Board of Directors of Standard Motor Products, Inc. (the "Company") for use at the Annual Meeting of Shareholders of the Company to be held on May 20, 2004, or at any adjournment thereof. Proxy material is being mailed on or about April 20, 2004, to the Company's approximately 477 shareholders of record. The total number of shares outstanding and entitled to vote on April 9, 2004, was:

Common Stock19,754,606

The purposes of the Annual Meeting are: (1) to elect nine directors (2) to consider and vote upon management's proposal to adopt the Company's 2004 Omnibus Stock Option Plan under which 500,000 shares of the Company's Common Stock will be available for issuance (3) to consider and vote upon a proposal to adopt the Company's 2004 Independent Outside Director's Stock Option Plan (4) to consider and vote upon a shareholder proposal concerning preferred share purchase rights, and (5) to transact such other business as may properly come before the meeting.

Proposal 1. Election of Directors

At the Annual Meeting, nine directors are to be elected to hold office until the next annual meeting of shareholders and until their successors are elected and qualified. Unless individual shareholders specify otherwise, each executed proxy will be voted for the election to the Board of Directors of the nine nominees named below, all of whom are currently directors of the Company. Each director has consented to be named as a nominee and agreed to serve if elected. If any of those named are not available for election at the time of the Annual Meeting, discretionary authority will be exercised to vote for substitutes unless the Board chooses to reduce the number of directors. Management is not aware of any circumstances that would render any nominee herein unavailable.

The nominees are: Marilyn F. Cragin, Arthur D. Davis, Robert M. Gerrity, John L. Kelsey, Kenneth A. Lehman, Arthur S. Sills, Lawrence I. Sills, Frederick D. Sturdivant and William H. Turner.

Emeritus Directors of the Board of Directors

The Board of Directors has elected the following former Standard Motor Products directors, Susan F. Davis and Peter J. Sills, to serve as emeritus members of the Board of Directors. Emeritus directors are invited to attend

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

Board of Director meetings but such emeritus directors do not have any voting rights. Emeritus board members are entitled to a fee of \$1,000 per meeting attended, reimbursement for meeting travel expenses and they are also covered under Standard's medical plan.

Proposal 2: Adoption of the Company's 2004 Omnibus Stock Option Plan.

The Board of Directors and its Compensation Committee believe that the Company's long-term success is dependent upon its ability to attract and retain outstanding individuals and to motivate them to exert their best efforts on behalf of the Company's shareholders. The Board and the Committee believe that a stock option plan is instrumental in fulfilling these goals since the 1994 Omnibus Stock Option Plan terminates on May 25, 2004. There are 131,499 shares still available to be granted under the 1994 Omnibus Stock Option Plan and all of these options will be forfeited on May 25, 2004 when the Plan terminates. Accordingly, the Board and its Compensation Committee have approved and propose to the Company's shareholders the 2004 Omnibus Stock Option Plan (The "Plan").

Summary of Material Provisions of the Plan.

The Plan will authorize 500,000 shares of the Company's Common Stock be made available for the grant of either incentive stock options or non-qualified stock options. Unless sooner terminated by the Board of Directors, the Plan will terminate on May 20, 2014.

1

No individual grant can exceed 50,000 shares. The Plan is administered by the Compensation Committee, none of the members of which is eligible to participate in the Plan. The Committee has the power and complete discretion to determine when to grant option awards, which eligible employees will receive option awards, and the number of shares to be allocated to each option award. The Committee may impose conditions on the exercise of options and may impose such other restrictions and requirements as it may deem appropriate. Officers and other key management employees of the Company and its subsidiaries will be eligible to receive grants under the Plan.

If a grant is canceled, terminates or lapses unexercised, any such shares allocable to that grant may be subjected again to a new grant. Adjustments will be made in the number of shares which may be issued under the Plan in the event of a future stock dividend, stock split or similar pro rata change in the number of outstanding shares of Common Stock or the future creation or issuance to stockholders generally of rights, options or warrants for the purchase of Common Stock or Preferred Stock.

Stock option grants under the Plan may be either incentive stock options or non-qualified stock options. No more than one grant may be to an individual in any calendar year. Incentive stock options qualify for favorable income tax treatment under the Internal Revenue Code while nonstatutory stock options do not. The option price of Common Stock covered by a stock option may not be less than 100% of the fair market value of the Common Stock on the date of the options grant. The value of incentive stock options, based on the exercise price, that can be exercisable for the first time in any calendar year under the Plan is limited by the Internal Revenue Code to \$100,000.

Options may only be exercised at such time as may be specified by the Compensation Committee. The minimum period of time from the date of grant that an option vests (exercisable) is twelve months and all options are exercisable for a period of ten years from the date such options were granted. Option grants may be fully exercisable (vest) at one point in time or may have graded

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

exerciseability (vesting) in which case exerciseability will occur over a period of years. The Compensation Committee may require that, for stock option grants in excess of a specified number of shares, an optionee must directly own shares of the Company's Common Stock whose fair market value bears a predetermined relationship to the optionee's base salary, up to a maximum of 50% of the optionee's base salary. Exerciseability may be accelerated by the Compensation Committee at any time after grant, and is accelerated automatically upon the death or disability of an optionee. Upon termination of employment other than for cause, an optionee will have ninety days to exercise any option grant that is vested. Any option grant not exercised within that time period will be forfeited. Forfeiture will automatically occur if the optionee's employment with the Company is terminated for cause.

Upon exercise, optionees may acquire their shares by paying an exercise price to the Company in cash; by delivering or causing to be withheld from the option shares, shares of the Company's Common Stock the value of which is equal to the exercise price or by delivering an exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company the amount of sale or loan proceeds from the option shares to pay the exercise price.

The Plan provides that options would become immediately and fully exercisable upon a Change in Control. For purposes of the Plan, a "Change in Control" occurs principally (i) when a person (or group of persons acting in concert) acquires 25% or more of the Company's Common Stock (other than those presently holding such amount), (ii) when there is a change in the composition of a majority of the Board of Directors when compared with those who are currently serving or (iii) when the stockholders of the Company approve a reorganization, merger, consolidation or other transaction as a result of which the Company or a Subsidiary is not the surviving entity.

No option may be sold, transferred, pledged, or otherwise disposed of, other than by will or by laws of descent and distribution. All rights granted to a participant under the Plan shall be exercisable during his lifetime only by such participant, or his guardians or legal representatives.

2

The Compensation Committee may amend the Plan in such respects as it deems advisable except that it may not (1) grant an option price that is less than 100% of the fair market value of the Company's Common Stock on the date of the options grant, (2) grant an individual option in excess of 50,000 shares of the Company's Common Stock and (3) change the vesting requirement to be less than twelve months from date of grant. The shareholders of the Company must approve any amendment that would (i) materially increase the number of shares of Common Stock that may be issued under the Plan, or (ii) materially modify the requirements of eligibility for participation in the Plan. Stock option grants under the Plan may be amended with the consent of the recipient so long as the amended award is consistent with the terms of the Plan.

Federal Income Tax Consequences

An optionee will not incur Federal income tax liabilities when he or she is granted an incentive stock option or a non-qualified stock option.

Upon exercise of an incentive stock option, an optionee generally will not recognize income, unless he or she is subject to the alternative minimum tax. Upon exercise of a non-qualified stock option, an optionee generally will recognize compensation income, which is subject to income tax withholding by the Company, equal to the difference between the fair market value of the Common

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

Stock on the date of the exercise and the option price.

The Company usually will be entitled to a tax deduction at the time and in the amount that the optionee recognizes ordinary compensation income in connection therewith. As stated above, this usually occurs upon exercise of non-qualified options. No deduction is allowed in connection with an incentive stock option, unless the employee disposes of Common Stock received upon exercise in violation of the holding period requirement.

This summary of Federal income tax consequences of non-qualified stock options and incentive stock options does not purport to be complete, and is based upon interpretations of the existing laws, regulations and rules which could be materially altered with enactment of new tax legislation. There may also be state and local income taxes applicable to those transactions.

The Board of Directors believes that approval of the 2004 Omnibus Stock Option Plan is in the best interests of all shareholders and recommends a vote "For" this Proposal.

The favorable vote of the holders of a majority of the shares of Common Stock represented at the meeting is needed to approve this Proposal No. 2.

Proposal 3: Management's Proposal to Adopt the Company's 2004 Independent Outside Director's Stock Option Plan.

The 2004 Independent Outside Director's Stock Option Plan (the "Plan") is intended to enable the Company to provide an incentive to attract and retain qualified directors to serve on the Company's Board of Directors and to further the identity of interests of the directors and shareholders of the Company. The Plan provides for the grant of non-qualified stock options to independent outside directors. Options to purchase a maximum of 50,000 shares of the Company's Common Stock may be granted under the Plan. A Committee selected by the Board of Directors will administer the Plan.

The Plan will provide for an annual option grant to each qualified director as of the date of the Company's Annual Meeting of Shareholders. The exercise price per share will be the average of the high and low sales price of the Company's Common Stock on the New York Stock Exchange on the day prior to the date of the grant.

Options granted under the Plan are exercisable upon the first anniversary of the date the option was granted. Options must be exercised before the earlier (i) ten years from the date such options were granted, (ii) 90 days after the termination of the optionee's service as a director or other than by reason of death or (iii) 120 days after an optionee's death.

3

The Board of Directors believes that approval of the 2004 Independent Directors' Stock Option Plan is in the best interests of all shareholders and recommends a vote "For" this Proposal.

The favorable vote of the holders of a majority of the shares of Common Stock represented at the meeting is needed to approve this Proposal No. 3.

Proposal 4. Shareholder Proposal Concerning Preferred Share Purchase Rights

GAMCO Investors, Inc., One Corporate Center, Rye, New York 10580-1434, which claims beneficial ownership of 2,597,350 shares of the Company's common stock (as shown in an amendment filed with the Securities and Exchange

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

Commission on December 23, 2003 with respect to its earlier Schedule 13D), has submitted the following proposal:

"RESOLVED: that the shareholders of Standard Motor Products, Inc. (the "Company") request the Board of Directors redeem the Preferred Share Purchase Rights issued pursuant to the Rights Agreement, dated as of February 15, 1996, unless the holders of a majority of the outstanding shares approve the issuance at a meeting of the shareholders held as soon as practical.

The shareholder's statement in support of the proposal is as follows:

On February 15, 1996, the Board of Directors adopted a Rights Agreement. The Rights represent a corporate anti-takeover device, commonly known as a "poison pill." Absent Board intervention, the Rights are exercisable when a person or group acquires a beneficial interest in 20% or more of the Company's common shares then outstanding. Once exercisable, the Rights entitle holders to purchase shares of the Company's Series A Participating Preferred stock or the right to receive shares of the acquiring entity.

We oppose the use of Rights to prevent a potential bidder from effecting any merger or tender offer that is not approved by the Board of Directors. A poison pill stops a potential bidder from taking their offer directly to the shareholders even if an overwhelming majority would have accepted the offer. The potential bidder must instead negotiate with management, and a Board or management may sometimes have interests that conflict with the interest of the shareholders. In effect, the pill allows a Board to arrogate to itself the sole right to determine what price a potential buyer must pay to acquire an entire company. The power of shareholders to accept an offer by a potential bidder provides an important check and balance on management and the Board in their stewardship of the shareholders' interests. We believe the shareholders should retain the right to decide for themselves what represents a fair price for their holdings.

We Urge Shareholders To Vote In Favor Of This Proposal.

Your Board of Directors Recommends a Vote Against the Above Proposal.

On February 15, 1996, the Board of Directors adopted the Company's Preferred Share Purchase Rights Agreement to enhance the ability of the Board to preserve and protect shareholder value in the event of certain unsolicited takeover attempts. Similar rights plans have been adopted by a majority of the corporations included in the Standard & Poor's 500.

The Board believes the Rights Agreement allows the Company to more effectively address situations involving a potential change in control or sale of our Company. A potential acquiror who obtained beneficial ownership of more than 20% of the Company's voting stock, without approval of the Board, would risk substantial dilution of its holdings through operation of the Rights Agreement. As a result, the Board believes that the Rights Agreement encourages a potential acquiror to negotiate directly and in good faith with the Board. By encouraging negotiation, the Rights Agreement puts the Board in a better position to defend against unfair offers, such as coercive, partial or two-tiered bids and stock accumulation programs in which all shareholders may not share in the premium associated with a change in control. The Rights Agreement also gives the Board, as elected representatives of the shareholders, flexibility and a greater period of time within which it can properly evaluate and determine if an offer reflects the full value of the company and is fair to all shareholders, and if not, to reject the offer or to seek an alternative that meets these criteria.

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

The Rights Agreement is not intended to and will not prevent a takeover on terms determined by the Board to be fair and equitable to all shareholders. If the Board determines that an offer adequately reflects the value of the Company and is in the best interests of all stockholders, the Board may redeem the Rights.

A study released by Georgeson & Co. in November 1997 found that takeover bids were actually more likely to be completed when the target had a rights plan. Georgeson also concluded that, from 1992 to 1996, companies with rights plans received an added \$13 billion in additional takeover premiums than did companies without rights plans.

The Board's fiduciary duty to the shareholders dictates that it evaluate the merits of each and every acquisition proposal presented to it and seek to insure that any proposed business combination or acquisition delivers full value to the shareholders. The Board believes that the adoption of a Rights Agreement is appropriately within the scope of responsibilities of the Board of Directors, acting on behalf of the shareholders. Redeeming the Rights would remove an important tool that the Board believes it should have for the protection of shareholders. The Board therefore believes that any decision to redeem the Rights should be made in the context of a specific acquisition proposal.

FOR THESE REASONS, THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL.

Information With Respect to Nominees and Major Shareholders

Information with respect to each nominee is set forth in Chart "A" on page 6. Additional information with respect to major shareholders of the Company, including their percentage ownership in the Company's voting stock is set forth in Chart "B" on page 8.

Beneficial shares of Common Stock owned directly or held as trustee by Fife family members aggregate 2,387,926 shares (12.1 %). Shares of Common Stock owned directly or held as trustee by Sills family members aggregate 2,808,615 shares (14.2%). The 247,125 shares of Common Stock owned by charitable foundations of which various members of the Fife and Sills families are trustees represent 1.3% of the total outstanding voting securities of the Company.

Information With Respect to Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's Common Stock, to file with the Securities and Exchange Commission and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of the Common Stock of the Company. Officers, directors and greater than ten-percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely upon a review of the copies of such reports furnished to the Company and representations that no other reports were required, during the fiscal year ended December 31, 2003, except that a Form 4 was late being filed for Mr. Lawrence I. Sills. The Form 4 was filed late as a result of the broker handling the purchase of shares for Mr. Sills not informing the Company on a timely basis of the purchase. All other Section 16(a) filing requirements applicable to its officers and directors were in compliance.

Meetings of the Board of Directors and Its Committees

In the last full fiscal year the total number of meetings of the Board of Directors, including regularly scheduled and special meetings was seven. The Company has a Compensation Committee and an Audit Committee of the Board of Directors, each consisting of all five independent outside directors. The members of both committees are Robert M. Gerrity, John L. Kelsey, Kenneth A. Lehman, Frederick D. Sturdivant and William H. Turner. The Compensation Committee's function is to approve the compensation packages (salary and bonus) of the Company's officers, to administer the Company's Stock Option Plan and to review the Company's overall compensation policies. The Compensation Committee was established in late 1992 and held two meetings in 2003. The Audit Committee recommends to the Board of Directors the engagement of the independent auditors of the Company and reviews with the independent auditors the scope and results of the Company's audits, the professional services furnished by them to the Company and their Management Letter with comments on the Company's internal accounting controls. The Audit Committee met five times in 2003.

The Nominating and Corporate Governance Committee

In 2003 the Company formed the Nominating and Corporate Governance Committee to assist the Board in discharging and performing the duties and responsibilities of the Board with respect to corporate governance including:

- o The identification and recommendation to the Board of individuals qualified to become or continue as directors.
- o The continuous improvement in corporate governance policies and practices.
- o The annual self-assessment of the performance of the Board.
- o The recommendation of members for each committee of the Board.

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

The Committee is comprised of the independent directors of the Board and the Charter is available on the Company's Website www.smpcorp.com.

Shareholders may propose director candidates for consideration by the Committee. In order for shareholder candidates to be considered, written notice of such shareholder recommendation (i) must be

9

provided to the Secretary of the Company not less than 45 days nor more than 75 days prior to the first anniversary of the record date for the preceding year's annual meeting, and (ii) must contain the name of any recommended candidate for director, together with a brief biographical sketch, a document indicating the candidate's willingness to serve, if elected, and evidence of the nominating person's ownership of Company stock. Both shareholder proposed candidates and other candidates identified and evaluated by the Committee must comply with the procedures, and meet the qualification of directors, as outlined in the Charter of the Committee.

Shareholders may communicate with the Board of Directors or individual directors pursuant to the procedures established by the Committee from time to time. The Committee shall review such shareholder correspondence that first is delivered to the attention of the Secretary of the Company at 37-18 Northern Boulevard, Long Island City, NY 11101, which correspondence the Secretary will forward to the Committee. The Committee shall have the discretion to distribute only such correspondence to the Board or individual members of the Board that the Committee determines in good faith has a valid business purpose or is otherwise appropriate for the Board or individual member thereof to receive.

Company's Code of Ethics

The Board of Directors of the Company has adopted a Code of Conduct and Business to (1) promote honest and ethical conduct, including fair dealing and the ethical handling of actual or apparent conflicts of interest, (2) promote full, fair, accurate, timely and understandable disclosure, (3) promote compliance with applicable laws and governmental rules and regulations, (4) ensure the protection of the Company's legitimate business interests, including business opportunities, assets and confidential information and (5) deter wrongdoing. The Code of Ethics is available on the Company's Website, www.smpcorp.com.

Directors Compensation

Directors who are not officers or related to officers (the "Independent Directors") were paid a retainer of \$30,000 of which at least \$10,000 must be in shares of the Company's common stock valued as of the date of the Annual Meeting of Shareholders. The Chairman of the Audit Committee receives an additional retainer of \$3,500. In addition, pursuant to the Company's Independent Outside Directors' Stock Option Plan, the Outside Directors each received a stock option grant of up to 2,000 shares of the Company's common stock with an exercise price per share equal to the price of the stock on the New York Stock Exchange as of the date of the Annual Meeting of Shareholders. Independent Directors also received \$1,000 for each Board and Committee meeting they attended and are reimbursed for meeting expenses. Marilyn F. Cragin, Arthur D. Davis, Susan F. Davis, Arthur S. Sills and Peter J. Sills received \$1,000 for each Board meeting they attended, reimbursement for meeting expenses and are covered under Standard's medical plan. All other directors, being officers of the Company, received no payment for the fulfillment of their directorial responsibilities.

Certain Transactions

During 2003 two executive officers, Lawrence I. Sills, Chairman of the Board and Chief Executive Officer and John P. Gethin, President and Chief Operating Officer were indebted to the Company as a result of loans made to them by the Company.

Mr. Gethin had an outstanding loan relating to his 1999 relocation to Texas to fulfill his responsibilities as General Manager of the Company's Temperature Control Division. This loan carries an interest rate equal to the Company's short-term interest rate. At March 31, 2004, the amount of this indebtedness was zero. The greatest amount of Mr. Gethin's indebtedness with respect to this loan in 2003 was \$90,414.

In August 2000, Mr. Sills borrowed \$75,500 to purchase company stock under a plan that was put in place on November 11, 1999 allowing Officers of the Company to borrow up to 25% of their gross annual salary to purchase shares of the Company's common stock. The loan must be paid back in four years at an interest rate equal to the Company's short-term interest rate. The greatest amount of Mr. Sills indebtedness with respect to all loans in 2003 was \$54,521. At March 31, 2004, the indebtedness was \$42,252.

Under the rules of the Sarbanes-Oxley Act of 2002 loans to Officers are no longer allowed. The loans mentioned above was granted prior to the passage of this act. The Company will no longer grant loans to Officers except for permitted loans in case of relocation.

Change in Control Arrangements

The Company has long-term retention agreements with John Gethin and James Burke. If a change in control of the Corporation occurs, and within twelve months thereafter the executive's employment is terminated by the Company without cause, or by the executive for certain specific reasons, the executive will receive severance payments and certain other benefits. The specific reasons which allow the executive to resign and receive the benefits are: (1) a reduction in status or position with the Company, (2) a reduction by the Company in the executive's annual rate of base salary, and (3) relocation.

If the executive resigns for one of the specific reasons, or is terminated without cause, the executive will be entitled to receive: (1) a severance payment equal to three times his base salary plus standard bonus, payable over a two year period, (2) continued participation for a period of thirty six months in group medical, dental and/or life insurance plans and (3) enhanced benefits under the Company's Supplemental Compensation Plan.

A change in control of the Company for these purposes means the occurrence of any of these events: (1) a sale of all or substantially all of the assets of the Company to any person or group other than certain designated individuals: (2) any person or group, other than certain designated individuals, become the beneficial owner or owners of more than 50 percent of the total voting stock of the Company, including by way of merger, consolidation or otherwise: (3) Lawrence Sills ceases to be the Chairman of the Board of Directors of the Company or the Chief Executive Officer of the Company.

Supplemental Retirement Program

Effective October 1, 2001, the Company adopted an unfunded supplemental retirement program for eligible employees. Participation is limited to those

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

employees who as of the effective date have been designated by the Compensation Committee. The benefits under this supplemental retirement program (the "Supplemental Program") are computed under a formula which takes into account a percentage of the participant's average annual base salary plus bonus and other incentive compensation earned in three (3) of the last five (5) years of service prior to age 60 ("Final Average Earnings") and years of participating service. The maximum benefit payable to a participant under the Supplemental Program is an amount equal to 50% of the participant's Final Average Earnings. If a participant terminates his employment voluntarily prior to age 60 or is terminated for cause (as defined under the Supplemental Program) he will forfeit his benefits under the Supplemental Program. The benefits under the Supplemental Program are in addition to benefits payable to participants under the Company's 401(k) Plan and SERP. Benefits under the Supplemental Program will be paid from general corporate funds in the form of a single life annuity and are not subject to any deduction for Social Security or other offset amounts.

It is not possible to calculate exactly each participant's benefits under the Supplemental Program prior to retirement. However, the tables on the following page indicate the aggregate amount of annual benefits payable under the Supplemental Program using the formula described above for the specified final average earnings and years of participating service for Category A and Category B participants, respectively, and are based upon retirement at age 60 and payment in the form of a life annuity. A participant must have completed the number of years of participating service specified in order to receive the benefit listed. Benefits do not increase pro rata between the years of participating service categories specified.

REPORT OF THE COMPENSATION COMMITTEE

The Company's Compensation Committee of the Board of Directors was established in 1992. The Committee is responsible for approving the compensation packages (base salary and bonus) of the Company's officers, for administering the Company's Stock Option Plans, and for reviewing the Company's overall compensation policies including the structure of its bonus program.

Effective January 1, 1998 the Company modified its MBO Bonus Program into an Economic Value Added (EVA) based program. Simply stated, EVA is equal to net operating profit after tax, less a charge for the cost of capital. Bonuses tied to EVA are such that increasing EVA year over year will be favorable for the Company's shareholders as well as those whose compensation is based on EVA. In the event of decreasing EVA, bonuses will be affected negatively to the point of erasing the portion based upon EVA. EVA bonuses earned in any one year may not necessarily be paid out in full. In order to promote longer-term shareholder improvement and to provide for years which may produce "negative EVA" results, the entire bonus structure is monitored through a "banking" feature. The "bank" allows only a portion of the year's earnings to be paid out in any given year, saving the remainder for lean year's growth or negative growth. Due to this feature, it is possible to receive a nominal bonus in a poor year only because the individual has a bank upon which to draw. It is also possible to completely exhaust the bank or create a negative bank. In the case of a negative bank, bonuses tied to EVA would not be paid until the bank is once again positive. However, the Board may in its discretion reset negative bank balances to zero in order to preserve an incentive for continuous effort in future years. In January 2001, 2002 and 2003 negative bank balances were reset to zero.

The change to EVA was made to more closely align executive compensation to continuous improvements in corporate performance and increases in shareholder value. In this regard, the Compensation Committee endorses the following guidelines for compensation decisions:

- o Provide a competitive total compensation package that enables the Company to attract and retain key executive talent.
- o Align all pay programs with the Company's annual and long-term strategies and objectives.
- o Provide variable compensation incentives directly linked to the performance of the Company and improvement in shareholder return.

Under the EVA bonus program, the bonuses of the officers are based on a minimum 50% on year-over-year improvement in Company EVA and remaining 50% or less on MBO goals approved by the Compensation Committee. Earned MBO bonuses are paid out in full each year.

As part of the Company's compensation program, the Compensation Committee, from time to time, grants stock options to the Company's executive officers and other key employees. This feature further strengthens the link between continuous Company improvement and long-term compensation. These grants

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

generally include proportional vesting over multi-year periods at increasing exercise prices. The grants also require a holding period before they may be exercised. The Charter of the Compensation Committee is available on the Company's Website, www.smpcorp.com.

Chief Executive Compensation.

The executive compensation policy described above is applied in setting the compensation of our Chief Executive Officer, Lawrence I. Sills. Mr. Sills generally participates in the same executive compensation plans and arrangements available to the other senior executives. Accordingly, his compensation also consists of an annual base salary, a potential annual cash bonus and, potentially, long-term equity-linked compensation in the form of stock options. The Compensation Committee's general approach in establishing Mr. Sills' compensation is to be competitive with peer companies, but to have a large percentage of his target compensation based upon certain performance criteria and targets established in the Company's strategic plan.

Mr. Sill's compensation for the fiscal year ended December 31, 2003, included \$403,000 in base salary, and bonus compensation of \$255,200. Mr. Sills' compensation for 2003 was based on, among other factors, the Company's performance and the 2002 compensation of chief executives of comparable companies, although his compensation was not linked to any particular group of these companies. In 2003, Mr. Sills did receive a grant of 20,000 stock options to purchase shares of common stock. The Company may make other grants of stock options to Mr. Sills in the future.

Information as to Voting Securities

The close of business on April 9, 2004 has been fixed by the Board of Directors as the record date for the determination of shareholders entitled to notice of, and vote at, the Annual Meeting of Shareholders of the Company to be held on May 20, 2004.

Holders of shares of common stock have the right to one vote for each share registered in their names on the books of the Company as of the close of business on the record date. On that date 19,754,606 shares of common stock were outstanding and entitled to vote.

Voting and Revocation of Proxies

The persons named in the accompanying form of proxy will vote the shares represented thereby, as directed in the proxy, if the proxy appears to be valid on its face and is received on time. In the absence of specific instructions, proxies so received will be voted for the election of the named nominees to the Company's Board of Directors. Proxies are revocable at any time before they are exercised by sending in a subsequent proxy (with the same or other instructions), by appearing at the Annual Meeting and voting in person or by notifying the Company that it is revoked.

Votes Required

Nominees receiving a plurality of the votes cast will be elected as directors. Only those votes cast for or against a proposal are used in determining the results of a vote. Abstentions are counted for quorum purposes only. Broker non-votes have the same effect as abstentions.

Method and Expense of Proxy Solicitation

The solicitation of proxies will be made primarily by mail. Proxies may also be solicited personally and by telephone by regular employees of the Company at nominal cost.

The Company does not expect to pay compensation for any solicitation of proxies but may pay brokers and other persons holding shares in their names, or in the name of nominees, their expenses for sending proxy material to beneficial owners for the purpose of obtaining their proxies. The Company will bear all expenses in connection with the solicitation of proxies.

Independent Auditors

The Board of Directors of the Company will appoint KPMG LLP to audit the accounts of the Company for the fiscal year ending December 31, 2004. Management does not believe it is necessary for shareholders to ratify this appointment due to the satisfactory services of KPMG LLP, in the prior year. There is no requirement under Federal or New York law that the appointment of independent

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

auditors be approved by shareholders. It is expected that representatives of KPMG LLP will be present at the Annual Meeting of Shareholders with an opportunity to make a statement if they so desire and to respond to questions.

Shareholder Proposals for the 2005 Annual Meeting

To be considered for inclusion in next year's proxy Statement pursuant to the provisions of Rule 14a-8 of the Securities and Exchange Commission, promulgated under the Securities Exchange Act of 1934, as amended, shareholder proposals must be received at the Company's offices no later than the close of business on December 20, 2004. Proposals should be addressed to Sanford Kay, Secretary, Standard Motor Products, Inc., 37-18 Northern Boulevard, Long Island City, New York 11101.

For any shareholder proposal that is not submitted for inclusion in the next year's Proxy Statement, but is instead sought to be presented directly at the 2005 Annual Meeting, SEC rules permit management to vote proxies in its discretion if the Company: (1) receives notice of the proposal before close of business on March 5, 2005, and advises shareholders in the 2005 Proxy Statement about the nature of the matter and how management intends to vote on such matter, or (2) does not receive notice of the proposal prior to the close of business on March 5, 2005. Notice of intention to present proposals at the 2005 Annual Meeting should be addressed to Sanford Kay, Secretary, Standard Motor Products, Inc., 37-18 Northern Boulevard, Long Island City, New York 11101.

The Company's 2003 Annual Report has been mailed to shareholders. A copy of the Company's Annual Report on Form 10-K will be furnished to any shareholder who requests the same free of charge (except for Exhibits thereto for which a nominal fee covering reproduction and mailing expenses will be charged.)

Other Matters

On the date this Proxy Statement went to press, management knew of no other business that will be presented for action at the Annual Meeting. In the event that any other business should come before the Annual Meeting, it is the intention of the proxyholders named in the proxy card to take such action as shall be in accordance with their best judgment.

By Order of the Board of Directors

Sanford Kay
Secretary

Dated: April 20, 2004

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Committee which is composed of five Directors who are "independent" which as defined under the listing standards of the New York Stock Exchange, met five times in 2003, and operates under a written charter (Appendix A) adopted by the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality and the acceptability of the Company's financial

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

reporting and controls.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgements as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the auditors' written disclosures required by the Independence Standard's Board.

The Committee also discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets periodically with the internal and the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

APPENDIX A

STANDARD MOTOR PRODUCTS, INC.

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

I. AUDIT COMMITTEE

There shall be an Audit Committee of the Board of Directors, composed of at least three Directors, appointed annually by the Board of Directors, each of whom shall have no relationship to the Company that may interfere with the exercise of their independence from management and the Company and shall otherwise satisfy the applicable membership requirements under the rules of the New York Stock Exchange, Inc., as such requirements are interpreted by the Board of Directors in its business judgment. All members of the Committee shall have a basic understanding of finance and accounting and be able to read and understand fundamental financial statements, and at least one member of the Committee shall have accounting or related financial management expertise.

II. AUDIT COMMITTEE PURPOSE

The Audit Committee is appointed by the Board of Directors to assist the Board of Directors in fulfilling its oversight responsibilities. In fulfilling their responsibilities hereunder, it is recognized that members of the Audit Committee are not full-time employees of the Company. Each member is independent according to the specified criteria of the Securities and Exchange Commission's standards relating to listed company audit committees. All members shall have sufficient financial experience and ability to enable them to discharge their responsibilities and at least one member shall be a financial expert subject to the SEC's definition of a "financial expert." The Audit Committee's primary duties are to:

1. Review the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and legal compliance.
2. Review the independence and performance of the Company's independent auditors and internal auditing department.
3. Provide an avenue of communication among the independent auditors, management, the internal auditing department, and the Board of Directors.
4. Prepare the report of the Audit Committee that the SEC Rules require to be included in the Company's Annual Proxy statement.

A-1

The Audit Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities and it has direct access to the independent auditors as well as anyone in the organization. The Audit Committee has the ability to retain, at the Company's expense, special legal, accounting, or other consultants or experts it deems necessary in the performance of its duties.

III. AUDIT COMMITTEE RESPONSIBILITIES

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

The Audit Committee's primary duties and responsibilities are to:

1. Review the annual audited financial statements prior to filing or distribution. Discuss any significant changes to the Company's accounting principles and any items required to be communicated by the independent auditors in accordance with Statement of Auditing Standards (SAS) No. 61.
2. Review the financial information contained in the Quarterly Reports on Form 10-Q prior to its filing or prior to the release of earnings.
3. Retain and, where appropriate, terminate the independent auditors. On an annual basis, approve the compensation of the independent auditors, and evaluate the performance of the independent auditors. The independent auditors are ultimately accountable to the Board of Directors and the Audit Committee, as representatives of the Company's shareholders.
4. Review the independent auditors audit plan and approve the fees and other significant compensation to be paid to the independent auditors.
5. Review the resources, the internal audit charter, risk assessment and the scope of work of the internal audit department.
6. Review the quarterly summary reports to Management prepared by the internal audit department.
7. The Committee shall maintain procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by Company employees of concerns regarding accounting or auditing matters.
8. Obtain from the independent auditor assurance that Section 10A of the Securities Exchange Act of 1934 (added by the Private Securities Litigation Reform Act of 1995) has not been implicated.
9. Obtain reports from Management, the Company's senior internal audit executive and the independent auditor that the Company's subsidiary/foreign affiliated entities are in conformity with applicable legal requirements and the Company's Code of Conduct.

A-2

10. Review and update the Audit Committee Charter periodically, at least annually, as conditions dictate. The Charter shall be submitted to the Board of Directors for approval and published at least every three years in accordance with SEC regulations.
11. Annually prepare a report to shareholders as required by the Securities and Exchange Commission. The report should be included in the Company's annual proxy statement.

IV. MEETINGS

The Audit Committee shall meet as and when deemed appropriate by the Chair of the Committee, however, not less than four times annually. Three members of the Committee shall constitute a quorum for the transaction of business.

V. REPORTING OF COMMITTEE ACTIVITIES AND RECOMMENDATIONS

The Audit Committee will maintain minutes and other relevant records of its

Edgar Filing: STANDARD MOTOR PRODUCTS INC - Form DEF 14A

meetings that will document its activities and recommendations. The General Auditor who shall act as Secretary to the Committee will compile said documentation.
