10-K, Form 20-F, 11-K or Form N-SAR, or portion thereof, will be filed on or before the fifteenth calendar day following the prescribed due date; or the subject quarterly report or transition report on Form 10-Q, or portion thereof will be filed on or before the fifth calendar day following the prescribed due date; and

(c) The accountant's statement or other exhibit required by Rule 12b-25(c) has been attached if applicable.

PART III -- NARRATIVE

State below in reasonable detail the reasons why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR, or the transition report portion thereof, could not be filed within the prescribed time period. (Attach Extra Sheets if Needed)

Middlesex Water Company (the Company) was not able to file within the prescribed time period because of additional time required to complete the restatement of its Condensed Consolidated Balance Sheet as of December 31, 2004, and its Condensed Consolidated Statement of Cash Flows for the nine-month period ended September 30, 2004. As part of its financial reporting process review, management determined on November 5, 2005 that the Company needed to restate its consolidated financial statements. The Company expects to file its Quarterly Report on Form 10-Q for the period ended September 30, 2005 on or before the fifth calendar day from the original required filing date of November 9, 2005. In addition, the Company intends to amend the Consolidated Balance Sheets as of December 31, 2003 and 2004 and its Consolidated Statements of Cash Flows for the fiscal periods ended December 31, 2002, 2003 and 2004, originally filed in its 2004 Annual Report on Form 10-K for the Fiscal Year Ended December 31, 2004 and its Condensed Consolidated Balance Sheet and Condensed Consolidated Statements of Cash Flows originally filed in its Quarterly Reports on Form 10-Q for the periods ended March 31, 2005 and June 30, 2005, as soon as practicable.

The Balance Sheet as restated will include previously unrecorded non-cash contributions of utility assets from developers and the related construction advance or contribution. Previously, the Company had recorded these transactions as of the date the cost and other information regarding the contributed property was received from the developer rather than the date the Company took ownership of the contributed property.

The Statement of Cash Flows as restated will exclude disclosure of non-cash activity within the statement. The previously reported cash flow information for the nine months ended September 30, 2004 included non-cash activity for construction advances and contributions for utility plant.

The restatement does not have any effect on net income, earnings applicable to common stock, cash flow from operations, or liquidity.
