

TEMPLETON DRAGON FUND INC

Form N-CSR

March 01, 2011

9.8% year-over-year.¹ The renminbi appreciated gradually since June 2010, when the People's Bank of China announced it would increase its exchange-rate flexibility.

After rising 67.12% in 2009, markets in the greater China region, as represented by the Morgan Stanley Capital International (MSCI) Golden Dragon Index, were up 13.60% in U.S. dollar terms in 2010.² Hong Kong and Taiwan significantly outperformed the region with total returns of +23.23% and +22.73%; however, China ended the year with a +4.83% return, as China's implementation of tightening policies led investors to adopt a more cautious position.²

Investment Strategy

Our investment strategy employs a fundamental, value-oriented, long-term approach. In selecting companies for investment, we will consider overall growth prospects, competitive positions in export markets, technologies, research and development, productivity, labor costs, and raw material costs and sources. Additional considerations include profit margins, returns on investment, capital resources, government regulation, management and other factors in comparison to other companies around the world that we believe are comparable.

Our approach to selecting investments emphasizes fundamental company-by-company analysis (rather than broader analyses of specific industries or sectors of the economy), to construct an action list from which we make our buy decisions. Although we will consider historical value measures, the primary factor in selecting securities for investment by the Fund will be the company's current price relative to its long-term earnings potential.

Performance Overview

Templeton Dragon Fund had cumulative total returns of +19.58% in market price terms and +21.62% in net asset value terms for the 12 months under review. You can find the Fund's long-term performance data in the Performance Summary on page 5.

2 | Annual Report

such companies. Ongoing infrastructure demand and, in our view, a long-term upward trend in commodity prices also could prove beneficial. Key investments during the period were Jiangxi Copper, a major copper producer; Changsha Zoomlion Heavy Industry Science and Technology Development, a key construction machinery manufacturer; and Agricultural Bank of China, a major commercial bank.

Conversely, we made select sales in Hong Kong, Taiwan and China via Red Chip shares, which allowed us to focus on what we considered more attractively valued stocks within our investment universe.⁴ Some Fund holdings reached their target sale prices, and we sold them by period-end. We made key sales in industrial conglomerates, wireless telecommunication services, application software and food retail companies. These included Cheung Kong Infrastructure Holdings, a Hong Kong-based industrial conglomerate; China Mobile, a major mobile services provider; and our entire position in Kingdee International Software Group, an enterprise resource planning software provider in China.

Thank you for your continued participation in Templeton Dragon Fund.

We look forward to serving your future investment needs.

Mark Mobius
Executive Chairman
Templeton Emerging Markets Group

The foregoing information reflects our analysis, opinions and portfolio holdings as of December 31, 2010, the end of the reporting period. The way we implement our main investment strategies and the resulting portfolio holdings may change depending on factors such as market and economic conditions. These opinions may not be relied upon as investment advice or an offer for a particular security. The information is not a complete analysis of every aspect of any market, country, industry, security or the Fund. Statements of fact are from sources considered reliable, but the investment manager makes no representation or warranty as to their completeness or accuracy. Although historical performance is no guarantee of future results, these insights may help you understand our investment management philosophy.

4 | Annual Report

Performance Summary as of 12/31/10

Your dividend income will vary depending on dividends or interest paid by securities in the Fund's portfolio, adjusted for operating expenses. Capital gain distributions are net profits realized from the sale of portfolio securities. Total return reflects reinvestment of the Fund's dividends and capital gain distributions, if any, and any unrealized gains or losses. Total returns do not reflect any taxes that a shareholder would pay on Fund dividends, capital gain distributions, if any, or any unrealized gains on the sale of Fund shares.

Performance data represent past performance, which does not guarantee future results. Investment return and principal value will fluctuate, and you may have a gain or loss when you sell your shares. Current performance may differ from figures shown.

Endnotes

Special risks are associated with foreign investing, including currency volatility, economic instability and political developments of countries where the Fund invests. Emerging markets involve heightened risks related to the same factors, in addition to those associated with their relatively small size and lesser liquidity. Also, as a nondiversified investment company investing in China companies, the Fund may invest in a relatively small number of issuers and, as a result, be subject to a greater risk of loss with respect to its portfolio securities. The manager applies various techniques and analyses in making investment decisions for the Fund, but there can be no guarantee that these decisions will produce the desired results.

1. Total return calculations represent the cumulative and average annual changes in value of an investment over the periods indicated. 2. Assumes reinvestment of distributions based on net asset value.

3. Assumes reinvestment of distributions based on the dividend reinvestment and cash purchase plan.

Templeton Dragon Fund, Inc.

Notes to Financial Statements

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Templeton Dragon Fund, Inc. (Fund) is registered under the Investment Company Act of 1940, as amended, (1940 Act) as a closed-end investment company.

The following summarizes the Fund's significant accounting policies.

a. Financial Instrument Valuation

The Fund values its investments in securities and other assets and liabilities carried at fair value daily. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Under procedures approved by the Fund's Board of Directors, the Fund may utilize independent pricing services, quotations from securities and financial instrument dealers, and other market sources to determine fair value.

Equity securities listed on an exchange or on the NASDAQ National Market System are valued at the last quoted sale price or the official closing price of the day, respectively. Foreign equity securities are valued as of the close of trading on the foreign stock exchange on which the security is primarily traded, or the NYSE, whichever is earlier. The value is then converted into its U.S. dollar equivalent at the foreign exchange rate in effect at the close of the NYSE on the day that the value of the security is determined. Over-the-counter securities are valued within the range of the most recent quoted bid and ask prices. Securities that trade in multiple markets or on multiple exchanges are valued according to the broadest and most representative market. Certain equity securities are valued based upon fundamental characteristics or relationships to similar securities. Investments in open-end mutual funds are valued at the closing net asset value.

The Fund has procedures to determine the fair value of securities and other financial instruments for which market prices are not readily available or which may not be reliably priced. Under these procedures, the Fund primarily employs a market-based approach which may use related or comparable assets or liabilities, recent transactions, market multiples, book values, and other relevant information for the investment to determine the fair value of the investment. The Fund may also use an income-based valuation approach in which the anticipated future cash flows of the investment are discounted to calculate fair value. Discounts may also be applied due to the nature or duration of any restrictions on the disposition of the investments. Due to the inherent uncertainty of valuations of such investments, the fair values may differ significantly from the values that would have been used had an active market existed.

Trading in securities on foreign exchanges and over-the-counter markets may be completed before the daily close of business on the NYSE. Occasionally, events occur between the time at which trading in a foreign security is completed and the close of the NYSE that might call into question the reliability of the value of a portfolio security held by the Fund. As a result, differences may arise between the value of the Fund's portfolio securities as determined at the foreign market close and the latest indications of value at the close of the NYSE. In order to minimize

Templeton Dragon Fund, Inc.

Notes to Financial Statements *(continued)*

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

a. Financial Instrument Valuation *(continued)*

the potential for these differences, the investment manager monitors price movements following the close of trading in foreign stock markets through a series of country specific market proxies (such as baskets of American Depository Receipts, futures contracts and exchange traded funds). These price movements are measured against established trigger thresholds for each specific market proxy to assist in determining if an event has occurred that may call into question the reliability of the values of the foreign securities held by the Fund. If such an event occurs, the securities may be valued using fair value procedures, which may include the use of independent pricing services.

b. Foreign Currency Translation

Portfolio securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollars based on the exchange rate of such currencies against U.S. dollars on the date of valuation. The Fund may enter into foreign currency exchange contracts to facilitate transactions denominated in a foreign currency. Purchases and sales of securities, income and expense items denominated in foreign currencies are translated into U.S. dollars at the exchange rate in effect on the transaction date. Portfolio securities and assets and liabilities denominated in foreign currencies contain risks that those currencies will decline in value relative to the U.S. dollar. Occasionally, events may impact the availability or reliability of foreign exchange rates used to convert the U.S. dollar equivalent value. If such an event occurs, the foreign exchange rate will be valued at fair value using procedures established and approved by the Fund's Board of Directors.

The Fund does not separately report the effect of changes in foreign exchange rates from changes in market prices on securities held. Such changes are included in net realized and unrealized gain or loss from investments on the Statement of Operations.

Realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions and the difference between the recorded amounts of dividends, interest, and foreign withholding taxes and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in foreign exchange rates on foreign denominated assets and liabilities other than investments in securities held at the end of the reporting period.

Templeton Dragon Fund, Inc.

Notes to Financial Statements *(continued)*

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

c. Income Taxes

It is the Fund's policy to qualify as a regulated investment company under the Internal Revenue Code. The Fund intends to distribute to shareholders substantially all of its taxable income and net realized gains to relieve it from federal income and excise taxes. As a result, no provision for U.S. federal income taxes is required. The Fund files U.S. income tax returns as well as tax returns in certain other jurisdictions. The Fund's application of those tax rules is subject to its understanding. The Fund records a provision for taxes in its financial statements including penalties and interest, if any, for a tax position taken on a tax return (or expected to be taken) when it fails to meet the more likely than not (a greater than 50% probability) threshold and based on the technical merits, the tax position may not be sustained upon examination by the tax authorities. As of December 31, 2010, and for all open tax years, the Fund has determined that no provision for income tax is required in the Fund's financial statements. Open tax years are those that remain subject to examination and are based on each tax jurisdiction statute of limitation. The Fund is not aware of any tax position for which it is reasonably possible that the total amounts of unrecognized tax effects will significantly change in the next twelve months.

The Fund may be subject to foreign taxation related to income received, capital gains on the sale of securities and certain foreign currency transactions in the foreign jurisdictions in which it invests. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Fund invests. When a capital gain tax is determined to apply the Fund records an estimated deferred tax liability for net unrealized gains on these securities in an amount that would be payable if the securities were disposed of on the valuation date.

d. Security Transactions, Investment Income, Expenses and Distributions

Security transactions are accounted for on trade date. Realized gains and losses on security transactions are determined on a specific identification basis. Estimated expenses are accrued daily. Dividend income is recorded on the ex-dividend date except that certain dividends from foreign securities are recognized as soon as the Fund is notified of the ex-dividend date. Distributions to shareholders are recorded on the ex-dividend date and are determined according to income tax regulations (tax basis). Distributable earnings determined on a tax basis may differ from earnings recorded in accordance with accounting principles generally accepted in the United States of America. These differences may be permanent or temporary. Permanent differences are reclassified among capital accounts to reflect their tax character. These reclassifications have no impact on net assets or the results of operations. Temporary differences are not reclassified, as they may reverse in subsequent periods.

Templeton Dragon Fund, Inc.

Notes to Financial Statements *(continued)*

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

e. Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

f. Guarantees and Indemnifications

Under the Fund's organizational documents, its officers and directors are indemnified by the Fund against certain liabilities arising out of the performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. Currently, the Fund expects the risk of loss to be remote.

2. CAPITAL STOCK

At December 31, 2010, there were 100 million shares authorized (\$0.01 par value). During the year ended December 31, 2010 and the year ended December 31, 2009 there were no shares issued; all reinvested distributions were satisfied with previously issued shares purchased in the open market.

The Fund's Board of Directors previously authorized an open-market share repurchase program pursuant to which the Fund may purchase, from time to time, Fund shares in open-market transactions, at the discretion of management. This authorization remains in effect. During the year ended December 31, 2010 and December 31, 2009, there were no shares repurchased.

3. TRANSACTIONS WITH AFFILIATES

Franklin Resources, Inc. is the holding company for various subsidiaries that together are referred to as Franklin Templeton Investments. Certain officers and directors of the Fund are also officers and/or directors of the following subsidiaries:

Templeton Asset Management Ltd. (TAML) Franklin Templeton Services, LLC (FT Services)

Investment manager Administrative manager

Templeton Dragon Fund, Inc.

Notes to Financial Statements *(continued)*

3. TRANSACTIONS WITH AFFILIATES *(continued)*

a. Management Fees

The Fund pays an investment management fee to TAML based on the average weekly net assets of the fund as follows:

b. Administrative Fees

The Fund pays an administrative fee to FT Services of 0.15% per year of the average weekly net assets of the Fund.

4. EXPENSE OFFSET ARRANGEMENT

The Fund has entered into an arrangement with its custodian whereby credits realized as a result of uninvested cash balances are used to reduce a portion of the Fund's custodian expenses. During the year ended December 31, 2010, the custodian fees were reduced as noted in the Statement of Operations.

5. INCOME TAXES

The tax character of distributions paid during the years ended December 31, 2010 and 2009, was as follows:

Templeton Dragon Fund, Inc.

Notes to Financial Statements *(continued)*

5. INCOME TAXES *(continued)*

At December 31, 2010, the cost of investments, net unrealized appreciation (depreciation), undistributed ordinary income and undistributed long term capital gains for income tax purposes were as follows:

Net investment income differs for financial statement and tax purposes primarily due to differing treatments of foreign currency transactions and corporate actions.

Net realized gains (losses) differ for financial statement and tax purposes primarily due to differing treatments of wash sales, foreign currency transactions and corporate actions.

6. INVESTMENT TRANSACTIONS

Purchases and sales of investments (excluding short term securities) for the year ended December 31, 2010, aggregated \$74,629,735 and \$125,210,397, respectively.

7. INVESTMENTS IN INSTITUTIONAL FIDUCIARY TRUST MONEY MARKET PORTFOLIO

The Fund may invest in the Institutional Fiduciary Trust Money Market Portfolio (Sweep Money Fund), an open-end investment company managed by Franklin Advisers, Inc. (an affiliate of the investment manager). Management fees paid by the Fund are reduced on assets invested in the Sweep Money Fund, in an amount not to exceed the management and administrative fees paid by the Sweep Money Fund.

8. CONCENTRATION OF RISK

Investing in foreign securities may include certain risks and considerations not typically associated with investing in U.S. securities, such as fluctuating currency values and changing local and regional economic, political and social conditions, which may result in greater market volatility. In addition, certain foreign securities may not be as liquid as U.S. securities.

Templeton Dragon Fund, Inc.

Notes to Financial Statements *(continued)*

9. FAIR VALUE MEASUREMENTS

The Fund follows a fair value hierarchy that distinguishes between market data obtained from independent sources (observable inputs) and the Fund's own market assumptions (unobservable inputs). These inputs are used in determining the value of the Fund's investments and are summarized in the following fair value hierarchy:

- Level 1 quoted prices in active markets for identical securities
- Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speed, credit risk, etc.)
- Level 3 significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

For movements between the levels within the fair value hierarchy, the Fund has adopted a policy of recognizing the transfers as of the date of the underlying event which caused the movement.

At December 31, 2010, all of the Fund's investments in securities carried at fair value were in Level 1 inputs. For detailed industry descriptions, see accompanying Statement of Investments.

10. SUBSEQUENT EVENTS

The Fund has evaluated subsequent events through the issuance of the financial statements and determined that no events have occurred that require disclosure.

Templeton Dragon Fund, Inc.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of Templeton Dragon Fund, Inc.

In our opinion, the accompanying statement of assets and liabilities, including the statement of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of Templeton Dragon Fund, Inc. (the Fund) at December 31, 2010, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as financial statements) are the responsibility of the Fund s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at December 31, 2010 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

PricewaterhouseCoopers LLP

San Francisco, California

February 17, 2011

22 | Annual Report

Templeton Dragon Fund, Inc.

Annual Meeting of Shareholders, May 21, 2010

The Annual Meeting of Shareholders of the Fund was held at the Fund's offices, 500 E. Broward Boulevard, Fort Lauderdale, Florida, on May 21, 2010. The purpose of the meeting was to elect five Directors of the Fund and to ratify the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Fund for the fiscal year ending December 31, 2010. At the meeting, the following persons were elected by the shareholders to serve as Directors of the Fund: Edith E. Holiday, Larry D. Thompson, Charles B. Johnson, Gregory E. Johnson and J. Michael Luttig.* Shareholders also ratified the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Fund for the fiscal year ending December 31, 2010. No other business was transacted at the meeting.

2. The ratification of the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Fund for the fiscal year ending December 31, 2010:

*Ann Torre Bates, David W. Niemiec, Frank A. Olson, Robert E. Wade, Harris J. Ashton, Frank J. Crothers and Constantine D. Tseretopoulos are Directors of the Fund who are currently serving and whose terms of office continued after the Annual Meeting of Shareholders.

Templeton Dragon Fund, Inc.

Dividend Reinvestment and Cash Purchase Plan

The Fund offers a Dividend Reinvestment and Cash Purchase Plan (the Plan) with the following features:

If shares of the Fund are held in the shareholder's name, the shareholder will automatically be a participant in the Plan, unless he elects to withdraw. If shares are registered in the name of a broker-dealer or other nominee (i.e., in street name), the broker-dealer or nominee will elect to participate in the Plan on the shareholder's behalf unless the shareholder instructs them otherwise, or unless the reinvestment service is not provided by the broker-dealer or nominee.

Participants should contact BNY Mellon Shareowner Services, P.O. Box 358015, Pittsburgh, PA 15252-8015, to receive the Plan brochure.

To receive dividends or distributions in cash, the shareholder must notify The Bank of New York Mellon (the Plan Administrator) at the address above or the institution in whose name the shares are held. The Plan Administrator must receive written notice ten business days before the record date for a distribution.

Whenever the Fund declares dividends in either cash or shares of the Fund, if the market price is equal to or exceeds net asset value at the valuation date, the participant will receive the dividends entirely in new shares at a price equal to the net asset value, but not less than 95% of the then current market price of the Fund's shares. If the market price is lower than net asset value or if dividends and/or capital gains distributions are payable only in cash, the participant will receive shares purchased on the New York Stock Exchange or otherwise on the open market.

A participant has the option of submitting additional payments to the Plan Administrator, in any amounts of at least \$100, up to a maximum of \$5,000 per month, for the purchase of Fund shares for his or her account. These payments can be made by check or money order payable to The Bank of New York Mellon and sent to BNY Mellon Shareowner Services, P.O. Box 382009, Pittsburgh, PA 15250-8009, Attention: Templeton Dragon Fund, Inc. The Plan Administrator will apply such payments (less a \$5.00 service charge and less a pro rata share of trading fees) to purchases of the Fund's shares on the open market.

Whenever shares are purchased on the New York Stock Exchange or otherwise on the open market, each participant will pay a pro rata portion of trading fees. Trading fees will be deducted from amounts to be invested. The Plan Administrator's fee for a sale of shares through the Plan is \$15.00 per transaction plus a \$0.12 per share trading fee.

The automatic reinvestment of dividends and/or capital gains does not relieve the participant of any income tax which may be payable on dividends or distributions.

Templeton Dragon Fund, Inc.

Dividend Reinvestment and Cash Purchase Plan *(continued)*

The participant may withdraw from the Plan without penalty at any time by written notice to the Plan Administrator and sent to BNY Mellon Shareowner Services, P.O. Box 358015, Pittsburgh, PA 15252-8015. Upon withdrawal, the participant will receive, without charge, share certificates issued in the participant's name for all full shares held by the Plan Administrator; or, if the participant wishes, the Plan Administrator will sell the participant's shares and send the proceeds to the participant, less a service charge of \$15.00 and less trading fees of \$0.12 per share. The Plan Administrator will convert any fractional shares held at the time of withdrawal to cash at current market price and send a check to the participant for the net proceeds.

Direct Deposit Service for Registered Shareholders

Cash distributions can now be electronically credited to a checking or savings account at any financial institution that participates in the Automated Clearing House (ACH) system. The Direct Deposit service is provided for registered shareholders at no charge. To enroll in the service, access your account online by going to www.bnymellon.com/shareowner/equityaccess or dial 1-800-416-5585 (toll free) and follow the instructions. Direct Deposit will begin with the next scheduled distribution payment date following enrollment in the service.

Shareholders not receiving copies of the reports to shareholders because their shares are registered in the name of a broker or a custodian can request that they be added to the Fund's mailing list by writing Templeton Dragon Fund, Inc., 100 Fountain Parkway, P.O. Box 33030, St. Petersburg, FL 33733-8030.

Templeton Dragon Fund, Inc.

Tax Designation (unaudited)

Under Section 852(b)(3)(C) of the Internal Revenue Code (Code), the Fund designates the maximum amount allowable but no less than \$43,512,654 as a long term capital gain dividend for the fiscal year ended December 31, 2010.

Under Section 871(k)(2)(C) of the Code, the Fund designates the maximum amount allowable but no less than \$3,166,210 as a short term capital gain dividend for purposes of the tax imposed under Section 871(a)(1)(A) of the Code for the fiscal year ended December 31, 2010.

Under Section 854(b)(2) of the Code, the Fund designates the maximum amount allowable but no less than \$6,401,309 as qualified dividends for purposes of the maximum rate under Section 1(h)(11) of the Code for the fiscal year ended December 31, 2010. Distributions, including qualified dividend income, paid during calendar year 2010 will be reported to shareholders on Form 1099-DIV in January 2011. Shareholders are advised to check with their tax advisors for information on the treatment of these amounts on their individual income tax returns.

At December 31, 2009 and December 31, 2010, more than 50% of the Fund's total assets were invested in securities of foreign issuers. In most instances, foreign taxes were withheld from income paid to the Fund on these investments. As shown in the table below, the Fund designates to shareholders the foreign source income and foreign taxes paid, pursuant to Section 853 of the Code. This designation will allow shareholders of record on September 8, 2010 and December 16, 2010, to treat their proportionate share of foreign taxes paid by the Fund as having been paid directly by them. The shareholder shall consider these amounts as foreign taxes paid in the tax year in which they receive the Fund distribution.

The following table provides a detailed analysis of foreign tax paid, foreign source income, and foreign qualified dividends as designated by the Fund, to shareholders of record.

Foreign Tax Paid Per Share (Column 1) is the amount per share available to you, as a tax credit (assuming you held your shares in the Fund for a minimum of 16 days during the 31-day period beginning 15 days before the ex-dividend date of the Fund's distribution to which the foreign taxes relate), or, as a tax deduction.

Foreign Source Income Per Share (Column 2) is the amount per share of income dividends attributable to foreign securities held by the Fund, plus any foreign taxes withheld on these dividends. The amounts reported include foreign source qualified dividends that have not been adjusted for the rate differential applicable to such dividend income.¹

Templeton Dragon Fund, Inc.

Tax Designation (unaudited) *(continued)*

Foreign Qualified Dividends Per Share (Column 3) is the amount per share of foreign source qualified dividends, plus any foreign taxes withheld on these dividends. These amounts represent the portion of the Foreign Source Income reported to you in column 2 that were derived from qualified foreign securities held by the Fund.¹

In January 2011, shareholders will receive Form 1099-DIV which will include their share of taxes paid and foreign source income distributed during the calendar year 2010. The Foreign Source Income reported on Form 1099-DIV has not been adjusted for the rate differential on foreign source qualified dividend income. Shareholders are advised to check with their tax advisors for information on the treatment of these amounts on their 2010 individual income tax returns.

1. Qualified dividends are taxed at reduced long term capital gains tax rates. In determining the amount of foreign tax credit that may be applied against the U.S. tax liability of individuals receiving foreign source qualified dividends, adjustments may be required to the foreign tax credit limitation calculation to reflect the rate differential applicable to such dividend income. The rules however permit certain individuals to elect not to apply the rate differential adjustments for capital gains and/or dividends for any taxable year. Please consult your tax advisor and the instructions to Form 1116 for more information.

Templeton Dragon Fund, Inc.

Proxy Voting Policies and Procedures

The Fund's investment manager has established Proxy Voting Policies and Procedures (Policies) that the Fund uses to determine how to vote proxies relating to portfolio securities. Shareholders may view the Fund's complete Policies online at franklintempleton.com. Alternatively, shareholders may request copies of the Policies free of charge by calling the Proxy Group collect at (954) 527-7678 or by sending a written request to: Franklin Templeton Companies, LLC, 500 East Broward Boulevard, Suite 1500, Fort Lauderdale, FL 33394, Attention: Proxy Group. Copies of the Fund's proxy voting records are also made available online at franklintempleton.com and posted on the U.S. Securities and Exchange Commission's website at sec.gov and reflect the most recent 12-month period ended June 30.

Quarterly Statement of Investments

The Fund files a complete statement of investments with the U.S. Securities and Exchange Commission for the first and third quarters for each fiscal year on Form N-Q. Shareholders may view the filed Form N-Q by visiting the Commission's website at sec.gov. The filed form may also be viewed and copied at the Commission's Public Reference Room in Washington, DC. Information regarding the operations of the Public Reference Room may be obtained by calling (800) SEC-0330.

Certifications

The Fund's Chief Executive Officer - Finance and Administration is required by the New York Stock Exchange's Listing Standards to file annually with the Exchange a certification that she is not aware of any violation by the Fund of the Exchange's Corporate Governance Standards applicable to the Fund. The Fund has filed such certification.

In addition, the Fund's Chief Executive Officer - Finance and Administration and Chief Financial Officer and Chief Accounting Officer are required by the rules of the U.S. Securities and Exchange Commission to provide certain certifications with respect to the Fund's Form N-CSR and Form N-CSRS (which include the Fund's annual and semiannual reports to shareholders) that are filed semiannually with the Commission. The Fund has filed such certifications with its Form N-CSRS for the six months ended June 30, 2010. Additionally, the Fund expects to file, on or about March 1, 2011, such certifications with its Form N-CSR for the year ended December 31, 2010.

Item 2. Code of Ethics.

(a) The Registrant has adopted a code of ethics that applies to its principal executive officers and principal financial and accounting officer.

(c) N/A

(d) N/A

(f) Pursuant to Item 12(a)(1), the Registrant is attaching as an exhibit a copy of its code of ethics that applies to its principal executive officers and principal financial and accounting officer.

Item 3. Audit Committee Financial Expert.

(a)(1) The Registrant has an audit committee financial expert serving on its audit committee.

(2) The audit committee financial expert is David W. Niemiec and he is "independent" as defined under the relevant Securities and Exchange Commission Rules and Releases.

Item 4. Principal Accountant Fees and Services.

(a) Audit Fees

The aggregate fees paid to the principal accountant for professional services rendered by the principal accountant for the audit of the registrant's annual financial statements or for services that are normally provided by the principal accountant in connection with statutory and regulatory filings or engagements were \$41,987 for the fiscal year ended December 31, 2010 and \$41,066 for the fiscal year ended December 31, 2009.

(b) Audit-Related Fees

The aggregate fees paid to the principal accountant for assurance and related services rendered by the principal accountant to the registrant that are reasonably related to the performance of the audit of the registrant's financial statements and are not reported under paragraph (a) of Item 4 were \$6,270 for the fiscal year ended December 31, 2010 and \$6,000 for the fiscal year ended December 31, 2009. The services for which these fees were paid included attestation services.

There were no fees paid to the principal accountant for assurance and related services rendered by the principal accountant to the registrant's investment adviser and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the registrant that are reasonably related to the performance of the audit of their financial statements.

(c) Tax Fees

There were no fees paid to the principal accountant for professional services rendered by the principal accountant to the registrant for tax compliance, tax advice and tax planning.

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

The aggregate fees paid to the principal accountant for professional services rendered by the principal accountant to the registrant's investment adviser and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the registrant for tax compliance, tax advice and tax planning were \$35,000 for the fiscal year ended December 31, 2010 and \$2,000 for the fiscal year ended December 31, 2009. The services for which these fees were paid included technical tax consultation for capital gain tax reporting to foreign governments and derivative instruments.

(d) All Other Fees

The aggregate fees paid to the principal accountant for products and services rendered by the principal accountant to the registrant not reported in paragraphs (a)-(c) of Item 4 were \$441 for the fiscal year ended December 31, 2010 and \$0 for the fiscal year ended December 31, 2009. The services for which these fees were paid include review of materials provided to the fund Board in connection with the investment management contract renewal process.

The aggregate fees paid to the principal accountant for products and services rendered by the principal accountant to the registrant's investment adviser and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the registrant other than services reported in paragraphs (a)-(c) of Item 4 were \$144,359 for the fiscal year ended December 31, 2010 and \$0 for the fiscal year ended December 31, 2009. The services for which these fees were paid include review of materials provided to the fund Board in connection with the investment management contract renewal process.

(e) (1) The registrant's audit committee is directly responsible for approving the services to be provided by the auditors, including:

- (i) pre-approval of all audit and audit related services;
- (ii) pre-approval of all non-audit related services to be provided to the Fund by the auditors;

(iii) pre-approval of all non-audit related services to be provided to the registrant by the auditors to the registrant's investment adviser or to any entity that controls, is controlled by or is under common control with the registrant's investment adviser and that provides ongoing services to the registrant where the non-audit services relate directly to the operations or financial reporting of the registrant; and

(iv) establishment by the audit committee, if deemed necessary or appropriate, as an alternative to committee pre-approval of services to be provided by the auditors, as required by paragraphs (ii) and (iii) above, of policies and procedures to permit such services to be pre-approved by other means, such as through establishment of guidelines or by action of a designated member or members of the committee; provided the policies and procedures are detailed as to the particular service and the committee is informed of each service and such policies and procedures do not include delegation of audit

committee responsibilities, as contemplated under the Securities Exchange Act of 1934, to management; subject, in the case of (ii) through (iv), to any waivers, exceptions or exemptions that may be available under applicable law or rules.

(e) (2) None of the services provided to the registrant described in paragraphs (b)-(d) of Item 4 were approved by the audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of regulation S-X.

(f) No disclosures are required by this Item 4(f).

(g) The aggregate non-audit fees paid to the principal accountant for services rendered by the principal accountant to the registrant and the registrant's investment adviser and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the registrant were \$186,070 for the fiscal year ended December 31, 2010 and \$8,000 for the fiscal year ended December 31, 2009.

(h) The registrant's audit committee of the board has considered whether the provision of non-audit services that were rendered to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were not pre-approved pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant's independence.

Item 5. Audit Committee of Listed Registrants

Members of the Audit Committee are: Ann Torre Bates, Frank J. Crothers, David W. Niemiec and Constantine D. Tseretopoulos

Item 6. Schedule of Investments. N/A

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

The board of directors of the Fund has delegated the authority to vote proxies related to the portfolio securities held by the Fund to the Fund's investment manager Templeton Asset Management Ltd. (TAML) in accordance with the Proxy Voting Policies and Procedures (Policies) adopted by the investment manager.

The investment manager has delegated its administrative duties with respect to the voting of proxies to the Proxy Group within Franklin Templeton Companies, LLC (Proxy Group), an affiliate and wholly owned subsidiary of Franklin Resources, Inc. All proxies received by the Proxy Group will be voted based upon the investment manager's instructions and/or policies. The investment manager votes proxies solely in the interests of the Fund and its shareholders.

To assist it in analyzing proxies, the investment manager subscribes to RiskMetrics Group (RiskMetrics), an unaffiliated third-party corporate governance research service that provides in-depth analyses of shareholder meeting agendas, vote recommendations, recordkeeping and vote disclosure services. In addition, the investment manager subscribes to Glass, Lewis & Co., LLC (Glass Lewis), an unaffiliated third-party analytical research firm, to receive analyses and vote recommendations on the shareholder meetings of publicly held U.S. companies. Although RiskMetrics and/or Glass Lewis analyses are thoroughly reviewed and considered in making a final voting decision, the investment manager does not consider recommendations from RiskMetrics, Glass Lewis or any other third party to be determinative of the investment manager's ultimate decision. As a matter of policy, the officers, directors/trustees and employees of the investment manager and the Proxy Group will not be influenced by outside sources whose interests conflict with the interests of the Fund and its shareholders. Efforts are made to resolve all conflicts in the interests of the investment manager's clients. Material conflicts of interest are identified by the Proxy Group based upon analyses of client, distributor, broker dealer and vendor lists, information periodically gathered from directors and officers, and information derived from other sources, including public filings. In situations where a material conflict of interest is identified, the Proxy Group may defer to the voting recommendation of RiskMetrics, Glass Lewis or those of another independent third-party provider of proxy services; or send the proxy directly to the Fund with the investment manager's recommendation regarding the vote for approval. If the conflict is not resolved by the Fund, the Proxy Group may refer the matter, along with the recommended course of action by the investment manager, if any, to an interdepartmental Proxy Review Committee (which may include portfolio managers and/or research analysts employed by the investment manager), for evaluation and voting instructions. The Proxy Review Committee may defer to the voting recommendation of RiskMetrics, Glass Lewis or those of another independent third-party provider of proxy services; or send the proxy directly to the Fund. Where the Proxy Group or the Proxy Review Committee refers a matter to the Fund, it may rely upon the instructions of a representative of the Fund, such as the board or a committee of the board.

Where a material conflict of interest has been identified, but the items on which the investment manager's vote recommendations differ from Glass Lewis, RiskMetrics, or another independent third-party provider of proxy services relate specifically to (1) shareholder proposals regarding social or environmental issues or political contributions, (2) Other Business without describing the matters that might be considered, or (3) items the investment manager wishes to vote in opposition to the recommendations of an issuer's management, the Proxy Group may defer to the vote recommendations of the investment manager rather than sending the proxy directly to the Fund for approval.

To avoid certain potential conflicts of interest, the investment manager will employ echo voting, if possible, in the following instances: (1) when the Fund invests in an underlying fund in reliance on any one of Sections 12(d)(1)(E), (F), or (G) of the 1940 Act, the rules thereunder or pursuant to any SEC exemptive orders thereunder; (2) when the Fund invests uninvested cash in affiliated money market

funds pursuant to the rules under the 1940 Act or any exemptive orders thereunder (cash sweep arrangement); or (3) when required pursuant to the Fund s governing documents or applicable law. Echo voting means that the investment manager will vote the shares in the same proportion as the vote of all of the other holders of the Fund s shares.

The recommendation of management on any issue is a factor that the investment manager considers in determining how proxies should be voted. However, the investment manager does not consider recommendations from management to be determinative of the investment manager s ultimate decision. As a matter of practice, the votes with respect to most issues are cast in accordance with the position of the company's management. Each issue, however, is considered on its own merits, and the investment manager will not support the position of the company's management in any situation where it deems that the ratification of management s position would adversely affect the investment merits of owning that company s shares.

Investment Manager s proxy voting policies and principles The investment manager has adopted general proxy voting guidelines, which are summarized below. These guidelines are not an exhaustive list of all the issues that may arise and the investment manager cannot anticipate all future situations. In all cases, each proxy will be considered based on the relevant facts and circumstances.

Board of directors. The investment manager supports an independent board of directors, and prefers that key committees such as audit, nominating, and compensation committees be comprised of independent directors. The investment manager will generally vote against management efforts to classify a board and will generally support proposals to declassify the board of directors. The investment manager may withhold votes from directors who have attended less than 75% of meetings without a valid reason. While generally in favor of separating Chairman and CEO positions, the investment manager will review this issue as well as proposals to restore or provide for cumulative voting on a case-by-case basis, taking into consideration factors such as the company s corporate governance guidelines or provisions and performance.

Ratification of auditors of portfolio companies. The investment manager will closely scrutinize the role and performance of auditors. On a case-by-case basis, the investment manager will examine proposals relating to non-audit relationships and non-audit fees. The investment manager will also consider, on a case-by-case basis, proposals to rotate auditors, and will vote against the ratification of auditors when there is clear and compelling evidence of accounting irregularities or negligence.

Management and director compensation. A company s equity-based compensation plan should be in alignment with the shareholders long-term interests. The investment manager believes that executive compensation should be directly linked to the performance of the company. The investment manager evaluates plans on a case-by-case basis by considering several factors to determine whether the plan is fair and reasonable, including the RiskMetrics quantitative model utilized to assess such plans and/or the Glass Lewis evaluation of the plans. The investment manager will generally oppose plans that have the potential to be excessively dilutive, and will almost always oppose plans that are

structured to allow the repricing of underwater options, or plans that have an automatic share replenishment evergreen feature. The investment manager will generally support employee stock option plans in which the purchase price is at least 85% of fair market value, and when potential dilution is 10% or less.

Severance compensation arrangements will be reviewed on a case-by-case basis, although the investment manager will generally oppose golden parachutes that are considered to be excessive. The investment manager will normally support proposals that require a percentage of directors compensation to be in the form of common stock, as it aligns their interests with those of shareholders.

Anti-takeover mechanisms and related issues. The investment manager generally opposes anti-takeover measures since they tend to reduce shareholder rights. However, as with all proxy issues, the investment manager conducts an independent review of each anti-takeover proposal. On occasion, the investment manager may vote with management when the research analyst has concluded that the proposal is not onerous and would not harm the Fund or its shareholders interests. The investment manager generally supports proposals that require shareholder rights plans (poison pills) to be subject to a shareholder vote and will closely evaluate such plans on a case-by-case basis to determine whether or not they warrant support. In addition, the investment manager will generally vote against any proposal to issue stock that has unequal or subordinate voting rights. The investment manager generally opposes any supermajority voting requirements as well as the payment of greenmail. The investment manager generally supports fair price provisions and confidential voting.

Changes to capital structure. The investment manager realizes that a company's financing decisions have a significant impact on its shareholders, particularly when they involve the issuance of additional shares of common or preferred stock or the assumption of additional debt. The investment manager will review, on a case-by-case basis, proposals by companies to increase authorized shares and the purpose for the increase. The investment manager will generally not vote in favor of dual-class capital structures to increase the number of authorized shares where that class of stock would have superior voting rights. The investment manager will generally vote in favor of the issuance of preferred stock in cases where the company specifies the voting, dividend, conversion and other rights of such stock and the terms of the preferred stock issuance are deemed reasonable.

Mergers and corporate restructuring. Mergers and acquisitions will be subject to careful review by the research analyst to determine whether they would be beneficial to shareholders. The investment manager will analyze various economic and strategic factors in making the final decision on a merger or acquisition. Corporate restructuring proposals are also subject to a thorough examination on a case-by-case basis.

Social and corporate policy issues. The investment manager will generally give management discretion with regard to social, environmental and ethical issues, although the investment manager may vote in favor of those that are believed to have significant economic benefits or implications for the Fund and its shareholders.

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

Global corporate governance. Many of the tenets discussed above are applied to the investment manager's proxy voting decisions for international investments. However, the investment manager must be flexible in these instances and must be mindful of the varied market practices of each region.

The investment manager will attempt to process every proxy it receives for all domestic and foreign issuers. However, there may be situations in which the investment manager cannot process proxies, for example, where a meeting notice was received too late, or sell orders preclude the ability to vote. If a security is on loan, the investment manager may determine that it is not in the best interests of the Fund to recall the security for voting purposes. Also, the investment manager may abstain from voting under certain circumstances or vote against items such as Other Business when the investment manager is not given adequate information from the company.

Shareholders may view the complete Policies online at franklintempleton.com. Alternatively, shareholders may request copies of the Policies free of charge by calling the Proxy Group collect at (954)527-7678 or by sending a written request to: Franklin Templeton Companies, LLC, 500 East Broward Boulevard, Suite 1500, Fort Lauderdale, FL 33394, Attention: Proxy Group. Copies of the Fund's proxy voting records are available online at franklintempleton.com and posted on the SEC website at sec.gov. The proxy voting records are updated each year by August 31 to reflect the most recent 12-month period ended June 30.

Item 8. Portfolio Managers of Closed-End Management Investment Company.

(a) (1) As of February 28, 2011, the portfolio managers of the Fund are as follows:

Mark Mobius, PH.D., *Executive Chairman of Templeton Emerging Markets Group and Portfolio Manager of Asset Management.*

Dr. Mobius has been a portfolio manager of the Fund since inception. He has primary responsibility for the investments of the Fund. He has final authority over all aspects of the Fund's investment portfolio, including but not limited to, purchases and sales of individual securities, portfolio risk assessment, and the management of daily cash balances in accordance with anticipated management requirements. The degree to which he may perform these functions, and the nature of these functions, may change from time to time. Dr. Mobius joined Franklin Templeton Investments in 1987.

Eddie Chow, *Executive Vice President of Templeton Asset Management Ltd.*

Mr. Chow heads the team with primary responsibility for allocation of investments for the Fund. He has been working on the Fund since 2000 providing research and advice on the purchases and sales of individual securities, and portfolio risk assessment. Mr. Chow joined Franklin Templeton Investments in 1994.

(a) (2) This section reflects information about the portfolio managers as of December 31, 2010.

a fair allocation of buy and sell opportunities among funds and other accounts.

The structure of a portfolio manager's compensation may give rise to potential conflicts of interest. A portfolio manager's base pay and bonus tend to increase with additional and more complex responsibilities that include increased assets under management. As such, there may be an indirect relationship between a portfolio manager's marketing or sales efforts and his or her bonus.

Finally, the management of personal accounts by a portfolio manager may give rise to potential conflicts of interest. While the funds and the investment manager have adopted a code of ethics which they believe contains provisions reasonably necessary to prevent a wide range of prohibited activities by portfolio managers and others with respect to their personal trading activities, there can be no assurance that the code of ethics addresses all individual conduct that could result in conflicts of interest.

The investment manager and the Fund have adopted certain compliance procedures that are designed to address these, and other, types of conflicts. However, there is no guarantee that such procedures will detect each and every situation where a conflict arises.

Compensation. The investment manager seeks to maintain a compensation program that is competitively positioned to attract, retain and motivate top-quality investment professionals. Portfolio managers receive a base salary, a cash incentive bonus opportunity, an equity compensation opportunity, and a benefits package. Portfolio manager compensation is reviewed annually and the level of compensation is based on individual performance, the salary range for a portfolio manager's level of responsibility and Franklin Templeton guidelines. Portfolio managers are provided no financial incentive to favor one fund or account over another. Each portfolio manager's compensation consists of the following three elements:

Base salary Each portfolio manager is paid a base salary.

Annual bonus Annual bonuses are structured to align the interests of the portfolio manager with those of the Fund's shareholders. Each portfolio manager is eligible to receive an annual bonus. Bonuses generally are split between cash (50% to 65%) and restricted shares of a Franklin Templeton fund which vest over a three-year period (17.5% to 25%) and other mutual fund shares (17.5% to 25%). The deferred equity-based compensation is intended to build a vested interest of the portfolio manager in the financial performance of both Franklin Resources and mutual funds advised by the manager. The bonus plan is intended to provide a competitive level of annual bonus compensation that is tied to the portfolio manager achieving consistently strong investment performance, which aligns the financial incentives of the portfolio manager and Fund shareholders. The Chief Investment Officer of the investment manager and/or other officers of the investment manager, with responsibility for the Fund, have discretion in the granting of annual bonuses to portfolio managers in accordance with Franklin Templeton guidelines. The following factors are generally used in determining bonuses under the plan:

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers. None

Item 10. Submission of Matters to a Vote of Security Holders.

There have been no changes to the procedures by which shareholders may recommend nominees to the Registrant's Board of Directors that would require disclosure herein.

Item 11. Controls and Procedures.

(a) **Evaluation of Disclosure Controls and Procedures**. The Registrant maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Registrant's filings under the Securities Exchange Act of 1934 and the Investment Company Act of 1940 is recorded, processed, summarized and reported within the periods specified in the rules and forms of the Securities and Exchange Commission. Such information is accumulated and communicated to the Registrant's management, including its principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. The Registrant's management, including the principal executive officer and the principal financial officer, recognizes that any set of controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

Within 90 days prior to the filing date of this Shareholder Report on Form N-CSR, the Registrant had carried out an evaluation, under the supervision and with the participation of the Registrant's management, including the Registrant's principal executive officer and the Registrant's principal financial officer, of the effectiveness of the design and operation of the Registrant's disclosure controls and procedures. Based on such evaluation, the Registrant's principal executive officer and principal financial officer concluded that the Registrant's disclosure controls and procedures are effective.

(b) **Changes in Internal Controls**.

There have been no significant changes in the Registrant's internal controls or in other factors that could significantly affect the internal controls subsequent to the date of their evaluation in connection with the preparation of this Shareholder Report on Form N-CSR.

Item 12. Exhibits.

(a) (1) Code of Ethics

(a) (2) Certifications pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 of Laura F. Ferguson, Chief Executive Officer - Finance and Administration, and Mark H. Otani, Chief Financial Officer and Chief Accounting Officer (b) Certifications pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 of Laura F. Ferguson, Chief Executive Officer - Finance and Administration, and Mark H. Otani, Chief Financial Officer and Chief Accounting Officer
