Dear Shareholder:

You are cordially invited to attend the 2011 Annual Meeting of Shareholders which will be held at the offices of Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, New York, NY at 1:45 p.m. on Thursday, May 12, 2011. Your Board of Directors looks forward to greeting those shareholders that are able to attend. On the following pages you will find the formal Notice of Annual Meeting and Proxy Statement.

For the Annual Meeting, we are pleased to take advantage of the "Notice and Access" rule adopted by the Securities and Exchange Commission to furnish proxy materials to shareholders over the internet. We believe this new process will provide you with an efficient and quick way to access your proxy materials and vote your shares, while allowing us to reduce the environmental impact of our Annual Meeting and the costs of printing and distributing the proxy materials. On or about April 1, 2011, we intend to mail to most shareholders only a Notice of Internet Availability of Proxy Materials that tells them how to access and review information contained in the proxy materials and vote electronically over the internet. If you received only the Notice in the mail, you will not receive a printed copy of the proxy materials in the mail unless you request the materials by following the instructions included in the Notice.

At the Annual Meeting, you will be asked to (i) elect two Class I Directors; (ii) ratify the appointment of Deloitte & Touche LLP as the company's auditors for the fiscal year ending December 31, 2011; (iii) approve a non-binding, advisory resolution regarding the compensation of our named executives; and (iv) consider and act upon a non-binding, advisory proposal on the frequency of the advisory vote on the compensation of our named executives. Your Board of Directors recommends that you vote your shares "FOR" proposals (i), (ii), and (iii) and for "EVERY THREE YEARS" with respect to proposal (iv). These proposals that are more fully described in the accompanying proxy statement.

Whether or not you expect to attend the Annual Meeting, it is important that your shares be represented. Please vote your shares using the internet or a toll-free telephone number, or by requesting a printed copy of the proxy materials and completing and returning by mail the proxy card and you will receive in response to your request. Instructions on using each of these voting methods are outlined in the proxy statement. Your cooperation will ensure that your shares are voted.

Thank you for your continued support.

Sincerely,

/s/ Peter C. Georgiopoulos

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD MAY 12, 2011

This proxy statement is furnished to shareholders of Baltic Trading Limited (“Baltic Trading” or the “Company”) in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of Baltic Trading (the “Board”) for use in voting at the Annual Meeting of Shareholders (the “Annual Meeting”) to be held at the offices of Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, New York, NY, on May 12, 2011 at 1:45 p.m., and at any adjournment or postponement thereof.

This proxy statement, the accompanying form of proxy and the Notice of Internet Availability are first being mailed to shareholders on or about April 1, 2011.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Purpose of the Annual Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Shareholders. Each proposal is described in more detail in this proxy statement.

Record Date and Outstanding Shares

The Board has fixed the close of business on March 15, 2011 as the record date (the “Record Date”) for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. Only shareholders of record at the close of business on that date will be entitled to vote at the Annual Meeting or any and all adjournments or postponements thereof. As of March 15, 2011, Baltic Trading had issued and outstanding 16,883,500 shares of common stock and 5,699,088 shares of Class B stock. Each share of common stock is entitled to one vote, and each share of Class B stock is entitled to fifteen votes, on matters on which common shareholders are eligible to vote. Holders of common stock and Class B stock vote together as a single class on all matters presented for vote, except as otherwise provided by law. The common stock and Class B stock together comprise all of Baltic Trading’s issued and outstanding voting stock.

Revocability and Voting of Proxies

Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to the Annual Meeting or at the Annual Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by any of the following methods:

Edgar Filing: Baltic Trading Ltd - Form DEF 14A

- by writing a letter delivered to John C. Wobensmith, Secretary of Baltic Trading, stating that the proxy is revoked;
 - by submitting another proxy with a later date; or
 - by attending the Annual Meeting and voting in person.
-

Please note, however, that if a shareholder's shares are held of record by a broker, bank or other nominee and that shareholder wishes to vote at the Annual Meeting, the shareholder must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming that shareholder's beneficial ownership of the shares.

All shares represented by valid proxies received and not revoked before they are exercised will be voted in the manner specified in the proxy.

If you are a shareholder of record and you properly sign, date and return a proxy card, but do not indicate how you wish to vote with respect to a particular nominee or proposal, then your shares will be voted "FOR" the election of such nominee, "FOR" the approval of each proposal, and "EVERY THREE YEARS" for the advisory resolution regarding the compensation of Baltic Trading's named executives. If you indicate a choice with respect to any matter to be acted upon when voting via the Internet (or by telephone or on your returned proxy card) and you do not validly revoke it, your shares will be voted in accordance with your instructions. If you do not vote via the Internet or by telephone, or sign, date and return a proxy card, you must attend the annual meeting in person in order to vote.

If you hold your shares through an account with a bank or broker, your shares may be voted by the bank or broker if you do not provide specific voting instructions. Banks and brokers have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on routine matters. The proposal to ratify the appointment of our independent auditors is a routine matter that is considered a "discretionary" item under NYSE rules. This means that banks and brokers may vote in their discretion on this matter on behalf of clients who have not furnished voting instructions at least ten days before the date of the annual meeting.

The proposals to (i) elect two Class I Directors; (ii) approve a non-binding, advisory resolution regarding the compensation of our named executives; and (iii) consider and act upon a non-binding, advisory proposal on the frequency of the advisory vote on the compensation of our named executives, are each non-routine matters for which brokers do not have discretionary voting power and for which specific instructions from beneficial owners are required. As a result, brokers are not allowed to vote on any of these proposals on behalf of beneficial owners if such owners do not return specific voting instructions.

Voting at the Annual Meeting

Each share of common stock outstanding on the Record Date will be entitled to one vote on each matter submitted to a vote of the shareholders, including the election of directors. Cumulative voting by shareholders is not permitted.

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast by the shareholders entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Proposal	Vote Required	Effect of Abstentions	Effect of Broker "Non-Votes"
1. Election of Directors	Plurality of votes cast	No effect	No effect
2. Appointment of Independent Auditors	Affirmative vote of a majority of the common shares represented and entitled to vote	Same effect as a vote "against"	No effect
3. Advisory Vote on Executive Compensation	Affirmative vote of a majority of the common shares represented and entitled to vote	Same effect as a vote "against"	No effect
4. Advisory Vote on Frequency of Advisory Vote on Executive Compensation	Plurality of votes cast	No effect	No effect

For directions to be able to attend the meeting and vote in person, please contact us by sending an e-mail to finance@baltictrading.com.

Solicitation

We will pay the costs relating to this proxy statement, the proxy and the Annual Meeting. We may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to beneficial owners. Directors, officers and regular employees may also solicit proxies. They will not receive any additional pay for the solicitation.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to Be Held May 12, 2011.

Corporate Governance

Governance Materials - All of the Company's corporate governance materials, including the committee charters of the Board and the Company's Corporate Governance Guidelines, are published on the Corporate Governance section of the Company's website under "Investor" at www.balticshipping.com. These materials are also available in print to any shareholder upon request. The Board regularly reviews corporate governance developments and modifies its committee charters as warranted. Any modifications are reflected on the Company's website, including modifications recently made to all of its committee charters in connection with the Company's listing on the NYSE.

Director Independence - It is the Board's objective that a majority of the Board consists of independent directors. For a director to be considered independent, the Board must determine that the director does not have any material relationship with the Company. The Board follows the criteria set forth in applicable NYSE listing standards to determine director independence. The Board will consider all relevant facts and circumstances in making an independence determination.

All members of the Audit, Compensation and Nominating and Corporate Governance Committees must be independent directors as defined by applicable NYSE listing standards. Members of the Audit Committee must also satisfy a separate Securities and Exchange Commission independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their director compensation.

The independent directors of the Company are Basil G. Mavroleon, Harry A. Perrin, Edward Terino, and George Wood. The Board has determined that each of the members of the Audit, the Compensation and the Nominating and Corporate Governance Committees, respectively, are independent as defined in the applicable NYSE listing standards. In determining that Mr. Wood is independent, the Board considered that Mr. Wobensmith owns stock in a private corporation in which Mr. Wood serves as a director and of which a trust for the benefit of members of Mr. Wood's family owns a substantial interest. This investment was deemed immaterial to Mr. Wood.

Code of Ethics - All directors, officers, employees and agents of the Company must act ethically at all times and in accordance with the policies comprising the Company's code of ethics set forth in the Company's Code of Ethics. Under the Company's Code of Ethics, the Board will only grant waivers for a director or an executive officer in limited

circumstances and where circumstances would support a waiver. Such waivers may only be made by the Audit Committee.

The Company's Code of Ethics is available on the Company's website at www.baltictrading.com and is available in print to any shareholder upon request.

Communicating Concerns to Directors – Shareholders or other interested parties may communicate directly with any individual director, with the Board of Directors as a group, with the Chairman or other presiding director for the non-management directors, or with non-management directors as a group pursuant to Section 303A.03 of the NYSE's Listed Company Manual. All of Baltic Trading's directors are currently non-management directors. All communications should be in writing and should be addressed to the intended recipient(s), c/o John C. Wobensmith, Secretary, 299 Park Avenue, 20th Floor, New York, New York 10171. Once the communication is received by the Secretary, the Secretary reviews the communication. Communications that comprise advertisements, solicitations for business, requests for employment, requests for contributions or other inappropriate material will not be forwarded to our directors. Other communications are promptly forwarded to the addressee.

Board Meetings and Committees

During fiscal year 2010, there were four meetings of the Board of Directors. A quorum of Directors was present, either in person or telephonically, for all of the meetings. Actions were also taken during the year by unanimous written consent of the Directors. All directors attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings of all Committees of the Board on which they served. The Company encourages all directors to attend each annual meeting of shareholders.

During fiscal year 2010, Baltic Trading's Audit Committee was comprised of Edward Terino, Harry A. Perrin, and George Wood, all of whom qualify as independent under the listing requirements of the NYSE and are financially literate. Each of our three Audit Committee members is also a financial expert as defined under Item 401(h)(2) of Regulation S-K. Please refer to our Audit Committee members' biographical information starting on page 5 for their relevant experience. From July 2010 to November 2010, Mr. Terino served on the audit committees of three public companies in addition to that of the Company. Pursuant to Section 303A.07 of the NYSE's Listed Company Manual, the Board of Directors determined that such simultaneous service did not impair his ability to effectively serve on the Company's Audit Committee. Through its written charter, the Audit Committee has been delegated the responsibility of reviewing with the independent auditors the plans and results of the audit engagement, reviewing the adequacy, scope and results of the internal accounting controls and procedures, reviewing the degree of independence of the auditors, reviewing the auditor's fees and recommending the engagement of the auditors to the full Board. The Audit Committee held five meetings during fiscal year 2010.

During fiscal year 2010, Baltic Trading's Compensation Committee was comprised of Basil G. Mavroleon and Edward Terino, both of whom qualify as independent under the listing requirements of the NYSE, and neither of whom is an employee of Baltic Trading. Through its written charter, the Compensation Committee administers Baltic Trading's equity incentive plan and other corporate benefits programs. The Compensation Committee also considers from time to time matters of compensation philosophy and competitive status, and also reviews, approves, or recommends executive officer bonuses, equity grants and other compensation. The Compensation Committee generally does not delegate its authority, although Baltic Trading's officers are responsible for the day-to-day administration of Baltic Trading's 2010 Equity Incentive Plan. The Compensation Committee's primary processes for establishing and overseeing executive compensation can be found under "Compensation Discussion and Analysis" below. Directors' compensation is established by the Board of Directors upon the recommendation of the Compensation Committee. The Compensation Committee held three meetings during fiscal year 2010.

During fiscal year 2010, Baltic Trading's Nominating and Corporate Governance Committee was comprised of Harry A. Perrin and George Wood, both of whom qualify as independent under the listing requirements of the NYSE, and neither of whom is an employee of Baltic Trading. Through its written charter, the Nominating and Corporate Governance Committee assists the Board in identifying qualified individuals to become Board members, in determining the composition of the Board and its committees, in monitoring a process to assess Board effectiveness and in developing and implementing the Company's corporate governance guidelines. When a vacancy exists on the Board, or when the Board determines to add an additional director, the nominating and corporate governance committee seeks out appropriate candidates from various sources, which may include directors, officers, employees and others. The committee may use consultants and search firms who may be paid fees for their assistance in identifying and evaluating candidates, but has not done so to date. The committee does not have a set of minimum, specific qualifications that must

be met by a candidate for director and will review the candidate's background, experience and abilities, and the contributions the candidate can be expected to make to the collective functioning of the Board and the needs of the Board at the time. The committee considers candidates based on materials provided, and will consider whether an interview is appropriate. The committee will consider shareholder recommendations of director candidates, which should be sent to the attention of the corporate secretary at the Company's headquarters, on the same basis. The Nominating and Corporate Governance Committee did not meet during fiscal year 2010.

As noted above, the Nominating and Corporate Governance Committee considers many factors when determining the eligibility of candidates for nomination to the Board. The Committee does not have a diversity policy; however, in the event of a vacancy, the Committee's goal is to nominate candidates from a broad range of experiences and backgrounds who can contribute to the board's overall effectiveness in meeting its mission.

Executive Sessions

Under the Corporate Governance Guidelines that the Company adopted in connection with its listing on the New York Stock Exchange to assure free and open discussion and communication among the non-management directors, the non-management directors will seek to meet at least annually and may meet as the non-management directors deem appropriate. In addition, if there are any non-management directors who are not independent directors, the independent directors shall meet in executive session at least once each year. The presiding director at any executive session with the non-management or independent directors will be the Chairman if the Chairman is present and is a non-management or independent director (as applicable) and will otherwise be selected by a majority of the non-management or independent directors (as applicable) present at the meeting. All of Baltic Trading's directors are currently non-management directors, and three executive sessions of independent directors were held in fiscal year 2010, including two meetings to consider transactions involving Maritime Equity Partners LLC, a company controlled by our Chairman, Peter C. Georgiopoulos.

Board Leadership Structure

As noted above, our Board is currently comprised of four independent directors and one non-independent director. We recognize that different Board leadership structures may be appropriate for the Company during different periods of time and under different circumstances. We believe that our current Board leadership structure is suitable for us because it allows us to consider a broad range of opinions in the course of our Board deliberations, including those with knowledge of the Company's day-to-day operations and business strategy, as well as those with an experienced independent viewpoint.

The Board does not have a policy on whether or not the roles of President and Chairman of the Board should be separate and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee Directors or be an employee. The Board believes that it should have the flexibility to make a determination from time to time in a manner that is in the best interests of the Company and its shareholders at the time of such determination.

Our Board has placed the responsibilities of Chairman with a non-employee member of the Board which we believe fosters better accountability between the Board and our management team. Our Chairman has been closely involved with the Company since its founding. Given his unique knowledge, experience and relationship with the Board, we believe his continued service as Chairman provides significant value to the Company and its shareholders, and that it is beneficial for our Chairman to lead our Board members as they provide leadership to our management team. In addition, our Chairman contributes significantly to developing and implementing our strategy; facilitating communication among the directors; developing Board meeting agendas in consultation with management; and presiding at Board and shareholder meetings. This delineation of duties allows the President to focus his attention on

managing the day-to-day business of the Company.

Our Corporate Governance Guidelines provide the flexibility for our Board to modify or continue our leadership structure in the future, as it deems appropriate.

Risk Oversight

The Board believes that oversight of the Company's risk management efforts is the responsibility of the entire Board. It views risk management as an integral part of the Company's strategic planning process. The subject of

risk management is regularly discussed at Board meetings with our President and our Chief Financial Officer. Additionally, the charters of certain of the Board’s committees assign oversight responsibility for particular areas of risk. For example, our Audit Committee oversees management of risks related to accounting, auditing and financial reporting and maintaining effective internal controls for financial reporting. Our Nominating Committee oversees risk associated with our Corporate Governance Guidelines and Code of Ethics, including compliance with listing standards for independent directors, committee assignments and conflicts of interest. Our Compensation Committee oversees the risk related to our executive compensation plans and arrangements.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section describes the Company’s compensation program as it relates to our Chairman, Peter C. Georgiopoulos, and our President and Chief Financial Officer, John C. Wobensmith. We treat Peter C. Georgiopoulos as an executive officer of the Company for securities laws purposes, although he is not an employee or a corporate officer and is not paid a salary.

The Company does not employ any staff but instead receives management services to operate its business under its Management Agreement with Genco. The Company does not pay a salary or cash bonus to its Chairman or its President (or any other personnel). The Company's Compensation Committee has only considered compensation awards to individuals in the form of discretionary restricted stock grants and only for its Chairman and its President where the executive has made achievement of an extraordinary milestone in the Company's business possible, such as the Company's initial public offering, or where the executive has made significant contributions the Company's favorable performance or accomplishments in a given year. In this way, the Company seeks to reward performance while providing appropriate incentives going forward. Other than grants to our directors as such as described below under "Director Compensation," only Messrs. Wobensmith and Georgiopoulos have received restricted stock grants from the Company.

Detailed compensation information for our Chairman and our President is presented in the tables following this discussion in accordance with SEC rules.

Overview of 2010

As the Company's first year as a public company, fiscal 2010 was a successful year despite a challenging business environment. After being formed in October 2009 by Genco Shipping & Trading Limited ("Genco"), an international drybulk shipping company that also serves as our Manager, the Company completed its initial public offering in March 2010. Since then, notwithstanding unfavorable market conditions, we continued to lay the foundation for future growth in 2011 and beyond. In particular, the Company successfully completed the acquisition of its initial fleet of six vessels as well as an additional three vessels from companies within the Metrostar group. The Company also established its \$100 million senior secured credit facility in 2010, which it amended later in the year to increase the commitment to \$150 million, decrease the interest rate from a margin over LIBOR of 3.25% to a margin of 3.00%, and obtain more favorable amortization terms. Through completing these vessel acquisitions and enhancing the terms of its credit facility in last year's challenging environment, the Company's management thus positioned the Company to bring long-term value to shareholders.

The Company achieved strong financial results for 2010, even though the Company had only commenced vessel operations in April 2010 and faced volatile conditions in the drybulk spot market. Our Compensation Committee considered the Company's performance for the six months ended September 30, 2010 against certain peer group companies described below in such metrics as revenue; EBITDA; operating income; net income; returns on equity and on invested capital; EBITDA, operating, and profit margins; market capitalization; and total return to shareholders. The Company's performance compared favorably in most of these metrics, which the Company believes is noteworthy given that the peer group members are larger, established companies. The Company achieved these results with a small executive team who oversaw the efficient commercial and technical management of its vessels by Genco under the Company's Management Agreement with Genco. At the same time, 2010's market conditions resulted in lower charter rates and a negative impact to our net income. As with other drybulk shippers, 2010 saw an overall decline in the Company's stock price, despite the Company's strong financial performance.

As the Company was formed in the fourth quarter of fiscal 2009, there is no corresponding data to compare compensation awarded in fiscal 2010 versus the prior fiscal year.

How Compensation is Determined

Role of Compensation Committee. Our executive compensation program is overseen by the Compensation Committee, which is composed of two non-employee directors: Basil G. Mavroleon and Edward Terino. The Compensation Committee establishes and administers our compensation policies, and determines or recommends equity grants to the Company's senior management under the Company's 2010 Equity Incentive Plan.

The Compensation Committee conducted an evaluation of our Chairman and our President to determine what compensation is appropriate based on the considerations discussed in this section. In evaluating compensation for our Chairman and our President for 2010, which was the year in which our Compensation Committee was formed, the Compensation Committee reviewed summaries that included the terms of previously granted and proposed restricted stock grants.

Role of Compensation Consultant. The Compensation Committee has selected and directly retained Steven Hall & Partners, an independent compensation consultant, to review the Company's non-employee directors' compensation program for competitiveness in regards to levels and methods of compensation and to advise on current trends and issues in non-employee directors' compensation. The Compensation Committee also retained Steven Hall & Partners for assistance in matters including evaluating compensation and performance data for peer companies; advising the Compensation Committee on current trends in executive compensation, methods of evaluation and different

compensation mechanisms; and responding to other issues raised by the Compensation Committee. The Compensation Committee did not solicit recommendations from this or any other consultant as to the form or amounts of compensation to be awarded to our Chairman and our President.

Role of Management. The Compensation Committee consults with our Chairman and our President regarding compensation matters generally.

Our Compensation Philosophy

The Company conducts its business under the leadership of our Chairman and our President, with other services needed for the Company's business being provided by Genco under the Management Agreement. The

Company's goal for its executive compensation program is therefore to attract, motivate and retain key high-level executives who will provide leadership for the Company's success and enable the Company to compete effectively. Accordingly, other than compensation to its Board of Directors, the Company has provided compensation awards only to Messrs. Wobensmith and Georgiopoulos. The Company's compensation awards to date have consisted solely of grants of restricted stock awarded in special circumstances, namely our initial public offering, or as the Compensation Committee deems appropriate in its discretion to reward executives for contributions the Company's favorable performance or accomplishments in a given year. The Company thus seeks to align our Chairman's and our President's interests with shareholders and provide them with appropriate incentives going forward to achieve the Company's annual and longer term performance objectives.

Given the manner in which the Company conducts its business, as well as the cyclical nature of the shipping industry and the volatile and unpredictable markets in which the Company operates, the Company does not establish targets for executive compensation, and compensation levels generally are not determined through a benchmarking process. Instead, the compensation of our senior executives is generally determined or recommended by the Compensation Committee in its discretion following a review of the Company's performance and individual contributions to that performance. This approach allows flexibility in awards based on the Compensation Committee's assessment of each executive's performance and allows the Compensation Committee to tailor overall compensation to our executives as a group.

Compensation Objectives

Performance. The amount of any equity grant is based on the Compensation Committee's assessment of factors including the Company's performance and the grantee's individual performance and contributions to improving shareholder value. Specific factors affecting compensation decisions include:

- key financial measurements;
- strategic objectives such as acquisitions, dispositions or joint ventures;
- the Company's ability to acquire and dispose of vessels on favorable terms; and
- achieving operational goals for the Company or particular area of responsibility for the grantee such as operations, chartering or finance.

As the Company's overall performance is an important factor in executive compensation, the Compensation Committee compared the Company's performance to a peer group of publicly-traded drybulk and other shipping companies consisting of DHT Holdings, Inc., Diana Shipping Inc., DryShips, Inc., Eagle Bulk Shipping, Inc., Excel Maritime Carriers Ltd. General Maritime Corporation, GulfMark Offshore, Inc., Hornbeck Offshore Services, Inc., International Shipholding Corp., K-Sea Transportation Partners L.P., Omega Navigation Enterprises, Inc., Overseas Shipholding Group, Inc., TBS International PLC, , and Teekay LNG Partners L.P. The Compensation considered the Company's relative performance to this peer group on such metrics as revenue; EBITDA; operating income; net income; returns on equity and on invested capital; EBITDA, operating, and profit margins; market capitalization; and total return to shareholders. A detailed analysis of our financial and operational performance is contained in the Management's Discussion & Analysis section of our 2010 Annual Report on Form 10-K filed with the SEC on March 10, 2011.

Alignment of Interests. We seek to align the interests of our Chairman and our President with those of our investors by evaluating executive performance on the basis of financial measurements which we believe are relevant

measurements of long-term shareholder value. In 2010, these included:

- revenue;
- net income;
- total capital;
- return on equity;
- return on invested capital; and

- total shareholder return.

The Compensation Committee believes that use of equity incentive compensation aligns the interests of our Chairman and our President with shareholders, as equity incentive compensation links compensation to shareholder value and investment risks because the total value of those awards corresponds to stock price appreciation.

Recruitment and Retention. To attract and retain highly-skilled service personnel, we believe that the compensation of our Chairman and our President should reflect the value of their jobs in the marketplace. We attempt to retain our executives by using continued service as a determinant of total pay opportunity. In this connection, we have provided for extended vesting terms of our equity grants to our executives.

Elements of the Compensation Program

The compensation program for our Chairman and our President currently consists only of equity awards. As our Chairman and our President are also named executives of Genco, they receive additional compensation from Genco, which includes awards of Genco's restricted stock to both individuals and payments of salary, cash bonuses, and other benefits to Mr. Wobensmith.

Equity Awards

The Company's equity incentive compensation program is designed to recognize scope of responsibilities, reward demonstrated performance and leadership, motivate future performance, align the interests of the executive with our shareholders and retain the executives through the term of the awards. The Company does not have any specific policy on the timing of award grants. We consider the grant size and form of award when making award decisions.

Restricted Stock Awards. The Company believes long-term equity awards in the form of restricted stock awards are an effective way to attract and retain a talented executive team and align executives interests with those of shareholders.

Our Chairman and our President each received two grants of restricted stock awards in 2010: the first was made in March 2010 in connection with the completion of the Company's initial public offering, and the second was made in December 2010 in connection year-end compensation. Restrictions on the shares of restricted stock granted to these individuals lapse ratably in 25% increments on the first four anniversaries of March 15, 2010, in the case of the March 2010 award, and on the first four anniversaries of November 15, 2010, in the case of the December 2010 award. The restrictions applicable to the shares granted to these individuals will also lapse in full upon a change of control. In addition, to the extent that such restrictions were scheduled to have lapsed during the one year period following the executive's termination of employment due to death or disability, they will lapse immediately prior to any such termination.

During the restricted period, unless otherwise determined by the Compensation Committee, each restricted stock grant entitles the recipient to receive payments from the Company of any dividends declared and paid by the Company on its common stock. As the executives share commensurately with other shareholders in receiving dividends, they likewise share in the recognition of the current income generation and future change in stock price. However, if any such restricted shares do not vest, the holders of the non-vesting shares must repay any dividends that were paid to them on the non-vesting shares unless the Board or the Compensation Committee determines otherwise.

The number of shares of restricted stock granted to our Chairman and our President in 2010 are shown in the Grants of Plan-Based Awards Table on page 15.

Compensation for Our Chairman and Our President in 2010

The specific compensation decisions made for our Chairman and our President for 2010 reflect the consummation of our initial public offering and the achievement of several operational, financing, technical and commercial successes, despite a challenging market environment. A more detailed analysis of our financial and operational performance is contained in the Management's Discussion & Analysis section of our 2010 Annual Report on Form 10-K, which was filed with the SEC on March 10, 2011.

In determining the compensation of our Chairman and our President, we took into account the contributions of each individual to the performance of the Company as a whole in establishing his compensation. The Compensation Committee viewed 2010 as a successful year for the Company punctuated by a number of achievements by our executives, including the following:

- Successfully completing the Company's initial public offering.
- Successfully completing the acquisition of our initial fleet of six vessels.
- Successfully completing the acquisition of three additional Handysize vessels from companies within the Metrostar group.
- Entering into and favorably negotiating an amendment of the Company's revolving credit facility in an unfavorable lending environment.
- Fixing six vessels on spot related charters for 11 to 13.5 months.

John C. Wobensmith. The Compensation Committee recommended Mr. Wobensmith's compensation based on his important contributions to the Company in fiscal 2010. Mr. Wobensmith receives no salary or bonus from the Company. With respect to fiscal year 2010, Genco's Compensation Committee determined to make an award of 108,000 shares of restricted stock to Mr. Wobensmith in recognition of his substantial role in the Company's completed initial public offering, and our Compensation Committee determined to make another award of 25,000 shares of restricted stock with regard to his significant subsequent efforts in 2010, including his roles in facilitating the Company's vessel acquisitions, negotiating with the Company's lenders and serving as the Company's main representative to investors and lenders. In considering Mr. Wobensmith's compensation in respect of fiscal 2010, the Compensation Committee considered the compensation approved by Genco for Mr. Wobensmith for such year, the details of which are described in Genco's 2011 proxy statement as filed with the SEC (the "Genco 2011 Proxy"). Further details of the compensation awarded by the Company to Mr. Wobensmith, including the terms applicable to the restricted stock grants, are set forth below in this proxy statement under "Executive Compensation."

Peter C. Georgiopoulos. In determining compensation for our Chairman, the Compensation Committee considers Mr. Georgiopoulos' annual director compensation for his service on the Board. We expect that equity awards for our Chairman other than for his service as a director will be determined based on his involvement in successful strategic and transactional work for us. The Company relies significantly on Mr. Georgiopoulos for his contributions in determining its strategic direction and as a key participant in its relationships with investors and lenders. Mr. Georgiopoulos receives no salary or bonus from the Company. Mr. Georgiopoulos' 2010 compensation reflects his unique role as the publicly recognized leader of the Company and a prominent figure in the shipping industry. With respect to fiscal year 2010, Genco's Compensation Committee determined to make an award of 358,000 shares of restricted stock to Mr. Georgiopoulos in recognition of his key role in designing and implementing the Company's initial public offering, and our compensation Committee determined to make another award of 80,000 shares of restricted stock with regard to his efforts in 2010 given his significant contributions during the year, including his important role in facilitating the Company's vessel acquisitions, negotiating with the Company's lenders and serving as a vital representative of the Company to the investment community. In fiscal 2010, Mr. Georgiopoulos also received an award of 2,500 shares of restricted stock that the full Board determined to award to all directors for service on the Board generally. In considering Mr. Georgiopoulos' compensation in respect of fiscal 2010, the Compensation Committee took into account that Mr. Georgiopoulos had received \$28,000 in director fees and an award of 2,500 shares of restricted stock of Genco for his service as a director and that Genco's Compensation Committee was proposing to award a year-end grant of 200,000 restricted shares of Genco's common stock. Further details of the

compensation awarded by the Company to Mr. Georgiopoulos, including the terms applicable to the restricted stock grants, are set forth below in this proxy statement under “Executive Compensation.”

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation to certain employees in excess of \$1 million. As the Company currently does not qualify for the exemption pursuant to Section 883 of the

Internal Revenue Code of 1986, its shipping income derived from U.S. sources, or 50% of its gross shipping income attributable to transportation beginning or ending in the United States, is subject to a 4% tax imposed without allowance for deductions. Further discussion of this exemption is provided in the Company's Annual Report on Form 10-K for the Fiscal Year ended December 31, 2010, under the heading "Risk Factors—Company Specific Risk Factors—We may have to pay tax on U.S. source income . . ." However, the Company views the amount of compensation that would currently be subject to Section 162(m), if any, not to be material. For these reasons, the Company has not sought to structure its grants under its 2010 Equity Incentive Plan to qualify for exemption under Section 162(m). The Compensation Committee intends to consider Section 162(m) in the future based on the amount of executive income and other factors.

Accounting for Stock-Based Compensation

The Company follows Accounting Standards Codification Topic 718, Stock Compensation, in accounting for nonvested stock issued under its 2010 Equity Incentive Plan.

Risk Assessment

The Compensation Committee is primarily responsible for overseeing the review and assessment of risks arising from the Company's compensation policies and practices. The Company uses a number of approaches to mitigate excessive risk-taking, including the use of long-term incentive compensation and emphasizing qualitative goals in addition to quantitative metrics. Based on its review of the Company's compensation policies and practices, the Compensation Committee determined that the risks arising from the Company's compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between any of Baltic Trading's executive officers or members of Baltic Trading's Board of Directors or compensation committee and any other company's executive officers, Board of Directors or compensation committee.

Compensation Committee Report

The Compensation Committee of the Board has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Submitted by the Compensation Committee of the Board of Directors:

Basil G. Mavroleon, Chairman
Edward Terino

The Compensation Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates the Compensation Committee Report by reference therein.

Outstanding Equity Awards at Fiscal Year-End		
Name (a)	Number of Shares of Stock That Have Not Vested (g)	Market Value of Shares of Stock that Have Not Vested (\$) (1) (h)

Peter C. Georgiopoulos	440,500	\$4,497,505

- (1) The value of the unvested stock awards equals the number of unvested shares held multiplied by \$10.21, the closing market price of the Company's common stock on the NYSE on December 31, 2010, which was the last trading date of the year ended December 31, 2010.

No restricted stock awards granted to our named executive officers vested during the year ended December 31, 2010.

Potential Payments upon Termination or Change-in-Control

Accelerated Vesting of Restricted Stock

Under the terms of the restricted stock grant agreements between the Company and Mr. Wobensmith, all shares of restricted stock vest in full automatically upon the occurrence of a change of control (as defined under our 2010 Equity Incentive Plan) or the termination of Mr. Wobensmith's service to the Company without cause (as defined under our 2010 Equity Incentive Plan). In addition, if Mr. Wobensmith's service to the Company is terminated by the

Company by reason of his death or disability (each as defined under our 2010 Equity Incentive Plan), the restrictions lapse as to a pro rata percentage of the shares, calculated monthly, that would otherwise vest at the next anniversary of the grant date. For purposes of these agreements, “service” means a continuous time period during which recipient of a restricted stock grant is at least one of the following: an employee or a director of, or a consultant to, the Company.

Under the terms of the restricted stock grant agreement between the Company and Mr. Georgiopoulos for the grant of 2,500 restricted shares that was awarded to our directors generally, all shares of restricted stock vest in full automatically upon a change of control (as defined under our 2010 Equity Incentive Plan) or upon Mr. Georgiopoulos’ death or disability. Under the terms of the other restricted stock grant agreements between the Company and Mr. Georgiopoulos, all shares of restricted stock vest in full immediately upon the occurrence of a change of control (as defined under our 2010 Equity Incentive Plan) or the termination of Mr. Georgiopoulos’ service as a director,

employee or consultant unless Mr. Georgiopoulos voluntarily terminates his service or he is removed as a director for cause in accordance with the Company's Amended and Restated By-Laws.

In addition, under the terms of the restricted stock grant agreements for our two named executive officers, other than Mr. Georgiopoulos' agreement for the grant of 2,500 restricted shares, if a payment, benefit, or distribution after a change in control causes the executive to owe excise tax under Section 4999 of the Internal Revenue Code, we will fund the amount of this tax on a fully "grossed-up" basis, intended to ensure that after payment of the excise tax and any related taxes and penalties, the executive retains the full amount of the payment, benefit or distribution that gave rise to the excise tax liability.

The table below sets forth the vesting of restricted stock that the named executive officers would receive upon termination of their service to the Company under the following sets of circumstances: change of control, termination without cause, and death or disability. In each set of circumstances, we have assumed a termination as of the end of the day on December 31, 2010 and used the closing market price of our common stock on that date of \$10.21 per share for purposes of the calculations for the table below:

Name	Value of Restricted Stock Subject to Accelerated Vesting (\$)		
	Change of Control	Termination without Cause	Death or Disability
John C. Wobensmith	\$1,357,930(1)	\$1,357,930	\$225,549
Peter C. Georgiopoulos	\$4,497,505(1)	\$4,471,980	\$4,497,505

(1) In addition, the amount required to fund the excise tax to which our named executive officers would be subject under Section 280G of the Internal Revenue Code on a fully "grossed-up" basis on the value of restricted stock subject to accelerated vesting would be \$84,736 for Mr. Wobensmith and \$512,686 for Mr. Georgiopoulos.

Director Compensation

For fiscal year 2010, each of our directors received an annual fee of \$28,000, a fee of \$16,000 for an Audit Committee assignment, \$12,000 for a Compensation Committee assignment and \$6,000 for a Nominating and Corporate Governance Committee assignment, each of which are prorated amounts reflecting service commencing on March 15, 2010 rather than for a full year. Also, Peter C. Georgiopoulos, Basil G. Mavroleon, Harry A. Perrin, Edward Terino and George Wood, as members of the Board, were each granted 2,500 restricted shares of common stock, with restrictions on all such shares to lapse, if at all, on the earlier of March 15, 2011 or the date of the Company's next annual shareholders meeting at which directors are elected. Restrictions on such shares will lapse in full automatically upon the occurrence of a change of control (as defined under our 2010 Equity Incentive Plan) or upon such director's death or disability. For fiscal year 2011, the amounts of the annual fee for each director and fees for committee assignments will remain the same as in fiscal year 2010. We also expect to make annual restricted stock grants to each director for 2011 of 2,500 shares each. REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee is to assist the Board of Directors in its oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company and the independence and performance of the Company's auditors. The Board of Directors, in its business judgment, has determined that all members of the Committee are "independent," as provided under the applicable listing standards of the NYSE. The Committee operates pursuant to a Charter. As set forth in the Charter, the Committee's job is one of oversight. Management is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is also responsible for maintaining appropriate accounting and financial reporting principles and practices and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the annual financial statements, expressing an opinion based on their audit as to the statements' conformity with generally accepted accounting principles, monitoring the effectiveness of the Company's internal controls, reviewing the Company's quarterly financial statements prior to the filing of each quarterly report on Form 10-Q and discussing with the Committee any issues they believe should be raised with the Committee.

The Committee met with the Company's independent auditors to review and discuss the overall scope and plans for the audit of the Company's consolidated financial statements for the year ended December 31, 2010. The Committee has considered and discussed with management and the independent auditors (both alone and with management present) the audited financial statements and the overall quality of the Company's financial reporting. Management represented

to the Committee that the Company's financial statements were prepared in accordance with generally accepted accounting principles, and the Committee reviewed and discussed the financial statements with management.

The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. Finally, the Committee has received written disclosures and the letter from the independent auditors required by the Public Company Accounting Oversight Board (United States) Ethics and Independence Rule 3526, Communications with Audit Committees Concerning Independence, as currently in effect. The Committee has discussed with the auditors the auditors' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the field of auditing or accounting, including in respect of auditor independence. Members of the Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's activities do not provide an

independent basis to determine that management has maintained appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent."

Based upon the Committee's receipt and review of the various materials and assurances described above and its discussions with management and independent auditors, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010, filed with the Securities and Exchange Commission on March 10, 2011.

Submitted by the Audit Committee of the Board of Directors:

Edward Terino, Chairman
Harry A. Perrin
George Wood

The Report of the Audit Committee does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates the Report of the Audit Committee by reference therein.

As of March 15, 2011, a total of 16,883,500 shares of common stock and 5,699,088 shares of Class B stock were outstanding and entitled to vote at the Annual Meeting. Holders of common stock and Class B stock vote together as a single class on all matters presented for vote, except as otherwise provided by law. The amounts and percentages of common stock beneficially owned are reported on the basis of regulations of the Securities and Exchange Commission governing the determination of beneficial ownership of securities. Under the rules of the Securities and Exchange Commission, a person is deemed to be a "beneficial owner" of a security if that person has or shares "voting power," which includes the power to vote or to direct the voting of that security, or "investment power," which includes the power to dispose of or to direct the disposition of that security. A person is also deemed to be a beneficial owner of any securities as to which that person has a right to acquire beneficial ownership presently or within 60 days. Under these rules, more than one person may be deemed a beneficial owner of the same securities, and a person may be deemed to be the beneficial owner of securities as to which that person has no economic interest.

Review and Approval of Transactions with Related Persons

The policy covers any related person transaction that meets the minimum threshold for disclosure in the proxy statement under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect material interest) and will be applied to any such transactions proposed after its adoption.

Related person transactions must be approved by the Board or by a committee of the Board consisting solely of independent directors, who will approve the transaction only if they determine that it is in the best interests of the Company. In considering the transaction, the Board or committee will consider all relevant factors, including as applicable (i) the related person's interest in the transaction; (ii) the approximate dollar value of the amount involved in the transaction; (iii) the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss; (iv) the Company's business rationale for entering into the transaction; (v) the alternatives to entering into a related person transaction; (vi) whether the transaction is on terms no less favorable to the Company than terms that could have been reached with an unrelated third party; (vii) the potential for the transaction to lead to an actual or apparent conflict of interest and any safeguards imposed to prevent such actual or apparent conflicts; (viii) the overall fairness of the transaction to the Company; and (ix) any other information regarding the transaction or the related person in the context of the proposed transaction that would be

material to investors in light of the circumstances of the particular transaction. If a director is involved in the transaction, he or she will not cast a vote regarding the transaction.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Our Audit Committee has selected the firm of Deloitte & Touche LLP as Baltic Trading's independent auditors to audit the financial statements of Baltic Trading for the fiscal year ending December 31, 2011 and recommends that shareholders vote for ratification of this appointment. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and voting at the Annual Meeting will be required to ratify the selection of Deloitte & Touche LLP.

If the shareholders fail to ratify the selection, our Audit Committee will reconsider its selection of auditors. Even if the selection is ratified, our Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such change would be in the best interests of Baltic Trading and its shareholders.

Fees to Independent Auditors for Fiscal 2010 and 2009

The following table presents fees for professional services rendered by Deloitte & Touche LLP for the audit of the Company's annual financial statements for fiscal 2010 and fiscal 2009 and fees billed for audit-related services, tax services and all other services rendered by Deloitte & Touche LLP for fiscal 2010 and fiscal 2009.

Type of Fees	2010 (\$ in thousands)	2009 (\$ in thousands)
Audit Fees	\$220	\$14
Audit-Related Fees	\$82	\$118
Tax Fees	\$0	\$0
All Other Fees	\$0	\$0
Total	\$302	\$132

In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees that the Company paid to the auditor for the audit of the Company's annual financial statements included in its Form 10-K and review of financial statements included in its Form 10-Qs and for services that are normally provided by the auditor in connection with statutory and regulatory filings or engagements. "Audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and include services associated with primary and secondary offerings of our common stock in the past two fiscal years and other matters related to our periodic public filings; "tax fees" are fees for tax compliance, tax advice and tax planning; and "all other fees" are fees for any services not included in the first three categories.

Pre-Approval Policy for Services Performed by Independent Auditor

The Audit Committee has responsibility for the appointment, compensation and oversight of the work of the independent auditor. As part of this responsibility, the Audit Committee must pre-approve all permissible services to be performed by the independent auditor.

The Audit Committee has adopted an auditor pre-approval policy which sets forth the procedures and conditions pursuant to which pre-approval may be given for services performed by the independent auditor. Under the policy, the Committee must give prior approval for any amount or type of service within four categories: audit, audit-related, tax services or, to the extent permitted by law, other services that the independent auditor provides. Prior to the annual engagement, the Audit Committee may grant general pre-approval for independent auditor services within these four categories at maximum pre-approved fee levels. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original

pre-approval and, in those instances, such service will require separate pre-approval by the Audit Committee if it is to be provided by the independent auditor. For any pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence, whether the auditor is best positioned to provide the most cost effective and efficient service and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. The Audit Committee may delegate to one or more of its members authority to approve a request for pre-approval provided the member reports any approval so given to the Audit Committee at its next scheduled meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE RATIFICATION (ITEM 2 OF THE ENCLOSED PROXY CARD) OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS BALTIC TRADING'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2011.

PROPOSAL NO. 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The guiding principles of the Company's compensation policies and decisions include aligning each executive's compensation with the Company's business strategy and the interests of our shareholders and providing incentives needed to attract, motivate and retain key executives who are important to our long-term success. Consistent with this philosophy, a significant portion of the total incentive compensation for each of our executives directly relates to the Company's financial results and to other performance factors that measure our progress against the goals of our strategic and operating plans, as well as performance against our peers.

Shareholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses how our compensation design and practices reflect our compensation philosophy. The Compensation Committee and the Board believe that our compensation design and practices are effective in implementing our guiding principles.

We are required to submit a proposal to shareholders for a non-binding advisory vote to approve the compensation of our named executives pursuant to Section 14A of the 1934 Act. This proposal, commonly known as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on the compensation of our named executives. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executives and the principles, policies and practices described in this proxy statement. Accordingly, the following resolution is submitted for shareholder vote at the 2011 Annual Meeting:

"RESOLVED, that the shareholders of Baltic Trading Limited approve, on an advisory basis, the compensation of its named executives as disclosed in the Proxy Statement for the 2011 Annual Meeting, including the Summary Compensation Table and the Compensation Discussion and Analysis set forth in such Proxy Statement and other related tables and disclosures."

As this is an advisory vote, the result will not be binding on the Company, the Board or the Compensation Committee, although our Compensation Committee will consider the outcome of the vote when evaluating our compensation principles, design and practices. Proxies submitted without direction pursuant to this solicitation will be voted "FOR" the approval of the compensation of the Company's named executives, as disclosed in this proxy statement.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF ITS NAMED EXECUTIVES, AS

DISCLOSED IN THIS PROXY STATEMENT.

24

PROPOSAL NO. 4

ADVISORY VOTE ON THE FREQUENCY OF HOLDING AN ADVISORY VOTE ON EXECUTIVE
COMPENSATION

Pursuant to Section 14A of the 1934 Act, the Company is required to submit to shareholders an advisory vote as to whether the shareholder advisory vote to approve the compensation of its named executives — Proposal No. 3 above — should occur every one, two or three years. You may cast your vote by choosing one year, two years or three years or you may abstain from voting when you vote for the resolution set forth below.

In formulating its recommendation, the Board has determined that an advisory vote on executive compensation every three years is the best approach for the Company based on a number of considerations, including the following:

- Our compensation program is designed to induce performance over a multi-year period. A vote held every three years would be more consistent with, and provide better input on, our long-term compensation, which constitutes a significant portion of the compensation of our named executives;
- A three-year vote cycle gives the Board sufficient time to thoughtfully consider the results of the advisory vote and to implement any desired changes to our executive compensation policies and procedures; and
- A three-year cycle will provide shareholders sufficient time to evaluate the effectiveness of our short- and long-term compensation strategies and the related business outcomes of the Company.

Accordingly, the following resolution is submitted for shareholder vote at the 2011 Annual Meeting:

“RESOLVED, that the highest number of votes cast by the shareholders of Baltic Trading Limited for the option set forth below shall be the preferred frequency with which the Company is to hold an advisory vote on the approval of the compensation of its named executives included in the proxy statement:

- yearly or
- every two years or
- every three years”

The option of one year, two years or three years that receives the highest number of votes cast by shareholders will be the frequency for the advisory vote on executive compensation that has been selected by shareholders. However, as this is an advisory vote, the result will not be binding on our Board or the Company. Our Compensation Committee will consider the outcome of the vote when determining how often the Company should submit to shareholders an advisory vote to approve the compensation of its named executives included in the Company’s proxy statement. Proxies submitted without direction pursuant to this solicitation will be voted for the option of “EVERY THREE YEARS”.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE OPTION OF “EVERY THREE YEARS” AS THE FREQUENCY WITH WHICH SHAREHOLDERS ARE PROVIDED AN ADVISORY VOTE ON THE COMPENSATION OF ITS NAMED EXECUTIVES INCLUDED IN THE COMPANY’S PROXY STATEMENT.

SHAREHOLDER PROPOSALS

Shareholder proposals to be presented at the 2012 Annual Meeting of Shareholders must be received by Baltic Trading at its offices in New York, New York, addressed to the Secretary, not later than November 26, 2011, if the proposal is submitted for inclusion in Baltic Trading's proxy materials for that meeting pursuant to Rule 14a-8 under the Securities Act of 1934, or not earlier than November 15, 2011 and not later than December 15, 2011 if the proposal is submitted pursuant to Baltic Trading's By-Laws. Such proposals must comply with Baltic Trading's By-Laws and the requirements of Regulation 14A of the 1934 Act.

In addition, Rule 14a-4 of the 1934 Act governs Baltic Trading's use of its discretionary proxy voting authority with respect to a shareholder proposal that is not addressed in the proxy statement. With respect to Baltic Trading's 2012 Annual Meeting of Shareholders, if Baltic Trading is not provided notice of a shareholder proposal on or after November 15, 2011, but not later than December 15, 2011, Baltic Trading will be allowed to use its discretionary voting authority when the proposal is raised at the meeting, without any discussion of the matter in the proxy statement.

Based solely on a review of copies of such reports furnished to Baltic Trading, and written representations that no reports were required, Baltic Trading believes that during the fiscal year ended December 31, 2010 its executive officers, directors, and 10% holders complied with the Section 16(a) requirements.

ANNUAL REPORT ON FORM 10-K

Baltic Trading will provide without charge a copy of its Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 10, 2011 (without the exhibits attached thereto) to any person who was a holder of Baltic Trading common stock on the Record Date. Wobensmith, President, Chief Financial Officer, Principal Accounting Officer, Secretary and Treasurer of Baltic Trading, at 299 Park Avenue (20th Floor), New York, New York 10171.

During fiscal years 2009 and 2010, the Company did not make any contributions, to any charitable organization in which an independent director served as an executive officer, which exceeded the greater of \$1 million or 2% of the charitable organization's consolidated gross revenues.

OTHER MATTERS

At the date of this proxy statement, management was not aware that any matters not referred to in this proxy statement would be presented for action at the Annual Meeting. If any other matters should come before the Annual Meeting, the persons named in the accompanying proxy will have discretionary authority to vote all proxies in accordance with their best judgment, unless otherwise restricted by law.
