PROXY STATEMENT

GENERAL INFORMATION

This proxy statement is furnished to the stockholders of Chromcraft Revington, Inc. (the "Company") in connection with the solicitation by the Board of Directors of the Company of proxies to be voted at the annual meeting of stockholders of the Company to be held on Thursday, May 1, 2003 at 9:00 a.m., local time, at the Canterbury Hotel, 123 South Illinois Street, Indianapolis, Indiana, and at any and all adjournments or postponements of the meeting. This proxy statement and accompanying form of proxy were first mailed to stockholders of the Company on or about April 1, 2003.

The cost of soliciting proxies will be borne by the Company. In addition to use of the mail, proxies may be solicited personally or by telephone by directors, officers and certain employees of the Company who will not be specially compensated for such solicitation. The Company also will request brokerage firms, nominees, custodians and fiduciaries to forward the proxy solicitation materials relating to the annual meeting to the beneficial owners of common stock and will reimburse such institutions for the cost of forwarding the materials.

Any stockholder giving a proxy has the right to revoke it at any time before the proxy is exercised. Revocation may be made by written notice delivered to the Secretary of the Company, by executing and delivering to the Company a proxy bearing a later date or by attending and voting in person at the annual meeting.

The shares represented by proxies received by the Company will be voted as instructed by the stockholders giving the proxies. In the absence of specific instructions, proxies will be voted as follows:

- o FOR the approval of each of the amendments to the Company's Certificate of Incorporation, as set forth in the Amended and Restated Certificate of Incorporation included as Appendix A to this proxy statement, and as described herein;
- o FOR the election as directors of the six persons named as nominees in this proxy statement, as described herein; and
- o FOR the approval of the ratification of KPMG LLP as the independent auditors for the Company for the fiscal year ending December 31, 2003.

If for any reason any director nominee becomes unable or unwilling to serve, the persons named as proxies in the accompanying form of proxy will have authority to vote for a substitute nominee. The accompanying form of proxy gives discretionary authority to the persons named as proxies therein to vote in accordance with their best judgment on any other matters that may properly come before the annual meeting.

The principal executive office of the Company is located at 1100 North Washington Street, Delphi, Indiana 46923.

VOTING SECURITIES

The Company has one class of capital stock outstanding consisting of common stock. The close of business on March 3, 2003 has been fixed as the record date (the "Record Date") for determining stockholders of the Company entitled to notice of and to vote at the annual meeting and any adjournments or postponements thereof. On the Record Date, the Company had 6,038,590 shares of common stock outstanding and entitled to vote. There are no other outstanding securities of the Company entitled to vote.

Each share of common stock of the Company is entitled to one vote, exercisable in person or by proxy. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock is necessary to constitute a quorum at the annual meeting. Shares voting, abstaining or withholding authority to vote on any matter at the annual meeting will be counted as present for purposes of determining a quorum. In counting the votes with respect to the approval of the amendments to the Certificate of Incorporation, the ratification of the appointment of KPMG LLP as the independent auditors for the Company and any other matters that may properly come before the meeting, abstentions will have the same effect as votes against the matter. Instructions on the accompanying proxy card to withhold authority to vote for one or more of the director nominees will result in those nominees receiving fewer votes. Shares that are the subject of a broker non-vote will be deemed to be not voted.

Assuming a quorum is present at the annual meeting, the proposed amendments to the Certificate of Incorporation will be approved upon the affirmative vote of the holders of at least a majority of the outstanding shares of common stock. The election of directors will be determined by a plurality of the votes cast at the annual meeting. The ratification of the appointment of KPMG LLP and any other matters that may properly come before the meeting must be approved by the affirmative vote of the holders of at least a majority of the shares present in person or by proxy at the annual meeting.

ITEM 1 - APPROVAL OF THE AMENDMENTS TO THE CERTIFICATE OF INCORPORATION

The first item to be acted upon at the annual meeting of stockholders will be the approval of the proposed amendments to the Company's Certificate of Incorporation, as set forth in the Amended and Restated Certificate of Incorporation which is attached to this Proxy Statement as Appendix A. The Amended and Restated Certificate of Incorporation contains several amendments to the Company's present Certificate of Incorporation, each of which amendments is described below. The following discussion is qualified in its entirety by reference to the complete Amended and Restated Certificate of Incorporation (and the proposed amendments contained therein) attached to this proxy statement as Appendix A.

The amendments are being proposed based upon a general review by the Board of Directors of the Company's Certificate of Incorporation and based upon the fact that the Company no longer has a stockholder which owns a majority of the outstanding voting shares of the Company. In 2002, the Company and its Employee Stock Ownership Plan purchased all of the shares of common stock owned by an affiliate of Citigroup, Inc. At the time of the stock purchases, the Citigroup affiliate owned approximately 59% of the Company's outstanding shares of common stock.

All of the proposed amendments are permitted by the Delaware General Corporation Law, which is the law under which the Company was incorporated. The Board of Directors has unanimously approved each of the proposed amendments.

Each of the proposed amendments will be voted upon separately, as

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

indicated on the enclosed proxy card. Only those proposed amendments that are approved by the requisite vote of stockholders will be included in the Amended and Restated Certificate of Incorporation to be filed with the Delaware Secretary of State, unless the Board of Directors determines, without further action by stockholders, not to include any of the amendments so approved by stockholders in the Company's Amended and Restated Certificate of Incorporation. The Amended and Restated Certificate of Incorporation (including the amendments contained therein) will become effective, following stockholder approval, upon the filing of the Amended and Restated Certificate of Incorporation with the Delaware Secretary of State.

2

The persons named on the enclosed proxy intend to vote each proxy, if properly signed and returned, FOR the approval of each of the proposed amendments to the Company's Certificate of Incorporation, unless indicated otherwise on the stockholder's proxy.

The amendments are not being proposed in response to any specific effort of which the Company is aware to accumulate the Company's outstanding common stock or to obtain control of the Company. An overall effect of certain of the proposed amendments may be to discourage or render more difficult to accomplish certain mergers, tender offers, proxy contests or assumptions of control by a holder of a large block of the Company's common stock and the removal of directors, even if any of the foregoing may be favorable to stockholders generally.

The Board of Directors unanimously recommends voting FOR all of the amendments to the Certificate of Incorporation, each of which is described more fully as follows:

Meetings of Stockholders, Quorum and Voting. Section 2 of Article Ten of the Company's Certificate of Incorporation is proposed to be amended and replaced in its entirety to read as set forth in Section 10.2 of the attached Amended and Restated Certificate of Incorporation. Currently, the Certificate of Incorporation provides that special meetings of stockholders may be called by the Board of Directors, the President or the holders of not less than 15% of the outstanding shares entitled to be cast at the meeting. As amended, new Section 10.2 would be divided into two subsections. The principal change in the proposed amendment is that special meetings of stockholders would be able to be called by the Board of Directors, the Chairman of the Board, the President, the holders of at least 33 1/3% of the outstanding shares of common stock or, if permitted, the holders of any class or series of preferred stock.

The proposed amendment would allow the Chairman of the Board to call a special meeting of stockholders and would increase the percentage of the holders of shares entitled to call a special meeting from 15% to 33 1/3%. On March 15, 2002, the Board of Directors elected Mr. Michael E. Thomas, who was then serving as President of the Company, to the additional position of Chairman of the Board. In the event that the offices of Chairman of the Board and President are held by different persons, the Board of Directors believes it is appropriate for either the Chairman of the Board or the President to be able to call a special meeting of stockholders of the Company.

The Board of Directors also believes it is more appropriate that the percentage of holders of common stock required to call a special meeting is 33 1/3% rather than 15%. Placing the percentage at 33 1/3% would avoid the Company having to incur the significant expense and devote the substantial management time related to a special meeting called by stockholders, unless the holders of a significant number of shares of Company common stock (i.e., at least 33 1/3%) believe it is necessary to convene a special meeting. The Board of Directors

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

believes that most matters to be voted upon by stockholders can be addressed at the annual meeting of stockholders each year. Since the incorporation of the Company in 1992, no stockholder has requested that a special meeting be convened.

This higher percentage may make it more difficult for stockholders to call a special meeting, should they desire to do so, and may render it more difficult to acquire control of the Company.

The remaining portions of the amendment pertaining to quorum and voting requirements are substantially similar to the current provision in the Certificate of Incorporation. The current provision regarding confidentiality of votes at a meeting of stockholders will not be included in the Amended and Restated Certificate of Incorporation and will instead be included in the By-Laws of the Company.

Consent of stockholders in lieu of a meeting. Section 3 of Article Ten of the Company's Certificate of Incorporation is proposed to be amended and replaced in its entirety to read as set forth in Section 10.3 of the attached Amended and Restated Certificate of Incorporation. The Certificate of Incorporation currently provides that any action required or permitted to be taken by stockholders may be taken without a meeting, without prior notice and without a vote if a written consent, setting forth the action so taken, is signed by stockholders having not less than the minimum number of votes that would be necessary to take such action at a meeting. The proposed amendment would provide that any stockholder action must be taken at a meeting of stockholders and could not be taken by written consent in lieu of a meeting.

3

The current provision of the Certificate of Incorporation allowing stockholder action by written consent in lieu of a meeting may have been appropriate when the Citigroup affiliate owned in excess of a majority of the outstanding shares of the Company's common stock. With no stockholder of the Company now owning at least a majority of the outstanding shares, the proposed amendment would give all of the Company's stockholders the opportunity to participate in any stockholder action at a meeting and would preclude stockholder action from being taken without the Board of Directors being aware of the action in advance.

Eliminating this written consent procedure would prevent unexpected sudden stockholder action where not all stockholders would have the opportunity for input and a vote in the action. The proposed amendment would, however, prohibit stockholder action by written consent even if the holders of the requisite number of voting shares desired to take action which they believed to be in the Company's best interests without a meeting.

Classified board of directors with staggered terms. Section 4(a) of Article Ten of the Company's Certificate of Incorporation is proposed to be amended and replaced in its entirety to read as set forth in Section 10.4(a) of the attached Amended and Restated Certificate of Incorporation. At present, directors of the Company are not divided into classes, and the term of each director expires at the annual meeting of stockholders following his election. Stockholders do not have cumulative voting rights in the election of directors.

The proposed amendment provides that the number of directors will be fixed from time to time by the By-Laws of the Company and that the directors will be divided into three classes, as nearly equal in number as possible, with the term of office of one class expiring each year. The three classes of directors would be filled such that the directors of the first class (designated as Class I) would be elected to hold office for a term expiring at the annual

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

meeting of stockholders in 2004; the directors of the second class (designated as Class II) would be elected to hold office for a term expiring at the annual meeting of stockholders in 2005; and the directors of the third class (designated as Class III) would be elected to hold office for a term expiring at the annual meeting of stockholders in 2006. In each case, the director would serve until his successor is duly elected and qualified. Commencing with the annual meeting of stockholders in 2004 and at each annual meeting of stockholders thereafter, the directors of the class of directors whose term would then expire would be elected to serve for a three-year term and until their respective successors are duly elected and qualified. The proposed amendment also provides that no decrease in the number of directors would shorten the term of any existing director.

Because only one-third of the directors would be elected at each annual meeting of stockholders, the Board of Directors believes that the staggered terms of directors would tend to promote continuity and stability in the Company's strategies and policies. In addition, by providing for staggered terms, the Company would be assured that two-thirds of its directors would have at least one year of experience on the Board of Directors and that new directors would have an opportunity to become familiar with the business and affairs of the Company and to benefit from the experience of the other directors. This, in turn, would help assure that the Board of Directors consists of individuals with experience, and with knowledge of the Company's management, strategies and policies. The Board of Directors also believes that staggered terms for directors may enhance the Company's ability to attract and retain well-qualified individuals who are willing to commit the time and resources to understand the Company and its business, affairs and operations since they would be serving three-year terms.

The amendment would prevent a stockholder from electing all directors at a single annual meeting of stockholders and simultaneously gaining control of the Board of Directors of the Company. With the staggered terms of directors set forth in the proposed amendment, it would take at least two elections of directors at annual meetings of stockholders for any party to gain control of the Board of Directors.

An overall effect of the amendment would be to deter or render more difficult the accomplishment of certain mergers, tender offers or proxy contests involving the Company or the assumption of control of the Board of Directors at a single annual meeting of stockholders.

If the proposed amendment is approved by stockholders, the directors will be divided into three classes and will serve terms as set forth above and in Item 2 below. If the proposed amendment is not approved by stockholders, all six directors elected at the 2003 annual meeting will serve for a term expiring at the 2004 annual meeting of stockholders and until their respective successors are duly elected and qualified.

4

Vacancies and newly created directorships. Section 4(b) of Article Ten of the Company's Certificate of Incorporation is proposed to be amended and replaced in its entirety to read as set forth in Section 10.4(b) of the attached Amended and Restated Certificate of Incorporation. The Certificate of Incorporation currently states that vacancies on the Board of Directors will be filled in accordance with the By-Laws of the Company. The By-Laws provide that vacancies and newly created directorships resulting from any increase in the authorized number of directors may be filled by a majority of the directors then in office, though less than a quorum, or by a sole remaining director.

The proposed amendment would continue the present authority of a

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

majority of the directors then in office, though less than a quorum, or a sole remaining director, to fill vacancies and newly created directorships, but makes it clear that vacancies caused by removal, resignation, retirement, disqualification or death as well as any newly created directorships resulting from an increase in the number of directors may be filled by the directors. The proposed amendment also would provide that a director chosen to fill any vacancy or any newly created directorship would hold office until the next election of the class for which such director was chosen and until such director's successor is duly elected and qualified. The directors who fill the newly created directorship would have the discretion to select the class to which the new director would be assigned.

The proposed amendment, while substantially similar to the existing provision in the By-Laws, encompasses more than filling vacancies and newly created directorships resulting from an increase in the number of directors and would now include filling vacancies caused by removal, resignation, retirement, disqualification or death. Similar to the existing provisions in the Certificate of Incorporation, director vacancies and newly created directorships may be filled only by the Board of Directors, and not stockholders. Further, the amendment would place the substantive provisions regarding the filling of vacancies and newly created directorships in the Amended and Restated Certificate of Incorporation in addition to the By-Laws.

Removal of directors. Section 4 of Article Ten of the Company's Certificate of Incorporation is proposed to be amended by adding a new Section to read as set forth in Section 10.4(c) of the attached Amended and Restated Certificate of Incorporation. The Certificate of Incorporation currently does not address the removal of directors. The Company's By-Laws provide that any director or the entire Board of Directors may be removed at any time, with or without cause, by the holders of the shares representing a majority of the voting power of the Company then entitled to vote at an election of directors. The proposed new section sets forth the requirements for removal of any of the Company's directors and places director removal requirements in the Amended and Restated Certificate of Incorporation. This section provides that any or all of the directors may be removed only for cause by the affirmative vote of not less than two-thirds of the outstanding shares of common stock of the Company then entitled to vote at an election of directors. "Cause" is not defined by the Delaware General Corporation Law.

When a corporation divides its directors into classes having staggered terms (as proposed by the amendment to Section 4(a) of Article Ten of the Certificate of Incorporation discussed above), a higher standard for removal of directors is frequently added in order to achieve the intended effects of the classified board. One effect of a classified board is to prevent a party from gaining control of all or a majority of the directors at one time at a single annual meeting of stockholders.

Limiting the right of stockholders to remove directors only for cause, and then only by the vote of the holders of not less than two-thirds of the outstanding shares of common stock, furthers this effect because control of the Company's Board of Directors cannot be gained unless, with respect to at least a majority of the directors, there exist circumstances that constitute "cause" for removal and stockholders holding not less than two-thirds of the outstanding shares of common stock vote for such removal. If a higher removal standard were not imposed, stockholders holding a majority of the outstanding shares of common stock could remove all of the directors without cause, elect new directors and thereby obtain control of the Board of Directors.

A disadvantage of the higher removal standard is that it may be more difficult for stockholders to remove directors, should they deem it to be in the best interests of the Company to do so, because more than a simple majority of the holders of outstanding shares of common stock must vote for removal, and

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

circumstances constituting "cause" must exist. The proposed amendment also may render it more difficult, and may discourage an attempt, to acquire control of the Company. Additionally, the proposed amendment would make it impossible for stockholders who own a majority (but less than two-thirds) of the outstanding shares of common stock to remove

5

directors immediately and would instead require such stockholders to replace directors at an annual meeting of stockholders as their respective terms expire over a period of up to three years. Further, the proposed amendment may have the effect of delaying an ultimate change in existing management that might be desired by the holders of a majority (but less than two-thirds) of the outstanding shares.

The Chromcraft Revington Employee Stock Ownership Plan Trust presently owns approximately one-third of the outstanding shares of common stock of the Company and, as such, would have the ability to vote against, and thus prevent, the removal of any director, even if cause for removal exists. When voting the shares of Company common stock held by the Trust, the trustee of the Trust will consider the directions of the participants of the Chromcraft Revington Employee Stock Ownership Plan (the "ESOP") as to the allocated shares and the directions of the ESOP Benefits Committee as to the unallocated shares. The Company's Board of Directors has the power to appoint and remove all members of the ESOP Benefits Committee. Accordingly, the Board of Directors and the employees of the Company's subsidiaries control the voting of the shares of common stock held by the Trust, subject to the fiduciary duties of the trustee of the Trust, and will have substantial influence over the removal of any directors.

Holders of preferred stock. Section 4 of Article Ten of the Company's Certificate of Incorporation is proposed to be amended by adding a new Section to read as set forth in Section 10.4(d) of the attached Amended and Restated Certificate of Incorporation. This new section would provide that, whenever the holders of any class or series of preferred stock of the Company have the right, voting separately by class or series, to elect any director(s), then the election, term of office, filling of vacancies, removal and other features of such directorship(s) would be governed by applicable law, by the Amended and Restated Certificate of Incorporation, by the By-Laws and by the resolutions of the Board of Directors creating such class or series, to the extent applicable. This section also states that such directors would not be divided into classes unless expressly provided in any resolutions of the Board of Directors.

Although the Amended and Restated Certificate of Incorporation authorizes the issuance of preferred stock, no shares of preferred stock are presently outstanding. If, however, the Company were to issue any shares of preferred stock granting to the holders thereof, voting separately as a class, the right to elect any director(s), then the election, term of office, filling of vacancies, removal and other features of that directorship may be different from what is in effect for directors elected by the holders of common stock.

Statutory business combinations with interested stockholders. Section 1 of Article Ten of the Company's Certificate of Incorporation is proposed to be amended and replaced in its entirety to read as set forth in Section 10.1 of the attached Amended and Restated Certificate of Incorporation. The current Certificate of Incorporation states that Section 203 of the Delaware General Corporation Law will not apply to the Company. The proposed amendment would provide that Section 203 of the Delaware General Corporation Law will apply to the Company.

Section 203 generally prohibits a Delaware corporation from engaging in certain statutorily-defined business combinations with an "interested

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

stockholder" (one who owns 15% or more of a corporation's outstanding voting stock) for a period of three years following the date that the stockholder became an interested stockholder, unless:

(i) Prior to such date, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

(ii) Upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced; or

(iii) On or subsequent to such date, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of the holders of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

6

These prohibitions will not apply, however, to any business combination between a Delaware corporation and a party who became an interested stockholder prior to the time that Section 203 becomes applicable to the corporation. Accordingly, the Company's Employee Stock Ownership Plan Trust, T. Rowe Price Associates, Inc. and FMR Corp. will not be deemed to be interested stockholders under Section 203 of the Delaware General Corporation Law.

The Board of Directors of the Company believes it is in the best interests of all stockholders to take advantage of this statutory anti-takeover provision of Delaware law. The proposed amendment would tend to discourage certain tender offers, mergers and other business combinations and would encourage parties seeking to complete certain business combinations with the Company to enter into negotiations with the Board of Directors. A disadvantage of the amendment is that it may tend to discourage or render it more difficult for parties to acquire control of the Company through certain business combinations, even if such a transaction might be favorable to stockholders.

Certain business combinations. The Company's Certificate of Incorporation is proposed to be amended by adding a new Article Twelve to read as set forth in the attached Amended and Restated Certificate of Incorporation. This new Article would provide that if at least two-thirds of the Board of Directors approves certain business combinations, then only a majority of the outstanding shares of common stock would be required to approve the transaction. If, however, less than two-thirds of the directors were to approve the business combination, then the holders of at least two-thirds of the outstanding shares of common stock must approve the transaction. Article Twelve defines business combinations generally as any merger, consolidation or similar transaction; share exchange; sale, lease or other disposition of all or substantially all of the assets of the Company; or voluntary dissolution or liquidation of the Company.

This proposed amendment would provide for a lower stockholder vote requirement for those business combinations that receive approval by at least two-thirds of the directors, whereas those business combinations that receive approval from fewer directors (but at least a majority) would require a higher stockholder vote requirement.

The amendment encourages parties seeking to complete a business combination with the Company to enter into negotiations with the full Board of Directors.

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

The proposed amendment may tend to discourage or render it more difficult for a person to acquire control of the Company through a business combination, even if such a transaction might be favorable to stockholders. This amendment also may tend to perpetuate the Board of Directors in that, if a certain number of directors do not approve a business combination, it may make it more difficult to obtain the higher stockholder vote requirement and complete the transaction. In addition, the amendment may give directors of the Company veto power over business combinations desired by, or potentially beneficial to, a majority of the Company's stockholders. Further, holders of a minority (but more than one-third) of the total outstanding shares of common stock of the Company would be able to veto a business combination that the Board of Directors or a majority of the stockholders may believe is desirable.

The Chromcraft Revington Employee Stock Ownership Plan Trust presently owns approximately one-third of the outstanding shares of common stock of the Company and, as such, would have the ability to vote against, and thus defeat approval of, certain business combinations. When voting the shares of Company common stock held by the Trust, the trustee of the Trust will consider the directions of the participants of the ESOP as to the allocated shares and the directions of the ESOP Benefits Committee as to the unallocated shares. The Company's Board of Directors has the power to appoint and remove all members of the ESOP Benefits Committee. Accordingly, the Board of Directors and the employees of the Company's subsidiaries control the voting of the shares of common stock held by the Trust, subject to the fiduciary duties of the trustee of the Trust, and will have substantial influence over the approval of certain business combinations involving the Company.

As of the Record Date, the executive officers of the Company beneficially owned approximately 8.9%, and the non-employee directors beneficially owned approximately 1.0%, of the outstanding shares of common stock of the Company. See "STOCK OWNERSHIP INFORMATION -- Stock Ownership of Directors and Executive Officers." As of the Record Date, certain principal stockholders of the Company beneficially owned approximately 83% of the outstanding shares of common stock of the Company. See "STOCK OWNERSHIP INFORMATION -- Owners of More than Five Percent of Company Common Stock."

7

Certain amendments to certificate of incorporation and by-laws. The Company's Certificate of Incorporation is proposed to be amended by adding a new Article Thirteen to read as set forth in the attached Amended and Restated Certificate of Incorporation. This new Article would provide that the affirmative vote of the holders of not less than two-thirds of the outstanding shares of common stock, voting together as a single class, is required to alter, amend or repeal the sections or articles of the Amended and Restated Certificate of Incorporation being considered by stockholders at this annual meeting (i.e., Sections 10.1, 10.2, 10.3 and 10.4 of Article Ten; Article Twelve; and Article Thirteen itself), or any other provision of the Amended and Restated Certificate of Incorporation or the By-Laws in contravention of such sections and articles.

Delaware law allows the holders of a majority of the outstanding shares of common stock to approve any amendment to the Certificate of Incorporation of the Company. The proposed new section increases the stockholder approval requirement for such amendments and may render it more difficult for stockholders to amend certain provisions of the Amended and Restated Certificate of Incorporation of the Company.

Existing anti-takeover measures. The Company's existing Certificate of Incorporation authorizes the issuance of up to 100,000 shares of preferred stock and up to 20,000,000 shares of common stock. As of the Record Date, the Company

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

had no shares of preferred stock outstanding and 6,038,590 shares of common stock outstanding. The Board of Directors is permitted to authorize the Company's issuance of shares of preferred stock and additional shares of common stock, up to the maximum amount authorized by the Certificate of Incorporation, without further stockholder action. The shares of preferred stock could be issued on such terms and with such relative rights and preferences as the Board of Directors may determine, subject to any limitations set forth in the Amended and Restated Certificate of Incorporation. The authorized but unissued shares of preferred or common stock could be issued in acquisition transactions, in connection with stock option plans and for other corporate purposes. The Company has no present plans to issue shares of its preferred or common stock other than common stock in connection with its stock option plans previously approved by stockholders.

The holders of common stock have no preemptive rights to acquire additional shares of common stock or other securities which might, from time to time, be issued by the Company. The lack of such rights could cause a reduction in the ownership percentage or voting power of a stockholder in the event of a subsequent issuance of preferred or common stock.

ITEM 2 - ELECTION OF DIRECTORS

The second item to be acted upon at the annual meeting of stockholders will be the election of six directors to be divided into the classes and for the terms of office indicated below. Assuming the proposed amendment to the Certificate of Incorporation relating to dividing the directors into classes with staggered terms is approved, those nominees designated as Class I directors will be elected to serve for a term expiring at the annual meeting of stockholders in 2004; those nominees designated as Class II directors will be elected to serve for a term expiring at the annual meeting of stockholders in 2005; and those nominees designated as Class III directors will be elected to serve for a term expiring at the annual meeting of stockholders in 2006. In each case, the director will serve until his successor is duly elected and qualified. Commencing with the annual meeting of stockholders in 2004 and at each annual meeting of stockholders thereafter, the directors of the class whose term will then expire will be elected for a three-year term and until their respective successors are duly elected and qualified.

If the amendment to the Certificate of Incorporation relating to the classified board of directors is not approved, then each director elected at the 2003 annual meeting of stockholders will be elected to hold office until the 2004 annual meeting and until his or her successor is duly elected and qualified.

The Company expects each nominee for election as a director named in this proxy statement to be able to serve if elected. If any nominee is not able to serve, proxies will be voted in favor of the remainder of those nominated and may be voted for substitute nominees, unless the Board of Directors chooses to reduce the number of directors serving on the Board. The persons named on the enclosed proxy intend to vote each proxy, if properly signed and returned, FOR the election of each of the six director nominees identified in this proxy statement to the classes and for the terms indicated below, unless indicated on the proxy that the stockholder's vote should be withheld from any or all of the nominees.

Michael E. Thomas. Effective as of March 31, 1992, the Company established a supplemental executive retirement plan for the purpose of providing supplemental retirement benefits to Mr. Thomas upon his retirement from the Company (the "Thomas SERP"). The Thomas SERP is designed to provide Mr. Thomas with retirement income of approximately 60% of his projected average salary, bonus and pre-tax deferrals of his final three years of employment with the Company prior to his retirement at age 65. The Thomas SERP is reduced by the amount of benefits payable under various other plans. The Thomas SERP is implemented pursuant to a whole life insurance policy which provides that the Company will pay up to 15 annual premium payments; provided, however, such premium payments will cease upon the termination of Mr. Thomas' employment. Based upon Mr. Thomas' actual salary and bonuses paid during the last three fiscal years, but not including any applicable reductions, the annual benefit payable under the Thomas SERP to Mr. Thomas upon retirement at age 65 is \$320,000.

The Company may terminate the employment of Mr. Thomas with or without cause (as defined in the employment agreement) or in the event of the disability of Mr. Thomas. If the Company terminates Mr. Thomas with cause, then he is entitled to receive his monthly base salary for a three-month period following his termination. If the Company terminates the employment of Mr. Thomas without cause, then the Company will be required to pay him an amount equal to twice the sum of his then-current annual base salary and the higher bonus paid to him in the two bonus years prior to termination. In the event of termination due to disability, Mr. Thomas will continue to receive his then-current annual base salary, less any payments equivalent to those provided by the Company's benefit plans and by any government sponsored program, for a 24-month period following the termination.

If Mr. Thomas terminates his employment following a change in control of the Company (as defined in the employment agreement) and a reduction in his duties, diminution in his salary or benefits or relocation, the Company will be required to pay him, as severance pay, a lump sum amount equal to twice the sum of his then-current annual base salary and the higher bonus paid to him in the two bonus years prior to the change in control.

Frank T. Kane. The Company also has entered into an employment agreement with Frank T. Kane which provides, among other items, for the employment by the Company of Mr. Kane through March 15, 2004 as the Company's Vice President-Finance, Chief Financial Officer, Secretary and Treasurer. The employment agreement provides for automatic extensions for successive one-year periods upon expiration of the initial term, or any renewal term, unless the Company or Mr. Kane gives notice of termination at least 180 days before the termination date. The Company may terminate the employment of Mr. Kane with or without cause (as defined in the employment agreement) or in the event of the disability of Mr. Kane. Mr. Kane may terminate his employment with or without good reason (as defined in the employment agreement). If the Company terminates Mr. Kane's employment with cause or if Mr. Kane terminates his employment without good reason, then the Company is required to pay him, in a lump sum, his monthly base salary for a three-month period following his termination. If the Company terminates Mr. Kane's employment without cause or if Mr. Kane terminates his employment with good reason, then the Company is required to pay him in 24 equal monthly installments an amount equal to twice the sum of his then-current annual base salary and the higher cash bonus under the Short Term Plan (up to the target award rate) paid to

him in the two fiscal years preceding termination. In the event of termination due to disability, Mr. Kane will receive his then-current annual base salary earned through the date of termination.

If Mr. Kane terminates his employment following a change in control of the Company (as defined in the employment agreement) and a reduction in his duties, diminution in his salary or benefits or relocation, the Company will be required to pay him, as severance pay, a lump sum amount equal to twice the sum of his then-current annual base salary and the higher cash bonus under the Short Term Plan (up to the target award rate) paid to him in the two fiscal years preceding termination.

Under his employment agreement, Mr. Kane receives a base salary of not less than \$205,000 during each year that the employment agreement is in effect and will be entitled to participate in the incentive compensation plans and programs generally available to executives of the Company.

Under his employment agreement, Mr. Kane may not compete against the Company during his employment by the Company and during the two-year period following termination of his employment. However, if the Company elects not to extend the term of Mr. Kane's employment agreement, then Mr. Kane may not compete against the Company for a one-year period following termination of his employment.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is comprised entirely of outside directors and is responsible for developing and making recommendations to the Board with respect to the Company's executive

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

compensation philosophy and policies. The Compensation Committee determines on an annual basis the compensation to be paid to the executive officers of the Company and administers the Company's 1992 Stock Option Plan for key employees, the Company's Directors' Stock Option Plan, the Short Term Plan and the Long Term Plan. The following report of the Compensation Committee discusses the Committee's objectives in determining executive compensation.

The overall objective of the Compensation Committee is to help assure that executive compensation bears a reasonable relationship to corporate performance, business strategy and increases in stockholder value. The Compensation Committee uses its discretion to set executive compensation at levels warranted in its judgment by external and internal factors and individual performance. The following objectives currently serve as guidelines for compensation recommendations and decisions of the Compensation Committee:

- o Reward executives through appropriate incentive compensation and ownership in the Company for achievement of short term and long term business goals and strategy.
- o Align executive officer compensation with the success of the Company such that compensation is based, in part, upon performance in order to create a performance-oriented environment that rewards performance.
- o Provide a total comprehensive executive compensation package that enables the Company to attract and retain appropriate executives.
- o Integrate compensation programs with both annual and long term business objectives.

Regularly, the Compensation Committee reviews comparable company information in order to establish the general guidelines for executive officer compensation. In addition, the Compensation Committee has retained an independent compensation consultant to review the competitiveness of the executive compensation program in relation to other comparable companies, including those in the peer group set forth in the "Stock Performance Graph."

The principal elements of the compensation program for executive officers, including Mr. Thomas, the Chief Executive Officer of the Company, are summarized below.

18

Base Salary

Base salary levels are set to reflect competitive market conditions. The Compensation Committee, in determining the 2002 base salary increases for Mr. Thomas and the other executives, considered many factors, including the executive's responsibilities, duties, performance and experience. Accordingly, Mr. Thomas received a 20% salary increase for 2002. While the Compensation Committee reviewed all of these factors in determining Mr. Thomas' salary, no specific weights were placed on any of these factors, and the salary increase process was not tied to specific performance goals.

Short Term Plan

The Company maintains the Short Term Plan to focus the efforts of its executive officers on continued improvement in the profitability of the Company. Each year, the Compensation Committee may set award rates, performance factors (including the relative weight allocated to each factor) and performance

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

standards that must be satisfied for an award to be made under the Short Term Plan. Awards under the Short Term Plan are payable in cash. For 2002, performance factors for Mr. Thomas were based on (i) cash flow, (ii) sales, and (iii) reduction of bank debt.

Mr. Thomas was awarded a cash bonus of \$456,435 for 2002 under the Short Term Plan. The Short Term Plan award represented 117.8% of Mr. Thomas' 2002 base salary.

Long Term Plan

The Company maintains the Long Term Plan to focus the efforts of its executive officers on continued long term improvement in the financial performance of the Company. Each year, the Compensation Committee may set award rates, performance factors (including the relative weight allocated to each factor) and performance standards that must be satisfied for an award to be made under the Long Term Plan. For 2002, performance factors for Mr. Thomas were based on (i) cash flow, (ii) sales, (iii) reduction of bank debt, and (iv) the Company's return on equity compared to the average return on equity for the Company's peer group. Awards under the Long Term Plan for the performance period ended December 31, 2002 were paid 50% in a single lump sum cash amount and 50% in options to acquire shares of the Company's common stock and were based upon the financial performance of the Company for the year ended December 31, 2002. Awards under the Long Term Plan for the three-year performance periods ended December 31, 2001 and 2000 were paid in cash. Stock options awarded under the Long Term Plan are subject to the provisions of the 1992 Stock Option Plan and will be valued using the Black-Scholes option pricing method.

In February, 2003, Mr. Thomas earned a 2002 Long Term Plan award of \$471,254, with 50% of the award paid in a cash sum of \$235,627 and 50% paid in the form of a stock option grant of 46,567 shares valued at \$235,627 under the Black-Scholes option pricing method. The Long Term Plan award represented 121.6% of Mr. Thomas' 2002 base salary.

CERTAIN RIGHTS OF THE CORPORATION'S STOCKHOLDERS

Section 10.1. Section 203 Applicable. Section 203 of the General Corporation Law of the State of Delaware shall apply to the Corporation.

Section 10.2. Meetings of Stockholders; Quorum; Voting.

(a) Special Meetings of Stockholders. Special meetings of stockholders of the Corporation may be called by the Board of Directors, by the Chairman of the Board, by the President, by the holders of at least one-third of the outstanding shares of Common Stock of the Corporation or, if permitted, by the holders of any class or series of Preferred Stock.

(b) Quorum and Voting at Annual and Special Meetings of Stockholders. At any meeting of stockholders, a majority of the outstanding shares of capital stock of the Corporation entitled to vote on the matter presented at such meeting, present in person or represented by proxy, shall constitute a quorum. When a quorum of stockholders exists at any meeting of stockholders, then in all matters other than the election of directors, the affirmative vote of a majority of the shares present in person or represented by proxy at such meeting and entitled to vote on the matter presented at such meeting shall be the act of the stockholders, except as provided otherwise by applicable law or this Certificate of Incorporation. Directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy and entitled to vote in the election of directors at a meeting of stockholders at which directors

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

Section 10.3. Consent of Stockholders in Lieu of a Meeting. Section 10.4. Board of Directors.

(a) Number; Term of Office. The number of directors of the Corporation shall be fixed from time to time by the By-Laws of the Corporation and may be increased or decreased as provided therein; provided, however, that no decrease in the number of directors shall shorten the term of any existing director. The Board of Directors of the Corporation shall be divided into three classes, as nearly equal in number as possible, with the term of office of one class expiring each year. The three classes of directors shall be filled such that the directors of the first class (designated as Class I) shall be elected to hold office for a term expiring at the annual meeting of stockholders in 2004, the directors of the second class (designated as Class II) shall be elected to hold office for a term expiring at the annual meeting of stockholders in 2005, and the directors of the third class (designated as Class III) shall be elected to hold office for a term expiring at the annual meeting of stockholders in 2006; and in each case, the directors shall serve until their respective successors are duly elected and qualified. Commencing with the annual meeting of stockholders in 2004 and at each annual meeting of stockholders thereafter, the directors of the class whose term shall then expire shall be elected for a three-year term and until their respective successors are duly elected and qualified.

(b) Vacancies and Newly Created Directorships. Any vacancies occurring on the Board of Directors, whether caused by removal, resignation, retirement, disqualification or death, and any newly created directorships resulting from an increase in the number of directors, may be filled by the affirmative vote of not less than a majority of the directors then in office, though less than a quorum, or by a sole remaining director. A director chosen to fill any such vacancy or any such newly created directorship shall hold office until the next election of the class for which such director was chosen and until such director's successor is duly elected and qualified. The directors who fill any newly created directorship shall have the discretion to select the class to which the new director shall be assigned.
