Description of the 2002 Plan

General Nature and Purposes of the 2002 Plan. The principal purposes of the 2002 Plan are to provide incentives for certain employees of the Company and its subsidiaries through granting of options (2002 Plan Awards), thereby stimulating their personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ. The 2002 Plan was approved by the Board on November 11, 2002, and is not required to be, and has not been, approved by the Company's stockholders.

A brief description of the principal features of the 2002 Plan follows, but the description is qualified in its entirety by reference to the 2002 Plan itself.

Administration of the Plan. The 2002 Plan is administered by the Compensation Committee of the Company's Board of Directors (or another committee or a subcommittee of the Board assuming the functions of the Compensation Committee under the 2002 Plan) (the Committee). The Committee consists of at least two members of the Board of Directors, each of whom is a non-employee director for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act, and such rule, Rule 16b-3), and an outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Subject to the terms and conditions of the 2002 Plan, the Committee has the authority to select the persons to whom 2002 Plan Awards are to be made, to determine the number of shares to be subject thereto and the terms and conditions thereof, and to make all other determinations and to take all other actions necessary or advisable for the administration of the 2002 Plan. The Committee is also authorized to adopt, amend, interpret and revoke rules relating to the administration of the 2002 Plan.

Securities Subject to the 2002 Plan. The aggregate number of shares of Common Stock which may be issued upon exercise of options granted under the 2002 Plan will not exceed 200,000.

The shares available under the 2002 Plan upon exercise of stock options may be either previously unissued shares or treasury shares. The Committee has the discretion to make appropriate adjustments in the number of securities subject to the 2002 Plan and to outstanding 2002 Plan Awards thereunder to reflect

dividends or other distributions; a recapitalization, reclassification, stock split, reverse stock split, or reorganization, merger or consolidation of the Company; the split-up, spin-off, combination, repurchase, liquidation or dissolution of the Company; or disposition of all or substantially all of the assets of the Company or exchange of Common Stock or other securities of the Company; or other similar corporate transaction or event (an extraordinary corporate event).

If any portion of an Award terminates or lapses unexercised, or is canceled upon grant of a new Award (which may be at a higher or lower exercise price than the Award so canceled), the shares which were subject to the unexercised portion of such 2002 Plan Award, will continue to be available for issuance under the 2002 Plan.

Term of the 2002 Plan and Amendments. The 2002 Plan will expire on November 10, 2012, unless earlier terminated. The 2002 Plan can be amended, modified, suspended or terminated by the Committee or the Board of Directors. Amendments of the 2002 Plan will not, without the consent of the participant, affect such person's rights under a 2002 Plan Award previously awarded, unless the 2002 Plan Award agreement governing such 2002 Plan Award itself otherwise expressly so provides.

Eligibility. 2002 Plan Awards may be granted only to newly hired employees of the Company (including employees who will become officers or directors of the Company) who have not previously been employed by the Company.

Payment for Shares. The exercise price for all 2002 Plan Awards, together with any applicable tax required to be withheld, must be paid in full in cash at the time of exercise or the Committee may, in its sole and absolute discretion (i) allow a delay in payment up to 30 days from the date the option is exercised, (ii) allow payment, in whole or in part, through the delivery of shares of Common Stock which have been held by the holder for at least six months, (iii) allow payment, in whole or in part, through the surrender of shares of Common Stock then issuable upon exercise of the option having a fair market value on the date of option exercise equal to the aggregate exercise price of the option or exercised portion thereof, (iv) allow payment, in whole or in part, through the delivery of a notice that the holder has placed a market sell order with respect to shares of Common Stock then issuable upon exercise of the option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the option exercise price; provided, that the payment of such proceeds is then made to the Company upon settlement of such sale, and (v) allow payment through any combination of the consideration provided in the foregoing subparagraphs (ii), (iii) and (iv).

Awards under the 2002 Plan. The 2002 Plan provides that the Committee may grant or issue non-qualified stock options (NQSOs). NQSOs will provide for the right to purchase Common Stock at the fair market value on the date of grant and usually will become exercisable (in the discretion of the Committee) in one or more installments after the grant date, subject to the participant's continued provision of services to the Company. NQSOs may be granted for any term specified by the Committee; provided that such term may not exceed 10 years.

Agreements; Consideration to the Company. Each 2002 Plan Award will be set forth in a separate agreement with the person receiving the 2002 Plan Award and will indicate the terms and conditions of the 2002 Plan Award. The dates on which 2002 Plan Awards under the 2002 Plan first become exercisable and on which they expire will be set forth in individual 2002 Plan Award agreements setting forth the terms of the 2002 Plan Awards. Such agreements generally will provide that 2002 Plan Awards expire upon termination of the participant's status as an employee, although the Committee may provide that Awards granted to employees continue to be exercisable following a termination without cause, or following a change in control of the Company (as defined in the 2002 Plan), or because of the grantee's retirement, death, disability or otherwise.

General Terms of 2002 Plan Awards under the 2002 Plan

Non-Assignability. No 2002 Plan Awards granted under the 2002 Plan may be assigned or transferred by the grantee, except by will, the laws of descent and distribution or pursuant to a qualified domestic relations

order, although the shares underlying such 2002 Plan Awards may be transferred if all applicable restrictions have lapsed. During the lifetime of the holder of any 2002 Plan Award, the 2002 Plan Award may be exercised only by the holder. Notwithstanding the foregoing, the Committee may grant NQSOs that may be assigned or transferred, subject to certain conditions, to permitted transferees, which include a child, grandchild, parent, spouse, niece or nephew of the holder.

Extraordinary Corporate Events. The Committee has discretion under the 2002 Plan to provide that 2002 Plan Awards will expire at specified times following, or become exercisable in full upon, the occurrence of certain specified extraordinary corporate events ; but in such event the Committee may also give optionees the right to exercise their outstanding NQSOs in full during some period prior to such event, even though the NQSOs have not yet become fully exercisable.

Effect of Change in Control. Notwithstanding anything in the 2002 Plan or the provisions of any 2002 Plan Award to the contrary, in the event of a Change in Control (as defined in the 2002 Plan), each outstanding 2002 Plan Award shall, immediately prior to the effective date of the Change in Control, automatically become fully vested or exercisable, as applicable, for all of the shares of Common Stock at the time subject to such 2002 Plan Award and, as applicable, may be exercised for any or all of the shares of Common Stock subject to the 2002 Plan Award.

For purposes of the 2002 Plan, Change in Control means a change in ownership or control of the Company effected through either of the following transactions: (a) any person or related group of persons (other than the Company or a person that, prior to such transaction, directly or indirectly controls, is controlled by, or is under common control with, the Company) directly or indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Company s outstanding securities pursuant to a tender or exchange offer for securities of the Company; (b) there is a change in the composition of the Board over a period of thirty-six (36) consecutive months (or less) such that a majority of the Board members (rounded up to the nearest whole number) ceases, by reason of one or more proxy contests for the election of Board members, to be comprised of individuals who either (i) have been Board members continuously since the beginning of such period or (ii) have been elected or nominated for election as Board members during such period by at least a majority of the Board members described in clause (i) who were still in office at the time such election or nomination was approved by the Board; (c) a merger or consolidation of the Company with any other corporation (or other entity), other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or another entity) more than 66 2/3% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; *provided, however,* that a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no person acquires more than 25% of the combined voting power of the Company s then outstanding voting securities shall not constitute a Change in Control; or (d) a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company s assets.

Transfer Restrictions. The Committee, in its discretion, may impose such restrictions on the transferability of the shares purchasable upon the exercise of a NQSO as it deems appropriate. Any such other restriction shall be set forth in the respective 2002 Plan Award agreement and may be referred to on the certificates evidencing such shares.

Withholding Tax Obligations. As a condition to the issuance or delivery of stock pursuant to the exercise of a 2002 Plan Award granted under the 2002 Plan, the Company requires participants to discharge applicable withholding tax obligations. Shares held by or to be issued to a participant may also be used to discharge tax withholding obligations related to exercise of 2002 Plan Awards, subject to the discretion of the Committee to disapprove such use.

Securities Law. The 2002 Plan is intended to conform to the extent necessary with all provisions of the Securities Act of 1933, as amended (the Securities Act), and the Exchange Act, and any and all regulations and rules promulgated by the Commission thereunder, including without limitation Rule 16b-3. The 2002

Table of Contents

Plan will be administered, and options will be granted and may be exercised, only in such a manner as to conform to such laws, rules and regulations. To the extent permitted by applicable law, the 2002 Plan and options granted thereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

Employment Agreements

The Company has entered into an employment agreement with its Chairman, Chief Executive Officer and President, Henry L. Nordhoff on April 2, 2003, which specifies the terms and conditions of his employment. The agreement states that Mr. Nordhoff's base salary will equal his base salary on the date of the agreement (\$475,000 per year), which amount can be increased annually by the Board of Directors. Mr. Nordhoff's salary may not be decreased during the term of the agreement. Mr. Nordhoff's target bonus will be 75% of his base salary, with the actual amount determined by the Board of Directors at its discretion. The agreement also provides that Mr. Nordhoff will receive an annual grant of no less than 10,000 shares of restricted stock of the Company and no less than 50,000 options for the Company's common stock, if such options or restricted shares are then available under an equity participation plan adopted by the Company. The Company also is required to provide Mr. Nordhoff with a term life insurance policy providing for payment of \$1 million to his designated beneficiaries and to pay annual club dues on his behalf. The agreement also provides that Mr. Nordhoff is eligible to participate in the Company's retirement, stock option, insurance and similar plans as in effect from time to time.

Mr. Nordhoff may terminate his employment with the Company at any time. In the event Mr. Nordhoff's employment is terminated for reasons other than cause, or if he terminates his employment for good reason (each as defined in the agreement), Mr. Nordhoff will receive severance in the form of 24 months salary continuation at his salary rate paid at the time of the termination, plus a pro rata portion of his targeted level bonus in the year of the termination and an amount equal to two times his targeted level bonus in the year of termination. If Mr. Nordhoff's termination is in connection with a change in control, he will receive severance in the form of a lump sum payment, payable within 10 days of termination, equal to 36 months' base salary, and an amount equal to three times his targeted level bonus in the year of the termination. A termination is considered in connection with a change in control if the termination occurs within the period six months before or 18 months after a change in control. The agreement also requires the Company to provide continued health care coverage to Mr. Nordhoff and his eligible dependents without charge until the earlier of his 65th birthday or the first date that he is covered under another employer's health benefit program providing substantially the same or better benefits and to pay premiums on life insurance obtained under the Company's life insurance plan. After Mr. Nordhoff reaches age 65, the Company will provide for up to \$10,000 per year in medical reimbursement to cover medical and prescription expenses incurred but not covered by Medicare. Further, upon a termination without cause or for good reason, Mr. Nordhoff's interest in any unvested 401(k) contributions will vest as of the date of his termination and he will receive outplacement services for six months.

If it is determined that any payment or distribution of any type to Mr. Nordhoff or for his benefit by the Company, any of its affiliates, any person who acquires ownership or effective control of the Company or ownership of a substantial portion of its assets (within the meaning of Section 280G of the Code and the regulations thereunder), whether paid or payable or distributed or distributable pursuant to the terms of this Agreement or otherwise, would be subject to the excise tax imposed by Section 4999 of the Code or any interest or penalties with respect to such excise tax, then Mr. Nordhoff will be entitled to receive an additional gross up payment in an amount calculated to ensure that after Mr. Nordhoff pays all taxes (and any interest or penalties imposed with respect to such taxes), including any excise tax, imposed upon the gross-up payment, Mr. Nordhoff retains an amount of the gross-up payment equal to the excise tax imposed upon the total payments made to him. However, if the excise tax could be avoided by reducing the total payments by \$10,000 or less, then the total payments shall be reduced to the extent necessary to avoid the excise tax and no gross-up payment will be required under the agreement.

For purposes of the agreement, good reason means any of the following events that are not consented to by Mr. Nordhoff: (i) the removal of Mr. Nordhoff from his position as the Chief Executive Officer of the

Company; (ii) a substantial and material diminution in Mr. Nordhoff's duties and responsibilities; (iii) a reduction of Mr. Nordhoff's base salary or target bonus percentage; (iv) the location of Mr. Nordhoff's assignment on behalf of the Company is moved to a location more than 30 miles from its present location; (v) the failure of the Company to obtain a satisfactory agreement from any successor to the Company to assume and agree to perform the agreement; or (vi) a material breach by the Company of its obligations under the agreement after notice in writing from Mr. Nordhoff and a reasonable opportunity for the Company to cure or substantially mitigate any material adverse effect of such breach. In addition, "cause" means any of the following events: (i) any act of gross or willful misconduct, fraud, misappropriation, dishonesty, embezzlement or similar conduct on the part of Mr. Nordhoff; (ii) Mr. Nordhoff's conviction of a felony or any crime involving moral turpitude (which conviction, due to the passage of time or otherwise, is not subject to further appeal); (iii) Mr. Nordhoff's misuse or abuse of alcohol, drugs or controlled substances and failure to seek and comply with appropriate treatment; (iv) willful and continued failure by Mr. Nordhoff to substantially perform his duties under the agreement (other than any failure resulting from disability or from termination by Mr. Nordhoff for good reason) as determined by a majority of the Board after written demand from the Board of Directors for substantial performance is delivered to Mr. Nordhoff, and Mr. Nordhoff fails to resume substantial performance of his duties on a continuous basis within 30 days of such notice; (v) the death of Mr. Nordhoff; or (vi) Mr. Nordhoff's becoming disabled such that he is not able to perform his usual duties for the Company for a period in excess of six consecutive calendar months.

The Company has entered into employment agreements with each of the following executives: Executive Vice President - Development, James H. Godsey; Executive Vice President and Chief Scientist, Daniel L. Kacian; Executive Vice President, Sales and Operations, Niall Conway; Vice President and General Counsel, R. William Bowen; Vice President - Regulatory, Quality & Government Affairs, Glen Paul Freiberg; Vice President, Strategic Planning and Business Development, Larry T. Mimms; Vice President and Chief Financial Officer, Herm Rosenman; and Vice President, Administration, Robin L. Vedova. Each agreement provides that in the event the executive's employment is terminated for reasons other than "cause," or if the executive terminates her or his employment for "good reason," (each as defined in the agreement) the executive will receive severance in the form of continued compensation, at the executive's salary rate paid at the time of the termination plus costs of life insurance premiums, if any, for a period of 12 months. If the termination is due to a change in control, the executive will receive severance in the form of a lump sum payment, payable within 10 days of termination equal to 18 months' base salary, and an amount equal to 1.5 times the greater of the executive's targeted level bonus in the year of the termination or the executive's highest discretionary bonus in the preceding three years. A termination is considered in connection with a change in control if the termination occurs within the period six months before or 18 months after a change in control. Each executive also is entitled to receive COBRA benefits for the executive and eligible dependents until the earlier of one year following the termination date or the first date that the executive is covered under another employer's health benefit program providing substantially the same or better benefits, and outplacement services for six months.

The Company also has entered into employment agreements with the following additional executives: Vice President, Business Development, Paul E. Gargan; Vice President, Supply Chain Management, Gurney I. Lashley; Vice President, Product Development, Mathew Longiaru; Vice President, Sales & Marketing, Lynda A. Merrill; and Vice President, Intellectual Property, Peter R. Shearer. Each agreement provides that in the event the executive's employment is terminated for reasons other than "cause," or if the executive terminates her or his employment for "good reason," (each as defined in the agreement) the Executive will receive severance in the form of continued compensation, at the executive's salary rate paid at the time of the termination plus costs of life insurance premiums, if any, for a period of 6 months. If the termination is due to a change in control, the Executive will receive severance in the form of a lump sum payment, payable within 10 days of termination equal to 12 months' base salary, and an amount equal to the greater of the executive's targeted level bonus in the year of the termination or the executive's highest discretionary bonus in the preceding three years. A termination is considered in connection with a change in control if the termination occurs within the period six months before or 18 months after a change in control. Each executive also is entitled to receive COBRA benefits for the executive and eligible dependents until the earlier of one year following the termination date or the first date that the Executive is covered under another

employer's health benefit program providing substantially the same or better benefits, and outplacement services for six months.

Change-in-Control Severance Compensation Plan

The Company has established the Gen-Probe Incorporated Change-in-Control Severance Compensation Plan (the "Severance Plan"), which provides eligible employees with severance pay benefits in the event of a change in control of the Company. Generally, all employees who are not officers of the Company are eligible to participate in the Severance Plan. The Company is entitled to amend or terminate the Severance Plan, in its sole discretion, at any time prior to a change in control. Under the Severance Plan, in the event of a change in control of the Company, eligible employees who are terminated without cause within one year of the change in control are entitled to receive a severance payment. The participant is entitled to receive a severance payment equal to the employee's weekly salary on the date of termination to be paid for a minimum of three weeks and a maximum of 30 weeks (depending on the employee's position with the Company) and the Company will pay on the employee's behalf the costs of premiums under the Company's medical and dental plans during that period of time. Alternatively, the participant may elect to receive 90% of the aggregate cash severance payment due to him or her in one lump sum cash payment. If the participant commences full time employment with a new employer, the Company's obligation to pay the costs of premiums due under the Company's medical and dental plans will terminate, but the Company will still be obligated to pay the cash severance payment to the participant. Such payments may tend to discourage takeover attempts by increasing costs to be incurred by the Company in the event of a takeover. The Severance Plan will terminate on September 16, 2009 unless a change in control occurs prior to such date, in which event the Severance Plan will apply to any termination of employment occurring within 12 months after the change in control.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is composed of three directors of the Board, each of whom is a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and an outside director within the meaning of Section 162(m) of the Code. The Compensation Committee receives and approves each of the elements of the executive compensation program of the Company and continually assesses the effectiveness and competitiveness of the program. In addition, the Committee administers the stock option program and other key provisions of the executive compensation program and reviews with the Board all aspects of the compensation structure for the Company's executives. Set forth below in full is the Report of the Compensation Committee regarding compensation paid by the Company to its executive officers during 2002.

Compensation Philosophy

The Company's executive compensation program is based upon a pay-for-performance philosophy. The executive compensation program is designed to provide value to the executive based on the extent of individual performance, the Company's performance versus budgeted earnings targets and other financial measures, the Company's longer term financial performance and total return to stockholders, including to the extent share price appreciation meets, exceeds or falls short of expectations. Under this program design, only when expectations are exceeded can incentive payments exceed targeted levels.

Table of Contents

Elements of the Executive Compensation Program

Base Salary. An executive's base salary is determined by an assessment of her or his sustained performance against her or his individual job responsibilities including, where appropriate, the impact of such performance on the Company's business results, current salary in relation to the salary range designated for the job, experience and potential for advancement.

Annual Incentives. Payments under the Company's annual performance incentive plan are based on achieving personal and corporate goals. Corporate goals include revenues, profitability and product launches. Use of corporate goals establishes a direct link between the executive's pay and the Company's financial success. An individual executive's annual incentive opportunity is generally targeted at 25% of his or her salary.

Long-Term Incentives. The Company's long-term incentives will be primarily in the form of stock option awards. The objective of these awards is to advance the Company's longer-term interests and those of the Company's stockholders and to complement incentives tied to annual performance. These awards will provide rewards to executives based upon the creation of incremental stockholder value.

Stock options will only produce value to executives if the price of the Company's stock appreciates, thereby directly linking the interests of executives with those of stockholders. The number of stock options granted will be based on the grade level of an executive's position, the executive's performance in the prior year and the executive's potential for continued sustained contributions to the Company's success. The executive's right to the stock options will vest over a four-year period and each option will be exercisable, but only to the extent that it has vested, over a ten-year period following its grant. In order to preserve the linkage between the interests of executives and those of stockholders, the executives will be encouraged to utilize the shares obtained on the exercise of their stock options, after satisfying the cost of exercise and taxes, to establish a significant level of direct ownership. We will establish share ownership expectations for our executives to meet through the exercise of stock option awards.

CEO Compensation

Henry L. Nordhoff's base salary was established pursuant to his employment agreement. The Compensation Committee believes that the total compensation of the Chairman, Chief Executive Officer and President is largely based upon the same policies and criteria used for other executive officers at comparable companies. Each year the Compensation Committee reviews the Chief Executive Officer's compensation arrangement, the individual performance for the calendar year under review, as well as the Company's performance. In determining Mr. Nordhoff's bonus for 2002, the Committee considered his contributions to the Company, particularly in connection with the Company's spin-off from Chugai Pharmaceutical, Co., Ltd., and his role in implementing strategic and financial initiatives designed to augment the Company's development and growth efforts. For the fiscal year ended December 31, 2002, Mr. Nordhoff received a bonus of \$420,000. In June 2002, Mr. Nordhoff was granted options under the 2000 Plan to purchase 301,747 shares of Common Stock at \$24.58 per share. The Compensation Committee believes Mr. Nordhoff's compensation, including salary and bonus, is at a level competitive with Chief Executive Officer salaries within the biotechnology industry.

Section 162(m) Compliance

Section 162(m) of the Code generally limits the tax deductions a public corporation may take for compensation paid to its Named Executive Officers to \$1 million per executive per year. Performance based compensation tied to the attainment of specific goals is excluded from the limitation. The Company's stockholders have previously approved the 2000 Plan, qualifying awards under this plan as performance based compensation exempt from the Section 162(m) limits. In addition, the Committee intends to evaluate the Company's executive compensation policies and benefit plans during the coming year to determine whether additional actions to maintain the tax deductibility of executive compensation are in the best interest of the Company's stockholders.

Table of Contents

Conclusion

Through the programs described above, a significant portion of the Company's compensation program and realization of its benefits is contingent on both Company and individual performance.

The foregoing report has been furnished by the Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In May 1997, Chugai Pharmaceutical guaranteed the Company's senior notes in the original principal amount of \$14.0 million. These notes related to the financing of the Company's headquarters and manufacturing facility. In connection with the Company's spin-off from Chugai Pharmaceutical, the Company repaid in full the remaining \$10.0 million of principal due on the notes, the accrued interest due and a prepayment premium of approximately \$1.2 million.

In June 1997, the Company entered into a ground lease with Gen-Probe Holding Company, Inc. (formerly known as Chugai Pharma U.S.A., Inc.), the Company's former direct parent, pursuant to which the Company leased property on which it constructed its facility at 10210 Genetic Center Drive, San Diego, California. The lease was for a term of approximately 34 years at a base net rental of \$525,260 per year. From January 1, 2002 through December 31, 2002, the Company has recognized \$306,000 in lease expenses. Effective with the reorganization on July 31, 2002, Gen-Probe obtained title to the land and the ground lease was terminated.

In September 1998, the Company entered into a distribution agreement with Chugai Diagnostics Science Co., Ltd., a subsidiary of Chugai Pharmaceutical, for the distribution of the Company's microbial non-viral diagnostic products in Japan. During 2002, Chugai Pharmaceutical sold Chugai Diagnostics Science to Fujirebio Inc., a Japanese life sciences company, which re-named the company Rebio Gen, Inc. During 2002, the Company recognized \$2.7 million in sales revenue under this agreement. Sales to Rebio Gen comprised 1.8% of the Company's 2002 revenues.

In September 2000, the Company made a loan in principal amount of \$100,000 to Niall M. Conway, its Executive Vice President - Sales and Operations. The Company made this loan to Mr. Conway in order to assist him with the purchase of his initial residence in San Diego, California. This loan is evidenced by a promissory note which matures upon the earlier of (a) the resale of such residence, or (b) termination of his employment with the Company. The loan bears interest at the minimum applicable rate (as determined by Internal Revenue Service regulations).

In July 2001, the Company entered into a license agreement with Chugai Diagnostics Science. During 2002, Chugai Pharmaceutical sold Chugai Diagnostics Science to Fujirebio, Inc., which re-named the company Rebio Gen, Inc. The license agreement has an initial term of 10 years, with automatic renewals for consecutive one-year terms unless one party gives the other party notice 90 days prior to the end of the current term. Under the terms of this agreement, the Company granted Rebio Gen a non-exclusive license for Japan in the field of human clinical diagnostics to various of the Company's proprietary technologies, including TMA technology and HPA technology. All rights and title to any discovery, invention or improvement made by Rebio Gen as a result of access to the Company's patent rights licensed under the agreement belong solely to Rebio Gen. The Company received a license fee and a royalty payment for sales made prior to the effective date of the agreement and will receive royalty payments in respect of any products incorporating the licensed technology or developed and commercialized by Rebio Gen until the expiration of the Company's patents related to these products, which is expected to occur in December of 2020. During 2002, the Company recognized a total of \$0.3 million in royalty revenue under this agreement. This agreement may be terminated by either party upon a breach of the agreement that is not cured. The Company also received rights to

Table of Contents

distribute outside of Japan products developed by Rebio Gen under the license. The Company does not anticipate that the sale will have a material effect on its license or distribution agreement with Rebio Gen.

In May 2002, the Company entered into a separation and distribution agreement with Chugai Pharmaceutical Co., Ltd., which was amended and restated in August 2002. Pursuant to the terms of the separation and distribution agreement, all of the shares of Common Stock held by Chugai were distributed to its shareholders, and the Company's Common Stock began regular way trading on the Nasdaq National Market on September 16, 2002. In addition, in April 2002, the Company entered into a transition services agreement with Chugai Pharma USA, LLC (the Company's former sister company formerly known as Chugai Biopharmaceuticals, Inc.).

The Company owns a 17% interest in, and Henry L. Nordhoff, the Company's Chairman, Chief Executive Officer and President is on the board of directors of, Molecular Light Technology Research Ltd., from whom the Company holds an exclusive sublicense for certain chemiluminescence technology. From January 1, 2002 to December 31, 2002, the Company recognized a total of \$69,000 in revenue and \$2.5 million in expenses under this sublicense.

The Company believes that all of the transactions described above were on terms at least as favorable to it as they would have been had the Company entered into those transactions with unaffiliated third parties.

PROPOSAL 2

PROPOSAL TO ADOPT THE 2003 INCENTIVE AWARD PLAN

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon a proposal to approve the adoption of the 2003 Plan. The 2003 Plan was adopted by the Board of Directors on March 3, 2003, subject to approval by the stockholders at the Annual Meeting.

The affirmative vote of the holders of a majority of the shares of Common Stock represented and voting at the Annual Meeting will be required to adopt the 2003 Plan.

Description of the 2003 Plan

General Nature and Purposes of the 2003 Plan. The principal purposes of the 2003 Plan are to provide incentives for officers, employees and consultants of the Company and its subsidiaries through granting of options, restricted stock and stock appreciation rights (Awards), thereby stimulating their personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ. In addition to Awards made to officers, employees or consultants, the 2003 Plan provides for the granting of options (Director Options) to the Company's non-employee directors, and allows for Director Options and/or restricted stock to be granted to the Company's non-employee directors in lieu of directors' fees which would otherwise be payable to such directors.

A brief description of the principal features of the 2003 Plan follows, but the description is qualified in its entirety by reference to the 2003 Plan itself, a copy of which is included as Appendix B to this Proxy Statement.

Administration of the Plan. The 2003 Plan will be administered by the Committee with respect to Awards granted to employees or consultants and by the full Board of Directors with respect to Director Options. The Committee will consist of at least two members of the Board of Directors, each of whom is a non-employee director for purposes of Rule 16b-3 and an outside director for purposes of Section 162(m) of the Code. Subject to the terms and conditions of the 2003 Plan, the Committee has the authority to select the persons to whom Awards are to be made, to determine the number of shares to be subject thereto and the terms and conditions thereof, and to make all other determinations and to take all other actions necessary or advisable for the administration of the 2003 Plan. Similarly, the Board of Directors of the Company has discretion to determine the terms and conditions of Director Options and to interpret and administer the 2003 Plan with respect to such options. The Committee (or the Board of Directors with respect to Director

Table of Contents

Options) is also authorized to adopt, amend, interpret and revoke rules relating to the administration of the 2003 Plan.

Securities Subject to the 2003 Plan. The aggregate number of shares of Common Stock which may be issued upon exercise of options and SARs, or as restricted stock awards granted under the 2003 Plan, will not exceed 3,750,000. Furthermore, the maximum number of shares which may be subject to options or SARs granted under the 2003 Plan to any individual in any calendar year cannot exceed 500,000, and the aggregate number of shares of Common Stock that may be issued as shares of restricted stock under the Plan may not exceed 20% of the total number of shares of Common Stock issued under the Plan.

The shares available under the 2003 Plan upon exercise of stock options and SARs, and for issuance as restricted stock awards, may be either previously unissued shares or treasury shares. The Committee (or the Company's Board of Directors with respect to Director Options) has the discretion to make appropriate adjustments in the number of securities subject to the 2003 Plan and to outstanding Awards thereunder to reflect an extraordinary corporate event.

If any portion of a stock option, SAR or other Award terminates or lapses unexercised, or is cancelled upon grant of a new option, SAR or other Award (which may be at a higher or lower exercise price than the option, SAR or other Award so canceled), the shares which were subject to the unexercised portion of such option, SAR or other Award, will continue to be available for issuance under the 2003 Plan.

Term of the 2003 Plan and Amendments. The 2003 Plan will expire on March 3, 2013, unless earlier terminated. Amendments of the 2003 Plan to increase the number of shares as to which Awards may be made (except for adjustments resulting from stock splits and the like, and mergers, consolidations and other corporate transactions) require the approval of the Company's stockholders. In all other respects the 2003 Plan can be amended, modified, suspended or terminated by the Committee or the Board of Directors, unless such action would otherwise require stockholder approval as a matter of applicable law, regulation or rule. Amendments of the 2003 Plan will not, without the consent of the participant, affect such person's rights under an Award previously awarded, unless the Award agreement governing such Award itself otherwise expressly so provides.

Eligibility. Options, SARs and restricted stock may be granted under the 2003 Plan to individuals who are then officers or other employees of the Company or any of its present or future subsidiaries. Such Awards also may be granted to consultants of the Company selected by the Committee for participation in the 2003 Plan. Approximately 700 employees are eligible to participate in the 2003 Plan, and it is currently anticipated that up to 700 employees will be considered for option grants in fiscal 2003. More than one option, SAR or share of restricted stock may be granted to an employee or consultant. Non-employee directors of the Company and its subsidiaries may be granted non-qualified stock options and restricted stock in accordance with the 2003 Plan.

Payment for Shares. The exercise or purchase price for all options, SARs and restricted stock, together with any applicable tax required to be withheld, must be paid in full in cash at the time of exercise or purchase or the Committee (or the Board of Directors with respect to Director Options) may, in its sole and absolute discretion (i) allow a delay in payment up to 30 days from the date the option is exercised, (ii) allow payment, in whole or in part, through the delivery of shares of Common Stock which have been held by the holder for at least six months, (iii) allow payment, in whole or in part, through the surrender of shares of Common Stock then issuable upon exercise of the option having a fair market value on the date of option exercise equal to the aggregate exercise price of the option or exercised portion thereof, (iv) allow payment, in whole or in part, through the delivery of a notice that the holder has placed a market sell order with respect to shares of Common Stock then issuable upon exercise of the option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the option exercise price; provided, that the payment of such proceeds is then made to the Company upon settlement of such sale, and (v) allow payment through any combination of the consideration provided in the foregoing subparagraphs (ii), (iii) and (iv).

Table of Contents

Awards under the 2003 Plan. The 2003 Plan provides that the Committee may grant or issue stock options (Options), SARs and restricted stock, or any combination thereof.

Non-Qualified Stock Options (NQSOs). NQSOs will provide for the right to purchase Common Stock at a specified price, which may not be less than fair market value on the date of grant, and usually will become exercisable (in the discretion of the Committee, or the Board of Directors with respect to Director Options) in one or more installments after the grant date, subject to the participant's continued provision of services to the Company and/or subject to the satisfaction of individual or Company performance targets established by the Committee (or the Board of Directors with respect to Director Options). NQSOs may be granted for any term specified by the Committee (or the Board of Directors with respect to Director Options); provided that such term may not exceed 10 years.

Incentive Stock Options (ISOs). ISOs will be designed to comply with applicable provisions of the Code and will be subject to certain restrictions contained in the Code. Among such restrictions, ISOs must have an exercise price not less than the fair market value of a share of Common Stock on the date of grant, may only be granted to employees, must expire within a specified period of time following the Optionee's termination of employment, and must be exercised within the ten years after the date of grant. In the case of an ISO granted to an individual who owns (or is deemed to own) at least 10% of the total combined voting power of all classes of stock of the Company, the 2003 Plan provides that the exercise price for such ISO must be at least 110% of the fair market value of a share of Common Stock on the date of grant and the ISO must expire upon the fifth anniversary of the date of its grant. To the extent the aggregate fair market value of stock with respect to which ISOs (determined without regard to the vesting limitations contained in Section 422(d) of the Code) are exercisable for the first time by an optionee during any calendar year exceeds \$100,000, such options will be taxed as NQSOs. For this purpose, the fair market value of stock will be determined as of the time the option is granted.

Director Options. Director Options are NQSOs to purchase shares of Common Stock granted to directors of the Company who are not employees of the Company (each, an Independent Director). Director Options will provide for the right to purchase Common Stock at a specified price, which may not be less than fair market value on the date of grant. No portion of a Director Option shall be exercisable upon the expiration of twelve months following termination of such director's services as a director of the Company by reason of permanent and total disability or death, or upon the expiration of three months following termination of such director's services as a director of the Company by reason other than of permanent and total disability or death, unless the Optionee dies within such three month period.

The Board may from time to time, subject to applicable limitations of the 2003 Plan, grant Director Options which shall be NQSOs with such terms and conditions as may be determined by the Board in its absolute discretion.

Restricted Stock. The Committee is authorized to determine (i) which employees and consultants of the Company or any subsidiary should be issued restricted stock, (ii) the number of shares of restricted stock to be issued to such employees and consultants and (iii) the terms and conditions applicable to such restricted stock, consistent with the 2003 Plan. Restricted stock issued under the 2003 Plan is subject to such restrictions as the Committee may provide in the terms of each individual restricted stock agreement, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and restrictions based on duration of employment with the Company, Company performance and individual performance; *provided, however*, that the Committee may remove any or all of such restrictions after issuance of the restricted stock. Restricted stock typically may be repurchased by the Company at the original purchase price if the conditions or restrictions are not met and in the event of the grantee's termination of employment or consultancy, although the Committee may make exceptions based on the reason for termination or on other factors. In general, restricted stock may not be sold, or otherwise transferred or hypothecated, until restrictions are removed or expire, and with respect to persons subject to Section 16 of the Exchange Act, in no event until at least six months and one day have elapsed from the date on which the restricted stock was issued.

Restricted Stock Grants to Independent Directors. Shares of restricted stock may be granted to Independent Directors in lieu of directors fees which would otherwise be payable to such Independent

Table of Contents

Directors, pursuant to such policies as may be adopted by the Board of Directors from time to time. Shares of restricted stock granted to Independent Directors may be fully vested as of the date of grant.

SARs. The Committee may grant SARs having terms and conditions consistent with the 2003 Plan to employees or consultants in connection with Options or separately. SARs granted by the Committee in connection with Options entitle the optionee to surrender unexercised to the Company a portion of the Option to which the SAR relates in exchange for an amount determined by multiplying (i) the difference obtained by subtracting the Option exercise price from the fair market value of a share of Common Stock on the date of exercise of the SAR by (ii) the number of shares of Common Stock with respect to which the SAR has been exercised. SARs granted by the Committee independent of Options granted under the 2003 Plan would entitle the grantee to exercise all or a specified portion of the SAR (at the exercise price per share of Common Stock subject to such SAR set by the Committee) in exchange for an amount determined by multiplying (i) the difference obtained by subtracting the SAR purchase price from the fair market value of a share of Common Stock on the date of exercise of the SAR by (ii) the number of shares of Common Stock with respect to which the SAR has been exercised. The amounts determined above may be paid to the grantee of an SAR in cash, in Common Stock (based on its fair market value as of the date the SAR is exercised) or a combination of both, as determined by the Committee.

Except as required by Section 162(m) of the Code with respect to a SAR intended to qualify as performance-based compensation as described in Section 162(m) of the Code, there are no restrictions specified in the 2003 Plan on the exercise of SARs or the amount of gain realizable therefrom, although restrictions may be imposed by the Committee in the SAR agreements. Generally, a SAR which is unrelated to an Option granted under the 2003 Plan will not be exercisable during the first six months after such SAR is granted if the grantee is then subject to Section 16 of the Exchange Act.

Agreements; Consideration to the Company. Each Award will be set forth in a separate agreement with the person receiving the Award and will indicate the type, terms and conditions of the Award. The dates on which options or other Awards under the 2003 Plan first become exercisable and on which they expire will be set forth in individual Award agreements setting forth the terms of the Awards. Such agreements generally will provide that options and other Awards expire upon termination of the participant's status as an employee, consultant or director, although the Committee may provide that Options or other Awards granted to employees or consultants continue to be exercisable following a termination without cause, or following a change in control of the Company (as defined in the 2003 Plan), or because of the grantee's retirement, death, disability or otherwise.

General Terms of Awards under the 2003 Plan

Non-Assignability. No Option, SAR or other Award granted under the 2003 Plan may be assigned or transferred by the grantee, except by will, the laws of descent and distribution or pursuant to a qualified domestic relations order, although the shares underlying such Awards may be transferred if all applicable restrictions have lapsed. During the lifetime of the holder of any Option or right, the Option or right may be exercised only by the holder. Notwithstanding the foregoing, the Committee may grant NQSOs that may be assigned or transferred, subject to certain conditions, to permitted transferees, which include a child, grandchild, parent, spouse, niece or nephew of the holder.

Extraordinary Corporate Events. The Committee (or the Board of Directors with respect to Director Options) has discretion under the 2003 Plan to provide that Options and other rights to acquire Common Stock will expire at specified times following, or become exercisable in full upon, the occurrence of certain specified extraordinary corporate events; but in such event the Committee (or the Board of Directors with respect to Director Options) may also give optionees and other grantees the right to exercise their outstanding Options or rights in full during some period prior to such event, even though the Options or other Awards have not yet become fully exercisable, and the Committee (or the Board of Directors with respect to Director Options) may also provide that all restrictions imposed on some or all shares of restricted stock shall lapse, and some or all shares of restricted stock may cease to be subject to the Company's right to repurchase after such event.

Table of Contents

Effect of Change in Control. Notwithstanding anything in the 2003 Plan or the provisions of any Award to the contrary, in the event of a Change in Control (as defined in the 2003 Plan), each outstanding Award shall, immediately prior to the effective date of the Change in Control, automatically become fully vested, exercisable or payable, as applicable, for all of the shares of Common Stock at the time subject to such Award and, as applicable, may be exercised for any or all of the shares of Common Stock subject to the Award.

For purposes of the 2003 Plan, Change in Control means a change in ownership or control of the Company effected through either of the following transactions: (a) any person or related group of persons (other than the Company or a person that, prior to such transaction, directly or indirectly controls, is controlled by, or is under common control with, the Company) directly or indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities pursuant to a tender or exchange offer for securities of the Company; (b) there is a change in the composition of the Board over a period of thirty-six (36) consecutive months (or less) such that a majority of the Board members (rounded up to the nearest whole number) ceases, by reason of one or more proxy contests for the election of Board members, to be comprised of individuals who either (i) have been Board members continuously since the beginning of such period or (ii) have been elected or nominated for election as Board members during such period by at least a majority of the Board members described in clause (i) who were still in office at the time such election or nomination was approved by the Board; (c) a merger or consolidation of the Company with any other corporation (or other entity), other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or another entity) more than 66 2/3% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; *provided, however*, that a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no person acquires more than 25% of the combined voting power of the Company's then outstanding voting securities shall not constitute a Change in Control; or (d) a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

Transfer Restrictions. The Committee (or the Board of Directors with respect to Director Options), in its discretion, may impose such restrictions on the transferability of the shares purchasable upon the exercise of an Option as it deems appropriate. Any such other restriction shall be set forth in the respective Award agreement and may be referred to on the certificates evidencing such shares. The Committee may require the employee to give the Company prompt notice of any disposition of shares of stock acquired by exercise of an ISO within two years from the date of granting such ISO or one year after the transfer of such shares to such employee. The Committee may direct that the certificates evidencing shares acquired by exercise of an ISO refer to such requirement to give prompt notice of disposition.

Withholding Tax Obligations. As a condition to the issuance or delivery of stock or payment of other compensation pursuant to the exercise or lapse of restrictions of any option or other Award granted under the 2003 Plan, the Company requires participants to discharge applicable withholding tax obligations. Shares held by or to be issued to a participant may also be used to discharge tax withholding obligations related to exercise of options or receipt of other Awards, subject to the discretion of the Committee to disapprove such use.

Securities Law. The 2003 Plan is intended to conform to the extent necessary with all provisions of the Securities Act and the Exchange Act, and any and all regulations and rules promulgated by the Commission thereunder, including without limitation Rule 16b-3. The 2003 Plan will be administered, and options will be granted and may be exercised, only in such a manner as to conform to such laws, rules and regulations. To the extent permitted by applicable law, the 2003 Plan and options granted thereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

Certain Federal Income Tax Consequences With Respect to the 2003 Plan. The U.S. federal income tax consequences of the 2003 Plan are summarized in the following discussion which deals with the general tax principles applicable to the 2003 Plan, and is intended for general information only. Foreign, state and local income taxes are not discussed. Also, the following discussion does not address U.S. federal employment tax

Table of Contents

consequences. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The tax information summarized is not tax advice.

Non-Qualified Stock Options. For federal income tax purposes, an optionee generally will not recognize taxable income on the grant of an NQSO under the 2003 Plan, but will recognize ordinary income, and the Company or other employer corporation generally will be entitled to a deduction, upon the exercise of an NQSO. The amount of income recognized (and the amount generally deductible by the Company or other employer corporation) generally will be equal to the excess, if any, of the fair market value of the shares at the time of exercise over the aggregate exercise price paid for the shares, regardless of whether the exercise price is paid in cash or in shares or other property. An optionee's basis for the stock for purposes of determining his or her gain or loss upon a subsequent disposition of the shares generally will be the fair market value of the stock on the date of exercise of the NQSO, and any subsequent gain or loss will generally be taxable as capital gains or losses.

Incentive Stock Options. An optionee generally will not recognize taxable income upon either the grant or exercise of an ISO; however, the amount by which the fair market value of the shares at the time of exercise exceeds the exercise price will be an item of adjustment for the optionee for purposes of the alternative minimum tax. Generally, upon the sale or other taxable disposition of the shares of the Common Stock acquired upon exercise of an ISO, the optionee will recognize income taxable as capital gains in an amount equal to the excess, if any, of the amount realized in such disposition over the option exercise price, provided that no disposition of the shares has taken place within either (a) two years from the date of grant of the ISO or (b) one year from the date of exercise. If the shares of Common Stock are sold or otherwise disposed of before the end of the one-year and two-year periods specified above, the difference between the ISO exercise price and the fair market value of the shares on the date of exercise generally will be taxable as ordinary income; the balance of the amount realized from such disposition, if any, generally will be taxed as capital gain. If the shares of Common Stock are disposed of before the expiration of the one-year and two-year periods and the amount realized is less than the fair market value of the shares at the date of exercise, the optionee's ordinary income generally is limited to excess, if any, of the amount realized in such disposition over the option exercise price paid. The Company (or other employer corporation) generally will be entitled to a tax deduction with respect to an ISO only to the extent the optionee has ordinary income upon sale or other disposition of the shares of Common Stock.

Stock Appreciation Rights. No taxable income is generally recognized upon the receipt of a SAR, but upon exercise of the SAR the fair market value of the shares (or cash in lieu of shares) received generally will be taxable as ordinary income to the recipient in the year of such exercise. The Company (or other employer corporation) generally will be entitled to a compensation deduction for the same amount which the recipient recognizes as ordinary income.

Restricted Stock. An employee to whom restricted stock is issued generally will not recognize taxable income upon such issuance and the Company (or other employer corporation) generally will not then be entitled to a deduction, unless an election is made under Section 83(b) of the Code. However, when restrictions on shares of restricted stock lapse, such that the shares are no longer subject to a substantial risk of forfeiture, the employee generally will recognize ordinary income and the Company (or other employer corporation) generally will be entitled to a deduction for an amount equal to the excess of the fair market value of the shares at the date such restrictions lapse over the purchase price therefor. If a timely election is made under Section 83(b) with respect to qualifying restricted stock, the employee generally will recognize ordinary income at the date of issuance equal to the excess, if any, of the fair market value of the shares at that date over the purchase price therefor and the Company (or other employer corporation) will be entitled to a deduction for the same amount.

Section 162(m) Limitation. In general, under Section 162(m) of the Code, income tax deductions of publicly held corporations may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises, transfers of property and benefits paid under non-qualified plans) for certain executive officers exceeds \$1 million (less the amount of any excess parachute payments as defined in

Table of Contents

Section 280G of the Code) in any one year. However, under Section 162(m), the deduction limit does not apply to certain performance-based compensation.

Under Section 162(m), stock options and SARs will satisfy the performance-based compensation exception if the 2003 Plan is approved by stockholders at the Annual Meeting, the award of the options or SARs are made by a committee of the Board of Directors consisting solely of two or more outside directors, the plan sets the maximum number of shares that can be granted to any person within a specified period and the compensation is based solely on an increase in the stock price after the grant date (*i.e.*, the option or SAR exercise price is equal to or greater than the fair market value of the stock subject to the award on the grant date). Other types of awards may only qualify as performance-based compensation if such awards are only granted or payable to the recipients based upon the attainment of objectively determinable and pre-established performance goals which are established by a qualifying committee and which relate to performance targets which are approved by the corporation's stockholders.

The 2003 Plan has been designed to permit the Committee to grant stock options and SARs which will qualify as performance-based compensation. In addition, to permit Awards other than stock options and SARs to qualify as performance-based compensation, the 2003 Plan provides that the Committee may designate as Section 162(m) Participants certain employees whose compensation for a given fiscal year may be subject to the limit on deductible compensation imposed by Section 162(m) of the Code. The Committee may grant Awards to Section 162(m) Participants that vest or become exercisable upon the attainment of performance targets which are related to one or more of the following performance goals: (i) net income, (ii) pre-tax income, (iii) operating income, (iv) cash flow, (v) earnings per share, (vi) return on equity, (vii) return on invested capital or assets, (viii) cost reductions or savings, (ix) funds from operations, (x) appreciation in the fair market value of the Common Stock and (xi) earnings before any one or more of the following items: interest, taxes, depreciation or amortization.

Options Granted Under the 2003 Plan. No Options have been granted and no other Awards have been made under the 2003 Plan.

The Board of Directors recommends a vote FOR the adoption of the 2003 Plan.

PROPOSAL 3

PROPOSAL TO ADOPT THE EMPLOYEE STOCK PURCHASE PLAN

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon a proposal to approve the adoption of the ESPP. The ESPP was adopted by the Board of Directors on March 3, 2003, subject to approval by the Compensation Committee, which approved the ESPP on April 2, 2003, subject to approval by the stockholders at the Annual Meeting.

The affirmative vote of the holders of a majority of the shares of Common Stock represented and voting at the Annual Meeting will be required to adopt the ESPP.

Description of the ESPP

General Nature and Purposes of the ESPP. The purpose of the ESPP is to assist eligible employees of the Company and its designated subsidiary corporations in acquiring stock ownership in the Company pursuant to a plan which is intended to qualify as an employee stock purchase plan within the meaning of Section 423(b) of the Code. Under the ESPP, an eligible employee will be granted options to purchase shares of the Company's Common Stock through payroll deductions, at a discount from the then current market price, without payment of commissions or other charges. Offering employees the opportunity to become owners of Common Stock is intended to help to further align the employees' interests with those of the Company's stockholders generally. The ESPP also is intended to help employees provide for their future security and to encourage them to remain in the employment of the Company and its subsidiary corporations. The proceeds received by the Company from the sale of shares of Common Stock pursuant to the ESPP will be used for general corporate purposes.

Table of Contents

The ESPP will become effective on May 30, 2003 and will remain in effect until terminated by the Board of Directors. The ESPP is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and is not a qualified plan under Section 401(a) of the Code.

A brief description of the principal features of the ESPP follows, but the description is qualified in its entirety by reference to the ESPP itself, a copy of which is included as Appendix C to this Proxy Statement.

Securities Subject to the ESPP. The total number of shares of Common Stock that may be sold under the ESPP will not exceed 500,000 shares. As of March 31, 2003 and assuming that a maximum of 500,000 shares of Common Stock will be issued under the ESPP, the total market value of the ESPP (based on the Company's closing share price on March 31, 2003 on the Nasdaq National Market for its Common Stock of \$23.12) is \$11.6 million. The ESPP provides for appropriate adjustment in the number and kind of shares of stock for which options may be granted, and the number and kind of shares of stock which may be sold pursuant to the ESPP, in the event of a stock split, stock dividend, reorganization or other specified changes in the capitalization of the Company.

Eligible Persons. Employees of the Company and its designated subsidiaries generally will be eligible to participate in the ESPP and will receive options to purchase shares of Common Stock under the ESPP.

An employee will not be eligible to participate in the ESPP if such employee: (i) immediately after an option is granted under the ESPP, owns (or is treated as owning) shares of Common Stock or other stock possessing 5% or more of the total voting power or value of all classes of stock of the Company (and any parent corporation and subsidiary corporation of the Company), (ii) is customarily employed by the Company for 20 hours or less per week, or (iii) is customarily employed by the Company for five months or less in any calendar year.

Directors of the Company (or any parent corporation or subsidiary corporation of the Company) who are not employees will not be eligible to participate in the ESPP.

Grant of Options. The Company will grant options under the ESPP to all eligible employees in successive six-month offering periods. The offering periods will be: (i) March 1 through and including the following August 31, and (ii) September 1 through and including the last day of the following February of each year, provided, however, that the first offering period will begin on May 30, 2003 and end on August 31, 2003. The Company will grant an option to each eligible employee on the first day of an offering period. The Company will grant options under the ESPP until the number of shares of Common Stock available under the ESPP have been sold, or the ESPP terminates.

As required under Section 423(b)(8) of the Code, no eligible employee may be granted an option under the ESPP that permits his or her rights to purchase shares of Common Stock or other stock under the ESPP (and under all other employee stock purchase plans of the Company, any parent corporation or any subsidiary corporation of the Company) to accrue at a rate which exceeds \$25,000 of the fair market value (determined as of the date of grant of the option) of such Common Stock or other stock for any calendar year.

Election to Participate; Payroll Deductions. Each eligible employee will participate in the ESPP by means of payroll deductions. An eligible employee will be required to deliver a completed and executed written payroll deduction authorization to the Company no later than ten days before the commencement of an offering period. The payroll deduction authorization will be the employee's election to participate in the offering period and subsequent offering periods.

The payroll deduction authorization will designate the percentage of the eligible employee's compensation to be deducted for purposes of the ESPP. The payroll deductions will occur on each payday during the offering period and may be in any whole percentage of compensation not exceeding 15%. Compensation will include salary, wages, bonuses, overtime, commissions, profit-sharing distributions or other incentive compensation payments.

An eligible employee may change his or her payroll deduction authorization during an offering period to any whole percentage of compensation not exceeding 15%. An eligible employee may also withdraw or suspend from participation in the ESPP during an offering period. See Withdrawal from the ESPP.

Table of Contents

An eligible employee's payroll deduction authorization will remain in effect for subsequent offering periods, unless (i) the employee delivers a new authorization to the Company no later than ten days prior to the commencement of a subsequent offering period, (ii) withdraws from participation during a prior offering period, (iii) ceases to be an eligible employee or (iv) terminates employment with the Company or its subsidiaries.

Exercise of Options. Each eligible employee in the ESPP, automatically and without any act on such employee's part, will be deemed to have exercised his or her option on the last day of the offering period for which the option was granted. An eligible employee's option will be exercised to the extent that the employee's cumulative payroll deductions for the offering period are sufficient to purchase, at the applicable option price, whole shares of Common Stock. No fractional shares of Common Stock will be sold under the ESPP. An eligible employee may not purchase more than 100,000 shares of Common Stock upon the exercise of the option with respect to any offering period. Any payroll deductions not applied to purchase of whole shares of Common Stock will be credited to the account of the employee and applied to subsequent option exercises.

Following the end of an offering period, each eligible employee will be provided with a report showing the amount of his or her cumulative payroll deductions and the number of shares of Common Stock purchased upon the exercise of the option for the offering period.

Option Price; Discount to Fair Market Value. The option price for a share of Common Stock purchased under the ESPP for an offering period will be 85% of the lesser of: (i) the fair market value of a share of the Common Stock on the date of option exercise (i.e., the last day of the offering period with respect to which the option was granted), and (ii) the fair market value of a share of the Common Stock on the date of option grant (i.e., the first day of the offering period).

The fair market value of a share of Common Stock as of a given date will be: (i) the closing price of a share of Common Stock on the principal stock exchange or the Nasdaq National Market or Nasdaq SmallCap Market (or as reported on any composite index which includes such principal stock exchange or Nasdaq Market) on which shares of Common Stock are then trading on such date (or the immediately preceding trading day, if the Common Stock is not traded on that date), or (ii) if the Common Stock is not publicly traded on an exchange or Nasdaq and not quoted on a quotation system other than Nasdaq, the fair market value as determined by the Committee (as defined below) acting in good faith. Currently, shares of Common Stock trade on the Nasdaq National Market.

Withdrawal From the ESPP. An eligible employee may withdraw from participation under the ESPP during an offering period at any time other than the last ten days of an offering period. Upon withdrawal, the employee's cumulative payroll deductions will be refunded to the employee without interest. An eligible employee who withdraws from the ESPP and is eligible for a subsequent offering period may participate in such offering period by delivering a payroll deduction authorization to the Company not later than ten days before the commencement of such subsequent offering period.

Expiration of Options. Each option granted for an offering period will expire on the last day of the offering period, immediately after the automatic exercise of the option pursuant to the terms of the ESPP. Except in the case of death of an employee, an employee's participation in the ESPP will automatically terminate on the date of termination of employment with the Company and its subsidiaries. Upon such termination, the employee's cumulative payroll deductions will be refunded to the employee without interest.

In the case of death, the employee (or the employee's estate) may notify the Company of such employee's (or employee's estate's) desire to have the cumulative payroll deductions refunded. Upon receipt of such notice, the employee's cumulative payroll deductions will be refunded to the employee without interest. If the Company does not receive such notice prior to the end of an offering period, the employee's option will be exercised on such date.

Non-Transferability of Options. An eligible employee's option under the ESPP will not be transferable, other than by will or the laws of descent and distribution, and will be exercisable during a employee's lifetime only by the employee.

Table of Contents

Rights as Stockholders. An eligible employee will not be deemed to be a stockholder of the Company solely as a result of participation in the ESPP. The eligible employee will not have any of the rights or privileges of a stockholder of the Company with respect to shares of Common Stock offered under the ESPP until the shares have been issued to the employee following the exercise of any option.

Administration. The ESPP will be administered by a committee appointed by the Company's Board of Directors (the "Committee"). The Committee will be comprised of certain members of the Board of Directors or employees. The Committee has the power to interpret the ESPP and to adopt such rules for the administration, interpretation and application of the ESPP as are consistent with the ESPP. The Committee may also delegate certain of its duties under the ESPP. Action by the Committee will be taken by a majority vote or written consent of all of its members.

Amendment and Termination of the ESPP. The Board of Directors and the Committee may amend, suspend or terminate the ESPP at any time and from time to time, provided that the approval by a vote of the holders of the outstanding shares of the Company's capital stock entitled to vote will be required to amend the ESPP to: (i) change the number of shares of the Common Stock reserved for issuance under the ESPP, (ii) alter the requirements for eligibility under the ESPP or (iii) change the ESPP in any manner that would cause the ESPP to not be an employee stock purchase plan within the meaning of Section 423(b) of the Code.

Certain Federal Income Tax Consequences With Respect to the ESPP. The following summarizes the Federal income tax consequences of an employee's participation in the ESPP and is not intended to be a complete description of the tax consequences. This summary does not address Federal employment taxes, state and local income taxes and other taxes that may be applicable.

Grant of Option; Exercise of Option. An eligible employee will not recognize taxable income on the date the employee is granted an option under the ESPP (i.e., the first day of the offering period). In addition, the employee will not recognize taxable income on the date the option is exercised (i.e., the last day of the offering period).

Sale of Common Stock after the Holding Period. If an employee does not sell or otherwise dispose of the shares of Common Stock purchased upon exercise of his or her option under the ESPP within two years after the date on which the option is granted or within one year after the date on which the shares of Common Stock are purchased (the "Holding Period"), or if the employee dies while owning the shares of Common Stock, the employee will be taxed in the year in which he or she sells or disposes of the shares of Common Stock, or the year closing with his or her death, whichever applies, as follows:

The employee will recognize ordinary income in an amount equal to the lesser of:

the excess, if any, of the fair market value of the shares of Common Stock on the date on which such shares are sold or otherwise disposed, or the date on which the employee died, over the amount paid for the shares of Common Stock, or

the excess of the fair market value of the shares of Common Stock on the date the option was granted, over the option price (determined assuming that the option was exercised on the date granted) for such shares of Common Stock; and

The employee will recognize as capital gain any further gain realized (after increasing the tax basis in the shares of Common Stock by the amount of ordinary income recognized as described above).

Sale of Common Stock during the Holding Period. If the employee sells or otherwise disposes of the shares of the Common Stock purchased upon exercise of his or her option under the ESPP before the Holding Period expires, and the amount realized is greater than or equal to the fair market value of the shares of

Table of Contents

Common Stock on the date of exercise, the employee will be taxed in the year in which he or she sells or disposes of the shares of Common Stock as follows:

The employee will recognize ordinary income to the extent of the excess of the fair market value of the shares of Common Stock on the date on which the option was exercised, over the option price for such shares of Common Stock; and

The employee will recognize as capital gain any further gain realized (after increasing the tax basis in the shares of Common Stock by the amount of ordinary income recognized as described above).

If the employee sells or otherwise disposes of the shares of Common Stock before the Holding Period expires, and the amount realized is less than the fair market value of the shares of Common Stock on the date of exercise, the employee will be taxed in the year in which he or she sells or disposes of the shares of Common Stock as follows:

The employee will recognize ordinary income to the extent of the excess of the fair market value of the shares of Common Stock on the date on which the option was exercised, over the option price for such shares of Common Stock; and

The employee will recognize capital loss to the extent the fair market value of the shares of Common Stock on the exercise date exceeds the amount realized on the sale or other disposition.

The Company's Deduction. The Company (or the subsidiary corporation that employs the employee) is entitled to a tax deduction only to the extent that the employee recognizes ordinary income because the employee sells or otherwise disposes of the shares of Common Stock before the Holding Period expires.

The Board of Directors recommends a vote FOR the adoption of the ESPP.

PROPOSAL 4

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors has selected Ernst & Young LLP as the Company's independent auditors for the year ending December 31, 2003 and has directed that management submit the selection of independent auditors to the stockholders for ratification at the Annual Meeting. Ernst & Young LLP has audited the Company's financial statements since 1989 and through the year ending December 31, 2002. Representatives of Ernst & Young LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholders are not required to ratify the selection of Ernst & Young LLP as the Company's independent auditors. However, the Company is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If you fail to ratify the selection, the Board and the Audit Committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the Board and the Audit Committee in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and the Company's stockholders.

The affirmative vote of the holders of a majority of the shares of Common Stock represented and voting at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP.

Audit Fees

Ernst & Young LLP was the independent auditor of the Company during the year ended December 31, 2002. The Committee's functions and procedures should remain flexible to address changing circumstances most effectively. Management of the Company is responsible for the Company's financial statements as well as the Company's financial reporting process, accounting policies, internal audit functions and internal controls. The Company's Auditors are responsible for performing an audit of the Company's annual financial statements, expressing an opinion as to the conformity of such annual financial statements with generally accepted accounting principles, reviewing the Company's quarterly financial statements and other procedures. Members of the Committee are not engaged in the accounting or auditing profession and some members may not be financial experts or otherwise experts in matters involving auditing or accounting, including auditor independence, financial reporting processes, accounting policies or internal audit functions and controls. It is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements fairly present the Company's financial position and results of operations and are in accordance with generally accepted accounting principles and applicable laws and regulations. Each member of the Committee is entitled to rely on: (i) the integrity of those persons within the Company and of the professionals and experts (such as the Auditors) from which the Committee receives information; (ii) the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts absent actual knowledge to the contrary; and (iii) representations made by management or the Auditors as to any non-audit services provided by the Auditors to the Company.

To implement the Committee's purpose and policy, the Committee shall, to the extent the Committee deems necessary or appropriate, be charged with the following functions and processes with the understanding, however, that the Committee may supplement or (except as otherwise required by applicable laws or rules) deviate from these activities under certain circumstances:

The Committee may delegate to one or more designated members of the Audit Committee the authority to grant pre-approvals required by this paragraph; provided that such approvals are presented to the Committee at each of its scheduled meetings.

4. The Committee shall, at least annually, review the experience and qualifications of the Auditors' senior personnel that are providing audit services to the Company and the quality control procedures of the Auditors. In conducting its review, the Committee shall:

a. At least annually, obtain and review a report by the Auditors describing: (i) the auditing firm's internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the Auditors, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the Auditors, and any steps taken to deal with any such issues; and (iii) all relationships between the Auditors and the Company (to assess the Auditors' independence).

b. Ensure that the Auditors prepare and deliver, at least annually, a written statement delineating all relationships between the Auditors and the Company, consistent with Independence Standards Board Standard 1. The Committee shall actively engage in a dialogue with the Auditors with respect to any disclosed relationships or services that, in the view of the Committee, may impact the objectivity and independence of the Auditors. If the Committee determines that further inquiry is advisable, the Committee shall take appropriate action in response to the Auditors' report to satisfy itself of the Auditors' independence.

c. Confirm with the Auditors that the Auditors are in compliance with the partner rotation requirements established by the SEC.

d. If applicable, consider whether the Auditors' provision of non-audit services to the Company is compatible with maintaining the independence of the Auditors.

To the extent permitted by applicable law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule.

3.4. *At-Will Employment.* Nothing in the Plan or in any Award Agreement hereunder shall confer upon any Holder any right to continue in the employ of, or as a Consultant for, the Company or any Subsidiary, or as a Director of the Company, or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly reserved, to discharge any Holder at any time for any reason whatsoever, with or without cause, except to the extent expressly provided otherwise in a written employment or consulting agreement between the Holder and the Company and any Subsidiary.

(iii) Subject to Section 4.3, determine whether such Options are to be Incentive Stock Options or Non-Qualified Stock Options and whether such Options are to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code; and

(iv) Determine the terms and conditions of such Options, consistent with the Plan; *provided, however*, that the terms and conditions of Options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall include, but not be limited to, such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code.

(b) Upon the selection of an Employee or Consultant to be granted an Option, the Committee shall instruct the Secretary of the Company to issue the Option and may impose such conditions on the grant of the Option as it deems appropriate, and the Committee shall authorize one or more of the officers of the Company to prepare, execute and deliver the Award Agreement with respect to such Option.

(c) Any Incentive Stock Option granted under the Plan may be modified by the Committee, with the consent of the Holder, to disqualify such Option from treatment as an incentive stock option under Section 422 of the Code.

4.5. *Granting of Options to Independent Directors.*

(a) Subject to Section 4.5(b), the Board shall from time to time, in its absolute discretion, and subject to applicable limitations of the Plan:

(i) Determine whether to grant Options to Independent Directors, and, in the event Options are so granted, select from among the Independent Directors (including Independent Directors who have previously been granted Awards under the Plan) such of them as in its opinion should be granted Options;

(ii) Subject to the Award Limit, determine the number of shares of Common Stock to be subject to such Options granted to the selected Independent Directors; and

(iii) Determine the terms and conditions of such Options, consistent with the Plan.

(b) Upon the selection of an Independent Director to be granted an Option, and the grant of an Option to an Independent Director, the Board shall instruct the Secretary of the Company to issue the Option and may impose such conditions on the grant of the Option as it deems appropriate, and the Board shall authorize one or more officers of the Company to prepare, execute and deliver the Award Agreement with respect to such Option.

4.6. *Options in Lieu of Cash Compensation.* Options may be granted under the Plan to Employees and Consultants in lieu of cash bonuses that would otherwise be payable to such Employees and Consultants and to Independent Directors in lieu of directors' fees that would otherwise be payable to such Independent Directors, pursuant to such policies that may be adopted by the Administrator from time to time.

ARTICLE V

TERMS OF OPTIONS

5.1. *Option Price.* The price per share of the shares of Common Stock subject to each Option granted to Employees and Consultants shall be set by the Committee; *provided, however*, that such price shall be no less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted, and:

(a) in the case of Incentive Stock Options, such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code; and

(b) in the case of Incentive Stock Options granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of

Section 422 of the Code), such price shall not be less than 110% of the Fair Market Value of a share of Common Stock on the date the Option is granted (or the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code).

5.2. *Option Term.* The term of an Option granted to an Employee or Consultant shall be set by the Committee in its absolute discretion; *provided, however,* that the term shall not be more than ten (10) years from the date the Option is granted; and, *provided, further,* that, in the case of Incentive Stock Options, the term shall not be more than five (5) years from the date the Incentive Stock Option is granted if the Incentive Stock Option is granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of Section 422 of the Code). Except as limited by requirements of Section 422 of the Code and regulations and rulings thereunder applicable to Incentive Stock Options, the Committee may extend the term of any outstanding Option in connection with any Termination of Employment or Termination of Consultancy of the Holder, or amend any other term or condition of such Option relating to such a termination; *provided, however,* that the term shall not be more than ten (10) years from the date the Option is granted.

5.3. *Option Vesting*

(a) The period during which the right to exercise, in whole or in part, an Option granted to an Employee or a Consultant vests in the Holder shall be set by the Committee and the Committee may determine that an Option may not be exercised in whole or in part for a specified period after it is granted. At any time after grant of an Option, the Committee may, in its absolute discretion and subject to whatever terms and conditions it selects, accelerate the period during which an Option granted to an Employee or Consultant vests and becomes exercisable.

(b) No portion of an Option granted to an Employee or Consultant which is unexercisable at Termination of Employment or Termination of Consultancy, as applicable, shall thereafter become exercisable, except as may be otherwise provided by the Committee either in the Award Agreement or by action of the Committee following the grant of the Option.

(c) To the extent that the aggregate Fair Market Value of stock with respect to which incentive stock options (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by a Holder during any calendar year (under the Plan and all other incentive stock option plans of the Company and any parent or subsidiary corporation (within the meaning of Section 422 of the Code) of the Company), exceeds \$100,000, such Options or other options shall be treated as non-qualified stock options to the extent required by Section 422 of the Code. The rule set forth in the preceding sentence shall be applied by taking Options or other options into account in the order in which they were granted. For purposes of this Section 5.3(c), the Fair Market Value of stock shall be determined as of the time the Option or other options with respect to such stock is granted.

5.4. *Terms of Options Granted to Independent Directors.* The price per share of the shares subject to each Option granted to an Independent Director shall equal 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted. The period during which the right to exercise, in whole or in part, an Option granted to an Independent Director vests in the Holder shall be set by the Administrator and the Administrator may determine that an Option may not be exercised in whole or in part for a specified period after it is granted. The term of each Option granted to an Independent Director shall be determined by the Administrator and shall be no greater than ten (10) years from the date the Option is granted. No portion of an Option which is unexercisable at Termination of Directorship shall thereafter become exercisable. Options granted to Independent Directors under Section 4.5 shall be subject to such other terms and conditions as are determined by the Administrator.

Table of Contents

5.5. *Substitute Awards.* Notwithstanding the foregoing provisions of this Article V to the contrary, in the case of an Option that is a Substitute Award, the price per share of the shares subject to such Option may be less than the Fair Market Value per share on the date of grant, *provided*, that the excess of:

(a) the aggregate Fair Market Value (as of the date such Substitute Award is granted) of the shares subject to the Substitute Award; over

(b) the aggregate exercise price thereof; does not exceed the excess of;

(c) the aggregate fair market value (as of the time immediately preceding the transaction giving rise to the Substitute Award, such fair market value to be determined by the Administrator) of the shares of the predecessor entity that were subject to the grant assumed or substituted for by the Company; over

(d) the aggregate exercise price of such shares.

5.6. *Restrictions on Common Stock.*

The Administrator may, in its sole discretion, provide under the terms of an Option that shares of Common Stock purchased upon exercise of such Option shall be subject to repurchase from the Holder by the Company, or shall be subject to such restrictions as the Administrator shall provide, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and restrictions based on duration of employment with the Company and the Subsidiaries, Company performance and individual performance; *provided, however*, that, by action taken before or after the Common Stock is purchased upon exercise of the Option, the Administrator may, on such terms and conditions as it may determine to be appropriate, terminate the Company's repurchase right or remove any or all of the restrictions imposed by the terms of the Award Agreement. The Company's right to repurchase the Common Stock from the Holder then subject to the right shall provide that immediately upon a Termination of Employment, a Termination of Consultancy, or a Termination of Directorship, as applicable, and for such period as the Administrator shall determine, the Company shall have the right to purchase the Common Stock at a price per share equal to the price paid by the Holder for such Common Stock, or such other price as is determined by the Administrator; *provided, however*, that, in the event of a Change in Control, such right of repurchase shall terminate immediately prior to the effective date of such Change in Control. Shares of Common Stock purchased upon the exercise of an Option may not be sold, transferred or encumbered until any repurchase right and any and all restrictions are terminated or expire. The Secretary of the Company or such other escrow holder as the Administrator may appoint shall retain physical custody of each certificate representing such shares of Common Stock until the repurchase right and any and all of the restrictions imposed under the Award Agreement with respect to the shares evidenced by such certificate terminate, expire or shall have been removed. In order to enforce the restrictions imposed upon shares of Common Stock hereunder, the Administrator shall cause a legend or legends to be placed on certificates representing all shares of Common Stock that are still subject to any repurchase right or restrictions under Award Agreements, which legend or legends shall make appropriate reference to the conditions imposed thereby. If a Holder makes an election under Section 83(b) of the Code, or any successor section thereto, to be taxed with respect to the Common Stock as of the date of transfer of the Common Stock rather than as of the date or dates upon which the Holder would otherwise be taxable under Section 83(a) of the Code, the Holder shall deliver a copy of such election to the Company immediately after filing such election with the Internal Revenue Service.

ARTICLE VI

EXERCISE OF OPTIONS

6.1. *Partial Exercise.* An exercisable Option may be exercised in whole or in part. However, an Option shall not be exercisable with respect to fractional shares and the Administrator may require that, by the terms of the Option, a partial exercise be with respect to a minimum number of shares.

Table of Contents

6.2. *Manner of Exercise.* All or a portion of an exercisable Option shall be deemed exercised upon delivery of all of the following to the Secretary of the Company or his office:

(a) A written notice complying with the applicable rules established by the Administrator stating that the Option, or a portion thereof, is exercised. The notice shall be signed by the Holder or other person then entitled to exercise the Option or such portion of the Option;

(b) Such representations and documents as the Administrator, in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act and any other federal or state securities laws or regulations. The Administrator may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars;

(c) In the event that the Option shall be exercised pursuant to Section 10.1 by any person or persons other than the Holder, appropriate proof of the right of such person or persons to exercise the Option; and

(d) Full cash payment to the Secretary of the Company for the shares with respect to which the Option, or portion thereof, is exercised. However, the Administrator, may in its sole and absolute discretion (i) allow a delay in payment up to thirty (30) days from the date the Option, or portion thereof, is exercised; (ii) allow payment, in whole or in part, through the delivery of shares of Common Stock which have been owned by the Holder for at least six months, duly endorsed for transfer to the Company with a Fair Market Value on the date of delivery equal to the aggregate exercise price of the Option or exercised portion thereof; (iii) allow payment, in whole or in part, through the surrender of shares of Common Stock then issuable upon exercise of the Option having a Fair Market Value on the date of Option exercise equal to the aggregate exercise price of the Option or exercised portion thereof; (iv) allow payment, in whole or in part, through the delivery of a notice that the Holder has placed a market sell order with a broker with respect to shares of Common Stock then issuable upon exercise of the Option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the Option exercise price, *provided* that payment of such proceeds is then made to the Company upon settlement of such sale; or (v) allow payment through any combination of the consideration provided in the foregoing subparagraphs (ii), (iii) and (iv).

6.3. *Conditions to Issuance of Stock Certificates.* The Company shall not be required to issue or deliver any certificate or certificates for shares of stock purchased upon the exercise of any Option or portion thereof prior to fulfillment of all of the following conditions:

(a) The admission of such shares to listing on all stock exchanges on which such class of stock is then listed;

(b) The completion of any registration or other qualification of such shares under any state or federal law, or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body which the Administrator shall, in its absolute discretion, deem necessary or advisable;

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Administrator shall, in its absolute discretion, determine to be necessary or advisable;

(d) The lapse of such reasonable period of time following the exercise of the Option as the Administrator may establish from time to time for reasons of administrative convenience; and

(e) The receipt by the Company of full payment for such shares, including payment of any applicable withholding tax, which in the discretion of the Administrator may be in the form of consideration used by the Holder to pay for such shares under Section 6.2(d).

6.4. *Rights as Stockholders.* Holders shall not be, nor have any of the rights or privileges of, stockholders of the Company in respect of any shares purchasable upon the exercise of any part of an Option unless and until certificates representing such shares have been issued by the Company to such Holders.

Table of Contents

6.5. *Ownership and Transfer Restrictions.* The Administrator, in its absolute discretion, may impose such restrictions on the ownership and transferability of the shares purchasable upon the exercise of an Option as it deems appropriate. Any such restriction shall be set forth in the respective Award Agreement and may be referred to on the certificates evidencing such shares. The Holder shall give the Company prompt notice of any disposition of shares of Common Stock acquired by exercise of an Incentive Stock Option within (a) two years from the date of granting (including the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code) such Option to such Holder or (b) one year after the transfer of such shares to such Holder.

6.6. *Limitations on Exercise of Options Granted to Independent Directors.* No Option granted to an Independent Director may be exercised to any extent by anyone after the first to occur of the following events:

(a) The expiration of 12 months from the date of the Holder's death;

(b) The expiration of 12 months from the date of the Holder's Termination of Directorship by reason of his or her permanent and total disability (within the meaning of Section 22(e)(3) of the Code);

(c) The expiration of three months from the date of the Holder's Termination of Directorship for any reason other than such Holder's death or his or her permanent and total disability, unless the Holder dies within said three-month period; or

(d) The expiration of 10 years from the date the Option was granted.

6.7. *Additional Limitations on Exercise of Options.* Holders may be required to comply with any timing or other restrictions with respect to the settlement or exercise of an Option, including a window-period limitation, as may be imposed in the discretion of the Administrator.

ARTICLE VII

AWARD OF RESTRICTED STOCK

7.1. *Eligibility.* Subject to the Award Limit, Restricted Stock may be awarded to any Employee or Consultant who the Committee determines should receive such an Award.

7.2. *Award of Restricted Stock.*

(a) The Committee may from time to time, in its absolute discretion:

(i) Select from among the Employees or Consultants (including Employees or Consultants who have previously been granted other Awards under the Plan) such of them as in its opinion should be awarded Restricted Stock; and

(ii) Determine the purchase price, if any, and other terms and conditions applicable to such Restricted Stock, consistent with the Plan.

(b) The Committee shall establish the purchase price, if any, and form of payment for Restricted Stock; *provided, however,* that such purchase price shall be no less than the par value of the Common Stock to be purchased, unless otherwise permitted by applicable state law. In all cases, legal consideration shall be required for each issuance of Restricted Stock.

(c) Upon the selection of an Employee or Consultant to be awarded Restricted Stock, the Committee shall instruct the Secretary of the Company to issue such Restricted Stock and may impose such conditions on the issuance of such Restricted Stock as it deems appropriate, and the Committee shall authorize one or more officers of the Company to prepare, execute and deliver the Award Agreement with respect to such Restricted Stock.

7.3. *Rights as Stockholders.* Subject to Section 7.4, upon delivery of the shares of Restricted Stock to the escrow holder pursuant to Section 7.6, the Holder shall have, unless otherwise provided by the Committee, all the rights of a stockholder with respect to said shares, subject to the restrictions in his Award Agreement,

including the right to receive all dividends and other distributions paid or made with respect to the shares; *provided, however*, that in the discretion of the Committee, any extraordinary distributions with respect to the Common Stock shall be subject to the restrictions set forth in Section 7.4.

7.4. *Restriction.* All shares of Restricted Stock issued under the Plan (including any shares received by holders thereof with respect to shares of Restricted Stock as a result of stock dividends, stock splits or any other form of recapitalization) shall, in the terms of each individual Award Agreement, be subject to such restrictions as the Committee shall provide, if any, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and restrictions based on duration of employment with the Company, Company performance and individual performance; *provided, however*, that, except with respect to shares of Restricted Stock granted to Section 162(m) Employees, by action taken after the Restricted Stock is issued, the Committee may, on such terms and conditions as it may determine to be appropriate, remove any or all of the restrictions imposed by the terms of the Award Agreement. Restricted Stock may not be sold or encumbered until all restrictions are terminated or expire. If no consideration was paid by the Holder upon issuance, a Holder's rights in invested Restricted Stock shall lapse, and such Restricted Stock shall be surrendered to the Company without consideration, upon Termination of Employment or, if applicable, upon Termination of Consultancy with the Company; *provided, however*, that the Committee in its sole and absolute discretion may provide that such rights shall not lapse in the event of a Termination of Employment following a change of ownership or control (within the meaning of Treasury Regulation Section 1.162-27(e)(2)(v) or any successor regulation thereto) of the Company or because of the Holder's death or disability; *provided, further*, except with respect to shares of Restricted Stock granted to Section 162(m) Employees, the Committee in its sole and absolute discretion may provide that no such lapse or surrender shall occur in the event of a Termination of Employment, or a Termination of Consultancy, without cause or following any Change in Control of the Company or because of the Holder's retirement, or otherwise.

7.5. *Repurchase of Restricted Stock.* The Committee shall provide in the terms of each individual Award Agreement that the Company shall have the right to repurchase from the Holder the Restricted Stock then subject to restrictions under the Award Agreement immediately upon a Termination of Employment or, if applicable, upon a Termination of Consultancy between the Holder and the Company, at a cash price per share equal to the price paid by the Holder for such Restricted Stock; *provided, however*, that the Committee in its sole and absolute discretion may provide that no such right of repurchase shall exist in the event of a Termination of Employment following a change of ownership or control (within the meaning of Treasury Regulation Section 1.162-27(e)(2)(v) or any successor regulation thereto) of the Company or because of the Holder's death or disability; *provided, further*, that, except with respect to shares of Restricted Stock granted to Section 162(m) Employees, the Committee in its sole and absolute discretion may provide that no such right of repurchase shall exist in the event of a Termination of Employment or a Termination of Consultancy without cause or following any Change in Control of the Company or because of the Holder's retirement, or otherwise.

7.6. *Escrow.* The Secretary of the Company or such other escrow holder as the Committee may appoint shall retain physical custody of each certificate representing Restricted Stock until all of the restrictions imposed under the Award Agreement with respect to the shares evidenced by such certificate expire or shall have been removed.

7.7. *Legend.* In order to enforce the restrictions imposed upon shares of Restricted Stock hereunder, the Committee shall cause a legend or legends to be placed on certificates representing all shares of Restricted Stock that are still subject to restrictions under Award Agreements, which legend or legends shall make appropriate reference to the conditions imposed thereby.

7.8. *Section 83(b) Election.* If a Holder makes an election under Section 83(b) of the Code, or any successor section thereto, to be taxed with respect to the Restricted Stock as of the date of transfer of the Restricted Stock rather than as of the date or dates upon which the Holder would otherwise be taxable under Section 83(a) of the Code, the Holder shall deliver a copy of such election to the Company immediately after filing such election with the Internal Revenue Service.

Table of Contents

7.9. *Restricted Stock in Lieu of Cash Compensation.* Notwithstanding anything herein to the contrary, shares of Restricted Stock may be granted to Independent Directors in lieu of directors' fees which would otherwise be payable to such Independent Directors pursuant to such policies as may be adopted by the Administrator from time to time.

ARTICLE VIII

STOCK APPRECIATION RIGHTS

8.1. *Grant of Stock Appreciation Rights.* A Stock Appreciation Right may be granted to any Employee or Consultant selected by the Committee. A Stock Appreciation Right may be granted (a) in connection and simultaneously with the grant of an Option, (b) with respect to a previously granted Option, or (c) independent of an Option. A Stock Appreciation Right shall be subject to such terms and conditions not inconsistent with the Plan as the Committee shall impose and shall be evidenced by an Award Agreement.

8.2. *Coupled Stock Appreciation Rights.*

(a) A Coupled Stock Appreciation Right (CSAR) shall be related to a particular Option and shall be exercisable only when and to the extent the related Option is exercisable.

(b) A CSAR may be granted to the Holder for no more than the number of shares subject to the simultaneously or previously granted Option to which it is coupled.

(c) A CSAR shall entitle the Holder (or other person entitled to exercise the Option pursuant to the Plan) to surrender to the Company unexercised a portion of the Option to which the CSAR relates (to the extent then exercisable pursuant to its terms) and to receive from the Company in exchange therefor an amount determined by multiplying the difference obtained by subtracting the Option exercise price from the Fair Market Value of a share of Common Stock on the date of exercise of the CSAR by the number of shares of Common Stock with respect to which the CSAR shall have been exercised, subject to any limitations the Committee may impose.

8.3. *Independent Stock Appreciation Rights.*

(a) An Independent Stock Appreciation Right (ISAR) shall be unrelated to any Option and shall have a term set by the Committee. An ISAR shall be exercisable in such installments as the Committee may determine. An ISAR shall cover such number of shares of Common Stock as the Committee may determine. The exercise price per share of Common Stock subject to each ISAR shall be set by the Committee. An ISAR is exercisable only while the Holder is an Employee or Consultant; *provided* that the Committee may determine that the ISAR may be exercised subsequent to Termination of Employment or Termination of Consultancy without cause, or following a Change in Control of the Company, or because of the Holder's retirement, death or disability, or otherwise.

(b) An ISAR shall entitle the Holder (or other person entitled to exercise the ISAR pursuant to the Plan) to exercise all or a specified portion of the ISAR (to the extent then exercisable pursuant to its terms) and to receive from the Company an amount determined by multiplying the difference obtained by subtracting the exercise price per share of the ISAR from the Fair Market Value of a share of Common Stock on the date of exercise of the ISAR by the number of shares of Common Stock with respect to which the ISAR shall have been exercised, subject to any limitations the Committee may impose.

8.4. *Payment and Limitations on Exercise.*

(a) Payment of the amounts determined under Section 8.2(c) and 8.3(b) above shall be in cash, in Common Stock (based on its Fair Market Value as of the date the Stock Appreciation Right is exercised) or a combination of both, as determined by the Committee. To the extent such payment is effected in Common Stock it shall be made subject to satisfaction of all provisions of Section 6.3 above pertaining to Options.

Table of Contents

(b) Holders of Stock Appreciation Rights may be required to comply with any timing or other restrictions with respect to the settlement or exercise of a Stock Appreciation Right, including a window-period limitation, as may be imposed in the discretion of the Committee.

ARTICLE IX

ADMINISTRATION

9.1. *Committee.* The Committee shall be the Compensation Committee of the Board, unless the Board specifically assumes the functions of the Committee or appoints another committee to assume such functions.

9.2. *Duties and Powers of Committee.* It shall be the duty of the Committee to conduct the general administration of the Plan in accordance with its provisions. The Committee shall have the power to interpret the Plan and the Award Agreements, and to adopt such rules for the administration, interpretation, and application of the Plan as are consistent therewith, to interpret, amend or revoke any such rules and to amend any Award Agreement provided that the rights or obligations of the Holder of the Award that is the subject of any such Award Agreement are not affected adversely. Any such interpretations and rules with respect to Incentive Stock Options shall be consistent with the provisions of Section 422 of the Code. In its absolute discretion, the Board may at any time and from time to time assume any and all rights and duties of the Committee under the Plan, except with respect to matters which under Rule 16b-3 or Section 162(m) of the Code, or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee. Notwithstanding the foregoing, the full Board, acting by a majority of its members in office, shall conduct the general administration of the Plan with respect to Options granted to Independent Directors.

9.3. *Majority Rule; Unanimous Written Consent.* The Committee shall act by a majority of its members in attendance at a meeting at which a quorum is present or by a memorandum or other written instrument signed by all members of the Committee.

9.4. *Compensation; Professional Assistance; Good Faith Actions.* Members of the Committee shall receive such compensation, if any, for their services as members as may be determined by the Board. All expenses and liabilities which members of the Committee incur in connection with the administration of the Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers, or other persons. The Committee, the Company and the Company's officers and Directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee or the Board in good faith shall be final and binding upon all Holders, the Company and all other interested persons. No members of the Committee or Board shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or Awards, and all members of the Committee and the Board shall be fully protected by the Company in respect of any such action, determination or interpretation.

ARTICLE X

MISCELLANEOUS PROVISIONS

10.1. *Not Transferable.* No Award under the Plan may be sold, pledged, assigned or transferred in any manner other than by will or the laws of descent and distribution or, subject to the consent of the Administrator, pursuant to a DRO, unless and until such Award has been exercised, or the shares underlying such Award have been issued, and all restrictions applicable to such shares have lapsed. No Award or interest or right therein shall be liable for the debts, contracts or engagements of the Holder or his successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect, except to the extent that such disposition is permitted by the preceding sentence.

Table of Contents

During the lifetime of the Holder, only he may exercise an Option or other Award (or any portion thereof) granted to him under the Plan, unless it has been disposed of with the consent of the Administrator pursuant to a DRO. After the death of the Holder, any exercisable portion of an Option or other Award may, prior to the time when such portion becomes unexercisable under the Plan or the applicable Award Agreement, be exercised by his personal representative or by any person empowered to do so under the deceased Holder's will or under the then applicable laws of descent and distribution.

Notwithstanding the foregoing provisions of this Section 10.1, the Administrator, in its sole discretion, may determine to grant a Non-Qualified Stock Option which, by its terms as set forth in the applicable Award Agreement, may be transferred by the Holder, in writing and with prior written notice to the Administrator, to any one or more Permitted Transferees (as defined below), subject to the following terms and conditions: (a) a Non-Qualified Stock Option transferred to a Permitted Transferee shall not be assignable or transferable by the Permitted Transferee other than by will or the laws of descent and distribution; (b) any Non-Qualified Stock Option which is transferred to a Permitted Transferee shall continue to be subject to all the terms and conditions of the Non-Qualified Stock Option as applicable to the original Holder (other than the ability to further transfer the Non-Qualified Stock Option); and (c) the Holder and the Permitted Transferee shall execute any and all documents requested by the Administrator, including, without limitation, documents to: (i) confirm the status of the transferee as a Permitted Transferee, (ii) satisfy any requirements for an exemption for the transfer under applicable federal and state securities laws and (iii) evidence the transfer. For purposes of this Section, Permitted Transferee shall mean, with respect to a Holder, any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the Holder's household (other than a tenant or employee), a trust in which these persons (or the Holder) control the management of assets, and any other entity in which these persons (or the Holder) owns more than fifty percent (50%) of the voting interests, or any other transferee specifically approved by the Administrator after taking into account any state or federal tax or securities laws applicable to transferable Non-Qualified Stock Options.

10.2. *Amendment, Suspension or Termination of the Plan.*

(a) Except as otherwise provided in this Section 10.2, the Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board. However, without approval of the Company's stockholders given within twelve months before or after the action by the Board, no action of the Board may, except as provided in Section 10.3, increase the limits imposed in Section 2.1 on the maximum number of shares that may be issued under the Plan.

(b) No amendment, suspension or termination of the Plan shall, without the consent of the Holder alter or impair any rights or obligations under any Award theretofore granted or awarded, unless the Award itself otherwise expressly so provides.

(c) No Awards may be granted or awarded during any period of suspension or after termination of the Plan, and in no event may any Option be granted under the Plan after the first to occur of the following events:

(i) The expiration of ten years from the date the Plan is adopted by the Board; or

(ii) The expiration of ten years from the date the Plan is approved by the Company's stockholders under Section 10.5.

10.3. *Changes in Common Stock or Assets of the Company, Acquisition or Liquidation of the Company and Other Corporate Events.*

(a) Subject to Section 10.3(d), in the event that the Administrator determines that any dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property), recapitalization, reclassification, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, liquidation, dissolution, or sale, transfer, exchange or other disposition of all or substantially all of the assets of the Company, or exchange of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase Common Stock or other securities of the Company,

or other similar corporate transaction or event, in the Administrator's sole discretion, affects the Common Stock such that an adjustment is determined by the Administrator to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Award, then the Administrator shall, in such manner as it may deem equitable, adjust any or all of:

(i) the number and kind of shares of Common Stock (or other securities or property) with respect to which Awards may be granted or awarded (including, but not limited to, adjustments of the limitations in Section 2.1 on the maximum number and kind of shares which may be issued and adjustments of the Award Limit);

(ii) the number and kind of shares of Common Stock (or other securities or property) subject to outstanding Awards; and

(iii) the grant or the exercise price with respect to any Award.

(b) Subject to Sections 10.3(d) and 10.4, in the event of any transaction or event described in Section 10.3(a) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations, or accounting principles, the Administrator, in its sole and absolute discretion, and on such terms and conditions as it deems appropriate, either by the terms of the Award or by action taken prior to the occurrence of such transaction or event (any such action applied to Employees and former Employees to be applied uniformly) and either automatically or upon the Holder's request, is hereby authorized to take any one or more of the following actions whenever the Administrator determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any Award under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(i) to provide for either the cancellation of any such Award for an amount of cash equal to the amount that could have been attained upon the exercise of such Award or realization of the Holder's rights had such Award been currently exercisable or payable or fully vested, or the replacement of such Award with other rights or property selected by the Administrator in its sole discretion;

(ii) to provide that the Award cannot vest, be exercised or become payable after such event;

(iii) to provide that such Award shall be exercisable as to all shares covered thereby, notwithstanding anything to the contrary in Section 5.3 or 5.4 or the provisions of such Award;

(iv) to provide that such Award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;

(v) to make adjustments in the number and type of shares of Common Stock (or other securities or property) subject to outstanding Awards, and in the number and kind of outstanding Restricted Stock, and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding Awards and Awards which may be granted in the future; and

(vi) to provide that, for a specified period of time prior to such event, the restrictions imposed under an Award Agreement upon some or all shares of Restricted Stock or Common Stock may be terminated and some or all shares of such Restricted Stock or Common Stock may cease to be subject to repurchase after such event.

(c) Subject to Sections 10.3(d), 3.2 and 3.3, the Administrator may, in its discretion, include such further provisions and limitations in any Award, Award Agreement or certificate, as it may deem equitable and in the best interests of the Company.

(d) With respect to Awards that are granted to Section 162(m) Employees and are intended to qualify as performance-based compensation under Section 162(m)(4)(C), no adjustment or action described in this

Table of Contents

Section 10.3 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause such Award to fail to so qualify under Section 162(m)(4)(C) or any successor provisions thereto. No adjustment or action described in this Section 10.3 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause the Plan to violate Section 422(b)(1) of the Code. Furthermore, no such adjustment or action shall be authorized to the extent such adjustment or action would result in short-swing profits liability under Section 16 or violate the exemptive conditions of Rule 16b-3 unless the Administrator determines that the Award is not to comply with such exemptive conditions. The number of shares of Common Stock subject to any Award shall always be rounded to the next whole number.

(e) The existence of the Plan, any Award Agreement and the Awards granted hereunder shall not affect or restrict in any way the right or power of the Company or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

10.4. *Change in Control.* Notwithstanding any other provision of the Plan, in the event of a Change in Control, each outstanding Award shall, immediately prior to the effective date of the Change in Control, automatically become fully exercisable for all of the shares of Common Stock at the time subject to such Award and may be exercised for any or all of those shares as fully-vested shares of Common Stock.

10.5. *Approval of Plan by Stockholders.* The Plan shall be submitted for the approval of the Company's stockholders within twelve months after the date of the Board's initial adoption of the Plan. Awards may be granted or awarded prior to such stockholder approval; *provided, however,* that such Awards shall not be exercisable nor shall such Awards vest prior to the time when the Plan is approved by the stockholders; and *provided, further,* that if such approval has not been obtained at the end of said twelve-month period, all Awards previously granted or awarded under the Plan shall thereupon be canceled and become null and void. In addition, if the Board determines that Awards other than Options or Stock Appreciation Rights which may be granted to Section 162(m) Employees should continue to be eligible to qualify as performance-based compensation under Section 162(m)(4)(C) of the Code, the Performance Criteria must be disclosed to and approved by the Company's stockholders no later than the first stockholder meeting that occurs in the fifth year following the year in which the Company's stockholders previously approved the Performance Criteria.

10.6. *Tax Withholding.* The Company shall be entitled to require payment in cash or deduction from other compensation payable to each Holder of any sums required by federal, state or local tax law to be withheld with respect to the issuance, vesting, exercise or payment of any Award. The Administrator may in its discretion and in satisfaction of the foregoing requirement allow such Holder to elect to have the Company withhold shares of Common Stock otherwise issuable under such Award (or allow the return of shares of Common Stock) having a Fair Market Value equal to the sums required to be withheld. Notwithstanding any other provision of the Plan, the number of shares of Common Stock which may be withheld with respect to the issuance, vesting, exercise or payment of any Award (or which may be repurchased from the Holder of such Award within six months after such shares of Common Stock were acquired by the Holder from the Company) in order to satisfy the Holder's federal and state income and payroll tax liabilities with respect to the issuance, vesting, exercise or payment of the Award shall be limited to the number of shares which have a Fair Market Value on the date of withholding or repurchase equal to the aggregate amount of such liabilities based on the minimum statutory withholding rates for federal and state tax income and payroll tax purposes that are applicable to such supplemental taxable income.

10.7. *Forfeiture Provisions.* Subject to the limitations of applicable law, pursuant to its general authority to determine the terms and conditions applicable to Awards under the Plan, the Administrator shall have the right to provide, in the terms of Awards made under the Plan, or to require a Holder to agree by

separate written instrument, that if (a)(i) the Holder at any time, or during a specified time period, engages in any activity in competition with the Company, or which is inimical, contrary or harmful to the interests of the Company, as further defined by the Administrator or (ii) the Holder incurs a Termination of Employment, Termination of Consultancy or Termination of Directorship for cause, then (b) (i) any proceeds, gains or other economic benefit actually or constructively received by the Holder upon any exercise of the Award, or upon the receipt or resale of any Common Stock underlying any Award, must be paid to the Company, and (ii) the Award shall terminate and any unexercised portion of the Award (whether or not vested) shall be forfeited.

10.8. *Effect of Plan upon Options and Compensation Plans.* The adoption of the Plan shall not affect any other compensation or incentive plans in effect for the Company or any Subsidiary. Nothing in the Plan shall be construed to limit the right of the Company (a) to establish any other forms of incentives or compensation for Employees, Directors or Consultants of the Company or any Subsidiary or (b) to grant or assume options or other rights or awards otherwise than under the Plan in connection with any proper corporate purpose including but not by way of limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, partnership, limited liability company, firm or association.

10.9. *Compliance with Laws.* The Plan, the granting and vesting of Awards under the Plan and the issuance and delivery of shares of Common Stock and the payment of money under the Plan or under Awards granted or awarded hereunder are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. Any securities delivered under the Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Company, provide such assurances and representations to the Company as the Company may deem necessary or desirable to assure compliance with all applicable legal requirements. To the extent permitted by applicable law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

10.10. *Inability to Obtain Authority.* The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of share of Common Stock hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such shares of Common Stock as to which such requisite authority shall not have been obtained.

10.11. *Reservation of Shares.* The Company, during the term of this Plan, shall at all times reserve and keep available such number of shares of Common Stock as shall be sufficient to satisfy the requirements of the Plan.

10.12. *Titles.* Titles are provided herein for convenience only and are not to serve as a basis for interpretation or construction of the Plan.

10.13. *Governing Law.* The Plan and any agreements hereunder shall be administered, interpreted and enforced under the internal laws of the State of California without regard to conflicts of laws thereof.

Each Employee who is an Eligible Employee on the first day of an Offering Period shall be granted an Option with respect to such Offering Period. The Date of Grant of such an Option shall be the first day of the Offering Period with respect to which such Option was granted. Each Option shall expire on the Date of Exercise immediately after the automatic exercise of the Option in accordance with Section 4(a), unless such Option terminates earlier in accordance with Section 5, 6 or 9. The number of shares of Stock subject to an Eligible Employee's Option shall equal the cumulative payroll deductions authorized by such Eligible Employee in accordance with subsection (b) of this Section 3 for the Option Period (if any), divided by the Option Price; *provided, however*, that the number of shares of Stock subject to such Option shall not exceed 100,000 shares; and, *provided, further*, that the number of shares of Stock subject to such Option shall not exceed the number determined in accordance with subsection (c). An Eligible Employee may designate any whole percentage of Base Compensation which is not to be less than one percent (1%) and not more than fifteen percent (15%). An Eligible Employee's Base Compensation payable during an Offering Period shall be reduced each Payday through payroll deduction in an amount equal to the percentage specified in the Authorization, and such amount shall be credited to such Eligible Employee's Account under the Plan. An Eligible Employee may change the percentage of Base Compensation designated in the Authorization, subject to the limits of this subsection (b), or may suspend the Authorization, at any time during the Offering Period, provided, that any such change or suspension shall become effective not later than ten (10) days after receipt by the Company. Any Authorization shall remain in effect for each subsequent Offering Period, unless the Eligible Employee submits a new Authorization pursuant to this subsection (b), withdraws from the Plan pursuant to Section 5, ceases to be an Eligible Employee as defined in Section 1(l) or terminates employment as provided in Section 6.

(c) *\$25,000 Limitation.* No Eligible Employee shall be granted an Option under the Plan which permits his or her rights to purchase shares of Stock under the Plan, together with other options to purchase shares of Stock or other stock under all other employee stock purchase plans of the Company, any Parent Corporation or any Subsidiary Corporation subject to Section 423 of the Code, to accrue at a rate which exceeds \$25,000 of fair market value of such shares of Stock or other stock (determined at the time the Option or other option is granted) for each calendar year in which the Option is outstanding at any time. For purpose of the limitation imposed by this subsection, (i) the right to purchase shares of Stock or other stock under an Option or other option accrues when the Option or other option (or any portion thereof) first becomes exercisable during the calendar year, (ii) the right to purchase shares of Stock or other stock under an Option or other option accrues at the rate provided in the Option or other option, but in no case may such rate exceed \$25,000 of the fair market value of such Stock or other stock (determined at the time such Option or other option is granted) for any one calendar year, and (iii) a right to purchase Stock or other stock which has accrued under an Option or other option may not be carried over to any Option or other option. This limitation shall be applied in accordance with Section 423(b)(8) of the Code and the Treasury Regulations thereunder.

(d) *Leaves of Absence.* During a leave of absence meeting the requirements of Treasury Regulation Section 1.421-7(h)(2), an Employee may continue to participate in the Plan by making cash payments to the Company on each Payday equal to the amount of the Employee's payroll deduction under the Plan for the Payday immediately preceding the first day of such Employee's leave of absence.

4. *Exercise of Options; Option Price.*

(a) *Option Exercise.* Each Employee automatically and without any act on such Employee's part shall be deemed to have exercised such Employee's Option on the Date of Exercise to the extent that the balance then in the Employee's Account is sufficient to purchase, at the Option Price, whole shares of the Stock subject to the Option. No fractional shares may be purchased upon exercise of the Option. The balance of the amount credited to the Account of each Employee that has not been applied to the purchase of shares of Stock on the Date of Exercise as a result of the prohibition on the purchase of fractional shares under the Plan shall remain in such Account and shall be applied to subsequent Option exercises, subject to the terms of Sections 4(d) and 5(a). If any additional amount remains credited to the Account of an Employee following the exercise of the Option, the Company or Subsidiary Corporation employing the Employee shall immediately pay to the Employee the amount credited to the Employee's Account in one lump sum payment in cash, without any interest thereon.

(b) *Option Price Defined.* The option price per share of Stock (the Option Price) to be paid by an Employee upon the exercise of the Employee's Option shall be equal to 85% of the lesser of: (i) the Fair Market Value of a share of Stock on the Date of Exercise and (ii) the Fair Market Value of a share of Stock on the Date of Grant. The Fair Market Value of a share of Stock as of a given date shall be (a) the closing price of a share of Stock on the principal stock exchange or the Nasdaq National Market or Nasdaq SmallCap Market on which shares of Stock are then outstanding, if any (or as reported on any composite index which includes such principal stock exchange or Nasdaq Market), on the trading day previous to such date, or if shares were not traded on the trading day previous to such date, then on the immediately preceding date on which a trade occurred, (b) if Stock is not traded on an exchange or Nasdaq but is quoted on a quotation system other than Nasdaq, the mean between the closing representative bid and asked prices for the Stock on the trading day previous to such date as reported by such quotation system, or (c) if Stock is not publicly traded on an exchange or Nasdaq and not quoted on a quotation system other than Nasdaq, the Fair Market Value of a share of Stock as established by the Committee acting in good faith.

(c) *Book Entry/ Share Certificates.* As soon as reasonably practicable after the purchase of whole shares of Stock upon the exercise of an Option by an Employee, the Company shall issue the shares of Stock to such Employee and such shares shall be held in the custody of the Agent for the benefit of the Employee. The Company or the Agent shall make an entry on its books and records indicating that the shares of Stock purchased in connection with such exercise have been duly issued as of that date to such Employee. An Employee shall have the right at any time to request in writing a certificate or certificates for all or a portion of the whole shares of Stock purchased hereunder. Upon receipt of an Employee's written request for any such certificate, the Company shall (or shall cause the Agent to), within ten (10) days or, if later, as soon as reasonably practicable after the date of such receipt, deliver any such certificate to the Employee. Nothing in this subsection (c) shall prohibit the sale or other disposition by an Employee of shares of Stock purchased hereunder. In the event the Company is required to obtain authority from any commission or agency to issue any certificate or certificates for all or a portion of the whole shares of Stock purchased hereunder, the Company shall seek to obtain such authority as soon as reasonably practicable.

(d) *Pro Rata Allocations.* If the total number of shares of Stock for which Options are to be exercised on any date exceeds the number of shares of Stock remaining unsold under the Plan (after deduction for all shares of Stock for which Options have theretofore been exercised), the Committee shall make a pro rata allocation of the available remaining shares of Stock in as nearly a uniform manner as shall be practicable and the balance of the amount credited to the Account of each Employee which has not been applied to the purchase of shares of Stock shall be paid to such Employee in one lump sum in cash within thirty (30) days after the Date of Exercise, without any interest thereon.

(e) *Information Statement.* The Company shall provide each Employee whose Option is exercised with an information statement in accordance with Section 6039(a) of the Code and the Treasury Regulations thereunder. The Company shall maintain a procedure for identifying certificates of shares of Stock sold upon the exercise of Options in accordance with Section 6039(b) of the Code.

5. *Withdrawal from the Plan.*

(a) *Withdrawal Election.* An Employee may withdraw from participation under the Plan at any time, except that an Employee may not withdraw during the last ten (10) days of any Option Period. An Employee electing to withdraw from the Plan must deliver to the Company a notice of withdrawal in a form prepared by the Committee (the *Withdrawal Election*) not later than ten (10) days prior to the Date of Exercise for such Option Period. Upon receipt of an Employee's *Withdrawal Election*, the Company or Subsidiary Corporation employing the Employee shall pay to the Employee the amount credited to the Employee's Account in one lump sum payment in cash, without any interest thereon, and subject to Section 4(c), at the Employee's request the Company shall (or shall cause the Agent to) deliver to the Employee certificates for any whole shares of Stock previously purchased by the Employee (the value of any fractional share to be returned to such Employee by check), in either case within thirty (30) days of receipt of the Employee's *Withdrawal Election*. Upon receipt of an Employee's *Withdrawal Election* by the Company, the Employee shall cease to participate in the Plan and the Employee's Option for such Option Period shall terminate.

(b) *Eligibility following Withdrawal.* An Employee who withdraws from the Plan with respect to an Option Period, and who is still an Eligible Employee, may elect to participate again in the Plan for any subsequent Offering Period by delivering to the Company an Authorization not later than ten (10) days before the first day of the Offering Period pursuant to Section 3(b).

6. *Termination of Employment.*

(a) *Termination of Employment Other than by Death.* If the employment of an Employee with the Company and the Subsidiary Corporation terminates other than by death, the Employee's participation in the Plan automatically and without any act on the Employee's part shall terminate as of the date of the termination of the Employee's employment. As soon as practicable after such a termination of employment, the Company or Subsidiary Corporation employing the Employee shall pay to the Employee the amount credited to the Employee's Account in one lump sum payment in cash, without any interest thereon, and subject to Section 4(c), at the Employee's request the Company shall (or shall cause the Agent to) deliver to the Employee certificates for any whole shares of Stock previously purchased by the Employee (the value of any fractional share to be returned to such Employee by check). Upon an Employee's termination of employment covered by this subsection, the Employee's Authorization and Option under the Plan shall terminate.

(b) *Termination by Death.* If the employment of an Employee is terminated by the Employee's death, the executor of the Employee's will or the administrator of the Employee's estate, by written notice to the Company, may request payment of the balance in the Employee's Account, in which event the Company or Subsidiary Corporation employing the Employee shall pay the amount credited to the Employee's Account in one lump sum payment in cash, without any interest thereon, and subject to Section 4(c), at the Employee's request the Company shall (or shall cause the Agent to) deliver to the Employee certificates for any whole shares of Stock previously purchased by the Employee (the value of any fractional share to be returned to such Employee by check) as soon as practicable after receiving such notice. Upon receipt of such notice, the Employee's Authorization and Option under the Plan shall terminate. If the Company does not receive such notice prior to the next Date of Exercise, the Employee's Option shall be deemed to have been exercised on such Date of Exercise.

7. *Restriction upon Assignment.* An Option granted under the Plan shall not be transferable other than by will or the laws of descent and distribution, and is exercisable during the Employee's lifetime only by the Employee. Except as provided in Section 6(b) hereof, an Option may not be exercised to any extent except by the Employee. The Company shall not recognize and shall be under no duty to recognize any assignment or alienation of the Employee's interest in the Plan, the Employee's Option or any rights under the Employee's Option.

8. *No Rights of Stockholders until Shares Issued.* With respect to shares of Stock subject to an Option, an Employee shall not be deemed to be a stockholder of the Company, and the Employee shall not have any of the rights or privileges of a stockholder, until such shares have been issued to the Employee or his

or her nominee following exercise of the Employee's Option. No adjustments shall be made for dividends (ordinary or extraordinary, whether in cash securities, or other property) or distribution or other rights for which the record date occurs prior to the date of such issuance, except as otherwise expressly provided herein.

9. *Changes in the Stock and Corporate Events; Adjustment of Options.*

(a) Subject to Section 9(c), in the event that the Committee, in its sole discretion, determines that any dividend or other distribution (whether in the form of cash, Stock, other securities, or other property), recapitalization, reclassification, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, liquidation, dissolution, or sale, transfer, exchange or other disposition of all or substantially all of the assets of the Company, or exchange of Stock or other securities of the Company, issuance of warrants or other rights to purchase Stock or other securities of the Company, or other similar corporate transaction or event, affects the Stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Option, then the Committee shall, in such manner as it may deem equitable, adjust any or all of:

(i) the number and kind of shares of Stock (or other securities or property) with respect to which Options may be granted (including, but not limited to, adjustments of the limitation in Section 3(a) on the maximum number of shares of Stock which may be purchased),

(ii) the number and kind of shares of Stock (or other securities or property) subject to outstanding Options, and

(iii) the exercise price with respect to any Option.

(b) Subject to Section 9(c), in the event of any transaction or event described in Section 9(a) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations, or accounting principles, the Committee, in its sole discretion, and on such terms and conditions as it deems appropriate, either by the terms of the Option or by action taken prior to the occurrence of such transaction or event and either automatically or upon the Employee's request, is hereby authorized to take any one or more of the following actions whenever the Committee determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any Option under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(i) To provide that all Options outstanding shall terminate without being exercised on such date as the Committee determines in its sole discretion;

(ii) To provide that all Options outstanding shall be exercised prior to the Date of Exercise of such Options on such date as the Committee determines in its sole discretion and such Options shall terminate immediately after such exercises.

(iii) To provide for either the purchase of any Option outstanding for an amount of cash equal to the amount that could have been obtained upon the exercise of such Option had such Option been currently exercisable, or the replacement of such Option with other rights or property selected by the Committee in its sole discretion;

(iv) To provide that such Option be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices; and

(v) To make adjustments in the number and type of shares of Stock (or other securities or property) subject to outstanding Options, or in the terms and conditions of outstanding Options, or Options which may be granted in the future.

Table of Contents

(c) No adjustment or action described in this Section 9 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause the Plan to fail to satisfy the requirements of Section 423 of the Code. Furthermore, no such adjustment or action shall be authorized to the extent such adjustment or action would result in short-swing profits liability under Section 16 of the Securities and Exchange Act of 1934, as amended, or violate the exemptive conditions of Rule 16b-3 unless the Committee determines that the Option is not to comply with such exemptive conditions. The number of shares of Stock subject to any Option shall always be rounded to the next whole number.

(d) The existence of the Plan and the Options granted hereunder shall not affect or restrict in any way the right or power of the Company or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Stock or the rights thereof of which are convertible into or exchangeable for Stock, or the dissolution or liquidation of the company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

10. *Use of Funds; No Interest Paid.* All funds received or held by the Company under the Plan shall be included in the general funds of the Company free of any trust or other restriction and may be used for any corporate purpose. No interest will be paid to any Employee or credited to any Employee's Account with respect to such funds.

11. *Dividends.*

(a) Cash dividends and other cash distributions received by the Agent with respect to Stock held in its custody hereunder will be credited to each Employee's Account in accordance with such Employee's interests in such Stock, and shall be applied, as soon as practicable after the receipt thereof by the Agent, to the purchase in the open market at prevailing market prices of the number of whole shares of Stock that may be purchased with such funds (after deductions of any bank service fees, brokerage charges, transfer taxes, and any other transaction fee, expense or cost payable in connection with the purchase of such shares of Stock and not otherwise paid by the Employer.)

(b) All purchases of shares of Stock made pursuant to this Section 11 will be made in the name of the Agent or its nominee, and shall be transferred and credited to the Account(s) of the Employees to which such dividends or other distributions were credited. Dividends paid in the form of shares of Stock will be allocated by the Agent, as and when received, with respect to Stock held in its custody hereunder to the Account of each Employee in accordance with such Employee's interests in such Stock. Property, other than Stock or cash, received by the Agent as a distribution on Stock held in its custody hereunder, shall be sold by the Agent for the accounts of Employees, and the Agent shall treat the proceeds of such sale in the same manner as cash dividends received by the Agent on Stock held in its custody hereunder.

12. *Amendment, Suspension or Termination of the Plan.* Each of the Board and the Committee may amend, suspend, or terminate the Plan at any time and from time to time, including with respect to the duration or frequency of Offering Periods under the Plan, provided that approval by a vote of the holders of the outstanding shares of the Company's capital stock entitled to vote shall be required to amend the Plan to: (a) change the number of shares of Stock that may be sold pursuant to Options under the Plan, (b) alter the requirements for eligibility to participate in the Plan, or (c) in any manner that would cause the Plan to no longer be an employee stock purchase plan within the meaning of Section 423(b) of the Code.

13. *Administration by Committee; Rules and Regulations.*

(a) *Appointment of Committee.* The Committee shall consist of two or more members, and may be comprised of members of the Board or Employees. Appointment of Committee members shall be made by the Board and shall be effective upon acceptance of appointment. Committee members may resign at any time by delivering written notice to the Board. Vacancies in the Committee may be filled by the Board.

(b) *Duties and Powers of Committee.* It shall be the duty of the Committee to conduct the general administration of the Plan in accordance with its provisions. The Committee shall have the power to interpret the Plan and the terms of the Options, and to adopt such rules for the administration, interpretation and application of the Plan as are consistent therewith and to interpret, amend or revoke any such rules. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under the Plan.

(c) *Majority Rule; Unanimous Written Consent.* The Committee shall act by a majority of its members in attendance at a meeting at which a quorum is present or by a memorandum or other written instrument signed by all members of the Committee.

(d) *Compensation; Professional Assistance; Good Faith Actions.* Members of the Committee shall receive such compensation, if any, for their services as members as may be determined by the Board. All expenses and liabilities that members of the Committee incur in connection with the administration of the Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers or other persons. The Committee, the Company and the Company's officers and Directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee or the Board in good faith shall be final and binding upon all Option holders, the Company and all other interested persons. No members of the Committee or Board shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or Options, and all members of the Committee and the Board shall be fully protected by the Company to the maximum extent permitted under applicable law and the charter documents of the Company in respect of any such action, determination or interpretation.

14. *Designation of Subsidiary Corporations.* The Board shall designate from among the Subsidiary Corporations, as determined from time to time, the Subsidiary Corporation or Subsidiary Corporations whose Employees shall be eligible to be granted Options under the Plan. The Board may designate a Subsidiary Corporation, or terminate the designation of a Subsidiary Corporation, without the approval of the stockholders of the Company.

15. *No Rights as an Employee.* Nothing in the Plan shall be construed to give any person (including any Eligible Employee) the right to remain in the employ of the Company, a Parent Corporation or a Subsidiary Corporation or to affect the right of the Company, any Parent Corporation or any Subsidiary Corporation to terminate the employment of any person (including any Eligible Employee) at any time, with or without cause.

16. *Term; Approval by Stockholders.* Subject to approval by the stockholders of the Company in accordance with this Section, the Plan shall remain in effect until terminated in accordance with Section 12. No Option may be granted during any period of suspension of the Plan or after termination of the Plan. The Plan shall be submitted for the approval of the Company's stockholders within twelve (12) months after the date of the adoption of the Plan by the Board. Options may be granted prior to such stockholder approval; *provided, however*, that such Options shall not be exercisable prior to the time when the Plan is approved by the Company's stockholders; and, *provided, further*, that if such approval has not been obtained by the end of said 12-month period, all Options previously granted under the Plan shall thereupon terminate without being exercised.

17. *Effect upon Other Plans.* The adoption of the Plan shall not affect any other compensation or incentive plans in effect for the Company, any Parent Corporation or any Subsidiary Corporation. Nothing in this Plan shall be construed to limit the right of the Company, any Parent Corporation or any Subsidiary Corporation to: (a) establish any other forms of incentives or compensation for employees of the Company, any Parent Corporation or any Subsidiary Corporation, or (b) grant or assume options otherwise than under the Plan in connection with any proper corporate purpose, including, but not by way of limitation, the grant or assumption of options in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, firm or association.

18. *Conditions to Issuance of Stock Certificates.* The Company shall not be required to issue or deliver any certificate or certificates for shares of Stock purchased upon the exercise of Options prior to fulfillment of all the following conditions:

(a) The admission of such shares to listing on all stock exchanges, if any, on which is then listed;

(b) The completion of any registration or other qualification of such shares under any state or federal law or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body, which the Committee shall, in its absolute discretion, deem necessary or advisable;

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Committee shall, in its absolute discretion, determine to be necessary or advisable;

(d) The payment to the Company of all amounts which it is required to withhold under federal, state or local law upon exercise of the Option; and

(e) The lapse of such reasonable period of time following the exercise of the Option as the Committee may from time to time establish for reasons of administrative convenience.

19. *Notification of Disposition.* Each Employee shall give prompt notice to the Company of any disposition or other transfer of any shares of Stock purchased upon exercise of an Option if such disposition or transfer is made: (a) within two (2) years from the Date of Grant of the Option, or (b) within one (1) year after the transfer of such shares of Stock to such Employee upon exercise of such Option. Such notice shall specify the date of such disposition or other transfer and the amount realized, in cash, other property, assumption of indebtedness or other consideration, by the Employee in such disposition or other transfer.

20. *Notices.* Any notice to be given under the terms of the Plan to the Company shall be addressed to the Company in care of its Secretary and any notice to be given to any Employee shall be addressed to such Employee at such Employee's last address as reflected in the Company's records. By a notice given pursuant to this Section, either party may designate a different address for notices to be given to it, him or her. Any notice which is required to be given to an Employee shall, if the Employee is then deceased, be given to the Employee's personal representative if such representative has previously informed the Company of his status and address by written notice under this Section. Any notice shall have been deemed duly given if enclosed in a properly sealed envelope or wrapper addressed as aforesaid at the time it is deposited (with postage prepaid) in a post office or branch post office regularly maintained by the United States Postal Service.
