INTEGRATED DATA CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2007 AND 2006

NOTE 1 - BASIS OF INTERIM PRESENTATION

The accompanying interim period financial statements of Integrated Data Corp. ("IDC" or the "Company") are unaudited, pursuant to certain rules and regulations of the Securities and Exchange Commission, and include, in the opinion of management, all adjustments (consisting of only normal recurring accruals) necessary for a fair statement of the results for the periods indicated, which, however, are not necessarily indicative of results that may be expected for the full year. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to such rules and regulations. The financial statements should be read in conjunction with the financial statements and the notes thereto included in IDC's June 30, 2006 Form 10-KSB and other information included in IDC's Forms 8-Ks and amendments thereto as filed with the Securities and Exchange Commission.

NOTE 2 - HISTORY AND NATURE OF THE BUSINESS

Integrated Data Corp. ("IDC") is a non-operating U.S. holding company with interests in the U.S. and the Bahamas. IDC and its subsidiaries, C3 Technologies Inc. ("C3") and on January 23, 2007 the Company acquired a 20% interest in Montana Holdings Ltd ("MHL") (see Note 6), (collectively the "Company", "We", or "Our"), offer wireless communication services and resort real estate. DataWave Systems Inc. ("DataWave"), in which the Company held a 38.859% minority interest at the beginning of this reporting period, offered point-of-sale activation, financial transaction, and other services. On January 5, 2007 DataWave was wholly acquired by InComm Holdings Inc. for cash. (See Note 5 below.)

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

Fiscal Year End

The Company's fiscal year ends on June 30. In these financial statements, the three-month periods ended March 31, 2007 and 2006 are referred to as Fiscal 3Q07 and Fiscal 3Q06, respectively, and the nine-month periods ended March 31, 2006 and 2005 are referred to as Fiscal Nine Months 2007 and Fiscal Nine Months 2006, respectively.

-6-

INTEGRATED DATA CORP. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS MARCH 31, 2007 AND 2006

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Principles of Consolidation and Basis of Presentation

The consolidated financial statements include the accounts of the Company and its wholly-owned and majority owned subsidiaries. All significant inter-company transactions have been eliminated in consolidation.

In Fiscal 2006, the Company adopted the equity method of accounting to reflect its 38.859% minority interest in DataWave and retrospectively applied the equity method to Fiscal 3Q06 and Fiscal Nine Months 2006 as a change in reporting entity in accordance with SFAS No. 154, "Accounting Changes and Error Corrections". (See Note 5.)

The Company has adopted the equity method of accounting to reflect its 20.0% minority interest in MHL. Equity in earnings for its minority interests are reported in the Company's consolidated financial statements with a three month lag. The reason for this is MHL requires additional time to properly reflect its financial position and results of operations.

Foreign Currency Translation

Assets and liabilities of its foreign subsidiaries have been translated using the exchange rate at the balance sheet date. The average exchange rate for the period has been used to translate revenues and expenses. Translation adjustments are reported separately and accumulated in a separate component of equity (accumulated other comprehensive income).

Reporting Currency

The reporting currency of all subsidiary and minority interest companies is the United States Dollar ("USD").

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates based on management's knowledge and experience. Accordingly actual results may differ from those estimates.

-7-

INTEGRATED DATA CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2007 AND 2006

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of Long-Lived Assets

The Company reviews its long-lived assets, other than goodwill, for impairment whenever events or changes in circumstances indicate that the carrying value of such assets may not be recoverable. To determine recoverability, the Company compares the carrying value of the assets to the estimated future undiscounted cash flows. Measurement of an impairment loss for long-lived assets held for use is based on the fair value of the asset. Long-lived assets classified as held for sale are reported at the lower of carrying value and fair value less estimated selling costs. For assets to be disposed of other than by sale, an impairment loss is recognized when the carrying value is not recoverable and exceeds the fair value of the asset. For goodwill, an impairment loss will be recorded to the extent that the carrying amount of the goodwill exceeds its fair value. No impairment losses were identified or recorded for Fiscal Nine Months 2007.

Comprehensive Income (Loss)

The Company has adopted SFAS No. 130, "Reporting Comprehensive Income". This statement establishes rules for the reporting of comprehensive income (loss) and its components. The component of comprehensive income consists of foreign currency translation adjustments.

Net Income Per Common Share

Net income per common share is based upon the weighted average number of common shares outstanding during the period. The treasury stock method is used to calculate dilutive shares. Such method reduces the number of dilutive shares by the number of shares purchasable from the proceeds of the options and warrants assumed to be exercised. Basic and diluted weighted average shares outstanding for Fiscal 3Q07 and 3Q06 and Fiscal Nine Months 2007 and Fiscal Nine Months 2006 were the same because the effect of using the treasury stock method would be anti-dilutive.

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recently Issued Accounting Pronouncements

In June 2006, the FASB issued Interpretation No. 48 ("FIN 48"), "Accounting for Uncertainty in Income Taxes". FIN 48 prescribes detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, "Accounting for Income Taxes". Tax positions must meet a more-likely-than-not recognition threshold at the effective date to be recognized upon the adoption of FIN 48 and in subsequent periods. FIN 48 will be effective for fiscal years beginning after December 15, 2006 and will become effective for the Company beginning with the first quarter of Fiscal 2008. The provisions of FIN 48 will be applied to all tax positions under Statement No. 109 upon initial adoption. The cumulative effect of applying the provisions of this interpretation will be reported as an adjustment to the opening balance of retained earnings for that fiscal year. The Company is currently evaluating the potential impact of FIN 48 on its consolidated financial statements.

In September 2006, the SEC issued Staff Accounting Bulletin No. 108 ("SAB No. 108"). SAB No. 108 addresses the process and diversity in practice of quantifying financial statement misstatements resulting in the potential build up of improper amounts on the balance sheet. The Company will be required to adopt the provisions of SAB No. 108 in Fiscal 2007. The Company currently does not believe that the adoption of SAB No. 108 will have a material impact on our consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements", ("SFAS No. 157"). SFAS No. 157 establishes a framework for measuring fair value and expands disclosures about fair value measurements. The changes to current practice resulting from the application of SFAS No. 157 relate to the definition of fair value, the methods used to measure fair value, and the expanded disclosures about fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007 and will become effective for the Company beginning with the first quarter of Fiscal 2009. We do not believe that the adoption of the provisions of SFAS No. 157 will materially impact our financial position and results of operations.

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2007 AND 2006

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities. This Statement permits entities to choose to measure many financial instruments and certain other items at fair value that are not currently required to be measured at fair value. The objective is to improve financial reporting by providing entities with the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. This statement also establishes presentation and disclosure requirements designed to facilitate comparisons between entities that choose different measurement attributes for similar types of assets and liabilities. This Statement is effective for financial statements issued for fiscal years beginning after November 15, 2007 and will become effective for the Company beginning with the first quarter of Fiscal 2009. The Company has not yet determined the impact of the adoption of SFAS No. 159 on its financial statements and footnote disclosures.

NOTE 4. NOTE RECEIVABLE FROM RELATED PARTIES

As of June 30, 2006 the Company was due \$58,889 from Integrated Technologies & Systems Ltd. ("IT&S"), a greater than 5% shareholder. It was repaid during Fiscal 1Q07.

NOTE 5. INVESTMENT IN DATAWAVE

On December 12, 2002, the Company acquired an approximate 41% interest in DataWave Systems Inc. ("DataWave") for 1,794,900 newly issued shares of the Company's common stock valued at \$1.00 per share.

Effective January 14, 2003, the Company agreed to purchase an additional 4,023,030 freely tradable shares of DataWave. The shares were purchased in off-market transactions for consideration of 402,303 newly issued Rule 144 restricted shares of the Company (one share of the Company's common stock being exchanged for each ten shares of DataWave) valued at \$1.00 per share. These shares, when added to 17,949,000 shares acquired in December 2002, bring the Company's total holdings in DataWave to 21,972,030 shares, creating a majority interest in DataWave of 50.062%. The acquisition was accounted for under the purchase method of accounting.

As of June 30, 2004, the Company's total holdings in DataWave were adjusted to 21,947,030, or a 50.005% majority interest. This adjustment was made because of default on the transfer of 25,000 shares of DataWave under the Share Exchange Agreements of January 14, 2003 (see above paragraph).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2007 AND 2006

NOTE 5. INVESTMENT IN DATAWAVE (continued)

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

On February 1, 2005, the Company acquired an additional 2,937,500 shares of common stock of DataWave Systems, Inc increasing the Company's total holding in DataWave to 24,884,530 shares of common stock, a 53.142% majority interest. As a result of this change in ownership interest, the Company recorded a \$128,000 adjustment to accumulated deficit. The acquisition was accounted for under the purchase method of accounting.

On January 3, 2006, the Company sold 3,773,918 of DataWave Systems, Inc. common stock resulting in an approximate 8.059% decrease in the interest of DataWave Systems. At June 30, 2006, DataWave's issued and authorized common stock was 54,326,834 whereby the company's current ownership of 21,110,612 shares has created a 38.859% minority interest. As a result of the change in ownership interest, the Company recorded a \$63,000 adjustment to accumulated deficit. The Company for period ending June 30, 2006 reflects the DataWave investment utilizing the equity method of accounting due to its current minority interest. The book value of the DataWave investment at June 30, 2006 incorporating the equity method is \$3,227,918. The Company recorded equity income of -0- for Fiscal 3Q07 and \$153,017 for Fiscal 3Q06. The Company recorded equity income of \$303,668 for Fiscal Nine Months 2007 and \$384,045 for Fiscal Nine Months 2006.

On January 5, 2007 DataWave was wholly acquired by InComm Holdings Inc. for cash (the "DataWave Acquisition"). As a result the Company exchanged its 21,110,612 common shares of DataWave for the following:

Cash, January 5, 2007		\$12,369,490
Escrow amount received August 31, 2007		
net of expenses of \$305,218	\$522,212

NOTE 6. INVESTMENT IN MONTANA HOLDINGS LTD ("MHL")

On January 23, 2007 the Company acquired a 20% equity interest in MHL through the purchase of 1,120 shares of the 5,600 outstanding shares of MHL. MHL and its resort development on Rum Cay in the Bahamas has been independently valued at US\$65,000,000; therefore, total consideration for 20% of MHL was

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

\$13,000,000 payable as: (1) \$3,880,000 in cash; (2) \$6,120,000 in the form of 3,060,000 restricted shares of common stock of the Company; and (3) \$3,000,000 in the form of an unsecured loan from MHL bearing an accrued interest rate of 3% per annum and payable in cash on the 5th anniversary of the Sale and Purchase Contract or, at the Company's sole discretion, at any time prior to the 5th anniversary in restricted shares of common stock of Company at a fixed price of \$2.00 per share. This investment is being accounted for under the equity method of accounting. However, due to the three month lag, no results of operations have been reported for the three months ended March 31, 2007.

Net investment in MHL is represented by the following (in thousands):

	As of January 31, 2007
Net current assets	\$ 2,001
Land	41,256
Construction in progress	8,137
Other fixed assets	148
Net current liabilities	(846)
Long-term debt	(17,700)
Interests of other shareholders	(26,397)

Company's interest	6,599
Goodwill	6,401

Net Investment	\$ 13,000
	=====

Subsequent to this reporting period on April 3, 2007, the Company repaid \$1,000,000 against the unsecured loan principal.

NOTE 7. MONTANA HOLDINGS LTD ("MHL") LOAN FACILITY

Effective March 8, 2007, the Company entered into an agreement to provide MHL an ongoing loan facility of up to \$7 million to be utilized in defraying the general costs of MHL's Rum Cay development program in the Bahamas during the whole of 2007. These funds were to supplement the in excess of \$20 million construction line of credit MHL had secured from Matrix/Bank of Scotland. On March 9, 2007 the Company loaned MHL \$1,600,000 under this loan facility as reported as Loan receivable from affiliate on the Company's Balance Sheet as of March 31, 2007.

-12-

INTEGRATED DATA CORP. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS MARCH 31, 2007 AND 2006

NOTE 7. MONTANA HOLDINGS LTD ("MHL") LOAN FACILITY (continued)

On July 30, 2007 both parties agreed to reduce the maximum loan amount under this loan facility from \$7 million to \$5 million. On November 27, 2007 the MHL loan facility obligation was fully satisfied via a transferrable Promissory Note in the amount of \$4,050,000 by MHL and the loan facility was then terminated. The company continues to hold a 20% equity interest in MHL as of the filing date of this quarterly report.

NOTE 8. ACQUISITIONS AND DISPOSITIONS

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

On December 11, 2002, the Company acquired all of the outstanding capital stock of C4 Services, Ltd. ("C4 Services") for 4,200,000 newly issued shares of the Company's common stock valued at \$1.00 per share. The acquisition was accounted for under the purchase method and the results of C4 Services have been included in the Company's consolidated results effective December 31, 2002. At the time of acquisition, C4 Services owned the exclusive international (excluding the Americas) DataWave technology license and Integrated Communication Services Ltd ("ICS"). Both were transferred directly to the parent company, Integrated Data Corp, and the C4 Services entity was discontinued. Hence, the Company owned the exclusive worldwide (excluding the Americas) rights to own, operate, and license any and all DataWave technologies and services (the "DataWave International License") before the license was sold to DataWave System, Inc. during the 2005 fiscal year.

Effective February 1, 2005, the DataWave International License acquired in December 2002 with the acquisition of C4 Services was effectively transferred back to DataWave through termination of the DataWave International License. Consideration from DataWave amounted to \$865,000 -- \$265,000 in cash and \$600,000 in the form of a Promissory Note.

On May 5, 2006, the Company sold its 60% interest, including all assets and liabilities, in the non-operating, Italian entity IDC Italia Srl to a private Italian citizen for one (1) Euro. Integrated Data Technologies Ltd, a non-operating, wholly-owned UK subsidiary, was sold along with all assets and liabilities to AMB Management Services (Gibraltar) Ltd on June 15, 2006 for one (1) Euro.

As of June 30, 2006, the management and board of Integrated Communication Services Ltd ("ICS") elected to cease operations of ICS because it was deemed that profitable operation of the business was no longer possible. On January 25, 2007, the Company sold the ICS shell along with all assets and liabilities to AMB Management Services (Gibraltar) Ltd for one (1) Euro.

INTEGRATED DATA CORP. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS MARCH 31, 2007 AND 2006

NOTE 9. SHORT-TERM BORROWINGS FROM RELATED PARTY

ICS, a wholly-owned subsidiary of the Company, borrowed money from IT&S and/or affiliates for its working capital requirements. The balance owed as of June 30, 2006 was \$171,000. This liability remained with ICS upon its disposition on January 25, 2007; hence, the short-term borrowings from a related party balance as of March 31, 2007 was -0-.

NOTE 10. INCOME TAXES

The Company realized income before taxes of \$9,912,000 during the reporting period primarily due to the gain on the sale of its investment in DataWave. At June 30, 2006 the Company had net operating loss carry forwards for Federal income tax purposes of approximately \$242,000,000 and adequate net operating loss carry forwards for state income tax purposes which, in the opinion of Company management, is available to offset a significant portion of its taxable income. However, the Company has provided for income taxes of

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

\$200,000 representing an estimate for the alternative minimum tax.

A valuation allowance has been provided for the income tax benefits of the remaining net operating loss carry forwards due to the uncertainty of their realization.

NOTE 11. COMMITMENTS AND CONTINGENCIES

Legal Proceedings

The Company, from time to time, during the normal course of its business operations, may be subject to various litigation claims and legal disputes. Currently there are no claims or disputes.

Leases

At March 31, 2007 the Company leased office space via a sublease from an unrelated party on a month-to-month basis. Under this sublease, rent expense varied on a quarterly basis based on the amount of office space utilized by the Company versus the use of the Company's office assets by the unrelated party. Rent expense for Fiscal 3Q07 was \$225 and the rent expense for Fiscal 3Q06 was \$2,025. Rent expense for Fiscal Nine Months 2007 and Fiscal Nine Months 2006 were \$2,925 and \$14,734 respectively. There are no future minimum payments with respect to leases for equipment or furniture.

NOTE 12. SHARE-BASED PAYMENT

In December 2004, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standard SFAS 123 (revised 2004), Share-Based Payment ("SFAS 123(R)"). SFAS 123(R) supersedes APB Opinion No. 25, Accounting for Stock Issued to Employees, and amends SFAS No. 95, Statement of Cash Flows. Generally, the approach in SFAS 123(R) is similar to the approach described in SFAS 123. However, SFAS 123(R) requires share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values at the date of grant. Pro forma disclosure is no longer an alternative.

On July 1, 2006, the Company adopted SFAS 123(R) using the modified prospective method as permitted under SFAS 123(R). Under this transition method, compensation cost recognized in the first quarter ended September 30, 2006 includes compensation cost for all share-based payments granted prior to but not yet vested as of June 30, 2006, based on the grant-date fair value estimated in accordance with the provisions of SFAS 123. In accordance with the modified prospective method of adoption, the Company's results of operations and financial position for prior periods have not been restated. The Company uses the Black-Scholes option pricing model to calculate the grant-date fair value of an award.

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

As of July 1, 2006, there were no unrecognized compensation expense related to non-vested, market-based share awards.

Prior to June 30, 2006, the Company followed the provisions of SFAS No. 123, "Accounting for Stock-Based Compensation". The provisions of SFAS No. 123 allowed companies to either expense the estimated fair value of stock options or to continue to follow the intrinsic value method set forth in Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25"), but disclose the pro forma effects on net income had the fair value of the options been expensed. The Company elected to apply APB 25 in accounting for its stock option incentive plans. Since there were no market-based share awards issued to employees during Fiscal 3Q07 and Fiscal Nine Months 2007, there is no requirement for pro forma disclosure.

In accordance with APB 25 and related interpretations, compensation expense for stock options was recognized in income based on the excess, if any, of the quoted market price of the stock at the grant date of the award or other measurement date over the amount an employee must pay to acquire the stock. Generally, the exercise price for stock options granted to employees was equal to the fair market value of the Company's common stock at the date of grant, thereby resulting in no recognition of compensation expense by the Company prior to June 30, 2006.

-15-

INTEGRATED DATA CORP. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS MARCH 31, 2007 AND 2006

NOTE 12. SHARE-BASED PAYMENT (continued)

Stock Option Plan

The Company, with stockholder approval, adopted a Stock Option Plan (the "Plan") in November 1991 providing for the granting of options to officers, key employees, certain consultants and others. Options to purchase the Company's common stock could be made for a term of up to ten years at the fair market value at the time of the grant. Incentive options granted to a ten percent or more stockholders could not be for less than 110% of fair market value or for a term of more than five years. The aggregate fair market value of the stock for which an employee could be granted incentive options first exercisable in any calendar year could not exceed \$100,000.

The Stock Option Plan terminated by default in November 2001. All options granted under the Stock Option Plan remain valid through the specified life of the option, typically 10 years. As of June 30, 2006 there were 1,566 common share options outstanding with none of the options being "in the money". During Fiscal 3Q07 and Fiscal 3Q06, no options were exercised under the Stock Option Plan.

Stock Options

Prior to November 1991 the Company's Board of Directors periodically authorized the issuance of options to purchase the Company's common stock to employees and members of the Board of Directors. These options could generally be exercised at the fair market value of the common stock on the

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

date of the grant. The following table summarizes activity for stock options during the nine months ended March 31, 2007:

	Shares (000)	Exercise Price Per Share	Weighted Average Exercise Price Per Share
	-----	-----	-----
Options outstanding and exercisable, 6/30/06 and 3/31/07	2	\$475.00 - \$1,188.00	\$902.00

There were no stock options issued during Fiscal Nine Months 2007.

NOTE 13. SUBSEQUENT EVENTS

Subsequent to this reporting period on October 26, 2007, the Company formed a new subsidiary in partnership with Palm Acquisition Partners LLC, a Florida limited liability company. The new entity is doing business under the name of IDC Palm Energy, LLC and is a Delaware limited liability company. With a 50.01% interest in this new subsidiary, IDC will be consolidating the financial statements of IDC Palm Energy, LLC into its own financial statements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS.

The following discussion and analysis of our results of operations and financial position should be read in conjunction with our consolidated financial statements and the notes thereto included elsewhere in this Report.

General Operations

Integrated Data Corp. ("IDC") is a non-operating U.S. holding company with interests in the U.S and the Bahamas. IDC and its subsidiaries (collectively the "Company", "We", or "Our") are involved in wireless communication systems and services and resort real estate development and sales.

As of March 31, 2007 our holdings were as follows:

CORPORATION OR INTEREST	PERCENT OWNERSHIP
C3 Technologies Inc.	100%
Montana Holdings Ltd.	20%

Results of Operations

Integrated Communications Services Ltd ("ICS"), a wholly-owned, London-based subsidiary of the IDC, ceased operations as of June 30, 2006 after posting consecutive quarterly losses and finding it difficult to continue to raise working capital. In January of 2007, we disposed of this British shell company, including all assets and liabilities, to AMB Management Services (Gibraltar) Ltd. C3 Technologies Inc. also ceased operations due to a lack of working capital. During Fiscal 3Q07, our 38.9% interest in DataWave Systems Inc. was purchased for cash by InComm Holdings, Inc. ("InComm") and we acquired a 20% equity interest in Montana Holdings Ltd. ("MHL"), the owner and developer of Rum Cay Resort Marina (www.RumCay.com).

As a publicly traded company, DataWave maintained current filings with the U.S. Securities and Exchange Commission including annual reports on Form 10-KSB, quarterly reports on Form 10-QSB, and current reports on Form 8-K up until its acquisition by InComm on January 3, 2007 (the "DataWave Acquisition"). Detailed information on DataWave can be found by accessing these filings through the SEC website (www.sec.gov). After its acquisition by InComm, as a wholly-owned subsidiary DataWave ceased filing reports with the

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

SEC. More information on DataWave can be found on its corporate website (www.datawave.com); however, the information in, or that can be accessed through, the DataWave website is not part of this report.

As a result of the DataWave Acquisition, in January 2007 we exchanged our remaining 21,110,612 common shares of DataWave for \$12,369,490 in cash. Upon InComm completing an audit of the DataWave financials, on August 31, 2007 InComm authorized the release of escrowed funds held back at closing as a working capital contingency. As a result we netted an additional \$522,212 in

-18-

cash from the DataWave Acquisition. Upon the 12-month anniversary of the DataWave Acquisition, InComm authorized the release of final escrowed funds held as contingency in case there were any indemnity claims against DataWave during this one-year waiting period. As a result in January 2008 we netted an additional \$460,698 in cash from the DataWave Acquisition.

With the knowledge that we would soon be receiving approximately \$13 million in cash from the DataWave Acquisition, in late 2006 we began investigating new investment strategies and were presented with the opportunity to invest in an ongoing resort development project on the island of Rum Cay in the Bahamas. This project, Rum Cay Resort Marina (www.RumCay.com) owned by Montana Holdings Ltd ("MHL"), a private limited company registered in the Bahamas, had an independent valuation of \$65 million. MHL's CEO, Mr. John Mittens, was interested in obtaining a corporate investor to replace a number of minority investors who wanted to sell their interests in MHL. Therefore, on January 23, 2007, we entered into a Sale and Purchase Contract with Mr. Mittens, the majority shareholder of MHL, to acquire a 20% equity interest in MHL for \$13 million payable as follows:

- (i) \$3,880,000 in cash;
- (ii) \$6,120,000 in the form of 3,060,000 restricted shares of common stock of the Company; and
- (iii) \$3,000,000 in the form of an unsecured loan from Mr. Mittens to us Bearing accruing interest of 3% per annum and payable in cash on the 5th anniversary of the Sale and Purchase Contract or, at our sole discretion, at any time prior to the 5th anniversary in restricted shares of common stock of Company at a fixed price of \$2.00 per share.

On April 3, 2007, we made a \$1 million cash payment against the unsecured loan from Mr. Mittens. The loan balance as of June 30, 2007, including interest, was \$2,088,265. On June 30, 2007 we renegotiated the conversion share value for IDC common stock based on IDC's future earning potential from its oil & gas subsidiary, IDC Palm Energy, LLC. As of June 30, 2007 Mr. Mittens agreed to convert item ii above and the balance of item iii at a conversion price of \$5.00 per share of IDC common stock. Consequently we issued 1,224,000 shares and 417,653 shares respectively for a total of 1,641,653 newly issued restricted shares of IDC common stock to retire the equity and debt consideration owed to Mr. Mittens.

We also entered into an agreement to provide MHL an ongoing loan facility of up to \$7 million to be utilized in defraying the general costs of MHL's Rum Cay development program in the Bahamas during the whole of 2007. These funds were to supplement the \$20+ million construction line of credit MHL had secured from Matrix/Bank of Scotland. On July 30, 2007 both parties agreed to reduce the maximum loan amount under this loan facility from \$7 million to \$5 million. On November 27, 2007 the MHL loan facility obligation was fully satisfied by MHL and the loan facility was then terminated. We continue to hold a 20% equity interest in MHL as of the filing date of this quarterly

report.

-19-

Continuing with our land and resort investment strategy and with a desire to diversify our holdings, on July 30, 2007 we entered into an agreement with Montana Land Resources Ltd to provide it with an ongoing loan facility of up to \$4 million convertible at our sole option pro rata into up to a 20% equity interest in the company. Montana Land Resources, that has since changed its name to New England Land Resources Ltd ("NELR"), holds a purchase agreement for Snow Bay Peninsula on the island of San Salvador in the Bahamas through its wholly-owned subsidiary Columbus Island Ltd and is a partial owner and operator of Sumner Point Marina (www.RumCayMarina.com) on Rum Cay. NELR holds an option to buy out its partner in Sumner Point Marina and to acquire more property surrounding the marina.

Funding of NELR continues under the NELR loan facility, and on November 27, 2007 the NELR loan facility agreement was amended by mutual consent to (1) increase the maximum loan amount from \$4 million to \$7 million and (2) upgrade the associated convertibility terms from a pro rata 20% equity interest to a pro rata 60% equity interest. The current loan balance under this loan facility as of August 1, 2008, including interest, is approximately \$6,996,000.

On August 2, 2007, we entered into a three-year employment agreement with Mr. David C. Bryan hiring him on as full-time President beginning September 1, 2007.

In partnership with Palm Acquisition Partners LLC, a Florida limited liability company, we formed a new subsidiary on October 26, 2007 by the name of IDC Palm Energy, LLC, a Delaware limited liability company. Under the terms of the operating agreement, IDC has a 50.01% interest in IDC Palm Energy with Palm Acquisition Partners holding the other 49.99%. Also under the terms of the operating agreement, we made an initial capital loan to IDC Palm Energy of \$1,200,000 on October 30, 2007.

IDC Palm Energy, LLC ("IDCPE") is a Delaware Limited Liability Company formed for the purpose of acquiring and operating mature oil and gas production in the continental United States of America. IDCPE is actively pursuing acquisition opportunities of mature "stripper" oil and gas well producing properties that generally have the following attributes:

- Multiple wells with some current production and revenue
- Opportunities to employ modern production methodologies including new lifting technologies to enhance existing production
- Existing producing infrastructure such as salt water disposal facilities, pipelines, etc.
- Upside potential via either enhancement of existing producing wells, re-entry or re-work of non-producing wellbores on existing leasehold properties, re-completion of existing wellbores, or application of new technology

As of August 1, 2008, the company has acquired a majority interest in two separate acquisitions with a total of 207 existing wellbores (118 producing wells) and monthly production of approximately 4,000 Barrels of Oil (BO) and 21,000 Thousand Cubic Feet (MCF) of gas.

-20-

Three Months Ended March 31, 2007 (Fiscal 3Q07)
vs. Three Months Ended March 31, 2006 (Fiscal 3Q06)

For Fiscal 3Q07, we incurred net income of \$9,712,000 or \$1.23 per share as compared to a net income of \$149,000, or \$0.02 per share for Fiscal 3Q06. The dramatic increase in net income is attributable to the sale of our 38.9% ownership interest in DataWave. We had no revenues in Fiscal 3Q07 because we disposed of our only operating wholly-owned subsidiary, Integrated Communications Services Ltd. Our general and administrative operating expenses increase from \$31,000 in Fiscal 3Q06 to \$97,000 in Fiscal 3Q07 due to increases in our consulting and accounting fees. There was no depreciation and amortization expense in Fiscal 3Q07 because all our fixed and intangible assets are fully depreciated or amortized.

We posted \$174,000 in other income which was the result of interest income on the lump sum payment we received from the sale of our DataWave stock. We also realized a \$9,835,000 income from investments, \$9,627,000 from the sale of DataWave and \$208,000 from the disposition of ICS.

Our assets reflect the influx of cash from the DataWave sale and the reinvestment of a portion of the cash received into an 20% equity ownership position in MHL and a \$1.6 million loan to MHL. The long-term liability of \$3,000,000 reflects the payment consideration balance on the purchase of 20% of MHL.

Nine Months Ended March 31, 2007 ("Fiscal Nine Months 2007")
vs. Nine Months Ended March 31, 2006 ("Fiscal Nine Months 2006")

For Fiscal Nine Months 2007, we incurred net income of \$9,898,000, or \$1.26 per share compared to net income of \$322,000, or \$0.04 per share for Fiscal Nine Months 2006. We had no revenues in Fiscal Nine Months 2007 because we ceased the operations and disposed of our only operating wholly-owned subsidiary, Integrated Communications Services Ltd. Our general and administrative operating expenses remained fairly constant at \$218,000 in Fiscal Nine Months 2006 versus \$214,000 in Fiscal Nine Months 2007. There was no depreciation and amortization expense in Fiscal Nine Months 2007 because all our fixed and intangible assets are fully depreciated or amortized.

We posted \$174,000 in other income which was the result of interest income on the lump sum payment we received from the sale of our DataWave stock. We also posted a \$9,835,000 income from investment, \$9,627,000 from the sale of DataWave and \$208,000 from the disposition of ICS.

-21-

Liquidity and Capital Resources

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

At March 31, 2007, we had a working capital surplus of \$7,532,000 (including a cash balance of \$6,902,000) as compared to a working capital deficit of \$299,000 (including a cash balance of \$12,000) at June 30, 2006. The working capital increase of \$7,831,000 was primarily due to the sale of our 38.9% equity position in DataWave less the cash required to purchase our 20% equity position in MHL. In addition accounts payable and accrued expenses were reduced significantly and short-term borrowings from related party were eliminated due to the disposition of ICS.

From the sale of DataWave stock we received \$12,369,000 in cash during the reporting period. Subsequent to the reporting period we netted an additional \$983,000 in cash from the DataWave sale escrow distributions that took place in August 2007 and January 2008. Our purchase of a 20% equity interest in MHL in late January 2007 required \$3,880,000 in cash.

We expect to operate the Company for the foreseeable future on interest generated from our cash reserves. Future mergers and acquisitions may require additional funding. There can be no assurances that such funding will be generated or available, or if available, on terms acceptable to the Company.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements.

Significant Accounting Policies

Our accounting policies are set out in Note 3 of the accompanying consolidated financial statements of IDC. In presenting our financial statements in conformity with accounting principles generally accepted in the United States, we are required to make estimates and assumptions that affect the amounts reported therein. Several of the estimates and assumptions we are required to make relate to matters that are inherently uncertain as they pertain to future events. However, events that are outside of our control cannot be predicted and, as such, they cannot be contemplated in evaluating such estimates and assumptions. If there is a significant unfavorable change to current conditions, it will likely result in a material adverse impact to our consolidated results of operations, financial position and in liquidity. We believe that the estimates and assumptions we used when preparing our financial statements were the most appropriate at that time.

-22-

ITEM 3. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

Securities Exchange Act of 1934, as amended (Exchange Act), as of March 31, 2007. Based on this evaluation, our principal executive officer and principal financial officers have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that our disclosure and controls are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Controls

We have not made any significant changes to our internal controls subsequent to the Evaluation Date. We have not identified any significant deficiencies or material weaknesses or other factors that could significantly affect these controls, and therefore, no corrective action was taken.

PART II. - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

The Company was not involved in any legal proceedings during the reporting period.

Subsequent to this reporting period on December 10, 2007, IDC was named a co-defendant on a complaint against MHL alleging causes of action for violation of Section 772.103(3), Florida Statutes; violation of a civil RICO conspiracy, Section 772.1 03(4), Florida Statutes; and for unfair and deceptive trade practices under Section 501.204, Florida Statutes. On February 15, 2008, the Company filed a motion to dismiss for lack of personal jurisdiction asserting

Edgar Filing: INTEGRATED DATA CORP - Form 10QSB

that it did not conspire to commit any tortious act in the State of Florida and that it lacked minimum contacts with the State of Florida such that it would offend notions of fair play and substantial justice under Florida law and the Due Process Clause of the United States Constitution. After a non-evidentiary hearing on May 2, 2008 and an evidentiary hearing on June 5, 2008, the court upheld IDC's motion to dismiss and an order for dismissal for lack of personal jurisdiction was issued on June 17, 2008.
