A news release with respect to the material change referred to in this report was issued through CCN Matthews on February 19, 2007 and filed on the system for electronic document analysis and retrieval (SEDAR).

4. **Summary of Material Change**

Goldcorp announced that it has signed a letter of intent on February 15, 2007 ( **Letter Agreement** ) to sell its Peak mine in Australia and its Amapari mine in Brazil to GPJ Ventures Ltd. ( **GPJ** ), which will change its name to Peak Gold Ltd. ( **Peak Gold** ) on or before the closing date in connection with the transaction. The Peak mine and Amapari mine are hereinafter collectively referred to as the **Mines** . Goldcorp will be recording an impairment charge of approximately \$170 million in its 2006 year-end earnings as a result of this transaction.

5. **Full Description of Material Change**

Goldcorp announced that it has signed a letter of intent on February 19, 2007 to sell its Peak mine in Australia and its Amapari mine in Brazil to GPJ, which will change its name to Peak Gold Ltd. on or before the closing date in connection with the transaction. Goldcorp's forecast for 2007 gold production at Peak mine is approximately 120,000 ounces. Amapari mine is expected to produce approximately 95,000 gold ounces in 2007. Proven and probable reserves at Amapari mine have been revised downward to 485,000 gold ounces as at December 31, 2006, reflecting the exclusion of sulfide mineralization previously included in proven and probable reserves. As a result, Goldcorp will record an impairment charge of approximately \$170 million in its 2006 year-end earnings.

---

Under the terms of the agreement, Goldcorp will receive from Peak Gold US\$200 million in cash and US\$100 million payable through the issuance of 155,000,000 Peak Gold common shares (the **Share Consideration** ). Upon completion of the sale, Goldcorp will own approximately 24% of Peak Gold. The closing is expected to occur on or before May 15, 2007. Pursuant to its Mandate Agreement with Endeavor Financial, Peak Gold has agreed to issue five (5) million common shares to Endeavor on closing of the Acquisition in lieu of the two percent fee required under the Mandate Agreement.

### **Certain Material Provisions of the Letter Agreement**

#### Sale of Peak Gold Shares

Goldcorp has agreed that it will not sell any of the Peak Gold common shares comprising the Share Consideration for one year from closing and thereafter it will not sell more than 500,000 common shares comprising the Share Consideration per calendar month, except in certain circumstances.

#### Conditions

Completion of the transaction is subject to entering into definitive agreements, approval by Peak Gold disinterested shareholders, the receipt of regulatory approvals and Peak Gold having completed a CDN \$277.5 million equity financing to fund, *inter alia*, the cash portion of the purchase price.

#### Right to Board Nominee

On closing, Goldcorp will have the right to nominate a director to the board of directors of Peak Gold for so long as Goldcorp owns, directly or indirectly, not less than 15% of the outstanding shares of Peak Gold. Julio Carvalho, currently the Executive Vice President of South America for Goldcorp, will be appointed as Chief Executive Officer of Peak Gold and as a director of Peak Gold.

#### Non-Competition/Non-Solicitation

Peak Gold shall enter into a non-competition agreement with Goldcorp whereby, for a period of three (3) years, it will not, directly or indirectly, acquire any mineral assets in Mexico or elsewhere in the Americas, other than pursuant to certain agreed to exceptions.

Peak Gold has also agreed to enter into a non-solicitation agreement for a period of three (3) years whereby it will not, either directly or indirectly, solicit any employees of Goldcorp, or its affiliates and subsidiaries, other than those employees working at the Mines.
