PROXY STATEMENT
OF

ANNUAL MEETING OF SHAREHOLDERS
April 17, 2018

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Parke Bancorp, Inc. (the "Company"), the bank holding company for Parke Bank, a New Jersey chartered commercial bank (the "Bank"), to be used at the Annual Meeting of Shareholders to be held at the Terra Nova restaurant, 590 Delsea Drive, Washington Township, New Jersey, on April 17, 2018, at 10:00 a.m. (the "Annual Meeting"). The accompanying Notice of Annual Meeting and this Proxy Statement are being first mailed to shareholders on or about March 16, 2018.

At the Annual Meeting, shareholders will consider and vote upon (i) the election of one director of the Company to serve a two-year term and three directors of the Company to serve three-year terms, and (ii) the ratification of the appointment of RSM US LLP as the Company's independent auditor for the fiscal year ending December 31, 2018. The Board of Directors knows of no additional matters that will be presented for consideration at the Annual Meeting. Execution of a proxy, however, confers on the designated proxy holder the discretionary authority to vote the shares represented by such proxy in accordance with their best judgment on such other business, if any, which may properly come before the Annual Meeting or any adjournment thereof.

VOTING AND PROXY PROCEDURES

Who Can Vote at the Annual Meeting

You are only entitled to vote at the Annual Meeting if our records show that you held shares of our common stock, par value \$0.10 per share (the "Common Stock"), as of the close of business on March 9, 2018 (the "Record Date"). If your shares are held by a broker or other intermediary, you can only vote your shares at the Annual Meeting if you have a properly executed proxy from the record holder of your shares (or their designee). As of the Record Date, a total of 8,021,982 shares of Common Stock were outstanding. Each share of Common Stock has one vote on each matter presented.

Voting by Proxy

The Board of Directors is sending you this Proxy Statement for the purpose of requesting that you allow your shares of Common Stock to be represented at the Annual Meeting by the persons named in the enclosed proxy card. As shown on your proxy card, you may also vote your shares by internet or telephone voting. All shares of Common Stock represented at the Annual Meeting by properly executed and dated proxies will be voted according to the instructions indicated on the Proxy. If you execute a proxy (by any permitted method) without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. The Board of Directors recommends a vote "FOR" its nominees for director and "FOR" the ratification of the appointment of RSM US LLP as

our independent auditors.

1

If any matters not described in this Proxy Statement are properly presented at the Annual Meeting, the persons named in the proxy will vote your shares as determined by a majority of the Board of Directors. If the Annual Meeting is postponed or adjourned, your shares of Common Stock may be voted by the persons named in the proxy card on the new Annual Meeting dates as well, unless you have revoked your proxy. The Company does not know of any other matters to be presented at the Annual Meeting.

You may revoke your proxy at any time before the vote is taken at the Annual Meeting. To revoke your proxy you must advise the Company's Secretary in writing before your Common Stock has been voted at the Annual Meeting, deliver a later-dated proxy, or attend the Annual Meeting and vote your shares in person. Attendance at the Annual Meeting will not in itself revoke your proxy.

If you hold your Common Stock in "street name," you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares voted. Your broker, bank or other nominee may allow you to deliver your voting instructions via the telephone or the Internet. Please see the instruction form provided by your broker, bank or other nominee that accompanies this Proxy Statement. In order to vote at the Annual Meeting you will need special documentation from your broker, bank or other nominee. Please note that pursuant to the rules that guide how brokers vote your stock, your brokerage firm or other nominee may not vote your shares with respect to the election of directors (Proposal I) without specific instructions from you as to how to vote because it is not considered a "routine" matter under the applicable rules.

Vote Required

The Annual Meeting can only transact business if a majority of the outstanding shares of Common Stock entitled to vote is represented at the Annual Meeting. If you execute a valid proxy or attend the Annual Meeting in person, your shares will be counted for purposes of determining whether there is a quorum even if you abstain or withhold your vote or do not vote your shares at the Annual Meeting. Broker non-votes will be counted for purposes of determining the existence of a quorum. A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not have discretionary voting power with respect to the agenda item and has not received voting instructions from the beneficial owner.

In voting on the election of directors (Proposal I), you may vote in favor of the nominee or withhold your vote. There is no cumulative voting in the election of directors. Directors must be elected by a plurality of the votes cast at the Annual Meeting. This means that the nominee receiving the greatest number of votes will be elected. Votes that are withheld and broker non-votes will have no effect on the outcome of the election.

In voting to ratify the appointment of RSM US LLP as our independent auditors, you may vote in favor of the proposal, against the proposal or abstain from voting. To be approved, this proposal requires the affirmative vote of a majority of the votes cast at the Annual Meeting. Broker non-votes and abstentions will not be counted as votes cast and will have no effect on the voting on these proposals.

PRINCIPAL HOLDERS OF OUR COMMON STOCK

Persons and groups beneficially owning more than 5% of the Common Stock are required to file certain reports with the Securities and Exchange Commission regarding their ownership. A person is the beneficial owner of shares of Common Stock if he or she has or shares voting or investment power over the shares or has the right to acquire beneficial ownership of the shares at any time within 60 days from the Record Date. The following table sets forth information as of the Record Date with respect to the persons

or groups known to the Company to beneficially own more than 5% of the Common Stock as well as directors and executive officers as a group.

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership ⁽¹⁾	Percent of Common Stock Outstanding ⁽²⁾
EJF Capital LLC 2107 Wilson Boulevard Suite 410 Arlington, VA 22201	846,732 ⁽³⁾	9.73%
Directors and Executive Officers As a Group (15 persons)	1,887,333 ⁽⁴⁾	23.24%

For purposes of this table, a person is deemed to be the beneficial owner of shares of Common Stock if he or she shares voting or investment power with respect to such shares or has the right to acquire beneficial ownership within 60 days of the Record Date. As used herein, "voting power" is the power to vote or direct the voting of shares and "investment power" is the power to dispose or direct the disposition of shares. Except as otherwise noted, ownership is direct and the named persons or group exercise sole voting or investment power over the shares of Common Stock.

In calculating the percentage ownership of an individual or group, the number of shares outstanding is deemed to include any shares which the individual or group have the right to acquire within 60 days of the Record Date through the exercise of options or otherwise.

This information is based solely on Schedule 13G/A, filed February 14, 2018 with the Securities and Exchange Commission by EJF Capital LLC. Includes 681,733 shares that may be acquired upon a full conversion of the Series B Preferred Stock within 60 days of the Record Date.

Includes 43,570 shares of Common Stock that may be acquired pursuant to the exercise of options and 56,831 shares of Common Stock that may be acquired upon a full conversion of Series B Preferred Stock, in each case, within 60 days of the Record Date.

PROPOSAL I – ELECTION OF DIRECTORS

The Board of Directors currently consists of nine members divided into three classes. The directors are elected for staggered three-year terms, or until their successors are elected and qualified. Annually, approximately one-third of the board is to be elected. In last year's proxy statement, the Company disclosed that due to the death of a director who was a member of the class to be elected, only one director serving on the Board of Directors of the Company was being elected at the 2017 Annual Meeting. As a result of last year's election, the Board is currently composed as follows: one director whose term expires in 2020, four directors whose terms expire in 2019 and four directors whose terms expire in 2018. It is for this reason, last year's proxy statement disclosed that at subsequent annual meetings, one or more directors would be nominated to serve for less than three years so as to again make the class sizes as nearly equal as possible. Accordingly, one of the four director nominees whose term expires at the Annual Meeting was nominated for a two-year term to expire in 2020 rather than a three-year term to expire in 2021, in order to begin to equalize the class of directors whose terms expire in 2020. If all the nominees for election are elected as directors at the Annual Meeting, there will be two directors in the class of 2020, three directors in the class of 2021 and four directors in the class of 2019. The Nominating Committee of the Board of Directors may take additional actions with respect to the 2019 annual meeting of shareholders in order to fully equalize the Board, with the result that each class

has three directors.

It is intended that proxies solicited by the Board of Directors will, unless otherwise specified, be voted for the election of the named nominees for the terms indicated. If any nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute as the Board of Directors may recommend or the size of the Board may be reduced to eliminate the vacancy. At this time, the Board of Directors knows of no reason why any nominee might be unavailable to serve.

The Board of Directors has determined that all non-employee Directors are independent in accordance with the requirements of Nasdaq rules. All Board members who serve on the Audit Committee, the Compensation Committee and the Nominating Committee are non-employee Directors and deemed independent. The Board of Directors has determined that Director Choate is an Audit Committee Financial Expert within the meaning of the regulations of the Securities and Exchange Commission.

Director Attendance

The Board of Directors conducts its business through meetings of the Board and through activities of its committees. During the year ended December 31, 2017, the Board of Directors met a total of twelve times, including regularly scheduled meetings and special meetings. No director attended fewer than 75% of the total meetings of the Board of Directors and meetings of the committees on which he served during the year ended December 31, 2017.

Code of Ethics

The Company has adopted a Code of Ethics, which applies to all directors, officers and employees of the Company and the Bank. The Code of Ethics is available on the Investor Relations page of the Company's website, www.parkebank.com. It is expected that all directors, officers and employees act in accordance with the highest standards of personal and professional conduct in all aspects of their employment and association with the Company and the Bank, to comply with all applicable laws, rules and regulations and to adhere to all policies and procedures adopted by the Company and the Bank.

Committees of the Board of Directors

Nominating Committee. The nominating committee consists of Directors Choate, Dalton, Dobson and Infantolino. The Nominating Committee met one time during the fiscal year ended December 31, 2017. The Board of Directors has adopted a written nominating committee charter for the Nominating Committee that is available on the Investor Relations page of the Company's website, www.parkebank.com. The Company does not pay fees to any third party to identify or evaluate or assist in identifying or evaluating potential nominees. The process for identifying and evaluating potential Board nominees includes soliciting recommendations from directors and officers of the Company. Additionally, the Board will consider persons recommended by shareholders of the Company in selecting the Board's nominees for election. There is no difference in the manner in which persons recommended by directors or officers versus persons recommended by shareholders in selecting Board nominees are evaluated.

To be considered in the selection of Board nominees, recommendations from shareholders must be received by the Company in writing by at least 60 days prior to the anniversary date of the prior year's annual meeting. Recommendations should identify the submitting shareholder, the person recommended for consideration and the reasons the submitting shareholder believes such person should be considered. The Board believes potential directors should be knowledgeable about the business activities and market areas in which the Company engages. The committee and the Board of Directors may consider diversity in market knowledge, experience, employment, and other factors.

Compensation Committee. The Compensation Committee oversees the Company's executive compensation and benefit policies and practices. The Committee is comprised of Directors Choate, Dalton, Jannetti, Pennoni and Sheppard. The Committee met two times during the 2017 fiscal year. The Board of Directors has adopted a written compensation committee charter for the Compensation Committee that is available on the Investor Relations page of the Company's website, www.parkebank.com.

Compensation Committee Interlocks and Insider Participation. The Compensation Committee consists solely of non-employee directors. No member of the Compensation Committee or any other director is or was during 2017 an executive officer of another company whose board of directors has a comparable committee on which one of the Company's executive officers serves. None of the executive officers is or was during 2017 a member of the board of directors or a comparable compensation committee of a company of which any of the directors of the Company is an executive officer.

Audit Committee. The Audit Committee is responsible for overseeing the accounting and financial reporting processes and the audits of the financial statements of the Company. The Committee is comprised of Directors Choate, Dalton, Dobson, and Sheppard. The Committee met four times in fiscal year 2017. The Board of Directors has adopted a written audit committee charter for the Audit Committee that is available on the Investor Relations page of the Company's website, www.parkebank.com.

Audit Committee Financial Expert. The Board of Directors has determined that Fred G. Choate is an Audit Committee "financial expert" as that term is defined in Item 407(d)(5) of Regulation S-K of the Securities and Exchange

Commission. Mr. Choate would be considered an independent director, under the

9

rules of The Nasdaq Stock Market including the specific independence requirements for audit committee members.
Shareholder Communications

The Board of Directors does not have a formal process for shareholders to send communications to the Board. In view of the infrequency of shareholder communications to the Board of Directors, the Board does not believe that a formal process is necessary. Written communications received by the Company from shareholders are shared with the full Board no later than the next regularly scheduled Board meeting. The Board encourages, but does not require, directors to attend the annual meeting of shareholders. All of the nine Board members attended the 2017 annual meeting of shareholders.

Board Leadership Structure and Role in the Risk Management Process

Director Vito S. Pantilione serves as Chief Executive Officer of the Company and Director Celestino R. Pennoni serves as Chairman of the Board. The Board of Directors has determined that the separation of the offices of Chairman of the Board and Chief Executive Officer and President enhances Board independence and oversight. Moreover, the separation of the Chairman of the Board and Chief Executive Officer and President allows the Chief Executive Officer and President to better focus on his growing responsibilities of running the Company, enhancing shareholder value and expanding and strengthening our franchise while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management.

We face a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of the risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. To do this, the Chairman of the Board meets regularly with management to discuss strategy and risks facing the Company. Senior management attends the Board meetings and is available to address any questions or concerns raised by the Board on risk management and any other matters. The Chairman of the Board and independent members of the Board work together to provide strong, independent oversight of the Company's management and affairs through its Audit, Loan and Asset/Liability and Risk committees and, when necessary, special meetings of independent directors.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The Company's operating results for 2017 indicate that our compensation programs continue to support our operating goals and our financial targets in our efforts to build long-term value for our shareholders. Despite a continuing highly competitive business environment in 2017, the Company reduced nonperforming assets by \$10.0 million, maintained a net interest margin of 4.01% and appropriate capital levels, while maintaining strong earnings.

A summary of the actions taken by the Compensation Committee ("Committee") in 2017 related to our compensation programs applicable to our executive officers ("NEOs") listed in the Summary Compensation Table include:

- Cash bonuses were paid to our NEOs ranging from 64.4% of salary to 10.1% of salary; and

·Base salary increases for our NEOs were approved ranging from 26.0% of salary to 3.2% of salary.

Shareholder Advisory Votes on Executive Compensation

At the 2017 Annual Meeting of Shareholders, the shareholders approved the advisory vote on the Company's executive compensation policies and practices as disclosed in our 2017 Annual Meeting proxy statement by more than 99.1% of the shares voting on the matter. The Committee considered this supportive vote in continuing its administration of compensation for the NEOs in 2017.

Philosophy and Objectives

The Company's compensation programs are designed to effectively attract, retain, motivate and reward the NEOs and all employees for their performance. The Company believes in maintaining a competitive compensation package to ensure continuity of the management team with the goal of increasing shareholder value over the long-term. The objectives of the compensation package include the following:

- Create an overall compensation package that is competitive with those offered by other financial institutions of similar size in our market area while providing appropriate incentives for the achievement of short and long-term performance goals;
- Encourage achievement of short-term performance goals through cash incentive programs;
- Use stock incentive plans to encourage long-term corporate performance and align interests of management with stockholders;
- Encourage long-term management continuity and loyalty through the accrual of post-employment benefits; and
- Monitoring the incentive compensation applicable to NEOs and other officers and employees within acceptable parameters of risk to the Company.

The financial services industry is competitive and the Company operates in a market area where we have competition from many other community banks as well as much larger financial institutions. The NEO officer compensation packages are therefore structured to retain the current team. The Company believes this is important due to the following attributes of the NEOs:

- In-depth knowledge of the local markets;
- Familiarity with the Company's operations;
- Strong customer relationships; and
- Management succession planning.

The Company has a balanced package of short-term, cash-based compensation and longer-term, stock-based plans and post-retirement plans. The Company's Executive Compensation package includes the following key elements:

- Base Salary;
- Cash Incentive Bonus Plan;
- Long-Term Equity-Based Incentive Compensation;
- Employment and Change of Control Agreements;
- Post-Employment and Retirement Programs;
- Insurance and Other Benefits; and
- Perquisites and Other Personal Benefits.

Administration of Compensation Program

The Compensation Committee of the Company is responsible for the administration of the compensation program of the President and Chief Executive Officer, the Chief Financial Officer and the other NEOs.

The Committee met in the first quarter of 2017 to determine annual salary adjustments and cash bonus awards for our NEOs with respect to 2016 performance. Additionally, the Committee met in December 2017 to review salaries of NEOs with respect to 2017 performance. The Company does not have a formal policy addressing each specific type of compensation.

The Committee does consider a variety of factors as it evaluates compensation for each NEO, including:

- Overall company performance as compared to budget and prior year's performance;
- Bank regulatory compliance;
- Bank performance metrics compared to peers, including return on assets, return on equity, charge-offs, level of non-performing loans and efficiency ratio; and
- The individual achievements of each NEO in their respective areas of responsibility.

In establishing base salaries and any increases, the committee has access to compensation surveys to ensure a competitive salary level. These include:

S&P Global Market Intelligence, Executive Compensation Review for Bank and Thrift Companies - \$1 billion to \$5 billion.

The Committee has the sole authority to retain and terminate a compensation consultant and to approve the consultant's fees and all other terms of the engagement as it deems necessary although no consultant was retained in 2017.

The Company does not specifically benchmark compensation to any specific group of companies.

In reviewing the available information, we review the overall information available, including salary, bonus, incentive compensation and other compensation. We do not have a pre-defined target level of compensation to which we set our compensation levels. A review of the peer group data provided by S&P Global Market Intelligence indicates that the Company's base salaries, annual discretionary cash bonuses and total compensation for each of its NEOs is below the median levels for comparable positions in the peer group.

Absent a material increase in duties or a significant change in the economic or competitive landscape, NEO salaries are not increased materially from year to year. At each Committee meeting, the Chief Executive Officer discusses with the Committee the performance evaluations of each of the NEOs, excluding himself, and presents his recommendations. The Chief Executive Officer is not present for any Committee discussions involving his personal compensation.

Depending on the Company's performance for the year, bonus amounts are awarded to each NEO based on performance as determined within the discretion of the Committee. The Company realizes that all employees contribute to its success, and therefore, cash bonuses are also distributed to employees at all levels based on merit. The Company has never been required to materially adjust or restate the pre-tax earnings on which the bonus pool has been calculated and does not have a policy regarding the adjustment or recovery of bonuses in such an event.

The Committee also may grant stock option awards and restricted stock awards under the Company's 2015 Equity Incentive Plan. Such equity plan is designed to provide long-term incentives to NEOs, directors and other key employees that contribute to the success of the Company. The ten-year life of the options and five-year vesting of restricted stock awards are structured to retain the NEOs and promote the long-term success of the Company. No stock option awards or restricted stock awards were made in 2017.

The Board of Directors believes that equity-based compensation is important in aligning the interests of management with those of shareholders and has the 2015 Equity Incentive Plan to help it achieve this objective. Although each of the NEOs has a personal investment in the Common Stock, the Board of Directors does not have formal equity ownership requirements or guidelines for executive officers.

Components of Compensation Program

The major components of compensation for 2017 were as follows:

Salary

As a result of the Company's ongoing success and the continuity of the management team, NEO salary increases effective as of January 1, 2017, ranged from 3.2% to 26.0%. The employment agreement in effect in 2017 with Mr. Pantilione provided for a base salary of \$660,000 which may be increased from time to time.

Annually, the Committee reviews the salary levels of the CEOs in the compensation survey (as detailed above). In 2017, the salary range paid to the CEOs in this peer group was \$237,000 to \$1,135,962 with a median of \$435,000. The base salary for Mr. Pantilione will increase from \$660,000 to \$679,800, a 3% increase, effective January 1, 2018. Other salary increases approved for the NEOs, effective as of January 1, 2018, ranged from 3.0% to 10.0%.

Bonus

The Committee reviewed the Company's overall performance which exceeded expectations after considering the impact of any non-recurring events. Awards are made within the discretion of the Committee and are not based upon pre-established performance criteria. Cash bonuses approved by the Committee in December 2017 for the NEOs, other than the CEO, ranged from \$17,000 to \$150,000. In accordance with Mr. Pantilione's employment agreement, in addition to his base salary of \$660,000, he receives annual bonus compensation equal to ten percent (10%) of the net pre-tax profits of the Bank during such year up to a maximum bonus of fifty percent (50%) of his then annual base salary for a maximum bonus pursuant to the employment agreement of \$330,000 in 2017. An additional bonus in the amount of \$95,000 was awarded for his efforts in selling the Company's SBA related assets. For purposes of calculating such bonus, "net pre-tax profits" means the Bank's gross revenues for such calendar year less all operating expenses and charges to income in accordance with generally accepted accounting principles, consistently applied.

Stock Based Awards

No stock option or restricted stock awards were granted in 2017.

Employment Agreement and Severance Arrangements

As part of the long-term compensation package, the Company and the Bank have entered into a three-year employment agreement with Mr. Pantilione. If the Company terminates Mr. Pantilione, without

just cause and absent a change in control, he would be entitled to a payment of salary for amounts due for the remaining term under the agreement with a minimum severance payment of one year's salary. The agreement has a two-part change-in-control trigger under which, in case of a voluntary termination within 30 days of a change-in-control or an involuntary termination or voluntary termination for good reason during the six months before or within one year after a change-in-control, Mr. Pantilione would be paid a lump sum amount equal to three times the five-year average of his annual compensation less \$1.00. We believe that the change-in-control severance provision is desirable in order to ensure that Mr. Pantilione remains focused on the interests of the Company and its shareholders in the event of a pending change in control. Severance payments in the event of a change in control will not exceed the tax-deductible limitations under Sections 280G and 4999 of the Internal Revenue Code of 1986 (the "Code").

The Company and the Bank have previously entered into three-year change in control severance agreements with Ms. Elizabeth A. Milavsky, Executive Vice President and Chief Operating Officer, Mr. John Hawkins, Chief Financial Officer, and David O. Middlebrook, Senior Vice President and Chief Credit Officer. These agreements have a two-step change-in-control trigger under which, in case of a voluntary termination within 30 days of a change-in-control or an involuntary termination or voluntary termination for good reason during the six months before or within one year after a change-in-control, each individual would be paid a lump sum amount equal to 250% times the average of the annualized compensation, comprised of annualized salary and cash incentive or bonus compensation, paid or accrued to the executive during the thirty-six month period prior to such change in control transaction. In addition, for a period of eighteen (18) months following the effective date of such termination of employment following a change in control, whether resulting from without cause termination initiated by the employer or for "good reason" initiated by the executive, the employer shall continue to provide the Executive with and pay the applicable premiums for medical and hospital insurance, disability insurance and life insurance benefits, as were provided and paid for at the time of the termination of his employment with the employer. Further, in no event will severance payments exceed the tax-deductible limits under Section 280G of the Code which equal three times the five-year average of his total taxable annual compensation less \$1.00. We believe that these change-in-control severance arrangements are desirable in order to ensure that these individuals remain focused on the interests of the Company and its shareholders in the event of a pending change-in-control.

Retirement Arrangements

The Company has a supplemental executive retirement plan ("SERP") with Mr. Pantilione. Mr. Pantilione's SERP provides that upon termination of employment on or after reaching age 60, or following a change-in-control, if earlier, such executive will be eligible to receive annual retirement benefits calculated as 50% of final three-year average salary for life and with a minimum payment for ten years to him and his surviving spouse. The projected annual benefit if Mr. Pantilione had retired as of December 31, 2017 at age 66, would have been \$279,608. The Bank also previously entered into a similar SERP with David Middlebrook, Senior Vice President and Chief Credit Officer. The projected annual benefit if Mr. Middlebrook had retired as of December 31, 2017 at age 59, would have been \$90,100. The Bank has previously approved a SERP for two other executive officers, Ms. Elizabeth A. Milavsky, Executive Vice President and Chief Operating Officer, and Mr. John F. Hawkins, Senior Vice President and Chief Financial Officer (together, the "Executives"). Pursuant to the terms of these Executives' SERPs, each Executive will earn an annual supplemental retirement benefit equal to approximately 35% of his or her highest base salary in effect prior to retirement payable as a life annuity, with a minimum of an aggregate of ten annual payments certain payable to the Executive or the Executive's beneficiary. Such benefit will be vested upon completion of continuous employment with the Bank through December 31, 2019. The projected annual benefit upon retirement on or after December 31, 2019, is \$68,258 and \$62,207 per year for each of Ms. Milavsky and Mr. Hawkins, respectively. In the event of the Executive's death prior to retirement, the Executive's beneficiary will receive an alternative benefit equal

to the annual retirement benefit for a period of ten years following the death of the Executive. Such SERP benefits shall be vested upon a change of control of the Company or the Bank or upon the Executive's termination of employment as a result of disability prior to December 31, 2019.

Other Benefits and Perquisites

The NEOs are eligible to receive a death benefit equal to three times their base salary in the event of their death while employed with the Bank. The Bank is the beneficiary of life insurance on each NEO in the event of his or her death in the amount that is in excess of the death benefits that would be paid by the Bank to the employee's beneficiaries.

In accordance with the terms of Mr. Pantilione's employment agreement, the Company provides him with use of an automobile, including insurance, maintenance, fuel, fees and other costs. The Company also pays the costs for use of a local country club to facilitate business activities by the NEOs.

Tax and Accounting Considerations

In consultation with our advisors, we evaluate the tax and accounting treatment of each of our compensation programs at the time of adoption, and on an annual basis, to ensure that we understand the financial impact of each program on the Company. Our analysis includes a detailed review of recently adopted and pending changes in tax and accounting requirements. As part of our review, we consider modifications and/or alternatives to existing programs to take advantage of favorable changes in the tax or accounting environment or to avoid adverse consequences.

To the greatest extent possible, it is our intent to structure our compensation programs in a tax-efficient manner. As currently structured and approved, our incentive programs meet the requirements of performance-based pay pursuant to Internal Revenue Code Section 162(m) with respect to awards made prior to November 3, 2017. However, the Compensation Committee has the discretion to provide our executives with non-deductible forms of compensation.

The Bank implemented a SERP effective January 1, 2003 for Vito S. Pantilione, President and David O. Middlebrook, Chief Credit Officer. Under their SERPs, retirement benefits are payable to them commencing upon retirement after attainment of age 60 at the rate of 50% of their highest base salary paid while an employee of the Bank for the remainder of their life. If such retirement benefit payments are made for less than ten years, a survivor benefit will continue to be paid for the balance of such ten-year period. Such benefits are in addition to any social security benefits. Benefits under the plan may be paid in the form of a lump sum on an actuarially equivalent basis. At December 31, 2017, the Bank had a total accrued

liability of \$4.9 million with respect to benefits payable under their SERPs. Benefits under their SERPs will be a tax-deductible expense to the Bank at the time that actual benefit payments are made. The Bank has invested in various life insurance agreements (commonly known as BOLI, for bank-owned life insurance) with policy proceeds payable to the Bank in the event of the death of plan participants. Such insurance proceeds and earnings related to such investments are anticipated to exceed any plan costs related to benefit payments.

On January 19, 2016, the Bank approved SERPs for Ms. Elizabeth A. Milavsky, Executive Vice President and Chief Operating Officer, and John F. Hawkins, Senior Vice President and Chief Financial Officer. Such SERP benefits when aggregated with projected Social Security benefits and Bank contributions to the 401(k) plan are projected to provide each participant with a target total retirement benefit of 35% of final three year average salary upon retirement on or after December 31, 2019. Pursuant to the terms of the SERP for Ms. Milavsky, she will earn an annual supplemental retirement benefit equal to 23.23% of her highest base salary in effect prior to retirement payable as a life annuity, with a minimum of an aggregate of ten annual payments certain payable to the officer or the officer's beneficiary. Mr. Hawkins' SERP benefit is calculated as 25.09% of his highest annual base salary. Such benefits will be vested upon completion of additional years of continuous employment with the Bank through December 31, 2019. The projected annual benefit upon retirement on or after December 31, 2019, is \$68,258 and \$62,207 per year for each of Ms. Milavsky and Mr. Hawkins, respectively. In the event of the Executive's death prior to retirement, the Executive's beneficiary will receive an alternative benefit equal to the annual retirement benefit for a period of ten years following the death of the Executive. Such SERP benefits shall be vested upon a change of control of the Company or the Bank or upon the Executive's termination of employment as a result of disability prior to December 31, 2019.

Nonqualified Deferred Compensation. The Company does not have a non-qualified deferred compensation plan, other than the SERPs referred to under "Pension Benefits."

Potential Payments Upon Termination or Change-in-Control. As described below, certain of the NEOs are parties to various agreements that provide for payments in connection with any termination of their employment. The following table shows the payments that would be made to the NEOs at, following or in connection with any termination of their employment in the specified circumstances as of the last business day of the last fiscal year.

Represents normal retirement projected annual payments under the SERP Plans. Mr. Pantilione may retire at any (1)time, Mr. Middlebrook may retire in 2018 and Mr. Hawkins and Ms. Milavsky may retire at or after December 31, 2019.

(2) These payments represent a maximum lump sum payment to the Named Executive upon termination of their contract.

(3) Amounts may be subject to reduction if such payments would exceed the tax-deductible limits under Section 280G of the Internal Revenue Code.

The disability payment includes disability insurance payments and continuation of Company compensation on an (4) annual basis for the remainder of the Named Executive's term of employment contract (minimum of 2 years up to a maximum of 3 years).

(5) Death benefits represent total life insurance payments that would be paid out to the Named Executive's heirs. Employment Agreement. The Bank has entered into an employment agreement with Mr. Pantilione. Mr. Pantilione's base salary under the employment agreement for the year ended December

31, 2017 was \$660,000. Mr. Pantilione's employment agreement has a term of three years that is automatically extended for one year on January 1st of each year, unless notice of termination of the automatic extension is given in accordance with the terms of the employment agreement. The employment agreement may be terminated by the Bank for "cause" as defined in the agreement. If the Bank terminates Mr. Pantilione's employment without just cause or Mr. Pantilione elects to terminate employment for "good reason" as defined in the agreement, he will be entitled to a continuation of his salary plus his annualized bonus from the date of termination through the remaining term of the agreement. The employment agreement contains a provision stating that if Mr. Pantilione's employment is terminated in connection with any change in control, he will be paid a lump sum amount equal to 3.0 times his annual base salary plus an amount equal to 3.0 times the average of the three highest annual bonuses awarded to him prior to such termination; provided that such severance payments following a change in control will be reduced so that such payments will not be made in excess of the tax deductible amounts under Section 280G of the Internal Revenue Code of 1986, as amended (the "Code"). The employment agreement also contains an agreement not to compete with the Bank which restricts certain post-employment activities of the employee within the Counties of Gloucester, Camden, Salem or Cumberland, New Jersey, for two years following termination of employment with the Bank.

Change in Control Severance Agreements. The Company has implemented a Management Change in Control Agreement with John F. Hawkins, Senior Vice President and Chief Financial Officer, Elizabeth Milavsky, Executive Vice President and Chief Operating Officer and David O. Middlebrook, Senior Vice President and Chief Credit Officer. Such Management Change in Control Agreement provides for severance benefits associated with termination of employment following a change in control equal to two and one-half times the most recent salary and bonus payment, not to exceed the tax-deductible amounts under Section 280G of the Code. In addition, such individuals are eligible to receive reimbursement for premium contributions for their medical, dental and life insurance premiums for 18 months.

CEO Pay Ratio. As required by SEC regulations, the following sets forth information about the relationship of the annual total compensation of our employees and the annual total compensation of Vito S. Pantilione, our President and Chief Executive Officer and President (our "CEO"). The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with SEC regulations. Due to the use of estimates, assumptions, and adjustments permitted by those regulations, pay ratio disclosures may involve a degree of imprecision calculated in a manner consistent with such regulations.

We determined that, as of December 31, 2017, our employees (other than our CEO) consisted of 91 individuals, including our full-time and part-time employees. To identify the median employee, we compared the amount of salary and wages of our employees as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 for 2017. We identified our median employee using this compensation measure, which was consistently applied to all our employees included in the calculation.

For 2017, our last completed fiscal year:

§ the annual total compensation of our median employee employed as of December 31, 2017 (other than our CEO) was \$44,562; and

§ the annual total compensation of our CEO, as reported in the Summary Compensation Table above, was \$1,567,054. Based on this information, for 2017 the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee was 35:1.

The 2017 total compensation was impacted by a higher than normal Change in Pension Value of \$425,884 due to our CEO's salary increase in 2017. Our CEO's Change in Pension Value for the prior two

fiscal years has averaged approximately \$100,000. Assuming a Change in Pension Value of \$100,000, as discussed above, the ratio would have been approximately 28:1.
