Safe Harbor Statement

This document includes "forward- looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "anticipate," "believe," "expect," "estimate," "plan," "outlook," and "project" and other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These statements are based on current expectations and beliefs of Charles River Laboratories ("Charles River") and WuXi PharmaTech (Cayman) Inc ("WuXi"), and involve a number of risks and uncertainties that could cause actual results to differ materially from those stated or implied by the forward-looking statements. Those risks and uncertainties include, but are not limited to: 1) the possibility that the companies may be unable to obtain stockholder or regulatory approvals required for the combination; 2) problems may arise in successfully integrating the businesses of the two companies (including retention of key WuXi executives); 3) the acquisition may involve unexpected costs; 4) the combined company may be unable to achieve cost and revenue synergies; 5) the businesses may suffer as a result of uncertainty surrounding the acquisition; and 6) the industry may be subject to future regulatory or legislative actions and other risks that are described in Securities and Exchange Commission ("SEC") reports filed or furnished by Charles River and WuXi.

In addition, these statements include statements regarding the projected 2010 financial performance of WuXi, the availability of funding for our customers and the impact of economic and market conditions on them generally, the anticipated strength of our balance sheet, the effects of our 2009 and 2010 cost-saving actions and other actions designed to manage expenses, operating costs and capital spending, and to streamline efficiency, and the ability of the Company to withstand the current market conditions. Forward-looking statements are based on Charles River's current expectations and beliefs, and involve a number of risks and uncertainties that are difficult to predict and that could cause actual results to differ materially from those stated or implied by the forward-looking statements. Those risks and uncertainties include, but are not limited to: the ability to successfully integrate the businesses we acquire; the ability to successfully develop and commercialize SPC's technology platform; a decrease in research and development spending, a decrease in the level of outsourced services, or other cost reduction actions by our customers; the ability to convert backlog to sales; special interest groups; contaminations; industry trends; new displacement technologies; USDA and FDA regulations; changes in law; continued availability of products and supplies; loss of key personnel; interest rate and foreign currency exchange rate fluctuations; changes in tax regulation and laws; changes in generally accepted accounting principles; and any changes in business, political, or economic conditions due to the threat of future terrorist activity in the U.S. and other parts of the world, and related U.S. military action overseas. A further description of these risks, uncertainties, and other matters can be found in the Risk Factors detailed in Charles River's Annual Report on Form 10-K as filed on February 19, 2010, as well as other filings we make with the SEC.

Because forward-looking statements involve risks and uncertainties, actual results and events may differ materially from results and events currently expected by Charles River and WuXi. Charles River and WuXi assume no obligation and expressly disclaim any duty to update information contained in this filing except as required by law.

Regulation G

This presentation includes discussion of non-GAAP financial measures with respect to Charles River and also with respect to WuXi included in WuXi's first-quarter 2010 earnings release filed on Form 6-K with the SEC on May 12, 2010. We believe that the inclusion of these non-GAAP financial measures provides useful information to allow investors to gain a meaningful understanding of our core operating results and future prospects, without the effect of one-time charges, consistent with the manner in which management measures and forecasts the Company's performance. The non-GAAP financial measures included in this presentation are not meant to be considered superior to or a substitute for results of operations prepared in accordance with GAAP. The company intends to continue to assess the potential value of reporting non-GAAP results consistent with applicable rules and regulations. In accordance with Regulation G, you can find the comparable GAAP measures and reconciliations to those GAAP measures on our website at ir.criver.com, or with respect to WuXi, in WuXi's current report on Form 6-K filed with the SEC on May 12, 2010, available at the SEC's website, www.sec.gov.

Additional Information

This document may be deemed to be solicitation material in respect of the proposed combination of Charles River and WuXi. In connection with the proposed transaction, Charles River will file a preliminary proxy statement and a definitive proxy statement with the SEC. The information contained in the preliminary filing will not be complete and may be changed. Before making any voting or investment decisions, investors and security holders are urged to read the definitive proxy statement when it becomes available and any other relevant documents filed with the SEC because they will contain important information. The definitive proxy statement will be mailed to the shareholders of Charles River seeking their approval of the proposed transaction. Charles River's shareholders will also be able to obtain a copy of the definitive proxy statement free of charge by directing a request to: Charles River Laboratories, 251 Ballardvale Street, Wilmington, MA 01887, Attention: General Counsel. In addition, the preliminary proxy statement and definitive proxy statement will be available free of charge at the SEC's website, www.sec.gov or shareholders may access copies of the documentation filed with the SEC by Charles River and on Charles River's website at www.criver.com.

Charles River and its directors and executive officers and other members of management and employees may be deemed to be participants in the solicitation of proxies in respect of the proposed transaction. Information regarding Charles River's directors and executive officers is available in Charles River's proxy statement for its 2010 annual meeting of shareholders, which was filed with the SEC on March 30, 2010. Information regarding the persons who may, under the rules of the SEC, be considered participants in the solicitation of Charles River shareholders in connection with the proposed transaction will be set forth in the preliminary proxy statement when it is filed with the SEC.

This document does not constitute an offer of any securities for sale or a solicitation of an offer to buy any securities. The Charles River shares to be issued in the proposed transaction have not been and will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements. Charles River intends to issue such Charles River shares pursuant to the exemption from registration set forth in Section 3(a)(10) of the Securities Act.

Compelling Value Proposition for Clients

[] Larger footprint with more capabilities enables clients to partner with one company from chemistry to man

[] More attractive partner for biopharmaceutical companies looking to gain more value from fewer service providers[] Enables clients to choose where to work: North America, Europe or China* Charles River brand supports placement of work in China[] Seamless transfer of therapeutics across the early-stage continuum helps reduce time and cost to bring a drug to market* Enables sponsors to make earlier "go/no-go" decisions

Enhancing Client Relationships

[] Focus on expanding existing client partnerships

* Enhances solid, high-level relationships in the same companies

* Strengthens relationships with those clients where one company is pre-eminent* Creates new opportunities with clients where both entities currently have minority share[] Client retention driven by breadth of portfolio, high-quality science and exceptional service

Very Favorable Client Response

[] Senior management of CRL has reviewed the transaction with RandD of top 25 pharmaceutical and biotechnology clients* Response has been uniformly positive>[] Clients are viewing the acquisition as a strategic fit with CRL's in vivo business, offering them the opportunity for larger relationships with CRL

* Clients already requesting follow-up meetings to discuss potential expansion of relationships upstream [] Value of CRL brand seen as an advantage in terms of standardizing products and services in China

The New CRL Client Base

[] Client base composed of big pharma and biotech, small and mid-tier pharma and biotech, academic and government clients, CROs and agricultural and chemical manufacturers[] Top 10 clients represent ~35% of combined sales[] No single client represents more than 6% of sales

[GRAPHIC OMITTED]

* Based on FY 2009 combined sales. WuXi's information is as disclosed in its Form 20-F filed with the SEC on 04/23/2010 and other public documents.

2011 General Assumptions (1)

Expect to recognize ~\$20M of cost synergies

* Public company costs, SGandA, and refinement of operating structure[]
~4.5% average interest rate on new debt* New debt of ~\$950M

Existing term loan is repaid

* Debt amortization begins in 4Q2010 (after close)

Expect to accelerate repayment with cash flow

Consolidated CRL non-GAAP tax rate expected to be ~25%-26% ~85-86M CRL
shares outstanding post-close Expected to be neutral (at bottom of or below
collar) to slightly accretive to non-GAAP EPS in 2011, and increasingly
accretive thereafter

(1) Combined financial information is presented as a supplementary non-GAAP financial measure, and is not intended to be superior to or a substitute for any financial measure prepared in accordance with GAAP. Furthermore, combined financial information is not equivalent to pro forma financial information as may be included in any proxy statement Charles River will file with the SEC in connection with this transaction. For example, combined financial information does not give effect to adjustments likely to be found in pro forma financial information such as increased amortization and depreciation. Items excluded from non-GAAP EPS consist of all deal-related costs including repatriation impact.

Synergies

Public company and corporate expenses Reduction of Board, SOX, audit, legal, stock exchange, insurance and related expenses ~1/4 of cost synergies
