**PROXY STATEMENT**

**INTRODUCTION**

**General**

The accompanying proxy is solicited by the Board of Directors (the “Board of Directors” or the “Board”) of Triarc Companies, Inc. (the “Company” or “Triarc”) in connection with the 2005 Annual Meeting of Stockholders of the Company (the “Meeting”), to be held on Wednesday, June 8, 2005, at 12:00 noon, local time, in Auditorium D, at the offices of Bear, Stearns & Co., Inc., 383 Madison Avenue, 2nd Floor, New York, New York and at any adjournment or postponement of the Meeting. This Proxy Statement and a proxy are first being mailed to stockholders on May 2, 2005. The mailing address of the Company's principal executive office is 280 Park Avenue, New York, New York 10017.

When a proxy is returned properly dated and signed, the shares represented thereby will be voted by the persons named as proxies in accordance with each stockholder's directions. Stockholders may specify their choices by marking the appropriate boxes on the enclosed proxy. If a proxy is dated, signed and returned without specifying choices, the shares will be voted as recommended by the Board of Directors **FOR** the election of each of the eleven (11) nominees for directors named below and **FOR** Proposals (2) and (3). The Company does not have cumulative voting. Under the Company's By-Laws (the “By-Laws”), business transacted at the Meeting is confined to the purposes stated in the Notice of the Meeting. The proxy being solicited does, however, convey discretionary authority to the persons named therein as proxies to vote on matters incident to the conduct of the Meeting. The proxy may be revoked by the stockholder at any time prior to the time it is voted by giving notice of such revocation either personally or in writing to the Secretary of the Company at the address provided above.

Only holders of the Company's Class A Common Stock, par value \$.10 per share (the “Class A Common Stock”), and holders of the Company's Class B Common Stock, Series 1, par value \$.10 per share (the “Class B Common Stock”), at the close of business on April 12, 2005, their authorized representatives and guests of the Company will be able to attend the Meeting. For your comfort and security, admission to the Meeting will be by ticket only. If you are a registered stockholder (your shares are held in your name) and plan to attend the Meeting, please check the appropriate box on the enclosed proxy card. Your admission ticket can be detached from the bottom portion of the proxy card. If you are a beneficial owner (your shares are held in the name of a bank, broker or other holder of record) and plan to attend the meeting, your admission ticket is the left side of your voting information form. In addition, you can obtain an admission ticket in advance by writing to Investor Relations, Triarc Companies, Inc., 280 Park Avenue, New York, New York 10017. Please be sure to enclose proof of ownership, such as a bank or brokerage account statement or a letter from the bank or broker verifying

---

such ownership. Stockholders who do not obtain tickets in advance may obtain them upon verification of ownership at the registration desk on the day of the Meeting.

Tickets may be issued to others at the discretion of the Company.

### **Voting Securities**

All holders of record of the Company's Class A Common Stock and/or Class B Common Stock at the close of business on April 12, 2005 are entitled to vote on all business transacted at the Meeting. At the close of business on April 12, 2005, the Company had 23,867,225 shares of Class A Common Stock and 42,591,944 shares of Class B Common Stock outstanding and entitled to vote at the Meeting. Each share of Class A Common Stock entitles the holder to one vote per share. Each share of Class B Common Stock entitles the holder to one-tenth of a vote per share. Accordingly, a total of 28,126,419.4 votes may be cast at the Meeting. The presence, in person or by proxy, of stockholders entitled to cast at least a majority of the votes that all stockholders are entitled to cast shall constitute a quorum. Broker "non-votes" and the shares as to which a stockholder abstains are included for purposes of determining whether a quorum of shares is present at the Meeting. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.

Under the General Corporation Law of the State of Delaware (the "Delaware Law"), the state in which the Company is incorporated, the Company's Certificate of Incorporation and the By-Laws, if a quorum is present at the Meeting, (i) directors are elected by a plurality vote, and (ii) the affirmative vote of a majority of the voting power present (in person or by proxy) and entitled to vote at the Meeting is required for approval of Proposal (3). With respect to Proposal (2), the Treasury regulations under Section 162(m) ("Section 162(m)") of the Internal Revenue Code, as amended (the "Code"), require the affirmative vote of a majority of the votes cast on the issue to approve such Proposal in accordance with such regulations. Under the Delaware Law, an abstention is not deemed to be a "vote cast." As a result, abstentions and broker "non-votes" are not included in the tabulation of the voting results on the election of directors (Proposal (1)) or issues requiring approval of a majority of the votes cast (Proposal (2)) and, therefore, do not have the effect of votes in opposition in such tabulations. Abstentions are included in the tabulation of the voting results on Proposal (3) and have the effect of votes in opposition in such tabulations, while broker "non-votes" are not included in the tabulation of the voting results on such Proposal and therefore do not have the effect of votes against in such tabulation.

The Company has been informed that the 8,826,149 shares of Class A Common Stock and the 9,867,649 shares of Class B Common Stock owned as of the record date by Nelson Peltz, Peter W. May, the Peltz Family Limited Partnership and two minor children of Mr. Peltz representing, in the aggregate, approximately 34.9% of votes entitled to be cast by the holders of Class A Common Stock and/or Class B Common Stock at the Meeting, will be voted in accordance with the recommendation of the Board of Directors **FOR** the election of each of the eleven (11) nominees for director named below and **FOR** Proposals (2) and (3).

**PROPOSAL 1.  
ELECTION OF DIRECTORS**

**Nominees For Election**

It is recommended that the eleven (11) nominees named below be elected as directors of the Company, with each director to hold office until the next annual meeting of the Company's stockholders, and until his successor is elected and qualified or until his prior death, resignation or removal. All of the eleven (11) nominees are presently serving as directors of the Company and, except for Messrs. Garden and Sachs, were elected directors at the Company's annual meeting of stockholders held on June 9, 2004 to serve until the next annual meeting of the Company's stockholders and until such director's successor is duly chosen and qualified or until his prior death, resignation or removal. Effective as of August 10, 2004, the number of directors constituting the Board of Directors was increased to ten (10) and Mr. Sachs was named by the Board of Directors to fill the vacancy and to serve until his successor is duly chosen and qualified or until his prior death, resignation or removal. Effective as of December 16, 2004, the number of directors constituting the Board of Directors was increased to eleven (11) and Mr. Garden was named by the Board of Directors to fill the vacancy and to serve until his successor is duly chosen and qualified or until his prior death, resignation or removal. Mr. Sachs is Chairman and Chief Executive Officer of our subsidiary Deerfield & Company LLC ("D&C"), which we acquired in July 2004. Mr. Garden was an Executive Vice President of the Company and since his election to the Board, has been serving as Vice Chairman of the Company. Mr. Garden is the son-in-law of Nelson Peltz. Both Messrs. Sachs and Garden were recommended by our Chairman and Chief Executive Officer and other senior executive officers of the Company to fill the vacancies. The Company is unaware of any reason why any of the nominees named herein would be unwilling or unable to serve as a director. Should, however, any nominee for director be unwilling or unable to serve at the time of the Meeting or any adjournment or postponement thereof, the persons named in the proxy will vote for the election of such other person for such directorship as the Board of Directors may recommend.

Certain information regarding each person nominated by the Board of Directors, including his principal occupation during the past five years and current directorships, is set forth below. Unless otherwise indicated, all nominees have had the indicated principal occupations for the past five years.

## CORPORATE GOVERNANCE

### Independence of Directors

Under the New York Stock Exchange's listing requirements, the Board of Directors must have a majority of directors who meet the criteria for independence required by the New York Stock Exchange. Pursuant to the Company's Corporate Governance Guidelines (the "Guidelines"), the Board is to determine whether each director satisfies the criteria for independence based on all of the relevant facts and circumstances. No director qualifies as independent unless the Board of Directors affirmatively determines that such director has no material relationship with the Company. In accordance with the Guidelines, the Board of Directors has adopted categorical standards ("Independence Standards") to assist it in determining the independence of the Company's directors. Pursuant to the Independence Standards, any relationship described below will be presumed to be material if:

- the director is, or has been within the last three years, an employee of the Company, or an immediate family member of the director is, or has been within the last three years, an executive officer of the Company;
- the director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company as an executive officer, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way on continued service);
- the director or an immediate family member of the director is a current partner of a firm that is the Company's internal or external auditor; (ii) the director is a current employee of such a firm; (iii) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (iv) the director or an immediate family member of the director was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time;

- the director or an immediate family member of the director is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same times serves or served on the compensation committee of that company's board of directors;
- the director is a current employee, or an immediate family member of the director is a current executive officer, of another company that has made payments to, or received payments from, the Company for property or services in an amount that, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues. Both the payments and the consolidated gross revenues to be measured will be those of such other company's last completed fiscal year. Also, the three year "look-back" period referred to above applies only to the financial relationship between the Company and the director's or immediate family member's current employer (i.e., former employment of the director or immediate family member need not be considered); or
- the director, or an immediate family member of the director, is employed as an executive officer of a non-profit organization, foundation or university to which, within the last three years, the Company has made discretionary contributions (excluding for this purpose matching funds paid by the Company as a result of contributions by the Company directors and employees) that, in any fiscal year of such non-profit organization, foundation or university, exceeded the greater of \$1 million or 2% of such entity's consolidated gross revenues.

The foregoing clauses are to be interpreted by the Board of Directors taking into account any commentary or other guidance provided by the New York Stock Exchange with respect to Section 303 of the New York Stock Exchange Listed Company Manual.

The Independence Standards further provide that the relationship between the Company and an entity for which a director serves solely as a non-management director is not material. The Independence Standards also provide that employment as an interim Chairman or CEO or other executive officer will not disqualify a director from being considered independent following that employment. In addition, any other relationship not described above will not be deemed material unless (i) the director would have thereby a "direct or indirect material interest" within the meaning of Item 404(a) of Regulation S-K and the material terms of the relationship were materially more favorable than those that would be offered at the time and in comparable circumstances to persons unaffiliated with the Company or (ii) the Board of Directors, in exercising its judgment in light of all the facts and circumstances, determines that the relationship should be considered to be material and to affect the independence of the director in question. For purposes of the Independence Standards, the term "Company" includes any subsidiary in Triarc's consolidated group.

The Board of Directors and the Nominating and Corporate Governance Committee reviewed the independence of the director nominees. As a result of this review, a determination was made that each of the following director nominees is independent of the Company and its management: Messrs. Carey, Chajet, Levato, Schwab, Troubh, Tsai and Wasserman.

#### **Board Meetings and Certain Committees of the Board**

Ten meetings of the full Board of Directors were held during the fiscal year ended January 2, 2005. Each incumbent director who served on the Board of Directors in 2004 and is a nominee for reelection, attended at least 75% or more of the meetings of the Board of Directors and its committees that he was

eligible to attend in 2004. While we do not have a formal policy requiring them to do so, directors are expected to attend the Company's annual meeting of stockholders. With one exception, all persons then serving as directors attended the 2004 Annual Meeting of Stockholders.

The Company has standing audit, nominating and corporate governance and compensation committees whose current functions and members are described below. As noted above, the Board of Directors has determined that each of the current members of such committees is independent as required by the New York Stock Exchange listing requirements. It is anticipated that at its first meeting following the Meeting, the Board will designate the directors to serve on each of these committees until the next annual meeting of stockholders.

*Audit Committee.* The Audit Committee is composed of Messrs. Joseph A. Levato (Chairman), David E. Schwab II, Raymond S. Troubh and Jack G. Wasserman. The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibility relating to: (i) the integrity of the Company's financial statements and financial reporting process, the Company's systems of internal accounting and financial controls and other financial information provided by the Company; (ii) the performance of the internal audit services function; (iii) the annual independent audit of the Company's financial statements, the engagement of the independent auditors and the evaluation of the independent auditors' qualifications, independence and performance; (iv) the compliance by the Company with legal and regulatory requirements, including the Company's disclosure controls and procedures; (v) the evaluation of risk assessment and risk management policies; and (vi) the fulfillment of the other responsibilities set out in its charter. The Board of Directors has determined that each of the committee members are "financially literate" and at least one member, Mr. Levato, qualifies as an "audit committee financial expert" within the meaning of the regulations of the Securities and Exchange Commission. The Audit Committee met eleven times during 2004. The formal report of the Audit Committee with respect to fiscal year 2004 begins on page 36 herein.

The Nominating and Corporate Governance Committee reviews possible candidates for the Board of Directors and recommends the nominees for directors to the Board of Directors for approval. The Board of Directors has adopted general criteria for nomination to the Board of Directors, which, as part of the Guidelines, can be found on the Company's website at [www.triarc.com](http://www.triarc.com). The Board of Directors seeks members from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. The Board's assessment of potential candidates includes consideration of diversity, age, educational background, other board experience and commitments, business and professional achievements, skills and experience in the context of the needs of the Board. The Nominating and Corporate Governance Committee considers suggestions from any source, including stockholders, regarding possible candidates for directors. Possible candidates who

have been suggested by stockholders are evaluated by the Nominating and Corporate Governance Committee in the same manner as are other possible candidates.

The Nominating and Corporate Governance Committee has adopted the following rules with respect to considering nominations by stockholders: (i) the nominating stockholder must have owned, for at least six months prior to the date the nomination is submitted, shares of (x) Class A Common Stock, (y) Class B Common Stock or (z) other classes of common stock or preferred stock, if any, entitled to vote for directors; (ii) the nomination must be received by the Nominating and Corporate Governance Committee at least 120 days before the mailing date for proxy material applicable to the annual meeting for which such nomination is proposed for submission; and (iii) a detailed statement setting forth the qualifications, as well as the written consent, of each party nominated must accompany each nomination submitted. The Nominating and Corporate Governance Committee met five times during 2004.

The Subcommittee was established in August 1997 to assume certain functions which were previously the responsibility of the Compensation Committee. ### **Compensation of Directors**

Each non-management director of the Company receives an annual retainer of \$30,000 for serving on the Board. In addition, each non-management director of the Company receives \$1,500 for each meeting of the Board or of a committee (or subcommittee) of the Board that such director attends. Under the 2002 Plan, each non-management director may elect to have all or a portion of the annual retainer and these meeting attendance fees paid in shares of Class A Common Stock and/or Class B Common Stock rather than in cash. See "Executive Compensation—Certain Employment

Arrangements with Executive Officers” below for certain information relating to compensation of the Company's management directors.

In addition, pursuant to the 2002 Plan, each director of the Company who is not also an employee of the Company or any subsidiary receives options to purchase an aggregate of 15,000 shares of Class A Common Stock and 30,000 shares of Class B Common Stock on the date of such director's initial election or appointment to the Board of Directors. On the date of each subsequent annual meeting of stockholders of the Company at which a director is reelected, such director receives options to purchase 4,000 shares of Class A Common Stock and 8,000 shares of Class B Common Stock.

### **Executive Sessions of the Board of Directors**

The Company has instituted executive sessions of the Board of Directors whereby non-management directors meet in regularly scheduled sessions. The chairpersons of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee rotate presiding over these sessions.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), requires the Company's directors, executive officers, and persons who own more than ten percent of the Company's common stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission (the “SEC”) and the New York Stock Exchange. Directors, executive officers and greater than ten percent stockholders are required by SEC regulations to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Based solely on the Company's review of the copies of such forms it has received, including amendments thereto, or written representations from certain reporting persons that no Form 5s were required for these persons, the Company believes that all its directors, executive officers and greater than ten percent beneficial owners complied with all filing requirements applicable to them with respect to 2004, with the exception that Mr. Peltz inadvertently failed to file a report on a timely basis with respect to one purchase and related gift of shares of stock that he made. In addition, in 2004 it was determined that Mr. Chajet had inadvertently failed to file on a timely basis with respect to two gifts of shares of stock that he made in 2003.

### **VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF**

The following table sets forth the beneficial ownership as of April 12, 2005 by each person known by the Company to be the beneficial owner of more than 5% of the outstanding shares of Class A Common Stock and/or Class B Common Stock (constituting the only classes of voting capital stock of the Company), each director of the Company and nominee for director of the Company who has such ownership, each of the Named Officers (as defined in the Introduction to Summary Compensation Table below) and all directors and executive officers as a group. Except as otherwise indicated, each person has sole voting and dispositive power with respect to such shares.

**EXECUTIVE COMPENSATION  
REPORT OF THE COMPENSATION COMMITTEE AND  
PERFORMANCE COMPENSATION SUBCOMMITTEE\***

*The Compensation Committee's Role.* The Compensation Committee of the Board of Directors (the "Compensation Committee") is responsible for setting policy for compensation of executive officers of the Company, for reviewing and approving compensation programs for the executive officers of the Company (the "Executive Compensation Program") and for administering the 1997 Plan and the Deferral Plan. The Performance Compensation Subcommittee's (the "Subcommittee" or the "Performance Committee") principal function is to administer the 2002 Plan, the 1998 Plan, the 1993 Plan and the 1999 Executive Bonus Plan. The Subcommittee joins the Compensation Committee in this report.

The Company's Executive Compensation Program is designed to motivate executives to achieve the Company's business objectives with particular emphasis on building the value of the Company. Key components of the Executive Compensation Program consist of base salaries, formula-based cash bonus plans, performance-based cash bonus plans, stock-based compensation plans, deferred compensation plans and discretionary bonuses.

To fulfill its principal function, the Compensation Committee reviews and approves each of the elements of the Executive Compensation Program and assesses the effectiveness of the Executive Compensation Program as a whole. This includes reviewing the design of the Company's various incentive plans for executive officers and assessing the competitiveness of the overall Executive Compensation Program. From time to time, the Company retains external compensation consultants and legal counsel to advise it with respect to competitive pay levels and the development and design of compensation plans. In reviewing certain aspects of compensation for Fiscal Year 2004, the Compensation Committee and the Subcommittee jointly retained an independent employment and compensation consulting firm and independent legal counsel, the representatives of which met with the Compensation Committee and Subcommittee.

The Company provides its executive officers with a total compensation package that—at expected levels of performance and consistent with each executive's area of responsibility—is generally intended to be highly competitive with compensation packages provided to similarly situated executives in the consumer products, restaurant and food industries and in asset management and private equity/investment banking. The Company periodically assesses an executive's competitive level of compensation based on comparable information drawn from a variety of sources, including proxy statements, compensation surveys and external compensation consultants. In addition, such compensation takes into account the various roles and combinations of responsibilities undertaken by the Company's executive officers, as well as their individual performance and contribution to the success of the Company. The Compensation Committee believes that highly competitive compensation levels serve the interests of the Company and its stockholders by attracting and retaining the highest caliber of management talent, and that the Company's management talent has been and will continue to be a competitive advantage for the Company.

---

\*This Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this Report by reference into such other filing.

Consistent with the Compensation Committee's action in prior years and as reflected in its reports for those years, the Compensation Committee has continued to consider the possibility of awarding the Company's senior executives with equity or "profit" interests in subsidiaries (or other equity holdings) of the Company ("equity participation plans"), where to do so would assist the Company in attracting and retaining highly skilled executives whose compensation opportunities in the fields of asset management, private equity or investment banking would customarily include such forms of compensation. In the past, in connection with its acquisition and operation of the Snapple Beverage Group, the Company provided its senior management with equity participation at the operating company level, and the Committee believes that such action increased the ability of the Company to attract and retain management talent necessary to increase shareholder value.

During Fiscal Year 2004, the Company acquired a controlling interest in Deerfield & Company LLC, an alternative asset manager, and a minority interest in Jurlique International Pty. Ltd., an Australian-based skin and health care products company. While no compensatory plan or arrangement has been adopted with respect to those companies during Fiscal Year 2004, the Committee is considering the implementation of equity participation plans in respect of these acquisitions.

Before describing the Committee's actions relating to Fiscal Year 2004, the Committee believes that it is useful to provide some observations on the development of compensation policies for Fiscal Year 2005 and beyond. First, the Committee recognizes that the Company functions both in the manner of companies that acquire, nurture and grow undervalued businesses, on the one hand, and companies that manage companies in various business sectors, on the other hand. As a result, in the opinion of the Committee and its advisors, there are relatively few companies that provide comparable compensation models. Second, the Committee also recognizes that the Company has traditionally relied upon compensation packages built upon annual salaries, annual incentive compensation (i.e., bonuses), and longer-term incentive compensation (i.e., stock options). Third, as the demand for management talent continues to increase, the Committee believes that the availability of equity participation plans for select senior management is an additional compensation component which the Company could use to attract, retain, and reward highly skilled executives, and is consistent with compensation opportunities in investment banking and private equity firms. Fourth, in the event that such plans are adopted in 2005 or future years, the Committee believes it is appropriate to evaluate such plans as one part of an integrated, overall compensation structure applicable to those executive officers most responsible for enhancing shareholder value, and more traditional forms of compensation may be affected accordingly.

*Incentive Compensation Varies With Performance and Other Factors.* While the expected value of an executive's total compensation package is set at a highly competitive level, each executive officer's pay package places a significant portion of total compensation at risk, and the actual value of the package may exceed or fall below such competitive compensation levels, both annually and over time, based on various factors, including:

- the Company's financial and operating performance;
- the Company's common stock performance;
- the successful completion of acquisitions, dispositions, financings and other significant transactions;
- the return on the Company's investment portfolio;
- the performance of the executive's area of responsibility;
- the individual executive's performance; and

- the executive's experience in his or her role.

Awards paid under annual and long-term incentive plans to senior operating unit officers are also tied to that business unit's short- and long-term financial performance and its strategic accomplishments.

The Company also believes that effectively rewarding individual performance helps drive managers to contribute in ways that enhance the financial and stock performance of the Company and its various business units. Although the Executive Compensation Program provides compensation that depends on financial performance and strategic accomplishments, an executive officer's incentive awards may also be influenced by qualitative assessments of Company, business unit and individual performance, as appropriate. For all executive officers, these assessments are made by either the Compensation Committee or the Subcommittee, as appropriate.

*Overview of the Executive Compensation Program.* Key components of the Executive Compensation Program include: (i) the base salary program, (ii) the annual incentive program, including awards under the 1999 Executive Bonus Plan, discretionary bonuses and special deferred compensation, (iii) the long-term incentive program and (iv) as discussed above, equity participation plans.

*Base Salary Compensation.* The Company's base salary program is intended to provide base salary levels that are competitive in the external market for executive talent and reflect an individual's ongoing performance. Base salaries are periodically adjusted based on the executive's performance, the Company's overall financial performance and expected salary increases in the market for executive talent.

*Annual Incentive Compensation.* During 1999, the Company's stockholders approved the 1999 Executive Bonus Plan which seeks to provide compensation opportunities to eligible executive officers and key employees of the Company and its subsidiaries that are directly related to the financial and operating performance of the Company. During 2004, six executive officers (including the Chairman and Chief Executive Officer and President and Chief Operating Officer) and one other officer participated in the 1999 Executive Bonus Plan. The 1999 Executive Bonus Plan provides for two types of bonuses: formula bonus awards and performance goal bonus awards. Formula bonus awards are based solely on the Company's financial performance using certain predetermined earnings and capitalization related criteria outlined in the 1999 Executive Bonus Plan. Performance goal bonus awards are based on the attainment of specific levels of performance by the Company (or operating units of the Company) with reference to one or more objective criteria outlined in the 1999 Executive Bonus Plan. The Subcommittee establishes the performance bonus award targets for each participant eligible for such an award no later than 90 days after the commencement of each 1999 Executive Bonus Plan year. The Subcommittee determines whether the formula based criteria and performance goals were met and, based on such determinations, the actual amount of each formula bonus award and each performance goal bonus award and whether payment of all or a portion of such bonus will be deferred. Performance goal bonus awards may not exceed \$5.0 million to any single participant for any 1999 Executive Bonus Plan year. The Subcommittee may also exercise "negative discretion" and reduce performance goal bonuses otherwise payable under the objective criteria. Bonus payments under the 1999 Executive Bonus Plan are intended to be exempt from the tax deduction limitation of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). During 2004, the Company's stockholders re-approved the performance goal bonus awards portion of the 1999 Executive Bonus Plan as required under Section 162(m) of the Code.

In addition, from time to time the Compensation Committee may award discretionary bonuses to the Company's executive officers. The amount of such bonuses are based on the Compensation Committee's evaluation of such individual's performance and contribution to the Company's overall performance.

The Compensation Committee may defer payment of bonuses in accordance with the terms of the Deferral Plan described below.

The annual cash incentive plan for executive officers of Arby's, the Company's principal business unit (the "Annual Plan"), provides competitive annual pay opportunities with amounts payable being linked to Arby's annual financial performance, and to the individual's annual performance. The Annual Plan sets annual incentive target awards at levels that are competitive in the context of the Company's total Executive Compensation Program, and the appropriate mix of variable and fixed compensation. Financial performance is assessed annually against financial and strategic objectives. Each such executive's individual performance award is related to performance measures most appropriate to his or her responsibilities. To reinforce the need for teamwork and focus attention on overall Company objectives, all participants have a significant portion of their award linked to Arby's financial performance, as defined by operating income and other measures.

*Annual Bonus Awards for 2004.* The annual bonus compensation for 2004 for the Named Officers (as defined in the Introduction to the Summary Compensation Table below), other than two Named Officers (other than the Chairman and Chief Executive Officer and the President and Chief Operating Officer) was provided pursuant to the 1999 Executive Bonus Plan and, in the case of Arby's officers, the Annual Plan and/or the Mid-Term Plan (described below). Two Named Officers (other than the Chairman and Chief Executive Officer and the President and Chief Operating Officer) received discretionary bonuses. In 2004, it was the Subcommittee's opinion that there was improvement in Arby's financial performance, and the Company completed a number of significant strategic and financial transactions (including the following: acquisition of the controlling interest in Deerfield & Company LLC; the seeding of the Deerfield Opportunities Fund, LLC, a new hedge fund managed by Deerfield, with \$100 million; the formation of a \$400 million real estate investment trust ("REIT") managed by Deerfield; the acquisition of a minority interest in Jurlique International Pty Ltd.; and the furtherance of various strategic discussions and opportunities involving the Arby's business and its largest franchisee, RTM Restaurant Group). At the same time, the Subcommittee noted that there remained room for improvement. As was the case in prior years, and notwithstanding the fact that certain specified levels of performance had been attained by the Company, the Subcommittee exercised its "negative discretion" with respect to fiscal 2004 and reduced the performance goal bonus awards otherwise payable to all participating Named Officers, with one exception. As explained below under "CEO and COO Compensation Arrangements," total cash compensation payable to the Company's Chairman and Chief Executive Officer and President and Chief Operating Officer with respect to 2004 was materially greater than what was paid with respect to 2003. Total cash compensation payable with respect to 2004 to the other Named Officers was also materially greater than what was paid with respect to 2003. In addition, a discretionary bonus was awarded by the Subcommittee to two of the Named Officers, as disclosed in the Summary Compensation Table below.

In addition, the Compensation Committee reviewed the fiscal 2004 performance of executive corporate officers not participating in the 1999 Executive Bonus Plan and took into account the significant strategic or financial transactions completed by the Company in 2004 noted above.

Accordingly, discretionary bonuses were paid to such executive corporate officers with respect to 2004. The annual bonuses payable to such officers primarily reflected individual qualitative executive contributions based upon the level of the executive's responsibilities, the efficiency and effectiveness with which the executive oversaw the matters under such executive's supervision, and the degree to which such executive contributed to the accomplishment of the Company's goals. Since these officers generally have overall corporate policy-making and administrative responsibilities, and do not directly oversee principal operating units of the Company, the Compensation Committee's assessment of these executives relates generally to their performance and accomplishment of personal goals and the Company's achievements as a whole. No specific weighting was assigned to any one factor over others in determining bonuses paid to such executive officers with respect to fiscal 2004. Because of the Company's financial performance and the completion of the transactions referred to above, the total cash compensation payable to such officers was materially greater with respect to 2004 as compared to the prior year.

*Long-Term Incentive Compensation.* The Company provides executive officers and key employees of its principal business units with incentives linked to longer-term business unit and corporate performance through the 2002 Plan, which provides for the grant of options to purchase shares of Company stock and the award of restricted stock of the Company. The Subcommittee believes equity ownership among executives aligns management's interests with those of stockholders and provides long-term incentives for the Company's officers. As authorized by the Board of Directors, in November 2002, the Performance Committee, in the case of the 1993 Plan, the 1998 Plan and the 2002 Plan, and the Compensation Committee, in the case of the 1997 Plan, adopted procedures to implement a deferral arrangement whereby the senior officers of the Company and of Arby's would have the ability to defer receipt of the shares issuable upon exercise of their stock options. As noted above, the Compensation Committee and/or the Subcommittee may in 2005 and future years consider awarding executives equity or profits interests in subsidiaries (or other equity holdings) of the Company.

In addition, executive officers and key employees of Arby's participate in a mid-term cash incentive plan (the "Mid-Term Plan"), which provides for cash awards to participants based on the unit's profit over a three year period. A pool is created based upon the amount by which the unit's actual profit reaches or exceeds a targeted level.

*Grant of Equity-Based Incentives for Fiscal 2004.* The Subcommittee approved stock option and restricted share grants under the 2002 Plan in respect of fiscal 2004 performance to selected officers and certain key employees of the Company and its subsidiaries after taking into account the Company's performance in 2004 and the nature of the services performed by these individuals on behalf of the Company and the Subcommittee's determination that it was in the best interest of stockholders to provide equity incentives to the Company's management team. Accordingly, in December 2004 and February 2005 stock option grants, and in March 2005 restricted stock grants, were approved by the Subcommittee under the 2002 Plan to selected officers and certain key employees of the Company and of Arby's. The stock option and restricted share grants to Named Officers under the 2002 Plan are included in the Summary Compensation Table below. Such awards were made after a review of the exercise prices, numbers and dates of previous equity awards and the equity awards made to other executive officers of the Company, as well as the total cash compensation paid to such executive officers. No equity-based incentive awards had been granted in respect of fiscal 2003, other than option grants made in connection with the commencement of employment, so the option grants and restricted stock grants provided for in 2004 should be viewed

to some extent in the context of the Subcommittee's consideration of the grantee's services and the Company's performance over this extended period. In addition, the restricted stock awarded is subject to vesting based upon the Company's share price, as described more specifically in the footnotes to the Summary Compensation Table below.

*CEO and COO Compensation Arrangements.* The Company is a party to employment agreements effective as of May 1, 1999 with Nelson Peltz, the Company's Chairman and Chief Executive Officer, and Peter W. May, the Company's President and Chief Operating Officer. The agreements are described in "Certain Employment Arrangements with Executive Officers." Pursuant to such agreements, in addition to receiving their base salaries, Messrs. Peltz and May are entitled to participate in the 1999 Executive Bonus Plan. Pursuant to the 1999 Executive Bonus Plan, Mr. Peltz and Mr. May were awarded approximately \$6.1 million and \$2.8 million, respectively, in respect of fiscal 2004 (as compared to \$3.8 million and \$1.65 million, respectively, in respect of fiscal 2003) based on pre-determined earnings and capitalization related criteria outlined in the 1999 Executive Bonus Plan. Furthermore, no special discretionary bonuses or deferred bonuses were awarded in respect of fiscal 2004 to Messrs. Peltz and May.

In accordance with the procedures adopted in November 2002 by the Performance Committee, Messrs. Peltz and May elected to defer receipt of the shares issuable to them upon exercise of their stock options that were to expire on March 1, 2004, April 21, 2004 and November 30, 2004. Thus, on February 27, 2004, each of Messrs. Peltz and May exercised options that were to expire on March 1, 2004 and, in connection with such deferral elections, 27,549 shares of Class A Common Stock and 55,089 shares of Class B Common Stock were credited to a deferred compensation account on the Company's books pending their future delivery to Mr. Peltz, and 18,366 shares of Class A Common Stock and 36,726 shares of Class B Common Stock were credited to a deferred compensation account on the Company's books pending their future delivery to Mr. May. In addition, on April 20, 2004, each of Messrs. Peltz and May exercised options that were to expire on April 21, 2004 and, in connection with such deferral elections, 600,921 shares of Class A Common Stock and 1,201,843 shares of Class B Common Stock were credited to a deferred compensation account on the Company's books pending their future delivery to Mr. Peltz, and 400,614 shares of Class A Common Stock and 801,229 shares of Class B Common Stock were credited to a deferred compensation account on the Company's books pending their future delivery to Mr. May. Moreover, on November 29, 2004, each of Messrs. Peltz and May exercised options that were to expire on November 30, 2004 and, in connection with such deferral elections, 172,124 shares of Class A Common Stock and 344,246 shares of Class B Common Stock were credited to a deferred compensation account on the Company's books pending their future delivery to Mr. Peltz, and 114,749 shares of Class A Common Stock and 229,497 shares of Class B Common Stock were credited to a deferred compensation account on the Company's books pending their future delivery to Mr. May.

*Other Executive Compensation.* In addition to the traditional components of its executive compensation, the Company has provided executive officers with benefits and perquisites such as a 401(k) plan, health and life insurance, certain tax and financial planning advice, and various transportation benefits. In consultation with its advisers, the Committee believes that the overall level of benefits and perquisites provided by the Company have been appropriate and competitive additions to the principal compensation components, and have been necessary to secure and retain executive talent and to ensure that these executives can operate in a manner that continues to contribute to the overall success of the Company's operations. As part of its ongoing assessment of overall compensation

practices in today's environment, the Committee intends to continue to review the level of such benefits and perquisites and to adjust them as necessary.

*Section 162(m) Considerations.* The Company's general policy is to award incentive compensation to Named Officers which is exempt from the deduction limits of Section 162(m) of the Code. Nevertheless, each of the Compensation Committee and Subcommittee believes it is important to maintain the flexibility to authorize compensation that is not exempt from Section 162(m). Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m), no assurance can be given, notwithstanding the Company's efforts, that compensation intended by the Company to be exempt from the deduction limits of Section 162(m) will in fact be so. The Board of Directors has recommended that the Company's stockholders approve Proposal 2 regarding the proposed amendment to the Performance Goals Bonus Awards portion of the 1999 Executive Bonus Plan. Approval of such amendment will permit the Company to pay to Mr. Sachs the "additional bonus" provided for in his employment agreement and to deduct such bonus in future years in accordance with Section 162(m). The Compensation Committee and the Performance Committee, however, reserve the right to pay discretionary bonuses to Named Officers that are not deductible under Section 162(m). In this regard, certain portions of the compensation paid to two Named Executive Officers (other than the Chairman and Chief Executive Officer and the President and Chief Operating Officer) in respect of fiscal 2004 may not be deductible under Section 162(m).

- (1) All restricted share grants were made pursuant to the 2002 Plan. The value of the restricted share grants of Class A Common Stock and Class B Common Stock shown in the table is based on \$15.59 and \$14.40, representing the closing price of the Class A Common Stock and Class B Common Stock on the date of grant, respectively. The total number of restricted shares held by the individuals

*(footnotes continued from previous page)*

in the Summary Compensation Table is as follows: 149,155 restricted shares of Class A Common Stock are held by Mr. Peltz and 200,000, 178,926, 119,284, 44,732, and 42,744 restricted shares of Class B Common Stock are held by Messrs. Peltz, May, Garden, Schorr and McCarron, respectively. Each of the foregoing restricted share grants were made in March 2005 with respect to fiscal 2004 and as such had no value at January 2, 2005. Holders of restricted shares may vote the shares prior to vesting, unless such shares are forfeited (see below), and are entitled to receive dividends, if any, paid with respect to such shares, plus interest, upon the vesting of such shares. Each of the foregoing restricted share awards vests as follows: one-third of the restricted shares (the "First Tranche Shares") will vest on March 14, 2006, if the closing price of the Class B Common Stock on that date is \$14.09 or greater. A proportionate amount of First Tranche Shares will vest if the closing price of the Class B Common Stock on March 14, 2006 is between \$12.09 and \$14.09. One-third of the restricted shares, together with any First Tranche Shares that did not vest on March 14, 2006 (collectively, the "Second Tranche Shares"), will vest on March 14, 2007 if the closing price of the Class B Common Stock on that date is \$15.09 or greater. A proportionate amount of Second Tranche Shares will vest if the closing price of the Class B Common Stock on March 14, 2007 is between \$12.09 and \$15.09. One-third of the restricted shares, together with any Second Tranche Shares that did not vest on March 14, 2007 (collectively, the "Third Tranche Shares"), will vest on March 14, 2008 if the closing price of the Class B Common Stock is \$16.09 or greater. A proportionate amount of Third Tranche Shares will vest if the closing price of the Class B Common Stock on March 14, 2007 is between \$12.09 and \$15.09. Any restricted shares that did not vest on March 14, 2008 will vest on March 14, 2010 if the closing price of the Class B Common Stock is \$18.50 or greater. Any such restricted shares that do not vest on March 14, 2010 will be forfeited.

- (2) All stock option grants with respect to 2002 were made pursuant to the 1998 Plan and are "Package Options" (see "Equity Participation Plan Information" below). All stock option grants with respect to 2003 and 2004 were made pursuant to the 2002 Plan and are "Class B Options" (see "Equity Participation Plan Information" below).
- (3) Mr. May waived the right to receive \$250,000 of his annual base salary of \$1,200,000 during each of fiscal 2002, 2003 and 2004.
- (4) The Company, pursuant to a security program established by the Board of Directors and administered by independent committees of the Board of Directors, requires Messrs. Peltz and May to use corporate aircraft for personal as well as business travel and encourages members of their families to use such aircraft when they travel. Pursuant to the security program, the Company has also agreed to provide certain other security measures for Messrs. Peltz and May and their immediate families. The independent committees have determined to provide these security measures for the Company's benefit rather than as a personal benefit for Messrs. Peltz and May. Nonetheless, we have included costs relating to these other security measures in this column. To enable comparison with fiscal 2004, we have recalculated the fiscal 2003 and 2002 amounts from last year's proxy statement to include costs relating to these other security measures previously disclosed elsewhere in last year's proxy statement. Excludes \$261,769 and \$322,454 that Mr. Peltz reimbursed the Company in fiscal 2004 and fiscal 2003, respectively, representing the approximate cost to the Company relating to his personal non-commuting use of Company aircraft, and excludes \$421,145 and \$251,641 that Mr. May reimbursed the Company in fiscal 2004 and fiscal 2003, respectively,

representing the approximate cost to the Company relating to his personal use of Company aircraft. Includes approximate costs of: \$122,531 (net of reimbursed costs), \$132,376 (net of reimbursed costs), and \$594,845 for fiscal 2004, fiscal 2003 and fiscal 2002, respectively, for use of such aircraft by Mr. Peltz and his family, and \$26,535 (net of reimbursed costs) and \$486,937 for fiscal 2004 and fiscal 2002, respectively, for use of such aircraft by Mr. May and his family. Also includes \$88,910 and \$96,545 for other transportation benefits, and \$40,000 for tax and financial planning services for Mr. May in fiscal 2003.

- (5) Perquisites and other personal benefits did not exceed the lesser of either \$50,000 or 10% of the total annual salary and bonus reported under the headings of "Salary" and "Bonus."
- (6) Represents amounts contributed to a 401(k) plan by Triarc on behalf of the Named Officer.
- (7) Includes \$14,350, \$13,000 and \$12,500 contributed to a 401(k) plan by Triarc on behalf of Mr. Schorr in fiscal 2004, fiscal 2003 and fiscal 2002, respectively, and \$3,374 of other compensation paid by Triarc in an amount equal to premiums for life insurance in each of fiscal 2004, fiscal 2003 and fiscal 2002.

#### **Certain Employment Arrangements with Executive Officers**

*Nelson Peltz and Peter W. May.* Employment agreements were entered into by the Company and Messrs. Peltz and May, effective as of May 1, 1999. The agreements, which currently extend through April 30, 2010, provide for a five year term, unless otherwise terminated as provided therein, with automatic annual one year extensions unless either the Company or the executive gives written notice not later than 180 days preceding the date of any such extension that such party does not wish to extend the term. The agreements provide for annual base salaries of \$1,400,000 per year for Mr. Peltz and \$1,200,000 per year for Mr. May, subject to increase but not decrease from time to time. Mr. May has waived his right to receive \$250,000 of his 2005 annual base salary. In addition, the executives will receive an annual bonus for each fiscal year at least equal to the Formula Bonus Award actually earned under the 1999 Executive Bonus Plan; provided that the Board of Directors (including the Performance Committee of the Board of Directors) may award Performance Goal Bonus Awards under the 1999 Executive Bonus Plan and additional bonuses in its discretion. In the event employment is terminated by the Company without "cause," or by the executive for "good reason" (as each such term is defined in the agreements), or at the executive's option following a "change of control," the agreements provide that each executive will be entitled to receive within ten days of termination, among other things, an amount equal to the sum of: (i) the executive's then current base salary through the date of termination, any bonus amounts payable, and accrued vacation pay; (ii) the executive's then current base salary through the remainder of the employment term; (iii) five times the highest bonus as calculated under the agreements; and (iv) five times the sum of Company contributions paid or accrued on the executive's behalf to any defined contribution retirement plans during the year preceding termination. In addition, the executives will be entitled to receive a pro rata bonus for the year in which the termination occurs. "Change of control" would generally include the following events: (i) a majority of the Company's directors being replaced; (ii) any "person," as defined in the Exchange Act, acquires 50% or more of the combined voting power of the Company's voting securities; (iii) a sale of all or substantially all of the assets of the Company; (iv) a merger or similar transaction that requires

stockholder approval, unless the Company's stockholders continue to own 50% or more of the combined voting power of the resulting entity's voting securities; (v) the Company's stockholders approve a plan of complete liquidation or dissolution of the Company; or (vi) such other events as may be designated by the Board of Directors. For a period of five years following a Change of Control, Messrs. Peltz and May will be entitled to an office or offices and to secretarial and other assistance at least equal those provided to them during the 90-day period preceding the Change in Control. Under the agreements, in the event that any benefit paid to Messrs. Peltz and May becomes subject to excise tax imposed under Section 4999 of the Code, the Company will indemnify Messrs. Peltz and May so that after payment of such excise taxes, Messrs. Peltz and May will be in the same after-tax position as if no excise tax had been imposed. The agreements also provide that in the event that employment is terminated without "cause" by the Company, by Messrs. Peltz or May for "good reason," or under other specified circumstances (including a change of control), all non-vested stock options and other non-vested stock or stock-based awards then owned by the executives will, subject to certain limitations, vest immediately and (i) subject to certain limitations, all of such awards granted on or after February 24, 2000 and (ii) all of the Company stock options granted before February 24, 2000 with an exercise price greater than \$17.6875 per share (the closing price of the Company's common stock on such date), will remain exercisable until the earlier of one year following termination or the award's stated expiration date. Pursuant to the agreements, Messrs. Peltz and May are entitled to participate in the Company's welfare benefit plans, and are also entitled (i) to be provided with a driver of their choice, at the Company's cost, (ii) to have a new automobile of their choice provided to them and replaced with a new automobile every three years, at the Company's cost (to date, Mr. May has not requested that the Company provide this benefit to him), (iii) to be reimbursed for maintaining such automobile, including parking, gasoline and insurance, (iv) to be reimbursed for tax, estate, financial planning and accounting services, up to a maximum cost of \$50,000 per year, and (v) to use aircraft owned, rented or leased by the Company. The aggregate incremental costs of these benefits are included in the amounts under the heading "Other Annual Compensation" in the Summary Compensation Table above.

*Brian L. Schorr.* Mr. Schorr, the Company's Executive Vice President and General Counsel, is a party to an employment agreement with the Company entered into effective as of February 24, 2000. The agreement, which currently extends through February 24, 2008, provides for a three year term, unless otherwise terminated as provided therein, with automatic annual one year extensions unless either the Company or Mr. Schorr gives written notice not later than 180 days preceding the date of any such extension that such party does not wish to extend the term. The agreement provides for an annual base salary of \$475,000 per year, subject to increase but not decrease from time to time. Mr. Schorr's annual base salary was increased to \$575,000 per year in June 2004. In addition, Mr. Schorr is eligible to receive bonuses during each of the Company's fiscal years from time to time as appropriate, in the sole discretion of the Company, and to participate in the 1999 Executive Bonus Plan. In the event employment is terminated by the Company without "cause," or by Mr. Schorr for certain specified reasons (including following a "change of control" or for "good reason"), the agreement provides that Mr. Schorr will be entitled to receive within ten days of termination, among other things, an amount equal to the sum of: (i) Mr. Schorr's then current base salary through the date of termination, any bonus amounts payable, accrued vacation pay, and two and one-half times the sum of Company contributions paid or accrued on Mr. Schorr's behalf to any defined contribution retirement plans during the year preceding termination; (ii) Mr. Schorr's then current salary through the remainder of the employment term (but in no event for more than two and one-half years); and (iii) two and one-half times the

highest bonus, as calculated under the agreement. In addition, Mr. Schorr will be entitled to receive a pro rata bonus for the year in which the termination occurs. Under the agreement, in the event that any benefit paid to Mr. Schorr becomes subject to excise tax imposed under Section 4999 of the Code, the Company will indemnify Mr. Schorr so that after payment of such excise taxes, Mr. Schorr will be in the same after-tax position as if no excise tax had been imposed. The agreement also provides that in the event that employment is terminated without "cause" by the Company, or by Mr. Schorr for certain specified reasons (including following a "change of control" or for "good reason"), all non-vested stock options and other non-vested stock or stock-based awards of the Company or any subsidiary then owned by Mr. Schorr will, subject to certain limitations, vest immediately and (i) all of such awards granted on or after February 24, 2000 and (ii) all of the Company stock options granted before February 24, 2000 with an exercise price greater than \$17.6875 per share (the closing price of the Company's common stock on such date), will remain exercisable until the earlier of one year following termination or the award's stated expiration date.

*Gregory H. Sachs.* In connection with our acquisition of D&C, the parent of Deerfield, Mr. Sachs, the Chairman and Chief Executive Officer of the Deerfield Companies (and currently a director of Triarc), entered into an employment agreement with the Deerfield Companies effective as of July 22, 2004. The term of the agreement expires on July 21, 2009. The agreement provides for an annual base salary of \$1,000,000 per year. In addition, commencing with the 2005 fiscal year, Mr. Sachs will receive a bonus in respect of each fiscal year of D&C during the term of his employment equal to 8% of the first \$8,000,000 of D&C's "EBITDA" (as defined in the agreement). In addition, commencing with D&C's 2005 fiscal year, if our stockholders approve the amendment to the Company's 1999 Executive Bonus Plan described in Proposal 2 of the Proxy Statement, Mr. Sachs will receive an additional annual bonus equal to 8% of D&C's EBITDA in excess of \$8,000,000. In no event will Mr. Sachs' aggregate bonus in respect of any fiscal year exceed \$5,000,000. If our stockholders do not approve the amendment to the 1999 Executive Bonus Plan described in Proposal 2 of this Proxy Statement, Mr. Sachs will not be entitled to receive the additional annual bonus and he may terminate his employment with the Deerfield Companies for "good reason" (as defined in the agreement) and receive the post-termination payments and benefits described below.

Mr. Sachs is eligible to participate in the Deerfield Companies' benefit plans on the same basis as other senior executives of the Deerfield Companies. In addition, Mr. Sachs is entitled to either the use of an automobile at DCM's expense or an automobile allowance of up to \$900 per month. Mr. Sachs is also entitled to the services of a driver, but must reimburse DCM for 50% of the cost of the driver's monthly salary, bonus and benefits. When traveling for business purposes, Mr. Sachs is entitled to the use of a private aircraft, including an aircraft owned or leased by Mr. Sachs or an entity controlled by Mr. Sachs (the "Aircraft") or a comparable aircraft when the Aircraft is unavailable. DCM reimburses Mr. Sachs for up to \$4,000 for each actual hour of flying time on the Aircraft or, if the Aircraft is unavailable, up to \$4,000 for documented out-of-pocket expenses incurred by Mr. Sachs for each hour of actual flying time on a substitute aircraft, plus, in the case of either the Aircraft or any substitute aircraft, the reasonable cost of any food consumed on board and any overnight meals and lodging for aircraft crew members, in each case subject to the receipt of appropriate documentation.

In the event Mr. Sachs's employment is terminated due to "disability" (as defined in the agreement) or death, Mr. Sachs (or his estate) will be entitled to receive:

- a lump sum payment equal to the annual base salary Mr. Sachs would have received had he remained employed with the Deerfield Companies until the earlier of the first anniversary of the termination of his employment or July 21, 2009, reduced by any amounts Mr. Sachs is entitled to receive under DCM's long term disability plan, and

- the “prorata bonus,” which is an amount equal to the lesser of: (i) 8% of D&C's actual EBITDA from the first day of the fiscal year in which the termination occurs through the last day of the month in which the termination occurs, and (ii) \$5,000,000, prorated for the number of days worked by Mr. Sachs in the D&C fiscal year in which the termination occurs.

In the event Mr. Sachs' employment is terminated by the Deerfield Companies without “cause” (as defined in the agreement) or by Mr. Sachs for good reason, Mr. Sachs will be entitled to receive:

- a lump sum “severance benefit” in an amount equal to the lesser of: (i) \$3,000,000 (or \$1,500,000 in the event that, under certain circumstances, Mr. Sachs's delivers a notice to exercise a put right that requires Triarc to purchase 100% of the D&C membership interests held by his affiliates, as described in the Fourth Amended and Restated Operating Agreement of D&C dated as of June 26, 2004, which agreement is filed as Exhibit 10.4 to the Company's Current Report on Form 8-K filed on June 28, 2004), and (ii) the annual base salary Mr. Sachs would have received had he remained employed with the Deerfield Companies from the date of his termination until July 21, 2009 (the “Operating Agreement”); and
- the prorata bonus (described above).

In addition, a termination of Mr. Sachs' employment due to his death, by the Deerfield Companies due to disability or without cause, or by Mr. Sachs for good reason triggers certain rights of affiliates of Mr. Sachs to require Triarc to purchase D&C membership interests held by such affiliates, as described further in the Operating Agreement.

Under the agreement, Mr. Sachs is subject to non-competition, non-solicitation and no-hire covenants following the termination of his employment by the Deerfield Companies without cause or by Mr. Sachs for good reason until the earlier of the third anniversary of that termination and July 21, 2011. Following the termination of Mr. Sachs's employment for any other reason, Mr. Sachs is subject to non-competition, non-solicitation and no-hire covenants until July 21, 2011.

### ***1999 Executive Bonus Plan***

The Company's 1999 Executive Bonus Plan is designed to provide incentive compensation for designated executive officers and key employees of the Company and its subsidiaries that is directly related to the financial performance of the Company. The plan was approved by the Company's stockholders on September 23, 1999 and the Performance Goal Bonus Awards portion of the plan was re-approved by the Company's stockholders on June 9, 2004. The 1999 Executive Bonus Plan, which became effective as of May 3, 1999, provides for two types of bonuses to be awarded to designated participants: “Formula Bonus Awards” and “Performance Goal Bonus Awards”. Formula Bonus Awards are based solely on the Company's financial performance using certain predetermined earnings and capitalization related criteria outlined in the plan. Performance Goal Bonus Awards are based on the Company (or operating units of the Company) achieving certain specific levels of performance with reference to one or more objective criteria outlined in the 1999 Executive Bonus Plan. Performance bonus award targets are established annually by the Performance Committee, based on specific categories of criteria set forth in the 1999 Executive Bonus Plan. Such criteria include the successful completion of acquisitions, dispositions, recapitalizations, financings and refinancings, return on the Company's investment portfolio and other market and operating performance measures, including,

among other things, earnings per share, market share, margins, productivity improvement and stock price. The Performance Committee establishes the performance goals as to each participant for each plan year and, if more than one performance goal is established, the weighting of the performance goals. Messrs. Peltz and May are eligible to receive Formula Bonus Awards and each of Messrs. Peltz, May, Garden, Sachs, Schorr and McCarron has been designated by the Performance Committee as being eligible to receive a Performance Goal Bonus Award under the 1999 Executive Bonus Plan for plan year 2005. Performance Goal Bonus Awards may not exceed \$5,000,000 to any single participant for any plan year. The Performance Committee may, in its sole and absolute discretion, adjust or modify the calculation of the performance goals in certain circumstances. In addition, the 1999 Executive Bonus Plan provides that the Performance Committee may reduce or eliminate a Performance Goal Bonus Award even if certain performance goals have been achieved if the Performance Committee, in its sole discretion, determines to do so. The Performance Committee may also amend, suspend, or terminate the 1999 Executive Bonus Plan or any portion thereof at any time; provided that no such amendment or alteration shall be made that would impair the rights of any participant without the participant's consent. Payments of awards under the 1999 Executive Bonus Plan are intended to be exempt from the tax deduction limitation of Section 162(m) of the Code, which generally limits deductions for compensation paid to senior executive officers to \$1,000,000 per year. The Company is proposing an amendment to the 1999 Executive Bonus Plan (the "Amendment"), more fully described in Proposal 2 of this Proxy Statement, to ensure that Performance Goal Bonus Awards made under the plan having a performance period longer than one year will be deductible by the Company. The Amendment also adds certain additional criterion that may be selected in establishing appropriate performance goals for the Performance Goal Bonus Awards under the plan, which will permit Deerfield to pay Mr. Sachs the additional bonus described under the heading "Certain Employment Arrangements with Executive Officers—*Gregory H. Sachs*." The Board of Directors is recommending that the stockholders approve the Amendment, as described further in Proposal 2 below.

### ***Cash Incentive Plans***

Arby's has an annual cash incentive plan (the "Annual Incentive Plan") and a mid-term cash incentive plan (the "Mid-Term Incentive Plan") for executive officers and key employees.

The Annual Incentive Plan is designed to provide annual incentive awards to participants, with amounts payable being linked to whether Arby's has met certain pre-determined financial goals and the performance of the participant during the preceding year. Under the Annual Incentive Plan, participants may receive awards of a specified percentage of their then current base salaries, which percentage varies depending upon the level of seniority and responsibility of the participant. Such percentage is set by the company's management in consultation with management of Triarc. The board of directors of Arby's, in consultation with management of Triarc and the Compensation Committee of the Triarc Board of Directors, may elect to adjust awards on a discretionary basis to reflect the relative individual contribution of the executive or key employee, to evaluate the "quality" of the company's earnings or to take into account external factors that affect performance results. The board of directors of Arby's may also decide that multiple performance objectives related to the company's and/or the individual's performance may be appropriate and in such event, such factors would be weighted in order to determine the amount of the annual incentive awards. The Annual Incentive Plan may be amended or terminated at any time.

Under the Mid-Term Incentive Plan, incentive awards are granted to participants if Arby's achieves an agreed upon profit over a three year performance cycle. During each plan year, an amount is accrued for each participant based upon the amount by which the company's profit for such year exceeds a certain minimum return. A new three-year performance cycle begins each year, such that after the third year the annual cash amount paid to participants pursuant to the Mid-Term Incentive Plan should equal the target award if Arby's profit goals have been achieved for the full three-year cycle. Except as may otherwise be set forth in a participant's employment agreement, the board of directors of Arby's, together with Triarc's management and the Compensation Committee of the Board of Directors, may adjust an individual's award, upward or downward, based upon an assessment of the individual's relative contribution to the company's longer-term profit performance. The Mid-Term Incentive Plan may be amended or terminated at any time.

#### ***Discretionary Bonuses***

From time to time, the Compensation Committee of the Board may award discretionary or special bonuses or deferred compensation based on performance to certain executive officers. The amounts of such bonuses or deferred compensation will be based on the Compensation Committee's evaluation of each such individual's contribution.

#### ***Deferral Plan For Senior Executive Officers of Triarc Companies, Inc.***

The Deferral Plan for Senior Executive Officers of Triarc Companies, Inc. (the "Deferral Plan") was approved by the Compensation Committee of the Board of Directors effective December 14, 2000. Pursuant to the Deferral Plan, the Company establishes one or more bookkeeping accounts to reflect bonuses awarded to participants the payment of which has been deferred. These accounts are adjusted from time to time for earnings and investment gains and losses. Deferred bonus accounts for each participant are deemed invested in certain approved investments selected by the participant or an investment manager chosen by the Company and reasonably acceptable to the participant. The Company may replicate any deferred bonus account in a trust, in which event the value of the deferred bonus account on the books of the Company will be equal to the value of the actual approved investments related to such account in the trust. A participant may receive the value of a deferred bonus account, in cash or approved investments, or any combination thereof, from the Company upon the earliest of: (i) the first business day in January of the fourth calendar year following the calendar year in which the related bonus was awarded to the participant; (ii) no later than five business days following the participant's "separation from service" (as defined in the Deferral Plan); and (iii) such time as the payment would be deductible by the Company for Federal income tax purposes without regard to the limitation of Section 162(m) of the Code. On or before the June 30 preceding the payment date specified in clause (i) above, a participant may elect to defer such date for up to three additional whole years. A participant may make such an election more than one time. Although a participant is at all times fully vested in his or her deferred bonus accounts, participants have the status of general unsecured creditors of the Company with respect to the Company's obligation to make payment to them under the Deferral Plan and any assets contained in a trust formed under the Deferral Plan are subject to claims by creditors of the Company. Deferred bonus accounts have been established for Messrs. Peltz and May and the Company has established grantor trusts with a financial institution for the purpose of paying amounts due to Messrs. Peltz and May under the Deferral Plan.

**Equity or Profits Interest Awards**

In 1997, the Company established the Snapple Beverage Group, Inc. 1997 Stock Option Plan, and pursuant to that plan awarded options to executives of the Company and to its subsidiaries to acquire shares of Snapple Beverage Group, Inc., a subsidiary of the Company. That plan terminated in 2000 when the Triarc Beverage Group was sold. The Compensation Committee and/or the Performance Committee may, from time to time in the future, consider awarding certain executive officers of the Company and its subsidiaries equity or profits interests in subsidiaries (or other equity interests) of the Company in order to motivate such executives to achieve the Company's business objectives.
