On July 20, 2009, Plains All American Pipeline, L.P. (the Partnership ) announced that it has commenced a public offering of senior notes. The Partnership intends to use the net proceeds from the offering to supplement the capital available under its existing hedged inventory facility to fund working capital needs associated with base levels of routine foreign crude oil import and for seasonal LPG inventory requirements. The hedged inventory facility matures in November 2009 and is generally renewed annually. Excess net proceeds, if any, will be used for general partnership purposes, including reductions in outstanding borrowings under its credit facilities. The press release announcing the offering and the preliminary prospectus relating to the offering are furnished as exhibits.
