Sykes Enterprises, Incorporated

(Exact name of Registrant as specified in its charter)

Florida

(State or other jurisdiction of incorporation or
organization)

56-1383460

(IRS Employer Identification No.)

400 North Ashley Drive, Tampa, FL 33602

(Address of principal executive offices) (Zip Code)

Registrant's telephone number, including area code: (813) 274-1000

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for at least the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 229.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company

(Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

As of July 24, 2009, there were 41,321,938 outstanding shares of common stock.

Sykes Enterprises, Incorporated and consolidated subsidiaries (SYKES or the Company) provides outsourced customer contact management solutions and services in the business process outsourcing arena to companies, primarily within the communications, financial services, healthcare, technology/consumer and transportation and leisure industries. SYKES provides flexible, high quality outsourced customer contact management services (with an emphasis on inbound technical support and customer service), which includes customer assistance, healthcare and roadside assistance, technical support and product sales to its clients customers. Utilizing SYKES integrated onshore/offshore global delivery model, SYKES provides its services through multiple communications channels encompassing phone, e-mail, Web and chat. SYKES complements its outsourced customer contact management services with various enterprise support services in the United States that encompass services for a company s internal support operations, from technical staffing services to outsourced corporate help desk services. In Europe, SYKES also provides fulfillment services including multilingual sales order processing via the Internet and phone, payment processing, inventory control, product delivery and product returns handling. The Company has operations in two geographic regions entitled (1) the Americas, which includes the United States, Canada, Latin America, India and the Asia Pacific Rim, in which the client base is primarily companies in the United States that are using the Company s services to support their customer management needs; and (2) EMEA, which includes Europe, the Middle East and Africa.

Note 1 Basis of Presentation and Summary of Significant Accounting Policies

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (generally accepted accounting principles) for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all of the information and notes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2009 are not necessarily indicative of the results that may be expected for any future quarters or the year ending December 31, 2009. For further information, refer to the consolidated financial statements and notes thereto, included in the Company s Annual Report on Form 10-K for the year ended December 31, 2008, as filed with the Securities and Exchange Commission (SEC). Subsequent events have been evaluated through the date and time the condensed consolidated financial statements were issued on August 5, 2009. No material subsequent events have occurred since June 30, 2009 that required recognition or disclosure in our condensed consolidated financial statements.

Property and Equipment The carrying value of property and equipment to be held and used is evaluated for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable in accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* . For purposes of recognition and measurement of an impairment loss, assets are grouped at the lowest levels for which there are identifiable cash flows (the reporting unit). An asset is considered to be impaired when the sum of the undiscounted future net cash flows expected to result from the use of the asset and its eventual disposition does not exceed its carrying amount. The amount of the impairment loss, if any, is measured as the amount by which the carrying value of the asset exceeds its estimated fair value, which is generally determined based on appraisals or sales prices of comparable assets. Occasionally, the Company redeploys property and equipment from under-utilized centers to other locations to improve capacity utilization if it is determined that the related undiscounted future cash flows in the under-utilized centers would not be sufficient to recover the carrying amount of these assets. The Company determined that its property and equipment was not impaired as of June 30, 2009.

Investment in SHPS The Company holds a noncontrolling interest in SHPS, Inc. (SHPS), which was accounted for at cost of approximately \$2.1 million as of December 31, 2008 and was included in Deferred charges and other assets in the accompanying Condensed Consolidated Balance Sheet. In June 2009, the Company received notice from SHPS

that the shareholders of SHPS had approved a merger agreement between SHPS and SHPS Acquisition, Inc., pursuant to which the common stock of SHPS, including the common stock owned by the Company, would be converted into the right to receive \$0.000001 per share in cash. SHPS informed the Company that it believes the estimated fair value of the SHPS common stock to be equal to such per share amount. As a result of this transaction and evaluation of the Company's legal options, the Company believes it is more likely than not that we will not be

Note 1 Basis of Presentation and Summary of Significant Accounting Policies (continued)**Investment in SHPS (continued)**

able to recover the \$2.1 million carrying value of the investment in SHPS. Therefore, due to the decline in value that is other than temporary, management recorded a non-cash impairment loss of \$2.1 million included in Impairment loss on investment in SHPS in the accompanying Condensed Consolidated Statements of Operations for the three and six months ended June 30, 2009 (none in the comparable 2008 periods). See Note 2 for further information.

Goodwill The Company accounts for goodwill and other intangible assets under SFAS No. 142 (SFAS 142), *Goodwill and Other Intangible Assets*. Goodwill and other intangible assets with indefinite lives are not subject to amortization, but instead must be reviewed at least annually, and more frequently in the presence of certain circumstances, for impairment by applying a fair value based test. Fair value for goodwill is based on discounted cash flows, market multiples and/or appraised values as appropriate. Under SFAS 142, the carrying value of assets is calculated at the lowest levels for which there are identifiable cash flows (the reporting unit). If the fair value of the reporting unit is less than its carrying value, an impairment loss is recorded to the extent that the fair value of the goodwill within the reporting unit is less than its carrying value. The Company completed its annual goodwill impairment test during the third quarter of 2008, which included the consideration of recent economic developments and determined that the carrying amount of goodwill was not impaired. Subsequently, during the second quarter of 2009, based on the presence of certain circumstances, the Company recorded an impairment loss on goodwill related to the March 2005 acquisition of Kelly, Luttmer & Associates Limited (KLA). See Note 2 for further information. The Company expects to receive future benefits from the remaining previously acquired goodwill over an indefinite period of time.

Intangible Assets Intangible assets, primarily customer relationships, existing technologies and covenants not to compete, are amortized using the straight-line method over their estimated useful lives which approximates the pattern in which the economic benefits of the assets are consumed. The Company periodically evaluates the recoverability of intangible assets and takes into account events or changes in circumstances that warrant revised estimates of useful lives or that indicate that an impairment exists. Fair value for intangible assets is based on discounted cash flows, market multiples and/or appraised values as appropriate. The Company does not have intangible assets with indefinite lives. During the second quarter of 2009, based on changes in circumstances, the Company recorded an impairment loss on intangible assets related to the KLA acquisition mentioned above. See Note 2 for further information.

Value Added Tax Credit Receivables The Philippine operations are subject to Value Added Tax (VAT), which is usually applied to all goods and services purchased throughout the Philippines. Upon validation and certification of the VAT credit receivables by the Philippine government, the VAT credit receivables are held for sale through third-party brokers. The Company sells VAT credits to others due to its current tax holiday status in the Philippines and resulting inability to fully utilize these credits. This process through collection typically takes three to five years. The VAT credit receivables balance recorded at net realizable value, which approximates fair value, is approximately \$7.1 million and \$7.5 million as of June 30, 2009 and December 31, 2008, respectively. See Fair Value Measurements in this Note 1 for further information. As of June 30, 2009 and December 31, 2008, the VAT credit receivables of \$5.9 million and \$4.9 million, respectively, are included in Deferred Charges and Other Assets, \$1.1 million and \$1.1 million, respectively, are included in Other Current Assets and \$0.1 million and \$1.5 million, respectively, are included in Receivables in the accompanying Condensed Consolidated Financial Statements. During the three and six months ended June 30, 2009, the Company determined that a portion of the VAT credit receivable balance was not recoverable and wrote down the balance by \$0.1 million and \$0.3 million, respectively. During the comparable 2008 periods, the Company wrote down the balance by \$0.2 million and \$0.4 million, respectively.

Stock-Based Compensation The Company has three stock-based compensation plans: the 2001 Equity Incentive Plan (for employees and certain non-employees), the 2004 Non-Employee Director Fee Plan (for non-employee directors), both approved by the shareholders, and the Deferred Compensation Plan (for certain eligible employees).

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008

(Unaudited)

Note 1 Basis of Presentation and Summary of Significant Accounting Policies (continued)

Stock-Based Compensation (continued)

All of these plans are discussed more fully in Note 12. Stock-based awards under these plans may consist of common stock, common stock units, stock options, cash-settled or stock-settled stock appreciation rights, restricted stock and other stock-based awards. The Company issues common stock and treasury stock to satisfy stock option exercises or vesting of stock awards.

The Company recognizes in its statement of operations the grant-date fair value of stock options and other equity-based compensation issued to employees and directors. Compensation expense for equity-based awards is recognized over the requisite service period, usually the vesting period, while compensation expense for liability-based awards (those usually settled in cash rather than stock) is measured to fair-value at each balance sheet date until the award is settled.

Fair Value of Financial Instruments The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash, Accounts Receivable, Value Added Tax Credit Receivables, Short-term and Other Investments, Investments Held in Rabbi Trust and Accounts Payable. The carrying values reported in the balance sheet for cash, accounts receivable, value added tax credit receivables, short-term investments, investments held in rabbi trust and accounts payable approximate their fair values.

Foreign currency forward contracts. Foreign currency forward contracts are recognized in the balance sheet at fair value based on quoted market prices of comparable instruments or, if none are available, on pricing models or formulas using current market and model assumptions.

Long-Term Debt. The fair value of long-term debt, including the current portion thereof, is estimated based on the quoted market price for the same or similar types of borrowing arrangements. As of June 30, 2009 and December 31, 2008, the Company had no outstanding long-term debt.

Fair Value Measurements Effective January 1, 2008, the Company adopted the provisions of SFAS No. 157 (SFAS 157), *Fair Value Measurements* and SFAS No. 159 (SFAS 159), *The Fair Value Option for Financial Assets and Financial Liabilities including an amendment to FASB Statement No. 115*. SFAS 157, which defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants.

SFAS 159 permits an entity to measure certain financial assets and financial liabilities at fair value with changes in fair value recognized in earnings each period. Since the date of adoption on January 1, 2008, the Company has not elected to use the fair value option permitted under SFAS 159 for any of its financial assets and financial liabilities that are not already recorded at fair value.

A description of the Company's policies regarding fair value measurement is summarized below.

Fair Value Hierarchy SFAS 157 requires disclosure about how fair value is determined for assets and liabilities and establishes a hierarchy for which these assets and liabilities must be grouped, based on significant levels of observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Company's market assumptions. This hierarchy requires the use of observable market data when available. These two types of inputs have created the following fair-value hierarchy:

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008

(Unaudited)

Note 1 Basis of Presentation and Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

Level 1 Quoted prices for *identical* instruments in active markets.

Level 2 Quoted prices for *similar* instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.

Level 3 Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are *unobservable*.

Determination of Fair Value The Company generally uses quoted market prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access to determine fair value, and classifies such items in Level 1. Fair values determined by Level 2 inputs utilize inputs other than quoted market prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, and inputs other than quoted market prices that are observable for the asset or liability. Level 3 inputs are unobservable inputs for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability.

If quoted market prices are not available, fair value is based upon internally developed valuation techniques that use, where possible, current market-based or independently sourced market parameters, such as interest rates, currency rates, etc. Assets or liabilities valued using such internally generated valuation techniques are classified according to the lowest level input or value driver that is significant to the valuation. Thus, an item may be classified in Level 3 even though there may be some significant inputs that are readily observable.

The following section describes the valuation methodologies used by the Company to measure fair value, including an indication of the level in the fair value hierarchy in which each asset or liability is generally classified.

Money Market Funds and Open-end Mutual Funds The Company uses quoted market prices in active markets to determine the fair value of money market funds and open-end mutual funds, which are classified in Level 1 of the fair value hierarchy.

Foreign Currency Forward Contracts The Company enters into foreign currency forward contracts over the counter and values such contracts using a discounted cash flows model. The key inputs include forward foreign currency exchange rates and interest rates. The item is classified in Level 2 of the fair value hierarchy.

Investments Held in Rabbi Trust The Company maintains a non-qualified deferred compensation plan structured as a rabbi trust for certain eligible employees. The investment assets of the rabbi trust are valued using quoted market prices multiplied by the number of shares held in the trust, which are classified in Level 1 of the fair value hierarchy. For additional information about our deferred compensation plan, see Notes 5 and 12.

Guaranteed Investment Certificates Guaranteed investment certificates, with variable interest rates linked to the prime rate, approximate fair value due to the automatic ability to reprice with changes in the market; such items are classified in Level 2 of the fair value hierarchy.

Value Added Tax Credit Receivables The VAT credit receivables are recorded at net realizable value, which approximates fair value. The Company determines the net realizable value based on estimated discounted future cash flows using such factors as historical sales experience and current market conditions. Such items are classified in Level 3 of the fair value hierarchy.

(Unaudited)

Note 1 Basis of Presentation and Summary of Significant Accounting Policies (continued)

Foreign Currency Translation The assets and liabilities of the Company's foreign subsidiaries, whose functional currency is other than the U.S. Dollar, are translated at the exchange rates in effect on the reporting date, and income and expenses are translated at the weighted average exchange rate during the period. The net effect of translation gains and losses is not included in determining net income, but is included in Accumulated other comprehensive income (loss), which is reflected as a separate component of shareholders' equity until the sale or until the complete or substantially complete liquidation of the net investment in the foreign subsidiary. Foreign currency transactional gains and losses are included in Other income (expense) in the accompanying Condensed Consolidated Statements of Operations.

Foreign Currency and Derivative Instruments The Company accounts for financial derivative instruments under SFAS No. 133 (SFAS 133), *Accounting for Derivative Instruments and Hedging Activities*, as amended. The Company generally utilizes non-deliverable forward contracts expiring within one to 24 months to reduce its foreign currency exposure due to exchange rate fluctuations on forecasted cash flows denominated in non-functional foreign currencies. Upon proper qualification, these contracts are accounted for as cash-flow hedges, as defined by SFAS 133. These contracts are entered into to protect against the risk that the eventual cash flows resulting from such transactions will be adversely affected by changes in exchange rates. In using derivative financial instruments to hedge exposures to changes in exchange rates, the Company exposes itself to counterparty credit risk. All derivatives, including foreign currency forward contracts, are recognized in the balance sheet at fair value. On the date the derivative contract is entered into, the Company determines whether the derivative contract should be designated as a cash flow hedge. Changes in the fair value of derivatives that are highly effective and designated as cash flow hedges are recorded in Accumulated other comprehensive income (loss), until the forecasted underlying transactions occur. Any realized gains or losses resulting from the cash flow hedges are recognized together with the hedged transaction within Revenues. Cash flows from the derivative contracts are classified within Cash flows from operating activities in the accompanying Condensed Consolidated Statement of Cash Flows. Ineffectiveness is measured based on the change in fair value of the forward contracts and the fair value of the hypothetical derivatives with terms that match the critical terms of the risk being hedged. Hedge ineffectiveness is recognized within Revenues.

The Company formally documents all relationships between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedging activities. This process includes linking all derivatives that are designated as cash flow hedges to forecasted transactions. The Company also formally assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in cash flows of hedged items on a prospective and retrospective basis. When it is determined that a derivative is not highly effective as a hedge or that it has ceased to be a highly effective hedge or if a forecasted hedge is no longer probable of occurring, the Company discontinues hedge accounting prospectively. At June 30, 2009, all hedges were determined to be highly effective.

The Company also periodically enters into forward contracts that are not designated as hedges as defined under SFAS 133. The purpose of these derivative instruments is to reduce the effects on its operating results and cash flows from fluctuations caused by volatility in currency exchange rates. The Company records changes in the fair value of these derivative instruments within Revenues or Other income, depending on the purpose of the hedge, in the accompanying Condensed Consolidated Statements of Operations. See Note 4 for further information on financial derivative instruments.

Recent Accounting Pronouncements In September 2006, the Financial Accounting Standards Board (FASB) issued SFAS No. 157 (SFAS 157), *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. The Company adopted the provisions of SFAS 157 on January 1, 2008. The adoption of this

standard did not have a material impact on the Company's financial condition, results of operations or cash flows. See Note 2 Fair Value for further information.

(Unaudited)

Note 1 Basis of Presentation and Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements (continued)

In March 2007, the Emerging Issues Task Force (EITF) reached a consensus on Issue No. 06-10 (EITF 06-10), *Accounting for Deferred Compensation and Postretirement Benefit Aspects of Collateral Assignment Split-Dollar Life Insurance Arrangements*. EITF 06-10 provides guidance on the employer's recognition of assets, liabilities and related compensation costs for collateral assignment split-dollar life insurance arrangements that provide a benefit to an employee that extends into postretirement periods. The Company adopted the provisions of EITF 06-10 on January 1, 2008. As a result of the implementation of EITF 06-10, the Company recognized a \$0.5 million liability for a postretirement benefit obligation related to a split dollar arrangement on behalf of its founder and former Chairman and Chief Executive Officer which was accounted for as a reduction to the January 1, 2008 balance of retained earnings. See Note 13 Defined Benefit Pension Plan and Post-Retirement Benefits for further information.

In December 2007, the FASB issued SFAS No. 141 (revised 2007) (SFAS 141R), *Business Combinations* and SFAS No. 160 (SFAS 160), *Noncontrolling Interests in Consolidated Financial Statements, an amendment of Accounting Research Bulletin No. 51*. SFAS 141R changes how business acquisitions are accounted for and impacts financial statements both on the acquisition date and in subsequent periods. SFAS 160 changes the accounting and reporting for minority interests, which will be recharacterized as noncontrolling interests and classified as a component of shareholders' equity. On January 1, 2009, the Company adopted the provisions of SFAS 141R and SFAS 160. SFAS 141R will be applied prospectively for all business combinations entered into after January 1, 2009, the date of adoption. The provisions of SFAS 160 will also be applied prospectively to all noncontrolling interests, except for the presentation and disclosure provisions which are applied retrospectively to any noncontrolling interests that arose before January 1, 2009. The adoption of these standards did not have a material impact on the Company's financial condition, results of operations or cash flows.

In March 2008, the FASB issued SFAS No. 161 (SFAS 161), *Disclosures About Derivative Instruments and Hedging Activities*, which amends SFAS 133, *Accounting for Derivative Instruments and Hedging Activities*, by requiring increased qualitative, quantitative, and credit-risk disclosures about an entity's derivative instruments and hedging activities. On January 1, 2009, the Company adopted the provisions of SFAS 161. The adoption of this standard did not have a material impact on the Company's financial condition, results of operations or cash flows. See Note 4 Financial Derivatives for further information.

In April 2008, the FASB issued FASB Staff Position (FSP) No. 142-3 (FSP 142-3), *Determination of the Useful Life of Intangible Assets*. FSP 142-3 amends the factors an entity should consider in developing renewal or extension assumptions used in determining the useful life of recognized intangible assets under FASB Statement No. 142,

Goodwill and Other Intangible Assets. This new guidance applies prospectively to intangible assets that are acquired individually or with a group of other assets in business combinations and asset acquisitions. The Company adopted the provisions of FSP 142-3 on January 1, 2009. The adoption of this standard did not have a material impact on the Company's financial condition, results of operations or cash flows.

In December 2008, the FASB issued FSP No. FAS 132(R)-1 (FSP 132R-1), *Employers Disclosures about Postretirement Benefit Plan Assets*, which provides additional guidance on an employer's disclosures about plan assets of a defined benefit pension or other postretirement plan. FSP 132R-1 is effective for financial statements issued for fiscal years ending after December 15, 2009. The Company is currently evaluating the impact of adopting FSP 132R-1 on its financial condition, results of operations and cash flows.

In April 2009, the FASB issued FSP No. FAS 141(R)-1 (FSP 141(R)-1), *Accounting for Assets Acquired and Liabilities Assumed in a Business Combination That Arise from Contingencies*, which amends the guidance in SFAS 141R to require that assets acquired and liabilities assumed in a business combination that arise from contingencies be recognized at fair value if fair value can be reasonably estimated. If fair value of such an asset or liability cannot be reasonably estimated, the asset or liability would generally be recognized in accordance with FASB Statement No. 5,

"*Accounting for Contingencies* , and FASB Interpretation (FIN) No. 14, *Reasonable Estimation of the Amount of a Loss* . Further, the FASB decided to remove the subsequent accounting guidance for

Table of Contents

(Unaudited)

Note 1 Basis of Presentation and Summary of Significant Accounting Policies (continued)**Recent Accounting Pronouncements (continued)**

assets and liabilities arising from contingencies from Statement 141R, and carry forward without significant revision the guidance in SFAS 141R. Like SFAS 141R, FSP 141(R)-1 is effective for assets or liabilities arising from contingencies in business combinations whose acquisition date is on or after January 1, 2009.

In April 2009, the FASB issued FSP No. FAS 107-1 and APB 28-1 (FSP 107-1), *Interim Disclosures about Fair Value of Financial Instruments*", which amends FASB Statement No. 107, *Disclosures about Fair Value of Financial Instruments*", and APB Opinion No. 28, *Interim Financial Reporting* , to extend the annual disclosures about fair value of financial instruments to interim reporting periods. FSP 107-1 is effective for interim reporting periods ending after June 15, 2009, and was adopted on April 1, 2009. The adoption of FSP 107-1 did not have a material impact on the Company's financial condition, results of operations or cash flows. See Note 1- Basis of Presentation and Summary of Significant Accounting Policies Fair Value Measurements for further information. In April 2009, the FASB issued FSP No. FAS 157-4 (FSP 157-4), *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*", which amends SFAS 157, *Fair Value Measurements*", and supersedes FSP No. FAS 157-3, *Determining the Fair Value of a Financial Asset When the Market for That Asset Is Not Active* . FSP 157-4 provides additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to normal market activity for the asset or liability. FSP 157-4 also provides guidance on circumstances that may indicate a transaction is not orderly (that is, distressed or forced). FSP 157-4 is effective on a prospective basis for interim and annual reporting periods ending after June 15, 2009, and was adopted on April 1, 2009. The adoption of FSP 157-4 did not have a material impact on the Company's financial condition, results of operations or cash flows.

In April 2009, the FASB issued FSP No. FAS 115-2 and FAS 124-2 (FSP 115-2), *Recognition and Presentation of Other-Than Temporary Impairments*", which amends the recognition and presentation of other-than-temporary impairments for debt securities and provides new disclosure requirements for both debt and equity securities. Upon adoption of the provisions of FSP 115-2, the non-credit component of previously recognized other-than-temporary impairment on debt securities held on that date is reclassified from Retained Earnings to Accumulated Other Comprehensive Income and reported as a cumulative-effect adjustment as of the beginning of the period of adoption, if the entity does not intend to sell the security and it is not more likely than not that it will be required to sell the security before recovery of its amortized cost basis. FSP 115-2 is effective for interim and annual reporting periods ending after June 15, 2009, and was adopted on April 1, 2009. The adoption of FSP 115-2 did not have a material impact on the Company's financial condition, results of operations or cash flows. See Note 5 Investments Held in Rabbi Trust for further information.

In May 2009, the FASB issued SFAS No. 165 (SFAS 165), *Subsequent Events*", which establishes general standards of accounting for, and disclosures of, events that occur after the balance sheet date but before the financial statements are issued or are available to be issued. SFAS 165 is effective on a prospective basis for interim or annual periods ending after June 15, 2009, and was adopted on April 1, 2009. This standard did not have a material impact on the Company's financial condition, results of operations and cash flows.

In June 2009, the FASB issued SFAS No. 168 (SFAS 168), *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles a replacement of FASB Statement No. 162* . SFAS 168 states that the FASB Accounting Standards Codification (Codification) will become the single source of authoritative U.S. generally accepted accounting principles (GAAP) recognized by the FASB. The Codification and all of its contents, which changes the referencing of financial standards, will carry the same level of authority, effectively superseding SFAS 162. In other words, the GAAP hierarchy will be modified to include only two levels of GAAP, authoritative and nonauthoritative. SFAS 168 is effective for financial statements issued for interim and annual

periods ending after September 15, 2009. Therefore, in the third quarter of 2009, all references made to GAAP will use the new Codification numbering system prescribed by the FASB. As the Codification is not intended

(Unaudited)

Note 2 Fair Value (continued)

Certain assets, under certain conditions, are measured at fair value on a nonrecurring basis utilizing Level 3 inputs as described in Note 1, like those associated with acquired businesses, including goodwill and other intangible assets, investments at cost and other long-lived assets. For these assets, measurement at fair value in periods subsequent to their initial recognition is applicable if one or more of these assets are determined to be impaired. The Company's assets measured at fair value on a nonrecurring basis (no liabilities) as of June 30, 2009 subject to the requirements of SFAS 157 consist of the following (in thousands):

	Fair Value Measurements at June 30,				Three and Six
	2009 Using:				
Balance	Quoted	Significant		Other	Significant
at	Prices	in			
June	in	Active		Observable	Unobservable
30,	Markets	For		Inputs	Inputs
2009	Identical	Assets		Level (2)	Level (3)
2009	Level	(1)		Level (2)	Level (3)
					Total Gains
					(Losses)
Assets:					
KLA assets:					
Goodwill	\$	\$		\$	\$ (629)
Intangibles, net	301			301	(955)
	301			301	(1,584)
Investment in SHPS ⁽¹⁾					(2,089)
Total Assets	\$ 301	\$		\$ 301	\$ (3,673)

(1) See Note 1, Investment in SHPS, for the reason for the fair value measurement, description of the inputs and

the information
used to develop
the inputs.

On June 30, 2009, the Company committed to a plan to sell or close its Employee Assistance and Occupational Health operations in Calgary, Alberta, Canada, which was originally acquired on March 1, 2005 when the Company purchased the shares of KLA. As a result of KLA's actual and forecasted operating results for 2009, deterioration of the KLA customer base and loss of key employees, the Company expects to sell or close the Calgary operations on or before December 31, 2009 for less than its current carrying value. This decline in value is other than temporary, therefore, the Company recorded a non-cash impairment loss of \$1.0 million related to intangible assets (primarily customer relationships) and \$0.6 million related to goodwill included in Impairment loss on goodwill and intangibles in the accompanying Condensed Consolidated Statements of Operations for the three and six months ended June 30, 2009 (none in the comparable 2008 period). In addition the Company estimates \$0.6 million to \$1.0 million of cash expenditures for the Calgary closing, including facility-related costs of \$0.5 million to \$0.9 million to be paid through the remainder of the lease term ending July 2012 and \$0.1 million in one-time employee termination benefits. The exact timing and actual amounts of the facility-related payments are dependent upon the Company's ability to sublease these facilities. If the events and circumstances regarding the Company's ability to sublease the facilities change, these estimates would change. Income (loss) from operations for KLA for the three and six months ended June 2009 and 2008 were not material to the consolidated income from operations; therefore, the results of operations of KLA have not been presented as discontinued operations in the accompanying Condensed Consolidated Statement of Operations.

Table of Contents

(Unaudited)

Note 3 Goodwill and Intangible Assets

The following table presents the Company's purchased intangible assets (in thousands) as of June 30, 2009:

	Gross	Accumulated	Net	Weighted Average Amortization Period (years)
	Intangibles	Amortization	Intangibles	
Customer relationships	\$ 4,476	\$ 2,238	\$ 2,238	6
Trade name	814	488	326	5
Non-compete agreement	163	163		2
Other	134	134		3
	5,587	3,023	2,564	6
Customer relationships held for sale ⁽¹⁾	301		301	
	\$ 5,888	\$ 3,023	\$ 2,865	

(1) On June 30, 2009, the Company committed to a plan to sell or close its KLA operations, in Canada, including customer relationships, as discussed more fully in Note 2. As of June 30, 2009, this amount is included in Other current assets in the accompanying Condensed Consolidated Balance Sheet.

The following table presents the Company's purchased intangible assets (in thousands) as of December 31, 2008:

	Gross	Accumulated	Net	Weighted
	Intangibles	Amortization	Intangibles	Average
				Amortization
				Period
				(years)
Customer relationships	\$ 6,711	\$ 2,596	\$ 4,115	7
Trade name	892	446	446	5
Non-compete agreement	610	610		2
Other	237	212	25	3
	\$ 8,450	\$ 3,864	\$ 4,586	6

Amortization expense, related to the purchased intangible assets resulting from acquisitions (other than goodwill), of \$0.3 million and \$0.6 million for the three and six months ended June 30, 2009, respectively, is included in General and administrative costs in the accompanying Condensed Consolidated Statements of Operations. In the comparable 2008 periods, the Company recognized amortization expense of \$0.3 million and \$0.7 million, respectively.

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008

(Unaudited)

Note 3 Goodwill and Intangible Assets (continued)

The Company's estimated future amortization expense for the five succeeding years is as follows (in thousands):

Years Ending December 31,	Amount
2009 (remaining six months)	\$455
2010	\$909
2011	\$827
2012	\$373
2013	\$

Changes in goodwill, within the America's segment, consist of the following (in thousands):

Years Ending December 31,	Amount
Balance at December 31, 2007	\$ 22,468
Contingent payment for Apex acquisition	3,076
Foreign currency translation	(2,353)
Balance at December 31, 2008	23,191
Impairment on KLA goodwill (see Note 2)	(629)
Foreign currency translation	(1,420)
Balance at June 30, 2009	\$ 21,142

Note 4 Financial Derivatives

The Company had derivative assets and liabilities relating to outstanding forward contracts, designated as cash flow hedges, as defined under SFAS 133, consisting of Philippine peso (PHP) contracts, maturing within 12 months with a notional value of \$74.8 million and \$107.0 million as of June 30, 2009 and December 31, 2008, respectively. These contracts are entered into to protect against the risk that the eventual cash flows resulting from such transactions will be adversely affected by changes in exchange rates.

The Company had a total of \$3.0 million and \$7.8 million of deferred losses, net of taxes of \$1.7 million and \$3.3 million, on these derivative instruments as of June 30, 2009 and December 31, 2008, respectively, recorded in Accumulated other comprehensive income (loss) (AOCI) in the accompanying Condensed Consolidated Balance Sheets. The deferred losses expected to be reclassified to Revenues from AOCI during the next twelve months is \$4.7 million. However, this amount and other future reclassifications from AOCI will fluctuate with movements in the underlying market price of the forward contracts.

The Company also periodically enters into forward contracts that are not designated as hedges as defined under SFAS 133. The purpose of these derivative instruments is to reduce the effects on its operating results and cash flows from fluctuations caused by volatility in currency exchange rates, primarily related to intercompany loan payments. During the six months ended June 30, 2009, the Company entered into and settled forward contracts to sell \$0.9 million U.S. dollars at fixed prices of 1.1 million Canadian dollars as well as forward contracts to sell PHP 175.0 million at fixed prices of Euro 2.8 million. During the six months ended June 30, 2008, the Company entered into a forward contract to sell 25.0 million Canadian dollars at fixed prices of Euro 14.6 million through December 2009. See Note 1 for further information on foreign currency and derivative instruments.

Note 5 Investments Held in Rabbi Trust

The Company's Investments Held in Rabbi Trust, classified as trading securities and included in Other current assets at fair value in the accompanying Condensed Consolidated Balance Sheets consist of the following (in thousands):

	June 30, 2009		December 31, 2008	
	Cost	Fair Value	Cost	Fair Value
Mutual Funds	\$2,244	\$1,905	\$1,810	\$1,386

Investments Held in Rabbi Trust were comprised of mutual funds, 64% of which are equity-based and 36% were debt-based at June 30, 2009. Investment income, included in Other income (expense) in the accompanying Condensed Consolidated Statements of Operations for the three and six months ended June 30, 2009 and 2008 consists of the following (in thousands):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,

Except as discussed in Note 9, earnings associated with the Company's investments in its subsidiaries are considered to be permanently invested and no provision for income taxes on those earnings or translation adjustments has been provided.

Note 8 Borrowings

On March 30, 2009, the Company entered into a new credit agreement with KeyBank National Association and Bank of America, N.A. (the Credit Facility). The Credit Facility replaces the Company's prior credit agreement, dated March 15, 2004, among the Company, KeyBank National Association and BNP Paribas. The new Credit Facility provides the Company with a \$50 million revolving credit facility, which amount is subject to certain borrowing limitations, and includes certain customary financial and restrictive covenants. Pursuant to the terms of the Credit Facility, the amount of \$50.0 million may be increased up to a maximum of \$100.0 million with the prior written consent of the lenders. The \$50.0 million Credit Facility includes a \$40.0 million multi-currency subfacility, a \$10.0 million swingline subfacility and a \$5.0 million letter of credit subfacility. The Credit Facility will terminate on March 29, 2012.

The Credit Facility, which includes certain financial covenants, may be used for general corporate purposes including strategic acquisitions, share repurchases, working capital support, and letters of credit, subject to certain limitations. Under the Credit Facility, the Company may obtain base rate loans (which include all loans under the swingline subfacility), eurodollar loans and alternate currency loans. Base rate loans accrue interest at the highest of the base rate (defined as the higher of the lender's prime rate, the Federal Funds rate plus 0.50%, or the London Interbank Offered Rate (LIBOR) plus 1%) plus an applicable margin up to 2.50%. Eurodollar loans bear interest at the eurodollar rate plus an applicable margin up to 3.50%. Alternate currency loans accrue interest at the alternate currency rate applicable to the alternate currency plus an applicable margin up to 3.50%. In addition, a commitment fee of up to

0.65% is charged on the unused portion of the Credit Facility on a quarterly basis. The borrowings under the Credit Facility, which will terminate on March 29, 2012, are secured by a pledge of 65% of the stock of each of the Company's active direct foreign subsidiaries.

The Credit Facility prohibits the Company from incurring additional indebtedness, subject to certain specific exclusions. There were no borrowings during the six months ended June 30, 2009 and 2008, and no outstanding balances as of June 30, 2009 and December 31, 2008, with \$50.0 million availability on the Credit Facility.

(Unaudited)

Note 9 Income Taxes

The Company's effective tax rate was 16.0% and 16.4% for the six months ended June 30, 2009 and 2008, respectively. The net decrease in the effective tax rate of 0.4% was primarily due to a shift in the mix of earnings, accompanied by the effects of valuation allowances. The differences in the Company's effective tax rate of 16.0% as compared to the U.S. statutory federal income tax rate of 35.0% was primarily due to the recognition of tax benefits resulting from additional income earned in certain tax holiday jurisdictions, accompanied by the effects of valuation allowances, permanent differences, losses in jurisdictions for which tax benefits can be recognized, foreign withholding and other taxes, accrued interest and penalties and foreign income tax rate differentials.

The liability for unrecognized tax benefits was \$5.0 million and \$5.1 million at June 30, 2009 and December 31, 2008, respectively, and is recorded as "Long-term income tax liabilities" in the accompanying Condensed Consolidated Balance Sheets. If the Company recognized its remaining unrecognized tax benefits at June 30, 2009, approximately \$5.0 million, including related interest and penalties of \$2.0 million, would favorably impact the effective tax rate. Generally, earnings associated with the Company's investments in its subsidiaries are considered to be permanently invested and no provision for income taxes on those earnings or translation adjustments has been provided.

Determination of any unrecognized deferred tax liability for temporary differences related to investments in subsidiaries that are essentially permanent in nature is not practicable. The U.S. Department of the Treasury released the "General Explanations of the Administration's Fiscal Year 2010 Revenue Proposals" in May 2009. These proposals represent a significant shift in international tax policy, which may materially impact U.S. taxation of international earnings, including our position on permanent reinvestment of foreign earnings. We continue to monitor these proposals and are currently evaluating the potential impact on our financial condition, results of operations, and cash flows. For 2009, the Company changed its intent with respect to the distribution of current earnings for one lower tier subsidiary. The Company accrued withholding tax of \$0.5 million as of June 30, 2009 with respect to this subsidiary's current earnings.

The German tax authority is currently auditing periods 2005 through 2007. A Philippine subsidiary is being audited by the Philippine tax authorities for tax years 2007 and 2006. The Company is currently under examination in India for tax years ended March 31, 2006 and 2005.

Note 10 Earnings Per Share

Basic earnings per share are based on the weighted average number of common shares outstanding during the periods. Diluted earnings per share includes the weighted average number of common shares outstanding during the respective periods and the further dilutive effect, if any, from stock options, stock appreciation rights, restricted stock, common stock units and shares held in a rabbi trust using the treasury stock method. For the three and six month periods ended June 30, 2009, the impact of outstanding options to purchase shares of common stock and stock appreciation rights of 0.2 million and 0.2 million, respectively, and 0.1 million and 0.2 million for the comparable 2008 periods were antidilutive and were excluded from the calculation of diluted earnings per share.

(Unaudited)

Note 10 Earnings Per Share (continued)

The numbers of shares used in the earnings per share computations are as follows (in thousands):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2009	2008	2009	2008
Basic:				
Weighted average common shares outstanding	40,654	40,599	40,632	40,545
Diluted:				
Dilutive effect of stock options, stock appreciation rights, restricted stock, common stock units and shares held in a rabbi trust	299	354	367	315
Total weighted average diluted shares outstanding	40,953	40,953	40,999	40,860

On August 5, 2002, the Company's Board of Directors authorized the Company to purchase up to three million shares of its outstanding common stock. A total of 1.9 million shares have been repurchased under this program since inception. The shares are purchased, from time to time, through open market purchases or in negotiated private transactions, and the purchases are based on factors, including but not limited to, the stock price and general market conditions. During the six months ended June 30, 2009, the Company repurchased 224 thousand common shares under the 2002 repurchase program (none in the comparable 2008 period) at prices ranging from \$13.72 to \$14.75 per share for a total cost of \$3.2 million.

During the six months ended June 30, 2008, the Company cancelled 4.6 million shares of its Treasury stock and recorded reductions of \$0.1 million to Common stock, \$33.3 million to Additional paid-in capital, \$51.5 million to Treasury stock and \$18.1 million to Retained earnings.

Note 11 Segments and Geographic Information

The Company operates within two regions, the Americas and EMEA which represented 71.3% and 28.7%, respectively, of the Company's consolidated revenues for the three months ended June 30, 2009, and 70.8% and 29.2%, respectively, of the Company's consolidated revenues for the six months ended June 30, 2009. In the comparable 2008 periods, the Americas and the EMEA region represented 66.2% and 33.8%, respectively, of the Company's consolidated revenues for the three months ended June 30, 2008, and 66.8% and 33.2%, respectively, of the Company's consolidated revenues for the six months ended June 30, 2008. Each region represents a reportable segment comprised of aggregated regional operating segments, which portray similar economic characteristics. The Company aligns its business into two segments to effectively manage the business and support the customer care needs of every client and to respond to the demands of the Company's global customers.

The reportable segments consist of (1) the Americas, which includes the United States, Canada, Latin America, India and the Asia Pacific Rim, and provides outsourced customer contact management solutions (with an emphasis on technical support and customer service) and technical staffing and (2) EMEA, which includes Europe, the Middle East and Africa, and provides outsourced customer contact management solutions (with an emphasis on technical support and customer service) and fulfillment services. The sites within Latin America, India and the Asia Pacific Rim are included in the Americas region given the nature of the business and client profile, which is primarily made up of U.S. based companies that are using the Company's services in these locations to support their customer contact management needs.

(1) Other items (including corporate costs, other income and expense, and income taxes) are shown for purposes of reconciling to the Company's consolidated totals as shown in the table above for the three and six months ended June 30, 2009 and 2008. The accounting policies of the reportable segments are the same as those described in Note 1 to the consolidated financial statements in

the Annual Report on Form 10-K for the year ended December 31, 2008.

Inter-segment revenues are not material to the Americas and EMEA segment results. The Company evaluates the performance of its geographic segments based on revenue and income (loss) from operations, and does not include segment assets or other income and expense items for management reporting purposes.

Note 12 Stock-Based Compensation

A detailed description of each of the Company's stock-based compensation plans is provided below, including the 2001 Equity Incentive Plan, the 2004 Non-Employee Director Fee Plan and the Deferred Compensation Plan. Stock-based compensation expense related to these plans, which is included in General and administrative costs in the accompanying Condensed Consolidated Statements of Operations, was \$1.2 million and \$2.8 million for the three and six months ended June 30, 2009, respectively, and \$1.1 million and \$2.4 million for the comparable 2008 periods, respectively. The Company recognized income tax benefits of \$0.5 million and \$1.1 million in the accompanying Condensed Consolidated Statements of Operations for the three and six months ended June 30, 2009, respectively, and \$0.4 million and \$0.9 million for the comparable 2008 periods, respectively. The Company recognized a \$0.1 million benefit of tax deductions in excess of recognized tax benefits from the exercise of stock options for the six months ended June 30, 2009 (not material in the three months ended June 30, 2009) and \$0.6 million and \$0.6 million for the three and six months ended June 30, 2008, respectively. There were no capitalized stock-based compensation costs at June 30, 2009 or December 31, 2008.

2001 Equity Incentive Plan The Company's 2001 Equity Incentive Plan (the Plan), which is shareholder-approved, permits the grant of stock options, stock appreciation rights, restricted stock and other stock-based awards to certain employees of the Company, and certain non-employees who provide services to the Company, for up to 7.0 million shares of common stock, in order to encourage them to remain in the employment of or to diligently provide services to the Company and to increase their interest in the Company's success.

Stock Options Options are granted at fair market value on the date of the grant and generally vest over one to four years. All options granted under the Plan expire if not exercised by the tenth anniversary of their grant date. The fair value of each stock option award is estimated on the date of grant using the Black-Scholes valuation model that uses various assumptions. The fair value of the stock option awards is expensed on a straight-line basis over the vesting

period of the award. Expected volatility is based on historical volatility of the Company's stock. The risk-free rate for periods within the contractual life of the award is based on the yield curve of a zero-coupon U.S. Treasury bond on the date the award is granted with a maturity equal to the expected term of the award. Exercises and forfeitures are estimated within the valuation model using employee termination and other historical data. The expected term of the stock option awards granted is derived from historical exercise experience under the Plan and represents the period of time that stock option awards granted are expected to be outstanding. No stock options were granted during the six months ended June 30, 2009 and 2008.

Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008

(Unaudited)

Note 12 Stock-Based Compensation (continued)**Stock Options (continued)**

The following table summarizes stock option activity under the Plan as of June 30, 2009, and changes during the six months then ended:

Stock Options	Shares (000s)	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value (000s)
Outstanding at January 1, 2009	\$ 335	\$ 12.94		
Granted				
Exercised	(14)	5.10		
Forfeited or expired	(27)	22.87		
Outstanding at June 30, 2009	294	\$ 17.10	1.88	\$ 1,669
Vested or expected to vest at June 30, 2009	294	\$ 17.10	1.88	\$ 1,669
Exercisable at June 30, 2009	294	\$ 17.10	1.88	\$ 1,669

Options exercised during the three and six months ended June 30, 2009 had an intrinsic value of \$0.2 million and \$0.2 million, respectively. Options exercised in the comparable periods of 2008 had an intrinsic value of \$0.2 million and \$0.5 million, respectively. All options were fully vested as of December 31, 2006 and there is no unrecognized compensation cost as of June 30, 2009 related to these options granted under the Plan (the effect of estimated forfeitures is not material).

Cash received from stock options exercised under this Plan for the six months ended June 30, 2009 and 2008, was \$0.1 million and \$1.1 million, respectively.

Stock Appreciation Rights The Company's Board of Directors, at the recommendation of the Compensation and Human Resource Development Committee (the Committee), approves awards of stock-settled stock appreciation rights (SARs) for eligible participants. SARs represent the right to receive, without payment to the Company, a certain number of shares of common stock, as determined by the Committee, equal to the amount by which the fair market value of a share of common stock at the time of exercise exceeds the grant price.

The SARs are granted at fair market value of the Company's common stock on the date of the grant and vest one-third on each of the first three anniversaries of the date of grant, provided the participant is employed by the Company on such date. The SARs have a term of 10 years from the date of grant. In the event of a change in control, the SARs will vest on the date of the change in control, provided that the participant is employed by the Company on the date of the change in control.

The SARs are exercisable within three months after the death, disability, retirement or termination of the participant's employment with the Company, if and to the extent the SARs were exercisable immediately prior to such termination. If the participant's employment is terminated for cause, or the participant terminates his or her own employment with the Company, any portion of the SARs not yet exercised (whether or not vested) terminates immediately on the date

of termination of employment.

The fair value of each SAR is estimated on the date of grant using the Black-Scholes valuation model that uses various assumptions. The fair value of the SARs is expensed on a straight-line basis over the requisite service period. Expected volatility is based on historical volatility of the Company's stock. The risk-free rate for periods

(Unaudited)

Note 12 Stock-Based Compensation (continued)**Stock Appreciation Rights (continued)**

within the contractual life of the award is based on the yield curve of a zero-coupon U.S. Treasury bond on the date the award is granted with a maturity equal to the expected term of the award. Exercises and forfeitures are estimated within the valuation model using employee termination and other historical data. The expected term of the SARs granted represents the period of time the SARs are expected to be outstanding.

The following table summarizes the assumptions used to estimate the fair value of SARs granted during the six months ended June 30, 2009 and 2008:

	Six Months Ended June 30,	
	2009	2008
Expected volatility	47%	47%
Weighted-average volatility	47%	47%
Expected dividends		
Expected term (in years)	4.0	3.9
Risk-free rate	1.3%	3.1%

The following table summarizes SARs activity under the Plan as of June 30, 2009, and changes during the six months then ended:

Stock Appreciation Rights	Shares (000s)	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value (000s)
Outstanding at January 1, 2009	\$ 367	\$		
Granted	177			
Exercised				
Forfeited or expired				
Outstanding at June 30, 2009	544	\$	8.3	\$ 482
Vested or expected to vest at June 30, 2009	544	\$	8.3	\$ 482
Exercisable at June 30, 2009	238	\$	7.4	\$ 445

The weighted-average grant-date fair value of the SARs granted during the six months ended June 30, 2009 and 2008 was \$7.42 and \$7.20, respectively. Total intrinsic value of SARs exercised during the six months ended June 30, 2008 was \$0.1 million (none in the comparable 2009 period).

Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008

(Unaudited)

Note 12 Stock-Based Compensation (continued)**Stock Appreciation Rights (continued)**

The following table summarizes the status of nonvested SARs under the Plan as of June 30, 2009, and changes during the six months then ended:

Nonvested Stock Appreciation Rights	Shares (In thousands)	Weighted-Average Grant-Date Fair Value
Nonvested at January 1, 2009	255	\$ 7.38
Granted	177	\$ 7.42
Vested	(126)	\$ 7.39
Forfeited or expired		\$
Nonvested at June 30, 2009	306	\$ 7.40

As of June 30, 2009, there was \$1.8 million of total unrecognized compensation cost, net of estimated forfeitures, related to nonvested stock appreciation rights granted under the Plan. This cost is expected to be recognized over a weighted-average period of 2.3 years. SARs that vested during the six months ended 2008 had a fair value of \$0.1 million as of the vesting date (no fair value on vested shares in the comparable 2009 period).

Restricted Shares The Company's Board of Directors, at the recommendation of the Committee, approves awards of performance and employment-based restricted shares (Restricted Shares) for eligible participants. In some instances, where the issuance of Restricted Shares has adverse tax consequences to the recipient, the Board will instead issue restricted stock units (RSUs). The Restricted Shares are shares of the Company's common stock (or in the case of RSUs, represent an equivalent number of shares of the Company's common stock) which are issued to the participant subject to (a) restrictions on transfer for a period of time and (b) forfeiture under certain conditions. The performance goals, including revenue growth and income from operations targets, provide a range of vesting possibilities from 0% to 100% and will be measured at the end of the performance period. If the performance conditions are met for the performance period, the shares will vest and all restrictions on the transfer of the Restricted Shares will lapse (or in the case of RSUs, an equivalent number of shares of the Company's common stock will be issued to the recipient). The Company recognizes compensation cost, net of estimated forfeitures based on the fair value (which approximates the current market price) of the Restricted Shares (and RSUs) on the date of grant ratably over the requisite service period based on the probability of achieving the performance goals.

Changes in the probability of achieving the performance goals from period to period will result in corresponding changes in compensation expense. The employment-based restricted shares vest one-third on each of the first three anniversaries of the date of grant, provided the participant is employed by the Company on such date.

In the event of a change in control (as defined in the Plan) prior to the date the Restricted Shares vest, all of the Restricted Shares will vest and the restrictions on transfer will lapse with respect to such vested shares on the date of the change in control, provided that participant is employed by the Company on the date of the change in control. If the participant's employment with the Company is terminated for any reason, either by the Company or participant, prior to the date on which the Restricted Shares have vested and the restrictions have lapsed with respect to such vested shares, any Restricted Shares remaining subject to the restrictions (together with any dividends paid thereon) will be forfeited, unless there has been a change in control prior to such date.

Sykes Enterprises, Incorporated and Subsidiaries
Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008

(Unaudited)

Note 12 Stock-Based Compensation (continued)**Restricted Shares (continued)**

The weighted-average grant-date fair value of the Restricted Shares/Units granted during the six months ended June 30, 2009 and 2008 was \$19.69 and \$17.86, respectively.

The following table summarizes the status of nonvested Restricted Shares/Units under the Plan as of June 30, 2009, and changes during the six months then ended:

Nonvested Restricted Shares / Units	Shares (In thousands)	Weighted- Average Grant-Date Fair Value
Nonvested at January 1, 2009	548	\$16.57
Granted	231	\$19.69
Vested	(198)	\$14.95
Forfeited or expired		\$
Nonvested at June 30, 2009	581	\$18.36

As of June 30, 2009, based on the probability of achieving the performance goals, there was \$7.1 million of total unrecognized compensation cost, net of estimated forfeitures, related to nonvested Restricted Shares/Units granted under the Plan. This cost is expected to be recognized over a weighted-average period of 2.3 years. The restricted shares that vested during the six months ended June 30, 2009 and 2008 had a fair value of \$3.2 million and \$1.4 million as of the vesting date, respectively.

Other Awards The Company's Board of Directors, at the recommendation of the Committee, approves awards of Common Stock Units (CSUs) for eligible participants. A CSU is a bookkeeping entry on the Company's books that records the equivalent of one share of common stock. If the performance goals described under Restricted Shares in this Note 12 are met, performance-based CSUs will vest on the third anniversary of the grant date. The Company recognizes compensation cost, net of estimated forfeitures, based on the fair value (which approximates the current market price) of the CSUs on the date of grant ratably over the requisite service period based on the probability of achieving the performance goals. Changes in the probability of achieving the performance goals from period to period will result in corresponding changes in compensation expense. The employment-based CSUs vest one-third on each of the first three anniversaries of the date of grant, provided the participant is employed by the Company on such date. On the date each CSU vests, the participant will become entitled to receive a share of the Company's common stock and the CSU will be canceled.

Sykes Enterprises, Incorporated and Subsidiaries
Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008

(Unaudited)

Note 12 Stock-Based Compensation (continued)**Other Awards (continued)**

The following table summarizes CSUs activity under the Plan as of June 30, 2009, and changes during the six months then ended:

Nonvested Common Stock Units	Shares (In thousands)	Weighted-Average Grant-Date Fair Value
Nonvested at January 1, 2009	77	\$ 16.99
Granted	26	\$ 19.69
Vested	(26)	\$ 15.44
Forfeited or expired	(9)	\$ 18.61
Nonvested at June 30, 2009	68	\$ 18.37

As of June 30, 2009, there was \$0.4 million of total unrecognized compensation costs, net of estimated forfeitures, related to nonvested CSUs granted under the Plan. This cost is expected to be recognized over a weighted-average period of 2.1 years. The fair value of the CSUs that vested during the six months ended June 30, 2009 and 2008 had a fair value of \$0.4 million and \$0.2 million as of the vesting date, respectively. Until a CSU vests, the participant has none of the rights of a shareholder with respect to the CSU or the common stock underlying the CSU. CSUs are not transferable.

2004 Non-Employee Director Fee Plan The Company's 2004 Non-Employee Director Fee Plan (the "2004 Fee Plan"), which is shareholder-approved, replaced and superseded the 1996 Non-Employee Director Fee Plan (the "1996 Fee Plan") and was used in lieu of the 2004 Nonemployee Director Stock Option Plan (the "2004 Stock Option Plan"). Prior to amendments adopted by the Board of Directors in August 2008 which are described below, the 2004 Fee Plan provided that all new non-employee directors joining the Board would receive an initial grant of common stock units (CSUs) on the date the new director is appointed or elected, the number of which will be determined by dividing a dollar amount to be determined from time to time by the Board (\$30,000 in 2008) by an amount equal to 110% of the average closing prices of the Company's common stock for the five trading days prior to the date the director is elected. A CSU is a bookkeeping entry on the Company's books that records the equivalent of one share of common stock. Prior to amendments to the 2004 Fee Plan adopted by the Board of Directors in March 2008 which are described below, the initial grant of CSUs vested in three equal installments, one-third on the date of each of the following three annual shareholders' meetings, and all unvested and unearned CSUs automatically vested upon the termination of a director's service as a director, whether by reason of death, retirement, resignation, removal or failure to be reelected at the end of his or her term.

In March 2008, the 2004 Fee Plan was amended by the Board, upon the recommendation of the Compensation and Human Resource Development Committee, to provide that, beginning with grants in 2008, instead of an award of CSUs, a new non-employee director would receive an award of shares of common stock. The initial grant of stock to directors joining the Board would vest and be earned in twelve equal quarterly installments over the following three years, and all unvested and unearned stock will lapse in the event the person ceases to serve as a director of the Company. Until a quarterly installment of stock vests and becomes payable, the director has none of the rights of a shareholder with respect to the unearned stock grants. In August 2008, upon the recommendation of the Compensation and Human Resource Development Committee, the Board of Directors amended the 2004 Fee Plan to provide that the

initial grant of shares to directors joining the Board will be the number determined by dividing \$60,000 by an amount equal to the closing price of the Company's common stock on the day preceding the new director's election. The increase in the amount of the share award was approved by the shareholders at the 2009 Annual Shareholders Meeting.

Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008

(Unaudited)

Note 12 Stock-Based Compensation (continued)**2004 Non-Employee Director Fee Plan (continued)**

The 2004 Fee Plan also provides that each non-employee director will receive, on the day after the annual shareholders meeting, an annual retainer for service as a non-employee director, the amount of which shall be determined from time to time by the Board. Prior to the August 2008 amendments to the 2004 Fee Plan, the annual retainer was \$50,000, which was paid 75% in CSUs (\$37,500) and 25% in cash (\$12,500). The number of CSUs to be granted was determined by dividing the amount of the annual retainer by an amount equal to 105% of the average of the closing prices for the Company's common stock on the five trading days preceding the award date (the day after the annual meeting). Prior to the March 2008 amendments to the 2004 Fee Plan, the annual retainer grant of CSUs vested in two equal installments, one-half on the date of each of the following two annual shareholders meetings, and all CSUs automatically vested upon the termination of a director's service as a director, whether by reason of death, retirement, resignation, removal or failure to be reelected at the end of his or her term.

As part of the amendments to the 2004 Fee Plan in March 2008, the 2004 Fee Plan was amended to provide that, beginning with grants in 2008, the annual retainer grants of stock to directors would vest and be earned in eight equal quarterly installments, with the first installment being made on the day following the annual meeting of shareholders, and the remaining seven installments to be made on each third monthly anniversary of such date thereafter. In the event a person ceases to serve as a director of the Company, the award lapses with respect to all unvested stock, and such unvested stock is forfeited.

In August 2008, as part of the amendments to the 2004 Fee Plan, the 2004 Fee Plan was amended to increase the amount and alter the form of the annual retainer award. The equity portion of the award is now payable in shares of common stock, rather than CSUs, and the number of shares to be issued is now determined by dividing the dollar amount of the annual retainer to be paid in shares by an amount equal to the closing price of a share of the Company's common stock on the date of the Company's annual meeting of shareholders. Effective retroactively to May 2008, the cash portion of the annual retainer was increased from \$12,500 to \$32,500, and as approved by the shareholders at the 2009 Annual Shareholders Meeting, the equity portion of the annual retainer award was increased from \$37,500 to \$45,000. This resulted in the annual retainer award being set at \$77,500, effective as of May 22, 2008.

In addition to the annual retainer award, the 2004 Fee Plan also provides for additional annual cash awards to non-employee directors who serve on board committees. These annual cash awards for committee members also were increased in August 2008, effective retroactively to May 2008. The additional annual cash award for the Chairperson of the Audit Committee was increased from \$10,000 to \$20,000, and Audit Committee members' awards were increased from a per meeting fee of \$1,250 to an annual fee award of \$10,000. The annual cash awards for the Chairpersons of the Compensation and Human Resource Development Committee, Finance Committee and Nominating and Corporate Governance Committee were each increased from \$5,000 to \$12,500, and the awards for members of such committees were increased from a per meeting fee of \$1,250 to an annual award of \$7,500. The additional annual cash award in the amount of \$100,000 for a non-employee Chairman of the Board was not changed. These additional cash awards also vest in eight equal quarterly installments, one-eighth on the day following the annual meeting of shareholders, and one eighth on each third monthly anniversary of such date thereafter, and the award lapses with respect to all unpaid cash in the event the non-employee director ceases to be a director of the Company, and such unvested cash is forfeited.

Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008

(Unaudited)

Note 12 Stock-Based Compensation (continued)**2004 Non-Employee Director Fee Plan (continued)**

The weighted-average grant-date fair value of common stock units and share awards granted during the six months ended June 30, 2009 and 2008 was \$16.76 and \$20.11, respectively.

The following table summarizes the status of the nonvested CSUs under the 2004 Fee Plan as of June 30, 2009, and changes during the six months then ended:

Nonvested Common Stock Units / Share Awards	Shares (In thousands)	Weighted- Average Grant-Date Fair Value
Nonvested at January 1, 2009	20	\$19.69
Granted	31	\$16.76
Vested	(13)	\$19.49
Forfeited or expired		\$
Nonvested at June 30, 2009	38	\$17.35

CSUs and share awards that vested during the six months ended June 30, 2009 and 2008 had a fair value of \$0.2 million and \$0.5 million as of the vesting date, respectively.

Compensation expense for CSUs granted after the adoption of SFAS No. 123R, (SFAS 123R), "*Share-Based Payment*" on January 1, 2006 and before the 2004 Fee Plan amendment in March 2008 (as discussed above), is recognized immediately on the date of grant since these grants automatically vest upon termination of a Director's service, whether by death, retirement, resignation, removal or failure to be reelected at the end of his or her term. However, compensation expense for CSUs granted before adoption of SFAS 123R is recognized over the requisite service period, or nominal vesting period of two to three years, in accordance with APB No. 25, "*Accounting for Stock Issued to Employees*". As of June 30, 2009, there was no unrecognized compensation cost, net of estimated forfeitures, which relates to nonvested CSUs granted under the 2004 Fee Plan before adoption of SFAS 123R. As of June 30, 2009, there was \$0.6 million of total unrecognized compensation costs, net of estimated forfeitures, related to nonvested CSUs granted since March 2008 under the Plan. This cost is expected to be recognized over a weighted-average period of 1.4 years.

Deferred Compensation Plan The Company's non-qualified Deferred Compensation Plan (the "Deferred Compensation Plan"), which is not shareholder-approved, was adopted by the Board of Directors effective December 17, 1998 and amended on March 29, 2006 and May 23, 2006. It provides certain eligible employees the ability to defer any portion of their compensation until the participant's retirement, termination, disability or death, or a change in control of the Company. Using the Company's common stock, the Company matches 50% of the amounts deferred by certain senior management participants on a quarterly basis up to a total of \$12,000 per year for the president and senior vice presidents and \$7,500 per year for vice presidents (participants below the level of vice president are not eligible to receive matching contributions from the Company). Matching contributions and the associated earnings vest over a seven year service period. Deferred compensation amounts used to pay benefits, which are held in a rabbi trust, include investments in various mutual funds and shares of the Company's common stock (see Note 5, Investments Held in Rabbi Trust). As of June 30, 2009 and December 31, 2008, liabilities of \$1.9 million and \$1.4 million, respectively, of the Deferred Compensation Plan were recorded in Accrued employee compensation and

benefits in the accompanying Condensed Consolidated Balance Sheets.

Additionally, the Company's common stock match associated with the Deferred Compensation Plan, with a carrying value of approximately \$0.7 million and \$0.6 million as of June 30, 2009 and December 31, 2008, respectively, is included in Treasury stock in the accompanying Condensed Consolidated Balance Sheets.

Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008
(Unaudited)

Note 12 Stock-Based Compensation (continued)**Deferred Compensation Plan (continued)**

The weighted-average grant-date fair value of common stock awarded during the six months ended June 30, 2009 and 2008 was \$16.91 and \$17.78, respectively.

The following table summarizes the status of the nonvested common stock issued under the Deferred Compensation Plan as of June 30, 2009, and changes during the six months then ended:

Nonvested Common Stock	Shares (In thousands)	Weighted-Average Grant-Date Fair Value
Nonvested at January 1, 2009	5	\$ 16.35
Granted	9	\$ 16.91
Vested	(7)	\$ 16.96
Forfeited or expired		\$
Nonvested at June 30, 2009	7	\$ 16.71

As of June 30, 2009, there was \$0.1 million of total unrecognized compensation cost, net of estimated forfeitures, related to nonvested common stock granted under the Deferred Compensation Plan. This cost is expected to be recognized over a weighted-average period of 4.2 years. The total fair value of the common stock vested during the six months ended June 30, 2009 and 2008 was \$0.1 million and \$0.1 million, respectively.

There were no cash settlements related to the Company's obligation under the Deferred Compensation Plan for the six months ended June 30, 2009 and 2008.

Note 13 Defined Benefit Pension Plan and Post-Retirement Benefits**Defined Benefit Pension Plan**

The Company sponsors a non-contributory defined benefit pension plan (the Pension Plan) for its employees in the Philippines. The Pension Plan provides defined benefits based on years of service and final salary. All permanent employees meeting the minimum service requirement are eligible to participate in the Pension Plan. As of June 30, 2009, the Pension Plan is unfunded.

The following table provides information about net periodic benefit cost for the Pension Plan for the three and six months ended June 30, 2009 and 2008 (in thousands):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2009	2008	2009	2008
Service cost	\$	\$ 100	\$ 80	\$ 205
Interest Costs	\$	40	\$ 46	81
Recognized actuarial gain	\$ (30)	(17)	\$ (30)	(35)
Net periodic benefit costs	\$ (30)	\$ 123	\$ 96	\$ 251

Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008

(Unaudited)

Note 13 Defined Benefit Pension Plan and Post-Retirement Benefits (continued)***Post-Retirement Benefits***

In 1996, the Company entered into a split dollar life insurance arrangement to benefit the former Chairman and Chief Executive Officer of the Company. Under the terms of the arrangement, the Company retained a collateral interest in the policy to the extent of the premiums paid by the Company. Effective January 1, 2008, the Company recorded a \$0.5 million liability for a post-retirement benefit obligation related to this arrangement, which was accounted for as a reduction to the January 1, 2008 balance of retained earnings in accordance with EITF 06-10. The post-retirement benefit obligation of \$0.2 million was included in Other long-term liabilities as of June 30, 2009 and \$0.1 million and \$0.4 million were included in Accrued employee compensation and benefits and Other long-term liabilities, respectively, as of December 31, 2008, in the accompanying Condensed Consolidated Balance Sheets. In addition, the Company had an unrealized gain due to the change in discount rates related to the post retirement obligation, which was recorded in AOCI in the accompanying Condensed Consolidated Balance Sheet as of June 30, 2009 (none as of December 31, 2008).

Note 14 Commitments and Loss Contingency

The Company has previously disclosed regulatory sanctions assessed against our Spanish subsidiary relating to the alleged inappropriate acquisition of personal information in connection with two outbound client contracts. In order to appeal these claims, the Company issued a bank guarantee of \$0.9 million. During the year ended December 31, 2008, \$0.4 million of the bank guarantee was returned to the Company. The remaining balance of the bank guarantee of \$0.5 million is included as restricted cash in Deferred charges and other assets in the accompanying Condensed Consolidated Balance Sheets as of June 30, 2009 and December 31, 2008. The Company will continue to vigorously defend these matters. However, due to further progression of several of these claims within the Spanish court system, and based upon opinion of legal counsel regarding the likely outcome of several of the matters before the courts, the Company accrued a liability in the amount of \$1.3 million as of June 30, 2009 and December 31, 2008 under SFAS No. 5, *Accounting for Contingencies* because management now believes that a loss is probable and the amount of the loss can be reasonably estimated as to three of the subject claims. There are two other related claims, one of which is currently under appeal, and the other of which is in the early stages of investigation, but the Company has not accrued any amounts related to either of those claims because management does not currently believe a loss is probable, and it is not currently possible to reasonably estimate the amount of any loss related to those two claims.

During the three months ended June 30, 2009, the Company entered into new lease agreements for customer contact management centers located in the Americas and EMEA. The Americas lease obligates the Company to lease payments of \$0.9 million to be paid ratably over the non-cancelable three-year lease term and includes a \$0.2 million early termination penalty. The EMEA lease obligates the Company to lease payments of \$0.5 million to be paid ratably over the non-cancelable three-year lease term. As of June 30, 2009, the Company had no plans to cancel these lease agreements.

During the three months ended June 30, 2009, the Company also entered into an agreement with a communication service provider obligating the Company to purchase a minimum of \$0.4 million to be paid ratably over the next two years.

Note 15 Related Party Transactions

In January 2008, the Company entered into a lease for a customer contact management center located in Kingstree, South Carolina. The landlord, Kingstree Office One, LLC, is an entity controlled by John Sykes, the Company's founder, former Chairman and Chief Executive Officer, and a current major stockholder. The lease payments on the 20-year lease were negotiated at or below market rates, and the lease is cancellable at the option of the Company. There are significant penalties for early cancellation which decrease over time. The Company paid \$0.1 million and \$0.2 million during the three and six months ended June 30, 2009 and \$0.1 million and \$0.1 million during the three and six months ended June 30, 2008, respectively, under the terms of the lease.

Table of Contents

**Sykes Enterprises, Incorporated and Subsidiaries
Notes to Condensed Consolidated Financial Statements
Six months ended June 30, 2009 and 2008**

(Unaudited)

Note 15 Related Party Transactions (continued)

Additionally, during the three and six month periods ended June 30, 2008, the Company paid \$0.1 million and \$0.1 million, respectively (none in the comparable 2009 periods), for transitional real estate consulting services provided by David Reule, the Company's former Senior Vice President of Real Estate who retired in December, 2007. Mr. Reule was employed by JHS Equity, LLC, a company owned by John Sykes, the Company's founder, former Chairman and Chief Executive Officer, and a current major stockholder. Accordingly, the payments for Mr. Reule's services were made to JHS Equity, LLC to reimburse it for the time spent by Mr. Reule on the Company's business.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
Sykes Enterprises, Incorporated
400 North Ashley Drive
Tampa, FL 33602

We have reviewed the accompanying condensed consolidated balance sheet of Sykes Enterprises, Incorporated and subsidiaries (the Company) as of June 30, 2009, and the related condensed consolidated statements of operations for the three and six-month periods ended June 30, 2009 and 2008, of changes in shareholder's equity for the six-month periods ended June 30, 2009 and 2008 and the six-month period ended December 31, 2008, and of cash flows for the six-month periods ended June 30, 2009 and 2008. These interim financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such condensed consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of the Company as of December 31, 2008, and the related consolidated statements of operations, changes in shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated March 10, 2009, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2008 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q

For the Quarter Ended June 30, 2009

Item 2 Management's Discussion and Analysis of Financial Condition and Results of Operations

This discussion should be read in conjunction with the condensed consolidated financial statements and notes included elsewhere in this report and the consolidated financial statements and notes in the Sykes Enterprises, Incorporated (Sykes, our, we or us) Annual Report on Form 10-K for the year ended December 31, 2008, as filed with the Securities and Exchange Commission (SEC).

Our discussion and analysis may contain forward-looking statements (within the meaning of the Private Securities Litigation Reform Act of 1995) that are based on current expectations, estimates, forecasts, and projections about Sykes, our beliefs, and assumptions made by us. In addition, we may make other written or oral statements, which constitute forward-looking statements, from time to time. Words such as believe, estimate, project, expect, intend, may, anticipate, plan, seek, variations of such words, and similar expressions are intended to identify such forward-looking statements. Similarly, statements that describe our future plans, objectives, or goals also are forward-looking statements. These statements are not guarantees of future performance and are subject to a number of risks and uncertainties, including those discussed below and elsewhere in this report. Our actual results may differ materially from what is expressed or forecasted in such forward-looking statements, and undue reliance should not be placed on such statements. All forward-looking statements are made as of the date hereof, and we undertake no obligation to update any such forward-looking statements, whether as a result of new information, future events or otherwise.

Factors that could cause actual results to differ materially from what is expressed or forecasted in such forward-looking statements include, but are not limited to: (i) the impact of economic recessions in the U.S. and other parts of the world, (ii) fluctuations in global business conditions and the global economy, (iii) currency fluctuations, (iv) the timing of significant orders for our products and services, (v) variations in the terms and the elements of services offered under our standardized contract including those for future bundled service offerings, (vi) changes in applicable accounting principles or interpretations of such principles, (vii) difficulties or delays in implementing our bundled service offerings, (viii) failure to achieve sales, marketing and other objectives, (ix) construction delays of new or expansion of existing customer contact management centers, (x) delays in our ability to develop new products and services and market acceptance of new products and services, (xi) rapid technological change, (xii) loss or addition of significant clients, (xiii) political and country-specific risks inherent in conducting business abroad, (xiv) our ability to attract and retain key management personnel, (xv) our ability to continue the growth of our support service revenues through additional technical and customer contact management centers, (xvi) our ability to further penetrate into vertically integrated markets, (xvii) our ability to expand our global presence through strategic alliances and selective acquisitions, (xviii) our ability to continue to establish a competitive advantage through sophisticated technological capabilities, (xix) the ultimate outcome of any lawsuits, (xx) our ability to recognize deferred revenue through delivery of products or satisfactory performance of services, (xxi) our dependence on trend toward outsourcing, (xxii) risk of interruption of technical and customer contact management center operations due to such factors as fire, earthquakes, inclement weather and other disasters, power failures, telecommunication failures, unauthorized intrusions, computer viruses and other emergencies, (xxiii) the existence of substantial competition, (xxiv) the early termination of contracts by clients, (xxv) the ability to obtain and maintain grants and other incentives (tax or otherwise) and (xxvi) other risk factors which are identified in our most recent Annual Report on Form 10-K, including factors identified under the headings Business, Risk Factors and Management's Discussion and Analysis of Financial Condition and Results of Operations.

Three Months Ended June 30, 2009 Compared to Three Months Ended June 30, 2008
Revenues

For the three months ended June 30, 2009, we recognized consolidated revenues of \$208.8 million, an increase of \$1.2 million, or 0.6%, from \$207.6 million of consolidated revenues for the comparable 2008 period.

On a geographic segmentation basis, revenues from the Americas region, including the United States, Canada, Latin America, India and the Asia Pacific Rim, represented 71.3%, or \$148.9 million, for the three months ended June 30, 2009, compared to 66.2%, or \$137.5 million, for the comparable 2008 period. Revenues from the EMEA region, including Europe, the Middle East and Africa, represented 28.7%, or \$59.9 million, for the three months ended June 30, 2009, compared to 33.8%, or \$70.1 million, for the comparable 2008 period.

The increase in the Americas revenue of \$11.4 million, or 8.3%, for the three months ended June 30, 2009, compared to the same period in 2008, reflects a \$19.5 million increase in client demand, partially offset by a negative foreign currency impact of \$8.1 million. Excluding this \$8.1 million foreign currency impact, Americas revenue increased 14.2% for the three months ended June 30, 2009, compared to the same period in 2008. The \$19.5 million increase includes new and existing client relationships, primarily due to a combination of new programs with existing clients, expansion of existing programs and new client relationships. New client relationships represented 16.3% of the increase in the Americas revenue over the comparable 2008 period. Revenues from our offshore operations

represented 60.2% of Americas revenues for the three months ended June 30, 2009, compared to 61.4% for the comparable 2008 period. The trend of generating more of our revenues in our offshore operations is likely to continue in 2009 although we are experiencing increasing demand for our domestic operations. While operating margins generated offshore are generally comparable to those in the United States, our ability to maintain these offshore operating margins longer term is difficult to predict due to potential increased competition for the available workforce, the trend of higher occupancy costs and costs of functional currency fluctuations in offshore markets. We weight these factors in our focus to re-price or replace marginally profitable target client programs. Americas

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q

For the Quarter Ended June 30, 2009

revenues for the three months ended June 30, 2009 and 2008 also included a \$2.5 million net loss on foreign currency hedges and a \$0.4 million net gain on foreign currency hedges, respectively. Excluding the effect of this \$2.9 million foreign currency hedging fluctuation, the Americas revenue increased \$14.3 million compared with the same period last year.

The decrease in EMEA revenues of \$10.2 million, or 14.5%, for the three months ended June 30, 2009, compared to the same period in 2008, reflects a \$11.2 million negative foreign currency impact, partially offset by an increase of \$1.0 million in client demand. This \$1.0 million increase includes expansion of existing client programs and new client relationships. New client relationships represented 79.0% of the increase in EMEA's revenue over the comparable 2008 period. Excluding the \$11.2 million foreign currency impact, EMEA's revenue increased 1.5% for the three months ended June 30, 2009 compared to the same period in 2008.

Direct Salaries and Related Costs

Direct salaries and related costs remained unchanged at \$133.7 million for the three months ended June 30, 2009 and comparable 2008 period.

On a reporting segment basis, direct salaries and related costs from the Americas segment increased \$5.4 million, or 6.4%, to \$90.2 million for the three months ended June 30, 2009 from \$84.8 million for the comparable 2008 period. Direct salaries and related costs from the EMEA segment decreased \$5.4 million, or 11.1%, to \$43.5 million for the three months ended June 30, 2009 from \$48.9 million in the comparable 2008 period. While changes in foreign currency exchange rates negatively impacted revenues in the Americas and EMEA, they positively impacted direct salaries and related costs in 2009 compared to the same period in 2008 by \$8.3 million and \$8.0 million, respectively. In the Americas segment, as a percentage of revenues, direct salaries and related costs decreased to 60.6% for the three months ended June 30, 2009 from 61.7% in the comparable 2008 period. This decrease of 1.1%, as a percentage of revenues, was primarily attributable to lower auto tow claim costs of 0.7%, lower travel costs of 0.1%, lower communications costs of 0.1%, lower recruiting costs of 0.1% and lower other costs of 0.5%, partially offset by higher compensation costs of 0.4%.

In the EMEA segment, as a percentage of revenues, direct salaries and related costs increased to 72.6% in 2009 from 69.8% in 2008. This increase of 2.8% was primarily attributable to higher compensation costs of 2.7%, higher fulfillment material costs of 0.3% and higher other costs of 0.6%, partially offset by lower recruiting costs of 0.4%, lower billable supply costs of 0.3% and lower travel costs of 0.1%.

General and Administrative

General and administrative expenses decreased \$0.9 million, or 1.5%, to \$56.5 million for the three months ended June 30, 2009, from \$57.4 million in the comparable 2008 period.

On a reporting segment basis, general and administrative expenses from the Americas segment increased \$1.4 million, or 4.8%, to \$32.1 million for the three months ended June 30, 2009 from \$30.7 million for the comparable 2008 period. General and administrative expenses from the EMEA segment decreased \$2.5 million, or 14.4%, to \$14.7 million for the three months ended June 30, 2009 from \$17.1 million in the comparable 2008 period. While changes in foreign currency exchange rates negatively impacted revenues in the Americas and EMEA, they positively impacted general and administrative expenses in the three months ended June 30, 2009 compared to the comparable 2008 period by approximately \$2.4 million and \$2.9 million, respectively. Corporate general and administrative expenses increased \$0.1 million, or 1.3%, to \$9.7 million for the three months ended June 30, 2009 from \$9.6 million. This increase of \$0.1 million was primarily attributable to higher compensation costs of \$1.0 million and higher legal and professional fees of \$0.1 million partially offset by lower travel costs of \$0.5 million, lower facility related costs of \$0.3 million and lower other costs of \$0.2 million.

In the Americas segment, as a percentage of revenues, general and administrative expenses decreased to 21.6% for the three months ended June 30, 2009 from 22.3% in the comparable 2008 period. This decrease of 0.7% was

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q
For the Quarter Ended June 30, 2009

primarily attributable to lower depreciation and amortization of 0.3%, lower software maintenance costs of 0.2%, lower supply costs of 0.2%, and lower other costs of 0.3%, partially offset by higher legal and professional fees of 0.3%.

In the EMEA segment, as a percentage of revenues, general and administrative expenses increased to 24.5% for the three months ended June 30, 2009 from 24.4% in the comparable 2008 period. This increase of 0.1% was primarily attributable to higher compensation costs of 0.6%, higher legal and professional fees of 0.3% and higher other costs of 0.1%, partially offset by lower taxes (other than income taxes) of 0.4%, lower recruiting costs of 0.3%, and lower travel costs of 0.2%.

Impairment Loss on Goodwill and Intangibles

In the Americas segment, we recorded an impairment loss of \$1.6 million on the goodwill and intangibles during the three months ended June 30, 2009 (none in the comparable 2008 period) related to the March 2005 acquisition of Kelly, Luttmer & Associates Limited (KLA).

Interest Income

Interest income was \$0.6 million for the three months ended June 30, 2009, compared to \$1.3 million for the comparable 2008 period reflecting lower average rates earned on higher average balances of interest bearing investments in cash and cash equivalents.

Interest Expense

Interest expense was \$0.2 million for the three months ended June 30, 2009 compared to the \$0.1 million for the comparable 2008 period due primarily to higher average rates and fees paid on our unused credit facility.

Impairment Loss on Investment in SHPS

In the Americas segment, we recorded an impairment loss of \$2.1 million on our entire investment in SHPS during the three months ended June 30, 2009 (none in the comparable 2008 period).

Other Income (Expense)

Other income, net, was \$0.3 million for the three months ended June 30, 2009 compared to other income, net, of \$3.7 million for the comparable 2008 period. The net decrease of \$3.4 million was primarily attributable to a decrease of \$3.3 million in realized and unrealized foreign currency transaction gains, net of losses. Other income (expense) excludes the cumulative translation effects and unrealized gains (losses) on financial derivatives that are included in Accumulated Other Comprehensive Income in shareholders' equity in the accompanying Condensed Consolidated Balance Sheets.

Provision for Income Taxes

The provision for income taxes of \$1.3 million for the three months ended June 30, 2009 was based upon pre-tax book income of \$15.6 million, compared to a provision of \$3.7 million for the three months ended June 30, 2008 based upon pre-tax book income of \$21.4 million. The effective tax rate for the three months ended June 30, 2009 was 8.1% compared to an effective tax rate of 17.3% for the comparable 2008 period. This decrease in the effective tax rate of 9.2% was primarily due to a shift in the mix of earnings, accompanied by the effects of valuation allowances. The effective tax rate is also affected by permanent differences and losses in jurisdiction for which tax benefits can be recognized, foreign withholding and other taxes, accrued interest and penalties and foreign income tax rate differentials.

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q
For the Quarter Ended June 30, 2009

Net Income

As a result of the foregoing, we reported income from operations for the three months ended June 30, 2009 of \$17.1 million, compared to \$16.6 million in the comparable 2008 period. This \$0.5 million increase was principally attributable to a \$1.2 million increase in revenues and a decrease \$0.9 million in general and administrative expense offset by a \$1.6 million impairment loss on goodwill and intangibles. The \$0.5 million increase in income from operations and \$2.4 million lower tax provisions partially offset by a \$0.7 million decrease in interest income, a \$0.1 million increase in interest expense, a \$2.1 million impairment loss on investment in SHPS and \$3.4 million decrease in other income resulted in net income of \$14.3 million for the three months ended June 30, 2009, a decrease of \$3.4 million compared to the same period in 2008.

Six Months Ended June 30, 2009 Compared to Six Months Ended June 30, 2008**Revenues**

For the six months ended June 30, 2009, we recognized consolidated revenues of \$412.1 million, an increase of \$0.7 million, or 0.2%, from \$411.4 million of consolidated revenues for the comparable 2008 period.

On a geographic segmentation basis, revenues from the Americas region, including the United States, Canada, Latin America, India and the Asia Pacific Rim, represented 70.8%, or \$291.8 million, for the six months ended June 30, 2009, compared to 66.8%, or \$274.9 million, for the comparable 2008 period. Revenues from the EMEA region, including Europe, the Middle East and Africa, represented 29.2%, or \$120.3 million, for the six months ended June 30, 2009, compared to 33.2%, or \$136.5 million, for the comparable 2008 period.

The increase in the Americas revenue of \$16.9 million, or 6.1%, for the six months ended June 30, 2009, compared to the same period in 2008, reflects a \$36.6 million increase in client demand, partially offset by a negative foreign currency impact of \$19.7 million. Excluding this \$19.7 million foreign currently impact, Americas revenue increased 13.3% for the six months ended June 30, 2009, compared to the same period in 2008. The \$36.6 million increase includes new and existing client relationships, primarily due to a combination of new programs with existing clients, expansion of existing programs and new client relationships. New client relationships represented 11.0% of the increase in the Americas revenue over the comparable 2008 period. Revenues from our offshore operations represented 61.0% of Americas revenues for the six months ended June 30, 2009, compared to 61.0% for the comparable 2008 period. The trend of generating more of our revenues in our offshore operations is likely to continue in 2009 although we are experiencing increasing demand for our domestic operations. While operating margins generated offshore are generally comparable to those in the United States, our ability to maintain these offshore operating margins longer term is difficult to predict due to potential increased competition for the available workforce, the trend of higher occupancy costs and costs of functional currency fluctuations in offshore markets. We weight these factors in our focus to re-price or replace marginally profitable target client programs. Americas revenues for the six months ended June 30, 2009 and 2008 also included a \$5.5 million net loss on foreign currency hedges and a \$3.0 million net gain on foreign currency hedges, respectively. Excluding the effect of this \$8.5 million foreign currency hedging fluctuation, the Americas revenue increased \$25.4 million, compared with the same period last year. The decrease in EMEA revenues of \$16.2 million, or 11.9%, for the six months ended June 30, 2009, compared to the same period in 2008, reflects a \$24.4 million negative foreign currency impact, partially offset by an increase of \$8.2 million in client demand. This \$8.2 million increase includes expansion of existing client programs and new client relationships. New client relationships represented 21.3% of the increase in EMEA s revenue over the comparable 2008 period. Excluding the \$24.4 million foreign currently impact, EMEA s revenue increased 6.1% for the six months ended June 30, 2009 compared to the same period in 2008.

Direct Salaries and Related Costs

Direct salaries and related costs decreased \$0.8 million, or 0.3%, to \$263.9 million for the six months ended June 30, 2009, from \$264.7 million in the comparable 2008 period.

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q

For the Quarter Ended June 30, 2009

On a reporting segment basis, direct salaries and related costs from the Americas segment increased \$8.8 million, or 5.2%, to \$178.8 million for the six months ended June 30, 2009 from \$170.0 million for the comparable 2008 period. Direct salaries and related costs from the EMEA segment decreased \$9.6 million, or 10.0%, to \$85.1 million for the six months ended June 30, 2009 from \$94.7 million in the comparable 2008 period. While changes in foreign currency exchange rates negatively impacted revenues in the Americas and EMEA, they positively impacted direct salaries and related costs in 2009 compared to the same period in 2008 by \$18.1 million and \$16.7 million, respectively.

In the Americas segment, as a percentage of revenues, direct salaries and related costs increased to 61.3% for the six months ended June 30, 2009 from 61.8% in the comparable 2008 period. This decrease of 0.5%, as a percentage of revenues, was primarily attributable to lower auto tow claim costs of 0.9%, lower travel costs of 0.1%, lower recruiting costs of 0.1% and lower other costs of 0.4%, partially offset by higher compensation costs of 1.0%.

In the EMEA segment, as a percentage of revenues, direct salaries and related costs decreased to 70.8% in 2009 from 69.4% in 2008. This increase of 1.4% was primarily attributable to higher compensation costs of 1.4%, higher fulfillment material costs of 0.2% and higher other costs of 0.5%, partially offset by lower recruiting costs of 0.5% and lower billable supply costs of 0.2%.

General and Administrative

General and administrative expenses decreased \$1.8 million, or 1.6%, to \$112.0 million for the six months ended June 30, 2009, from \$113.8 million in the comparable 2008 period.

On a reporting segment basis, general and administrative expenses from the Americas segment increased \$2.1 million or 3.4% to \$63.0 million for the six months ended June 30, 2009 from \$60.9 million for the comparable 2008 period. General and administrative expenses from the EMEA segment decreased \$4.4 million or 13.2% to \$28.7 million for the six months ended June 30, 2009 from \$33.1 million in the comparable 2008 period. While changes in foreign currency exchange rates negatively impacted revenues in the Americas and EMEA, they positively impacted general and administrative expenses in the six months ended June 30, 2009 compared to the comparable 2008 period by approximately \$5.2 million and \$6.2 million, respectively. Corporate general and administrative expenses increased \$0.5 million, or 2.5%, to \$20.2 million for the six months ended June 30, 2009 from \$19.8 million in the comparable 2008 period. This increase of \$0.5 million was primarily attributable to higher compensation costs of \$2.3 million, higher business development costs of \$0.4 million and higher software maintenance costs of \$0.2 million, partially offset by lower travel costs of \$0.8 million, lower bad debt expense of \$0.8 million, lower consulting costs of \$0.5 million, and lower other costs of \$0.3 million.

In the Americas segment, as a percentage of revenues, general and administrative expenses decrease to 21.6% for the six months ended June 30, 2009 from 22.2% in the comparable 2008 period. This decrease of 0.6% was primarily attributable to a lower depreciation and amortization of 0.3%, lower compensation costs of 0.1%, lower facility related costs of 0.1%, lower software maintenance costs of 0.1% and lower other costs of 0.3%, partially offset by higher bad debt expense of 0.2% and higher legal and professional fees of 0.1%.

In the EMEA segment, as a percentage of revenues, general and administrative expenses decreased to 23.9% for the six months ended June 30, 2009 from 24.2% in the comparable 2008 period. This decrease of 0.3% was primarily attributable to lower travel costs of 0.3%, lower recruiting costs of 0.2%, lower telephone costs of 0.2% and lower other costs of 0.3%, partially offset by higher bad debt expense of 0.4%, higher compensation costs of 0.2% and higher depreciation and amortization of 0.1%.

Impairment Loss on Goodwill and Intangibles

In the Americas segment, we recorded an impairment loss of \$1.6 million on the goodwill and intangibles during the six months ended June 30, 2009 (none in the comparable 2008 period) related to the March 2005 acquisition of Kelly, Luttmner & Associates Limited (KLA).

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q
For the Quarter Ended June 30, 2009

Interest Income

Interest income was \$1.5 million for the six months ended June 30, 2009, compared to \$3.1 million for the comparable 2008 period reflecting lower average rates earned on higher average balances of interest bearing investments in cash and cash equivalents.

Interest Expense

Interest expense was \$0.4 million for the six months ended June 30, 2009 compared to \$0.2 million for the comparable 2008 period due primarily to higher average rates and fees paid on our unused credit facility.

Impairment Loss on Investment in SHPS

In the Americas segment, we recorded an impairment loss of \$2.1 million on our entire investment in SHPS during the six months ended June 30, 2009 (none in the comparable 2008 period).

Other Income (Expense)

Other income, net, was \$1.1 million for the six months ended June 30, 2009 compared to other income, net, of \$4.3 million for the comparable 2008 period. The net decrease of \$3.2 million was primarily attributable to a decrease of \$3.0 million in realized and unrealized foreign currency transaction gains, net of losses. Other income (expense) excludes the cumulative translation effects and unrealized gains (losses) on financial derivatives that are included in Accumulated Other Comprehensive Income in shareholders' equity in the accompanying Condensed Consolidated Balance Sheets.

Provision for Income Taxes

The provision for income taxes of \$5.5 million for the six months ended June 30, 2009 was based upon pre-tax book income of \$34.7 million, compared to \$6.6 million for the six months ended June 30, 2008 based upon pre-tax book income of \$40.0 million. The effective tax rate for the six months ended June 30, 2009 was 16.0% compared to an effective tax rate of 16.4% for the comparable 2008 period. The decrease in the effective tax rate of 0.4% was primarily due to a shift in the mix of earnings, accompanied by the effects of valuation allowances. The effective tax rate is also affected by permanent differences and losses in jurisdiction for which tax benefits can be recognized, foreign withholding and other taxes, accrued interest and penalties and foreign income tax rate differentials.

Net Income

As a result of the foregoing, we reported income from operations for the six months ended June 30, 2009 of \$34.6 million, compared to \$32.9 million in the comparable 2008 period. This \$1.7 million increase was principally attributable to a \$0.7 million increase in revenues, a \$0.8 million decrease in direct salaries and related costs and a \$1.8 million decrease in general and administrative expenses partially offset by an impairment loss of \$1.6 million. The \$1.7 million increase in income from operations and a \$1.1 million lower tax provision, partially offset by a \$1.6 million decrease in interest income, a \$0.2 million increase in interest expense, a \$2.1 million impairment loss on investment in SHPS and a \$3.2 million decrease in other income resulted in net income of \$29.1 million for the six months ended June 30, 2009, a decrease of \$4.3 million compared to the same period in 2008.

Client Concentration

Total consolidated revenues included \$25.4 million, or 12.1%, and \$47.3 million, or 11.5%, of consolidated revenues, for the three and six months ended June 30, 2009, respectively, from AT&T Corporation, a major provider of communication services for which we provide various customer support services. This included \$23.0 million and \$42.8 million in revenue from the Americas for the three and six months ended June 30, 2009, respectively, and \$2.4 million and \$4.5 million in revenue from EMEA for the three and six months ended June 30, 2009, respectively.

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q
For the Quarter Ended June 30, 2009

The revenues for the comparable periods as it relates to this relationship were \$13.3 million, or 6.1%, and \$24.5 million, or 6.0%, of consolidated revenues, for the three and six months ended June 30, 2008, respectively. This included \$10.5 million and \$19.3 million in revenue from the Americas and \$2.8 million and \$5.2 million in revenue from EMEA for the three and six months ended June 30, 2008, respectively.

Liquidity and Capital Resources

Our primary sources of liquidity are generally cash flows generated by operating activities and from available borrowings under our revolving credit facilities. We utilize these capital resources to make capital expenditures associated primarily with our customer contact management services, invest in technology applications and tools to further develop our service offerings and for working capital and other general corporate purposes, including repurchase of our common stock in the open market and to fund possible acquisitions. In future periods, we intend similar uses of these funds.

On August 5, 2002, the Board of Directors authorized the Company to purchase up to three million shares of our outstanding common stock. A total of 1.9 million shares have been repurchased under this program since inception. The shares are purchased, from time to time, through open market purchases or in negotiated private transactions, and the purchases are based on factors, including but not limited to, the stock price and general market conditions. During the six months ended June 30, 2009, we repurchased 224 thousand common shares under the 2002 repurchase program at prices ranging between \$13.72 and \$14.75 per share for a total cost of \$3.2 million. We expect to make additional stock repurchases under this program in 2009 if market conditions are favorable.

During the six months ended June 30, 2009, we generated \$33.5 million in cash from operating activities, received \$3.4 million in cash from grant proceeds, \$0.8 million from the release of restricted cash, \$0.2 million from proceeds from the sale of property and equipment, \$0.2 million proceeds from the issuance of common stock and excess tax benefits from stock-based compensation. Further, we used \$18.3 million for capital expenditures, repurchased \$3.2 million of the Company's stock and repurchased an additional \$1.1 million of stock for minimum tax withholding on restricted stock resulting in a \$19.8 million increase in available cash (including the unfavorable effects of international currency exchange rates on cash of \$4.3 million).

Net cash flows provided by operating activities for the six months ended June 30, 2009 were \$33.5 million, compared to \$31.0 million for the comparable 2008 period. The \$2.5 million increase in net cash flows from operating activities was due to a \$3.1 million increase in non-cash reconciling items such as depreciation and amortization, deferred income taxes, stock-based compensation, unrealized gains on financial instruments and a net increase of \$3.7 million in cash flows from assets and liabilities offset by a \$4.3 million decrease in net income. The \$3.7 million net increase in cash flows from assets and liabilities was principally a result of a \$7.7 million decrease in receivables, a \$1.2 million increase in income taxes payable and a \$0.8 million increase in deferred revenue partially offset by a \$4.1 million decrease in other liabilities and a \$1.9 million increase in other assets.

Capital expenditures, which are generally funded by cash generated from operating activities, available cash balances and borrowings available under our credit facilities, were \$18.3 million for the six months ended June 30, 2009, compared to \$16.3 million for the comparable 2008 period, an increase of \$2.0 million. During the six months ended June 30, 2009, approximately 47% of the capital expenditures were the result of investing in new and existing customer contact management centers, primarily offshore, and 53% was expended primarily for maintenance and technology systems infrastructure. In 2009, we anticipate capital expenditures in the range of \$30.0 million to \$33.0 million.

On March 30, 2009, we entered into a new credit agreement with KeyBank National Association and Bank of America, N.A. (the Credit Facility). The Credit Facility replaces the prior credit agreement, dated March 15, 2004, with KeyBank National Association and BNP Paribas. The new Credit Facility provides us with a \$50 million revolving credit facility, which amount is subject to certain borrowing limitations, and includes certain customary financial and restrictive covenants. Pursuant to the terms of the Credit Facility, the amount of \$50.0 million may be increased up to a maximum of \$100.0 million with the prior written consent of the lenders. The \$50.0 million Credit

Facility includes a \$40.0 million multi-currency subfacility, a \$10.0 million swingline subfacility and a \$5.0 million letter of credit subfacility. The Credit Facility will terminate on March 29, 2012.

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q
For the Quarter Ended June 30, 2009

We are not currently aware of any inability of our lenders to provide access to the full commitment of funds that exist under the Credit Facility, if necessary. However, due to recent economic conditions and the volatile business climate facing financial institutions, there can be no assurance that such facility will be available to us, even though it is a binding commitment.

The Credit Facility, which includes certain financial covenants, may be used for general corporate purposes including strategic acquisitions, share repurchases, working capital support, and letters of credit, subject to certain limitations. Under the Credit Facility, we may obtain base rate loans (which include all loans under the swingline subfacility), eurodollar loans and alternate currency loans. Base rate loans accrue interest at the highest of the base rate (defined as the higher of the lender's prime rate, the Federal Funds rate plus 0.50%, or the London Interbank Offered Rate (LIBOR) plus 1%) plus an applicable margin up to 2.50%. Eurodollar loans bear interest at the eurodollar rate plus an applicable margin up to 3.50%. Alternate currency loans accrue interest at the alternate currency rate applicable to the alternate currency plus an applicable margin up to 3.50%. In addition, a commitment fee of up to 0.65% is charged on the unused portion of the Credit Facility on a quarterly basis. The borrowings under the Credit Facility, which will terminate on March 29, 2012, are secured by a pledge of 65% of the stock of each of our active direct foreign subsidiaries. The Credit Facility prohibits us from incurring additional indebtedness, subject to certain specific exclusions. There were no borrowings in the first six months of 2009 and no outstanding balances as of June 30, 2009 and December 31, 2008, with \$50.0 million availability on the Credit Facility. At June 30, 2009, we were in compliance with all loan requirements of the Credit Facility.

Effective January 1, 2008, we adopted Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) No. 157 (SFAS 157), *Fair Value Measurements*. Adoption of SFAS 157 did not have a material effect on our financial condition, results of operations or cash flows. At June 30, 2009, the aggregate amount of assets requiring fair value measurement (no liabilities) included in Level 3 represented approximately 1.0% of the aggregate amount of consolidated assets and liabilities. Of the aggregate amount of total assets and liabilities requiring fair value measurement, approximately 7% are included in Level 3. The amount we report in Level 3 in future periods will be directly affected by market conditions. There were no material changes made to the valuation techniques and methodologies used to measure fair value during the six months ended June 30, 2009. See Note 1 of the accompanying Condensed Consolidated Financial Statements for further information related to the adoption of SFAS 157 and Item 3 *Quantitative and Qualitative Disclosures about Market Risk* for further information regarding foreign currency risk.

At June 30, 2009, we had \$238.9 million in cash and cash equivalents, of which approximately 95% or \$227.2 million, was held in international operations and may be subject to additional taxes if repatriated to the United States. The U.S. Department of the Treasury released the *General Explanations of the Administration's Fiscal Year 2010 Revenue Proposals* in May 2009. These proposals represent a significant shift in international tax policy, which may materially impact U.S. taxation of international earnings, including our position on permanent reinvestment of foreign earnings. We continue to monitor these proposals and are currently evaluating the potential impact on our financial condition, results of operations, and cash flows.

We believe that our current cash levels, accessible funds under our credit facilities and cash flows from future operations will be adequate to meet anticipated working capital needs, future debt repayment requirements (if any), continued expansion objectives, funding of potential acquisitions, anticipated levels of capital expenditures and contractual obligations for the foreseeable future and any stock repurchases.

Contractual Obligations

During the three months ended June 30, 2009, we entered into new lease agreements for customer contact management centers located in the Americas and EMEA. The Americas lease obligates us to lease payments of \$0.9 million to be paid ratably over the non-cancelable three-year lease term and includes a \$0.2 million early termination penalty. The EMEA lease obligates us to lease payments of \$0.5 million to be paid ratably over the non-cancelable three-year lease term. As of June 30, 2009, we had no plans to cancel these lease agreements.

During the three months ended June 30, 2009, we also entered into an agreement with a communication service provider obligating us to purchase a minimum of \$0.4 million to be paid ratably over the next two years.

Critical Accounting Policies and Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States requires estimations and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results could differ from these estimates under different assumptions or conditions.

We believe the following accounting policies are the most critical since these policies require significant judgment or involve complex estimations that are important to the portrayal of our financial condition and operating results:

Recognition of Revenue

We recognize revenue pursuant to applicable accounting standards, including SEC Staff Accounting Bulletin (SAB) No. 101 (SAB 101), *Revenue Recognition in Financial Statements*, SAB 104, *Revenue Recognition* and the Emerging Issues Task Force (EITF) No. 00-21, (EITF 00-21) *Revenue Arrangements with Multiple Deliverables*. SAB 101, as amended, and SAB 104 summarize certain of the SEC staff's views in applying generally accepted accounting principles to revenue recognition in financial statements and provide guidance on revenue recognition issues in the absence of authoritative literature addressing a specific arrangement or a specific industry. EITF 00-21 provides further guidance on how to account for multiple element contracts.

We primarily recognize revenues from services as the services are performed, which is based on either a per minute, per call or per transaction basis, under a fully executed contractual agreement and record reductions to revenue for contractual penalties and holdbacks for failure to meet specified minimum service levels and other performance based contingencies. Revenue recognition is limited to the amount that is not contingent upon delivery of any future product or service or meeting other specified performance conditions.

Product sales, accounted for within our fulfillment services, are recognized upon shipment to the customer and satisfaction of all obligations.

Revenue from contracts with multiple-deliverables is allocated to separate units of accounting based on their relative fair value, if the deliverables in the contract(s) meet the criteria for such treatment. Certain fulfillment services contracts contain multiple-deliverables. Separation criteria include whether a delivered item has value to the customer on a standalone basis, whether there is objective and reliable evidence of the fair value of the undelivered items and, if the arrangement includes a general right of return related to a delivered item, whether delivery of the undelivered item is considered probable and in our control. Fair value is the price of a deliverable when it is regularly sold on a standalone basis, which generally consists of vendor-specific objective evidence of fair value. If there is no evidence of the fair value for a delivered product or service, revenue is allocated first to the fair value of the undelivered product or service and then the residual revenue is allocated to the delivered product or service. If there is no evidence of the fair value for an undelivered product or service, the contract(s) is accounted for as a single unit of accounting, resulting in delay of revenue recognition for the delivered product or service until the undelivered product or service portion of the contract is complete. We recognize revenue for delivered elements only when the fair values of undelivered elements are known, uncertainties regarding client acceptance are resolved, and there are no client-negotiated refund or return rights affecting the revenue recognized for delivered elements. Once we determine the allocation of revenue between deliverable elements, there are no further changes in the revenue allocation. If the separation criteria are met, revenue from these services is recognized as the services are performed under a fully executed contractual agreement. If the separation criteria are not met because there is insufficient evidence to determine fair value of one of the deliverables, all of the services are accounted for as a single combined unit of accounting. For these deliverables with insufficient evidence to determine fair value, revenue is recognized on the proportional performance method using the straight-line basis over the contract period, or the actual number of operational seats used to serve the client, as appropriate.

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q
For the Quarter Ended June 30, 2009

Allowance for Doubtful Accounts

We maintain allowances for doubtful accounts of \$3.4 million as of June 30, 2009, or 2.1% of accounts receivables, for estimated losses arising from the inability of our customers to make required payments. Our estimate is based on factors surrounding the credit risk of certain clients, historical collection experience and a review of the current status of trade accounts receivable. It is reasonably possible that our estimate of the allowance for doubtful accounts will change if the financial condition of our customers were to deteriorate, resulting in a reduced ability to make payments.

Income Taxes

We reduce deferred tax assets by a valuation allowance if, based on the weight of available evidence for each respective tax jurisdiction, it is more likely than not that some portion or all of such deferred tax assets will not be realized. The valuation allowance for a particular tax jurisdiction is allocated between current and noncurrent deferred tax assets for that jurisdiction on a pro rata basis. Available evidence which is considered in determining the amount of valuation allowance required includes, but is not limited to, our estimate of future taxable income and any applicable tax-planning strategies.

At December 31, 2008, management determined that a valuation allowance of \$30.6 million was necessary to reduce U.S. deferred tax assets by \$10.8 million and foreign deferred tax assets by \$19.8 million, where it was more likely than not that some portion or all of such deferred tax assets will not be realized. The recoverability of the remaining net deferred tax asset of \$19.4 million at December 31, 2008 is dependent upon future profitability within each tax jurisdiction. As of June 30, 2009, based on our estimates of future taxable income and any applicable tax-planning strategies within various tax jurisdictions, we believe that it is more likely than not that the remaining net deferred tax asset will be realized. It is reasonably possible that we may reverse a portion of the valuation allowance during the next twelve months.

We evaluate tax positions that have been taken or are expected to be taken in our tax returns, and record a liability for uncertain tax positions in accordance with FASB Interpretation No. 48 (FIN 48), *Accounting for Uncertainty in Income Taxes an interpretation of FASB No. 109*. The calculation of our tax liabilities involves dealing with uncertainties in the application of complex tax regulations. FIN 48 contains a two-step approach to recognizing and measuring uncertain tax positions accounted for in accordance with SFAS 109. First, tax positions are recognized if the weight of available evidence indicates that it is more likely than not that the position will be sustained upon examination, including resolution of related appeals or litigation processes, if any. Second, the tax position is measured as the largest amount of tax benefit that has a greater than 50% likelihood of being realized upon settlement. We reevaluate these uncertain tax positions on a quarterly basis. This evaluation is based on factors including, but not limited to, changes in facts or circumstances, changes in tax law, effectively settled issues under audit, and new audit activity. Such a change in recognition or measurement would result in the recognition of a tax benefit or an additional charge to the tax provision.

Impairment of Long-lived Assets

We review long-lived assets, which had a carrying value of \$105.2 million as of June 30, 2009, including goodwill, intangibles and property and equipment, and investment in SHPS, Inc., for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable and at least annually for impairment testing of goodwill. An asset is considered to be impaired when the carrying amount exceeds the fair value. Upon determination that the carrying value of the asset is impaired, we record an impairment charge or loss to reduce the asset to its fair value. Future adverse changes in market conditions or poor operating results of the underlying investment could result in losses or an inability to recover the carrying value of the investment and, therefore, might require an impairment charge in the future. See Investment in SHPS under Note 1 and Note 2 for impairment losses recorded during the three and six months ended June 30, 2009.

Recent Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board (FASB) issued SFAS No. 157 (SFAS 157), *Fair Value Measurements* , which defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. We adopted the provisions of SFAS 157 on January 1, 2008. The adoption of this standard did not have a material impact on our financial condition, results of operations or cash flows. See Note 2 Fair Value to our Condensed Consolidated Financial Statements for further information.

In March 2007, the Emerging Issues Task Force (EITF) reached a consensus on Issue No. 06-10 (EITF 06-10), *Accounting for Deferred Compensation and Postretirement Benefit Aspects of Collateral Assignment Split-Dollar Life Insurance Arrangements*. EITF 06-10 provides guidance on the employer s recognition of assets, liabilities and related compensation costs for collateral assignment split-dollar life insurance arrangements that provide a benefit to an employee that extends into postretirement periods. We adopted the provisions of EITF 06-10 on January 1, 2008. As a result of the implementation of EITF 06-10, we recognized a \$0.5 million liability for a postretirement benefit obligation related to a split dollar arrangement on behalf of our founder and former Chairman and Chief Executive Officer which was accounted for as a reduction to the January 1, 2008 balance of retained earnings. See Note 13 -Defined Benefit Pension Plan and Post-Retirement Benefits to our Condensed Consolidated Financial Statements for further information.

In December 2007, the FASB issued SFAS No. 141 (revised 2007) (SFAS 141R), *Business Combinations* and SFAS No. 160 (SFAS 160), *Noncontrolling Interests in Consolidated Financial Statements, an amendment of Accounting Research Bulletin No. 51* . SFAS 141R changes how business acquisitions are accounted for and impacts financial statements both on the acquisition date and in subsequent periods. SFAS 160 changes the accounting and reporting for minority interests, which will be recharacterized as noncontrolling interests and classified as a component of shareholders equity. On January 1, 2009, we adopted the provisions of SFAS 141R and SFAS 160. SFAS 141R will be applied prospectively for all business combinations entered into after January 1, 2009, the date of adoption. The provisions of SFAS 160 will also be applied prospectively to all noncontrolling interests, except for the presentation and disclosure provisions which are applied retrospectively to any noncontrolling interests that arose before January 1, 2009. The adoption of these standards did not have a material impact on our financial condition, results of operations or cash flows.

In March 2008, the FASB issued SFAS No. 161 (SFAS 161), *Disclosures About Derivative Instruments and Hedging Activities* , which amends SFAS 133, *Accounting for Derivative Instruments and Hedging Activities* , by requiring increased qualitative, quantitative, and credit-risk disclosures about an entity s derivative instruments and hedging activities. On January 1, 2009, we adopted the provisions of SFAS 161. The adoption of this standard did not have a material impact on our financial condition, results of operations or cash flows. See Note 4 Financial Derivatives to our Condensed Consolidated Financial Statements for further information.

In April 2008, the FASB issued FASB Staff Position (FSP) No. 142-3 (FSP 142-3), *Determination of the Useful Life of Intangible Assets* . FSP 142-3 amends the factors an entity should consider in developing renewal or extension assumptions used in determining the useful life of recognized intangible assets under FASB Statement No. 142, *Goodwill and Other Intangible Assets* . This new guidance applies prospectively to intangible assets that are acquired individually or with a group of other assets in business combinations and asset acquisitions. We adopted the provisions of FSP 142-3 on January 1, 2009. The adoption of this standard did not have a material impact on our financial condition, results of operations or cash flows.

In December 2008, the FASB issued FSP No. FAS 132(R)-1 (FSP 132R-1), *Employers Disclosures about Postretirement Benefit Plan Assets* , which provides additional guidance on an employer s disclosures about plan assets of a defined benefit pension or other postretirement plan. FSP 132R-1 is effective for financial statements issued for fiscal years ending after December 15, 2009. We are currently evaluating the impact of adopting FSP 132R-1 on our financial condition, results of operations and cash flows.

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q

For the Quarter Ended June 30, 2009

In April 2009, the FASB issued FSP No. FAS 141(R)-1 (FSP 141(R)-1), *Accounting for Assets Acquired and Liabilities Assumed in a Business Combination That Arise from Contingencies*, which amends the guidance in SFAS 141R to require that assets acquired and liabilities assumed in a business combination that arise from contingencies be recognized at fair value if fair value can be reasonably estimated. If fair value of such an asset or liability cannot be reasonably estimated, the asset or liability would generally be recognized in accordance with FASB Statement No. 5, *Accounting for Contingencies*, and FASB Interpretation (FIN) No. 14, *Reasonable Estimation of the Amount of a Loss*. Further, the FASB decided to remove the subsequent accounting guidance for assets and liabilities arising from contingencies from Statement 141R, and carry forward without significant revision the guidance in SFAS 141R. Like SFAS 141R, FSP 141(R)-1 is effective for assets or liabilities arising from contingencies in business combinations whose acquisition date is on or after January 1, 2009.

In April 2009, the FASB issued FSP No. FAS 107-1 and APB 28-1 (FSP 107-1), *Interim Disclosures about Fair Value of Financial Instruments*, which amends FASB Statement No. 107, *Disclosures about Fair Value of Financial Instruments*, and APB Opinion No. 28, *Interim Financial Reporting*, to extend the annual disclosures about fair value of financial instruments to interim reporting periods. FSP 107-1 is effective for interim reporting periods ending after June 15, 2009, and was adopted on April 1, 2009. The adoption of FSP 107-1 did not have a material impact on our financial condition, results of operations or cash flows. See Note 1- Basis of Presentation and Summary of Significant Accounting Policies – Fair Value Measurements for further information.

In April 2009, the FASB issued FSP No. FAS 157-4 (FSP 157-4), *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*, which amends SFAS 157, *Fair Value Measurements*, and supersedes FSP No. FAS 157-3, *Determining the Fair Value of a Financial Asset When the Market for That Asset Is Not Active*. FSP 157-4 provides additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to normal market activity for the asset or liability. FSP 157-4 also provides guidance on circumstances that may indicate a transaction is not orderly (that is, distressed or forced). FSP 157-4 is effective on a prospective basis for interim and annual reporting periods ending after June 15, 2009, and was adopted on April 1, 2009. The adoption of FSP 157-4 did not have a material impact on our financial condition, results of operations or cash flows.

In April 2009, the FASB issued FSP No. FAS 115-2 and FAS 124-2 (FSP 115-2), *Recognition and Presentation of Other-Than Temporary Impairments*, which amends the recognition and presentation of other-than-temporary impairments for debt securities and provides new disclosure requirements for both debt and equity securities. Upon adoption of the provisions of FSP 115-2, the non-credit component of previously recognized other-than-temporary impairment on debt securities held on that date is reclassified from Retained Earnings to Accumulated Other Comprehensive Income and reported as a cumulative-effect adjustment as of the beginning of the period of adoption, if the entity does not intend to sell the security and it is not more likely than not that it will be required to sell the security before recovery of its amortized cost basis. FSP 115-2 is effective for interim and annual reporting periods ending after June 15, 2009, and was adopted on April 1, 2009. The adoption of FSP 115-2 did not have a material impact on our financial condition, results of operations or cash flows. See Note 5 – Investments Held in Rabbi Trust for further information.

In May 2009, the FASB issued SFAS No. 165 (SFAS 165), *Subsequent Events*, which establishes general standards of accounting for, and disclosures of, events that occur after the balance sheet date but before the financial statements are issued or are available to be issued. SFAS 165 is effective on a prospective basis for interim or annual periods ending after June 15, 2009, and was adopted on April 1, 2009. This standard did not have a material impact on our financial condition, results of operations and cash flows.

In June 2009, the FASB issued SFAS No. 168 (SFAS 168), *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – a replacement of FASB Statement No. 162*. SFAS 168 states that the FASB Accounting Standards Codification (Codification) will become the single source of authoritative

U.S. generally accepted accounting principles (GAAP) recognized by the FASB. The Codification and all of its contents, which changes the referencing of financial standards, will carry the same level of authority, effectively superseding SFAS 162. In other words, the GAAP hierarchy will be modified to include only two levels of GAAP, authoritative and nonauthoritative. SFAS 168 is effective for financial statements issued for interim and

Table of Contents

Sykes Enterprises, Incorporated and Subsidiaries
Form 10-Q

For the Quarter Ended June 30, 2009

annual periods ending after September 15, 2009. Therefore, in the third quarter of 2009, all references made to GAAP will use the new Codification numbering system prescribed by the FASB. As the Codification is not intended to change or alter existing GAAP, it is not expected to have an impact on our financial condition, results of operations and cash flows.

Item 3 Quantitative and Qualitative Disclosures About Market Risk**Foreign Currency Risk**

Our earnings and cash flows are subject to fluctuations due to changes in non-U.S. currency exchange rates. We are exposed to non-U.S. exchange rate fluctuations as the financial results of non-U.S. subsidiaries are translated into U.S. dollars in consolidation. As exchange rates vary, those results, when translated, may vary from expectations and adversely impact overall expected profitability. The cumulative translation effects for subsidiaries using functional currencies other than the U.S. dollar are included in Accumulated other comprehensive income (loss) in shareholders equity. Movements in non-U.S. currency exchange rates may negatively or positively affect our competitive position, as exchange rate changes may affect business practices and/or pricing strategies of non-U.S. based competitors. Periodically, we use foreign currency contracts to hedge intercompany receivables and payables, and transactions initiated in the United States that are denominated in foreign currency.

We serve a number of U.S.-based clients using customer contact management center capacity in the Philippines which is within our Americas segment. Although the contracts with these clients are priced in U.S. dollars, a substantial portion of the costs incurred to render services under these contracts are denominated in Philippine pesos (PHP), which represent a foreign exchange exposure.

As of June 30, 2009, we had outstanding forward contracts with counterparties to acquire a total of PHP 3.4 billion through June 2010 at fixed prices of \$74.8 million U.S. dollars, which approximates 59% of our exposure related to the anticipated cash flow requirements denominated in PHP. The fair value of these derivative instruments as of June 30, 2009 is presented in Note 4 of the accompanying Condensed Consolidated Financial Statements. If the U.S. dollar/PHP exchange rate were to adversely change by 10% from current period-end levels, we would incur a \$7.5 million loss on the underlying exposures of the derivative instruments. However, this loss would be offset by a corresponding gain of \$7.5 million in our underlying exposures.

We evaluate the credit quality of potential counterparties to derivative transactions and only enter into contracts with those considered to have minimal credit risk. We periodically monitor changes to counterparty credit quality as well as our concentration of credit exposure to individual counterparties. We do not use derivative instruments for trading or speculative purposes.

Interest Rate Risk

Our exposure to interest rate risk results from variable debt outstanding under our \$50.0 million revolving credit facility. During the six months ended June 30, 2009, we had no debt outstanding under this credit facility; therefore, a one-point increase in the weighted average interest rate, which historically has equaled the LIBOR rate plus an applicable margin, would not have had any impact on our financial position or results of operations.

We have not historically used derivative instruments to manage exposure to changes in interest rates.

Fluctuations in Quarterly Results

For the year ended December 31, 2008, quarterly revenues as a percentage of total consolidated annual revenues were approximately 25%, 25%, 25% and 25%, respectively, for each of the respective quarters of the year. We have experienced and anticipate that in the future we will experience variations in quarterly revenues. The variations are due to the timing of new contracts and renewal of existing contracts, the timing and frequency of client spending for customer contact management services, non-U.S. currency fluctuations, and the seasonal pattern of customer contact management support and fulfillment services.

For the Quarter Ended June 30, 2009**

Item 4 Controls and Procedures

As of June 30, 2009, under the direction of our Chief Executive Officer and Chief Financial Officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended. Our disclosure controls and procedures are designed to provide reasonable assurance that the information required to be disclosed in our SEC reports is recorded, processed, summarized and reported within the time period specified by the SEC's rules and forms, and is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. We concluded that, as of June 30, 2009, our disclosure controls and procedures were effective at the reasonable assurance level.

There were no changes in our internal controls over financial reporting during the quarter ended June 30, 2009 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

Part II OTHER INFORMATION**Item 1 Legal Proceedings**

We have previously disclosed regulatory sanctions assessed against our Spanish subsidiary relating to the alleged inappropriate acquisition of personal information in connection with two outbound client contracts. In order to appeal these claims, we issued a bank guarantee of \$0.9 million. During the year ended December 31, 2008, \$0.4 million of the bank guarantee was returned to us. The remaining balance of the bank guarantee of \$0.5 million is included as restricted cash in *Deferred charges and other assets* in the accompanying Condensed Consolidated Balance Sheets as of June 30, 2009 and December 31, 2008. We will continue to vigorously defend these matters. However, due to further progression of several of these claims within the Spanish court system, and based upon opinion of legal counsel regarding the likely outcome of several of the matters before the courts, we accrued a liability in the amount of \$1.3 million as of June 30, 2009 and December 31, 2008 under SFAS No. 5, *Accounting for Contingencies* because we now believe that a loss is probable and the amount of the loss can be reasonably estimated as to three of the subject claims. There are two other related claims, one of which is currently under appeal, and the other of which is in the early stages of investigation, but we have not accrued any amounts related to either of those claims because we do not currently believe a loss is probable, and it is not currently possible to reasonably estimate the amount of any loss related to those two claims.

From time to time, we are involved in legal actions arising in the ordinary course of business. With respect to these matters, we believe that we have adequate legal defenses and/or provided adequate accruals for related costs such that the ultimate outcome will not have a material adverse effect on our future financial position or results of operations.

Item 2 -Unregistered Sales of Equity Securities and Use of Proceeds

Below is a summary of stock repurchases for the quarter ended June 30, 2009 (in thousands, except average price per share). See Note 10, Earnings Per Share, to the Condensed Consolidated Financial Statements for information regarding our stock repurchase program.

Period	Total Number of Shares Purchased (1)	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number Of Shares That May Yet Be Purchased Under Plans or Programs
