On January 1, 2009, Ferro Corporation ( Ferro, we, us, or the Company ) adopted FASB Statement No. 160, *Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51*, ( FAS No. 160 ). Under this statement, noncontrolling interests (e.g., minority interests) in subsidiaries are measured initially at fair value and classified as a separate component of equity and the amount of net income attributable to noncontrolling interests is included in consolidated net income. FAS No. 160 requires entities to apply the measurement requirements prospectively and to apply the presentation and disclosure requirements retrospectively to comparative financial statements.

On January 1, 2009, we adopted FSP No. APB 14-1, *Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement)*, ( FSP No. APB 14-1 ). This pronouncement specifies that issuers of such instruments should separately account for the liability and equity components in a manner that will reflect the entity's nonconvertible debt borrowing rate when interest cost is recognized in subsequent periods. FSP No. APB 14-1 is to be applied retrospectively.

Based upon the effective dates of the pronouncements, the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008 (the Form 10-K ) did not reflect the adoption of FAS No. 160 and FSP No. APB 14-1. The following portions of the Company's Form 10-K, including audited financial statements for the three years ended December 31, 2008, and as of December 31, 2008, and December 31, 2007, have been updated solely to reflect the retrospective presentation and disclosure requirements of FAS No. 160 and FSP No. APB 14-1 that were not yet effective for the financial statements originally filed with the Form 10-K and are filed herewith as Exhibit 99.1 and incorporated herein by reference:

- § Item 1A Risk Factors
- § Item 6 Selected Financial Data
- § Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations
- § Item 8 Financial Statements and Supplementary Data
- § Item 9A Controls and Procedures
- § Item 15 Exhibits and Financial Statement Schedules

This Form 8-K does not reflect events or disclosures occurring after the filing of the Form 10-K and does not modify or update the disclosures therein in any way, other than as described above.
