PROXY STATEMENT
Dated: August 21, 2009
FOR THE ANNUAL MEETING OF SHAREHOLDERS
To Be Held On September 30, 2009

GENERAL INFORMATION ABOUT VOTING

This Proxy Statement, along with the accompanying proxy card, is being furnished to shareholders of Worthington Industries, Inc. (the Company) in connection with the solicitation of proxies, on behalf of the Board of Directors of the Company (the Board), for use at the Annual Meeting of Shareholders (the Annual Meeting) to be held on Wednesday, September 30, 2009, at 2:00 p.m., Eastern Daylight Time, or any adjournment thereof. The Annual Meeting will be held at Worthington Industries Headquarters located at 200 Old Wilson Bridge Road, Columbus, Ohio 43085. This Proxy Statement summarizes information you will need in order to vote.

As used in this Proxy Statement, the term Company means Worthington Industries, Inc. or, where appropriate, Worthington Industries, Inc. and its subsidiaries. The term common shares means the Company's common shares, without par value. Other than common shares, there are no voting securities of the Company outstanding.

Voting at the Annual Meeting

Only shareholders of record at the close of business on August 10, 2009 (the Record Date) are entitled to receive notice of, and to vote at, the Annual Meeting. The Company is first sending or giving this Proxy Statement and the accompanying proxy card to those shareholders on or about August 21, 2009. The total number of issued and outstanding common shares on the Record Date entitled to vote at the Annual Meeting was 79,093,744. Each shareholder is entitled to one vote on each matter voted upon at the Annual Meeting for each common share held. Shareholders do not have cumulative voting rights in the election of directors.

To ensure that your common shares will be voted at the Annual Meeting, please complete, sign, date and promptly return the accompanying proxy card. A return envelope, which requires no postage if mailed in the United States, has been provided for your use. Alternatively, you may transmit voting instructions electronically via the Internet or by using the toll-free telephone number stated on the proxy card. The deadline for transmitting voting instructions electronically via the Internet or telephonically is 11:59 p.m., Eastern Daylight Time, on September 29, 2009. The Internet and telephone voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions, and to confirm that shareholders' voting instructions have been properly recorded. If you vote through the Internet, you should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that will be borne by you.

Table of Contents

Those common shares represented by properly executed proxy cards that are received prior to the Annual Meeting and not revoked, or by properly authenticated voting instructions transmitted electronically via the Internet or by telephone prior to the deadline for transmitting those instructions and not revoked, will be voted as directed by the shareholders. The common shares represented by all valid forms of proxy received prior to the Annual Meeting which do not specify how the common shares should be voted will be voted as recommended by the Board, as follows: (i)

FOR the election of each of the three director nominees listed below under the caption PROPOSAL 1: ELECTION OF DIRECTORS; and (ii) FOR the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending May 31, 2010. No appraisal rights exist for any action proposed by the Company to be taken at the Annual Meeting.

Voting of Common Shares Held in Street Name

If you hold your common shares in street name with a broker/dealer, financial institution or other holder of record, you may be eligible to provide voting instructions to the holder of record electronically via the Internet or telephonically, but are urged to carefully review the information provided to you by the holder of record. This information will describe the procedures to be followed in instructing the holder of record how to vote the street name common shares and how to revoke previously-given instructions. If you hold your common shares in street name and do not provide voting instructions to your broker/dealer within the required time frame before the Annual Meeting, your broker/dealer will have the discretion to vote your common shares on the uncontested election of directors and the ratification of the appointment of the Company's independent registered public accounting firm.

Solicitation of Proxies

Although the Company is soliciting proxies by mailing the proxy materials to shareholders, proxies may be solicited by directors, officers and employees of the Company by additional mailings, personal contact, telephone, electronic mail, facsimile or telegraph without additional compensation. In addition, the Company has retained Broadridge Financial Solutions (formerly ADP), located in Edgewood, New York, to aid in the solicitation of proxies with respect to common shares held by broker/dealers, financial institutions and other custodians, fiduciaries and nominees, for a fee of approximately \$2,000, plus out-of-pocket expenses. The Company will reimburse its transfer agent, National City Bank, as well as broker/dealers, financial institutions and other custodians, fiduciaries and nominees, who are record holders of common shares not beneficially owned by them, for their reasonable costs in forwarding proxy materials to the beneficial owners of the common shares entitled to vote at the Annual Meeting. The Company will bear the costs of preparing, assembling, printing and mailing this Proxy Statement, the accompanying proxy card and any other related materials, as well as all other costs incurred in connection with the solicitation of proxies on behalf of the Board, other than the Internet access fees and telephone service fees described above.

Right to Revoke Proxy

If you are a registered shareholder, you may revoke your proxy at any time before it is actually voted at the Annual Meeting by giving written notice of revocation to the Secretary of the Company, by accessing the Internet site or using the toll-free number stated on the proxy card prior to the deadline for transmitting voting instructions electronically and electing revocation as instructed or by attending the Annual Meeting and giving notice of revocation in person. You may also change your vote by choosing one of the following options: executing and returning to the Company a later-dated proxy card; voting in person at the Annual Meeting; submitting a later-dated electronic vote through the designated Internet site; or voting by telephone at a later date using the toll-free telephone number stated on the proxy card. **Attending the Annual Meeting will not, by itself, revoke your previously-appointed proxy.**

Quorum and Tabulation of Voting Results

The results of shareholder voting will be tabulated by the inspector of election appointed by the Board for the Annual Meeting. A quorum for the Annual Meeting is one-third of the outstanding common shares entitled to vote at the Annual Meeting. Common shares represented by properly-executed proxy cards returned to the

Table of Contents

Company prior to the Annual Meeting or represented by properly-authenticated electronic votes recorded through the Internet or by telephone will be counted toward the establishment of a quorum for the Annual Meeting whether they are marked Abstain, Against, For, For All, Withhold All, For All Except, or not at all.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires that the Company's directors and executive officers and greater-than-10% beneficial owners of the Company's outstanding common shares file reports with the SEC

Table of Contents

reporting their initial beneficial ownership of common shares and any subsequent changes in their beneficial ownership. Specific due dates for such reports have been established by the SEC and the Company is required to disclose in this Proxy Statement any late report or known failure to file a required report. To the Company's knowledge, based solely on a review of the copies of the reports furnished to the Company and written representations that no other reports were required, the Company believes that, during the fiscal year ended May 31, 2009 (Fiscal 2009), all Section 16(a) filing requirements applicable to the Company's directors and executive officers and greater-than-10% beneficial owners of the Company's outstanding common shares were complied with, except for one late Form 4 filing made by Michael J. Endres reporting one transaction with respect to theoretical common shares credited to his account under the Director Deferral Plans, which account holds no actual common shares and payouts from such account are made in cash.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Upon the recommendation of the Nominating and Governance Committee, in accordance with applicable sections of the New York Stock Exchange Listed Company Manual (the NYSE Rules), the Board has adopted the Board of Directors Corporate Governance Guidelines (the Corporate Governance Guidelines) to promote the effective functioning of the Board and its committees and to reflect the Company's commitment to the highest standards of corporate governance. The Board, with the assistance of the Nominating and Governance Committee, periodically reviews the Corporate Governance Guidelines to ensure they are in compliance with all applicable requirements.

The Corporate Governance Guidelines are available on the Corporate Governance page of the Investor Relations section of the Company's web site located at www.worthingtonindustries.com. Shareholders and other interested persons may also obtain a copy of the Corporate Governance Guidelines, without charge, by writing to the Investor Relations Department of the Company at Worthington Industries, Inc., 200 Old Wilson Bridge Road, Columbus, Ohio 43085, Attention: Catherine M. Lyttle, Vice President-Communications and Investor Relations.

Code of Conduct

In accordance with applicable NYSE Rules and the applicable rules and regulations of the SEC (the SEC Rules), the Board adopted the Worthington Industries, Inc. Code of Conduct (the Code of Conduct), which is available on the Corporate Governance page of the Investor Relations section of the Company's web site located at www.worthingtonindustries.com. Alternatively, shareholders and other interested persons may obtain a copy of the Code of Conduct, without charge, by writing to the Investor Relations Department of the Company at Worthington Industries, Inc., 200 Old Wilson Bridge Road, Columbus, Ohio 43085, Attention: Catherine M. Lyttle, Vice President-Communications and Investor Relations.

Director Independence

Pursuant to the Corporate Governance Guidelines, a director is determined to be an independent director if he or she is independent of management and has no material relationship with the Company either directly or as a partner, shareholder or officer of an organization that has such a relationship with the Company, as affirmatively determined by the Board. The Board observes all additional criteria for independence established by the New York Stock Exchange (NYSE) or other governing laws and regulations.

The Board has been advised of the nature and extent of any direct or indirect personal and business relationships between the Company (including its subsidiaries) and John B. Blystone, William S. Dietrich, II (during his period of service as a director in Fiscal 2009 which ended on May 31, 2009), Michael J. Endres, Peter Karmanos, Jr., John R. Kasich, Carl A. Nelson, Jr., Sidney A. Ribeau or Mary Schiavo, individually (collectively, the Independent Directors), or any entities for which any independent director is a partner, officer, employee or shareholder. The Board has reviewed, considered and discussed such relationships, and the compensation that each current independent director receives, directly or indirectly, from the Company, as well as the compensation that Mr.

Table of Contents

Dietrich received during his period of service during Fiscal 2009 in order to determine whether each current independent director meets, and during his period of service as a director during Fiscal 2009 Mr. Dietrich met, the independence requirements of the Corporate Governance Guidelines, the applicable NYSE Rules, and the applicable SEC Rules. The Board has affirmatively determined that (a) none of the current Independent Directors has, and during his period of service as a director during Fiscal 2009 Mr. Dietrich did not have, any relationship with the Company, either directly or indirectly, including, without limitation, any commercial, industrial, banking, consulting, legal, accounting, charitable or familial relationship, which: (i) interfered or may interfere with his or her independence from management and the Company or the exercise of his or her independent judgment; (ii) impaired or would be inconsistent with a determination of independence under applicable NYSE Rules and SEC Rules or (iii) would impair his or her independence under the Corporate Governance Guidelines, and that (b) each of the seven current Independent Directors qualifies, and during his period of service as a director during Fiscal 2009 Mr. Dietrich qualified, as an independent director under the Corporate Governance Guidelines. As required by applicable NYSE Rules, the seven current Independent Directors represent a majority of the Company's directors. Mr. McConnell does not qualify as independent under applicable NYSE Rules or SEC Rules or the Corporate Governance Guidelines because he is an executive officer of the Company. During the period he served as a director in Fiscal 2009 (which ended on July 31, 2008), John S. Christie did not qualify as an independent director under applicable NYSE Rules or SEC Rules or the Corporate Governance Guidelines because he was also then serving as an executive officer of the Company.

Barring any unusual circumstances, the Board has determined that a director's independence would not be impaired if: (a) the director is an executive officer or an employee (or his or her immediate family member is an executive officer or employee) of a company that makes payments to, or receives payments from, the Company for property or services performed in the ordinary course of business in an amount which, in any single fiscal year, does not exceed the greater of \$1 million or 2% of the Company's or such other company's consolidated gross revenues; (b) the Company makes contributions to a charitable organization for which the director (or his or her immediate family member) serves as either a member of the Board or an executive officer if the contributions, in any single fiscal year, do not exceed the greater of \$1 million or 2% of such charitable organization's consolidated gross revenues; or (c) the Company uses facilities (dining, clubs, etc.) in which the director is a greater than 5% owner if charges to the Company are consistent with charges paid by others and are fair, reasonable, and consistent with similar services available for similar facilities.

The Board specifically considered a number of circumstances in the course of reaching the conclusion that each of the current Independent Directors qualifies, and during his period of service as a director during Fiscal 2009 Mr. Dietrich qualified, as independent under the Corporate Governance Guidelines as well as applicable NYSE Rules and SEC Rules, including the relevant relationships described below under the caption "TRANSACTIONS WITH CERTAIN RELATED PERSONS" beginning on page 18 of this Proxy Statement, as well as the fact that Mr. Dietrich retired from his employment with the Company effective as of June 1, 2003.

Lead Independent Director

The Board has a Lead Independent Director whose purpose is to serve as a channel of communication between the Company's directors who are not employees of the Company (non-employee directors), each of whom also qualifies as an independent director, and the Chairman of the Board and Chief Executive Officer. Mr. Blystone was appointed to serve as the Company's Lead Independent Director on January 22, 2007. A copy of the Charter of the Lead Independent Director is available on the Corporate Governance page of the Investor Relations section of the Company's web site located at www.worthingtonindustries.com. This Charter is also available in print, without charge, by writing to the Investor Relations Department of the Company at Worthington Industries, Inc., 200 Old Wilson Bridge Road, Columbus, Ohio 43085, Attention: Catherine M. Lyttle, Vice President-Communications and Investor Relations.

The Lead Independent Director's responsibilities include:

- providing input to the Chairman of the Board and Chief Executive Officer in establishing the agenda for Board meetings;

chairing executive sessions of the non-employee directors;

working with the Chairman of the Board and Chief Executive Officer to ensure that the Board has adequate information and resources to support its decision-making requirements;

assisting the Board, the Board's Nominating and Governance Committee, and the officers of the Company to ensure compliance with and implementation of the Corporate Governance Guidelines; and

working with the Nominating and Governance Committee and the Chairman of the Board and Chief Executive Officer to recommend the members and chairs of the various Board committees.

The Lead Independent Director also meets regularly with the Chairman of the Board and Chief Executive Officer outside of Board meetings to discuss agendas and meeting schedules, and such other Board and Company matters as they deem appropriate.

Nominating Procedures

The Board's Nominating and Governance Committee has responsibility for providing oversight on a broad range of issues surrounding the composition and operation of the Board, including identifying candidates qualified to become directors and recommending director nominees to the Board.

When considering candidates for the Board, the Nominating and Governance Committee evaluates the entirety of each candidate's credentials but does not have specific eligibility requirements or minimum qualifications which must be met by a Nominating and Governance Committee-recommended nominee. However, the Corporate Governance Guidelines provide that the retirement age for directors is 70, and a director is to submit his or her resignation to be effective at the conclusion of the three-year term immediately after attaining age 70. The Nominating and Governance Committee considers those factors it deems appropriate, including, but not limited to, judgment, skill, diversity, strength of character, experience with businesses and organizations of comparable size or scope, experience as an executive of or adviser to public and private companies, experience and skill relative to other Board members, specialized knowledge or experience, and the desirability of the candidate's membership on the Board and any committees of the Board. Depending on the current needs of the Board, the Nominating and Governance Committee may weigh certain factors more or less heavily. The Nominating and Governance Committee does, however, believe that all members of the Board should have strong character and integrity, a reputation for working constructively with others, sufficient time to devote to Board matters, and no conflict of interest that would interfere with his or her performance as a director.

The Nominating and Governance Committee considers candidates for the Board from any reasonable source, including shareholder recommendations, but does not evaluate candidates differently based on the source of the recommendation. Pursuant to its charter, the Nominating and Governance Committee has the authority to retain consultants and search firms to assist with the process of identifying and evaluating director candidates and to approve the fees and other retention terms for any such consultant or search firm. The Nominating and Governance Committee has never used a consultant or search firm for such purpose, and, accordingly, the Company has paid no such fees.

Shareholders may recommend director candidates for consideration by the Nominating and Governance Committee by sending the recommendation to the Chair of the Nominating and Governance Committee, in care of the Company, to the Company's executive offices at 200 Old Wilson Bridge Road, Columbus, Ohio 43085. The recommendation must include the candidate's name, age, business address, residence address and principal occupation. The recommendation must also describe the qualifications, attributes, skills or other qualities possessed by the recommended director candidate. A written statement from the candidate consenting to serve as a director, if elected, and a commitment by the candidate to meet personally with Nominating and Governance Committee members must accompany any such recommendation.

Table of Contents

The Board, taking into account the recommendations of the Nominating and Governance Committee, selects nominees for election as directors at each Annual Meeting of Shareholders. In addition, shareholders wishing to nominate directors for election may do so, provided they comply with the nomination procedures set forth in the Company's Code of Regulations and applicable SEC Rules. In order to nominate an individual for election as a director at a meeting, a shareholder must give written notice of the shareholder's intention to make such nomination. The notice must be sent to the Company's Secretary, either delivered in person to, or mailed to and received at, the Company's principal executive offices at 200 Old Wilson Bridge Road, Columbus, Ohio 43085 not less than 14 days or more than 50 days prior to any meeting called for the election of directors. However, if notice or public disclosure of the date of the meeting is given or made less than 21 days prior to the meeting, the shareholder notice must be received by the Company's Secretary not later than the close of business on the seventh day following the day on which notice of the date of the meeting was mailed or publicly disclosed. The Company's Secretary will deliver any shareholder notice received in a timely manner to the Nominating and Governance Committee for review. Each shareholder notice must include the following information as to each individual the shareholder proposes to nominate for election or re-election as a director: (a) the name, age, business address and, if known, residence address of the proposed nominee; (b) the principal occupation or employment of the proposed nominee; (c) the number of common shares of the Company beneficially owned by the proposed nominee; and (d) any other information relating to the proposed nominee that is required to be disclosed concerning nominees in proxy solicitations under applicable SEC Rules, including the individual's written consent to be named in the proxy statement as a nominee and to serve as a director, if elected. The nominating shareholder must also provide (i) the name and address of the nominating shareholder and (ii) the number of common shares of the Company beneficially owned by the nominating shareholder. No individual may be elected as a director unless he or she has been nominated by a shareholder in the manner described above or by the Board or the Nominating and Governance Committee of the Board.

Compensation Committee Interlocks and Insider Participation

The Compensation and Stock Option Committee of the Board (the Compensation Committee) is currently comprised of John B. Blystone (Chair), Michael J. Endres, Peter Karmanos, Jr. and John R. Kasich. Each of Messrs. Blystone, Endres, Karmanos and Kasich also served on the Compensation Committee throughout Fiscal 2009. None of the members of the Compensation Committee is a present or past employee or officer of the Company. During Fiscal 2009 and through the date of this Proxy Statement, none of the Company's executive officers has served on the board of directors or compensation committee (or other committee performing equivalent functions) of any other entity, one of whose executive officers served on the Company's Board or Compensation Committee. Mr. Karmanos is the only member of the Compensation Committee who has a relationship with the Company requiring disclosure under Item 404 of SEC Regulation S-K.

During Fiscal 2009, the Company paid Compuware Corporation (Compuware), a software development company of which Mr. Karmanos is Chairman of the Board, Chief Executive Officer and a 5.4% shareholder, approximately \$1.4 million, primarily for Compuware's services providing software quality assurance and as the Company's project coordinator in connection with the Company's Oracle ERP system project. Compuware was selected for this position from a number of competing service providers which had responded to the Company's request for proposal and were interviewed by the Company. Compuware's selection was based on a number of factors including price, experience and capabilities. In this position, Compuware supplies resources and tools for project coordination, organization and testing, and, in general, assists the Company in ensuring that the Oracle ERP system is installed, tested, operated and integrated with the Company's information technology system in a proper manner. Compuware also provides general information technology consulting services, as requested by the Company. The payments made to Compuware for Fiscal 2009 amounted to approximately 0.1% of Compuware's consolidated total revenues for its most recent fiscal year, and approximately 0.05% of the Company's consolidated net revenues for Fiscal 2009.

PROPOSAL 1: ELECTION OF DIRECTORS

If any nominee becomes unable to serve or for good cause will not serve as a candidate for election as a director, the individuals designated to vote the proxies will have full discretion to vote the common shares represented by the proxies they hold for the election of the remaining nominees and for the election of any substitute nominee designated by the Board, following recommendation by the Nominating and Governance Committee. The Board has no reason to believe that any of the nominees of the Board will be unable to serve or for good cause will not serve as a director of the Company if elected.

The information set forth below, concerning the age, principal occupation, other affiliations and business experience of each director has been furnished to the Company by such director as of August 10, 2009. To the extent not otherwise delegated to the Audit Committee, the Nominating and Governance Committee is also to:

review the relationships between the Company and each director, whether direct or as an officer or equity owner of an organization, for conflicts of interest (all members of the Board are required to report any such relationships to the corporate general counsel);

address actual and potential conflicts of interest a Board member may have and issue to the Board member having an actual or potential conflict of interest instructions on how to conduct himself/herself in matters before the Board which may pertain to such an actual or potential conflict of interest; and

make appropriate recommendations to the Board concerning determinations necessary to find a director to be an independent director.

The Nominating and Governance Committee met two times during Fiscal 2009.

Required Vote and Board's Recommendation

Under Ohio law and the Company's Code of Regulations, the three nominees for election to the Board receiving the greatest number of votes **FOR** their election will be elected as directors of the Company.

Common shares represented by properly-executed and returned proxy cards or properly-authenticated electronic voting instructions recorded through the Internet or by telephone will be voted **FOR** the election of the Board's nominees, unless authority to vote for one or more of the nominees is withheld. Common shares as to which the authority to vote is withheld will not be counted toward the election of directors or the election of the individual nominees specified on the form of proxy. Proxies may not be voted for more than three nominees.

THE BOARD RECOMMENDS THAT THE SHAREHOLDERS OF THE COMPANY VOTE FOR THE ELECTION OF EACH OF THE DIRECTOR NOMINEES NAMED ABOVE.

TRANSACTIONS WITH CERTAIN RELATED PERSONS

Review, Approval or Ratification of Transactions with Related Persons

The Company's policy with respect to related person transactions is addressed in the Company's written Related Person Transaction Policy (the Policy), which supplements the Company's written Code of Conduct provisions addressing conflicts of interest. As described in the Code of Conduct, conflicts of interest can arise when an employee's or a director's personal or family relationships, financial affairs, or an outside business involvement may adversely influence the judgment or loyalty required in performance of his or her duties to the Company. In cases where there is an actual or even the appearance of conflicts of interest, the individual involved is to notify his or her supervisor or the Company's Ethics Officer. The supervisor will then consult with management and the Ethics Officer as appropriate. The Code of Conduct provides that any action or transaction in which the personal interest of an executive officer or a director may be in conflict with those of the Company, is to be reported to the Audit Committee. The Audit Committee shall investigate and if it is determined that such action or transaction would constitute a violation of the Code of Conduct, the Audit Committee is authorized to take any action it deems appropriate.

The Policy was adopted by the Board and is administered by the Audit Committee and the Company's General Counsel. The Policy applies to any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which: the Company participates, directly or indirectly; the amount involved exceeds or is expected to exceed \$120,000; and a related person has, had or will have a direct or indirect material interest.

Under the Policy, a related person is any person:

who is or was an executive officer, a director or a director nominee of the Company, or an immediate family member of any such individual; or

Table of Contents

who is or was the beneficial owner of more than 5% of the Company's outstanding common shares, or an immediate family member of any such individual.

All related person transactions are to be brought to the attention of the Company's management who will then refer each matter to the Company's General Counsel and the Audit Committee. Each director, director nominee or executive officer of the Company must notify the Company's General Counsel in writing of any interest that such individual or an immediate family member of such individual has, had or may have, in a related person transaction. In addition, any related person transaction proposed to be entered into by the Company must be reported to the Company's General Counsel by the employee of the Company who has authority over the transaction. On an annual basis, each director, director nominee and executive officer of the Company will complete a questionnaire designed to elicit information about existing and potential related person transactions. Any potential related person transaction that is raised will be analyzed by the Company's General Counsel, in consultation with management and with outside counsel, as appropriate, to determine whether the transaction, arrangement or relationship does, in fact, qualify as a related person transaction requiring review by the Audit Committee under the Policy.

Under the Policy, all related person transactions (other than those deemed to be pre-approved or ratified under the terms of the Policy) will be referred to the Audit Committee for approval (or disapproval), ratification, revision or termination. Whenever practicable, a related person transaction is to be reviewed and approved or disapproved by the Audit Committee prior to the effectiveness or consummation of the transaction. If the Company's General Counsel determines that advance consideration of a related person transaction is not practicable, the Audit Committee will review and, in its discretion, may ratify the transaction at the Audit Committee's next meeting. However, the Company's General Counsel may present a related person transaction arising between meetings of the Audit Committee to the Chair of the Audit Committee who may review and approve (or disapprove) the transaction, subject to ratification by the Audit Committee at its next meeting if appropriate. If the Company becomes aware of a related person transaction not previously approved under the Policy, the Audit Committee will review the transaction, including the relevant facts and circumstances, at its next meeting and evaluate all options available to the Company, including ratification, revision, termination or rescission of the transaction, and take the course of action the Audit Committee deems appropriate under the circumstances.

No director may participate in any approval or ratification of a related person transaction in which the director or an immediate family member of the director is involved. The Audit Committee may only approve or ratify those transactions the Committee determines to be in the Company's best interest. In making this determination, the Audit Committee will review and consider all relevant information available to it, including:

the related person's interest in the transaction;

the terms (including the amount involved) of the transaction;

the amount of the related person's interest in the transaction;

whether the transaction was undertaken in the ordinary course of the Company's business;

whether the terms of the transaction are fair to the Company and no less favorable to the Company than terms that could be reached with an unrelated third party;

the business reasons for the transaction and its potential benefits to the Company;

the impact of the transaction on the related person's independence; and

whether the transaction would present an improper conflict of interest for any director, director nominee or executive officer of the Company, taking into account the size of the transaction, the overall financial position of the related person, the direct or indirect nature of the related person's

Table of Contents

interest in the transaction and the ongoing nature of any proposed relationship and any other factors the Audit Committee deems relevant.

Any related person transaction previously approved or ratified by the Audit Committee or otherwise already existing that is ongoing in nature is to be reviewed by the Audit Committee annually.

Under the terms of the Policy, the following related person transactions are deemed to be pre-approved or ratified (as appropriate) by the Audit Committee even if the aggregate amount involved would exceed \$120,000:

interests arising solely from ownership of the Company's common shares if all shareholders receive the same benefit on a pro rata basis (i.e., dividends);

compensation to an executive officer of the Company, as long as the executive officer is not an immediate family member of another executive officer or director of the Company and the compensation has been approved by the Compensation Committee or is generally available to the Company's employees;

compensation to a director for services as a director if the compensation is required to be reported in the Company's proxy statements;

interests deriving solely from a related person's position as a director of another entity that is a party to the transaction;

interests deriving solely from the related person's direct or indirect ownership of less than 10% of the equity interest (other than a general partnership interest) in another person which is a party to the transaction; and

transactions involving competitive bids.

In addition, the Audit Committee will presume that the following transactions do not involve a material interest: transactions in the ordinary course of business with an entity for which a related person serves as an executive officer, provided (i) the affected related person did not participate in the decision of the Company to enter into the transaction and (ii) the amount involved in any related category of transactions in a 12-month period is not greater than the lesser of (a) \$1,000,000 or (b) 2% of the other entity's gross revenues for its most recently completed fiscal year or (c) 2% of the Company's consolidated gross revenues for its most recently completed fiscal year;

donations, grants or membership payments to nonprofit organizations, provided (i) the affected related person did not participate in the decision of the Company to make such payments and (ii) the amount in a 12-month period does not exceed the lesser of \$1,000,000 or 2% of the recipient's gross revenues for its most recently completed fiscal year; and

Company use of facilities (such as dining facilities and clubs) if the charges for such use are consistent with charges paid by unrelated third parties and are fair, reasonable and consistent with similar services available for similar facilities.

Transactions with Related Persons

The Company is a party to certain agreements relating to the rental of aircraft to and from JMAC, Inc., a private investment company (JMAC) and McAir, Inc. (McAir), a corporation wholly-owned by the John H. McConnell Trust. Following the death of his father, John H. McConnell, beneficial ownership of certain family-owned businesses and common shares transferred to John P. McConnell, Chairman of the Board and Chief

Executive Officer of the Company. Under the agreements with JMAC and McAir, the Company may lease aircraft owned by JMAC and McAir as needed for a rental fee per flight; and under the agreements with the Company, JMAC and McAir are allowed to lease aircraft operated by the Company, on a per-flight basis, when the Company is not using the aircraft. The Company also makes its pilots available to McAir and JMAC for a per-day charge. The rental fees paid to and by the Company under the per-flight rental agreements are set based on Federal Aviation Administration (FAA) regulations. The Company believes the rental fees set in accordance with such FAA regulations for Fiscal 2009 exceeded the direct operating costs of the aircraft for such flights. Also, based on quotes for similar services provided by unrelated third parties, the Company believes that the rental rates paid to McAir and JMAC are no less favorable to the Company than those that could be obtained from unrelated third parties.

For Fiscal 2009, (a) the Company paid an aggregate amount of \$257,225 under the McAir lease agreement and (b) the Company received an aggregate amount of \$2,100 from JMAC, \$5,600 from McAir, and \$19,000 from payments received from Blue Jackets Air, LLC for pilot services. Blue Jackets Air, LLC primarily provides air transportation services for the Columbus Blue Jackets a professional hockey team of which John P. McConnell is the majority owner.

During Fiscal 2009, the Company, either directly or through business expense reimbursement, paid approximately \$179,500 to Double Eagle Club, a private golf club owned by the McConnell Family (the Club). The Company uses the Club s facilities for Company functions and meetings, and for meetings, entertainment and overnight lodging for customers, suppliers and other business associates. Amounts charged by the Club to the Company are no less favorable to the Company than those that are charged to unrelated members of the Club.

During Fiscal 2009, the Company paid Mr. Dietrich, who retired as a director of the Company effective May 31, 2009, approximately \$8,850 for gas sold at market rates from wells in which Mr. Dietrich has an interest. This arrangement has been in place since before the Company purchased Dietrich Industries, Inc. in 1996.

During Fiscal 2009, the Company paid Compuware, a software development company of which Mr. Karmanos is Chairman of the Board, Chief Executive Officer and a 5.4% shareholder, approximately \$1.4 million, primarily for Compuware s services providing software quality assurance and as the Company s project coordinator in connection with the Company s Oracle ERP system project. Mr. Karmanos serves as a director of the Company. Compuware was selected for this position from a number of competing service providers which had responded to the Company s request for proposal and were interviewed by the Company. Compuware s selection was based on a number of factors including price, experience and capabilities. In this position, Compuware supplies resources and tools for project coordination, organization and testing, and, in general, assists the Company in ensuring that the Oracle ERP system is installed, tested, operated and integrated with the Company s information technology system in a proper manner. Compuware also provides general information technology consulting services, as requested by the Company. The payments made to Compuware for Fiscal 2009 amounted to approximately 0.1% of Compuware s consolidated total revenues for its most recent fiscal year, and approximately 0.05% of the Company s consolidated net revenues for Fiscal 2009.

EXECUTIVE COMPENSATION**Compensation Discussion and Analysis*****Role of the Compensation Committee***

The Compensation Committee reviews and administers the compensation for the Chief Executive Officer (CEO) and other members of executive management, including the named executive officers (NEOs) identified in the Fiscal 2009 Summary Compensation Table appearing on page 35 of this Proxy Statement. The Compensation Committee also oversees the Company s long-term incentive plan, stock option plans, and non-qualified deferred compensation plans.

The Compensation Committee is comprised of four directors who qualify as independent under the applicable NYSE Rules. Messrs. Blystone, Endres and Kasich also qualify as outside directors for purposes of

Table of Contents

Section 162(m) of the Internal Revenue Code and as non-employee directors for purposes of Rule 16b-3 under the Exchange Act. Since Mr. Karmanos may not qualify as an outside director for purposes of Section 162(m) or as a non-employee director for purposes of Rule 16b-3, he abstains from voting on Section 162(m) and Rule 16b-3 related matters.

The Compensation Committee operates under a written charter adopted by the Board, a copy of which is posted on the Corporate Governance page of the Investor Relations section of the Company's web site located at www.worthingtonindustries.com. Among its other duties, the Compensation Committee is responsible for setting and administering the policies that govern executive compensation. These include: reviewing and approving the compensation philosophy and guidelines for the Company's executive management; reviewing and approving corporate goals and objectives relevant to CEO and executive management compensation; evaluating the CEO's performance in light of the corporate goals and objectives; setting the CEO's compensation level; setting or making recommendations with respect to the compensation of the Company's other executive officers and directors, as appropriate; and producing, reviewing and/or discussing with management, as appropriate, the reports and other information required by applicable law, rules, regulations or other standards with respect to executive and director compensation.

The Compensation Committee has authority to retain and terminate such compensation consultants, legal counsel and other consultants, as it deems appropriate to fulfill its responsibilities, including sole authority to approve the fees and other terms of consultants' retention. The Compensation Committee has retained an independent compensation consultant, Towers Perrin, for the purpose of assisting the Committee in fulfilling its responsibilities. Management also periodically retains Towers Perrin to provide advice to the Company with respect to compensation matters not solely related to executive officers.

While the Compensation Committee retains Towers Perrin, in carrying out assignments for the Compensation Committee, Towers Perrin may interact with the Company's management including the Vice President-Human Resources, the Vice President-Administration, General Counsel and Secretary and the Vice President-Chief Financial Officer and their respective staffs in order to obtain information. In addition, Towers Perrin may, in its discretion, seek input and feedback from management regarding its work product prior to presentation to the Compensation Committee in order to confirm information or address certain issues.

The agendas for the Compensation Committee's meetings are determined by the Committee's Chair with assistance from the CEO, the Vice President-Human Resources and the Vice President-Administration, General Counsel and Secretary. These individuals, with input from the Compensation Committee's compensation consultant, make compensation recommendations for the NEOs and other top executive officers. After each regularly scheduled meeting, the Compensation Committee may meet in executive session. When meeting in executive session, the Compensation Committee will generally have a session with the CEO only, a session with the compensation consultant only, and conclude with a members-only session. The Compensation Committee Chair reports on Committee actions to the full Board at the following Board meeting.

Stock Ownership Guidelines

In order to further emphasize the stake that the Company's directors and officers have in fulfilling the goal of building and increasing shareholder value, and to deepen the resolve of executive leadership to fulfill that goal, in August 2004, the Company established stock ownership guidelines for directors and senior executives. These guidelines were adjusted in March 2008 due to the implementation of the Company's new compensation program discussed below. Target ownership levels are structured as a multiple of the executive's annual base compensation or the director's annual retainer, as applicable, with directors and the CEO set at five times, the Chief Financial Officer and the Chief Operating Officer set at 3.5 times, Business Unit Presidents, Executive Vice Presidents and Senior Vice Presidents set at 2.5 times, and other senior executives set at 1.25 times. For purposes of these guidelines, stock ownership includes common shares held directly or indirectly, common shares held in an officer's 401(k) plan account(s) and theoretical common shares credited to the bookkeeping account of an officer or a director in one of the Company's non-qualified deferred compensation plans. Each covered officer or director is expected to

Table of Contents

attain the targeted level by 2011 or within five years from the date he or she is promoted to the position, whichever is later.

Company Compensation Philosophy

A basic philosophy of the Company has long been that employees should have a meaningful portion of their total compensation tied to performance and that the Company should use incentives which are intended to drive and reward performance. In furtherance of this philosophy, most full-time, non-union employees of the Company participate in some form of incentive compensation program. These programs include cash profit-sharing, which is computed as a fixed percentage of profits, and bonus programs under which bonuses are tied primarily to the operating results of the Company or the applicable business unit.

Executive Compensation Philosophy and Objectives

The Company's objectives with respect to executive compensation are to attract and retain highly qualified executives, to align the interest of management with the interest(s) of shareholders and to provide incentives, based primarily on Company performance, for reaching established Company goals and objectives. To achieve these objectives, the Compensation Committee has determined that total compensation for executives will exhibit three characteristics:

It will be competitive in the aggregate using broad-based business comparators to gauge the competitive market;

It will be performance-oriented and highly leveraged, with a substantial portion of the total compensation tied to performance, primarily that of the Company and/or that of the applicable business unit; and

It will promote long-term careers at the Company.

The Company's practice has long been that executive compensation be highly leveraged. The compensation program emphasizes performance based compensation (pay-at-risk) that promotes the achievement of short-term and long-term Company objectives. The Company believes it is appropriate to provide a balance between incentives for current short-term performance and incentives to ensure long-term profitability of the Company. The Company's executive compensation program, therefore, includes both a short-term cash incentive bonus program and a long-term incentive compensation program. The Company also believes it appropriate for long-term incentives to have a cash compensation component and an equity-based compensation component, which incentivizes executives to drive Company performance and aligns their interest with those of the Company's shareholders. Individual components of executive pay are discussed below.

In fulfilling its responsibilities, the Committee annually reviews certain market compensation information with the assistance of an independent compensation consultant, Towers Perrin, who is directly engaged by the Committee to prepare the information. This includes information regarding compensation paid to officers with similar responsibilities by a broad-based group of more than 400 companies (the comparator group). The comparator group is comprised predominantly of manufacturing companies maintained in the executive compensation data base of Towers Perrin at the time the study is conducted with revenues between \$1 billion and \$10 billion. Changes in the comparator group occur as companies begin or cease participation in the database, due to a sale, merger or acquisition of the companies included, due to an increase or decrease in revenues, or for other reasons. The Compensation Committee neither selects nor specifically considers the individual companies which are in the comparator group. For comparison purposes, due to variance in size of the companies in the comparator group, regression analysis, which is an objective analytical tool used to determine the relationship between data, is used to adjust data. The Compensation Committee believes that using this broad-based comparator group minimizes the effects of changes to the group due to changes in data base participation or mergers/acquisitions, lessens the impact a single entity can have on the overall data, provides more consistent results and better reflects the market in which the Company competes for executive talent.

Table of Contents

A list of the entities in the comparator group can be obtained by contacting the Human Resources Department of the Company at Worthington Industries, Inc., 200 Old Wilson Bridge Road, Columbus, Ohio 43085, Attention: Eric M. Smolenski, Vice President-Human Resources.

During its review process, the Compensation Committee meets directly with the compensation consultant to review and evaluate comparator group information with respect to base salaries, short-term cash incentive bonuses and long-term incentive compensation programs. The Company and the Compensation Committee are committed to reviewing compensation for market competitiveness, and to employing incentive compensation vehicles and practices that continue to drive Company performance and that are aligned with shareholder interests. The Compensation Committee reviews the information provided by the compensation consultant as an important factor in determining the appropriate levels and mix of executive compensation.

Base salaries generally fall at the lower end of market comparables developed from the comparator group, but actual salaries vary from individual to individual and position to position due to factors such as time in the position, performance, experience, internal equity and other factors the Committee deems appropriate. Target short term cash incentive bonus opportunities to be paid for achieving targeted levels of performance are generally above what the compensation consultant considers market median of annual bonuses because base salaries are intentionally set at the low end of market comparables and bonus performance targets are generally based upon stretch goals, compared to expected performance. Long-term incentive compensation opportunities generally fall in the range of market median. While comparator group information is a factor considered in setting compensation, where a specific individual's annual cash incentive bonus and long-term incentive compensation fall relative to the comparator group will vary based upon the factors listed above. Annual cash incentive bonuses and long-term incentive compensation actually paid will vary significantly depending on Company and/or business unit performance during the applicable years.

The Compensation Committee uses tally sheets as a tool to assist in its review of executive compensation. These tally sheets contain the components of the CEO's and other NEOs' current and historical total compensation, including base salary, short term cash incentive bonuses and long-term incentive compensation. These tally sheets also show the estimated compensation that would be received by the CEO and other NEOs under various scenarios, including in connection with a change in control of the Company.

While prior compensation or amounts realized or realizable from prior awards are given some consideration, the Compensation Committee believes that the current and future performance of the Company and the executive officers should be the most significant factors in setting the compensation for the Company's executive officers.

Annually, the CEO's performance is evaluated by the Compensation Committee and/or the full Board. The criteria considered include: overall Company performance; overall leadership; the CEO's performance in light of, and his development and stewardship of, the Company's philosophy and its current and long-term strategic plans, goals and objectives; development of an effective senior management team; appropriate positioning of the Company for future success; and effective communications with the Board and stakeholders. At the request of Mr. McConnell, his base salary and overall compensation has been well below market levels. The Compensation Committee also evaluates the performance of the other NEO's, as appropriate, when annually reviewing and setting executive compensation levels.

Fiscal 2009 Compensation General

Compensation for the Company's executives, including the NEOs, was down significantly in Fiscal 2009 due to the economic recession and its impact on the Company's performance. The Company achieved solid results in the first quarter of Fiscal 2009, but results deteriorated for the remainder of the year as the economic conditions worsened and demand in most of the Company's markets fell dramatically. As a result, none of the long-term incentive compensation thresholds were reached for the three-year performance period ended May 31, 2009, and short-term cash incentive thresholds for Fiscal 2009 were attained only at the Worthington Cylinders and the WIBS business units. Consequently, most of the Company's executives received no bonuses for Fiscal 2009.

Table of Contents

In response to the economic recession and prevailing market conditions, the Company instituted base wage decreases throughout the Company for the first quarter of Fiscal 2010, with the highest percentage decreases generally taken by the executives, including a 25% decrease for the CEO and 20% decreases for the President-Chief Operating Officer, the CFO and the President of Worthington Steel.

Although results for the Company are down significantly due to the recession, management has taken many positive steps to mitigate the impact of the recession on the Company and to position the Company for the future. The Committee believes that the Company is better positioned than many of its competitors going forward. Still, consistent with the Company's philosophy that executive compensation be tied to results, executive compensation levels declined significantly in Fiscal 2009 due to weak Company results, even though the results were driven primarily by the economy and market conditions.

Appointment of New CFO

B. Andrew Rose was appointed as Chief Financial Officer (CFO) of the Company effective December 1, 2008. Mr. Rose's annual base salary was set at \$350,000 and he became eligible for a maximum bonus of \$250,000 for Fiscal 2009, depending upon the accomplishment of goals and objectives for the year, with a guaranteed amount of \$50,000. On December 1, 2008, Mr. Rose was granted a non-qualified stock option to purchase 15,000 of the Company's common shares, at an exercise price of \$11.81 per share, the closing price of the common shares on the date of grant, and a restricted share award covering 5,000 common shares which will vest on July 31, 2010. Mr. Rose also received long-term incentive performance share awards and cash performance awards as described in the Grants of Plan-Based Awards for Fiscal 2009 table on pages 38 and 39 of this Proxy Statement.

Change in Executive Compensation Program

Effective December 1, 2007, the Compensation Committee revised the Company's executive compensation program. The changes to the executive compensation program primarily involved a change in the overall mix of compensation by increasing base (fixed) compensation and moderating incentive (variable) compensation, while still remaining more highly leveraged than typical market practices. Base salaries were moved closer to market levels (but kept at the lower end of market) and targeted bonuses were appropriately decreased in light of the base salary increase.

Under the revised executive compensation program (the New Compensation Program), annual cash incentive bonuses are non-discretionary and are tied to specific targeted amounts (threshold, target, and maximum) based on operating income, earnings per share and economic value added (EVA), with the intended result being that there would likely be a lower annual cash incentive bonus paid when performance is weak (*i.e.*, below target) and a higher annual cash incentive bonus paid when performance is strong (*i.e.*, above target).

Compensation Components***Base Salaries***

Base salaries for the NEOs and other executive officers are set to reflect the duties and responsibilities inherent to each position, individual levels of experience, performance, market compensation information, internal equity among positions in the Company, and the Compensation Committee's judgment. The Compensation Committee annually reviews information regarding compensation paid by the comparator group to executives with similar responsibilities. It is the Compensation Committee's intent, in general, to set base salaries at the low end of market median levels, with consideration given to the other factors listed above, and have total annual cash compensation be driven by bonuses.

Annual Base Salaries for Named Executive Officers

Consistent with the New Compensation Program, the Compensation Committee raised base salaries of the NEOs and other executives in December 2007 and/or June 2008. During its annual compensation review in June

Table of Contents

2009, the Compensation Committee made no change in executive base salaries in light of prevailing economic and market conditions. In response to the economic recession and prevailing market conditions, the Company implemented base salary decreases throughout the Company effective for the first quarter of Fiscal 2010 for the CEO, President-Chief Operating Officer, the CFO and the President of Worthington Steel

Incentive Compensation Bonuses

Until December 1, 2007, the NEOs and certain other key employees of the Company participated in the Company's old executive bonus program (the Old Bonus Plan) in which discretionary quarterly bonuses were paid to participants based largely on corporate, business unit or operating unit results, and individual performance. Although operating results was the largest variable in determining the amount of the bonus, an individual's bonus could be adjusted up or down based on the individual's performance as determined by the individual's manager, the CEO or the Compensation Committee, as applicable.

Under the New Compensation Program, short-term cash incentive bonus awards are now generally tied to achieving specified levels (threshold, target and maximum) of corporate economic value added and earnings per share (in each case excluding restructuring charges and non-recurring items) for the applicable performance periods of 12-months or less, with each performance measure carrying a 50% weighting. For business unit executives, including Mr. Russell and Mr. Goussetis, the corporate earnings per share measure carries a 20% weighting, business unit operating income carries a 30% weighting, and business unit economic value added carries a 50% weighting. For performance falling between threshold and target or between target and maximum, the award is prorated. If threshold levels are not reached for any performance measure, no bonus will be paid. Short-term cash incentive bonus payouts will be made within a reasonable time following the end of the performance period in cash, unless the Board specifically provides for a different form of payment. In the event of a change in control of the Company followed by the termination of the participant's employment during the relevant performance period, the short-term cash incentive bonus award of the participant would be considered to be earned at target and payable as of the date of termination of employment.

Short-term cash incentive bonuses earned under the New Compensation Program for the first six-months and the 12-months of Fiscal 2009 and for the six-month period ended May 31, 2008 are shown in the Fiscal 2009 Summary Compensation Table on page 35 of this Proxy Statement as short-term incentive bonus awards within Non-Equity Incentive Plan Compensation.

Effective June 23, 2009, the Compensation Committee granted, under the Worthington Industries, Inc. Annual Incentive Plan for Executives (the Annual Incentive Plan), annual cash incentive bonus awards to the NEOs for the 12-month period ending May 31, 2010. These annual cash incentive bonus awards for Fiscal 2010 are shown in the Annual Cash Incentive Bonus Awards Granted in Fiscal 2010 table on page 46 of this Proxy Statement.

Long-Term Incentive Compensation

The Compensation Committee has implemented a long-term incentive compensation program for the NEOs and other executive officers, which consists of: (a) annual option grants; (b) long-term performance share awards based on achieving measurable financial results over a multiple-year period; and (c) long-term cash performance awards based on achieving measurable financial results over a multiple-year period. Long-term performance share awards and long-term cash performance awards are made under the Worthington Industries, Inc. Amended and Restated 1997 Long-Term Incentive Plan (the 1997 LTIP). Options are generally granted under one of the Company's stock option plans. All of these plans have been approved by the Company's shareholders.

The sizes of long-term cash performance awards, performance share awards and option grants are set based upon market median values for the comparator group, the officer's time in the position, internal equity, performance and such other factors as the Compensation Committee deems appropriate. In the fiscal year ended May 31, 2006, performance share awards were added and the size of the option grants was reduced as the Compensation Committee determined that performance shares would be less dilutive to shareholders than options and would link more of the executive's long-term incentive compensation to Company financial performance.

Table of Contents

The Compensation Committee believes that using a blend of options, long-term performance share awards and long-term cash performance awards represents a particularly appropriate and balanced method of motivating and rewarding senior executives. Options align the interests of employee option holders with those of shareholders by providing value tied to the stock price appreciation. Cash performance awards motivate long-term results because the value is tied to sustained financial achievement over a multiple-year period. Performance share awards blend both of these features because the number of performance shares received is tied to sustained financial achievement over a multiple-year period, and the value of those performance shares is tied to the price of the Company's common shares. The Compensation Committee believes the combination of the three forms of incentive compensation is superior to a reliance upon only one form and is consistent with the Company's compensation philosophy and objectives.

The Compensation Committee generally approves annual option awards at its June meeting. The option grants are generally made effective in July, after the Company has reported its earnings for the prior fiscal year. Long-term performance share awards and long-term cash performance awards have been based on performance over a three-fiscal-year period beginning with the first day of the first fiscal year in that period. An explanation of the calculation of the compensation expense relative to the equity-based long-term incentive compensation is set forth under the heading "Equity-Based Long-Term Incentive Compensation Accounting" on page 30 of this Proxy Statement.

Neither the Company nor the Compensation Committee has backdated stock option grants to obtain lower exercise prices.

Options

Options are generally awarded annually to the NEOs and a select group of executives. It has been the practice of the Company to award options to a broader group of key employees every three years and options may also be granted to selected new key employees when their employment begins. In practice, the number of common shares covered by an option award generally depends upon the employee's position and external market data. Options provide employees with the opportunity to participate in increases in shareholder value as a result of stock price appreciation, and further the Company's objective of aligning the interest of management with the interests of shareholders.

All options granted to employees since 1984 have been non-qualified options, which generally vest at a rate of 20% per year with full vesting at the end of five years. In the event an optionee's employment terminates as a result of retirement, death or total disability, any unexercised options outstanding and exercisable on that date will remain exercisable by the optionee or, in the event of death, by the optionee's beneficiary, until the earlier of either the fixed expiration date, as stated in the option award agreement, or, depending on the option, either 12 or 36 months after the last day of employment due to retirement, death or disability. Should termination occur for any reason other than retirement, death or disability, all unexercised options will be forfeited. In the event of a change in control of the Company (as defined in the respective option plans), all options then outstanding will become fully vested and exercisable as of the date of the change in control. The Compensation Committee may allow an optionee to elect, during the 60-day period following a change in control, to surrender an option or a portion thereof in exchange for a cash payment equal to the excess of the change in control price per share over the exercise price per share.

Effective July 1, 2008, the Company made annual awards of options to 35 employees to purchase an aggregate of 455,750 common shares, with an exercise price equal to \$20.21, the fair market value of the common shares on the grant date. Of those options granted, 220,000 common shares were covered by options awarded to the NEOs.

In connection with the hiring of Mr. Rose as CFO, effective December 1, 2008, the Company awarded him an option to purchase 15,000 common shares, with an exercise price equal to \$11.81, the fair market value of the common shares on the grant date.

Table of Contents

The option grants to the NEOs in Fiscal 2009 are detailed in the Grants of Plan-Based Awards for Fiscal 2009 table on pages 38 and 39. For purposes of the Grants of Plan-Based Awards for Fiscal 2009 table, options are valued at fair value calculated in accordance with Statement of Financial Accounting Standards No. 123 (revised 2004),

Share-Based Payment (SFAS 123R). The compensation expense recognized by the Company in Fiscal 2009 relating to NEO option grants is reported in the Option Awards column of the Fiscal 2009 Summary Compensation Table on page 35 of this Proxy Statement.

Between August 8, 2008 and April 20, 2009, the Company made awards of options to 30 employees to purchase an aggregate of 65,750 common shares, with exercise prices equal to the fair market value of the common shares on the respective grant dates, which ranged from \$9.57 to \$17.26. None of these options were granted to NEOs. These options were generally granted to employees who started employment with the Company or started in new positions with the Company.

Effective July 16, 2009, the Company made annual awards of options for Fiscal 2010 to 34 employees to purchase an aggregate of 692,250 common shares, with an exercise price equal to \$13.25, the fair market value of the common shares on the grant date. Of those options granted, 355,000 common shares were covered by options awarded to the current NEOs. Information on the options awarded to the current NEOs is shown in the Long-Term Performance Awards and Option Awards Granted in Fiscal 2010 table on page 46 of this Proxy Statement.

Restricted Share Award

Effective December 1, 2008, the Company made a restricted share award covering 5,000 common shares to Mr. Rose, upon his commencement of employment with the Company. This restricted share award will vest on July 31, 2010. Mr. Rose may vote the common shares underlying the restricted shares and will receive dividends accrued on the shares on the underlying common shares upon the vesting of the restricted shares.

Performance Awards - General

Beginning in Fiscal 1998, the Company has awarded a select group of key executives, including the NEOs, long-term cash performance awards based upon results over a prospective three-year performance period. Starting with the three-year performance period that began on June 1, 2006, the Company reduced the size of the targeted option awards to executives and added long-term performance share awards.

Payouts of the long-term cash performance awards and the long-term performance share awards are generally tied to achieving specified levels (threshold, target and maximum) of cumulative corporate economic value added and earnings per share growth over the performance period, with each performance measure carrying a 50% weighting. For business unit executives, cumulative corporate economic value added and earnings per share growth measures together carry a 50% weighting, and business unit operating income targets are weighted 50%. If the performance level falls between threshold and target or between target and maximum, the award is prorated. Payouts, if any, would generally be made in the quarter following the end of the applicable performance period. Calculation of the Company results and attainment of performance measures are made solely by the Compensation Committee based upon the Company's consolidated financial statements. The Compensation Committee has the right to make changes and adjustments in calculating the performance measures to take into account unusual or non-recurring events, including, without limitation, changes in tax and accounting rules and regulations, extraordinary gains and losses, mergers and acquisitions, and purchases or sales of substantial assets, provided that, if Section 162(m) of the Internal Revenue Code would be applicable to the payout of the award, any such change or adjustment must be permissible under Section 162(m). These performance measurements are chosen because the Compensation Committee believes that: (i) the earnings per share growth metric strongly correlates with the Company's growth and equity value; (ii) operating income at a business unit ties directly into Company earnings per share growth; and (iii) the cumulative corporate economic value added target, which is driven by net operating profit in excess of the cost of capital employed, keeps management focused on the most effective use of existing assets and pursuing only those growth opportunities which provide returns in excess of the cost of capital.

Table of Contents

The Company has used these, or similar performance measures, since long-term cash performance awards were first granted for the performance period ended May 31, 1998. The Company's overall performance levels reached at least threshold in five out of the 12 three-year performance periods which have ended on or prior to May 31, 2009.

Three-year performance levels (threshold, target and maximum) are generally set based upon achieving set levels of (i) cumulative economic value generated over the three-year performance period and (ii) compounded growth in Company earnings per share or business unit operating income from the levels attained in the fiscal year prior to the start of the performance period (i.e. Fiscal 2008 levels with respect to the three-year performance period ending May 31, 2011). Based on Company performance for Fiscal 2007, 2008 and 2009, no threshold levels were attained and no payouts were made to executive officers for the three-year performance period ended May 31, 2009, with respect to either long-term cash performance awards or performance share awards. Based on the Company's performance for Fiscal 2008, 2009 and 2010 (through the date of this Proxy Statement), and in particular the decline in results caused by the continuing recession, it appears that it will be very difficult for the Company to attain the threshold performance measures applicable to the NEOs for the three-year period ending May 31, 2010, except for that portion of awards to certain NEOs relative to operating income performance.

Performance Share Awards

The Compensation Committee granted performance share awards for the first time beginning with the awards granted for the three-fiscal-year period beginning June 1, 2006. The performance share program provides grants of long-term performance share awards to selected key executives, which are earned only if the specified performance objectives discussed above under Performance Awards General are met over a three-year period. Performance share awards are intended to reward executives for both achieving pre-established financial goals over a three-year period and at the same time rewarding them for any increase in common share price, since the value of the common shares earned will depend upon the common share price at the end of the three-year performance period. The awards also facilitate stock ownership among the executives by delivering full-value common shares (if the financial targets are met) and are less dilutive to shareholders than options.

The performance measures for the performance share awards are discussed in the prior section, Performance Awards General. All performance share awards are paid in common shares. No common shares are awarded if none of the three-year financial threshold measures are met. Common shares, if any, which are earned are issued to participants after the Company's financial results for the three-year period are finalized and the Compensation Committee has determined which performance levels have been attained. In general, termination of employment results in termination of awards. However, if termination is due to death, disability or retirement, a pro rata payout will be made for performance periods ending 24 months or less after termination of employment based on the number of months of employment completed by the participant during the performance period before the effective date of termination, provided that the applicable performance goals are achieved. No payout will be made for performance periods ending more than 24 months after termination of employment. Unless the Board specifically provides otherwise, in the event of a change in control of the Company, all performance share awards would be considered to be earned and payable in full at the maximum level and immediately settled or distributed.

No long-term performance share awards were earned for the three-year performance period ended May 31, 2009, because none of the threshold levels were attained. Long-term performance share awards granted in Fiscal 2009 for the three-year performance period ending May 31, 2011 can be found in the table headed Grants of Plan-Based Awards for Fiscal 2009 on pages 38 and 39 of this Proxy Statement. The compensation expense associated with the performance share awards and recognized during Fiscal 2009 is reported in the Stock Awards column of the Fiscal 2009 Summary Compensation Table on page 35 of this Proxy Statement. An explanation of the calculation of the compensation expense relative to those awards is set forth under the heading Equity-Based Long-Term Incentive Compensation Accounting below. If the performance criteria are met, the performance shares earned would generally be issued in the quarter following the end of the performance period.

Table of Contents

Information on long-term performance share awards granted in Fiscal 2010 for the three-year performance period ending May 31, 2012 is shown in the Long-Term Performance Awards and Option Awards Granted in Fiscal 2010 table on page 46 of this Proxy Statement.

Long-Term Cash Performance Awards

Three-year cash performance awards are intended to reward executives for achieving pre-established financial goals over a three-fiscal-year period. These long-term cash performance awards are granted to selected key executives and are earned only if the specified performance objectives, as discussed above, are met over the three-year performance period. Three-year cash performance awards may be paid in cash, common shares or any combination thereof, as the Compensation Committee determines at the time of payment. If the performance criteria are met, payouts would generally be made in the quarter following the end of the performance period.

The performance measures for the long-term cash performance awards are discussed above under Performance Awards General. Nothing is paid under the long-term cash performance awards if none of the three-year financial threshold measures are met. In general, termination of employment results in termination of awards. However, if termination is due to death, disability or retirement, a pro rata payout will be made for performance periods ending 24 months or less after termination of employment based on the number of months of employment completed by the participant during the performance period before the effective date of termination, provided that the applicable performance goals are achieved. No payout will be made for performance periods ending more than 24 months after termination of employment. Unless the Compensation Committee specifically provides otherwise at the time of grant, in the event of a change in control of the Company, all long-term cash performance awards would be considered to be earned and payable in full at the maximum level, and immediately settled or distributed.

No long-term cash performance awards were earned for the three-year performance period ended May 31, 2009, because none of the threshold levels were attained.

Long-term cash performance awards granted in Fiscal 2009 for the three-year performance period ending May 31, 2011 can be found in the Grants of Plan-Based Awards for Fiscal 2009 table on pages 38 and 39 of this Proxy Statement.

Information on long-term cash performance awards granted in Fiscal 2010 for the three-year performance period ending May 31, 2012 can be found in the table headed Long-Term Performance Awards and Option Awards Granted in Fiscal 2010 on page 46 of this Proxy Statement.

Claw Back Policy

The Company does not have a specific claw back policy. If the Company is required to restate its earnings as a result of non-compliance with a financial reporting requirement due to misconduct, under Section 304 of the Sarbanes-Oxley Act of 2002 (SOX), the CEO and the CFO would have to reimburse the Company for any bonus or other incentive-based or equity-based compensation received by them from the Company during the twelve-month period following the first filing with the SEC of the financial document that embodied the financial reporting requirement, and any profits realized from the sale of common shares during that twelve-month period, to the extent required by SOX.

Equity-Based Long-Term Incentive Compensation Accounting

The accounting treatment for equity-based long-term incentive compensation is governed by SFAS 123R, which the Company adopted effective June 1, 2006. Options are valued using the Black-Scholes pricing model based upon the grant date price per Common Share underlying the option award, the expected life of the option, risk-free interest rate, dividend yield, and expected volatility. In adopting SFAS 123R, the Company selected the modified prospective transition method, which requires that compensation expense be recorded prospectively over the remaining vesting period of the options on a straight-line basis using the fair value of options on the date of grant

and the assumptions set forth above. Further information concerning the valuation of options and the assumptions used in that valuation is contained in Note A Summary of Significant Accounting Policies Stock-Based Compensation and Note F Stock-Based Compensation of the Notes to Consolidated Financial Statements in Item 8. Financial Statements and Supplementary Data of the Company's Annual Report on Form 10-K for Fiscal 2009 filed on July 30, 2009 (the 2009 Form 10-K).

Long-term performance share awards payable in common shares are initially valued using the grant date price per common share based on the target award, and a compensation expense is recorded prospectively over the performance period on a straight-line basis. This amount is then adjusted on a quarterly basis based upon an estimate of the performance level anticipated to be achieved for the performance period in light of actual and forecasted results.

Deferred Profit Sharing Plan

The NEOs participate in the Worthington Industries, Inc. Deferred Profit Sharing Plan (the DPSP), together with most other full-time, non-union employees of the Company. The DPSP is a 401(k) plan and is the Company's primary retirement plan. Contributions made by the Company to participant accounts under the DPSP are generally based on 3% of eligible compensation which includes base salaries, profit sharing, bonus and performance bonus payments, overtime and commissions, up to the maximum limit set by the Internal Revenue Service (IRS) from year to year (\$245,000 for calendar 2009). In addition, the NEOs and other participants in the DPSP may elect to make voluntary contributions up to set IRS limits. These voluntary contributions are generally matched by Company contributions of 50% of the first 4% of eligible compensation contributed by the participant, although, due to economic conditions, the Company has suspended making matching contributions effective June 1, 2009. Distributions under the DPSP are generally deferred until retirement, death or total and permanent disability.

Non-Qualified Deferred Compensation

The NEOs and other highly compensated employees are eligible to elect to participate in the Worthington Industries, Inc. Amended and Restated 2005 Non-Qualified Deferred Compensation Plan (the 2005 NQ Plan). The 2005 NQ Plan is a voluntary, non-tax qualified, unfunded deferred compensation plan available only to select highly compensated employees for the purpose of providing deferred compensation, and thus potential tax benefits, to these employees.

Under the 2005 NQ Plan, executive officers of the Company may defer the payment of up to 50% of their base salary, bonus and/or short-term cash incentive bonus awards. Amounts so deferred are credited to the participants accounts under the 2005 NQ Plan at the time the base salary or bonus compensation would have otherwise been paid. In addition, the Company may make discretionary employer contributions to the participants accounts in the 2005 NQ Plan. In recent years, the Company has made Company contributions in order to provide the same percentage of retirement-related deferred compensation to executives compared to other employees that would have been made but for the IRS limits on annual compensation that may be considered under the DPSP. For the 2008 calendar year, the Company made contributions to the 2005 NQ Plan for participants equal to (i) 3% of an executive's Annual Compensation in excess of the IRS maximum; and (ii) a matching contribution of 50% of the first 4% of Annual Compensation contributed by the executive to a Company retirement plan to the extent not matched by the Company under the DPSP. Participants in the 2005 NQ Plan may elect to have their accounts invested at a rate reflecting (a) the increase or decrease in the fair market value per share of the Company's common shares with dividends reinvested, (b) a fixed rate which is set annually by the Compensation Committee (4.63% for Fiscal 2009), or (c) returns on any funds available for investment under the DPSP. Employee accounts are fully vested under the 2005 NQ Plan. Payouts under the 2005 NQ Plan are made in cash, as of a specified date selected by the participant or when the participant is no longer employed by the Company, either in a lump sum or

installment payments, all as chosen by the participant at the time the deferral is elected. The Compensation Committee may permit hardship withdrawals from a participant's accounts under defined guidelines. In the event of a defined change in control, the participant's accounts under the 2005 NQ Plan will generally be paid out as of the date of the change in control.

Contributions or deferrals for the period before January 1, 2005, are maintained under the Worthington Industries, Inc. Non-Qualified Deferred Compensation Plan, effective March 1, 2000 (the 2000 NQ Plan). Contributions and deferrals for periods on or after January 1, 2005, are maintained under the 2005 NQ Plan, which was adopted to replace the 2000 NQ Plan in order to comply with the provisions of the then newly-adopted Section 409A of the Internal Revenue Code applicable to non-qualified deferred compensation plans. Among other things, the provisions of Section 409A generally are more restrictive with respect to the timing of deferral elections and the ability of participants to change the time and manner in which accounts will be paid. The 2005 NQ Plan and the 2000 NQ Plan are collectively referred to as the Employee Deferral Plans.

Perquisites

The Company makes club memberships available to NEOs and other executives because it believes that such memberships can be useful for business entertainment purposes. In 2007, the Company elected to no longer provide executives with leased Company vehicles and generally eliminated leased Company vehicles for all employees unless a substantial portion of their business time involved travel, as is the case with outside sales people.

For security reasons, the CEO is encouraged to use Company airplanes for personal travel and the CEO reimburses the Company in an amount that approximates the incremental costs to the Company associated with those flights. Other NEOs who use the Company airplanes for personal use are charged an amount equal to the SIFL rate set forth in the regulations promulgated by the United States Department of the Treasury (Treasury Regulations), which is generally less than the Company's incremental costs.

Other Company Benefits

The Company provides employees, including the NEOs, a variety of employee welfare benefits including medical benefits, disability benefits, life insurance, accidental death and dismemberment insurance, and the DPSP noted above. These benefits are generally provided to employees on a Company-wide basis.

Change in Control

The Company's stock option plans generally provide that, unless the Board or the Compensation Committee provides otherwise, upon a change in control of the Company, all options then outstanding will become fully vested and exercisable as of the date of the change in control. In addition, the Compensation Committee may allow the optionee to elect, during the 60-day period from and after the change in control, to surrender the options or a portion thereof in exchange for a cash payment equal to the excess of the change in control price per share over the exercise price per share.

For purposes of the Company's stock option plans (the 1997 LTIP and the Amended and Restated 2003 Stock Option Plan), a change in control will be deemed to have occurred when any person, alone or together with its affiliates or associates, has acquired or obtained the right to acquire the beneficial ownership of 25% or more of the Company's outstanding common shares, unless such person is: (a) the Company; (b) any employee benefit plan of the Company or a trustee of or fiduciary with respect to any such plan when acting in that capacity; or (c) any person who, on the date the applicable plan became effective, was an affiliate of the Company owning in excess of 10% of the Company's outstanding common shares and the respective successors, executors, legal representatives, heirs and legal assigns of such person (an Acquiring Person Event). In addition, in the case of options granted under the Amended and Restated 2003 Stock Option Plan, a change in control will also be deemed to have occurred if there is a change in the composition of the Board with the effect that a majority of the directors are not continuing directors (as defined in the Amended and Restated 2003 Stock Option Plan).

Table of Contents

If a change in control had occurred on May 31, 2009, the value of the unvested options which would have vested upon the change in control (based upon (a) the difference, if any, between (i) the closing market price of the Company's common shares on May 29, 2009, the last business day of Fiscal 2009 (\$13.99), and (ii) the per share exercise price of each such option, multiplied by (b) the number of common shares subject to the unvested portion of each such option), for each of the NEOs would have totaled:

John P. McConnell	\$ 0
George P. Stoe	\$ 0
B. Andrew Rose	\$32,700
Richard G. Welch	\$ 0
Mark A. Russell	\$ 0
Harry A. Goussetis	\$ 0

All long-term cash performance awards and long-term performance share awards provide that, unless the Board or the Compensation Committee provides otherwise, upon a change in control of the Company, all such awards would be considered earned and payable in full at the maximum amounts and would be immediately settled or distributed.

For purposes of the 1997 LTIP (under which the long-term cash performance awards and long-term performance share awards have been granted), a change in control will be deemed to have occurred when there is an Acquiring Person Event.

If a change in control had occurred on May 31, 2009, the aggregate value of the long-term cash performance awards and the long-term performance share awards (based on the May 29, 2009 closing market price of \$13.99) which would have been paid to each of the NEOs would have totaled:

John P. McConnell	\$7,318,325
George P. Stoe	\$4,295,210
B. Andrew Rose	\$ 531,555
Richard G. Welch	\$ 490,418
Mark A. Russell	\$2,197,876
Harry A. Goussetis	\$1,736,153

Short-term cash incentive bonus awards provide that if during a performance period, (a) a change in control of the Company (as defined in the relevant plan) occurs and (b) the participant's employment with the Company terminates on or after the change in control, the participant's award would be considered earned and payable as of the date of the participant's termination of employment in the amount designated as "Target" for such award and would be settled or distributed following the date of the participant's termination of employment. The target amounts for the short-term cash incentive bonus awards granted to the NEOs for the 12-month performance period ended May 31, 2009, are shown in the "Grants of Plan-Based Awards for Fiscal 2009" table on pages 38 and 39 of this Proxy Statement.

Under the Employee Deferral Plans, participants' accounts will generally be paid out as of the date of the change in control. See the "Non-Qualified Deferred Compensation for Fiscal 2009" table on page 45 of this Proxy Statement for further information.

The Compensation Committee believes that these change in control provisions are appropriate and well within market norms, particularly because the Company has no formal employment contracts or other formal change in control provisions relative to the NEOs or other executives.

Table of Contents***Tax Deductibility***

Section 162(m) of the Internal Revenue Code generally limits the deduction that the Company may take for certain remuneration paid in excess of \$1,000,000 to any covered employee of the Company in any one taxable year. Currently, Section 162(m) of the Internal Revenue Code only applies to the Company's CEO as well as the three other highest compensated officers of the Company (not including the Company's Chief Financial Officer). Compensation which qualifies as qualified performance based compensation within the meaning of Section 162(m) of the Internal Revenue Code and the related Treasury Regulations will not be taken into account in determining whether this \$1,000,000 deduction limitation has been exceeded. Awards granted under the Company's stock option plans generally qualify as qualified performance based compensation under Section 162(m) of the Internal Revenue Code. The Compensation Committee intends to tailor the long-term incentive programs under the 1997 LTIP and the short-term cash incentive bonus awards granted to executive officers to so qualify. The Compensation Committee believes that the annual cash incentive bonus awards granted for Fiscal 2010 under the Annual Incentive Plan as well as the long-term cash performance awards and long-term performance share awards granted for the three-year period ending May 31, 2012, under the 1997 LTIP will qualify for the qualified performance-based compensation exemption under Section 162(m). Please see the description of these awards under the captions "Annual Cash Incentive Bonus Awards Granted in Fiscal 2010" beginning on page 46 of this Proxy Statement and "Long-Term Performance Awards and Option Awards Granted in Fiscal 2010" beginning on page 46 of this Proxy Statement.

The Compensation Committee intends to continue to examine the best method to pay incentive compensation to executive officers, which will include consideration of the application of Section 162(m) of the Internal Revenue Code. In all cases, whether or not some portion of a covered employee's compensation is tax deductible, the Compensation Committee will continue to carefully consider the net cost and value to the Company of its compensation policies.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis (CD&A) contained in this Proxy Statement and discussed CD&A with management.

Based upon such review and discussion, the Compensation Committee recommended to the full Board, and the Board approved, that the CD&A be included in this Proxy Statement and incorporated by reference into the 2009 Form 10-K.

(1) All options outstanding as of May 31, 2009 were granted under the 1997 LTIP or the 2003 Stock Option Plan with exercise prices equal to the fair market value of the underlying common shares on the date of grant. The options become exercisable in increments of 20% per year on each anniversary of

their grant date for the first five years. In the event of a change in control of the Company (as defined in each of the plans), unless the Board or the Compensation Committee explicitly provides otherwise, all options outstanding immediately before the date of such a change in control will become fully vested and exercisable. In the event an optionee's employment terminates as a result of retirement, death or total disability, any options outstanding and exercisable on that date will remain exercisable by the optionee or, in the event of death, by his beneficiary, until the earlier of the fixed expiration date, as stated in the option award agreement, or either 12 or 36 months,

depending on
the option, after
the last day of
employment due

disability.
Should
termination
occur for any
reason other
than retirement,
death or
disability, the
unexercised
options will be
forfeited.

- (2) The amounts shown in this column assume that the performance share awards granted for each of the three-year periods ending May 31, 2010 and May 31, 2011 will be earned at the threshold amount based upon achieving the specified performance levels. See the Estimated Future Payouts Under Equity Incentive Plan Awards columns of the Grants of Plan-Based Awards for Fiscal 2009 table on pages 38 and 39 of this Proxy Statement for the threshold, target and maximum performance share amounts that may be received for the performance period ending May 31, 2011.
- (3) The amounts shown in this column are calculated assuming that

the related performance share awards for each of the three-year periods ending May 31, 2010 and May 31, 2011 will be earned at the threshold amount based upon achieving the specified performance levels and multiplying such amount by the closing price of the common shares (\$13.99) on May 29, 2009, the last business day of Fiscal 2009.

- (1) The value realized by Mr. Christie upon exercise of options is calculated based on the difference between the market price of the Company's common shares at exercise and the exercise price of each option exercised, multiplied by the number of common shares acquired upon exercise, and does not necessarily indicate that Mr. Christie sold such common shares.

Non-Qualified Deferred Compensation

As discussed above in Compensation Discussion and Analysis Compensation Components Non-Qualified Deferred Compensation beginning on page 31 of this Proxy Statement, the Company maintains two Employee Deferral Plans which provide for the deferral of compensation on a basis that is not tax-qualified the 2000 NQ Plan and the 2005 NQ Plan. Contributions and deferrals for the period from March 1, 2000 to January 1, 2005 are maintained under the 2000 NQ Plan. Contributions and deferrals for periods on or after January 1, 2005 are maintained under the 2005 NQ Plan, which was adopted to replace the 2000 NQ Plan in order to comply with the provisions of Section 409A of the Internal Revenue Code. The terms of the 2005 NQ Plan, which are discussed below, are similar to those of the 2000 NQ Plan but are more restrictive with respect to the timing of deferral elections and the ability of participants to change the time and manner in which accounts will be paid. The Employee Deferral Plans are intended to supplement the 401(k) plans sponsored by the Company.

Only select highly compensated employees of the Company, including the NEOs, are eligible to participate in the Employee Deferral Plans. As of July 15, 2009, approximately 114 employees of the Company were eligible to participate in the 2005 NQ Plan and 83 employees of the Company had accounts in the 2000 NQ Plan.

Under the 2005 NQ Plan, participants may defer the payment of up to 50% of their base salary, bonus and/or short-term cash incentive bonus awards. Deferred amounts are credited to the participants' accounts under the 2005 NQ Plan at the time the base salary or bonus compensation would have otherwise been paid. In addition, the Company may make discretionary employer contributions to participants' accounts in the 2005 NQ Plan. For the 2008 calendar year, in order to provide the same percentage of retirement-related deferred compensation contributions to participants compared to other employees that would have been made but for the IRS limits on annual compensation that may be

considered under tax-qualified plans, the Company made contributions to participants' accounts under the 2005 NQ Plan equal to (i) 3% of a participant's annual compensation (base salary plus bonus) in excess of the IRS maximum and (ii) a matching contribution of 50% of the first 4% of annual compensation contributed by the participant to a Company retirement plan to the extent not matched by the Company under the DPSP.

Participants in the 2005 NQ Plan may elect to have their accounts invested at a rate reflecting (a) the increase or decrease in the fair market value per share of the Company's common shares with dividends reinvested, (b) a fixed rate which is set annually by the Compensation Committee (5.76% for Fiscal 2009), or (c) returns on any funds available for investment under the DPSP.

Employee accounts are fully vested under the 2005 NQ Plan. Payouts under the 2005 NQ Plan are made in cash, as of a specified date selected by the participant or, subject to the timing requirements of Section 409A of the Internal Revenue Code, when the participant is no longer employed by the Company, either in a lump sum or in installment payments, all as chosen by the participant at the time the deferral election is made. The Compensation Committee may permit hardship withdrawals from a participant's account under the 2005 NQ Plan in accordance with defined guidelines. In the event of a change in control of the Company, the aggregate balance of each participant's account will be accelerated and paid out as of the date of the change in control unless otherwise determined by three-fourths of the members of the Board.

COMPENSATION OF DIRECTORS

The Compensation Committee annually reviews, with the assistance of its compensation consultant, Towers Perrin, certain market information provided by the consultant concerning compensation (both cash and non-cash) paid to directors. Based upon such information, the Company's past practices concerning directors' compensation and such other information as the Compensation Committee deems appropriate, the Compensation Committee makes recommendations to the Board with respect to directors' compensation. Following consideration of such recommendations, the compensation payable to the directors is set by the entire Board.

Although the information provided to the Compensation Committee by the compensation consultant in Fiscal 2008 showed that director compensation was below the median level of the Company's comparator group, the Board elected not to increase either the cash portion or the equity portion of director compensation for Fiscal 2008. Information provided by the compensation consultant for Fiscal 2009 indicated that director compensation (both the cash portion and the equity portion) continued to be below the market median level of the Company's comparator group. For Fiscal 2009, upon the recommendation of the Compensation Committee, the Board increased the number of shares covered by options and restricted stock awards in the equity portion of director compensation but elected to leave the cash portion unchanged.

Cash Compensation

The following table sets forth the cash compensation payable to the Company's non-employee directors for Fiscal 2009. Directors who are employees of the Company receive no additional compensation for serving as members of the Board or as members of Board committees. All directors are reimbursed for out-of-pocket expenses incurred in connection with serving as directors, including travel expenses.

Director Deferral Plans

Under the Worthington Industries, Inc. Amended and Restated 2005 Non-Qualified Deferred Compensation Plan for Directors (Restatement effective as of December 2008) (the Director Deferral Plans), non-employee directors are able to defer payment of all or a portion of their directors' fees until a specified date or until they are no longer associated with the Company. Any fees deferred are credited to the director's account at the time the fees would have otherwise been paid. Participants in the Director Deferral Plans may elect to have their accounts invested at a rate reflecting (a) the increase or decrease in the fair market value per share of the Company's common shares with dividends reinvested, (b) a fixed rate (5.76% for Fiscal 2009) which is set annually by the Compensation Committee, or (c) rates of return on any of the funds available for investment under the DPSP. The Director Deferral Plans are administered by the Compensation Committee. All accounts are fully vested. The Compensation Committee may permit hardship withdrawals from a participant's account under defined guidelines. In the event of a defined change in control, participants' accounts under the Director Deferral Plans will be accelerated and paid out as of the date of change in control. The Worthington Industries, Inc. Deferred Compensation Plan for Directors, as Amended and Restated effective June 1, 2000 (the Directors 2000 NQ Plan) governs deferrals prior to January 1, 2005. Deferrals with respect to the period on or after January 1, 2005 are governed by the Directors Deferral Plans which was adopted in order to comply with new requirements imposed by Section 409A of the Internal Revenue Code applicable to non-qualified deferred compensation plans. The Directors Deferral Plans are generally more restrictive with respect to the timing of deferral elections and the ability of participants to change the time and manner in which accounts will be paid.

Equity Grants

Under the Worthington Industries, Inc. Amended and Restated 2006 Equity Incentive Plan for Non-Employee Directors (the 2006 Directors Equity Plan), the Board may grant non-qualified stock options, restricted stock, restricted stock units, stock appreciation rights and whole common shares to non-employee directors of the Company. Awards under the 2006 Directors Equity Plan are made by the Board in its discretion.

On September 24, 2008, each individual then serving as a non-employee director (other than Mr. Blystone) was granted: (a) an option to purchase 8,200 common shares, with an exercise price equal to the fair market value of the common shares on the grant date (\$17.11); and (b) an award of 2,100 restricted shares. As Lead Independent Director, Mr. Blystone was granted on September 24, 2008: (a) an option to purchase 12,300 common shares, with an exercise price equal to the fair market value of the common shares on the grant date (\$17.11); and (b) an award of 3,150 restricted shares.

Each option granted to the non-employee directors has a ten-year term and becomes vested and fully exercisable on September 24, 2009. Upon a business combination or change in control (as defined in the 2006 Directors Equity Plan), each option will become vested and fully exercisable. Vesting of an option also accelerates upon death, total disability or retirement after a non-employee director attains age 65 or has served at least nine years as a member of the Board. If a non-employee director becomes totally disabled or dies while serving on the Board, he or she (or, in the event of death, his or her beneficiary) has three years from the date of the occurrence to exercise any vested options, subject to the stated term of the options. In the event a non-employee director retires after he or she has attained age 65 or has served at least nine years as a member of the Board, the non-employee director may exercise any vested options for a period of three years after the date of retirement, subject to the stated term of the options. If a non-employee director ceases to be a member of the Board for cause (as defined in the

Table of Contents

2006 Directors Equity Plan), all options terminate immediately. If a non-employee director ceases to be a member of the Board for any reason other than those listed above, the non-employee director's vested options may be exercised for a period of one year following the date of termination of service, subject to the stated term of the options, and any unvested options will be forfeited as of the date of termination of service.

Each restricted share granted to the non-employee directors on September 24, 2008 vests on September 24, 2009. Upon a business combination or change in control, all restricted shares will become fully vested. In the case of death, total disability or retirement, all restricted shares will also immediately become fully vested. If a non-employee director's service on the Board terminates for any other reason, unvested restricted shares will be forfeited. During the time between the grant date and the vesting date, a non-employee director may exercise full voting rights in respect of the restricted shares and will be credited with any dividends paid on the restricted shares (which dividends will be distributed with the restricted shares if they vest, or forfeited if the restricted shares are forfeited).

The Board has taken action providing that each individual then serving as a non-employee director will be granted: (a) an option to purchase 9,750 common shares (14,625 for Mr. Blystone to reflect his position as Lead Independent Director), with an exercise price equal to the fair market value of the common shares on the grant date and with terms identical to the terms of the options granted on September 24, 2008; and (b) an award of 2,900 restricted shares (4,350 for Mr. Blystone to reflect his position as Lead Independent Director), with terms which would be the same as those applicable to the restricted shares awarded on September 24, 2008. Each option granted to the non-employee directors immediately following the Annual Meeting will become vested and fully exercisable on the first to occur of September 30, 2010 or the date of the annual meeting of shareholders in 2010. Similarly, each restricted share granted to the non-employee directors immediately following the Annual Meeting will vest on the first to occur of September 30, 2010 or the date of the annual meeting of shareholders in 2010.

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

The Company maintains five equity compensation plans (the Equity Plans) under which common shares are authorized for issuance to eligible directors, officers and employees: (a) the 1990 Stock Option Plan; (b) the 1997 LTIP; (c) the Worthington Industries, Inc. Amended and Restated 2000 Stock Option Plan for Non-Employee Directors (Restatement effective as of November 1, 2008) (the 2000 Directors Option Plan); (d) the 2003 Stock Option Plan; and (e) the 2006 Directors Equity Plan. The following table shows for the Equity Plans, as a group, the number of common shares issuable upon the exercise of outstanding options and upon payout of outstanding performance share awards, the weighted-average exercise price of outstanding options, and the number of common shares remaining available for future issuance, excluding common shares issuable upon exercise of outstanding options or upon payout of outstanding performance share awards, in each case as of May 31, 2009.

If all long-term cash performance awards granted under the 1997 LTIP which were outstanding as of May 31, 2009, were paid out at their maximum amount and the Compensation Committee were to elect to make all payments in the form of common shares, then, based on the closing price (\$13.99) of the Company's common shares on May 29, 2009, the last business day of Fiscal 2009, the number of common shares which would be issued upon payout of the cash performance

awards would be 1,825,083 common shares. The number of common shares, if any, actually issued with respect to long-term cash performance awards granted under the 1997 LTIP would be based on (i) the percentage of the cash performance awards determined by the Compensation Committee to be paid in common shares rather than cash, (ii) the actual performance level (i.e., threshold, target or maximum) used to determine the payout in respect of each long-term cash performance award and (iii) the price of the Company's common shares at the time of payout.

the Compensation Committee to grant awards in the form of stock appreciation rights, restricted stock, performance units, dividend equivalents, and other stock unit awards that are valued in whole or in part by reference to, or are otherwise based on, the Company's common shares or other property. The number shown in this column reflects the backing out of 640,581 common shares representing the maximum number of common shares which may be paid out in respect of outstanding performance share awards granted under the 1997 LTIP as described in the first paragraph of note (1) above. In addition to options, the 2006 Directors Equity Plan authorizes the Board to grant awards in the form of restricted stock, restricted stock units, stock appreciation rights and whole common shares.

No common shares remain available for grants of future awards under the 2000 Directors Option Plan.

PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Company's Board has appointed KPMG LLP (KPMG) to serve as the Company's independent registered public accounting firm for the fiscal year ending May 31, 2010, and recommends that the shareholders of the Company vote for the ratification of that appointment. KPMG audited the Company's consolidated financial statements as of and for the fiscal years ended May 31, 2009, and May 31, 2008, and the effectiveness of the Company's internal control over financial reporting as of May 31, 2009 and May 31, 2008. Representatives of KPMG are expected to be present at the Annual Meeting and will be given the opportunity to make a statement if they so desire and to respond to appropriate questions.

The appointment of the Company's independent registered public accounting firm is made annually by the Audit Committee. The Company has determined to submit the appointment of the independent registered public accounting firm to the shareholders for ratification because of such firm's role in reviewing the quality and integrity of the Company's consolidated financial statements and internal control over financial reporting. Before appointing KPMG, the Audit Committee carefully considered that firm's qualifications as the independent registered public accounting firm for the Company and the audit scope.

Recommendation and Vote Required to Ratify Appointment of KPMG

THE AUDIT COMMITTEE AND THE BOARD RECOMMEND THAT THE SHAREHOLDERS OF THE COMPANY VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG.

The affirmative vote of a majority of the common shares represented at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal, is required to ratify the appointment of KPMG as the Company's independent registered public accounting firm for the fiscal year ending May 31, 2010. The effect of an abstention is the same as a vote AGAINST. Even if the appointment of KPMG is ratified by the shareholders, the Audit Committee, in its discretion, could decide to terminate the engagement of KPMG and to engage another firm if the Audit Committee determines such action is necessary or desirable. If the appointment of KPMG is not ratified, the Audit Committee will reconsider (but may decide to maintain) the appointment.

Table of Contents**AUDIT COMMITTEE MATTERS****Report of the Audit Committee for the Fiscal Year Ended May 31, 2009**

The Audit Committee oversees the Company's financial and accounting functions, controls, reporting processes and audits on behalf of the Board in accordance with the Audit Committee's written charter. The Audit Committee is responsible for providing independent, objective oversight of the integrity and quality of the Company's consolidated financial statements, the qualifications and independence of the Company's independent registered public accounting firm, the performance of the Company's internal auditors and independent registered public accounting firm and the annual independent audit of the Company's consolidated financial statements. Management has the primary responsibility for the preparation, presentation and integrity of the Company's consolidated financial statements and the reporting process, for the appropriateness of the accounting principles and reporting policies that are used by the Company, for the establishment and maintenance of effective systems of disclosure controls and procedures and internal control over financial reporting, and for the preparation of the annual report on management's assessment of the effectiveness of the Company's internal control over financial reporting. The Company's independent registered public accounting firm, KPMG, is responsible for auditing the Company's annual consolidated financial statements included in the Company's Annual Report on Form 10-K in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing its report thereon based on such audit, for issuing an audit report on the effectiveness of the Company's internal control over financial reporting, and for reviewing the Company's unaudited interim consolidated financial statements included in the Company's Quarterly Reports on Form 10-Q.

In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the Company's audited consolidated financial statements, as of and for the fiscal year ended May 31, 2009, and discussed with management the quality, not just the acceptability, of the accounting principles as applied in the Company's financial reporting, the reasonableness of significant judgments and accounting estimates, and the clarity and completeness of disclosures in the consolidated financial statements.

In fulfilling its oversight responsibilities, the Audit Committee met with management, the Company's internal auditors and KPMG throughout the year. Since the beginning of the fiscal year, the Audit Committee met with the Company's internal auditors and KPMG, with and without management present, to discuss the overall scope of their respective annual audit plans, the results of their respective audits, the effectiveness of the Company's internal control over financial reporting, including management's and KPMG's reports thereon and the bases for the conclusions expressed in those reports, and the overall quality of the Company's financial reporting. Throughout that period, the Audit Committee reviewed management's plan for documenting and testing controls, the results of their documentation and testing, any deficiencies discovered and the resulting remediation of the deficiencies. In addition, the Audit Committee reviewed and discussed with KPMG all matters required by auditing standards generally accepted in the United States, including those described in Statement on Auditing Standards No. 114, The Auditor's Communication With Those Charged With Governance, as amended.

The Audit Committee has discussed with KPMG the independence of that firm from management and the Company. The Audit Committee has received from KPMG the written disclosures and the letter from KPMG required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the Audit Committee concerning independence. The Audit Committee has discussed with KPMG any relationships with or services to the Company or the Company's subsidiaries that may impact the objectivity and independence of KPMG, and the Audit Committee has satisfied itself as to the independence of KPMG.

Management and KPMG have represented to the Audit Committee that the Company's audited consolidated financial statements, as of and for the fiscal year ended May 31, 2009, were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed those audited consolidated financial statements with management and KPMG.

Table of Contents

Based on the Audit Committee's reviews and discussions referred to above and the Audit Committee's review of the report of KPMG to the Audit Committee, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included (and the Board approved such inclusion) in the Company's Annual Report on Form 10-K for Fiscal 2009 filed with the SEC on July 30, 2009. The Audit Committee has also appointed KPMG as the Company's independent registered public accounting firm for the fiscal year ending May 31, 2010, and recommends that the shareholders ratify such appointment.

Pre-Approval of Services Performed by the Independent Registered Public Accounting Firm

Under applicable SEC Rules, the Audit Committee is to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to ensure that the performance of these services does not impair the firm's independence from the Company. The SEC Rules specify the types of non-audit services that independent registered public accounting firms may not provide to their audit clients and establish the Audit Committee's responsibility for administration of the engagement of the independent registered public accounting firm.

Consistent with applicable SEC Rules, the charter of the Audit Committee requires that the Audit Committee review and pre-approve all audit services and permitted non-audit services provided by the independent registered public accounting firm to the Company or any of its subsidiaries. The Audit Committee may delegate pre-approval authority to one or more members of the Audit Committee and, if it does, the decision of that member or members must be presented to the full Audit Committee at its next regularly scheduled meeting.

All requests or applications for services to be provided by the independent registered public accounting firm must be submitted to the Audit Committee by both the independent registered public accounting firm and the Company's Chief Financial Officer and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC Rules governing auditor independence.

Independent Registered Public Accounting Firm Fees

Fees billed for services rendered by KPMG for each of Fiscal 2009 and Fiscal 2008 were as follows:

Audit Fees	\$ 1,747,765	\$ 2,047,782
Audit-Related Fees	1,200	
Tax Fees	135,964	74,036
Total	\$ 1,884,929	\$ 2,121,818

All of the services rendered by KPMG to the Company and the Company's subsidiaries during Fiscal 2009 and Fiscal 2008 were pre-approved by the Audit Committee.

In accordance with applicable SEC Rules, Audit Fees are fees for professional services rendered for: the audit of the Company's consolidated financial statements; the review of the interim consolidated financial

Table of Contents

statements included in the Company's Forms 10-Q; the audit of the Company's internal control over financial reporting with the objective of obtaining reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects; and services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements for the applicable fiscal years.

Audit-Related Fees are fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements that are not reported under **Audit Fees**.

Tax Fees are fees for professional services rendered for tax compliance, tax advice and tax planning, and in Fiscal 2008 included fees for an international tax project.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

The SEC has implemented rules regarding the delivery of proxy materials (i.e., annual reports and proxy statements) to households. This method of delivery, often referred to as **householding**, would permit the Company to send a single annual report and/or a single proxy statement to any household at which two or more registered shareholders reside if the Company reasonably believes such shareholders are members of the same family or otherwise share the same address or that one shareholder has multiple accounts. The householding process may also be used for the delivery of Notices of Internet Availability of Proxy Materials, when applicable. In each case, the shareholder(s) must consent to the householding process in accordance with applicable SEC Rules. Each shareholder would continue to receive a separate notice of any meeting of shareholders and proxy card. The householding procedure reduces the volume of duplicate information shareholders receive and reduces the Company's expenses. The Company may institute householding in the future and will notify registered shareholders affected by householding at that time. Registered shareholders sharing an address may request delivery of a single copy of annual reports to shareholders, proxy statements and Notices of Internet Availability of Proxy Materials by contacting the Investor Relations Department of the Company at Worthington Industries, Inc., 200 Old Wilson Bridge Road, Columbus, Ohio 43085, Attention: Catherine M. Lyttle, Vice President-Communications and Investor Relations.

Many broker/dealers and other holders of record have instituted householding. If your family has one or more street name accounts under which you beneficially own common shares of the Company, you may have received householding information from your broker/dealer, financial institution or other nominee in the past. Please contact the holder of record directly if you have questions, require additional copies of this Proxy Statement or the Company's 2009 Annual Report to Shareholders or wish to revoke your decision to household and thereby receive multiple copies of the Company's proxy materials. You should also contact the holder of record if you wish to institute householding.

SHAREHOLDER PROPOSALS

Shareholders of the Company seeking to bring business before an annual meeting of shareholders (an **annual meeting**) or to nominate candidates for election as directors at an annual meeting must provide timely notice thereof in writing to the Company's Secretary. Under Section 1.08(A) of the Company's Code of Regulations, to be timely, a shareholder's notice with respect to business to be brought before an annual meeting must be delivered to, or mailed and received at, the principal executive offices of the Company not less than 30 days prior to an annual meeting. However, if less than 40 days' notice or prior public disclosure of the date of the meeting is given or made to shareholders, the shareholder's notice must be received no later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made. In order for a shareholder's notice to be in proper form, it must include: (a) a brief description of the business the shareholder desires to bring before an annual meeting; (b) the reasons for conducting the proposed business at an annual meeting; (c) the name and address of the proposing shareholder; (d) the number of common shares beneficially owned by the proposing shareholder; and (e) any material interest of the proposing shareholder in the business to be brought before an annual meeting. The requirements applicable to nominations are

described above in CORPORATE GOVERNANCE Nominating Procedures beginning on page 9 of this Proxy Statement.

A shareholder seeking to bring business before an annual meeting must also comply with all applicable SEC Rules. Under SEC Rule 14a-8, proposals of shareholders intended to be presented at the Company's 2010 Annual Meeting must be received by the Company no later than April 23, 2010, to be eligible for inclusion in the Company's proxy materials relating to the 2010 Annual Meeting. Upon receipt of a shareholder proposal, the Company will determine whether or not to include the proposal in the proxy materials in accordance with applicable SEC Rules.

The SEC has promulgated rules relating to the exercise of discretionary voting authority pursuant to proxies solicited by the Board. Generally, a proxy may confer discretionary authority to vote on any matters brought before an annual meeting if the Company did not have notice of the matter at least 45 days before the date on which the Company first sent its proxy materials for the prior year's annual meeting and a specific statement to that effect is made in the proxy statement or proxy card. If during the prior year, the Company did not hold an annual meeting, or if the date of the meeting has changed more than 30 days from the prior year, then notice must not have been received a reasonable time before the Company mails its proxy materials for the current year. Any written notice required as described in this paragraph must have been given by July 1, 2009, for matters to be brought before the 2009 Annual Meeting. Any written notice required as described in this paragraph must be given by July 7, 2010 for matters to be brought before the 2010 Annual Meeting.

Any written notice to be given with respect to matters set forth in the three prior paragraphs of this SHAREHOLDER PROPOSALS section should be sent to the Company's Secretary, Dale T. Brinkman, Worthington Industries, Inc., 200 Old Wilson Bridge Road, Columbus, Ohio 43085 or by fax to (614) 840-3706.
