**Item 8.01. Other Events**

On March 11, 2010, the primary general contractor for CityCenter Holdings, LLC, a Delaware limited liability company ( CityCenter ), which is a joint venture entity between subsidiaries of MGM MIRAGE, a Delaware corporation, and Dubai World, a Dubai, United Arab Emirates government decree entity, delivered a notice of its intent to file mechanics liens on CityCenter with respect to an alleged approximately \$492 million claim against CityCenter. Pursuant to the notice, the lien may be filed within 15 days following the date of the notice. CityCenter believes that its actual obligation to the general contractor is substantially less than the amount claimed and that it is also entitled to significant offsets against the claimed amount. CityCenter intends to pursue all of its rights and remedies against the general contractor, including arbitration. Nevertheless, because the general contractor may be able to file liens on CityCenter for an amount in excess of what CityCenter's fully drawn \$1.8 billion senior secured credit facility allowed, CityCenter has obtained a six-month amendment to the credit facility that allows for additional construction liens in an amount more than sufficient to cover the threatened liens.

In addition, CityCenter believes that it has significant claims against the general contractor related to its role in connection with the Harmon Hotel construction, which construction was halted by local building inspectors due to construction defects. While CityCenter's investigation into the general contractor's potential liability regarding the Harmon Hotel is continuing, and there can be no assurance at this point as to the ultimate outcome of any action CityCenter may undertake, CityCenter believes that the amount of its claim against the general contractor may exceed the amount of CityCenter's estimated remaining liability to the general contractor.
