Form 10-Q

May 05, 2010

**Table of Contents**

**UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
Washington, D.C. 20549**

**FORM 10-Q**

**QUARTERLY REPORT PURSUANT TO SECTION 13 or 15(d) OF THE SECURITIES  
EXCHANGE ACT OF 1934**

**For the quarterly period ended March 31, 2010**

**OR**

**TRANSITION REPORT PURSUANT TO SECTION 13 or 15(d) OF THE SECURITIES  
EXCHANGE ACT OF 1934**

**For the transition period from \_\_\_\_\_ to \_\_\_\_\_**

**Commission File Number**

000-50056

**MARTIN MIDSTREAM PARTNERS L.P.**

(Exact name of registrant as specified in its charter)

**Delaware**

(State or other jurisdiction of  
incorporation or organization)

**05-0527861**

(IRS Employer  
Identification No.)

**4200 Stone Road**

**Kilgore, Texas 75662**

(Address of principal executive offices, zip code)

Registrant's telephone number, including area code: **(903) 983-6200**

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See definition of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act.

Large accelerated filer  Accelerated filer  Non-accelerated filer  Smaller reporting  
company

(Do not check if a smaller reporting company)

Indicated by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes  No

The number of the registrant's Common Units outstanding at May 5, 2010 was 17,707,832. The number of the registrant's subordinated units outstanding at May 5, 2010 was 889,444.

**(Dollars in thousands, except where otherwise indicated)**  
**March 31, 2010**  
**(Unaudited)**

**(1) General**

Martin Midstream Partners L.P. (the Partnership) is a publicly traded limited partnership with a diverse set of operations focused primarily in the United States Gulf Coast region. Its four primary business lines include: terminalling and storage services for petroleum products and by-products, natural gas services, sulfur and sulfur-based products processing, manufacturing, marketing and distribution, and marine transportation services for petroleum products and by-products.

The Partnership's unaudited consolidated and condensed financial statements have been prepared in accordance with the requirements of Form 10-Q and U.S. generally accepted accounting principles for interim financial reporting. Accordingly, these financial statements have been condensed and do not include all of the information and footnotes required by generally accepted accounting principles for annual audited financial statements of the type contained in the Partnership's annual reports on Form 10-K. In the opinion of the management of the Partnership's general partner, all adjustments and elimination of significant intercompany balances necessary for a fair presentation of the Partnership's results of operations, financial position and cash flows for the periods shown have been made. All such adjustments are of a normal recurring nature. Results for such interim periods are not necessarily indicative of the results of operations for the full year. These financial statements should be read in conjunction with the Partnership's audited consolidated financial statements and notes thereto included in the Partnership's annual report on Form 10-K for the year ended December 31, 2009 filed with the Securities and Exchange Commission (the SEC) on March 4, 2010.

On November 25, 2009, the Partnership closed a transaction with Martin Resource Management Corporation (Martin Resource Management) and Cross Refining & Marketing, Inc. (Cross), a wholly owned subsidiary of Martin Resource Management, in which the Partnership acquired certain specialty lubricants processing assets from Cross for total consideration of \$44,900. The acquisition of the Cross assets was considered a transfer of net assets between entities under common control. Accordingly, the Partnership is required to revise its financial statements to include activities of the Cross assets as of the date of common control. The Partnership's March 31, 2009 financial statements have been recast to reflect the results attributable to the Cross assets as if it owned the Cross assets for all periods presented.

***(a) Use of Estimates***

Management has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these consolidated financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

***(b) Unit Grants***

In August 2009, the Partnership issued 1,000 restricted common units to each of its three independent, non-employee directors under its long-term incentive plan from treasury shares purchased by the Partnership in the open market for \$77. These units vest in 25% increments beginning in January 2010 and will be fully vested in January 2013.

In May 2008, the Partnership issued 1,000 restricted common units to each of its three independent, non-employee directors under its long-term incentive plan from treasury shares purchased by the Partnership in the open market for \$93. These units vest in 25% increments beginning in January 2009 and will be fully vested in January 2012.

In May 2007, the Partnership issued 1,000 restricted common units to each of its three independent, non-employee directors under its long-term incentive plan. These units vest in 25% increments beginning in January 2008 and will be fully vested in January 2011.

**Table of Contents**

**MARTIN MIDSTREAM PARTNERS L.P.**  
**NOTES TO CONSOLIDATED AND CONDENSED FINANCIAL STATEMENTS**  
**(Dollars in thousands, except where otherwise indicated)**  
**March 31, 2010**  
**(Unaudited)**

The Partnership accounts for the transactions under certain provisions of FASB ASC 505-50-55 related to equity-based payments to non-employees. The cost resulting from the share-based payment transactions was \$27 and \$19 for the three months ended March 31, 2010 and 2009, respectively.

***(c) Incentive Distribution Rights***

The Partnership's general partner, Martin Midstream GP LLC, holds a 2% general partner interest and certain incentive distribution rights (IDRs) in the Partnership. IDRs are a separate class of non-voting limited partner interest that may be transferred or sold by the general partner under the terms of the partnership agreement of the Partnership (the Partnership Agreement), and represent the right to receive an increasing percentage of cash distributions after the minimum quarterly distribution and any cumulative arrearages on common units once certain target distribution levels have been achieved. The Partnership is required to distribute all of its available cash from operating surplus, as defined in the Partnership Agreement. The target distribution levels entitle the general partner to receive 2% of quarterly cash distributions up to \$0.55 per unit, 15% of quarterly cash distributions in excess of \$0.55 per unit until all unitholders have received \$0.625 per unit, 25% of quarterly cash distributions in excess of \$0.625 per unit until all unitholders have received \$0.75 per unit and 50% of quarterly cash distributions in excess of \$0.75 per unit. For the three months ended March 31, 2010 and 2009 the general partner received \$844 and \$724, respectively, in incentive distributions.

***(d) Net Income per Unit***

The Partnership follows the provisions of ASC 260-10 related to earnings per share, which addresses the application of the two-class method in determining income per unit for master limited partnerships having multiple classes of securities that may participate in partnership distributions accounted for as equity distributions. To the extent the Partnership Agreement does not explicitly limit distributions to the general partner, any earnings in excess of distributions are to be allocated to the general partner and limited partners utilizing the distribution formula for available cash specified in the Partnership Agreement. When current period distributions are in excess of earnings, the excess distributions for the period are to be allocated to the general partner and limited partners based on their respective sharing of losses specified in the Partnership Agreement.

The provisions of ASC 260-10 did not impact the Partnership's computation of earnings per limited partner unit as cash distributions exceeded earnings for the three months ending March 31, 2010 and 2009, respectively, and the IDRs do not share in losses under the Partnership Agreement. In the event the Partnership's earnings exceed cash distributions, ASC 260-10 will have an impact on the computation of the Partnership's earnings per limited partner unit. For the three months ending March 31, 2010 and 2009, the general partner's interest in net income, including the IDRs, represents distributions declared after period-end on behalf of the general partner interest and IDRs less the allocated excess of distributions over earnings for the periods.

General and limited partner interest in net income includes only net income of the Cross assets since the date of acquisition. Accordingly, net income of the Partnership is adjusted to remove the net income attributable to the Cross assets prior to the date of acquisition and such income is allocated to Martin Resource Management. The recognition of the beneficial conversion feature for the period is considered a deemed distribution to the subordinated unit holders and reduces net income available to common limited partners in computing net income per unit.

For purposes of computing diluted net income per unit, the Partnership uses the more dilutive of the two-class and if-converted methods. Under the if-converted method, the beneficial conversion feature is added back to net income available to common limited partners, the weighted-average number of subordinated units outstanding for the period is added to the weighted-average number of common units outstanding for purposes of computing basic net income per unit and the resulting amount is compared to the diluted net income per unit computed using the two-class method.

The following table reconciles net income to limited partners' interest in net income:

**Table of Contents**

**MARTIN MIDSTREAM PARTNERS L.P.**  
**NOTES TO CONSOLIDATED AND CONDENSED FINANCIAL STATEMENTS**  
(Dollars in thousands, except where otherwise indicated)  
**March 31, 2010**  
(Unaudited)

	<b>Three Months Ended</b>	
	<b>March 31,</b>	
	<b>2010</b>	<b>2009</b>
Net income attributable to Martin Midstream Partners L.P.	\$ 1,771	\$ 5,214
Less pre-acquisition income allocated to Martin Resource Management		344
Less general partner's interest in net income:		
Distributions payable on behalf of IDRs	844	724
Distributions payable on behalf of general partner interest	277	237
Distributions payable to the general partner interest in excess of earnings allocable to the general partner interest	(258)	(154)
Less beneficial conversion feature	277	
Limited partner's interest in net income	\$ 631	\$ 4,063

The weighted average units outstanding for basic net income per unit was 17,708,165 and 14,532,826 for the three months ended March 31, 2010 and 2009, respectively. For diluted net income per unit, the weighted average units outstanding were increased by 862 and 4,268 for the three months ended March 31, 2010 and 2009, respectively, due to the dilutive effect of restricted units granted under the Partnership's long-term incentive plan.

**(e) Income Taxes**

With respect to the Partnership's taxable subsidiary, Woodlawn Pipeline Co., Inc. (Woodlawn), income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

**(2) New Accounting Pronouncements**

In December 2009, FASB amended the provisions of ASC 810 related to the consolidation of variable interest entities. It requires reporting entities to evaluate former qualifying special purpose entities for consolidation, changes the approach to determining a variable interest entity's (VIE) primary beneficiary from a quantitative assessment to a qualitative assessment designed to identify a controlling financial interest and increases the frequency of required reassessments to determine whether a company is the primary beneficiary of a VIE. It also clarifies, but does not significantly change, the characteristics that identify a VIE. This amended guidance required additional year-end and interim disclosures for public companies that are similar to the disclosures required by ASC 810-10-50-8 through 50-19 and 860-10-50-3 through 50-9. The Partnership adopted this amended guidance on January 1, 2010. The adoption did not have an impact on the Partnership's financial position or results of operations.

**(3) Acquisitions**

On January 15, 2010, the Partnership, through Prism Gas Systems I, L.P. (Prism Gas), as 50% owner and the operator of Waskom Gas Processing Company (WGPC), through WGPC's wholly-owned subsidiaries Waskom Midstream LLC and Olin Gathering LLC, acquired from Crosstex North Texas Gathering, L.P., a 100% interest in approximately 62 miles of gathering pipeline, two 35 MMcfd dew point control plants and equipment referred to as the Harrison Gathering System. The Partnership's share of the acquisition cost was approximately \$20,000 and was recorded as an investment in an unconsolidated entity.

**(4) Inventories**

Components of inventories at March 31, 2010 and December 31, 2009 were as follows:

**(5) Investments in Unconsolidated Entities and Joint Ventures**

Prism Gas owns an unconsolidated 50% interest in WGPC and its subsidiaries ( Waskom ), the Matagorda Offshore Gathering System ( Matagorda ) and Panther Interstate Pipeline Energy LLC ( PIPE ). As a result, these assets are accounted for by the equity method.

In accounting for the acquisition of the interests in Waskom, Matagorda and PIPE, the carrying amount of these investments exceeded the underlying net assets by approximately \$46,176. The difference was attributable to property and equipment of \$11,872 and equity-method goodwill of \$34,304. The excess investment relating to property and equipment is being amortized over an average life of 20 years, which approximates the useful life of the underlying assets. Such amortization amounted to \$149 and \$149 for the three months ended March 31, 2010 and 2009, respectively, and has been recorded as a reduction of equity in earnings of unconsolidated entities. The remaining unamortized excess investment relating to property and equipment was \$9,348 and \$9,497 at March 31, 2010 and December 31, 2009, respectively. The equity-method goodwill is not amortized; however, it is analyzed for impairment annually or when changes in circumstance indicate that a potential impairment exists. No impairment was recognized for the three months ended March 31, 2010 or 2009.

As a partner in Waskom, the Partnership receives distributions in kind of natural gas liquids ( NGLs ) that are retained according to Waskom s contracts with certain producers. The NGLs are valued at prevailing market prices. In addition, cash distributions are received and cash contributions are made to fund operating and capital requirements of Waskom.

Activity related to these investment accounts for the three months ended March 31, 2010 and 2009 is as follows:

	<b>Waskom</b>	<b>PIPE</b>	<b>Matagorda</b>	<b>BCP</b>	<b>Total</b>
Investment in unconsolidated entities, December 31, 2009	\$ 75,844	\$ 1,401	\$ 3,337	\$	\$ 80,582
Distributions in kind	(3,741)				(3,741)

Select financial information for significant unconsolidated equity-method investees is as follows:

	<b>As of March 31</b>		<b>Three Months Ended</b>	
	<b>Total</b>	<b>Partner s</b>	<b>March 31</b>	<b>Net</b>
	<b>Assets</b>	<b>Capital</b>	<b>Revenues</b>	<b>Income</b>
<b>2010</b>				
Waskom	\$ 117,606	\$ 109,025	\$ 28,654	\$ 4,591
	<b>As of December 31</b>			
<b>2009</b>				
Waskom	\$ 79,604	\$ 70,561	\$ 15,430	\$ 3,939

As of March 31, 2010 and December 31, 2009 the amount of the Partnership's consolidated retained earnings that represents undistributed earnings related to the unconsolidated equity-method investees is \$34,778 and \$32,717, respectively. There are no material restrictions to transfer funds in the form of dividends, loans or advances related to the equity-method investees.

As of March 31, 2010 and December 31, 2009, the Partnership's interest in cash of the unconsolidated equity-method investees was \$1,159 and \$704, respectively.

**(6) Derivative Instruments and Hedging Activities**

The Partnership's results of operations are materially impacted by changes in crude oil, natural gas and NGL prices and interest rates. In an effort to manage its exposure to these risks, the Partnership periodically enters into various derivative instruments, including commodity and interest rate hedges. The Partnership is required to recognize all derivative instruments as either assets or liabilities at fair value on the Partnership's Consolidated Balance Sheets and to recognize certain changes in the fair value of derivative instruments on the Partnership's Consolidated Statements of Operations.

The Partnership performs, at least quarterly, a retrospective assessment of the effectiveness of its hedge contracts, including assessing the possibility of counterparty default. If the Partnership determines that a derivative is no longer expected to be highly effective, the Partnership discontinues hedge accounting prospectively and recognizes subsequent changes in the fair value of the hedge in earnings. As a result of its effectiveness assessment at March 31, 2010, the Partnership believes certain hedge contracts will continue to be effective in offsetting changes in cash flow or fair value attributable to the hedged risk.

All derivatives and hedging instruments are included on the balance sheet as an asset or a liability measured at fair value and changes in fair value are recognized currently in earnings unless specific hedge accounting criteria are met. If a derivative qualifies for hedge accounting, changes in the fair value can be offset against the change in the fair value of the hedged item through earnings or recognized in accumulated other comprehensive income ( AOCI ) until such time as the hedged item is recognized in earnings. The Partnership is exposed to the risk that periodic changes in the fair value of derivatives qualifying for hedge accounting will not be effective, as defined, or that derivatives will no longer qualify for hedge accounting. To the extent that the periodic changes in the fair value of the derivatives are not effective, that ineffectiveness is recorded to earnings. Likewise, if a hedge ceases to qualify for hedge accounting, any change in the fair value of derivative instruments since the last period is recorded to earnings; however, any amounts previously recorded to AOCI would remain there until such time as the original forecasted transaction

occurs, then would be reclassified to earnings or if it is determined that continued reporting of losses in AOCI would lead to recognizing a net loss on the combination of the hedging

**Table of Contents**

**(Dollars in thousands, except where otherwise indicated)**  
**March 31, 2010**  
**(Unaudited)**

instrument and the hedge transaction in future periods, then the losses would be immediately reclassified to earnings.

For derivative instruments that are designated and qualify as cash flow hedges, the effective portion of the gain or loss on the derivative is reported as a component of AOCI and reclassified into earnings in the same period during which the hedged transaction affects earnings. The effective portion of the derivative represents the change in fair value of the hedge that offsets the change in fair value of the hedged item. To the extent the change in the fair value of the hedge does not perfectly offset the change in the fair value of the hedged item, the ineffective portion of the hedge is immediately recognized in earnings.

**(a) Commodity Derivative Instruments**

The Partnership is exposed to market risks associated with commodity prices and uses derivatives to manage the risk of commodity price fluctuation. The Partnership has established a hedging policy and monitors and manages the commodity market risk associated with its commodity risk exposure. The Partnership has entered into hedging transactions through 2011 to protect a portion of its commodity exposure. These hedging arrangements are in the form of swaps for crude oil, natural gas and natural gasoline. In addition, the Partnership is focused on utilizing counterparties for these transactions whose financial condition is appropriate for the credit risk involved in each specific transaction.

Due to the volatility in commodity markets, the Partnership is unable to predict the amount of ineffectiveness each period, including the loss of hedge accounting, which is determined on a derivative by derivative basis. This may result, and has resulted in increased volatility in the Partnership's financial results. Factors that have and may continue to lead to ineffectiveness and unrealized gains and losses on derivative contracts include: a substantial fluctuation in energy prices, the number of derivatives the Partnership holds and significant weather events that have affected energy production. The number of instances in which the Partnership has discontinued hedge accounting for specific hedges is primarily due to those reasons. However, even though these derivatives may not qualify for hedge accounting, the Partnership continues to hold the instruments as it believes they continue to afford the Partnership opportunities to manage commodity risk exposure.

As of March 31, 2010 and 2009, the Partnership has both derivative instruments qualifying for hedge accounting with fair value changes being recorded in AOCI as a component of partners' capital and derivative instruments not designated as hedges being marked to market with all market value adjustments being recorded in earnings.

Set forth below is the summarized notional amount and terms of all instruments held for price risk management purposes at March 31, 2010 (all gas quantities are expressed in British Thermal Units, crude oil and natural gas liquids are expressed in barrels). As of March 31, 2010, the remaining term of the contracts extend no later than December 2011, with no single contract longer than one year. For the three months ended March 31, 2010 and 2009, changes in the fair value of the Partnership's derivative contracts were recorded in both earnings and in AOCI as a component of partners' capital.

Transaction Type	Total Volume Per Month	Pricing Terms	Remaining Terms of Contracts	Fair Value

Total swaps designated as cash flow hedges				\$ 710
Total net fair value of commodity derivatives				\$ 299

Based on estimated volumes, as of March 31, 2010, the Partnership had hedged approximately 47% and 7% of its commodity risk by volume for 2010 and 2011, respectively. The Partnership anticipates entering into additional commodity derivatives on an ongoing basis to manage its risks associated with these market fluctuations and will consider using various commodity derivatives, including forward contracts, swaps, collars, futures and options, although there is no assurance that the Partnership will be able to do so or that the terms thereof will be similar to the Partnership's existing hedging arrangements.

The Partnership's credit exposure related to commodity cash flow hedges is represented by the positive fair value of contracts to the Partnership at March 31, 2010. These outstanding contracts expose the Partnership to credit loss in the event of nonperformance by the counterparties to the agreements. The Partnership has incurred no losses associated with counterparty nonperformance on derivative contracts.

On all transactions where the Partnership is exposed to counterparty risk, the Partnership analyzes the counterparty's financial condition prior to entering into an agreement, has established a maximum credit limit threshold pursuant to its hedging policy, and monitors the appropriateness of these limits on an ongoing basis. The

Partnership has agreements with three counterparties containing collateral provisions. Based on those current agreements, cash deposits are required to be posted whenever the net fair value of derivatives associated with the individual counterparty exceed a specific threshold. If this threshold is exceeded, cash is posted by the Partnership if the value of derivatives is a liability to the Partnership. As of March 31, 2010, the Partnership has no cash collateral deposits posted with counterparties.

The Partnership's principal customers with respect to Prism Gas' natural gas gathering and processing are large, natural gas marketing services, oil and gas producers and industrial end-users. In addition, substantially all of the Partnership's natural gas and NGL sales are made at market-based prices. The Partnership's standard gas and NGL sales contracts contain adequate assurance provisions which allows for the suspension of deliveries, cancellation of agreements or discontinuance of deliveries to the buyer unless the buyer provides security for payment in a form satisfactory to the Partnership.

***(b) Impact of Commodity Cash Flow Hedges***

*Crude Oil.* For the three months ended March 31, 2010 and 2009, net gains and losses on swap hedge contracts decreased crude revenue by \$3 and increased crude revenue by \$180, respectively. As of March 31, 2010 an unrealized derivative fair value gain of \$722, related to current and terminated cash flow hedges of crude oil price risk, was recorded in AOCI. Fair value gains of \$99 and \$623 are expected to be reclassified into earnings in 2010 and 2011, respectively. The actual reclassification to earnings for contracts remaining in effect will be based

**Table of Contents**

on mark-to-market prices at the contract settlement date or for those terminated contracts based on the recorded values at March 31, 2010 adjusted for any impairment, along with the realization of the gain or loss on the related physical volume, which is not reflected above.

*Natural Gas.* For the three months ended March 31, 2010 and 2009, net gains and losses on swap hedge contracts increased gas revenue by \$65 and \$370, respectively. As of March 31, 2010 an unrealized derivative fair value gain of \$562 related to cash flow hedges of natural gas was recorded in AOCI. Fair value gains of \$465 and \$97 are expected to be reclassified into earnings in 2010 and 2011, respectively. The actual reclassification to earnings will be based on mark-to-market prices at the contract settlement date, along with the realization of the gain or loss on the related physical volume, which is not reflected above.

*Natural Gas Liquids.* For the three months ended March 31, 2010 and 2009, net gains and losses on swap hedge contracts decreased liquids revenue by \$37 and increased liquids revenue by \$397, respectively. As of March 31, 2010, an unrealized derivative fair value gain of \$1,010 related to current and terminated cash flow hedges of NGLs price risk was recorded in AOCI. Fair value gains of \$118 and \$892 are expected to be reclassified into earnings in 2010 and 2011, respectively. The actual reclassification to earnings for contracts remaining in effect will be based on mark-to-market prices at the contract settlement date or for those terminated contracts based on the recorded values at March 31, 2010 adjusted for any impairment, along with the realization of the gain or loss on the related physical volume, which is not reflected above.

For information regarding fair value amounts and gains and losses on commodity derivative instruments and related hedged items, see *Tabular Presentation of Fair Value Amounts, and Gains and Losses on Derivative Instruments and Related Hedged Items* within this Note.

***(c) Impact of Interest Rate Derivative Instruments***

The Partnership is exposed to market risks associated with interest rates. The Partnership enters into interest rate swaps to manage interest rate risk associated with the Partnership's variable rate debt and term loan credit facilities. All derivatives and hedging instruments are included on the balance sheet as an asset or a liability measured at fair value and changes in fair value are recognized currently in earnings unless specific hedge accounting criteria are met. If a derivative qualifies for hedge accounting, changes in the fair value can be offset against the change in the fair value of the hedged item through earnings or recognized in AOCI until such time as the hedged item is recognized in earnings.

In March 2010, in connection with a pay down of the Partnership's revolving credit facility, the Partnership terminated all of its cash flow hedge agreements with an aggregate notional amount of \$140,000 which it had entered to hedge its exposure to increases in the benchmark interest rate underlying its variable rate revolving and term loan credit facilities. Termination fees of \$3,850 were paid on early extinguishment of all interest rate swap agreements in March 2010.

The Partnership recognized increases in interest expense of \$2,561 and \$1,923 for the three months ended March 31, 2010 and 2009, respectively, related to the difference between the fixed rate and the floating rate of interest on the interest rate swap and net cash settlement of interest rate hedges.

For information regarding gains and losses on interest rate derivative instruments and related hedged items, see *Tabular Presentation of Fair Value Amounts, and Gains and Losses on Derivative Instruments and Related Hedged Items* below.

***(d) Tabular Presentation of Fair Value Amounts, and Gains and Losses on Derivative Instruments and Related Hedged Items***

---	----------	--------

Amounts expected to be reclassified into earnings for the subsequent twelve-month period are losses of \$1,858 for interest rate cash flow hedges and gains of \$706 for commodity cash flow hedges.

**(7) Fair Value Measurements**

The Partnership provides disclosures pursuant to certain provisions of ASC 820, which provides a framework for measuring fair value and expanded disclosures about fair value measurements. ASC 820 applies to all assets and liabilities that are being measured and reported on a fair value basis. This statement enables the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value of each asset and liability carried at fair value into one of the following categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

Table of Contents

**MARTIN MIDSTREAM PARTNERS L.P.**  
**NOTES TO CONSOLIDATED AND CONDENSED FINANCIAL STATEMENTS**  
**(Dollars in thousands, except where otherwise indicated)**  
**March 31, 2010**  
**(Unaudited)**

The Partnership's derivative instruments, which consist of commodity and interest rate swaps, are required to be measured at fair value on a recurring basis. The fair value of the Partnership's derivative instruments is determined based on inputs that are readily available in public markets or can be derived from information available in publicly quoted markets, which is considered Level 2. Refer to Note 6 for further information on the Partnership's derivative instruments and hedging activities.

The following items are measured at fair value on a recurring basis subject to the disclosure requirements of ASC 820 at March 31, 2010:

Description	Fair Value Measurements at Reporting Date Using			
	March 31, 2010	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Assets</b>

ASC 825-10-65, related to disclosures about fair value of financial instruments, requires that the Partnership disclose estimated fair values for its financial instruments. Fair value estimates are set forth below for the Partnership's financial instruments. The following methods and assumptions were used to estimate the fair value of each class of financial instrument:

Accounts and other receivables, trade and other accounts payable, other accrued liabilities, income taxes payable and due from/to affiliates The carrying amounts approximate fair value because of the short maturity of these instruments.

Long-term debt including current installments The carrying amount of the revolving and term loan facilities approximates fair value due to the debt having a variable interest rate. The carrying value of the Notes described below approximate fair value due to the Notes being issued five days prior to the end of the current reporting period.

**(8) Related Party Transactions**

As of March 31, 2010 Martin Resource Management owns 6,703,823 of the Partnership's common units and 889,444 subordinated units collectively representing approximately 40.8% of the Partnership's outstanding limited partnership units. The Partnership's general partner is a wholly-owned subsidiary of Martin Resource Management. The Partnership's general partner owns a 2.0% general partner interest in the Partnership and the Partnership's incentive distribution rights. The Partnership's general partner's ability, as general partner, to manage and operate the Partnership, and Martin Resource Management's ownership as of March 31, 2010 of approximately 40.8% of the Partnership's outstanding limited partnership units, effectively gives Martin Resource Management the ability to veto some of the Partnership's actions and to control the Partnership's management.

The following is a description of the Partnership's material related party transactions:

*Omnibus Agreement.* The Partnership and its general partner are parties to an omnibus agreement with Martin Resource Management that governs, among other things, potential competition and indemnification obligations among the parties to the agreement, related party transactions, the provision of general administration and support

services by Martin Resource Management and the Partnership's use of certain of Martin Resource Management's trade names and trademarks. The omnibus agreement contains certain non-competition provisions applicable to Martin Resource Management as long as Martin Resource Management controls the Partnership's general partner. Under the omnibus agreement, Martin Resource Management provides the Partnership with corporate staff and support services that are substantially identical in nature and quality to the services previously provided by Martin Resource Management in connection with its management and operation of the Partnership's assets during the one-year period prior to the date of the agreement. The omnibus agreement requires the Partnership to reimburse Martin Resource Management for all direct expenses it incurs or payments it makes on the Partnership's behalf or in connection with the operation of its business. There is no monetary limitation on the

**Table of Contents**

**MARTIN MIDSTREAM PARTNERS L.P.**  
**NOTES TO CONSOLIDATED AND CONDENSED FINANCIAL STATEMENTS**  
**(Dollars in thousands, except where otherwise indicated)**  
**March 31, 2010**  
**(Unaudited)**

amount the Partnership is required to reimburse Martin Resource Management for direct expenses. In addition to the direct expenses, Martin Resource Management is entitled to reimbursement for a portion of indirect general and administrative and corporate overhead expenses.

Under the omnibus agreement, the Partnership is required to reimburse Martin Resource Management for indirect general and administrative and corporate overhead expenses. The amount of this reimbursement was capped at \$2,000 through November 1, 2007 when the cap expired. For the year ended December 31, 2009, the Conflicts Committee of the board of directors of the Partnership's general partner (the Conflicts Committee) approved reimbursement amounts of \$3,500, reflecting the Partnership's allocable share of such expenses. The Conflicts Committee will review and approve future adjustments in the reimbursement amount for indirect expenses, if any, annually. These indirect expenses cover all of the centralized corporate functions Martin Resource Management provides for the Partnership, such as accounting, treasury, clerical billing, information technology, administration of insurance, general office expenses and employee benefit plans and other general corporate overhead functions the Partnership shares with Martin Resource Management's retained businesses.

The provisions of the omnibus agreement regarding Martin Resource Management's services will terminate if Martin Resource Management ceases to control the Partnership's general partner. The omnibus agreement prohibits the Partnership from entering into any material agreement with Martin Resource Management without the prior approval of the Conflicts Committee. For purposes of the omnibus agreement, the term material agreements means any agreement between the Partnership and Martin Resource Management that requires aggregate annual payments in excess of the then-applicable limitation on the reimbursable amount of indirect general and administrative expenses. Under the omnibus agreement, Martin Resource Management has granted the Partnership a nontransferable, nonexclusive, royalty-free right and license to use certain of its trade names and marks, as well as the trade names and marks used by some of its affiliates. The omnibus agreement may be amended by written agreement of the parties; provided, however that it may not be amended without the approval of the Conflicts Committee if such amendment would adversely affect the Partnership's unitholders. The omnibus agreement, other than the indemnification provisions and the provisions limiting the amount for which the Partnership will reimburse Martin Resource Management for general and administrative services performed on behalf of the Partnership, will terminate if the Partnership is no longer an affiliate of Martin Resource Management.

*Motor Carrier Agreement.* The Partnership is a party to a motor carrier agreement effective January 1, 2006 with Martin Transport, Inc. (Martin Transport), a wholly owned subsidiary of Martin Resource Management through which Martin Resource Management operates its land transportation operations. This agreement replaced a prior agreement between the Partnership and Martin Transport for land transportation services. Under the agreement, Martin Transport agreed to ship the Partnership's NGL shipments as well as other liquid products. This agreement was amended in November 2006, January 2007, April 2007 and January 2008 to add additional point-to-point rates and to lower certain fuel and insurance surcharges being charged to the Partnership. The agreement has an initial term that expired in December 2007 but will continue to automatically renew for consecutive one-year periods unless either party terminates the agreement by giving written notice to the other party at least 30 days prior to the expiration of the then-applicable term. The Partnership has the right to terminate this agreement at any time by providing 90 days prior notice. The Partnership's shipping rates were fixed for the first year of the agreement, subject to certain cost adjustments. These rates are subject to any adjustment to which the parties mutually agree or in accordance with a price index. Additionally, during the term of the agreement, shipping charges are also subject to fuel surcharges determined on a weekly basis in accordance with the U.S. Department of Energy's national diesel price list. Under this agreement, Martin Transport has indemnified the Partnership against all claims arising out of the negligence or willful misconduct of Martin Transport and its officers, employees, agents, representatives and subcontractors. The Partnership indemnified Martin Transport against all claims arising out of the negligence or willful misconduct of the

Partnership and its officers, employees, agents, representatives and subcontractors. In the event a claim is the result of the joint negligence or misconduct of Martin Transport and the Partnership, indemnification obligations will be shared in proportion to each party's allocable share of such joint negligence or misconduct.

*Marine Transportation Agreement.* The Partnership is a party to a marine transportation agreement effective January 1, 2006, which was amended January 1, 2007, under which it provides marine transportation services to Martin Resource Management on a spot-contract basis at applicable market rates. This agreement replaced a prior agreement between the Partnership and Martin Resource Management covering marine

**March 31, 2010**  
**(Unaudited)**

transportation services which expired November 2005. Effective each January 1, this agreement automatically renews for consecutive one-year periods unless either party terminates the agreement by giving written notice to the other party at least 60 days prior to the expiration of the then-applicable term. The fees the Partnership charges Martin Resource Management are based on applicable market rates.

*Product Storage Agreement.* The Partnership is a party to a product storage agreement with Martin Resource Management under which it leases storage space at Martin Resource Management's underground storage facility located in Arcadia, Louisiana. Effective each November 1, this agreement automatically renews for consecutive one-year periods unless either party terminates the agreement by giving written notice to the other party at least 30 days prior to the expiration of the then-applicable term. The Partnership's per-unit cost under this agreement may be adjusted annually based on a price index. The Partnership indemnified Martin Resource Management from any damages resulting from the Partnership's delivery of products that are contaminated or otherwise fail to conform to the product specifications established in the agreement, as well as any damages resulting from its transportation, storage, use or handling of products.

*Marine Fuel.* The Partnership is a party to an agreement with Martin Resource Management under which Martin Resource Management provides it with marine fuel at its docks located in Mobile, Alabama, Theodore, Alabama, Pascagoula, Mississippi and Tampa, Florida. The Partnership agreed to purchase all of its marine fuel requirements that occur in the areas serviced by these docks under this agreement. Martin Resource Management provides fuel at an established margin above its cost on a spot-contract basis. Each January 1, this agreement automatically renews for consecutive one-year periods unless either party terminates the agreement by giving written notice to the other party at least 30 days prior to the expiration of the then-applicable term. This agreement provides the Partnership with marine fuel from its locations in the Gulf of Mexico at a fixed rate over the Platt's U.S. Gulf Coast Index for #2 Fuel Oil.

*Purchaser Use Easement, Ingress-Egress Easement and Utility Facilities Easement.* The Partnership entered into a Purchaser Use Easement, Ingress-Egress Easement and Utility Facilities Easement with Martin Resource Management under which it has complete, non-exclusive access to, and use of, all marine terminal facilities, all loading and unloading facilities for vessels, barges and trucks and other common use facilities located at the Stanolind terminal. This easement has a perpetual duration. The Partnership did not incur any expenses, costs or other financial obligations under the easement. Martin Resource Management is obligated to maintain and repair all common use areas and facilities located at this terminal. The Partnership shares the use of these common use areas and facilities only with Martin Resource Management who also have tanks located at the Stanolind facility.

*Terminal Services Agreements.* The Partnership entered into terminal services agreements under which it provides terminalling services to Martin Resource Management. These agreements automatically renew on a month-to-month basis until either party terminates the agreements by giving written notice to the other party at least 60 days prior to the expiration of the then-applicable term. The per gallon throughput fee that the Partnership charges under these agreements may be adjusted annually based on a price index.

*Specialty Terminal Services Agreement.* The Partnership entered into an agreement under which Martin Resource Management provides certain specialty terminal services to it. Effective each November 1, this agreement automatically renews for consecutive one-year periods unless either party terminates the agreement by giving written notice to the other party at least 30 days prior to the expiration of the then-applicable term. The fees the Partnership charges under this agreement may be adjusted annually based on a price index.

*Lubricants and Drilling Fluids Terminal Services Agreement.* The Partnership is a party to a Lubricants and Drilling Fluids Terminal Services Agreement under which Martin Resource Management provides terminal services to the Partnership. This agreement only applies to drilling fluids as the Partnership sold its lubricants business at its marine shore based terminals, including inventory, to Martin Resource Management. Effective each January 1 this

agreement, which was amended in July 2004, automatically renews for successive one-year terms until either party terminates the agreement by giving written notice to the other party at least 60 days prior to the end of the then-applicable term. The per gallon handling fee and the percentage of the Partnership's commissions it is charged under this agreement may be adjusted annually based on a price index.

**(Unaudited)**

*Cross Terminalling Agreement.* The Partnership is party to the Cross Terminalling Agreement under which it provides terminalling services to Cross. This agreement expired on October 27, 2008 and the Partnership entered into a new five-year agreement which expires October 31, 2013. The per gallon throughput fee the Partnership charges under this agreement may be adjusted during each year of the agreement.

*Cross Tolling Agreement.* The Partnership is a party to a long-term, fee for services-based Tolling Agreement with Cross whereby Martin Resource Management pays the Partnership for the processing of its crude oil into finished products, including naphthenic lubricants, distillates, asphalt and other intermediate cuts. Under this Tolling Agreement, Martin Resource Management agreed to refine a minimum of 6,500 barrels per day of crude oil at the refinery at a price of \$4.00 per barrel. Any additional barrels are refined at a price of \$4.28 per barrel. In addition, Martin Resource Management agreed to pay a monthly reservation fee of \$1,300 and a periodic fuel surcharge fee based on certain parameters specified in the Tolling Agreement. All of these fees (other than the fuel surcharge) are subject to escalation annually based upon the greater of 3% or the increase in the Consumer Price Index for a specified annual period. In addition, every three years, the parties can negotiate an upward or downward adjustment in the fees subject to their mutual agreement. The Tolling Agreement has a 12-year term, subject to certain termination rights specified therein.

*Sulfuric Acid Sales Agency Agreement.* The Partnership is party to a Sulfuric Acid Sales Agency Agreement under which Martin Resource Management purchases and markets the sulfuric acid produced by the Partnership's sulfuric acid production plant at Plainview, Texas, and which is not consumed by the Partnership's internal operations. This agreement, which was amended and restated in August 2008 and further amended in July 2009, will remain in place until the Partnership terminates it by providing 180 days' written notice. Under this agreement, the Partnership sells all of its excess sulfuric acid to Martin Resource Management. Martin Resource Management then markets such acid to third-parties and the Partnership shares in the profit of Martin Resource Management's sales of the excess acid to such third-parties.

*Waskom Agreements.* The Partnership is a party to a product purchase agreement and a gas processing agreement and a liquids fractionation and treating agreement with Waskom whereby the Partnership purchases product from and supplies product to Waskom. These intercompany transactions totaled approximately \$15,776 for the quarter ended March 31, 2010. In addition, the Partnership, through Prism Gas, provides certain administrative services for Waskom pursuant to Waskom's partnership agreement.

*Miscellaneous Agreements.* From time to time the Partnership enters into other miscellaneous agreements with Martin Resource Management for the provision of other services or the purchase of other goods.

The tables below summarize the related party transactions that are included in the related financial statement captions on the face of the Partnership's Consolidated Statements of Operations. The revenues, costs and expenses reflected in these tables are tabulations of the related party transactions that are recorded in the corresponding caption of the consolidated financial statement and do not reflect a statement of profits and losses for related party transactions.

The impact of related party revenues from sales of products and services is reflected in the consolidated financial statement as follows:

	<b>Three Months Ended March</b>	
	<b>2010</b>	<b>2009</b>
Revenues:		
Terminalling and storage	\$ 10,694	\$ 3,926
Marine transportation	6,060	4,900

Product sales:		
Natural gas services	61	127
Sulfur services	186	1,529
Terminalling and storage	60	11
	307	1,667
	\$ 17,061	\$ 10,493

**(Unaudited)**

The impact of related party cost of products sold is reflected in the consolidated financial statement as follows:

Costs and expenses:		
Cost of products sold:		
Natural gas services	\$ 18,706	\$ 11,011
Sulfur services	3,317	2,905
Terminalling and storage	877	205
	\$ 22,900	\$ 14,121

The impact of related party operating expenses is reflected in the consolidated financial statement as follows:

Operating expenses		
Terminalling and storage	\$ 3,041	\$ 2,945
Natural gas services	332	441
Sulfur services	1,016	924
Marine Transportation	6,244	4,690
	\$ 10,633	\$ 9,000

The impact of related party selling, general and administrative expenses is reflected in the consolidated financial statement as follows:

Selling, general and administrative:		
Natural gas services	\$ 269	\$ 204
Sulfur services	617	534
Indirect overhead allocation, net of reimbursement	916	875
	\$ 1,802	\$ 1,613

The amount of related party interest expense reflected in the Consolidated Statement of Operations is \$0 and \$171 for the three months ending March 31, 2010 and 2009, respectively.

**(9) Business Segments**

The Partnership has four reportable segments: terminalling and storage, natural gas services, sulfur services and marine transportation. The Partnership's reportable segments are strategic business units that offer different products and services. The operating income of these segments is reviewed by the chief operating decision maker to assess performance and make business decisions.

The accounting policies of the operating segments are the same as those described in Note 2 in the Partnership's annual report on Form 10-K for the year ended December 31, 2009 filed with the SEC on March 4, 2010. The Partnership evaluates the performance of its reportable segments based on operating income. There is no allocation of administrative expenses or interest expense.

Less current installments	116	111
Long-term debt and capital lease obligations, net of current installments	\$ 293,339	\$ 304,372

\* Interest rate fluctuates based on the LIBOR rate plus an applicable margin set on the date of each advance. The margin above LIBOR is set every three months. Indebtedness under the credit facility bears interest at LIBOR plus an applicable margin or the base prime rate plus an applicable margin. The applicable margin for revolving loans that are LIBOR

loans ranges from 3.00% to 4.25% and the applicable margin for revolving loans that are base prime rate loans ranges from 2.00% to 3.25%. The applicable margin for existing LIBOR borrowings is 4.00%. Effective April 1, 2010, the applicable margin for existing LIBOR borrowings will remain at 4.00%. As a result of the Partnership's leverage ratio test as of March 31, 2010, effective July 1, 2010, the applicable margin for existing LIBOR borrowings will decrease to 3.50% under the current credit facility.

\*\* Effective October 2008, the Partnership entered into a cash flow hedge that swapped \$40,000 of floating rate to fixed rate. The fixed rate cost was 2.820% plus the Partnership's applicable LIBOR borrowing

spread. Effective April 2009, the Partnership entered into two subsequent swaps to lower its effective fixed rate to 2.580% plus the Partnership's applicable LIBOR borrowing spread. These cash flow hedges were scheduled to mature in October 2010, but were terminated in March 2010.

\*\* Effective January 2008, the Partnership entered into a cash flow hedge that swapped \$25,000 of floating rate to fixed rate. The fixed rate cost was 3.400% plus the Partnership's applicable LIBOR borrowing spread. Effective April 2009, the Partnership entered into two subsequent swaps to lower its effective fixed rate to 3.050% plus the Partnership's applicable LIBOR borrowing spread. These

cash flow hedges  
matured in  
January 2010.

\*\* Effective  
September 2007,  
the Partnership  
entered into a  
cash flow hedge  
that swapped  
\$25,000 of  
floating rate to  
fixed rate. The  
fixed rate cost  
was 4.605% plus  
the Partnership's  
applicable  
LIBOR  
borrowing  
spread. Effective  
March 2009, the  
Partnership  
entered into two  
subsequent  
swaps to lower  
its effective fixed  
rate to 4.305%  
plus the  
Partnership's  
applicable  
LIBOR  
borrowing  
spread. These  
cash flow hedges  
were scheduled  
to mature in  
September 2010,  
but were  
terminated in  
March 2010.

\*\* Effective  
November 2006,  
the Partnership  
entered into an  
interest rate swap  
that swapped  
\$30,000 of  
floating rate to  
fixed rate. The  
fixed rate cost

was 4.765% plus the Partnership's applicable LIBOR borrowing spread. This cash flow hedge matured in March 2010.

\*\* Effective March 2006, the Partnership entered into a cash flow hedge that swapped \$75,000 of floating rate to fixed rate. The fixed rate cost was 5.25% plus the Partnership's applicable LIBOR borrowing spread. Effective February 2009, the Partnership entered into two subsequent swaps to lower its effective fixed rate to 5.10% plus the Partnership's applicable LIBOR borrowing spread. These cash flow hedges were scheduled to mature in November 2010, but were terminated in March 2010.

**(a) Senior Notes**

In March 2010, the Partnership and Martin Midstream Finance Corp. ( "FinCo" ), a subsidiary of the Partnership (collectively, the "Issuers" ), entered into (i) a Purchase Agreement, dated as of March 23, 2010 (the "Purchase Agreement" ), by and among the Issuers, certain subsidiary guarantors (the "Guarantors" ) and Wells Fargo Securities, LLC, RBC Capital Markets Corporation and UBS Securities LLC, as representatives of a group of initial purchasers

(collectively, the Initial Purchasers ), (ii) an Indenture, dated as of March 26, 2010 (the Indenture ), among the Issuers, the Guarantors and Wells Fargo Bank, National Association, as trustee (the

**Table of Contents**

**NOTES TO CONSOLIDATED AND CONDENSED FINANCIAL STATEMENTS**  
**(Dollars in thousands, except where otherwise indicated)**  
**March 31, 2010**  
**(Unaudited)**

Trustee ) and (iii) a Registration Rights Agreement, dated as of March 26, 2010 (the Registration Rights Agreement ), among the Issuers, the Guarantors and the Initial Purchasers, in connection with a private placement to eligible purchasers of \$200,000 in aggregate principal amount of the Issuers' 8.875% senior unsecured notes due 2018 (the Notes ). We completed the aforementioned Notes offering on March 26, 2010 and received proceeds of approximately \$197,200, after deducting initial purchasers' discounts and the expenses of the private placement. The proceeds were primarily used to repay borrowings under our revolving credit facility.

*Purchase Agreement.* Under the Purchase Agreement, the Issuers agreed to sell the Notes. The Notes were not registered under the Securities Act of 1933, as amended (the Securities Act ), or any state securities laws, and unless so registered, the Notes may not be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. The Issuers offered and issued the Notes only to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to persons outside the United States pursuant to Regulation S.

The Purchase Agreement contained customary representations and warranties of the parties and indemnification and contribution provisions under which the Issuers and the Guarantors, on one hand, and the Initial Purchasers, on the other, agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act. The Issuers also agreed not to issue certain debt securities for a period of 60 days after March 23, 2010 without the prior written consent of Wells Fargo Securities.

*Indenture.*

*Interest and Maturity.* On March 26, 2010, the Issuers issued the Notes pursuant to the Indenture in a transaction exempt from registration requirements under the Securities Act. The Notes were resold to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to persons outside the United States pursuant to Regulation S under the Securities Act. The Notes will mature on April 1, 2018. The interest payment dates are April 1 and October 1, beginning on October 1, 2010.

*Optional Redemption.* Prior to April 1, 2013, the Issuers have the option on any one or more occasions to redeem up to 35% of the aggregate principal amount of the Notes issued under the Indenture at a redemption price of 108.875% of the principal amount, plus accrued and unpaid interest, if any, to the redemption date of the Notes with the proceeds of certain equity offerings. Prior to April 1, 2014, the Issuers may on any one or more occasions redeem all or a part of the Notes at the redemption price equal to the sum of (i) the principal amount thereof, plus (ii) a make whole premium at the redemption date, plus accrued and unpaid interest, if any, to the redemption date. On or after April 1, 2014, the Issuers may on any one or more occasions redeem all or a part of the Notes at redemption prices (expressed as percentages of principal amount) equal to 104.438% for the twelve-month period beginning on April 1, 2014, 102.219% for the twelve-month period beginning on April 1, 2015 and 100.00% for the twelve-month period beginning on April 1, 2016 and at any time thereafter, plus accrued and unpaid interest, if any, to the applicable redemption date on the Notes.

*Certain Covenants.* The Indenture restricts the Partnership's ability and the ability of certain of its subsidiaries to: (i) sell assets including equity interests in its subsidiaries; (ii) pay distributions on, redeem or repurchase its units or redeem or repurchase its subordinated debt; (iii) make investments; (iv) incur or guarantee additional indebtedness or issue preferred units; (v) create or incur certain liens; (vi) enter into agreements that restrict distributions or other payments from its restricted subsidiaries to us; (vii) consolidate, merge or transfer all or substantially all of its assets; (viii) engage in transactions with affiliates; (ix) create unrestricted subsidiaries; (x) enter into sale and leaseback transactions or (xi) engage in certain business activities. These covenants are subject to a number of important exceptions and qualifications. If the Notes achieve an investment grade rating from each of Moody's Investors Service, Inc. and Standard & Poor's Ratings Services and no Default (as defined in the Indenture) has occurred and is continuing, many of these covenants will terminate.

Events of Default. The Indenture provides that each of the following is an Event of Default: (i) default for 30 days in the payment when due of interest on the Notes; (ii) default in payment when due of the principal of, or premium, if any, on the Notes; (iii) failure by the Partnership to comply with certain covenants relating to asset sales, repurchases of the Notes upon a change of control and mergers or consolidations; (iv) failure by the Partnership for 180 days after notice to comply with its reporting obligations under the Securities Exchange Act of

Table of Contents

**MARTIN MIDSTREAM PARTNERS L.P.**

**March 31, 2010**  
**(Unaudited)**

1934; (v) failure by the Partnership for 60 days after notice to comply with any of the other agreements in the Indenture; (vi) default under any mortgage, indenture or instrument governing any indebtedness for money borrowed or guaranteed by the Partnership or any of its restricted subsidiaries, whether such indebtedness or guarantee now exists or is created after the date of the Indenture, if such default: (a) is caused by a payment default; or (b) results in the acceleration of such indebtedness prior to its stated maturity, and, in each case, the principal amount of the indebtedness, together with the principal amount of any other such indebtedness under which there has been a payment default or acceleration of maturity, aggregates \$20,000 or more, subject to a cure provision; (vii) failure by the Partnership or any of its restricted subsidiaries to pay final judgments aggregating in excess of \$20,000, which judgments are not paid, discharged or stayed for a period of 60 days; (viii) except as permitted by the Indenture, any subsidiary guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force or effect, or any Guarantor, or any person acting on behalf of any Guarantor, denies or disaffirms its obligations under its subsidiary guarantee and (ix) certain events of bankruptcy, insolvency or reorganization described in the Indenture with respect to the Issuers or any of the Partnership's restricted subsidiaries that is a significant subsidiary or any group of restricted subsidiaries that, taken together, would constitute a significant subsidiary of the Partnership. Upon a continuing Event of Default, the Trustee, by notice to the Issuers, or the holders of at least 25% in principal amount of the then outstanding Notes, by notice to the Issuers and the Trustee, may declare the Notes immediately due and payable, except that an Event of Default resulting from entry into a bankruptcy, insolvency or reorganization with respect to the Issuers, any restricted subsidiary of the Partnership that is a significant subsidiary or any group of its restricted subsidiaries that, taken together, would constitute a significant subsidiary of the Partnership, will automatically cause the Notes to become due and payable.

*Registration Rights Agreement.* Under the Registration Rights Agreement, the Issuers and the Guarantors must cause to be filed with the SEC, a registration statement with respect to an offer to exchange the Notes for substantially identical notes that are registered under the Securities Act. The Issuers and the Guarantors must use their commercially reasonable efforts to cause such exchange offer registration statement to become effective under the Securities Act. In addition, the Issuers and the Guarantors must use their commercially reasonable efforts to cause the exchange offer to be consummated not later than 270 days after March 26, 2010. Under some circumstances, in lieu of, or in addition to, a registered exchange offer, the Issuers and the Guarantors have agreed to file a shelf registration statement with respect to the Notes. The Issuers and the Guarantors are required to pay additional interest if they fail to comply with their obligations to register the Notes under the Registration Rights Agreement.

**(b) Credit Facility**

On November 10, 2005, the Partnership entered into a \$225,000 multi-bank credit facility comprised of a \$130,000 term loan facility and a \$95,000 revolving credit facility, which included a \$20,000 letter of credit sub-limit. Effective June 30, 2006, the Partnership increased its revolving credit facility by \$25,000, resulting in a committed \$120,000 revolving credit facility. Effective December 28, 2007, the Partnership increased its revolving credit facility by \$75,000, resulting in a committed \$195,000 revolving credit facility. Effective December 21, 2009, (i) the Partnership increased its revolving credit facility by approximately \$72,722, resulting in a committed \$267,722 revolving credit facility and (ii) decreased its term loan facility by approximately \$62,051, resulting in a \$67,949 term loan facility. Effective January 14, 2010, the Partnership modified its revolving credit facility to (i) permit investment up to \$25,000 in joint ventures and (ii) limit its ability to make capital expenditures. Effective February 25, 2010, the Partnership increased the maximum amount of borrowings and letters of credit available under its credit facility from approximately \$335,671 to \$350,000. Effective March 26, 2010, the Partnership's credit facility was amended to (i) decrease the size of its aggregate facility from \$350,000 to \$275,000, (ii) convert all term loans to revolving loans, (iii) extend the maturity date from November 9, 2012 to March 15, 2013, (iv) permit the Partnership to invest up to \$40,000 in its joint ventures, (v) eliminate the covenant that limits its ability to make capital expenditures,

(vi) decrease the applicable interest rate margin on committed revolver loans, (vii) limit its ability to make future acquisitions and (viii) adjust the financial covenants.

Under the amended and restated credit facility, as of March 31, 2010, the Partnership had \$90,000 outstanding under the revolving credit facility. As of March 31, 2010, irrevocable letters of credit issued under the Partnership's credit facility totaled \$2,120.

**Table of Contents**

**MARTIN MIDSTREAM PARTNERS L.P.**  
**NOTES TO CONSOLIDATED AND CONDENSED FINANCIAL STATEMENTS**  
**(Dollars in thousands, except where otherwise indicated)**  
**March 31, 2010**  
**(Unaudited)**

As of March 31, 2010, the Partnership had \$182,880 available under its revolving credit facility. The revolving credit facility is used for ongoing working capital needs and general partnership purposes, and to finance permitted investments, acquisitions and capital expenditures. During the current fiscal year, draws on the Partnership's credit facility ranged from a low of \$82,000 to a high of \$324,500.

The Partnership's obligations under the credit facility are secured by substantially all of the Partnership's assets, including, without limitation, inventory, accounts receivable, vessels, equipment, fixed assets and the interests in its operating subsidiaries and equity method investees. The Partnership may prepay all amounts outstanding under this facility at any time without penalty.

In addition, the credit facility contains various covenants, which, among other things, limit the Partnership's ability to: (i) incur indebtedness; (ii) grant certain liens; (iii) merge or consolidate unless it is the survivor; (iv) sell all or substantially all of its assets; (v) make certain acquisitions; (vi) make certain investments; (vii) make certain capital expenditures; (viii) make distributions other than from available cash; (ix) create obligations for some lease payments; (x) engage in transactions with affiliates; (xi) engage in other types of business and (xii) incur indebtedness or grant certain liens through its joint ventures.

The credit facility includes financial covenants that are tested on a quarterly basis, based on the rolling four-quarter period that ends on the last day of each fiscal quarter. Prior to the Partnership's or any of its subsidiaries issuance of \$100,000 or more of unsecured indebtedness, the maximum permitted leverage ratio is 4.00 to 1.00. After the Partnership or any of its subsidiaries' issuance of \$100,000 or more of unsecured indebtedness, the maximum permitted leverage ratio is 4.50 to 1.00. After the Partnership or any of its subsidiaries' issuance of \$100,000 or more of unsecured indebtedness, the maximum permitted senior leverage ratio (as defined in the new credit facility, but generally computed as the ratio of total secured funded debt to consolidated earnings before interest, taxes, depreciation, amortization and certain other non-cash charges) is 2.75 to 1.00. The minimum consolidated interest coverage ratio (as defined in the new credit facility, but generally computed as the ratio of consolidated earnings before interest, taxes, depreciation, amortization and certain other non-cash charges to consolidated interest charges) is 3.00 to 1.00. The Partnership was in compliance with the covenants contained in the credit facility as of March 31, 2010.

The credit facility also contains certain default provisions relating to Martin Resource Management. If Martin Resource Management no longer controls the Partnership's general partner, or if neither Ruben Martin nor Scott Martin is the chief executive officer of our general partner and a successor acceptable to the administrative agent and lenders providing more than 50% of the commitments under our credit facility is not appointed, the lenders under the Partnership's credit facility may declare all amounts outstanding thereunder immediately due and payable. In addition, an event of default by Martin Resource Management under its credit facility could independently result in an event of default under the Partnership's credit facility if it is deemed to have a material adverse effect on the Partnership. Any event of default and corresponding acceleration of outstanding balances under the Partnership's credit facility could require the Partnership to refinance such indebtedness on unfavorable terms and would have a material adverse effect on the Partnership's financial condition and results of operations as well as its ability to make distributions to unitholders.

The Partnership is required to make certain prepayments under the credit facility. If the Partnership receives greater than \$15,000 from the incurrence of indebtedness other than under the credit facility, it must prepay indebtedness under the credit facility with all such proceeds in excess of \$15,000. The Partnership must prepay revolving loans under the credit facility with the net cash proceeds from any issuance of its equity. The Partnership must also prepay indebtedness under the credit facility with the proceeds of certain asset dispositions. Other than these mandatory prepayments, the credit facility requires interest only payments on a quarterly basis until maturity. All outstanding principal and unpaid interest must be paid by March 15, 2013. The credit facility contains customary

events of default, including, without limitation, payment defaults, cross-defaults to other material indebtedness, bankruptcy-related defaults, change of control defaults and litigation-related defaults.

The Partnership paid cash interest in the amount of \$9,729 and \$4,925 for the three months ended March 31, 2010 and 2009, respectively. Capitalized interest was \$25 and \$168 for the three months ended March 31, 2010 and 2009, respectively. In March 2010, the Partnership terminated all of its interest rate swaps resulting in termination fees of \$3,850.

**Table of Contents**

**NOTES TO CONSOLIDATED AND CONDENSED FINANCIAL STATEMENTS**  
**(Dollars in thousands, except where otherwise indicated)**  
**March 31, 2010**  
**(Unaudited)**

**(11) Equity Offering**

On February 8, 2010, the Partnership completed a public offering of 1,650,000 common units at a price of \$32.35 per common unit, before the payment of underwriters' discounts, commissions and offering expenses (per unit value is in dollars, not thousands). In connection with the public offering of units, on February 3, 2010, the Partnership entered into an underwriting agreement with UBS Securities LLC, RBC Capital Markets Corporation and Wells Fargo Securities, LLC, as representatives for the several underwriters parties thereto. The common units sold in the offering were registered under the Securities Act pursuant to the Partnership's existing shelf registration statement. Following this offering, the common units represented a 93.3% limited partnership interest in the Partnership. Total proceeds from the sale of the 1,650,000 common units, net of underwriters' discounts, commissions and offering expenses were \$50,530. The Partnership's general partner contributed \$1,089 in cash to the Partnership in conjunction with the issuance in order to maintain its 2% general partner interest in the Partnership. On February 8, 2010, the Partnership used \$45,000 of the proceeds to reduce the outstanding balance under its revolving credit facility.

**(12) Income Taxes**

The operations of a partnership are generally not subject to income taxes, except as discussed below, because its income is taxed directly to its partners. Effective January 1, 2007, the Partnership is subject to the Texas margin tax as described below. Woodlawn is subject to income taxes due to its corporate structure. A current federal income tax benefit of \$0 and \$289 and a current state income tax expense of \$5 and \$5, related to the operation of the subsidiary, were recorded for the three months ended March 31, 2010 and 2009, respectively. In connection with the Woodlawn acquisition, the Partnership also established deferred income taxes of \$8,964 associated with book and tax basis differences of the acquired assets and liabilities. The basis differences are primarily related to property, plant and equipment.

A deferred tax benefit related to the Woodlawn and Cross basis differences of \$147 and \$66 was recorded for the three months ended March 31, 2010 and 2009, respectively. A deferred tax liability of \$8,481 and \$8,628 related to the basis differences existed at March 31, 2010 and December 31, 2009, respectively.

The activities of the assets acquired from Cross prior to the acquisition by the Partnership were subject to federal and state income taxes. Accordingly, income taxes have been included in the Cross assets operating results for the three months ended March 31, 2009. A current federal tax expense of \$166 related to the Cross assets was recorded for the three months ended March 31, 2009.

In 2006, the Texas Governor signed into law a Texas margin tax (H.B. No. 3) which restructures the state business tax by replacing the taxable capital and earned surplus components of the current franchise tax with a new taxable margin component. Since the tax base on the Texas margin tax is derived from an income-based measure, the margin tax is construed as an income tax and, therefore, the recognition of deferred taxes applies to the new margin tax. The impact on deferred taxes as a result of this provision is immaterial. State income taxes attributable to the Texas margin tax of \$172 and \$188 were recorded in current income tax expense for the three months ended March 31, 2010 and 2009, respectively.

An income tax receivable of \$760 (which is included in other current assets) existed at both March 31, 2010 and December 31, 2009.

The components of income tax expense (benefit) from operations recorded for the three months ended March 31, 2010 and 2009 are as follows:

**(13) Commitments and Contingencies**

As a result of a routine inspection by the U.S. Coast Guard of the Partnership's tug Martin Explorer at the Freeport Sulfur Dock Terminal in Tampa, Florida, the Partnership has been informed that an investigation has been commenced concerning a possible violation of the Act to Prevent Pollution from Ships, 33 USC 1901, et. seq., and the MARPOL Protocol 73/78. In connection with this matter, two employees of Martin Resource Management who provide services to the Partnership were served with grand jury subpoenas during the fourth quarter of 2007. The Partnership is cooperating with the investigation and, as of the date of this report, no formal charges, fines and/or penalties have been asserted against the Partnership.

In addition to the foregoing, from time to time, the Partnership is subject to various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Partnership.

On May 2, 2008, the Partnership received a copy of a petition filed in the District Court of Gregg County, Texas (the Court) by Scott D. Martin (the Plaintiff) against Ruben S. Martin, III (the Defendant) with respect to certain matters relating to Martin Resource Management. The Defendant is an executive officer of Martin Resource Management, the Plaintiff and the Defendant are executive officers of the Partnership's general partner, the Defendant is a director of both Martin Resource Management and the Partnership's general partner, and the Plaintiff is a director of Martin Resource Management. The lawsuit alleged that the Defendant breached a settlement agreement with the Plaintiff concerning certain Martin Resource Management matters and that the Defendant breached fiduciary duties allegedly owed to the Plaintiff in connection with their respective ownership and other positions with Martin Resource Management. Prior to the trial of this lawsuit, the Plaintiff dropped his claims against the Defendant relating to the breach of fiduciary duty allegations. The Partnership is not a party to the lawsuit and the lawsuit does not assert any claims (i) against the Partnership, (ii) concerning the Partnership's governance or operations or (iii) against the Defendant with respect to his service as an officer or director of the Partnership's general partner.

In May 2009, the lawsuit went to trial and on June 18, 2009, the Court entered a judgment (the Judgment) with respect to the lawsuit as further described below. In connection with the Judgment, the Defendant has advised us that he has filed a motion for new trial, a motion for judgment notwithstanding the verdict and a notice of appeal. In addition, on June 22, 2009, the Plaintiff filed a notice of appeal with the Court indicating his intent to appeal the Judgment. The Defendant has further advised the Partnership that on June 30, 2009 he posted a cash deposit in lieu of a bond and the judge has ruled that as a result of such deposit, the enforcement of any of the provisions in the Judgment is stayed until the matter is resolved on appeal. Accordingly, during the pendency of the appeal process, no change in the makeup of the Martin Resource Management board of directors is expected.

The Judgment awarded the Plaintiff monetary damages in the approximate amount of \$3,200, attorney's fees of approximately \$1,600 and interest. In addition, the Judgment grants specific performance and provides that the Defendant is to (i) transfer one share of his Martin Resource Management common stock to the Plaintiff, (ii) take such actions, including the voting of any Martin Resource Management shares which the Defendant owns, controls or otherwise has the power to vote, as are necessary to change the composition of the board of directors of Martin Resource Management from a five-person board, currently consisting of the Defendant and the Plaintiff as well as Wes Skelton, Don Neumeyer and Bob Bondurant (executive officers of Martin Resource Management and the general partner of the Partnership), to a four-person board to consist of the Defendant and his designee and the Plaintiff and his designee and (iii) take such actions as are necessary to change the trustees of the Martin Resource Management Employee Stock Ownership Trust (the MPMC ESOP Trust), currently consisting of the Defendant, the Plaintiff and Wes Skelton, to just the Defendant and the Plaintiff. The Judgment is directed solely at the Defendant and is not binding on any other officer, director or shareholder of Martin Resource Management or any

**Table of Contents**

**(Unaudited)**

trustee of a trust owning Martin Resource Management shares. The Judgment with respect to (ii) above terminated on February 17, 2010, and with respect to (iii) above on the 30th day after the election by the Martin Resource Management shareholders of the first successor Martin Resource Management board after February 17, 2010. However, any enforcement of the Judgment is stayed pending resolution of the appeal relating to it.

On September 5, 2008, the Plaintiff and one of his affiliated partnerships (the SDM Plaintiffs), on behalf of themselves and derivatively on behalf of Martin Resource Management, filed suit in a Harris County, Texas district court against Martin Resource Management, the Defendant, Robert Bondurant, Donald R. Neumeyer and Wesley Skelton, in their capacities as directors of Martin Resource Management (the MRMC Director Defendants), as well as 35 other officers and employees of Martin Resource Management (the Other MRMC Defendants). In addition to their respective positions with Martin Resource Management, Robert Bondurant, Donald Neumeyer and Wesley Skelton are officers of the Partnership's general partner. The Partnership is not a party to this lawsuit, and it does not assert any claims (i) against the Partnership, (ii) concerning the Partnership's governance or operations or (iii) against the MRMC Director Defendants or other MRMC Defendants with respect to their service to the Partnership.

The SDM Plaintiffs allege, among other things, that the MRMC Director Defendants have breached their fiduciary duties owed to Martin Resource Management and the SDM Plaintiffs, entrenched their control of Martin Resource Management and diluted the ownership position of the SDM Plaintiffs and certain other minority shareholders in Martin Resource Management, and engaged in acts of unjust enrichment, excessive compensation, waste, fraud and conspiracy with respect to Martin Resource Management. The SDM Plaintiffs seek, among other things, to rescind the June 2008 issuance by Martin Resource Management of shares of its common stock under its 2007 Long-Term Incentive Plan to the Other MRMC Defendants, remove the MRMC Director Defendants as officers and directors of Martin Resource Management, prohibit the Defendant, Wesley Skelton and Robert Bondurant from serving as trustees of the MRMC Employee Stock Ownership Plan, and place all of the Martin Resource Management common shares owned or controlled by the Defendant in a constructive trust that prohibits him from voting those shares. The SDM Plaintiffs have amended their Petition to eliminate their claims regarding rescission of the issue by Martin Resource Management of shares of its common stock to the MRMC Employee Stock Ownership Plan. The case was abated in July 2009 during the pendency of a mandamus proceeding in the Texas Supreme Court. The Supreme Court denied mandamus relief on November 20, 2009. As of May 4, 2010, no further action has been taken at the trial court level in this matter.

The lawsuits described above are in addition to (i) a separate lawsuit filed in July 2008 in a Gregg County, Texas district court by the daughters of the Defendant against the Plaintiff, both individually and in his capacity as trustee of the Ruben S. Martin, III Dynasty Trust, which suit alleges, among other things, that the Plaintiff has engaged in self-dealing in his capacity as a trustee under the trust, which holds shares of Martin Resource Management common stock, and has breached his fiduciary duties owed to the plaintiffs, and who are beneficiaries of such trust, and (ii) a separate lawsuit filed in October 2008 in the United States District Court for the Eastern District of Texas by Angela Jones Alexander against the Defendant and Karen Yost in their capacities as a former trustee and a trustee, respectively, of the R.S. Martin Jr. Children Trust No. One (f/b/o Angela Santi Jones), which holds shares of Martin Resource Management common stock, which suit alleges, among other things that the Defendant and Karen Yost breached fiduciary duties owed to the plaintiff, who is the beneficiary of such trust, and seeks to remove Karen Yost as the trustee of such trust. With respect to the lawsuit described in (i) above, the Partnership has been informed that the Plaintiff has resigned as a trustee of the Ruben S. Martin, III Dynasty Trust. With respect to the lawsuit described in (ii) above, Angela Jones Alexander has amended her claims to include her grandmother, Margaret Martin, as a defendant. With respect to the lawsuit referenced in (i) above, the case was tried in October 2009 and the jury returned a verdict in favor of the Defendant's daughters against the Plaintiff in the amount of \$4,900. On December 22, 2009, the court entered a judgment, reflecting an amount consistent with the verdict and additionally

awarded attorneys' fees and interest. On January 7, 2010, the court modified its original judgment and awarded the Defendant's daughters approximately \$2,700 in damages, including interest and attorneys' fees. The Plaintiff has appealed the judgment.

On September 24, 2008, Martin Resource Management removed Plaintiff as a director of the general partner of the Partnership. Such action was taken as a result of the collective effect of Plaintiff's then recent activities, which the board of directors of Martin Resource Management determined were detrimental to both

**Table of Contents**

**MARTIN MIDSTREAM PARTNERS L.P.**

**(Unaudited)**

Martin Resource Management and the Partnership. The Plaintiff does not serve on any committees of the board of directors of the Partnership's general partner. The position on the board of directors of the Partnership's general partner vacated by the Plaintiff may be filled in accordance with the existing procedures for replacement of a departing director utilizing the Nominations Committee of the board of directors of the general partner of the Partnership. This position on the board of directors has not been filled as of May 5, 2010.

On February 22, 2010 as a result of the Harris County Litigation being derivative in nature, Martin Resource Management formed a special committee of its board of directors and designated such committee as the Martin Resource Management authority for the purpose of assessing, analyzing and monitoring the Harris County Litigation and any other related litigation and making any and all determinations in respect of such litigation on behalf of Martin Resource Management. Such authorization includes, but is not limited to, reviewing the merits of the litigation, assessing whether to pursue claims or counterclaims against various persons or entities, assessing whether to appoint or retain experts or disinterested persons to make determinations in respect of such litigation, and advising and directing Martin Resource Management's general counsel and outside legal counsel with respect to such litigation. The special committee consists of all members of the Martin Resource Management board of directors other than the Plaintiff and the Defendant.

On May 4, 2010, the Partnership received a copy of a petition filed in a new case with the Court by Martin Resource Management against the Plaintiff and others with respect to certain matters relating to Martin Resource Management. As noted above, the Plaintiff is a director of Martin Resource Management. The lawsuit alleges that the Plaintiff and others (i) willfully and intentionally interfered with existing Martin Resource Management contracts and the prospective business relationships of Martin Resource Management and (ii) published disparaging statements to third-parties with business relationships with Martin Resource Management, which constituted slander and business disparagement. The Partnership is not a party to the lawsuit, and the lawsuit does not assert any claims (i) against the Partnership, (ii) concerning the Partnership's governance or operations or (iii) against the Plaintiff with respect to his service as an officer or former director of the general partner of the Partnership.

**(14) Consolidating Financial Statements**

In connection with the Partnership's filing of a shelf registration statement on Form S-3 with the SEC (the Registration Statement), Martin Operating Partnership L.P. (the Operating Partnership), the Partnership's wholly-owned subsidiary, may issue unconditional guarantees of senior or subordinated debt securities of the Partnership in the event that the Partnership issues such securities from time to time under the registration statement. If issued, the guarantees will be full, irrevocable and unconditional. In addition, the Operating Partnership may also issue senior or subordinated debt securities under the Registration Statement which, if issued, will be fully, irrevocably and unconditionally guaranteed by the Partnership. The Partnership does not provide separate financial statements of the Operating Partnership because the Partnership has no independent assets or operations, the guarantees are full and unconditional and the other subsidiary of the Partnership is minor. There are no significant restrictions on the ability of the Partnership or the Operating Partnership to obtain funds from any of their respective subsidiaries by dividend or loan.

**Table of Contents**

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

References in this quarterly report on Form 10-Q to Martin Resource Management refers to Martin Resource Management Corporation and its subsidiaries, unless the context otherwise requires. You should read the following discussion of our financial condition and results of operations in conjunction with the consolidated and condensed financial statements and the notes thereto included elsewhere in this quarterly report.

**Forward-Looking Statements**

This quarterly report on Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended.

Statements included in this quarterly report that are not historical facts (including any statements concerning plans and objectives of management for future operations or economic performance, or assumptions or forecasts related thereto), including, without limitation, the information set forth in Management's Discussion and Analysis of Financial Condition and Results of Operations, are forward-looking statements. These statements can be identified by the use of forward-looking terminology including forecast, may, believe, will, expect, anticipate, estimate, continue, and similar words. These statements discuss future expectations, contain projections of results of operations or of financial condition or state other forward-looking information. We and our representatives may from time to time make other oral or written statements that are also forward-looking statements.

These forward-looking statements are made based upon management's current plans, expectations, estimates, assumptions and beliefs concerning future events impacting us and therefore involve a number of risks and uncertainties. We caution that forward-looking statements are not guarantees and that actual results could differ materially from those expressed or implied in the forward-looking statements.

Because these forward-looking statements involve risks and uncertainties, actual results could differ materially from those expressed or implied by these forward-looking statements for a number of important reasons, including those discussed under Item 1A. Risk Factors of our Form 10-K for the year ended December 31, 2009 filed with the Securities and Exchange Commission (the SEC) on March 4, 2010 and in this report.

**Overview**

We are a publicly traded limited partnership with a diverse set of operations focused primarily in the United States Gulf Coast region. Our four primary business lines include:

Terminalling and storage services for petroleum and by-products;

Natural gas services;

Sulfur and sulfur-based products gathering, processing, marketing, manufacturing and distribution; and

Marine transportation services for petroleum products and by-products.

The petroleum products and by-products we collect, transport, store and market are produced primarily by major and independent oil and gas companies who often turn to third parties, such as us, for the transportation and disposition of these products. In addition to these major and independent oil and gas companies, our primary customers include independent refiners, large chemical companies, fertilizer manufacturers and other wholesale purchasers of these products. We operate primarily in the Gulf Coast region of the United States. This region is a major hub for petroleum refining, natural gas gathering and processing and support services for the exploration and production industry.

We were formed in 2002 by Martin Resource Management, a privately-held company whose initial predecessor was incorporated in 1951 as a supplier of products and services to drilling rig contractors. Since then, Martin Resource Management has expanded its operations through acquisitions and internal expansion initiatives as its management identified and capitalized on the needs of producers and purchasers of hydrocarbon products and by-products and other bulk liquids. Martin Resource Management owns an approximate 40.0% limited partnership interest in us. Furthermore, it owns and controls our general partner, which owns a 2.0% general partner interest in us and all of our incentive distribution rights.

Martin Resource Management has operated our business for several years. Martin Resource Management began operating our natural gas services business in the 1950s and our sulfur business in the 1960s. It began our marine transportation business in the late 1980s. It entered into our fertilizer and terminalling and storage

## **Table of Contents**

businesses in the early 1990s. In recent years, Martin Resource Management has increased the size of our asset base through expansions and strategic acquisitions.

### **Recent Developments**

Global financial markets and economic conditions have been, and continue to be, disrupted and volatile. Numerous events have severely restricted current liquidity in the capital markets throughout the United States and around the world. The ability to raise money in the debt and equity markets has diminished significantly and, if available, the cost of funds has increased substantially. One of the features driving investments in master limited partnerships, including us, over the past few years has been the distribution growth offered by master limited partnerships due to liquidity in the financial markets for capital investments to grow distributable cash flow through development projects and acquisitions. Growth opportunities have been and are expected to continue to be constrained by the lack of liquidity in the financial markets. Despite these difficult market conditions, we were able to issue both senior unsecured long-term debt and equity in the first quarter of 2010.

Conditions in our industry continue to be challenging in 2010. For example:

The decline in drilling activity by gas producers in our areas of operations that began during the fourth quarter of 2008 as a result of the global economic crisis has continued. Several gas producers in our areas of operation have substantially reduced drilling activity during 2009 and 2010 as compared to their drilling levels during 2008.

The decline in the demand for marine transportation services based on decreased refinery production resulting in an oversupply of equipment.

Despite the reduced drilling activity and the decline in the demand for marine transportation services, we are positioning ourselves to benefit from a recovering economy. In particular:

We adjusted our business strategy for 2009 and 2010 to focus on maximizing our liquidity, maintaining a stable asset base, and improving the profitability of our assets by increasing their utilization while controlling costs. We reduced our capital expenditures in 2009, but will increase them in 2010 based on our capital raised in both the debt and equity markets in the first quarter 2010.

We continue to evaluate opportunities to enter into commodity hedging transactions to further reduce our commodity price risk.

We completed the disposition of certain non-strategic assets including the April 2009 sale of the Mont Belvieu Railcar Unloading Facility for \$19.6 million, and we may consider marketing certain other non-strategic assets in the future.

Our near-term focus is to ensure that we have sufficient liquidity to fund our growth programs, while continuing the present distribution rate to our unitholders. The current economic crisis and the existing litigation at Martin Resource Management has created a challenging operating environment for us to maintain our liquidity and operating cash flows at levels consistent with the recent past while maintaining the present distribution rate to our unitholders.

The senior unsecured notes issued in March 2010 represent fixed rate debt. We are contemplating entering into interest rate hedging contracts that swap a portion of our fixed rate interest payments with floating rate interest payments.

### **Critical Accounting Policies**

Our discussion and analysis of our financial condition and results of operations are based on the historical consolidated and condensed financial statements included elsewhere herein. We prepared these financial statements in conformity with generally accepted accounting principles. The preparation of these financial statements required us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. We based our estimates

on historical experience and on various other assumptions we believe to be reasonable under the circumstances. Our results may differ from these estimates. Currently, we believe that our accounting policies do

**Table of Contents**

not require us to make estimates using assumptions about matters that are highly uncertain. However, we have described below the critical accounting policies that we believe could impact our consolidated and condensed financial statements most significantly.

You should also read Note 1, *General* in Notes to Consolidated and Condensed Financial Statements contained in this quarterly report and the *Significant Accounting Policies* note in the consolidated financial statements included in our annual report on Form 10-K for the year ended December 31, 2009 filed with the SEC on March 4, 2010 in conjunction with this Management's Discussion and Analysis of Financial Condition and Results of Operations. Some of the more significant estimates in these financial statements include the amount of the allowance for doubtful accounts receivable and the determination of the fair value of our reporting units under ASC 350 related to intangibles-goodwill and other.

***Derivatives***

All derivatives and hedging instruments are included on the balance sheet as an asset or liability measured at fair value and changes in fair value are recognized currently in earnings unless specific hedge accounting criteria are met. If a derivative qualifies for hedge accounting, changes in the fair value can be offset against the change in the fair value of the hedged item through earnings or recognized in other comprehensive income until such time as the hedged item is recognized in earnings. Our hedging policy allows us to use hedge accounting for financial transactions that are designated as hedges. Derivative instruments not designated as hedges or hedges that become ineffective are marked to market with all market value adjustments being recorded in the consolidated statements of operations. As of March 31, 2010, we have designated a portion of our derivative instruments as qualifying cash flow hedges. Fair value changes for these hedges have been recorded in other comprehensive income as a component of partners' capital.

***Product Exchanges***

We enter into product exchange agreements with third parties whereby we agree to exchange natural gas liquids ( NGLs ) and sulfur with third parties. We record the balance of exchange products due to other companies under these agreements at quoted market product prices and the balance of exchange products due from other companies at the lower of cost or market. Cost is determined using the first-in, first-out method.

***Revenue Recognition***

Revenue for our four operating segments is recognized as follows:

*Terminalling and storage.* Revenue is recognized for storage contracts based on the contracted monthly tank fixed fee. For throughput contracts, revenue is recognized based on the volume moved through our terminals at the contracted rate. For our tolling agreement, revenue is recognized based on the contracted monthly reservation fee and throughput volumes moved through the facility. When lubricants and drilling fluids are sold by truck, revenue is recognized upon delivering product to the customers as title to the product transfers when the customer physically receives the product.

*Natural gas services.* Natural gas gathering and processing revenues are recognized when title passes or service is performed. NGL distribution revenue is recognized when product is delivered by truck to our NGL customers, which occurs when the customer physically receives the product. When product is sold in storage, or by pipeline, we recognize NGL distribution revenue when the customer receives the product from either the storage facility or pipeline.

*Sulfur services.* Revenue is recognized when the customer takes title to the product at our plant or the customer facility.

*Marine transportation.* Revenue is recognized for contracted trips upon completion of the particular trip. For time charters, revenue is recognized based on a per day rate.

***Equity Method Investments***

We use the equity method of accounting for investments in unconsolidated entities where the ability to exercise significant influence over such entities exists. Investments in unconsolidated entities consist of capital contributions and advances plus our share of accumulated earnings as of the entities' latest fiscal year-ends, less

**Table of Contents**

capital withdrawals and distributions. Investments in excess of the underlying net assets of equity method investees, specifically identifiable to property, plant and equipment, are amortized over the useful life of the related assets. Excess investment representing equity method goodwill is not amortized but is evaluated for impairment, annually. This goodwill is not subject to amortization and is accounted for as a component of the investment. Equity method investments are subject to impairment evaluation. No portion of the net income from these entities is included in our operating income.

We own an unconsolidated 50% of the ownership interests in Waskom Gas Processing Company ( Waskom ), Matagorda Offshore Gathering System ( Matagorda ) and Panther Interstate Pipeline Energy LLC ( PIPE ). Each of these interests is accounted for under the equity method of accounting.

***Goodwill***

Goodwill is subject to a fair-value based impairment test on an annual basis. We are required to identify our reporting units and determine the carrying value of each reporting unit by assigning the assets and liabilities, including the existing goodwill and intangible assets. We are required to determine the fair value of each reporting unit and compare it to the carrying amount of the reporting unit. To the extent the carrying amount of a reporting unit exceeds the fair value of the reporting unit, we would be required to perform the second step of the impairment test, as this is an indication that the reporting unit goodwill may be impaired.

All four of our reporting units , terminalling and storage, natural gas services, sulfur services and marine transportation, contain goodwill.

We have performed the annual impairment test as of September 30, 2009 and we have determined that the fair value in each reporting unit based on the weighted average of three valuation techniques: (i) the discounted cash flow method, (ii) the guideline public company method and (iii) the guideline transaction method.

Significant changes in these estimates and assumptions could materially affect the determination of fair value for each reporting unit which could give rise to future impairment. Changes to these estimates and assumptions can include, but may not be limited to, varying commodity prices, volume changes and operating costs due to market conditions and/or alternative providers of services.

***Environmental Liabilities and Litigation***

We have not historically experienced circumstances requiring us to account for environmental remediation obligations. If such circumstances arise, we would estimate remediation obligations utilizing a remediation feasibility study and any other related environmental studies that we may elect to perform. We would record changes to our estimated environmental liability as circumstances change or events occur, such as the issuance of revised orders by governmental bodies or court or other judicial orders and our evaluation of the likelihood and amount of the related eventual liability.

Because the outcomes of both contingent liabilities and litigation are difficult to predict, when accounting for these situations, significant management judgment is required. Amounts paid for contingent liabilities and litigation have not had a materially adverse effect on our operations or financial condition and we do not anticipate they will in the future.

***Allowance for Doubtful Accounts***

In evaluating the collectability of our accounts receivable, we assess a number of factors, including a specific customer s ability to meet its financial obligations to us, the length of time the receivable has been past due and historical collection experience. Based on these assessments, we record specific and general reserves for bad debts to reduce the related receivables to the amount we ultimately expect to collect from customers.

Our management closely monitors potentially uncollectible accounts. Estimates of uncollectible amounts are revised each period, and changes are recorded in the period they become known. If there is a deterioration of a major customer s creditworthiness or actual defaults are higher than the historical experience, management s estimates of the recoverability of amounts due us could potentially be adversely affected. These charges have not had a materially adverse effect on our operations or financial condition.

**Table of Contents**

***Asset Retirement Obligation***

We recognize and measure our asset and conditional asset retirement obligations and the associated asset retirement cost upon acquisition of the related asset and based upon the estimate of the cost to settle the obligation at its anticipated future date. The obligation is accreted to its estimated future value and the asset retirement cost is depreciated over the estimated life of the asset.

Estimates of future asset retirement obligations include significant management judgment and are based on projected future retirement costs. Such costs could differ significantly when they are incurred. Revisions to estimated asset retirement obligations can result from changes in retirement cost estimates due to surface repair, labor and material costs, revisions to estimated inflation rates and changes in the estimated timing of abandonment. For example, the Company does not have access to natural gas reserves information related to our gathering systems to estimate when abandonment will occur.

***Our Relationship with Martin Resource Management***

Martin Resource Management is engaged in the following principal business activities:

providing land transportation of various liquids using a fleet of trucks and road vehicles and road trailers;

distributing fuel oil, asphalt, sulfuric acid, marine fuel and other liquids;

providing marine bunkering and other shore-based marine services in Alabama, Louisiana, Mississippi and Texas;

operating a small crude oil gathering business in Stephens, Arkansas;

operating a lube oil processing facility in Smackover, Arkansas;

operating an underground NGL storage facility in Arcadia, Louisiana;

supplying employees and services for the operation of our business;

operating, for its account and our account, the docks, roads, loading and unloading facilities and other common use facilities or access routes at our Stanolind terminal; and

operating, solely for our account, our asphalt facilities in Omaha, Nebraska.

We are and will continue to be closely affiliated with Martin Resource Management as a result of the following relationships.

***Ownership***

Martin Resource Management owns an approximate 40.0% limited partnership interest and a 2% general partnership interest in us and all of our incentive distribution rights.

***Management***

Martin Resource Management directs our business operations through its ownership and control of our general partner. We benefit from our relationship with Martin Resource Management through access to a significant pool of management expertise and established relationships throughout the energy industry. We do not have employees. Martin Resource Management employees are responsible for conducting our business and operating our assets on our behalf.

***Related Party Agreements***

We are a party to an omnibus agreement with Martin Resource Management. The omnibus agreement requires us to reimburse Martin Resource Management for all direct expenses it incurs or payments it makes on our behalf or in connection with the operation of our business. We reimbursed Martin Resource Management for \$18.6

**Table of Contents**

million of direct costs and expenses for the three months ended March 31, 2010 compared to \$14.2 million for the three months ended March 31, 2009. There is no monetary limitation on the amount we are required to reimburse Martin Resource Management for direct expenses.

In addition to the direct expenses, under the omnibus agreement, the reimbursement amount that we are required to pay to Martin Resource Management with respect to indirect general and administrative and corporate overhead expenses was capped at \$2.0 million. This cap expired on November 1, 2007. Effective October 1, 2009 through September 30, 2010, the Conflicts Committee of the board of directors of our general partner (the Conflicts Committee ) approved an annual reimbursement amount for indirect expenses of \$3.5 million. We reimbursed Martin Resource Management for \$0.9 and \$0.7 million of indirect expenses for the three months ended March 31, 2010 and 2009, respectively. These indirect expenses covered the centralized corporate functions Martin Resource Management provides for us, such as accounting, treasury, clerical billing, information technology, administration of insurance, general office expenses and employee benefit plans and other general corporate overhead functions we share with Martin Resource Management retained businesses. The omnibus agreement also contains significant non-compete provisions and indemnity obligations. Martin Resource Management also licenses certain of its trademarks and trade names to us under the omnibus agreement.

In addition to the omnibus agreement, we and Martin Resource Management have entered into various other agreements. The agreements include, but are not limited to, a motor carrier agreement, a terminal services agreement, a marine transportation agreement, a product storage agreement, a product supply agreement, and a Purchaser Use Easement, Ingress-Egress Easement and Utility Facilities Easement. Pursuant to the terms of the omnibus agreement, we are prohibited from entering into certain material agreements with Martin Resource Management without the approval of the Conflicts Committee.

For a more comprehensive discussion concerning the omnibus agreement and the other agreements that we have entered into with Martin Resource Management, please refer to Item 13. Certain Relationships and Related Transactions Agreements set forth in our annual report on Form 10-K for the year ended December 31, 2009 filed with the SEC on March 4, 2010.

***Commercial***

We have been and anticipate that we will continue to be both a significant customer and supplier of products and services offered by Martin Resource Management. Our motor carrier agreement with Martin Resource Management provides us with access to Martin Resource Management's fleet of road vehicles and road trailers to provide land transportation in the areas served by Martin Resource Management. Our ability to utilize Martin Resource Management's land transportation operations is currently a key component of our integrated distribution network.

We also use the underground storage facilities owned by Martin Resource Management in our natural gas services operations. We lease an underground storage facility from Martin Resource Management in Arcadia, Louisiana with a storage capacity of 2.0 million barrels. Our use of this storage facility gives us greater flexibility in our operations by allowing us to store a sufficient supply of product during times of decreased demand for use when demand increases.

In the aggregate, our purchases of land transportation services, NGL storage services, sulfuric acid and lube oil product purchases and sulfur services payroll reimbursements from Martin Resource Management accounted for approximately 10% and 9% of our total cost of products sold during the three months ended March 31, 2010 and 2009, respectively. We also purchase marine fuel from Martin Resource Management, which we account for as an operating expense.

Correspondingly, Martin Resource Management is one of our significant customers. It primarily uses our terminalling, marine transportation and NGL distribution services for its operations. We provide terminalling and storage services under a terminal services agreement. We provide marine transportation services to Martin Resource Management under a charter agreement on a spot-contract basis at applicable market rates. Our sales to Martin Resource Management accounted for approximately 7% and 6% of our total revenues for the three months ended March 31, 2010 and 2009, respectively. We provide terminalling and storage and marine transportation services to Midstream Fuel and Midstream Fuel provides terminal services to us to handle lubricants, greases and drilling fluids.

**Table of Contents**

In April 2009, we sold our traditional lubricant business to Martin Resource Management in return for a service fee for lubricant volume moved through our terminals.

In November 2009, we purchased the refining assets of Cross Oil Refining & Marketing, Inc. ( Cross ) and entered into a long-term, fee for services-based Tolling Agreement whereby Martin Resource Management pays us for the processing of its crude oil into finished products, including naphthenic lubricants, distillates, asphalt and other intermediate cuts.

For a more comprehensive discussion concerning the agreements that we have entered into with Martin Resource Management, please refer to Item 13. Certain Relationships and Related Transactions Agreements set forth in our annual report on Form 10-K for the year ended December 31, 2009 filed with the SEC on March 4, 2010.

**Approval and Review of Related Party Transactions**

If we contemplate entering into a transaction, other than a routine or in the ordinary course of business transaction, in which a related person will have a direct or indirect material interest, the proposed transaction is submitted for consideration to the board of directors of our general partner or to our management, as appropriate. If the board of directors is involved in the approval process, it determines whether to refer the matter to the Conflicts Committee, as constituted under our limited partnership agreement. Certain related party transactions are required to be submitted to the Conflicts Committee. If a matter is referred to the Conflicts Committee, it obtains information regarding the proposed transaction from management and determines whether to engage independent legal counsel or an independent financial advisor to advise the members of the committee regarding the transaction. If the Conflicts Committee retains such counsel or financial advisor, it considers such advice and, in the case of a financial advisor, such advisor's opinion as to whether the transaction is fair and reasonable to us and to our unitholders.

**Results of Operations**

The results of operations for the three months ended March 31, 2010 and 2009 have been derived from our consolidated and condensed financial statements.

We evaluate segment performance on the basis of operating income, which is derived by subtracting cost of products sold, operating expenses, selling, general and administrative expenses and depreciation and amortization expense from revenues. The following table sets forth our operating revenues and operating income by segment for the three months ended March 31, 2010 and 2009. The results of operations for the first three months of the year are not necessarily indicative of the results of operations which might be expected for the entire year.

	Operating Revenues	Revenues Intersegment Eliminations	Operating Revenues after Eliminations	Operating Income (loss)	Operating Income Intersegment Eliminations	Operating Income (loss) after Eliminations

**Table of Contents**

Our results of operations are discussed on a comparative basis below. There are certain items of income and expense which we do not allocate on a segment basis. These items, including equity in earnings (loss) of unconsolidated entities, interest expense and indirect selling, general and administrative expenses, are discussed after the comparative discussion of our results within each segment.

**Three Months Ended March 31, 2010 Compared to the Three Months Ended March 31, 2009**

Our total revenues before eliminations were \$245.0 million for the three months ended March 31, 2010 compared to \$165.0 million for the three months ended March 31, 2009, an increase of \$80 million, or 48%. Our operating income before eliminations was \$7.6 million for the three months ended March 31, 2010 compared to \$7.9 million for the three months ended March 31, 2009, a decrease of \$0.3 million, or 4%.

The results of operations are described in greater detail on a segment basis below.

**Terminalling and Storage Segment**

The following table summarizes our results of operations in our terminalling and storage segment.

	<b>Three Months Ended March 31, 2010            2009 (In thousands)</b>	
Revenues:		
Services	\$ 17,222	\$ 16,786
Products	9,120	13,563
 Total revenues	 26,342	 30,349
 Cost of products sold	 8,446	 12,105
Operating expenses	10,517	11,230
Selling, general and administrative expenses	59	431
Depreciation and amortization	4,011	3,314
 Operating income	 \$ 3,309	 \$ 3,269

*Revenues.* Our terminalling and storage revenues decreased \$4.0 million, or 13%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. Service revenue accounted for a \$0.4 million increase offset by a \$4.4 million decrease in lubricant product sales. The service revenue increase was primary a result of our acquisition of certain specialty lubricants processing assets from Cross (the Cross Assets). Product revenue decreased \$4.4 million primarily due to the sale of our traditional lubricants business, including inventory, to Martin Resource Management in April 2009 in return for a service fee of \$5.4 million for lubricant volumes moved through our terminals. This was offset by an increase in sales volumes and average selling price at our Mega Lubricants terminal resulting in an additional \$0.9 million.

*Cost of products sold.* Our cost of products sold decreased \$3.7 million, or 30%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. This decrease was primarily due to the sale of our traditional lubricants business, including inventory, to Martin Resource Management in April 2009 in return for a service fee of \$4.6 million for lubricant volumes moved through our terminals. This was offset by an increase in sales volumes and average selling price at our Mega Lubricants terminal resulting in an additional \$0.9 million.

*Operating expenses.* Operating expenses decreased \$0.7 million, or 6%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. The decrease was due primarily to a decrease in product handling costs by \$0.2 million, utility costs by \$0.2 million and a decrease in activity at our terminals.

*Selling, general and administrative expenses.* Selling, general and administrative expenses decreased \$0.4 million, or 86%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. This decrease was primarily due to the inclusion of the recast 2009 historical expenses attributable to the Cross

Assets.

39

---

**Table of Contents**

*Depreciation and amortization.* Depreciation and amortization increased \$0.7 million, or 21%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. The increase was primarily a result of capital expenditures made in the past twelve months.

In summary, our terminalling operating income was approximately the same for both three month periods ended March 31, 2010 and 2009.

**Natural Gas Services Segment**

The following table summarizes our results of operations in our natural gas services segment.

	<b>Three Months Ended March 31,</b>	
	<b>2010</b>	<b>2009</b>
	<b>(In thousands)</b>	
Revenues:		
NGLs	\$ 153,011	\$ 83,806
Natural gas	10,995	5,184
Non-cash mark-to-market adjustment of commodity derivatives	(52)	(265)
Gain (loss) on cash settlements of commodity derivatives	77	1,213
Other operating fees	1,198	928
Total revenues	165,229	90,866
Cost of products sold:		
NGLs	147,283	77,966
Natural gas	10,793	4,971
Total cost of products sold	158,076	82,937
Operating expenses	1,766	2,505
Selling, general and administrative expenses	1,901	1,824
Depreciation and amortization	1,191	1,119
	2,295	2,481
Other operating income		
Operating income (loss)	\$ 2,295	\$ 2,481
NGLs Volumes (Bbls)	2,870	2,327
Natural Gas Volumes (Mmbtu)	2,031	1,357
Information above does not include activities relating to Waskom, PIPE, Matagorda and BCP investments		
Equity in Earnings of Unconsolidated Entities	\$ 2,176	\$ 2,059

Waskom:

Plant Inlet Volumes (Mmcf/d)	247	243
Frac Volumes (Bbls/d)	8,404	11,426

*Revenues.* Our natural gas services revenues increased \$74.4 million, or 82% for the three months ended March 31, 2010 compared to the three months ended March 31, 2009, primarily due to higher commodity prices and increased natural gas and NGL volumes.

For the three months ended March 31, 2010, NGL revenues increased \$69.2 million, or 83% and natural gas revenues increased \$5.8 million, or 112%. NGL sales volumes for the three months of 2010 increased 23% and natural gas volumes increased 50% compared to the same period of 2009. Our NGL average sales price per barrel for the three months ended March 31, 2010 increased \$17.30, or 48%, and our natural gas average sales price per Mmbtu increased \$1.59, or 42% compared to the same period of 2009. The increase in NGL and natural gas volumes is primarily due to increased industrial demand and producer volumes resulting from a recovery from the economic downturn.

**Table of Contents**

Our natural gas services segment utilizes derivative instruments to manage the risk of fluctuations in market prices for its anticipated sales of natural gas, condensate and NGLs. This activity is referred to as price risk management. For the three months ended March 31, 2010, 45% of our total natural gas volumes and 37% of our total NGL volumes were hedged as compared to 51% and 36%, for the same period in 2009. Non-cash mark-to-market losses offset by gains recognized on cash settlements of our derivative contracts resulted in no impact on total natural gas and NGL revenues for the first quarter of 2010 compared to an increase of \$0.9 million in the same period of 2009.

*Costs of product sold.* Our cost of products sold increased \$75.1 million, or 91%, for the three months ended March 31, 2010 compared to the same period of 2009. Of the increase, \$69.3 million relates to NGLs and \$5.8 million relates to natural gas. The percentage increase in NGL cost of products sold is greater than our percentage increase in NGL revenues as our NGL margins decreased \$0.51 per barrel, or 20%. We were unable to expand our margins due to decreasing commodities prices on sales contracts executed and priced in 2009 that were not fulfilled until 2010. The percentage increase relating to natural gas cost of products sold is more than the percentage increase in natural gas revenues which caused our Mmbtu margins to decrease \$0.06 per Mmbtu primarily as a result of our pricing structure with respect to certain contracts.

*Operating expenses.* Operating expenses decreased \$0.7 million, or 30%, for the three months ended March 31, 2010 compared to the same period of 2009. This decrease is primarily related to maintenance on the Woodlawn gathering system that occurred in 2009.

*Selling, general and administrative expenses.* Selling, general and administrative expenses remained consistent for the three months ended March 31, 2010 as compared to the same period for 2009.

*Depreciation and amortization.* Depreciation and amortization remained consistent for the three months ended March 31, 2010 as compared to the same period for 2009.

In summary, our natural gas services operating income increased \$0.2 million, or 8%, for the three months ended March 31, 2010 compared to the same period of 2009.

*Equity in earnings of unconsolidated entities.* Equity in earnings of unconsolidated entities was \$2.2 million and \$2.1 million for the three months ended March 31, 2010 and 2009, respectively, an increase of \$0.1 million. This increase is related to earnings received from Waskom, Matagorda and PIPE. This increase is primarily a result of the Harrison Gathering System acquisition offset by lower volumes related to a shut in platform on the Fishhook System (PIPE), unscheduled downtime for a major NGL customer and a leaner gas stream due to volumes associated with the Haynesville Shale.

**Sulfur Segment**

The following table summarizes our results of operations in our sulfur segment.

	<b>Three Months Ended March 31,</b>	
	<b>2010</b>	<b>2009</b>
	<b>(In thousands)</b>	
Revenues	\$ 34,409	\$ 26,586
Cost of products sold	24,826	18,526
Operating expenses	4,236	3,853
Selling, general and administrative expenses	897	828
Depreciation and amortization	1,523	1,485
Operating income	\$ 2,927	\$ 1,894
Sulfur (long tons)	273.2	229.2
Fertilizer (long tons)	69.7	50.6

Sulfur Services Volumes (long tons)	342.9	279.8
-------------------------------------	-------	-------

*Revenues.* Our sulfur services revenues increased \$7.8 million, or 29%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. This increase was primarily a result of a 23% increase in our volumes sold and an average sales price increase of 6%.

**Table of Contents**

*Cost of products sold.* Our cost of products sold increased \$6.3 million, or 34%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. Our margin per ton remained constant as the costs of products increased in proportion to revenues.

*Operating expenses.* Our operating expenses increased \$0.4 million, or 10%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. This increase was a result of the payment of an insurance deductible for a hull damage claim suffered by the Margaret Sue of \$0.2 million and fuel costs of \$0.2 million.

*Selling, general and administrative expenses* Selling, general and administrative expenses remained relatively consistent for both periods March 31, 2010 and 2009.

*Depreciation and amortization.* Depreciation and amortization expense remained relatively consistent for both periods March 31, 2010 and 2009.

In summary, our sulfur operating income increased \$1.0 million, or 55%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009.

**Marine Transportation Segment**

The following table summarizes our results of operations in our marine transportation segment.

	<b>Three Months Ended March 31,</b>	
	<b>2010</b>	<b>2009</b>
	<b>(In thousands)</b>	
Revenues	\$ 18,998	\$ 17,243
Operating expenses	14,475	12,208
Selling, general and administrative expenses	614	9
Depreciation and amortization	3,180	3,301
	729	1,725
Other operating income	102	
Operating income	\$ 831	\$ 1,725

*Revenues.* Our marine transportation revenues increased \$1.8 million, or 10%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. Our offshore revenues increased \$2.2 million due to increased utilization of our offshore vessels. This was offset by a \$0.4 million decrease in our inland marine operations primarily due to expiration of several term contracts at favorable rates and the introduction of those tows into the spot market at lower rates and decreased utilization.

*Operating expenses.* Operating expenses increased \$2.3 million, or 19%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. This increase in operating costs is primarily due to increased barge leases of \$1.1 million and an increase in repairs and maintenance of \$1.0 million.

*Selling, general and administrative expenses.* Selling, general and administrative expenses increased \$0.6 million for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. This increase is due to a \$0.3 million recovery of a receivable in 2009 previously deemed uncollectible and a \$0.3 million increase in bad debt in 2010.

*Depreciation and Amortization.* Depreciation and amortization decreased \$0.1 million, or 4%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009. This decrease was primarily a result of disposal of equipment offset by capital expenditures made in the last twelve months.

*Other operating income.* Other operating income related to a gain on the sale of equipment in the period ended March 31, 2010.

In summary, our marine transportation operating income decreased \$0.9 million, or 52%, for the three months ended March 31, 2010 compared to the three months ended March 31, 2009.

**Table of Contents*****Equity in Earnings of Unconsolidated Entities***

We own an unconsolidated 50% interest in Waskom, Matagorda and PIPE. As a result, these assets are accounted for by the equity method.

On January 15, 2010, Waskom, through its wholly owned subsidiaries Waskom Midstream LLC and Olin Gathering LLC, acquired from Crosstex North Texas Gathering, L.P., a 100% interest in approximately 62 miles of gathering pipeline, two 35 MMcfd dew point control plants and equipment referred to as the Harrison Gathering System. The Partnership's share of the acquisition cost was approximately \$20 million and was recorded as an investment in an unconsolidated entity.

For the three months ended March 31, 2010 and 2009 equity in earnings of unconsolidated entities relates to our unconsolidated interests in Waskom, Matagorda, PIPE and the Bosque County Pipeline.

Equity in earnings of unconsolidated entities was \$2.2 million and \$2.1 million for the three months ended March 31, 2010 and 2009, respectively, an increase of \$0.1 million. This increase is related to earnings received from Waskom, Matagorda and PIPE. This increase is primarily a result of the Harrison Gathering System acquisition offset by lower volumes related to a shut in platform on the Fishhook System (PIPE), unscheduled downtime for a major NGL customer and a leaner gas stream due to volumes associated with the Haynesville Shale.

***Interest Expense***

Our interest expense for all operations was \$8.0 million for the three months ended March 31, 2010, compared to the \$4.9 million for the three months ended March 3, 2009, an increase of \$3.1 million, or 63%. This increase was primarily due to the termination of all our interest rate swaps at a cost of \$3.8 million and increases in interest expense related to the difference between the fixed rate and the floating rate of interest on the interest rate swaps.

***Indirect Selling, General and Administrative Expenses***

Indirect selling, general and administrative expenses were \$1.8 million for the three months ended March 31, 2010 compared to \$1.5 million for the three months ended March 31, 2009, an increase of \$0.3 million, or 20%.

Martin Resource Management allocated to us a portion of its indirect selling, general and administrative expenses for services such as accounting, treasury, clerical billing, information technology, administration of insurance, engineering, general office expense and employee benefit plans and other general corporate overhead functions we share with Martin Resource Management retained businesses. This allocation is based on the percentage of time spent by Martin Resource Management personnel that provide such centralized services. Generally accepted accounting principles also permit other methods for allocation of these expenses, such as basing the allocation on the percentage of revenues contributed by a segment. The allocation of these expenses between Martin Resource Management and us is subject to a number of judgments and estimates, regardless of the method used. We can provide no assurances that our method of allocation, in the past or in the future, is or will be the most accurate or appropriate method of allocation these expenses. Other methods could result in a higher allocation of selling, general and administrative expense to us, which would reduce our net income.

In addition to the direct expenses, under the omnibus agreement, we are required to reimburse Martin Resource Management for indirect general and administrative and corporate overhead expenses. The amount of this reimbursement was capped at \$2.0 million through November 1, 2007, when the cap expired. Effective October 1, 2009 through September 30, 2010, the Conflicts Committee approved an annual reimbursement amount for indirect expenses of \$3.5. We reimbursed Martin Resource Management for \$0.9 and \$0.7 million of indirect expenses for the three months ended March 31, 2010 and 2009, respectively, reflecting our allocable share of such expenses. The Conflicts Committee will review and approve future adjustments in the reimbursement amount for indirect expenses, if any, annually.

**Liquidity and Capital Resources**

Our primary sources of liquidity to meet operating expenses, pay distributions to our unitholders and fund capital expenditures are cash flows generated by our operations and access to debt and equity markets, both public

**Table of Contents**

and private. During the three months ended March 31, 2010, we completed several transactions that have improved our liquidity position. We received net proceeds of \$197.2 million from a private placement of senior notes and \$50.5 million from a public offering of common units. Additionally, we made certain strategic amendments to our credit facility.

As a result of these financing activities, discussed in further detail below, management believes that expenditures for our current capital projects will be funded with cash flows from operations, current cash balances and our current borrowing capacity under the expanded revolving credit facility. However, it may be necessary to raise additional funds to finance our future capital requirements.

Our ability to satisfy our working capital requirements, to fund planned capital expenditures and to satisfy our debt service obligations will also depend upon our future operating performance, which is subject to certain risks. Please read **Item 1A. Risk Factors** of our Form 10-K for the year ended December 31, 2009, filed with the SEC on March 4, 2010, as well as our updated risk factors contained in **Item 1A. Risk Factors** set forth elsewhere herein, for a discussion of such risks.

***Debt Financing Activities***

Effective March 26, 2010, our credit facility was amended to (i) decrease the size of our aggregate facility from \$350.0 million to \$275.0 million, (ii) convert all term loans to revolving loans, (iii) extend the maturity date from November 9, 2012 to March 15, 2013, (iv) permit us to invest up to \$40.0 million in our joint ventures, (v) eliminate the covenant that limits our ability to make capital expenditures, (vi) decrease the applicable interest rate margin on committed revolver loans, (vii) limit our ability to make future acquisitions and (viii) adjust the financial covenants. For a more detailed discussion regarding our credit facility, see **Description of Our Long-Term Debt Credit Facility** within this Item.

On March 26, 2010, we completed a private placement of \$200.0 million in aggregate principal amount of 8.875% senior unsecured notes due 2018 to qualified institutional buyers under Rule 144A. We received proceeds of approximately \$197.2 million, after deducting initial purchasers discounts and the expenses of the private placement. The proceeds were primarily used to repay borrowings under the Partnership's revolving credit facility. For a more detailed discussion regarding the notes offering, see **Description of Our Long-Term Debt Senior Notes** within this Item.

The senior unsecured notes issued in March 2010 represent fixed rate debt. We are contemplating entering into interest rate swaps that swap a portion of these fixed rate interest payments with floating rate interest payments. We expect this transaction to occur during the second quarter of 2010.

***Equity Offering***

On February 8, 2010, we completed a public offering of approximately 1.65 million common units, representing limited partner interests in us at a purchase price of \$32.35 per common unit. In connection with the public offering of units, on February 3, 2010, we entered into an underwriting agreement with UBS Securities LLC, RBC Capital Markets Corporation and Wells Fargo Securities, LLC, as representatives for the several underwriters parties thereto. The common units sold in the offering were registered under the Securities Act pursuant to our existing shelf registration statement. Following this offering, the common units represented a 93.3% limited partnership interest in us. We received net proceeds of approximately \$50.5 million after payment of underwriters discounts, commissions and offering expenses. Our general partner contributed \$1.1 million in cash to us in conjunction with the issuance in order to maintain its 2% general partner interest in us. The majority of the proceeds from the offering were used to pay down borrowings under our revolving credit facility.

***Cash Flows and Capital Expenditures***

For the three months ended March 31, 2010 cash increased \$7.3 million as a result of \$11.3 million provided by operating activities, \$24.5 million used in investing activities and \$20.5 million used in financing activities. For the three months ended March 31, 2009 cash remained consistent as a result of \$18.7 million provided by operating activities, \$13.5 million used in investing activities and \$5.2 million used in financing activities.

For the three months ended March 31, 2010 our investing activities of \$24.5 million consisted of capital expenditures, proceeds from sale of property, plant and equipment, plant turnaround costs, return of investments from unconsolidated entities and investments in and distributions from unconsolidated entities. For the three months ended

March 31, 2009 our investing activities of \$13.5 million consisted of capital expenditures, acquisitions, return of investments from unconsolidated entities and distributions from unconsolidated entities.

**Table of Contents**

Generally, our capital expenditure requirements have consisted, and we expect that our capital requirements will continue to consist, of:

maintenance capital expenditures, which are capital expenditures made to replace assets to maintain our existing operations and to extend the useful lives of our assets; and

expansion capital expenditures, which are capital expenditures made to grow our business, to expand and upgrade our existing terminalling, marine transportation, storage and manufacturing facilities, and to construct new terminalling facilities, plants, storage facilities and new marine transportation assets.

For the three months ended March 31, 2010 and 2009, our capital expenditures for property and equipment were \$3.5 million and \$14.4 million, respectively.

As to each period:

For the three months ended March 31, 2010, we spent \$2.5 million for expansion and \$1.0 million for maintenance. Our expansion capital expenditures were made in connection with construction projects associated with our terminalling and sulfur services segments. Our maintenance capital expenditures were primarily made in our sulfur services segment for routine maintenance on the facilities as well as in the marine transportation segment for dry dockings of our vessels pursuant to the United States Coast Guard requirements.

For the three months ended March 31, 2009, we spent \$12.3 million for expansion and \$2.1 million for maintenance. Our expansion capital expenditures were made in connection with construction projects associated with our terminalling and sulfur business. Our maintenance capital expenditures were primarily made in our marine transportation segment to extend the useful lives of our marine assets and in our terminalling segment.

For the three months ended March 31, 2010, our financing activities consisted of cash distributions paid to common and subordinated unitholders of \$13.2 million, payments of long-term debt and capital lease obligations to financial lenders of \$284.1 million, borrowings of long-term debt under our credit facility of \$273.1 million, payments of debt issuance costs of \$6.8 million, proceeds from a public offering of \$50.6 million and general partner contributions of \$1.1 million.

For the three months ended March 31, 2009, our financing activities consisted of cash distributions paid to common and subordinated unitholders of \$11.9 million, payments of long term debt to financial lenders of \$28.4 million and borrowings of long-term debt under our credit facility of \$35.1 million.

We made net investments in (received contributions from) unconsolidated entities of (\$0.6) million and \$0.6 million during the three months ended March 31, 2010 and 2009, respectively. The net investment in unconsolidated entities includes \$0.2 million and \$0.2 million of expansion capital expenditures in the three months ended March 31, 2010 and 2009, respectively.

***Capital Resources***

Historically, we have generally satisfied our working capital requirements and funded our capital expenditures with cash generated from operations and borrowings. We expect our primary sources of funds for short-term liquidity will be cash flows from operations and borrowings under our credit facility.

As of March 31, 2010, we had \$293.5 million of outstanding indebtedness, consisting of outstanding borrowings of \$197.2 million (net of unamortized discount) under our Senior Notes, \$90.0 million under our revolving credit facility and \$6.3 million under capital lease obligations.

*Total Contractual Cash Obligations.* A summary of our total contractual cash obligations as of March 31, 2010 is as follows (dollars in thousands):

**Table of Contents**

Type of Obligation	Total Obligation	Payment due by period			Due Thereafter
		Less than One Year	1-3 Years	3-5 Years	
Long-Term Debt					
Revolving credit facility	\$ 90,000	\$	\$ 90,000	\$	\$
Senior unsecured notes	197,194				197,194
Capital leases including current maturities	6,261	116	318	510	5,317
Non-competition agreements	250	50	100	100	
Purchase obligations	23,280	7,760	15,520		
Operating leases	22,087	4,286	9,220	4,279	4,302
Interest expense(1)					
Revolving credit facility	12,056	4,078	7,978		
Senior unsecured notes	142,296	9,171	35,500	35,500	62,125
Capital leases	5,821	987	1,909	1,781	1,144
<b>Total contractual cash obligations</b>	<b>\$ 499,245</b>	<b>\$ 26,448</b>	<b>\$ 160,545</b>	<b>\$ 42,170</b>	<b>\$ 270,082</b>

(1) Interest commitments are estimated using our current interest rates for the respective credit agreements over their remaining terms.

*Letter of Credit.* At March 31, 2010, we had outstanding irrevocable letters of credit in the amount of \$2.1 million, which were issued under our revolving credit facility.

*Off Balance Sheet Arrangements.* We do not have any off-balance sheet financing arrangements.

**Description of Our Long-Term Debt****Senior Notes**

In March 2010, we and Martin Midstream Finance Corp. ( *FinCo* ), a subsidiary of us (collectively, the *Issuers* ), entered into (i) a Purchase Agreement, dated as of March 23, 2010 (the *Purchase Agreement* ), by and among the Issuers, certain subsidiary guarantors (the *Guarantors* ) and Wells Fargo Securities, LLC, RBC Capital Markets Corporation and UBS Securities LLC, as representatives of a group of initial purchasers (collectively, the *Initial Purchasers* ), (ii) an Indenture, dated as of March 26, 2010 (the *Indenture* ), among the Issuers, the Guarantors and Wells Fargo Bank, National Association, as trustee (the *Trustee* ) and (iii) a Registration Rights Agreement, dated as of March 26, 2010 (the *Registration Rights Agreement* ), among the Issuers, the Guarantors and the Initial Purchasers, in connection with a private placement to eligible purchasers of \$200 million in aggregate principal amount of the Issuers' 8.875% senior unsecured notes due 2018 (the *Notes* ). We completed the aforementioned Notes offering on March 26, 2010 and received proceeds of approximately \$197.2 million, after deducting initial purchasers discounts and the expenses of the private placement. The proceeds were primarily used to repay borrowings under our revolving credit facility.

*Purchase Agreement.* Under the Purchase Agreement, the Issuers agreed to sell the Notes. The Notes were not registered under the Securities Act of 1933, as amended (the Securities Act ), or any state securities laws, and unless so registered, the Notes may not be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. The Issuers offered and issued the Notes only to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to persons outside the United States pursuant to Regulation S.

The Purchase Agreement contained customary representations and warranties of the parties and indemnification and contribution provisions under which the Issuers and the Guarantors, on one hand, and the Initial Purchasers, on the other, agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act. The Issuers also agreed not to issue certain debt securities for a period of 60 days after March 23, 2010 without the prior written consent of Wells Fargo Securities.

*Indenture.*

Interest and Maturity. On March 26, 2010, the Issuers issued the Notes pursuant to the Indenture in a transaction exempt from registration requirements under the Securities Act. The Notes were resold to qualified

**Table of Contents**

institutional buyers pursuant to Rule 144A under the Securities Act and to persons outside the United States pursuant to Regulation S under the Securities Act. The Notes will mature on April 1, 2018. The interest payment dates are April 1 and October 1, beginning on October 1, 2010.

**Optional Redemption.** Prior to April 1, 2013, the Issuers have the option on any one or more occasions to redeem up to 35% of the aggregate principal amount of the Notes issued under the Indenture at a redemption price of 108.875% of the principal amount, plus accrued and unpaid interest, if any, to the redemption date of the Notes with the proceeds of certain equity offerings. Prior to April 1, 2014, the Issuers may on any one or more occasions redeem all or a part of the Notes at the redemption price equal to the sum of (i) the principal amount thereof, plus (ii) a make whole premium at the redemption date, plus accrued and unpaid interest, if any, to the redemption date. On or after April 1, 2014, the Issuers may on any one or more occasions redeem all or a part of the Notes at redemption prices (expressed as percentages of principal amount) equal to 104.438% for the twelve-month period beginning on April 1, 2014, 102.219% for the twelve-month period beginning on April 1, 2015 and 100.00% for the twelve-month period beginning on April 1, 2016 and at any time thereafter, plus accrued and unpaid interest, if any, to the applicable redemption date on the Notes.

**Certain Covenants.** The Indenture restricts our ability and the ability of certain of its subsidiaries to: (i) sell assets including equity interests in its subsidiaries; (ii) pay distributions on, redeem or repurchase its units or redeem or repurchase its subordinated debt; (iii) make investments; (iv) incur or guarantee additional indebtedness or issue preferred units; (v) create or incur certain liens; (vi) enter into agreements that restrict distributions or other payments from its restricted subsidiaries to us; (vii) consolidate, merge or transfer all or substantially all of its assets; (viii) engage in transactions with affiliates; (ix) create unrestricted subsidiaries; (x) enter into sale and leaseback transactions or (xi) engage in certain business activities. These covenants are subject to a number of important exceptions and qualifications. If the Notes achieve an investment grade rating from each of Moody's Investors Service, Inc. and Standard & Poor's Ratings Services and no Default (as defined in the Indenture) has occurred and is continuing, many of these covenants will terminate.

**Events of Default.** The Indenture provides that each of the following is an Event of Default: (i) default for 30 days in the payment when due of interest on the Notes; (ii) default in payment when due of the principal of, or premium, if any, on the Notes; (iii) our failure to comply with certain covenants relating to asset sales, repurchases of the Notes upon a change of control and mergers or consolidations; (iv) our failure, for 180 days after notice, to comply with its reporting obligations under the Securities Exchange Act of 1934; (v) our failure, for 60 days after notice, to comply with any of the other agreements in the Indenture; (vi) default under any mortgage, indenture or instrument governing any indebtedness for money borrowed or guaranteed by us or any of our restricted subsidiaries, whether such indebtedness or guarantee now exists or is created after the date of the Indenture, if such default: (a) is caused by a payment default; or (b) results in the acceleration of such indebtedness prior to its stated maturity, and, in each case, the principal amount of the indebtedness, together with the principal amount of any other such indebtedness under which there has been a payment default or acceleration of maturity, aggregates \$20 million or more, subject to a cure provision; (vii) our or any of our restricted subsidiaries failure to pay final judgments aggregating in excess of \$20 million, which judgments are not paid, discharged or stayed for a period of 60 days; (viii) except as permitted by the Indenture, any subsidiary guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force or effect, or any Guarantor, or any person acting on behalf of any Guarantor, denies or disaffirms its obligations under its subsidiary guarantee and (ix) certain events of bankruptcy, insolvency or reorganization described in the Indenture with respect to the Issuers or any of our restricted subsidiaries that is a significant subsidiary or any group of restricted subsidiaries that, taken together, would constitute a significant subsidiary of us. Upon a continuing Event of Default, the Trustee, by notice to the Issuers, or the holders of at least 25% in principal amount of the then outstanding Notes, by notice to the Issuers and the Trustee, may declare the Notes immediately due and payable, except that an Event of Default resulting from entry into a bankruptcy, insolvency or reorganization with respect to the Issuers, any restricted subsidiary of us that is a significant subsidiary or any group of its restricted subsidiaries that, taken together, would constitute a significant subsidiary of us, will automatically cause the Notes to become due and payable.

*Registration Rights Agreement.* Under the Registration Rights Agreement, the Issuers and the Guarantors must cause to be filed with the SEC, a registration statement with respect to an offer to exchange the Notes for substantially identical notes that are registered under the Securities Act. The Issuers and the Guarantors must use their commercially reasonable efforts to cause such exchange offer registration statement to become effective under the Securities Act. In addition, the Issuers and the Guarantors must use their commercially reasonable efforts to cause the exchange offer to be consummated not later than 270 days after March 26, 2010. Under some circumstances, in lieu of, or in addition to, a registered exchange offer, the Issuers and the Guarantors have agreed to file a shelf registration statement with respect to the Notes. The Issuers and the Guarantors are required to pay

**Table of Contents**

additional interest if they fail to comply with their obligations to register the Notes under the Registration Rights Agreement.

**Credit Facility**

On November 10, 2005, we entered into a \$225.0 million multi-bank credit facility comprised of a \$130.0 million term loan facility and a \$95.0 million revolving credit facility, which included a \$20.0 million letter of credit sub-limit. Effective June 30, 2006, we increased our revolving credit facility by \$25.0 million, resulting in a committed \$120.0 million revolving credit facility. Effective December 28, 2007, we increased our revolving credit facility by \$75.0 million, resulting in a committed \$195.0 million revolving credit facility. Effective December 21, 2009, (i) we increased our revolving credit facility by approximately \$72.7 million, resulting in a committed \$267.8 million revolving credit facility and (ii) decreased our term loan facility by approximately \$62.1 million, resulting in a \$67.9 million term loan facility. Effective January 14, 2010, we modified our revolving credit facility to (i) permit investment up to \$25.0 million in joint ventures and (ii) limit our ability to make capital expenditures. Effective February 25, 2010, we increased the maximum amount of borrowings and letters of credit available under our credit facility from approximately \$335.7 million to \$350.0 million. Effective March 26, 2010, our credit facility was amended to (i) decrease the size of our aggregate facility from \$350.0 million to \$275.0 million, (ii) convert all term loans to revolving loans, (iii) extend the maturity date from November 9, 2012 to March 15, 2013, (iv) permit us to invest up to \$40 million in our joint ventures, (v) eliminate the covenant that limits our ability to make capital expenditures, (vi) decrease the applicable interest rate margin on committed revolver loans, (vii) limit our ability to make future acquisitions and (viii) adjust the financial covenants.

As of March 31, 2010, we had approximately \$90.0 million outstanding under the revolving credit facility and \$2.1 million of letters of credit issued, leaving approximately \$182.9 million available under our credit facility for future revolving credit borrowings and letters of credit.

The revolving credit facility is used for ongoing working capital needs and general partnership purposes, and to finance permitted investments, acquisitions and capital expenditures. During the current fiscal year, draws on our credit facility have ranged from a low of \$82.0 million to a high of \$324.5 million.

The credit facility is guaranteed by substantially all of our subsidiaries. Obligations under the credit facility are secured by first priority liens on substantially all of our assets and those of the guarantors, including, without limitation, inventory, accounts receivable, bank accounts, marine vessels, equipment, fixed assets and the interests in our subsidiaries and certain of our equity method investees.

We may prepay all amounts outstanding under the credit facility at any time without premium or penalty (other than customary LIBOR breakage costs), subject to certain notice requirements. The credit facility requires mandatory prepayments of amounts outstanding thereunder with the net proceeds of certain asset sales, equity issuances and debt incurrences. Prepayments as a result of asset sales and debt incurrences require a mandatory reduction of the lenders commitments under the credit facility equal to 25% of the corresponding mandatory prepayment, but in no event will such prepayments cause the lenders' commitments under the credit facility to be less than \$250.0 million. Prepayments as a result of equity issuances do not require any reduction of the lenders' commitments under the credit facility.

Indebtedness under the credit facility bears interest, at our option, at the Eurodollar Rate (the British Bankers Association LIBOR Rate) plus an applicable margin or the Base Rate (the highest of the Federal Funds Rate plus 0.50%, the 30-day Eurodollar Rate plus 1.0%, or the administrative agent's prime rate) plus an applicable margin. We pay a per annum fee on all letters of credit issued under the credit facility, and we pay a commitment fee of 0.50% per annum on the unused revolving credit availability under the credit facility. The letter of credit fee and the applicable margins for our interest rate vary quarterly based on our leverage ratio (as defined in the new credit facility, being generally computed as the ratio of total funded debt to consolidated earnings before interest, taxes, depreciation, amortization and certain other non-cash charges) and are as follows:

	<b>Base Rate Loans</b>	<b>Eurodollar Rate Loans</b>	<b>Letter of Credit Fees</b>
<b>Leverage Ratio</b>			
Less than 2.75 to 1.00	2.00%	3.00%	3.00%

Edgar Filing: MARTIN MIDSTREAM PARTNERS LP - Form 10-Q

Greater than or equal to 2.75 to 1.00 and less than 3.00 to 1.00	2.25%	3.25%	3.25%
Greater than or equal to 3.00 to 1.00 and less than 3.50 to 1.00	2.50%	3.50%	3.50%
Greater than or equal to 3.50 to 1.00 and less than 4.00 to 1.00	3.00%	4.00%	4.00%
Greater than or equal to 4.00 to 1.00	3.25%	4.25%	4.25%

48

---

**Table of Contents**

As of March 31, 2010, based on our leverage ratio the applicable margin for existing Eurodollar Rate borrowings is 4.00%. Effective April 1, 2010, based on our leverage ratio as of December 31, 2009, the applicable margin for Eurodollar Rate borrowings will remain at 4.00%. Effective July 1, 2010, based on our leverage ratio as of March 31, 2010, the applicable margin for Eurodollar Rate borrowings will decrease to 3.50% until the next quarterly determination of our leverage ratio. The credit facility does not have a floor for the Base Rate or the Eurodollar Rate.

The credit facility includes financial covenants that are tested on a quarterly basis, based on the rolling four-quarter period that ends on the last day of each fiscal quarter. Prior to our or any of our subsidiaries' issuance of \$100.0 million or more of unsecured indebtedness, the maximum permitted leverage ratio is 4.00 to 1.00. After our or any of our subsidiaries' issuance of \$100.0 million or more of unsecured indebtedness, the maximum permitted leverage ratio is 4.50 to 1.00. After our or any of our subsidiaries' issuance of \$100.0 million or more of unsecured indebtedness, the maximum permitted senior leverage ratio (as defined in the new credit facility, but generally computed as the ratio of total secured funded debt to consolidated earnings before interest, taxes, depreciation, amortization and certain other non-cash charges) is 2.75 to 1.00. The minimum consolidated interest coverage ratio (as defined in the new credit facility, but generally computed as the ratio of consolidated earnings before interest, taxes, depreciation, amortization and certain other non-cash charges to consolidated interest charges) is 3.00 to 1.00.

In addition, the credit facility contains various covenants that, among other restrictions, limit our and our subsidiaries' ability to:

grant or assume liens;

make investments (including investments in our joint ventures) and acquisitions;

enter into certain types of hedging agreements;

incur or assume indebtedness;

sell, transfer, assign or convey assets;

repurchase our equity, make distributions and certain other restricted payments, but the credit facility permits us to make quarterly distributions to unitholders so long as no default or event of default exists under the credit facility;

change the nature of our business;

engage in transactions with affiliates.

enter into certain burdensome agreements;

make certain amendments to the omnibus agreement and our material agreements;

make capital expenditures; and

permit our joint ventures to incur indebtedness or grant certain liens.

Each of the following will be an event of default under the credit facility:

failure to pay any principal, interest, fees, expenses or other amounts when due;

failure to meet the quarterly financial covenants;

failure to observe any other agreement, obligation, or covenant in the credit facility or any related loan document, subject to cure periods for certain failures;

the failure of any representation or warranty to be materially true and correct when made;  
49

---

**Table of Contents**

our or any of our subsidiaries default under other indebtedness that exceeds a threshold amount;

bankruptcy or other insolvency events involving us or any of our subsidiaries;

judgments against us or any of our subsidiaries, in excess of a threshold amount;

certain ERISA events involving us or any of our subsidiaries, in excess of a threshold amount;

a change in control (as defined in the credit facility);

the termination of any material agreement or certain other events with respect to material agreements;

the invalidity of any of the loan documents or the failure of any of the collateral documents to create a lien on the collateral;

any of our joint ventures incurs debt or liens in excess of a threshold amount.

The credit facility also contains certain default provisions relating to Martin Resource Management. If Martin Resource Management no longer controls our general partner, or if neither Ruben Martin nor Scott Martin is the chief executive officer of our general partner and a successor acceptable to the administrative agent and lenders providing more than 50% of the commitments under our credit facility is not appointed, the lenders under our credit facility may declare all amounts outstanding there under immediately due and payable. In addition, either a bankruptcy event with respect to Martin Resource Management or a judgment with respect to Martin Resource Management could independently result in an event of default under our credit facility if it is deemed to have a material adverse effect on us.

If an event of default relating to bankruptcy or other insolvency events occurs with respect to us or any of our subsidiaries, all indebtedness under our credit facility will immediately become due and payable. If any other event of default exists under our credit facility, the lenders may terminate their commitments to lend us money, accelerate the maturity of the indebtedness outstanding under the credit facility and exercise other rights and remedies. In addition, if any event of default exists under our credit facility, the lenders may commence foreclosure or other actions against the collateral. Any event of default and corresponding acceleration of outstanding balances under our credit facility could require us to refinance such indebtedness on unfavorable terms and would have a material adverse effect on our financial condition and results of operations as well as our ability to make distributions to unitholders.

If any default occurs under our credit facility, or if we are unable to make any of the representations and warranties in the credit facility, we will be unable to borrow funds or have letters of credit issued under our credit facility.

As of May 4, 2010, our outstanding indebtedness includes \$83.0 million under our credit facility.

We are subject to interest rate risk on our credit facility and may enter into interest rate swaps to reduce this risk.

Effective October 2008, we entered into an interest rate swap that swapped \$40.0 million of floating rate to fixed rate. The fixed rate cost was 2.820% plus our applicable LIBOR borrowing spread. Effective April 2009, we entered into two subsequent swaps to lower our effective fixed rate to 2.580% plus our applicable LIBOR borrowing spread. The original swap and the first subsequent swap were accounted for using mark-to-market accounting. The second subsequent swap was accounted for using hedge accounting. Each of the swaps were scheduled to mature in October 2010, but were terminated in March 2010.

Effective January 2008, we entered into an interest rate swap that swapped \$25.0 million of floating rate to fixed rate. The fixed rate cost was 3.400% plus our applicable LIBOR borrowing spread. Effective April 2009, we entered into two subsequent swaps to lower our effective fixed rate to 3.050% plus our applicable LIBOR borrowing spread. The original swap and the first subsequent swap were accounted for using mark-to-market accounting. The second subsequent swap was accounted for using hedge accounting. Each of the swaps matured in January 2010.

## **Table of Contents**

Effective September 2007, we entered into an interest rate swap that swapped \$25.0 million of floating rate to fixed rate. The fixed rate cost was 4.605% plus our applicable LIBOR borrowing spread. Effective March 2009, we entered into two subsequent swaps to lower our effective fixed rate to 4.305% plus our applicable LIBOR borrowing spread. The original swap and the first subsequent swap were accounted for using mark-to-market accounting. The second subsequent swap was accounted for using hedge accounting. Each of the swaps were scheduled to mature in September 2010, but were terminated in March 2010.

Effective November 2006, we entered into an interest rate swap that swapped \$30.0 million of floating rate to fixed rate. The fixed rate cost was 4.765% plus our applicable LIBOR borrowing spread. This interest rate swap, which matured in March 2010, was not accounted for using hedge accounting.

Effective March 2006, we entered into an interest rate swap that swapped \$75.0 million of floating rate to fixed rate. The fixed rate cost was 5.25% plus our applicable LIBOR borrowing spread. Effective February 2009, we entered into two subsequent swaps to lower our effective fixed rate to 5.10% plus our applicable LIBOR borrowing spread. The original swap and the first subsequent swap were accounted for using mark-to-market accounting. The second subsequent swap was accounted for using hedge accounting. Each of the swaps were scheduled to mature in November 2010, but were terminated in March 2010.

### **Seasonality**

A substantial portion of our revenues are dependent on sales prices of products, particularly NGLs and fertilizers, which fluctuate in part based on winter and spring weather conditions. The demand for NGLs is strongest during the winter heating season. The demand for fertilizers is strongest during the early spring planting season. However, our terminalling and storage and marine transportation businesses and the molten sulfur business are typically not impacted by seasonal fluctuations. We expect to derive a majority of our net income from our terminalling and storage, sulfur and marine transportation businesses. Therefore, we do not expect that our overall net income will be impacted by seasonality factors. However, extraordinary weather events, such as hurricanes, have in the past, and could in the future, impact our terminalling and storage and marine transportation businesses. For example, Hurricanes Katrina and Rita in the third quarter of 2005 adversely impacted operating expenses and the four hurricanes that impacted the Gulf of Mexico and Florida in the third quarter of 2004 adversely impacted our terminalling and storage and marine transportation business revenues.

### **Impact of Inflation**

Inflation in the United States has been relatively low in recent years and did not have a material impact on our results of operations for the three months ended March 31, 2010 and 2009. However, inflation remains a factor in the United States economy and could increase our cost to acquire or replace property, plant and equipment as well as our labor and supply costs. We cannot assure you that we will be able to pass along increased costs to our customers.

Increasing energy prices could adversely affect our results of operations. Diesel fuel, natural gas, chemicals and other supplies are recorded in operating expenses. An increase in price of these products would increase our operating expenses which could adversely affect net income. We cannot assure you that we will be able to pass along increased operating expenses to our customers.

### **Environmental Matters**

Our operations are subject to environmental laws and regulations adopted by various governmental authorities in the jurisdictions in which these operations are conducted. We incurred no material environmental costs, liabilities or expenditures to mitigate or eliminate environmental contamination during the three months ended March 31, 2010 or 2009.

**Table of Contents****Item 3. Quantitative and Qualitative Disclosures about Market Risk**

*Commodity Price Risk.* We are exposed to market risks associated with commodity prices, counterparty credit and interest rates. Under our hedging policy, we monitor and manage the commodity market risk associated with the commodity risk exposure of Prism Gas Systems I, L.P. ( Prism Gas ). In addition, we are focusing on utilizing counterparties for these transactions whose financial condition is appropriate for the credit risk involved in each specific transaction.

We use derivatives to manage the risk of commodity price fluctuations. These outstanding contracts expose us to credit loss in the event of nonperformance by the counterparties to the agreements. We have incurred no losses associated with counterparty nonperformance on derivative contracts.

On all transactions where we are exposed to counterparty risk, we analyze the counterparty's financial condition prior to entering into an agreement, have established a maximum credit limit threshold pursuant to our hedging policy, and monitor the appropriateness of these limits on an ongoing basis. We have agreements with three counterparties containing collateral provisions. Based on those current agreements, cash deposits are required to be posted whenever the net fair value of derivatives associated with the individual counterparty exceed a specific threshold. If this threshold is exceeded, cash is posted by us if the value of derivatives is a liability to us. As of March 31, 2010, we have no cash collateral deposits posted with counterparties.

We are exposed to the impact of market fluctuations in the prices of natural gas, NGLs and condensate as a result of gathering, processing and sales activities. Our exposure to these fluctuations is primarily in the gas processing component of our business. Gathering and processing revenues are earned under various contractual arrangements with gas producers. Gathering revenues are generated through a combination of fixed-fee and index-related arrangements. Processing revenues are generated primarily through contracts which provide for processing on percent-of-liquids and percent-of-proceeds bases.

- 1) Percent-of-liquids contracts: Under these contracts, we receive a fee in the form of a percentage of the NGLs recovered, and the producer bears all of the cost of natural gas shrink. Therefore, margins increase during periods of high NGL prices and decrease during periods of low NGL prices.
- 2) Percent-of-proceeds contracts: Under these contracts, we generally gather and process natural gas on behalf of certain producers, sell the resulting residue gas and NGLs at market prices and remit to producers an agreed upon percentage of the proceeds based on an index price. In other cases, instead of remitting cash payments to the producer, we deliver an agreed upon percentage of the residue gas and NGLs to the producer and sell the volumes kept to third parties at market prices. Under these types of contracts, revenues and gross margins increase as natural gas prices and NGL prices increase, and revenues and gross margins decrease as natural gas and NGL prices decrease.

Market risk associated with gas processing margins by contract type, and gathering and transportation margins as a percent of total gross margin remained consistent for the three months ended March 31, 2010 and 2009 as our contract mix and percent of volumes associated with those contracts did not differ materially.

The aggregate effect of a hypothetical \$1.00/MMBtu increase or decrease in the natural gas price index would result in an approximate annual gross margin change of \$1.0 million. In addition, the aggregate effect of a hypothetical \$10.00/Bbl increase or decrease in the crude oil price index would result in an approximate annual gross margin change of \$0.5 million.

Prism Gas has entered into hedging transactions through 2011 to protect a portion of its commodity exposure from these contracts. These hedging arrangements are in the form of swaps for crude oil, natural gas and natural gasoline.

Based on estimated volumes, as of March 31, 2010, we had hedged approximately 47% and 7% of our commodity risk by volume for 2010 and 2011, respectively. We anticipate entering into additional commodity derivatives on an ongoing basis to manage our risks associated with these market fluctuations, and will consider using various commodity derivatives, including forward contracts, swaps, collars, futures and options, although there is no

assurance that we will be able to do so or that the terms thereof will be similar to our existing hedging arrangements.

**Table of Contents**

The relevant payment indices for our various commodity contracts are as follows:

Natural gas contracts monthly posting for ANR Pipeline Co. Louisiana as posted in Platts Inside FERC's Gas Market Report;

Crude oil contracts WTI NYMEX average for the month of the daily closing prices; and

Natural gasoline contracts Mt. Belvieu Non-TET average monthly postings as reported by the Oil Price Information Service (OPIS).

**Hedging Arrangements in Place  
As of March 31, 2010**

Period	Underlying	Notional Volume	Commodity Price We Receive	Commodity Price We Pay	Fair Value Asset (In Thousands)	Fair Value Liability (In Thousands)
April 2010-December 2010	Crude Oil	24,000 (BBL)	Index	\$69.15/bbl	\$	\$ (271)
April 2010-December 2010	Crude Oil	36,000 (BBL)	Index	\$72.25/bbl		(323)
April 2010-December 2010	Crude Oil	12,000 (BBL)	Index	\$104.80/bbl	183	
April 2010-December 2010	Natural Gasoline	12,000 (BBL)	Index	\$94.14/bbl	145	
April 2010-December 2010	Natural Gas	240,000 (Mmbtu)	Index	\$5.95/Mmbtu	308	
April 2010-December 2010	Natural Gas	120,000 (Mmbtu)	Index	\$6.005/Mmbtu	159	
January 2011-December 2011	Natural Gas	120,000 (Mmbtu)	Index	\$6.125/Mmbtu	98	
					\$ 893	\$ (594)

Our principal customers with respect to Prism Gas natural gas gathering and processing are large, natural gas marketing services, oil and gas producers and industrial end-users. In addition, substantially all of our natural gas and NGL sales are made at market-based prices. Our standard gas and NGL sales contracts contain adequate assurance provisions which allows for the suspension of deliveries, cancellation of agreements or discontinuance of deliveries to the buyer unless the buyer provides security for payment in a form satisfactory to us.

*Interest Rate Risk.* We are exposed to changes in interest rates as a result of our credit facility, which had a weighted-average interest rate of 4.47% as of March 31, 2010. We had a total of \$83.0 million of indebtedness outstanding under our credit facility as of May 4, 2010, all of which was unhedged floating rate debt. Based on the amount of unhedged floating rate debt owed by us on March 31, 2010, the impact of a 1% increase in interest rates on this amount of debt would result in an increase in interest expense and a corresponding decrease in net income of approximately \$0.9 million annually.

Historically, we have managed a portion of our interest rate risk with interest rate swaps, which reduce our exposure to changes in interest rates by converting variable interest rates to fixed interest rates. During the first quarter 2010, we terminated all of our interest rate swaps on our revolving credit facility. At March 31, 2010, we are not party to any interest rate swap agreements.

**Item 4. Controls and Procedures**

*Evaluation of disclosure controls and procedures.* In accordance with Rules 13a-15 and 15d-15 of the Securities Exchange Act of 1934, as amended (the Exchange Act ), we, under the supervision and with the participation of the Chief Executive Officer and Chief Financial Officer of our general partner, carried out an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Exchange Act) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer of our general partner concluded that our disclosure controls and procedures were effective, as of the end of the period covered by this report, to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

**Table of Contents**

There were no changes in our internal controls over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

**Table of Contents****PART II OTHER INFORMATION****Item 1. Legal Proceedings**

From time to time, we are subject to certain legal proceedings claims and disputes that arise in the ordinary course of our business. Although we cannot predict the outcomes of these legal proceedings, we do not believe these actions, in the aggregate, will have a material adverse impact on our financial position, results of operations or liquidity.

In addition to the foregoing, as a result of an inspection by the U.S. Coast Guard of our tug Martin Explorer at the Freeport Sulfur Dock Terminal in Tampa, Florida, we have been informed that an investigation has been commenced concerning a possible violation of the Act to Prevent Pollution from Ships, 33 USC 1901, et. seq., and the MARPOL Protocol 73/78. In connection with this matter, two employees of Martin Resource Management who provide services to us were served with grand jury subpoenas during the fourth quarter of 2007. In addition, in April of 2009, an additional grand jury subpoena was issued pertaining to the provision of certain documents relating to the Martin Explorer and its crew. We are cooperating with the investigation and, as of the date of this report, no formal charges, fines and/or penalties have been asserted against us.

**Item 1A. Risk Factors**

There have been no material changes to the risk factors disclosed in our annual report on Form 10-K filed with the SEC on March 4, 2010.

**Item 5. Other Information**

*Certain Other Information.* On May 2, 2008, we received a copy of a petition filed in the District Court of Gregg County, Texas (the Court) by Scott D. Martin (the Plaintiff) against Ruben S. Martin, III (the Defendant) with respect to certain matters relating to Martin Resource Management. The Defendant is an executive officer of Martin Resource Management, the Plaintiff and the Defendant are executive officers of our general partner, the Defendant is a director of both Martin Resource Management and our general partner, and the Plaintiff is a director of Martin Resource Management. The lawsuit alleged that the Defendant breached a settlement agreement with the Plaintiff concerning certain Martin Resource Management matters and that the Defendant breached fiduciary duties allegedly owed to the Plaintiff in connection with their respective ownership and other positions with Martin Resource Management. Prior to the trial of this lawsuit, the Plaintiff dropped his claims against the Defendant relating to the breach of fiduciary duty allegations. We are not a party to the lawsuit and the lawsuit does not assert any claims (i) against us, (ii) concerning our governance or operations or (iii) against the Defendant with respect to his service as an officer or director of our general partner.

In May 2009, the lawsuit went to trial and on June 18, 2009, the Court entered a judgment (the Judgment) with respect to the lawsuit as further described below. In connection with the Judgment, the Defendant has advised us that he has filed a motion for new trial, a motion for judgment notwithstanding the verdict and a notice of appeal. In addition, on June 22, 2009, the Plaintiff filed a notice of appeal with the Court indicating his intent to appeal the Judgment. The Defendant has further advised us that on June 30, 2009 he posted a cash deposit in lieu of a bond and the judge has ruled that as a result of such deposit, the enforcement of any of the provisions in the Judgment is stayed until the matter is resolved on appeal. Accordingly, during the pendency of the appeal process, no change in the makeup of the Martin Resource Management board of directors is expected.

The Judgment awarded the Plaintiff monetary damages in the approximate amount of \$3.2 million, attorney's fees of approximately \$1.6 million and interest. In addition, the Judgment grants specific performance and provides that the Defendant is to (i) transfer one share of his Martin Resource Management common stock to the Plaintiff, (ii) take such actions, including the voting of any Martin Resource Management shares which the Defendant owns, controls or otherwise has the power to vote, as are necessary to change the composition of the board of directors of Martin Resource Management from a five-person board, currently consisting of the Defendant and the Plaintiff as well as Wes Skelton, Don Neumeyer and Bob Bondurant (executive officers of Martin Resource Management and our general partner), to a four-person board to consist of the Defendant and his designee and the Plaintiff and his designee and (iii) take such actions as are necessary to change the trustees of the Martin Resource Management Employee Stock Ownership Trust (the MRM ESOP Trust), currently consisting of the Defendant, the Plaintiff and Wes Skelton, to just the Defendant and the Plaintiff. The Judgment is directed solely at the Defendant and is not binding on

any other officer, director or shareholder of Martin Resource

55

---

**Table of Contents**

Management or any trustee of a trust owning Martin Resource Management shares. The Judgment with respect to (ii) above terminated on February 17, 2010, and with respect to (iii) above on the 30th day after the election by the Martin Resource Management shareholders of the first successor Martin Resource Management board after February 17, 2010. However, any enforcement of the Judgment is stayed pending resolution of the appeal relating to it.

On September 5, 2008, the Plaintiff and one of his affiliated partnerships (the SDM Plaintiffs), on behalf of themselves and derivatively on behalf of Martin Resource Management, filed suit in a Harris County, Texas district court against Martin Resource Management, the Defendant, Robert Bondurant, Donald R. Neumeyer and Wesley Skelton, in their capacities as directors of Martin Resource Management (the MRMC Director Defendants), as well as 35 other officers and employees of Martin Resource Management (the Other MRMC Defendants). In addition to their respective positions with Martin Resource Management, Robert Bondurant, Donald Neumeyer and Wesley Skelton are officers of our general partner. We are not a party to this lawsuit, and it does not assert any claims (i) against us, (ii) concerning our governance or operations or (iii) against the MRMC Director Defendants or other MRMC Defendants with respect to their service to us.

The SDM Plaintiffs allege, among other things, that the MRMC Director Defendants have breached their fiduciary duties owed to Martin Resource Management and the SDM Plaintiffs, entrenched their control of Martin Resource Management and diluted the ownership position of the SDM Plaintiffs and certain other minority shareholders in Martin Resource Management, and engaged in acts of unjust enrichment, excessive compensation, waste, fraud and conspiracy with respect to Martin Resource Management. The SDM Plaintiffs seek, among other things, to rescind the June 2008 issuance by Martin Resource Management of shares of its common stock under its 2007 Long-Term Incentive Plan to the Other MRMC Defendants, remove the MRMC Director Defendants as officers and directors of Martin Resource Management, prohibit the Defendant, Wesley Skelton and Robert Bondurant from serving as trustees of the MRMC Employee Stock Ownership Plan, and place all of the Martin Resource Management common shares owned or controlled by the Defendant in a constructive trust that prohibits him from voting those shares. The SDM Plaintiffs have amended their Petition to eliminate their claims regarding rescission of the issue by Martin Resource Management of shares of its common stock to the MRMC Employee Stock Ownership Plan. The case was abated in July 2009 during the pendency of a mandamus proceeding in the Texas Supreme Court. The Supreme Court denied mandamus relief on November 20, 2009. As of May 4, 2010, no further action has been taken at the trial court level in this matter.

The lawsuits described above are in addition to (i) a separate lawsuit filed in July 2008 in a Gregg County, Texas district court by the daughters of the Defendant against the Plaintiff, both individually and in his capacity as trustee of the Ruben S. Martin, III Dynasty Trust, which suit alleges, among other things, that the Plaintiff has engaged in self-dealing in his capacity as a trustee under the trust, which holds shares of Martin Resource Management common stock, and has breached his fiduciary duties owed to the plaintiffs, and who are beneficiaries of such trust, and (ii) a separate lawsuit filed in October 2008 in the United States District Court for the Eastern District of Texas by Angela Jones Alexander against the Defendant and Karen Yost in their capacities as a former trustee and a trustee, respectively, of the R.S. Martin Jr. Children Trust No. One (f/b/o Angela Santi Jones), which holds shares of Martin Resource Management common stock, which suit alleges, among other things that the Defendant and Karen Yost breached fiduciary duties owed to the plaintiff, who is the beneficiary of such trust, and seeks to remove Karen Yost as the trustee of such trust. With respect to the lawsuit described in (i) above, we have been informed that the Plaintiff has resigned as a trustee of the Ruben S. Martin, III Dynasty Trust. With respect to the lawsuit described in (ii) above, Angela Jones Alexander has amended her claims to include her grandmother, Margaret Martin, as a defendant. With respect to the lawsuit referenced in (i) above, the case was tried in October 2009 and the jury returned a verdict in favor of the Defendant's daughters against the Plaintiff in the amount of \$4.9 million. On December 22, 2009, the court entered a judgment, reflecting an amount consistent with the verdict and additionally awarded attorneys' fees and interest. On January 7, 2010, the court modified its original judgment and awarded the Defendant's daughters approximately \$2.7 million in damages, including interest and attorneys' fees. The Plaintiff has appealed the judgment.

On September 24, 2008, Martin Resource Management removed Plaintiff as a director of our general partner. Such action was taken as a result of the collective effect of Plaintiff's then recent activities, which the board of directors of Martin Resource Management determined were detrimental to both Martin Resource Management and us. The Plaintiff does not serve on any committees of the board of directors of our general partner. The position on the board of directors of our general partner vacated by the Plaintiff may be filled in accordance with the existing procedures for replacement of a departing director utilizing the Nominations Committee of the board of directors of our general partner. This position on the board of directors has not been filled as of May 5, 2010.

**Table of Contents**

On February 22, 2010 as a result of the Harris County Litigation being derivative in nature, Martin Resource Management formed a special committee of its board of directors and designated such committee as the Martin Resource Management authority for the purpose of assessing, analyzing and monitoring the Harris County Litigation and any other related litigation and making any and all determinations in respect of such litigation on behalf of Martin Resource Management. Such authorization includes, but is not limited to, reviewing the merits of the litigation, assessing whether to pursue claims or counterclaims against various persons or entities, assessing whether to appoint or retain experts or disinterested persons to make determinations in respect of such litigation, and advising and directing Martin Resource Management's general counsel and outside legal counsel with respect to such litigation. The special committee consists of all members of the Martin Resource Management board of directors other than the Plaintiff and the Defendant.

On May 4, 2010, we received a copy of a petition filed in a new case with the Court by Martin Resource Management against the Plaintiff and others with respect to certain matters relating to Martin Resource Management. As noted above, the Plaintiff is a director of Martin Resource Management. The lawsuit alleges that the Plaintiff and others (i) willfully and intentionally interfered with existing Martin Resource Management contracts and the prospective business relationships of Martin Resource Management and (ii) published disparaging statements to third-parties with business relationships with Martin Resource Management, which constituted slander and business disparagement. We are not a party to the lawsuit, and the lawsuit does not assert any claims (i) against us, (ii) concerning our governance or operations or (iii) against the Plaintiff with respect to his service as an officer or former director of our general partner.

**INDEX TO EXHIBITS**

<b>Exhibit Number</b>	<b>Exhibit Name</b>
3.1	Certificate of Limited Partnership of Martin Midstream Partners L.P. (the Partnership ), dated June 21, 2002 (filed as Exhibit 3.1 to the Partnership s Registration Statement on Form S-1 (Reg. No. 333-91706), filed July 1, 2002, and incorporated herein by reference).
3.2	Second Amended and Restated Agreement of Limited Partnership of the Partnership, dated as of November 25, 2009 (filed as Exhibit 10.1 to the Partnership s Amendment to Current Report on Form 8-K/A, filed January 19, 2010, and incorporated herein by reference).
3.3	Certificate of Limited Partnership of Martin Operating Partnership L.P. (the Operating Partnership ), dated June 21, 2002 (filed as Exhibit 3.3 to the Partnership s Registration Statement on Form S-1 (Reg. No. 333-91706), filed July 1, 2002, and incorporated herein by reference).
3.4	Amended and Restated Agreement of Limited Partnership of the Operating Partnership, dated November 6, 2002 (filed as Exhibit 3.2 to the Partnership s Current Report on Form 8-K, filed November 19, 2002, and incorporated herein by reference).
3.5	Certificate of Formation of Martin Midstream GP LLC (the General Partner ), dated June 21, 2002 (filed as Exhibit 3.5 to the Partnership s Registration Statement on Form S-1 (Reg. No. 333-91706), filed July 1, 2002, and incorporated herein by reference).
3.6	Limited Liability Company Agreement of the General Partner, dated June 21, 2002 (filed as Exhibit 3.6 to the Partnership s Registration Statement on Form S-1 (Reg. No. 33-91706), filed July 1, 2002, and incorporated herein by reference).
3.7	Certificate of Formation of Martin Operating GP LLC (the Operating General Partner ), dated June 21, 2002 (filed as Exhibit 3.7 to the Partnership s Registration Statement on Form S-1 (Reg. No. 333-91706), filed July 1, 2002, and incorporated herein by reference).
3.8	Limited Liability Company Agreement of the Operating General Partner, dated June 21, 2002 (filed as Exhibit 3.8 to the Partnership s Registration Statement on Form S-1 (Reg. No. 333-91706), filed July 1, 2002, and incorporated herein by reference).
4.1	Specimen Unit Certificate for Common Units (contained in Exhibit 3.2).
4.2	Specimen Unit Certificate for Subordinated Units (filed as Exhibit 4.2 to Amendment No. 4 to the Partnership s Registration Statement on Form S-1 (Reg. No. 333-91706), filed October 25, 2002, and incorporated herein by reference).
4.3	Indenture, dated as of March 26, 2010, by and among the Partnership, Martin Midstream Finance Corp., the Guarantors named therein and Wells Fargo Bank, National Association, as trustee (filed as Exhibit 4.1 to the Partnership s Current Report on Form 8-K, filed March 26, 2010, and incorporated herein by reference).

- 4.4 Registration Rights Agreement, dated as of March 26, 2010, by and among the Partnership, Martin Midstream Finance Corp., the Guarantors named therein and the Initial Purchasers named therein (filed as Exhibit 4.2 to the Partnership's Current Report on Form 8-K, filed March 26, 2010, and incorporated herein by reference).
- 10.1 Fifth Amendment to Second Amended and Restated Credit Agreement, dated as of January 14, 2010, among the Operating Partnership, the Partnership, the Operating General Partner, Prism Gas Systems I, L.P., Prism Gas Systems GP, L.L.C., Prism Gulf Coast Systems, L.L.C., McLeod Gas Gathering and Processing Company, L.L.C., Woodlawn Pipeline Co., Inc., the financial institutions parties thereto, as lenders, and Royal Bank of Canada, as administrative agent and collateral agent (filed as Exhibit 10.1 to the Partnership's Current Report on Form 8-K, filed January 19, 2010, and incorporated herein by reference).
- 10.2 Underwriting Agreement dated as of February 3, 2010 by and among the Partnership, Martin Midstream GP LLC, Martin Operating GP LLC, Martin Operating Partnership L.P. and UBS Securities LLC, RBC Capital Markets Corporation and Wells Fargo Securities, LLC (filed as Exhibit 1.1 to the Partnership's Current Report on Form 8-K, filed February 3, 2010, and incorporated herein by reference).
- 10.3 Commitment Increase and Joinder Agreement dated as of February 25, 2010, by and among the Operating Partnership, the Partnership, the Operating General Partner, Prism Gas Systems I, L.P., Prism Gas Systems GP, L.L.C., Prism Gulf Coast Systems, L.L.C., McLeod Gas Gathering and Processing Company, L.L.C., Prism Liquids Pipeline LLC, Woodlawn Pipeline Co., Inc., The Royal Bank of Scotland plc, as new lender, and Royal Bank of Canada, as administrative agent and L/C Issuer (filed as Exhibit 10.1 to the Partnership's Current Report on Form 8-K, filed March 1, 2010, and incorporated herein by reference).
- 10.4 Purchase Agreement, dated as of March 23, 2010, by and among the Partnership, Martin Midstream Finance Corp., the Guarantors named therein and the Initial Purchasers named therein (filed as Exhibit 10.1 to the Partnership's Current Report on Form 8-K, filed March 23, 2010, and incorporated herein by reference).
