**ITEM 4.02 NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OR COMPLETED INTERIM REVIEW.**

On October 12, 2010, the Audit Committee of the Board of Directors of Retail Ventures, Inc. (the “Company”), following discussion with management, concluded that subsequent to the issuance of the Company’s fiscal 2009 consolidated financial statements, management identified an error in the disclosures of diluted (loss) earnings per share from continuing operations attributable to Retail Ventures, Inc. common shareholders and diluted (loss) earnings per share attributable to Retail Ventures, Inc. common shareholders included in the Company’s consolidated statement of operations and related disclosures for the fiscal years ended January 31, 2009 and February 2, 2008 and for the three month periods ended May 3, 2008 and August 2, 2008 as included in our Form 10-K for the fiscal year ended January 30, 2010, and for the nine month period ended November 1, 2008 as included in our Form 10-Q for the quarter ended October 31, 2009. The previously issued Annual Report on Form 10-K for the fiscal year ended January 30, 2010, which was originally filed with the Securities and Exchange Commission on April 14, 2010, and the previously issued Quarterly Report on Form 10-Q for the quarter ended October 31, 2009, which was originally filed with the Securities and Exchange Commission on December 15, 2009, should no longer be relied upon in view of the error. The dollar amount of revenues, expenses, net (loss) income attributable to Retail Ventures, Inc., the consolidated balance sheets, the consolidated statements of cash flows, and the consolidated statements of shareholders’ equity for all periods reported are unchanged. The restated financial statements are included in the amendments to the Company’s Form 10-K for the fiscal year ended January 30, 2010 and Form 10-Q for the quarter ended October 31, 2009, each of which was filed with the Securities and Exchange Commission on October 12, 2010. These Amendments have no impact on the Company’s subsidiary, DSW Inc.

The error in our computations of diluted (loss) earnings per share was caused by an error in the numerator of these computations relating to our outstanding warrants. The warrants, which are recorded as a derivative liability on our balance sheet, are presumed to be settled in our common shares. The resulting potential common shares are included in the denominator of our diluted earnings per share in accordance with ASC 260-10-45-45 and calculated using the treasury stock method. Our denominator for the potential common shares outstanding remains unchanged as a result of the restatement. However, the numerator in our prior computations did not include the change in fair value of the derivative liability relating to our dilutive warrants. ASC 260-10-45-46 states that “a contract that is reported as an asset or liability for accounting purposes may require an adjustment to the numerator for any changes in income or loss that would result if the contract had been reported as an equity instrument for accounting purposes during the period.”

The Audit Committee of the Board of Directors of the Company also discussed this matter with the Company’s independent registered public accountants, Deloitte & Touche LLP.

The following is a summary of the effects of this change on the periods presented in the 10-Q/A:
