Subject to the First Lien Intercreditor Agreement and the 2007 Intercreditor Agreement, a Senior Secured Note Guarantee of a Senior Secured Note Guarantor will be automatically released upon (a) receipt by the Trustee of a notification from BP I that such Senior Secured Note Guarantee be released and (b) the occurrence of any of the following:

- (1) the consummation of any transaction permitted by the Senior Secured Notes Indenture as a result of which such Senior Secured Note Guarantor ceases to be a Restricted Subsidiary;
- (2) the release or discharge of the guarantee or other obligation by such Senior Secured Note Guarantor of the Senior Secured Credit Facilities or such other guarantee or other obligation that resulted in the creation of such Senior Secured Note Guarantee, except a release or discharge by or as a result of payment under such guarantee;
- (3) BP I designating such Senior Secured Note Guarantor to be an Unrestricted Subsidiary in accordance with the covenants described under Certain Covenants Limitation on Restricted Payments and the definition of Unrestricted Subsidiary;
- (4) the Issuers exercise of their legal defeasance option or covenant defeasance option as described under Defeasance, or if the Issuers obligations under the Senior Secured Notes Indenture are discharged in accordance with the terms of

the Senior Secured Notes Indenture; or

(5) the transfer or sale of the equity interests of such Senior Secured Note Guarantor pursuant to an enforcement action, in accordance with the terms of the First Lien Intercreditor Agreement.

The Senior Secured Note Guarantor will be required to deliver to the Trustee an Officers Certificate stating that all conditions precedent provided for in the Senior Secured Notes Indenture relating to the release

Table of Contents

have been complied with. A Senior Secured Note Guarantee of a Senior Secured Note Guarantor also will be released as provided under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets and RGHL will be released from its Senior Secured Note Guarantee in connection with the substantially concurrent transfer by RGHL of the capital stock of BP I to a newly formed subsidiary of RGHL (*Midco*); *provided* that (a) Midco is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof or New Zealand; (b) Midco expressly assumes or replaces all the obligations of RGHL under the Senior Secured Notes Indenture, the Senior Secured Notes Registration Rights Agreement, the Senior Secured Notes, the Security Documents to which RGHL is a party, the First Lien Intercreditor Agreement and RGHL's Senior Secured Note Guarantee pursuant to a supplemental or replacement indenture or other documents or instruments in form reasonably satisfactory to the Trustee; (c) immediately after giving effect to such transaction on a pro forma basis (and treating any Indebtedness which becomes an obligation of Midco as a result of such transaction as having been Incurred by Midco at the time of such transaction), no Default shall have occurred and be continuing and the Issuers would be able to Incur an additional \$1.00 of Indebtedness pursuant to the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; (d) RGHL delivers to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such transfer and such supplemental indenture and Security Documents comply with the Senior Secured Notes Indenture (and in giving such opinion such counsel may rely on an Officers Certificate as to any matters of fact); and (e) RGHL delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of RGHL approving such transaction and set forth in an Officers Certificate certifying that such transaction complies with the requirements of the Senior Secured Notes Indenture.

Upon any occurrence specified in the two preceding paragraphs, the Trustee shall, at the instruction of and at the cost of the Issuers, execute any documents reasonably requested of it to evidence such release.

Addition of Senior Secured Note Guarantors

Under certain circumstances and subject to the Agreed Security Principles, additional Restricted Subsidiaries may be added as Senior Secured Note Guarantors (see Certain Covenants Future Senior Secured Note Guarantors).

Security***General***

The Senior Secured Notes and the Senior Secured Note Guarantees, with certain exceptions, have the benefit of Liens in the Collateral, which consist of first priority security interests shared with the other First Lien Obligations, including the Senior Secured Credit Facilities, the August 2011 Senior Secured Notes, the February 2011 Senior Secured Notes and the 2009 Notes (subject to Permitted Liens, which may rank ahead of the first priority security interests for the benefit of the Senior Secured Notes, and the exceptions described below), in the Collateral; *provided, however*, that in no event shall more than 65% of the total outstanding voting Equity Interests, or any of the assets, of any US Controlled Foreign Subsidiary be required to be pledged.. The Issuers and RGHL together with the Trustee will be responsible for implementing the security arrangements for the Senior Secured Notes and such arrangements may not be implemented in a timely manner or at all.

The Collateral consists of (i) 100% of the Capital Stock of certain existing and future, direct and indirect, wholly owned Subsidiaries of RGHL, the Issuers and the Senior Secured Note Guarantors (subject to the limitations described under Limitations on Stock Collateral and certain other limitations, including as described in the Agreed Security Principles) and (ii) certain assets of the Issuers and certain of the Senior Secured Note Guarantors located in Austria, Brazil, British Virgin Islands, Canada, Germany, Guernsey, Hong Kong, Hungary, Luxembourg, Mexico, the Netherlands, New Zealand, Switzerland, the United States and the United Kingdom.

Table of Contents

The Collateral does not comprise all of the assets of the Issuers or the Senior Secured Note Guarantors and is further limited to the extent set forth in the Agreed Security Principles. Among other exclusions from the Collateral, including pursuant to the Agreed Security Principles:

Security will not be provided by non-wholly owned Subsidiaries;

Security will be limited to the extent deemed necessary to comply with legal limitations, avoid significant tax disadvantages, comply with certain third party arrangements, satisfy fiduciary duties of directors and minimize fees, taxes and duties;

Security will not be provided over assets with values lower than certain agreed materiality thresholds, including a \$5.0 million threshold for real property, a \$250,000 threshold for manufacturing equipment in some jurisdictions and a \$1.0 million threshold for certain intellectual property;

Security will not be provided to the extent it would have a material adverse effect on the ability of the relevant Issuer or Senior Secured Note Guarantor to conduct business in the ordinary course; and

Security will not be provided over Pactiv's Principal Manufacturing Properties (as defined in the Pactiv Base Indenture) to the extent not required to be pledged under the Senior Secured Credit Facilities.

We estimate that the assets of Reynolds Group Holdings Limited and its subsidiaries that are part of the Collateral securing the Senior Secured Notes have a book value greater than the amount of our outstanding secured indebtedness, which totaled \$10,461.7 million, as of September 30, 2011 and measured in accordance with IFRS. Much of the Collateral is, and is expected to continue to be, illiquid, both by its nature and as a result of local limitations relating to enforcement (see Certain Insolvency and Other Local Law Considerations). Accordingly, there can be no assurance that the Collateral will be able to be sold in a short period of time or at all or that its value will exceed the amount of Indebtedness it secures, including the Senior Secured Notes.

There are other potential impediments to Holders realizing upon the full value of the Collateral. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes. Among the potential impediments described in such risk factors are risks relating to enforcement of the security interests in jurisdictions outside of the United States, risks relating to dilution of the Collateral by other secured creditors, including the Senior Secured Credit Facilities, the holders of the 2009 Notes, the February 2011 Senior Secured Notes, the August 2011 Senior Secured Notes, and any future permitted secured Indebtedness, risks relating to the use of a Collateral Agent for purposes of securing and enforcing upon the Collateral, risks relating to control of the Collateral Agent by the administrative agent under the Senior Secured Credit Facilities or the representatives of the holders of the 2009 Notes, holders of the February 2011 Senior Secured Notes or the holders of the August 2011 Senior Secured Notes, as the case may be, and not by the Trustee or the Holders and risks relating to the fact that the security interests in respect of the Senior Secured Notes will, in certain cases, be relying on the First Lien Intercreditor Agreement to achieve first priority *pari passu* ranking.

Subject to certain conditions, including compliance with the covenants described under Certain Covenants Impairment of Security Interest and Certain Covenants Liens, the Senior Secured Note Guarantors and the Issuers are permitted to pledge the Collateral in connection with certain future Incurrences of Indebtedness, including any Additional Senior Secured Notes, or certain Indebtedness of the Issuers or Indebtedness of the Senior Secured Note Guarantors, in each case as permitted under the Senior Secured Indenture. This may make the Collateral less valuable for the holders of the Senior Secured Notes.

Except as limited by Certain Covenants Impairment of Security Interest, the Issuers and the Senior Secured Note Guarantors may take actions that would result in diminishing (possibly to zero) the value or existence of the Collateral. In the future, additional assets may be pledged by us to secure debt under the Senior Secured Credit Facilities, the 2009 Notes, the February 2011 Senior Secured Notes, the August 2011 Senior Secured Notes, a Credit Agreement or other Public Debt but may not be pledged to secure the Senior Secured Notes. The book value of our assets may not be indicative of the fair market value of such assets,

Table of Contents

which could be substantially lower. In addition, a substantial portion of our assets will not constitute Collateral for the Senior Secured Notes in any form. Accordingly, the value of the Collateral could be substantially less than the aggregate principal amount of our First Lien Obligations, including the Senior Secured Notes, the 2009 Notes, the February 2011 Senior Secured Notes, the August 2011 Senior Secured Notes, the Senior Secured Credit Facilities and other Secured Indebtedness.

Accordingly, holders of the Senior Secured Notes have the benefit of a security interest in only a portion of the value of the Collateral expected to secure the Senior Secured Notes. In addition, certain of the stock and assets pledged by the Senior Secured Note Guarantors in some jurisdictions have been pledged on a priority basis to secure the obligations to the lenders under certain local working capital facilities. See Certain Covenants Future Collateral for a description of our obligations with respect to assets acquired by us. The Issuers and the Senior Secured Note Guarantors will not be required to implement any such security arrangements or enter into Security Documents with respect to Collateral owned or acquired by us, if, in the good faith determination of BP I, doing so would, or would result in a material risk of, conflict with the fiduciary duties of their directors or contravene any legal prohibition or, in the good faith determination of BP I, result in, or in a material risk of, personal or criminal liability on the part of any officer, director or shareholder of BP I, BP II or any of their respective parents or subsidiaries, or if, in the good faith determination of BP I, it would be inconsistent with the Agreed Security Principles; *provided, however*, that the relevant Issuer or the relevant Senior Secured Note Guarantor must use commercially reasonable efforts to overcome any such obstacle. Under the commercially reasonable efforts standard, perfection of the security interests will not be required if, in the good faith determination of BP I, it would have a material adverse effect on the ability of any of the Issuers or the relevant Senior Secured Note Guarantor to conduct its operations and business in the ordinary course or if, in the good faith determination of BP I, it would be inconsistent with the Agreed Security Principles. If the Issuers and the Senior Secured Note Guarantors do not implement such security arrangements for the benefit of the Senior Secured Notes (other than in circumstances in accordance with the Agreed Security Principles or as described under Limitation on Stock Collateral below), they will be prohibited from implementing security arrangements with respect to the Senior Secured Credit Facilities, the 2009 Notes, the February 2011 Senior Secured Notes, the August 2011 Senior Secured Notes, Public Debt or other Indebtedness except, in the case of such other Indebtedness, for Permitted Liens.

The aggregate amount of the obligations secured by the Collateral may, subject to the limitations set forth in the Indenture, be increased. A portion of the obligations secured by the Collateral consists or may consist of Indebtedness that is revolving in nature, and the amount thereof that may be outstanding at any time or from time to time may be increased or reduced and subsequently reborrowed and such obligations may, subject to the limitations set forth in the Indenture, be increased, extended, renewed, replaced, restated, supplemented, restructured, repaid, refunded, refinanced or otherwise amended or modified from time to time, all without affecting the provisions of the First Lien Intercreditor Agreement defining the relative rights of the parties thereto.

The Issuers and the Senior Secured Note Guarantors will be able to incur additional First Lien Obligations in the future that could share in the Collateral, including Indebtedness secured by a Permitted Lien that may be prior to, or *pari passu* with, Liens securing the Senior Secured Notes. In addition, we may Incur Indebtedness secured by a Permitted Lien over assets that are not part of the Collateral, and the amount thereof could be significant. The amount of Secured Indebtedness secured with priority over, or on an equal and ratable basis with, Liens securing the Senior Secured Notes will be limited by the covenant disclosed under Certain Covenants Liens, and the amount of all such additional indebtedness will be limited by the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuances of Disqualified Stock and Preferred Stock. Under certain circumstances the amount of Indebtedness and other obligations that benefit from prior ranking security interests or that shares equally and ratably in the Collateral could be significant.

Subject to the terms of the Security Documents, the Issuers and the Senior Secured Note Guarantors will have the right to remain in possession and retain exclusive control of the Collateral securing the Senior Secured Notes, to freely operate the Collateral and to collect, invest and dispose of any income therefrom. See

Table of Contents

Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes Rights of holders of the senior secured notes may be adversely affected by bankruptcy proceedings in the United States.

Limitations on Stock Collateral

The Capital Stock and securities of any Restricted Subsidiary (other than BP I, for which we will provide separate financial statements) will constitute Collateral only to the extent that the securing of the Senior Secured Notes with such Capital Stock and securities would not require such Senior Secured Note Guarantor to file separate financial statements with the SEC under Rule 3-16 of Regulation S-X under the Securities Act. In the event that Rule 3-16 of Regulation S-X under the Securities Act requires or is amended, modified or interpreted by the SEC to require (or is replaced with another rule or regulation that would require) the filing with the SEC of separate financial statements of any Restricted Subsidiary (other than BP I) due to the fact that such Restricted Subsidiary's Capital Stock and securities secure the Senior Secured Notes or any Senior Secured Note Guarantee, then the Capital Stock and securities of such Restricted Subsidiary shall automatically be deemed not to be part of the Collateral (but only to the extent necessary for such Restricted Subsidiary to not be subject to such requirement to provide separate financial statements) and such excluded portion of the Capital Stock and securities is referred to as the *Excluded Stock Collateral*. In such event, the Security Documents may be amended, modified or supplemented, without the consent of any Holder, to the extent necessary to release the security interests on the Excluded Stock Collateral.

In the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to permit (or is replaced with another rule or regulation that would permit) any Restricted Subsidiary's Excluded Stock Collateral to secure the Senior Secured Notes in excess of the amount then pledged without the filing with the SEC of separate financial statements of such Senior Secured Note Guarantor, then the Capital Stock and securities of such Restricted Subsidiary shall automatically be deemed to be a part of the Collateral (but only to the extent possible without such Restricted Subsidiary becoming subject to any such filing requirement). In such event, the Security Documents may be amended or modified, without the consent of any Holder, to the extent necessary to subject to the Liens under the Security Documents such additional Capital Stock and securities.

In accordance with the limitations set forth in the two immediately preceding paragraphs, on the date that Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, other than with respect to BP I, whose shares of Capital Stock will be part of the Collateral without regard to the limits described above, the Collateral will include shares of Capital Stock of the Restricted Subsidiaries only to the extent that the applicable value of such Capital Stock (on an entity-by-entity basis) is less than 20% of the aggregate principal amount of the outstanding Senior Secured Notes. Certain of the Senior Secured Note Guarantors have Capital Stock valued at or in excess of 20% of the aggregate principal amount of the outstanding Senior Secured Notes; accordingly if Rule 3-16 of Regulation S-X under the Securities Act was applicable to the Senior Secured Notes on such date, each such Senior Secured Note Guarantor's pledge of such stock as Collateral would be deemed to be limited to stock with a value that is less than 20% of the aggregate principal amount of the outstanding Senior Secured Notes pursuant to these provisions. In the event that Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, we anticipate that the Capital Stock of multiple subsidiaries of ours organized in various jurisdictions will be subject to such limitations. If, at any time after Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, the applicable value of the Capital Stock of any Senior Secured Note Guarantor is equal to or exceeds 20% of the aggregate principal amount of the Senior Secured Notes outstanding, the pledge of such Senior Secured Note Guarantor's Capital Stock shall automatically be deemed to be limited to stock with a value that is less than 20% of the aggregate principal amount of the outstanding Senior Secured Notes. If, at any time after the date Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, the applicable value of 100% of the Capital Stock of any Senior Secured Note Guarantor becomes less than 20% of the aggregate principal amount of the Senior Secured Notes outstanding and the pledge of such Capital Stock has been deemed limited in accordance with this paragraph prior to such date, the pledge of such Senior Secured Note Guarantor's Capital Stock shall automatically be deemed to be 100% of its Capital Stock.

Accordingly, the

Table of Contents

portion of the Capital Stock of the Issuers or the Senior Secured Note Guarantors constituting Collateral may decrease or increase as described above. We conduct substantially all of our business through our subsidiaries, many of which have capital stock with a value in excess of 20% of the aggregate principal amount of the Senior Secured Notes. Accordingly, the pledge of stock and securities with respect to each such subsidiary will be limited in value to less than 20% of the aggregate principal amount of the Senior Secured Notes.

In certain circumstances, the pledges by certain entities of intercompany proceeds loans to which they are a party, including the pledge of the Luxembourg Proceeds Loans by the holders thereof and the pledge of the US Proceeds Loans by the holders thereof could be viewed as a pledge of a security by such entity. Accordingly, such entities pledge of such proceeds loans could be limited to 20% of the value of the proceeds loans, in accordance with the foregoing paragraphs.

Brief Summary of Security Documents and Intercreditor Agreements

The Issuers, the Senior Secured Note Guarantors, and the Collateral Agent (or agents thereof) have entered into multiple agreements or other instruments defining the terms of the security interests that secure the Senior Secured Notes and the Senior Secured Note Guarantees. Those agreements or other instruments pursuant to which security interests in the Collateral are granted to secure the Senior Secured Notes or the Senior Secured Note Guarantees from time to time are referred to as the *Security Documents*. The security interests secure the payment and performance when due of the Obligations of the Issuers and the Senior Secured Note Guarantors under the Senior Secured Notes, the Senior Secured Notes Indenture, the Senior Secured Note Guarantees and the Security Documents, as provided in the Security Documents. Since the Holders are not parties to the Security Documents, the First Lien Intercreditor Agreement or the 2007 Intercreditor Agreement, Holders may not, individually or collectively, take any direct action to enforce any rights in their favor under the Security Documents, the First Lien Intercreditor Agreement or the 2007 Intercreditor Agreement. The Holders may only act by instructing the Trustee to act whether through the Collateral Agent or otherwise.

We are party to two intercreditor agreements that govern the relative rights of the obligors under our existing and future financing arrangements: (1) the 2007 Intercreditor Agreement which sets forth the relative rights and obligations with respect to the Senior Secured Notes, lenders (and other secured parties, including certain Local Facilities and providers of Hedging Obligations) under the Senior Secured Credit Facilities, the holders of the 2009 Notes, the holders of the February 2011 Senior Secured Notes, the holders of the August 2011 Senior Secured Notes, the holders of the 2007 Senior Notes and the holders of the 2007 Senior Subordinated Notes and (2) the First Lien Intercreditor Agreement which, sets forth the relative rights and obligations of the lenders (and other secured parties, including certain Local Facilities and providers of Hedging Obligations) under the Senior Secured Credit Facilities, the holders of the 2009 Notes, the holders of the February 2011 Senior Secured Notes, the holders of the August 2011 Senior Secured Notes and the Senior Secured Notes with respect to the Collateral. See *Description of Certain Other Indebtedness and Intercreditor Agreements* *First Lien Intercreditor Agreement*.

The Trustee, as representative for the holders of the Senior Secured Notes, entered into a joinder to the First Lien Intercreditor Agreement and took other steps required to make the obligation with respect to the Senior Secured Notes become *Additional Obligations* under the First Lien Intercreditor Agreement.

Under the First Lien Intercreditor Agreement, as described below, the *Applicable Representative* has the right to direct the Collateral Agent to initiate foreclosures, release Liens in accordance with the Senior Secured Credit Facilities, the 2009 Note Documents, the Senior Secured Note Documents, the indentures, security documents and other documents related to the holders of February 2011 Senior Secured Notes and the holders of the August 2011 Senior Secured Notes, and the documents governing any other series of *pari passu* first lien obligations that are included as *Additional Obligations* as defined in and under the First Lien Intercreditor Agreement and take other actions with respect to the

Shared Collateral (as defined below), and the representatives of other series of Obligations party to the First Lien Intercreditor Agreement have no right to direct the Collateral Agent to take actions with respect to the Shared Collateral. The Applicable Representative is currently the administrative agent under the Senior Secured Credit Facilities. As long as such

Table of Contents

administrative agent is the Applicable Representative, the Trustee, as representative of the holders of the Senior Secured Notes, the trustee under the 2009 Indenture and the trustee under the February 2011 Secured Indenture and the August 2011 Secured Indenture will have no rights to direct the Collateral Agent to take any action under the First Lien Intercreditor Agreement. Generally, *Shared Collateral* means, at any time, Collateral in which the holders of two or more series of Obligations (or their respective representatives) hold a valid security interest or upon the enforcement of any guarantee held by two or more series of Obligations (or their respective representatives), the proceeds of such enforcement.

The administrative agent under the Senior Secured Credit Facilities will remain the Applicable Representative until the earlier of (1) the discharge of our Obligations under the Senior Secured Credit Facilities and (2) the Cut-Off Date (as defined below) (unless the Cut-Off-Date has been stayed, deemed not to have occurred or rescinded pursuant to the definition thereof). After such date, the Applicable Representative will be the representative of the series of Obligations that constitutes the largest outstanding principal amount of any then outstanding series of Obligations party to the First Lien Intercreditor Agreement, other than the Obligations under the Senior Secured Credit Facilities, with respect to the Shared Collateral (the *Non-Controlling Representative*) (which series of Obligations may be the 2009 Notes, the February 2011 Senior Secured Notes, the August 2011 Senior Secured Notes or an additional series of Obligations to be incurred in the future). Accordingly, the Trustee, as representative of the holders of the Senior Secured Notes, may not ever have the right to control the remedies and take other actions with respect to the Shared Collateral.

The *Cut-Off Date* means, with respect to any Non-Controlling Representative, the date which is at least 90 days (throughout which 90 day period such Person was the Non-Controlling Representative) after the occurrence of both (i) an Event of Default (under and as defined in the instrument under which such Non-Controlling Representative is appointed as the representative) and (ii) the Collateral Agent's and each other relevant representative's receipt of written notice from such Non-Controlling Representative certifying that (x) such an Event of Default has occurred and is continuing and (y) the Obligations of the series with respect to which such Non-Controlling Representative is the representative are currently due and payable in full (whether as a result of acceleration thereof or otherwise) in accordance with the terms of the applicable instrument governing such Obligations; *provided, however*, that the Cut-Off Date shall be stayed and shall not occur and shall be deemed not to have occurred and be rescinded (1) at any time the administrative agent under the Senior Secured Credit Facilities or the Collateral Agent has commenced and is diligently pursuing any enforcement action with respect to any Shared Collateral or (2) at any time any grantor which has granted a security interest in such Shared Collateral is then a debtor under or with respect to (or otherwise subject to) any insolvency or liquidation proceeding.

Under the First Lien Intercreditor Agreement, (i) the Applicable Representative has the sole right to instruct the Collateral Agent to act or refrain from acting with respect to the Shared Collateral, (ii) the Collateral Agent shall not follow any instructions with respect to such Shared Collateral from any representative of any Non-Controlling Secured Party (as defined below) or other party to the First Lien Intercreditor Agreement (other than the Applicable Representative) and (iii) no representative of any Non-Controlling Secured Party or other party to the First Lien Intercreditor Agreement (other than the Applicable Representative) will instruct the Collateral Agent to commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, any Shared Collateral. A *Non-Controlling Secured Party* shall mean any secured party to the First Lien Intercreditor Agreement whose representative under the First Lien Intercreditor Agreement is not the Applicable Representative. Until the earlier of (1) the discharge of our Obligations under the Senior Secured Credit Facilities and (2) the Cut-Off Date (unless the Cut-Off-Date has been stayed, deemed not to have occurred or rescinded pursuant to the definition thereof), the holders of the Senior Secured Notes, the August 2011 Senior Secured Notes, the February 2011 Senior Secured Notes and the holders of the 2009 Notes will be Non-Controlling Secured

Parties. Accordingly, the holders of Senior Secured Notes could be Non-Controlling Secured Parties indefinitely.

Table of Contents

Notwithstanding the equal priority of the Liens on any Shared Collateral, the Collateral Agent, acting on the instructions of the Applicable Representative, may deal with the Collateral as if such Applicable Representative had a senior Lien on such Collateral. No representative of any Non-Controlling Secured Party may contest, protest or object to any foreclosure proceeding or action brought by the Collateral Agent. Each of the parties to the First Lien Intercreditor Agreement will agree that it will not contest or support any other person in contesting, in any proceeding (including any insolvency or liquidation proceeding), the perfection, priority, validity or enforceability of a Lien held by or on behalf of any of the parties to the First Lien Intercreditor Agreement in all or any part of the Shared Collateral, or the provisions of the First Lien Intercreditor Agreement.

If an Event of Default (under and as defined in an instrument pursuant to which a series of Obligations whose representative is party to the First Lien Intercreditor Agreement is Incurred) has occurred and is continuing and the Collateral Agent is taking action to enforce rights in respect of any Shared Collateral, or any distribution is made in respect of any Shared Collateral in any insolvency or liquidation proceeding or otherwise of any grantor of Collateral, or the Collateral Agent or any secured party receives any payment pursuant to any intercreditor agreement (other than the First Lien Intercreditor Agreement) with respect to any Shared Collateral, the proceeds of any sale, collection or other liquidation or disposition of any such Shared Collateral received by the Collateral Agent or any secured party and proceeds of any such distribution, shall be applied (i) first, to the payment of all amounts owing to the Collateral Agent (in its capacity as such) pursuant to the terms of the First Lien Intercreditor Agreement and any instrument pursuant to which a series of Obligations whose representative is party to the First Lien Intercreditor Agreement is Incurred, (ii) second, subject to certain limited exceptions, to the payment in full of the Obligations of each series of Obligations whose representative is party to the First Lien Intercreditor Agreement on a ratable basis in accordance with the amounts of such Obligations under the terms of the applicable instrument pursuant to which such Obligations have been incurred and (iii) third, to satisfy other Obligations, including to the extent applicable, under the 2007 Intercreditor Agreement.

If any party to the First Lien Intercreditor Agreement obtains possession of any Shared Collateral or realizes any proceeds or payment in respect of any such Shared Collateral, pursuant to any Security Document or by the exercise of any rights available to it under applicable law or in any insolvency or liquidation proceeding or through any other exercise of remedies (including pursuant to any intercreditor agreement), at any time prior to the discharge of each series of Obligations whose representative is party to the First Lien Intercreditor Agreement, then it shall hold such Shared Collateral, proceeds or payment in trust for the other parties to the First Lien Intercreditor Agreement and promptly transfer such Shared Collateral, proceeds or payment, as the case may be, to the Collateral Agent, to be distributed in accordance with the provisions described in the immediately preceding paragraph.

In addition, under the First Lien Intercreditor Agreement, each secured noteholder and secured party under the Senior Secured Credit Facilities (and any additional Persons who may become party to the First Lien Intercreditor Agreement) agrees that (i) it will not institute any suit or assert in any insolvency or litigation proceeding any claim against the Collateral Agent or any other party to the First Lien Intercreditor Agreement seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Shared Collateral, (ii) it will not seek, and will waive any right, to have any Shared Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Shared Collateral and (iii) it will not attempt, directly or indirectly, whether by judicial proceedings or otherwise, to challenge the enforceability of any provision of the First Lien Intercreditor Agreement.

Table of Contents

By purchasing the Senior Secured Notes, each noteholder authorized the Trustee (1) to appoint the Collateral Agent to act on its behalf as the Collateral Agent under the First Lien Intercreditor Agreement and under each of the other Security Documents and (2) to authorize the Collateral Agent to take such actions on its behalf and to exercise such powers as are delegated to the Collateral Agent by the terms of the First Lien Intercreditor Agreement and the other Security Documents, including for purposes of acquiring, holding and enforcing any and all Liens on Collateral granted by any grantor thereunder to secure any of the First Lien Obligations, together with such powers and discretion as are reasonably incidental thereto.

The First Lien Intercreditor Agreement provides that the Collateral Agent shall not have any duties or obligations except those expressly set forth therein and in the other Security Documents. Without limiting the generality of the foregoing, the Collateral Agent:

(i) shall not be subject to any fiduciary or other implied duties, regardless of whether an Event of Default has occurred and is continuing;

(ii) shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated by the First Lien Intercreditor Agreement or by the other Security Documents that the Collateral Agent is required to exercise as directed in writing by the Applicable Representative; provided that the Collateral Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Collateral Agent to liability or that is contrary to any Security Document or applicable law;

(iii) shall not, except as expressly set forth in the First Lien Intercreditor Agreement and in the other Security Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to a grantor or any of its Affiliates that is communicated to or obtained by the Collateral Agent or any of its Affiliates in any capacity;

(iv) shall not be liable for any action taken or not taken by it (1) with the consent or at the request of the Applicable Representative or (2) in the absence of its own gross negligence or willful misconduct or (3) in reliance on a certificate of an authorized officer of an Issuer stating that such action is permitted by the terms of this Agreement; and

(v) shall not be required to take any action for which it has not received written directions and indemnity satisfactory to it.

The Collateral Agent shall be deemed not to have knowledge of any Event of Default under any series of Obligations unless and until notice describing such Event Default is given to the Collateral Agent by the Representative of such Obligations or a party to the First Lien Intercreditor Agreement. In addition, among other things, the Collateral Agent shall not be responsible for or have any duty to ascertain or inquire into (1) any statement, warranty or representation made in or in connection with the First Lien Intercreditor Agreement or any other Security Document, (2) the contents of any certificate, report or other document delivered under the First Lien Intercreditor Agreement or any other Security Document, (3) the performance or observance of any of the covenants, agreements or other terms or conditions set forth in the First Lien Intercreditor Agreement or any other Security Document, or the occurrence of any Default, (4) the creation, perfection or priority of any Lien purported to be created by the Security Documents or (5) the value or the sufficiency of any Collateral for any series of Obligations, including the Senior Secured Notes.

Future Collateral

Subject to the limitations and exceptions in the Agreed Security Principles, if the Issuers or any Senior Secured Note Guarantor creates any additional security interest upon any property or asset to secure any other First Lien Obligations under the Senior Secured Credit Facilities, any other Credit Agreement or Public Debt, it must use commercially

reasonable efforts to concurrently grant a security interest (subject to Permitted Liens) upon such property as security for the Senior Secured Notes; *provided, however*, that it will not be required to do so if, in the good faith determination of BP I, so doing would, or would result in a material risk of, conflict with the fiduciary duties of the directors of BP I, BP II or any of their respective parents or subsidiaries or contravene any legal prohibition or, in the good faith determination of BP I, result in, or in

Table of Contents

material risk of, personal or criminal liability on its part of any officer, director or shareholder of BP I, BP II or any of their respective parents or subsidiaries or, in the good faith determination of BP I, be inconsistent with the Agreed Security Principles. Also, if granting a security interest in such property requires the consent of a third party, subject to the Agreed Security Principles, the Issuers will use commercially reasonable efforts to obtain such consent with respect to the security interest for the benefit of the Trustee on behalf of the holders of the Senior Secured Notes. Under the commercially reasonable efforts standard, the Issuers will not be obligated to seek to obtain consent if, in the good faith determination of BP I, to do so would have a material adverse effect on the ability of the Issuers or the relevant Senior Secured Note Guarantors to conduct their operations and business in the ordinary course or if, in good faith determination of BP I, to do so would be inconsistent with the Agreed Security Principles. If such third party does not consent to the granting of the security interest after the use of such commercially reasonable efforts, the applicable entity will not be required to provide such security interest. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes Security interests in respect of the collateral may be adversely affected by the failure to perfect security interests in certain collateral presently owned or acquired in the future and Certain Covenants Future Collateral.

Release of Collateral

The security interests in the Collateral for the benefit of the Senior Secured Notes will be released:

(a) upon payment in full of principal, interest and all other Obligations on the Senior Secured Notes issued under the Senior Secured Notes Indenture or discharge or defeasance thereof;

(b) to the extent a Senior Secured Note Guarantor would be and is so released pursuant to clause (2) under Senior Secured Note Guarantees Release of Senior Secured Note Guarantees. ;

(c) to enable us to consummate the disposition of such property or assets to the extent not prohibited under the covenant described under Certain Covenants Asset Sales ;

(d) in the case of property or assets of a Senior Secured Note Guarantor that is released from its Senior Secured Note Guarantee with respect to the Senior Secured Notes, on the release of the Senior Secured Note Guarantee of such Senior Secured Note Guarantor;

(f) in the circumstances described under Amendment and Waivers below (including to the extent necessary to facilitate the assumption by a Successor Company of the obligations of the Issuers under the Senior Secured Notes Indenture and the Senior Secured Notes, to provide for the assumption by Midco of the obligations of RGHL under the Senior Secured Notes Indenture and the Senior Secured Notes or to provide for the assumption by a Successor Senior Secured Note Guarantor of the obligations of a Senior Secured Note Guarantor under the Senior Secured Notes Indenture and its Senior Secured Note Guarantee);

(g) by the Trustee or Collateral Agent, acting on the instructions of the Applicable Representative in accordance with the terms of the First Lien Intercreditor Agreement (other than releases of all or substantially all of the Collateral); or

(h) upon a legal defeasance or covenant defeasance under the Indenture as described below under Defeasance.

The security interest in the 2007 Notes Collateral in favor of the 2007 Senior Notes and 2007 Senior Subordinated Notes will be released upon an enforcement action in accordance with the 2007 Intercreditor Agreement. In addition, in order to secure new Indebtedness (where such Indebtedness is permitted under the Senior Secured Notes Indenture and the Lien securing such Indebtedness is a Permitted Lien that is entitled to rank equal with, in priority to or behind the security interests on the Collateral, as applicable), on the date on which such new Indebtedness is incurred, and subject to no Default having occurred and being continuing, the

Table of Contents

Trustee or Collateral Agent for the Senior Secured Notes, as applicable, is authorized by the Trustee and the Holders to, and shall, at the request of the Issuers or RGHL, release the security interests in the Collateral and will, simultaneously with the grant of Liens in respect of the new Indebtedness, retake such security interests in the Collateral; *provided, however*, that all holders of Liens on behalf of other Indebtedness or obligations secured by such Collateral concurrently release and (if applicable) retake the security interests in the same manner; *provided further, however*, that following such release and retaking the security interests in the Collateral are not subject to any new hardening period or limitation (excluding any such hardening period or limitation that existed prior to such release and retaking) which is not also applicable to the Lien granted in favor of the new Indebtedness and any such other Indebtedness or obligations (it being understood that the new Indebtedness and such other Indebtedness and obligations may be subject to longer or more onerous hardening periods or limitations) or the Trustee shall have received a solvency opinion.

To the extent required under the mandatory provisions of the US Trust Indenture Act of 1939, as amended (the Trust Indenture Act), the Issuers will comply with the provisions of Section 314(b) and 314(d) of the Trust Indenture Act, in each case following qualification of the Indenture pursuant to the Trust Indenture Act. Any certificate or opinion required by Section 314(d) of the Trust Indenture Act may be delivered by an Officer of any Issuer except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert, who shall be reasonably satisfactory to the Trustee. Notwithstanding anything to the contrary herein, the Issuers and the Senior Secured Note Guarantors will not be required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine, in good faith based on advice of counsel (which may be internal counsel), that under the terms of such section or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including no action letters or exemptive orders, all or any portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral. Without limiting the generality of the foregoing, certain no-action letters issued by the SEC have permitted an indenture qualified under the Trust Indenture Act to contain provisions permitting the release of collateral from liens under such indenture in the ordinary course of our business without requiring us to provide certificates and other documents under Section 314(d) of the Trust Indenture Act. In addition, under interpretations provided by the SEC, to the extent that a release of a lien is made without the need to obtain the consent of the Holders or the Trustee, the provisions of Section 314(d) may be inapplicable to the release. The Issuers believe, therefore, that such provisions of Section 314(d) will be inapplicable to the release of collateral for so long as releases of collateral are controlled by the lenders under the Senior Secured Credit Facilities and certain other conditions apply.

Upon certification by the Issuers, each of the Trustee and the Collateral Agent shall execute all documents reasonably requested of it to effectuate any release in accordance with these provisions, subject to customary protections and indemnifications. The Collateral Agent or the Trustee, as applicable, at the instruction of and at the cost of the Issuers (as applicable), will agree to any release of the Liens on the Collateral created by the Security Documents that is in accordance with the Senior Secured Notes Indenture and the First Lien Intercreditor Agreement and 2007 Intercreditor Agreement without requiring any consent of the Holders, in reliance upon an Opinion of Counsel or Officers Certificate to that effect delivered by the Issuers.

Change of Control

Upon the occurrence of any of the following events (each, a *Change of Control*), each holder will have the right to require the Issuers to repurchase all or any part of such holder's Senior Secured Notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, to the date of repurchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), except to the extent the Issuers have previously elected to redeem all of the Senior Secured Notes as described under Optional Redemption:

(1) the sale, lease or transfer, in one or a series of transactions, of all or Substantially All the assets of BP II or BP I and its Subsidiaries, taken as a whole, to a Person other than, directly or indirectly, any of the Permitted Holders;

Table of Contents

(2) BP I becomes aware (by way of a report or any other filing pursuant to Section 13(d) of the Exchange Act, proxy, vote, written notice or otherwise) of the acquisition by any Person or group (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act, or any successor provision), including any group acting for the purpose of acquiring, holding or disposing of securities (within the meaning of Rule 13d-5(b)(1) under the Exchange Act), other than any of the Permitted Holders, in a single transaction or in a related series of transactions, by way of merger, consolidation or other business combination or purchase of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act, or any successor provision), of more than 50% of the total voting power of the Voting Stock of the U.S. Issuer I, the U.S. Issuer II, the Luxembourg Issuer, BP I or BP II or any direct or indirect parent of BP I or BP II; or

(3) RGHL ceases to own, directly or indirectly, 100% of the Capital Stock of BP I, BP II, BP III or any of the Issuers, other than directors qualifying shares or other de minimis shareholdings required by law.

In the event that at the time of such Change of Control the terms of any Bank Indebtedness restrict or prohibit the repurchase of Senior Secured Notes pursuant to this covenant, then prior to the mailing (or delivery) of the notice to holders provided for in the immediately following paragraph but in any event within 45 days following any Change of Control, the Issuers shall:

(1) repay in full all such Bank Indebtedness or, if doing so will allow the purchase of Senior Secured Notes, offer to repay in full all such Bank Indebtedness and repay the Bank Indebtedness of each lender that has accepted such offer; or

(2) obtain the requisite consent under the agreements governing such Bank Indebtedness to permit the repurchase of the Senior Secured Notes as provided for in the immediately following paragraph.

The Issuers' failure to comply with such provisions or the provisions of the immediately following paragraph shall constitute an Event of Default described in clause (4) and not in clause (2) under Defaults below.

Within 45 days following any Change of Control, except to the extent that the Issuers have exercised their right to redeem the Senior Secured Notes by delivery of a notice of redemption as described under Optional Redemption, or all conditions to such redemption have been satisfied or waived, the Issuers shall mail (or otherwise deliver in accordance with applicable DTC procedures) a notice (a *Change of Control Offer*) to each holder with a copy to the Trustee stating:

(1) that a Change of Control has occurred and that such holder has the right to require the Issuers to repurchase such holder's Senior Secured Notes at a repurchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, to the date of repurchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date) (the *Change of Control Payment*);

(2) the circumstances and relevant facts and financial information regarding such Change of Control;

(3) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed or delivered) (the *Change of Control Payment Date*);

(4) the instructions determined by the Issuers, consistent with this covenant, that a holder must follow in order to have its Senior Secured Notes purchased; and

(5) if applicable and such notice is mailed prior to the occurrence of a Change of Control, that such offer is conditioned on the occurrence of such Change of Control.

A Change of Control Offer may be made in advance of a Change of Control, and conditioned upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

Table of Contents

In addition, the Issuers will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Senior Secured Notes Indenture applicable to a Change of Control Offer made by the Issuers and purchases all Senior Secured Notes validly tendered and not withdrawn under such Change of Control Offer.

On the Change of Control Payment Date, if the Change of Control shall have occurred, the Issuers will, to the extent lawful:

- (1) accept for payment all Senior Secured Notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Senior Secured Notes so tendered;
- (3) deliver or cause to be delivered to the Trustee an Officers Certificate stating the Senior Secured Notes or portions of the Senior Secured Notes being purchased by the Issuers in the Change of Control Offer;
- (4) in the case of Global Senior Secured Notes, deliver, or cause to be delivered, to the principal Paying Agent the Global Senior Secured Notes in order to reflect thereon the portion of such Senior Secured Notes or portions thereof that have been tendered to and purchased by the Issuers; and
- (5) in the case of Definitive Registered Senior Secured Notes, deliver, or cause to be delivered, to the relevant Registrar for cancellation all Definitive Registered Senior Secured Notes accepted for purchase by the Issuers.

The Paying Agent will promptly mail (or otherwise deliver in accordance with applicable DTC procedures) to each holder of Senior Secured Notes so tendered the Change of Control Payment for such Senior Secured Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder of Senior Secured Notes a new Senior Secured Note equal in principal amount to the unpurchased portion of the Senior Secured Notes surrendered, if any; *provided, however*, that each such new Senior Secured Note will be in a principal amount that is at least \$100,000 and integral multiples of \$1,000 in excess thereof.

Senior Secured Notes repurchased by the Issuers or an Affiliate pursuant to a Change of Control Offer will have the status of Senior Secured Notes issued but not outstanding or will be retired and canceled at the option of the Issuers. Senior Secured Notes purchased by an unaffiliated third party pursuant to the procedure described above will have the status of Senior Secured Notes issued and outstanding.

The Issuers will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Senior Secured Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue thereof.

This Change of Control repurchase provision is a result of negotiations between RGHL, the Issuers and the Initial Purchasers. None of RGHL, BP I, BP II and the Issuers has any present intention to engage in a transaction involving a Change of Control, although it is possible that they could decide to do so in the future. Subject to the limitations discussed below, RGHL, BP I, BP II or any of the Restricted Subsidiaries, including the Issuers, could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Senior Secured Notes Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect the capital structure or credit rating of RGHL or its Restricted

Subsidiaries, including the Issuers.

The occurrence of events that would constitute a Change of Control would require repayment of all amounts outstanding under the Senior Secured Credit Facilities and would trigger the requirement that we offer to purchase the Senior Notes, the May 2010 Notes, the 2009 Notes, the February 2011 Notes, the August

Table of Contents

2011 Notes, the 2007 Senior Notes and the 2007 Senior Subordinated Notes at 101% of the principal amount thereof. Agreements and instruments with respect to future indebtedness that RGHL or any of its Subsidiaries may incur may contain prohibitions on certain events that would constitute a Change of Control or require such indebtedness to be repurchased upon a Change of Control. Moreover, the exercise by the holders of their right to require the Issuers to repurchase the Senior Secured Notes could cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Issuers. Finally, the Issuers' ability to pay cash to the holders upon a repurchase may be limited by the Issuers' then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. Neither RGHL nor any of its Restricted Subsidiaries are required to advance us funds to make any Change of Control Payment. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes We may be unable to raise the funds necessary to finance the change of control repurchase offers required by the indentures governing the notes and similar requirements in the agreements governing our other indebtedness.

The provisions under the Senior Secured Notes Indenture relating to the Issuers' obligation to make an offer to repurchase the Senior Secured Notes as a result of a Change of Control may be waived or modified with the written consent of the holders of a majority in principal amount of outstanding Senior Secured Notes.

(w) Indebtedness arising as a result of implementing composite accounting or other cash pooling arrangements involving solely BP I, BP II and the Restricted Subsidiaries or solely among Restricted Subsidiaries and entered into in the ordinary course of business and netting, overdraft protection and other arrangements among BP I, BP II, any Restricted Subsidiary and a bank arising under standard business terms of such bank at which BP I, BP II or any Restricted Subsidiary maintains an overdraft, cash pooling or other similar arrangement;

(x) Indebtedness consisting of Indebtedness issued by BP I, BP II or a Restricted Subsidiary to current or former officers, directors and employees thereof or any direct or indirect parent thereof, their respective estates, spouses or former spouses, in each case to finance the purchase or redemption of Equity Interests of BP I, BP II or any of their direct or indirect parent companies to the extent described in clause (4) of the second paragraph of the covenant described under Certain Covenants Limitation on Restricted Payments;

(y) Indebtedness of BP I or any of its Restricted Subsidiaries consisting of obligations (including guarantees thereof) to repurchase equipment sold to customers or third party leasing companies pursuant to the terms of sale of such equipment in the ordinary course of business;

(z) without limiting clause (a) of this paragraph, Indebtedness under local overdraft and other local working capital facilities in an aggregate principal amount not to exceed 125.0 million; and

(aa) Indebtedness in the form of deferred payment obligations under any arrangement permitted by clause (12) of the second paragraph of the covenant described under Certain Covenants Limitation on Restricted Payments.

Notwithstanding the foregoing, none of the Issuers and any Senior Secured Note Guarantors will Incur any Indebtedness as any Permitted Debt if the proceeds thereof are used, directly or indirectly, to refinance any Subordinated Indebtedness of such Issuer or any Senior Secured Note Guarantor unless such Indebtedness shall be subordinated to the Senior Secured Notes or the applicable Senior Secured Note Guarantee to at least the same extent as such Subordinated Indebtedness.

For purposes of determining compliance with this covenant:

(1) in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness described in clauses (a) through (aa) above or is entitled to be Incurred pursuant to the first paragraph of this covenant, the Issuers shall, in their sole discretion, classify or reclassify, or later divide, classify or reclassify, such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) in any manner that complies with this covenant; *provided, however*, that

(x) Indebtedness under the Credit Agreement outstanding on the Issue Date shall be deemed to have been Incurred pursuant to clause (a)(i) of Permitted Debt and the Issuers shall not be permitted to reclassify all or any portion of such Indebtedness under the Credit Agreement outstanding on the Issue Date, (y) Indebtedness Incurred as incremental term loan borrowings under the Senior Secured Credit Facilities on the Escrow Release Date shall be deemed to have

been Incurred pursuant to clause (a)(i) of Permitted Debt and the Issuers shall not be permitted to reclassify all or any portion of such Indebtedness and (z) the Issuers shall not be

Table of Contents

permitted to reclassify all or any portion of any Secured Indebtedness Incurred as Permitted Debt unless at the time of such reclassification the Issuers could secure such Secured Indebtedness pursuant to clause (6) of the definition of Permitted Liens; and

(2) the Issuers will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described in the first and second paragraphs above, and in that connection shall be entitled to treat a portion of such Indebtedness as having been Incurred under the first paragraph above and thereafter the remainder of such Indebtedness having been Incurred under the second paragraph above.

Accrual of interest, the accretion of accreted value, the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as applicable, accretion of original issue discount or liquidation preference and increases in the amount of Indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies will not be deemed to be an Incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant. Guarantees of, or obligations in respect of letters of credit relating to, Indebtedness that is otherwise included in the determination of a particular amount of Indebtedness shall not be included in the determination of such amount of Indebtedness; *provided* that the Incurrence of the Indebtedness represented by such guarantee or letter of credit, as the case may be, was in compliance with this covenant.

For purposes of determining compliance with this covenant, (i) the Euro Equivalent of the principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first drawn, in the case of Indebtedness Incurred under a revolving credit facility; *provided* that (a) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a currency other than euro, and such refinancing would cause the applicable euro-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such euro-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced; (b) the Euro Equivalent of the principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date; and (c) if any such Indebtedness is subject to a Currency Agreement with respect to the currency in which such Indebtedness is denominated covering principal, premium, if any, and interest on such Indebtedness, the amount of such Indebtedness and such interest and premium, if any, shall be determined after giving effect to all payments in respect thereof under such Currency Agreements and (ii) the U.S. Dollar Equivalent of the principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first drawn, in the case of Indebtedness Incurred under a revolving credit facility; *provided* that (a) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a currency other than U.S. Dollars, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced; (b) the U.S. Dollar Equivalent of the principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date; and (c) if any such Indebtedness is subject to a Currency Agreement with respect to the currency in which such Indebtedness is denominated covering principal, premium, if any, and interest on such Indebtedness, the amount of such Indebtedness and such interest and premium, if any, shall be determined after giving effect to all payments in respect thereof under such Currency Agreements.

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that BP I, BP II and the Restricted Subsidiaries may incur pursuant to this covenant shall not be deemed to be exceeded, with respect to any outstanding Indebtedness, solely as a result of fluctuations in the exchange rate of currencies. The principal amount of

any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency

exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

For all purposes of the Senior Secured Notes Indenture, (1) unsecured Indebtedness will not be treated as subordinated or junior to Secured Indebtedness merely because it is unsecured, (2) Senior Indebtedness will not be treated as subordinated or junior to any other Senior Indebtedness merely because it has junior priority with respect to the same collateral, (3) Indebtedness of such Person which is not guaranteed will not be treated as subordinated or junior to Indebtedness that is guaranteed merely because of such guarantee and (4) Indebtedness under any Secured Indebtedness will not be deemed to be subordinated because of the application of waterfall or other payment-ordering or collateral-sharing provisions affecting any such Secured Indebtedness.

Limitation on Restricted Payments. The amount of our Cumulative Credit (as defined below) is calculated based on our net income since, and other transactions occurring from November 5, 2009 or October 1, 2009, as applicable.

The Senior Secured Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly:

(4) make any Restricted Investment (all such payments and other actions set forth in clauses (1) through (4) above being collectively referred to as Restricted Payments), unless, at the time of such Restricted Payment:

(a) no Default shall have occurred and be continuing or would occur as a consequence thereof;

(b) immediately after giving effect to such transaction on a pro forma basis, BP I or BP II could Incur \$1.00 of additional Indebtedness under the provisions of the first paragraph of the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; and

(2) 100% of the aggregate net proceeds, including cash and the Fair Market Value of property other than cash received by BP I or BP II after the RP Reference Date (other than net proceeds to the extent such net proceeds have been used to Incur Indebtedness, Disqualified Stock, or Preferred Stock pursuant to clause (v) of the second paragraph of the covenant described under *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*) from the issue or sale of Equity Interests of BP I or BP II or Subordinated Shareholder Funding to BP I or BP II (excluding Refunding Capital Stock (as defined below), Designated Preferred Stock, Excluded Contributions, and Disqualified Stock), including Equity Interests issued upon exercise of warrants or options (other than an issuance or sale to a Restricted Subsidiary); *plus*

(4) the principal amount of any Indebtedness, or the liquidation preference or maximum fixed repurchase price, as the case may be, of any Disqualified Stock of BP I, BP II or any Restricted Subsidiary thereof issued after the RP Reference Date (other than Indebtedness or Disqualified Stock issued to a Restricted Subsidiary) which has been converted into or exchanged for Equity Interests in or Subordinated Shareholder Funding of BP I or BP II (other than Disqualified Stock) or any direct or indirect parent of BP I or BP II (provided in the case of any parent, such Indebtedness or Disqualified Stock is retired or extinguished); *plus*

(a) the principal amount (or accreted value, if applicable) of such new Indebtedness does not exceed the principal amount (or accreted value, if applicable), plus any accrued and unpaid interest, of the Subordinated Indebtedness being so redeemed, repurchased, defeased, acquired or retired for value (plus the amount of any premium required to be paid under the terms of the instrument governing the Subordinated Indebtedness being so redeemed, repurchased, acquired or retired, any tender premiums, and any defeasance costs, fees and expenses Incurred in connection therewith);

(4) a Restricted Payment to pay for the purchase, repurchase, retirement, defeasance, redemption or other acquisition for value of Equity Interests of BP I, BP II or any direct or indirect parent of BP I or BP II held by any future, present or former employee, director or consultant of BP I, BP II or any direct or indirect parent of BP I or BP II or any Subsidiary of BP I or BP II pursuant to any management equity plan or stock option plan or any other management or employee benefit plan or other agreement or arrangement; *provided, however*, that the aggregate Restricted Payments made under this clause (4) do not exceed \$5.0 million in any calendar year (with unused amounts in any calendar year being permitted to be carried over for the two succeeding calendar years subject to a maximum payment (without giving effect to the following proviso) of \$10.0 million in any calendar year); *provided further, however*, that such amount in any calendar year may be increased by an amount not to exceed:

Asset Sales. The Senior Secured Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, cause or make an Asset Sale, unless (x) BP I, BP II or any Restricted Subsidiaries, as the case may be, receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the assets sold or otherwise disposed of, and (y) at least 75% of the consideration therefor received by BP I, BP II or such Restricted Subsidiary, as the case may be, is in the form of Cash Equivalents; *provided* that for purposes of clause (y) the amount of:

(a) any liabilities (as shown on BP I's, BP II's or such Restricted Subsidiary's most recent balance sheet or in the notes thereto) of BP I, BP II or any Restricted Subsidiary (other than liabilities that are by their terms subordinated to the Senior Secured Notes or any Senior Secured Note Guarantee) that are assumed by the transferee of any such assets,

(b) any notes or other obligations or other securities or assets received by BP I, BP II or such Restricted Subsidiary from such transferee that are converted by BP I, BP II or such Restricted Subsidiary into cash within 180 days of the receipt thereof (to the extent of the cash received), and

(c) any Designated Non-cash Consideration received by BP I, BP II or any Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed 1.25% of Total Assets at the time of the

receipt of such Designated Non-cash Consideration (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value),

shall be deemed to be Cash Equivalents for the purposes of this provision.

Within 12 months after BP I, BP II or any Restricted Subsidiary's receipt of the Net Proceeds of any Asset Sale, BP I, BP II or such Restricted Subsidiary may apply the Net Proceeds from such Asset Sale, at its option:

(1) to repay (a) Obligations constituting First Lien Obligations (and, if such Indebtedness repaid is under a revolving credit facility, to correspondingly reduce commitments with respect thereto); *provided, however*, that if any First Lien Obligations other than the Senior Secured Notes are repaid with the Net Proceeds of any Asset Sale, the Issuers will equally and ratably reduce Obligations under the Senior Secured Notes through open-market purchases (provided that such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all holders to purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, the pro rata principal amount of Senior Secured Notes or (b) Obligations constituting Indebtedness of a Restricted Subsidiary of BP I that is not an Issuer or a Senior Secured Note Guarantor, in the case of each of clauses (a) and (b), other than Indebtedness owed to RGHL or its Affiliates;

(2) to make an investment in any one or more businesses (provided that if such investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of BP I if it is not already a Restricted Subsidiary of BP I), assets, or property or capital expenditures (including refurbishments), in each case used or useful in a Similar Business; or

(3) to make an investment in any one or more businesses (provided that if such investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of BP I), properties or assets that replace the properties and assets that are the subject of such Asset Sale.

In the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment; *provided* that in the event such binding commitment is later canceled or terminated for any reason before such Net Proceeds are so applied, BP I, BP II or such Restricted Subsidiary enters into another binding commitment (a *Second Commitment*) within nine months of such cancellation or termination of the prior binding commitment; *provided further* that BP I, BP II or such Restricted Subsidiary may only enter into a Second Commitment under the foregoing provision one time with respect to each Asset Sale.

Pending the final application of any such Net Proceeds, BP I, BP II or such Restricted Subsidiary may temporarily reduce Indebtedness under a revolving credit facility, if any, or otherwise invest such Net Proceeds in any manner not prohibited by the Senior Secured Notes Indenture. The Holders may not have control of, or a perfected security interest in, Net Proceeds of any Collateral, which could have the effect of diminishing the value of, and ability to collect with respect to, that Collateral. Any Net Proceeds from any Asset Sale that are not applied as provided and within the time period set forth in the immediately two preceding paragraphs (it being understood that any portion of such Net Proceeds used to make an offer to purchase Senior Secured Notes, as described in clause (1) above, shall be deemed to have been invested whether or not such offer is accepted) will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds 20.0 million, the Issuers shall make an offer to all holders of Senior Secured Notes (and, at the option of the Issuers, to holders of any First Lien Obligations of an Issuer or Senior Secured Note Guarantor or any other Indebtedness of a Restricted Subsidiary of BP I that is not an Obligor) (an *Asset Sale Offer*) to purchase on a pro rata basis the maximum principal amount of Senior Secured Notes (and such First Lien Obligations and other Indebtedness), that is at least \$100,000 and an integral multiple of \$1,000 that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof (or, in the event such First Lien Obligations or other Indebtedness was issued with significant original issue discount, 100% of the accreted value thereof), plus accrued and unpaid interest and additional interest, if any (or, in respect of such First Lien Obligations or other Indebtedness, such lesser price, if any, as may be provided for by the

terms of such First Lien Obligations or other Indebtedness), to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Senior Secured Notes Indenture.

Table of Contents

The Issuers will commence an Asset Sale Offer with respect to Excess Proceeds within ten (10) Business Days after the date that Excess Proceeds exceed 20.0 million by mailing (or otherwise delivering in accordance with applicable DTC procedures) the notice required pursuant to the terms of the Senior Secured Notes Indenture, with a copy to the Trustee. To the extent that the aggregate amount of Senior Secured Notes (and such First Lien Obligations or other Indebtedness) tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, BP I, BP II or such Restricted Subsidiary may use any remaining Excess Proceeds for general corporate purposes. If the aggregate principal amount of Senior Secured Notes (and such First Lien Obligations or other Indebtedness) surrendered by holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Senior Secured Notes to be purchased in the manner described below. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. An Asset Sale Offer need not be made by the Issuers until the date that is 12 months after the date on which an Asset Sale is made, the proceeds of which, in aggregate with all funds not applied in accordance with this covenant or the subject of an Asset Sale Offer, exceed 20.0 million.

The Issuers will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations to the extent such laws or regulations are applicable in connection with the repurchase of the Senior Secured Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Secured Notes Indenture, the Issuers will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Secured Notes Indenture by virtue thereof.

If more Senior Secured Notes (and such First Lien Obligations or other Indebtedness) are tendered pursuant to an Asset Sale Offer than the Issuers are required to purchase, selection of such Senior Secured Notes for purchase will be made by the Trustee on a pro rata basis, to the extent practicable and in compliance with the requirements of DTC, and any stock exchange on which the Senior Secured Notes are then admitted to trading; *provided* that no Senior Secured Notes of \$100,000 or less shall be purchased in part. Selection of such First Lien Obligations or other Indebtedness will be made pursuant to the terms of such First Lien Obligations or other Indebtedness.

An Asset Sale Offer insofar as it relates to the Senior Secured Notes, will remain open for a period of not less than 20 Business Days following its commencement (the *Offer Period*). No later than five Business Days after the termination of the applicable Offer Period the Issuers will purchase the principal amount of the Senior Secured Notes (and purchase or repay any relevant First Lien Obligations or other Indebtedness required to be so purchased or repaid as set out above) validly tendered.

To the extent that any portion of the Net Proceeds payable in respect of the Senior Secured Notes is denominated in a currency other than the currency in which the relevant Senior Secured Notes are denominated, the amount payable in respect of such Senior Secured Notes shall not exceed the net amount of funds in the currency in which such Senior Secured Notes are denominated as is actually received by BP I, BP II or such Restricted Subsidiary upon converting the relevant portion of the Net Proceeds into such currency.

Notices of an Asset Sale Offer shall be mailed by first-class mail, postage prepaid (or otherwise delivered in accordance with applicable DTC procedures) at least 30 but not more than 60 days before the purchase date to each holder of Senior Secured Notes at such holder's registered address. If any Senior Secured Note is to be purchased in part only, any notice of purchase that relates to such Senior Secured Note shall state the portion of the principal amount thereof that has been or is to be purchased.

The provisions under the Senior Secured Notes Indenture relating to the Issuers' obligation to make an Asset Sale Offer may be waived or modified with the consent of a majority in principal amount of the Senior Secured Notes.

In the event that an Asset Sale occurs at a time when the Issuers are prohibited from purchasing Senior Secured Notes, the Issuers could seek the consent of their lenders to purchase the Senior Secured Notes or could attempt to refinance the borrowings that contain such prohibition. If the Issuers do not obtain such a consent or repay such borrowings, the Issuers will remain prohibited from purchasing Senior Secured Notes.

In such case, the Issuers' failure to purchase tendered Senior Secured Notes would constitute an Event of Default under the Senior Secured Notes Indenture that is likely, in turn, to constitute a default under the Issuers' other Indebtedness.

Transactions with Affiliates. The Senior Secured Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction or series of transactions, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Issuers (each of the foregoing, an *Affiliate Transaction*) involving aggregate consideration in excess of \$15.0 million, unless:

(a) such Affiliate Transaction is on terms that are not materially less favorable to BP I, BP II or the relevant Restricted Subsidiary than those that could have been obtained in a comparable transaction by BP I, BP II or such Restricted Subsidiary with an unrelated Person; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$30.0 million, BP I or BP II delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of BP I or BP II, approving such Affiliate Transaction and set forth in an Officers Certificate certifying that such Affiliate Transaction complies with clause (a) above.

An Affiliate Transaction shall be deemed to have satisfied the approval requirements set forth in the preceding paragraph if (i) such Affiliate Transaction is approved by a majority of the Disinterested Directors or (ii) in the event there are no Disinterested Directors, a fairness opinion is provided by an Independent Financial Advisor with respect to such Affiliate Transaction.

The foregoing provisions will not apply to the following:

(1) transactions between or among BP I, BP II or any Restricted Subsidiaries (or an entity that becomes a Restricted Subsidiary as a result of such transaction) or between or among Restricted Subsidiaries or any Receivables Subsidiary and any merger, consolidation or amalgamation of BP I, BP II and any direct parent of BP I or BP II; *provided* that such parent shall have no material liabilities and no material assets other than cash, Cash Equivalents and the Capital Stock of BP I and BP II and such merger, consolidation or amalgamation is otherwise in compliance with the terms of the Senior Secured Notes Indenture and effected for a bona fide business purpose;

Reports and Other Information. Notwithstanding that RGHL or the Issuers may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, RGHL (and the Issuers) will file with the SEC (and provide the Trustee and holders of the Senior Secured Notes with copies thereof, without cost to each holder, within 15 days after it files them with the SEC),

(1) within the time period specified in the SEC's rules and regulations, annual reports on Form 20-F (or any successor or comparable form applicable to RGHL or the Issuers within the time period for non-accelerated filers to the extent such term is applicable to such form) containing the information required to be contained therein (or required in such

file reports on Form 10-Q, will be filed on Form 6-K (or any successor or comparable form applicable to RGHL or the Issuers)); *provided, however*, that prior to the filing of the Senior Secured Notes Exchange Offer Registration Statement or the Senior Secured Notes Shelf Registration Statement, as the case may be, such report shall not be required to contain any certification required by any such form or by law, and

(3) promptly from time to time after the occurrence of an event required to be reported on Form 8-K (or any successor or comparable form applicable to RGHL or the Issuers), the information that would be required by a Form 8-K (or any successor or comparable form applicable to RGHL or the Issuers) (which information, if RGHL and the Issuers are not required to file reports on Form 8-K will be filed on Form 6-K (or any successor or comparable form applicable to RGHL or the Issuers));

provided, however, that RGHL (and the Issuers) shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event RGHL (or the Issuers) will post the reports specified in the first sentence of this paragraph on its website within the time periods that would apply if RGHL were required to file those reports with the SEC. In addition, RGHL will make available such information to prospective purchasers of Senior Secured Notes, in addition to providing such information to the Trustee and the holders of the Senior Secured Notes, in each case within 15 days after the time RGHL would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act. Notwithstanding the foregoing, RGHL and the Issuers may satisfy the foregoing reporting requirements (i) prior to the filing with the SEC of the Senior Secured Notes Exchange Offer Registration Statement, or if the Senior Secured Notes Exchange Offer Registration Statement is not filed within the applicable time limits pursuant to the Senior Secured Notes Registration Rights Agreement, the Senior Secured Notes Shelf Registration Statement, by providing the Trustee and the secured noteholders with (x) substantially the same information as would be required to be filed with the SEC by RGHL and the Issuers on Form 20-F (or any successor or comparable form applicable to RGHL or the Issuers) if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within 90 days after the end of the applicable fiscal year and (y) substantially the same information as would be required to be filed with the SEC by RGHL and the Issuers on Form 10-Q (or any successor or comparable form applicable to RGHL or the Issuers) if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within 60 days after the end of the applicable fiscal quarter and (ii) after filing with the SEC the Senior Secured Notes Exchange Offer Registration Statement, or if the Senior Secured Notes Exchange Offer Registration Statement is not filed within the applicable time limits pursuant to the Senior Secured Notes Registration Rights Agreement, the Senior Secured Notes Shelf Registration Statement, but prior to the effectiveness of the Senior Secured Notes Exchange Offer Registration Statement or Senior Secured Notes Shelf Registration Statement, by publicly filing with the SEC the Senior Secured Notes Exchange Offer Registration Statement or Senior Secured Notes Shelf Registration Statement, to the extent any such registration statement contains substantially the same information as would be required to be filed by RGHL and the Issuers if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, and by providing the Trustee and the secured noteholders with such registration statement (and amendments thereto) promptly following the filing with the SEC thereof.

Notwithstanding the foregoing, the annual reports, information, documents and other reports filed with the SEC will include all of the information, with respect to the financial condition and results of operations of BP I and BP II on a combined basis separate from the financial condition and results of operations from RGHL on a consolidated basis, that RGHL, BP I and BP II are required to include in information, documents and other reports made available pursuant to the 2009 Indenture (such information, the *Required Financial Information*). If RGHL's, BP I's or BP II's obligations to provide the Required Financial Information shall cease to be in full force and effect, RGHL, BP I and BP II shall make available to the Trustee and the secured noteholders information substantially equivalent to the Required Financial Information as if their obligations to provide such information under the 2009 Indenture remained in full force and effect.

Notwithstanding the foregoing, RGHL will be deemed to have furnished such reports referred to above to the Trustee and the holders of the Senior Secured Notes if RGHL has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available.

The Senior Secured Notes Indenture also provides that, so long as any of the Senior Secured Notes remain outstanding and during any period during which BP I or the Issuers are not subject to Section 13 or 15(d) of the Exchange Act, or otherwise permitted to furnish the SEC with certain information pursuant to Rule 12g 3-2(b) of the Exchange Act, each Issuer will make available to the holders of the Senior Secured Notes and to prospective investors, upon their request, the information required to be delivered by Rule 144A(d)(4) under the Securities Act.

(b) to the extent the foregoing obligation is triggered by Indebtedness or Public Debt existing as of November 16, 2010, the relevant Restricted Subsidiary shall only be required to enter into its respective Senior Secured Note Guarantee at such time as it grants its guarantee with respect to the Indebtedness incurred as incremental term loan borrowings under the Senior Secured Credit Facilities with respect to the Pactiv Acquisition;

(d) no such Senior Secured Note Guarantee need be secured unless required pursuant to the **Future Collateral** covenant;

(e) if such Indebtedness is by its terms expressly subordinated to the Senior Secured Notes or any Senior Secured Note Guarantee, any such assumption, guarantee or other liability of such Restricted Subsidiary with respect to such Indebtedness shall be subordinated to such Restricted Subsidiary's Senior Secured Note Guarantee of the Senior Secured Notes at least to the same extent as such Indebtedness is subordinated to the Senior Secured Notes or any other senior guarantee;

(g) no Senior Secured Note Guarantee shall be required as a result of any guarantee given to a bank or trust company incorporated in any member state of the European Union as of the date of the Senior Secured Notes Indenture or any commercial banking institution that is a member of the US Federal Reserve System (or any branch, Subsidiary or Affiliate thereof), in each case having combined capital and surplus and undivided profits of not less than \$500.0 million, whose debt has a rating, at the time such guarantee was given, of at least A or the equivalent thereof by S&P and at least A2 or the equivalent thereof by Moody's, in connection with the operation of cash management programs established for BP I's and BP II's benefit or that of any Restricted Subsidiary;

(f) no Senior Secured Note Guarantee shall be required if such Senior Secured Note Guarantee would not be required pursuant to the applicable provisions of the Agreed Security Principles;

(g) no Senior Secured Note Guarantee shall be required from a US Controlled Foreign Subsidiary or a Financial Assistance Restricted Subsidiary;

(h) no Senior Secured Note Guarantee shall be required if such Senior Secured Note Guarantee could reasonably be expected to give rise to or result in (x) personal liability for, or material risk of personal liability for, the officers, directors or shareholders of BP I, BP II, any parent of BP I or BP II or any Restricted Subsidiary, (y) any violation of, or material risk of violation of, applicable law that cannot

be avoided or otherwise prevented through measures reasonably available to BP I, BP II or any such Restricted Subsidiary, including, for the avoidance of doubt, whitewash or similar procedures or (z) any significant cost, expense, liability or obligation (including with respect of any Taxes) other than reasonable out-of-pocket expenses and other than reasonable expenses Incurred in connection with any governmental or regulatory filings required as a result of, or any measures pursuant to clause (y) undertaken in connection with, such Senior Secured Note Guarantee, which cannot be avoided through measures reasonably available to BP I, BP II or any such Restricted Subsidiary; and

(i) each such Senior Secured Note Guarantee will be limited as necessary to recognize certain defenses generally available to guarantors (including those that relate to fraudulent conveyance or transfer, voidable preference, financial assistance, corporate purpose, capital maintenance or similar laws, regulations or defenses affecting the rights of creditors generally) or other considerations under applicable law.

The Senior Secured Note Guarantees shall be released in accordance with the provisions of the Senior Secured Notes Indenture described under Senior Secured Note Guarantees.

Bank of Thailand Approval and Thai Business Permit. The Senior Secured Notes Indenture provides that, within 30 days after November 16, 2010 (or on such later date as may be permitted by the administrative agent under the Senior Secured Credit Facilities in its sole discretion) SIG Combibloc Limited (Thailand) (the *Thai Guarantor*) shall apply to the Bank of Thailand for, and use commercially reasonable efforts to obtain, in-principle approval for the remittance of any foreign currency sum pursuant to the Thai Guarantor's obligation to make any payment under the Thai Senior Secured Note Guarantee (as defined below).

If such Bank of Thailand in-principle approval is received, the Thai Guarantor shall promptly apply for, and shall use commercially reasonable efforts to obtain, the requisite permit under the Alien Business Act B.E. 2542 from the Director-General of the Department of Business Development, Ministry of Commerce of Thailand (the *Thai Business Permit*) permitting the Thai Guarantor to provide a guarantee for payment of the Senior Secured Notes (the *Thai Senior Secured Note Guarantee*) and to provide security in favor of the Senior Secured Notes.

Notwithstanding the provisions set forth under Certain Covenants Future Senior Secured Note Guarantors, but subject to the exceptions to the requirement to provide a Senior Secured Note Guarantee contained therein, the Thai Guarantor shall execute and deliver to the Trustee a supplemental indenture pursuant to which it will guarantee payment of the Senior Secured Notes, and shall enter into the relevant Security Documents pursuant to which security interests in the relevant Collateral will be reaffirmed and extended to secure the Senior Secured Notes, within 60 days of obtaining its Thai Business Permit (or on such later date as may be permitted by the administrative agent under the Senior Secured Credit Facilities in its sole discretion), but in any event not earlier than the date on which the Thai Guarantor enters into or confirms its guarantee with respect to the Indebtedness incurred as incremental term loan borrowings under the Senior Secured Credit Facilities in connection with the Pactiv Acquisition, provided that at such time it would, but for the provisions of this section, be required to grant a Senior Secured Note Guarantee under the terms of the section Certain Covenants Future Senior Secured Note Guarantors above.

In addition, in respect of any in-principle approval of the Bank of Thailand granted to the Thai Guarantor, the Thai Guarantor agrees to: (i) when it is required to remit the foreign currency sum pursuant to its obligation of payment under the Thai Senior Secured Note Guarantee, comply with the Bank of Thailand's requirements set out in such in-principle approval for obtaining the final approval of the Bank of Thailand for the remittance of such sum (to the full amount of its guarantee obligations), within the time limits specified by the Bank of Thailand (if any); (ii) if such in-principle approval has an expiry date, apply for the renewal or extension of such approval prior to the expiry date of such approval, so long as any of the obligations under the Thai Senior Secured Note Guarantee are outstanding; and (iii) comply with the conditions set out in the final approval (if any) to allow the Thai Guarantor to remit the approved foreign currency sum (to the fullest extent) for the payment under the Thai Senior Secured Note Guarantee.

Limitation on the U.S. Issuers. Notwithstanding anything contained in the Senior Secured Notes Indenture to the contrary, neither of the U.S. Issuers will, directly or indirectly, own or acquire any Equity Interests in a US Controlled Foreign Subsidiary.

Limitation on Ownership of Foreign Subsidiaries. No Foreign Subsidiary of RGHL shall also be a Subsidiary of a Domestic Subsidiary of RGHL unless such Domestic Subsidiary is a disregarded entity for US tax purposes; *provided, however,* that such limitation shall not apply to (x) any Foreign Subsidiary of RGHL that is a Subsidiary of SIG Combibloc Inc., Closure Systems International Inc., Closure Systems Mexico Holdings LLC or CSI Mexico LLC as of the Issue Date, (y) any Foreign Subsidiary of a Domestic Subsidiary at the time such Domestic Subsidiary becomes a Subsidiary of RGHL (*provided, however,* that such Foreign Subsidiary did not become a Subsidiary of such Domestic Subsidiary in connection with, or in contemplation of, such Domestic Subsidiary becoming a Subsidiary of RGHL) or (z) any Foreign Subsidiary that is not a US Controlled Foreign Subsidiary.

Fiscal Year. Each Issuer at all times will have the same fiscal year as BP I and BP II and RGHL.

Limitations on Amendment of 2007 Senior Subordinated Notes. Except with the consent of the Holders of a majority in outstanding aggregate principal amount of the Senior Secured Notes, BP II and the Obligor will not amend the 2007 Senior Subordinated Note Indenture or the notes and guarantees in respect of the foregoing if such amendment would result in any of the following:

- (a) the principal obligor in respect of the 2007 Senior Subordinated Notes not being either RGHL or BP II;
- (b) (x) except as may be otherwise permitted under the Senior Secured Notes Indenture under Certain Covenants Future Senior Secured Note Guarantors, any Restricted Subsidiary other than a Senior Secured Note Guarantor or an Issuer guaranteeing the 2007 Senior Notes or the 2007 Senior Subordinated Notes or (y) such guarantees not being subordinated to the Senior Secured Notes and Senior Secured Note Guarantees pursuant to the 2007 Intercreditor Agreement; or
- (c) the terms of the 2007 Senior Subordinated Notes relating to subordination being materially less favorable overall to the Holders.

Impairment of Security Interest. Subject to the following paragraph, BP I shall not, and shall not permit any Restricted Subsidiaries to, take or knowingly or negligently omit to take, any action which action or omission might reasonably or would (in the good faith determination of the Issuers), have the result of materially impairing the value of the security interests taken as a whole (including the lien priority with respect thereto) with respect to the Collateral for the benefit of the Trustee and the Holders of the Senior Secured Notes (including materially impairing the lien priority of the Senior Secured Notes with respect thereto) (it being understood that any release described under Security Release of Collateral and the incurrence of Permitted Liens shall not be deemed to so materially impair the security interests with respect to the Collateral), *provided that* BP I, BP II and the Restricted Subsidiaries may Incur Permitted Liens and Liens otherwise permitted pursuant to Certain Covenants Liens.

The Senior Secured Notes Indenture provides that, at the direction of the Issuers and without the consent of the Holders, the Trustee (or its agent or designee) shall from time to time enter into one or more amendments, extensions, renewals, restatements, supplements or other modifications or replacements to or of the Security Documents to:

- (i) cure any ambiguity, omission, defect or inconsistency therein, (ii) provide for Permitted Liens or Liens otherwise permitted under Certain Covenants Liens, (iii) add to the Collateral or (iv) make any other change thereto that does not adversely affect the Holders in any material respect; *provided, however,* that, in the case of clauses (ii) and (iii), no Security Document may be amended, extended, renewed, restated, supplemented or otherwise modified, in each case in any material respect, or replaced, unless contemporaneously with such amendment, extension, renewal, restatement,

supplement, modification or renewal, the Issuers deliver to the Trustee, either:

(a) a solvency opinion, in form and substance satisfactory to the Trustee, from an Independent Financial Advisor satisfactory to the Trustee confirming the solvency of BP I, BP II and their respective

Subsidiaries, taken as a whole, after giving effect to any transactions related to such amendment, extension, renewal, restatement, supplement, modification or replacement; or

(b) an Opinion of Counsel, in form and substance satisfactory to the Trustee confirming that, after giving effect to any transactions related to such amendment, extension, renewal, restatement, supplement, modification or replacement, the Lien or Liens securing the Senior Secured Notes created under the Security Documents so amended, extended, renewed, restated, supplemented, modified or replaced remain valid and, to the extent applicable in the jurisdiction and required under the Agreed Security Principles, perfected, Liens.

Future Collateral. Subject to the Agreed Security Principles, as promptly as reasonably practicable after the acquisition by the Issuers or any Senior Secured Note Guarantor of any After-Acquired Collateral, the Issuers or such Senior Secured Note Guarantor shall execute and deliver such mortgages, deeds of trust, security instruments, financing statements and certificates and opinions of counsel as shall be reasonably necessary to vest in the Trustee a valid and, to the extent applicable in the applicable jurisdiction and required under the Agreed Security Principles, perfected, security interest, subject only to Permitted Liens, in such After-Acquired Collateral and to have such After-Acquired Collateral (but subject to certain limitations, if applicable), added to the Collateral, and thereupon all provisions of the Indenture relating to the Collateral shall be deemed to relate to such After-Acquired Collateral to the same extent and with the same force and effect; *provided, however*, that if granting such security interest in such After-Acquired Collateral requires the consent of a third party, the Issuers will use commercially reasonable efforts to obtain such consent with respect to the security interest for the benefit of the Trustee on behalf of the Holders of the Senior Secured Notes; *provided further, however*, that if such third party does not consent to the granting of such security interest after the use of such commercially reasonable efforts, the Issuers or such Senior Secured Note Guarantor, as the case may be, will not be required to provide such security interest. Under the commercially reasonable efforts standard, the Issuers will not be obligated to seek to obtain consent if, in the good faith determination of BP I, to do so would have a material adverse effect on the ability of the Issuers or the relevant Senior Secured Note Guarantors to conduct their operations and business in the ordinary course or if, in good faith determination of BP I, to do so would be inconsistent with the Agreed Security Principles.

Covenant Suspension. If (i) the Senior Secured Notes have Investment Grade Ratings from both Rating Agencies, and the Issuers have delivered written notice of such Investment Grade Ratings to the Trustee, and (ii) no Default has occurred and is continuing under the Senior Secured Notes Indenture, then, beginning on that day, BP I, BP II and the Restricted Subsidiaries will not be subject to the covenants (and related defaults) specifically listed under the following captions in this Description of the Senior Secured Notes section of the Offering Circular (the *Suspended Covenants*):

- (1) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock;
- (2) Limitation on Restricted Payments;
- (3) Dividend and Other Payment Restrictions Affecting Subsidiaries;
- (4) Asset Sales;
- (5) Transactions with Affiliates;
- (6) Future Senior Secured Note Guarantors;
- (7) Future Collateral;

(8) clause (4) of the first paragraph of Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets; and

(9) Change of Control.

In the event that BP I, BP II and the Restricted Subsidiaries are not subject to the Suspended Covenants under the Senior Secured Notes Indenture for any period of time as a result of the foregoing, and on any

subsequent date one or both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Senior Secured Notes below an Investment Grade Rating or (b) BP I, BP II or any of their Affiliates enters into an agreement to effect a transaction that would result in a breach of a Suspended Covenant if not so suspended and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Senior Secured Notes below an Investment Grade Rating, then BP I, BP II and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Senior Secured Notes Indenture. Such covenants will not, however, be of any effect with regard to the actions of BP I, BP II and the Restricted Subsidiaries properly taken during the continuance of the covenant suspension and the covenant described under Limitation on Restricted Payments shall be interpreted as if it had been in effect since the Reference Date except that no Default will be deemed to have occurred and will not occur solely by reason of a Restricted Payment made during the covenant suspension.

During the continuance of the covenant suspension, no Restricted Subsidiary may be designated as an Unrestricted Subsidiary.

There can be no assurance that the Senior Secured Notes will ever achieve or maintain Investment Grade Ratings.

Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets

The Senior Secured Notes Indenture provides that each of BP I, BP II and each of the Issuers may not, directly or indirectly, consolidate, amalgamate or merge with or into or wind up or convert into (whether or not BP I, BP II or any Issuer, as applicable, is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets in one or more related transactions, to any Person unless:

(1) BP I, BP II, the U.S. Issuer I, the U.S. Issuer II or the Luxembourg Issuer, as applicable, is the surviving person or the Person formed by or surviving any such consolidation, amalgamation, merger, winding up or conversion (if other than BP I, BP II, the U.S. Issuer I, the U.S. Issuer II, or the Luxembourg Issuer, as applicable) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand (BP I, BP II, the U.S. Issuer I, the U.S. Issuer II or the Luxembourg Issuer, as applicable, or such Person, as the case may be, being herein called the *Successor Company*); *provided* that in the case where the surviving Person is not a corporation, a co-obligor of the Senior Secured Notes is a corporation;

(2) the *Successor Company* (if other than BP I, BP II, the U.S. Issuer I, the U.S. Issuer II or the Luxembourg Issuer, as applicable) expressly assumes all the obligations of BP I, BP II, the U.S. Issuer I, the U.S. Issuer II or the Luxembourg Issuer, as applicable, under its Senior Secured Note Guarantee (if applicable) and the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement and the applicable Security Documents pursuant to supplemental indentures or other documents or instruments in form and substance satisfactory to the Trustee;

(3) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the *Successor Company* or any of its Restricted Subsidiaries as a result of such transaction as having been Incurred by the *Successor Company* or such Restricted Subsidiary at the time of such transaction), no Default shall have occurred and be continuing;

(4) immediately after giving pro forma effect to such transaction, as if such transaction had occurred at the beginning of the applicable four-quarter period (and treating any Indebtedness which becomes an obligation of the *Successor*

Company or any of its Restricted Subsidiaries as a result of such transaction

as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), either:

(a) the Successor Company would be permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; or

(b) the Fixed Charge Coverage Ratio for the Successor Company and its Restricted Subsidiaries would be greater than such ratio for BP I, BP II and the Restricted Subsidiaries immediately prior to such transaction;

(5) if the Successor Company is not BP I, BP II, the U.S. Issuer I, the U.S. Issuer II or the Luxembourg Issuer, as applicable, the Issuers and each Senior Secured Note Guarantor, unless it is the other party to the transactions described above, shall have by supplemental indenture confirmed that its obligations under the Senior Secured Notes Indenture, Senior Secured Notes and Senior Secured Note Guarantee, the Security Documents, First Lien Intercreditor Agreement and 2007 Intercreditor Agreement, as applicable, shall apply to such Person's obligations under the Senior Secured Notes Indenture, the Senior Secured Notes, the Security Documents, the First Lien Intercreditor Agreement and 2007 Intercreditor Agreement and Senior Secured Note Guarantee; and

(6) the Issuers shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger, amalgamation or transfer and such supplemental indentures (if any) comply with the Senior Secured Notes Indenture, provided that in giving such opinion such counsel may rely on an Officers' Certificate as to compliance with the foregoing clauses (3) and (4) and as to any matters of fact.

The Successor Company (if other than BP I, BP II, the U.S. Issuer I, the U.S. Issuer II or the Luxembourg Issuer, as applicable) will succeed to, and be substituted for, BP I, BP II, the U.S. Issuer I, the U.S. Issuer II or the Luxembourg Issuer, as applicable, under the applicable Senior Secured Note Guarantee (if applicable), the Senior Secured Notes Indenture, the applicable Security Documents, the First Lien Intercreditor Agreement and 2007 Intercreditor Agreement, and in such event BP I, BP II, the U.S. Issuer I, the U.S. Issuer II or the Luxembourg Issuer, as applicable, will automatically be released and discharged from its obligations under the applicable Senior Secured Note Guarantee and the Senior Secured Notes Indenture, the applicable Security Documents, the First Lien Intercreditor Agreement and 2007 Intercreditor Agreement. Notwithstanding the foregoing clauses (3) and (4), (a) any Restricted Subsidiary (other than an Issuer) may merge, consolidate or amalgamate with or transfer all or part of its properties and assets to BP I, BP II or to another Restricted Subsidiary, and (b) BP I, BP II, the U.S. Issuer I, the U.S. Issuer II or the Luxembourg Issuer may merge, consolidate or amalgamate with an Affiliate incorporated solely for the purpose of reincorporating BP I, BP II, the U.S. Issuer I, the U.S. Issuer II or the Luxembourg Issuer in a member state of (or in another member state of) the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand or may convert into a limited liability company, so long as the amount of Indebtedness of BP I, BP II and the Restricted Subsidiaries is not increased thereby. The provisions set forth in this Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets will not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among BP I, BP II and the Restricted Subsidiaries.

The Senior Secured Notes Indenture further provides that, subject to certain limitations in the Senior Secured Notes Indenture governing release of a Senior Secured Note Guarantee upon the sale or disposition of a Restricted Subsidiary that is a Senior Secured Note Guarantor, no Senior Secured Note Guarantor (other than RGHL) will, and BP I and BP II will not permit any Senior Secured Note Guarantor (other than RGHL) to, consolidate, amalgamate or merge with or into or wind up into (whether or not such Senior Secured Note

Guarantor is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets in one or more related transactions to, any Person unless:

(1) either (a) such Senior Secured Note Guarantor is the surviving Person or the Person formed by or surviving any such consolidation, amalgamation or merger (if other than such Senior Secured Note Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof or New Zealand (such Senior Secured Note Guarantor or such Person, as the case may be, being herein called the *Successor Senior Secured Note Guarantor*), and the Successor Senior Secured Note Guarantor (if other than such Senior Secured Note Guarantor) expressly assumes all the obligations of such Senior Secured Note Guarantor under the Senior Secured Notes Indenture, the relevant Security Documents, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement and such Senior Secured Note Guarantor's Senior Secured Note Guarantee pursuant to a supplemental indenture or other documents or instruments in form satisfactory to the Trustee, or (b) if such sale or disposition or consolidation, amalgamation or merger is with a Person other than BP I, BP II or any Restricted Subsidiary, such sale or disposition or consolidation, amalgamation or merger is not in violation of the covenant described above under the caption *Certain Covenants - Asset Sales*; and

(2) the Successor Senior Secured Note Guarantor (if other than such Senior Secured Note Guarantor) shall have delivered or caused to be delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, amalgamation, merger or transfer and such supplemental indenture (if any) comply with the Senior Secured Notes Indenture.

Subject to certain limitations described in the Senior Secured Notes Indenture, in a transaction to which the immediately preceding paragraph 1(a) applies, the Successor Senior Secured Note Guarantor (if other than such Senior Secured Note Guarantor) will succeed to, and be substituted for, such Senior Secured Note Guarantor under the Senior Secured Notes Indenture and such Senior Secured Note Guarantor's Senior Secured Note Guarantee, and such Senior Secured Note Guarantor will automatically be released and discharged from its obligations under the Senior Secured Notes Indenture and such Senior Secured Note Guarantor's Senior Secured Note Guarantee. Notwithstanding the foregoing, (1) a Senior Secured Note Guarantor may merge, amalgamate or consolidate with an Affiliate incorporated solely for the purpose of reincorporating such Senior Secured Note Guarantor in a member state of (or another member state of) the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, so long as the amount of Indebtedness of the Senior Secured Note Guarantor is not increased thereby, and (2) a Senior Secured Note Guarantor may merge, amalgamate or consolidate with another Senior Secured Note Guarantor, an Issuer, BP I or BP II.

In addition, notwithstanding the foregoing, any Senior Secured Note Guarantor may consolidate, amalgamate or merge with or into or wind up into, or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets (collectively, a *Transfer*) to (x) BP I, an Issuer or any Senior Secured Note Guarantor or (y) any Restricted Subsidiary that is not a Senior Secured Note Guarantor; *provided* that at the time of each such Transfer pursuant to clause (y) the aggregate amount of all such Transfers since the Issue Date shall not exceed 5.0% of the consolidated assets of BP I, BP II, the Issuers and the Senior Secured Note Guarantors as shown on the most recent available combined consolidated balance sheet of BP I, BP II, the Issuers and the Restricted Subsidiaries after giving effect to each such Transfer and including all Transfers occurring from and after the Issue Date (excluding Transfers in connection with the Transactions described in the Offering Circular). Subject to the foregoing, upon a Transfer to a Restricted Subsidiary that is not a Senior Secured Note Guarantor, any Collateral subject to security interests in favor of the Senior Secured Notes will be automatically released from such security interests and the Senior Secured Notes will no longer have the benefit of such Collateral.

Additional Covenants. The Senior Secured Notes Indenture also contains covenants with respect to the following matters: (a) payment of the principal, premium, any Additional Amounts and interest;

(b) maintenance of an office or agency in New York; and (c) arrangements regarding the handling of money held.

Defaults

An Event of Default is defined in the Senior Secured Notes Indenture as:

- (1) a default in any payment of interest on any Senior Secured Note when due, continued for 30 days;
- (2) a default in the payment of principal or premium, if any, of any Senior Secured Note when due at its Stated Maturity, upon optional redemption, upon required repurchase (other than with respect to any Change of Control Payment, which shall be governed by clause (4) below), upon declaration or otherwise;

- (7) failure by BP I, BP II, an Issuer or any Significant Subsidiary to pay final judgments aggregating in excess of \$50.0 million or its foreign currency equivalent (net of any amounts which are covered by enforceable insurance policies issued by solvent carriers), which judgments are not discharged, waived or stayed for a period of 60 days (the *judgment default provision*); or
- (8) any Senior Secured Note Guarantee of RGHL, BP I or a Significant Subsidiary (or any Senior Secured Note Guarantee of one or more Senior Secured Note Guarantors that collectively would represent a Significant Subsidiary) ceases to be in full force and effect (except as contemplated by the terms thereof or the terms of the Senior Secured Notes Indenture or the First Lien Intercreditor Agreement) or BP I, BP II or any Senior Secured Note Guarantor that qualifies as a Significant Subsidiary (or one or more Senior Secured Note Guarantors that collectively would represent a Significant Subsidiary) denies or disaffirms its obligations under the Senior Secured Notes Indenture or any Senior Secured Note Guarantee and such Default continues for 20 days; or
- (9) the security interest in the Collateral created under any Security Document shall, at any time, cease to be in full force and effect and constitute a valid and, to the extent applicable and required by the Agreed Security Principles, perfected, lien with the priority required by the Senior Secured Notes Indenture for any reason other than the satisfaction in full of all obligations under the Senior Secured Notes Indenture and discharge of the Senior Secured Notes Indenture or in accordance with the terms of the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement or as provided under Security Releases above or any security interest created under any Security Document shall be invalid or unenforceable (other than any such failure to be in

full force and effect and constitute a valid and, to the extent applicable and required by the Agreed Security Principles, perfected, lien with the priority required by the Senior Secured Notes Indenture or any invalidity or unenforceability that would not be material to the Holders) or RGHL, BP I, an Issuer or any Person

granting Collateral the subject of any such security interest shall assert, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable and in each case (but only in the event that such failure to be in full force and effect and constitute a valid and, to the extent applicable and required by the Agreed Security Principles, perfected, lien with the priority required by the Senior Secured Notes Indenture or such invalidity or unenforceability or failure to be perfected or such assertion is capable of being cured without imposing any new hardening period, in equity or at law, to which such security interest was not otherwise subject immediately prior to such failure or assertion, other than any such hardening period that is also applicable to any other Lien over the relevant Collateral) such failure or such assertion shall have continued uncured for a period of (x) 30 days after the Issuers become aware of such failure with respect to any Collateral of a Domestic Subsidiary of BP I (other than Collateral which is an Equity Interest of a Foreign Subsidiary) or (y) 60 days after the Issuers become aware of such failure otherwise (the *security default provision*).

The foregoing constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

However, a default under clause (4) (other than a failure to purchase Senior Secured Notes) will not constitute an Event of Default until the Trustee or the holders of 25% in principal amount of outstanding Senior Secured Notes of such series notify the Issuers of the default and the Issuers do not cure or cause the cure of such default within the time specified in clause (4) hereof, after receipt of such notice.

If an Event of Default (other than a Default relating to (x) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer or any Restricted Subsidiary that, directly or indirectly, holds or owns any Equity Interest of an Issuer or (y) the covenant Limitation on the U.S. Issuers) occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of outstanding Senior Secured Notes by notice to the Issuers may declare the principal of, premium, if any, and accrued but unpaid interest (including additional interest, if any) on all the Senior Secured Notes to be due and payable. Upon such a declaration, such principal and interest will be due and payable immediately. If an Event of Default relating to (x) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer or any Restricted Subsidiary that, directly or indirectly, holds or owns any Equity Interest of an Issuer or (y) the covenant Limitation on the U.S. Issuers occurs, the principal of, premium, if any, and interest on all the Senior Secured Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any holders. Under certain circumstances, the holders of a majority in principal amount of outstanding Senior Secured Notes may rescind any such acceleration with respect to the Senior Secured Notes and its consequences.

In the event of any Event of Default specified in clause (5) of the first paragraph above, such Event of Default and all consequences thereof (excluding, however, any resulting payment default) will be annulled, waived and rescinded, automatically and without any action by the Trustee or the holders of the Senior Secured Notes, if within 20 days after such Event of Default arose the Issuers deliver an Officers Certificate to the Trustee stating that (x) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged or (y) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default or (z) the default that is the basis for such Event of Default has been cured, it being understood that in no event shall an acceleration of the principal amount of the Senior Secured Notes as described above be annulled, waived or rescinded upon the happening of any such events.

Subject to the provisions of the Senior Secured Notes Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Senior Secured Notes Indenture at the request or direction of any of the holders unless such holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce

the right to receive payment of principal, premium (if any) or interest when due, no holder may pursue any remedy with respect to the Senior Secured Notes Indenture or the Senior Secured Notes unless:

(1) such Holder has previously given the Trustee notice that an Event of Default is continuing,

Table of Contents

- (2) Holders of at least 25% in principal amount of the outstanding Senior Secured Notes have requested the Trustee to pursue the remedy,
- (3) such Holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense,
- (4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity, and
- (5) the Holders of a majority in principal amount of the outstanding Senior Secured Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of outstanding Senior Secured Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Senior Secured Notes Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability. Prior to taking any action under the Senior Secured Notes Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action. We cannot assure you that indemnification satisfactory to the Trustee will be on commercially reasonable terms or terms acceptable to holders of the Senior Secured Notes such that an agreement will be reached and the Trustee will act on behalf of the secured noteholders.

The Senior Secured Notes Indenture provides that if a Default occurs and is continuing and has been notified to the Trustee, the Trustee must mail (or otherwise deliver in accordance with applicable DTC procedures) to each holder of Senior Secured Notes notice of the Default within the earlier of 90 days after it occurs or 30 days after written notice of it is received by the Trustee. In addition, the Issuers are required to deliver to the Trustee, within 120 days after the end of each fiscal year and in any event, within 14 days of request by the Trustee, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Issuers also are required to deliver to the Trustee (i) as soon as any of them become aware of the occurrence of an Event of Default, written notice of the occurrence of such Event of Default and (ii) within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action BP I, BP II or any Issuer is taking or proposes to take in respect thereof.

Additional Intercreditor Agreements

The Senior Secured Notes Indenture provides that, at the request of the Issuers, in connection with the Incurrence by BP I, BP II or the Restricted Subsidiaries of any Indebtedness for borrowed money permitted pursuant to the covenant described under **Certain Covenants** Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, constituting First Lien Obligations or Subordinated Indebtedness of BP I, BP II, any Issuer or any Senior Secured Note Guarantor, BP I, BP II, the Issuers, the relevant Restricted Subsidiaries and the Trustee shall enter into with the holders of such Indebtedness (or their duly authorized Representatives) one or more intercreditor agreements (each an *Additional Intercreditor Agreement*) on substantially the same terms as one or both of the First Lien Intercreditor Agreement and the 2007 Intercreditor Agreement (or, in each case, on terms not materially less favorable to the holders of the Senior Secured Notes), including containing substantially the same terms with respect to enforcement and release of Senior Secured Note Guarantees and Collateral; *provided*, that such Additional Intercreditor Agreement will not impose any personal obligations on the Trustee or, in the opinion of the Trustee, adversely affect the rights, duties, liabilities or immunities of the Trustee under the Indenture, the First Lien Intercreditor Agreement or the 2007 Intercreditor Agreement.

The Senior Secured Notes Indenture also provides that, at the direction of the Issuers and without the consent of secured noteholders, the Trustee shall from time to time enter into one or more amendments to the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement to: (1) cure any ambiguity, omission, mistake, defect or inconsistency of any such agreement,

(2) increase the amount or types of Indebtedness covered by any such agreement that may be Incurred by BP I, BP II or a Restricted Subsidiary (including with respect to the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement the addition of provisions relating to new Indebtedness ranking junior in right of payment to the Senior Secured Notes), (3) add parties to the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or an Additional Intercreditor Agreement, including Senior Secured Note Guarantors, or successors, including successor trustees or other Representatives, (4) secure the Senior Secured Notes (including Additional Senior Secured Notes), First Lien Obligations or any Subordinated Indebtedness, in each case to the extent permitted to be Incurred and so secured hereunder, (5) make provision for pledges of any collateral to secure the Senior Secured Notes (including any Additional Senior Secured Notes), First Lien Obligations or any Subordinated Indebtedness, in each case to the extent permitted to be Incurred and so secured hereunder or (6) make any other change to any such agreement that does not adversely affect the Senior Secured Notes in any material respect. The Issuers shall not otherwise direct the Trustee to enter into any amendment to the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement without the consent of the holders representing a majority in aggregate principal amount of the Senior Secured Notes then outstanding, except as otherwise permitted below under Amendments and Waivers, and the Issuers may only direct the Trustee to enter into any amendment to the extent such amendment does not impose any personal obligations on the Trustee or, in the opinion of the Trustee, adversely affect the rights, duties, liabilities or immunities of the Trustee under the Indenture or the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement.

The Senior Secured Notes Indenture also provides that each secured noteholder, by accepting a Senior Secured Note, shall be deemed to have agreed to and accepted the terms and conditions of the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement and any Additional Intercreditor Agreement (whether then entered into or entered into in the future pursuant to the provisions described herein) and the performance by the Trustee of its obligations and the exercise of its rights thereunder and in connection therewith. A copy of the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement and any Additional Intercreditor Agreement shall be made available for inspection during normal business hours on any Business Day upon prior written request at the offices of the Trustee.

Amendments and Waivers

Subject to certain exceptions, the Senior Secured Notes Indenture, the Senior Secured Notes, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, Additional Intercreditor Agreements, the Security Documents and the Senior Secured Notes may be amended with the consent of the holders of a majority in principal amount of the Senior Secured Notes then outstanding and any past default or compliance with any provisions may be waived with the consent of the holders of a majority in principal amount of the Senior Secured Notes then outstanding; *provided, however*, that without the consent of each holder of an outstanding Note affected, no amendment may, among other things:

- (1) reduce the amount of Senior Secured Notes whose holders must consent to an amendment,
- (2) reduce the rate of or extend the time for payment of interest on any Senior Secured Note,
- (3) reduce the principal of or extend the Stated Maturity of any Senior Secured Note,
- (4) reduce the premium or amount payable upon the redemption of any Senior Secured Note, change the time at which any Senior Secured Note may be redeemed as described under Optional Redemption, or Redemption for Changes in Withholding Taxes,
- (5) make any Senior Secured Note payable in money other than that stated in such Senior Secured Note,

(6) expressly subordinate the Senior Secured Notes or any Senior Secured Note Guarantee to any other Indebtedness of any Issuer, BP I or any Senior Secured Note Guarantor not otherwise permitted by the Senior Secured Notes Indenture,

Table of Contents

(7) impair the right of any holder to receive payment of principal of, premium, if any, and interest on such holder's Senior Secured Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's Senior Secured Notes,

(8) make any change in the amendment provisions which require the holder's consent as described in this sentence or in the waiver provisions or

(9) change the provisions of the First Lien Intercreditor Agreement or the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement in any manner adverse to the interests of the Holders in any material respect, or

(10) make any change in the provisions of the Senior Secured Notes Indenture described under Withholding Taxes that adversely affects the rights of any Holder to receive payments of Additional Amounts pursuant to such provisions or amend the terms of the Senior Secured Notes or the Senior Secured Notes Indenture in a way that would result in the loss of an exemption from any of the Taxes described thereunder that are required to be withheld or deducted by any Relevant Taxing Jurisdiction from any payments made on the Senior Secured Note or any Senior Secured Note Guarantees by the Payors, unless RGHL or any Restricted Subsidiary agrees to pay any Additional Amounts that arise as a result. For purposes of this paragraph (10) a Relevant Taxing Jurisdiction shall include the United States.

Without the consent of the holders of the requisite percentage of the aggregate principal amount of the Senior Secured Notes then outstanding required by the Trust Indenture Act (which consents may be obtained in connection with a tender offer or exchange offer for the Senior Secured Notes), no amendment or waiver may release from the Lien of the Senior Secured Notes Indenture and the Security Documents all or substantially all of the Collateral; *provided, however*, that if any such amendment or waiver disproportionately adversely affects one series of Senior Secured Notes, such amendment or waiver shall also require the consent of the holders of at least the requisite percentage of the aggregate principal amount of such adversely affected series of Senior Secured Notes required by the Trust Indenture Act (which consents may be obtained in connection with a tender offer or exchange offer for the Senior Secured Notes).

Without the consent of any Holder, BP I, the Issuers, the Trustee and the Collateral Agent may amend the Senior Secured Notes Indenture, the Senior Secured Notes, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, any Additional Intercreditor Agreement or any Security Document (1) to cure any ambiguity, omission, mistake, defect or inconsistency, (2) to give effect to any provision of the Senior Secured Notes Indenture (including the release of any Senior Secured Note Guarantees or security interest in any Collateral in accordance with the terms of the Senior Secured Notes Indenture, and to comply with the covenant under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets), (3) to provide for the assumption by a Successor Company of the obligations of any Issuer under the Senior Secured Notes Indenture and the Senior Secured Notes, to provide for the assumption by Midco of the obligations of RGHL under the Senior Secured Notes Indenture and the Senior Secured Notes, to provide for the assumption by a Successor Senior Secured Note Guarantor of the obligations of a Senior Secured Note Guarantor under the Senior Secured Notes Indenture and its Senior Secured Note Guarantee, (4) to provide for uncertificated Senior Secured Notes in addition to or in place of certificated Senior Secured Notes (*provided* that the uncertificated Senior Secured Notes are issued in registered form for purposes of Section 163(f) of the Code), (5) to add a Senior Secured Note Guarantee with respect to the Senior Secured Notes, (6) to add assets to the Collateral, (7) to release Collateral from any Lien pursuant to the Indenture, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, any Additional Intercreditor Agreement and the applicable Security Documents when permitted or required by the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, any Additional Intercreditor Agreement and the applicable Security Documents, (8) to the extent necessary to provide for the granting of a security interest for the benefit of any Person, *provided* that the granting of such security interest is not prohibited under Certain Covenants - Impairment of Security Interest or otherwise under the Senior Secured Notes Indenture, (9) to add to the covenants of BP I, BP II or any Senior Secured

Note Guarantor for the benefit of the Holders or to surrender any right or power conferred upon BP I or BP II, (10) to make any change that

does not adversely affect the rights of any Holder, (11) to evidence and give effect to the acceptance and appointment under the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, any Additional Intercreditor Agreement and the applicable Security Documents of a successor Trustee, (12) to provide for the accession of the Trustee to any instrument in connection with the Senior Secured Notes, (13) to make certain changes to the Senior Secured Notes Indenture to provide for the issuance of Additional Senior Secured Notes or (14) to comply with any requirement of the SEC in connection with the qualification of the Senior Secured Notes Indenture under the Trust Indenture Act, if such qualification is required.

The consent of the noteholders is not necessary under the Senior Secured Notes Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the Senior Secured Notes Indenture becomes effective, the Issuers are required to mail (or otherwise deliver in accordance with applicable DTC procedures) to the respective noteholders a notice briefly describing such amendment. However, the failure to give such notice to all noteholders entitled to receive such notice, or any defect therein, will not impair or affect the validity of the amendment.

No Personal Liability of Directors, Officers, Employees, Managers and Stockholders

No (i) director, officer, employee, manager, incorporator or holder of any Equity Interests in BP I, BP II or any Issuer or any direct or indirect parent corporation or (ii) director, officer, employee or manager of a Senior Secured Note Guarantor, will have any liability for any obligations of the Issuers under the Senior Secured Notes, the Senior Secured Notes Indenture, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Senior Secured Notes by accepting a Senior Secured Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Senior Secured Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Transfer and Exchange

A noteholder may transfer or exchange Senior Secured Notes in accordance with the Senior Secured Notes Indenture. Upon any transfer or exchange, the registrar and the Trustee may require a noteholder, among other things, to furnish appropriate endorsements and transfer documents and the Issuers may require a noteholder to pay any taxes required by law or permitted by the Senior Secured Notes Indenture. The Issuers are not required to transfer or exchange any Senior Secured Note selected for redemption or to transfer or exchange any Senior Secured Note for a period of 15 days prior to a selection of Senior Secured Notes to be redeemed. The Senior Secured Notes will be issued in registered form and the registered holder of a Senior Secured Note will be treated as the owner of such Note for all purposes.

Satisfaction and Discharge

The Senior Secured Notes Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration or transfer or exchange of Senior Secured Notes, as expressly provided for in the Senior Secured Notes Indenture) as to all outstanding Senior Secured Notes when:

(1) either (a) all the Senior Secured Notes theretofore authenticated and delivered (except lost, stolen or destroyed Senior Secured Notes which have been replaced or paid and Senior Secured Notes for whose payment money has theretofore been deposited in trust or segregated and held by the Issuers and thereafter repaid to the Issuers or discharged from such trust) have been delivered to the Trustee for cancellation or (b) all of the Senior Secured Notes (i) have become due and payable, (ii) will become due and payable at their stated maturity within one year or (iii) if redeemable at the option of the Issuers, are to be called for redemption within one year under arrangements

satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuers, and the Issuers have irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the Senior Secured Notes not theretofore delivered to the

Table of Contents

Trustee for cancellation, for principal of, premium, if any, and interest on the Senior Secured Notes to the date of deposit together with irrevocable instructions from the Issuers directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(2) BP I, BP II, an Issuer or the Senior Secured Note Guarantors have paid all other sums payable under the Senior Secured Notes Indenture; and

(3) the Issuers have delivered to the Trustee an Officers Certificate and an Opinion of Counsel stating that all conditions precedent under the Senior Secured Notes Indenture relating to the satisfaction and discharge of the Senior Secured Notes Indenture have been complied with; *provided* that any counsel may rely on an Officers Certificate as to matters of fact.

Defeasance

The Issuers at any time may terminate all their obligations under the Senior Secured Notes and the Senior Secured Notes Indenture (*legal defeasance*), and cure any existing Defaults and Events of Default, except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Senior Secured Notes, to replace mutilated, destroyed, lost or stolen Senior Secured Notes and to maintain a registrar and paying agent in respect of the Senior Secured Notes. The Issuers at any time may terminate their obligations under the covenants described under Certain Covenants, the operation of the cross-acceleration provision and the bankruptcy provisions with respect to Significant Subsidiaries, and the security default provision and the judgment default provision described under Defaults and the undertakings and covenants contained under Change of Control and Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets (*covenant defeasance*). If the Issuers exercise their legal defeasance option or their covenant defeasance option, each Senior Secured Note Guarantor will be released from all of its obligations with respect to its Senior Secured Note Guarantee and the Issuers and each Senior Secured Note Guarantor will be released from all of its obligations with respect to the Security Documents.

The Issuers may exercise their legal defeasance option notwithstanding their prior exercise of their covenant defeasance option. If the Issuers exercise their legal defeasance option, payment of the Senior Secured Notes may not be accelerated because of an Event of Default with respect thereto. If the Issuers exercise their covenant defeasance option, payment of the Senior Secured Notes may not be accelerated because of an Event of Default specified in clause (3), (4), (5), (6) (with respect only to Significant Subsidiaries), (7) or (8) under Defaults or because of the failure of the Issuers to comply with clause (4) under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets.

In order to exercise its defeasance option, the Issuers must irrevocably deposit (the *defeasance trust*) with the Trustee money in US Dollars for the payment of principal, premium (if any) and interest on the Senior Secured Notes to redemption or maturity, as the case may be, and must comply with certain other conditions set out in the Senior Secured Notes Indenture, including delivery to the Trustee of an Opinion of Counsel to the effect that holders of the Senior Secured Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or change in applicable U.S. federal income tax law).

Concerning the Trustee

The Bank of New York Mellon is the Trustee under the Senior Secured Notes Indenture.

If the Trustee becomes a creditor of the Issuers or any Senior Secured Note Guarantor, the Senior Secured Notes Indenture and the Trust Indenture Act limit its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The

Table of Contents

Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Senior Secured Notes Indenture provides that in case an Event of Default will occur and be continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee is under no obligation to exercise any of its rights or powers under the Senior Secured Notes Indenture at the request of any Holder of Senior Secured Notes, unless such Holder has offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Notices

All notices to secured noteholders will be validly given if mailed to them at their respective addresses in the register of the Holders of the Senior Secured Notes, if any, maintained by the Registrar (or otherwise delivered in accordance with applicable DTC procedures). In addition, for so long as any Senior Secured Notes are represented by Global Senior Notes, all notices to Holders of the Senior Secured Notes will be delivered to DTC, which will give such notices to the holders of Book-Entry Interests.

Each such notice shall be deemed to have been given on the date of such publication or, if published more than once on different dates, on the first date on which publication is made; *provided* that, if notices are mailed (or otherwise delivered in accordance with applicable DTC procedures), such notice shall be deemed to have been given on the later of such publication and the seventh day after being so mailed or delivered. Any notice or communication mailed to a noteholder shall be mailed to such Person by first-class mail or other equivalent means (or otherwise delivered in accordance with applicable DTC procedures) and shall be sufficiently given to him if so mailed or delivered within the time prescribed. Failure to mail (or otherwise deliver in accordance with applicable DTC procedures) a notice or communication to a secured noteholder or any defect in it shall not affect its sufficiency with respect to other secured noteholders. If a notice or communication is mailed or delivered in the manner provided above, it is duly given, whether or not the addressee receives it.

Currency Indemnity and Calculation of Dollar-denominated Restrictions

The US Dollar is the sole currency of account and payment for all sums payable by BP I, BP II, the Issuers or any Senior Secured Note Guarantor under or in connection with the Senior Secured Notes, including damages. Any amount with respect to the Senior Secured Notes received or recovered in a currency other than US Dollars, whether as a result of, or the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuers or any Senior Secured Note Guarantor or otherwise by any secured noteholder or by the Trustee, in respect of any sum expressed to be due to it from the Issuers or any Senior Secured Note Guarantor will only constitute a discharge to the Issuers or any Senior Secured Note Guarantor to the extent of the US Dollar amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so).

If that US Dollar amount is less than the US Dollar amount expressed to be due to the recipient or the Trustee under any Senior Secured Note, BP I, BP II, the Issuers and any Senior Secured Note Guarantor will indemnify such recipient against any loss sustained by it as a result. In any event, BP I, BP II, the Issuers and any Senior Secured Note Guarantor will indemnify the recipient against the cost of making any such purchase. For the purposes of this currency indemnity provision, it will be *prima facie* evidence of the matter stated therein for the holder of a Senior Secured Note or the Trustee to certify in a manner satisfactory to the Issuers (indicating the sources of information used) the loss it Incurred in making any such purchase. These indemnities constitute a separate and independent obligation from BP I, BP II, the Issuers and any Senior Secured Note Guarantor's other obligations, will give rise to a separate and

independent cause of action, will apply irrespective of any waiver granted by any holder of a Senior Secured Note or the Trustee (other than a waiver of the indemnities set out herein) and will continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note or to the Trustee.

Table of Contents

Except as otherwise specifically set forth herein, (a) for purposes of determining compliance with any euro-denominated restriction herein, the Euro Equivalent amount for purposes hereof that is denominated in a non-euro currency shall be calculated based on the relevant currency exchange rate in effect on the date such non-euro amount is Incurred or made, as the case may be, and (b) for purposes of determining compliance with any U.S. Dollar-denominated restriction herein, the U.S. Dollar Equivalent amount for purposes hereof that is denominated in a non-U.S. Dollar currency shall be calculated based on the relevant currency exchange rate in effect on the date such non-U.S. Dollar amount is Incurred or made, as the case may be.

Consent to Jurisdiction and Service

Each of BP I, BP II, the Issuers and the Senior Secured Note Guarantors has irrevocably and unconditionally: (1) submitted itself and its property in any legal action or proceeding relating to the Senior Secured Notes Indenture to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the general jurisdiction of the courts of the State of New York, sitting in the Borough of Manhattan, The City of New York, the courts of the United States of America for the Southern District of New York, appellate courts from any thereof and courts of its own corporate domicile, with respect to actions brought against it as defendant; (2) consented that any such action or proceeding may be brought in such courts and waive any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same; (3) designated and appointed the U.S. Issuer II as its authorized agent upon which process may be served in any action, suit or proceeding arising out of or relating to the Senior Secured Notes Indenture that may be instituted in any Federal or state court in the State of New York; and (4) agreed that service of any process, summons, notice or document by US registered mail addressed to the U.S. Issuer II, with written notice of said service to such Person at the address of the U.S. Issuer II set forth in the Senior Secured Notes Indenture shall be effective service of process for any action, suit or proceeding brought in any such court.

Enforceability of Judgments

Since a significant portion of the assets (including assets constituting the Collateral) of BP I, BP II, the Issuers and the Senior Secured Note Guarantors are outside the United States, any judgment obtained in the United States against BP I, BP II, the Issuers or any Senior Secured Note Guarantor, including judgments with respect to the payment of principal, premium, interest, Additional Amounts, redemption price and any purchase price with respect to the Senior Secured Notes, may not be collectable within the United States.

Governing Law

The Senior Secured Notes Indenture provides that it and the Senior Secured Notes are governed by, and construed in accordance with, the laws of the State of New York. Notwithstanding anything to the contrary, articles 86 to 94-8 of the Luxembourg law of August 10, 1915 on commercial companies shall not be applicable in respect of the Senior Secured Notes.

The First Lien Intercreditor Agreement provides that it is governed by, and construed in accordance with, the laws of the State of New York.

The 2007 Intercreditor Agreement provides that it is governed by, and construed in accordance with, the laws of England.

Unless granted under a Security Document governed by the law of the jurisdiction of an Obligor, under English law or under the applicable laws of the United States (or any state therein), all Security Documents (other than share security over an Obligor's Subsidiaries) shall be governed by the law of and secure assets located in the jurisdiction of

organization of that Obligor; *provided* that for certain receivables security and other related assets, such security may be governed by the laws of the jurisdiction of organization of the creditor or that governs the underlying receivable.

Book-Entry, Delivery and Form

General

The Senior Secured Notes will be represented by one or more global Senior Secured Notes in registered form without interest coupons attached (collectively, the *Global Senior Secured Notes*). The Global Senior Secured Notes will be deposited upon issuance with a custodian for the Depository Trust Company (*DTC*) and registered in the name of Cede & Co., as nominee of DTC.

In the event that Additional Senior Secured Notes are issued pursuant to the terms of the Senior Secured Notes Indenture, the Issuers may, in their sole discretion, cause some or all of such Additional Senior Secured Notes, if any, to be issued in the form of one or more global Senior Secured Notes (the *Additional Global Senior Secured Notes*) and registered in the name of and deposited with the nominee of DTC.

Ownership of beneficial interests in each Global Senior Secured Note and ownership of interests in each Additional Global Senior Secured Note (together, the *Book-Entry Interests*) will be limited to persons that have accounts with the Depository or persons that may hold interests through such participants. Book-Entry Interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by the Depository and their participants. As used in this section, *Depository* means, with respect to the Global Senior Secured Notes and the Additional Global Senior Secured Notes, if any, DTC.

The Book-Entry Interests will not be held in definitive form. Instead, the Depository will credit on its book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair your ability to own, transfer or pledge or grant any other security interest in Book-Entry Interests. In addition, while the Senior Secured Notes are in global form, holders of Book-Entry Interests may not be considered the owners or holders of Senior Secured Notes for purposes of the Senior Secured Notes Indenture.

So long as the Senior Secured Notes and any Additional Senior Secured Notes are held in global form, DTC (or its nominee), may be considered the sole holder of Global Senior Secured Notes for all purposes under the Senior Secured Notes Indenture. As such, participants must rely on the procedures of DTC, and indirect participants must rely on the procedures of DTC and the participants through which they own Book-Entry Interests, to transfer their interests or to exercise any rights of holders under the Senior Secured Notes Indenture.

The Issuers and the Trustee and their respective agents will not have any responsibility or be liable for any aspect of the records relating to the Book-Entry Interests.

Issuance of Definitive Registered Senior Secured Notes

Under the terms of the Senior Secured Notes Indenture, owners of Book-Entry Interests will not receive definitive Senior Secured Notes in registered form (*Definitive Registered Senior Secured Notes*) in exchange for their Book-Entry Interests unless (a) the Issuers have consented thereto in writing, or such transfer or exchange is made pursuant to one of clauses (i), (ii) or (iii) of this paragraph and (b) such transfer or exchange is in accordance with the applicable rules and procedures of the Depository and the applicable provisions of the Senior Secured Notes

Indenture. Subject to applicable provisions of the Senior Secured

Table of Contents

Notes Indenture, Definitive Registered Senior Secured Notes shall be transferred to all owners of Book-Entry Interests in the relevant Global Senior Secured Note if:

- (i) the Issuers notify the Trustee in writing that the Depository is unwilling or unable to continue to act as depository and the Issuers do not appoint a successor depository within 120 days;
- (ii) the Depository so requests if an event of default under the Senior Secured Notes Indenture has occurred and is continuing; or
- (iii) the Issuers, at their option, notify the Trustee in writing that they elect to issue Definitive Registered Senior Secured Notes under the Senior Secured Notes Indenture.

In such an event, Definitive Registered Senior Secured Notes will be issued and registered in the name or names and issued in denominations of \$100,000 in principal amount and integral multiples of \$1,000 as requested by or on behalf of the Depository (in accordance with its customary procedures and certain certification requirements and based upon directions received from participants reflecting the beneficial ownership of the Book-Entry Interests), and such Definitive Registered Senior Secured Notes will bear the restrictive legend referred to in Transfer Restrictions, unless that legend is not required by the Senior Secured Notes Indenture or applicable law. Payment of principal of, and premium, if any, and interest on the Senior Secured Notes shall be payable at the place of payment designated by the Issuers pursuant to the Senior Secured Notes Indenture; *provided, however*, that at the Issuers' option, payment of interest on a Senior Secured Note may be made by check mailed to the person entitled thereto to such address as shall appear on the Senior Secured Note register.

Redemption of the Global Senior Secured Notes

In the event any Global Senior Secured Note, or any portion thereof, is redeemed, the Depository will distribute the amount received by it in respect of the Global Senior Secured Note so redeemed to the holders of the Book-Entry Interests in such Global Senior Secured Note. The redemption price payable in connection with the redemption of such Book-Entry Interests will be equal to the amount received by the Depository in connection with the redemption of such Global Senior Secured Note (or any portion thereof).

We understand that under existing practices of DTC, if fewer than all of the Senior Secured Notes are to be redeemed at any time, DTC will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or by lot or on such other basis as they deem fair and appropriate; *provided, however*, that no book-entry interest of less than \$100,000 in principal amount may be redeemed in part.

Payments on Global Senior Secured Notes

Payments of any amounts owing in respect of the Global Senior Secured Notes for the Senior Secured Notes (including principal, premium, interest, additional interest and Additional Amounts) will be made by the Issuers in US Dollars to the paying agents under the Senior Secured Notes Indenture. The paying agents will, in turn, make such payments to the Depository or its nominee, as the case may be, which will distribute such payments to their respective participants in accordance with their respective procedures.

Under the terms of the Senior Secured Notes Indenture, the Issuers, the Trustee and the paying agents will treat the registered holder of the Global Senior Secured Notes as the owner thereof for the purpose of receiving payments and other purposes under the Senior Secured Notes Indenture. Consequently, the Issuers, the Trustee and the paying agents and their respective agents have not and will not have any responsibility or liability for:

any aspect of the records of the Depository or any participant or indirect participant relating to, or payments made on account of, a Book-Entry Interest, for any such payments made by the Depository or any participant or indirect participants, or maintaining, supervising or reviewing the records of the Depository or any participant or indirect participant relating to or payments made on account of a Book-Entry Interest; or

the Depository or any participant or indirect participant.

Table of Contents

Payments by participants to owners of Book-Entry Interests held through participants are the responsibility of such participants, as is the case with securities held for the accounts of customers registered in street name.

Action by Owners of Book-Entry Interests

We understand that the Depository will take any action permitted to be taken by a holder of Senior Secured Notes only at the direction of one or more participants to whose account the Book-Entry Interests in the Global Senior Secured Notes are credited and only in respect of such portion of the aggregate principal amount of Senior Secured Notes as to which such participant or participants has or have given such direction. The Depository will not exercise any discretion in the granting of consents, waivers or the taking of any other action in respect of the Global Senior Secured Notes. However, if there is an Event of Default under the Senior Secured Notes, the Depository reserves the right to exchange the Global Senior Secured Notes for Definitive Registered Senior Secured Notes in certificated form, and to distribute such Definitive Registered Senior Secured Notes to its respective participants.

Transfers

Transfers of any Global Senior Secured Note shall be limited to transfers of such Global Senior Secured Note in whole, but (subject to the provisions described above under Book-Entry, Delivery and Form Issuance of Definitive Registered Senior Secured Notes, to provisions described below in the section Book-Entry, Delivery and Form Transfers and the applicable provisions of the Senior Secured Notes Indenture), not in part, to the Depository, its successors or its nominees.

Subject to the foregoing, Book-Entry Interests may be transferred and exchanged in a manner otherwise in accordance with the terms of the Senior Secured Notes Indenture. Any Book-Entry Interest in one of the Global Senior Secured Notes that is transferred to a person who takes delivery in the form of a Book-Entry Interest in another Global Senior Secured Note will, upon transfer, cease to be a Book-Entry Interest in the first mentioned Global Senior Secured Note and become a Book-Entry Interest in the relevant Global Senior Secured Note, and accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Book-Entry Interests in such other Global Senior Secured Note for as long as that person retains such Book-Entry Interests.

Definitive Registered Senior Secured Notes, if any, may be transferred and exchanged for Book-Entry Interests in a Global Senior Secured Note only pursuant to the terms of the Senior Secured Notes Indenture and, if required, only after the transferor first delivers to the Trustee a written certificate (in the form provided in the Senior Secured Notes Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Senior Secured Notes. See Plan of Distribution.

Global Clearance and Settlement Under the Book-Entry System

Initial Settlement

Initial settlement for the Senior Secured Notes will be made in US Dollars. In the case of Book-Entry Interests held through DTC, such Book-Entry Interests will be credited to the securities custody account of DTC holders, as applicable, on the business day following the settlement date against payment for value on the settlement date.

Secondary Market Trading

The Book-Entry Interests will trade through participants of the Depository, and will settle in same-day funds. Since the purchase determines the place of delivery, it is important to establish at the time of trading any Book-Entry

Interests where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

Clearing Information

We expect that the Senior Secured Notes will be accepted for clearance through the facilities of DTC.

Information Concerning DTC

All Book-Entry Interests will be subject to the operations and procedures of DTC. We provide the following summaries of those operations and procedures solely for the convenience of investors. The operations and procedures of each settlement system are controlled by such settlement system and may be changed at any time. We are not responsible for those operations or procedures.

We understand the following with respect to DTC:

DTC was created to hold securities for its participants and facilitate the clearance and settlement transactions among its participants. It does this through electronic book-entry changes in the accounts of securities participants, eliminating the need for physical movement of securities certificates. DTC participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC's owners are the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. and a number of its direct participants. Others, such as banks, brokers and dealers and trust companies that clear through or maintain a custodial relationship with a direct participant also have access to the DTC system and are known as indirect participants.

The information in this section concerning DTC and its book-entry systems has been obtained from sources we believe to be reliable, but we take no responsibility for the accuracy thereof.

Affiliate of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. After-Acquired Collateral means any property of any Issuer or any Senior Secured Note Guarantor that secures any First Lien Obligations, subject to the Agreed Security Principles.

Agreed Security Principles means the following:

(A) Considerations

(1) The security that will be provided in support of the Obligations (as defined in the First Lien Intercreditor Agreement) will be given in accordance with certain security principles (the *Security Principles*) set forth below.

(2) The Security Principles embody recognition by all parties that there may be certain legal and practical difficulties in obtaining effective security from the Issuers and Senior Secured Note Guarantors. However, it is acknowledged that to the extent the Security Principles conflict with the specific provisions of the Senior Secured Notes Indenture or any Security Document (other than those explicitly qualified by these Security Principles), the provisions of the Senior Secured Notes Indenture or such Security Document will prevail.

(3) For purposes of the Security Principles, value refers to fair market value; *provided, however*, that if no fair market value is readily ascertainable, value shall refer to book value determined in accordance with GAAP (as defined in the Senior Secured Credit Facilities) (consistently applied), as of the date of the most recently ended fiscal quarter for which financial statements are available.

(4) For purposes of the covenants set forth in the Senior Secured Notes Indenture and Security Documents, the Applicable Representative from time to time shall make all determinations on behalf of the noteholders with respect to these Security Principles and the Senior Secured Notes shall not be entitled to any Collateral not also available on the same priority basis in respect of the Senior Secured Credit Facilities, any other Credit Agreement or other Public Debt.

The Security Principles are as follows:

(a) general statutory limitations, financial assistance, capital maintenance, corporate benefit, fraudulent preference, thin capitalisation rules, retention of title claims, exchange control restrictions and similar principles may limit the ability of Issuers and Senior Secured Note Guarantors to provide a guarantee or security or may require that the guarantee or security be limited by an amount or otherwise; the Issuers and Senior Secured Note Guarantors will use reasonable endeavours to provide the maximum permissible credit support and to assist in demonstrating that adequate corporate benefit accrues to any relevant entity;

(b) the security and extent of its perfection may be limited where the Applicable Representative reasonably determines in consultation with the Loan Parties (in each case as used in this definition, such term as defined in the Senior Secured Credit Facilities) that the cost to the Loan Parties (including for the avoidance of doubt, any material tax costs to the Loan Parties taken as a whole) of providing security is excessive in relation to the benefit accruing to the Secured Parties (as defined in the First Lien Intercreditor Agreement);

(c) any assets subject to third party arrangements which are permitted by the Senior Secured Notes Indenture and which prevent those assets from being subject to a Lien will not be subject to a Lien in any relevant Security Document, provided that reasonable endeavours to obtain consent to such Lien shall be used by the relevant Issuer or Senior Secured Note Guarantor if the relevant asset is material and if

Table of Contents

seeking such consent will not adversely affect the business of the Issuer or Senior Secured Note Guarantor or their commercial relationships;

(d) guarantees and security will not be required from companies that are not Wholly Owned Subsidiaries (such term, as used throughout these Security Principles, to exclude directors' qualifying shares and similar insignificant minority ownership interests). Where security is provided by a wholly owned subsidiary of any Issuer or Senior Secured Note Guarantor (whether direct or indirect) and such subsidiary subsequently ceases to be wholly owned but remains a subsidiary, there shall be no requirement for the release of such guarantee or security;

(e) RGHL and its Subsidiaries (the *Group*) will not be required to grant Senior Secured Note Guarantees or enter into Security Documents if it would conflict with the fiduciary duties of their directors or contravene any legal prohibition or result in a risk of personal or criminal liability on the part of any officer, provided that the relevant member of the Group shall use reasonable endeavours to overcome any such obstacle; *provided further, however*, that the above limitation shall be assessed in respect of the obligations of such member of the Group under the Credit Documents (as defined in the First Lien Intercreditor Agreement) generally and not just the Senior Secured Note Guarantee or security being granted by that member of the Group;

(f) the Issuers and Senior Secured Note Guarantors will not be required to grant guarantees or enter into Security Documents where there would be a significant tax disadvantage in doing so and without limiting the generality of the foregoing, none of the Issuers or any Senior Secured Note Guarantor shall be required to give a Senior Secured Note Guarantee or a pledge of its assets if such entity is a US Controlled Foreign Subsidiary, and in no event shall more than 65% of the total outstanding voting Equity Interests of such an entity be required to be pledged.

(g) perfection of security, when required, and other legal formalities will be completed as soon as practicable and, in any event, within the time periods specified in the Senior Secured Notes Indenture and Security Documents therefor or (if earlier or to the extent no such time periods are specified in the Indenture and Security Documents) within the time periods specified by applicable law in order to ensure due perfection. The perfection of security granted will not be required if it would have a material adverse effect on the ability of the relevant Issuer or Senior Secured Note Guarantor to conduct its operations and business in the ordinary course as otherwise permitted by the Senior Secured Indenture and Security Documents;

(h) the Collateral Agent (acting in its own right or on behalf of the relevant Secured Parties (in each case used in this definition, as defined in the First Lien Intercreditor Agreement)) shall be able to enforce the security granted by the Security Documents without any restriction from (i) the constitutional documents of any of the Issuers and Senior Secured Note Guarantors, to the extent that such restrictions can be removed under relevant law, (ii) any of the Issuers and Senior Secured Note Guarantors which is or whose assets are the subject of such Security Document (but subject to any inalienable statutory or common law rights which the Issuers and Senior Secured Note Guarantors may have to challenge such enforcement) or (iii) any shareholders of the foregoing not party to the relevant Security Document, to the extent that it is within the power of the Issuers and Senior Secured Note Guarantors to ensure that such restrictions do not apply;

(i) the maximum secured amount may be limited to minimize stamp duty, notarisisation, registration or other applicable fees, taxes and duties;

(j) where a class of assets to be secured by an Obligor includes material and immaterial assets, the Issuers and the Administrative Agent under the Senior Secured Credit Facilities (or such other Applicable Representative) may agree a threshold in respect of such assets and direct the Collateral Agent to act accordingly;

(k) the only owned real property owned by RGHL and its Subsidiaries required to be pledged on the Escrow Release Date or as soon as reasonably practicable thereafter, but, in any event, at the same time such pledge is given in respect of the Senior Secured Credit Facilities, will be the real property pledged

in respect of the Senior Secured Credit Facilities at such time. After the Escrow Release Date, neither RGHL nor any of its Subsidiaries will be required to pledge any real property owned by RGHL or such Subsidiaries unless the value of such real property exceeds 5.0 million. Neither RGHL nor any of its Subsidiaries will be required to pledge any property in which it has a leasehold interest;

(l) unless granted under a global Security Document governed by the law of the jurisdiction of the Issuers or a Senior Secured Note Guarantor or New York law, all security (other than share security over subsidiaries of the Issuers or a Senior Secured Note Guarantor) shall be governed by the law of and secure assets located in the jurisdiction of incorporation of that entity; *provided* that for certain receivables security, such security may be governed by the law of the jurisdiction of incorporation or domicile of the creditor or the law that governs the underlying receivable;

(m) other than where intellectual property is secured by a floating charge or other similar all-asset security interest, security interests need only be granted for intellectual property with a value greater than 1.0 million. Security interests in intellectual property will be registered solely in the jurisdiction of incorporation of the entity that owns such intellectual property; *provided, however*, that, with respect to intellectual property that is material to such entity, to the extent the registration of a security interest in or the taking of any other commercially reasonable actions with respect to, such intellectual property in any other jurisdiction is necessary to ensure that the Secured Parties would be able to realize upon the value of the secured intellectual property in the event of enforcement action, such registration or other actions will be taken in such other jurisdiction as the Collateral Agent may reasonably request taking into account the cost to the Loan Parties of such registration in relation to the benefit accruing to the Secured Parties;

(n) security interests will be taken over only those insurance policies of the Issuers and Senior Secured Note Guarantors that are material to the Group as a whole, as reasonably determined by the Administrative Agent under the Senior Secured Credit Facilities (or other Applicable Representative, as applicable);

(o) other than where equipment is secured by a floating charge or other similar all-asset security interest, security interests need only be granted for manufacturing equipment with a value greater than 250,000;

(p) security interests will be provided over the equity of any Subsidiary that is not a Loan Party only if (i) it is organized in a jurisdiction where one or more Loan Party is organized, (ii) as of the last day of the fiscal quarter of RGHL most recently ended for which financial statements are available, it had gross assets (excluding intra group items but including investments in Subsidiaries) in excess of 1.0% of Consolidated Total Assets (as defined in the Senior Secured Credit Facilities) or (iii) for the period of four consecutive fiscal quarters of RGHL most recently ended for which financial statements are available, it had earnings before interest, tax, depreciation and amortization calculated on the same basis as Consolidated EBITDA in excess of 1.0% of the Consolidated EBITDA (as such terms are defined in the Senior Secured Credit Facilities); and

(q) no security interest will be provided over the equity of any Subsidiary that (a) does not conduct any business operations, (b) has assets with a book value not in excess of \$100,000 and (c) does not have any indebtedness outstanding.

For the avoidance of doubt, in these Security Principles, cost includes, but is not limited to, income tax cost, registration taxes payable on the creation or for the continuance of any security, stamp duties, out-of-pocket expenses and other fees and expenses directly incurred by the relevant grantor of security or any of its direct or indirect owners, Subsidiaries or Affiliates.

(B) Senior Secured Note Guarantors and Security

Each Senior Secured Note Guarantee will be an upstream, cross-stream and downstream guarantee of all the Obligations with respect to the Senior Secured Notes and the Senior Secured Note Guarantees, subject to the requirements of the Security Principles in each relevant jurisdiction. Subject to the Security Principles, the

Table of Contents

security will secure all of the Obligations with respect to the Senior Secured Notes and the Senior Secured Note Guarantees.

Subject to these Security Principles, the security package shall include stock and other membership interests issued by the Issuers and Senior Secured Note Guarantors and intercompany and trade receivables, bank accounts (and amounts on deposit therein), intellectual property, insurance, real estate, inventory and equipment, in each case owned by an Issuer or Senior Secured Note Guarantor and, in jurisdictions where an all asset security interest can be created in a security document, security over all assets shall, subject to the Senior Secured Notes Indenture and Security Documents, be given by the Issuers and Senior Secured Note Guarantors formed in that jurisdiction.

To the extent possible, all security shall be given in favour of the Collateral Agent and not the Holders individually, *provided* that any accessory security (*akzessorische Sicherheit*) governed by Swiss and German law shall be given in favour of the Collateral Agent and Secured Parties (as defined in the First Lien Intercreditor Agreement) individually if so required by the Applicable Representative. Parallel debt provisions will be used where necessary; such provisions will be contained in the First Lien Intercreditor Agreement and not the individual Security Documents unless required under local laws. To the extent possible, the grant of security in the Collateral shall be structured, documented or otherwise implemented in a manner so that there should be no action required to be taken in relation to the security when any noteholder transfers an interest in the Senior Secured Notes to another party. To the extent such action is required, the Applicable Representative shall not require the Collateral Agent to obtain security in such asset giving rise to the requirement for such action upon a transfer of an interest in the Senior Secured Notes to another party.

The Issuers and Senior Secured Note Guarantors will be required to pay the reasonable costs of any re-execution, notarisation, re-registration, amendment or other perfection requirement for any security on any transfer by a Holder to a new Holder on or prior to the date on which the Initial Purchasers notify RGHL that primary distribution of the Senior Secured Notes is complete. Otherwise the cost or fee shall be for the account of the transferee Holder.

2. Terms of Security Documents

The following principles will be reflected in the terms of any security taken as part of this transaction:

- (d) the provisions of each security document will not be unduly burdensome on the relevant Issuer or Senior Secured Note Guarantor granting such security or interfere unreasonably with the operation of its business and will be limited to those required to create effective security and not impose unreasonable commercial obligations;
- (e) information, such as lists of assets, will be provided if and only to the extent (i) required by law to create, enforce, perfect or register the security or (ii) necessary or advisable to enforce the security; *provided, however*, that such

Table of Contents

and in each case that information can be provided without breaching confidentiality requirements or damaging business relationships;

(f) the Collateral Agent and Secured Parties shall be able to exercise a power of attorney only following the occurrence of an Event of Default or if the relevant Issuer or Senior Secured Note Guarantor granting such security has failed to comply with a further assurance or perfection obligation within 10 Business Days of being notified of that failure;

(j) in respect of bank accounts (and cash therein), the Collateral Agent agrees with the relevant Issuer or Senior Secured Note Guarantor that the Collateral Agent shall not give any instructions or withhold any withdrawal rights from such Issuer or Senior Secured Note Guarantor, unless an Event of Default has occurred and is continuing, or, after giving effect to any withdrawal, would occur.

Redemption for Taxation Reasons

The Issuers may redeem the Senior Notes, at their option, in whole, but not in part, at any time upon giving not less than 30 nor more than 60 days' prior notice (which notice will be irrevocable) to the noteholders mailed by first-class mail to each holder's registered address (or otherwise delivered in accordance with applicable DTC procedures) at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest and additional interest, if any, to the date fixed for redemption (a *Tax Redemption Date*) (subject to the right of noteholders of record on the relevant record date to receive interest due on the relevant interest payment date) and all Additional Amounts (as defined under *Withholding Taxes* below), if any, then due or that will become due on the Tax Redemption Date as a result of the redemption or otherwise, if any, if the Issuers determine in good faith that, as a result of:

(1) any change in, or amendment to, the law or treaties (or any regulations, protocols or rulings promulgated thereunder) of a Relevant Taxing Jurisdiction (as defined under *Withholding Taxes* below) affecting taxation; or

(2) any change in official position regarding the application, administration or interpretation of such laws, treaties, protocols, regulations or rulings (including a holding, judgment or order by a government agency or court of competent jurisdiction) (each of the foregoing in clauses (1) and (2), a *Change in Tax Law*),

any Payor (as defined under *Withholding Taxes* below), with respect to the Senior Notes or a Senior Note Guarantee is, or on the next date on which any amount would be payable in respect of the Senior Notes would be, required to pay any Additional Amounts, and such obligation cannot be avoided by taking reasonable measures available to such Payor (including the appointment of a new Paying Agent or, where such payment would be reasonable, the payment through another Payor); *provided* that no Payor shall be required to take any measures that in the Issuers' good-faith determination would result in the imposition on such person of any legal or regulatory burden or the incurrence by such person of additional costs, or would otherwise result in any adverse consequences to such person.

In the case of any Payor, the *Change in Tax Law* must be announced or become effective on or after the date of the Offering Circular. Notwithstanding the foregoing, no such notice of redemption will be given earlier than 90 days prior to the earliest date on which the Payor would be obliged to make such payment of Additional Amounts. Prior to the publication, mailing or delivery of any notice of redemption of the Senior Notes pursuant to the foregoing, the Issuers will deliver to the Trustee (a) an Officers' Certificate stating that they are entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to their right so to redeem have been satisfied

and (b) an opinion of an independent tax counsel of recognized standing to the effect that the Payor would be obligated to pay Additional Amounts as a result of a

Table of Contents

Change in Tax Law. The Trustee will accept such Officers' Certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it will be conclusive and binding on the noteholders.

Subject to the terms of the applicable redemption notice, Senior Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Senior Notes or portions of them called for redemption.

The foregoing provisions will apply *mutatis mutandis* to the laws and official positions of any jurisdiction in which any successor to a Payor is organized or otherwise considered to be a resident for tax purposes or any political subdivision or taxing authority or agency thereof or therein. The foregoing provisions will survive any termination, defeasance or discharge of the Senior Notes Indenture.

Withholding Taxes

All payments made by any Issuer or any Senior Note Guarantor or any successor in interest to any of the foregoing (each, a *Payor*) on or with respect to the Senior Notes or any Senior Note Guarantee will be made without withholding or deduction for, or on account of, any Taxes unless such withholding or deduction is required by law; *provided, however,* that a Payor, in any case, may withhold from any interest payment made on the Senior Notes to or for the benefit of any person who is not a United States person, as such term is defined for U.S. federal income tax purposes, U.S. federal withholding tax, and pay such withheld amounts to the Internal Revenue Service, unless such person provides documentation to such Payor such that an exemption from U.S. federal withholding tax would apply to such payment if interest on the Senior Notes were treated as income from sources within the U.S. for U.S. federal income tax purposes. If any deduction or withholding for, or on account of, any Taxes imposed or levied by or on behalf of:

(1) any jurisdiction (other than the United States or any political subdivision or governmental authority thereof or therein having power to tax) from or through which payment on the Senior Notes or any Senior Note Guarantee is made by such Payor, or any political subdivision or governmental authority thereof or therein having the power to tax; or

(2) any other jurisdiction (other than the United States or any political subdivision or governmental authority thereof or therein having the power to tax) in which a Payor that actually makes a payment on the Senior Notes or its Senior Note Guarantee is organized or otherwise considered to be a resident for tax purposes, or any political subdivision or governmental authority thereof or therein having the power to tax,

(each of clause (1) and (2), a *Relevant Taxing Jurisdiction*), will at any time be required from any payments made with respect to the Senior Notes or any Senior Note Guarantee, including payments of principal, redemption price, interest or premium, if any, the Payor will pay (together with such payments) such additional amounts (the *Additional Amounts*) as may be necessary in order that the net amounts received in respect of such payments by the noteholders or the Trustee, as the case may be, after such withholding or deduction (including any such deduction or withholding from such Additional Amounts), will not be less than the amounts that would have been received in respect of such payments on the Senior Notes or the Senior Note Guarantees in the absence of such withholding or deduction; *provided, however,* that no such Additional Amounts will be payable for or on account of:

(1) any Taxes that would not have been so imposed or levied but for the existence of any present or former connection between the relevant noteholder (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, the relevant noteholder, if such noteholder is an estate, nominee, trust, partnership, limited liability company or corporation) and the Relevant Taxing Jurisdiction (including being a citizen or resident or national of, or carrying on a business or maintaining a permanent establishment in, or being physically present in, the Relevant

Taxing Jurisdiction) but excluding, in each case, any connection arising solely from the acquisition, ownership or holding of such Senior Note or the receipt of any payment in respect thereof;

Table of Contents

(2) any Taxes that would not have been so imposed or levied if the holder of the Senior Note had complied with a reasonable request in writing of the Payor (such request being made at a time that would enable such holder acting reasonably to comply with that request) to make a declaration of nonresidence or any other claim or filing or satisfy any certification, information or reporting requirement for exemption from, or reduction in the rate of, withholding to which it is entitled (provided that such declaration of nonresidence or other claim, filing or requirement is required by the applicable law, treaty, regulation or administrative practice of the Relevant Taxing Jurisdiction as a precondition to exemption from the requirement to deduct or withhold all or a part of any such Taxes);

(3) any Taxes that are payable otherwise than by withholding from a payment of the principal of, premium, if any, or interest under the Senior Notes or any Senior Note Guarantee;

(4) any estate, inheritance, gift, sales, excise, transfer, personal property or similar tax, assessment or other governmental charge;

(5) any Taxes that are required to be deducted or withheld on a payment pursuant to the Directive or any law implementing, or introduced in order to conform to, the Directive;

(6) except in the case of the liquidation, dissolution or winding up of the Payor, any Taxes imposed in connection with a Senior Note presented for payment by or on behalf of a noteholder or beneficial owner who would have been able to avoid such Tax by presenting the relevant Senior Note to, or otherwise accepting payment from, another paying agent in a member state of the European Union; or

(7) any combination of the above.

Such Additional Amounts will also not be payable (x) if the payment could have been made without such deduction or withholding if the beneficiary of the payment had presented the Senior Note for payment (where presentation is required) within 30 days after the relevant payment was first made available for payment to the noteholder or (y) where, had the beneficial owner of the Senior Note been the holder of the Senior Note, such beneficial owner would not have been entitled to payment of Additional Amounts by reason of any of clauses (1) to (7) inclusive above.

The Payor will (i) make any required withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant taxing authority of the Relevant Taxing Jurisdiction in accordance with applicable law. Upon request, the Payor will use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each relevant taxing authority of each Relevant Taxing Jurisdiction imposing such Taxes and will provide such certified copies to the Trustee. If, notwithstanding the efforts of such Payor to obtain such receipts, the same are not obtainable, such Payor will provide the Trustee with other evidence reasonably satisfactory to the applicable Holder.

If any Payor will be obligated to pay Additional Amounts under or with respect to any payment made on the Senior Notes, at least 30 days prior to the date of such payment, the Payor will deliver to the Trustee an Officers' Certificate stating the fact that Additional Amounts will be payable and the amount so payable and such other information necessary to enable the Paying Agent to pay Additional Amounts to noteholders on the relevant payment date (unless such obligation to pay Additional Amounts arises less than 45 days prior to the relevant payment date, in which case the Payor shall deliver such Officers' Certificate and such other information as promptly as practicable after the date that is 30 days prior to the payment date, but no less than five (5) Business Days prior thereto, and otherwise in accordance with the requirements of DTC).

Wherever in the Senior Notes Indenture, the Senior Notes, any Senior Note Guarantee or this Description of the October 2010 Senior Notes there is mentioned, in any context:

- (1) the payment of principal,
- (2) redemption prices or purchase prices in connection with a redemption or purchase of Senior Notes,
- (3) interest, or

Table of Contents

(4) any other amount payable on or with respect to any of the Senior Notes or any Senior Note Guarantee,

such reference shall be deemed to include payment of Additional Amounts as described under this heading to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The Payor will pay any present or future stamp, court or documentary Taxes, or any other excise, property or similar Taxes, charges or levies that arise in any jurisdiction from the execution, delivery, registration or enforcement of any Senior Notes, the Senior Notes Indenture, or any other document or instrument in relation thereto (other than a transfer of the Senior Notes) excluding any such Taxes, charges or similar levies imposed by any jurisdiction that is not a Relevant Taxing Jurisdiction, and the Payor agrees to indemnify the noteholders and the Trustee for any such Taxes paid by such noteholders. The foregoing obligations will survive any termination, defeasance or discharge of the Senior Notes Indenture and will apply *mutatis mutandis* to any jurisdiction in which any successor to a Payor is organized or otherwise considered to be a resident for Tax purposes or any political subdivision or taxing authority or agency thereof or therein.

Agreed Tax Treatment

The Issuers agree, and by acquiring an interest in the Senior Notes each beneficial owner of a Senior Note agrees, to treat for U.S. federal income tax purposes (i) \$725,000,000 in principal amount of the Senior Notes as debt of the Luxembourg Issuer (or the sole owner of the Luxembourg Issuer) and \$775,000,000 in principal amount of the Senior Notes as debt of the sole owner of the US Issuer I and (ii) interest payments on the portion of the Senior Notes that is treated as debt of the Luxembourg Issuer (or its sole owner) as non-U.S. source interest and interest payments on the portion of the Senior Notes that is treated as debt of the sole owner of the US Issuers as U.S. source interest; *provided, however*, that this agreement shall cease to apply if the Issuers (i) determine, after taking action that is permissible under the Senior Notes Indenture, that the aforementioned allocation of debt and interest payments is no longer accurate as a result of the changed circumstances, and (ii) promptly notify holders of such determination by sending first-class mail to each holder's registered address (or otherwise completing delivery in accordance with applicable DTC procedures). Notwithstanding the foregoing, any Issuer or any other Payor may withhold from any interest payment made on any Senior Note to or for the benefit of any person who is not a United States person, as such term is defined for U.S. federal income tax purposes, U.S. federal withholding tax, and pay such withheld amounts to the Internal Revenue Service, unless such person provides documentation to such Issuer or other Payor such that an exemption from U.S. federal withholding tax would apply to such payment if interest on such Senior Note were treated as income from sources within the U.S. for U.S. federal income tax purposes.

Ranking

The indebtedness evidenced by the Senior Notes is Senior Indebtedness of the Issuers, is equal in right of payment to all existing and future Senior Indebtedness of the Issuers and is senior in right of payment to all existing and future Subordinated Indebtedness of the Issuers.

The Indebtedness evidenced by the Senior Note Guarantees is Senior Indebtedness of each Senior Note Guarantor, is equal in right of payment to all existing and future Senior Indebtedness of such Senior Note Guarantor and is senior in right of payment to all existing and future Subordinated Indebtedness of such Senior Note Guarantor. BP II, the issuer of the 2007 Senior Notes and the 2007 Senior Subordinated Notes, has not guaranteed and will not guarantee the Senior Notes.

As described in further detail below, in a liquidation, dissolution or bankruptcy of any of the Issuers or the Senior Note Guarantors, holders of Senior Notes and Senior Note Guarantees will be entitled to receive payment in full of the Senior Notes and Senior Note Guarantees before holders of the guarantees of the 2007 Senior Subordinated Notes are

entitled to receive any payment (other than certain permitted junior securities) in respect of such guarantees. However, the Senior Notes and Senior Note Guarantees do not constitute Designated Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture and, among other things, do not have the benefits of delivering payment blockage notices or enforcing the turnover provisions in the indenture governing the 2007 Senior Subordinated Notes.

Table of Contents

At September 30, 2011, on a pro forma basis after giving effect to the purchase of \$239.8 million aggregate principal amount of Graham Packaging 2017 Notes and \$230.6 million aggregate principal amount of Graham Packaging 2018 Notes in connection with the change of control offer for such notes:

(1) RGHL and its Subsidiaries had an aggregate principal amount of \$11,679.7 million of Indebtedness secured by any Lien outstanding. RGHL and its Subsidiaries would have had \$42.8 million and 58.0 million of availability under the revolving credit facility under the Senior Secured Credit Facilities and the ability to incur up to 62.0 million of Secured Indebtedness under Local Facilities; and

(2) RGHL and its Subsidiaries had an aggregate principal amount of \$16,685.4 million of unsubordinated Indebtedness outstanding (whether secured or unsecured) consisting of amounts outstanding under the Senior Secured Credit Facilities, the Senior Notes (including the Senior Note Guarantees with respect thereto), the Senior Secured Notes (including the Senior Secured Note Guarantees with respect thereto), the February 2011 Senior Secured Notes (including the guarantees with respect thereto), the February 2011 Senior Notes (including the guarantees with respect thereto), the October 2010 Senior Secured Notes (including the guarantees with respect thereto), the October 2010 Senior Notes (including the guarantees with respect thereto), the May 2010 Notes (including the guarantees with respect thereto), the 2009 Notes (including the guarantees with respect thereto) and the 2007 Senior Notes (including the guarantees with respect thereto), Pactiv's indebtedness, the Graham Packaging 2018 Notes (as defined in Description of the August 2011 Senior Secured Notes Certain Definitions and Description of the August 2011 Senior Notes Certain Definitions), the Graham Packaging 2017 Notes (as defined in Description of the August 2011 Senior Secured Notes Certain Definitions and Description of the August 2011 Senior Notes Certain Definitions), the Local Facilities and certain other local overdraft and local working capital facilities.

In addition, at September 30, 2011, RGHL and its Subsidiaries had an aggregate of \$1,596.9 million of Subordinated Indebtedness outstanding consisting of the Graham Packaging 2014 Notes (as defined in Description of the August 2011 Senior Secured Notes Certain Definitions and Description of the August 2011 Senior Notes Certain Definitions) and the 2007 Senior Subordinated Notes (including the guarantees with respect thereto). In addition, RGHL and its Subsidiaries had \$24.2 million of indebtedness outstanding under Local Facilities.

Although the Senior Notes Indenture limits the Incurrence of Indebtedness by BP I, BP II and any Restricted Subsidiaries and the issuance of Disqualified Stock and Preferred Stock by the Issuers and any other Restricted Subsidiaries, such limitation is subject to a number of significant qualifications and exceptions. Under certain circumstances, BP II and BP I and their respective Subsidiaries (including the Issuers) may be able to Incur substantial amounts of additional Indebtedness. Such Indebtedness may be Secured Indebtedness that has a prior claim to the Senior Notes on the assets securing such Indebtedness. The covenants do not limit the amount of Indebtedness that RGHL may incur. See Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Certain Covenants Liens.

The Senior Notes and Senior Note Guarantees constitute Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture and, as such, in a liquidation, dissolution or bankruptcy of the Issuers or the Senior Note Guarantors, holders of Senior Notes and Senior Note Guarantees will be entitled to receive payment in full of the Senior Notes and Senior Note Guarantees before holders of the guarantees of the 2007 Senior Subordinated Notes are entitled to receive any payment (other than certain permitted junior securities) in respect of such guarantees. However, the Senior Notes and Senior Note Guarantees do not constitute Designated Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture, as do the August 2011 Senior Secured Notes, the February 2011 Senior Secured Notes, the 2009 Notes, the Senior Secured Credit Facilities, the 2007 Senior Notes and the Senior Secured Notes, and holders thereof have more rights than the holders of Senior Notes. Thus, holders of Senior Notes and Senior Note Guarantees are not entitled to the benefit of certain provisions in the 2007 Senior Subordinated Indenture relating to

the subordination of the 2007 Senior Subordinated Notes that provide rights only to holders of Designated Senior Indebtedness (as defined in the 2007 Senior Subordinated Indenture), not Senior Indebtedness. Specifically, holders of

Table of Contents

Designated Senior Indebtedness are granted, among other rights, the benefit of (i) standstill periods, during which no enforcement action may be taken in respect of the 2007 Senior Subordinated Notes until holders of Designated Senior Indebtedness have taken actions to enforce certain claims under their Indebtedness, (ii) payment blockages, which prevent payments from being made in respect of the 2007 Senior Subordinated Notes while certain events of default under the Designated Senior Indebtedness have occurred and are continuing and (iii) turnover provisions, which require the trustee of the 2007 Senior Subordinated Notes to pay over to holders of Designated Senior Indebtedness certain amounts that it has received in respect of the 2007 Senior Subordinated Notes. Because the Senior Notes do not constitute Designated Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture, holders are not entitled to these and other rights in favor of only Designated Senior Indebtedness. Accordingly, the Senior Notes do not have a contractual right to stop payments by the Issuers and Senior Note Guarantors in respect of the 2007 Senior Subordinated Notes and holders of Senior Notes may recover less than holders of Designated Senior Indebtedness as a result thereof.

The Senior Notes and Senior Note Guarantees rank *pari passu* in right of payment with the guarantees of the 2007 Senior Notes, the 2009 Notes (and related guarantees), the May 2010 Notes (and related guarantees), the Senior Secured Notes (and related guarantees), the February 2011 Senior Secured Notes (and related guarantees), the February 2011 Senior Notes (and related guarantees), the August 2011 Senior Secured Notes (and related guarantees), the August 2011 Senior Notes (and related guarantees) and the Senior Secured Credit Facilities (and related guarantees). However, due to a contractual subordination agreement between holders of the 2007 Senior Notes on the one hand, and holders of the 2009 Notes, and the Senior Secured Credit Facilities on the other hand, which the holders of the Senior Secured Notes, the holders of the February 2011 Senior Secured Notes and the holders of the August 2011 Senior Notes also joined, the guarantees of the 2007 Senior Notes rank junior in right of payment to the 2009 Notes and the Senior Secured Credit Facilities (and their respective guarantees) and rank junior in right of payment to the Senior Secured Notes (and their guarantees), the February 2011 Senior Secured Notes (and their guarantees) and the August 2011 Senior Secured Notes (and their guarantees).

Therefore, in the event that the Issuer or a Senior Note Guarantor becomes a debtor in a United States bankruptcy case and claims under the 2007 Senior Notes, the 2009 Notes, the Senior Secured Notes, the February 2011 Senior Secured Notes, the August 2011 Senior Secured Notes and the Senior Secured Credit Facilities are not fully secured, claims of holders of Senior Notes and Senior Note Guarantees will rank *pari passu* in right of payment with the unsecured portion of claims of holders of the guarantees of the 2007 Senior Notes, the 2009 Notes (and related guarantees), the Senior Secured Notes (and related guarantees), the February 2011 Senior Secured Notes (and related guarantees), the August 2011 Senior Secured Notes (and related guarantees) and the Senior Secured Credit Facilities (and related guarantees), even though claims under the guarantees of the 2007 Senior Notes will rank junior in right of payment to claims under the 2009 Notes, the Senior Secured Notes, the February 2011 Senior Secured Notes (and related guarantees), the August 2011 Senior Secured Notes (and related guarantees) and the Senior Secured Credit Facilities (and their respective guarantees). In addition, in such an event, we expect that claims of holders of Senior Notes and Senior Note Guarantees will be senior in right of payment to the claims of holders of the guarantees of the 2007 Senior Subordinated Notes, such that holders of Senior Notes and Senior Note Guarantees, together with holders of any other Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture, will be entitled to receive payment in full of such Senior Indebtedness before holders of the guarantees of the 2007 Senior Subordinated Notes are entitled to receive any payment (other than certain permitted junior securities) in respect of such guarantees. However, because of the differences in the rights of the holders of the Senior Notes and the holders of Designated Senior Indebtedness, there can be no guarantee that a bankruptcy court would enforce the contractual subordination of the 2007 Subordinated Notes in favor of the Senior Notes in the same manner as the contractual subordination of the 2007 Subordinated Notes in favor of the 2007 Senior Notes, the 2009 Notes, the Senior Secured Notes, the February 2011 Senior Secured Notes, the August 2011 Senior Secured Notes and the Senior Secured Credit Facilities under such circumstances, and you may therefore recover less in a bankruptcy than if the Senior Notes and Senior Note Guarantees constituted Designated Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture. In

addition, bankruptcy laws in the foreign jurisdictions in which we conduct business differ from those of the

Table of Contents

United States, and we cannot predict how a bankruptcy court in any such jurisdiction would treat such a circumstance. For more information, see [Certain Insolvency and Other Local Law Considerations](#).

The US Issuer I is a finance company with no operations of its own, and its only material assets are the US Proceeds Loans. The US Issuer II is a finance company with no operations of its own, and no material assets. The Luxembourg Issuer is a finance company with no operations of its own, and its only material assets are the Luxembourg Proceeds Loans. Substantially all of the operations of RGHL are conducted through RGHL's Subsidiaries. Unless a Subsidiary is a Senior Note Guarantor or one of the Issuers, claims of creditors of such Subsidiary, including trade creditors, and claims of preferred stockholders (if any) of such Subsidiary generally will have priority with respect to the assets and earnings of such Subsidiary over the claims of creditors of the Senior Note Guarantors, including holders of the Senior Notes. The Senior Notes, therefore, are effectively subordinated to creditors (including trade creditors) and preferred stockholders (if any) of Subsidiaries of RGHL that are not one of the Issuers or the Senior Note Guarantors (including BP II, which is a finance company). As of September 30, 2011, our various subsidiaries that are not one of the Issuers, the issuer of the 2007 Notes, or Senior Note Guarantors had no more than approximately \$10.0 million of long-term debt (on a consolidated basis and excluding intercompany loan transactions) and \$6,528.5 million of total assets. See [Risk Factors - Risks Related to Our Structure, the Guarantees, the Collateral and the Notes](#) - Not all of our subsidiaries guarantee the notes, and the notes and the guarantees of the notes will be structurally subordinated to all of the claims of creditors of those non-guarantor subsidiaries.

Senior Note Guarantees

Each of the Senior Note Guarantors jointly and severally, irrevocably and unconditionally guarantees on a senior basis the performance and punctual payment when due, whether at Stated Maturity, by acceleration or otherwise, of all obligations of the Issuers under the Senior Notes Indenture and the Senior Notes, whether for payment of principal of, premium, if any, or interest on the Senior Notes, expenses, indemnification or otherwise (all such obligations guaranteed by such Senior Note Guarantors and by any of RGHL's Subsidiaries that subsequently become Senior Note Guarantors being herein called the *Guaranteed Obligations*), subject to limitations imposed by applicable local law and certain other limitations imposed by the terms of such guarantees; *provided, however*, that in no event shall a US Controlled Foreign Subsidiary be required to guarantee the Guaranteed Obligations. The entities that are Senior Note Guarantors include entities organized in the following jurisdictions: Australia, Austria, Brazil, British Virgin Islands, Canada, Costa Rica, Germany, Guernsey, Hong Kong, Hungary, Japan, Luxembourg, Mexico, the Netherlands, New Zealand, Switzerland, the United States and the United Kingdom. Due to applicable law in certain jurisdictions and other factors, certain of RGHL's subsidiaries in certain jurisdictions are currently not Senior Note Guarantors as they have not entered into their respective Senior Note Guarantees. Our subsidiary in Thailand has guaranteed the 2007 Notes and the 2009 Notes, but has not yet guaranteed any other notes, including the Senior Notes, the Senior Secured Notes or the term loans under the Senior Secured Credit Facilities, and there is no certainty that such entity will be able to provide such a guarantee in the future. Therefore, potentially for the term of the Senior Notes, to the extent certain entities are not able to provide the above-mentioned Senior Note Guarantee, lenders under the Senior Secured Credit Facilities, holders of 2009 Notes, holders of 2007 Senior Notes and holders of 2007 Senior Subordinated Notes will have the benefit of greater guarantee coverage than holders of Senior Notes. The Senior Note Guarantees are subject to a variety of local laws that may limit or void the Senior Note Guarantees and certain other limits imposed under the terms of such Senior Note Guarantees. For a description of such limitations and the risks associated with the Senior Note Guarantees, see

[Risk Factors - Risks Related to Our Structure, the Guarantees, the Collateral and the Notes](#) - Fraudulent conveyance laws and other limitations on the enforceability of the notes, the guarantees and, as applicable, the related security, may adversely affect the validity and enforceability of the notes, the guarantees and, as applicable, the related security;

Certain Insolvency and Other Local Law Considerations.

Such Senior Note Guarantors have agreed, and any of RGHL's Subsidiaries that subsequently become Senior Note Guarantors will agree, to pay, subject to limitations imposed by applicable local law and certain other limitations, in addition to the amount stated above, any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the holders in enforcing any rights under the Senior Note Guarantees.

It is intended that the Senior Notes will ultimately be guaranteed by the same entities that are obligors under, or guarantors of, the 2007 Notes, the 2009 Notes, the May 2010 Notes, the February 2011 Notes, the August 2011 Notes and the Senior Secured Credit Facilities. Our subsidiary in Thailand has guaranteed the 2007 Notes and the 2009 Notes, but has not yet guaranteed any other notes, including the Senior Notes, the Senior Secured Notes and the term loans under the Senior Secured Credit Facilities, and there is no certainty that such entity will be able to provide such a guarantee in the future. Therefore, potentially for the term of the Senior Notes to the extent our subsidiary in Thailand is not able to provide the above-mentioned Senior Note Guarantee, lenders under the Senior Secured Credit Facilities, holders of 2009 Notes, holders of 2007 Senior Notes and holders of 2007 Senior Subordinated Notes will have the benefit of greater guarantee coverage than holders of Senior Notes. In addition, any future guarantor of the Senior Secured Credit Facilities, any other Credit Agreement or Public Debt of BP I, BP II or their respective Subsidiaries are only required to provide Senior Note Guarantees as required by the covenant under Certain Covenants Future Senior Note Guarantors. Accordingly, in the future other Indebtedness, including the Senior Secured Credit Facilities, the August 2011 Notes, the February 2011 Notes, the Senior Notes, the May 2010 Notes, the 2009 Notes, the 2007 Senior Notes and the 2007 Senior Subordinated Notes could have the benefit of guarantees that are not also provided in favor of the Senior Notes. See Ranking.

Each Senior Note Guarantee is a continuing guarantee and shall, subject to the next paragraph:

- (1) remain in full force and effect until payment in full of all the Guaranteed Obligations;
- (2) be binding upon each such Senior Note Guarantor and its successors; and
- (3) inure to the benefit of and be enforceable by the Trustee, the holders and their successors, transferees and assigns.

Release of Senior Note Guarantees

A Senior Note Guarantee of a Senior Note Guarantor will be automatically released upon (a) receipt by the Trustee of a notification from BP I that such Senior Note Guarantee be released and (b) the occurrence of any of the following:

(1) the consummation of any transaction permitted by the Senior Notes Indenture as a result of which such Senior Note Guarantor ceases to be a Restricted Subsidiary;

Table of Contents

(2) the release or discharge of the guarantee or other obligation by such Senior Note Guarantor of the Senior Secured Credit Facilities or such other guarantee or other obligation that resulted in the creation of such Senior Note Guarantee, except a release or discharge by or as a result of payment under such guarantee;

(3) BP I designating such Senior Note Guarantor to be an Unrestricted Subsidiary in accordance with the covenants described under Certain Covenants Limitation on Restricted Payments and the definition of Unrestricted Subsidiary;

(4) the Issuers exercise of their legal defeasance option or covenant defeasance option as described under Defeasance, or if the Issuers obligations under the Senior Notes Indenture are discharged in accordance with the terms of the Senior Notes Indenture; or

(5) the transfer or sale of the equity interests of such Senior Note Guarantor pursuant to an enforcement action, in accordance with the terms of the First Lien Intercreditor Agreement.

The Senior Note Guarantor will be required to deliver to the Trustee an Officers Certificate stating that all conditions precedent provided for in the Senior Notes Indenture relating to the release have been complied with. A Senior Note Guarantee of a Senior Note Guarantor also will be released as provided under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets and RGHL will be released from its Senior Note Guarantee in connection with the substantially concurrent transfer by RGHL of the capital stock of BP I to a newly formed subsidiary of RGHL (*Midco*); *provided* that (a) Midco is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof or New Zealand; (b) Midco expressly assumes or replaces all the obligations of RGHL under the Senior Notes Indenture, the Senior Notes Registration Rights Agreement, the Senior Notes, and RGHL s Senior Note Guarantee pursuant to a supplemental or replacement indenture or other documents or instruments in form reasonably satisfactory to the Trustee; (c) immediately after giving effect to such transaction on a pro forma basis (and treating any Indebtedness which becomes an obligation of Midco as a result of such transaction as having been Incurred by Midco at the time of such transaction), no Default shall have occurred and be continuing and the Issuers would be able to Incur an additional \$1.00 of Indebtedness pursuant to the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; (d) RGHL delivers to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such transfer and such supplemental indenture comply with the Senior Notes Indenture (and in giving such opinion such counsel may rely on an Officers Certificate as to any matters of fact); and (e) RGHL delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of RGHL approving such transaction and set forth in an Officers Certificate certifying that such transaction complies with the requirements of the Senior Notes Indenture.

Upon any occurrence specified in the two preceding paragraphs, the Trustee shall, at the instruction of and at the cost of the Issuers, execute any documents reasonably requested of it to evidence such release.

Addition of Senior Note Guarantors

Under certain circumstances, additional Restricted Subsidiaries may be added as Senior Note Guarantors (see Certain Covenants Future Senior Note Guarantors).

Change of Control

Upon the occurrence of any of the following events (each, a *Change of Control*), each holder will have the right to require the Issuers to repurchase all or any part of such holder s Senior Notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, to the date of

repurchase (subject to the right of holders of record on the relevant record date

to receive interest due on the relevant interest payment date), except to the extent the Issuers have previously elected to redeem all of the Senior Notes as described under **Optional Redemption**:

- (1) the sale, lease or transfer, in one or a series of transactions, of all or Substantially All the assets of BP II or BP I and its Subsidiaries, taken as a whole, to a Person other than, directly or indirectly, any of the Permitted Holders;
- (2) BP I becomes aware (by way of a report or any other filing pursuant to Section 13(d) of the Exchange Act, proxy, vote, written notice or otherwise) of the acquisition by any Person or group (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act, or any successor provision), including any group acting for the purpose of acquiring, holding or disposing of securities (within the meaning of Rule 13d-5(b)(1) under the Exchange Act), other than any of the Permitted Holders, in a single transaction or in a related series of transactions, by way of merger, consolidation or other business combination or purchase of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act, or any successor provision), of more than 50% of the total voting power of the Voting Stock of the US Issuer I, the US Issuer II, the Luxembourg Issuer, BP I or BP II or any direct or indirect parent of BP I or BP II; or
- (3) RGHL ceases to own, directly or indirectly, 100% of the Capital Stock of BP I, BP II, BP III or any of the Issuers, other than directors qualifying shares or other de minimis shareholdings required by law.

In the event that at the time of such Change of Control the terms of any Bank Indebtedness restrict or prohibit the repurchase of Senior Notes pursuant to this covenant, then prior to the mailing (or delivery) of the notice to holders provided for in the immediately following paragraph but in any event within 45 days following any Change of Control, the Issuers shall:

- (1) repay in full all such Bank Indebtedness or, if doing so will allow the purchase of Senior Notes, offer to repay in full all such Bank Indebtedness and repay the Bank Indebtedness of each lender that has accepted such offer; or
- (2) obtain the requisite consent under the agreements governing such Bank Indebtedness to permit the repurchase of the Senior Notes as provided for in the immediately following paragraph.

The Issuers' failure to comply with such provisions or the provisions of the immediately following paragraph shall constitute an Event of Default described in clause (4) and not in clause (2) under **Defaults** below.

Within 45 days following any Change of Control, except to the extent that the Issuers have exercised their right to redeem the Senior Notes by delivery of a notice of redemption as described under **Optional Redemption**, or all conditions to such redemption have been satisfied or waived, the Issuers shall mail (or otherwise deliver in accordance with applicable DTC procedures) a notice (a *Change of Control Offer*) to each holder with a copy to the Trustee stating:

- (1) that a Change of Control has occurred and that such holder has the right to require the Issuers to repurchase such holder's Senior Notes at a repurchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, to the date of repurchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date) (the *Change of Control Payment*);
- (2) the circumstances and relevant facts and financial information regarding such Change of Control;
- (3) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed or delivered) (the *Change of Control Payment Date*);

(4) the instructions determined by the Issuers, consistent with this covenant, that a holder must follow in order to have its Senior Notes purchased; and

(5) if applicable and such notice is mailed prior to the occurrence of a Change of Control, that such offer is conditioned on the occurrence of such Change of Control.

A Change of Control Offer may be made in advance of a Change of Control, and conditioned upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

In addition, the Issuers will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Senior Notes Indenture applicable to a Change of Control Offer made by the Issuers and purchases all Senior Notes validly tendered and not withdrawn under such Change of Control Offer.

On the Change of Control Payment Date, if the Change of Control shall have occurred, the Issuers will, to the extent lawful:

- (1) accept for payment all Senior Notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Senior Notes so tendered;
- (3) deliver or cause to be delivered to the Trustee an Officers Certificate stating the Senior Notes or portions of the Senior Notes being purchased by the Issuers in the Change of Control Offer;
- (4) in the case of Global Senior Notes, deliver, or cause to be delivered, to the principal Paying Agent the Global Senior Notes in order to reflect thereon the portion of such Senior Notes or portions thereof that have been tendered to and purchased by the Issuers; and
- (5) in the case of Definitive Registered Senior Notes, deliver, or cause to be delivered, to the relevant Registrar for cancellation all Definitive Registered Senior Notes accepted for purchase by the Issuers.

The Paying Agent will promptly mail (or otherwise deliver in accordance with applicable DTC procedures) to each holder of Senior Notes so tendered the Change of Control Payment for such Senior Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder of Senior Notes a new Senior Note equal in principal amount to the unpurchased portion of the Senior Notes surrendered, if any; *provided, however*, that each such new Senior Note will be in a principal amount that is at least \$100,000 and integral multiples of \$1,000 in excess thereof.

Senior Notes repurchased by the Issuers or an Affiliate pursuant to a Change of Control Offer will have the status of Senior Notes issued but not outstanding or will be retired and canceled at the option of the Issuers. Senior Notes purchased by an unaffiliated third party pursuant to the procedure described above will have the status of Senior Notes issued and outstanding.

The Issuers will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Senior Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its

obligations under this covenant by virtue thereof.

This Change of Control repurchase provision is a result of negotiations between RGHL, the Issuers and the Initial Purchasers. None of RGHL, BP I, BP II and the Issuers has any present intention to engage in a

Table of Contents

transaction involving a Change of Control, although it is possible that they could decide to do so in the future. Subject to the limitations discussed below, RGHL, BP I, BP II or any of the Restricted Subsidiaries, including the Issuers, could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Senior Notes Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect the capital structure or credit rating of RGHL or its Restricted Subsidiaries, including the Issuers.

The occurrence of events that would constitute a Change of Control would require repayment of all amounts outstanding under the Senior Secured Credit Facilities and would trigger the requirement that we offer to purchase the Senior Secured Notes, the August 2011 Notes, the February 2011 Notes, the May 2010 Notes, the 2009 Notes, the 2007 Senior Notes and the 2007 Senior Subordinated Notes at 101% of the principal amount thereof. Agreements and instruments with respect to future indebtedness that RGHL or any of its Subsidiaries may incur may contain prohibitions on certain events that would constitute a Change of Control or require such indebtedness to be repurchased upon a Change of Control. Moreover, the exercise by the holders of their right to require the Issuers to repurchase the Senior Notes could cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Issuers. Finally, the Issuers' ability to pay cash to the holders upon a repurchase may be limited by the Issuers' then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. Neither RGHL nor any of its Restricted Subsidiaries are required to advance us funds to make any Change of Control Payment. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes We may be unable to raise the funds necessary to finance the change of control repurchase offers required by the indentures governing the notes and similar requirements in the agreements governing our other indebtedness.

The provisions under the Senior Notes Indenture relating to the Issuers' obligation to make an offer to repurchase the Senior Notes as a result of a Change of Control may be waived or modified with the written consent of the holders of a majority in principal amount of outstanding Senior Notes.

Subordinated Indebtedness of such Issuer or any Senior Note Guarantor unless such Indebtedness shall be subordinated to the Senior Notes or the applicable Senior Note Guarantee to at least the same extent as such Subordinated Indebtedness.

For purposes of determining compliance with this covenant:

(1) in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness described in clauses (a) through (aa) above or is entitled to be Incurred pursuant to the first paragraph of this covenant, the Issuers shall, in their sole discretion, classify or reclassify, or later divide, classify or reclassify, such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) in any manner that complies with this covenant; *provided, however*, that (x) Indebtedness under the Credit Agreement outstanding on the Issue Date shall be deemed to have been Incurred pursuant to clause (a)(i) of Permitted Debt and the Issuers shall not be permitted to reclassify all or any portion of such Indebtedness under the Credit Agreement outstanding on the Issue Date, (y) Indebtedness Incurred as incremental term loan borrowings under the Senior Secured Credit Facilities on the Escrow Release Date shall be deemed to have been Incurred pursuant to clause (a)(i) of Permitted Debt and the Issuers shall not be permitted to reclassify all or any portion of such Indebtedness and (z) the Issuers shall not be permitted to reclassify all or any portion of any Secured Indebtedness Incurred as Permitted Debt unless at the time of such reclassification the Issuers could secure such Secured Indebtedness pursuant to clause (6) of the definition of Permitted Liens; and

(2) the Issuers will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described in the first and second paragraphs above, and in that connection shall be entitled to treat a portion of such Indebtedness as having been Incurred under the first paragraph above and thereafter the remainder of such Indebtedness having been Incurred under the second paragraph above.

Accrual of interest, the accretion of accreted value, the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as applicable, accretion of original issue discount or liquidation preference and increases in the amount of Indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies will not be deemed to be an Incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant. Guarantees of, or obligations in respect of letters of credit relating to, Indebtedness that is otherwise included in the determination of a particular amount of Indebtedness shall not be included in the determination of such amount of Indebtedness; *provided* that the Incurrence of the Indebtedness represented by such guarantee or letter of credit, as the case may be, was in compliance with this covenant.

For purposes of determining compliance with this covenant, (i) the Euro Equivalent of the principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first drawn, in the case of Indebtedness Incurred under a revolving credit facility; *provided* that (a) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a currency other than euro, and such refinancing would cause the applicable euro-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such euro-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced; (b) the Euro Equivalent of the principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date; and (c) if any such Indebtedness is subject to a Currency Agreement with respect to the currency in which such Indebtedness is denominated covering principal, premium, if any, and interest on such Indebtedness, the amount of such Indebtedness and such interest and premium, if any, shall be determined after giving effect to all payments in respect thereof under such Currency Agreements and (ii) the U.S. Dollar Equivalent of the principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on

the date such Indebtedness was Incurred, in the case of term Indebtedness, or first drawn, in the case of Indebtedness Incurred under a revolving credit facility; *provided* that (a) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a currency other than U.S. Dollars, and such refinancing would cause the applicable U.S. Dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. Dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced; (b) the U.S. Dollar Equivalent of the principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date; and (c) if any such Indebtedness is subject to a Currency Agreement with respect to the currency in which such Indebtedness is denominated covering principal, premium, if any, and interest on such Indebtedness, the amount of such Indebtedness and such interest and premium, if any, shall be determined after giving effect to all payments in respect thereof under such Currency Agreements.

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that BP I, BP II and the Restricted Subsidiaries may Incur pursuant to this covenant shall not be deemed to be exceeded, with respect to any outstanding Indebtedness, solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

For all purposes of the Senior Notes Indenture, (1) unsecured Indebtedness will not be treated as subordinated or junior to Secured Indebtedness merely because it is unsecured, (2) Senior Indebtedness will not be treated as subordinated or junior to any other Senior Indebtedness merely because it has junior priority with respect to the same collateral, (3) Indebtedness of such Person which is not guaranteed will not be treated as subordinated or junior to Indebtedness that is guaranteed merely because of such guarantee and (4) Indebtedness under any Secured Indebtedness will not be deemed to be subordinated because of the application of waterfall or other payment-ordering or collateral-sharing provisions affecting any such Secured Indebtedness.

(a) any liabilities (as shown on BP I's, BP II's or such Restricted Subsidiary's most recent balance sheet or in the notes thereto) of BP I, BP II or any Restricted Subsidiary (other than liabilities that are by their terms subordinated to the Senior Notes or any Senior Note Guarantee) that are assumed by the transferee of any such assets,

(b) any notes or other obligations or other securities or assets received by BP I, BP II or such Restricted Subsidiary from such transferee that are converted by BP I, BP II or such Restricted Subsidiary into cash within 180 days of the receipt thereof (to the extent of the cash received), and

(c) any Designated Non-cash Consideration received by BP I, BP II or any Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed 1.25% of Total Assets at the time of the receipt of such Designated Non-cash Consideration (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value),

shall be deemed to be Cash Equivalents for the purposes of this provision.

Within 12 months after BP I, BP II or any Restricted Subsidiary's receipt of the Net Proceeds of any Asset Sale, BP I, BP II or such Restricted Subsidiary may apply the Net Proceeds from such Asset Sale, at its option:

(1) to repay (a) Obligations constituting Secured Indebtedness (and, if such Indebtedness repaid is under a revolving credit facility, to correspondingly reduce commitments with respect thereto), (b) Obligations constituting Senior Indebtedness (other than Secured Indebtedness) (and, if such Indebtedness repaid is under a revolving credit facility, to correspondingly reduce commitments with respect thereto); *provided, however*, that if any such Senior Indebtedness described in this clause (b) other

than the Senior Notes are repaid with the Net Proceeds of any Asset Sale, the Issuers will equally and ratably reduce Obligations under the Senior Notes through open-market purchases (provided that such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all holders to purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, the pro rata principal amount of Senior Notes or (c) Obligations constituting Indebtedness of a Restricted Subsidiary of BP I that is not an Issuer or a Senior Note Guarantor, in the case of each of clauses (a), (b) and (c), other than Indebtedness owed to RGHL or its Affiliates;

(2) to make an investment in any one or more businesses (provided that if such investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of BP I if it is not already a Restricted Subsidiary of BP I), assets, or property or capital expenditures (including refurbishments), in each case used or useful in a Similar Business; or

(3) to make an investment in any one or more businesses (provided that if such investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of BP I), properties or assets that replace the properties and assets that are the subject of such Asset Sale.

In the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment; *provided* that in the event such binding commitment is later canceled or terminated for any reason before such Net Proceeds are so applied, BP I, BP II or such Restricted Subsidiary enters into another binding commitment (a *Second Commitment*) within nine months of such cancellation or termination of the prior binding commitment; *provided further* that BP I, BP II or such Restricted Subsidiary may only enter into a Second Commitment under the foregoing provision one time with respect to each Asset Sale.

Pending the final application of any such Net Proceeds, BP I, BP II or such Restricted Subsidiary may temporarily reduce Indebtedness under a revolving credit facility, if any, or otherwise invest such Net Proceeds in any manner not prohibited by the Senior Notes Indenture. Any Net Proceeds from any Asset Sale that are not applied as provided and within the time period set forth in the immediately two preceding paragraphs (it being understood that any portion of such Net Proceeds used to make an offer to purchase Senior Notes, as described in clause (1) above, shall be deemed to have been invested whether or not such offer is accepted) will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds 20.0 million, the Issuers shall make an offer to all holders of Senior Notes (and, at the option of the Issuers, to holders of any Senior Indebtedness of an Issuer or Senior Note Guarantor or any other Indebtedness of a Restricted Subsidiary of BP I that is not an Obligor) (an *Asset Sale Offer*) to purchase on a pro rata basis the maximum principal amount of Senior Notes (and such Senior Indebtedness and other Indebtedness), that is at least \$100,000 and an integral multiple of \$1,000 that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof (or, in the event such Senior Indebtedness or other Indebtedness was issued with significant original issue discount, 100% of the accreted value thereof), plus accrued and unpaid interest and additional interest, if any (or, in respect of such Senior Indebtedness or other Indebtedness, such lesser price, if any, as may be provided for by the terms of such Senior Indebtedness or other Indebtedness), to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Senior Notes Indenture. The Issuers will commence an Asset Sale Offer with respect to Excess Proceeds within ten (10) Business Days after the date that Excess Proceeds exceed 20.0 million by mailing (or otherwise delivering in accordance with applicable DTC procedures) the notice required pursuant to the terms of the Senior Notes Indenture, with a copy to the Trustee. To the extent that the aggregate amount of Senior Notes (and such Senior Indebtedness or other Indebtedness) tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, BP I, BP II or such Restricted Subsidiary may use any remaining Excess Proceeds for general corporate purposes. If the aggregate principal amount of Senior Notes (and such Senior Indebtedness or other Indebtedness) surrendered by holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Senior Notes to be purchased in the manner described below. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

An Asset

Table of Contents

Sale Offer need not be made by the Issuers until the date that is 12 months after the date on which an Asset Sale is made, the proceeds of which, in aggregate with all funds not applied in accordance with this covenant or the subject of an Asset Sale Offer, exceed 20.0 million.

The Issuers will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations to the extent such laws or regulations are applicable in connection with the repurchase of the Senior Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Notes Indenture, the Issuers will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Notes Indenture by virtue thereof.

If more Senior Notes (and such Senior Indebtedness or other Indebtedness) are tendered pursuant to an Asset Sale Offer than the Issuers are required to purchase, selection of such Senior Notes for purchase will be made by the Trustee on a pro rata basis, to the extent practicable and in compliance with the requirements of DTC, and any stock exchange on which the Senior Notes are then admitted to trading; *provided* that no Senior Notes of \$100,000 or less shall be purchased in part. Selection of such Senior Indebtedness or other Indebtedness will be made pursuant to the terms of such Senior Indebtedness or other Indebtedness.

An Asset Sale Offer insofar as it relates to the Senior Notes, will remain open for a period of not less than 20 Business Days following its commencement (the *Offer Period*). No later than five Business Days after the termination of the applicable Offer Period the Issuers will purchase the principal amount of the Senior Notes (and purchase or repay any relevant Senior Indebtedness or other Indebtedness required to be so purchased or repaid as set out above) validly tendered.

To the extent that any portion of the Net Proceeds payable in respect of the Senior Notes is denominated in a currency other than the currency in which the relevant Senior Notes are denominated, the amount payable in respect of such Senior Notes shall not exceed the net amount of funds in the currency in which such Senior Notes are denominated as is actually received by BP I, BP II or such Restricted Subsidiary upon converting the relevant portion of the Net Proceeds into such currency.

Notices of an Asset Sale Offer shall be mailed by first-class mail, postage prepaid (or otherwise delivered in accordance with applicable DTC procedures) at least 30 but not more than 60 days before the purchase date to each holder of Senior Notes at such holder's registered address. If any Senior Note is to be purchased in part only, any notice of purchase that relates to such Senior Note shall state the portion of the principal amount thereof that has been or is to be purchased.

The provisions under the Senior Notes Indenture relating to the Issuers' obligation to make an Asset Sale Offer may be waived or modified with the consent of a majority in principal amount of the Senior Notes.

In the event that an Asset Sale occurs at a time when the Issuers are prohibited from purchasing Senior Notes, the Issuers could seek the consent of their lenders to purchase the Senior Notes or could attempt to refinance the borrowings that contain such prohibition. If the Issuers do not obtain such a consent or repay such borrowings, the Issuers will remain prohibited from purchasing Senior Notes. In such case, the Issuers' failure to purchase tendered Senior Notes would constitute an Event of Default under the Senior Notes Indenture that is likely, in turn, to constitute a default under the Issuers' other Indebtedness.

Transactions with Affiliates. The Senior Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any

transaction or series of transactions, contract, agreement, understanding, loan, advance or

guarantee with, or for the benefit of, any Affiliate of the Issuers (each of the foregoing, an *Affiliate Transaction*) involving aggregate consideration in excess of \$15.0 million, unless:

(a) such Affiliate Transaction is on terms that are not materially less favorable to BP I, BP II or the relevant Restricted Subsidiary than those that could have been obtained in a comparable transaction by BP I, BP II or such Restricted Subsidiary with an unrelated Person; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$30.0 million, BP I or BP II delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of BP I or BP II, approving such Affiliate Transaction and set forth in an Officers Certificate certifying that such Affiliate Transaction complies with clause (a) above.

An Affiliate Transaction shall be deemed to have satisfied the approval requirements set forth in the preceding paragraph if (i) such Affiliate Transaction is approved by a majority of the Disinterested Directors or (ii) in the event there are no Disinterested Directors, a fairness opinion is provided by an Independent Financial Advisor with respect to such Affiliate Transaction.

The foregoing provisions will not apply to the following:

(1) transactions between or among BP I, BP II or any Restricted Subsidiaries (or an entity that becomes a Restricted Subsidiary as a result of such transaction) or between or among Restricted Subsidiaries or any Receivables Subsidiary and any merger, consolidation or amalgamation of BP I, BP II and any direct parent of BP I or BP II; *provided* that such parent shall have no material liabilities and no material assets other than cash, Cash Equivalents and the Capital Stock of BP I and BP II and such merger, consolidation or amalgamation is otherwise in compliance with the terms of the Senior Notes Indenture and effected for a bona fide business purpose;

(2) Restricted Payments permitted by the provisions of the Senior Notes Indenture described above under the covenant Certain Covenants Limitation on Restricted Payments and Permitted Investments;

(6) transactions in which BP I, BP II or any Restricted Subsidiaries, as the case may be, delivers to the Trustee a letter from an Independent Financial Advisor stating that such transaction is fair to BP I, BP II or such Restricted Subsidiary from a financial point of view or meets the requirements of clause (a) of the preceding paragraph;

(7) payments or loans (or cancellation of loans) to directors, employees or consultants which are approved by a majority of the Board of Directors of BP I or BP II in good faith;

- (10) the execution of the Transactions, the 2009 Post-Closing Reorganization and the payment of all fees and expenses, bonuses and awards related to the Transactions, including fees to Rank, that are described in the Offering Circular or contemplated by the Acquisition Documents, the Reynolds Acquisition Documents, the Evergreen Acquisition Documents, the Pactiv Acquisition Document, the Reynolds Foodservice Acquisition Document or by any of the other documents related to the Transactions;
- (11) (a) transactions with customers, clients, suppliers or purchasers or sellers of goods or services, or transactions otherwise relating to the purchase or sale of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Senior Notes Indenture, which are fair to BP I, BP II and the Restricted Subsidiaries in the reasonable determination of the Board of Directors or the senior management of BP I or BP II, or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party or

(18) transactions between BP I, BP II or any Restricted Subsidiaries and any Person, a director of which is also a director of BP I, BP II or any direct or indirect parent of BP I or BP II; *provided, however*, that such director abstains from voting as a director of BP I, BP II or such direct or indirect parent, as the case may be, on any matter involving such other Person;

Liens. The Senior Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, create, incur or suffer to exist any Lien on any asset or property of BP I, BP II or such Restricted Subsidiary (including Capital Stock or Indebtedness of a Restricted Subsidiary), whether owned on the Issue Date or acquired thereafter, or any interest therein or any income, profits or proceeds therefrom securing any Indebtedness (an *Initial Lien*), except Permitted Liens; *provided, however*, that any Lien on such property or assets will be permitted notwithstanding that it is not a Permitted Lien if the Senior Notes and Senior Note Guarantees are equally and ratably secured with (or on a senior basis to, in the case of obligations subordinated in right of payment to the Senior Notes or the Senior Note Guarantees), the obligations so secured until such time as such obligations are no longer secured by a Lien.

Any Lien created for the benefit of the holders pursuant to this covenant will provide by its terms that such Lien will be automatically and unconditionally released and discharged (a) upon the release and discharge of the Initial Lien, (b) upon the sale or other disposition of the assets subject to such Initial Lien (or the sale or other disposition of the Person that owns such assets) in compliance with the terms of the Senior Notes Indenture, (c) upon the designation of a Restricted Subsidiary whose property or assets secure such Initial Lien as an Unrestricted Subsidiary in accordance with the terms of the Senior Notes Indenture, (d) following an Event of Default under the Senior Notes Indenture or an event of default under any other Indebtedness secured by the collateral securing such Indebtedness, pursuant to an enforcement action, if required, in accordance with the terms of any applicable intercreditor agreement or (e) upon the effectiveness of any defeasance or satisfaction and discharge of the Senior Notes as specified in the Senior Notes Indenture.

Reports and Other Information. Notwithstanding that RGHL or the Issuers may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, RGHL (and the Issuers) will file with the SEC (and provide the Trustee and holders of the Senior Notes with copies thereof, without cost to each holder, within 15 days after it files them with the SEC),

(1) within the time period specified in the SEC's rules and regulations, annual reports on Form 20-F (or any successor or comparable form applicable to RGHL or the Issuers within the time period for non-accelerated filers to the extent such term is applicable to such form) containing the information required to be contained therein (or required in such successor or comparable form); *provided, however*, that, prior

to the filing of the Senior Notes Exchange Offer Registration Statement or the Senior Notes Shelf Registration Statement, as the case may be, such report shall not be required to contain any certification required by any such form or by law,

(2) within 60 days after the end of each fiscal quarter other than the fourth fiscal quarter of any year, the information that would be required by a report on Form 10-Q (or any successor or comparable form applicable to RGHL or the Issuers) (which information, if RGHL and the Issuers are not required to file reports on Form 10-Q, will be filed on Form 6-K (or any successor or comparable form applicable to RGHL or the Issuers)); *provided, however*, that prior to the filing of the Senior Notes Exchange Offer Registration Statement or the Senior Notes Shelf Registration Statement, as the case may be, such report shall not be required to contain any certification required by any such form or by law, and

(3) promptly from time to time after the occurrence of an event required to be reported on Form 8-K (or any successor or comparable form applicable to RGHL or the Issuers), the information that would be required by a Form 8-K (or any successor or comparable form applicable to RGHL or the Issuers) (which information, if RGHL and the Issuers are not required to file reports on Form 8-K will be filed on Form 6-K (or any successor or comparable form applicable to RGHL or the Issuers));

provided, however, that RGHL (and the Issuers) shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event RGHL (or the Issuers) will post the reports specified in the first sentence of this paragraph on its website within the time periods that would apply if RGHL were required to file those reports with the SEC. In addition, RGHL will make available such information to prospective purchasers of Senior Notes, in addition to providing such information to the Trustee and the holders of the Senior Notes, in each case within 15 days after the time RGHL would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act. Notwithstanding the foregoing, RGHL and the Issuers may satisfy the foregoing reporting requirements (i) prior to the filing with the SEC of the Senior Notes Exchange Offer Registration Statement, or if the Senior Notes Exchange Offer Registration Statement is not filed within the applicable time limits pursuant to the Senior Notes Registration Rights Agreement, the Senior Notes Shelf Registration Statement, by providing the Trustee and the noteholders with (x) substantially the same information as would be required to be filed with the SEC by RGHL and the Issuers on Form 20-F (or any successor or comparable form applicable to RGHL or the Issuers) if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within 90 days after the end of the applicable fiscal year and (y) substantially the same information as would be required to be filed with the SEC by RGHL and the Issuers on Form 10-Q (or any successor or comparable form applicable to RGHL or the Issuers) if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within 60 days after the end of the applicable fiscal quarter and (ii) after filing with the SEC the Senior Notes Exchange Offer Registration Statement, or if the Senior Notes Exchange Offer Registration Statement is not filed within the applicable time limits pursuant to the Senior Notes Registration Rights Agreement, the Senior Notes Shelf Registration Statement, but prior to the effectiveness of the Senior Notes Exchange Offer Registration Statement or Senior Notes Shelf Registration Statement, by publicly filing with the SEC the Senior Notes Exchange Offer Registration Statement or Senior Notes Shelf Registration Statement, to the extent any such registration statement contains substantially the same information as would be required to be filed by RGHL and the Issuers if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, and by providing the Trustee and the noteholders with such registration statement (and amendments thereto) promptly following the filing with the SEC thereof.

Notwithstanding the foregoing, the annual reports, information, documents and other reports filed with the SEC will include all of the information, with respect to the financial condition and results of operations of BP I and BP II on a combined basis separate from the financial condition and results of operations from RGHL on a consolidated basis, that RGHL, BP I and BP II are required to include in information, documents and other reports made available pursuant to the 2009 Indenture (such information, the *Required Financial Information*). If RGHL s, BP I s or BP II s

obligations to provide the Required Financial Information shall cease to be in full force and effect, RGHL, BP I and BP II shall make available to the Trustee and the

noteholders information substantially equivalent to the Required Financial Information as if their obligations to provide such information under the 2009 Indenture remained in full force and effect.

Notwithstanding the foregoing, RGHL will be deemed to have furnished such reports referred to above to the Trustee and the holders of the Senior Notes if RGHL has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available.

The Senior Notes Indenture also provides that, so long as any of the Senior Notes remain outstanding and during any period during which BP I or the Issuers are not subject to Section 13 or 15(d) of the Exchange Act, or otherwise permitted to furnish the SEC with certain information pursuant to Rule 12g 3-2(b) of the Exchange Act, each Issuer will make available to the holders of the Senior Notes and to prospective investors, upon their request, the information required to be delivered by Rule 144A(d)(4) under the Securities Act.

Future Senior Note Guarantors. The Senior Notes Indenture provides that each Restricted Subsidiary (unless such Subsidiary is an Issuer, a Senior Note Guarantor or a Receivables Subsidiary) that guarantees, assumes or in any other manner becomes liable with respect to (a) any Indebtedness under any Credit Agreement or (b) any Public Debt (including any proceeds loans or other intercompany loans in respect thereof) of BP I, BP II, an Issuer or any Senior Note Guarantor, in each case, will execute and deliver to the Trustee a supplemental indenture pursuant to which such Restricted Subsidiary will guarantee payment of the Senior Notes; *provided* that notwithstanding the foregoing:

- (a) the Thai Guarantor (as defined below) shall only be required to enter into its Senior Note Guarantee as described below under the caption **Certain Covenants Bank of Thailand Approval and Thai Business Permit**;
- (b) to the extent the foregoing obligation is triggered by Indebtedness or Public Debt existing as of the Issue Date, the relevant Restricted Subsidiary shall only be required to enter into its respective Senior Note Guarantee at such time as it grants its guarantee with respect to the Indebtedness incurred as incremental term loan borrowings under the Senior Secured Credit Facilities with respect to the Pactiv Acquisition;
- (c) no Senior Note Guarantee shall be required as a result of any Indebtedness or guarantee of Indebtedness that existed at the time such Person became a Restricted Subsidiary if the Indebtedness or guarantee was not Incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary;
- (d) if such Indebtedness is by its terms expressly subordinated to the Senior Notes or any Senior Note Guarantee, any such assumption, guarantee or other liability of such Restricted Subsidiary with respect to such Indebtedness shall be subordinated to such Restricted Subsidiary's Senior Note Guarantee of the Senior Notes at least to the same extent as such Indebtedness is subordinated to the Senior Notes or any other senior guarantee;
- (e) no Senior Note Guarantee shall be required as a result of any guarantee given to a bank or trust company incorporated in any member state of the European Union as of the date of the Senior Notes Indenture or any commercial banking institution that is a member of the US Federal Reserve System (or any branch, Subsidiary or Affiliate thereof), in each case having combined capital and surplus and undivided profits of not less than \$500.0 million, whose debt has a rating, at the time such guarantee was given, of at least A or the equivalent thereof by S&P and at least A2 or the equivalent thereof by Moody's, in connection with the operation of cash management programs established for BP I's and BP II's benefit or that of any Restricted Subsidiary;
- (f) no Senior Note Guarantee shall be required from a US Controlled Foreign Subsidiary or a Financial Assistance Restricted Subsidiary;

Table of Contents

(g) no Senior Note Guarantee shall be required if such Senior Note Guarantee could reasonably be expected to give rise to or result in (x) personal liability for, or material risk of personal liability for, the officers, directors or shareholders of BP I, BP II, any parent of BP I or BP II or any Restricted Subsidiary, (y) any violation of, or material risk of violation of, applicable law that cannot be avoided or otherwise prevented through measures reasonably available to BP I, BP II or any such Restricted Subsidiary, including, for the avoidance of doubt, whitewash or similar procedures or (z) any significant cost, expense, liability or obligation (including with respect of any Taxes) other than reasonable out-of-pocket expenses and other than reasonable expenses Incurred in connection with any governmental or regulatory filings required as a result of, or any measures pursuant to clause (y) undertaken in connection with, such Senior Note Guarantee, which cannot be avoided through measures reasonably available to BP I, BP II or any such Restricted Subsidiary; and

(h) each such Senior Note Guarantee will be limited as necessary to recognize certain defenses generally available to guarantors (including those that relate to fraudulent conveyance or transfer, voidable preference, financial assistance, corporate purpose, capital maintenance or similar laws, regulations or defenses affecting the rights of creditors generally) or other considerations under applicable law.

The Senior Note Guarantees shall be released in accordance with the provisions of the Senior Notes Indenture described under Senior Note Guarantees.

Bank of Thailand Approval and Thai Business Permit. The Senior Notes Indenture provides that, within 30 days after November 16, 2010 (or such later date as may be permitted by the administrative agent under the Senior Secured Credit Facilities in its sole discretion) SIG Combibloc Limited (Thailand) (the *Thai Guarantor*) shall apply to the Bank of Thailand for, and use commercially reasonable efforts to obtain, in-principle approval for the remittance of any foreign currency sum pursuant to the Thai Guarantor's obligation to make any payment under the Thai Senior Note Guarantee (as defined below).

If such Bank of Thailand in-principle approval is received, the Thai Guarantor shall promptly apply for, and shall use commercially reasonable efforts to obtain, the requisite permit under the Alien Business Act B.E. 2542 from the Director-General of the Department of Business Development, Ministry of Commerce of Thailand (the *Thai Business Permit*) permitting the Thai Guarantor to provide a guarantee for payment of the Senior Notes (the *Thai Senior Note Guarantee*).

Notwithstanding the provisions set forth under Certain Covenants Future Senior Note Guarantors, but subject to the exceptions to the requirement to provide a Senior Note Guarantee contained therein, the Thai Guarantor shall execute and deliver to the Trustee a supplemental indenture pursuant to which it will guarantee payment of the Senior Notes within 60 days of obtaining its Thai Business Permit (or on such later date as may be permitted by the administrative agent under the Senior Secured Credit Facilities in its sole discretion), but in any event not earlier than the date on which the Thai Guarantor enters into its guarantee with respect to the Indebtedness incurred as incremental term loan borrowings under the Senior Secured Credit Facilities in connection with the Pactiv Acquisition, provided that at such time it would, but for the provisions of this section, be required to grant a Senior Note Guarantee under the terms of the section Certain Covenants Future Senior Note Guarantors above.

In addition, in respect of any in-principle approval of the Bank of Thailand granted to the Thai Guarantor, the Thai Guarantor agrees to: (i) when it is required to remit the foreign currency sum pursuant to its obligation of payment under the Thai Senior Note Guarantee, comply with the Bank of Thailand's requirements set out in such in-principle approval for obtaining the final approval of the Bank of Thailand for the remittance of such sum (to the full amount of its guarantee obligations), within the time limits specified by the Bank of Thailand (if any); (ii) if such in-principle approval has an expiry date, apply for the renewal or extension of such approval prior to the expiry date of such approval, so long as any of the obligations under the Thai Senior Note Guarantee are outstanding; and (iii) comply

with the conditions set out in the final

approval (if any) to allow the Thai Guarantor to remit the approved foreign currency sum (to the fullest extent) for the payment under the Thai Senior Note Guarantee.

No Foreign Subsidiary of RGHL shall also be a Subsidiary of a Domestic Subsidiary of RGHL unless such Domestic Subsidiary is a disregarded entity for US tax purposes; *provided, however,* that such limitation shall not apply to (x) any Foreign Subsidiary of RGHL that is a Subsidiary of SIG Combibloc Inc., Closure Systems International Inc., Closure Systems Mexico Holdings LLC or CSI Mexico LLC as of the Issue Date, (y) any Foreign Subsidiary of a Domestic Subsidiary at the time such Domestic Subsidiary becomes a Subsidiary of RGHL (*provided, however,* that such Foreign Subsidiary did not become a Subsidiary of such Domestic Subsidiary in connection with, or in contemplation of, such Domestic Subsidiary becoming a Subsidiary of RGHL) or (z) any Foreign Subsidiary that is not a US Controlled Foreign Subsidiary.

Fiscal Year. Each Issuer at all times will have the same fiscal year as BP I and BP II and RGHL.

Limitations on Amendment of 2007 Senior Subordinated Notes. Except with the consent of the Holders of a majority in outstanding aggregate principal amount of the Senior Notes, BP II and the Obligors will not amend the 2007 Senior Subordinated Note Indenture or the notes and guarantees in respect of the foregoing if such amendment would result in any of the following:

- (a) the principal obligor in respect of the 2007 Senior Subordinated Notes not being either RGHL or BP II;
- (b) except as may be otherwise permitted under the Senior Notes Indenture under *Certain Covenants Future Senior Note Guarantors*, any Restricted Subsidiary other than a Senior Note Guarantor or an Issuer guaranteeing the 2007 Senior Subordinated Notes; or
- (c) the terms of the 2007 Senior Subordinated Notes relating to subordination being materially less favorable overall to the Holders.

Covenant Suspension. If (i) the Senior Notes have Investment Grade Ratings from both Rating Agencies, and the Issuers have delivered written notice of such Investment Grade Ratings to the Trustee, and (ii) no Default has occurred and is continuing under the Senior Notes Indenture, then, beginning on that day, BP I, BP II and the Restricted Subsidiaries will not be subject to the covenants (and related defaults) specifically listed under the following captions in this *Description of the Senior Notes* section of the Offering Circular (the *Suspended Covenants*):

- (1) *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock;*
- (2) *Limitation on Restricted Payments;*
- (3) *Dividend and Other Payment Restrictions Affecting Subsidiaries;*
- (4) *Asset Sales;*
- (5) *Transactions with Affiliates;*
- (6) *Future Senior Note Guarantors;*

(7) clause (4) of the first paragraph of Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets; and

(8) Change of Control.

In the event that BP I, BP II and the Restricted Subsidiaries are not subject to the Suspended Covenants under the Senior Notes Indenture for any period of time as a result of the foregoing, and on any subsequent date one or both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Senior Notes below an Investment Grade Rating or (b) BP I, BP II or any of their Affiliates enters into an agreement to effect a transaction that would result in a breach of a Suspended Covenant if not so suspended and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Senior Notes below an Investment Grade Rating, then BP I, BP II and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Senior Notes Indenture. Such covenants will not, however, be of any effect with regard to the actions of BP I, BP II and the Restricted Subsidiaries properly taken during the continuance of the covenant suspension and the covenant described under Limitation on Restricted Payments shall be interpreted as if it had been in effect since the Reference Date except that no Default will be deemed to have occurred and will not occur solely by reason of a Restricted Payment made during the covenant suspension.

During the continuance of the covenant suspension, no Restricted Subsidiary may be designated as an Unrestricted Subsidiary.

There can be no assurance that the Senior Notes will ever achieve or maintain Investment Grade Ratings.

Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets

The Senior Notes Indenture provides that each of BP I, BP II and each of the Issuers may not, directly or indirectly, consolidate, amalgamate or merge with or into or wind up or convert into (whether or not BP I, BP II or any Issuer, as applicable, is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets in one or more related transactions, to any Person unless:

(1) BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, is the surviving person or the Person formed by or surviving any such consolidation, amalgamation, merger, winding up or conversion (if other than BP I, BP II, the US Issuer I, the US Issuer II, or the Luxembourg Issuer, as applicable) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand (BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, or such Person, as the case may be, being herein called the Successor Company); *provided* that in the case where the surviving Person is not a corporation, a co-obligor of the Senior Notes is a corporation;

(2) the Successor Company (if other than BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable) expressly assumes all the obligations of BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, under its Senior Note Guarantee (if applicable) and the Senior Notes Indenture pursuant to supplemental indentures or other documents or instruments in form and substance satisfactory to the Trustee;

(3) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Company or any of its Restricted Subsidiaries as a result of such

Table of Contents

transaction as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), no Default shall have occurred and be continuing;

(4) immediately after giving pro forma effect to such transaction, as if such transaction had occurred at the beginning of the applicable four-quarter period (and treating any Indebtedness which becomes an obligation of the Successor Company or any of its Restricted Subsidiaries as a result of such transaction as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), either:

(a) the Successor Company would be permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; or

(b) the Fixed Charge Coverage Ratio for the Successor Company and its Restricted Subsidiaries would be greater than such ratio for BP I, BP II and the Restricted Subsidiaries immediately prior to such transaction;

(5) if the Successor Company is not BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, the Issuers and each Senior Note Guarantor, unless it is the other party to the transactions described above, shall have by supplemental indenture confirmed that its obligations under the Senior Notes Indenture, Senior Notes and Senior Note Guarantee, as applicable, shall apply to such Person's obligations under the Senior Notes Indenture, the Senior Notes and Senior Note Guarantee; and

(6) the Issuers shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger, amalgamation or transfer and such supplemental indentures (if any) comply with the Senior Notes Indenture, provided that in giving such opinion such counsel may rely on an Officers' Certificate as to compliance with the foregoing clauses (3) and (4) and as to any matters of fact.

The Successor Company (if other than BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable) will succeed to, and be substituted for, BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, under the applicable Senior Note Guarantee (if applicable) and the Senior Notes Indenture, and in such event BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, will automatically be released and discharged from its obligations under the applicable Senior Note Guarantee and the Senior Notes Indenture. Notwithstanding the foregoing clauses (3) and (4), (a) any Restricted Subsidiary (other than an Issuer) may merge, consolidate or amalgamate with or transfer all or part of its properties and assets to BP I, BP II or to another Restricted Subsidiary, and (b) BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer may merge, consolidate or amalgamate with an Affiliate incorporated solely for the purpose of reincorporating BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer in a member state of (or in another member state of) the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand or may convert into a limited liability company, so long as the amount of Indebtedness of BP I, BP II and the Restricted Subsidiaries is not increased thereby. The provisions set forth in this Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets will not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among BP I, BP II and the Restricted Subsidiaries.

The Senior Notes Indenture further provides that, subject to certain limitations in the Senior Notes Indenture governing release of a Senior Note Guarantee upon the sale or disposition of a Restricted Subsidiary that is a Senior Note Guarantor, no Senior Note Guarantor (other than RGHL) will, and BP I and BP II will not permit any Senior Note Guarantor (other than RGHL) to, consolidate, amalgamate or merge with or into or wind up into (whether or not such Senior Note Guarantor is the surviving Person), or sell, assign, transfer,

lease, convey or otherwise dispose of all or Substantially All of its properties or assets in one or more related transactions to, any Person unless:

(1) either (a) such Senior Note Guarantor is the surviving Person or the Person formed by or surviving any such consolidation, amalgamation or merger (if other than such Senior Note Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof or New Zealand (such Senior Note Guarantor or such Person, as the case may be, being herein called the *Successor Senior Note Guarantor*), and the Successor Senior Note Guarantor (if other than such Senior Note Guarantor) expressly assumes all the obligations of such Senior Note Guarantor under the Senior Notes Indenture and such Senior Note Guarantor's Senior Note Guarantee pursuant to a supplemental indenture or other documents or instruments in form satisfactory to the Trustee, or (b) if such sale or disposition or consolidation, amalgamation or merger is with a Person other than BP I, BP II or any Restricted Subsidiary, such sale or disposition or consolidation, amalgamation or merger is not in violation of the covenant described above under the caption *Certain Covenants - Asset Sales*; and

(2) the Successor Senior Note Guarantor (if other than such Senior Note Guarantor) shall have delivered or caused to be delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, amalgamation, merger or transfer and such supplemental indenture (if any) comply with the Senior Notes Indenture.

Subject to certain limitations described in the Senior Notes Indenture, in a transaction to which the immediately preceding paragraph 1(a) applies, the Successor Senior Note Guarantor (if other than such Senior Note Guarantor) will succeed to, and be substituted for, such Senior Note Guarantor under the Senior Notes Indenture and such Senior Note Guarantor's Senior Note Guarantee, and such Senior Note Guarantor will automatically be released and discharged from its obligations under the Senior Notes Indenture and such Senior Note Guarantor's Senior Note Guarantee. Notwithstanding the foregoing, (1) a Senior Note Guarantor may merge, amalgamate or consolidate with an Affiliate incorporated solely for the purpose of reincorporating such Senior Note Guarantor in a member state of (or another member state of) the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, so long as the amount of Indebtedness of the Senior Note Guarantor is not increased thereby, and (2) a Senior Note Guarantor may merge, amalgamate or consolidate with another Senior Note Guarantor, an Issuer, BP I or BP II.

In addition, notwithstanding the foregoing, any Senior Note Guarantor may consolidate, amalgamate or merge with or into or wind up into, or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets (collectively, a *Transfer*) to (x) BP I, an Issuer or any Senior Note Guarantor or (y) any Restricted Subsidiary that is not a Senior Note Guarantor; *provided* that at the time of each such Transfer pursuant to clause (y) the aggregate amount of all such Transfers since the Issue Date shall not exceed 5.0% of the consolidated assets of BP I, BP II, the Issuers and the Senior Note Guarantors as shown on the most recent available combined consolidated balance sheet of BP I, BP II, the Issuers and the Restricted Subsidiaries after giving effect to each such Transfer and including all Transfers occurring from and after the Issue Date (excluding Transfers in connection with the Transactions described in the Offering Circular).

Additional Covenants. The Senior Notes Indenture also contains covenants with respect to the following matters: (a) payment of the principal, premium, any Additional Amounts and interest; (b) maintenance of an office or agency in New York; and (c) arrangements regarding the handling of money held.

Defaults

An Event of Default is defined in the Senior Notes Indenture as:

- (1) a default in any payment of interest on any Senior Note when due, continued for 30 days;
- (2) a default in the payment of principal or premium, if any, of any Senior Note when due at its Stated Maturity, upon optional redemption, upon required repurchase (other than with respect to any Change of Control Payment, which shall be governed by clause (4) below) upon declaration or otherwise;
- (3) the failure by BP I, BP II or any Restricted Subsidiaries to comply with the covenants described under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets, Limitation on the US Issuers ;
- (4) the failure by BP I, BP II or any Restricted Subsidiaries to comply for 60 days after notice with its other agreements contained in the Senior Notes or the Senior Notes Indenture (other than a failure to purchase Senior Notes);
- (5) the failure by BP I, BP II, an Issuer or any Significant Subsidiary to pay any Indebtedness (other than Indebtedness owing to BP I, BP II or a Restricted Subsidiary) within any applicable grace period after final maturity or the acceleration of any such Indebtedness by the holders thereof because of a default, in each case, if the total amount of such Indebtedness unpaid or accelerated exceeds \$30.0 million or its foreign currency equivalent (the *cross-acceleration provision*);
- (6) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer, a Significant Subsidiary or any Restricted Subsidiary that, directly or indirectly, owns or holds any Equity Interest of an Issuer (the *bankruptcy provisions*);
- (7) failure by BP I, BP II, an Issuer or any Significant Subsidiary to pay final judgments aggregating in excess of \$50.0 million or its foreign currency equivalent (net of any amounts which are covered by enforceable insurance policies issued by solvent carriers), which judgments are not discharged, waived or stayed for a period of 60 days (the *judgment default provision*); or
- (8) any Senior Note Guarantee of RGHL, BP I or a Significant Subsidiary (or any Senior Note Guarantee of one or more Senior Note Guarantors that collectively would represent a Significant Subsidiary) ceases to be in full force and effect (except as contemplated by the terms thereof or the terms of the Senior Notes Indenture) or BP I, BP II or any Senior Note Guarantor that qualifies as a Significant Subsidiary (or one or more Senior Note Guarantors that collectively would represent a Significant Subsidiary) denies or disaffirms its obligations under the Senior Notes Indenture or any Senior Note Guarantee and such Default continues for 20 days.

The foregoing constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

However, a default under clause (4) (other than a failure to purchase Senior Notes) will not constitute an Event of Default until the Trustee or the holders of 25% in principal amount of outstanding Senior Notes of such series notify the Issuers of the default and the Issuers do not cure or cause the cure of such default within the time specified in clause (4) hereof, after receipt of such notice.

If an Event of Default (other than a Default relating to (x) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer or any Restricted Subsidiary that, directly or indirectly, holds or owns any Equity Interest of an Issuer or (y) the covenant Limitation on the US Issuers) occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of outstanding Senior Notes by notice to the Issuers may declare the principal of, premium, if any, and accrued but unpaid interest (including

Table of Contents

additional interest, if any) on all the Senior Notes to be due and payable. Upon such a declaration, such principal and interest will be due and payable immediately. If an Event of Default relating to (x) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer or any Restricted Subsidiary that, directly or indirectly, holds or owns any Equity Interest of an Issuer or (y) the covenant Limitation on the US Issuers occurs, the principal of, premium, if any, and interest on all the Senior Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any holders. Under certain circumstances, the holders of a majority in principal amount of outstanding Senior Notes may rescind any such acceleration with respect to the Senior Notes and its consequences.

In the event of any Event of Default specified in clause (5) of the first paragraph above, such Event of Default and all consequences thereof (excluding, however, any resulting payment default) will be annulled, waived and rescinded, automatically and without any action by the Trustee or the holders of the Senior Notes, if within 20 days after such Event of Default arose the Issuers deliver an Officers Certificate to the Trustee stating that (x) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged or (y) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default or (z) the default that is the basis for such Event of Default has been cured, it being understood that in no event shall an acceleration of the principal amount of the Senior Notes as described above be annulled, waived or rescinded upon the happening of any such events.

Subject to the provisions of the Senior Notes Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Senior Notes Indenture at the request or direction of any of the holders unless such holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no holder may pursue any remedy with respect to the Senior Notes Indenture or the Senior Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing,
- (2) Holders of at least 25% in principal amount of the outstanding Senior Notes have requested the Trustee to pursue the remedy,
- (3) such Holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense,
- (4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity, and
- (5) the Holders of a majority in principal amount of the outstanding Senior Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of outstanding Senior Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Senior Notes Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability. Prior to taking any action under the Senior Notes Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action. We cannot assure you that indemnification satisfactory to the Trustee will be on commercially reasonable terms or terms acceptable to holders of the Senior Notes such that an agreement will be reached and the Trustee will act on behalf of the noteholders.

The Senior Notes Indenture provides that if a Default occurs and is continuing and has been notified to the Trustee, the Trustee must mail (or otherwise deliver in accordance with applicable DTC procedures) to each holder of Senior Notes notice of the Default within the earlier of 90 days after it occurs or 30 days after

Table of Contents

written notice of it is received by the Trustee. In addition, the Issuers are required to deliver to the Trustee, within 120 days after the end of each fiscal year and in any event, within 14 days of request by the Trustee, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Issuers also are required to deliver to the Trustee (i) as soon as any of them become aware of the occurrence of an Event of Default, written notice of the occurrence of such Event of Default and (ii) within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action BP I, BP II or any Issuer is taking or proposes to take in respect thereof.

Amendments and Waivers

Subject to certain exceptions, the Senior Notes Indenture and the Senior Notes may be amended with the consent of the holders of a majority in principal amount of the Senior Notes then outstanding and any past default or compliance with any provisions may be waived with the consent of the holders of a majority in principal amount of the Senior Notes then outstanding; *provided, however*, that without the consent of each holder of an outstanding Senior Note affected, no amendment may, among other things:

- (1) reduce the amount of Senior Notes whose holders must consent to an amendment,
- (2) reduce the rate of or extend the time for payment of interest on any Senior Note,
- (3) reduce the principal of or extend the Stated Maturity of any Senior Note,
- (4) reduce the premium or amount payable upon the redemption of any Senior Note, change the time at which any Senior Note may be redeemed as described under Optional Redemption, or Redemption for Changes in Withholding Taxes,
- (5) make any Senior Note payable in money other than that stated in such Senior Note,
- (6) expressly subordinate the Senior Notes or any Senior Note Guarantee to any other Indebtedness of any Issuer, BP I or any Senior Note Guarantor not otherwise permitted by the Senior Notes Indenture,
- (7) impair the right of any holder to receive payment of principal of, premium, if any, and interest on such holder's Senior Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's Senior Notes,
- (8) make any change in the amendment provisions which require the holder's consent as described in this sentence or in the waiver provisions or
- (9) make any change in the provisions of the Senior Notes Indenture described under Withholding Taxes that adversely affects the rights of any Holder to receive payments of Additional Amounts pursuant to such provisions or amend the terms of the Senior Notes or the Senior Notes Indenture in a way that would result in the loss of an exemption from any of the Taxes described thereunder that are required to be withheld or deducted by any Relevant Taxing Jurisdiction from any payments made on the Senior Note or any Senior Note Guarantees by the Payors, unless RGHL or any Restricted Subsidiary agrees to pay any Additional Amounts that arise as a result. For purposes of this paragraph (9) a Relevant Taxing Jurisdiction shall include the United States.

Without the consent of any Holder, BP I, the Issuers, and the Trustee may amend the Senior Notes Indenture and the Senior Notes (1) to cure any ambiguity, omission, mistake, defect or inconsistency, (2) to give effect to any provision of the Senior Notes Indenture (including the release of any Senior Note Guarantees in accordance with the terms of

the Senior Notes Indenture, and to comply with the covenant under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets), (3) to provide for the assumption by a Successor Company of the obligations of any Issuer under the Senior Notes Indenture and the Senior Notes, to provide for the assumption by Midco of the obligations of RGHL under the Senior

Table of Contents

Notes Indenture and the Senior Notes, to provide for the assumption by a Successor Senior Note Guarantor of the obligations of a Senior Note Guarantor under the Senior Notes Indenture and its Senior Note Guarantee, (4) to provide for uncertificated Senior Notes in addition to or in place of certificated Senior Notes (*provided* that the uncertificated Senior Notes are issued in registered form for purposes of Section 163(f) of the Code), (5) to add a Senior Note Guarantee with respect to the Senior Notes, (6) to add to the covenants of BP I, BP II or any Senior Note Guarantor for the benefit of the Holders or to surrender any right or power conferred upon BP I or BP II, (7) to make any change that does not adversely affect the rights of any Holder, (8) to evidence and give effect to the acceptance and appointment under the Senior Notes Indenture of a successor Trustee, (9) to provide for the accession of the Trustee to any instrument in connection with the Senior Notes, (10) to make certain changes to the Senior Notes Indenture to provide for the issuance of Additional Senior Notes or (11) to comply with any requirement of the SEC in connection with the qualification of the Senior Notes Indenture under the US Trust Indenture Act of 1939, as amended (the *Trust Indenture Act*), if such qualification is required.

The consent of the noteholders is not necessary under the Senior Notes Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the Senior Notes Indenture becomes effective, the Issuers are required to mail (or otherwise deliver in accordance with applicable DTC procedures) to the respective noteholders a notice briefly describing such amendment. However, the failure to give such notice to all noteholders entitled to receive such notice, or any defect therein, will not impair or affect the validity of the amendment.

No Personal Liability of Directors, Officers, Employees, Managers and Stockholders

No (i) director, officer, employee, manager, incorporator or holder of any Equity Interests in BP I, BP II or any Issuer or any direct or indirect parent corporation or (ii) director, officer, employee or manager of a Senior Note Guarantor, will have any liability for any obligations of the Issuers under the Senior Notes, the Senior Notes Indenture, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Senior Notes by accepting a Senior Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Senior Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Transfer and Exchange

A noteholder may transfer or exchange Senior Notes in accordance with the Senior Notes Indenture. Upon any transfer or exchange, the registrar and the Trustee may require a noteholder, among other things, to furnish appropriate endorsements and transfer documents and the Issuers may require a noteholder to pay any taxes required by law or permitted by the Senior Notes Indenture. The Issuers are not required to transfer or exchange any Senior Note selected for redemption or to transfer or exchange any Senior Note for a period of 15 days prior to a selection of Senior Notes to be redeemed. The Senior Notes will be issued in registered form and the registered holder of a Senior Note will be treated as the owner of such Senior Note for all purposes.

Satisfaction and Discharge

The Senior Notes Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration or transfer or exchange of Senior Notes, as expressly provided for in the Senior Notes Indenture) as to all outstanding Senior Notes when:

(1) either (a) all the Senior Notes theretofore authenticated and delivered (except lost, stolen or destroyed Senior Notes which have been replaced or paid and Senior Notes for whose payment money

Table of Contents

has theretofore been deposited in trust or segregated and held by the Issuers and thereafter repaid to the Issuers or discharged from such trust) have been delivered to the Trustee for cancellation or (b) all of the Senior Notes (i) have become due and payable, (ii) will become due and payable at their stated maturity within one year or (iii) if redeemable at the option of the Issuers, are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuers, and the Issuers have irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the Senior Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Senior Notes to the date of deposit together with irrevocable instructions from the Issuers directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(2) BP I, BP II, an Issuer or the Senior Note Guarantors have paid all other sums payable under the Senior Notes Indenture; and

(3) the Issuers have delivered to the Trustee an Officers Certificate and an Opinion of Counsel stating that all conditions precedent under the Senior Notes Indenture relating to the satisfaction and discharge of the Senior Notes Indenture have been complied with; *provided* that any counsel may rely on an Officers Certificate as to matters of fact.

Defeasance

The Issuers at any time may terminate all their obligations under the Senior Notes and the Senior Notes Indenture (*legal defeasance*), and cure any existing Defaults and Events of Default, except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Senior Notes, to replace mutilated, destroyed, lost or stolen Senior Notes and to maintain a registrar and paying agent in respect of the Senior Notes. The Issuers at any time may terminate their obligations under the covenants described under Certain Covenants, the operation of the cross-acceleration provision and the bankruptcy provisions with respect to Significant Subsidiaries, and the judgment default provision described under Defaults and the undertakings and covenants contained under Change of Control and Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets (*covenant defeasance*). If the Issuers exercise their legal defeasance option or their covenant defeasance option, each Senior Note Guarantor will be released from all of its obligations with respect to its Senior Note Guarantee.

The Issuers may exercise their legal defeasance option notwithstanding their prior exercise of their covenant defeasance option. If the Issuers exercise their legal defeasance option, payment of the Senior Notes may not be accelerated because of an Event of Default with respect thereto. If the Issuers exercise their covenant defeasance option, payment of the Senior Notes may not be accelerated because of an Event of Default specified in clause (3), (4), (5), (6) (with respect only to Significant Subsidiaries), (7) or (8) under Defaults or because of the failure of the Issuers to comply with clause (4) under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets.

In order to exercise its defeasance option, the Issuers must irrevocably deposit (the *defeasance trust*) with the Trustee money in US Dollars for the payment of principal, premium (if any) and interest on the Senior Notes to redemption or maturity, as the case may be, and must comply with certain other conditions set out in the Senior Notes Indenture, including delivery to the Trustee of an Opinion of Counsel to the effect that holders of the Senior Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or change in applicable U.S. federal income tax law).

Concerning the Trustee

The Bank of New York Mellon is the Trustee under the Senior Notes Indenture.

If the Trustee becomes a creditor of the Issuers or any Senior Note Guarantor, the Senior Notes Indenture and the Trust Indenture Act limit its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Senior Notes Indenture provides that in case an Event of Default will occur and be continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee is under no obligation to exercise any of its rights or powers under the Senior Notes Indenture at the request of any Holder of Senior Notes, unless such Holder has offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Notices

All notices to noteholders will be validly given if mailed to them at their respective addresses in the register of the Holders of the Senior Notes, if any, maintained by the Registrar (or otherwise delivered in accordance with applicable DTC procedures). In addition, for so long as any Senior Notes are represented by Global Senior Notes, all notices to Holders of the Senior Notes will be delivered to DTC, which will give such notices to the holders of Book-Entry Interests.

Each such notice shall be deemed to have been given on the date of such publication or, if published more than once on different dates, on the first date on which publication is made; *provided* that, if notices are mailed (or otherwise delivered in accordance with applicable DTC procedures), such notice shall be deemed to have been given on the later of such publication and the seventh day after being so mailed or delivered. Any notice or communication mailed to a noteholder shall be mailed to such Person by first-class mail or other equivalent means (or otherwise delivered in accordance with applicable DTC procedures) and shall be sufficiently given to him if so mailed or delivered within the time prescribed. Failure to mail (or otherwise deliver in accordance with applicable DTC procedures) a notice or communication to a noteholder or any defect in it shall not affect its sufficiency with respect to other noteholders. If a notice or communication is mailed or delivered in the manner provided above, it is duly given, whether or not the addressee receives it.

Currency Indemnity and Calculation of Dollar-denominated Restrictions

The US Dollar is the sole currency of account and payment for all sums payable by BP I, BP II, the Issuers or any Senior Note Guarantor under or in connection with the Senior Notes, including damages. Any amount with respect to the Senior Notes received or recovered in a currency other than US Dollars, whether as a result of, or the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuers or any Senior Note Guarantor or otherwise by any noteholder or by the Trustee, in respect of any sum expressed to be due to it from the Issuers or any Senior Note Guarantor will only constitute a discharge to the Issuers or any Senior Note Guarantor to the extent of the US Dollar amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so).

If that US Dollar amount is less than the US Dollar amount expressed to be due to the recipient or the Trustee under any Senior Note, BP I, BP II, the Issuers and any Senior Note Guarantor will indemnify such recipient against any loss

sustained by it as a result. In any event, BP I, BP II, the Issuers and any Senior Note Guarantor will indemnify the recipient against the cost of making any such purchase. For the purposes of this

Table of Contents

currency indemnity provision, it will be *prima facie* evidence of the matter stated therein for the holder of a Senior Note or the Trustee to certify in a manner satisfactory to the Issuers (indicating the sources of information used) the loss it Incurred in making any such purchase. These indemnities constitute a separate and independent obligation from BP I, BP II, the Issuers and any Senior Note Guarantor's other obligations, will give rise to a separate and independent cause of action, will apply irrespective of any waiver granted by any holder of a Senior Note or the Trustee (other than a waiver of the indemnities set out herein) and will continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Senior Note or to the Trustee.

Except as otherwise specifically set forth herein, (a) for purposes of determining compliance with any euro-denominated restriction herein, the Euro Equivalent amount for purposes hereof that is denominated in a non-euro currency shall be calculated based on the relevant currency exchange rate in effect on the date such non-euro amount is Incurred or made, as the case may be, and (b) for purposes of determining compliance with any U.S. Dollar-denominated restriction herein, the U.S. Dollar Equivalent amount for purposes hereof that is denominated in a non-U.S. Dollar currency shall be calculated based on the relevant currency exchange rate in effect on the date such non-U.S. Dollar amount is Incurred or made, as the case may be.

Consent to Jurisdiction and Service

Each of BP I, BP II, the Issuers and the Senior Note Guarantors has irrevocably and unconditionally: (1) submitted itself and its property in any legal action or proceeding relating to the Senior Notes Indenture to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the general jurisdiction of the courts of the State of New York, sitting in the Borough of Manhattan, The City of New York, the courts of the United States of America for the Southern District of New York, appellate courts from any thereof and courts of its own corporate domicile, with respect to actions brought against it as defendant; (2) consented that any such action or proceeding may be brought in such courts and waive any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same; (3) designated and appointed the US Issuer II as its authorized agent upon which process may be served in any action, suit or proceeding arising out of or relating to the Senior Notes Indenture that may be instituted in any Federal or state court in the State of New York; and (4) agreed that service of any process, summons, notice or document by US registered mail addressed to the US Issuer II, with written notice of said service to such Person at the address of the US Issuer II set forth in the Senior Notes Indenture shall be effective service of process for any action, suit or proceeding brought in any such court.

Enforceability of Judgments

Since a significant portion of the assets of BP I, BP II, the Issuers and the Senior Note Guarantors are outside the United States, any judgment obtained in the United States against BP I, BP II, the Issuers or any Senior Note Guarantor, including judgments with respect to the payment of principal, premium, interest, Additional Amounts, redemption price and any purchase price with respect to the Senior Notes, may not be collectable within the United States.

Governing Law

The Senior Notes Indenture provides that it and the Senior Notes are governed by, and construed in accordance with, the laws of the State of New York. Notwithstanding anything to the contrary, articles 86 to 94-8 of the Luxembourg law of August 10, 1915 on commercial companies shall not be applicable in respect of the Senior Notes.

under the guarantees, or with respect to the senior secured notes, the security, across multiple jurisdictions may be difficult.

Book-Entry, Delivery and Form

General

The Senior Notes will be represented by one or more global Senior Notes in registered form without interest coupons attached (collectively, the *Global Senior Notes*). The Global Senior Notes will be deposited upon issuance with a custodian for The Depository Trust Company (*DTC*) and registered in the name of Cede & Co., as nominee of DTC.

In the event that Additional Senior Notes are issued pursuant to the terms of the Senior Notes Indenture, the Issuers may, in their sole discretion, cause some or all of such Additional Senior Notes, if any, to be issued in the form of one or more global Senior Notes (the *Additional Global Senior Notes*) and registered in the name of and deposited with the nominee of DTC.

Ownership of beneficial interests in each Global Senior Note and ownership of interests in each Additional Global Senior Note (together, the *Book-Entry Interests*) will be limited to persons that have accounts with the Depository or persons that may hold interests through such participants. Book-Entry Interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by the Depository and their participants. As used in this section, *Depository* means, with respect to the Global Senior Notes and the Additional Global Senior Notes, if any, DTC.

The Book-Entry Interests will not be held in definitive form. Instead, the Depository will credit on its book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair your ability to own, transfer or pledge or grant any other security interest in Book-Entry Interests. In addition, while the Senior Notes are in global form, holders of Book-Entry Interests may not be considered the owners or holders of Senior Notes for purposes of the Senior Notes Indenture.

So long as the Senior Notes and any Additional Senior Notes are held in global form, DTC (or its nominee), may be considered the sole holder of Global Senior Notes for all purposes under the Senior Notes Indenture. As such, participants must rely on the procedures of DTC, and indirect participants must rely on the procedures of DTC and the participants through which they own Book-Entry Interests, to transfer their interests or to exercise any rights of holders under the Senior Notes Indenture.

The Issuers and the Trustee and their respective agents will not have any responsibility or be liable for any aspect of the records relating to the Book-Entry Interests.

Issuance of Definitive Registered Senior Notes

Under the terms of the Senior Notes Indenture, owners of Book-Entry Interests will not receive definitive Senior Notes in registered form (*Definitive Registered Senior Notes*) in exchange for their Book-Entry Interests unless (a) the Issuers have consented thereto in writing, or such transfer or exchange is made pursuant to one of clauses (i), (ii) or (iii) of this paragraph and (b) such transfer or exchange is in accordance with the applicable rules and procedures of the Depository and the applicable provisions of the Senior Notes Indenture. Subject to applicable provisions of the Senior Notes Indenture, Definitive Registered Senior Notes shall be transferred to all owners of Book-Entry Interests in the relevant Global Senior Note if:

(i) the Issuers notify the Trustee in writing that the Depositary is unwilling or unable to continue to act as depositary and the Issuers do not appoint a successor depositary within 120 days;

Table of Contents

(ii) the Depository so requests if an Event of Default under the Senior Notes Indenture has occurred and is continuing; or

(iii) the Issuers, at their option, notify the Trustee in writing that they elect to issue Definitive Registered Senior Notes under the Senior Notes Indenture.

In such an event, Definitive Registered Senior Notes will be issued and registered in the name or names and issued in denominations of \$100,000 in principal amount and integral multiples of \$1,000 as requested by or on behalf of the Depository (in accordance with its customary procedures and certain certification requirements and based upon directions received from participants reflecting the beneficial ownership of the Book-Entry Interests), and such Definitive Registered Senior Notes will bear the restrictive legend referred to in Transfer Restrictions, unless that legend is not required by the Senior Notes Indenture or applicable law. Payment of principal of, and premium, if any, and interest on the Senior Notes shall be payable at the place of payment designated by the Issuers pursuant to the Senior Notes Indenture; *provided, however*, that at the Issuers' option, payment of interest on a Senior Note may be made by check mailed to the person entitled thereto to such address as shall appear on the Senior Note register.

Redemption of the Global Senior Notes

In the event any Global Senior Note, or any portion thereof, is redeemed, the Depository will distribute the amount received by it in respect of the Global Senior Note so redeemed to the holders of the Book-Entry Interests in such Global Senior Note. The redemption price payable in connection with the redemption of such Book-Entry Interests will be equal to the amount received by the Depository in connection with the redemption of such Global Senior Note (or any portion thereof).

We understand that under existing practices of DTC, if fewer than all of the Senior Notes are to be redeemed at any time, DTC will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or by lot or on such other basis as they deem fair and appropriate; *provided, however*, that no book-entry interest of less than \$100,000 in principal amount may be redeemed in part.

Payments on Global Senior Notes

Payments of any amounts owing in respect of the Global Senior Notes for the Senior Notes (including principal, premium, interest, additional interest and Additional Amounts) will be made by the Issuers in US Dollars to the paying agents under the Senior Notes Indenture. The paying agents will, in turn, make such payments to the Depository or its nominee, as the case may be, which will distribute such payments to their respective participants in accordance with their respective procedures.

Under the terms of the Senior Notes Indenture, the Issuers, the Trustee and the paying agents will treat the registered holder of the Global Senior Notes as the owner thereof for the purpose of receiving payments and other purposes under the Senior Notes Indenture. Consequently, the Issuers, the Trustee and the paying agents and their respective agents have not and will not have any responsibility or liability for:

any aspect of the records of the Depository or any participant or indirect participant relating to, or payments made on account of, a Book-Entry Interest, for any such payments made by the Depository or any participant or indirect participants, or maintaining, supervising or reviewing the records of the Depository or any participant or indirect participant relating to or payments made on account of a Book-Entry Interest; or

the Depository or any participant or indirect participant.

Table of Contents

Payments by participants to owners of Book-Entry Interests held through participants are the responsibility of such participants, as is the case with securities held for the accounts of customers registered in street name.

Action by Owners of Book-Entry Interests

We understand that the Depository will take any action permitted to be taken by a holder of Senior Notes only at the direction of one or more participants to whose account the Book-Entry Interests in the Global Senior Notes are credited and only in respect of such portion of the aggregate principal amount of Senior Notes as to which such participant or participants has or have given such direction. The Depository will not exercise any discretion in the granting of consents, waivers or the taking of any other action in respect of the Global Senior Notes. However, if there is an Event of Default under the Senior Notes, the Depository reserves the right to exchange the Global Senior Notes for Definitive Registered Senior Notes in certificated form, and to distribute such Definitive Registered Senior Notes to its respective participants.

Transfers

Transfers of any Global Senior Note shall be limited to transfers of such Global Senior Note in whole, but (subject to the provisions described above under Book-Entry, Delivery and Form Issuance of Definitive Registered Senior Notes, to provisions described below in the section Book-Entry, Delivery and Form Transfers and the applicable provisions of the Senior Notes Indenture), not in part, to the Depository, its successors or its nominees.

Subject to the foregoing, Book-Entry Interests may be transferred and exchanged in a manner otherwise in accordance with the terms of the Senior Notes Indenture. Any Book-Entry Interest in one of the Global Senior Notes that is transferred to a person who takes delivery in the form of a Book-Entry Interest in another Global Senior Note will, upon transfer, cease to be a Book-Entry Interest in the first mentioned Global Senior Note and become a Book-Entry Interest in the relevant Global Senior Note, and accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Book-Entry Interests in such other Global Senior Note for as long as that person retains such Book-Entry Interests.

Definitive Registered Senior Notes, if any, may be transferred and exchanged for Book-Entry Interests in a Global Senior Note only pursuant to the terms of the Senior Notes Indenture and, if required, only after the transferor first delivers to the Trustee a written certificate (in the form provided in the Senior Notes Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Senior Notes. See Plan of Distribution.

Global Clearance and Settlement Under the Book-Entry System

Initial Settlement

Initial settlement for the Senior Notes will be made in US Dollars. In the case of Book-Entry Interests held through DTC, such Book-Entry Interests will be credited to the securities custody account of DTC holders, as applicable, on the business day following the settlement date against payment for value on the settlement date.

Secondary Market Trading

The Book-Entry Interests will trade through participants of the Depository, and will settle in same-day funds. Since the purchase determines the place of delivery, it is important to establish at the time of trading

Table of Contents

any Book-Entry Interests where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

Clearing Information

We expect that the Senior Notes will be accepted for clearance through the facilities of DTC.

Information Concerning DTC

All Book-Entry Interests will be subject to the operations and procedures of DTC. We provide the following summaries of those operations and procedures solely for the convenience of investors. The operations and procedures of each settlement system are controlled by such settlement system and may be changed at any time. We are not responsible for those operations or procedures.

We understand the following with respect to DTC:

DTC was created to hold securities for its participants and facilitate the clearance and settlement transactions among its participants. It does this through electronic book-entry changes in the accounts of securities participants, eliminating the need for physical movement of securities certificates. DTC participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC's owners are the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. and a number of its direct participants. Others, such as banks, brokers and dealers and trust companies that clear through or maintain a custodial relationship with a direct participant also have access to the DTC system and are known as indirect participants.

The information in this section concerning DTC and its book-entry systems has been obtained from sources we believe to be reliable, but we take no responsibility for the accuracy thereof.

In the event that such Person or any of its Restricted Subsidiaries Incurs, repays, repurchases or redeems any Secured Indebtedness subsequent to the commencement of the period for which the Secured Leverage Ratio is being calculated but prior to the event for which the calculation of the Secured Leverage Ratio is made (the *Secured Leverage Calculation Date*), then the Secured Leverage Ratio shall be calculated giving pro forma effect to such Incurrence, repayment, repurchase or redemption of Secured Indebtedness as if the same had occurred at the beginning of the applicable four-quarter period; *provided* that the Issuers may elect pursuant to an Officers Certificate delivered to the Trustee to treat all or any portion of the commitment under any Secured Indebtedness as being Incurred at such time, in which case any subsequent Incurrence of Secured Indebtedness under such commitment shall not be deemed, for purposes of this calculation, to be an Incurrence at such subsequent time.

If since the beginning of such period any Person that subsequently became a Restricted Subsidiary or was merged with or into BP I, BP II or any Restricted Subsidiary since the beginning of such period shall have made any Investment, acquisition, disposition, merger, amalgamation, consolidation, discontinued operation or operational change, in each case with respect to an operating unit of a business, that would have required adjustment pursuant to this definition, then the Secured Leverage Ratio shall be calculated giving pro forma effect thereto for such period as if such Investment, acquisition, disposition, discontinued operation, merger, amalgamation, consolidation or operational change had occurred at the beginning of the applicable four-quarter period.

For purposes of this definition, whenever pro forma effect is to be given to any pro forma event, the pro forma calculations shall be made in good faith by a responsible financial or accounting officer of the Issuers. Any such pro forma calculation may include adjustments appropriate, in the reasonable good faith determination of the Issuers as set forth in an Officers Certificate, to reflect operating expense reductions and other operating improvements or synergies reasonably expected to result from the applicable pro forma event (including, to the extent applicable, from the Transactions).

The new Senior Secured Notes will otherwise be treated as the old Senior Secured Notes for purposes of the Senior Secured Notes Indenture.

The Senior Secured Notes Indenture contains provisions that define your rights and govern the obligations of the Issuers under the Senior Secured Notes. Notes Indenture permits us to incur other Indebtedness that constitutes First Lien Obligations, which may have security interests in the Collateral that may be prior to, or *pari passu* with, the security interests securing the Senior Secured Notes and Senior Secured Note Guarantees and are classified as First Priority Lien Obligations under the 2007 Senior Note Indenture and 2007 Senior Subordinated Note Indenture and First Lien Obligations under the August 2011 Secured Indenture, the October 2010 Senior Secured Indenture and the 2009 Indenture. Any such security interests in the Collateral may give the holders thereof rights with respect to the Collateral, including enforcement of the Liens with respect thereto, that may diminish the value of the security interests in the Collateral in favor of the Senior Secured Notes.

Brief Description of the Senior Secured Notes and the Senior Secured Note Guarantees

The Senior Secured Notes are general senior secured obligations of the Issuers and:

are the joint and several obligations of the Issuers;

are effectively senior to all of our unsecured Indebtedness to the extent of the value of the Collateral securing the Senior Secured Notes;

rank *pari passu* in right of payment with all existing and future Senior Indebtedness of the Issuers, including the August 2011 Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes, the May 2010 Notes, the 2009 Notes, the Senior Notes and the Senior Secured Credit Facilities;

are secured on a first-priority lien basis by the Collateral subject to a shared lien of equal priority with the Senior Secured Credit Facilities, the 2009 Notes, the October 2010 Senior Secured Notes and the August 2011 Senior Secured Notes and certain future First Lien Obligations and certain prior ranking liens permitted under the Senior Secured Notes Indenture (see Certain Covenants Liens and Certain Definitions Permitted Liens

are effectively subordinated to the other First Lien Obligations to the extent such First Lien Obligations are secured by property that does not also secure the Senior Secured Notes to the extent of the value of all such property;

are senior in right of payment to any existing and future Subordinated Indebtedness of the Issuers, including the Issuers' guarantees of the 2007 Senior Notes and the 2007 Senior Subordinated Notes;

are unconditionally guaranteed on a senior basis by the Senior Secured Note Guarantors and certain of such guarantees have the benefit of the security interests described below;

are not guaranteed by BP II, a finance Subsidiary of RGHL, and therefore are effectively subordinated to all claims that holders of 2007 Senior Notes and 2007 Senior Subordinated Notes may have against the assets of BP II (other than the proceeds loans made by BP II to BP I which is included in the Collateral); and

are subordinated to all claims of creditors, including trade creditors, and claims of preferred stockholders (if any) of each of the Subsidiaries of RGHL (including BP II) that is not a Senior Secured Note Guarantor.

The Senior Secured Note Guarantees are general senior obligations of each Senior Secured Note Guarantor and:

rank *pari passu* in right of payment with all existing and future Senior Indebtedness of such Senior Secured Note Guarantor;

are secured on a first priority lien basis by the Collateral owned by such Senior Secured Note Guarantor (if any), in each case, subject to a shared lien of equal priority with the Senior Secured Credit Facilities, the 2009 Notes, the October 2010 Senior Secured Notes and the August 2011 Senior Secured Notes and certain future First Lien Obligations and certain prior ranking liens permitted under the Senior Secured Notes Indenture (see Certain Covenants Liens and Certain Definitions Permitted Liens);

are effectively subordinated to the other First Lien Obligations of such Senior Secured Note Guarantor to the extent such First Lien Obligations are secured by property that does not also secure the Senior Secured Notes to the extent of the value of all such property; and

are senior in right of payment to any Subordinated Indebtedness of such Senior Secured Note Guarantor, including such Senior Secured Note Guarantor's guarantee of the 2007 Senior Notes and the 2007 Senior Subordinated Notes.

All security for the Senior Secured Notes and the Senior Secured Note Guarantees is granted and implemented consistent with the Agreed Security Principles. The Agreed Security Principles are designed to give us flexibility not to pledge certain of our assets even if we would otherwise be required to do so if, among other things, in our judgment, the cost of doing so is excessive in relation to the benefit accruing to the Holders. The Agreed Security Principles may limit the amount of stock, assets and other property we pledge as Collateral from time to time and may result in different classes or series of First Lien Obligations having different security interests in our stock, assets and other property.

Principal, Maturity and Interest

The Issuers issued an aggregate principal amount of \$1,000,000,000 of Senior Secured Notes. The Issuers may issue additional Senior Secured Notes, from time to time (*Additional Senior Secured Notes*). Any offering of Additional Senior Secured Notes is subject to the covenants described below under the caption Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Liens. The Senior Secured Notes and any Additional Senior Secured Notes subsequently issued under the Senior Secured Notes Indenture will be treated as a single class for all purposes under the Senior Secured Notes Indenture, including waivers, amendments, redemptions and offers to purchase. Holders of Additional Senior Secured Notes actually issued will share equally and ratably in the Collateral with the holders of the Senior Secured Notes. Unless the context otherwise requires, for all purposes of the Senior Secured Notes Indenture and this Description of the February 2011 Senior Secured Notes, references to the Senior Secured Notes include any Additional Senior Secured Notes actually issued.

The Senior Secured Notes will mature on February 15, 2021. Each Senior Secured Note bears interest at 6.875% per annum, payable semi-annually in arrears to holders of record at the close of business on February 1 or August 1 immediately preceding the interest payment date on February 15 and August 15 of each year, commencing August 15, 2011. Interest is computed on the basis of a 360-day year comprised of twelve 30-day months.

The Senior Secured Notes are issued only in fully registered form, without coupons, in minimum denominations of \$100,000 and any integral multiple of \$1,000 in excess thereof.

No service charge will be made for any registration of transfer or exchange of Senior Secured Notes, but the Issuers may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith. Principal of, premium, if any, and interest on the Senior Secured Notes will be payable, and the Senior Secured Notes may be exchanged or transferred, at the office or agency designated by the Issuers (which initially shall be the principal corporate trust office of the Paying Agent).

Table of Contents**Paying Agent and Registrar for the Senior Secured Notes**

The Issuers maintain a paying agent for the Senior Secured Notes in New York, NY. The Issuers have also undertaken under the Senior Secured Notes Indenture that they will ensure, to the extent practicable and permitted by law, that they maintain a paying agent in a European Union member state that will not be obliged to withhold or deduct tax pursuant to the European Union Directive 2003/48/EC regarding the taxation of savings income (the *Directive*) and currently intend to maintain a paying agent in London, England. The initial Paying Agent is The Bank of New York Mellon, in New York (the *Paying Agent*).

The Issuers also maintain one or more registrars (each, a *Registrar*) and a transfer agent in New York, NY. The initial Registrar is The Bank of New York Mellon. The initial transfer agent is The Bank of New York Mellon, in New York. The transfer agent shall perform the functions of a transfer agent.

The Issuers may change any Paying Agent, Registrar or transfer agent for the Senior Secured Notes without prior notice to the noteholders. BP I or any of its Subsidiaries may act as Paying Agent (other than with respect to Global Senior Secured Notes) or Registrar subject to the requirement to maintain a paying agent in a European Union member state that will not be obliged to withhold or deduct tax pursuant to the Directive.

Upon written request from the Luxembourg Issuer, the Registrar shall provide the Luxembourg Issuer with a copy of the register to enable it to maintain a register of the Senior Secured Notes at its registered office.

Optional Redemption

In addition to the optional redemption for taxation reasons, as described below, on or after February 15, 2016, the Issuers may redeem the Senior Secured Notes at their option, in whole or in part, at any time or from time to time, upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to each holder's registered address (or otherwise delivered in accordance with applicable DTC procedures), at the following redemption prices (expressed as a percentage of principal amount), plus accrued and unpaid interest and additional interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period commencing on February 15 of the years set forth below. Without limiting the Issuers' obligations under the Senior Secured Notes Indenture, the Issuers may provide in such notice that payment of the redemption price and the performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

Without limiting the Issuers' obligations under the Senior Secured Notes Indenture, the Issuers may provide in such notice that payment of the redemption price and the performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

Notwithstanding the foregoing, at any time and from time to time prior to February 15, 2014, the Issuers may at their option redeem in the aggregate up to 35% of the original aggregate principal amount of the Senior Secured Notes (calculated after giving effect to any issuance of any Additional Senior Secured Notes) with the net cash proceeds of one or more Equity Offerings (1) by BP I or (2) any direct or indirect parent of BP I, in each case to the extent the net cash proceeds thereof are contributed to the common equity capital of BP I or any of its Subsidiaries or used to purchase Capital Stock (other than Disqualified Stock) of any such entity from it, at a redemption price (expressed as a percentage of principal amount thereof) of 106.875%, plus accrued and unpaid interest and additional interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided, however*, that at least 65% of the original aggregate principal amount of the Senior Secured Notes (calculated after giving effect to any issuance of any Additional Senior Secured Notes) remain outstanding after each such redemption; *provided further, however*, that such redemption shall occur within 90 days after the date on which any such Equity Offering is consummated upon not less than 30 nor more than 60 days' notice mailed to each holder of Senior Secured Notes being redeemed and otherwise in accordance with the procedures set forth in the Senior Secured Notes Indenture.

Without limiting the Issuers' obligations under the Senior Secured Notes Indenture, the Issuers may provide in such notice that payment of the redemption price and the performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

Selection and Notice

If less than all of the Senior Secured Notes are to be redeemed or are required to be repurchased at any time, the Trustee will select Senior Secured Notes for redemption or repurchase on a pro rata basis, to the extent practicable and in compliance with the requirements of DTC and any stock exchange on which the applicable Senior Secured Notes are then admitted to trading; *provided, however*, that no Senior Secured Note of \$100,000 in aggregate principal amount or less, or other than in an integral multiple of \$1,000 in excess thereof, shall be redeemed in part.

If any Senior Secured Note is to be redeemed in part only, the notice of redemption that relates to that Senior Secured Note shall state the portion of the principal amount thereof to be redeemed. In the case of a Definitive Registered Senior Secured Note, a new Senior Secured Note in currency and in principal amount equal to the unredeemed portion of the original Senior Secured Note will be issued in the name of the secured noteholder thereof upon cancellation of the original Senior Secured Note. In the case of a Global Senior Secured Note, an appropriate notation will be made on such Senior Secured Note to decrease the principal amount thereof to an amount equal to the unredeemed portion thereof. Subject to the terms of the applicable redemption notice, Senior Secured Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Senior Secured Notes or portions of them called for redemption.

The Issuers are not required to make any mandatory redemption or sinking fund payments with respect to the Senior Secured Notes. However, under certain circumstances, the Issuers may be required to offer to purchase Senior Secured Notes as described under the captions "Change of Control" and "Certain

Redemption for Taxation Reasons

The Issuers may redeem the Senior Secured Notes, at their option, in whole, but not in part, at any time upon giving not less than 30 nor more than 60 days' prior notice (which notice will be irrevocable) to the secured noteholders mailed by first-class mail to each holder's registered address (or otherwise delivered in accordance with applicable DTC procedures) at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest and additional interest, if any, to the date fixed for redemption (a *Tax Redemption Date*) (subject to the right of secured noteholders of record on the relevant record date to receive interest due on the relevant interest payment date) and all Additional Amounts (as defined under **Withholding Taxes** below), if any, then due or that will become due on the Tax Redemption Date as a result of the redemption or otherwise, if any, if the Issuers determine in good faith that, as a result of:

(1) any change in, or amendment to, the law or treaties (or any regulations, protocols or rulings promulgated thereunder) of a Relevant Taxing Jurisdiction (as defined under **Withholding Taxes** below) affecting taxation; or

(2) any change in official position regarding the application, administration or interpretation of such laws, treaties, protocols, regulations or rulings (including a holding, judgment or order by a government agency or court of competent jurisdiction) (each of the foregoing in clauses (1) and (2), a *Change in Tax Law*),

any Payor (as defined under **Withholding Taxes** below), with respect to the Senior Secured Notes or a Senior Secured Note Guarantee is, or on the next date on which any amount would be payable in respect of the Senior Secured Notes would be, required to pay any Additional Amounts, and such obligation cannot be avoided by taking reasonable measures available to such Payor (including the appointment of a new Paying Agent or, where such payment would be reasonable, the payment through another Payor); *provided* that no Payor shall be required to take any measures that in the Issuers' good-faith determination would result in the imposition on such person of any legal or regulatory burden or the incurrence by such person of additional costs, or would otherwise result in any adverse consequences to such person.

In the case of any Payor, the Change in Tax Law must be announced or become effective on or after the date of the Offering Circular. Notwithstanding the foregoing, no such notice of redemption will be given earlier than 90 days prior to the earliest date on which the Payor would be obliged to make such payment of Additional Amounts. Prior to the publication, mailing or delivery of any notice of redemption of the Senior Secured Notes pursuant to the foregoing, the Issuers will deliver to the Trustee (a) an Officers' Certificate stating that they are entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to their right so to redeem have been satisfied and (b) an opinion of an independent tax counsel of recognized standing to the effect that the Payor would be obligated to pay Additional Amounts as a result of a Change in Tax Law. The Trustee will accept such Officers' Certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it will be conclusive and binding on the secured noteholders.

Subject to the terms of the applicable redemption notice, Senior Secured Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Senior Secured Notes or portions of them called for redemption.

The foregoing provisions will apply *mutatis mutandis* to the laws and official positions of any jurisdiction in which any successor to a Payor is organized or otherwise considered to be a resident for tax purposes or any political subdivision or taxing authority or agency thereof or therein. The foregoing provisions will survive any termination,

defeasance or discharge of the Senior Secured Notes Indenture.

If any deduction or withholding for, or on account of, any Taxes imposed or levied by or on behalf of:

(1) any Taxes that would not have been so imposed or levied but for the existence of any present or former connection between the relevant secured noteholder (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, the relevant secured noteholder, if such secured noteholder is an estate, nominee, trust, partnership, limited liability company or corporation) and the Relevant Taxing Jurisdiction (including being a citizen or resident or national of, or carrying on a business or maintaining a permanent establishment in, or being physically present in, the Relevant Taxing Jurisdiction) but excluding, in each case, any connection arising solely from the acquisition, ownership or holding of such Senior Secured Note, the receipt of any payment in respect thereof or the perfection or enforcement of any security interest related to the Senior Secured Notes;

(2) any Taxes that would not have been so imposed or levied if the holder of the Senior Secured Note had complied with a reasonable request in writing of the Payor (such request being made at a time that would enable such holder acting reasonably to comply with that request) to make a declaration of nonresidence or any other claim or filing or satisfy any certification, information or reporting requirement for exemption from, or reduction in the rate of, withholding to which it is entitled (provided that such declaration of nonresidence or other claim, filing or requirement is required by the applicable law, treaty, regulation or administrative practice of the Relevant Taxing Jurisdiction as a precondition to exemption from the requirement to deduct or withhold all or a part of any such Taxes);

(4) any estate, inheritance, gift, sales, excise, transfer, personal property or similar tax, assessment or other governmental charge;

(5) any Taxes that are required to be deducted or withheld on a payment pursuant to the Directive or any law implementing, or introduced in order to conform to, the Directive;

(6) except in the case of the liquidation, dissolution or winding up of the Payor, any Taxes imposed in connection with a Senior Secured Note presented for payment by or on behalf of a secured noteholder or beneficial owner who would have been able to avoid such Tax by presenting the relevant Senior Secured Note to, or otherwise accepting payment from, another paying agent in a member state of the European Union; or

(7) any combination of the above.

Such Additional Amounts will also not be payable (x) if the payment could have been made without such deduction or withholding if the beneficiary of the payment had presented the Senior Secured Note for payment (where presentation is required) within 30 days after the relevant payment was first made available for payment to the secured noteholder or (y) where, had the beneficial owner of the Senior Secured Note been the holder of the Senior Secured Note, such beneficial owner would not have been entitled to payment of Additional Amounts by reason of any of clauses (1) to (7) inclusive above.

The Payor will (i) make any required withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant taxing authority of the Relevant Taxing Jurisdiction in accordance with applicable law.

Upon request, the Payor will use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each relevant taxing authority of each Relevant Taxing Jurisdiction imposing such Taxes and will provide such certified copies to the Trustee. If, notwithstanding the efforts of such Payor to obtain such receipts, the same are not obtainable, such Payor will provide the Trustee with other evidence reasonably satisfactory to the applicable Holder.

If any Payor will be obligated to pay Additional Amounts under or with respect to any payment made on the Senior Secured Notes, at least 30 days prior to the date of such payment, the Payor will deliver to the Trustee an Officers Certificate stating the fact that Additional Amounts will be payable and the amount so payable and such other information necessary to enable the Paying Agent to pay Additional Amounts to secured noteholders on the relevant payment date (unless such obligation to pay Additional Amounts arises less than 45 days prior to the relevant payment date, in which case the Payor shall deliver such Officers Certificate and such other information as promptly as practicable after the date that is 30 days prior to the payment date, but no less than five (5) Business Days prior thereto, and otherwise in accordance with the requirements of DTC).

Wherever in the Senior Secured Notes Indenture, the Senior Secured Notes, any Senior Secured Note Guarantee or this Description of the February 2011 Senior Secured Notes there is mentioned, in any context:

(1) the payment of principal,

(2) redemption prices or purchase prices in connection with a redemption or purchase of Senior Secured Notes,

(3) interest, or

such reference shall be deemed to include payment of Additional Amounts as described under this heading to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The Payor will pay any present or future stamp, court or documentary Taxes, or any other excise, property or similar Taxes, charges or levies that arise in any jurisdiction from the execution, delivery, registration or enforcement of any Senior Secured Notes, the Senior Secured Notes Indenture, or any other document or instrument in relation thereto (other than a transfer of the Senior Secured Notes) excluding any such Taxes, charges or similar levies imposed by any jurisdiction that is not a Relevant Taxing Jurisdiction, and the Payor agrees to indemnify the secured noteholders and the Trustee for any such Taxes paid by such noteholders. The foregoing obligations will survive any termination, defeasance or discharge of the Senior Secured Notes Indenture and will apply *mutatis mutandis* to any jurisdiction in which any successor to a Payor is organized or otherwise considered to be a resident for Tax purposes or any political subdivision or taxing authority or agency thereof or therein.

Agreed Tax Treatment

The Issuers agree, and by acquiring an interest in the Senior Secured Notes each beneficial owner of a Senior Secured Note agrees, to treat for U.S. federal income tax purposes the Senior Secured Notes as debt of the sole owner of the US Issuer I and interest payments on the Senior Secured Notes as U.S. source interest; *provided, however*, that this agreement shall cease to apply if the Issuers (i) determine, after taking action that is permissible under the Senior Secured Notes Indenture, that the aforementioned allocation of debt and interest payments is no longer accurate as a result of the changed circumstances, and (ii) promptly notify holders of such determination by sending first-class mail to each holder's registered address (or otherwise completing delivery in accordance with applicable DTC procedures). Notwithstanding the foregoing, any Issuer or any other Payor may withhold from any interest payment made on any Senior Secured Note to or for the benefit of any person who is not a United States person, as such term is defined for U.S. federal income tax purposes, U.S. federal withholding tax, and pay such withheld amounts to the Internal Revenue Service, unless such person provides documentation to such Issuer or other Payor such that an exemption from U.S. federal withholding tax would apply to such payment if interest on such Senior Secured Note were treated as income from sources within the U.S. for U.S. federal income tax purposes.

Ranking

The indebtedness evidenced by the Senior Secured Notes is Senior Indebtedness of the Issuers, is equal in right of payment to all existing and future Senior Indebtedness of the Issuers, has the benefit of a security interest in the Collateral as described under Security and is senior in right of payment to all existing and future Subordinated Indebtedness of the Issuers (including the guarantee of the 2007 Senior Notes and the 2007 Senior Subordinated Notes by each Issuer).

The Indebtedness evidenced by the Senior Secured Note Guarantees is Senior Indebtedness of each Senior Secured Note Guarantor, is equal in right of payment to all existing and future Senior Indebtedness of such Senior Secured Note Guarantor, has the benefit of a security interest in the Collateral as described under Security and is senior in right of payment to all existing and future Subordinated Indebtedness of such Senior Secured Note Guarantor, including such Senior Secured Note Guarantor's obligations with respect to the 2007 Senior Notes and the 2007 Senior Subordinated Notes. BP II, the issuer of the 2007 Senior Notes and the 2007 Senior Subordinated Notes, has not guaranteed and will not guarantee the Senior Secured Notes.

At September 30, 2011, on a pro forma basis after giving effect to the purchase of \$239.8 million aggregate principal amount of Graham Packaging 2017 Notes and \$230.6 million aggregate principal amount of Graham Packaging 2018 Notes in connection with the change of control offer for such notes:

(1) RGHL and its Subsidiaries had an aggregate principal amount of \$11,679.7 million of Indebtedness secured by any Lien outstanding. RGHL and its Subsidiaries would have had \$42.8 million and 58.0 million of availability under the revolving credit facility under the Senior Secured Credit Facilities and the ability to incur up to 62.0 million of Secured Indebtedness under Local Facilities;

(2) RGHL and its Subsidiaries had an aggregate principal amount of \$11,111.3 million of First Lien Obligations that share a *pari passu* lien in the Collateral with the Senior Secured Notes (excluding letters of credit which have been issued, but not drawn upon, \$42.8 million and 58.0 million of availability under the revolving credit facility under the Senior Secured Credit Facilities and the ability to incur up to 62.0 million of Secured Indebtedness under Local Facilities); and

(3) RGHL and its Subsidiaries had an aggregate principal amount of \$16,685.4 million of unsubordinated Indebtedness outstanding (whether secured or unsecured) consisting of amounts outstanding under the Senior Secured Credit Facilities, the Senior Secured Notes (including the Senior Secured Note Guarantees with respect thereto), the Senior Notes (including the Senior Note Guarantees with respect thereto), the February 2011 Senior Secured Notes (including the guarantees with respect thereto), the February 2011 Senior Notes (including the guarantees with respect thereto), the August 2011 Senior Secured Notes (including the guarantees with respect thereto), the August 2011 Senior Notes (including the guarantees with respect thereto), the October 2010 Senior Secured Notes (including the guarantees with respect thereto), the October 2010 Senior Notes (including the guarantees with respect thereto), the May 2010 Notes (including the guarantees with respect thereto), the 2009 Notes (including the guarantees with respect thereto) and the 2007 Senior Notes (but not including the guarantees with respect thereto), Pactiv's indebtedness, the Graham Packaging 2018 Notes (as defined in Description of the August 2011 Senior Secured Notes Certain Definitions and Description of the August 2011 Senior Notes Certain Definitions), the Graham Packaging 2017 Notes (as defined in Description of the August 2011 Senior Secured Notes Certain Definitions and Description of the August 2011 Senior Notes Certain Definitions), the Local Facilities and certain other local overdraft and local working capital facilities.

In addition, at September 30, 2011, RGHL and its Subsidiaries had an aggregate of \$1,596.9 million of Subordinated Indebtedness outstanding consisting of the Graham Packaging 2014 Notes (as defined in Description of the August 2011 Senior Secured Notes Certain Definitions and Description of the August 2011 Senior Notes Certain Definitions), the 2007 Senior Subordinated Notes (including the guarantees with respect thereto) and the guarantees of the 2007 Senior Notes. In addition, RGHL and its Subsidiaries had \$24.2 million of indebtedness outstanding under Local Facilities.

Although the Senior Secured Notes Indenture limits the Incurrence of Indebtedness by BP I, BP II and any Restricted Subsidiaries and the issuance of Disqualified Stock and Preferred Stock by the Issuers and any other Restricted Subsidiaries, such limitation is subject to a number of significant qualifications and exceptions. Under certain circumstances, BP II and BP I and their respective Subsidiaries (including the Issuers) may be able to Incur substantial amounts of additional Indebtedness. Such Indebtedness may be Secured Indebtedness that has a prior or *pari passu* claim to the Senior Secured Notes on the Collateral or a claim on assets not constituting Collateral. The covenants do not limit the amount of Indebtedness that RGHL may incur. See Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Certain Covenants Liens.

RGHL's Subsidiaries. Unless a Subsidiary is a Senior Secured Note Guarantor or one of the Issuers, claims of creditors of such Subsidiary, including trade creditors, and claims of preferred stockholders (if any) of such Subsidiary generally will have priority with respect to the assets and earnings of such Subsidiary over the claims of creditors of the Senior Secured Note Guarantors, including holders of the Senior Secured Notes. The Senior Secured Notes, therefore, are effectively subordinated to creditors (including trade creditors) and preferred stockholders (if any) of Subsidiaries of RGHL that are not one of the Issuers or the Senior Secured Note Guarantors (including BP II, which is a finance company). As of September 30, 2011, our various subsidiaries that are not one of the Issuers, the issuer of the 2007 Notes, or Senior Secured Note Guarantors had no more than approximately \$10.0 million of long-term debt (on a consolidated basis and excluding intercompany loan transactions) and \$6,528.5 million of total assets. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes Not all of our subsidiaries guarantee the notes, and the notes and the guarantees of the notes will be structurally subordinated to all of the claims of creditors of those non-guarantor subsidiaries.

Senior Secured Note Guarantees

Each of the Senior Secured Note Guarantors jointly and severally, irrevocably and unconditionally guarantees on a senior basis the performance and punctual payment when due, whether at Stated Maturity, by acceleration or otherwise, of all obligations of the Issuers under the Senior Secured Notes Indenture and the Senior Secured Notes, whether for payment of principal of, premium, if any, or interest on the Senior Secured Notes, expenses, indemnification or otherwise (all such obligations guaranteed by such Senior Secured Note Guarantors and by any of RGHL's Subsidiaries that subsequently become Senior Secured Note Guarantors being herein called the *Guaranteed Obligations*), subject to limitations imposed by applicable local law and certain other limitations imposed by the terms of such guarantees; *provided, however*, that in no event shall a US Controlled Foreign Subsidiary be required to guarantee the Guaranteed Obligations. The entities that are Senior Secured Note Guarantors include entities organized in the following jurisdictions: Australia, Brazil, British Virgin Islands, Canada, Costa Rica, Germany, Guernsey, Hong Kong, Hungary, Japan, Luxembourg, Mexico, the Netherlands, New Zealand, Switzerland, the United States and the United Kingdom. Due to applicable law in certain jurisdictions and other factors, certain of RGHL's subsidiaries in certain jurisdictions are currently not Senior Secured Note Guarantors as they have not entered into their respective Senior Secured Note Guarantees. Certain of our subsidiaries organized in Austria have guaranteed the 2007 Notes, the 2009 Notes, the May 2010 Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes, the August 2011 Notes, but have not yet guaranteed the Senior Secured Notes, the Senior Notes or the term loans under the Senior Secured Credit Facilities, and there is no certainty that any such entity will be able to provide such a guarantee in the future. Our subsidiary in Thailand has guaranteed the 2007 Notes and the 2009 Notes, but has not yet guaranteed any other notes, including the Senior Secured Notes, the Senior Notes or the term loans under the Senior Secured Credit Facilities, and there is no certainty that such entity will be able to provide such a guarantee in the future. Therefore, potentially for the term of the Senior Secured Notes, to the extent certain entities are not able to provide the above-mentioned Senior Secured Note Guarantee, lenders under the Senior Secured Credit Facilities, holders of the August 2011 Senior Secured Notes, holders of the August 2011 Senior Notes, holders of October 2010 Senior Secured Notes, holders of October 2010 Senior Notes, holders of May 2010 Notes, holders of 2009 Notes, holders of 2007 Senior Notes and holders of 2007 Senior Subordinated Notes will have the benefit of greater guarantee coverage than holders of Senior Secured Notes. The Senior Secured Note Guarantees are subject to a variety of local laws that may limit or void the Senior Secured Note Guarantees and any security interest with respect thereto and certain other limits imposed under the terms of such Senior Secured Note Guarantees. In some jurisdictions, such as, for example, Japan, Costa Rica and Australia although our subsidiaries in those jurisdictions are Senior Secured Note Guarantors, they will not pledge any of their assets as Collateral for the Senior Secured Notes pursuant to the Agreed Security Principles. This may be the case even if they pledge some or all of their assets as collateral for the Senior Secured Credit Facilities. For a description of such limitations and the risks associated with the Senior Secured Note Guarantees and Collateral, see

Table of Contents

Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes Fraudulent conveyance laws and other limitations on the enforceability of the notes, the guarantees and, as applicable, the related security, may adversely affect the validity and enforceability of the notes, the guarantees and, as applicable, the related security;

Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes Insolvency laws could limit your ability to enforce your rights under the notes, the guarantees and, in the case of the senior secured notes, the security;

Certain Insolvency and Other Local Law Considerations.

Such Senior Secured Note Guarantors have agreed, and any of RGHL's Subsidiaries that subsequently become Senior Secured Note Guarantors will agree, to pay, subject to limitations imposed by applicable local law and certain other limitations, in addition to the amount stated above, any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee, the Collateral Agent or the holders in enforcing any rights under the Senior Secured Note Guarantees and the Security Documents. The Senior Secured Notes and the Senior Secured Note Guarantees of a Senior Secured Note Guarantor constitute Designated Senior Indebtedness of the Issuers and such Senior Secured Note Guarantor for purposes of the 2007 Senior Note Indenture and the 2007 Senior Subordinated Note Indenture and Senior Liabilities for the purposes of the 2007 Intercreditor Agreement. For a description of the Collateral and lien priority and intercreditor agreements, see Security below.

It is intended that the Senior Secured Notes will ultimately be guaranteed by the same entities that are obligors under, or guarantors of, the 2007 Notes, the 2009 Notes, the May 2010 Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes, the August 2011 Notes and the Senior Secured Credit Facilities. Certain of our subsidiaries organized in Austria have guaranteed the 2007 Notes, the 2009 Notes, the May 2010 Notes and the October 2010 Notes, but have not yet guaranteed the Senior Secured Notes, the Senior Notes and the term loans under the Senior Secured Credit Facilities, and there is no certainty that any such entity will be able to provide such a guarantee in the future. Our subsidiary in Thailand has guaranteed the 2007 Notes and the 2009 Notes, but has not yet guaranteed any other notes, including the Senior Secured Notes, the Senior Notes and the term loans under the Senior Secured Credit Facilities, and there is no certainty that such entity will be able to provide such a guarantee in the future. Therefore, potentially for the term of the Senior Secured Notes to the extent certain entities are not able to provide the above-mentioned Senior Secured Note Guarantee, lenders under the Senior Secured Credit Facilities, holders of the August 2011 Senior Secured Notes, holders of the August 2011 Senior Notes, holders of October 2010 Senior Secured Notes, holders of October 2010 Senior Notes, holders of May 2010 Notes, holders of 2009 Notes, holders of 2007 Senior Notes and holders of 2007 Senior Subordinated Notes will have the benefit of greater guarantee coverage than holders of Senior Secured Notes. In addition, any future guarantor of the Senior Secured

Credit Facilities, any other Credit Agreement or Public Debt of BP I, BP II or their respective Subsidiaries are only required to provide Senior Secured Note Guarantees as required by the covenant under Certain Covenants Future Senior Secured Note Guarantors. The obligation to provide Senior Secured Note

Guarantees for the benefit of the Senior Secured Notes in the future is subject to the Agreed Security Principles. Accordingly, in the future, other Indebtedness, including the Senior Secured Credit Facilities, the Senior Notes, the August 2011 Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes, the May 2010 Notes, the 2009 Notes, the 2007 Senior Notes and the 2007 Senior Subordinated Notes could have the benefit of guarantees that are not also provided in favor of the Senior Secured Notes. See Ranking.

Each Senior Secured Note Guarantee is a continuing guarantee and shall, subject to the next paragraph:

- (1) remain in full force and effect until payment in full of all the Guaranteed Obligations;
- (2) be binding upon each such Senior Secured Note Guarantor and its successors; and
- (3) inure to the benefit of and be enforceable by the Trustee, the holders and their successors, transferees and assigns.

Release of Senior Secured Note Guarantees

Subject to the First Lien Intercreditor Agreement and the 2007 Intercreditor Agreement, a Senior Secured Note Guarantee of a Senior Secured Note Guarantor will be automatically released upon (a) receipt by the Trustee of a notification from BP I that such Senior Secured Note Guarantee be released and (b) the occurrence of any of the following:

- (1) the consummation of any transaction permitted by the Senior Secured Notes Indenture as a result of which such Senior Secured Note Guarantor ceases to be a Restricted Subsidiary;
- (2) the release or discharge of the guarantee or other obligation by such Senior Secured Note Guarantor of the Senior Secured Credit Facilities or such other guarantee or other obligation that resulted in the creation of such Senior Secured Note Guarantee, except a release or discharge by or as a result of payment under such guarantee;
- (3) BP I designating such Senior Secured Note Guarantor to be an Unrestricted Subsidiary in accordance with the covenants described under Certain Covenants Limitation on Restricted Payments and the definition of Unrestricted Subsidiary;
- (4) the Issuers exercise of their legal defeasance option or covenant defeasance option as described under Defeasance, or if the Issuers obligations under the Senior Secured Notes Indenture are discharged in accordance with the terms of the Senior Secured Notes Indenture; or
- (5) the transfer or sale of the equity interests of such Senior Secured Note Guarantor pursuant to an enforcement action, in accordance with the terms of the First Lien Intercreditor Agreement.

The Senior Secured Note Guarantor will be required to deliver to the Trustee an Officers Certificate stating that all conditions precedent provided for in the Senior Secured Notes Indenture relating to the release have been complied with. A Senior Secured Note Guarantee of a Senior Secured Note Guarantor also will be released as provided under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets and RGHL will be released from its Senior Secured Note Guarantee in connection with the substantially concurrent transfer by RGHL of the capital stock of BP I to a newly formed subsidiary of RGHL (Midco); provided that (a) Midco is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof or New Zealand; (b) Midco expressly assumes or replaces all the obligations of RGHL under the Senior Secured Notes Indenture, the Senior Secured Notes Registration Rights Agreement, the Senior Secured Notes, the Security

Documents to which RGHL is a party, the First Lien Intercreditor Agreement and RGHL's Senior Secured Note Guarantee

pursuant to a supplemental or replacement indenture or other documents or instruments in form reasonably satisfactory to the Trustee; (c) immediately after giving effect to such transaction on a pro forma basis (and treating any Indebtedness which becomes an obligation of Midco as a result of such transaction as having been Incurred by Midco at the time of such transaction), no Default shall have occurred and be continuing and the Issuers would be able to Incur an additional \$1.00 of Indebtedness pursuant to the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; (d) RGHL delivers to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such transfer and such supplemental indenture and Security Documents comply with the Senior Secured Notes Indenture (and in giving such opinion such counsel may rely on an Officers Certificate as to any matters of fact); and (e) RGHL delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of RGHL approving such transaction and set forth in an Officers Certificate certifying that such transaction complies with the requirements of the Senior Secured Notes Indenture.

Upon any occurrence specified in the two preceding paragraphs, the Trustee shall, at the instruction of and at the cost of the Issuers, execute any documents reasonably requested of it to evidence such release.

Addition of Senior Secured Note Guarantors

Under certain circumstances and subject to the Agreed Security Principles, additional Restricted Subsidiaries may be added as Senior Secured Note Guarantors (see Certain Covenants Future Senior Secured Note Guarantors).

Security***General***

The Senior Secured Notes and the Senior Secured Note Guarantees, with certain exceptions, have the benefit of Liens in the Collateral, which consist of first priority security interests shared with the other First Lien Obligations, including the Senior Secured Credit Facilities, the August 2011 Senior Secured Notes, the October 2010 Senior Secured Notes and the 2009 Notes (subject to Permitted Liens, which may rank ahead of the first priority security interests for the benefit of the Senior Secured Notes, and the exceptions described below), in the Collateral; *provided, however*, that in no event shall more than 65% of the total outstanding voting Equity Interests, or any of the assets, of any US Controlled Foreign Subsidiary be required to be pledged. The Issuers and RGHL, together with the Trustee, will be responsible for implementing the security arrangements for the Senior Secured Notes and such arrangements may not be implemented in a timely manner or at all.

The Collateral consists of (i) 100% of the Capital Stock of certain existing and future, direct and indirect, wholly owned Subsidiaries of RGHL, the Issuers and the Senior Secured Note Guarantors (subject to the limitations described under Limitations on Stock Collateral and certain other limitations, including as described in the Agreed Security Principles) and (ii) certain assets of the Issuers and certain of the Senior Secured Note Guarantors located in Brazil, British Virgin Islands, Canada, Germany, Guernsey, Hong Kong, Hungary, Luxembourg, Mexico, the Netherlands, New Zealand, Switzerland, the United States and the United Kingdom. Due to applicable law in certain jurisdictions and other factors, Holders currently do not have a security interest in certain of the Collateral. Security interests in such Collateral will be obtained as soon as reasonably practicable. Currently, Holders of the Senior Secured Notes do not have the benefit of enforceable guarantees from, and security interests in the stock and assets to be pledged by, our subsidiaries organized in Austria and Thailand.

Table of Contents

The Collateral does not comprise all of the assets of the Issuers or the Senior Secured Note Guarantors and is further limited to the extent set forth in the Agreed Security Principles. Among other exclusions from the Collateral, including pursuant to the Agreed Security Principles:

Security will not be provided by non-wholly owned Subsidiaries;

Security will be limited to the extent deemed necessary to comply with legal limitations, avoid significant tax disadvantages, comply with certain third party arrangements, satisfy fiduciary duties of directors and minimize fees, taxes and duties;

Security will not be provided over assets with values lower than certain agreed materiality thresholds, including a \$5.0 million threshold for real property, a \$250,000 threshold for manufacturing equipment in some jurisdictions and a \$1.0 million threshold for certain intellectual property;

Security will not be provided to the extent it would have a material adverse effect on the ability of the relevant Issuer or Senior Secured Note Guarantor to conduct business in the ordinary course; and

Security will not be provided over Pactiv's Principal Manufacturing Properties (as defined in the Pactiv Base Indenture) to the extent not required to be pledged under the Senior Secured Credit Facilities.

We estimate that the assets of Reynolds Group Holdings Limited and its subsidiaries that are part of the Collateral securing the Senior Secured Notes have a book value greater than the amount of our outstanding secured indebtedness, which totaled \$10,461.7 million, as of September 30, 2011 and measured in accordance with IFRS. Much of the Collateral is, and is expected to continue to be, illiquid, both by its nature and as a result of local limitations relating to enforcement (see Certain Insolvency and Other Local Law Considerations). Accordingly, there can be no assurance that the Collateral will be able to be sold in a short period of time or at all or that its value will exceed the amount of Indebtedness it secures, including the Senior Secured Notes.

There are other potential impediments to Holders realizing upon the full value of the Collateral. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes. Among the potential impediments described in such risk factors are risks relating to enforcement of the security interests in jurisdictions outside of the United States, risks relating to dilution of the Collateral by other secured creditors, including the Senior Secured Credit Facilities and the holders of the August 2011 Senior Secured Notes and the holders of the October 2010 Senior Secured Notes and the 2009 Notes and any future permitted secured Indebtedness, risks relating to the use of a Collateral Agent for purposes of securing and enforcing upon the Collateral, risks relating to control of the Collateral Agent by the administrative agent under the Senior Secured Credit Facilities or the representatives of the holders of the August 2011 Senior Secured Notes, the October 2010 Senior Secured Notes or the 2009 Notes, as the case may be, and not by the Trustee or the Holders and risks relating to the fact that the security interests in respect of the Senior Secured Notes will, in certain cases, be relying on the First Lien Intercreditor Agreement to achieve first priority *pari passu* ranking.

Subject to certain conditions, including compliance with the covenants described under Certain Covenants Impairment of Security Interest and Certain Covenants Liens, the Senior Secured Note Guarantors and the Issuers are permitted to pledge the Collateral in connection with certain future Incurrences of Indebtedness, including any Additional Senior Secured Notes, or certain Indebtedness of the Issuers or Indebtedness of the Senior Secured Note Guarantors, in each case as permitted under the Senior Secured Indenture. This may make the Collateral less valuable for the holders of the Senior Secured Notes.

Except as limited by Certain Covenants Impairment of Security Interest, the Issuers and the Senior Secured Note Guarantors may take actions that would result in diminishing (possibly to zero) the value or existence of the Collateral. In the future, additional assets may be pledged by us to secure debt under the Senior Secured Credit Facilities, the August 2011 Senior Secured Notes, the October 2010 Senior Secured

Table of Contents

Notes, the 2009 Notes, a Credit Agreement or other Public Debt but may not be pledged to secure the Senior Secured Notes. The book value of our assets may not be indicative of the fair market value of such assets, which could be substantially lower. In addition, a substantial portion of our assets will not constitute Collateral for the Senior Secured Notes in any form. Accordingly, the value of the Collateral could be substantially less than the aggregate principal amount of our First Lien Obligations, including the Senior Secured Notes, the August 2011 Senior Secured Notes, the October 2010 Senior Secured Notes, the 2009 Notes, the Senior Secured Credit Facilities and other Secured Indebtedness.

Accordingly, holders of the Senior Secured Notes have the benefit of a security interest in only a portion of the value of the Collateral expected to secure the Senior Secured Notes. In addition, certain of the stock and assets pledged by the Senior Secured Note Guarantors in some jurisdictions have been pledged on a priority basis to secure the obligations to the lenders under certain local working capital facilities. See Certain Covenants Future Collateral for a description of our obligations with respect to assets acquired by us. The Issuers and the Senior Secured Note Guarantors will not be required to implement any security arrangements or enter into Security Documents with respect to Collateral owned or acquired by us, if, in the good faith determination of BP I, doing so would, or would result in a material risk of, conflict with the fiduciary duties of their directors or contravene any legal prohibition or, in the good faith determination of BP I, result in, or in a material risk of, personal or criminal liability on the part of any officer, director or shareholder of BP I, BP II or any of their respective parents or subsidiaries, or if, in the good faith determination of BP I, it would be inconsistent with the Agreed Security Principles; *provided, however*, that the relevant Issuer or the relevant Senior Secured Note Guarantor must use commercially reasonable efforts to overcome any such obstacle. Under the commercially reasonable efforts standard, perfection of the security interests will not be required if, in the good faith determination of BP I, it would have a material adverse effect on the ability of any of the Issuers or the relevant Senior Secured Note Guarantor to conduct its operations and business in the ordinary course or if, in the good faith determination of BP I, it would be inconsistent with the Agreed Security Principles. If the Issuers and the Senior Secured Note Guarantors do not implement such security arrangements for the benefit of the Senior Secured Notes (other than in circumstances in accordance with the Agreed Security Principles or as described under Limitation on Stock Collateral below), they will be prohibited from implementing security arrangements with respect to the Senior Secured Credit Facilities, the August 2011 Senior Secured Notes, the October 2010 Senior Secured Notes, the 2009 Notes, Public Debt or other Indebtedness except, in the case of such other Indebtedness, for Permitted Liens.

The aggregate amount of the obligations secured by the Collateral may, subject to the limitations set forth in the Senior Secured Notes Indenture, be increased. A portion of the obligations secured by the Collateral consists or may consist of Indebtedness that is revolving in nature, and the amount thereof that may be outstanding at any time or from time to time may be increased or reduced and subsequently reborrowed and such obligations may, subject to the limitations set forth in the Senior Secured Notes Indenture, be increased, extended, renewed, replaced, restated, supplemented, restructured, repaid, refunded, refinanced or otherwise amended or modified from time to time, all without affecting the provisions of the First Lien Intercreditor Agreement defining the relative rights of the parties thereto.

The Issuers and the Senior Secured Note Guarantors will be able to incur additional First Lien Obligations in the future that could share in the Collateral, including Indebtedness secured by a Permitted Lien that may be prior to, or *pari passu* with, Liens securing the Senior Secured Notes. In addition, we may Incur Indebtedness secured by a Permitted Lien over assets that are not part of the Collateral, and the amount thereof could be significant. The amount of Secured Indebtedness secured with priority over, or on an equal and ratable basis with, Liens securing the Senior Secured Notes will be limited by the covenant disclosed under Certain Covenants Liens, and the amount of all such additional indebtedness will be limited by the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuances of Disqualified Stock and Preferred Stock. Under certain circumstances the amount of Indebtedness and other obligations that benefit from prior ranking security interests or that shares equally and ratably

in the Collateral could be significant.

Subject to the terms of the Security Documents, the Issuers and the Senior Secured Note Guarantors will have the right to remain in possession and retain exclusive control of the Collateral securing the Senior Secured Notes, to freely operate the Collateral and to collect, invest and dispose of any income therefrom. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes Rights of holders of the senior secured notes may be adversely affected by bankruptcy proceedings in the United States.

Limitations on Stock Collateral

The Capital Stock and securities of any Restricted Subsidiary (other than BP I, for which we will provide separate financial statements) will constitute Collateral only to the extent that the securing of the Senior Secured Notes with such Capital Stock and securities would not require such Senior Secured Note Guarantor to file separate financial statements with the SEC under Rule 3-16 of Regulation S-X under the Securities Act. In the event that Rule 3-16 of Regulation S-X under the Securities Act requires or is amended, modified or interpreted by the SEC to require (or is replaced with another rule or regulation that would require) the filing with the SEC of separate financial statements of any Restricted Subsidiary (other than BP I) due to the fact that such Restricted Subsidiary's Capital Stock and securities secure the Senior Secured Notes or any Senior Secured Note Guarantee, then the Capital Stock and securities of such Restricted Subsidiary shall automatically be deemed not to be part of the Collateral (but only to the extent necessary for such Restricted Subsidiary to not be subject to such requirement to provide separate financial statements) and such excluded portion of the Capital Stock and securities is referred to as the *Excluded Stock Collateral*. In such event, the Security Documents may be amended, modified or supplemented, without the consent of any Holder, to the extent necessary to release the security interests on the Excluded Stock Collateral.

In the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to permit (or is replaced with another rule or regulation that would permit) any Restricted Subsidiary's Excluded Stock Collateral to secure the Senior Secured Notes in excess of the amount then pledged without the filing with the SEC of separate financial statements of such Senior Secured Note Guarantor, then the Capital Stock and securities of such Restricted Subsidiary shall automatically be deemed to be a part of the Collateral (but only to the extent possible without such Restricted Subsidiary becoming subject to any such filing requirement). In such event, the Security Documents may be amended or modified, without the consent of any Holder, to the extent necessary to subject to the Liens under the Security Documents such additional Capital Stock and securities.

In accordance with the limitations set forth in the two immediately preceding paragraphs, on the date that Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, other than with respect to BP I, whose shares of Capital Stock will be part of the Collateral without regard to the limits described above, the Collateral will include shares of Capital Stock of the Restricted Subsidiaries only to the extent that the applicable value of such Capital Stock (on an entity-by-entity basis) is less than 20% of the aggregate principal amount of the outstanding Senior Secured Notes. Certain of the Senior Secured Note Guarantors have Capital Stock valued at or in excess of 20% of the aggregate principal amount of the outstanding Senior Secured Notes; accordingly if Rule 3-16 of Regulation S-X under the Securities Act was applicable to the Senior Secured Notes on such date, each such Senior Secured Note Guarantor's pledge of such stock as Collateral would be deemed to be limited to stock with a value that is less than 20% of the aggregate principal amount of the outstanding Senior Secured Notes pursuant to these provisions. In the event that Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, we anticipate that the Capital Stock of multiple subsidiaries of ours organized in various jurisdictions will be subject to such limitations. If, at any time after Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, the applicable value of the Capital Stock of any Senior Secured Note Guarantor is equal to or exceeds 20% of the aggregate principal amount of the Senior Secured Notes outstanding, the pledge of such Senior Secured Note Guarantor's Capital Stock shall automatically be deemed to be limited to stock with a value that is less than 20% of the aggregate principal amount of the outstanding Senior Secured Notes. If, at any time after the date Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, the applicable value of 100% of

Table of Contents

the Capital Stock of any Senior Secured Note Guarantor becomes less than 20% of the aggregate principal amount of the Senior Secured Notes outstanding and the pledge of such Capital Stock has been deemed limited in accordance with this paragraph prior to such date, the pledge of such Senior Secured Note Guarantor's Capital Stock shall automatically be deemed to be 100% of its Capital Stock. Accordingly, the portion of the Capital Stock of the Issuers or the Senior Secured Note Guarantors constituting Collateral may decrease or increase as described above. We conduct substantially all of our business through our subsidiaries, many of which have capital stock with a value in excess of 20% of the aggregate principal amount of the Senior Secured Notes. Accordingly, the pledge of stock and securities with respect to each such subsidiary will be limited in value to less than 20% of the aggregate principal amount of the Senior Secured Notes.

In certain circumstances, the pledges by certain entities of intercompany proceeds loans to which they are a party, including the pledge of the Luxembourg Proceeds Loans by the holders thereof and the pledge of the US Proceeds Loans by the holders thereof could be viewed as a pledge of a security by such entity. Accordingly, such entities' pledge of such proceeds loans could be limited to 20% of the value of the proceeds loans, in accordance with the foregoing paragraphs.

Brief Summary of Security Documents and Intercreditor Agreements

The Issuers, the Senior Secured Note Guarantors, and the Collateral Agent (or agents thereof) have entered into multiple agreements or other instruments defining the terms of the security interests that secure the Senior Secured Notes and the Senior Secured Note Guarantees. Those agreements or other instruments pursuant to which security interests in the Collateral are granted to secure the Senior Secured Notes or the Senior Secured Note Guarantees from time to time are referred to as the *Security Documents*. The security interests secure the payment and performance when due of the Obligations of the Issuers and the Senior Secured Note Guarantors under the Senior Secured Notes, the Senior Secured Notes Indenture, the Senior Secured Note Guarantees and the Security Documents, as provided in the Security Documents. Since the Holders are not parties to the Security Documents, the First Lien Intercreditor Agreement or the 2007 Intercreditor Agreement, Holders may not, individually or collectively, take any direct action to enforce any rights in their favor under the Security Documents, the First Lien Intercreditor Agreement or the 2007 Intercreditor Agreement. The Holders may only act by instructing the Trustee to act whether through the Collateral Agent or otherwise.

We are party to two intercreditor agreements that govern the relative rights of the obligors under our existing and future financing arrangements: (1) the 2007 Intercreditor Agreement which sets forth the relative rights and obligations with respect to the Senior Secured Notes, lenders (and other secured parties, including certain Local Facilities and providers of Hedging Obligations) under the Senior Secured Credit Facilities, the holders of the October 2010 Senior Secured Notes, the holders of the 2009 Notes, the holders of the 2007 Senior Notes and the holders of the 2007 Senior Subordinated Notes and (2) the First Lien Intercreditor Agreement which sets forth the relative rights and obligations of the lenders (and other secured parties, including certain Local Facilities and providers of Hedging Obligations) under the Senior Secured Credit Facilities and the holders of the 2009 Notes, the October 2010 Senior Secured Notes and the Senior Secured Notes with respect to the Collateral. See *Description of Certain Other Indebtedness and Intercreditor Agreements* First Lien Intercreditor Agreement.

The Trustee, as representative for the holders of the Senior Secured Notes, entered into a joinder to the First Lien Intercreditor Agreement and an accession deed to the 2007 Intercreditor Agreement and took other steps required to make the obligation with respect to the Senior Secured Notes become *Additional Obligations* under the First Lien Intercreditor Agreement.

Under the First Lien Intercreditor Agreement, as described below, the *Applicable Representative* has the right to direct the Collateral Agent to initiate foreclosures, release Liens in accordance with the Senior Secured Credit Facilities, the

Senior Secured Note Documents, the October 2010 Note Documents, the 2009 Note Documents and the documents governing any other series of *pari passu* first lien obligations that are

Table of Contents

included as *Additional Obligations* as defined in and under the First Lien Intercreditor Agreement and take other actions with respect to the Shared Collateral (as defined below), and the representatives of other series of Obligations party to the First Lien Intercreditor Agreement have no right to direct the Collateral Agent to take actions with respect to the Shared Collateral. The Applicable Representative is currently the administrative agent under the Senior Secured Credit Facilities. As long as such administrative agent is the Applicable Representative, the Trustee, as representative of the holders of the Senior Secured Notes, the trustee under the 2009 Indenture and the trustee under the October 2010 Senior Secured Indenture, will have no rights to direct the Collateral Agent to take any action under the First Lien Intercreditor Agreement. Generally, *Shared Collateral* means, at any time, Collateral in which the holders of two or more series of Obligations (or their respective representatives) hold a valid security interest or upon the enforcement of any guarantee held by two or more series of Obligations (or their respective representatives), the proceeds of such enforcement.

The administrative agent under the Senior Secured Credit Facilities will remain the Applicable Representative until the earlier of (1) the discharge of our Obligations under the Senior Secured Credit Facilities and (2) the Cut-Off Date (as defined below) (unless the Cut-Off-Date has been stayed, deemed not to have occurred or rescinded pursuant to the definition thereof). After such date, the Applicable Representative will be the representative of the series of Obligations that constitutes the largest outstanding principal amount of any then outstanding series of Obligations party to the First Lien Intercreditor Agreement, other than the Obligations under the Senior Secured Credit Facilities, with respect to the Shared Collateral (the *Non-Controlling Representative*) (which series of Obligations may be the 2009 Notes, the October 2010 Senior Secured Notes or an additional series of Obligations to be incurred in the future). Accordingly, the Trustee, as representative of the holders of the Senior Secured Notes, may not ever have the right to control the remedies and take other actions with respect to the Shared Collateral.

The *Cut-Off Date* means, with respect to any Non-Controlling Representative, the date which is at least 90 days (throughout which 90 day period such Person was the Non-Controlling Representative) after the occurrence of both (i) an Event of Default (under and as defined in the instrument under which such Non-Controlling Representative is appointed as the representative) and (ii) the Collateral Agent's and each other relevant representative's receipt of written notice from such Non-Controlling Representative certifying that (x) such an Event of Default has occurred and is continuing and (y) the Obligations of the series with respect to which such Non-Controlling Representative is the representative are currently due and payable in full (whether as a result of acceleration thereof or otherwise) in accordance with the terms of the applicable instrument governing such Obligations; *provided, however*, that the Cut-Off Date shall be stayed and shall not occur and shall be deemed not to have occurred and be rescinded (1) at any time the administrative agent under the Senior Secured Credit Facilities or the Collateral Agent has commenced and is diligently pursuing any enforcement action with respect to any Shared Collateral or (2) at any time any grantor which has granted a security interest in such Shared Collateral is then a debtor under or with respect to (or otherwise subject to) any insolvency or liquidation proceeding.

Under the First Lien Intercreditor Agreement, (i) the Applicable Representative has the sole right to instruct the Collateral Agent to act or refrain from acting with respect to the Shared Collateral, (ii) the Collateral Agent shall not follow any instructions with respect to such Shared Collateral from any representative of any Non-Controlling Secured Party (as defined below) or other party to the First Lien Intercreditor Agreement (other than the Applicable Representative) and (iii) no representative of any Non-Controlling Secured Party or other party to the First Lien Intercreditor Agreement (other than the Applicable Representative) will instruct the Collateral Agent to commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, any Shared Collateral. A *Non-Controlling Secured Party* shall mean any secured party to the First Lien Intercreditor Agreement whose representative under the First Lien Intercreditor Agreement is not the Applicable Representative. Until the earlier of (1) the discharge of our Obligations under the Senior Secured Credit

Facilities and (2) the Cut-Off Date (unless the Cut-Off-Date has been stayed, deemed not to have

Table of Contents

occurred or rescinded pursuant to the definition thereof), the holders of the Senior Secured Notes, the holders of the October 2010 Senior Secured Notes and the holders of the 2009 Notes will be Non-Controlling Secured Parties. Accordingly, the holders of Senior Secured Notes could be Non-Controlling Secured Parties indefinitely.

Notwithstanding the equal priority of the Liens on any Shared Collateral, the Collateral Agent, acting on the instructions of the Applicable Representative, may deal with the Collateral as if such Applicable Representative had a senior Lien on such Collateral. No representative of any Non-Controlling Secured Party may contest, protest or object to any foreclosure proceeding or action brought by the Collateral Agent. Each of the parties to the First Lien Intercreditor Agreement will agree that it will not contest or support any other person in contesting, in any proceeding (including any insolvency or liquidation proceeding), the perfection, priority, validity or enforceability of a Lien held by or on behalf of any of the parties to the First Lien Intercreditor Agreement in all or any part of the Shared Collateral, or the provisions of the First Lien Intercreditor Agreement.

If an Event of Default (under and as defined in an instrument pursuant to which a series of Obligations whose representative is party to the First Lien Intercreditor Agreement is Incurred) has occurred and is continuing and the Collateral Agent is taking action to enforce rights in respect of any Shared Collateral, or any distribution is made in respect of any Shared Collateral in any insolvency or liquidation proceeding or otherwise of any grantor of Collateral, or the Collateral Agent or any secured party receives any payment pursuant to any intercreditor agreement (other than the First Lien Intercreditor Agreement) with respect to any Shared Collateral, the proceeds of any sale, collection or other liquidation or disposition of any such Shared Collateral received by the Collateral Agent or any secured party and proceeds of any such distribution, shall be applied (i) first, to the payment of all amounts owing to the Collateral Agent (in its capacity as such) pursuant to the terms of the First Lien Intercreditor Agreement and any instrument pursuant to which a series of Obligations whose representative is party to the First Lien Intercreditor Agreement is Incurred, (ii) second, subject to certain limited exceptions, to the payment in full of the Obligations of each series of Obligations whose representative is party to the First Lien Intercreditor Agreement on a ratable basis in accordance with the amounts of such Obligations under the terms of the applicable instrument pursuant to which such Obligations have been incurred and (iii) third, to satisfy other Obligations, including to the extent applicable, under the 2007 Intercreditor Agreement.

If any party to the First Lien Intercreditor Agreement obtains possession of any Shared Collateral or realizes any proceeds or payment in respect of any such Shared Collateral, pursuant to any Security Document or by the exercise of any rights available to it under applicable law or in any insolvency or liquidation proceeding or through any other exercise of remedies (including pursuant to any intercreditor agreement), at any time prior to the discharge of each series of Obligations whose representative is party to the First Lien Intercreditor Agreement, then it shall hold such Shared Collateral, proceeds or payment in trust for the other parties to the First Lien Intercreditor Agreement and promptly transfer such Shared Collateral, proceeds or payment, as the case may be, to the Collateral Agent, to be distributed in accordance with the provisions described in the immediately preceding paragraph.

In addition, under the First Lien Intercreditor Agreement, each secured noteholder and secured party under the Senior Secured Credit Facilities (and any additional Persons who may become party to the First Lien Intercreditor Agreement) agrees that (i) it will not institute any suit or assert in any insolvency or litigation proceeding any claim against the Collateral Agent or any other party to the First Lien Intercreditor Agreement seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Shared Collateral, (ii) it will not seek, and will waive any right, to have any Shared Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Shared Collateral and (iii) it will not attempt, directly or indirectly, whether by judicial proceedings or otherwise, to challenge the enforceability of any provision of the First Lien Intercreditor Agreement.

By purchasing the Senior Secured Notes, each noteholder authorized the Trustee (1) to appoint the Collateral Agent to act on its behalf as the Collateral Agent under the First Lien Intercreditor Agreement and

Table of Contents

under each of the other Security Documents and (2) to authorize the Collateral Agent to take such actions on its behalf and to exercise such powers as are delegated to the Collateral Agent by the terms of the First Lien Intercreditor Agreement and the other Security Documents, including for purposes of acquiring, holding and enforcing any and all Liens on Collateral granted by any grantor thereunder to secure any of the First Lien Obligations, together with such powers and discretion as are reasonably incidental thereto.

The First Lien Intercreditor Agreement provides that the Collateral Agent shall not have any duties or obligations except those expressly set forth therein and in the other Security Documents. Without limiting the generality of the foregoing, the Collateral Agent:

- (i) shall not be subject to any fiduciary or other implied duties, regardless of whether an Event of Default has occurred and is continuing;
- (ii) shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated by the First Lien Intercreditor Agreement or by the other Security Documents that the Collateral Agent is required to exercise as directed in writing by the Applicable Representative; provided that the Collateral Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Collateral Agent to liability or that is contrary to any Security Document or applicable law;
- (iii) shall not, except as expressly set forth in the First Lien Intercreditor Agreement and in the other Security Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to a grantor or any of its Affiliates that is communicated to or obtained by the Collateral Agent or any of its Affiliates in any capacity;
- (iv) shall not be liable for any action taken or not taken by it (1) with the consent or at the request of the Applicable Representative or (2) in the absence of its own gross negligence or willful misconduct or (3) in reliance on a certificate of an authorized officer of an Issuer stating that such action is permitted by the terms of this Agreement; and
- (v) shall not be required to take any action for which it has not received written directions and indemnity satisfactory to it.

The Collateral Agent shall be deemed not to have knowledge of any Event of Default under any series of Obligations unless and until notice describing such Event Default is given to the Collateral Agent by the Representative of such Obligations or a party to the First Lien Intercreditor Agreement. In addition, among other things, the Collateral Agent shall not be responsible for or have any duty to ascertain or inquire into (1) any statement, warranty or representation made in or in connection with the First Lien Intercreditor Agreement or any other Security Document, (2) the contents of any certificate, report or other document delivered under the First Lien Intercreditor Agreement or any other Security Document, (3) the performance or observance of any of the covenants, agreements or other terms or conditions set forth in the First Lien Intercreditor Agreement or any other Security Document, or the occurrence of any Default, (4) the creation, perfection or priority of any Lien purported to be created by the Security Documents or (5) the value or the sufficiency of any Collateral for any series of Obligations, including the Senior Secured Notes.

Future Collateral

Subject to the limitations and exceptions in the Agreed Security Principles, if the Issuers or any Senior Secured Note Guarantor creates any additional security interest upon any property or asset to secure any other First Lien Obligations under the Senior Secured Credit Facilities, any other Credit Agreement or Public Debt, it must use commercially reasonable efforts to concurrently grant a security interest (subject to Permitted Liens) upon such property as security for the Senior Secured Notes; *provided, however*, that it will not be required to do so if, in the good faith

determination of BP I, so doing would, or would result in a material risk of, conflict with the fiduciary duties of the directors of BP I, BP II or any of their respective parents or

Table of Contents

subsidiaries or contravene any legal prohibition or, in the good faith determination of BP I, result in, or in material risk of, personal or criminal liability on its part of any officer, director or shareholder of BP I, BP II or any of their respective parents or subsidiaries or, in the good faith determination of BP I, be inconsistent with the Agreed Security Principles. Also, if granting a security interest in such property requires the consent of a third party, subject to the Agreed Security Principles, the Issuers will use commercially reasonable efforts to obtain such consent with respect to the security interest for the benefit of the Trustee on behalf of the holders of the Senior Secured Notes. Under the commercially reasonable efforts standard, the Issuers will not be obligated to seek to obtain consent if, in the good faith determination of BP I, to do so would have a material adverse effect on the ability of the Issuers or the relevant Senior Secured Note Guarantors to conduct their operations and business in the ordinary course or if, in good faith determination of BP I, to do so would be inconsistent with the Agreed Security Principles. If such third party does not consent to the granting of the security interest after the use of such commercially reasonable efforts, the applicable entity will not be required to provide such security interest. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes Security interests in respect of the collateral may be adversely affected by the failure to perfect security interests in certain collateral presently owned or acquired in the future and Certain Covenants Future Collateral.

Release of Collateral

The security interests in the Collateral for the benefit of the Senior Secured Notes will be released:

(a) upon payment in full of principal, interest and all other Obligations on the Senior Secured Notes issued under the Senior Secured Notes Indenture or discharge or defeasance thereof;

(b) to the extent a Senior Secured Note Guarantor would be and is so released pursuant to clause (2) under Senior Secured Note Guarantees Release of Senior Secured Note Guarantees. ;

(c) to enable us to consummate the disposition of such property or assets to the extent not prohibited under the covenant described under Certain Covenants Asset Sales ;

(d) in the case of property or assets of a Senior Secured Note Guarantor that is released from its Senior Secured Note Guarantee with respect to the Senior Secured Notes, on the release of the Senior Secured Note Guarantee of such Senior Secured Note Guarantor;

(e) in the case of the property and assets of a specific Senior Secured Note Guarantor, such Senior Secured Note Guarantor making a Transfer permitted by clause (y) of the last paragraph under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets ;

(f) in the circumstances described under Amendment and Waivers below (including to the extent necessary to facilitate the assumption by a Successor Company of the obligations of the Issuers under the Senior Secured Notes Indenture and the Senior Secured Notes, to provide for the assumption by Midco of the obligations of RGHL under the Senior Secured Notes Indenture and the Senior Secured Notes or to provide for the assumption by a Successor Senior Secured Note Guarantor of the obligations of a Senior Secured Note Guarantor under the Senior Secured Notes Indenture and its Senior Secured Note Guarantee);

(g) by the Trustee or Collateral Agent, acting on the instructions of the Applicable Representative in accordance with the terms of the First Lien Intercreditor Agreement (other than releases of all or substantially all of the Collateral); or

(h) upon a legal defeasance or covenant defeasance under the Senior Secured Notes Indenture as described below under Defeasance.

Table of Contents

The security interest in the 2007 Notes Collateral in favor of the 2007 Senior Notes and 2007 Senior Subordinated Notes will be released upon an enforcement action in accordance with the 2007 Intercreditor Agreement. In addition, in order to secure new Indebtedness (where such Indebtedness is permitted under the Senior Secured Notes Indenture and the Lien securing such Indebtedness is a Permitted Lien that is entitled to rank equal with, in priority to or behind the security interests on the Collateral, as applicable), on the date on which such new Indebtedness is incurred, and subject to no Default having occurred and being continuing, the Trustee or Collateral Agent for the Senior Secured Notes, as applicable, is authorized by the Trustee and the Holders to, and shall, at the request of the Issuers or RGHL, release the security interests in the Collateral and will, simultaneously with the grant of Liens in respect of the new Indebtedness, retake such security interests in the Collateral; *provided, however*, that all holders of Liens on behalf of other Indebtedness or obligations secured by such Collateral concurrently release and (if applicable) retake the security interests in the same manner; *provided further, however*, that following such release and retaking the security interests in the Collateral are not subject to any new hardening period or limitation (excluding any such hardening period or limitation that existed prior to such release and retaking) which is not also applicable to the Lien granted in favor of the new Indebtedness and any such other Indebtedness or obligations (it being understood that the new Indebtedness and such other Indebtedness and obligations may be subject to longer or more onerous hardening periods or limitations) or the Trustee shall have received a solvency opinion.

To the extent required under the mandatory provisions of the US Trust Indenture Act of 1939, as amended (the Trust Indenture Act), the Issuers will comply with the provisions of Section 314(b) and 314(d) of the Trust Indenture Act, in each case following qualification of the Senior Secured Notes Indenture pursuant to the Trust Indenture Act. Any certificate or opinion required by Section 314(d) of the Trust Indenture Act may be delivered by an Officer of any Issuer except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert, who shall be reasonably satisfactory to the Trustee. Notwithstanding anything to the contrary herein, the Issuers and the Senior Secured Note Guarantors will not be required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine, in good faith based on advice of counsel (which may be internal counsel), that under the terms of such section or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including no action letters or exemptive orders, all or any portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral. Without limiting the generality of the foregoing, certain no-action letters issued by the SEC have permitted an indenture qualified under the Trust Indenture Act to contain provisions permitting the release of collateral from liens under such indenture in the ordinary course of our business without requiring us to provide certificates and other documents under Section 314(d) of the Trust Indenture Act. In addition, under interpretations provided by the SEC, to the extent that a release of a lien is made without the need to obtain the consent of the Holders or the Trustee, the provisions of Section 314(d) may be inapplicable to the release. The Issuers believe, therefore, that such provisions of Section 314(d) will be inapplicable to the release of collateral for so long as releases of collateral are controlled by the lenders under the Senior Secured Credit Facilities and certain other conditions apply.

Upon certification by the Issuers, each of the Trustee and the Collateral Agent shall execute all documents reasonably requested of it to effectuate any release in accordance with these provisions, subject to customary protections and indemnifications. The Collateral Agent or the Trustee, as applicable, at the instruction of and at the cost of the Issuers (as applicable), will agree to any release of the Liens on the Collateral created by the Security Documents that is in accordance with the Senior Secured Notes Indenture and the First Lien Intercreditor Agreement and 2007 Intercreditor Agreement without requiring any consent of the Holders, in reliance upon an Opinion of Counsel or Officers Certificate to that effect delivered by the Issuers.

Change of Control

Upon the occurrence of any of the following events (each, a *Change of Control*), each holder will have the right to require the Issuers to repurchase all or any part of such holder's Senior Secured Notes at a

Table of Contents

purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, to the date of repurchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), except to the extent the Issuers have previously elected to redeem all of the Senior Secured Notes as described under Optional Redemption:

(1) the sale, lease or transfer, in one or a series of transactions, of all or Substantially All the assets of BP II or BP I and its Subsidiaries, taken as a whole, to a Person other than, directly or indirectly, any of the Permitted Holders;

(2) BP I becomes aware (by way of a report or any other filing pursuant to Section 13(d) of the Exchange Act, proxy, vote, written notice or otherwise) of the acquisition by any Person or group (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act, or any successor provision), including any group acting for the purpose of acquiring, holding or disposing of securities (within the meaning of Rule 13d-5(b)(1) under the Exchange Act), other than any of the Permitted Holders, in a single transaction or in a related series of transactions, by way of merger, consolidation or other business combination or purchase of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act, or any successor provision), of more than 50% of the total voting power of the Voting Stock of the US Issuer I, the US Issuer II, the Luxembourg Issuer, BP I or BP II or any direct or indirect parent of BP I or BP II; or

(3) RGHL ceases to own, directly or indirectly, 100% of the Capital Stock of BP I, BP II, BP III or any of the Issuers, other than directors qualifying shares or other de minimis shareholdings required by law.

In the event that at the time of such Change of Control the terms of any Bank Indebtedness restrict or prohibit the repurchase of Senior Secured Notes pursuant to this covenant, then prior to the mailing (or delivery) of the notice to holders provided for in the immediately following paragraph but in any event within 45 days following any Change of Control, the Issuers shall:

(1) repay in full all such Bank Indebtedness or, if doing so will allow the purchase of Senior Secured Notes, offer to repay in full all such Bank Indebtedness and repay the Bank Indebtedness of each lender that has accepted such offer; or

(2) obtain the requisite consent under the agreements governing such Bank Indebtedness to permit the repurchase of the Senior Secured Notes as provided for in the immediately following paragraph.

The Issuers failure to comply with such provisions or the provisions of the immediately following paragraph shall constitute an Event of Default described in clause (4) and not in clause (2) under Defaults below.

Within 45 days following any Change of Control, except to the extent that the Issuers have exercised their right to redeem the Senior Secured Notes by delivery of a notice of redemption as described under Optional Redemption, or all conditions to such redemption have been satisfied or waived, the Issuers shall mail (or otherwise deliver in accordance with applicable DTC procedures) a notice (a *Change of Control Offer*) to each holder with a copy to the Trustee stating:

(1) that a Change of Control has occurred and that such holder has the right to require the Issuers to repurchase such holder's Senior Secured Notes at a repurchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, to the date of repurchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date) (the *Change of Control Payment*);

(2) the circumstances and relevant facts and financial information regarding such Change of Control;

Table of Contents

- (3) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed or delivered) (the *Change of Control Payment Date*);
- (4) the instructions determined by the Issuers, consistent with this covenant, that a holder must follow in order to have its Senior Secured Notes purchased; and
- (5) if applicable and such notice is mailed prior to the occurrence of a Change of Control, that such offer is conditioned on the occurrence of such Change of Control.

A Change of Control Offer may be made in advance of a Change of Control, and conditioned upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

In addition, the Issuers will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Senior Secured Notes Indenture applicable to a Change of Control Offer made by the Issuers and purchases all Senior Secured Notes validly tendered and not withdrawn under such Change of Control Offer.

On the Change of Control Payment Date, if the Change of Control shall have occurred, the Issuers will, to the extent lawful:

- (1) accept for payment all Senior Secured Notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Senior Secured Notes so tendered;
- (3) deliver or cause to be delivered to the Trustee an Officers Certificate stating the Senior Secured Notes or portions of the Senior Secured Notes being purchased by the Issuers in the Change of Control Offer;
- (4) in the case of Global Senior Secured Notes, deliver, or cause to be delivered, to the principal Paying Agent the Global Senior Secured Notes in order to reflect thereon the portion of such Senior Secured Notes or portions thereof that have been tendered to and purchased by the Issuers; and
- (5) in the case of Definitive Registered Senior Secured Notes, deliver, or cause to be delivered, to the relevant Registrar for cancellation all Definitive Registered Senior Secured Notes accepted for purchase by the Issuers.

The Paying Agent will promptly mail (or otherwise deliver in accordance with applicable DTC procedures) to each holder of Senior Secured Notes so tendered the Change of Control Payment for such Senior Secured Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder of Senior Secured Notes a new Senior Secured Note equal in principal amount to the unpurchased portion of the Senior Secured Notes surrendered, if any; *provided, however*, that each such new Senior Secured Note will be in a principal amount that is at least \$100,000 and integral multiples of \$1,000 in excess thereof.

Senior Secured Notes repurchased by the Issuers or an Affiliate pursuant to a Change of Control Offer will have the status of Senior Secured Notes issued but not outstanding or will be retired and canceled at the option of the Issuers. Senior Secured Notes purchased by an unaffiliated third party pursuant to the procedure described above will have the status of Senior Secured Notes issued and outstanding.

The Issuers will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Senior Secured Notes

pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue thereof.

This Change of Control repurchase provision is a result of negotiations between RGHL, the Issuers and the Initial Purchasers. None of RGHL, BP I, BP II and the Issuers has any present intention to engage in a transaction involving a Change of Control, although it is possible that they could decide to do so in the future. Subject to the limitations discussed below, RGHL, BP I, BP II or any of the Restricted Subsidiaries, including the Issuers, could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Senior Secured Notes Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect the capital structure or credit rating of RGHL or its Restricted Subsidiaries, including the Issuers.

The occurrence of events that would constitute a Change of Control would require repayment of all amounts outstanding under the Senior Secured Credit Facilities and would trigger the requirement that we offer to purchase the Senior Notes, the October 2010 Senior Notes, the October 2010 Senior Secured Notes, the May 2010 Notes, the 2009 Notes, the 2007 Senior Notes and the 2007 Senior Subordinated Notes at 101% of the principal amount thereof. Agreements and instruments with respect to future indebtedness that RGHL or any of its Subsidiaries may incur may contain prohibitions on certain events that would constitute a Change of Control or require such indebtedness to be repurchased upon a Change of Control. Moreover, the exercise by the holders of their right to require the Issuers to repurchase the Senior Secured Notes could cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Issuers. Finally, the Issuers' ability to pay cash to the holders upon a repurchase may be limited by the Issuers' then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. Neither RGHL nor any of its Restricted Subsidiaries are required to advance us funds to make any Change of Control Payment. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes We may be unable to raise the funds necessary to finance the change of control repurchase offers required by the indentures governing the notes and similar requirements in the agreements governing our other indebtedness.

The provisions under the Senior Secured Notes Indenture relating to the Issuers' obligation to make an offer to repurchase the Senior Secured Notes as a result of a Change of Control may be waived or modified with the written consent of the holders of a majority in principal amount of outstanding Senior Secured Notes.

For purposes of determining compliance with this covenant:

(1) in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness described in clauses (a) through (aa) above or is entitled to be Incurred pursuant to the first paragraph of this covenant, the Issuers shall, in their sole discretion, classify or reclassify, or later divide, classify or reclassify, such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) in any manner that complies with this covenant; *provided, however*, that (x) Indebtedness under the Credit Agreement outstanding on the Issue Date shall be deemed to have been Incurred pursuant to clause (a)(i) of Permitted Debt and the Issuers shall not be permitted to reclassify all or any portion of such Indebtedness under the Credit Agreement outstanding on the Issue Date and (y) the Issuers shall not be permitted to reclassify all or any portion of any Secured Indebtedness Incurred as Permitted Debt unless at the time of such reclassification the Issuers could secure such Secured Indebtedness pursuant to clause (6) of the definition of Permitted Liens; and

(2) the Issuers will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described in the first and second paragraphs above, and in that connection shall be entitled to treat a portion of such Indebtedness as having been Incurred under the first paragraph above and thereafter the remainder of such Indebtedness having been Incurred under the second paragraph above.

Accrual of interest, the accretion of accreted value, the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as applicable, accretion of original issue discount or liquidation preference and increases in the amount of Indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies will not be deemed to be an Incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant. Guarantees of, or obligations in respect of letters of credit relating to, Indebtedness that is otherwise included in the determination of a particular amount of Indebtedness shall not be included in the determination of such amount of Indebtedness; *provided* that the Incurrence of the Indebtedness represented by such guarantee or letter of credit, as the case may be, was in compliance with this covenant.

For purposes of determining compliance with this covenant, (i) the Euro Equivalent of the principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first drawn, in the case of Indebtedness Incurred under a revolving credit facility; *provided* that (a) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a currency other than euro, and such refinancing would cause the applicable

euro-denominated restriction to be exceeded if calculated at the

relevant currency exchange rate in effect on the date of such refinancing, such euro-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced; (b) the Euro Equivalent of the principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date; and (c) if any such Indebtedness is subject to a Currency Agreement with respect to the currency in which such Indebtedness is denominated covering principal, premium, if any, and interest on such Indebtedness, the amount of such Indebtedness and such interest and premium, if any, shall be determined after giving effect to all payments in respect thereof under such Currency Agreements and (ii) the U.S. Dollar Equivalent of the principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first drawn, in the case of Indebtedness Incurred under a revolving credit facility; *provided* that (a) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a currency other than U.S. Dollars, and such refinancing would cause the applicable U.S. Dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. Dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced; (b) the U.S. Dollar Equivalent of the principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date; and (c) if any such Indebtedness is subject to a Currency Agreement with respect to the currency in which such Indebtedness is denominated covering principal, premium, if any, and interest on such Indebtedness, the amount of such Indebtedness and such interest and premium, if any, shall be determined after giving effect to all payments in respect thereof under such Currency Agreements.

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that BP I, BP II and the Restricted Subsidiaries may Incur pursuant to this covenant shall not be deemed to be exceeded, with respect to any outstanding Indebtedness, solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

For all purposes of the Senior Secured Notes Indenture, (1) unsecured Indebtedness will not be treated as subordinated or junior to Secured Indebtedness merely because it is unsecured, (2) Senior Indebtedness will not be treated as subordinated or junior to any other Senior Indebtedness merely because it has junior priority with respect to the same collateral, (3) Indebtedness of such Person which is not guaranteed will not be treated as subordinated or junior to Indebtedness that is guaranteed merely because of such guarantee and (4) Indebtedness under any Secured Indebtedness will not be deemed to be subordinated because of the application of waterfall or other payment-ordering or collateral-sharing provisions affecting any such Secured Indebtedness.

Limitation on Restricted Payments. The amount of our Cumulative Credit (as defined below) is calculated based on our net income since, and other transactions occurring from November 5, 2009 or October 1, 2009, as applicable.

The Senior Secured Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly:

(b) immediately after giving effect to such transaction on a pro forma basis, BP I or BP II could Incur \$1.00 of additional Indebtedness under the provisions of the first paragraph of the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by BP I, BP II and the Restricted Subsidiaries after the RP Reference Date (and not returned or rescinded) (including Restricted Payments permitted by clauses (1), (4) (only to the extent of one-half of the amounts paid pursuant to such clause), (6) and (8) of the next succeeding paragraph, but excluding all other Restricted Payments permitted by the next succeeding paragraph), is less than the amount equal to the Cumulative Credit.

Cumulative Credit means the sum of (without duplication):

(1) 50% of the Consolidated Net Profit of BP I and BP II for the period (taken as one accounting period, the *Reference Period*) from the beginning of the fiscal quarter during which the RP Reference Date occurred to the end of the most recently ended fiscal quarter for which combined internal financial statements of BP I and BP II are available at the time of such Restricted Payment (or, in the case such Consolidated Net Profit for such period is a deficit, minus 100% of such deficit); *plus*

(2) 100% of the aggregate net proceeds, including cash and the Fair Market Value of property other than cash received by BP I or BP II after the RP Reference Date (other than net proceeds to the extent such net proceeds have been used to Incur Indebtedness, Disqualified Stock, or Preferred Stock pursuant to clause (v) of the second paragraph of the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock) from the issue or sale of Equity Interests of BP I or BP II or Subordinated Shareholder Funding to BP I or BP II (excluding Refunding Capital Stock (as defined below), Designated Preferred Stock, Excluded

shall be deemed to be Cash Equivalents for the purposes of this provision.

Within 12 months after BP I, BP II or any Restricted Subsidiary's receipt of the Net Proceeds of any Asset Sale, BP I, BP II or such Restricted Subsidiary may apply the Net Proceeds from such Asset Sale, at its option:

(1) to repay (a) Obligations constituting First Lien Obligations (and, if such Indebtedness repaid is under a revolving credit facility, to correspondingly reduce commitments with respect thereto); *provided, however*, that if any First Lien Obligations other than the Senior Secured Notes are repaid with the Net Proceeds of any Asset Sale, the Issuers will equally and ratably reduce Obligations under the Senior Secured Notes through open-market purchases (provided that such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all holders to purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, the pro rata principal amount of Senior Secured Notes or (b) Obligations constituting Indebtedness of a Restricted Subsidiary of BP I that is not an Issuer or a Senior Secured Note Guarantor, in the case of each of clauses (a) and (b), other than Indebtedness owed to RGHL or its Affiliates;

(2) to make an investment in any one or more businesses (provided that if such investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of BP I if it is not already a Restricted Subsidiary of BP I), assets, or property or capital expenditures (including refurbishments), in each case used or useful in a Similar Business; or

(3) to make an investment in any one or more businesses (provided that if such investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of BP I), properties or assets that replace the properties and assets that are the subject of such Asset Sale.

In the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment; *provided* that in the event such binding commitment is later canceled or terminated for any reason before such Net Proceeds are so applied, BP I, BP II or such Restricted Subsidiary enters into another binding commitment (a *Second Commitment*) within nine months of such cancellation or termination of the prior binding commitment; *provided further* that BP I, BP II or such Restricted Subsidiary may only enter into a Second Commitment under the foregoing provision one time with respect to each Asset Sale.

Pending the final application of any such Net Proceeds, BP I, BP II or such Restricted Subsidiary may temporarily reduce Indebtedness under a revolving credit facility, if any, or otherwise invest such Net Proceeds in any manner not prohibited by the Senior Secured Notes Indenture. The Holders may not have control of, or a perfected security interest in, Net Proceeds of any Collateral, which could have the effect of diminishing the value of, and ability to collect with respect to, that Collateral. Any Net Proceeds from any Asset Sale that are not applied as provided and within the time period set forth in the immediately two preceding paragraphs (it being understood that any portion of such Net Proceeds used to make an offer to purchase Senior Secured Notes, as described in clause (1) above, shall be deemed to have been invested whether or not such offer is accepted) will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds 20.0 million, the Issuers shall make an offer to all holders of Senior Secured Notes (and, at the option of the Issuers, to holders of any First Lien Obligations of an Issuer or Senior Secured Note Guarantor or any other Indebtedness of a Restricted Subsidiary of BP I that is not an Obligor) (an *Asset Sale Offer*) to purchase on a pro rata basis the maximum principal amount of Senior Secured Notes (and such First Lien Obligations and other Indebtedness), that is at least \$100,000 and an integral multiple of \$1,000 that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof (or, in the event such First Lien Obligations or other Indebtedness was issued with significant original issue discount, 100% of the accreted value thereof), plus accrued and unpaid interest and additional interest, if any (or, in respect of such First Lien Obligations or other Indebtedness, such lesser price, if any, as

Table of Contents

may be provided for by the terms of such First Lien Obligations or other Indebtedness), to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Senior Secured Notes Indenture. The Issuers will commence an Asset Sale Offer with respect to Excess Proceeds within ten (10) Business Days after the date that Excess Proceeds exceed 20.0 million by mailing (or otherwise delivering in accordance with applicable DTC procedures) the notice required pursuant to the terms of the Senior Secured Notes Indenture, with a copy to the Trustee. To the extent that the aggregate amount of Senior Secured Notes (and such First Lien Obligations or other Indebtedness) tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, BP I, BP II or such Restricted Subsidiary may use any remaining Excess Proceeds for general corporate purposes. If the aggregate principal amount of Senior Secured Notes (and such First Lien Obligations or other Indebtedness) surrendered by holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Senior Secured Notes to be purchased in the manner described below. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. An Asset Sale Offer need not be made by the Issuers until the date that is 12 months after the date on which an Asset Sale is made, the proceeds of which, in aggregate with all funds not applied in accordance with this covenant or the subject of an Asset Sale Offer, exceed 20.0 million.

The Issuers will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations to the extent such laws or regulations are applicable in connection with the repurchase of the Senior Secured Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Secured Notes Indenture, the Issuers will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Secured Notes Indenture by virtue thereof.

If more Senior Secured Notes (and such First Lien Obligations or other Indebtedness) are tendered pursuant to an Asset Sale Offer than the Issuers are required to purchase, selection of such Senior Secured Notes for purchase will be made by the Trustee on a pro rata basis, to the extent practicable and in compliance with the requirements of DTC, and any stock exchange on which the Senior Secured Notes are then admitted to trading; *provided* that no Senior Secured Notes of \$100,000 or less shall be purchased in part. Selection of such First Lien Obligations or other Indebtedness will be made pursuant to the terms of such First Lien Obligations or other Indebtedness.

An Asset Sale Offer insofar as it relates to the Senior Secured Notes, will remain open for a period of not less than 20 Business Days following its commencement (the *Offer Period*). No later than five Business Days after the termination of the applicable Offer Period the Issuers will purchase the principal amount of the Senior Secured Notes (and purchase or repay any relevant First Lien Obligations or other Indebtedness required to be so purchased or repaid as set out above) validly tendered.

To the extent that any portion of the Net Proceeds payable in respect of the Senior Secured Notes is denominated in a currency other than the currency in which the relevant Senior Secured Notes are denominated, the amount payable in respect of such Senior Secured Notes shall not exceed the net amount of funds in the currency in which such Senior Secured Notes are denominated as is actually received by BP I, BP II or such Restricted Subsidiary upon converting the relevant portion of the Net Proceeds into such currency.

Notices of an Asset Sale Offer shall be mailed by first-class mail, postage prepaid (or otherwise delivered in accordance with applicable DTC procedures) at least 30 but not more than 60 days before the purchase date to each holder of Senior Secured Notes at such holder's registered address. If any Senior Secured Note is to be purchased in part only, any notice of purchase that relates to such Senior Secured Note shall state the portion of the principal amount thereof that has been or is to be purchased.

The provisions under the Senior Secured Notes Indenture relating to the Issuers' obligation to make an Asset Sale Offer may be waived or modified with the consent of a majority in principal amount of the Senior Secured Notes.

Table of Contents

In the event that an Asset Sale occurs at a time when the Issuers are prohibited from purchasing Senior Secured Notes, the Issuers could seek the consent of their lenders to purchase the Senior Secured Notes or could attempt to refinance the borrowings that contain such prohibition. If the Issuers do not obtain such a consent or repay such borrowings, the Issuers will remain prohibited from purchasing Senior Secured Notes. In such case, the Issuers' failure to purchase tendered Senior Secured Notes would constitute an Event of Default under the Senior Secured Notes Indenture that is likely, in turn, to constitute a default under the Issuers' other Indebtedness.

Transactions with Affiliates. The Senior Secured Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction or series of transactions, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Issuers (each of the foregoing, an *Affiliate Transaction*) involving aggregate consideration in excess of \$15.0 million, unless:

(a) such Affiliate Transaction is on terms that are not materially less favorable to BP I, BP II or the relevant Restricted Subsidiary than those that could have been obtained in a comparable transaction by BP I, BP II or such Restricted Subsidiary with an unrelated Person; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$30.0 million, BP I or BP II delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of BP I or BP II, approving such Affiliate Transaction and set forth in an Officers Certificate certifying that such Affiliate Transaction complies with clause (a) above.

An Affiliate Transaction shall be deemed to have satisfied the approval requirements set forth in the preceding paragraph if (i) such Affiliate Transaction is approved by a majority of the Disinterested Directors or (ii) in the event there are no Disinterested Directors, a fairness opinion is provided by an Independent Financial Advisor with respect to such Affiliate Transaction.

The foregoing provisions will not apply to the following:

(1) transactions between or among BP I, BP II or any Restricted Subsidiaries (or an entity that becomes a Restricted Subsidiary as a result of such transaction) or between or among Restricted Subsidiaries or any Receivables Subsidiary and any merger, consolidation or amalgamation of BP I, BP II and any direct parent of BP I or BP II; *provided* that such parent shall have no material liabilities and no material assets other than cash, Cash Equivalents and the Capital Stock of BP I and BP II and such merger, consolidation or amalgamation is otherwise in compliance with the terms of the Senior Secured Notes Indenture and effected for a bona fide business purpose;

(2) Restricted Payments permitted by the provisions of the Senior Secured Notes Indenture described above under the covenant *Certain Covenants* *Limitation on Restricted Payments* and *Permitted Investments*;

(3) the entering into of any agreement (and any amendment or modification of any such agreement) to pay, and the payment of, annual management, consulting, monitoring and advisory fees to Rank in an aggregate amount in any fiscal year not to exceed 1.5% of EBITDA of BP I, BP II and the Restricted Subsidiaries for the immediately preceding fiscal year, plus out-of-pocket expense reimbursement;

(4) the payment of reasonable and customary fees and reimbursement of expenses paid to, and indemnity provided on behalf of, officers, directors, employees or consultants of BP I, BP II or any Restricted Subsidiary or any direct or indirect parent of BP I or BP II;

(5) payments by BP I, BP II or any Restricted Subsidiaries to Rank made for any financial advisory, financing, underwriting or placement services or in respect of other investment banking activities,

including, without limitation, in connection with the Transactions, acquisitions or divestitures, which payments are (x) made pursuant to the agreements with Rank described in the Offering Circular under the caption Shareholders and Related Party Transactions or (y) approved by a majority of the Board of Directors of BP I or BP II in good faith;

(6) transactions in which BP I, BP II or any Restricted Subsidiaries, as the case may be, delivers to the Trustee a letter from an Independent Financial Advisor stating that such transaction is fair to BP I, BP II or such Restricted Subsidiary from a financial point of view or meets the requirements of clause (a) of the preceding paragraph;

(7) payments or loans (or cancellation of loans) to directors, employees or consultants which are approved by a majority of the Board of Directors of BP I or BP II in good faith;

(8) any agreement as in effect as of the Issue Date or any amendment thereto (so long as any such agreement together with all amendments thereto, taken as a whole, is not more disadvantageous to the holders of the Senior Secured Notes in any material respect than the original agreement as in effect on the Issue Date) or any transaction contemplated thereby as determined in good faith by senior management or the Board of Directors of BP I or BP II;

(9) the existence of, or the performance by BP I, BP II or any Restricted Subsidiaries of its obligations under the terms of, the Acquisition Documents, the Reynolds Acquisition Documents, the Evergreen Acquisition Documents, the Pactiv Acquisition Document, the Reynolds Foodservice Acquisition Document, the Credit Agreement Documents, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, any Additional Intercreditor Agreement, any shareholders agreement, (including any registration rights agreement or purchase agreement related thereto) to which it is a party as of the Issue Date or any other agreement or arrangement in existence on the Issue Date or described in the Offering Circular and, in each case, any amendment thereto or similar transactions, agreements or arrangements which it may enter into thereafter; *provided, however*, that the existence of, or the performance by BP I, BP II or any Restricted Subsidiaries of its obligations under, any future amendment to any such existing transaction, agreement or arrangement or under any similar transaction, agreement or arrangement entered into after the Issue Date shall only be permitted by this clause (9) to the extent that the terms of any such existing transaction, agreement or arrangement together with all amendments thereto, taken as a whole, or new transaction, agreement or arrangement are not otherwise more disadvantageous to the holders of the Senior Secured Notes in any material respect than the original transaction, agreement or arrangement as in effect on the Issue Date;

(10) the execution of the Transactions, the 2009 Post-Closing Reorganization and the payment of all fees and expenses, bonuses and awards related to the Transactions, including fees to Rank, that are described in the Offering Circular or contemplated by the Acquisition Documents, the Reynolds Acquisition Documents, the Evergreen Acquisition Documents, the Pactiv Acquisition Document, the Reynolds Foodservice Acquisition Document or by any of the other documents related to the Transactions;

(11) (a) transactions with customers, clients, suppliers or purchasers or sellers of goods or services, or transactions otherwise relating to the purchase or sale of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Senior Secured Notes Indenture, which are fair to BP I, BP II and the Restricted Subsidiaries in the reasonable determination of the Board of Directors or the senior management of BP I or BP II, or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party or (b) transactions with joint ventures or Unrestricted Subsidiaries entered into in the ordinary course of business;

(12) any transaction effected as part of a Qualified Receivables Financing or a Financing Disposition;

- (19) pledges of Equity Interests of Unrestricted Subsidiaries;
- (20) the formation and maintenance of any consolidated or combined group or subgroup for tax, accounting or cash pooling or management purposes in the ordinary course of business;

Liens. The **Senior Secured Notes Indenture** provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, create, incur or suffer to exist any Lien on any asset or property of BP I, BP II or such Restricted Subsidiary (including Capital Stock or Indebtedness of a Restricted Subsidiary), whether owned on the Issue Date or acquired thereafter, or any interest therein or any income, profits or proceeds therefrom securing any Indebtedness, except Permitted Liens.

In addition, the **Senior Secured Notes Indenture** provides that at any time the **First Lien Obligations** consist solely of the **Senior Secured Notes** and other **Public Debt** that contains limitations similar to those set forth under **Security Limitations on Stock Collateral**, BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, create, incur or suffer to exist any Lien on any **Excluded Stock Collateral**, except for any Lien in favor of the **Senior Secured Notes** and any other **First Lien Obligations** consisting of **Public Debt** with substantially similar limitations as those set forth under **Security Limitations on Stock Collateral**.

Notwithstanding that RGHL or the Issuers may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, RGHL (and the Issuers) will file with the SEC (and provide the Trustee and holders

of the Senior Secured Notes with copies thereof, without cost to each holder, within 15 days after it files them with the SEC),

(1) within the time period specified in the SEC's rules and regulations, annual reports on Form 20-F (or any successor or comparable form applicable to RGHL or the Issuers within the time period for non-accelerated filers to the extent such term is applicable to such form) containing the information required to be contained therein (or required in such successor or comparable form); *provided, however*, that, prior to the filing of the Senior Secured Notes Exchange Offer Registration Statement or the Senior Secured Notes Shelf Registration Statement, as the case may be, such report shall not be required to contain any certification required by any such form or by law,

provided, however, that RGHL (and the Issuers) shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event RGHL (or the Issuers) will post the reports specified in the first sentence of this paragraph on its website within the time periods that would apply if RGHL were required to file those reports with the SEC. In addition, RGHL will make available such information to prospective purchasers of Senior Secured Notes, in addition to providing such information to the Trustee and the holders of the Senior Secured Notes, in each case within 15 days after the time RGHL would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act. Notwithstanding the foregoing, RGHL and the Issuers may satisfy the foregoing reporting requirements (i) prior to the filing with the SEC of the Senior Secured Notes Exchange Offer Registration Statement, or if the Senior Secured Notes Exchange Offer Registration Statement is not filed within the applicable time limits pursuant to the Senior Secured Notes Registration Rights Agreement, the Senior Secured Notes Shelf Registration Statement, by providing the Trustee and the secured noteholders with (x) substantially the same information as would be required to be filed with the SEC by RGHL and the Issuers on Form 20-F (or any successor or comparable form applicable to RGHL or the Issuers) if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within 90 days after the end of the applicable fiscal year and (y) substantially the same information as would be required to be filed with the SEC by RGHL and the Issuers on Form 10-Q (or any successor or comparable form applicable to RGHL or the Issuers) if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within 60 days after the end of the applicable fiscal quarter and (ii) after filing with the SEC the Senior Secured Notes Exchange Offer Registration Statement, or if the Senior Secured Notes Exchange Offer Registration Statement is not filed within the applicable time limits pursuant to the Senior Secured Notes Registration Rights Agreement, the Senior Secured Notes Shelf Registration Statement, but prior to the effectiveness of the Senior Secured Notes Exchange Offer Registration Statement or Senior Secured Notes Shelf Registration Statement, by publicly filing with the SEC the Senior Secured Notes Exchange Offer Registration Statement or Senior Secured Notes Shelf Registration Statement, to the extent any such registration statement contains substantially the same information as would be required to be filed by RGHL and the Issuers if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, and by providing the Trustee and the secured

noteholders with such registration statement (and amendments thereto) promptly following the filing with the SEC thereof.

Notwithstanding the foregoing, the annual reports, information, documents and other reports filed with the SEC will include all of the information, with respect to the financial condition and results of operations of BP I and BP II on a combined basis separate from the financial condition and results of operations from RGHL on a consolidated basis, that RGHL, BP I and BP II are required to include in information, documents and other reports made available pursuant to the 2009 Indenture (such information, the *Required Financial Information*). If RGHL's, BP I's or BP II's obligations to provide the Required Financial Information shall cease to be in full force and effect, RGHL, BP I and BP II shall make available to the Trustee and the secured noteholders information substantially equivalent to the Required Financial Information as if their obligations to provide such information under the 2009 Indenture remained in full force and effect.

Notwithstanding the foregoing, RGHL will be deemed to have furnished such reports referred to above to the Trustee and the holders of the Senior Secured Notes if RGHL has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available.

The Senior Secured Notes Indenture also provides that, so long as any of the Senior Secured Notes remain outstanding and during any period during which BP I or the Issuers are not subject to Section 13 or 15(d) of the Exchange Act, or otherwise permitted to furnish the SEC with certain information pursuant to Rule 12g 3-2(b) of the Exchange Act, each Issuer will make available to the holders of the Senior Secured Notes and to prospective investors, upon their request, the information required to be delivered by Rule 144A(d)(4) under the Securities Act.

Future Senior Secured Note Guarantors. The Senior Secured Notes Indenture provides that each Restricted Subsidiary (unless such Subsidiary is an Issuer, a Senior Secured Note Guarantor or a Receivables Subsidiary) that guarantees, assumes or in any other manner becomes liable with respect to (a) any Indebtedness under any Credit Agreement or (b) any Public Debt (including any proceeds loans or other intercompany loans in respect thereof) of BP I, BP II, an Issuer or any Senior Secured Note Guarantor, in each case, will execute and deliver to the Trustee a supplemental indenture pursuant to which such Restricted Subsidiary will guarantee payment of the Senior Secured Notes; *provided* that notwithstanding the foregoing:

- (d) no Senior Secured Note Guarantee shall be required as a result of any Indebtedness or guarantee of Indebtedness that existed at the time such Person became a Restricted Subsidiary if the Indebtedness or guarantee was not Incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary;
- (e) no such Senior Secured Note Guarantee need be secured unless required pursuant to the **Future Collateral** covenant;
- (f) if such Indebtedness is by its terms expressly subordinated to the Senior Secured Notes or any Senior Secured Note Guarantee, any such assumption, guarantee or other liability of such Restricted Subsidiary with respect to such

(k) each such Senior Secured Note Guarantee will be limited as necessary to recognize certain defenses generally available to guarantors (including those that relate to fraudulent conveyance or transfer, voidable preference, financial assistance, corporate purpose, capital maintenance or similar laws, regulations or defenses affecting the rights of creditors generally) or other considerations under applicable law.

The Senior Secured Note Guarantees shall be released in accordance with the provisions of the Senior Secured Notes Indenture described under Senior Secured Note Guarantees.

Bank of Thailand Approval and Thai Business Permit. The Senior Secured Notes Indenture provides that, within 45 days after the Issue Date (or on such later date as may be permitted by the Applicable Representative in its sole discretion) SIG Combibloc Limited (Thailand) (the Thai Guarantor) shall apply to the Bank of Thailand for, and use commercially reasonable efforts to obtain, in-principle approval for the remittance of any foreign currency sum pursuant to the Thai Guarantor's obligation to make any payment under the Thai Senior Secured Note Guarantee (as defined below).

If such Bank of Thailand in-principle approval is received, the Thai Guarantor shall promptly apply for, and shall use commercially reasonable efforts to obtain, the requisite permit under the Alien Business Act B.E. 2542 from the Director-General of the Department of Business Development, Ministry of Commerce of Thailand (the Thai Business Permit) permitting the Thai Guarantor to provide a guarantee for payment of the Senior Secured Notes (the Thai Senior Secured Note Guarantee) and to provide security in favor of the Senior Secured Notes.

Table of Contents

Notwithstanding the provisions set forth under Certain Covenants Future Senior Secured Note Guarantors, but subject to the exceptions to the requirement to provide a Senior Secured Note Guarantee contained therein, the Thai Guarantor shall execute and deliver to the Trustee a supplemental indenture pursuant to which it will guarantee payment of the Senior Secured Notes, and shall enter into the relevant Security Documents pursuant to which security interests in the relevant Collateral will be reaffirmed and extended to secure the Senior Secured Notes, within 60 days of obtaining its Thai Business Permit (or on such later date as may be permitted by the Applicable Representative in its sole discretion), provided that at such time it would, but for the provisions of this section, be required to grant a Senior Secured Note Guarantee under the terms of the section Certain Covenants Future Senior Secured Note Guarantors above.

In addition, in respect of any in-principle approval of the Bank of Thailand granted to the Thai Guarantor, the Thai Guarantor agrees to: (i) when it is required to remit the foreign currency sum pursuant to its obligation of payment under the Thai Senior Secured Note Guarantee, comply with the Bank of Thailand's requirements set out in such in-principle approval for obtaining the final approval of the Bank of Thailand for the remittance of such sum (to the full amount of its guarantee obligations), within the time limits specified by the Bank of Thailand (if any); (ii) if such in-principle approval has an expiry date, apply for the renewal or extension of such approval prior to the expiry date of such approval, so long as any of the obligations under the Thai Senior Secured Note Guarantee are outstanding; and (iii) comply with the conditions set out in the final approval (if any) to allow the Thai Guarantor to remit the approved foreign currency sum (to the fullest extent) for the payment under the Thai Senior Secured Note Guarantee.

Limitation on the US Issuers. Notwithstanding anything contained in the Senior Secured Notes Indenture to the contrary, neither of the US Issuers will, directly or indirectly, own or acquire any Equity Interests in a US Controlled Foreign Subsidiary.

Limitation on Ownership of Foreign Subsidiaries. No Foreign Subsidiary of RGHL shall also be a Subsidiary of a Domestic Subsidiary of RGHL unless such Domestic Subsidiary is a disregarded entity for US tax purposes; *provided, however,* that such limitation shall not apply to (x) any Foreign Subsidiary of RGHL that is a Subsidiary of SIG Combibloc Inc., Closure Systems International Inc., Closure Systems Mexico Holdings LLC, CSI Mexico LLC, Pactiv Corporation or Pactiv International Holdings, Inc. as of the Issue Date, (y) any Foreign Subsidiary of a Domestic Subsidiary at the time such Domestic Subsidiary becomes a Subsidiary of RGHL (*provided, however,* that such Foreign Subsidiary did not become a Subsidiary of such Domestic Subsidiary in connection with, or in contemplation of, such Domestic Subsidiary becoming a Subsidiary of RGHL) or (z) any Foreign Subsidiary that is not a US Controlled Foreign Subsidiary.

Limitation on Restricted Subsidiaries. RGHL will not, and will not permit any of its Restricted Subsidiaries to, take or knowingly or negligently omit to take any action which action or omission could reasonably be expected to or would have the result of any Subsidiary of Pactiv being a Restricted Subsidiary within the meaning of the Pactiv Base Indenture.

Fiscal Year. Each Issuer at all times will have the same fiscal year as BP I and BP II and RGHL.

Limitations on Amendment of 2007 Senior Subordinated Notes. Except with the consent of the Holders of a majority in outstanding aggregate principal amount of the Senior Secured Notes, BP II and the Obligors will not amend the 2007 Senior Subordinated Note Indenture or the notes and guarantees in respect of the foregoing if such amendment would result in any of the following:

(a) the principal obligor in respect of the 2007 Senior Subordinated Notes not being either RGHL or BP II;

(b) (x) except as may be otherwise permitted under the Senior Secured Notes Indenture under Certain Covenants
Future Senior Secured Note Guarantors, any Restricted Subsidiary other than a Senior Secured Note Guarantor or an
Issuer guaranteeing the 2007 Senior Notes or the 2007 Senior

Table of Contents

Subordinated Notes or (y) such guarantees not being subordinated to the Senior Secured Notes and Senior Secured Note Guarantees pursuant to the 2007 Intercreditor Agreement; or

(c) the terms of the 2007 Senior Subordinated Notes relating to subordination being materially less favorable overall to the Holders.

Impairment of Security Interest. Subject to the following paragraph, BP I shall not, and shall not permit any Restricted Subsidiaries to, take or knowingly or negligently omit to take, any action which action or omission might reasonably or would (in the good faith determination of the Issuers), have the result of materially impairing the value of the security interests taken as a whole (including the lien priority with respect thereto) with respect to the Collateral for the benefit of the Trustee and the Holders of the Senior Secured Notes (including materially impairing the lien priority of the Senior Secured Notes with respect thereto) (it being understood that any release described under Security Release of Collateral and the incurrence of Permitted Liens shall not be deemed to so materially impair the security interests with respect to the Collateral), *provided* that BP I, BP II and the Restricted Subsidiaries may Incur Permitted Liens and Liens otherwise permitted pursuant to Certain Covenants Liens.

The Senior Secured Notes Indenture provides that, at the direction of the Issuers and without the consent of the Holders, the Trustee (or its agent or designee) shall from time to time enter into one or more amendments, extensions, renewals, restatements, supplements or other modifications or replacements to or of the Security Documents to: (i) cure any ambiguity, omission, defect or inconsistency therein, (ii) provide for Permitted Liens or Liens otherwise permitted under Certain Covenants Liens, (iii) add to the Collateral or (iv) make any other change thereto that does not adversely affect the Holders in any material respect; *provided, however*, that, in the case of clauses (ii) and (iii), no Security Document may be amended, extended, renewed, restated, supplemented or otherwise modified, in each case in any material respect, or replaced, unless contemporaneously with such amendment, extension, renewal, restatement, supplement, modification or renewal, the Issuers deliver to the Trustee, either:

(a) a solvency opinion, in form and substance satisfactory to the Trustee, from an Independent Financial Advisor satisfactory to the Trustee confirming the solvency of BP I, BP II and their respective Subsidiaries, taken as a whole, after giving effect to any transactions related to such amendment, extension, renewal, restatement, supplement, modification or replacement; or

(b) an Opinion of Counsel, in form and substance satisfactory to the Trustee confirming that, after giving effect to any transactions related to such amendment, extension, renewal, restatement, supplement, modification or replacement, the Lien or Liens securing the Senior Secured Notes created under the Security Documents so amended, extended, renewed, restated, supplemented, modified or replaced remain valid and, to the extent applicable in the jurisdiction and required under the Agreed Security Principles, perfected, Liens.

Future Collateral. Subject to the Agreed Security Principles, as promptly as reasonably practicable after the acquisition by the Issuers or any Senior Secured Note Guarantor of any After-Acquired Collateral, the Issuers or such Senior Secured Note Guarantor shall execute and deliver such mortgages, deeds of trust, security instruments, financing statements and certificates and opinions of counsel as shall be reasonably necessary to vest in the Trustee a valid and, to the extent applicable in the applicable jurisdiction and required under the Agreed Security Principles, perfected, security interest, subject only to Permitted Liens, in such After-Acquired Collateral and to have such After-Acquired Collateral (but subject to certain limitations, if applicable), added to the Collateral, and thereupon all provisions of the Senior Secured Notes Indenture relating to the Collateral shall be deemed to relate to such After-Acquired Collateral to the same extent and with the same force and effect; *provided, however*, that if granting such security interest in such After-Acquired Collateral requires the consent of a third party, the Issuers will use commercially reasonable efforts to obtain such consent with respect to the security interest for the benefit of the Trustee on behalf of the Holders of the Senior Secured Notes; *provided further, however*, that if such third party does

not consent to the granting of such security interest after the use of such commercially reasonable efforts, the Issuers or such

Table of Contents

Senior Secured Note Guarantor, as the case may be, will not be required to provide such security interest. Under the commercially reasonable efforts standard, the Issuers will not be obligated to seek to obtain consent if, in the good faith determination of BP I, to do so would have a material adverse effect on the ability of the Issuers or the relevant Senior Secured Note Guarantors to conduct their operations and business in the ordinary course or if, in good faith determination of BP I, to do so would be inconsistent with the Agreed Security Principles.

Covenant Suspension. If (i) the Senior Secured Notes have Investment Grade Ratings from both Rating Agencies, and the Issuers have delivered written notice of such Investment Grade Ratings to the Trustee, and (ii) no Default has occurred and is continuing under the Senior Secured Notes Indenture, then, beginning on that day, BP I, BP II and the Restricted Subsidiaries will not be subject to the covenants (and related defaults) specifically listed under the following captions in this Description of the Senior Secured Notes section of the Offering Circular (the *Suspended Covenants*):

- (1) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock;
- (2) Limitation on Restricted Payments;
- (3) Dividend and Other Payment Restrictions Affecting Subsidiaries;
- (4) Asset Sales;
- (5) Transactions with Affiliates;
- (6) Future Senior Secured Note Guarantors;
- (7) Future Collateral;
- (8) clause (4) of the first paragraph of Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets; and
- (9) Change of Control.

In the event that BP I, BP II and the Restricted Subsidiaries are not subject to the Suspended Covenants under the Senior Secured Notes Indenture for any period of time as a result of the foregoing, and on any subsequent date one or both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Senior Secured Notes below an Investment Grade Rating or (b) BP I, BP II or any of their Affiliates enters into an agreement to effect a transaction that would result in a breach of a Suspended Covenant if not so suspended and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Senior Secured Notes below an Investment Grade Rating, then BP I, BP II and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Senior Secured Notes Indenture. Such covenants will not, however, be of any effect with regard to the actions of BP I, BP II and the Restricted Subsidiaries properly taken during the continuance of the covenant suspension and the covenant described under Limitation on Restricted Payments shall be interpreted as if it had been in effect since the Reference Date except that no Default will be deemed to have occurred and will not occur solely by reason of a Restricted Payment made during the covenant suspension.

During the continuance of the covenant suspension, no Restricted Subsidiary may be designated as an Unrestricted Subsidiary.

There can be no assurance that the Senior Secured Notes will ever achieve or maintain Investment Grade Ratings.

Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets

The Senior Secured Notes Indenture provides that each of BP I, BP II and each of the Issuers may not, directly or indirectly, consolidate, amalgamate or merge with or into or wind up or convert into (whether or not BP I, BP II or any Issuer, as applicable, is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets in one or more related transactions, to any Person unless:

(1) BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, is the surviving person or the Person formed by or surviving any such consolidation, amalgamation, merger, winding up or conversion (if other than BP I, BP II, the US Issuer I, the US Issuer II, or the Luxembourg Issuer, as applicable) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand (BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, or such Person, as the case may be, being herein called the *Successor Company*); *provided* that in the case where the surviving Person is not a corporation, a co-obligor of the Senior Secured Notes is a corporation;

(2) the *Successor Company* (if other than BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable) expressly assumes all the obligations of BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, under its Senior Secured Note Guarantee (if applicable) and the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement and the applicable Security Documents pursuant to supplemental indentures or other documents or instruments in form and substance satisfactory to the Trustee;

(3) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the *Successor Company* or any of its Restricted Subsidiaries as a result of such transaction as having been Incurred by the *Successor Company* or such Restricted Subsidiary at the time of such transaction), no Default shall have occurred and be continuing;

(4) immediately after giving pro forma effect to such transaction, as if such transaction had occurred at the beginning of the applicable four-quarter period (and treating any Indebtedness which becomes an obligation of the *Successor Company* or any of its Restricted Subsidiaries as a result of such transaction as having been Incurred by the *Successor Company* or such Restricted Subsidiary at the time of such transaction), either:

(a) the *Successor Company* would be permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described under *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*; or

(b) the Fixed Charge Coverage Ratio for the *Successor Company* and its Restricted Subsidiaries would be greater than such ratio for BP I, BP II and the Restricted Subsidiaries immediately prior to such transaction;

(5) if the *Successor Company* is not BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, the Issuers and each Senior Secured Note Guarantor, unless it is the other party to the transactions described above, shall have by supplemental indenture confirmed that its obligations under the Senior Secured Notes Indenture, Senior Secured Notes and Senior Secured Note Guarantee, the Security Documents, First Lien Intercreditor Agreement and 2007 Intercreditor Agreement, as applicable, shall apply to such Person's obligations under the Senior Secured Notes Indenture, the Senior Secured Notes, the Security Documents, the First Lien Intercreditor Agreement and 2007 Intercreditor Agreement and Senior Secured Note Guarantee; and

(6) the Issuers shall have delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such consolidation, merger, amalgamation or transfer and such supplemental indentures (if any) comply with the Senior Secured Notes Indenture, provided that in giving such opinion such counsel may rely on an Officers Certificate as to compliance with the foregoing clauses (3) and (4) and as to any matters of fact.

The Successor Company (if other than BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable) will succeed to, and be substituted for, BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, under the applicable Senior Secured Note Guarantee (if applicable), the Senior Secured Notes Indenture, the applicable Security Documents, the First Lien Intercreditor Agreement and 2007 Intercreditor Agreement, and in such event BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, will automatically be released and discharged from its obligations under the applicable Senior Secured Note Guarantee and the Senior Secured Notes Indenture, the applicable Security Documents, the First Lien Intercreditor Agreement and 2007 Intercreditor Agreement. Notwithstanding the foregoing clauses (3) and (4), (a) any Restricted Subsidiary (other than an Issuer) may merge, consolidate or amalgamate with or transfer all or part of its properties and assets to BP I, BP II or to another Restricted Subsidiary, and (b) BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer may merge, consolidate or amalgamate with an Affiliate incorporated solely for the purpose of reincorporating BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer in a member state of (or in another member state of) the European Union on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand or may convert into a limited liability company, so long as the amount of Indebtedness of BP I, BP II and the Restricted Subsidiaries is not increased thereby. The provisions set forth in this

Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets will not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among BP I, BP II and the Restricted Subsidiaries.

The Senior Secured Notes Indenture further provides that, subject to certain limitations in the Senior Secured Notes Indenture governing release of a Senior Secured Note Guarantee upon the sale or disposition of a Restricted Subsidiary that is a Senior Secured Note Guarantor, no Senior Secured Note Guarantor (other than RGHL) will, and BP I and BP II will not permit any Senior Secured Note Guarantor (other than RGHL) to, consolidate, amalgamate or merge with or into or wind up into (whether or not such Senior Secured Note Guarantor is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets in one or more related transactions to, any Person unless:

(1) either (a) such Senior Secured Note Guarantor is the surviving Person or the Person formed by or surviving any such consolidation, amalgamation or merger (if other than such Senior Secured Note Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof or New Zealand (such Senior Secured Note Guarantor or such Person, as the case may be, being herein called the *Successor Senior Secured Note Guarantor*), and the Successor Senior Secured Note Guarantor (if other than such Senior Secured Note Guarantor) expressly assumes all the obligations of such Senior Secured Note Guarantor under the Senior Secured Notes Indenture, the relevant Security Documents, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement and such Senior Secured Note Guarantor's Senior Secured Note Guarantee pursuant to a supplemental indenture or other documents or instruments in form satisfactory to the Trustee, or (b) if such sale or disposition or consolidation, amalgamation or merger is with a Person other than BP I, BP II or any Restricted Subsidiary, such sale or disposition or consolidation, amalgamation or merger is not in violation of the covenant described above under the caption *Certain Covenants Asset Sales*; and

(2) the Successor Senior Secured Note Guarantor (if other than such Senior Secured Note Guarantor) shall have delivered or caused to be delivered to the Trustee an Officers Certificate and an

Opinion of Counsel, each stating that such consolidation, amalgamation, merger or transfer and such supplemental indenture (if any) comply with the Senior Secured Notes Indenture.

Subject to certain limitations described in the Senior Secured Notes Indenture, in a transaction to which the immediately preceding paragraph 1(a) applies, the Successor Senior Secured Note Guarantor (if other than such Senior Secured Note Guarantor) will succeed to, and be substituted for, such Senior Secured Note Guarantor under the Senior Secured Notes Indenture and such Senior Secured Note Guarantor's Senior Secured Note Guarantee, and such Senior Secured Note Guarantor will automatically be released and discharged from its obligations under the Senior Secured Notes Indenture and such Senior Secured Note Guarantor's Senior Secured Note Guarantee. Notwithstanding the foregoing, (1) a Senior Secured Note Guarantor may merge, amalgamate or consolidate with an Affiliate incorporated solely for the purpose of reincorporating such Senior Secured Note Guarantor in a member state of (or another member state of) the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand so long as the amount of Indebtedness of the Senior Secured Note Guarantor is not increased thereby, and (2) a Senior Secured Note Guarantor may merge, amalgamate or consolidate with another Senior Secured Note Guarantor, an Issuer, BP I or BP II.

In addition, notwithstanding the foregoing, any Senior Secured Note Guarantor may consolidate, amalgamate or merge with or into or wind up into, or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets (collectively, a *Transfer*) to (x) BP I, an Issuer or any Senior Secured Note Guarantor or (y) any Restricted Subsidiary that is not a Senior Secured Note Guarantor; *provided* that at the time of each such Transfer pursuant to clause (y) the aggregate amount of all such Transfers since the Issue Date shall not exceed 5.0% of the consolidated assets of BP I, BP II, the Issuers and the Senior Secured Note Guarantors as shown on the most recent available combined consolidated balance sheet of BP I, BP II, the Issuers and the Restricted Subsidiaries after giving effect to each such Transfer and including all Transfers occurring from and after the Issue Date (excluding Transfers in connection with the Transactions described in the Offering Circular). Subject to the foregoing, upon a Transfer to a Restricted Subsidiary that is not a Senior Secured Note Guarantor, any Collateral subject to security interests in favor of the Senior Secured Notes will be automatically released from such security interests and the Senior Secured Notes will no longer have the benefit of such Collateral.

Additional Covenants. The Senior Secured Notes Indenture also contains covenants with respect to the following matters: (a) payment of the principal, premium, any Additional Amounts and interest; (b) maintenance of an office or agency in New York; and (c) arrangements regarding the handling of money held.

Defaults

An Event of Default is defined in the Senior Secured Notes Indenture as:

- (1) a default in any payment of interest on any Senior Secured Note when due, continued for 30 days;
- (2) a default in the payment of principal or premium, if any, of any Senior Secured Note when due at its Stated Maturity, upon optional redemption, upon required repurchase (other than with respect to any Change of Control Payment, which shall be governed by clause (4) below), upon declaration or otherwise;

- (5) the failure by BP I, BP II, an Issuer or any Significant Subsidiary to pay any Indebtedness (other than Indebtedness owing to BP I, BP II or a Restricted Subsidiary) within any applicable grace period after final maturity or the acceleration of any such Indebtedness by the holders thereof because of a default, in each case, if the total amount of such Indebtedness unpaid or accelerated exceeds \$30.0 million or its foreign currency equivalent (the *cross-acceleration provision*);
- (6) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer, a Significant Subsidiary or any Restricted Subsidiary that, directly or indirectly, owns or holds any Equity Interest of an Issuer (the *bankruptcy provisions*);
- (7) failure by BP I, BP II, an Issuer or any Significant Subsidiary to pay final judgments aggregating in excess of \$50.0 million or its foreign currency equivalent (net of any amounts which are covered by enforceable insurance policies issued by solvent carriers), which judgments are not discharged, waived or stayed for a period of 60 days (the *judgment default provision*); or
- (8) any Senior Secured Note Guarantee of RGHL, BP I or a Significant Subsidiary (or any Senior Secured Note Guarantee of one or more Senior Secured Note Guarantors that collectively would represent a Significant Subsidiary) ceases to be in full force and effect (except as contemplated by the terms thereof or the terms of the Senior Secured Notes Indenture or the First Lien Intercreditor Agreement) or BP I, BP II or any Senior Secured Note Guarantor that qualifies as a Significant Subsidiary (or one or more Senior Secured Note Guarantors that collectively would represent a Significant Subsidiary) denies or disaffirms its obligations under the Senior Secured Notes Indenture or any Senior Secured Note Guarantee and such Default continues for 20 days; or
- (9) the security interest in the Collateral created under any Security Document shall, at any time, cease to be in full force and effect and constitute a valid and, to the extent applicable and required by the Agreed Security Principles, perfected, lien with the priority required by the Senior Secured Notes Indenture for any reason other than the satisfaction in full of all obligations under the Senior Secured Notes Indenture and discharge of the Senior Secured Notes Indenture or in accordance with the terms of the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement or as provided under Security Releases above or any security interest created under any Security Document shall be invalid or unenforceable (other than any such failure to be in full force and effect and constitute a valid and, to the extent applicable and required by the Agreed Security Principles, perfected, lien with the priority required by the Senior Secured Notes Indenture or any invalidity or unenforceability that would not be material to the Holders) or RGHL, BP I, an Issuer or any Person granting Collateral the subject of any such security interest shall assert, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable and in each case (but only in the event that such failure to be in full force and effect and constitute a valid and, to the extent applicable and required by the Agreed Security Principles, perfected, lien with the priority required by the Senior Secured Notes Indenture or such invalidity or unenforceability or failure to be perfected or such assertion is capable of being cured without imposing any new hardening period, in equity or at law, to which such security interest was not otherwise subject immediately prior to such failure or assertion, other than any such hardening period that is also applicable to any other Lien over the relevant Collateral) such failure or such assertion shall have continued uncured for a period of (x) 30 days after the Issuers become aware of such failure with respect to any Collateral of a Domestic Subsidiary of BP I (other than Collateral which is an Equity Interest of a Foreign Subsidiary) or (y) 60 days after the Issuers become aware of such failure otherwise (the *security default provision*).

The foregoing constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

However, a default under clause (4) (other than a failure to purchase Senior Secured Notes) will not constitute an Event of Default until the Trustee or the holders of 25% in principal amount of outstanding Senior Secured Notes of such series notify the Issuers of the default and the Issuers do not cure or cause the cure of such default within the time specified in clause (4) hereof, after receipt of such notice.

If an Event of Default (other than a Default relating to (x) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer or any Restricted Subsidiary that, directly or indirectly, holds or owns any Equity Interest of an Issuer or (y) the covenant Limitation on the U.S. Issuers) occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of outstanding Senior Secured Notes by notice to the Issuers may declare the principal of, premium, if any, and accrued but unpaid interest (including additional interest, if any) on all the Senior Secured Notes to be due and payable. Upon such a declaration, such principal and interest will be due and payable immediately. If an Event of Default relating to (x) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer or any Restricted Subsidiary that, directly or indirectly, holds or owns any Equity Interest of an Issuer or (y) the covenant Limitation on the U.S. Issuers occurs, the principal of, premium, if any, and interest on all the Senior Secured Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any holders. Under certain circumstances, the holders of a majority in principal amount of outstanding Senior Secured Notes may rescind any such acceleration with respect to the Senior Secured Notes and its consequences.

In the event of any Event of Default specified in clause (5) of the first paragraph above, such Event of Default and all consequences thereof (excluding, however, any resulting payment default) will be annulled, waived and rescinded, automatically and without any action by the Trustee or the holders of the Senior Secured Notes, if within 20 days after such Event of Default arose the Issuers deliver an Officers Certificate to the Trustee stating that (x) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged or (y) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default or (z) the default that is the basis for such Event of Default has been cured, it being understood that in no event shall an acceleration of the principal amount of the Senior Secured Notes as described above be annulled, waived or rescinded upon the happening of any such events.

Subject to the provisions of the Senior Secured Notes Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Senior Secured Notes Indenture at the request or direction of any of the holders unless such holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no holder may pursue any remedy with respect to the Senior Secured Notes Indenture or the Senior Secured Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing,
- (2) Holders of at least 25% in principal amount of the outstanding Senior Secured Notes have requested the Trustee to pursue the remedy,
- (3) such Holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense,
- (4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity, and

(5) the Holders of a majority in principal amount of the outstanding Senior Secured Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of outstanding Senior Secured Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Senior Secured Notes Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability. Prior to taking any action under the Senior Secured Notes Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action. We cannot assure you that indemnification satisfactory to the Trustee will be on commercially reasonable terms or terms acceptable to holders of the Senior Secured Notes such that an agreement will be reached and the Trustee will act on behalf of the secured noteholders.

The Senior Secured Notes Indenture provides that if a Default occurs and is continuing and has been notified to the Trustee, the Trustee must mail (or otherwise deliver in accordance with applicable DTC procedures) to each holder of Senior Secured Notes notice of the Default within the earlier of 90 days after it occurs or 30 days after written notice of it is received by the Trustee. In addition, the Issuers are required to deliver to the Trustee, within 120 days after the end of each fiscal year and in any event, within 14 days of request by the Trustee, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Issuers also are required to deliver to the Trustee (i) as soon as any of them become aware of the occurrence of an Event of Default, written notice of the occurrence of such Event of Default and (ii) within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action BP I, BP II or any Issuer is taking or proposes to take in respect thereof.

Additional Intercreditor Agreements

The Senior Secured Notes Indenture provides that, at the request of the Issuers, in connection with the Incurrence by BP I, BP II or the Restricted Subsidiaries of any Indebtedness for borrowed money permitted pursuant to the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, constituting First Lien Obligations or Subordinated Indebtedness of BP I, BP II, any Issuer or any Senior Secured Note Guarantor, BP I, BP II, the Issuers, the relevant Restricted Subsidiaries and the Trustee shall enter into with the holders of such Indebtedness (or their duly authorized Representatives) one or more intercreditor agreements (each an *Additional Intercreditor Agreement*) on substantially the same terms as one or both of the First Lien Intercreditor Agreement and the 2007 Intercreditor Agreement (or, in each case, on terms not materially less favorable to the holders of the Senior Secured Notes), including containing substantially the same terms with respect to enforcement and release of Senior Secured Note Guarantees and Collateral; *provided*, that such Additional Intercreditor Agreement will not impose any personal obligations on the Trustee or, in the opinion of the Trustee, adversely affect the rights, duties, liabilities or immunities of the Trustee under the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement or the 2007 Intercreditor Agreement.

The Senior Secured Notes Indenture also provides that, at the direction of the Issuers and without the consent of secured noteholders, the Trustee shall from time to time enter into one or more amendments to the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement to: (1) cure any ambiguity, omission, mistake, defect or inconsistency of any such agreement, (2) increase the amount or types of Indebtedness covered by any such agreement that may be Incurred by BP I, BP II or a Restricted Subsidiary (including with respect to the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement the addition of provisions relating to new Indebtedness ranking junior in right of payment to the Senior Secured Notes), (3) add parties to the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement

or an Additional Intercreditor Agreement, including Senior Secured Note Guarantors, or successors, including successor trustees or other Representatives,

(4) secure the Senior Secured Notes (including Additional Senior Secured Notes), First Lien Obligations or any Subordinated Indebtedness, in each case to the extent permitted to be Incurred and so secured hereunder, (5) make provision for pledges of any collateral to secure the Senior Secured Notes (including any Additional Senior Secured Notes), First Lien Obligations or any Subordinated Indebtedness, in each case to the extent permitted to be Incurred and so secured hereunder or (6) make any other change to any such agreement that does not adversely affect the Senior Secured Notes in any material respect. The Issuers shall not otherwise direct the Trustee to enter into any amendment to the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement without the consent of the holders representing a majority in aggregate principal amount of the Senior Secured Notes then outstanding, except as otherwise permitted below under Amendments and Waivers, and the Issuers may only direct the Trustee to enter into any amendment to the extent such amendment does not impose any personal obligations on the Trustee or, in the opinion of the Trustee, adversely affect the rights, duties, liabilities or immunities of the Trustee under the Senior Secured Notes Indenture or the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement.

The Senior Secured Notes Indenture also provides that each secured noteholder, by accepting a Senior Secured Note, shall be deemed to have agreed to and accepted the terms and conditions of the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement and any Additional Intercreditor Agreement (whether then entered into or entered into in the future pursuant to the provisions described herein) and the performance by the Trustee of its obligations and the exercise of its rights thereunder and in connection therewith. A copy of the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement and any Additional Intercreditor Agreement shall be made available for inspection during normal business hours on any Business Day upon prior written request at the offices of the Trustee.

Amendments and Waivers

Subject to certain exceptions, the Senior Secured Notes Indenture, the Senior Secured Notes, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, Additional Intercreditor Agreements, the Security Documents and the Senior Secured Notes may be amended with the consent of the holders of a majority in principal amount of the Senior Secured Notes then outstanding and any past default or compliance with any provisions may be waived with the consent of the holders of a majority in principal amount of the Senior Secured Notes then outstanding; *provided, however*, that without the consent of each holder of an outstanding Senior Secured Note affected, no amendment may, among other things:

- (1) reduce the amount of Senior Secured Notes whose holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any Senior Secured Note;
- (3) reduce the principal of or extend the Stated Maturity of any Senior Secured Note;
- (4) reduce the premium or amount payable upon the redemption of any Senior Secured Note, change the time at which any Senior Secured Note may be redeemed as described under Optional Redemption, or Redemption for Changes in Withholding Taxes;
- (5) make any Senior Secured Note payable in money other than that stated in such Senior Secured Note;
- (6) expressly subordinate the Senior Secured Notes or any Senior Secured Note Guarantee to any other Indebtedness of any Issuer, BP I or any Senior Secured Note Guarantor not otherwise permitted by the Senior Secured Notes Indenture;

(7) impair the right of any holder to receive payment of principal of, premium, if any, and interest on such holder's Senior Secured Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's Senior Secured Notes;

(8) make any change in the amendment provisions which require the holder's consent as described in this sentence or in the waiver provisions;

(9) change the provisions of the First Lien Intercreditor Agreement or the 2007 Intercreditor Agreement or any Additional Intercreditor Agreement in any manner adverse to the interests of the Holders in any material respect; or

(10) make any change in the provisions of the Senior Secured Notes Indenture described under **Withholding Taxes** that adversely affects the rights of any Holder to receive payments of Additional Amounts pursuant to such provisions or amend the terms of the Senior Secured Notes or the Senior Secured Notes Indenture in a way that would result in the loss of an exemption from any of the Taxes described thereunder that are required to be withheld or deducted by any Relevant Taxing Jurisdiction from any payments made on the Senior Secured Note or any Senior Secured Note Guarantees by the Payors, unless RGHL or any Restricted Subsidiary agrees to pay any Additional Amounts that arise as a result. For purposes of this paragraph (10) a Relevant Taxing Jurisdiction shall include the United States.

Without the consent of the holders of the requisite percentage of the aggregate principal amount of the Senior Secured Notes then outstanding required by the Trust Indenture Act (which consents may be obtained in connection with a tender offer or exchange offer for the Senior Secured Notes), no amendment or waiver may release from the Lien of the Senior Secured Notes Indenture and the Security Documents all or substantially all of the Collateral; *provided, however,* that if any such amendment or waiver disproportionately adversely affects one series of Senior Secured Notes, such amendment or waiver shall also require the consent of the holders of at least the requisite percentage of the aggregate principal amount of such adversely affected series of Senior Secured Notes required by the Trust Indenture Act (which consents may be obtained in connection with a tender offer or exchange offer for the Senior Secured Notes).

Without the consent of any Holder, BP I, the Issuers, the Trustee and the Collateral Agent may amend the Senior Secured Notes Indenture, the Senior Secured Notes, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, any Additional Intercreditor Agreement or any Security Document (1) to cure any ambiguity, omission, mistake, defect or inconsistency, (2) to give effect to any provision of the Senior Secured Notes Indenture (including the release of any Senior Secured Note Guarantees or security interest in any Collateral in accordance with the terms of the Senior Secured Notes Indenture, and to comply with the covenant under **Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets**), (3) to provide for the assumption by a Successor Company of the obligations of any Issuer under the Senior Secured Notes Indenture and the Senior Secured Notes, to provide for the assumption by Midco of the obligations of RGHL under the Senior Secured Notes Indenture and the Senior Secured Notes, to provide for the assumption by a Successor Senior Secured Note Guarantor of the obligations of a Senior Secured Note Guarantor under the Senior Secured Notes Indenture and its Senior Secured Note Guarantee, (4) to provide for uncertificated Senior Secured Notes in addition to or in place of certificated Senior Secured Notes (*provided* that the uncertificated Senior Secured Notes are issued in registered form for purposes of Section 163(f) of the Code), (5) to add a Senior Secured Note Guarantee with respect to the Senior Secured Notes, (6) to add assets to the Collateral, (7) to release Collateral from any Lien pursuant to the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, any Additional Intercreditor Agreement and the applicable Security Documents when permitted or required by the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, any Additional Intercreditor Agreement and the applicable Security Documents, (8) to the extent necessary to provide for the granting of a security interest for the benefit of any Person, *provided* that the granting of such security interest is not prohibited under **Certain Covenants Impairment of Security Interest** or otherwise under the Senior Secured Notes Indenture, (9) to add to the covenants of BP I, BP II or any Senior Secured Note Guarantor for the benefit of the Holders or to surrender any right or power conferred upon BP I or BP II, (10) to make any change that does not adversely affect the rights of any Holder, (11) to evidence and give effect to the acceptance and appointment under the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 Intercreditor Agreement, any Additional Intercreditor Agreement and the applicable Security

successor Trustee, (12) to provide for the accession of the Trustee to any instrument in connection with the Senior Secured Notes, (13) to make certain changes to the Senior Secured Notes Indenture to provide for the issuance of Additional Senior Secured Notes or (14) to comply with any requirement of the SEC in connection with the qualification of the Senior Secured Notes Indenture under the Trust Indenture Act, if such qualification is required.

The consent of the noteholders is not necessary under the Senior Secured Notes Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the Senior Secured Notes Indenture becomes effective, the Issuers are required to mail (or otherwise deliver in accordance with applicable DTC procedures) to the respective noteholders a notice briefly describing such amendment. However, the failure to give such notice to all noteholders entitled to receive such notice, or any defect therein, will not impair or affect the validity of the amendment.

No Personal Liability of Directors, Officers, Employees, Managers and Stockholders

No (i) director, officer, employee, manager, incorporator or holder of any Equity Interests in BP I, BP II or any Issuer or any direct or indirect parent corporation or (ii) director, officer, employee or manager of a Senior Secured Note Guarantor, will have any liability for any obligations of the Issuers under the Senior Secured Notes, the Senior Secured Notes Indenture, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Senior Secured Notes by accepting a Senior Secured Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Senior Secured Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Transfer and Exchange

A noteholder may transfer or exchange Senior Secured Notes in accordance with the Senior Secured Notes Indenture. Upon any transfer or exchange, the registrar and the Trustee may require a noteholder, among other things, to furnish appropriate endorsements and transfer documents and the Issuers may require a noteholder to pay any taxes required by law or permitted by the Senior Secured Notes Indenture. The Issuers are not required to transfer or exchange any Senior Secured Note selected for redemption or to transfer or exchange any Senior Secured Note for a period of 15 days prior to a selection of Senior Secured Notes to be redeemed. The Senior Secured Notes will be issued in registered form and the registered holder of a Senior Secured Note will be treated as the owner of such Note for all purposes.

Satisfaction and Discharge

The Senior Secured Notes Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration or transfer or exchange of Senior Secured Notes, as expressly provided for in the Senior Secured Notes Indenture) as to all outstanding Senior Secured Notes when:

(1) either (a) all the Senior Secured Notes theretofore authenticated and delivered (except lost, stolen or destroyed Senior Secured Notes which have been replaced or paid and Senior Secured Notes for whose payment money has theretofore been deposited in trust or segregated and held by the Issuers and thereafter repaid to the Issuers or discharged from such trust) have been delivered to the Trustee for cancellation or (b) all of the Senior Secured Notes (i) have become due and payable, (ii) will become due and payable at their stated maturity within one year or (iii) if redeemable at the option of the Issuers, are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuers, and the Issuers have irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the Senior Secured Notes not theretofore delivered to the

Table of Contents

Trustee for cancellation, for principal of, premium, if any, and interest on the Senior Secured Notes to the date of deposit together with irrevocable instructions from the Issuers directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(2) BP I, BP II, an Issuer or the Senior Secured Note Guarantors have paid all other sums payable under the Senior Secured Notes Indenture; and

(3) the Issuers have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel stating that all conditions precedent under the Senior Secured Notes Indenture relating to the satisfaction and discharge of the Senior Secured Notes Indenture have been complied with; *provided* that any counsel may rely on an Officers' Certificate as to matters of fact.

Defeasance

The Issuers at any time may terminate all their obligations under the Senior Secured Notes and the Senior Secured Notes Indenture (*legal defeasance*), and cure any existing Defaults and Events of Default, except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Senior Secured Notes, to replace mutilated, destroyed, lost or stolen Senior Secured Notes and to maintain a registrar and paying agent in respect of the Senior Secured Notes. The Issuers at any time may terminate their obligations under the covenants described under Certain Covenants, the operation of the cross-acceleration provision and the bankruptcy provisions with respect to Significant Subsidiaries, and the security default provision and the judgment default provision described under Defaults and the undertakings and covenants contained under Change of Control and Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets (*covenant defeasance*). If the Issuers exercise their legal defeasance option or their covenant defeasance option, each Senior Secured Note Guarantor will be released from all of its obligations with respect to its Senior Secured Note Guarantee and the Issuers and each Senior Secured Note Guarantor will be released from all of its obligations with respect to the Security Documents.

The Issuers may exercise their legal defeasance option notwithstanding their prior exercise of their covenant defeasance option. If the Issuers exercise their legal defeasance option, payment of the Senior Secured Notes may not be accelerated because of an Event of Default with respect thereto. If the Issuers exercise their covenant defeasance option, payment of the Senior Secured Notes may not be accelerated because of an Event of Default specified in clause (3), (4), (5), (6) (with respect only to Significant Subsidiaries), (7) or (8) under Defaults or because of the failure of the Issuers to comply with clause (4) under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets.

In order to exercise its defeasance option, the Issuers must irrevocably deposit (the *defeasance trust*) with the Trustee money in US Dollars for the payment of principal, premium (if any) and interest on the Senior Secured Notes to redemption or maturity, as the case may be, and must comply with certain other conditions set out in the Senior Secured Notes Indenture, including delivery to the Trustee of an Opinion of Counsel to the effect that holders of the Senior Secured Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or change in applicable U.S. federal income tax law).

Concerning the Trustee

The Bank of New York Mellon is the Trustee under the Senior Secured Notes Indenture.

Table of Contents

If the Trustee becomes a creditor of the Issuers or any Senior Secured Note Guarantor, the Senior Secured Notes Indenture and the Trust Indenture Act limit its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Senior Secured Notes Indenture provides that in case an Event of Default will occur and be continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee is under no obligation to exercise any of its rights or powers under the Senior Secured Notes Indenture at the request of any Holder of Senior Secured Notes, unless such Holder has offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Notices

All notices to secured noteholders will be validly given if mailed to them at their respective addresses in the register of the Holders of the Senior Secured Notes, if any, maintained by the Registrar (or otherwise delivered in accordance with applicable DTC procedures). In addition, for so long as any Senior Secured Notes are represented by Global Senior Notes, all notices to Holders of the Senior Secured Notes will be delivered to DTC, which will give such notices to the holders of Book-Entry Interests.

Each such notice shall be deemed to have been given on the date of such publication or, if published more than once on different dates, on the first date on which publication is made; *provided* that, if notices are mailed (or otherwise delivered in accordance with applicable DTC procedures), such notice shall be deemed to have been given on the later of such publication and the seventh day after being so mailed or delivered. Any notice or communication mailed to a noteholder shall be mailed to such Person by first-class mail or other equivalent means (or otherwise delivered in accordance with applicable DTC procedures) and shall be sufficiently given to him if so mailed or delivered within the time prescribed. Failure to mail (or otherwise deliver in accordance with applicable DTC procedures) a notice or communication to a secured noteholder or any defect in it shall not affect its sufficiency with respect to other secured noteholders. If a notice or communication is mailed or delivered in the manner provided above, it is duly given, whether or not the addressee receives it.

Currency Indemnity and Calculation of Dollar-denominated Restrictions

The US Dollar is the sole currency of account and payment for all sums payable by BP I, BP II, the Issuers or any Senior Secured Note Guarantor under or in connection with the Senior Secured Notes, including damages. Any amount with respect to the Senior Secured Notes received or recovered in a currency other than US Dollars, whether as a result of, or the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuers or any Senior Secured Note Guarantor or otherwise by any secured noteholder or by the Trustee, in respect of any sum expressed to be due to it from the Issuers or any Senior Secured Note Guarantor will only constitute a discharge to the Issuers or any Senior Secured Note Guarantor to the extent of the US Dollar amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so).

If that US Dollar amount is less than the US Dollar amount expressed to be due to the recipient or the Trustee under any Senior Secured Note, BP I, BP II, the Issuers and any Senior Secured Note Guarantor will indemnify such recipient against any loss sustained by it as a result. In any event, BP I, BP II, the Issuers and any Senior Secured Note Guarantor will indemnify the recipient against the cost of making any such purchase. For the purposes of this currency indemnity provision, it will be *prima facie* evidence of the matter stated therein for the holder of a Senior Secured

Note or the Trustee to certify in a manner satisfactory to the Issuers

(indicating the sources of information used) the loss it Incurred in making any such purchase. These indemnities constitute a separate and independent obligation from BP I, BP II, the Issuers and any Senior Secured Note Guarantor s other obligations, will give rise to a separate and independent cause of action, will apply irrespective of any waiver granted by any holder of a Senior Secured Note or the Trustee (other than a waiver of the indemnities set out herein) and will continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Senior Secured Note or to the Trustee.

Except as otherwise specifically set forth herein, (a) for purposes of determining compliance with any euro-denominated restriction herein, the Euro Equivalent amount for purposes hereof that is denominated in a non-euro currency shall be calculated based on the relevant currency exchange rate in effect on the date such non-euro amount is Incurred or made, as the case may be, and (b) for purposes of determining compliance with any U.S. Dollar-denominated restriction herein, the U.S. Dollar Equivalent amount for purposes hereof that is denominated in a non-U.S. Dollar currency shall be calculated based on the relevant currency exchange rate in effect on the date such non-U.S. Dollar amount is Incurred or made, as the case may be.

Consent to Jurisdiction and Service

Each of BP I, BP II, the Issuers and the Senior Secured Note Guarantors has irrevocably and unconditionally: (1) submitted itself and its property in any legal action or proceeding relating to the Senior Secured Notes Indenture to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the general jurisdiction of the courts of the State of New York, sitting in the Borough of Manhattan, The City of New York, the courts of the United States of America for the Southern District of New York, appellate courts from any thereof and courts of its own corporate domicile, with respect to actions brought against it as defendant; (2) consented that any such action or proceeding may be brought in such courts and waive any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same; (3) designated and appointed the US Issuer II as its authorized agent upon which process may be served in any action, suit or proceeding arising out of or relating to the Senior Secured Notes Indenture that may be instituted in any Federal or state court in the State of New York; and (4) agreed that service of any process, summons, notice or document by US registered mail addressed to the US Issuer II, with written notice of said service to such Person at the address of the US Issuer II set forth in the Senior Secured Notes Indenture shall be effective service of process for any action, suit or proceeding brought in any such court.

Enforceability of Judgments

Since a significant portion of the assets (including assets constituting the Collateral) of BP I, BP II, the Issuers and the Senior Secured Note Guarantors are outside the United States, any judgment obtained in the United States against BP I, BP II, the Issuers or any Senior Secured Note Guarantor, including judgments with respect to the payment of principal, premium, interest, Additional Amounts, redemption price and any purchase price with respect to the Senior Secured Notes, may not be collectable within the United States.

Governing Law

The Senior Secured Notes Indenture provides that it and the Senior Secured Notes are governed by, and construed in accordance with, the laws of the State of New York. Notwithstanding anything to the contrary, articles 86 to 94-8 of the Luxembourg law of August 10, 1915 on commercial companies shall not be applicable in respect of the Senior Secured Notes.

The First Lien Intercreditor Agreement provides that it is governed by, and construed in accordance with, the laws of the State of New York.

Book-Entry, Delivery and Form

General

The Senior Secured Notes will be represented by one or more global Senior Secured Notes in registered form without interest coupons attached (collectively, the *Global Senior Secured Notes*). The Global Senior Secured Notes will be deposited upon issuance with a custodian for the Depository Trust Company (*DTC*) and registered in the name of Cede & Co., as nominee of DTC.

In the event that Additional Senior Secured Notes are issued pursuant to the terms of the Senior Secured Notes Indenture, the Issuers may, in their sole discretion, cause some or all of such Additional Senior Secured Notes, if any, to be issued in the form of one or more global Senior Secured Notes (the *Additional Global Senior Secured Notes*) and registered in the name of and deposited with the nominee of DTC.

Ownership of beneficial interests in each Global Senior Secured Note and ownership of interests in each Additional Global Senior Secured Note (together, the *Book-Entry Interests*) will be limited to persons that have accounts with the Depository or persons that may hold interests through such participants. Book-Entry Interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by the Depository and their participants. As used in this section, *Depository* means, with respect to the Global Senior Secured Notes and the Additional Global Senior Secured Notes, if any, DTC.

The Book-Entry Interests will not be held in definitive form. Instead, the Depository will credit on its book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair your ability to own, transfer or pledge or grant any other security interest in Book-Entry Interests. In addition, while the Senior Secured Notes are in global form, holders of Book-Entry Interests may not be considered the owners or holders of Senior Secured Notes for purposes of the Senior Secured Notes Indenture.

So long as the Senior Secured Notes and any Additional Senior Secured Notes are held in global form, DTC (or its nominee), may be considered the sole holder of Global Senior Secured Notes for all purposes under the Senior Secured Notes Indenture. As such, participants must rely on the procedures of DTC, and indirect participants must rely on the procedures of DTC and the participants through which they own Book-Entry Interests, to transfer their interests or to exercise any rights of holders under the Senior Secured Notes Indenture.

The Issuers and the Trustee and their respective agents will not have any responsibility or be liable for any aspect of the records relating to the Book-Entry Interests.

Table of Contents

Issuance of Definitive Registered Senior Secured Notes

Under the terms of the Senior Secured Notes Indenture, owners of Book-Entry Interests will not receive definitive Senior Secured Notes in registered form (*Definitive Registered Senior Secured Notes*) in exchange for their Book-Entry Interests unless (a) the Issuers have consented thereto in writing, or such transfer or exchange is made pursuant to one of clauses (i), (ii) or (iii) of this paragraph and (b) such transfer or exchange is in accordance with the applicable rules and procedures of the Depository and the applicable provisions of the Senior Secured Notes Indenture. Subject to applicable provisions of the Senior Secured Notes Indenture, Definitive Registered Senior Secured Notes shall be transferred to all owners of Book-Entry Interests in the relevant Global Senior Secured Note if:

(i) the Issuers notify the Trustee in writing that the Depository is unwilling or unable to continue to act as depository and the Issuers do not appoint a successor depository within 120 days;

(ii) the Depository so requests if an Event of Default under the Senior Secured Notes Indenture has occurred and is continuing; or

(iii) the Issuers, at their option, notify the Trustee in writing that they elect to issue Definitive Registered Senior Secured Notes under the Senior Secured Notes Indenture.

In such an event, Definitive Registered Senior Secured Notes will be issued and registered in the name or names and issued in denominations of \$100,000 in principal amount and integral multiples of \$1,000 as requested by or on behalf of the Depository (in accordance with its customary procedures and certain certification requirements and based upon directions received from participants reflecting the beneficial ownership of the Book-Entry Interests), and such Definitive Registered Senior Secured Notes will bear the restrictive legend referred to in Transfer Restrictions, unless that legend is not required by the Senior Secured Notes Indenture or applicable law. Payment of principal of, and premium, if any, and interest on the Senior Secured Notes shall be payable at the place of payment designated by the Issuers pursuant to the Senior Secured Notes Indenture; *provided, however*, that at the Issuers' option, payment of interest on a Senior Secured Note may be made by check mailed to the person entitled thereto to such address as shall appear on the Senior Secured Note register.

Redemption of the Global Senior Secured Notes

In the event any Global Senior Secured Note, or any portion thereof, is redeemed, the Depository will distribute the amount received by it in respect of the Global Senior Secured Note so redeemed to the holders of the Book-Entry Interests in such Global Senior Secured Note. The redemption price payable in connection with the redemption of such Book-Entry Interests will be equal to the amount received by the Depository in connection with the redemption of such Global Senior Secured Note (or any portion thereof).

We understand that under existing practices of DTC, if fewer than all of the Senior Secured Notes are to be redeemed at any time, DTC will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or by lot or on such other basis as they deem fair and appropriate; *provided, however*, that no book-entry interest of less than \$100,000 in principal amount may be redeemed in part.

Payments on Global Senior Secured Notes

Payments of any amounts owing in respect of the Global Senior Secured Notes for the Senior Secured Notes (including principal, premium, interest, additional interest and Additional Amounts) will be made by the Issuers in US Dollars to the paying agents under the Senior Secured Notes Indenture. The paying agents will, in turn, make such payments to the Depository or its nominee, as the case may be, which will distribute such payments to their respective

participants in accordance with their respective procedures.

Table of Contents

Under the terms of the Senior Secured Notes Indenture, the Issuers, the Trustee and the paying agents will treat the registered holder of the Global Senior Secured Notes as the owner thereof for the purpose of receiving payments and other purposes under the Senior Secured Notes Indenture. Consequently, the Issuers, the Trustee and the paying agents and their respective agents have not and will not have any responsibility or liability for:

any aspect of the records of the Depository or any participant or indirect participant relating to, or payments made on account of, a Book-Entry Interest, for any such payments made by the Depository or any participant or indirect participants, or maintaining, supervising or reviewing the records of the Depository or any participant or indirect participant relating to or payments made on account of a Book-Entry Interest; or

the Depository or any participant or indirect participant.

Payments by participants to owners of Book-Entry Interests held through participants are the responsibility of such participants, as is the case with securities held for the accounts of customers registered in street name.

Action by Owners of Book-Entry Interests

We understand that the Depository will take any action permitted to be taken by a holder of Senior Secured Notes only at the direction of one or more participants to whose account the Book-Entry Interests in the Global Senior Secured Notes are credited and only in respect of such portion of the aggregate principal amount of Senior Secured Notes as to which such participant or participants has or have given such direction. The Depository will not exercise any discretion in the granting of consents, waivers or the taking of any other action in respect of the Global Senior Secured Notes. However, if there is an Event of Default under the Senior Secured Notes, the Depository reserves the right to exchange the Global Senior Secured Notes for Definitive Registered Senior Secured Notes in certificated form, and to distribute such Definitive Registered Senior Secured Notes to its respective participants.

Transfers

Transfers of any Global Senior Secured Note shall be limited to transfers of such Global Senior Secured Note in whole, but (subject to the provisions described above under Book-Entry, Delivery and Form Issuance of Definitive Registered Senior Secured Notes, to provisions described below in the section Book-Entry, Delivery and Form Transfers and the applicable provisions of the Senior Secured Notes Indenture), not in part, to the Depository, its successors or its nominees.

Subject to the foregoing, Book-Entry Interests may be transferred and exchanged in a manner otherwise in accordance with the terms of the Senior Secured Notes Indenture. Any Book-Entry Interest in one of the Global Senior Secured Notes that is transferred to a person who takes delivery in the form of a Book-Entry Interest in another Global Senior Secured Note will, upon transfer, cease to be a Book-Entry Interest in the first mentioned Global Senior Secured Note and become a Book-Entry Interest in the relevant Global Senior Secured Note, and accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Book-Entry Interests in such other Global Senior Secured Note for as long as that person retains such Book-Entry Interests.

Definitive Registered Senior Secured Notes, if any, may be transferred and exchanged for Book-Entry Interests in a Global Senior Secured Note only pursuant to the terms of the Senior Secured Notes Indenture and, if required, only after the transferor first delivers to the Trustee a written certificate (in the form provided in the Senior Secured Notes Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Senior Secured Notes. See Plan of Distribution.

Global Clearance and Settlement Under the Book-Entry System

Initial Settlement

Initial settlement for the Senior Secured Notes will be made in US Dollars. In the case of Book-Entry Interests held through DTC, such Book-Entry Interests will be credited to the securities custody account of DTC holders, as applicable, on the business day following the settlement date against payment for value on the settlement date.

Secondary Market Trading

The Book-Entry Interests will trade through participants of the Depository, and will settle in same-day funds. Since the purchase determines the place of delivery, it is important to establish at the time of trading any Book-Entry Interests where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

Clearing Information

We expect that the Senior Secured Notes will be accepted for clearance through the facilities of DTC.

Information Concerning DTC

All Book-Entry Interests will be subject to the operations and procedures of DTC. We provide the following summaries of those operations and procedures solely for the convenience of investors. The operations and procedures of each settlement system are controlled by such settlement system and may be changed at any time. We are not responsible for those operations or procedures.

We understand the following with respect to DTC:

DTC was created to hold securities for its participants and facilitate the clearance and settlement transactions among its participants. It does this through electronic book-entry changes in the accounts of securities participants, eliminating the need for physical movement of securities certificates. DTC participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC's owners are the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. and a number of its direct participants. Others, such as banks, brokers and dealers and trust companies that clear through or maintain a custodial relationship with a direct participant also have access to the DTC system and are known as indirect participants.

The information in this section concerning DTC and its book-entry systems has been obtained from sources we believe to be reliable, but we take no responsibility for the accuracy thereof.

Additional Intercreditor Agreement has the meaning specified under Additional Intercreditor Agreements.

Affiliate of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. (A) Considerations

(1) The security that will be provided in support of the Obligations (as defined in the First Lien Intercreditor Agreement) will be given in accordance with certain security principles (the *Security Principles*) set forth below.

(2) The Security Principles embody recognition by all parties that there may be certain legal and practical difficulties in obtaining effective security from the Issuers and Senior Secured Note Guarantors. However, it is acknowledged that to the extent the Security Principles conflict with the specific provisions of the Senior Secured Notes Indenture or any Security Document (other than those explicitly qualified by these Security Principles), the provisions of the Senior Secured Notes Indenture or such Security Document will prevail.

Table of Contents

(3) For purposes of the Security Principles, value refers to fair market value; *provided, however*, that if no fair market value is readily ascertainable, value shall refer to book value determined in accordance with GAAP (as defined in the Senior Secured Credit Facilities) (consistently applied), as of the date of the most recently ended fiscal quarter for which financial statements are available.

(4) For purposes of the covenants set forth in the Senior Secured Notes Indenture and Security Documents, the Applicable Representative from time to time shall make all determinations on behalf of the noteholders with respect to these Security Principles and the Senior Secured Notes shall not be entitled to any Collateral not also available on the same priority basis in respect of the Senior Secured Credit Facilities, any other Credit Agreement or other Public Debt.

The Security Principles are as follows:

(a) general statutory limitations, financial assistance, capital maintenance, corporate benefit, fraudulent preference, thin capitalisation rules, retention of title claims, exchange control restrictions and similar principles may limit the ability of Issuers and Senior Secured Note Guarantors to provide a guarantee or security or may require that the guarantee or security be limited by an amount or otherwise; the Issuers and Senior Secured Note Guarantors will use reasonable endeavours to provide the maximum permissible credit support and to assist in demonstrating that adequate corporate benefit accrues to any relevant entity;

(b) the security and extent of its perfection may be limited where the Applicable Representative reasonably determines in consultation with the Loan Parties (in each case as used in this definition, such term as defined in the Senior Secured Credit Facilities) that the cost to the Loan Parties (including for the avoidance of doubt, any material tax costs to the Loan Parties taken as a whole) of providing security is excessive in relation to the benefit accruing to the Secured Parties (as defined in the First Lien Intercreditor Agreement);

(c) any assets subject to third party arrangements which are permitted by the Senior Secured Notes Indenture and which prevent those assets from being subject to a Lien will not be subject to a Lien in any relevant Security Document, provided that reasonable endeavours to obtain consent to such Lien shall be used by the relevant Issuer or Senior Secured Note Guarantor if the relevant asset is material and if seeking such consent will not adversely affect the business of the Issuer or Senior Secured Note Guarantor or their commercial relationships;

(d) guarantees and security will not be required from companies that are not Wholly Owned Subsidiaries (such term, as used throughout these Security Principles, to exclude directors qualifying shares and similar insignificant minority ownership interests). Where security is provided by a wholly owned subsidiary of any Issuer or Senior Secured Note Guarantor (whether direct or indirect) and such subsidiary subsequently ceases to be wholly owned but remains a subsidiary, there shall be no requirement for the release of such guarantee or security;

(e) RGHL and its Subsidiaries (the *Group*) will not be required to grant Senior Secured Note Guarantees or enter into Security Documents if it would conflict with the fiduciary duties of their directors or contravene any legal prohibition or result in a risk of personal or criminal liability on the part of any officer, provided that the relevant member of the Group shall use reasonable endeavours to overcome any such obstacle; *provided further, however*, that the above limitation shall be assessed in respect of the obligations of such member of the Group under the Credit Documents (as defined in the First Lien Intercreditor Agreement) generally and not just the Senior Secured Note Guarantee or security being granted by that member of the Group;

(f) the Issuers and Senior Secured Note Guarantors will not be required to grant guarantees or enter into Security Documents where there would be a significant tax disadvantage in doing so and without limiting the generality of the foregoing, none of the Issuers or any Senior Secured Note Guarantor shall

be required to give a Senior Secured Note Guarantee or a pledge of its assets if such entity is a US Controlled Foreign Subsidiary, and in no event shall more than 65% of the total outstanding voting Equity Interests of such an entity be required to be pledged;

(g) perfection of security, when required, and other legal formalities will be completed as soon as practicable and, in any event, within the time periods specified in the Senior Secured Notes Indenture and Security Documents therefor or (if earlier or to the extent no such time periods are specified in the Senior Secured Notes Indenture and Security Documents) within the time periods specified by applicable law in order to ensure due perfection. The perfection of security granted will not be required if it would have a material adverse effect on the ability of the relevant Issuer or Senior Secured Note Guarantor to conduct its operations and business in the ordinary course as otherwise permitted by the Senior Secured Indenture and Security Documents;

(h) the Collateral Agent (acting in its own right or on behalf of the relevant Secured Parties (in each case used in this definition, as defined in the First Lien Intercreditor Agreement)) shall be able to enforce the security granted by the Security Documents without any restriction from (i) the constitutional documents of any of the Issuers and Senior Secured Note Guarantors, to the extent that such restrictions can be removed under relevant law, (ii) any of the Issuers and Senior Secured Note Guarantors which is or whose assets are the subject of such Security Document (but subject to any inalienable statutory or common law rights which the Issuers and Senior Secured Note Guarantors may have to challenge such enforcement) or (iii) any shareholders of the foregoing not party to the relevant Security Document, to the extent that it is within the power of the Issuers and Senior Secured Note Guarantors to ensure that such restrictions do not apply;

(i) the maximum secured amount may be limited to minimize stamp duty, notarisation, registration or other applicable fees, taxes and duties;

(k) the only owned real property owned by RGHL and its Subsidiaries required to be pledged on the Issue Date or as soon as reasonably practicable thereafter, but, in any event, at the same time such pledge is given in respect of the Senior Secured Credit Facilities, will be the real property pledged in respect of the Senior Secured Credit Facilities at such time. After the Issue Date, neither RGHL nor any of its Subsidiaries will be required to pledge any real property owned by RGHL or such Subsidiaries unless the value of such real property exceeds 5.0 million. Neither RGHL nor any of its Subsidiaries will be required to pledge any property in which it has a leasehold interest;

(l) unless granted under a global Security Document governed by the law of the jurisdiction of the Issuers or a Senior Secured Note Guarantor or New York law, all security (other than share security over subsidiaries of the Issuers or a Senior Secured Note Guarantor) shall be governed by the law of and secure assets located in the jurisdiction of incorporation of that entity; *provided* that for certain receivables security, such security may be governed by the law of the jurisdiction of incorporation or domicile of the creditor or the law that governs the underlying receivable;

(m) other than where intellectual property is secured by a floating charge or other similar all-asset security interest, security interests need only be granted for intellectual property with a value greater than 1.0 million. Security interests in intellectual property will be registered solely in the jurisdiction of incorporation of the entity that owns such intellectual property; *provided, however*, that, with respect to intellectual property that is material to such entity, to the extent the registration of a security interest in or the taking of any other commercially reasonable actions with respect to, such intellectual property in any other jurisdiction is necessary to ensure that the Secured Parties would be able to realize upon the value

of the secured intellectual property in the event of enforcement action, such registration or other actions will be taken in such other jurisdiction as the Collateral Agent may reasonably request taking into account the cost to the Loan Parties of such registration in relation to the benefit accruing to the Secured Parties;

(n) security interests will be taken over only those insurance policies of the Issuers and Senior Secured Note Guarantors that are material to the Group as a whole, as reasonably determined by the Administrative Agent under the Senior Secured Credit Facilities (or other Applicable Representative, as applicable);

(o) other than where equipment is secured by a floating charge or other similar all-asset security interest, security interests need only be granted for manufacturing equipment with a value greater than 250,000;

(p) security interests will be provided over the equity of any Subsidiary that is not a Loan Party only if (i) it is organized in a jurisdiction where one or more Loan Party is organized, (ii) as of the last day of the fiscal quarter of RGHL most recently ended for which financial statements are available, it had gross assets (excluding intra group items but including investments in Subsidiaries) in excess of 1.0% of Consolidated Total Assets (as defined in the Senior Secured Credit Facilities) or (iii) for the period of four consecutive fiscal quarters of RGHL most recently ended for which financial statements are available, it had earnings before interest, tax, depreciation and amortization calculated on the same basis as Consolidated EBITDA in excess of 1.0% of the Consolidated EBITDA (as such terms are defined in the Senior Secured Credit Facilities); and

(q) no security interest will be provided over the equity of any Subsidiary that (a) does not conduct any business operations, (b) has assets with a book value not in excess of \$100,000 and (c) does not have any indebtedness outstanding.

Each Senior Secured Note Guarantee will be an upstream, cross-stream and downstream guarantee of all the Obligations with respect to the Senior Secured Notes and the Senior Secured Note Guarantees, subject to the requirements of the Security Principles in each relevant jurisdiction. To the extent possible, all security shall be given in favour of the Collateral Agent and not the Holders individually, *provided* that any accessory security (*akzessorische Sicherheit*) governed by Swiss and German law shall be given in favour of the Collateral Agent and Secured Parties (as defined in the First Lien Intercreditor Agreement) individually if so required by the Applicable Representative. Parallel debt provisions will be used where necessary; such provisions will be contained in the First Lien Intercreditor

Agreement and not the individual Security Documents unless required under local laws. To the extent possible, the grant of security in the Collateral shall be structured, documented or otherwise implemented in a manner so that there should be no action required to be taken in relation to the security when any noteholder transfers an interest in the Senior Secured Notes to another party. To the extent such action is required, the Applicable Representative shall not require the Collateral Agent to obtain security in such asset giving rise to the requirement for such action upon a transfer of an interest in the Senior Secured Notes to another party.

The Issuers and Senior Secured Note Guarantors will be required to pay the reasonable costs of any re-execution, notarisation, re-registration, amendment or other perfection requirement for any security on any transfer by a Holder to a new Holder on or prior to the date on which the Initial Purchasers notify RGHL that primary distribution of the Senior Secured Notes is complete. Otherwise the cost or fee shall be for the account of the transferee Holder.

- (e) information, such as lists of assets, will be provided if and only to the extent (i) required by law to create, enforce, perfect or register the security or (ii) necessary or advisable to enforce the security; *provided, however*, that such information need not be provided by an Issuer or Senior Secured Note Guarantor pursuant to this subclause (ii) more frequently than annually unless an Event of Default has occurred (or, in the case of third-party trade debtors, unless a Default has occurred which is continuing), and in each case that information can be provided without breaching confidentiality requirements or damaging business relationships;
- (f) the Collateral Agent and Secured Parties shall be able to exercise a power of attorney only following the occurrence of an Event of Default or if the relevant Issuer or Senior Secured Note Guarantor granting such security has failed to comply with a further assurance or perfection obligation within 10 Business Days of being notified of that failure;

(j) in respect of bank accounts (and cash therein), the Collateral Agent agrees with the relevant Issuer or Senior Secured Note Guarantor that the Collateral Agent shall not give any instructions or withhold any withdrawal rights from such Issuer or Senior Secured Note Guarantor, unless an Event of Default has occurred and is continuing, or, after giving effect to any withdrawal, would occur.

Principal, Maturity and Interest

The Issuers issued an aggregate principal amount of \$1,000,000,000 of Senior Notes. The Issuers may issue additional Senior Notes, from time to time (*Additional Senior Notes*). Any offering of Additional Senior Notes is subject to the covenants described below under the caption Certain Covenants Limitation on Incurrence of Indebtedness and

Issuance of Disqualified Stock and Preferred Stock and Liens. The Senior Notes and any Additional Senior Notes subsequently issued under the Senior Notes Indenture will be treated as a single class for all purposes under the Senior Notes Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of the

Table of Contents

Senior Notes Indenture and this Description of the February 2011 Senior Notes, references to the Senior Notes include any Additional Senior Notes actually issued.

The Senior Notes will mature on February 15, 2021. Each Senior Note bears interest at 8.250% per annum, payable semi-annually in arrears to holders of record at the close of business on February 1 or August 1 immediately preceding the interest payment date on February 15 and August 15 of each year, commencing August 15, 2011. Interest is computed on the basis of a 360-day year comprised of twelve 30-day months.

The Senior Notes are issued only in fully registered form, without coupons, in minimum denominations of \$100,000 and any integral multiple of \$1,000 in excess thereof.

No service charge will be made for any registration of transfer or exchange of Senior Notes, but the Issuers may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith. Principal of, premium, if any, and interest on the Senior Notes will be payable, and the Senior Notes may be exchanged or transferred, at the office or agency designated by the Issuers (which initially shall be the principal corporate trust office of the Paying Agent).

Paying Agent and Registrar for the Senior Notes

The Issuers maintain a paying agent for the Senior Notes in New York, NY. The Issuers have undertaken under the Senior Notes Indenture that they will ensure, to the extent practicable and permitted by law, that they maintain a paying agent in a European Union member state that will not be obliged to withhold or deduct tax pursuant to the European Union Directive 2003/48/EC regarding the taxation of savings income (the *Directive*) and currently intend to maintain a paying agent in London, England. The initial Paying Agent is The Bank of New York Mellon, in New York (the *Paying Agent*).

The Issuers maintain one or more registrars (each, a *Registrar*) and a transfer agent in New York, NY. The initial Registrar is The Bank of New York Mellon. The initial transfer agent is The Bank of New York Mellon, in New York. The Registrar maintains a register outside the United Kingdom reflecting ownership of Definitive Registered Senior Notes outstanding from time to time and the transfer agent in New York facilitates transfers of Definitive Registered Senior Notes on behalf of the Issuers. The transfer agent shall perform the functions of a transfer agent.

The Issuers may change any Paying Agent, Registrar or transfer agent for the Senior Notes without prior notice to the noteholders. BP I or any of its Subsidiaries may act as Paying Agent (other than with respect to Global Senior Notes) or Registrar subject to the requirement to maintain a paying agent in a European Union member state that will not be obliged to withhold or deduct tax pursuant to the Directive.

Upon written request from the Luxembourg Issuer, the Registrar shall provide the Luxembourg Issuer with a copy of the register to enable it to maintain a register of the Senior Notes at its registered office.

Optional Redemption

In addition to the optional redemption for taxation reasons, as described below, on or after February 15, 2016, the Issuers may redeem the Senior Notes at their option, in whole or in part, at any time or from time to time, upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to each holder's registered address (or otherwise delivered in accordance with applicable DTC procedures), at the following redemption prices (expressed as a percentage of principal amount), plus accrued and unpaid interest and additional interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period commencing on February 15 of the years set forth below.

Without limiting the Issuers obligations under the Senior Notes Indenture, the Issuers may provide in such notice that payment of the redemption price

and the performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

Period	Redemption Price
2016	104.125%
2017	102.750%
2018	101.375%
2019 and thereafter	100.000%

In addition, at any time and from time to time prior to February 15, 2016, the Issuers may redeem the Senior Notes at their option, in whole or in part, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to each holder's registered address (or otherwise delivered in accordance with applicable DTC procedures), at a redemption price equal to 100% of the principal amount of the Senior Notes redeemed plus the Applicable Premium (as calculated by the Issuers or on behalf of the Issuers by such person as the Issuers shall designate) as of, and accrued and unpaid interest and additional interest, if any, to, the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date). Without limiting the Issuers' obligations under the Senior Notes Indenture, the Issuers may provide in such notice that payment of the redemption price and the performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

Notwithstanding the foregoing, at any time and from time to time prior to February 15, 2014, the Issuers may at their option redeem in the aggregate up to 35% of the original aggregate principal amount of the Senior Notes (calculated after giving effect to any issuance of any Additional Senior Notes) with the net cash proceeds of one or more Equity Offerings (1) by BP I or (2) any direct or indirect parent of BP I, in each case to the extent the net cash proceeds thereof are contributed to the common equity capital of BP I or any of its Subsidiaries or used to purchase Capital Stock (other than Disqualified Stock) of any such entity from it, at a redemption price (expressed as a percentage of principal amount thereof) of 108.250%, plus accrued and unpaid interest and additional interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided, however*, that at least 65% of the original aggregate principal amount of the Senior Notes (calculated after giving effect to any issuance of any Additional Senior Notes) remain outstanding after each such redemption; *provided further, however*, that such redemption shall occur within 90 days after the date on which any such Equity Offering is consummated upon not less than 30 nor more than 60 days' notice mailed to each holder of Senior Notes being redeemed and otherwise in accordance with the procedures set forth in the Senior Notes Indenture.

Notice of any redemption upon any Equity Offering may be given prior to the completion thereof, and any such redemption or notice may, at the Issuers' discretion, be subject to one or more conditions precedent, including, but not limited to, completion of the related Equity Offering. Without limiting the Issuers' obligations under the Senior Notes Indenture, the Issuers may provide in such notice that payment of the redemption price and the performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

Selection and Notice

If less than all of the Senior Notes are to be redeemed or are required to be repurchased at any time, the Trustee will select Senior Notes for redemption or repurchase on a pro rata basis, to the extent practicable and in compliance with the requirements of DTC and any stock exchange on which the applicable Senior Notes are then admitted to trading; *provided, however*, that no Senior Note of \$100,000 in aggregate principal amount or less, or other than in an integral

multiple of \$1,000 in excess thereof, shall be redeemed in part.

785

Table of Contents

If any Senior Note is to be redeemed in part only, the notice of redemption that relates to that Senior Note shall state the portion of the principal amount thereof to be redeemed. In the case of a Definitive Registered Senior Note, a new Senior Note in currency and in principal amount equal to the unredeemed portion of the original Senior Note will be issued in the name of the noteholder thereof upon cancellation of the original Senior Note. In the case of a Global Senior Note, an appropriate notation will be made on such Senior Note to decrease the principal amount thereof to an amount equal to the unredeemed portion thereof. Subject to the terms of the applicable redemption notice, Senior Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Senior Notes or portions of them called for redemption.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

The Issuers are not required to make any mandatory redemption or sinking fund payments with respect to the Senior Notes. However, under certain circumstances, the Issuers may be required to offer to purchase Senior Notes as described under the captions *Change of Control* and *Certain Covenants* *Asset Sales*. We and our affiliates may at any time and from time to time purchase Senior Notes in the open market or otherwise.

Redemption for Taxation Reasons

The Issuers may redeem the Senior Notes, at their option, in whole, but not in part, at any time upon giving not less than 30 nor more than 60 days prior notice (which notice will be irrevocable) to the noteholders mailed by first-class mail to each holder's registered address (or otherwise delivered in accordance with applicable DTC procedures) at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest and additional interest, if any, to the date fixed for redemption (a *Tax Redemption Date*) (subject to the right of noteholders of record on the relevant record date to receive interest due on the relevant interest payment date) and all Additional Amounts (as defined under *Withholding Taxes* below), if any, then due or that will become due on the Tax Redemption Date as a result of the redemption or otherwise, if any, if the Issuers determine in good faith that, as a result of:

(1) any change in, or amendment to, the law or treaties (or any regulations, protocols or rulings promulgated thereunder) of a Relevant Taxing Jurisdiction (as defined under *Withholding Taxes* below) affecting taxation; or

(2) any change in official position regarding the application, administration or interpretation of such laws, treaties, protocols, regulations or rulings (including a holding, judgment or order by a government agency or court of competent jurisdiction) (each of the foregoing in clauses (1) and (2), a *Change in Tax Law*),

any Payor (as defined under *Withholding Taxes* below), with respect to the Senior Notes or a Senior Note Guarantee is, or on the next date on which any amount would be payable in respect of the Senior Notes would be, required to pay any Additional Amounts, and such obligation cannot be avoided by taking reasonable measures available to such Payor (including the appointment of a new Paying Agent or, where such payment would be reasonable, the payment through another Payor); *provided* that no Payor shall be required to take any measures that in the Issuers' good-faith determination would result in the imposition on such person of any legal or regulatory burden or the incurrence by such person of additional costs, or would otherwise result in any adverse consequences to such person.

In the case of any Payor, the Change in Tax Law must be announced or become effective on or after the date of the Offering Circular. Notwithstanding the foregoing, no such notice of redemption will be given earlier than 90 days prior to the earliest date on which the Payor would be obliged to make such payment of Additional Amounts. Prior to the publication, mailing or delivery of any notice of redemption of the Senior Notes pursuant to the foregoing, the Issuers will deliver to the Trustee (a) an Officers' Certificate stating that

Table of Contents

they are entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to their right so to redeem have been satisfied and (b) an opinion of an independent tax counsel of recognized standing to the effect that the Payor would be obligated to pay Additional Amounts as a result of a Change in Tax Law. The Trustee will accept such Officers' Certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it will be conclusive and binding on the noteholders.

Subject to the terms of the applicable redemption notice, Senior Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Senior Notes or portions of them called for redemption.

The foregoing provisions will apply *mutatis mutandis* to the laws and official positions of any jurisdiction in which any successor to a Payor is organized or otherwise considered to be a resident for tax purposes or any political subdivision or taxing authority or agency thereof or therein. The foregoing provisions will survive any termination, defeasance or discharge of the Senior Notes Indenture.

Withholding Taxes

All payments made by any Issuer or any Senior Note Guarantor or any successor in interest to any of the foregoing (each, a *Payor*) on or with respect to the Senior Notes or any Senior Note Guarantee will be made without withholding or deduction for, or on account of, any Taxes unless such withholding or deduction is required by law; *provided, however,* that a Payor, in any case, may withhold from any interest payment made on the Senior Notes to or for the benefit of any person who is not a United States person, as such term is defined for U.S. federal income tax purposes, U.S. federal withholding tax, and pay such withheld amounts to the Internal Revenue Service, unless such person provides documentation to such Payor such that an exemption from U.S. federal withholding tax would apply to such payment if interest on the Senior Notes were treated as income from sources within the U.S. for U.S. federal income tax purposes. If any deduction or withholding for, or on account of, any Taxes imposed or levied by or on behalf of:

(1) any jurisdiction (other than the United States or any political subdivision or governmental authority thereof or therein having power to tax) from or through which payment on the Senior Notes or any Senior Note Guarantee is made by such Payor, or any political subdivision or governmental authority thereof or therein having the power to tax; or

(2) any other jurisdiction (other than the United States or any political subdivision or governmental authority thereof or therein having the power to tax) in which a Payor that actually makes a payment on the Senior Notes or its Senior Note Guarantee is organized or otherwise considered to be a resident for tax purposes, or any political subdivision or governmental authority thereof or therein having the power to tax,

(each of clause (1) and (2), a *Relevant Taxing Jurisdiction*), will at any time be required from any payments made with respect to the Senior Notes or any Senior Note Guarantee, including payments of principal, redemption price, interest or premium, if any, the Payor will pay (together with such payments) such additional amounts (the *Additional Amounts*) as may be necessary in order that the net amounts received in respect of such payments by the noteholders or the Trustee, as the case may be, after such withholding or deduction (including any such deduction or withholding from such Additional Amounts), will not be less than the amounts that would have been received in respect of such payments on the Senior Notes or the Senior Note Guarantees in the absence of such withholding or deduction; *provided, however,* that no such Additional Amounts will be payable for or on account of:

(1) any Taxes that would not have been so imposed or levied but for the existence of any present or former connection between the relevant noteholder (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, the relevant noteholder, if such noteholder is an estate,

Table of Contents

nominee, trust, partnership, limited liability company or corporation) and the Relevant Taxing Jurisdiction (including being a citizen or resident or national of, or carrying on a business or maintaining a permanent establishment in, or being physically present in, the Relevant Taxing Jurisdiction) but excluding, in each case, any connection arising solely from the acquisition, ownership or holding of such Senior Note or the receipt of any payment in respect thereof;

(2) any Taxes that would not have been so imposed or levied if the holder of the Senior Note had complied with a reasonable request in writing of the Payor (such request being made at a time that would enable such holder acting reasonably to comply with that request) to make a declaration of nonresidence or any other claim or filing or satisfy any certification, information or reporting requirement for exemption from, or reduction in the rate of, withholding to which it is entitled (provided that such declaration of nonresidence or other claim, filing or requirement is required by the applicable law, treaty, regulation or administrative practice of the Relevant Taxing Jurisdiction as a precondition to exemption from the requirement to deduct or withhold all or a part of any such Taxes);

(3) any Taxes that are payable otherwise than by withholding from a payment of the principal of, premium, if any, or interest under the Senior Notes or any Senior Note Guarantee;

(4) any estate, inheritance, gift, sales, excise, transfer, personal property or similar tax, assessment or other governmental charge;

(5) any Taxes that are required to be deducted or withheld on a payment pursuant to the Directive or any law implementing, or introduced in order to conform to, the Directive;

(6) except in the case of the liquidation, dissolution or winding up of the Payor, any Taxes imposed in connection with a Senior Note presented for payment by or on behalf of a noteholder or beneficial owner who would have been able to avoid such Tax by presenting the relevant Senior Note to, or otherwise accepting payment from, another paying agent in a member state of the European Union; or

(7) any combination of the above.

Such Additional Amounts will also not be payable (x) if the payment could have been made without such deduction or withholding if the beneficiary of the payment had presented the Senior Note for payment (where presentation is required) within 30 days after the relevant payment was first made available for payment to the noteholder or (y) where, had the beneficial owner of the Senior Note been the holder of the Senior Note, such beneficial owner would not have been entitled to payment of Additional Amounts by reason of any of clauses (1) to (7) inclusive above.

The Payor will (i) make any required withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant taxing authority of the Relevant Taxing Jurisdiction in accordance with applicable law. Upon request, the Payor will use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each relevant taxing authority of each Relevant Taxing Jurisdiction imposing such Taxes and will provide such certified copies to the Trustee. If, notwithstanding the efforts of such Payor to obtain such receipts, the same are not obtainable, such Payor will provide the Trustee with other evidence reasonably satisfactory to the applicable Holder.

If any Payor will be obligated to pay Additional Amounts under or with respect to any payment made on the Senior Notes, at least 30 days prior to the date of such payment, the Payor will deliver to the Trustee an Officers' Certificate stating the fact that Additional Amounts will be payable and the amount so payable and such other information necessary to enable the Paying Agent to pay Additional Amounts to noteholders on the relevant payment date (unless such obligation to pay Additional Amounts arises less than 45 days prior to the relevant payment date, in which case the Payor shall deliver such Officers' Certificate and such other information as promptly as practicable after the date

that is 30 days prior to the payment date, but no less than five (5) Business Days prior thereto, and otherwise in accordance with the requirements of DTC).

Table of Contents

Wherever in the Senior Notes Indenture, the Senior Notes, any Senior Note Guarantee or this Description of the February 2011 Senior Notes there is mentioned, in any context:

- (1) the payment of principal,
- (2) redemption prices or purchase prices in connection with a redemption or purchase of Senior Notes,
- (3) interest, or
- (4) any other amount payable on or with respect to any of the Senior Notes or any Senior Note Guarantee,

such reference shall be deemed to include payment of Additional Amounts as described under this heading to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The Payor will pay any present or future stamp, court or documentary Taxes, or any other excise, property or similar Taxes, charges or levies that arise in any jurisdiction from the execution, delivery, registration or enforcement of any Senior Notes, the Senior Notes Indenture, or any other document or instrument in relation thereto (other than a transfer of the Senior Notes) excluding any such Taxes, charges or similar levies imposed by any jurisdiction that is not a Relevant Taxing Jurisdiction, and the Payor agrees to indemnify the noteholders and the Trustee for any such Taxes paid by such noteholders. The foregoing obligations will survive any termination, defeasance or discharge of the Senior Notes Indenture and will apply *mutatis mutandis* to any jurisdiction in which any successor to a Payor is organized or otherwise considered to be a resident for Tax purposes or any political subdivision or taxing authority or agency thereof or therein.

Agreed Tax Treatment

The Issuers agree, and by acquiring an interest in the Senior Notes each beneficial owner of a Senior Note agrees, to treat for U.S. federal income tax purposes the Senior Notes as debt of the sole owner of the US Issuer I and interest payments on the Senior Notes as U.S. source interest; *provided, however*, that this agreement shall cease to apply if the Issuers (i) determine, after taking action that is permissible under the Senior Notes Indenture, that the aforementioned allocation of debt and interest payments is no longer accurate as a result of the changed circumstances, and (ii) promptly notify holders of such determination by sending first-class mail to each holder's registered address (or otherwise completing delivery in accordance with applicable DTC procedures).

Notwithstanding the foregoing, any Issuer or any other Payor may withhold from any interest payment made on any Senior Note to or for the benefit of any person who is not a United States person, as such term is defined for U.S. federal income tax purposes, U.S. federal withholding tax, and pay such withheld amounts to the Internal Revenue Service, unless such person provides documentation to such Issuer or other Payor such that an exemption from U.S. federal withholding tax would apply to such payment if interest on such Senior Note were treated as income from sources within the U.S. for U.S. federal income tax purposes.

Ranking

(1) RGHL and its Subsidiaries had an aggregate principal amount of \$11,679.7 million of Indebtedness secured by any Lien outstanding. RGHL and its Subsidiaries would have had \$42.8 million and 58.0 million of availability under the revolving credit facility under the Senior Secured Credit Facilities and the ability to incur up to 62.0 million of Secured Indebtedness under Local Facilities; and

(2) RGHL and its Subsidiaries had an aggregate principal amount of \$16,685.4 million of unsubordinated Indebtedness outstanding (whether secured or unsecured) consisting of amounts outstanding under the Senior Secured Credit Facilities, the Senior Notes (including the Senior Note Guarantees with respect thereto), the Senior Secured Notes (including the Senior Secured Note Guarantees with respect thereto), the February 2011 Senior Secured Notes (including the guarantees with respect thereto), the February 2011 Senior Notes (including the guarantees with respect thereto), the August 2011 Senior Secured Notes (including the guarantees with respect thereto), the August 2011 Senior Notes (including the guarantees with respect thereto), the October 2010 Senior Secured Notes (including the guarantees with respect thereto), the October 2010 Senior Notes (including the guarantees with respect thereto), the May 2010 Notes (including the guarantees with respect thereto), the 2009 Notes (including the guarantees with respect thereto) and the 2007 Senior Notes (including the guarantees with respect thereto), Pactiv's indebtedness, the Graham Packaging 2018 Notes (as defined in Description of the August 2011 Senior Secured Notes Certain Definitions and Description of the August 2011 Senior Notes Certain Definitions), the Graham Packaging 2017 Notes (as defined in Description of the August 2011 Senior Secured Notes Certain Definitions and Description of the August 2011 Senior Notes Certain Definitions), the Local Facilities and certain other local overdraft and local working capital facilities.

In addition, at September 30, 2011, RGHL and its Subsidiaries had an aggregate of \$1,596.9 million of Subordinated Indebtedness outstanding consisting of the Graham Packaging 2014 Notes (as defined in Description of the August 2011 Senior Secured Notes Certain Definitions and Description of the August 2011 Senior Notes Certain Definitions) and the 2007 Senior Subordinated Notes (including the guarantees with respect thereto). In addition, RGHL and its Subsidiaries had \$24.2 million of indebtedness outstanding under Local Facilities.

Although the Senior Notes Indenture limits the Incurrence of Indebtedness by BP I, BP II and any Restricted Subsidiaries and the issuance of Disqualified Stock and Preferred Stock by the Issuers and any other Restricted Subsidiaries, such limitation is subject to a number of significant qualifications and exceptions. Under certain circumstances, BP II and BP I and their respective Subsidiaries (including the Issuers) may be able to Incur substantial amounts of additional Indebtedness. Such Indebtedness may be Secured Indebtedness that has a prior claim to the Senior Notes on the assets securing such Indebtedness. The covenants do not limit the amount of Indebtedness that RGHL may incur. See Certain Covenants

Table of Contents

Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Certain Covenants Liens.

The Senior Notes and Senior Note Guarantees constitute Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture and, as such, in a liquidation, dissolution or bankruptcy of the Issuers or the Senior Note Guarantors, holders of Senior Notes and Senior Note Guarantees will be entitled to receive payment in full of the Senior Notes and Senior Note Guarantees before holders of the guarantees of the 2007 Senior Subordinated Notes are entitled to receive any payment (other than certain permitted junior securities) in respect of such guarantees. However, the Senior Notes and Senior Note Guarantees do not constitute Designated Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture, as do the August 2011 Senior Secured Notes, the October 2010 Senior Secured Notes, the 2009 Notes, the Senior Secured Credit Facilities, the 2007 Senior Notes and the Senior Secured Notes, and holders thereof have more rights than the holders of Senior Notes. Thus, holders of Senior Notes and Senior Note Guarantees are not entitled to the benefit of certain provisions in the 2007 Senior Subordinated Indenture relating to the subordination of the 2007 Senior Subordinated Notes that provide rights only to holders of Designated Senior Indebtedness (as defined in the 2007 Senior Subordinated Indenture), not Senior Indebtedness. Specifically, holders of Designated Senior Indebtedness are granted, among other rights, the benefit of (i) standstill periods, during which no enforcement action may be taken in respect of the 2007 Senior Subordinated Notes until holders of Designated Senior Indebtedness have taken actions to enforce certain claims under their Indebtedness, (ii) payment blockages, which prevent payments from being made in respect of the 2007 Senior Subordinated Notes while certain events of default under the Designated Senior Indebtedness have occurred and are continuing and (iii) turnover provisions, which require the trustee of the 2007 Senior Subordinated Notes to pay over to holders of Designated Senior Indebtedness certain amounts that it has received in respect of the 2007 Senior Subordinated Notes. Because the Senior Notes do not constitute Designated Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture, holders are not entitled to these and other rights in favor of only Designated Senior Indebtedness. Accordingly, the Senior Notes do not have a contractual right to stop payments by the Issuers and Senior Note Guarantors in respect of the 2007 Senior Subordinated Notes, and holders of Senior Notes may recover less than holders of Designated Senior Indebtedness as a result thereof.

The Senior Notes and Senior Note Guarantees rank *pari passu* in right of payment with the guarantees of the 2007 Senior Notes, the 2009 Notes (and related guarantees), the May 2010 Notes (and related guarantees), the October 2010 Senior Secured Notes (and related guarantees), the October 2010 Senior Notes (and related guarantees), the August 2011 Senior Secured Notes (and related guarantees), the August 2011 Senior Notes (and related guarantees), the Senior Secured Notes (and related guarantees) and the Senior Secured Credit Facilities (and related guarantees). However, due to a contractual subordination agreement between holders of the 2007 Senior Notes on the one hand, and holders of the 2009 Notes, the October 2010 Senior Secured Notes, the August 2011 Senior Secured Notes, the Senior Secured Credit Facilities and the Senior Secured Notes, on the other hand, the guarantees of the 2007 Senior Notes rank junior in right of payment to the 2009 Notes, the October 2010 Senior Secured Notes, the August 2011 Senior Secured Notes, the Senior Secured Credit Facilities and the Senior Secured Notes (and their respective guarantees).

Therefore, in the event that the Issuer or a Senior Note Guarantor becomes a debtor in a United States bankruptcy case and claims under the 2007 Senior Notes, the 2009 Notes, the October 2010 Senior Secured Notes, the August 2011 Senior Secured Notes, the Senior Secured Notes and the Senior Secured Credit Facilities are not fully secured, claims of holders of Senior Notes and Senior Note Guarantees will rank *pari passu* in right of payment with the unsecured portion of claims of holders of the guarantees of the 2007 Senior Notes, the 2009 Notes (and related guarantees), the October 2010 Senior Secured Notes (and related guarantees), the August 2011 Senior Secured Notes (and related guarantees), the Senior Secured Notes (and related guarantees) and the Senior Secured Credit Facilities (and related guarantees), even though claims under the guarantees of the 2007 Senior Notes will rank junior in right of payment to claims under the 2009 Notes, the October 2010 Senior Secured Notes, the August 2011 Senior Secured Notes, the

Senior Secured Notes and the Senior Secured Credit Facilities (and their respective guarantees). In addition, in such an event, we expect

Table of Contents

that claims of holders of Senior Notes and Senior Note Guarantees will be senior in right of payment to the claims of holders of the guarantees of the 2007 Senior Subordinated Notes, such that holders of Senior Notes and Senior Note Guarantees, together with holders of any other Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture, will be entitled to receive payment in full of such Senior Indebtedness before holders of the guarantees of the 2007 Senior Subordinated Notes are entitled to receive any payment (other than certain permitted junior securities) in respect of such guarantees. However, because of the differences in the rights of the holders of the Senior Notes and the holders of Designated Senior Indebtedness, there can be no guarantee that a bankruptcy court would enforce the contractual subordination of the 2007 Subordinated Notes in favor of the Senior Notes in the same manner as the contractual subordination of the 2007 Subordinated Notes in favor of the 2007 Senior Notes, the 2009 Notes, the October 2010 Senior Secured Notes, the August 2011 Senior Secured Notes, the Senior Secured Notes and the Senior Secured Credit Facilities under such circumstances, and you may therefore recover less in a bankruptcy than if the Senior Notes and Senior Note Guarantees constituted Designated Senior Indebtedness for purposes of the 2007 Senior Subordinated Indenture. In addition, bankruptcy laws in the foreign jurisdictions in which we conduct business differ from those of the United States, and we cannot predict how a bankruptcy court in any such jurisdiction would treat such a circumstance. For more information, see Certain Insolvency and Other Local Law Considerations.

The US Issuer I is a finance company with no operations of its own, and its only material assets are the US Proceeds Loans. The US Issuer II is a finance company with no operations of its own, and no material assets. The Luxembourg Issuer is a finance company with no operations of its own, and its only material assets are the Luxembourg Proceeds Loans. Substantially all of the operations of RGHL are conducted through RGHL's Subsidiaries. Unless a Subsidiary is a Senior Note Guarantor or one of the Issuers, claims of creditors of such Subsidiary, including trade creditors, and claims of preferred stockholders (if any) of such Subsidiary generally will have priority with respect to the assets and earnings of such Subsidiary over the claims of creditors of the Senior Note Guarantors, including holders of the Senior Notes. The Senior Notes, therefore, are effectively subordinated to creditors (including trade creditors) and preferred stockholders (if any) of Subsidiaries of RGHL that are not one of the Issuers or the Senior Note Guarantors (including BP II, which is a finance company). As of September 30, 2011, our various subsidiaries that are not one of the Issuers, the issuer of the 2007 Notes, or Senior Note Guarantors had no more than approximately \$10.0 million of long-term debt (on a consolidated basis and excluding intercompany loan transactions) and \$6,528.5 million of total assets. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes Not all of our subsidiaries guarantee the notes, and the notes and the guarantees of the notes will be structurally subordinated to all of the claims of creditors of those non-guarantor subsidiaries.

Senior Note Guarantees

Each of the Senior Note Guarantors jointly and severally, irrevocably and unconditionally guarantees on a senior basis the performance and punctual payment when due, whether at Stated Maturity, by acceleration or otherwise, of all obligations of the Issuers under the Senior Notes Indenture and the Senior Notes, whether for payment of principal of, premium, if any, or interest on the Senior Notes, expenses, indemnification or otherwise (all such obligations guaranteed by such Senior Note Guarantors and by any of RGHL's Subsidiaries that subsequently become Senior Note Guarantors being herein called the *Guaranteed Obligations*), subject to limitations imposed by applicable local law and certain other limitations imposed by the terms of such guarantees; *provided, however*, that in no event shall a US Controlled Foreign Subsidiary be required to guarantee the Guaranteed Obligations. The entities that are Senior Note Guarantors include entities organized in the following jurisdictions: Australia, Brazil, British Virgin Islands, Canada, Costa Rica, Germany, Guernsey, Hong Kong, Hungary, Japan, Luxembourg, Mexico, the Netherlands, New Zealand, Switzerland, the United States and the United Kingdom. Due to applicable law in certain jurisdictions and other factors, certain of RGHL's subsidiaries in certain jurisdictions are currently not Senior Note Guarantors as they have not entered into their respective Senior Note Guarantees. Certain of our subsidiaries organized in Austria have guaranteed the 2007 Notes, the 2009 Notes, the May 2010 Notes, the October 2010 Senior Secured Notes and the October 2010 Senior Notes, but have not yet guaranteed the Senior Notes, the Senior Secured Notes or the

term loans under the Senior Secured Credit Facilities, and there is no certainty that any such entity will be able to provide such a guarantee in the future. Our subsidiary in Thailand has guaranteed the 2007 Notes and the 2009 Notes, but has not yet guaranteed any other notes, including the Senior Notes, the Senior Secured Notes or the term loans under the Senior Secured Credit Facilities, and there is no certainty that such entity will be able to provide such a guarantee in the future. Therefore, potentially for the term of the Senior Notes, to the extent certain entities are not able to provide the above-mentioned Senior Note Guarantee, lenders under the Senior Secured Credit Facilities, holders of the August 2011 Senior Secured Notes, holders of the August 2011 Senior Notes, holders of October 2010 Senior Secured Notes, holders of October 2010 Senior Notes, holders of May 2010 Notes, holders of 2009 Notes, holders of 2007 Senior Notes and holders of 2007 Senior Subordinated Notes will have the benefit of greater guarantee coverage than holders of Senior Notes. The Senior Note Guarantees are subject to a variety of local laws that may limit or void the Senior Note Guarantees and certain other limits imposed under the terms of such Senior Note Guarantees. For a description of such limitations and the risks associated with the Senior Note Guarantees, see

Certain Insolvency and Other Local Law Considerations.

Such Senior Note Guarantors have agreed, and any of RGHL's Subsidiaries that subsequently become Senior Note Guarantors will agree, to pay, subject to limitations imposed by applicable local law and certain other limitations, in addition to the amount stated above, any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the holders in enforcing any rights under the Senior Note Guarantees.

It is intended that the Senior Notes will ultimately be guaranteed by the same entities that are obligors under, or guarantors of, the 2007 Notes, the 2009 Notes, the May 2010 Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes, the August 2011 Notes and the Senior Secured Credit Facilities. Certain of our subsidiaries organized in Austria have guaranteed the 2007 Notes, the 2009 Notes, the May 2010 Notes and the October 2010 Notes, but have not yet guaranteed the Senior Notes, the Senior Secured Notes and the term loans under the Senior Secured Credit Facilities, and there is no certainty that any such entity will be able to provide such a guarantee in the future. guaranteed any other notes, including the Senior Notes, the Senior Secured Notes and the term loans under the Senior Secured Credit Facilities, and there is no certainty that such entity will be able to provide such a guarantee in the future. Therefore, potentially for the

term of the Senior Notes to the extent certain entities are not able to provide the above-mentioned Senior Note Guarantee, lenders under the Senior Secured Credit Facilities, holders of the August 2011 Notes, holders of October 2010 Senior Secured Notes, holders of October 2010 Senior Notes, holders of May 2010 Notes, holders of 2009 Notes, holders of 2007 Senior Notes and holders of 2007 Senior Subordinated Notes will have the benefit of greater guarantee coverage than holders of Senior Notes. In addition, any future guarantor of the Senior Secured Credit Facilities, any other Credit Agreement or Public Debt of BP I, BP II or their respective Subsidiaries are only required to provide Senior Note Guarantees as required by the covenant under Certain Covenants Future Senior Note Guarantors. Accordingly, in the future, other Indebtedness, including the Senior Secured Credit Facilities, the Senior Notes, the August 2011 Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes, the May 2010 Notes, the 2009 Notes, the 2007 Senior Notes and the 2007 Senior Subordinated Notes could have the benefit of guarantees that are not also provided in favor of the Senior Notes. See Ranking.

Each Senior Note Guarantee is a continuing guarantee and shall, subject to the next paragraph:

- (1) remain in full force and effect until payment in full of all the Guaranteed Obligations;
- (2) be binding upon each such Senior Note Guarantor and its successors; and
- (3) inure to the benefit of and be enforceable by the Trustee, the holders and their successors, transferees and assigns.

Release of Senior Note Guarantees

A Senior Note Guarantee of a Senior Note Guarantor will be automatically released upon (a) receipt by the Trustee of a notification from BP I that such Senior Note Guarantee be released and (b) the occurrence of any of the following:

- (1) the consummation of any transaction permitted by the Senior Notes Indenture as a result of which such Senior Note Guarantor ceases to be a Restricted Subsidiary;
- (2) the release or discharge of the guarantee or other obligation by such Senior Note Guarantor of the Senior Secured Credit Facilities or such other guarantee or other obligation that resulted in the creation of such Senior Note Guarantee, except a release or discharge by or as a result of payment under such guarantee;
- (3) BP I designating such Senior Note Guarantor to be an Unrestricted Subsidiary in accordance with the covenants described under Certain Covenants Limitation on Restricted Payments and the definition of Unrestricted Subsidiary;
- (4) the Issuers exercise of their legal defeasance option or covenant defeasance option as described under Defeasance, or if the Issuers obligations under the Senior Notes Indenture are discharged in accordance with the terms of the Senior Notes Indenture; or
- (5) the transfer or sale of the equity interests of such Senior Note Guarantor pursuant to an enforcement action, in accordance with the terms of the First Lien Intercreditor Agreement.

The Senior Note Guarantor will be required to deliver to the Trustee an Officers Certificate stating that all conditions precedent provided for in the Senior Notes Indenture relating to the release have been complied with. A Senior Note Guarantee of a Senior Note Guarantor also will be released as provided under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets and RGHL will be released from its Senior Note Guarantee in connection with the substantially concurrent transfer by RGHL of the capital stock of BP I to a newly formed subsidiary of RGHL (*Midco*); provided that (a) Midco is a corporation, partnership or limited liability company organized or existing under the laws of any member state

of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof or New Zealand; (b) Midco expressly assumes or replaces all the obligations of RGHL under the Senior Notes Indenture, the Senior Notes Registration Rights Agreement, the Senior Notes, and RGHL's Senior Note Guarantee pursuant to a supplemental or replacement indenture or other documents or instruments in form reasonably satisfactory to the Trustee; (c) immediately after giving effect to such transaction on a pro forma basis (and treating any Indebtedness which becomes an obligation of Midco as a result of such transaction as having been Incurred by Midco at the time of such transaction), no Default shall have occurred and be continuing and the Issuers would be able to Incur an additional \$1.00 of Indebtedness pursuant to the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; (d) RGHL delivers to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such transfer and such supplemental indenture comply with the Senior Notes Indenture (and in giving such opinion such counsel may rely on an Officers Certificate as to any matters of fact); and (e) RGHL delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of RGHL approving such transaction and set forth in an Officers Certificate certifying that such transaction complies with the requirements of the Senior Notes Indenture.

Upon any occurrence specified in the two preceding paragraphs, the Trustee shall, at the instruction of and at the cost of the Issuers, execute any documents reasonably requested of it to evidence such release.

Addition of Senior Note Guarantors

Under certain circumstances, additional Restricted Subsidiaries may be added as Senior Note Guarantors (see Certain Covenants Future Senior Note Guarantors).

Change of Control

Upon the occurrence of any of the following events (each, a *Change of Control*), each holder will have the right to require the Issuers to repurchase all or any part of such holder's Senior Notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, to the date of repurchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), except to the extent the Issuers have previously elected to redeem all of the Senior Notes as described under Optional Redemption:

- (1) the sale, lease or transfer, in one or a series of transactions, of all or Substantially All the assets of BP II or BP I and its Subsidiaries, taken as a whole, to a Person other than, directly or indirectly, any of the Permitted Holders;
- (2) BP I becomes aware (by way of a report or any other filing pursuant to Section 13(d) of the Exchange Act, proxy, vote, written notice or otherwise) of the acquisition by any Person or group (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act, or any successor provision), including any group acting for the purpose of acquiring, holding or disposing of securities (within the meaning of Rule 13d-5(b)(1) under the Exchange Act), other than any of the Permitted Holders, in a single transaction or in a related series of transactions, by way of merger, consolidation or other business combination or purchase of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act, or any successor provision), of more than 50% of the total voting power of the Voting Stock of the US Issuer I, the US Issuer II, the Luxembourg Issuer, BP I or BP II or any direct or indirect parent of BP I or BP II; or
- (3) RGHL ceases to own, directly or indirectly, 100% of the Capital Stock of BP I, BP II, BP III or any of the Issuers, other than directors qualifying shares or other de minimis shareholdings required by law.

Table of Contents

In the event that at the time of such Change of Control the terms of any Bank Indebtedness restrict or prohibit the repurchase of Senior Notes pursuant to this covenant, then prior to the mailing (or delivery) of the notice to holders provided for in the immediately following paragraph but in any event within 45 days following any Change of Control, the Issuers shall:

- (1) repay in full all such Bank Indebtedness or, if doing so will allow the purchase of Senior Notes, offer to repay in full all such Bank Indebtedness and repay the Bank Indebtedness of each lender that has accepted such offer; or
- (2) obtain the requisite consent under the agreements governing such Bank Indebtedness to permit the repurchase of the Senior Notes as provided for in the immediately following paragraph.

The Issuers' failure to comply with such provisions or the provisions of the immediately following paragraph shall constitute an Event of Default described in clause (4) and not in clause (2) under Defaults below.

Within 45 days following any Change of Control, except to the extent that the Issuers have exercised their right to redeem the Senior Notes by delivery of a notice of redemption as described under Optional Redemption, or all conditions to such redemption have been satisfied or waived, the Issuers shall mail (or otherwise deliver in accordance with applicable DTC procedures) a notice (a *Change of Control Offer*) to each holder with a copy to the Trustee stating:

- (1) that a Change of Control has occurred and that such holder has the right to require the Issuers to repurchase such holder's Senior Notes at a repurchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, to the date of repurchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date) (the *Change of Control Payment*);
- (2) the circumstances and relevant facts and financial information regarding such Change of Control;
- (3) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed or delivered) (the *Change of Control Payment Date*);
- (4) the instructions determined by the Issuers, consistent with this covenant, that a holder must follow in order to have its Senior Notes purchased; and
- (5) if applicable and such notice is mailed prior to the occurrence of a Change of Control, that such offer is conditioned on the occurrence of such Change of Control.

A Change of Control Offer may be made in advance of a Change of Control, and conditioned upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

In addition, the Issuers will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Senior Notes Indenture applicable to a Change of Control Offer made by the Issuers and purchases all Senior Notes validly tendered and not withdrawn under such Change of Control Offer.

On the Change of Control Payment Date, if the Change of Control shall have occurred, the Issuers will, to the extent lawful:

- (1) accept for payment all Senior Notes properly tendered pursuant to the Change of Control Offer;

Table of Contents

(2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Senior Notes so tendered;

(3) deliver or cause to be delivered to the Trustee an Officers Certificate stating the Senior Notes or portions of the Senior Notes being purchased by the Issuers in the Change of Control Offer;

(4) in the case of Global Senior Notes, deliver, or cause to be delivered, to the principal Paying Agent the Global Senior Notes in order to reflect thereon the portion of such Senior Notes or portions thereof that have been tendered to and purchased by the Issuers; and

(5) in the case of Definitive Registered Senior Notes, deliver, or cause to be delivered, to the relevant Registrar for cancellation all Definitive Registered Senior Notes accepted for purchase by the Issuers.

The Paying Agent will promptly mail (or otherwise deliver in accordance with applicable DTC procedures) to each holder of Senior Notes so tendered the Change of Control Payment for such Senior Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder of Senior Notes a new Senior Note equal in principal amount to the unpurchased portion of the Senior Notes surrendered, if any; *provided, however*, that each such new Senior Note will be in a principal amount that is at least \$100,000 and integral multiples of \$1,000 in excess thereof.

Senior Notes repurchased by the Issuers or an Affiliate pursuant to a Change of Control Offer will have the status of Senior Notes issued but not outstanding or will be retired and canceled at the option of the Issuers. Senior Notes purchased by an unaffiliated third party pursuant to the procedure described above will have the status of Senior Notes issued and outstanding.

The Issuers will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Senior Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue thereof.

This Change of Control repurchase provision is a result of negotiations between RGHL, the Issuers and the Initial Purchasers. None of RGHL, BP I, BP II and the Issuers has any present intention to engage in a transaction involving a Change of Control, although it is possible that they could decide to do so in the future. Subject to the limitations discussed below, RGHL, BP I, BP II or any of the Restricted Subsidiaries, including the Issuers, could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Senior Notes Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect the capital structure or credit rating of RGHL or its Restricted Subsidiaries, including the Issuers.

The occurrence of events that would constitute a Change of Control would require repayment of all amounts outstanding under the Senior Secured Credit Facilities and would trigger the requirement that we offer to purchase the Senior Secured Notes, the August 2011 Notes, the October 2010 Senior Notes, the October 2010 Senior Secured Notes, the May 2010 Notes, the 2009 Notes, the 2007 Senior Notes and the 2007 Senior Subordinated Notes at 101% of the principal amount thereof. Agreements and instruments with respect to future indebtedness that RGHL or any of its Subsidiaries may incur may contain prohibitions on certain events that would constitute a Change of Control or require such indebtedness to be repurchased upon a Change of Control. Moreover, the exercise by the holders of their right to require the Issuers to repurchase the Senior Notes could cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Issuers. Finally, the Issuers

ability to pay cash to the holders upon a repurchase may be limited by the Issuers' then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. Neither RGHL nor any of its Restricted Subsidiaries are required to advance us funds to make any Change of Control

Payment. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes We may be unable to raise the funds necessary to finance the change of control repurchase offers required by the indentures governing the notes and similar requirements in the agreements governing our other indebtedness.

The provisions under the Senior Notes Indenture relating to the Issuers obligation to make an offer to repurchase the Senior Notes as a result of a Change of Control may be waived or modified with the written consent of the holders of a majority in principal amount of outstanding Senior Notes.

Certain Covenants

Set forth below are summaries of certain covenants that are contained in the Senior Notes Indenture.

Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock. The Senior Notes Indenture provides that:

(1) each of BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness (including Acquired Indebtedness) or issue any shares of Disqualified Stock; and

(2) each of BP I and BP II will not permit any Restricted Subsidiaries (other than a Senior Note Guarantor) to issue any shares of Preferred Stock;

provided, however, that BP I and BP II may Incur Indebtedness (including Acquired Indebtedness) or issue shares of Disqualified Stock, and any Restricted Subsidiary may Incur Indebtedness (including Acquired Indebtedness), issue shares of Disqualified Stock or issue shares of Preferred Stock, in each case if the Fixed Charge Coverage Ratio of BP I and BP II on a combined basis for the most recently ended four full fiscal quarters for which combined internal financial statements of BP I and BP II are available immediately preceding the date on which such additional Indebtedness is Incurred or such Disqualified Stock or Preferred Stock is issued would have been at least 2.00 to 1.00 determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been Incurred, or the Disqualified Stock or Preferred Stock had been issued, as the case may be, and the application of proceeds therefrom had occurred at the beginning of such four-quarter period; *provided* that the amount of Indebtedness that may be Incurred and Disqualified Stock or Preferred Stock that may be issued pursuant to the foregoing by Restricted Subsidiaries that are not the Issuers or Senior Note Guarantors shall not exceed \$20.0 million at any one time outstanding.

The foregoing limitations will not apply to (collectively, *Permitted Debt*):

(a) the Incurrence by BP I, BP II or any Restricted Subsidiaries of Indebtedness under (i) the Credit Agreement and the issuance and creation of letters of credit and bankers acceptances thereunder (with letters of credit and bankers acceptances being deemed to have a principal amount equal to the face amount thereof) in an aggregate principal amount not to exceed (A) \$3,855.0 million of term loan facilities, plus (B) 250.0 million of term loan facilities, plus (C) \$120.0 million of revolving credit facilities and ancillary facilities that relate to revolving credit facilities, plus (D) 80.0 million of revolving credit facilities and ancillary facilities that relate to revolving credit facilities and (ii) Local Facility Agreements in an aggregate principal amount not to exceed 80.0 million;

For purposes of determining compliance with this covenant:

(1) in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness described in clauses (a) through (aa) above or is entitled to be Incurred pursuant to the first paragraph of this covenant, the Issuers shall, in their sole discretion, classify or reclassify, or later divide, classify or reclassify, such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) in any manner that complies with this covenant; *provided, however*, that

(x) Indebtedness under the Credit Agreement outstanding on the Issue Date shall be deemed to have been Incurred pursuant to clause (a)(i) of Permitted Debt and the Issuers shall not be permitted to reclassify all or any portion of such Indebtedness under the Credit Agreement outstanding on the Issue Date and (y) the Issuers shall not be permitted to reclassify all or any portion of any Secured Indebtedness Incurred as Permitted Debt unless

at the time of such reclassification the Issuers could secure such Secured Indebtedness pursuant to clause (6) of the definition of Permitted Liens; and

(2) the Issuers will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described in the first and second paragraphs above, and in that connection shall be entitled to treat a portion of such Indebtedness as having been Incurred under the first paragraph above and thereafter the remainder of such Indebtedness having been Incurred under the second paragraph above.

Accrual of interest, the accretion of accreted value, the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as applicable, accretion of original issue discount or liquidation preference and increases in the amount of Indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies will not be deemed to be an Incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant. Guarantees of, or obligations in respect of letters of credit relating to, Indebtedness that is otherwise included in the determination of a particular amount of Indebtedness shall not be included in the determination of such amount of Indebtedness; *provided* that the Incurrence of the Indebtedness represented by such guarantee or letter of credit, as the case may be, was in compliance with this covenant.

For purposes of determining compliance with this covenant, (i) the Euro Equivalent of the principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first drawn, in the case of Indebtedness Incurred under a revolving credit facility; *provided* that (a) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a currency other than euro, and such refinancing would cause the applicable euro-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such euro-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced; (b) the Euro Equivalent of the principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date; and (c) if any such Indebtedness is subject to a Currency Agreement with respect to the currency in which such Indebtedness is denominated covering principal, premium, if any, and interest on such Indebtedness, the amount of such Indebtedness and such interest and premium, if any, shall be determined after giving effect to all payments in respect thereof under such Currency Agreements and (ii) the U.S. Dollar Equivalent of the principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first drawn, in the case of Indebtedness Incurred under a revolving credit facility; *provided* that (a) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a currency other than U.S. Dollars, and such refinancing would cause the applicable U.S. Dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. Dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced; (b) the U.S. Dollar Equivalent of the principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date; and (c) if any such Indebtedness is subject to a Currency Agreement with respect to the currency in which such Indebtedness is denominated covering principal, premium, if any, and interest on such Indebtedness, the amount of such Indebtedness and such interest and premium, if any, shall be determined after giving effect to all payments in respect thereof under such Currency Agreements.

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that BP I, BP II and the Restricted Subsidiaries may incur pursuant to this covenant shall not be deemed to be exceeded, with respect to any outstanding Indebtedness, solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness

being refinanced, shall be calculated based on the currency exchange

rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

For all purposes of the Senior Notes Indenture, (1) unsecured Indebtedness will not be treated as subordinated or junior to Secured Indebtedness merely because it is unsecured, (2) Senior Indebtedness will not be treated as subordinated or junior to any other Senior Indebtedness merely because it has junior priority with respect to the same collateral, (3) Indebtedness of such Person which is not guaranteed will not be treated as subordinated or junior to Indebtedness that is guaranteed merely because of such guarantee and (4) Indebtedness under any Secured Indebtedness will not be deemed to be subordinated because of the application of waterfall or other payment-ordering or collateral-sharing provisions affecting any such Secured Indebtedness.

Limitation on Restricted Payments. The amount of our Cumulative Credit (as defined below) is calculated based on our net income since, and other transactions occurring from November 5, 2009 or October 1, 2009, as applicable.

(4) make any Restricted Investment (all such payments and other actions set forth in clauses (1) through (4) above being collectively referred to as Restricted Payments), unless, at the time of such Restricted Payment:

(a) no Default shall have occurred and be continuing or would occur as a consequence thereof;

(b) immediately after giving effect to such transaction on a pro forma basis, BP I or BP II could Incur \$1.00 of additional Indebtedness under the provisions of the first paragraph of the

covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by BP I, BP II and the Restricted Subsidiaries after the RP Reference Date (and not returned or rescinded) (including Restricted Payments permitted by clauses (1), (4) (only to the extent of one-half of the amounts paid pursuant to such clause), (6) and (8) of the next succeeding paragraph, but excluding all other Restricted Payments permitted by the next succeeding paragraph), is less than the amount equal to the Cumulative Credit.

Cumulative Credit means the sum of (without duplication):

(2) 100% of the aggregate net proceeds, including cash and the Fair Market Value of property other than cash received by BP I or BP II after the RP Reference Date (other than net proceeds to the extent such net proceeds have been used to Incur Indebtedness, Disqualified Stock, or Preferred Stock pursuant to clause (v) of the second paragraph of the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock) from the issue or sale of Equity Interests of BP I or BP II or Subordinated Shareholder Funding to BP I or BP II (excluding Refunding Capital Stock (as defined below), Designated Preferred Stock, Excluded Contributions, and Disqualified Stock), including Equity Interests issued upon exercise of warrants or options (other than an issuance or sale to a Restricted Subsidiary); *plus*

The foregoing provisions will not prohibit:

(1) the payment of any dividend or distribution within 60 days after the date of declaration thereof, if at the date of declaration such payment would have complied with the provisions of the Senior Notes Indenture;

(2) (a) the redemption, repurchase, retirement or other acquisition of any Equity Interests (*Retired Capital Stock*) or Subordinated Indebtedness (including the 2007 Senior Subordinated Notes) or Subordinated Shareholder Funding of BP I, BP II, any direct or indirect parent of BP I, BP II or any Restricted Subsidiary in exchange for, or out of the proceeds of, the substantially concurrent sale of, Equity Interests or Subordinated Shareholder Funding of BP I, BP II or any direct or indirect parent of BP I or BP II or contributions to the equity capital of BP I or BP II (other than any Disqualified Stock or any Equity Interests sold to a Subsidiary of BP I or BP II) (collectively, including any such contributions, *Refunding Capital Stock*), and

(a) the principal amount (or accreted value, if applicable) of such new Indebtedness does not exceed the principal amount (or accreted value, if applicable), plus any accrued and unpaid interest, of the Subordinated Indebtedness being so redeemed, repurchased, defeased, acquired or retired for value (plus the amount of any premium required to be paid under the terms of the instrument governing the Subordinated Indebtedness being so redeemed, repurchased, acquired or retired, any tender premiums, and any defeasance costs, fees and expenses Incurred in connection therewith);

The Senior Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, cause or make an Asset Sale, unless (x) BP I, BP II or any Restricted Subsidiaries, as the case may be, receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the assets sold or otherwise disposed of, and (y) at least 75% of the consideration therefor received by BP I, BP II or such Restricted Subsidiary, as the case may be, is in the form of Cash Equivalents; *provided* that for purposes of clause (y) the amount of:

(b) any notes or other obligations or other securities or assets received by BP I, BP II or such Restricted Subsidiary from such transferee that are converted by BP I, BP II or such Restricted Subsidiary into cash within 180 days of the receipt thereof (to the extent of the cash received), and

(c) any Designated Non-cash Consideration received by BP I, BP II or any Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed 1.25% of Total Assets at the time of the receipt of such Designated Non-cash Consideration (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value),

shall be deemed to be Cash Equivalents for the purposes of this provision.

Within 12 months after BP I, BP II or any Restricted Subsidiary's receipt of the Net Proceeds of any Asset Sale, BP I, BP II or such Restricted Subsidiary may apply the Net Proceeds from such Asset Sale, at its option:

(1) to repay (a) Obligations constituting Secured Indebtedness (and, if such Indebtedness repaid is under a revolving credit facility, to correspondingly reduce commitments with respect thereto), (b) Obligations constituting Senior Indebtedness (other than Secured Indebtedness) (and, if such Indebtedness repaid is under a revolving credit facility, to correspondingly reduce commitments with respect thereto); *provided, however*, that if any such Senior Indebtedness described in this clause (b) other than the Senior Notes are repaid with the Net Proceeds of any Asset Sale, the Issuers will equally and ratably reduce Obligations under the Senior Notes through open-market purchases (provided that such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all holders to purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, the pro rata principal amount of Senior Notes or (c) Obligations constituting Indebtedness of a Restricted Subsidiary of BP I that is not an Issuer or a Senior Note Guarantor, in the case of each of clauses (a), (b) and (c), other than Indebtedness owed to RGHL or its Affiliates;

(2) to make an investment in any one or more businesses (provided that if such investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of BP I if it is not already a Restricted Subsidiary of BP I), assets, or property or capital expenditures (including

refurbishments), in each case used or useful in a Similar Business; or

(3) to make an investment in any one or more businesses (provided that if such investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of BP I), properties or assets that replace the properties and assets that are the subject of such Asset Sale.

In the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment; *provided* that in the event such binding commitment is later canceled or terminated for any reason before such Net Proceeds are so applied, BP I, BP II or such Restricted Subsidiary enters into another binding commitment (a *Second Commitment*) within nine months of such cancellation or termination of the prior binding commitment; *provided further* that BP I, BP II or such Restricted Subsidiary may only enter into a Second Commitment under the foregoing provision one time with respect to each Asset Sale.

Pending the final application of any such Net Proceeds, BP I, BP II or such Restricted Subsidiary may temporarily reduce Indebtedness under a revolving credit facility, if any, or otherwise invest such Net Proceeds in any manner not prohibited by the Senior Notes Indenture. Any Net Proceeds from any Asset Sale that are not applied as provided and within the time period set forth in the immediately two preceding paragraphs (it being understood that any portion of such Net Proceeds used to make an offer to purchase Senior Notes, as described in clause (1) above, shall be deemed to have been invested whether or not such offer is accepted) will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds 20.0 million, the Issuers shall make an offer to all holders of Senior Notes (and, at the option of the Issuers, to holders of any Senior Indebtedness of an Issuer or Senior Note Guarantor or any other Indebtedness of a Restricted Subsidiary of BP I that is not an Obligor) (an *Asset Sale Offer*) to purchase on a pro rata basis the maximum principal amount of Senior Notes (and such Senior Indebtedness and other Indebtedness), that is at least \$100,000 and an integral multiple of \$1,000 that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof (or, in the event such Senior Indebtedness or other Indebtedness was issued with significant original issue discount, 100% of the accreted value thereof), plus accrued and unpaid interest and additional interest, if any (or, in respect of such Senior Indebtedness or other Indebtedness, such lesser price, if any, as may be provided for by the terms of such Senior Indebtedness or other Indebtedness), to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Senior Notes Indenture. The Issuers will commence an Asset Sale Offer with respect to Excess Proceeds within ten (10) Business Days after the date that Excess Proceeds exceed 20.0 million by mailing (or otherwise delivering in accordance with applicable DTC procedures) the notice required pursuant to the terms of the Senior Notes Indenture, with a copy to the Trustee. To the extent that the aggregate amount of Senior Notes (and such Senior Indebtedness or other Indebtedness) tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, BP I, BP II or such Restricted Subsidiary may use any remaining Excess Proceeds for general corporate purposes. If the aggregate principal amount of Senior Notes (and such Senior Indebtedness or other Indebtedness) surrendered by holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Senior Notes to be purchased in the manner described below. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. An Asset Sale Offer need not be made by the Issuers until the date that is 12 months after the date on which an Asset Sale is made, the proceeds of which, in aggregate with all funds not applied in accordance with this covenant or the subject of an Asset Sale Offer, exceed 20.0 million.

The Issuers will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations to the extent such laws or regulations are applicable in connection with the repurchase of the Senior Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Notes Indenture, the Issuers will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Notes Indenture by virtue thereof.

If more Senior Notes (and such Senior Indebtedness or other Indebtedness) are tendered pursuant to an Asset Sale Offer than the Issuers are required to purchase, selection of such Senior Notes for purchase will be made by the

Trustee on a pro rata basis, to the extent practicable and in compliance with the requirements of

DTC, and any stock exchange on which the Senior Notes are then admitted to trading; *provided* that no Senior Notes of \$100,000 or less shall be purchased in part. Selection of such Senior Indebtedness or other Indebtedness will be made pursuant to the terms of such Senior Indebtedness or other Indebtedness.

An Asset Sale Offer insofar as it relates to the Senior Notes, will remain open for a period of not less than 20 Business Days following its commencement (the *Offer Period*). No later than five Business Days after the termination of the applicable Offer Period the Issuers will purchase the principal amount of the Senior Notes (and purchase or repay any relevant Senior Indebtedness or other Indebtedness required to be so purchased or repaid as set out above) validly tendered.

To the extent that any portion of the Net Proceeds payable in respect of the Senior Notes is denominated in a currency other than the currency in which the relevant Senior Notes are denominated, the amount payable in respect of such Senior Notes shall not exceed the net amount of funds in the currency in which such Senior Notes are denominated as is actually received by BP I, BP II or such Restricted Subsidiary upon converting the relevant portion of the Net Proceeds into such currency.

Notices of an Asset Sale Offer shall be mailed by first-class mail, postage prepaid (or otherwise delivered in accordance with applicable DTC procedures) at least 30 but not more than 60 days before the purchase date to each holder of Senior Notes at such holder's registered address. If any Senior Note is to be purchased in part only, any notice of purchase that relates to such Senior Note shall state the portion of the principal amount thereof that has been or is to be purchased.

The provisions under the Senior Notes Indenture relating to the Issuers' obligation to make an Asset Sale Offer may be waived or modified with the consent of a majority in principal amount of the Senior Notes.

In the event that an Asset Sale occurs at a time when the Issuers are prohibited from purchasing Senior Notes, the Issuers could seek the consent of their lenders to purchase the Senior Notes or could attempt to refinance the borrowings that contain such prohibition. If the Issuers do not obtain such a consent or repay such borrowings, the Issuers will remain prohibited from purchasing Senior Notes. In such case, the Issuers' failure to purchase tendered Senior Notes would constitute an Event of Default under the Senior Notes Indenture that is likely, in turn, to constitute a default under the Issuers' other Indebtedness.

Transactions with Affiliates. The Senior Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction or series of transactions, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Issuers (each of the foregoing, an *Affiliate Transaction*) involving aggregate consideration in excess of \$15.0 million, unless:

(a) such Affiliate Transaction is on terms that are not materially less favorable to BP I, BP II or the relevant Restricted Subsidiary than those that could have been obtained in a comparable transaction by BP I, BP II or such Restricted Subsidiary with an unrelated Person; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$30.0 million, BP I or BP II delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of BP I or BP II, approving such Affiliate Transaction and set forth in an Officers Certificate certifying that such Affiliate Transaction complies with clause (a) above.

An Affiliate Transaction shall be deemed to have satisfied the approval requirements set forth in the preceding paragraph if (i) such Affiliate Transaction is approved by a majority of the Disinterested Directors or (ii) in the event there are no Disinterested Directors, a fairness opinion is provided by an Independent Financial Advisor with respect to such Affiliate Transaction.

(22) intercompany transactions undertaken in good faith (as certified by a responsible financial or accounting officer of BP I or BP II in an Officers Certificate) for the purpose of improving the consolidated tax efficiency of BP I, BP II and their respective Subsidiaries and not for the purpose of circumventing any covenant set forth in the Senior Notes Indenture.

Liens. The Senior Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, create, incur or suffer to exist any Lien on any asset or property of BP I, BP II or such Restricted Subsidiary (including Capital Stock or Indebtedness of a Restricted Subsidiary), whether owned on the Issue Date or acquired thereafter, or any interest therein or any income, profits or proceeds therefrom securing any Indebtedness (an *Initial Lien*), except Permitted Liens; *provided, however*, that any Lien on such property or assets will be permitted notwithstanding that it is not a Permitted Lien if the Senior Notes and Senior Note Guarantees are equally and ratably secured with (or on a senior basis to, in the case of obligations subordinated in right of payment to the Senior Notes or the Senior Note Guarantees), the obligations so secured until such time as such obligations are no longer secured by a Lien.

Any Lien created for the benefit of the holders pursuant to this covenant will provide by its terms that such Lien will be automatically and unconditionally released and discharged (a) upon the release and discharge of the Initial Lien, (b) upon the sale or other disposition of the assets subject to such Initial Lien (or the sale or other disposition of the Person that owns such assets) in compliance with the terms of the Senior Notes Indenture, (c) upon the designation of a Restricted Subsidiary whose property or assets secure such Initial Lien as an Unrestricted Subsidiary in accordance with the terms of the Senior Notes Indenture, (d) following an Event of Default under the Senior Notes Indenture or an event of default under any other Indebtedness secured by the collateral securing such Indebtedness, pursuant to an enforcement action, if required, in accordance with the terms of any applicable intercreditor agreement or (e) upon the effectiveness of any defeasance or satisfaction and discharge of the Senior Notes as specified in the Senior Notes Indenture.

Reports and Other Information. Notwithstanding that RGHL or the Issuers may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, RGHL (and the Issuers) will file with the SEC (and provide the Trustee and holders of the Senior Notes with copies thereof, without cost to each holder, within 15 days after it files them with the SEC),

(1) within the time period specified in the SEC's rules and regulations, annual reports on Form 20-F (or any successor or comparable form applicable to RGHL or the Issuers within the time period for non-accelerated filers to the extent such term is applicable to such form) containing the information required to be contained therein (or required in such successor or comparable form); *provided, however*, that, prior to the filing of the Senior Notes Exchange Offer Registration Statement or the Senior Notes Shelf Registration Statement, as the case may be, such report shall not be required to contain any certification required by any such form or by law,

(2) within 60 days after the end of each fiscal quarter other than the fourth fiscal quarter of any year, the information that would be required by a report on Form 10-Q (or any successor or comparable form applicable to RGHL or the Issuers) (which information, if RGHL and the Issuers are not required to file reports on Form 10-Q, will be filed on Form 6-K (or any successor or comparable form applicable to RGHL or the Issuers)); *provided, however*, that prior to the filing of the Senior Notes Exchange Offer Registration Statement or the Senior Notes Shelf Registration Statement, as the case may be, such report shall not be required to contain any certification required by any such form or by law, and

(3) promptly from time to time after the occurrence of an event required to be reported on Form 8-K (or any successor or comparable form applicable to RGHL or the Issuers), the information that would be required by a Form 8-K (or any

successor or comparable form applicable to RGHL or the Issuers) (which information, if RGHL and the Issuers are not required to file reports on Form 8-K will be filed on Form 6-K (or any successor or comparable form applicable to RGHL or the Issuers));

provided, however, that RGHL (and the Issuers) shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event RGHL (or the Issuers) will post the reports specified in the first sentence of this paragraph on its website within the time periods that would apply if RGHL were required to file those reports with the SEC. In addition, RGHL will make available such information to prospective purchasers of Senior Notes, in addition to providing such information to the Trustee and the holders of the Senior Notes, in each case within 15 days after the time RGHL would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act. Notwithstanding the foregoing, RGHL and the Issuers may satisfy the foregoing reporting requirements (i) prior to the filing with the SEC of the Senior Notes Exchange Offer Registration Statement, or if the Senior Notes Exchange Offer Registration Statement is not filed within the applicable time limits pursuant to the Senior Notes Registration Rights Agreement, the Senior Notes Shelf Registration Statement, by providing the Trustee and the noteholders with (x) substantially the same information as would be required to be filed with the SEC by RGHL and the Issuers on Form 20-F (or any successor or comparable form applicable to RGHL or the Issuers) if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within 90 days after the end of the applicable fiscal year and (y) substantially the same information as would be required to be filed with the SEC by RGHL and the Issuers on Form 10-Q (or any successor or comparable form applicable to RGHL or the Issuers) if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within 60 days after the end of the applicable fiscal quarter and (ii) after filing with the SEC the Senior Notes Exchange Offer Registration Statement, or if the Senior Notes Exchange Offer Registration Statement is not filed within the applicable time limits pursuant to the Senior Notes Registration Rights Agreement, the Senior Notes Shelf Registration Statement, but prior to the effectiveness of the Senior Notes Exchange Offer Registration Statement or Senior Notes Shelf Registration Statement, by publicly filing with the SEC the Senior Notes Exchange Offer Registration Statement or Senior Notes Shelf Registration Statement, to the extent any such registration statement contains substantially the same information as would be required to be filed by RGHL and the Issuers if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, and by providing the Trustee and the noteholders with such registration statement (and amendments thereto) promptly following the filing with the SEC thereof.

Notwithstanding the foregoing, the annual reports, information, documents and other reports filed with the SEC will include all of the information, with respect to the financial condition and results of operations of BP I and BP II on a combined basis separate from the financial condition and results of operations from RGHL on a consolidated basis, that RGHL, BP I and BP II are required to include in information, documents and other reports made available pursuant to the 2009 Indenture (such information, the *Required Financial Information*). If RGHL's, BP I's or BP II's obligations to provide the Required Financial Information shall cease to be in full force and effect, RGHL, BP I and BP II shall make available to the Trustee and the noteholders information substantially equivalent to the Required Financial Information as if their obligations to provide such information under the 2009 Indenture remained in full force and effect.

Notwithstanding the foregoing, RGHL will be deemed to have furnished such reports referred to above to the Trustee and the holders of the Senior Notes if RGHL has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available.

The Senior Notes Indenture also provides that, so long as any of the Senior Notes remain outstanding and during any period during which BP I or the Issuers are not subject to Section 13 or 15(d) of the Exchange Act, or otherwise permitted to furnish the SEC with certain information pursuant to Rule 12g 3-2(b) of the Exchange Act, each Issuer will make available to the holders of the Senior Notes and to prospective investors, upon their request, the information required to be delivered by Rule 144A(d)(4) under the Securities Act.

Future Senior Note Guarantors. The Senior Notes Indenture provides that each Restricted Subsidiary (unless such Subsidiary is an Issuer, a Senior Note Guarantor or a Receivables Subsidiary) that guarantees, assumes or in any other manner becomes liable with respect to (a) any Indebtedness under any Credit Agreement or (b) any Public Debt

(including any proceeds loans or other intercompany loans in respect thereof) of BP I, BP II, an Issuer or any Senior Note Guarantor, in each case, will execute and deliver to the

Trustee a supplemental indenture pursuant to which such Restricted Subsidiary will guarantee payment of the Senior Notes; *provided* that notwithstanding the foregoing:

(a) each Restricted Subsidiary incorporated or otherwise organized under the laws of Austria shall only be required to enter into its respective Senior Note Guarantee within 135 days following the Issue Date (or on such later date as may be permitted by the Applicable Representative in its sole discretion);

(b) the Thai Guarantor (as defined below) shall only be required to enter into its Senior Note Guarantee as described below under the caption Certain Covenants Bank of Thailand Approval and Thai Business Permit;

(c) with respect to any Restricted Subsidiary not referred to in clauses (a) or (b) above, to the extent the foregoing obligation is triggered by Indebtedness or Public Debt existing as of the Issue Date, the relevant Restricted Subsidiary shall only be required to enter into its respective Senior Note Guarantee as soon as reasonably practicable following the Issue Date;

(d) no Senior Note Guarantee shall be required as a result of any Indebtedness or guarantee of Indebtedness that existed at the time such Person became a Restricted Subsidiary if the Indebtedness or guarantee was not Incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary;

(e) if such Indebtedness is by its terms expressly subordinated to the Senior Notes or any Senior Note Guarantee, any such assumption, guarantee or other liability of such Restricted Subsidiary with respect to such Indebtedness shall be subordinated to such Restricted Subsidiary's Senior Note Guarantee of the Senior Notes at least to the same extent as such Indebtedness is subordinated to the Senior Notes or any other senior guarantee;

(f) no Senior Note Guarantee shall be required as a result of any guarantee given to a bank or trust company incorporated in any member state of the European Union as of the date of the Senior Notes Indenture or any commercial banking institution that is a member of the US Federal Reserve System (or any branch, Subsidiary or Affiliate thereof), in each case having combined capital and surplus and undivided profits of not less than \$500.0 million, whose debt has a rating, at the time such guarantee was given, of at least A or the equivalent thereof by S&P and at least A2 or the equivalent thereof by Moody's, in connection with the operation of cash management programs established for BP I's and BP II's benefit or that of any Restricted Subsidiary;

(g) no Senior Note Guarantee shall be required from a US Controlled Foreign Subsidiary or a Financial Assistance Restricted Subsidiary;

(h) no Senior Note Guarantee shall be required if such Senior Note Guarantee could reasonably be expected to give rise to or result in (x) personal liability for, or material risk of personal liability for, the officers, directors or shareholders of BP I, BP II, any parent of BP I or BP II or any Restricted Subsidiary, (y) any violation of, or material risk of violation of, applicable law that cannot be avoided or otherwise prevented through measures reasonably available to BP I, BP II or any such Restricted Subsidiary, including, for the avoidance of doubt, whitewash or similar procedures or (z) any significant cost, expense, liability or obligation (including with respect of any Taxes) other than reasonable out-of-pocket expenses and other than reasonable expenses Incurred in connection with any governmental or regulatory filings required as a result of, or any measures pursuant to clause (y) undertaken in connection with, such Senior Note Guarantee, which cannot be avoided through measures reasonably available to BP I, BP II or any such Restricted Subsidiary; and

(i) each such Senior Note Guarantee will be limited as necessary to recognize certain defenses generally available to guarantors (including those that relate to fraudulent conveyance or transfer, voidable preference, financial assistance, corporate purpose, capital maintenance or similar laws,

regulations or defenses affecting the rights of creditors generally) or other considerations under applicable law.

The Senior Note Guarantees shall be released in accordance with the provisions of the Senior Notes Indenture described under Senior Note Guarantees.

Bank of Thailand Approval and Thai Business Permit. The Senior Notes Indenture provides that, within 45 days after February 1, 2011 (or on such later date as may be permitted by the Applicable Representative in its sole discretion) SIG Combibloc Limited (Thailand) (the *Thai Guarantor*) shall apply to the Bank of Thailand for, and use commercially reasonable efforts to obtain, in-principle approval for the remittance of any foreign currency sum pursuant to the Thai Guarantor's obligation to make any payment under the Thai Senior Note Guarantee (as defined below).

If such Bank of Thailand in-principle approval is received, the Thai Guarantor shall promptly apply for, and shall use commercially reasonable efforts to obtain, the requisite permit under the Alien Business Act B.E. 2542 from the Director-General of the Department of Business Development, Ministry of Commerce of Thailand (the *Thai Business Permit*) permitting the Thai Guarantor to provide a guarantee for payment of the Senior Notes (the *Thai Senior Note Guarantee*).

Notwithstanding the provisions set forth under Certain Covenants Future Senior Note Guarantors, but subject to the exceptions to the requirement to provide a Senior Note Guarantee contained therein, the Thai Guarantor shall execute and deliver to the Trustee a supplemental indenture pursuant to which it will guarantee payment of the Senior Notes within 60 days of obtaining its Thai Business Permit (or on such later date as may be permitted by the Applicable Representative in its sole discretion), but in any event not earlier than the date on which the Thai Guarantor enters into or confirms its guarantee with respect to the Indebtedness incurred as incremental term loan borrowings under the Senior Secured Credit Facilities in connection with the Pactiv Acquisition, provided that at such time it would, but for the provisions of this section, be required to grant a Senior Note Guarantee under the terms of the section Certain Covenants Future Senior Note Guarantors above.

In addition, in respect of any in-principle approval of the Bank of Thailand granted to the Thai Guarantor, the Thai Guarantor agrees to: (i) when it is required to remit the foreign currency sum pursuant to its obligation of payment under the Thai Senior Note Guarantee, comply with the Bank of Thailand's requirements set out in such in-principle approval for obtaining the final approval of the Bank of Thailand for the remittance of such sum (to the full amount of its guarantee obligations), within the time limits specified by the Bank of Thailand (if any); (ii) if such in-principle approval has an expiry date, apply for the renewal or extension of such approval prior to the expiry date of such approval, so long as any of the obligations under the Thai Senior Note Guarantee are outstanding; and (iii) comply with the conditions set out in the final approval (if any) to allow the Thai Guarantor to remit the approved foreign currency sum (to the fullest extent) for the payment under the Thai Senior Note Guarantee.

Limitation on the US Issuers. Notwithstanding anything contained in the Senior Notes Indenture to the contrary, neither of the US Issuers will, directly or indirectly, own or acquire any Equity Interests in a US Controlled Foreign Subsidiary.

Limitation on Ownership of Foreign Subsidiaries. No Foreign Subsidiary of RGHL shall also be a Subsidiary of a Domestic Subsidiary of RGHL unless such Domestic Subsidiary is a disregarded entity for US tax purposes; *provided, however,* that such limitation shall not apply to (x) any Foreign Subsidiary of RGHL that is a Subsidiary of SIG Combibloc Inc., Closure Systems International Inc., Closure Systems Mexico Holdings LLC, CSI Mexico LLC, Pactiv Corporation or Pactiv International Holdings, Inc. as of the Issue Date, (y) any Foreign Subsidiary of a Domestic Subsidiary at the time such Domestic Subsidiary becomes a Subsidiary of RGHL (*provided, however,* that such Foreign Subsidiary did not become a Subsidiary of such Domestic Subsidiary in connection with, or in

Fiscal Year. Each Issuer at all times will have the same fiscal year as BP I and BP II and RGHL.

Limitations on Amendment of 2007 Senior Subordinated Notes. Except with the consent of the Holders of a majority in outstanding aggregate principal amount of the Senior Notes, BP II and the Obligors will not amend the 2007 Senior Subordinated Note Indenture or the notes and guarantees in respect of the foregoing if such amendment would result in any of the following:

- (a) the principal obligor in respect of the 2007 Senior Subordinated Notes not being either RGHL or BP II;
- (b) except as may be otherwise permitted under the Senior Notes Indenture under *Certain Covenants* *Future Senior Note Guarantors*, any Restricted Subsidiary other than a Senior Note Guarantor or an Issuer guaranteeing the 2007 Senior Subordinated Notes; or
- (c) the terms of the 2007 Senior Subordinated Notes relating to subordination being materially less favorable overall to the Holders.

Covenant Suspension. If (i) the Senior Notes have Investment Grade Ratings from both Rating Agencies, and the Issuers have delivered written notice of such Investment Grade Ratings to the Trustee, and (ii) no Default has occurred and is continuing under the Senior Notes Indenture, then, beginning on that day, BP I, BP II and the Restricted Subsidiaries will not be subject to the covenants (and related defaults) specifically listed under the following captions in this *Description of the Senior Notes* section of the Offering Circular (the *Suspended Covenants*):

- (1) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock;
- (2) Limitation on Restricted Payments;
- (3) Dividend and Other Payment Restrictions Affecting Subsidiaries;
- (4) Asset Sales;
- (5) Transactions with Affiliates;
- (6) Future Senior Note Guarantors;
- (7) clause (4) of the first paragraph of *Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets*; and
- (8) Change of Control.

In the event that BP I, BP II and the Restricted Subsidiaries are not subject to the Suspended Covenants under the Senior Notes Indenture for any period of time as a result of the foregoing, and on any subsequent date one or both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Senior Notes below an Investment Grade Rating or (b) BP I, BP II or any of their Affiliates enters into an agreement to effect a transaction that would result in a breach of a Suspended Covenant if not so suspended and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Senior Notes below an Investment Grade Rating, then BP I, BP II and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Senior Notes Indenture. Such covenants will not, however, be of any effect with regard to the actions of BP I, BP II and the Restricted Subsidiaries

properly taken during the continuance of the covenant suspension and the covenant described under Limitation on Restricted Payments shall be interpreted as if it had been in effect since the Reference Date except that no Default will

be deemed to have occurred and will not occur solely by reason of a Restricted Payment made during the covenant suspension.

During the continuance of the covenant suspension, no Restricted Subsidiary may be designated as an Unrestricted Subsidiary.

There can be no assurance that the Senior Notes will ever achieve or maintain Investment Grade Ratings.

Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets

The Senior Notes Indenture provides that each of BP I, BP II and each of the Issuers may not, directly or indirectly, consolidate, amalgamate or merge with or into or wind up or convert into (whether or not BP I, BP II or any Issuer, as applicable, is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets in one or more related transactions, to any Person unless:

- (1) BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, is the surviving person or the Person formed by or surviving any such consolidation, amalgamation, merger, winding up or conversion (if other than BP I, BP II, the US Issuer I, the US Issuer II, or the Luxembourg Issuer, as applicable) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand (BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, or such Person, as the case may be, being herein called the *Successor Company*); *provided* that in the case where the surviving Person is not a corporation, a co-obligor of the Senior Notes is a corporation;
- (2) the Successor Company (if other than BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable) expressly assumes all the obligations of BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, under its Senior Note Guarantee (if applicable) and the Senior Notes Indenture pursuant to supplemental indentures or other documents or instruments in form and substance satisfactory to the Trustee;
- (3) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Company or any of its Restricted Subsidiaries as a result of such transaction as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), no Default shall have occurred and be continuing;
- (4) immediately after giving pro forma effect to such transaction, as if such transaction had occurred at the beginning of the applicable four-quarter period (and treating any Indebtedness which becomes an obligation of the Successor Company or any of its Restricted Subsidiaries as a result of such transaction as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), either:
 - (a) the Successor Company would be permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described under *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*; or
 - (b) the Fixed Charge Coverage Ratio for the Successor Company and its Restricted Subsidiaries would be greater than such ratio for BP I, BP II and the Restricted Subsidiaries immediately prior to such transaction;

Table of Contents

(5) if the Successor Company is not BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, the Issuers and each Senior Note Guarantor, unless it is the other party to the transactions described above, shall have by supplemental indenture confirmed that its obligations under the Senior Notes Indenture, Senior Notes and Senior Note Guarantee, as applicable, shall apply to such Person's obligations under the Senior Notes Indenture, the Senior Notes and Senior Note Guarantee; and

(6) the Issuers shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger, amalgamation or transfer and such supplemental indentures (if any) comply with the Senior Notes Indenture, provided that in giving such opinion such counsel may rely on an Officers' Certificate as to compliance with the foregoing clauses (3) and (4) and as to any matters of fact.

The Successor Company (if other than BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable) will succeed to, and be substituted for, BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, under the applicable Senior Note Guarantee (if applicable) and the Senior Notes Indenture, and in such event BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, will automatically be released and discharged from its obligations under the applicable Senior Note Guarantee and the Senior Notes Indenture. Notwithstanding the foregoing clauses (3) and (4), (a) any Restricted Subsidiary (other than an Issuer) may merge, consolidate or amalgamate with or transfer all or part of its properties and assets to BP I, BP II or to another Restricted Subsidiary, and (b) BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer may merge, consolidate or amalgamate with an Affiliate incorporated solely for the purpose of reincorporating BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer in a member state of (or in another member state of) the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand or may convert into a limited liability company, so long as the amount of Indebtedness of BP I, BP II and the Restricted Subsidiaries is not increased thereby. The provisions set forth in this Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets will not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among BP I, BP II and the Restricted Subsidiaries.

The Senior Notes Indenture further provides that, subject to certain limitations in the Senior Notes Indenture governing release of a Senior Note Guarantee upon the sale or disposition of a Restricted Subsidiary that is a Senior Note Guarantor, no Senior Note Guarantor (other than RGHL) will, and BP I and BP II will not permit any Senior Note Guarantor (other than RGHL) to, consolidate, amalgamate or merge with or into or wind up into (whether or not such Senior Note Guarantor is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets in one or more related transactions to, any Person unless:

(1) either (a) such Senior Note Guarantor is the surviving Person or the Person formed by or surviving any such consolidation, amalgamation or merger (if other than such Senior Note Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof or New Zealand (such Senior Note Guarantor or such Person, as the case may be, being herein called the *Successor Senior Note Guarantor*), and the Successor Senior Note Guarantor (if other than such Senior Note Guarantor) expressly assumes all the obligations of such Senior Note Guarantor under the Senior Notes Indenture and such Senior Note Guarantor's Senior Note Guarantee pursuant to a supplemental indenture or other documents or instruments in form satisfactory to the Trustee, or (b) if such sale or disposition or consolidation, amalgamation or merger is with a Person other than BP I, BP II or any Restricted Subsidiary, such sale or disposition or consolidation, amalgamation or merger is not in violation of the covenant described above under the caption *Certain Covenants - Asset Sales*; and

(2) the Successor Senior Note Guarantor (if other than such Senior Note Guarantor) shall have delivered or caused to be delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such consolidation, amalgamation, merger or transfer and such supplemental indenture (if any) comply with the Senior Notes Indenture.

Subject to certain limitations described in the Senior Notes Indenture, in a transaction to which the immediately preceding paragraph 1(a) applies, the Successor Senior Note Guarantor (if other than such Senior Note Guarantor) will succeed to, and be substituted for, such Senior Note Guarantor under the Senior Notes Indenture and such Senior Note Guarantor's Senior Note Guarantee, and such Senior Note Guarantor will automatically be released and discharged from its obligations under the Senior Notes Indenture and such Senior Note Guarantor's Senior Note Guarantee. Notwithstanding the foregoing, (1) a Senior Note Guarantor may merge, amalgamate or consolidate with an Affiliate incorporated solely for the purpose of reincorporating such Senior Note Guarantor in a member state of (or another member state of) the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand so long as the amount of Indebtedness of the Senior Note Guarantor is not increased thereby, and (2) a Senior Note Guarantor may merge, amalgamate or consolidate with another Senior Note Guarantor, an Issuer, BP I or BP II.

In addition, notwithstanding the foregoing, any Senior Note Guarantor may consolidate, amalgamate or merge with or into or wind up into, or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets (collectively, a *Transfer*) to (x) BP I, an Issuer or any Senior Note Guarantor or (y) any Restricted Subsidiary that is not a Senior Note Guarantor; *provided* that at the time of each such Transfer pursuant to clause (y) the aggregate amount of all such Transfers since the Issue Date shall not exceed 5.0% of the consolidated assets of BP I, BP II, the Issuers and the Senior Note Guarantors as shown on the most recent available combined consolidated balance sheet of BP I, BP II, the Issuers and the Restricted Subsidiaries after giving effect to each such Transfer and including all Transfers occurring from and after the Issue Date (excluding Transfers in connection with the Transactions described in the Offering Circular).

Additional Covenants. The Senior Notes Indenture also contains covenants with respect to the following matters: (a) payment of the principal, premium, any Additional Amounts and interest; (b) maintenance of an office or agency in New York; and (c) arrangements regarding the handling of money held.

after final maturity or the acceleration of any such Indebtedness by the holders thereof because of a default, in each case, if the total amount of such Indebtedness unpaid or accelerated exceeds \$30.0 million or its foreign currency equivalent (the *cross-acceleration provision*);

(6) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer, a Significant Subsidiary or any Restricted Subsidiary that, directly or indirectly, owns or holds any Equity Interest of an Issuer (the *bankruptcy provisions*);

(7) failure by BP I, BP II, an Issuer or any Significant Subsidiary to pay final judgments aggregating in excess of \$50.0 million or its foreign currency equivalent (net of any amounts which are covered by enforceable insurance policies issued by solvent carriers), which judgments are not discharged, waived or stayed for a period of 60 days (the *judgment default provision*); or

(8) any Senior Note Guarantee of RGHL, BP I or a Significant Subsidiary (or any Senior Note Guarantee of one or more Senior Note Guarantors that collectively would represent a Significant Subsidiary) ceases to be in full force and effect (except as contemplated by the terms thereof or the terms of the Senior Notes Indenture) or BP I, BP II or any Senior Note Guarantor that qualifies as a Significant Subsidiary (or one or more Senior Note Guarantors that collectively would represent a Significant Subsidiary) denies or disaffirms its obligations under the Senior Notes Indenture or any Senior Note Guarantee and such Default continues for 20 days.

The foregoing constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

However, a default under clause (4) (other than a failure to purchase Senior Notes) will not constitute an Event of Default until the Trustee or the holders of 25% in principal amount of outstanding Senior Notes of such series notify the Issuers of the default and the Issuers do not cure or cause the cure of such default within the time specified in clause (4) hereof, after receipt of such notice.

If an Event of Default (other than a Default relating to (x) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer or any Restricted Subsidiary that, directly or indirectly, holds or owns any Equity Interest of an Issuer or (y) the covenant *Limitation on the US Issuers*) occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of outstanding Senior Notes by notice to the Issuers may declare the principal of, premium, if any, and accrued but unpaid interest (including additional interest, if any) on all the Senior Notes to be due and payable. Upon such a declaration, such principal and interest will be due and payable immediately. If an Event of Default relating to (x) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer or any Restricted Subsidiary that, directly or indirectly, holds or owns any Equity Interest of an Issuer or (y) the covenant *Limitation on the US Issuers* occurs, the principal of, premium, if any, and interest on all the Senior Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any holders. Under certain circumstances, the holders of a majority in principal amount of outstanding Senior Notes may rescind any such acceleration with respect to the Senior Notes and its consequences.

In the event of any Event of Default specified in clause (5) of the first paragraph above, such Event of Default and all consequences thereof (excluding, however, any resulting payment default) will be annulled, waived and rescinded, automatically and without any action by the Trustee or the holders of the Senior Notes, if within 20 days after such Event of Default arose the Issuers deliver an Officers *Certificate* to the Trustee stating that (x) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged or (y) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default or (z) the default that is the basis for such Event of Default has been cured, it being understood that in no event shall an acceleration of

the principal amount of the Senior Notes as described above be annulled, waived or rescinded upon the happening of any such events.

Table of Contents

Subject to the provisions of the Senior Notes Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Senior Notes Indenture at the request or direction of any of the holders unless such holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no holder may pursue any remedy with respect to the Senior Notes Indenture or the Senior Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing,
- (2) Holders of at least 25% in principal amount of the outstanding Senior Notes have requested the Trustee to pursue the remedy,
- (3) such Holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense,
- (4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity, and
- (5) the Holders of a majority in principal amount of the outstanding Senior Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of outstanding Senior Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Senior Notes Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability. Prior to taking any action under the Senior Notes Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action. We cannot assure you that indemnification satisfactory to the Trustee will be on commercially reasonable terms or terms acceptable to holders of the Senior Notes such that an agreement will be reached and the Trustee will act on behalf of the noteholders.

The Senior Notes Indenture provides that if a Default occurs and is continuing and has been notified to the Trustee, the Trustee must mail (or otherwise deliver in accordance with applicable DTC procedures) to each holder of Senior Notes notice of the Default within the earlier of 90 days after it occurs or 30 days after written notice of it is received by the Trustee. In addition, the Issuers are required to deliver to the Trustee, within 120 days after the end of each fiscal year and in any event, within 14 days of request by the Trustee, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Issuers also are required to deliver to the Trustee (i) as soon as any of them become aware of the occurrence of an Event of Default, written notice of the occurrence of such Event of Default and (ii) within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action BP I, BP II or any Issuer is taking or proposes to take in respect thereof.

Amendments and Waivers

Subject to certain exceptions, the Senior Notes Indenture and the Senior Notes may be amended with the consent of the holders of a majority in principal amount of the Senior Notes then outstanding and any past default or compliance with any provisions may be waived with the consent of the holders of a majority in principal amount of the Senior Notes then outstanding; *provided, however*, that without the consent of each holder of an outstanding Senior Note affected, no amendment may, among other things:

- (1) reduce the amount of Senior Notes whose holders must consent to an amendment,
- (2) reduce the rate of or extend the time for payment of interest on any Senior Note,

Table of Contents

- (3) reduce the principal of or extend the Stated Maturity of any Senior Note,
- (4) reduce the premium or amount payable upon the redemption of any Senior Note, change the time at which any Senior Note may be redeemed as described under Optional Redemption, or Redemption for Changes in Withholding Taxes,
- (5) make any Senior Note payable in money other than that stated in such Senior Note,
- (6) expressly subordinate the Senior Notes or any Senior Note Guarantee to any other Indebtedness of any Issuer, BP I or any Senior Note Guarantor not otherwise permitted by the Senior Notes Indenture,
- (7) impair the right of any holder to receive payment of principal of, premium, if any, and interest on such holder's Senior Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's Senior Notes,
- (8) make any change in the amendment provisions which require the holder's consent as described in this sentence or in the waiver provisions or
- (9) make any change in the provisions of the Senior Notes Indenture described under Withholding Taxes that adversely affects the rights of any Holder to receive payments of Additional Amounts pursuant to such provisions or amend the terms of the Senior Notes or the Senior Notes Indenture in a way that would result in the loss of an exemption from any of the Taxes described thereunder that are required to be withheld or deducted by any Relevant Taxing Jurisdiction from any payments made on the Senior Note or any Senior Note Guarantees by the Payors, unless RGHL or any Restricted Subsidiary agrees to pay any Additional Amounts that arise as a result. For purposes of this paragraph (9) a Relevant Taxing Jurisdiction shall include the United States.

Without the consent of any Holder, BP I, the Issuers, and the Trustee may amend the Senior Notes Indenture and the Senior Notes (1) to cure any ambiguity, omission, mistake, defect or inconsistency, (2) to give effect to any provision of the Senior Notes Indenture (including the release of any Senior Note Guarantees in accordance with the terms of the Senior Notes Indenture, and to comply with the covenant under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets), (3) to provide for the assumption by a Successor Company of the obligations of any Issuer under the Senior Notes Indenture and the Senior Notes, to provide for the assumption by Midco of the obligations of RGHL under the Senior Notes Indenture and the Senior Notes, to provide for the assumption by a Successor Senior Note Guarantor of the obligations of a Senior Note Guarantor under the Senior Notes Indenture and its Senior Note Guarantee, (4) to provide for uncertificated Senior Notes in addition to or in place of certificated Senior Notes (*provided* that the uncertificated Senior Notes are issued in registered form for purposes of Section 163(f) of the Code), (5) to add a Senior Note Guarantee with respect to the Senior Notes, (6) to add to the covenants of BP I, BP II or any Senior Note Guarantor for the benefit of the Holders or to surrender any right or power conferred upon BP I or BP II, (7) to make any change that does not adversely affect the rights of any Holder, (8) to evidence and give effect to the acceptance and appointment under the Senior Notes Indenture of a successor Trustee, (9) to provide for the accession of the Trustee to any instrument in connection with the Senior Notes, (10) to make certain changes to the Senior Notes Indenture to provide for the issuance of Additional Senior Notes or (11) to comply with any requirement of the SEC in connection with the qualification of the Senior Notes Indenture under the US Trust Indenture Act of 1939, as amended (the *Trust Indenture Act*), if such qualification is required.

The consent of the noteholders is not necessary under the Senior Notes Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the Senior Notes Indenture becomes effective, the Issuers are required to mail (or otherwise deliver in accordance with applicable DTC procedures) to the respective noteholders a notice

Table of Contents

briefly describing such amendment. However, the failure to give such notice to all noteholders entitled to receive such notice, or any defect therein, will not impair or affect the validity of the amendment.

No Personal Liability of Directors, Officers, Employees, Managers and Stockholders

No (i) director, officer, employee, manager, incorporator or holder of any Equity Interests in BP I, BP II or any Issuer or any direct or indirect parent corporation or (ii) director, officer, employee or manager of a Senior Note Guarantor, will have any liability for any obligations of the Issuers under the Senior Notes, the Senior Notes Indenture, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Senior Notes by accepting a Senior Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Senior Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Transfer and Exchange

A noteholder may transfer or exchange Senior Notes in accordance with the Senior Notes Indenture. Upon any transfer or exchange, the registrar and the Trustee may require a noteholder, among other things, to furnish appropriate endorsements and transfer documents and the Issuers may require a noteholder to pay any taxes required by law or permitted by the Senior Notes Indenture. The Issuers are not required to transfer or exchange any Senior Note selected for redemption or to transfer or exchange any Senior Note for a period of 15 days prior to a selection of Senior Notes to be redeemed. The Senior Notes will be issued in registered form and the registered holder of a Senior Note will be treated as the owner of such Senior Note for all purposes.

Satisfaction and Discharge

The Senior Notes Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration or transfer or exchange of Senior Notes, as expressly provided for in the Senior Notes Indenture) as to all outstanding Senior Notes when:

- (1) either (a) all the Senior Notes theretofore authenticated and delivered (except lost, stolen or destroyed Senior Notes which have been replaced or paid and Senior Notes for whose payment money has theretofore been deposited in trust or segregated and held by the Issuers and thereafter repaid to the Issuers or discharged from such trust) have been delivered to the Trustee for cancellation or (b) all of the Senior Notes (i) have become due and payable, (ii) will become due and payable at their stated maturity within one year or (iii) if redeemable at the option of the Issuers, are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuers, and the Issuers have irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the Senior Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Senior Notes to the date of deposit together with irrevocable instructions from the Issuers directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;
- (2) BP I, BP II, an Issuer or the Senior Note Guarantors have paid all other sums payable under the Senior Notes Indenture; and
- (3) the Issuers have delivered to the Trustee an Officers Certificate and an Opinion of Counsel stating that all conditions precedent under the Senior Notes Indenture relating to the satisfaction and discharge of the Senior Notes Indenture have been complied with; *provided* that any counsel may rely on an Officers Certificate as to matters of fact.

Defeasance

The Issuers at any time may terminate all their obligations under the Senior Notes and the Senior Notes Indenture (*legal defeasance*), and cure any existing Defaults and Events of Default, except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Senior Notes, to replace mutilated, destroyed, lost or stolen Senior Notes and to maintain a registrar and paying agent in respect of the Senior Notes. The Issuers at any time may terminate their obligations under the covenants described under Certain Covenants, the operation of the cross-acceleration provision and the bankruptcy provisions with respect to Significant Subsidiaries, and the judgment default provision described under Defaults and the undertakings and covenants contained under Change of Control and Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets (*covenant defeasance*). If the Issuers exercise their legal defeasance option or their covenant defeasance option, each Senior Note Guarantor will be released from all of its obligations with respect to its Senior Note Guarantee.

The Issuers may exercise their legal defeasance option notwithstanding their prior exercise of their covenant defeasance option. If the Issuers exercise their legal defeasance option, payment of the Senior Notes may not be accelerated because of an Event of Default with respect thereto. If the Issuers exercise their covenant defeasance option, payment of the Senior Notes may not be accelerated because of an Event of Default specified in clause (3), (4), (5), (6) (with respect only to Significant Subsidiaries), (7) or (8) under Defaults or because of the failure of the Issuers to comply with clause (4) under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets.

In order to exercise its defeasance option, the Issuers must irrevocably deposit (the *defeasance trust*) with the Trustee money in US Dollars for the payment of principal, premium (if any) and interest on the Senior Notes to redemption or maturity, as the case may be, and must comply with certain other conditions set out in the Senior Notes Indenture, including delivery to the Trustee of an Opinion of Counsel to the effect that holders of the Senior Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or change in applicable U.S. federal income tax law).

Concerning the Trustee

The Bank of New York Mellon is the Trustee under the Senior Notes Indenture.

If the Trustee becomes a creditor of the Issuers or any Senior Note Guarantor, the Senior Notes Indenture and the Trust Indenture Act limit its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Senior Notes Indenture provides that in case an Event of Default will occur and be continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee is under no obligation to exercise any of its rights or powers under the Senior Notes Indenture at the request of any Holder of Senior Notes, unless such Holder has offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Notices

All notices to noteholders will be validly given if mailed to them at their respective addresses in the register of the Holders of the Senior Notes, if any, maintained by the Registrar (or otherwise delivered in

Table of Contents

accordance with applicable DTC procedures). In addition, for so long as any Senior Notes are represented by Global Senior Notes, all notices to Holders of the Senior Notes will be delivered to DTC, which will give such notices to the holders of Book-Entry Interests.

Each such notice shall be deemed to have been given on the date of such publication or, if published more than once on different dates, on the first date on which publication is made; *provided* that, if notices are mailed (or otherwise delivered in accordance with applicable DTC procedures), such notice shall be deemed to have been given on the later of such publication and the seventh day after being so mailed or delivered. Any notice or communication mailed to a noteholder shall be mailed to such Person by first-class mail or other equivalent means (or otherwise delivered in accordance with applicable DTC procedures) and shall be sufficiently given to him if so mailed or delivered within the time prescribed. Failure to mail (or otherwise deliver in accordance with applicable DTC procedures) a notice or communication to a noteholder or any defect in it shall not affect its sufficiency with respect to other noteholders. If a notice or communication is mailed or delivered in the manner provided above, it is duly given, whether or not the addressee receives it.

Currency Indemnity and Calculation of Dollar-denominated Restrictions

The US Dollar is the sole currency of account and payment for all sums payable by BP I, BP II, the Issuers or any Senior Note Guarantor under or in connection with the Senior Notes, including damages. Any amount with respect to the Senior Notes received or recovered in a currency other than US Dollars, whether as a result of, or the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuers or any Senior Note Guarantor or otherwise by any noteholder or by the Trustee, in respect of any sum expressed to be due to it from the Issuers or any Senior Note Guarantor will only constitute a discharge to the Issuers or any Senior Note Guarantor to the extent of the US Dollar amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so).

If that US Dollar amount is less than the US Dollar amount expressed to be due to the recipient or the Trustee under any Senior Note, BP I, BP II, the Issuers and any Senior Note Guarantor will indemnify such recipient against any loss sustained by it as a result. In any event, BP I, BP II, the Issuers and any Senior Note Guarantor will indemnify the recipient against the cost of making any such purchase. For the purposes of this currency indemnity provision, it will be *prima facie* evidence of the matter stated therein for the holder of a Senior Note or the Trustee to certify in a manner satisfactory to the Issuers (indicating the sources of information used) the loss it Incurred in making any such purchase. These indemnities constitute a separate and independent obligation from BP I, BP II, the Issuers and any Senior Note Guarantor's other obligations, will give rise to a separate and independent cause of action, will apply irrespective of any waiver granted by any holder of a Senior Note or the Trustee (other than a waiver of the indemnities set out herein) and will continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Senior Note or to the Trustee.

Except as otherwise specifically set forth herein, (a) for purposes of determining compliance with any euro-denominated restriction herein, the Euro Equivalent amount for purposes hereof that is denominated in a non-euro currency shall be calculated based on the relevant currency exchange rate in effect on the date such non-euro amount is Incurred or made, as the case may be, and (b) for purposes of determining compliance with any U.S. Dollar-denominated restriction herein, the U.S. Dollar Equivalent amount for purposes hereof that is denominated in a non-U.S. Dollar currency shall be calculated based on the relevant currency exchange rate in effect on the date such non-U.S. Dollar amount is Incurred or made, as the case may be.

Consent to Jurisdiction and Service

Each of BP I, BP II, the Issuers and the Senior Note Guarantors has irrevocably and unconditionally: (1) submitted itself and its property in any legal action or proceeding relating to the Senior Notes Indenture to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the general jurisdiction of the courts of the State of New York, sitting in the Borough of Manhattan, The City of New York, the courts of the United States of America for the Southern District of New York, appellate courts from any thereof and courts of its own corporate domicile, with respect to actions brought against it as defendant; (2) consented that any such action or proceeding may be brought in such courts and waive any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same; (3) designated and appointed the US Issuer II as its authorized agent upon which process may be served in any action, suit or proceeding arising out of or relating to the Senior Notes Indenture that may be instituted in any Federal or state court in the State of New York; and (4) agreed that service of any process, summons, notice or document by US registered mail addressed to the US Issuer II, with written notice of said service to such Person at the address of the US Issuer II set forth in the Senior Notes Indenture shall be effective service of process for any action, suit or proceeding brought in any such court.

Enforceability of Judgments

Since a significant portion of the assets of BP I, BP II, the Issuers and the Senior Note Guarantors are outside the United States, any judgment obtained in the United States against BP I, BP II, the Issuers or any Senior Note Guarantor, including judgments with respect to the payment of principal, premium, interest, Additional Amounts, redemption price and any purchase price with respect to the Senior Notes, may not be collectable within the United States.

Governing Law

The Senior Notes Indenture provides that it and the Senior Notes are governed by, and construed in accordance with, the laws of the State of New York. Notwithstanding anything to the contrary, articles 86 to 94-8 of the Luxembourg law of August 10, 1915 on commercial companies shall not be applicable in respect of the Senior Notes.

See *Certain Insolvency and Other Local Law Considerations* and *Risk Factors* *Risks Related to Our Structure, the Guarantees, the Collateral and the Notes* *Enforcing your rights as a holder of the notes or under the guarantees, or with respect to the senior secured notes, the security, across multiple jurisdictions may be difficult.*

Book-Entry, Delivery and Form

General

The Senior Notes will be represented by one or more global Senior Notes in registered form without interest coupons attached (collectively, the *Global Senior Notes*). The Global Senior Notes will be deposited upon issuance with a custodian for The Depository Trust Company (*DTC*) and registered in the name of Cede & Co., as nominee of DTC.

In the event that Additional Senior Notes are issued pursuant to the terms of the Senior Notes Indenture, the Issuers may, in their sole discretion, cause some or all of such Additional Senior Notes, if any, to be issued in the form of one or more global Senior Notes (the *Additional Global Senior Notes*) and registered in the name of and deposited with the nominee of DTC.

Table of Contents

Ownership of beneficial interests in each Global Senior Note and ownership of interests in each Additional Global Senior Note (together, the *Book-Entry Interests*) will be limited to persons that have accounts with the Depository or persons that may hold interests through such participants. Book-Entry Interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by the Depository and their participants. As used in this section, *Depository* means, with respect to the Global Senior Notes and the Additional Global Senior Notes, if any, DTC.

The Book-Entry Interests will not be held in definitive form. Instead, the Depository will credit on its book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair your ability to own, transfer or pledge or grant any other security interest in Book-Entry Interests. In addition, while the Senior Notes are in global form, holders of Book-Entry Interests may not be considered the owners or holders of Senior Notes for purposes of the Senior Notes Indenture.

So long as the Senior Notes and any Additional Senior Notes are held in global form, DTC (or its nominee), may be considered the sole holder of Global Senior Notes for all purposes under the Senior Notes Indenture. As such, participants must rely on the procedures of DTC, and indirect participants must rely on the procedures of DTC and the participants through which they own Book-Entry Interests, to transfer their interests or to exercise any rights of holders under the Senior Notes Indenture.

The Issuers and the Trustee and their respective agents will not have any responsibility or be liable for any aspect of the records relating to the Book-Entry Interests.

Issuance of Definitive Registered Senior Notes

Under the terms of the Senior Notes Indenture, owners of Book-Entry Interests will not receive definitive Senior Notes in registered form (*Definitive Registered Senior Notes*) in exchange for their Book-Entry Interests unless (a) the Issuers have consented thereto in writing, or such transfer or exchange is made pursuant to one of clauses (i), (ii) or (iii) of this paragraph and (b) such transfer or exchange is in accordance with the applicable rules and procedures of the Depository and the applicable provisions of the Senior Notes Indenture. Subject to applicable provisions of the Senior Notes Indenture, Definitive Registered Senior Notes shall be transferred to all owners of Book-Entry Interests in the relevant Global Senior Note if:

- (i) the Issuers notify the Trustee in writing that the Depository is unwilling or unable to continue to act as depository and the Issuers do not appoint a successor depository within 120 days;
- (ii) the Depository so requests if an Event of Default under the Senior Notes Indenture has occurred and is continuing; or
- (iii) the Issuers, at their option, notify the Trustee in writing that they elect to issue Definitive Registered Senior Notes under the Senior Notes Indenture.

In such an event, Definitive Registered Senior Notes will be issued and registered in the name or names and issued in denominations of \$100,000 in principal amount and integral multiples of \$1,000 as requested by or on behalf of the Depository (in accordance with its customary procedures and certain certification requirements and based upon directions received from participants reflecting the beneficial ownership of the Book-Entry Interests), and such Definitive Registered Senior Notes will bear the restrictive legend referred to in Transfer Restrictions, unless that legend is not required by the Senior Notes Indenture or applicable law. Payment of principal of, and premium, if any,

and interest on the Senior Notes shall be payable at the place of payment designated by the Issuers pursuant to the Senior Notes Indenture; *provided, however*, that at the Issuers option, payment of interest on a Senior Note may be made by check mailed to the person entitled thereto to such address as shall appear on the Senior Note register.

Table of Contents

Redemption of the Global Senior Notes

In the event any Global Senior Note, or any portion thereof, is redeemed, the Depository will distribute the amount received by it in respect of the Global Senior Note so redeemed to the holders of the Book-Entry Interests in such Global Senior Note. The redemption price payable in connection with the redemption of such Book-Entry Interests will be equal to the amount received by the Depository in connection with the redemption of such Global Senior Note (or any portion thereof).

We understand that under existing practices of DTC, if fewer than all of the Senior Notes are to be redeemed at any time, DTC will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or by lot or on such other basis as they deem fair and appropriate; *provided, however*, that no book-entry interest of less than \$100,000 in principal amount may be redeemed in part.

Payments on Global Senior Notes

Payments of any amounts owing in respect of the Global Senior Notes for the Senior Notes (including principal, premium, interest, additional interest and Additional Amounts) will be made by the Issuers in US Dollars to the paying agents under the Senior Notes Indenture. The paying agents will, in turn, make such payments to the Depository or its nominee, as the case may be, which will distribute such payments to their respective participants in accordance with their respective procedures.

Under the terms of the Senior Notes Indenture, the Issuers, the Trustee and the paying agents will treat the registered holder of the Global Senior Notes as the owner thereof for the purpose of receiving payments and other purposes under the Senior Notes Indenture. Consequently, the Issuers, the Trustee and the paying agents and their respective agents have not and will not have any responsibility or liability for:

any aspect of the records of the Depository or any participant or indirect participant relating to, or payments made on account of, a Book-Entry Interest, for any such payments made by the Depository or any participant or indirect participants, or maintaining, supervising or reviewing the records of the Depository or any participant or indirect participant relating to or payments made on account of a Book-Entry Interest; or

the Depository or any participant or indirect participant.

Payments by participants to owners of Book-Entry Interests held through participants are the responsibility of such participants, as is the case with securities held for the accounts of customers registered in street name.

Action by Owners of Book-Entry Interests

We understand that the Depository will take any action permitted to be taken by a holder of Senior Notes only at the direction of one or more participants to whose account the Book-Entry Interests in the Global Senior Notes are credited and only in respect of such portion of the aggregate principal amount of Senior Notes as to which such participant or participants has or have given such direction. The Depository will not exercise any discretion in the granting of consents, waivers or the taking of any other action in respect of the Global Senior Notes. However, if there is an Event of Default under the Senior Notes, the Depository reserves the right to exchange the Global Senior Notes for Definitive Registered Senior Notes in certificated form, and to distribute such Definitive Registered Senior Notes to its respective participants.

Table of Contents

Transfers

Transfers of any Global Senior Note shall be limited to transfers of such Global Senior Note in whole, but (subject to the provisions described above under Book-Entry, Delivery and Form Issuance of Definitive Registered Senior Notes, to provisions described below in the section Book-Entry, Delivery and Form Transfers and the applicable provisions of the Senior Notes Indenture), not in part, to the Depository, its successors or its nominees.

Subject to the foregoing, Book-Entry Interests may be transferred and exchanged in a manner otherwise in accordance with the terms of the Senior Notes Indenture. Any Book-Entry Interest in one of the Global Senior Notes that is transferred to a person who takes delivery in the form of a Book-Entry Interest in another Global Senior Note will, upon transfer, cease to be a Book-Entry Interest in the first mentioned Global Senior Note and become a Book-Entry Interest in the relevant Global Senior Note, and accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Book-Entry Interests in such other Global Senior Note for as long as that person retains such Book-Entry Interests.

Definitive Registered Senior Notes, if any, may be transferred and exchanged for Book-Entry Interests in a Global Senior Note only pursuant to the terms of the Senior Notes Indenture and, if required, only after the transferor first delivers to the Trustee a written certificate (in the form provided in the Senior Notes Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Senior Notes. See Plan of Distribution.

Global Clearance and Settlement Under the Book-Entry System

Initial Settlement

Initial settlement for the Senior Notes will be made in US Dollars. In the case of Book-Entry Interests held through DTC, such Book-Entry Interests will be credited to the securities custody account of DTC holders, as applicable, on the business day following the settlement date against payment for value on the settlement date.

Secondary Market Trading

The Book-Entry Interests will trade through participants of the Depository, and will settle in same-day funds. Since the purchase determines the place of delivery, it is important to establish at the time of trading any Book-Entry Interests where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

Clearing Information

We expect that the Senior Notes will be accepted for clearance through the facilities of DTC.

Information Concerning DTC

All Book-Entry Interests will be subject to the operations and procedures of DTC. We provide the following summaries of those operations and procedures solely for the convenience of investors. The operations and procedures of each settlement system are controlled by such settlement system and may be changed at any time. We are not responsible for those operations or procedures.

Table of Contents

We understand the following with respect to DTC:

DTC was created to hold securities for its participants and facilitate the clearance and settlement transactions among its participants. It does this through electronic book-entry changes in the accounts of securities participants, eliminating the need for physical movement of securities certificates. DTC participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC's owners are the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. and a number of its direct participants. Others, such as banks, brokers and dealers and trust companies that clear through or maintain a custodial relationship with a direct participant also have access to the DTC system and are known as indirect participants.

The information in this section concerning DTC and its book-entry systems has been obtained from sources we believe to be reliable, but we take no responsibility for the accuracy thereof.

quarters for which internal financial statements are available immediately preceding the Secured Leverage Calculation Date (as defined below); *provided, however*, that for the purposes of this definition of Secured Leverage Ratio, Secured Indebtedness shall not include any Indebtedness represented by the 2007 Senior Notes (including the guarantees thereof) or the 2007 Senior Subordinated Notes (including the guarantees thereof) for long as such 2007 Notes are outstanding; *provided further, however*, that in the event that at any time after the Issue Date, any of the 2007 Senior Notes or any of the 2007 Senior Subordinated Notes is secured by any Lien that did not secure such 2007 Senior Notes or 2007 Senior Subordinated Notes on the Issue Date (other than any Lien that replaces the Lien in existence on the Issue Date so long as such replacement Lien is in respect of the same property as the Lien in existence on the Issue Date), such 2007 Senior Notes or 2007 Senior Subordinated Notes shall be deemed Secured Indebtedness for the purposes of this definition of Secured Leverage Ratio for so long as such Lien secures such 2007 Senior Notes or 2007 Senior Subordinated Notes. In the event that such Person or any of its Restricted Subsidiaries Incurs, repays, repurchases or redeems any Secured Indebtedness subsequent to the commencement of the period for which the Secured Leverage Ratio is being calculated but prior to the event for which the calculation of the Secured Leverage Ratio is made (the *Secured Leverage Calculation Date*), then the Secured Leverage Ratio shall be calculated giving pro forma effect to such Incurrence, repayment, repurchase or redemption of Secured Indebtedness as if the same had occurred at the beginning of the applicable four-quarter period; *provided* that the Issuers may elect pursuant to an Officers Certificate delivered to the Trustee to treat all or any portion of the commitment under any Secured Indebtedness as being Incurred at such time, in which case any subsequent Incurrence of Secured Indebtedness under such commitment shall not be deemed, for purposes of this calculation, to be an Incurrence at such subsequent time.

If since the beginning of such period any Person that subsequently became a Restricted Subsidiary or was merged with or into BP I, BP II or any Restricted Subsidiary since the beginning of such period shall have made any Investment, acquisition, disposition, merger, amalgamation, consolidation, discontinued operation or operational change, in each case with respect to an operating unit of a business, that would have required adjustment pursuant to this definition, then the Secured Leverage Ratio shall be calculated giving pro forma effect thereto for such period as if such Investment, acquisition, disposition, discontinued operation, merger, amalgamation, consolidation or operational change had occurred at the beginning of the applicable four-quarter period.

For purposes of this definition, whenever pro forma effect is to be given to any pro forma event, the pro forma calculations shall be made in good faith by a responsible financial or accounting officer of the Issuers. For a description of the Senior Secured Credit Facilities and certain of our other indebtedness, see Description of Certain Other Indebtedness and Intercreditor Agreements and for a description of the Senior Notes, see Description of the August 2011 Senior Notes. In addition, the Senior Secured Notes Indenture permits us to incur other Indebtedness that constitutes First Lien Obligations, which may have security interests in the Collateral that may be prior to, or *pari passu* with, the security interests securing the Senior Secured Notes and Senior Secured Note Guarantees and are classified as First Priority Lien Obligations under the 2007 Senior Note Indenture and 2007 Senior Subordinated Note Indenture and First Lien Obligations under the February 2011 Senior Secured Indenture, the October 2010 Senior Secured Indenture and the 2009 Indenture. Any such security interests in the Collateral may give the holders thereof rights with respect to the Collateral, including enforcement of the Liens with respect thereto, that may diminish the value of the security interests in the Collateral in favor of the Senior Secured Notes.

Brief Description of the Senior Secured Notes and the Senior Secured Note Guarantees

The Senior Secured Notes are general senior secured obligations of the Issuers and:

are the joint and several obligations of the Issuers;

are effectively senior to all of our unsecured Indebtedness to the extent of the value of the Collateral securing the Senior Secured Notes;

rank *pari passu* in right of payment with all existing and future Senior Indebtedness of the Issuers, including the February 2011 Senior Secured Notes, the February 2011 Senior Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes, the May 2010 Notes, the 2009 Notes, the Senior Notes and the Senior Secured Credit Facilities;

are secured on a first-priority lien basis by the Collateral subject to a shared lien of equal priority with the Senior Secured Credit Facilities, the 2009 Notes, the October 2010 Senior Secured Notes and the February 2011 Senior Secured Notes and certain future First Lien Obligations and certain prior ranking liens permitted under the Senior Secured Notes Indenture (see Certain Covenants Liens and Certain Definitions Permitted Liens);

are effectively subordinated to certain First Lien Obligations to the extent such First Lien Obligations are secured by property that does not also secure the Senior Secured Notes to the extent of the value of all such property;

are senior in right of payment to any existing and future Subordinated Indebtedness of the Issuers, including the Issuers' guarantees of the 2007 Senior Notes and the 2007 Senior Subordinated Notes;

are unconditionally guaranteed on a senior basis by the Senior Secured Note Guarantors and certain of such guarantors have the benefit of the security interests described below;

are not guaranteed by BP II, a finance Subsidiary of RGHL, and are therefore effectively subordinated to all claims that holders of 2007 Senior Notes and 2007 Senior Subordinated Notes may have against the assets of BP II (other than the proceeds loans made by BP II to BP I which is included in the Collateral); and

are subordinated to all claims of creditors, including trade creditors, and claims of preferred stockholders (if any) of each of the Subsidiaries of RGHL (including BP II and Graham Holdings) that is not a Senior Secured Note Guarantor (including claims of the holders of the Graham Packaging Notes against Graham Holdings and its subsidiaries).

The Senior Secured Note Guarantees will become effective on the Escrow Release Date and will be the general senior obligations of each Senior Secured Note Guarantor and:

rank *pari passu* in right of payment with all existing and future Senior Indebtedness of such Senior Secured Note Guarantor;

are secured on a first priority lien basis by the Collateral owned by such Senior Secured Note Guarantor (if any), in each case, subject to a shared lien of equal priority with the Senior Secured Credit Facilities, the 2009 Notes, the October 2010 Senior Secured Notes and the February 2011 Senior Secured Notes and certain future First Lien Obligations and certain prior ranking liens permitted under the Senior Secured Notes Indenture (see Certain Covenants Liens and Certain Definitions Permitted Liens);

are effectively subordinated to certain First Lien Obligations of such Senior Secured Note Guarantor to the extent such First Lien Obligations are secured by property that does not also secure the Senior Secured Notes to the extent of the value of all such property; and

are senior in right of payment to any Subordinated Indebtedness of such Senior Secured Note Guarantor, including such Senior Secured Note Guarantor's guarantee of the 2007 Senior Notes and the 2007 Senior Subordinated Notes;

All security for the Senior Secured Notes and the Senior Secured Note Guarantees is granted and implemented consistent with the Agreed Security Principles. The Agreed Security Principles are designed to give us flexibility not to pledge certain of our assets even if we would otherwise be required to do so if, among other things, in our judgment, the cost of doing so is excessive in relation to the benefit accruing to the Holders. The Agreed Security Principles may limit the amount of stock, assets and other property we pledge as Collateral from time to time and may result in different classes or series of First Lien Obligations having different security interests in our stock, assets and other property.

Principal, Maturity and Interest

The Issuers issued an aggregate principal amount of \$1,500,000,000 of Senior Secured Notes. The Issuers may issue additional Senior Secured Notes, from time to time (*Additional Senior Secured Notes*). Any offering of Additional Senior Secured Notes is subject to the covenants described below under the caption Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Liens. The Senior Secured Notes and any Additional Senior Secured Notes subsequently issued under the Senior Secured Notes Indenture will be treated as a single class for all purposes under the Senior Secured Notes Indenture, including waivers, amendments, redemptions and offers to purchase. Holders of Additional Senior Secured Notes actually issued will share equally and ratably in the Collateral with the holders of the Senior Secured Notes. Unless the context otherwise requires, for all purposes of the Senior Secured Notes Indenture and this Description of the August 2011 Senior Secured Notes,

references to the Senior Secured Notes include any Additional Senior Secured Notes actually issued.

Table of Contents

The Senior Secured Notes will mature on August 15, 2019. Each Senior Secured Note bears interest at 7.875% per annum, payable semi-annually in arrears to holders of record at the close of business on February 1 or August 1 immediately preceding the interest payment date on February 15 and August 15 of each year, commencing February 15, 2012. Interest is computed on the basis of a 360-day year comprised of twelve 30-day months.

The Senior Secured Notes are issued only in fully registered form, without coupons, in minimum denominations of \$100,000 and any integral multiple of \$1,000 in excess thereof.

No service charge will be made for any registration of transfer or exchange of Senior Secured Notes, but the Issuers may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith. Principal of, premium, if any, and interest on the Senior Secured Notes will be payable, and the Senior Secured Notes may be exchanged or transferred, at the office or agency designated by the Issuers (which initially shall be the principal corporate trust office of the Paying Agent).

Paying Agent and Registrar for the Senior Secured Notes

The Issuers maintain a paying agent for the Senior Secured Notes in New York, NY. The Issuers have undertaken under the Senior Secured Notes Indenture that they will ensure, to the extent practicable and permitted by law, that they maintain a paying agent in a European Union member state that will not be obliged to withhold or deduct tax pursuant to the European Union Directive 2003/48/EC regarding the taxation of savings income (the *Directive*) and currently intend to maintain a paying agent in London, England. The initial Paying Agent is The Bank of New York Mellon, in New York (the *Paying Agent*).

The Issuers maintain one or more registrars (each, a *Registrar*) and a transfer agent in New York, NY. The initial Registrar is The Bank of New York Mellon. The initial transfer agent is The Bank of New York Mellon, in New York. The Registrar maintains a register outside the United Kingdom reflecting ownership of Definitive Registered Senior Secured Notes outstanding from time to time and the transfer agent in New York facilitates transfers of Definitive Registered Senior Secured Notes on behalf of the Issuers. The transfer agent performs the functions of a transfer agent.

The Issuers may change any Paying Agent, Registrar or transfer agent for the Senior Secured Notes without prior notice to the noteholders. BP I or any of its Subsidiaries may act as Paying Agent (other than with respect to Global Senior Secured Notes) or Registrar subject to the requirement to maintain a paying agent in a European Union member state that will not be obliged to withhold or deduct tax pursuant to the Directive.

Upon written request from the Luxembourg Issuer, the Registrar shall provide the Luxembourg Issuer with a copy of the register to enable it to maintain a register of the Senior Secured Notes at its registered office.

Optional Redemption

In addition to the optional redemption for taxation reasons as described below, on or after August 15, 2015, the Issuers may redeem the Senior Secured Notes at their option, in whole or in part, at any time or from time to time, upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to each holder's registered address (or otherwise delivered in accordance with applicable DTC procedures), at the following redemption prices (expressed as a percentage of principal amount), plus accrued and unpaid interest and additional interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period commencing on August 15 of the years set forth below. Without limiting the Issuers' obligations under the Senior Secured Notes Indenture, the Issuers may provide in such notice that payment of the redemption

price and the performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

Period	Redemption Price
2015	103.938%
2016	101.969%
2017 and thereafter	100.000%

In addition at any time and from time to time prior to August 15, 2015, the Issuers may redeem the Senior Secured Notes at their option, in whole or in part, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to each holder's registered address (or otherwise delivered in accordance with applicable DTC procedures), at a redemption price equal to 100% of the principal amount of the Senior Secured Notes redeemed plus the Applicable Premium (as calculated by the Issuers or on behalf of the Issuers by such person as the Issuers shall designate) as of, and accrued and unpaid interest and additional interest, if any, to, the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date). Without limiting the Issuers' obligations under the Senior Secured Notes Indenture, the Issuers may provide in such notice that payment of the redemption price and the performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

Notwithstanding the foregoing, at any time and from time to time prior to August 15, 2014, the Issuers may at their option redeem in the aggregate up to 35% of the original aggregate principal amount of the Senior Secured Notes (calculated after giving effect to any issuance of any Additional Senior Secured Notes) with the net cash proceeds of one or more Equity Offerings (1) by BP I or (2) any direct or indirect parent of BP I, in each case to the extent the net cash proceeds thereof are contributed to the common equity capital of BP I or any of its Subsidiaries or used to purchase Capital Stock (other than Disqualified Stock) of any such entity from it, at a redemption price (expressed as a percentage of principal amount thereof) of 107.875%, plus accrued and unpaid interest and additional interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided, however*, that at least 65% of the original aggregate principal amount of the Senior Secured Notes (calculated after giving effect to any issuance of any Additional Senior Secured Notes) remain outstanding after each such redemption; *provided further, however*, that such redemption shall occur within 90 days after the date on which any such Equity Offering is consummated upon not less than 30 nor more than 60 days' notice mailed to each holder of Senior Secured Notes being redeemed and otherwise in accordance with the procedures set forth in the Senior Secured Notes Indenture.

Notice of any redemption upon any Equity Offering may be given prior to the completion thereof, and any such redemption or notice may, at the Issuers' discretion, be subject to one or more conditions precedent, including, but not limited to, completion of the related Equity Offering. Without limiting the Issuers' obligations under the Senior Secured Notes Indenture, the Issuers may provide in such notice that payment of the redemption price and the performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

Selection and Notice

If less than all of the Senior Secured Notes are to be redeemed or are required to be repurchased at any time, the Trustee will select Senior Secured Notes for redemption or repurchase on a pro rata basis, to the extent practicable and in compliance with the requirements of DTC and any stock exchange on which the applicable Senior Secured Notes are then admitted to trading; *provided, however*, that no Senior Secured Note of \$100,000 in aggregate principal

amount or less, or other than in an integral multiple of \$1,000 in excess thereof, shall be redeemed in part.

Table of Contents

If any Senior Secured Note is to be redeemed in part only, the notice of redemption that relates to that Senior Secured Note shall state the portion of the principal amount thereof to be redeemed. In the case of a Definitive Registered Senior Secured Note, a new Senior Secured Note in currency and in principal amount equal to the unredeemed portion of the original Senior Secured Note will be issued in the name of the secured noteholder thereof upon cancellation of the original Senior Secured Note. In the case of a Global Senior Secured Note, an appropriate notation will be made on such Senior Secured Note to decrease the principal amount thereof to an amount equal to the unredeemed portion thereof. Subject to the terms of the applicable redemption notice, Senior Secured Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Senior Secured Notes or portions of them called for redemption.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

The Issuers are not required to make any mandatory redemption or sinking fund payments with respect to the Senior Secured Notes. However, under certain circumstances, the Issuers may be required to offer to purchase Senior Secured Notes as described under the captions *Change of Control* and *Certain Covenants Asset Sales*. We and our affiliates may at any time and from time to time purchase Senior Secured Notes in the open market or otherwise.

Redemption for Taxation Reasons

The Issuers may redeem the Senior Secured Notes, at their option, in whole, but not in part, upon giving not less than 30 nor more than 60 days prior notice (which notice will be irrevocable) to the secured noteholders mailed by first-class mail to each holder's registered address (or otherwise delivered in accordance with applicable DTC procedures) at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest and additional interest, if any, to the date fixed for redemption (a *Tax Redemption Date*) (subject to the right of secured noteholders of record on the relevant record date to receive interest due on the relevant interest payment date) and all Additional Amounts (as defined under *Withholding Taxes* below), if any, then due or that will become due on the Tax Redemption Date as a result of the redemption or otherwise, if any, if the Issuers determine in good faith that, as a result of:

- (1) any change in, or amendment to, the law or treaties (or any regulations, protocols or rulings promulgated thereunder) of a Relevant Taxing Jurisdiction (as defined under *Withholding Taxes* below) affecting taxation; or
- (2) any change in official position regarding the application, administration or interpretation of such laws, treaties, protocols, regulations or rulings (including a holding, judgment or order by a government agency or court of competent jurisdiction) (each of the foregoing in clauses (1) and (2), a *Change in Tax Law*),

any Payor (as defined under *Withholding Taxes* below), with respect to the Senior Secured Notes or a Senior Secured Note Guarantee is, or on the next date on which any amount would be payable in respect of the Senior Secured Notes would be, required to pay any Additional Amounts, and such obligation cannot be avoided by taking reasonable measures available to such Payor (including the appointment of a new Paying Agent or, where such payment would be reasonable, the payment through another Payor); *provided* that no Payor shall be required to take any measures that in the Issuers' good-faith determination would result in the imposition on such person of any legal or regulatory burden or the incurrence by such person of additional costs, or would otherwise result in any adverse consequences to such person.

In the case of any Payor, the Change in Tax Law must be announced or become effective on or after the date of the Prospectus. Notwithstanding the foregoing, no such notice of redemption will be given earlier than 90 days prior to the earliest date on which the Payor would be obliged to make such payment of Additional Amounts. Prior to the publication, mailing or delivery of any notice of redemption of the Senior Secured

Table of Contents

Notes pursuant to the foregoing, the Issuers will deliver to the Trustee (a) an Officers Certificate stating that they are entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to their right so to redeem have been satisfied and (b) an opinion of an independent tax counsel of recognized standing to the effect that the Payor would be obligated to pay Additional Amounts as a result of a Change in Tax Law. The Trustee will accept such Officers Certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it will be conclusive and binding on the secured noteholders.

Subject to the terms of the applicable redemption notice, Senior Secured Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Senior Secured Notes or portions of them called for redemption.

The foregoing provisions will apply *mutatis mutandis* to the laws and official positions of any jurisdiction in which any successor to a Payor is organized or otherwise considered to be a resident for tax purposes or any political subdivision or taxing authority or agency thereof or therein. The foregoing provisions will survive any termination, defeasance or discharge of the Senior Secured Notes Indenture.

Withholding Taxes

All payments made by any Issuer or any Senior Secured Note Guarantor or any successor in interest to any of the foregoing (each, a *Payor*) on or with respect to the Senior Secured Notes or any Senior Secured Note Guarantee will be made without withholding or deduction for, or on account of, any Taxes unless such withholding or deduction is required by law; *provided, however*, that a Payor, in any case, may withhold from any interest payment made on the Senior Secured Notes to or for the benefit of any person who is not a United States person, as such term is defined for U.S. federal income tax purposes, U.S. federal withholding tax, and pay such withheld amounts to the Internal Revenue Service, unless such person provides documentation to such Payor such that an exemption from U.S. federal withholding tax would apply to such payment if interest on the Senior Secured Notes were treated as income from sources within the U.S. for U.S. federal income tax purposes. If any deduction or withholding for, or on account of, any Taxes imposed or levied by or on behalf of:

(1) any jurisdiction (other than the United States or any political subdivision or governmental authority thereof or therein having power to tax) from or through which payment on the Senior Secured Notes or any Senior Secured Note Guarantee is made by such Payor, or any political subdivision or governmental authority thereof or therein having the power to tax; or

(2) any other jurisdiction (other than the United States or any political subdivision or governmental authority thereof or therein having the power to tax) in which a Payor that actually makes a payment on the Senior Secured Notes or its Senior Secured Note Guarantee is organized or otherwise considered to be a resident for tax purposes, or any political subdivision or governmental authority thereof or therein having the power to tax,

(each of clause (1) and (2), a *Relevant Taxing Jurisdiction*), will at any time be required from any payments made with respect to the Senior Secured Notes or any Senior Secured Note Guarantee, including payments of principal, redemption price, interest or premium, if any, the Payor will pay (together with such payments) such additional amounts (the *Additional Amounts*) as may be necessary in order that the net amounts received in respect of such payments by the secured noteholders or the Trustee, as the case may be, after such withholding or deduction (including any such deduction or withholding from such Additional Amounts), will not be less than the amounts that would have been received in respect of such payments on the Senior Secured

Table of Contents

Notes or the Senior Secured Note Guarantees in the absence of such withholding or deduction; *provided, however*, that no such Additional Amounts will be payable for or on account of:

(1) any Taxes that would not have been so imposed or levied but for the existence of any present or former connection between the relevant secured noteholder (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, the relevant secured noteholder, if such secured noteholder is an estate, nominee, trust, partnership, limited liability company or corporation) and the Relevant Taxing Jurisdiction (including being a citizen or resident or national of, or carrying on a business or maintaining a permanent establishment in, or being physically present in, the Relevant Taxing Jurisdiction) but excluding, in each case, any connection arising solely from the acquisition, ownership or holding of such Senior Secured Note, the receipt of any payment in respect thereof or the perfection or enforcement of any security interest related to the Senior Secured Notes;

(2) any Taxes that would not have been so imposed or levied if the holder of the Senior Secured Note had complied with a reasonable request in writing of the Payor (such request being made at a time that would enable such holder acting reasonably to comply with that request) to make a declaration of nonresidence or any other claim or filing or satisfy any certification, information or reporting requirement for exemption from, or reduction in the rate of, withholding to which it is entitled (provided that such declaration of nonresidence or other claim, filing or requirement is required by the applicable law, treaty, regulation or administrative practice of the Relevant Taxing Jurisdiction as a precondition to exemption from the requirement to deduct or withhold all or a part of any such Taxes);

(3) any Taxes that are payable otherwise than by withholding from a payment of the principal of, premium, if any, or interest under the Senior Secured Notes or any Senior Secured Note Guarantee;

(4) any estate, inheritance, gift, sales, excise, transfer, personal property or similar tax, assessment or other governmental charge;

(5) any Taxes that are required to be deducted or withheld on a payment pursuant to the Directive or any law implementing, or introduced in order to conform to, the Directive;

(6) except in the case of the liquidation, dissolution or winding up of the Payor, any Taxes imposed in connection with a Senior Secured Note presented for payment by or on behalf of a secured noteholder or beneficial owner who would have been able to avoid such Tax by presenting the relevant Senior Secured Note to, or otherwise accepting payment from, another paying agent in a member state of the European Union; or

(7) any combination of the above.

Such Additional Amounts will also not be payable (x) if the payment could have been made without such deduction or withholding if the beneficiary of the payment had presented the Senior Secured Note for payment (where presentation is required) within 30 days after the relevant payment was first made available for payment to the secured noteholder or (y) where, had the beneficial owner of the Senior Secured Note been the holder of the Senior Secured Note, such beneficial owner would not have been entitled to payment of Additional Amounts by reason of any of clauses (1) to (7) inclusive above.

The Payor will (i) make any required withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant taxing authority of the Relevant Taxing Jurisdiction in accordance with applicable law.

Upon request, the Payor will use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each relevant taxing authority of each Relevant Taxing Jurisdiction imposing such Taxes and will provide such certified copies to the Trustee. If, notwithstanding the efforts

of such Payor to obtain such receipts, the same are not obtainable, such Payor will provide the Trustee with other evidence reasonably satisfactory to the applicable Holder.

Table of Contents

If any Payor will be obligated to pay Additional Amounts under or with respect to any payment made on the Senior Secured Notes, at least 30 days prior to the date of such payment, the Payor will deliver to the Trustee an Officers Certificate stating the fact that Additional Amounts will be payable and the amount so payable and such other information necessary to enable the Paying Agent to pay Additional Amounts to secured noteholders on the relevant payment date (unless such obligation to pay Additional Amounts arises less than 45 days prior to the relevant payment date, in which case the Payor shall deliver such Officers Certificate and such other information as promptly as practicable after the date that is 30 days prior to the payment date, but no less than five (5) Business Days prior thereto, and otherwise in accordance with the requirements of DTC).

Wherever in the Senior Secured Notes Indenture, the Senior Secured Notes, any Senior Secured Note Guarantee or this Description of the August 2011 Senior Secured Notes there is mentioned, in any context:

- (1) the payment of principal,
- (2) redemption prices or purchase prices in connection with a redemption or purchase of Senior Secured Notes,
- (3) interest, or
- (4) any other amount payable on or with respect to any of the Senior Secured Notes or any Senior Secured Note Guarantee,

such reference shall be deemed to include payment of Additional Amounts as described under this heading to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The Payor will pay any present or future stamp, court or documentary Taxes, or any other excise, property or similar Taxes, charges or levies that arise in any jurisdiction from the execution, delivery, registration or enforcement of any Senior Secured Notes, the Senior Secured Notes Indenture, or any other document or instrument in relation thereto (other than a transfer of the Senior Secured Notes) excluding any such Taxes, charges or similar levies imposed by any jurisdiction that is not a Relevant Taxing Jurisdiction, and the Payor agrees to indemnify the secured noteholders and the Trustee for any such Taxes paid by such noteholders. The foregoing obligations will survive any termination, defeasance or discharge of the Senior Secured Notes Indenture and will apply *mutatis mutandis* to any jurisdiction in which any successor to a Payor is organized or otherwise considered to be a resident for Tax purposes or any political subdivision or taxing authority or agency thereof or therein.

Agreed Tax Treatment

The Issuers agree, and by acquiring an interest in the Senior Secured Notes each beneficial owner of a Senior Secured Note agrees, to treat for U.S. federal income tax purposes the Senior Secured Notes as debt of the sole owner of the US Issuer I and interest payments on the Senior Secured Notes as U.S. source interest; *provided, however*, that this agreement shall cease to apply if the Issuers (i) determine, after taking action that is permissible under the Senior Secured Notes Indenture, that the aforementioned allocation of debt and interest payments is no longer accurate as a result of the changed circumstances, and (ii) promptly notify holders of such determination by sending first-class mail to each holder's registered address (or otherwise completing delivery in accordance with applicable DTC procedures). Notwithstanding the foregoing, any Issuer or any other Payor may withhold from any interest payment made on any Senior Secured Note to or for the benefit of any person who is not a United States person, as such term is defined for U.S. federal income tax purposes, U.S. federal withholding tax, and pay such withheld amounts to the Internal Revenue Service, unless such person provides documentation to such Issuer or other Payor such that an exemption from U.S. federal withholding tax would apply to such payment if interest on such Senior Secured Note were treated as income from sources within the U.S. for U.S. federal income tax purposes.

The indebtedness evidenced by the Senior Secured Notes is Senior Indebtedness of the Issuers, is equal in right of payment to all existing and future Senior Indebtedness of the Issuers, has the benefit of a security interest in the Collateral as described under Security and is senior in right of payment to all existing and future Subordinated Indebtedness of the Issuers (including the guarantee of the 2007 Senior Notes and the 2007 Senior Subordinated Notes by each Issuer).

The Indebtedness evidenced by the Senior Secured Note Guarantees is Senior Indebtedness of each Senior Secured Note Guarantor, is equal in right of payment to all existing and future Senior Indebtedness of such Senior Secured Note Guarantor, has the benefit of a security interest in the Collateral as described under Security and is senior in right of payment to all existing and future Subordinated Indebtedness of such Senior Secured Note Guarantor, including such Senior Secured Note Guarantor's obligations with respect to the 2007 Senior Notes and the 2007 Senior Subordinated Notes. BP II, the issuer of the 2007 Senior Notes and the 2007 Senior Subordinated Notes, has not guaranteed and will not guarantee the Senior Secured Notes.

At September 30, 2011, on a pro forma basis after giving effect to the purchase of \$239.8 million aggregate principal amount of Graham Packaging 2017 Notes and \$230.6 million aggregate principal amount of Graham Packaging 2018 Notes in connection with the change of control offer for such notes:

(1) RGHL and its Subsidiaries had an aggregate principal amount of \$11,679.7 million of Indebtedness secured by any Lien outstanding. RGHL and its Subsidiaries would have had \$42.8 million and 58.0 million of availability under the revolving credit facility under the Senior Secured Credit Facilities and the ability to incur up to 62.0 million of Secured Indebtedness under Local Facilities;

(2) RGHL and its Subsidiaries had an aggregate principal amount of \$11,111.3 million of First Lien Obligations that share a *pari passu* lien in the Collateral with the Senior Secured Notes (excluding letters of credit which have been issued, but not drawn upon, \$42.8 million and 58.0 million of availability under the revolving credit facility under the Senior Secured Credit Facilities and the ability to incur up to 62.0 million of Secured Indebtedness under Local Facilities); and

(3) RGHL and its Subsidiaries had an aggregate principal amount of \$16,685.4 million of unsubordinated Indebtedness outstanding (whether secured or unsecured) consisting of amounts outstanding under the Senior Secured Credit Facilities, the Senior Secured Notes (including the Senior Secured Note Guarantees with respect thereto), the Senior Notes (including the Senior Note Guarantees with respect thereto), the February 2011 Senior Secured Notes (including the guarantees with respect thereto), the February 2011 Senior Notes (including the guarantees with respect thereto), the October 2010 Senior Secured Notes (including the guarantees with respect thereto), the October 2010 Senior Notes (including the guarantees with respect thereto), the May 2010 Notes (including the guarantees with respect thereto), the 2009 Notes (including the guarantees with respect thereto) and the 2007 Senior Notes (but not including the guarantees with respect thereto), Pactiv's indebtedness, the Graham Packaging 2018 Notes, the Graham Packaging 2017 Notes, the Local Facilities and certain other local overdraft and local working capital facilities.

In addition, at September 30, 2011, RGHL and its Subsidiaries had an aggregate of \$1,596.9 of Subordinated Indebtedness outstanding consisting of the Graham Packaging 2014 Notes, the 2007 Senior Subordinated Notes (including the guarantees with respect thereto) and the guarantees of the 2007 Senior Notes. In addition, RGHL and its Subsidiaries had \$24.2 million of indebtedness outstanding under Local Facilities.

Although the Senior Secured Notes Indenture limits the Incurrence of Indebtedness by BP I, BP II and any Restricted Subsidiaries and the issuance of Disqualified Stock and Preferred Stock by the Issuers and any

other Restricted Subsidiaries, such limitation is subject to a number of significant qualifications and exceptions. Under certain circumstances, BP II and BP I and their respective Subsidiaries (including the Issuers) may be able to Incur substantial amounts of additional Indebtedness. Such Indebtedness may be Secured Indebtedness that has a prior or *pari passu* claim to the Senior Secured Notes on the Collateral or a claim on assets not constituting Collateral. The covenants do not limit the amount of Indebtedness that RGHL may incur. See Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Certain Covenants Liens.

The US Issuer I is a finance company with no operations of its own, and its only material assets are the US Proceeds Loans. The US Issuer II is a finance company with no operations of its own, and no material assets. The Luxembourg Issuer is a finance company with no operations of its own, and its only material assets are the Luxembourg Proceeds Loans. Substantially all of the operations of RGHL are conducted through RGHL's Subsidiaries. Unless a Subsidiary is a Senior Secured Note Guarantor or one of the Issuers, claims of creditors of such Subsidiary, including trade creditors, and claims of preferred stockholders (if any) of such Subsidiary generally have priority with respect to the assets and earnings of such Subsidiary over the claims of creditors of the Senior Secured Note Guarantors, including holders of the Senior Secured Notes. The Senior Secured Notes, therefore, are effectively subordinated to creditors (including trade creditors) and preferred stockholders (if any) of Subsidiaries of RGHL that are not one of the Issuers or the Senior Secured Note Guarantors (including BP II, which is a finance company). In particular, Graham Holdings and its subsidiaries have not guaranteed the Senior Secured Notes. In the future, if Graham Holdings and its subsidiaries guarantee the Senior Secured Credit Facilities, they will also guarantee the Senior Secured Notes. As of September 30, 2011, our various subsidiaries that are not one of the Issuers, the issuer of the 2007 Notes, or Senior Secured Note Guarantors had no more than approximately \$10.0 million of long-term debt (on a consolidated basis and excluding intercompany loan transactions) and \$6,528.5 million of total assets. See Risk Factors Risks Related to Our Structure, the Collateral, the Guarantees and the Notes Not all of our subsidiaries guarantee the notes, and the notes and the guarantees of the notes will be structurally subordinated to all of the claims of creditors of those non-guarantor subsidiaries.

Senior Secured Note Guarantees

Each of the Senior Secured Note Guarantors jointly and severally, irrevocably and unconditionally guarantees on a senior basis the performance and punctual payment when due, whether at Stated Maturity, by acceleration or otherwise, of all obligations of the Issuers under the Senior Secured Notes Indenture and the Senior Secured Notes, whether for payment of principal of, premium, if any, or interest on the Senior Secured Notes, expenses, indemnification or otherwise (all such obligations guaranteed by such Senior Secured Note Guarantors and by any of RGHL's Subsidiaries that subsequently become Senior Secured Note Guarantors being herein called the *Guaranteed Obligations*), subject to limitations imposed by applicable local law and certain other limitations imposed by the terms of such guarantees; *provided, however*, that in no event shall a US Controlled Foreign Subsidiary be required to guarantee the Guaranteed Obligations. The entities that are Senior Secured Note Guarantors based on the guarantees provided with respect to the Senior Secured Credit Facilities, the 2007 Notes, the 2009 Notes, the May 2010 Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes, the February 2011 Senior Secured Notes and the February 2011 Senior Notes include entities organized in the following jurisdictions: Australia, Austria, Brazil, British Virgin Islands, Canada, Costa Rica, Germany, Guernsey, Hong Kong, Hungary, Japan, Luxembourg, Mexico, the Netherlands, New Zealand, Switzerland, Thailand, the United States and the United Kingdom, including a pledge of the senior secured intercompany notes. Due to applicable law in certain jurisdictions and other factors, certain of RGHL's subsidiaries in certain jurisdictions are currently not Senior Secured Note Guarantors as they have not entered into their respective Senior Secured Note Guarantees. Each such entity will enter into a Senior Secured Note Guarantee concurrently with granting its guarantee with respect to the indebtedness Incurred as incremental term loan borrowings under the Senior Secured Credit Facilities in connection with the Graham Packaging Acquisition. It is intended that all of the entities that, as of the Issue Date, guarantee the Senior Secured Credit Facilities, the 2007 Notes, the 2009 Notes, the May 2010 Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes,

the February 2011 Senior Secured Notes and the February

Table of Contents

2011 Senior Notes will ultimately also provide a Senior Secured Note Guarantee. However, not every entity, including entities organized in Austria, that, as of the Issue Date, guaranteed the Senior Secured Credit Facilities, the 2007 Notes, the 2009 Notes, the May 2010 Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes, the February 2011 Senior Secured Notes and the February 2011 Senior Notes will be able to provide a Senior Secured Note Guarantee. Therefore, potentially for the term of the Senior Secured Notes, to the extent certain entities are not able to provide the above-mentioned Senior Secured Note Guarantee, lenders under the Senior Secured Credit Facilities, holders of February 2011 Senior Secured Notes, holders of February 2011 Senior Notes, holders of October 2010 Senior Secured Notes, holders of October 2010 Senior Notes, holders of May 2010 Notes, holders of 2009 Notes, holders of 2007 Senior Notes and holders of 2007 Senior Subordinated Notes will have the benefit of greater guarantee coverage than holders of Senior Secured Notes. The Senior Secured Note Guarantees are subject to a variety of local laws that may limit or void the Senior Secured Note Guarantees and any security interest with respect thereto and certain other limits imposed under the terms of such Senior Secured Note Guarantees. In some jurisdictions, such as, for example, Japan, Costa Rica and Australia, although our subsidiaries in those jurisdictions are Senior Secured Note Guarantors, they will not pledge any of their assets as Collateral for the Senior Secured Notes pursuant to the Agreed Security Principles. This may be the case even if they pledge some or all of their assets as collateral for the Senior Secured Credit Facilities. For a description of such limitations and the risks associated with the Senior Secured Note Guarantees and Collateral, see

Risk Factors Risks Related to Our Structure, the Collateral, the Guarantees and the Notes Fraudulent conveyance laws and other limitations on the enforceability of the notes, the guarantees and, as applicable, the related security, may adversely affect the validity and enforceability of the notes, the guarantees and, as applicable, the related security;

Certain Insolvency and Other Local Law Considerations.

In addition, any future guarantor of the Senior Secured Credit Facilities, any other Credit Agreement or Public Debt of BP I, BP II or their respective Subsidiaries will only be required to provide Senior Secured Note Guarantees as required by the covenant under Certain Covenants Future Senior Secured Note Guarantors. The obligation to provide Senior Secured Note Guarantees for the benefit of the Senior Secured Notes in the future is subject to the Agreed Security Principles. Accordingly, in the future, other Indebtedness, including under the Senior Secured Credit Facilities, the Senior Notes, the February 2011 Senior Secured Notes, the February 2011 Senior Notes, the October 2010 Senior Secured Notes, the October 2010 Senior Notes, the May 2010 Notes, the 2009 Notes, the 2007 Senior

Notes and the 2007 Senior Subordinated Notes could have the benefit of guarantees that are not also provided in favor of the Senior Secured Notes. See Ranking.

Such Senior Secured Note Guarantors and any of RGHL's Subsidiaries that subsequently become Senior Secured Note Guarantors have agreed to pay, subject to limitations imposed by applicable local law and certain other limitations, in addition to the amount stated above, any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee, the Collateral Agent or the holders in enforcing any rights under the Senior Secured Note Guarantees and the Security Documents. The Senior Secured Notes and the Senior Secured Note Guarantees of a Senior Secured Note Guarantor constitute Designated Senior Indebtedness of the Issuers and such Senior Secured Note Guarantor for purposes of the 2007 Senior Note Indenture and the 2007 Senior Subordinated Note Indenture and Senior Liabilities for the purposes of the 2007 UK Intercreditor Agreement. For a description of the Collateral and lien priority and intercreditor agreements, see Security below.

Each Senior Secured Note Guarantee is a continuing guarantee and shall, subject to the next paragraph:

- (1) remain in full force and effect until payment in full of all the Guaranteed Obligations;
- (2) be binding upon each such Senior Secured Note Guarantor and its successors; and
- (3) inure to the benefit of and be enforceable by the Trustee, the holders and their successors, transferees and assigns.

Release of Senior Secured Note Guarantees

Subject to the First Lien Intercreditor Agreement and the 2007 UK Intercreditor Agreement, a Senior Secured Note Guarantee of a Senior Secured Note Guarantor will be automatically released upon (a) receipt by the Trustee of a notification from BP I that such Senior Secured Note Guarantee be released and (b) the occurrence of any of the following:

- (1) the consummation of any transaction permitted by the Senior Secured Notes Indenture as a result of which such Senior Secured Note Guarantor ceases to be a Restricted Subsidiary;
- (2) the release or discharge of the guarantee or other obligation by such Senior Secured Note Guarantor of the Senior Secured Credit Facilities or such other guarantee or other obligation that resulted in the creation of such Senior Secured Note Guarantee, except a release or discharge by or as a result of payment under such guarantee;
- (3) BP I designating such Senior Secured Note Guarantor to be an Unrestricted Subsidiary in accordance with the covenants described under Certain Covenants Limitation on Restricted Payments and the definition of Unrestricted Subsidiary;
- (4) the Issuers' exercise of their legal defeasance option or covenant defeasance option as described under Defeasance, or if the Issuers' obligations under the Senior Secured Notes Indenture are discharged in accordance with the terms of the Senior Secured Notes Indenture; or
- (5) the transfer or sale of the equity interests of such Senior Secured Note Guarantor pursuant to an enforcement action, in accordance with the terms of the First Lien Intercreditor Agreement.

The Senior Secured Note Guarantor will be required to deliver to the Trustee an Officers' Certificate stating that all conditions precedent provided for in the Senior Secured Notes Indenture relating to the release have been complied with. A Senior Secured Note Guarantee of a Senior Secured Note Guarantor also will be released as provided under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets and RGHL will be released from its Senior Secured Note Guarantee in connection with the substantially concurrent transfer by RGHL of the capital stock

of BP I to a newly formed subsidiary of RGHL (*Midco*); *provided* that (a) Midco is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1,

2004, the United States, the District of Columbia, or any state or territory thereof or New Zealand; (b) Midco expressly assumes or replaces all the obligations of RGHL under the Senior Secured Notes Indenture, the Senior Secured Notes Registration Rights Agreement, the Senior Secured Notes, the Security Documents to which RGHL is a party, the First Lien Intercreditor Agreement and RGHL's Senior Secured Note Guarantee pursuant to a supplemental or replacement indenture or other documents or instruments in form reasonably satisfactory to the Trustee; (c) immediately after giving effect to such transaction on a pro forma basis (and treating any Indebtedness which becomes an obligation of Midco as a result of such transaction as having been Incurred by Midco at the time of such transaction), no Default shall have occurred and be continuing and the Issuers would be able to Incur an additional \$1.00 of Indebtedness pursuant to the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; (d) RGHL delivers to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such transfer and such supplemental indenture and Security Documents comply with the Senior Secured Notes Indenture (and in giving such opinion such counsel may rely on an Officers' Certificate as to any matters of fact); and (e) RGHL delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of RGHL approving such transaction and set forth in an Officers' Certificate certifying that such transaction complies with the requirements of the Senior Secured Notes Indenture.

Upon any occurrence specified in the two preceding paragraphs, the Trustee shall, at the instruction of and at the cost of the Issuers, execute any documents reasonably requested of it to evidence such release.

Addition of Senior Secured Note Guarantors

Under certain circumstances and subject to the Agreed Security Principles, additional Restricted Subsidiaries may be added as Senior Secured Note Guarantors (see Certain Covenants Future Senior Secured Note Guarantors).

Security

General

The Senior Secured Notes and the Senior Secured Note Guarantees, with certain exceptions, have the benefit of Liens in the Collateral, which consist of first priority security interests shared with the other First Lien Obligations, including the Senior Secured Credit Facilities, the February 2011 Senior Secured Notes, the October 2010 Senior Secured Notes and the 2009 Notes (subject to Permitted Liens, which may rank ahead of the first priority security interests for the benefit of the Senior Secured Notes, and the exceptions described below), in the Collateral; *provided, however*, that in no event shall more than 65% of the total outstanding voting Equity Interests, or any of the assets, of any US Controlled Foreign Subsidiary be required to be pledged. The Issuers and RGHL, together with the Trustee, will be responsible for implementing the security arrangements for the Senior Secured Notes and such arrangements may not be implemented in a timely manner or at all.

The Collateral consists of (i) 100% of the Capital Stock of certain existing and future, direct and indirect, wholly owned Subsidiaries of RGHL, the Issuers and the Senior Secured Note Guarantors (subject to the limitations described under Limitations on Stock Collateral and certain other limitations, including as described in the Agreed Security Principles) and (ii) certain assets of the Issuers and certain of the Senior Secured Note Guarantors located in Austria, Brazil, British Virgin Islands, Canada, Germany, Guernsey, Hong Kong, Hungary, Luxembourg, Mexico, the Netherlands, New Zealand, Switzerland, Thailand, the United States and the United Kingdom.

Table of Contents

The Collateral does not comprise all of the assets of the Issuers or the Senior Secured Note Guarantors and is further limited to the extent set forth in the Agreed Security Principles. Among other exclusions from the Collateral, including pursuant to the Agreed Security Principles:

Security will not be provided by non-wholly owned Subsidiaries;

Security will be limited to the extent deemed necessary to comply with legal limitations, avoid significant tax disadvantages, comply with certain third party arrangements, satisfy fiduciary duties of directors and minimize fees, taxes and duties;

Security will not be provided over assets with values lower than certain agreed materiality thresholds, including a 5.0 million threshold for real property, a 250,000 threshold for manufacturing equipment in some jurisdictions and a 1.0 million threshold for certain intellectual property;

Security will not be provided to the extent it would have a material adverse effect on the ability of the relevant Issuer or Senior Secured Note Guarantor to conduct business in the ordinary course; and

Security will not be provided over Pactiv's Principal Manufacturing Properties (as defined in the Pactiv Base Indenture) to the extent not required to be pledged under the Senior Secured Credit Facilities.

We estimate that the assets of Reynolds Group Holdings Limited and its subsidiaries that are part of the Collateral securing the Senior Secured Notes have a book value greater than the amount of our outstanding secured indebtedness, which totaled \$10,461.7 million, as of September 30, 2011 and measured in accordance with IFRS. Much of the Collateral is, and is expected to continue to be, illiquid, both by its nature and as a result of local limitations relating to enforcement (see Certain Insolvency and Other Local Law Considerations). Accordingly, there can be no assurance that the Collateral will be able to be sold in a short period of time or at all or that its value will exceed the amount of Indebtedness it secures, including the Senior Secured Notes.

There are other potential impediments to Holders realizing upon the full value of the Collateral. See Risk Factors Risks Related to the Our Structure, the Collateral and the Notes. Among the potential impediments described in such risk factors are risks relating to enforcement of the security interests in jurisdictions outside of the United States, risks relating to dilution of the Collateral by other secured creditors, including the Senior Secured Credit Facilities and the holders of the February 2011 Senior Secured Notes, the October 2010 Senior Secured Notes and the 2009 Notes and any future permitted secured Indebtedness, risks relating to the use of a Collateral Agent for purposes of securing and enforcing upon the Collateral, risks relating to control of the Collateral Agent by the administrative agent under the Senior Secured Credit Facilities or the representative of the holders of the February 2011 Senior Secured Notes, the October 2010 Senior Secured Notes and the 2009 Notes, in certain cases, and not by the Trustee or the Holders and risks relating to the fact that the security interests in respect of the Senior Secured Notes will, in certain cases, be relying on the First Lien Intercreditor Agreement to achieve first priority *pari passu* ranking.

Subject to certain conditions, including compliance with the covenants described under Certain Covenants Impairment of Security Interest and Certain Covenants Liens, the Senior Secured Note Guarantors and the Issuers are permitted to pledge the Collateral in connection with certain future Incurrences of Indebtedness, including any Additional Senior Secured Notes, or certain Indebtedness of the Issuers or Indebtedness of the Senior Secured Note Guarantors, in each case as permitted under the Senior Secured Indenture. This may make the Collateral less valuable for the holders of the Senior Secured Notes.

Except as limited by Certain Covenants Impairment of Security Interest, the Issuers and the Senior Secured Note Guarantors may take actions that would result in diminishing (possibly to zero) the value or existence of the

Collateral. In the future, additional assets may be pledged by us to secure debt under the Senior Secured Credit Facilities, the February 2011 Senior Secured Notes, the October 2010 Senior Secured

Table of Contents

Notes, the 2009 Notes, a Credit Agreement or other Public Debt but may not be pledged to secure the Senior Secured Notes. The book value of our assets may not be indicative of the fair market value of such assets, which could be substantially lower. In addition, a substantial portion of our assets will not constitute Collateral for the Senior Secured Notes in any form. Accordingly, the value of the Collateral could be substantially less than the aggregate principal amount of our First Lien Obligations, including the Senior Secured Notes, the February 2011 Senior Secured Notes, the October 2010 Senior Secured Notes, the 2009 Notes, the Senior Secured Credit Facilities and other Secured Indebtedness.

Accordingly, holders of the Senior Secured Notes have the benefit of a security interest in only a portion of the value of the Collateral expected to secure the Senior Secured Notes. In addition, certain of the stock and assets pledged by the Senior Secured Note Guarantors in some jurisdictions have been pledged on a priority basis to secure the obligations to the lenders under certain local working capital facilities. Under the commercially reasonable efforts standard, perfection of the security interests is not required if, in the good faith determination of BP I, it would have a material adverse effect on the ability of any of the Issuers or the relevant Senior Secured Note Guarantor to conduct its operations and business in the ordinary course or if, in the good faith determination of BP I, it would be inconsistent with the Agreed Security Principles. If the Issuers and the Senior Secured Note Guarantors do not implement such security arrangements for the benefit of the Senior Secured Notes (other than in circumstances in accordance with the Agreed Security Principles or as described under Limitation on Stock Collateral below), they will be prohibited from implementing security arrangements with respect to the Senior Secured Credit Facilities, the February 2011 Senior Secured Notes, the October 2010 Senior Secured Notes, the 2009 Notes, Public Debt or other Indebtedness except, in the case of such other Indebtedness, for Permitted Liens.

The aggregate amount of the obligations secured by the Collateral may, subject to the limitations set forth in the Senior Secured Notes Indenture, be increased. A portion of the obligations secured by the Collateral consists or may consist of Indebtedness that is revolving in nature, and the amount thereof that may be outstanding at any time or from time to time may be increased or reduced and subsequently reborrowed and such obligations may, subject to the limitations set forth in the Senior Secured Notes Indenture, be increased, extended, renewed, replaced, restated, supplemented, restructured, repaid, refunded, refinanced or otherwise amended or modified from time to time, all without affecting the provisions of the First Lien Intercreditor Agreement defining the relative rights of the parties thereto.

The Issuers and the Senior Secured Note Guarantors will be able to incur additional First Lien Obligations in the future that could share in the Collateral, including Indebtedness secured by a Permitted Lien that may be prior to, or *pari passu* with, Liens securing the Senior Secured Notes. In addition, we may Incur Indebtedness secured by a Permitted Lien over assets that are not part of the Collateral, and the amount thereof could be significant. The amount of Secured Indebtedness secured with priority over, or on an equal and ratable basis with, Liens securing the Senior Secured Notes will be limited by the covenant disclosed under Certain Covenants Liens, and the amount of all such additional indebtedness will be limited by the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuances of Disqualified Stock and Preferred Stock. Under certain circumstances the amount of Indebtedness and other obligations that benefit from prior ranking security interests or that shares equally and ratably in the Collateral could be significant.

Subject to the terms of the Security Documents, the Issuers and the Senior Secured Note Guarantors have the right to remain in possession and retain exclusive control of the Collateral securing the Senior Secured Notes, to freely operate the Collateral and to collect, invest and dispose of any income therefrom. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes Rights of the holders of Senior Secured Notes may be adversely affected by bankruptcy proceedings in the United States.

Table of Contents***Limitations on Stock Collateral***

The Capital Stock and securities of any Restricted Subsidiary (other than BP I, for which we will provide separate financial statements) will constitute Collateral only to the extent that the securing of the Senior Secured Notes with such Capital Stock and securities would not require such Senior Secured Note Guarantor to file separate financial statements with the SEC under Rule 3-16 of Regulation S-X under the Securities Act. In the event that Rule 3-16 of Regulation S-X under the Securities Act requires or is amended, modified or interpreted by the SEC to require (or is replaced with another rule or regulation that would require) the filing with the SEC of separate financial statements of any Restricted Subsidiary (other than BP I) due to the fact that such Restricted Subsidiary's Capital Stock and securities secure the Senior Secured Notes or any Senior Secured Note Guarantee, then the Capital Stock and securities of such Restricted Subsidiary shall automatically be deemed not to be part of the Collateral (but only to the extent necessary for such Restricted Subsidiary to not be subject to such requirement to provide separate financial statements) and such excluded portion of the Capital Stock and securities is referred to as the *Excluded Stock Collateral*. In such event, the Security Documents may be amended, modified or supplemented, without the consent of any Holder, to the extent necessary to release the security interests on the Excluded Stock Collateral.

In the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to permit (or is replaced with another rule or regulation that would permit) any Restricted Subsidiary's Excluded Stock Collateral to secure the Senior Secured Notes in excess of the amount then pledged without the filing with the SEC of separate financial statements of such Senior Secured Note Guarantor, then the Capital Stock and securities of such Restricted Subsidiary shall automatically be deemed to be a part of the Collateral (but only to the extent possible without such Restricted Subsidiary becoming subject to any such filing requirement). In such event, the Security Documents may be amended or modified, without the consent of any Holder, to the extent necessary to subject to the Liens under the Security Documents such additional Capital Stock and securities.

In accordance with the limitations set forth in the two immediately preceding paragraphs, on the date that Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, the Collateral will include shares of Capital Stock of the Restricted Subsidiaries only to the extent that the applicable value of such Capital Stock (on an entity-by-entity basis) is less than 20% of the aggregate principal amount of the outstanding Senior Secured Notes, except that the foregoing limitation will not apply to shares of Capital Stock of BP I at any time and will not apply to shares of Capital Stock of Graham Holdings or any of its subsidiaries (other than the general partner of Graham Packaging Company, L.P. so long as its principal assets consist solely of a 1% interest in Graham Packaging Company, L.P.) at any time Graham Holdings (or its successors and assigns) and Graham Packaging Company, L.P. (or its successors and assigns) are not Senior Secured Note Guarantors. Certain of the Senior Secured Note Guarantors have Capital Stock valued at or in excess of 20% of the aggregate principal amount of the outstanding Senior Secured Notes; accordingly if Rule 3-16 of Regulation S-X under the Securities Act was applicable to the Senior Secured Notes on such date, each such Senior Secured Note Guarantor's pledge of such stock as Collateral would be deemed to be limited to stock with a value that is less than 20% of the aggregate principal amount of the outstanding Senior Secured Notes pursuant to these provisions. In the event that Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, we anticipate that the Capital Stock of multiple subsidiaries of ours organized in various jurisdictions will be subject to such limitations. If, at any time after Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, the applicable value of the Capital Stock of any Senior Secured Note Guarantor is equal to or exceeds 20% of the aggregate principal amount of the Senior Secured Notes outstanding, the pledge of such Senior Secured Note Guarantor's Capital Stock shall automatically be deemed to be limited to stock with a value that is less than 20% of the aggregate principal amount of the outstanding Senior Secured Notes. If, at any time after the date Rule 3-16 of Regulation S-X becomes applicable to the Senior Secured Notes, the applicable value of 100% of the Capital Stock of any Senior Secured Note Guarantor becomes less than 20% of the aggregate principal amount of the Senior Secured Notes outstanding and the pledge of such Capital Stock has been deemed limited in accordance with this paragraph prior to such date, the pledge of such Senior Secured Note Guarantor's Capital Stock shall

Table of Contents

automatically be deemed to be 100% of its Capital Stock. Accordingly, the portion of the Capital Stock of the Issuers or the Senior Secured Note Guarantors constituting Collateral may decrease or increase as described above. We conduct substantially all of our business through our subsidiaries, many of which have capital stock with a value in excess of 20% of the aggregate principal amount of the Senior Secured Notes. Accordingly, the pledge of stock and securities with respect to each such subsidiary will be limited in value to less than 20% of the aggregate principal amount of the Senior Secured Notes.

In certain circumstances, the pledges by certain entities of intercompany proceeds loans to which they are a party, including the pledge of the Luxembourg Proceeds Loans by the holders thereof and the pledge of the US Proceeds Loans by the holders thereof could be viewed as a pledge of a security by such entity. Accordingly, such entities pledge of such proceeds loans could be limited to 20% of the value of the proceeds loans, in accordance with the foregoing paragraphs.

Brief Summary of Security Documents and Intercreditor Agreements

The Issuers, the Senior Secured Note Guarantors and the Collateral Agent (or agents thereof) have entered into multiple agreements or other instruments defining the terms of the security interests that secure the Senior Secured Notes and the Senior Secured Note Guarantees. Those agreements or other instruments pursuant to which security interests in the Collateral are granted to secure the Senior Secured Notes or the Senior Secured Note Guarantees from time to time are referred to as the *Security Documents*. The security interests secure the payment and performance when due of the Obligations of the Issuers and the Senior Secured Note Guarantors under the Senior Secured Notes, the Senior Secured Notes Indenture, the Senior Secured Note Guarantees and the Security Documents, as provided in the Security Documents. Since the Holders are not parties to the Security Documents, the First Lien Intercreditor Agreement or the 2007 UK Intercreditor Agreement, Holders may not, individually or collectively, take any direct action to enforce any rights in their favor under the Security Documents, the First Lien Intercreditor Agreement or the 2007 UK Intercreditor Agreement. The Holders may only act by instructing the Trustee to act whether through the Collateral Agent or otherwise.

We are party to two intercreditor agreements that govern the relative rights of the obligors under our existing and future financing arrangements: (1) the 2007 UK Intercreditor Agreement which sets forth the relative rights and obligations with respect to the lenders (and other secured parties, including certain Local Facilities and providers of Hedging Obligations) under the Senior Secured Credit Facilities, the holders of the February 2011 Senior Secured Notes, the holders of the February 2011 Senior Notes, the holders of the October 2010 Senior Secured Notes, the holders of the October 2010 Senior Notes, the holders of the May 2010 Notes, the holders of the 2009 Notes, the holders of the 2007 Senior Notes, the holders of the 2007 Senior Subordinated Notes and the Senior Secured Notes and the Senior Notes and (2) the First Lien Intercreditor Agreement which sets forth the relative rights and obligations of the lenders (and other secured parties, including certain Local Facilities and providers of Hedging Obligations) under the Senior Secured Credit Facilities and the holders of the 2009 Notes, the October 2010 Senior Secured Notes, the February 2011 Senior Secured Notes and the Senior Secured Notes with respect to the Collateral. See Description of Certain Other Indebtedness and Intercreditor Agreements First Lien Intercreditor Agreement .

The Trustee, as representative for the holders of the Senior Secured Notes, entered into a joinder to the First Lien Intercreditor Agreement and an accession deed to the 2007 UK Intercreditor Agreement and took other steps required to make the obligations with respect to the Senior Secured Notes become Additional Obligations under the First Lien Intercreditor Agreement.

Under the First Lien Intercreditor Agreement, as described below, the *Applicable Representative* has the right to direct the Collateral Agent to initiate foreclosures, release Liens in accordance with the Senior Secured Credit Facilities, the Senior Secured Note Documents, the February 2011 Note Documents, the October 2010 Note Documents, the 2009

Note Documents and the documents governing any other series of *pari passu* first lien obligations that are included as Additional Obligations as defined in and under the First

Table of Contents

Lien Intercreditor Agreement and take other actions with respect to the Shared Collateral (as defined below), and the representatives of other series of Obligations party to the First Lien Intercreditor Agreement have no right to direct the Collateral Agent to take actions with respect to the Shared Collateral. The Applicable Representative is currently the administrative agent under the Senior Secured Credit Facilities. As long as such administrative agent is the Applicable Representative, the Trustee, as representative of the holders of the Senior Secured Notes, the trustee under the 2009 Indenture, the trustee under the October 2010 Senior Secured Indenture and the trustee under the February 2011 Senior Secured Indenture, will have no rights to direct the Collateral Agent to take any action under the First Lien Intercreditor Agreement. Generally, *Shared Collateral* means, at any time, Collateral in which the holders of two or more series of Obligations (or their respective representatives) hold a valid security interest or upon the enforcement of any guarantee held by two or more series of Obligations (or their respective representatives), the proceeds of such enforcement.

The administrative agent under the Senior Secured Credit Facilities will remain the Applicable Representative until the earlier of (1) the discharge of our Obligations under the Senior Secured Credit Facilities and (2) the Cut-Off Date (as defined below) (unless the Cut-Off-Date has been stayed, deemed not to have occurred or rescinded pursuant to the definition thereof). After such date, the Applicable Representative will be the representative of the series of Obligations that constitutes the largest outstanding principal amount of any then outstanding series of Obligations party to the First Lien Intercreditor Agreement, other than the Obligations under the Senior Secured Credit Facilities, with respect to the Shared Collateral (the *Non-Controlling Representative*) (which series of Obligations may be the 2009 Notes, the October 2010 Senior Secured Notes, the February 2011 Senior Secured Notes, the Senior Secured Notes or an additional series of Obligations to be incurred in the future). Accordingly, the Trustee, as representative of the holders of the Senior Secured Notes, may not ever have the right to control the remedies and take other actions with respect to the Shared Collateral.

The *Cut-Off Date* means, with respect to any Non-Controlling Representative, the date which is at least 90 days (throughout which 90 day period such Person was the Non-Controlling Representative) after the occurrence of both (i) an Event of Default (under and as defined in the instrument under which such Non-Controlling Representative is appointed as the representative) and (ii) the Collateral Agent's and each other relevant representative's receipt of written notice from such Non-Controlling Representative certifying that (x) such an Event of Default has occurred and is continuing and (y) the Obligations of the series with respect to which such Non-Controlling Representative is the representative are currently due and payable in full (whether as a result of acceleration thereof or otherwise) in accordance with the terms of the applicable instrument governing such Obligations; *provided, however*, that the Cut-Off Date shall be stayed and shall not occur and shall be deemed not to have occurred and be rescinded (1) at any time the administrative agent under the Senior Secured Credit Facilities or the Collateral Agent has commenced and is diligently pursuing any enforcement action with respect to any Shared Collateral or (2) at any time any grantor which has granted a security interest in such Shared Collateral is then a debtor under or with respect to (or otherwise subject to) any insolvency or liquidation proceeding.

Under the First Lien Intercreditor Agreement, (i) the Applicable Representative has the sole right to instruct the Collateral Agent to act or refrain from acting with respect to the Shared Collateral, (ii) the Collateral Agent shall not follow any instructions with respect to such Shared Collateral from any representative of any Non-Controlling Secured Party (as defined below) or other party to the First Lien Intercreditor Agreement (other than the Applicable Representative) and (iii) no representative of any Non-Controlling Secured Party or other party to the First Lien Intercreditor Agreement (other than the Applicable Representative) will instruct the Collateral Agent to commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, any Shared Collateral. A *Non-Controlling Secured Party* shall mean any secured party to the First Lien Intercreditor Agreement whose representative under the First Lien Intercreditor Agreement is not the

Applicable Representative. Until the earlier of (1) the discharge of our Obligations under the Senior Secured

Table of Contents

Credit Facilities and (2) the Cut-Off Date (unless the Cut-Off-Date has been stayed, deemed not to have occurred or rescinded pursuant to the definition thereof), the holders of the Senior Secured Notes, the holders of the February 2011 Senior Secured Notes, the holders of the October 2010 Senior Secured Notes and the holders of the 2009 Notes will be Non-Controlling Secured Parties. Accordingly, the holders of Senior Secured Notes could be Non-Controlling Secured Parties indefinitely.

Notwithstanding the equal priority of the Liens on any Shared Collateral, the Collateral Agent, acting on the instructions of the Applicable Representative, may deal with the Collateral as if such Applicable Representative had a senior Lien on such Collateral. No representative of any Non-Controlling Secured Party may contest, protest or object to any foreclosure proceeding or action brought by the Collateral Agent. Each of the parties to the First Lien Intercreditor Agreement will agree that it will not contest or support any other person in contesting, in any proceeding (including any insolvency or liquidation proceeding), the perfection, priority, validity or enforceability of a Lien held by or on behalf of any of the parties to the First Lien Intercreditor Agreement in all or any part of the Shared Collateral, or the provisions of the First Lien Intercreditor Agreement.

If an Event of Default (under and as defined in an instrument pursuant to which a series of Obligations whose representative is party to the First Lien Intercreditor Agreement is Incurred) has occurred and is continuing and the Collateral Agent is taking action to enforce rights in respect of any Shared Collateral, or any distribution is made in respect of any Shared Collateral in any insolvency or liquidation proceeding or otherwise of any grantor of Collateral, or the Collateral Agent or any secured party receives any payment pursuant to any intercreditor agreement (other than the First Lien Intercreditor Agreement) with respect to any Shared Collateral, the proceeds of any sale, collection or other liquidation or disposition of any such Shared Collateral received by the Collateral Agent or any secured party and proceeds of any such distribution, shall be applied (i) first, to the payment of all amounts owing to the Collateral Agent (in its capacity as such) pursuant to the terms of the First Lien Intercreditor Agreement and any instrument pursuant to which a series of Obligations whose representative is party to the First Lien Intercreditor Agreement is Incurred, (ii) second, subject to certain limited exceptions, to the payment in full of the Obligations of each series of Obligations whose representative is party to the First Lien Intercreditor Agreement on a ratable basis in accordance with the amounts of such Obligations under the terms of the applicable instrument pursuant to which such Obligations have been incurred and (iii) third, to satisfy other Obligations, including to the extent applicable, under the 2007 UK Intercreditor Agreement.

If any party to the First Lien Intercreditor Agreement obtains possession of any Shared Collateral or realizes any proceeds or payment in respect of any such Shared Collateral, pursuant to any Security Document or by the exercise of any rights available to it under applicable law or in any insolvency or liquidation proceeding or through any other exercise of remedies (including pursuant to any intercreditor agreement), at any time prior to the discharge of each series of Obligations whose representative is party to the First Lien Intercreditor Agreement, then it shall hold such Shared Collateral, proceeds or payment in trust for the other parties to the First Lien Intercreditor Agreement and promptly transfer such Shared Collateral, proceeds or payment, as the case may be, to the Collateral Agent, to be distributed in accordance with the provisions described in the immediately preceding paragraph.

In addition, under the First Lien Intercreditor Agreement, each secured noteholder and secured party under the Senior Secured Credit Facilities (and any additional Persons who may become party to the First Lien Intercreditor Agreement) agrees that (i) it will not institute any suit or assert in any insolvency or litigation proceeding any claim against the Collateral Agent or any other party to the First Lien Intercreditor Agreement seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Shared Collateral, (ii) it will not seek, and will waive any right, to have any Shared Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Shared Collateral and (iii) it will not attempt, directly or indirectly, whether by judicial proceedings or otherwise, to challenge the enforceability of any provision of the First Lien Intercreditor Agreement.

By purchasing the Senior Secured Notes, each noteholder authorized the Trustee (1) to appoint the Collateral Agent to act on its behalf as the Collateral Agent under the First Lien Intercreditor Agreement and under each of the other Security Documents and (2) to authorize the Collateral Agent to take such actions on its behalf and to exercise such powers as are delegated to the Collateral Agent by the terms of the First Lien Intercreditor Agreement and the other Security Documents, including for purposes of acquiring, holding and enforcing any and all Liens on Collateral granted by any grantor thereunder to secure any of the First Lien Obligations, together with such powers and discretion as are reasonably incidental thereto.

The First Lien Intercreditor Agreement provides that the Collateral Agent shall not have any duties or obligations except those expressly set forth therein and in the other Security Documents. Without limiting the generality of the foregoing, the Collateral Agent:

(i) shall not be subject to any fiduciary or other implied duties, regardless of whether an Event of Default has occurred and is continuing;

(ii) shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated by the First Lien Intercreditor Agreement or by the other Security Documents that the Collateral Agent is required to exercise as directed in writing by the Applicable Representative; provided that the Collateral Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Collateral Agent to liability or that is contrary to any Security Document or applicable law;

(iii) shall not, except as expressly set forth in the First Lien Intercreditor Agreement and in the other Security Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to a grantor or any of its Affiliates that is communicated to or obtained by the Collateral Agent or any of its Affiliates in any capacity;

(iv) shall not be liable for any action taken or not taken by it (1) with the consent or at the request of the Applicable Representative or (2) in the absence of its own gross negligence or willful misconduct or (3) in reliance on a certificate of an authorized officer of an Issuer stating that such action is permitted by the terms of this Agreement; and

(v) shall not be required to take any action for which it has not received written directions and indemnity satisfactory to it.

The Collateral Agent shall be deemed not to have knowledge of any Event of Default under any series of Obligations unless and until written notice describing such Event Default is given to the Collateral Agent by the Representative of such Obligations or a party to the First Lien Intercreditor Agreement. In addition, among other things, the Collateral Agent shall not be responsible for or have any duty to ascertain or inquire into (1) any statement, warranty or representation made in or in connection with the First Lien Intercreditor Agreement or any other Security Document, (2) the contents of any certificate, report or other document delivered under the First Lien Intercreditor Agreement or any other Security Document, (3) the performance or observance of any of the covenants, agreements or other terms or conditions set forth in the First Lien Intercreditor Agreement or any other Security Document, or the occurrence of any Default, (4) the creation, perfection or priority of any Lien purported to be created by the Security Documents or (5) the value or the sufficiency of any Collateral for any series of Obligations, including the Senior Secured Notes.

Future Collateral

Subject to the limitations and exceptions in the Agreed Security Principles, if the Issuers or any Senior Secured Note Guarantor creates any additional security interest upon any property or asset to secure any other First Lien Obligations under the Senior Secured Credit Facilities, any other Credit Agreement or Public Debt, it must use commercially

reasonable efforts to concurrently grant a security interest (subject to Permitted Liens) upon such property as security for the Senior Secured Notes; *provided, however*, that it will not be

required to do so if, in the good faith determination of BP I, so doing would, or would result in a material risk of, conflict with the fiduciary duties of the directors of BP I, BP II or any of their respective parents or subsidiaries or contravene any legal prohibition or, in the good faith determination of BP I, result in, or in material risk of, personal or criminal liability on its part of any officer, director or shareholder of BP I, BP II or any of their respective parents or subsidiaries or, in the good faith determination of BP I, be inconsistent with the Agreed Security Principles. Also, if granting a security interest in such property requires the consent of a third party, subject to the Agreed Security Principles, the Issuers will use commercially reasonable efforts to obtain such consent with respect to the security interest for the benefit of the Trustee on behalf of the holders of the Senior Secured Notes. Under the commercially reasonable efforts standard, the Issuers will not be obligated to seek to obtain consent if, in the good faith determination of BP I, to do so would have a material adverse effect on the ability of the Issuers or the relevant Senior Secured Note Guarantors to conduct their operations and business in the ordinary course or if, in good faith determination of BP I, to do so would be inconsistent with the Agreed Security Principles. If such third party does not consent to the granting of the security interest after the use of such commercially reasonable efforts, the applicable entity will not be required to provide such security interest. See Risk Factors Risks Related to Our Structure, the Guarantors, the Collateral and the Notes Security interests in respect of the collateral may be adversely affected by the failure to perfect security interests in certain collateral presently owned or acquired in the future. and Certain Covenants Future Collateral.

Release of Collateral

The security interests in the Collateral for the benefit of the Senior Secured Notes will be released:

(a) upon payment in full of principal, interest and all other Obligations on the Senior Secured Notes issued under the Senior Secured Notes Indenture or discharge or defeasance thereof;

(b) to the extent a Senior Secured Note Guarantor would be and is so released pursuant to clause (2) under Senior Secured Note Guarantees Release of Senior Secured Note Guarantees. ;

(c) to enable us to consummate the disposition of such property or assets to the extent not prohibited under the covenant described under Certain Covenants Asset Sales ;

(d) in the case of property or assets of a Senior Secured Note Guarantor that is released from its Senior Secured Note Guarantee with respect to the Senior Secured Notes, on the release of the Senior Secured Note Guarantee of such Senior Secured Note Guarantor;

(e) in the case of the property and assets of a specific Senior Secured Note Guarantor, such Senior Secured Note Guarantor making a Transfer permitted by clause (y) of the last paragraph under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets ;

(f) in the circumstances described under Amendments and Waivers below (including to the extent necessary to facilitate the assumption by a Successor Company of the obligations of the Issuers under the Senior Secured Notes Indenture and the Senior Secured Notes, to provide for the assumption by Midco of the obligations of RGHL under the Senior Secured Notes Indenture and the Senior Secured Notes or to provide for the assumption by a Successor Senior Secured Note Guarantor of the obligations of a Senior Secured Note Guarantor under the Senior Secured Notes Indenture and its Senior Secured Note Guarantee);

(g) by the Trustee or Collateral Agent, acting on the instructions of the Applicable Representative in accordance with the terms of the First Lien Intercreditor Agreement (other than releases of all or substantially all of the Collateral); or

(h) upon a legal defeasance or covenant defeasance under the Senior Secured Notes Indenture as described below under Defeasance.

Table of Contents

The security interest in the 2007 Notes Collateral in favor of the 2007 Senior Notes and 2007 Senior Subordinated Notes will be released upon an enforcement action in accordance with the 2007 UK Intercreditor Agreement. In addition, in order to secure new Indebtedness (where such Indebtedness is permitted under the Senior Secured Notes Indenture and the Lien securing such Indebtedness is a Permitted Lien that is entitled to rank equal with, in priority to or behind the security interests on the Collateral, as applicable), on the date on which such new Indebtedness is incurred, and subject to no Default having occurred and being continuing, the Trustee or Collateral Agent for the Senior Secured Notes, as applicable, is authorized by the Trustee and the Holders to, and shall, at the request of the Issuers or RGHL, release the security interests in the Collateral and will, simultaneously with the grant of Liens in respect of the new Indebtedness, retake such security interests in the Collateral; *provided, however*, that all holders of Liens on behalf of other Indebtedness or obligations secured by such Collateral concurrently release and (if applicable) retake the security interests in the same manner; *provided further, however*, that following such release and retaking the security interests in the Collateral are not subject to any new hardening period or limitation (excluding any such hardening period or limitation that existed prior to such release and retaking) which is not also applicable to the Lien granted in favor of the new Indebtedness and any such other Indebtedness or obligations (it being understood that the new Indebtedness and such other Indebtedness and obligations may be subject to longer or more onerous hardening periods or limitations) or the Trustee shall have received a solvency opinion.

To the extent required under the mandatory provisions of the US Trust Indenture Act of 1939, as amended (the *Trust Indenture Act*), the Issuers will comply with the provisions of Section 314(b) and 314(d) of the Trust Indenture Act, in each case following qualification of the Senior Secured Notes Indenture pursuant to the Trust Indenture Act. Any certificate or opinion required by Section 314(d) of the Trust Indenture Act may be delivered by an Officer of any Issuer except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert, who shall be reasonably satisfactory to the Trustee. Notwithstanding anything to the contrary herein, the Issuers and the Senior Secured Note Guarantors will not be required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine, in good faith based on advice of counsel (which may be internal counsel), that under the terms of such section or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including no action letters or exemptive orders, all or any portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral. Without limiting the generality of the foregoing, certain no-action letters issued by the SEC have permitted an indenture qualified under the Trust Indenture Act to contain provisions permitting the release of collateral from liens under such indenture in the ordinary course of our business without requiring us to provide certificates and other documents under Section 314(d) of the Trust Indenture Act. In addition, under interpretations provided by the SEC, to the extent that a release of a lien is made without the need to obtain the consent of the Holders or the Trustee, the provisions of Section 314(d) may be inapplicable to the release. The Issuers believe, therefore, that such provisions of Section 314(d) will be inapplicable to the release of collateral for so long as releases of collateral are controlled by the lenders under the Senior Secured Credit Facilities and certain other conditions apply.

Upon certification by the Issuers, each of the Trustee and the Collateral Agent shall execute all documents reasonably requested of it to effectuate any release in accordance with these provisions, subject to customary protections and indemnifications. The Collateral Agent or the Trustee, as applicable, at the instruction of and at the cost of the Issuers (as applicable), will agree to any release of the Liens on the Collateral created by the Security Documents that is in accordance with the Senior Secured Notes Indenture and the First Lien Intercreditor Agreement and 2007 UK Intercreditor Agreement without requiring any consent of the Holders, in reliance upon an Opinion of Counsel or Officers Certificate to that effect delivered by the Issuers.

Change of Control

Upon the occurrence of any of the following events (each, a *Change of Control*), each holder will have the right to require the Issuers to repurchase all or any part of such holder's Senior Secured Notes at a

purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, to the date of repurchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), except to the extent the Issuers have previously elected to redeem all of the Senior Secured Notes as described under Optional Redemption:

- (1) the sale, lease or transfer, in one or a series of transactions, of all or Substantially All the assets of BP II or BP I and its Subsidiaries, taken as a whole, to a Person other than, directly or indirectly, any of the Permitted Holders;
- (2) BP I becomes aware (by way of a report or any other filing pursuant to Section 13(d) of the Exchange Act, proxy, vote, written notice or otherwise) of the acquisition by any Person or group (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act, or any successor provision), including any group acting for the purpose of acquiring, holding or disposing of securities (within the meaning of Rule 13d-5(b)(1) under the Exchange Act), other than any of the Permitted Holders, in a single transaction or in a related series of transactions, by way of merger, consolidation or other business combination or purchase of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act, or any successor provision), of more than 50% of the total voting power of the Voting Stock of the US Issuer I, the US Issuer II, the Luxembourg Issuer, BP I or BP II or any direct or indirect parent of BP I or BP II; or
- (3) RGHL ceases to own, directly or indirectly, 100% of the Capital Stock of BP I, BP II, BP III or any of the Issuers, other than directors qualifying shares or other de minimis shareholdings required by law.

In the event that at the time of such Change of Control the terms of any Bank Indebtedness restrict or prohibit the repurchase of Senior Secured Notes pursuant to this covenant, then prior to the mailing (or delivery) of the notice to holders provided for in the immediately following paragraph but in any event within 45 days following any Change of Control, the Issuers shall:

- (1) repay in full all such Bank Indebtedness or, if doing so will allow the purchase of Senior Secured Notes, offer to repay in full all such Bank Indebtedness and repay the Bank Indebtedness of each lender that has accepted such offer; or
- (2) obtain the requisite consent under the agreements governing such Bank Indebtedness to permit the repurchase of the Senior Secured Notes as provided for in the immediately following paragraph.

The Issuers failure to comply with such provisions or the provisions of the immediately following paragraph shall constitute an Event of Default described in clause (4) and not in clause (2) under Defaults below.

Within 45 days following any Change of Control, except to the extent that the Issuers have exercised their right to redeem the Senior Secured Notes by delivery of a notice of redemption as described under Optional Redemption, or all conditions to such redemption have been satisfied or waived, the Issuers shall mail (or otherwise deliver in accordance with applicable DTC procedures) a notice (a *Change of Control Offer*) to each holder with a copy to the Trustee stating:

- (1) that a Change of Control has occurred and that such holder has the right to require the Issuers to repurchase such holder's Senior Secured Notes at a repurchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, to the date of repurchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date) (the *Change of Control Payment*);
- (2) the circumstances and relevant facts and financial information regarding such Change of Control;

- (3) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed or delivered) (the *Change of Control Payment Date*);
- (4) the instructions determined by the Issuers, consistent with this covenant, that a holder must follow in order to have its Senior Secured Notes purchased; and
- (5) if applicable and such notice is mailed prior to the occurrence of a Change of Control, that such offer is conditioned on the occurrence of such Change of Control.

A Change of Control Offer may be made in advance of a Change of Control, and conditioned upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

In addition, the Issuers will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Senior Secured Notes Indenture applicable to a Change of Control Offer made by the Issuers and purchases all Senior Secured Notes validly tendered and not withdrawn under such Change of Control Offer.

On the Change of Control Payment Date, if the Change of Control shall have occurred, the Issuers will, to the extent lawful:

- (1) accept for payment all Senior Secured Notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Senior Secured Notes so tendered;
- (3) deliver or cause to be delivered to the Trustee an Officers Certificate stating the Senior Secured Notes or portions of the Senior Secured Notes being purchased by the Issuers in the Change of Control Offer;
- (4) in the case of Global Senior Secured Notes, deliver, or cause to be delivered, to the principal Paying Agent the Global Senior Secured Notes in order to reflect thereon the portion of such Senior Secured Notes or portions thereof that have been tendered to and purchased by the Issuers; and
- (5) in the case of Definitive Registered Senior Secured Notes, deliver, or cause to be delivered, to the relevant Registrar for cancellation all Definitive Registered Senior Secured Notes accepted for purchase by the Issuers.

The Paying Agent will promptly mail (or otherwise deliver in accordance with applicable DTC procedures) to each holder of Senior Secured Notes so tendered the Change of Control Payment for such Senior Secured Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder of Senior Secured Notes a new Senior Secured Note equal in principal amount to the unpurchased portion of the Senior Secured Notes surrendered, if any; *provided, however*, that each such new Senior Secured Note will be in a principal amount that is at least \$100,000 and integral multiples of \$1,000 in excess thereof.

Senior Secured Notes repurchased by the Issuers or an Affiliate pursuant to a Change of Control Offer will have the status of Senior Secured Notes issued but not outstanding or will be retired and canceled at the option of the Issuers. Senior Secured Notes purchased by an unaffiliated third party pursuant to the procedure described above will have the status of Senior Secured Notes issued and outstanding.

The Issuers will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Senior Secured Notes

pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue thereof.

This Change of Control repurchase provision is a result of negotiations between RGHL, the Issuers and the Initial Purchasers. None of RGHL, BP I, BP II and the Issuers has any present intention to engage in a transaction involving a Change of Control, although it is possible that they could decide to do so in the future. Subject to the limitations discussed below, RGHL, BP I, BP II or any of the Restricted Subsidiaries, including the Issuers, could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Senior Secured Notes Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect the capital structure or credit rating of RGHL or its Restricted Subsidiaries, including the Issuers.

The occurrence of events that would constitute a Change of Control would require repayment of all amounts outstanding under the Senior Secured Credit Facilities and would trigger the requirement that we offer to purchase the Senior Notes, the February 2011 Senior Notes, the February 2011 Senior Secured Notes, the October 2010 Senior Notes, the October 2010 Senior Secured Notes, the May 2010 Notes, the 2009 Notes, the 2007 Senior Notes and the 2007 Senior Subordinated Notes at 101% of the principal amount thereof. Agreements and instruments with respect to future indebtedness that RGHL or any of its Subsidiaries may incur may contain prohibitions on certain events that would constitute a Change of Control or require such indebtedness to be repurchased upon a Change of Control. Moreover, the exercise by the holders of their right to require the Issuers to repurchase the Senior Secured Notes could cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Issuers. Finally, the Issuers' ability to pay cash to the holders upon a repurchase may be limited by the Issuers' then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. Neither RGHL nor any of its Restricted Subsidiaries are required to advance us funds to make any Change of Control Payment. See Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes We may be unable to raise the funds necessary to finance the change of control repurchase offers required by the indenture governing the notes and similar requirements in the agreements governing our other indebtedness.

The provisions under the Senior Secured Notes Indenture relating to the Issuers' obligation to make an offer to repurchase the Senior Secured Notes as a result of a Change of Control may be waived or modified with the written consent of the holders of a majority in principal amount of outstanding Senior Secured Notes.

Notwithstanding the foregoing, a Disqualified Subsidiary may not Incur any Indebtedness or issue any shares of Preferred Stock unless such Indebtedness or Preferred Stock is Incurred or issued as Permitted Debt pursuant to clause (c), (d), (e), (f), (h), (i), (j), (k), (l), (m), (p), (q), (r), (s), (u), (v), (w) or (z) of the definition thereof; provided, however, that the aggregate amount of such Indebtedness and Preferred Stock of all Disqualified Subsidiaries outstanding at any time pursuant to such clauses (u) and (v) shall not exceed \$25.0 million.

For purposes of determining compliance with this covenant:

(1) in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness described in clauses (a) through (aa) above or is entitled to be Incurred pursuant to the first paragraph of this covenant, the Issuers shall, in their sole discretion, classify or reclassify, or later divide, classify or reclassify, such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) in any manner that complies with this covenant; *provided, however*, that

(2) the Issuers will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described in the first and second paragraphs above, and in that connection shall be entitled to treat a portion of such Indebtedness as having been Incurred under the first paragraph above and thereafter the remainder of such Indebtedness having been Incurred under the second paragraph above.

Accrual of interest, the accretion of accreted value, the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as applicable, accretion of original issue discount or liquidation preference and increases in the amount of Indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies will not be deemed to be an Incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant. Guarantees of, or obligations in respect of letters of credit relating to, Indebtedness that is otherwise included in the determination of a particular amount of Indebtedness shall not be included in the determination of such amount of Indebtedness; *provided* that the Incurrence of the Indebtedness represented by such guarantee or letter of credit, as the case may be, was in compliance with this covenant.

For purposes of determining compliance with this covenant, (i) the Euro Equivalent of the principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first drawn, in the case of Indebtedness Incurred under a revolving credit facility; *provided* that (a) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a currency other than euro, and such refinancing would cause the applicable euro-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such euro-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced; (b) the Euro Equivalent of the principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date; and (c) if any such Indebtedness is subject to a Currency Agreement with respect to the currency in which such Indebtedness is denominated covering principal, premium, if any, and interest on such Indebtedness, the amount of such Indebtedness and such interest and premium, if any, shall be determined after giving effect to all payments in respect thereof under such Currency Agreements and (ii) the U.S. Dollar Equivalent of the principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first drawn, in the case of Indebtedness Incurred under a revolving credit facility; *provided* that (a) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a currency other than U.S. Dollars, and such refinancing would cause the applicable U.S. Dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. Dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced; (b) the U.S. Dollar Equivalent of the principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date; and (c) if any such Indebtedness is subject to a Currency Agreement with respect to the currency in which such Indebtedness is denominated covering principal, premium, if any, and interest on such Indebtedness, the amount of such Indebtedness and such interest and premium, if any, shall be determined after giving effect to all payments in respect thereof under such Currency Agreements.

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that BP I, BP II and the Restricted Subsidiaries may Incur pursuant to this covenant shall not be deemed to be exceeded, with respect to any outstanding Indebtedness, solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

For all purposes of the Senior Secured Notes Indenture, (1) unsecured Indebtedness will not be treated as subordinated or junior to Secured Indebtedness merely because it is unsecured, (2) Senior Indebtedness will not be treated as subordinated or junior to any other Senior Indebtedness merely because it has junior priority with respect to the same collateral, (3) Indebtedness of such Person which is not guaranteed will not be treated as subordinated or junior to Indebtedness that is guaranteed merely because of such guarantee and

(4) make any Restricted Investment (all such payments and other actions set forth in clauses (1) through (4) above being collectively referred to as Restricted Payments), unless, at the time of such Restricted Payment:

(a) no Default shall have occurred and be continuing or would occur as a consequence thereof;

(b) immediately after giving effect to such transaction on a pro forma basis, BP I or BP II could Incur \$1.00 of additional Indebtedness under the provisions of the first paragraph of the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by BP I, BP II and the Restricted Subsidiaries after the RP Reference Date (and not returned or rescinded) (including Restricted Payments permitted by clauses (1), (4) (only to the extent of one-half of the amounts paid pursuant to such clause), (6) and (8) of the next succeeding

(2) 100% of the aggregate net proceeds, including cash and the Fair Market Value of property other than cash, received by BP I or BP II after the RP Reference Date (other than net proceeds to the extent such net proceeds have been used to Incur Indebtedness, Disqualified Stock, or Preferred Stock pursuant to clause (v) of the second paragraph of the covenant described under *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*) from the issue or sale of Equity Interests of BP I or BP II or Subordinated Shareholder Funding to BP I or BP II (excluding Refunding Capital Stock (as defined below), Designated Preferred Stock, Excluded Contributions, and Disqualified Stock), including Equity Interests issued upon exercise of warrants or options (other than an issuance or sale to a Restricted Subsidiary); *plus*

BP II does not have any Subsidiaries, and all of BP I's Subsidiaries, including the Issuers, are Restricted Subsidiaries. BP I and BP II will not permit any Unrestricted Subsidiary to become a Restricted Subsidiary except pursuant to the definition of *Unrestricted Subsidiary*. For purposes of designating any Restricted Subsidiary as an Unrestricted Subsidiary, all outstanding Investments by BP I, BP II and the Restricted Subsidiaries (except to the extent repaid) in the Subsidiary so designated will be deemed to be Restricted Payments in an amount determined as set forth in the last sentence of the definition of *Investments*. Such designation will only be permitted if a Restricted Payment in such amount would be permitted at such time and if such Subsidiary otherwise meets the definition of an Unrestricted Subsidiary.

The Senior Secured Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or consensual restriction on the ability of any Restricted Subsidiary to:

Asset Sales. The Senior Secured Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, cause or make an Asset Sale, unless (x) BP I, BP II or any Restricted Subsidiaries, as the case may be, receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the assets sold or otherwise disposed of, and (y) at least 75% of the consideration therefor received by BP I, BP II or such Restricted Subsidiary, as the case may be, is in the form of Cash Equivalents; *provided* that for purposes of clause (y) the amount of:

(a) any liabilities (as shown on BP I's, BP II's or such Restricted Subsidiary's most recent balance sheet or in the notes thereto) of BP I, BP II or any Restricted Subsidiary (other than liabilities that are by their terms subordinated to the Senior Secured Notes or any Senior Secured Note Guarantee) that are assumed by the transferee of any such assets,

(b) any notes or other obligations or other securities or assets received by BP I, BP II or such Restricted Subsidiary from such transferee that are converted by BP I, BP II or such Restricted Subsidiary into cash within 180 days of the receipt thereof (to the extent of the cash received), and

(c) any Designated Non-cash Consideration received by BP I, BP II or any Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed 1.25% of Total Assets at the time of the receipt of such Designated Non-cash Consideration (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value),

shall be deemed to be Cash Equivalents for the purposes of this provision.

Within 12 months after BP I, BP II or any Restricted Subsidiary's receipt of the Net Proceeds of any Asset Sale, BP I, BP II or such Restricted Subsidiary may apply the Net Proceeds from such Asset Sale, at its option:

(1) to repay (a) Obligations constituting First Lien Obligations (and, if such Indebtedness repaid is under a revolving credit facility, to correspondingly reduce commitments with respect thereto); *provided, however,* that if any First Lien Obligations other than the Senior Secured Notes are repaid with the Net Proceeds of any Asset Sale, the Issuers will equally and ratably reduce Obligations under the Senior Secured Notes through open-market purchases (provided that such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all holders to purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, the pro rata principal amount of Senior Secured Notes or (b) Obligations constituting Indebtedness of a Restricted Subsidiary of BP I that is not an Issuer or a Senior Secured Note Guarantor, in the case of each of clauses (a) and (b), other than Indebtedness owed to RGHL or its Affiliates;

(2) to make an investment in any one or more businesses (provided that if such investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of BP I if it is not already a Restricted Subsidiary of BP I), assets, or property or capital expenditures (including refurbishments), in each case used or useful in a Similar Business; or

(3) to make an investment in any one or more businesses (provided that if such investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of BP I), properties or assets that replace the properties and assets that are the subject of such Asset Sale.

In the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment; *provided* that in the event such binding commitment is later canceled or terminated for any reason before such Net Proceeds are so applied, BP I, BP II or such

Table of Contents

Restricted Subsidiary enters into another binding commitment (a *Second Commitment*) within nine months of such cancellation or termination of the prior binding commitment; *provided further* that BP I, BP II or such Restricted Subsidiary may only enter into a Second Commitment under the foregoing provision one time with respect to each Asset Sale.

Pending the final application of any such Net Proceeds, BP I, BP II or such Restricted Subsidiary may temporarily reduce Indebtedness under a revolving credit facility, if any, or otherwise invest such Net Proceeds in any manner not prohibited by the Senior Secured Notes Indenture. The Holders may not have control of, or a perfected security interest in, Net Proceeds of any Collateral, which could have the effect of diminishing the value of, and ability to collect with respect to, that Collateral. Any Net Proceeds from any Asset Sale that are not applied as provided and within the time period set forth in the immediately two preceding paragraphs (it being understood that any portion of such Net Proceeds used to make an offer to purchase Senior Secured Notes, as described in clause (1) above, shall be deemed to have been invested whether or not such offer is accepted) will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds 20.0 million, the Issuers shall make an offer to all holders of Senior Secured Notes (and, at the option of the Issuers, to holders of any First Lien Obligations of an Issuer or Senior Secured Note Guarantor or any other Indebtedness of a Restricted Subsidiary of BP I that is not an Obligor) (an *Asset Sale Offer*) to purchase on a pro rata basis the maximum principal amount of Senior Secured Notes (and such First Lien Obligations and other Indebtedness), that is at least \$100,000 and an integral multiple of \$1,000 that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof (or, in the event such First Lien Obligations or other Indebtedness was issued with significant original issue discount, 100% of the accreted value thereof), plus accrued and unpaid interest and additional interest, if any (or, in respect of such First Lien Obligations or other Indebtedness, such lesser price, if any, as may be provided for by the terms of such First Lien Obligations or other Indebtedness), to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Senior Secured Notes Indenture. The Issuers will commence an Asset Sale Offer with respect to Excess Proceeds within ten (10) Business Days after the date that Excess Proceeds exceed 20.0 million by mailing (or otherwise delivering in accordance with applicable DTC procedures) the notice required pursuant to the terms of the Senior Secured Notes Indenture, with a copy to the Trustee. To the extent that the aggregate amount of Senior Secured Notes (and such First Lien Obligations or other Indebtedness) tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, BP I, BP II or such Restricted Subsidiary may use any remaining Excess Proceeds for general corporate purposes. If the aggregate principal amount of Senior Secured Notes (and such First Lien Obligations or other Indebtedness) surrendered by holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Senior Secured Notes to be purchased in the manner described below. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. An Asset Sale Offer need not be made by the Issuers until the date that is 12 months after the date on which an Asset Sale is made, the proceeds of which, in aggregate with all funds not applied in accordance with this covenant or the subject of an Asset Sale Offer, exceed 20.0 million.

The Issuers will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations to the extent such laws or regulations are applicable in connection with the repurchase of the Senior Secured Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Secured Notes Indenture, the Issuers will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Secured Notes Indenture by virtue thereof.

If more Senior Secured Notes (and such First Lien Obligations or other Indebtedness) are tendered pursuant to an Asset Sale Offer than the Issuers are required to purchase, selection of such Senior Secured Notes for purchase will be made by the Trustee on a pro rata basis, to the extent practicable and in compliance with the requirements of DTC, and any stock exchange on which the Senior Secured Notes are then admitted to trading; *provided* that no Senior Secured Notes of \$100,000 or less shall be purchased in part. Selection of such First Lien Obligations or other

Indebtedness will be made pursuant to the terms of such First Lien Obligations or other Indebtedness.

Table of Contents

An Asset Sale Offer insofar as it relates to the Senior Secured Notes, will remain open for a period of not less than 20 Business Days following its commencement (the *Offer Period*). No later than five Business Days after the termination of the applicable Offer Period the Issuers will purchase the principal amount of the Senior Secured Notes (and purchase or repay any relevant First Lien Obligations or other Indebtedness required to be so purchased or repaid as set out above) validly tendered.

To the extent that any portion of the Net Proceeds payable in respect of the Senior Secured Notes is denominated in a currency other than the currency in which the relevant Senior Secured Notes are denominated, the amount payable in respect of such Senior Secured Notes shall not exceed the net amount of funds in the currency in which such Senior Secured Notes are denominated as is actually received by BP I, BP II or such Restricted Subsidiary upon converting the relevant portion of the Net Proceeds into such currency.

Notices of an Asset Sale Offer shall be mailed by first-class mail, postage prepaid (or otherwise delivered in accordance with applicable DTC procedures) at least 30 but not more than 60 days before the purchase date to each holder of Senior Secured Notes at such holder's registered address. If any Senior Secured Note is to be purchased in part only, any notice of purchase that relates to such Senior Secured Note shall state the portion of the principal amount thereof that has been or is to be purchased.

The provisions under the Senior Secured Notes Indenture relating to the Issuers' obligation to make an Asset Sale Offer may be waived or modified with the consent of a majority in principal amount of the Senior Secured Notes.

In the event that an Asset Sale occurs at a time when the Issuers are prohibited from purchasing Senior Secured Notes, the Issuers could seek the consent of their lenders to purchase the Senior Secured Notes or could attempt to refinance the borrowings that contain such prohibition. If the Issuers do not obtain such a consent or repay such borrowings, the Issuers will remain prohibited from purchasing Senior Secured Notes. In such case, the Issuers' failure to purchase tendered Senior Secured Notes would constitute an Event of Default under the Senior Secured Notes Indenture that is likely, in turn, to constitute a default under the Issuers' other Indebtedness.

Transactions with Affiliates. The Senior Secured Notes Indenture provides that BP I and BP II will not, and will not permit any Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction or series of transactions, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Issuers (each of the foregoing, an *Affiliate Transaction*) involving aggregate consideration in excess of \$15.0 million, unless:

(a) such Affiliate Transaction is on terms that are not materially less favorable to BP I, BP II or the relevant Restricted Subsidiary than those that could have been obtained in a comparable transaction by BP I, BP II or such Restricted Subsidiary with an unrelated Person; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$30.0 million, BP I or BP II delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of BP I or BP II, approving such Affiliate Transaction and set forth in an Officers Certificate certifying that such Affiliate Transaction complies with clause (a) above.

An Affiliate Transaction shall be deemed to have satisfied the approval requirements set forth in the preceding paragraph if (i) such Affiliate Transaction is approved by a majority of the Disinterested Directors or (ii) in the event there are no Disinterested Directors, a fairness opinion is provided by an Independent Financial Advisor with respect to such Affiliate Transaction.

Notwithstanding that RGHL or the Issuers may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, RGHL (and the Issuers) will file with the SEC (and provide the Trustee and holders of the Senior Secured Notes with copies thereof, without cost to each holder, within 15 days after it files them with the SEC),

(1) within the time period specified in the SEC's rules and regulations, annual reports on Form 20-F (or any successor or comparable form applicable to RGHL or the Issuers within the time period for non-accelerated filers to the extent such term is applicable to such form) containing the information required to be contained therein (or required in such successor or comparable form); *provided, however*, that, prior to the filing of the Senior Secured Notes Exchange Offer Registration Statement or the Senior Secured Notes Shelf Registration Statement, as the case may be, such report shall not be required to contain any certification required by any such form or by law,

(2) within 60 days after the end of each fiscal quarter other than the fourth fiscal quarter of any year, the information that would be required by a report on Form 10-Q (or any successor or comparable form applicable to RGHL or the Issuers) (which information, if RGHL and the Issuers are not required to file reports on Form 10-Q, will be filed on Form 6-K (or any successor or comparable form applicable to RGHL or the Issuers)); *provided, however*, that prior to the filing of the Senior Secured Notes Exchange Offer Registration Statement or the Senior Secured Notes Shelf Registration Statement, as the case may be, such report shall not be required to contain any certification required by any such form or by law, and

(3) promptly from time to time after the occurrence of an event required to be reported on Form 8-K (or any successor or comparable form applicable to RGHL or the Issuers), the information that would be required by a Form 8-K (or any successor or comparable form applicable to RGHL or the Issuers) (which information, if RGHL and the Issuers are not required to file reports on Form 8-K will be filed on Form 6-K (or any successor or comparable form applicable to RGHL or the Issuers));

provided, however, that RGHL (and the Issuers) shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event RGHL (or the Issuers) will post the reports specified in the first sentence of this paragraph on its website within the time periods that would apply if RGHL were required to file those reports with the SEC. In addition, RGHL will make available such information to prospective purchasers of Senior Secured

Notes, in addition to providing such information to the Trustee and the holders of the Senior Secured Notes, in each case within 15 days after the time RGHL would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act.

Notwithstanding the foregoing, RGHL and the Issuers may satisfy the foregoing reporting requirements (i) prior to the filing with the SEC of the Senior Secured Notes Exchange Offer Registration Statement, or if the Senior Secured Notes Exchange Offer Registration Statement is not filed within the applicable time limits pursuant to the Senior Secured Notes Registration Rights Agreement, the Senior Secured Notes Shelf Registration Statement, by providing the Trustee and the secured noteholders with (x) substantially the same information as would be required to be filed with the SEC by RGHL and the Issuers on Form 20-F (or any successor or comparable form applicable to RGHL or the Issuers) if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within 90 days after the end of the applicable fiscal year and (y) substantially the same information as would be required to be filed with the SEC by RGHL and the Issuers on Form 10-Q (or any successor or comparable form applicable to RGHL or the Issuers) if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within 60 days after the end of the applicable fiscal quarter and (ii) after filing with the SEC the Senior Secured Notes Exchange Offer Registration Statement, or if the Senior Secured Notes Exchange Offer Registration Statement is not filed within the applicable time limits pursuant to the Senior Secured Notes Registration Rights Agreement, the Senior Secured Notes Shelf Registration Statement, but prior to the effectiveness of the Senior Secured Notes Exchange Offer Registration Statement or Senior Secured Notes Shelf Registration Statement, by publicly filing with the SEC the Senior Secured Notes Exchange Offer Registration Statement or Senior Secured Notes Shelf Registration Statement, to the extent any such registration statement contains substantially the same information as would be required to be filed by RGHL and the Issuers if they were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, and by providing the Trustee and the secured noteholders with such registration statement (and amendments thereto) promptly following the filing with the SEC thereof.

Notwithstanding the foregoing, the annual reports, information, documents and other reports filed with the SEC will include all of the information, with respect to the financial condition and results of operations of BP I and BP II on a combined basis separate from the financial condition and results of operations from RGHL on a consolidated basis, that RGHL, BP I and BP II are required to include in information, documents and other reports made available pursuant to the 2009 Indenture (such information, the *Required Financial Information*). If RGHL's, BP I's or BP II's obligations to provide the Required Financial Information shall cease to be in full force and effect, RGHL, BP I and BP II shall make available to the Trustee and the secured noteholders information substantially equivalent to the Required Financial Information as if their obligations to provide such information under the 2009 Indenture remained in full force and effect.

Notwithstanding the foregoing, RGHL will be deemed to have furnished such reports referred to above to the Trustee and the holders of the Senior Secured Notes if RGHL has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available.

The Senior Secured Notes Indenture also provides that, so long as any of the Senior Secured Notes remain outstanding and during any period during which BP I or the Issuers are not subject to Section 13 or 15(d) of the Exchange Act, or otherwise permitted to furnish the SEC with certain information pursuant to Rule 12g 3-2(b) of the Exchange Act, each Issuer will make available to the holders of the Senior Secured Notes and to prospective investors, upon their request, the information required to be delivered by Rule 144A(d)(4) under the Securities Act.

Future Senior Secured Note Guarantors. The Senior Secured Notes Indenture provides that each Restricted Subsidiary (unless such Subsidiary is an Issuer, a Senior Secured Note Guarantor or a Receivables Subsidiary) that guarantees, assumes or in any other manner becomes liable with respect to (a) any Indebtedness under any Credit Agreement or (b) any Public Debt (including any proceeds loans or other intercompany loans in respect thereof) of BP I, BP II, an Issuer or any Senior Secured Note Guarantor, in each case, will execute and deliver to the Trustee a supplemental indenture pursuant to which such Restricted Subsidiary will guarantee payment of the Senior Secured Notes; *provided* that notwithstanding the foregoing:

(d) no Senior Secured Note Guarantee shall be required as a result of any Indebtedness or guarantee of Indebtedness that existed at the time such Person became a Restricted Subsidiary if the Indebtedness or guarantee was not Incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary;

(h) no Senior Secured Note Guarantee shall be required if such Senior Secured Note Guarantee would not be required pursuant to the applicable provisions of the Agreed Security Principles;

(i) no Senior Secured Note Guarantee shall be required from a US Controlled Foreign Subsidiary or a Financial Assistance Restricted Subsidiary;

(j) no Senior Secured Note Guarantee shall be required if such Senior Secured Note Guarantee could reasonably be expected to give rise to or result in (x) personal liability for, or material risk of personal liability for, the officers, directors or shareholders of BP I, BP II, any parent of BP I or BP II or any Restricted Subsidiary, (y) any violation of, or material risk of violation of, applicable law that cannot be avoided or otherwise prevented through measures reasonably available to BP I, BP II or any such Restricted Subsidiary, including, for the avoidance of doubt, whitewash or similar procedures or (z) any significant cost, expense, liability or obligation (including with respect of any Taxes) other than reasonable out-of-pocket expenses and other than reasonable expenses Incurred in connection with any governmental or regulatory filings required as a result of, or any measures pursuant to clause (y) undertaken in connection with, such Senior Secured Note Guarantee, which cannot be avoided through measures reasonably available to BP I, BP II or any such Restricted Subsidiary; and

(k) each such Senior Secured Note Guarantee will be limited as necessary to recognize certain defenses generally available to guarantors (including those that relate to fraudulent conveyance or transfer, voidable preference, financial assistance, corporate purpose, capital maintenance or similar laws, regulations or defenses affecting the rights of creditors generally) or other considerations under applicable law.

The Senior Secured Note Guarantees shall be released in accordance with the provisions of the Senior Secured Notes Indenture described under Senior Secured Note Guarantees.

Bank of Thailand Approval. The Senior Secured Notes Indenture provides that within 90 days after the Escrow Release Date (or on such later date as may be permitted by the Applicable Representative in its sole discretion) SIG Combibloc Ltd. (Thailand) (the *Thai Guarantor*) shall apply to the Bank of Thailand for, and use commercially reasonable efforts to obtain, in-principle approval for the remittance of any foreign currency sum pursuant to the Thai Guarantor's obligation to make any payment under its guarantee of the Senior Secured Notes (the *Thai Senior Secured Notes Guarantee*).

In respect of any in-principle approval of the Bank of Thailand granted to the Thai Guarantor, the Thai Guarantor agrees to: (i) when it is required to remit the foreign currency sum pursuant to its obligation of payment under the Thai Senior Secured Note Guarantee, comply with the Bank of Thailand's requirements set out in such in-principle approval for obtaining the final approval of the Bank of Thailand for the remittance of such sum (to the full amount of its guarantee obligations), within the time limits specified by the Bank of Thailand (if any); (ii) if such in-principle approval has an expiry date, apply for the renewal or extension of such approval prior to the expiry date of such approval, so long as any of the obligations under the Thai Senior Secured Note Guarantee are outstanding; and (iii) comply with the conditions set out in the final approval (if any) to allow the Thai Guarantor to remit the approved foreign currency sum (to the fullest extent) for the payment under the Thai Senior Secured Note Guarantee.

Limitation on the US Issuers. Notwithstanding anything contained in the Senior Secured Notes Indenture to the contrary, neither of the US Issuers will, directly or indirectly, own or acquire any Equity Interests in a US Controlled Foreign Subsidiary.

Limitation on Ownership of Foreign Subsidiaries. No Foreign Subsidiary of RGHL shall also be a Subsidiary of a Domestic Subsidiary of RGHL unless such Domestic Subsidiary is a disregarded entity for US tax purposes; *provided, however*, that such limitation shall not apply to (x) any Foreign Subsidiary of RGHL that is a Subsidiary of SIG Combibloc Inc., Closure Systems International Inc., Closure Systems Mexico Holdings LLC, CSI Mexico LLC, Pactiv Corporation or Pactiv International Holdings, Inc. as of the Issue Date, (y) any Foreign Subsidiary of a Domestic Subsidiary at the time such Domestic Subsidiary becomes a Subsidiary of RGHL (*provided, however*, that such Foreign Subsidiary did not become a Subsidiary of such Domestic Subsidiary in connection with, or in contemplation of, such Domestic Subsidiary becoming a Subsidiary of RGHL) or (z) any Foreign Subsidiary that is not a US Controlled Foreign Subsidiary.

Limitation on Restricted Subsidiaries. RGHL will not, and will not permit any of its Restricted Subsidiaries to, take or knowingly or negligently omit to take any action which action or omission could reasonably be expected to or would have the result of any Subsidiary of Pactiv being a Restricted Subsidiary within the meaning of the Pactiv Base Indenture.

Fiscal Year. Each Issuer at all times will have the same fiscal year as BP I and BP II and RGHL.

Limitations on Amendment of 2007 Senior Subordinated Notes. Except with the consent of the Holders of a majority in outstanding aggregate principal amount of the Senior Secured Notes, BP II and the Obligors will not amend the 2007 Senior Subordinated Note Indenture or the notes and guarantees in respect of the foregoing if such amendment would result in any of the following:

(a) the principal obligor in respect of the 2007 Senior Subordinated Notes not being either RGHL or BP II;

(b) (x) except as may be otherwise permitted under the Senior Secured Notes Indenture under Certain Covenants Future Senior Secured Note Guarantors, any Restricted Subsidiary other than a Senior Secured Note Guarantor or an Issuer guaranteeing the 2007 Senior Notes or the 2007 Senior

Subordinated Notes or (y) such guarantees not being subordinated to the Senior Secured Notes and Senior Secured Note Guarantees pursuant to the 2007 UK Intercreditor Agreement; or

(c) the terms of the 2007 Senior Subordinated Notes relating to subordination being materially less favorable overall to the Holders.

Impairment of Security Interest. Subject to the following paragraph, BP I shall not, and shall not permit any Restricted Subsidiaries to, take or knowingly or negligently omit to take, any action which action or omission might reasonably or would (in the good faith determination of the Issuers), have the result of materially impairing the value of the security interests taken as a whole (including the lien priority with respect thereto) with respect to the Collateral for the benefit of the Trustee and the Holders of the Senior Secured Notes (including materially impairing the lien priority of the Senior Secured Notes with respect thereto) (it being understood that any release described under Security Release of Collateral and the incurrence of Permitted Liens shall not be deemed to so materially impair the security interests with respect to the Collateral), *provided that* BP I, BP II and the Restricted Subsidiaries may Incur Permitted Liens and Liens otherwise permitted pursuant to Certain Covenants Liens.

The Senior Secured Notes Indenture provides that, at the direction of the Issuers and without the consent of the Holders, the Trustee (or its agent or designee) shall from time to time enter into one or more amendments, extensions, renewals, restatements, supplements or other modifications or replacements to or of the Security Documents to: (i) cure any ambiguity, omission, defect or inconsistency therein, (ii) provide for Permitted Liens or Liens otherwise permitted under Certain Covenants Liens, (iii) add to the Collateral or (iv) make any other change thereto that does not adversely affect the Holders in any material respect; *provided, however,* that, in the case of clauses (ii) and (iii), no Security Document may be amended, extended, renewed, restated, supplemented or otherwise modified, in each case in any material respect, or replaced, unless contemporaneously with such amendment, extension, renewal, restatement, supplement, modification or renewal, the Issuers deliver to the Trustee, either:

(a) a solvency opinion, in form and substance satisfactory to the Trustee, from an Independent Financial Advisor satisfactory to the Trustee confirming the solvency of BP I, BP II and their respective Subsidiaries, taken as a whole, after giving effect to any transactions related to such amendment, extension, renewal, restatement, supplement, modification or replacement; or

(b) an Opinion of Counsel, in form and substance satisfactory to the Trustee confirming that, after giving effect to any transactions related to such amendment, extension, renewal, restatement, supplement, modification or replacement, the Lien or Liens securing the Senior Secured Notes created under the Security Documents so amended, extended, renewed, restated, supplemented, modified or replaced remain valid and, to the extent applicable in the jurisdiction and required under the Agreed Security Principles, perfected, Liens.

Future Collateral. Subject to the Agreed Security Principles, as promptly as reasonably practicable after the acquisition by the Issuers or any Senior Secured Note Guarantor of any After-Acquired Collateral, the Issuers or such Senior Secured Note Guarantor shall execute and deliver such mortgages, deeds of trust, security instruments, financing statements and certificates and opinions of counsel as shall be reasonably necessary to vest in the Trustee a valid and, to the extent applicable in the applicable jurisdiction and required under the Agreed Security Principles, perfected, security interest, subject only to Permitted Liens, in such After-Acquired Collateral and to have such After-Acquired Collateral (but subject to certain limitations, if applicable), added to the Collateral, and thereupon all provisions of the Senior Secured Notes Indenture relating to the Collateral shall be deemed to relate to such After-Acquired Collateral to the same extent and with the same force and effect; *provided, however,* that if granting such security interest in such After-Acquired Collateral requires the consent of a third party, the Issuers will use commercially reasonable efforts to obtain such consent with respect to the security interest for the benefit of the Trustee on behalf of the Holders of the Senior Secured Notes; *provided further, however,* that if such third party does

not consent to the granting of such security interest after the use of such commercially reasonable efforts, the Issuers or such

Senior Secured Note Guarantor, as the case may be, will not be required to provide such security interest. Under the commercially reasonable efforts standard, the Issuers will not be obligated to seek to obtain consent if, in the good faith determination of BP I, to do so would have a material adverse effect on the ability of the Issuers or the relevant Senior Secured Note Guarantors to conduct their operations and business in the ordinary course or if, in good faith determination of BP I, to do so would be inconsistent with the Agreed Security Principles.

Covenant Suspension. If (i) the Senior Secured Notes have Investment Grade Ratings from both Rating Agencies, and the Issuers have delivered written notice of such Investment Grade Ratings to the Trustee, and (ii) no Default has occurred and is continuing under the Senior Secured Notes Indenture, then, beginning on that day, BP I, BP II and the Restricted Subsidiaries will not be subject to the covenants (and related defaults) specifically listed under the following captions in this Description of the August 2011 Senior Secured Notes section of the Prospectus (the *Suspended Covenants*):

- (1) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock;
- (2) Limitation on Restricted Payments;
- (3) Dividend and Other Payment Restrictions Affecting Subsidiaries;
- (4) Asset Sales;
- (5) Transactions with Affiliates;
- (6) Future Senior Secured Note Guarantors;
- (7) Future Collateral;
- (8) clause (4) of the first paragraph of Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets; and
- (9) Change of Control.

In the event that BP I, BP II and the Restricted Subsidiaries are not subject to the Suspended Covenants under the Senior Secured Notes Indenture for any period of time as a result of the foregoing, and on any subsequent date one or both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Senior Secured Notes below an Investment Grade Rating or (b) BP I, BP II or any of their Affiliates enters into an agreement to effect a transaction that would result in a breach of a Suspended Covenant if not so suspended and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Senior Secured Notes below an Investment Grade Rating, then BP I, BP II and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Senior Secured Notes Indenture. Such covenants will not, however, be of any effect with regard to the actions of BP I, BP II and the Restricted Subsidiaries properly taken during the continuance of the covenant suspension and the covenant described under Limitation on Restricted Payments shall be interpreted as if it had been in effect since the Reference Date except that no Default will be deemed to have occurred and will not occur solely by reason of a Restricted Payment made during the covenant suspension.

During the continuance of the covenant suspension, no Restricted Subsidiary may be designated as an Unrestricted Subsidiary.

There can be no assurance that the Senior Secured Notes will ever achieve or maintain Investment Grade Ratings.

Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets

The Senior Secured Notes Indenture provides that each of BP I, BP II and each of the Issuers may not, directly or indirectly, consolidate, amalgamate or merge with or into or wind up or convert into (whether or not BP I, BP II or any Issuer, as applicable, is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets in one or more related transactions, to any Person unless:

(1) BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, is the surviving person or the Person formed by or surviving any such consolidation, amalgamation, merger, winding up or conversion (if other than BP I, BP II, the US Issuer I, the US Issuer II, or the Luxembourg Issuer, as applicable) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand (BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, or such Person, as the case may be, being herein called the *Successor Company*); *provided* that in the case where the surviving Person is not a corporation, a co-obligor of the Senior Secured Notes is a corporation;

(2) the Successor Company (if other than BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable) expressly assumes all the obligations of BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, under its Senior Secured Note Guarantee (if applicable) and the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement and the applicable Security Documents pursuant to supplemental indentures or other documents or instruments in form and substance satisfactory to the Trustee;

(3) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Company or any of its Restricted Subsidiaries as a result of such transaction as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), no Default shall have occurred and be continuing;

(4) immediately after giving pro forma effect to such transaction, as if such transaction had occurred at the beginning of the applicable four-quarter period (and treating any Indebtedness which becomes an obligation of the Successor Company or any of its Restricted Subsidiaries as a result of such transaction as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), either:

(a) the Successor Company would be permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described under *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*; or

(b) the Fixed Charge Coverage Ratio for the Successor Company and its Restricted Subsidiaries would be greater than such ratio for BP I, BP II and the Restricted Subsidiaries immediately prior to such transaction;

(5) if the Successor Company is not BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, the Issuers and each Senior Secured Note Guarantor, unless it is the other party to the transactions described above, shall have by supplemental indenture confirmed that its obligations under the Senior Secured Notes Indenture, Senior Secured Notes and Senior Secured Note Guarantee, the Security Documents, First Lien Intercreditor Agreement and 2007 UK Intercreditor Agreement, as applicable, shall apply to such Person's obligations under the Senior Secured Notes Indenture, the Senior Secured Notes, the Security Documents, the First Lien Intercreditor Agreement and 2007 UK Intercreditor Agreement and Senior Secured Note Guarantee; and

(6) the Issuers shall have delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such consolidation, merger, amalgamation or transfer and such supplemental indentures (if any) comply with the Senior Secured Notes Indenture, provided that in giving such opinion such counsel may rely on an Officers Certificate as to compliance with the foregoing clauses (3) and (4) and as to any matters of fact.

The Successor Company (if other than BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable) will succeed to, and be substituted for, BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, under the applicable Senior Secured Note Guarantee (if applicable), the Senior Secured Notes Indenture, the applicable Security Documents, the First Lien Intercreditor Agreement and 2007 UK Intercreditor Agreement, and in such event BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer, as applicable, will automatically be released and discharged from its obligations under the applicable Senior Secured Note Guarantee and the Senior Secured Notes Indenture, the applicable Security Documents, the First Lien Intercreditor Agreement and 2007 UK Intercreditor Agreement. Notwithstanding the foregoing clauses (3) and (4), (a) any Restricted Subsidiary (other than an Issuer) may merge, consolidate or amalgamate with or transfer all or part of its properties and assets to BP I, BP II or to another Restricted Subsidiary, and (b) BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer may merge, consolidate or amalgamate with an Affiliate incorporated solely for the purpose of reincorporating BP I, BP II, the US Issuer I, the US Issuer II or the Luxembourg Issuer in a member state of (or in another member state of) the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand or may convert into a limited liability company, so long as the amount of Indebtedness of BP I, BP II and the Restricted Subsidiaries is not increased thereby. The provisions set forth in this Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets will not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among BP I, BP II and the Restricted Subsidiaries.

The Senior Secured Notes Indenture further provides that, subject to certain limitations in the Senior Secured Notes Indenture governing release of a Senior Secured Note Guarantee upon the sale or disposition of a Restricted Subsidiary that is a Senior Secured Note Guarantor, no Senior Secured Note Guarantor (other than RGHL) will, and BP I and BP II will not permit any Senior Secured Note Guarantor (other than RGHL) to, consolidate, amalgamate or merge with or into or wind up into (whether or not such Senior Secured Note Guarantor is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets in one or more related transactions to, any Person unless:

(1) either (a) such Senior Secured Note Guarantor is the surviving Person or the Person formed by or surviving any such consolidation, amalgamation or merger (if other than such Senior Secured Note Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any member state of the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof or New Zealand (such Senior Secured Note Guarantor or such Person, as the case may be, being herein called the *Successor Senior Secured Note Guarantor*), and the Successor Senior Secured Note Guarantor (if other than such Senior Secured Note Guarantor) expressly assumes all the obligations of such Senior Secured Note Guarantor under the Senior Secured Notes Indenture, the relevant Security Documents, the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement and such Senior Secured Note Guarantor's Senior Secured Note Guarantee pursuant to a supplemental indenture or other documents or instruments in form satisfactory to the Trustee, or (b) if such sale or disposition or consolidation, amalgamation or merger is with a Person other than BP I, BP II or any Restricted Subsidiary, such sale or disposition or consolidation, amalgamation or merger is not in violation of the covenant described above under the caption Certain Covenants Asset Sales; and

(2) the Successor Senior Secured Note Guarantor (if other than such Senior Secured Note Guarantor) shall have delivered or caused to be delivered to the Trustee an Officers Certificate and an

Subject to certain limitations described in the Senior Secured Notes Indenture, in a transaction to which the immediately preceding paragraph 1(a) applies, the Successor Senior Secured Note Guarantor (if other than such Senior Secured Note Guarantor) will succeed to, and be substituted for, such Senior Secured Note Guarantor under the Senior Secured Notes Indenture and such Senior Secured Note Guarantor's Senior Secured Note Guarantee, and such Senior Secured Note Guarantor will automatically be released and discharged from its obligations under the Senior Secured Notes Indenture and such Senior Secured Note Guarantor's Senior Secured Note Guarantee. Notwithstanding the foregoing, (1) a Senior Secured Note Guarantor may merge, amalgamate or consolidate with an Affiliate incorporated solely for the purpose of reincorporating such Senior Secured Note Guarantor in a member state of (or another member state of) the European Union that was a member state on January 1, 2004, the United States, the District of Columbia, or any state or territory thereof, or New Zealand so long as the amount of Indebtedness of the Senior Secured Note Guarantor is not increased thereby, and (2) a Senior Secured Note Guarantor may merge, amalgamate or consolidate with another Senior Secured Note Guarantor, an Issuer, BP I or BP II.

In addition, notwithstanding the foregoing, any Senior Secured Note Guarantor may consolidate, amalgamate or merge with or into or wind up into, or sell, assign, transfer, lease, convey or otherwise dispose of all or Substantially All of its properties or assets (collectively, a *Transfer*) to (x) BP I, an Issuer or any Senior Secured Note Guarantor or (y) any Restricted Subsidiary that is not a Senior Secured Note Guarantor; *provided* that at the time of each such Transfer pursuant to clause (y) the aggregate amount of all such Transfers since the Issue Date shall not exceed 5.0% of the consolidated assets of BP I, BP II, the Issuers and the Senior Secured Note Guarantors as shown on the most recent available combined consolidated balance sheet of BP I, BP II, the Issuers and the Restricted Subsidiaries after giving effect to each such Transfer and including all Transfers occurring from and after the Issue Date (excluding Transfers in connection with the Transactions described in the Prospectus). Subject to the foregoing, upon a Transfer to a Restricted Subsidiary that is not a Senior Secured Note Guarantor, any Collateral subject to security interests in favor of the Senior Secured Notes will be automatically released from such security interests and the Senior Secured Notes will no longer have the benefit of such Collateral.

Additional Covenants. The Senior Secured Notes Indenture also contains covenants with respect to the following matters: (a) payment of the principal, premium, any Additional Amounts and interest; (b) maintenance of an office or agency in New York; and (c) arrangements regarding the handling of money held.

- (6) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer, a Significant Subsidiary or any Restricted Subsidiary that, directly or indirectly, owns or holds any Equity Interest of an Issuer (the *bankruptcy provisions*);
- (7) failure by BP I, BP II, an Issuer or any Significant Subsidiary to pay final judgments aggregating in excess of \$50.0 million or its foreign currency equivalent (net of any amounts which are covered by enforceable insurance policies issued by solvent carriers), which judgments are not discharged, waived or stayed for a period of 60 days (the *judgment default provision*); or
- (8) any Senior Secured Note Guarantee of RGHL, BP I or a Significant Subsidiary (or any Senior Secured Note Guarantee of one or more Senior Secured Note Guarantors that collectively would represent a Significant Subsidiary) ceases to be in full force and effect (except as contemplated by the terms thereof or the terms of the Senior Secured Notes Indenture or the First Lien Intercreditor Agreement) or BP I, BP II or any Senior Secured Note Guarantor that qualifies as a Significant Subsidiary (or one or more Senior Secured Note Guarantors that collectively would represent a Significant Subsidiary) denies or disaffirms its obligations under the Senior Secured Notes Indenture or any Senior Secured Note Guarantee and such Default continues for 20 days; or
- (9) the security interest in the Collateral created under any Security Document shall, at any time, cease to be in full force and effect and constitute a valid and, to the extent applicable and required by the Agreed Security Principles, perfected, lien with the priority required by the Senior Secured Notes Indenture for any reason other than the satisfaction in full of all obligations under the Senior Secured Notes Indenture and discharge of the Senior Secured Notes Indenture or in accordance with the terms of the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement or any Additional Intercreditor Agreement or as provided under Security Release of Collateral above or any security interest created under any Security Document shall be invalid or unenforceable (other than any such failure to be in full force and effect and constitute a valid and, to the extent applicable and required by the Agreed Security Principles, perfected, lien with the priority required by the Senior Secured Notes Indenture or any invalidity or unenforceability that would not be material to the Holders) or RGHL, BP I, an Issuer or any Person granting Collateral the subject of any such security interest shall assert, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable and in each case (but only in the event that such failure to be in full force and effect and constitute a valid and, to the extent applicable and required by the Agreed Security Principles, perfected, lien with the priority required by the Senior Secured Notes Indenture or such invalidity or unenforceability or failure to be perfected or such assertion is capable of being cured without imposing any new hardening period, in equity or at law, to which such security interest was not otherwise subject immediately prior to such failure or assertion, other than any such hardening period that is also applicable to any other Lien over the relevant Collateral) such failure or such assertion shall have continued uncured for a period of (x) 30 days after the Issuers become aware of such failure with respect to any Collateral of a Domestic Subsidiary of BP I (other than Collateral which is an Equity Interest of a Foreign Subsidiary) or (y) 60 days after the Issuers become aware of such failure otherwise (the *security default provision*).

The foregoing constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

However, a default under clause (4) (other than a failure to purchase Senior Secured Notes) will not constitute an Event of Default until the Trustee or the holders of 25% in principal amount of outstanding Senior Secured Notes of such series notify the Issuers of the default and the Issuers do not cure or cause the cure of such default within the time specified in clause (4) hereof, after receipt of such notice.

If an Event of Default (other than a Default relating to (x) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer or any Restricted Subsidiary that, directly or indirectly, holds or owns any Equity Interest of an Issuer or (y) the covenant Limitation on the US Issuers) occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of outstanding Senior Secured Notes by notice to the Issuers may declare the principal of, premium, if any, and accrued but unpaid interest (including additional interest, if any) on all the Senior Secured Notes to be due and payable. Upon such a declaration, such principal and interest will be due and payable immediately. If an Event of Default relating to (x) certain events of bankruptcy, insolvency or reorganization of BP I, BP II, an Issuer or any Restricted Subsidiary that, directly or indirectly, holds or owns any Equity Interest of an Issuer or (y) the covenant Limitation on the US Issuers occurs, the principal of, premium, if any, and interest on all the Senior Secured Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any holders. Under certain circumstances, the holders of a majority in principal amount of outstanding Senior Secured Notes may rescind any such acceleration with respect to the Senior Secured Notes and its consequences.

In the event of any Event of Default specified in clause (5) of the first paragraph above, such Event of Default and all consequences thereof (excluding, however, any resulting payment default) will be annulled, waived and rescinded, automatically and without any action by the Trustee or the holders of the Senior Secured Notes, if within 20 days after such Event of Default arose the Issuers deliver an Officers Certificate to the Trustee stating that (x) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged or (y) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default or (z) the default that is the basis for such Event of Default has been cured, it being understood that in no event shall an acceleration of the principal amount of the Senior Secured Notes as described above be annulled, waived or rescinded upon the happening of any such events.

Subject to the provisions of the Senior Secured Notes Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Senior Secured Notes Indenture at the request or direction of any of the holders unless such holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no holder may pursue any remedy with respect to the Senior Secured Notes Indenture or the Senior Secured Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing,
- (2) Holders of at least 25% in principal amount of the outstanding Senior Secured Notes have requested the Trustee to pursue the remedy,
- (3) such Holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense,
- (4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity, and

Table of Contents

(5) the Holders of a majority in principal amount of the outstanding Senior Secured Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of outstanding Senior Secured Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Senior Secured Notes Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability. Prior to taking any action under the Senior Secured Notes Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action. We cannot assure you that indemnification satisfactory to the Trustee will be on commercially reasonable terms or terms acceptable to holders of the Senior Secured Notes such that an agreement will be reached and the Trustee will act on behalf of the secured noteholders.

The Senior Secured Notes Indenture provides that if a Default occurs and is continuing and has been notified to the Trustee, the Trustee must mail (or otherwise deliver in accordance with applicable DTC procedures) to each holder of Senior Secured Notes notice of the Default within the earlier of 90 days after it occurs or 30 days after written notice of it is received by the Trustee. In addition, the Issuers are required to deliver to the Trustee, within 120 days after the end of each fiscal year and in any event, within 14 days of request by the Trustee, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Issuers also are required to deliver to the Trustee (i) as soon as any of them become aware of the occurrence of an Event of Default, written notice of the occurrence of such Event of Default and (ii) within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action BP I, BP II or any Issuer is taking or proposes to take in respect thereof.

Additional Intercreditor Agreements

The Senior Secured Notes Indenture provides that, at the request of the Issuers, in connection with the Incurrence by BP I, BP II or the Restricted Subsidiaries of any Indebtedness for borrowed money permitted pursuant to the covenant described under **Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock**, constituting First Lien Obligations or Subordinated Indebtedness of BP I, BP II, any Issuer or any Senior Secured Note Guarantor, BP I, BP II, the Issuers, the relevant Restricted Subsidiaries and the Trustee shall enter into with the holders of such Indebtedness (or their duly authorized Representatives) one or more intercreditor agreements (each an *Additional Intercreditor Agreement*) on substantially the same terms as one or both of the First Lien Intercreditor Agreement and the 2007 UK Intercreditor Agreement (or, in each case, on terms not materially less favorable to the holders of the Senior Secured Notes), including containing substantially the same terms with respect to enforcement and release of Senior Secured Note Guarantees and Collateral; *provided*, that such Additional Intercreditor Agreement will not impose any personal obligations on the Trustee or, in the opinion of the Trustee, adversely affect the rights, duties, liabilities or immunities of the Trustee under the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement or the 2007 UK Intercreditor Agreement.

The Senior Secured Notes Indenture also provides that, at the direction of the Issuers and without the consent of secured noteholders, the Trustee shall from time to time enter into one or more amendments to the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement or any Additional Intercreditor Agreement to: (1) cure any ambiguity, omission, mistake, defect or inconsistency of any such agreement, (2) increase the amount or types of Indebtedness covered by any such agreement that may be Incurred by BP I, BP II or a Restricted Subsidiary (including with respect to the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement or any Additional Intercreditor Agreement the addition of provisions relating to new Indebtedness ranking junior in right of payment to the Senior Secured Notes), (3) add parties to the First Lien Intercreditor Agreement, the 2007 UK

Intercreditor Agreement or an Additional Intercreditor Agreement, including Senior Secured Note Guarantors, or successors, including successor trustees or other

Representatives, (4) secure the Senior Secured Notes (including Additional Senior Secured Notes), First Lien Obligations or any Subordinated Indebtedness, in each case to the extent permitted to be Incurred and so secured hereunder, (5) make provision for pledges of any collateral to secure the Senior Secured Notes (including any Additional Senior Secured Notes), First Lien Obligations or any Subordinated Indebtedness, in each case to the extent permitted to be Incurred and so secured hereunder or (6) make any other change to any such agreement that does not adversely affect the Senior Secured Notes in any material respect. The Issuers shall not otherwise direct the Trustee to enter into any amendment to the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement or any Additional Intercreditor Agreement without the consent of the holders representing a majority in aggregate principal amount of the Senior Secured Notes then outstanding, except as otherwise permitted below under Amendments and Waivers, and the Issuers may only direct the Trustee to enter into any amendment to the extent such amendment does not impose any personal obligations on the Trustee or, in the opinion of the Trustee, adversely affect the rights, duties, liabilities or immunities of the Trustee under the Senior Secured Notes Indenture or the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement or any Additional Intercreditor Agreement.

The Senior Secured Notes Indenture also provides that each secured noteholder, by accepting a Senior Secured Note, shall be deemed to have agreed to and accepted the terms and conditions of the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement and any Additional Intercreditor Agreement (whether then entered into or entered into in the future pursuant to the provisions described herein) and the performance by the Trustee of its obligations and the exercise of its rights thereunder and in connection therewith. A copy of the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement and any Additional Intercreditor Agreement shall be made available for inspection during normal business hours on any Business Day upon prior written request at the offices of the Trustee.

Amendments and Waivers

Subject to certain exceptions, the Senior Secured Notes Indenture, the Senior Secured Notes, the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement, Additional Intercreditor Agreements, the Security Documents and the Senior Secured Notes may be amended with the consent of the holders of a majority in principal amount of the Senior Secured Notes then outstanding and any past default or compliance with any provisions may be waived with the consent of the holders of a majority in principal amount of the Senior Secured Notes then outstanding; *provided, however*, that without the consent of each holder of an outstanding Senior Secured Note affected, no amendment may, among other things:

- (1) reduce the amount of Senior Secured Notes whose holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any Senior Secured Note;
- (3) reduce the principal of or extend the Stated Maturity of any Senior Secured Note;
- (4) reduce the premium or amount payable upon the redemption of any Senior Secured Note, change the time at which any Senior Secured Note may be redeemed as described under Optional Redemption, or Redemption for Taxation Reasons;
- (5) make any Senior Secured Note payable in money other than that stated in such Senior Secured Note;
- (6) expressly subordinate the Senior Secured Notes or any Senior Secured Note Guarantee to any other Indebtedness of any Issuer, BP I or any Senior Secured Note Guarantor not otherwise permitted by the Senior Secured Notes Indenture;

(7) impair the right of any holder to receive payment of principal of, premium, if any, and interest on such holder's Senior Secured Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's Senior Secured Notes;

(8) make any change in the amendment provisions which require the holder's consent as described in this sentence or in the waiver provisions;

(9) change the provisions of the First Lien Intercreditor Agreement or the 2007 UK Intercreditor Agreement or any Additional Intercreditor Agreement in any manner adverse to the interests of the Holders in any material respect; or

(10) make any change in the provisions of the Senior Secured Notes Indenture described under **Withholding Taxes** that adversely affects the rights of any Holder to receive payments of Additional Amounts pursuant to such provisions or amend the terms of the Senior Secured Notes or the Senior Secured Notes Indenture in a way that would result in the loss of an exemption from any of the Taxes described thereunder that are required to be withheld or deducted by any Relevant Taxing Jurisdiction from any payments made on the Senior Secured Note or any Senior Secured Note Guarantees by the Payors, unless RGHL or any Restricted Subsidiary agrees to pay any Additional Amounts that arise as a result. For purposes of this paragraph (10) a Relevant Taxing Jurisdiction shall include the United States.

Without the consent of the holders of the requisite percentage of the aggregate principal amount of the Senior Secured Notes then outstanding required by the Trust Indenture Act (which consents may be obtained in connection with a tender offer or exchange offer for the Senior Secured Notes), no amendment or waiver may release from the Lien of the Senior Secured Notes Indenture and the Security Documents all or substantially all of the Collateral; *provided, however,* that if any such amendment or waiver disproportionately adversely affects one series of Senior Secured Notes, such amendment or waiver shall also require the consent of the holders of at least the requisite percentage of the aggregate principal amount of such adversely affected series of Senior Secured Notes required by the Trust Indenture Act (which consents may be obtained in connection with a tender offer or exchange offer for the Senior Secured Notes).

Without the consent of any Holder, BP I, the Issuers, the Trustee and the Collateral Agent may amend the Senior Secured Notes Indenture, the Senior Secured Notes, the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement, any Additional Intercreditor Agreement or any Security Document (1) to cure any ambiguity, omission, mistake, defect or inconsistency, (2) to give effect to any provision of the Senior Secured Notes Indenture (including the release of any Senior Secured Note Guarantees or security interest in any Collateral in accordance with the terms of the Senior Secured Notes Indenture, and to comply with the covenant under **Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets**), (3) to provide for the assumption by a Successor Company of the obligations of any Issuer under the Senior Secured Notes Indenture and the Senior Secured Notes, to provide for the assumption by Midco of the obligations of RGHL under the Senior Secured Notes Indenture and the Senior Secured Notes, to provide for the assumption by a Successor Senior Secured Note Guarantor of the obligations of a Senior Secured Note Guarantor under the Senior Secured Notes Indenture and its Senior Secured Note Guarantee, (4) to provide for uncertificated Senior Secured Notes in addition to or in place of certificated Senior Secured Notes (*provided* that the uncertificated Senior Secured Notes are issued in registered form for purposes of Section 163(f) of the Code), (5) to add a Senior Secured Note Guarantee with respect to the Senior Secured Notes, (6) to add assets to the Collateral, (7) to release Collateral from any Lien pursuant to the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement, any Additional Intercreditor Agreement and the applicable Security Documents when permitted or required by the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement, any Additional Intercreditor Agreement and the applicable Security Documents, (8) to the extent necessary to provide for the granting of a security interest for the benefit of any Person, *provided* that the granting of such security interest is not prohibited under **Certain Covenants Impairment of Security Interest** or otherwise under the Senior Secured Notes Indenture, (9) to add to the covenants of BP I, BP II or any Senior Secured Note Guarantor for the benefit of the Holders or to surrender any right or power conferred upon BP I or BP II, (10) to make any change that does not adversely affect the rights of any Holder, (11) to evidence and give effect to the acceptance and appointment under the Senior Secured Notes Indenture, the First Lien Intercreditor Agreement, the 2007 UK Intercreditor Agreement, any Additional Intercreditor Agreement and the

Documents of a successor Trustee, (12) to provide for the accession of the Trustee to any instrument in connection with the Senior Secured Notes, (13) to make certain changes to the Senior Secured Notes Indenture to provide for the issuance of Additional Senior Secured Notes or (14) to comply with any requirement of the SEC in connection with the qualification of the Senior Secured Notes Indenture under the Trust Indenture Act, if such qualification is required.

The consent of the noteholders is not necessary under the Senior Secured Notes Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the Senior Secured Notes Indenture becomes effective, the Issuers are required to mail (or otherwise deliver in accordance with applicable DTC procedures) to the respective noteholders a notice briefly describing such amendment. However, the failure to give such notice to all noteholders entitled to receive such notice, or any defect therein, will not impair or affect the validity of the amendment.

No Personal Liability of Directors, Officers, Employees, Managers and Stockholders

No (i) director, officer, employee, manager, incorporator or holder of any Equity Interests in BP I, BP II or any Issuer or any direct or indirect parent corporation or (ii) director, officer, employee or manager of a Senior Secured Note Guarantor, will have any liability for any obligations of the Issuers under the Senior Secured Notes, the Senior Secured Notes Indenture, or for any claim based on, in respect of, or by reason of, such obligations or their creation; *provided, however*, the foregoing shall not in any manner affect the liability of a Senior Secured Note Guarantor with respect to its Senior Secured Note Guarantee. Each holder of Senior Secured Notes by accepting a Senior Secured Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Senior Secured Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Transfer and Exchange

A noteholder may transfer or exchange Senior Secured Notes in accordance with the Senior Secured Notes Indenture. Upon any transfer or exchange, the registrar and the Trustee may require a noteholder, among other things, to furnish appropriate endorsements and transfer documents and the Issuers may require a noteholder to pay any taxes required by law or permitted by the Senior Secured Notes Indenture. The Issuers are not required to transfer or exchange any Senior Secured Note selected for redemption or to transfer or exchange any Senior Secured Note for a period of 15 days prior to a selection of Senior Secured Notes to be redeemed. The Senior Secured Notes will be issued in registered form and the registered holder of a Senior Secured Note will be treated as the owner of such Note for all purposes.

Satisfaction and Discharge

The Senior Secured Notes Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration or transfer or exchange of Senior Secured Notes, as expressly provided for in the Senior Secured Notes Indenture) as to all outstanding Senior Secured Notes when:

(1) either (a) all the Senior Secured Notes theretofore authenticated and delivered (except lost, stolen or destroyed Senior Secured Notes which have been replaced or paid and Senior Secured Notes for whose payment money has theretofore been deposited in trust or segregated and held by the Issuers and thereafter repaid to the Issuers or discharged from such trust) have been delivered to the Trustee for cancellation or (b) all of the Senior Secured Notes (i) have become due and payable, (ii) will become due and payable at their stated maturity within one year or (iii) if redeemable at the option of the Issuers, are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuers, and the Issuers

Table of Contents

have irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the Senior Secured Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Senior Secured Notes to the date of deposit together with irrevocable instructions from the Issuers directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(2) BP I, BP II, an Issuer or the Senior Secured Note Guarantors have paid all other sums payable under the Senior Secured Notes Indenture; and

(3) the Issuers have delivered to the Trustee an Officers Certificate and an Opinion of Counsel stating that all conditions precedent under the Senior Secured Notes Indenture relating to the satisfaction and discharge of the Senior Secured Notes Indenture have been complied with; *provided* that any counsel may rely on an Officers Certificate as to matters of fact.

Defeasance

The Issuers at any time may terminate all their obligations under the Senior Secured Notes and the Senior Secured Notes Indenture (*legal defeasance*), and cure any existing Defaults and Events of Default, except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Senior Secured Notes, to replace mutilated, destroyed, lost or stolen Senior Secured Notes and to maintain a registrar and paying agent in respect of the Senior Secured Notes. The Issuers at any time may terminate their obligations under the covenants described under Certain Covenants, the operation of the cross-acceleration provision and the bankruptcy provisions with respect to Significant Subsidiaries, and the security default provision and the judgment default provision described under Defaults and the undertakings and covenants contained under Change of Control and Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets (*covenant defeasance*). If the Issuers exercise their legal defeasance option or their covenant defeasance option, each Senior Secured Note Guarantor will be released from all of its obligations with respect to its Senior Secured Note Guarantee and the Issuers and each Senior Secured Note Guarantor will be released from all of its obligations with respect to the Security Documents.

The Issuers may exercise their legal defeasance option notwithstanding their prior exercise of their covenant defeasance option. If the Issuers exercise their legal defeasance option, payment of the Senior Secured Notes may not be accelerated because of an Event of Default with respect thereto. If the Issuers exercise their covenant defeasance option, payment of the Senior Secured Notes may not be accelerated because of an Event of Default specified in clause (3), (4), (5), (6) (with respect only to Significant Subsidiaries), (7) or (8) under Defaults or because of the failure of the Issuers to comply with clause (4) under Merger, Amalgamation, Consolidation or Sale of All or Substantially All Assets.

In order to exercise its defeasance option, the Issuers must irrevocably deposit (the *defeasance trust*) with the Trustee money in US Dollars for the payment of principal, premium (if any) and interest on the Senior Secured Notes to redemption or maturity, as the case may be, and must comply with certain other conditions set out in the Senior Secured Notes Indenture, including delivery to the Trustee of an Opinion of Counsel to the effect that holders of the Senior Secured Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or change in applicable U.S. federal income tax law).

Concerning the Trustee

The Bank of New York Mellon is the Trustee under the Senior Secured Notes Indenture.

Table of Contents

If the Trustee becomes a creditor of the Issuers or any Senior Secured Note Guarantor, the Senior Secured Notes Indenture and the Trust Indenture Act limit its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Senior Secured Notes Indenture provides that in case an Event of Default will occur and be continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Senior Secured Notes Indenture at the request of any Holder of Senior Secured Notes, unless such Holder will have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Notices

All notices to secured noteholders will be validly given if mailed to them at their respective addresses in the register of the Holders of the Senior Secured Notes, if any, maintained by the Registrar (or otherwise delivered in accordance with applicable DTC procedures). In addition, for so long as any Senior Secured Notes are represented by Global Senior Notes, all notices to Holders of the Senior Secured Notes will be delivered to DTC, which will give such notices to the holders of Book-Entry Interests.

Each such notice shall be deemed to have been given on the date of such publication or, if published more than once on different dates, on the first date on which publication is made; *provided* that, if notices are mailed (or otherwise delivered in accordance with applicable DTC procedures), such notice shall be deemed to have been given on the later of such publication and the seventh day after being so mailed or delivered. Any notice or communication mailed to a noteholder shall be mailed to such Person by first-class mail or other equivalent means (or otherwise delivered in accordance with applicable DTC procedures) and shall be sufficiently given to him if so mailed or delivered within the time prescribed. Failure to mail (or otherwise deliver in accordance with applicable DTC procedures) a notice or communication to a secured noteholder or any defect in it shall not affect its sufficiency with respect to other secured noteholders. If a notice or communication is mailed or delivered in the manner provided above, it is duly given, whether or not the addressee receives it.

Currency Indemnity and Calculation of Dollar-denominated Restrictions

The US Dollar is the sole currency of account and payment for all sums payable by BP I, BP II, the Issuers or any Senior Secured Note Guarantor under or in connection with the Senior Secured Notes, including damages. Any amount with respect to the Senior Secured Notes received or recovered in a currency other than US Dollars, whether as a result of, or the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuers or any Senior Secured Note Guarantor or otherwise by any secured noteholder or by the Trustee, in respect of any sum expressed to be due to it from the Issuers or any Senior Secured Note Guarantor will only constitute a discharge to the Issuers or any Senior Secured Note Guarantor to the extent of the US Dollar amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so).

If that US Dollar amount is less than the US Dollar amount expressed to be due to the recipient or the Trustee under any Senior Secured Note, BP I, BP II, the Issuers and any Senior Secured Note Guarantor will indemnify such recipient against any loss sustained by it as a result. In any event, BP I, BP II, the Issuers and any Senior Secured Note Guarantor will indemnify the recipient against the cost of making any such purchase. For the purposes of this currency indemnity provision, it will be *prima facie* evidence of the matter stated therein for the holder of a Senior Secured

Note or the Trustee to certify in a manner satisfactory to the Issuers

(indicating the sources of information used) the loss it Incurred in making any such purchase. These indemnities constitute a separate and independent obligation from BP I, BP II, the Issuers and any Senior Secured Note Guarantor s other obligations, will give rise to a separate and independent cause of action, will apply irrespective of any waiver granted by any holder of a Senior Secured Note or the Trustee (other than a waiver of the indemnities set out herein) and will continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Senior Secured Note or to the Trustee.

Except as otherwise specifically set forth herein, (a) for purposes of determining compliance with any euro-denominated restriction herein, the Euro Equivalent amount for purposes hereof that is denominated in a non-euro currency shall be calculated based on the relevant currency exchange rate in effect on the date such non-euro amount is Incurred or made, as the case may be, and (b) for purposes of determining compliance with any U.S. Dollar-denominated restriction herein, the U.S. Dollar Equivalent amount for purposes hereof that is denominated in a non-U.S. Dollar currency shall be calculated based on the relevant currency exchange rate in effect on the date such non-U.S. Dollar amount is Incurred or made, as the case may be.

Consent to Jurisdiction and Service

Each of BP I, BP II, the Issuers and the Senior Secured Note Guarantors has irrevocably and unconditionally: (1) submitted itself and its property in any legal action or proceeding relating to the Senior Secured Notes Indenture to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the general jurisdiction of the courts of the State of New York, sitting in the Borough of Manhattan, The City of New York, the courts of the United States of America for the Southern District of New York, appellate courts from any thereof and courts of its own corporate domicile, with respect to actions brought against it as defendant; (2) consented that any such action or proceeding may be brought in such courts and waive any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same; (3) designated and appointed the US Issuer II as its authorized agent upon which process may be served in any action, suit or proceeding arising out of or relating to the Senior Secured Notes Indenture that may be instituted in any Federal or state court in the State of New York; and (4) agreed that service of any process, summons, notice or document by US registered mail addressed to the US Issuer II, with written notice of said service to such Person at the address of the US Issuer II set forth in the Senior Secured Notes Indenture shall be effective service of process for any action, suit or proceeding brought in any such court.

Enforceability of Judgments

Since a significant portion of the assets (including assets constituting the Collateral) of BP I, BP II, the Issuers and the Senior Secured Note Guarantors are outside the United States, any judgment obtained in the United States against BP I, BP II, the Issuers or any Senior Secured Note Guarantor, including judgments with respect to the payment of principal, premium, interest, Additional Amounts, redemption price and any purchase price with respect to the Senior Secured Notes, may not be collectable within the United States.

Governing Law

The Senior Secured Notes Indenture provides that it and the Senior Secured Notes are governed by, and construed in accordance with, the laws of the State of New York. Notwithstanding anything to the contrary, articles 86 to 94-8 of the Luxembourg law of August 10, 1915 on commercial companies shall not be applicable in respect of the Senior Secured Notes.

The First Lien Intercreditor Agreement provides that it is governed by, and construed in accordance with, the laws of the State of New York.

The 2007 UK Intercreditor Agreement provides that it is governed by, and construed in accordance with, the laws of England.

Unless granted under a Security Document governed by the law of the jurisdiction of an Obligor, under English law or under the applicable laws of the United States (or any state therein), all Security Documents (other than share security over an Obligor's Subsidiaries) shall be governed by the law of and secure assets located in the jurisdiction of organization of that Obligor; *provided* that for certain receivables security and other related assets, such security may be governed by the laws of the jurisdiction of organization of the creditor or that governs the underlying receivable.

See *Certain Insolvency and Other Local Law Considerations* and *Risk Factors - Risks Related to Our Structure, the Guarantees, the Collateral and the Notes - Enforcing your rights as a holder of the notes or under the guarantees, or with respect to the Senior Secured Notes, the security, across multiple jurisdictions may be difficult.*

Book-Entry, Delivery and Form

General

The Senior Secured Notes sold will be represented by one or more global Senior Secured Notes (collectively, the *Global Senior Secured Notes*). The Global Senior Secured Notes will be deposited upon issuance with a custodian for the Depository Trust Company (*DTC*) and registered in the name of Cede & Co., as nominee of DTC.

In the event that Additional Senior Secured Notes are issued pursuant to the terms of the Senior Secured Notes Indenture, the Issuers may, in their sole discretion, cause some or all of such Additional Senior Secured Notes, if any, to be issued in the form of one or more global Senior Secured Notes (the *Additional Global Senior Secured Notes*) and registered in the name of and deposited with the nominee of DTC.

Ownership of beneficial interests in each Global Senior Secured Note and ownership of interests in each Additional Global Senior Secured Note (together, the *Book-Entry Interests*) will be limited to persons that have accounts with the Depository or persons that may hold interests through such participants. Book-Entry Interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by the Depository and their participants. As used in this section, *Depository* means, with respect to the Global Senior Secured Notes and the Additional Global Senior Secured Notes, if any, DTC.

The Book-Entry Interests will not be held in definitive form. Instead, the Depository will credit on its book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair your ability to own, transfer or pledge or grant any other security interest in Book-Entry Interests. In addition, while the Senior Secured Notes are in global form, holders of Book-Entry Interests may not be considered the owners or holders of Senior Secured Notes for purposes of the Senior Secured Notes Indenture.

So long as the Senior Secured Notes and any Additional Senior Secured Notes are held in global form, DTC (or its nominee), may be considered the sole holder of Global Senior Secured Notes for all purposes under the Senior Secured Notes Indenture. As such, participants must rely on the procedures of DTC, and indirect participants must rely on the procedures of DTC and the participants through which they own Book-Entry Interests, to transfer their interests or to exercise any rights of holders under the Senior Secured Notes Indenture.

The Issuers and the Trustee and their respective agents will not have any responsibility or be liable for any aspect of the records relating to the Book-Entry Interests.

Issuance of Definitive Registered Senior Secured Notes

Under the terms of the Senior Secured Notes Indenture, owners of Book-Entry Interests will not receive definitive Senior Secured Notes in registered form (*Definitive Registered Senior Secured Notes*) in exchange for their Book-Entry Interests unless (a) the Issuers have consented thereto in writing, or such transfer or exchange is made pursuant to one of clauses (i), (ii) or (iii) of this paragraph and (b) such transfer or exchange is in accordance with the applicable rules and procedures of the Depository and the applicable provisions of the Senior Secured Notes Indenture. Subject to applicable provisions of the Senior Secured Notes Indenture, Definitive Registered Senior Secured Notes shall be transferred to all owners of Book-Entry Interests in the relevant Global Senior Secured Note if:

(i) the Issuers notify the Trustee in writing that the Depository is unwilling or unable to continue to act as depository and the Issuers do not appoint a successor depository within 120 days;

(ii) the Depository so requests if an Event of Default under the Senior Secured Notes Indenture has occurred and is continuing; or

(iii) the Issuers, at their option, notify the Trustee in writing that they elect to issue Definitive Registered Senior Secured Notes under the Senior Secured Notes Indenture.

In such an event, Definitive Registered Senior Secured Notes will be issued and registered in the name or names and issued in denominations of \$100,000 in principal amount and integral multiples of \$1,000 as requested by or on behalf of the Depository (in accordance with its customary procedures and certain certification requirements and based upon directions received from participants reflecting the beneficial ownership of the Book-Entry Interests), and such Definitive Registered Senior Secured Notes will bear the restrictive legend referred to in Transfer Restrictions, unless that legend is not required by the Senior Secured Notes Indenture or applicable law. Payment of principal of, and premium, if any, and interest on the Senior Secured Notes shall be payable at the place of payment designated by the Issuers pursuant to the Senior Secured Notes Indenture; *provided, however*, that at the Issuers' option, payment of interest on a Senior Secured Note may be made by check mailed to the person entitled thereto to such address as shall appear on the Senior Secured Note register.

Redemption of the Global Senior Secured Notes

In the event any Global Senior Secured Note, or any portion thereof, is redeemed, the Depository will distribute the amount received by it in respect of the Global Senior Secured Note so redeemed to the holders of the Book-Entry Interests in such Global Senior Secured Note. The redemption price payable in connection with the redemption of such Book-Entry Interests will be equal to the amount received by the Depository in connection with the redemption of such Global Senior Secured Note (or any portion thereof).

We understand that under existing practices of DTC, if fewer than all of the Senior Secured Notes are to be redeemed at any time, DTC will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or by lot or on such other basis as they deem fair and appropriate; *provided, however*, that no book-entry interest of less than \$100,000 in principal amount may be redeemed in part.

Payments on Global Senior Secured Notes

Payments of any amounts owing in respect of the Global Senior Secured Notes for the Senior Secured Notes (including principal, premium, interest, additional interest and Additional Amounts) will be made by the Issuers in US Dollars to the paying agents under the Senior Secured Notes Indenture. The paying agents will, in turn, make such payments to the Depository or its nominee, as the case may be, which will distribute such payments to their respective

participants in accordance with their respective procedures.

Table of Contents

Under the terms of the Senior Secured Notes Indenture, the Issuers, the Trustee and the paying agents will treat the registered holder of the Global Senior Secured Notes as the owner thereof for the purpose of receiving payments and other purposes under the Senior Secured Notes Indenture. Consequently, the Issuers, the Trustee and the paying agents and their respective agents have not and will not have any responsibility or liability for:

any aspect of the records of the Depository or any participant or indirect participant relating to, or payments made on account of, a Book-Entry Interest, for any such payments made by the Depository or any participant or indirect participants, or maintaining, supervising or reviewing the records of the Depository or any participant or indirect participant relating to or payments made on account of a Book-Entry Interest; or

the Depository or any participant or indirect participant.

Payments by participants to owners of Book-Entry Interests held through participants are the responsibility of such participants, as is the case with securities held for the accounts of customers registered in street name.

Action by Owners of Book-Entry Interests

We understand that the Depository will take any action permitted to be taken by a holder of Senior Secured Notes only at the direction of one or more participants to whose account the Book-Entry Interests in the Global Senior Secured Notes are credited and only in respect of such portion of the aggregate principal amount of Senior Secured Notes as to which such participant or participants has or have given such direction. The Depository will not exercise any discretion in the granting of consents, waivers or the taking of any other action in respect of the Global Senior Secured Notes. However, if there is an Event of Default under the Senior Secured Notes, the Depository reserves the right to exchange the Global Senior Secured Notes for Definitive Registered Senior Secured Notes in certificated form, and to distribute such Definitive Registered Senior Secured Notes to its respective participants.

Transfers

Transfers of any Global Senior Secured Note shall be limited to transfers of such Global Senior Secured Note in whole, but (subject to the provisions described above under Book-Entry, Delivery and Form Issuance of Definitive Registered Senior Secured Notes, to provisions described below in the section Book-Entry, Delivery and Form Transfers and the applicable provisions of the Senior Secured Notes Indenture), not in part, to the Depository, its successors or its nominees.

Subject to the foregoing, Book-Entry Interests may be transferred and exchanged in a manner otherwise in accordance with the terms of the Senior Secured Notes Indenture. Any Book-Entry Interest in one of the Global Senior Secured Notes that is transferred to a person who takes delivery in the form of a Book-Entry Interest in another Global Senior Secured Note will, upon transfer, cease to be a Book-Entry Interest in the first mentioned Global Senior Secured Note and become a Book-Entry Interest in the relevant Global Senior Secured Note, and accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Book-Entry Interests in such other Global Senior Secured Note for as long as that person retains such Book-Entry Interests.

Definitive Registered Senior Secured Notes, if any, may be transferred and exchanged for Book-Entry Interests in a Global Senior Secured Note only pursuant to the terms of the Senior Secured Notes Indenture and, if required, only after the transferor first delivers to the Trustee a written certificate (in the form provided in the Senior Secured Notes Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Senior Secured Notes. See Plan of Distribution.

Global Clearance and Settlement Under the Book-Entry System

Initial Settlement

Initial settlement for the Senior Secured Notes will be made in US Dollars. In the case of Book-Entry Interests held through DTC, such Book-Entry Interests will be credited to the securities custody account of DTC holders, as applicable, on the business day following the settlement date against payment for value on the settlement date.

Secondary Market Trading

The Book-Entry Interests will trade through participants of the Depository, and will settle in same-day funds. Since the purchase determines the place of delivery, it is important to establish at the time of trading any Book-Entry Interests where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

Clearing Information

We expect that the Senior Secured Notes will be accepted for clearance through the facilities of DTC.

Information Concerning DTC

All Book-Entry Interests will be subject to the operations and procedures of DTC. We provide the following summaries of those operations and procedures solely for the convenience of investors. The operations and procedures of each settlement system are controlled by such settlement system and may be changed at any time. We are not responsible for those operations or procedures.

We understand the following with respect to DTC:

DTC was created to hold securities for its participants and facilitate the clearance and settlement transactions among its participants. It does this through electronic book-entry changes in the accounts of securities participants, eliminating the need for physical movement of securities certificates. DTC participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC's owners are the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. and a number of its direct participants. Others, such as banks, brokers and dealers and trust companies that clear through or maintain a custodial relationship with a direct participant also have access to the DTC system and are known as indirect participants.

The information in this section concerning DTC and its book-entry systems has been obtained from sources we believe to be reliable, but we take no responsibility for the accuracy thereof.

Affiliate of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. After-Acquired Collateral means any property of any Issuer or any Senior Secured Note Guarantor that secures any First Lien Obligations, subject to the Agreed Security Principles.

Agreed Security Principles means the following:

(A) Considerations

(1) The security that will be provided in support of the Obligations (as defined in the First Lien Intercreditor Agreement) will be given in accordance with certain security principles (the *Security Principles*) set forth below.

(2) The Security Principles embody recognition by all parties that there may be certain legal and practical difficulties in obtaining effective security from the Issuers and Senior Secured Note Guarantors. However, it is acknowledged that to the extent the Security Principles conflict with the specific provisions of the Senior Secured Notes Indenture or any Security Document (other than those explicitly qualified by these Security Principles), the provisions of the Senior Secured Notes Indenture or such Security Document will prevail.

Table of Contents

(3) For purposes of the Security Principles, value refers to fair market value; *provided, however*, that if no fair market value is readily ascertainable, value shall refer to book value determined in accordance with GAAP (as defined in the Senior Secured Credit Facilities) (consistently applied), as of the date of the most recently ended fiscal quarter for which financial statements are available.

(4) For purposes of the covenants set forth in the Senior Secured Notes Indenture and Security Documents, the Applicable Representative from time to time shall make all determinations on behalf of the noteholders with respect to these Security Principles and the Senior Secured Notes shall not be entitled to any Collateral not also available on the same priority basis in respect of the Senior Secured Credit Facilities, any other Credit Agreement or other Public Debt.

The Security Principles are as follows:

(a) general statutory limitations, financial assistance, capital maintenance, corporate benefit, fraudulent preference, thin capitalisation rules, retention of title claims, exchange control restrictions and similar principles may limit the ability of Issuers and Senior Secured Note Guarantors to provide a guarantee or security or may require that the guarantee or security be limited by an amount or otherwise; the Issuers and Senior Secured Note Guarantors will use reasonable endeavours to provide the maximum permissible credit support and to assist in demonstrating that adequate corporate benefit accrues to any relevant entity;

(b) the security and extent of its perfection may be limited where the Applicable Representative reasonably determines in consultation with the Loan Parties (in each case as used in this definition, such term as defined in the Senior Secured Credit Facilities) that the cost to the Loan Parties (including for the avoidance of doubt, any material tax costs to the Loan Parties taken as a whole) of providing security is excessive in relation to the benefit accruing to the Secured Parties (as defined in the First Lien Intercreditor Agreement);

(c) any assets subject to third party arrangements which are permitted by the Senior Secured Notes Indenture and which prevent those assets from being subject to a Lien will not be subject to a Lien in any relevant Security Document, provided that reasonable endeavours to obtain consent to such Lien shall be used by the relevant Issuer or Senior Secured Note Guarantor if the relevant asset is material and if seeking such consent will not adversely affect the business of the Issuer or Senior Secured Note Guarantor or their commercial relationships;

(d) guarantees and security will not be required from companies that are not Wholly Owned Subsidiaries (such term, as used throughout these Security Principles, to exclude directors qualifying shares and similar insignificant minority ownership interests). Where security is provided by a wholly owned subsidiary of any Issuer or Senior Secured Note Guarantor (whether direct or indirect) and such subsidiary subsequently ceases to be wholly owned but remains a subsidiary, there shall be no requirement for the release of such guarantee or security;

(e) RGHL and its Subsidiaries (the *Group*) will not be required to grant Senior Secured Note Guarantees or enter into Security Documents if it would conflict with the fiduciary duties of their directors or contravene any legal prohibition or result in a risk of personal or criminal liability on the part of any officer, provided that the relevant member of the Group shall use reasonable endeavours to overcome any such obstacle; *provided further, however*, that the above limitation shall be assessed in respect of the obligations of such member of the Group under the Credit Documents (as defined in the First Lien Intercreditor Agreement) generally and not just the Senior Secured Note Guarantee or security being granted by that member of the Group;

(f) the Issuers and Senior Secured Note Guarantors will not be required to grant guarantees or enter into Security Documents where there would be a significant tax disadvantage in doing so and without limiting the generality of the foregoing, none of the Issuers or any Senior Secured Note Guarantor shall

Table of Contents

be required to give a Senior Secured Note Guarantee or a pledge of its assets if such entity is a US Controlled Foreign Subsidiary, and in no event shall more than 65% of the total outstanding voting Equity Interests of such an entity be required to be pledged;

(g) perfection of security, when required, and other legal formalities will be completed as soon as practicable and, in any event, within the time periods specified in the Senior Secured Notes Indenture and Security Documents therefor or (if earlier or to the extent no such time periods are specified in the Senior Secured Notes Indenture and Security Documents) within the time periods specified by applicable law in order to ensure due perfection. The perfection of security granted will not be required if it would have a material adverse effect on the ability of the relevant Issuer or Senior Secured Note Guarantor to conduct its operations and business in the ordinary course as otherwise permitted by the Senior Secured Indenture and Security Documents;

(h) the Collateral Agent (acting in its own right or on behalf of the relevant Secured Parties (in each case used in this definition, as defined in the First Lien Intercreditor Agreement)) shall be able to enforce the security granted by the Security Documents without any restriction from (i) the constitutional documents of any of the Issuers and Senior Secured Note Guarantors, to the extent that such restrictions can be removed under relevant law, (ii) any of the Issuers and Senior Secured Note Guarantors which is or whose assets are the subject of such Security Document (but subject to any inalienable statutory or common law rights which the Issuers and Senior Secured Note Guarantors may have to challenge such enforcement) or (iii) any shareholders of the foregoing not party to the relevant Security Document, to the extent that it is within the power of the Issuers and Senior Secured Note Guarantors to ensure that such restrictions do not apply;

(i) the maximum secured amount may be limited to minimize stamp duty, notarisation, registration or other applicable fees, taxes and duties;

(j) where a class of assets to be secured by an Obligor includes material and immaterial assets, the Issuers and the Administrative Agent under the Senior Secured Credit Facilities (or such other Applicable Representative) may agree a threshold in respect of such assets and direct the Collateral Agent to act accordingly;

(k) the only owned real property owned by RGHL and its Subsidiaries required to be pledged on the Escrow Release Date or as soon as reasonably practicable thereafter, but, in any event, at the same time such pledge is given in respect of the Senior Secured Credit Facilities, will be the real property pledged in respect of the Senior Secured Credit Facilities at such time. Neither RGHL nor any of its Subsidiaries will be required to pledge any real property owned by RGHL or such Subsidiaries unless the value of such real property exceeds 5.0 million. Neither RGHL nor any of its Subsidiaries will be required to pledge any property in which it has a leasehold interest;

(l) unless granted under a global Security Document governed by the law of the jurisdiction of the Issuers or a Senior Secured Note Guarantor or New York law, all security (other than share security over subsidiaries of the Issuers or a Senior Secured Note Guarantor) shall be governed by the law of and secure assets located in the jurisdiction of incorporation of that entity; *provided* that for certain receivables security, such security may be governed by the law of the jurisdiction of incorporation or domicile of the creditor or the law that governs the underlying receivable;

(m) other than where intellectual property is secured by a floating charge or other similar all-asset security interest, security interests need only be granted for intellectual property with a value greater than 1.0 million. Security interests in intellectual property will be registered solely in the jurisdiction of incorporation of the entity that owns such intellectual property; *provided, however*, that, with respect to intellectual property that is material to such entity, to the extent the registration of a security interest in or the taking of any other commercially reasonable actions with respect to, such intellectual property in any other jurisdiction is necessary to ensure that the Secured Parties would be able to realize upon the value of the

Table of Contents

secured intellectual property in the event of enforcement action, such registration or other actions will be taken in such other jurisdiction as the Collateral Agent may reasonably request taking into account the cost to the Loan Parties of such registration in relation to the benefit accruing to the Secured Parties;

(n) security interests will be taken over only those insurance policies of the Issuers and Senior Secured Note Guarantors that are material to the Group as a whole, as reasonably determined by the Administrative Agent under the Senior Secured Credit Facilities (or other Applicable Representative, as applicable);

(o) other than where equipment is secured by a floating charge or other similar all-asset security interest, security interests need only be granted for manufacturing equipment with a value greater than 250,000;

(p) security interests will be provided over the equity of any Subsidiary that is not a Loan Party only if (i) it is organized in a jurisdiction where one or more Loan Party is organized, (ii) as of the last day of the fiscal quarter of RGHL most recently ended for which financial statements are available, it had gross assets (excluding intra group items but including investments in Subsidiaries) in excess of 1.0% of Consolidated Total Assets (as defined in the Senior Secured Credit Facilities) or (iii) for the period of four consecutive fiscal quarters of RGHL most recently ended for which financial statements are available, it had earnings before interest, tax, depreciation and amortization calculated on the same basis as Consolidated EBITDA in excess of 1.0% of the Consolidated EBITDA (as such terms are defined in the Senior Secured Credit Facilities); and

(q) no security interest will be provided over the equity of any Subsidiary that (a) does not conduct any business operations, (b) has assets with a book value not in excess of \$100,000 and (c) does not have any indebtedness outstanding.

For the avoidance of doubt, in these Security Principles, cost includes, but is not limited to, income tax cost, registration taxes payable on the creation or for the continuance of any security, stamp duties, out-of-pocket expenses and other fees and expenses directly incurred by the relevant grantor of security or any of its direct or indirect owners, Subsidiaries or Affiliates.

(B) Senior Secured Note Guarantors and Security

Each Senior Secured Note Guarantee is an upstream, cross-stream and downstream guarantee of all the Obligations with respect to the Senior Secured Notes and the Senior Secured Note Guarantees, subject to the requirements of the Security Principles in each relevant jurisdiction. Subject to the Security Principles, the security will secure all of the Obligations with respect to the Senior Secured Notes and the Senior Secured Note Guarantees.

Subject to these Security Principles, the security package shall include stock and other membership interests issued by the Issuers and Senior Secured Note Guarantors and intercompany and trade receivables, bank accounts (and amounts on deposit therein), intellectual property, insurance, real estate, inventory and equipment, in each case owned by an Issuer or Senior Secured Note Guarantor and, in jurisdictions where an all asset security interest can be created in a security document, security over all assets shall, subject to the Senior Secured Notes Indenture and Security Documents, be given by the Issuers and Senior Secured Note Guarantors formed in that jurisdiction.

To the extent possible, all security shall be given in favour of the Collateral Agent and not the Holders individually, *provided* that any accessory security (*akzessorische Sicherheit*) governed by Swiss and German law shall be given in favour of the Collateral Agent and Secured Parties (as defined in the First Lien Intercreditor Agreement) individually if so required by the Applicable Representative. Parallel debt provisions will be used where necessary; such provisions will be contained in the First Lien Intercreditor Agreement and not the individual Security Documents unless required under local laws. To the extent possible,

Table of Contents

the grant of security in the Collateral shall be structured, documented or otherwise implemented in a manner so that there should be no action required to be taken in relation to the security when any noteholder transfers an interest in the Senior Secured Notes to another party. To the extent such action is required, the Applicable Representative shall not require the Collateral Agent to obtain security in such asset giving rise to the requirement for such action upon a transfer of an interest in the Senior Secured Notes to another party.

The Issuers and Senior Secured Note Guarantors will be required to pay the reasonable costs of any re-execution, notarisation, re-registration, amendment or other perfection requirement for any security on any transfer by a Holder to a new Holder on or prior to the date on which the Initial Purchasers notify RGHL that primary distribution of the Senior Secured Notes is complete. Otherwise the cost or fee shall be for the account of the transferee Holder.

2. Terms of Security Documents

The following principles will be reflected in the terms of any security taken as part of this transaction:

- (a) the security will be first ranking, to the extent possible;
- (b) security will (to the extent possible under local law) not be enforceable unless an Event of Default (as defined in the First Lien Intercreditor Agreement) has occurred and is continuing;
- (c) any representations, warranties or undertakings which are required to be included in any Security Document shall reflect (to the extent to which the subject matter of such representation, warranty and undertaking is the same as the corresponding representation, warranty and undertaking in the Credit Agreement, the Senior Secured Notes Indenture or any Additional Agreement (as defined in the First Lien Intercreditor Agreement and to the extent relevant) (collectively, the *Principal Loan Documents*) the commercial deal set out in the Principal Loan Documents (save to the extent that applicable local counsel agree that it is necessary to include any further provisions (or deviate from those contained in the Principal Loan Documents) in order to protect or preserve the security granted thereunder);
- (d) the provisions of each security document will not be unduly burdensome on the relevant Issuer or Senior Secured Note Guarantor granting such security or interfere unreasonably with the operation of its business and will be limited to those required to create effective security and not impose unreasonable commercial obligations;
- (e) information, such as lists of assets, will be provided if and only to the extent (i) required by law to create, enforce, perfect or register the security or (ii) necessary or advisable to enforce the security; *provided, however*, that such information need not be provided by an Issuer or Senior Secured Note Guarantor pursuant to this subclause (ii) more frequently than annually unless an Event of Default has occurred (or, in the case of third-party trade debtors, unless a Default has occurred which is continuing), and in each case that information can be provided without breaching confidentiality requirements or damaging business relationships;
- (f) the Collateral Agent and Secured Parties shall be able to exercise a power of attorney only following the occurrence of an Event of Default or if the relevant Issuer or Senior Secured Note Guarantor granting such security has failed to comply with a further assurance or perfection obligation within 10 Business Days of being notified of that failure;
- (g) security will, where possible and practical, automatically create security over future assets of the same type as those already secured;
- (h) notification of receivables security to third-party trade debtors shall not be given unless a Default has occurred and is continuing and for intercompany receivables notification may be given at the time

Table of Contents

such security is granted to the extent required by local law to perfect such security or if a Default has occurred and is continuing;

(i) in respect of the share pledges, until an Event of Default has occurred, the pledgors shall be permitted to retain and to exercise voting rights to any shares pledged by them in a manner which does not adversely affect the validity or enforceability of the security or cause an Event of Default to occur and the subsidiaries of the pledgors should be permitted to pay dividends upstream on pledged shares to the extent permitted under the Principal Loan Documents; and

(j) in respect of bank accounts (and cash therein), the Collateral Agent agrees with the relevant Issuer or Senior Secured Note Guarantor that the Collateral Agent shall not give any instructions or withhold any withdrawal rights from such Issuer or Senior Secured Note Guarantor, unless an Event of Default has occurred and is continuing, or, after giving effect to any withdrawal, would occur.

same had occurred at the beginning of the applicable four-quarter period; *provided, however*, that the pro forma calculation of Consolidated Interest Expense shall not give effect to (a) any Indebtedness, Disqualified Stock or Preferred Stock Incurred or issued on the date of determination pursuant to the second paragraph of the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified and Preferred Stock and (b) the repayment, repurchase or redemption of any Indebtedness, Disqualified Stock or Preferred Stock to the extent such repayment, repurchase or redemption results from the proceeds of Indebtedness, Disqualified Stock or Preferred Stock Incurred or issued pursuant to the second paragraph of the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified and Preferred Stock.

If since the beginning of such period any Person that subsequently became a Restricted Subsidiary or was merged with or into BP I or BP II or any Restricted Subsidiary since the beginning of such period shall have made any Investment, acquisition, disposition, merger, amalgamation, consolidation, discontinued operation or operational change, in each case with respect to an operating unit of a business, that would have required adjustment pursuant to this definition, then the Fixed Charge Coverage Ratio shall be calculated giving pro forma effect thereto for such period as if such Investment, acquisition, disposition, discontinued operation, merger, consolidation or operational change had occurred at the beginning of the applicable four-quarter period.

For purposes of this definition, whenever pro forma effect is to be given to any pro forma event, the pro forma calculations shall be made in good faith by a responsible financial or accounting officer of BP I or BP II. If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligations applicable to such Indebtedness if such Hedging Obligation has a remaining term in excess of 12 months). Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial or accounting officer of BP I or BP II to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP. For purposes of making the computation referred to above, interest on any Indebtedness under a revolving credit facility computed on a pro forma basis shall be computed based upon the average daily balance of such Indebtedness during the applicable period. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rate, shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Issuers may designate.
