PROXY STATEMENT**

The Board of Directors of TechTeam Global, Inc. (TechTeam or the Company) is soliciting proxies for the 2008 Annual Meeting of Stockholders (the Annual Meeting). This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

The Board of Directors of TechTeam (the Board of Directors or the Board) has set March 26, 2008 as the record date for the Annual Meeting. Stockholders of record who owned TechTeam s common stock at the close of business on that date are entitled to vote at and attend the Annual Meeting, with each share entitled to one vote. There were approximately 10,691,188 shares of TechTeam s common stock outstanding on the record date.

QUESTIONS AND ANSWERS

Q: When and where is the Annual Meeting?

A: TechTeam s 2008 Annual Meeting of Stockholders is being held on Wednesday, May 21, 2008, at 10:00 a.m. Eastern Daylight Time at The Townsend Hotel, 100 Townsend Street, Birmingham, Michigan. Please visit www.techteam.com for a map providing directions to the Annual Meeting.

Q: Do I need a ticket to attend the Annual Meeting?

A: No, you will not need a ticket to attend the Annual Meeting. However, we ask that you bring evidence that you are a stockholder of record as of the record date, such as your most recent account statement prior to March 26, 2008.

Q: Why am I receiving this proxy statement and proxy card?

A: You are receiving a proxy statement and proxy card from us because you owned shares of common stock of TechTeam on the record date. This proxy statement describes proposals on which we would like you, as a stockholder, to vote. It also provides you information regarding these proposals so that you can make an informed decision. The proxy card is used for voting.

Q: What am I voting on?

A: You are being asked to vote on:

The election of seven nominees to serve on our Board of Directors; and

The ratification of the appointment of Ernst & Young LLP to serve as TechTeam s independent registered public accounting firm for the year ending December 31, 2008.

Q: What is the effect of signing and returning my proxy card?

A: When you sign and return the proxy card, you appoint Gary J. Cotshott and Michael A. Sosin as your representatives at the Annual Meeting. Mr. Cotshott and Mr. Sosin will vote your shares at the Annual Meeting as you have instructed them on the proxy card. This way, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to vote in advance of the

Edgar Filing: TECHTEAM GLOBAL INC - Form DEF 14A

Annual Meeting just in case your plans change. You can vote in-person at the Annual Meeting, even if you have already sent in your proxy card.

If you sign and return but do not indicate on the proxy card how you want your votes cast, Mr. Cotshott and Mr. Sosin will vote your shares FOR the election of all nominees for director, and FOR the ratification of Ernst & Young LLP as TechTeam's independent registered public accounting firm for the 2008 fiscal year.

If you sign and return the proxy card, and a matter properly comes up for a vote at the Annual Meeting that is not described in this proxy statement, Mr. Cotshott and Mr. Sosin will vote your shares in their discretion.

Table of Contents

Q: How do I vote?

A: There are four possible ways that you may vote, as explained in the detailed instructions on your proxy card. In summary, you may:

Mail in your completed, signed and dated proxy card.

If set forth on your proxy card, you may place your vote via the Internet.

If set forth on your proxy card, you may place your vote by telephone.

Vote in-person by attending our Annual Meeting.

We will pass out written ballots to any stockholder that wishes to vote in-person at the Annual Meeting. If you hold your shares in street name, you must request a legal proxy from your stockbroker in order to vote at the Annual Meeting.

If you vote by Internet or telephone, you do not need to mail in your proxy card. The Internet and telephone voting procedures have been designed to verify stockholders' identities and allow stockholders to confirm that their voting instructions have been properly recorded.

Q: What does it mean if I receive more than one proxy card?

A: It means that you have multiple accounts at the transfer agent and/or with stockbrokers or other nominees. Please complete and provide voting instructions for all proxy cards and voting instruction cards that you receive.

Q: What if I change my mind after I have voted?

A: You may revoke your proxy (that is, cancel it) and change your vote at any time prior to the Annual Meeting by:
Voting again via the Internet or by telephone (only your latest vote will be counted);

Completing, signing and returning another proxy card that is dated after the date of your earlier proxy card (again, only your latest vote will be counted);

Sending written notice to our Corporate Secretary at our principal executive offices in Southfield, Michigan, which notice must be received prior to the date of the Annual Meeting, stating that you would like to revoke your proxy; or

Voting in-person at the Annual Meeting.

If you do not properly revoke your proxy, properly executed proxies will be voted as you specified in your earlier proxy or by the representatives as explained in the proxy statement.

Q: Will my shares be voted if I do not sign and return my proxy card?

A: They could be. If your shares are held in street name and you do not instruct your nominee how to vote your shares, your nominee may either use its discretion to vote your shares on routine matters (such as the election of

directors) or leave your shares unvoted. For non-routine matters, your nominee will not be able to vote on such matters.

We encourage you to provide instructions to your nominee by completing the instruction card or proxy that it sends to you. This will ensure that the nominee votes your shares at the Annual Meeting as you direct.

Q: What is a broker non-vote ?

A: Under the rules that govern brokers who have record ownership of shares that they hold in street name for their clients who are the beneficial owners of the shares, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Broker non-votes generally occur when shares held by a broker nominee for a beneficial owner are not voted with respect to a proposal because the nominee has not received voting instructions from the beneficial owner and lacks discretionary authority to vote the shares. Brokers normally have discretion to vote on routine matters, such as director elections, but not on non-routine matters, such as approving stock option plans.

Q: How are broker non-votes counted?

A: Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of shares entitled to vote on a specific proposal. A broker non-vote will not affect the outcome of any proposal in this proxy statement.

Q: How many shares can be voted at the Annual Meeting?

A: As of the record date, approximately 10,691,188 shares of common stock were outstanding. Each outstanding share of common stock entitles the record holder to one vote on all matters covered in this proxy statement.

Table of Contents

Q: How do I vote if I hold common stock in my TechTeam 401(k) account?

A: If you are a TechTeam employee who is a stockholder through TechTeam's Retirement Savings Plan (the Plan), you will receive a form proxy with respect to all of your shares so registered. You have the right to direct the Trustee of the Plan how to vote the shares allocated to your account.

Q: What is a quorum ?

A: A quorum is the number of shares of common stock that must be present, in-person or by proxy, in order for business to be transacted at the Annual Meeting. The required quorum for the Annual Meeting is a majority of the shares outstanding and entitled to vote at the Annual Meeting. There must be a quorum present for the Annual Meeting to be held. All stockholders present in-person or represented by completed and signed proxy cards, Internet votes and telephone votes, whether representing a vote for, against, withheld, or abstained or a broker non-vote, will be counted toward the quorum.

Q: What is the required vote for a proposal to pass?

A: With regard to the proposal for the election of directors, the required vote is a plurality of the votes of the shares present in-person or represented by proxy at the Annual Meeting. There is no cumulative voting for the election of directors. With regard to each other proposal, the required vote is the affirmative vote of a majority of shares that are (i) present in-person or represented by proxy at the Annual Meeting and (ii) entitled to vote on each such proposal.

Q: How are abstentions and withheld votes counted?

A: Abstentions and withheld votes are counted for the purposes of determining both (i) the presence of a quorum and (ii) the total number of shares entitled to vote with respect to a proposal. Withheld votes will have no effect on the outcome of the election of directors. Abstentions will have the same effect as a vote AGAINST all other proposals being presented at this Annual Meeting.

Q: Who is soliciting my vote?

A: This proxy solicitation is being made by the Board of Directors of TechTeam and will be paid for by the Company. In addition to this solicitation by mail, proxies may be solicited by our directors, officers and other employees by telephone, Internet or fax, in-person or otherwise. Such persons will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of our common stock. We will reimburse such persons and TechTeam's transfer agent for their reasonable out-of-pocket expenses in forwarding such material.

Q: How may I obtain a copy of TechTeam's 2007 Annual Report on Form 10-K?

A: TechTeam's Annual Report to Stockholders, which is being mailed with this proxy statement, includes a copy of the Company's 2007 Annual Report on Form 10-K. Stockholders may request another free copy by submitting a written request to TechTeam Global, Inc., Attention: Investor Relations, 27335 W. 11 Mile Road, Southfield, Michigan, 48033; or by calling 1-248-357-2866; or by visiting our Web site at <http://www.techteam.com/investors>. We will also provide copies of any exhibit to the 2007 Annual Report on

Form 10-K, at no expense, if specifically requested.

CORPORATE GOVERNANCE

TechTeam is committed to sound corporate governance principles, which are essential to running TechTeam's business efficiently and to maintaining TechTeam's integrity in the marketplace. A written charter has been developed and approved by the Board for each of the four standing committees of the Board: Audit, Compensation, Nominating and Governance, and Strategy and Investment. The committee charters are reviewed annually and modified as appropriate. They are available at <http://www.techteam.com/investors> under the heading Governance.

Code of Ethics

The Company has adopted a code of ethics that applies to all of its directors, officers (including its chief executive officer, chief financial officer and any other person performing similar functions) and employees. The Code of Business Conduct is also available on our Web site at <http://www.techteam.com/investors> under the heading Governance.

Director Independence

The Board has determined that each of the nominees standing for election, except Gary J. Cotshott, the Company's President and Chief Executive Officer, has no material relationship with TechTeam (either directly or as a partner, stockholder or officer of an organization that has a relationship with TechTeam) and is independent within the meaning of the NASDAQ® Global Market (NASDAQ) director independence standards as of the date of this proxy statement. Furthermore, the Board has determined that no

Table of Contents

member of the Audit Committee, Compensation Committee or Governance and Nominating Committee has a material relationship with TechTeam (directly or as a partner, stockholder or officer of an organization that has a relationship with TechTeam) and that each such member is independent within the meaning of the NASDAQ independence standards.

Procedures for Contacting Directors

The Board has established a process for stockholders to send communications to the Board. Stockholders may communicate generally with the Board or with a specific director at any time by writing to TechTeam's Secretary at 27335 W. 11 Mile Road, Southfield, Michigan, 48033. The Secretary will review all messages received and forward any message that reasonably appears to be a communication from a stockholder about a matter of stockholder interest that is intended for communication to the Board or a specific director. Communications can also be forwarded by email to bod@techteam.com. The Secretary monitors this email address.

PROPOSAL 1. ELECTION OF DIRECTORS

The stockholders elect TechTeam's directors annually as TechTeam does not have staggered board terms. Each director will serve until the 2009 Annual Meeting of Stockholders, or until he or she is succeeded by another qualified director who has been duly elected. As of the date of this proxy statement, there are nine members of the TechTeam Board of Directors. However, after careful consideration and at the recommendation of the Company's Governance and Nominating Committee, the Board has decided to reduce the number of seats to seven, effective as of the Company's 2008 Annual Meeting of Stockholders. If a nominee is unavailable for election, the proxy holders may vote for another nominee proposed by the Board, or the Board may reduce the number of directors to be elected at the Annual Meeting. During 2007, the Board held sixteen meetings of the Board, which included six separate meetings of the non-employee Board members meeting in Executive Session. The Board has four standing committees: (1) Audit, (2) Compensation, (3) Governance and Nominating and (4) Strategy and Investment. The membership during the last fiscal year and the function of each of the committees are set forth below. Each director attended at least 75% of all Board and applicable Committee meetings.

Lynch, Alok Mohan and Richard R. Widgren) and the Transition Committee (comprised of Alok Mohan). The Audit Committee is also responsible for the review and approval or ratification of any related party transaction required to be reported by the Company, and while the policies and procedures relating to the Audit Committee's review and approval of related party transactions are not in writing, they are evidenced through the minutes of the Audit Committee meetings where a related party transaction is discussed. The Audit Committee works closely with management as well as TechTeam's independent auditors. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from TechTeam for, outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties. The report of the Audit Committee is included in this proxy statement on page 23.

None of the members of the Audit Committee receive compensation from the Company, except in their capacity as directors. Further, the Board has specifically determined that each member is not an affiliate of the Company pursuant to Exchange Act Rule 240.10A-3 (b)(1)(ii)(B). The Board has determined Richard R. The report of the Compensation Committee is included in this proxy statement on page 23. The Compensation Committee has also approved the Compensation Discussion and Analysis contained in this proxy statement (the CD&A) and recommended approval of the CD&A by the Board.

Governance and Nominating Committee

The Governance and Nominating Committee identifies and nominates individuals qualified to become Board members, consistent with criteria approved by the Board, and identifies best practices and recommends corporate governance principles. Other specific duties and responsibilities of the Governance and Nominating Committee include the following: annually assessing the size and composition of the Board; defining specific criteria for director independence; monitoring compliance with Board and Board committee membership criteria; annually reviewing and recommending directors for continued service; coordinating and assisting management and the Board in recruiting new members to the Board; and overseeing the evaluation of the Board.

Consideration of Director Nominees

The Governance and Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Governance and Nominating Committee regularly assesses the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated or otherwise arise, the Governance and Nominating Committee considers various potential candidates for director. Candidates may come to the attention of the Governance and Nominating Committee through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at meetings of the Governance and Nominating Committee and may be considered at any point during the year.

The Board believes that all of its directors should have the highest personal integrity and have a demonstrated record of ability and judgment. There are no firm minimum qualifications or skills that a candidate must possess. The Committee evaluates director candidates on a number of qualifications, including their independence, judgment, leadership ability, expertise in the industry, experience in developing and analyzing business strategies, financial literacy and, for incumbent directors, past performance.

Any stockholder nominations proposed for consideration by the Governance and Nominating Committee should include the nominee's name and qualifications for Board membership, all information relating to each person whom the stockholder proposes to nominate that is required to be disclosed under applicable rules and regulations of the U.S. Securities and Exchange Commission (SEC), and the written consent of the person proposed to be nominated to be named in the proxy statement as a nominee and serve as a director if elected. Nominations should be addressed to:

Corporate Secretary
TechTeam Global, Inc.
27335 W. 11 Mile Road
Southfield, MI 48033

The Governance and Nominating Committee will evaluate a stockholder nominee for director in the same manner as any other proposed nominee.

Strategy and Investment Committee

The purpose of the Strategy and Investment Committee is to work with management to review, assess and recommend to the Board, as a whole, the long-term business goals and strategies of the Company, and to oversee the investment objectives and performance of the Company's investment activities.

Executive Sessions

Executive sessions of non-employee directors are scheduled at the end of each regular meeting of the Board. The sessions are scheduled and chaired by the non-employee Chairman of the Board.

Director Attendance at Annual Meeting

The Company expects each of its director nominees to attend the Annual Meeting.

PROPOSAL 2. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has selected Ernst & Young LLP (Ernst & Young) to serve as TechTeam's independent registered public accounting firm for the fiscal year ending December 31, 2008. The stockholders will be asked to ratify the selection at the Annual Meeting.

Representatives of Ernst & Young are expected to be present at the Annual Meeting, and they will have an opportunity to make a statement if they so desire. They will be available to respond to appropriate questions.

Table of Contents**Information about our Independent Registered Public Accounting Firm**

Ernst & Young, or its predecessors, have audited our consolidated financial statements since TechTeam became a public company in 1987. As our independent registered public accounting firm, Ernst & Young will audit our consolidated financial statements for fiscal 2008 and perform audit-related services in connection with various accounting and financial reporting matters. Ernst & Young also performs certain non-audit services for TechTeam that are permitted under the Sarbanes-Oxley Act of 2002 and related rules of the SEC. The Audit Committee has determined that the provision of audit-related and permitted non-audit services by Ernst & Young is compatible with maintaining Ernst & Young's independence pursuant to the auditor independence rules of the SEC.

Fees of Ernst & Young LLP for 2007

The aggregate fees for professional services by Ernst & Young in 2007 and 2006 were as follows:

Type of Fees	2007	2006
	(in thousands)	
Audit Fees	\$ 809	\$ 1,020
Audit-Related Fees	36	29
Tax Fees	157	129
Total	\$ 1,002	\$ 1,178

In the above table, in accordance with SEC definitions and rules, Audit fees are fees for professional services for the audit of the Company's consolidated financial statements included in Form 10-K, the related assessment of the Company's internal control over financial reporting and disclosure; review of quarterly financial statements included in Form 10-Q; or for services that are normally provided by the independent auditor in connection with statutory and regulatory filings. Audit-related fees are fees for assurance and related services that are reasonably related to the performance of the audit of the Company's financial statements, such as audits of employee benefit plans, accounting consultation and pre-acquisition financial due diligence. Tax fees are fees for tax compliance and tax planning and consulting, including expatriate tax services.

Pre-Approval Policies and Procedures

In 2007, all audit and non-audit services performed by Ernst & Young were approved in advance by the Audit Committee. As permitted by the SEC's rules, the Audit Committee adopted a policy that provides for pre-approval by the Audit Committee of specifically defined audit, non-audit and tax-related services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee has delegated to the Chairman of the Audit Committee authority to approve permitted services provided that the Chairman reports any such decision to the Audit Committee at its next meeting.

Required Vote and Board of Directors Recommendation

The affirmative vote of a majority of votes cast at the meeting, at which a quorum is present, is required to approve this proposal. Abstentions and broker non-votes will each be counted as present for the purposes of determining the presence of a quorum, but will not have any effect on the outcome of the vote.

Compensation Discussion & Analysis

Executive Compensation Policy

Our compensation program is designed to attract and retain highly qualified employees who are properly motivated to enable the Company to achieve superior long-term performance. The Company believes in a total compensation model of compensating its executive officers, which includes:

Compensation based on the level of job responsibility, individual performance and Company performance.

Compensation reflecting the value of the job in the marketplace. To attract and retain a highly skilled work force, the Company must remain competitive with the pay of other employers who compete with the Company for talent.

Compensation that rewards performance but balances the objectives of pay-for-performance and retention to ensure that successful, high-achieving employees will remain motivated and committed to the Company in periods of temporary downturns in Company performance.

Compensation of our executive officers that fosters the long-term focus required for success in our industry.

The Committee's Processes

During each fiscal year, the Compensation Committee (the Committee) reviews each element of an executive officer's compensation history and compares the executive officer's compensation with that of an appropriate market comparison group. Typically, for existing employees, the Committee receives a performance assessment and compensation recommendation from the chief executive officer for each named executive officer. The performance evaluation of each executive is based on his or her achievement of objectives mutually agreed upon by the executive and the chief executive officer, his or her contribution to the Company's performance, and other leadership accomplishments. For new employees, the chief executive officer provides a recommendation to the Committee regarding the appropriate total compensation appropriate for the position. The Committee has the discretion to accept or modify the chief executive officer's recommendations. The Committee also evaluates the compensation of the chief executive officer, who is absent from those deliberations, and makes a recommendation to the Board of Directors regarding the chief executive officer's compensation.

In February 2008, the Company hired Gary J. Cotshott to replace William C. Brown as President and Chief Executive Officer. As a result, it is anticipated that the CEO and the Committee will be re-evaluating the Company's executive compensation philosophy, policies and practices.

Elements of Executive Compensation

Our executive compensation package includes salary, performance-based cash bonuses, restricted stock awards, stock option awards, life and disability insurance, and perquisites. The following is an analysis of the considerations used in establishing each of the components for the named executive officers.

Base Salary

A competitive salary in light of industry and market conditions is required to attract executive officers that are capable of leading the Company to meet its objectives. Base salary is the guaranteed element of an employee's annual cash compensation. The value of base salary is intended to reflect the employee's long-term performance, skill set and the market value of that skill set.

The Company's President and CEO during 2007, William C. Brown, did not receive an increase in his base salary during 2007. His base salary was established in 2006 through negotiations between Mr. Brown and the Company at the time of his hire. During the search process, the Board worked with Korn/Ferry International (the CEO search firm) to establish the compensation required to retain a qualified CEO. The base salary for Mr. Brown was consistent with the market rate based on information provided by Korn/Ferry International.

Messrs. Gumber, Lichtman and Neut received pay increases in May 2007 based upon Mr. Brown's recommendation to the Committee. In determining his recommendation, Mr. Brown analyzed and evaluated the individual's performance and compensation history, the market value of the skill set, as well as the salary consistency for executive officers as a whole. Mr. Gumber received a 3% increase to \$231,750. Mr. Lichtman received a 4% increase to \$178,880, and Mr. Neut received a 10.5% increase to \$198,000, in part based upon his added responsibilities as Senior Vice President, EMEA. As the leader of the Company's Government Solutions business unit, Mr. Kelly declined to participate in the Company's customary annual merit increase schedule in May 2007 in order to control the business unit's expenses. In November 2007, Mr. Kelly received a 10% increase to \$264,000. Mr. Brown's recommendation for Mr. Kelly's increase was based upon the same information noted above for Messrs. Gumber, Lichtman and Neut.

Table of Contents**Performance-Based Cash Bonus**

The Company has established an annual performance-based cash bonus program (the Annual Incentive Plan or AIP) in order to align employees' goals with the Company's revenue and net income objectives for the bonus year. For 2007, a participant's AIP cash bonus was based on four factors: (1) the target bonus percentage; (2) achieving the Company's adjusted net income target; (3) achieving the Company's revenue target; and (4) the individual's performance on pre-set individual objectives.

The target bonus is based on job responsibilities and independent peer group data received from outside compensation consultants in 2006. The Company's objective was to set bonus targets such that total annual cash compensation was within the broad middle range of peer group companies, and to ensure a substantial portion of that compensation was linked to Company performance. Consistent with our executive compensation policy, individuals with greater job responsibilities had a greater proportion of their total cash compensation tied to Company performance through the bonus plan. The named executive officer's bonus targets for 2007 (expressed as a percentage of base salary) were: Mr. Brown, 50%; Mr. Kelly, 45%; Mr. Neut, 45%, Mr. Gumber, 40%, and Mr. Lichtman, 40%.

Each metric (adjusted net income, revenue and individual objectives) is allocated a percentage of the officer's target bonus. For Mr. Brown, as Chief Executive Officer, 100% of his bonus was based upon the Company meeting its financial performance targets. For Messrs. Kelly and Neut, 75% of their respective bonuses were based upon the Company meeting its financial performance targets, and 25% of their respective bonus was based upon meeting their individual objectives. For Messrs. Gumber and Lichtman, 50% of their respective bonuses were based upon the Company meeting its financial performance targets, and 50% of their respective bonus was based upon meeting their individual objectives. The Committee believes that this mix of performance measures encourages employees to focus appropriately on growing revenue, delivering appropriate levels of net income and completing their non-financial objectives that are important for the Company's continuing success. These metrics are also effective motivators because they are easy to track and clearly understood by employees. Under the plan formula, payouts to named executive officers could have ranged from zero to 180% of target depending on Company performance. However, the Company must meet 80% of the target adjusted net income metric for any bonus under the AIP to become due.

For 2007, the Board initially set performance requirements of \$190.5 million in annual revenue and \$7.98 million in adjusted net income. Inasmuch as the Company acquired three companies in 2007, and the AIP did not specifically address how the results from acquisitions affected the target, the Committee determined, in accordance with its discretion under the AIP, that the 2007 financial targets should be modified to include the projected financial results of the acquisitions. Accordingly, the performance requirements were modified to \$224.4 million in annual revenue and \$9.97 million in adjusted net income. The Company did not meet the required 80% of adjusted net income threshold for the payment of bonuses to named executive officers in 2007.

Nevertheless, pursuant to its discretionary authority, the Committee recommended, and the Board approved, cash bonus payments to named executive officers in recognition of: (1) the solid progress made by management during 2007, including leading to the improvement in the Company's financial results; (2) the challenges caused by the CEO transition process and its effect on the Company's 2007 financial results; and (3) the importance of providing incentive to retain management personnel who performed well during the transition. The amounts paid to the named executive officers are included in the Summary Compensation Table under Bonus.

Equity Incentives – Total Equity Program

We employ two forms of equity incentives under the TechTeam Global, Inc. 2006 Incentive Stock and Awards Plan: stock options and restricted stock awards. The Committee believes that incentives foster the long-term perspective necessary for continued success in our business, and they ensure that our executives are properly focused on increasing stockholder value.

Options. The Company strongly believes that stock options provide its executive officers with the chance to benefit from the Company's long-term growth and profitability. As the value of options is based on the Company's common stock price, the executive officers' interests are closely aligned with the interests of the Company's stockholders. The use of vesting periods assist the Company in retaining key employees because the stock options are forfeited if the key employee does not exercise the option within 90 days after leaving the employment of the Company. The Company has not repriced options; likewise, if the stock price declines after the grant date, the

Company has not replaced options.

In 2007, the Company made two option awards to each named executive officer. In June 2007, Messrs. Gumber, Kelly, Neut and Lichtman received options to purchase 5,000, 9,200, 9,200 and 5,000 shares, respectively. These awards were based upon a

¹ Adjusted Net Income is the net income of the Company for the Measurement Period as reported in the Company's Annual Report on Form 10-K, before the recognition of the expense and the associated tax benefit of the bonus pool, and excluding net interest income or expense and the associated tax liability or benefit resulting from that net interest income or expense.

Table of Contents

recommendation from Mr. Brown to the Committee, and the amounts were determined by his evaluation and analysis of the appropriate amount of annual equity for the position of the named executive officer. In November 2007, the Board, based upon the recommendation of the Committee awarded each of Messrs. Kelly and Neut options to purchase 40,000 shares and each of Messrs. Gumber and Lichtman options to purchase 25,000 shares. This grant of equity was primarily focused on the retention of key employees during the period of CEO leadership transition. All of the options awarded in 2007 have an exercise price equal to the market price on the date of grant, a ten-year term and vest in equal installments over four years.

Incentive Equity. Restricted stock awards to named executive officers are made under the Company's Long-Term Incentive Plan (the "LTIP") approved in 2003. Under the LTIP, awards of restricted stock are based upon the attainment of the Company's operating income targets set at the beginning of each year for a rolling three-year period. If the cumulative operating income targets have been met over the three-year term, restricted stock will be granted to the executive with a value equal to a specified percentage of his base salary. The size of the award is dependent upon the percentage attainment of the three-year operating income target, determined by dividing the actual operating income for three-years by the three-year target operating income. If the Company achieves at least 80% of the rolling three year target, a restricted stock award will be granted. Between 80 and 89%, restricted stock valued at 50% of the executive's target will be awarded. Between 90 and 99%, restricted stock valued at 75% of the executive's target will be awarded. If the percentage is 100% or better, the executive officer will receive restricted stock valued at the factor of his target multiplied by the percentage the Company exceeded the cumulative three-year target.

In 2007, Mr. Brown's target was 30% of his base salary; Messrs. Kelly and Neut's target was 25% of their base salary, and Messrs. Gumber and Lichtman's targets were 20% of their base salary. The aggregate operating income for the past three-years was above 80%, and therefore the plan provided the participants with an award of one-half of their target award. Restricted stock awards were made to Messrs. Brown, Gumber, Kelly, Lichtman and Neut in the following numbers of shares, respectively: 6,784; 2,650; 3,534; 2,026; and 4,140. Except for the shares awarded to Mr. Brown, which vested immediately under the Amendment to his Employment and Non-competition Agreement, these shares will vest in equal amounts over four years after the date of grant.

Employee and Post-Employment Benefits

The Company offers core employee benefits coverage in order to provide our global workforce with a reasonable level of financial support in the event of illness or injury and in order to enhance productivity and job satisfaction.

The benefits available are the same for all U.S. employees and named executive officers and include medical and dental coverage and life insurance. In addition, the Company maintains a 401(k) Plan in which all U.S. employees, including executive officers, are entitled to participate. Messrs. Brown, Gumber and Lichtman participated in the Company's 401(k) Plan and received matching contributions in Company stock up to three percent of their salary. Mr. Kelly participated in the 401(k) Plan provided to the employees of TechTeam Government Solutions, Inc., and received a matching contribution of up to three percent of his salary.

In addition to the standard benefits offered by the Company, executive officers in the U.S. are eligible to participate in the Company's Executive Benefits Program. An executive receives life insurance for up to three times his base salary or a maximum of \$500,000 coverage. Executives may also apply for long-term disability insurance, which pays 67% of base salary, up to a maximum of \$10,000 per month, for qualified disabilities. These benefits are paid for by the Company.

Mr. Neut receives benefits available for all Belgium employees, including luncheon vouchers and representation vouchers. The Company also provides him with payments for a retirement plan, which amount was equal to \$14,396 for 2007.

Perquisites

The Company does not provide significant perquisites or personal benefits to its named executive officers, except that the Company pays for Mr. Brown's apartment in Birmingham, Michigan. Further, it leases automobiles for Messrs. Brown and Neut. The perquisites for Mr. Brown were negotiated in his employment agreement in lieu of any relocation expenses. The perquisites paid to the named executive officers in 2007 are further described in footnote (4) to the Summary Compensation Table included below in this proxy statement.

Employment Contracts

On February 3, 2006, the Company entered into an Employment and Non-Competition Agreement with Mr. Brown (the Employment Agreement). The term of the Employment Agreement is for three-years commencing, on February 16, 2006. In November 2007, the Company and Mr. Brown agreed that his Employment Agreement would not be renewed. Accordingly, on November 2, 2007, the Company and Mr. Brown agreed to modify his Employment Agreement and entered into Amendment To Employment and Noncompetition Agreement (Amendment). The Amendment provides, among other things, that: (1) all unvested stock-based awards (options and restricted stock) then outstanding or issued as a result of the 2007 LTIP awards would become immediately vested on the date of his resignation as President and Chief Executive Officer, (2) Mr. Brown will have until

Table of Contents

February 15, 2010, to exercise any outstanding stock options, and (3) Mr. Brown will be paid a bonus for fiscal 2008 of not less than \$75,000. Mr. Brown resigned as President and Chief Executive Officer on February 11, 2008.

Mr. Brown remains employed by the Company, and the other terms of his Employment Agreement remain in effect. His employment will terminate automatically upon his death or disability, and the Company may terminate Mr. Brown's employment only for cause, which includes, but is not limited to; (1) any material breach of the Employment Agreement by Mr. Brown, which is not remedied within thirty (30) days after written notice thereof; (2) Mr. Brown's conviction of a felony or other crime involving moral turpitude, or any act or omission by him during his employment involving willful malfeasance or gross negligence in the performance of his duties hereunder; or (3) Mr. Brown's failure to follow the reasonable instructions given in good faith by the Board, which failure is not remedied within thirty (30) days after written notice thereof. He is entitled to participate in all benefits and executive perquisites under the Company's benefit plans, practices, policies, and programs to the extent generally applicable to other executives of the Company, and the Company is still leasing a car and an apartment for his use. The Agreement also provides certain covenants by Mr. Brown not to compete with TechTeam during the term of the Agreement and for a period of one year thereafter.

Christoph Neut, Senior Vice President, EMEA, is an employee of TechTeam Global NV/SA, the Company's Belgian subsidiary. Mr. Neut has an employment contract with TechTeam Global NV/SA that is similar in material aspects to the employment contracts for other employees of TechTeam Global NV/SA.

Other than Employment Agreements Relating to a Change of Control discussed under Severance Benefits below, the Company does not have employment agreements with any of its other named executive officers.

Severance Benefits

Under Mr. Brown's employment agreement, as described above, if Mr. Brown is dismissed from his position without cause, as defined in the employment agreement, Mr. Brown will be entitled to payment of his base salary for the remaining term of his agreement. Mr. Neut is a party to an employment agreement subject to the laws of Belgium, which provides severance protection that is dependent upon his salary and the length of time that he has been employed. Based upon the formula utilized by the Belgian courts in determining the amount of the severance protection provided, the Company the severance expense could be in excess of \$500,000.

Messrs. Kelly, Gumber and Lichtman are entitled to severance benefits under the Company's Executive Separation Policy Statement if they are terminated without cause, as defined in the policy statement. Cause is defined as any one of the following: (1) conviction of a felony or conduct with respect to his duties that are fraudulent or materially illegal; (2) use of illegal drugs or the abuse of alcohol; (3) willful neglect of duties or negligence in the performance of his duties which materially affects the Company or an affiliate's business, or two consecutive failing performance evaluations; or (4) failure to follow reasonable instructions given in good faith by the Board of Directors. Under this policy, they are entitled to a lump-sum severance payment of salary and medical benefits for a period of six months after termination. After being employed by the Company for five years, the severance benefits increases to one year after termination. Messrs. Kelly, Gumber and Lichtman have all been employed less than five years. Mr. Gumber and Mr. Lichtman will have been employed for five years on October 6, 2008 and December 8, 2008, respectively. Currently, the Company estimates the severance expense for Messrs. Gumber, Kelly and Lichtman to be approximately \$125,000, \$145,000, and \$100,000, respectively. Under this policy, in order to provide incentives for the executive to remain employed by the Company, an executive's unexercised vested stock options must be exercised within 90 days of termination, and the unvested restricted stock or options are forfeited at the termination of employment.

The Company has adopted a change-in-control severance pay program for executive officers that do not have employment contracts. The program is intended to preserve employee morale and productivity and encourage retention in the face of the disruptive impact of an actual or rumored change in control of the Company. In addition, for executives, the program is intended to align executive and stockholder interests by enabling executives to consider corporate transactions that are in the best interests of the stockholders and other constituents of the Company without undue concern over whether the transactions may jeopardize the executives' own employment.

Each of Messrs. Kelly, Gumber and Lichtman has entered into an Employment Agreements Relating to Change of Control that provides him with severance benefits in the case of a change in control of TechTeam. These agreements

provide these executives, in the event of their involuntary termination after a change in control, with (i) a lump-sum payment by TechTeam of 100% of their respective base annual salary, (ii) accelerated vesting of all unvested options to purchase common stock of TechTeam, (iii) employee benefits for a one-year period, and (iv) one year of Company-paid outplacement services. Change of Control is defined in the agreement as: (1) the sale of (a) all then outstanding shares of common stock of TechTeam or (b) 51% of outstanding voting securities of TechTeam entitled to vote generally in the election of the directors; or (2) the consummation of the sale or other disposition of all or substantially all of the assets or operations of TechTeam.

Table of Contents*Deductibility Cap on Executive Compensation*

Section 162(m) of the Internal Revenue Code provides, in general, that compensation to certain individual executives during any year in excess of \$1 million is not deductible by a public company. The Committee believes that, given the range of salaries and number of stock options of executive officers, the \$1 million threshold will not be reached by an executive officer of TechTeam in the near future. Accordingly, the Committee has not considered what its policy regarding compensation not qualifying for tax deductibility might be. The Committee will assess this issue when it appears the threshold may be reached.

Compensation Consultants

Consistent with the Committee's charter, the Committee may retain the services of independent compensation experts. In 2007, the Committee did not retain the services of any compensation consultants to provide them with competitive salary data for executive officers.

2008 Compensation Decisions

In February 2008, the Company entered into an Employment and Non-competition Agreement with its new President and Chief Executive Officer, Gary J. Cotshott (Cotshott Employment Agreement). In negotiating this agreement, the Committee established a strong equity component to Mr. Cotshott's compensation because it believes that a major share of the CEO's total compensation needs to be driven by the Company's consistent delivery of solid financial results.

Under the Cotshott Employment Agreement, Mr. Cotshott will receive: (1) an initial annual base salary of \$350,000; (2) non-qualified stock options to purchase 300,000 shares, which (i) vest in equal quarterly installments over four years, starting at the end of the 1st quarter of 2008, (ii) have a ten-year term, and (iii) bear a strike price equal to the closing price of the Company's common stock on February 11, 2008; (3) 50,000 shares of restricted stock, which vest in equal quarterly installments over four years starting at the end of the 1st quarter of 2008; and (4) annual option grants for four years, starting in 2009, for a minimum of 50,000 shares. Mr. Cotshott is eligible to participate in the Company's Annual Incentive Plan and the Executive Long-Term Incentive Plan during 2008, and he is guaranteed a cash bonus for fiscal 2008 of at least \$126,000 under the Annual Incentive Plan. Mr. Cotshott will be entitled to participate in all benefits and executive prerequisites under the Company's benefit plans, and he will receive up to \$35,000 toward medical insurance reimbursement, professional financial and tax assistance, and annual medical examinations.

Either TechTeam or Mr. Cotshott may terminate the Agreement without cause. TechTeam can terminate the Agreement with Cause, and Mr. Cotshott can terminate the Agreement for Good Reason or under certain circumstances upon a Change of Control. The Agreement will also terminate upon Mr. Cotshott's death or disability.

Cause includes: (1) an act of fraud, embezzlement, theft, or other similar material dishonest conduct in connection with his employment; (2) his willful and continued failure to substantially perform the principal aspects of the his duties, which continues after fourteen (14) days written notice; (3) an intentional action or failure to act by him that is materially injurious to the Company; (4) any act or omission by him involving malfeasance or gross negligence in the performance of his duties hereunder; and/or (5) his failure to follow the reasonable and lawful instructions given in good faith by the Board. Good Reason includes: (a) violation by the Company of this Agreement, which remains uncured after such breach for (60) days; (b) he is required to relocate outside the greater metropolitan Austin, Texas area; or (c) the Company reduces or reassigns, in any material aspect, any of his offices, titles, duties or responsibilities, reporting requirements, authority or prerogatives or removes him from any position in the Company, including membership on the Board of Directors. A Change of Control of the Company means: (i) any merger, consolidation, recapitalization of the Company or the sale or other transfer of greater than 50% of all then outstanding voting shares of the Company entitled to vote generally in the election of the directors; (ii) the consummation of the sale, lease, dissolution or other transfer or disposition of all or a majority of the assets or operations of the Company; or (iii) a change in composition of the Board of Directors involving a majority of the then current incumbent directors as a result of either an actual or threatened election contest, as such terms are used in Rule 14a-11 under the Securities Exchange Act of 1934, as amended.

Further, the Agreement requires Mr. Cotshott to maintain the confidentiality of TechTeam's confidential information, not to compete with TechTeam during his employment and for one year after the termination of the

Agreement, or solicit TechTeam's employees or customers during the term of the Agreement and two years thereafter.

The Company anticipates that the new CEO and the Committee will conduct a thorough review of the Company's executive compensation philosophy, processes and practices during 2008.

Deferred Compensation Program

The Company provides a non-qualified deferred compensation plan to its management. The Supplemental Retirement Savings Plan (SRSP) enables executives to defer up to 17% of their compensation to the Company's 401(k) and SRSP combined. Deferral elections are made in December for the upcoming plan year and are irrevocable for that one year. Elections for deferrals on bonus compensation must be made by June 15. None of the named executive officers participate in the SRSP.

Retirement Benefits

We maintain two 401(k) plans, which are defined contribution plans qualified under sections 401(a) and 401(k) of the Internal Revenue Code, under which our U.S. employees, including named executive officers, may participate. Eligible employees may elect to contribute a portion of their salary to the plan, and the Company provides matching contributions on the employees' contributions for 100% of the first 1% and 50% of the next 5% of the employee's base salary. The TechTeam Global, Inc. 401(k) plan pays this matching contribution in Company stock, and Messrs. Brown, Lichtman and Gumber participate in this Plan. Mr. Kelly participates in the TechTeam Government Solutions 401(k) Plan and Trust.
