PROXY STATEMENT

Proxy Voting: Questions & Answers

Q: Who is entitled to vote?

A: Shareholders of record who held common stock of SCI at the close of business on March 15, 2007 are entitled to vote at the 2007 Annual Meeting. As of the close of business on that date, there were outstanding 294,610,236 shares of SCI common stock, \$1.00 par value (Common Stock).

Q: What are shareholders being asked to vote on?

A: Shareholders are being asked to vote on the following items at the 2007 Annual Meeting:

Election of three nominees to the Board of Directors.

Approval of PricewaterhouseCoopers LLP as SCI's independent registered public accounting firm for the 2007 fiscal year.

Approval of the Amended 1996 Incentive Plan.

The Company will also transact such other business as may properly come before the meeting. The affirmative vote of a majority of the total shares represented in person or by proxy and entitled to vote at the 2007 Annual Meeting is required for approval of each of the proposals.

Q: How do I vote my shares?

A: You can vote your shares using one of the following methods:

Vote through the Internet at www.proxyvote.com using the instructions on the proxy card.

Vote by telephone using the toll-free number shown on the proxy card.

Complete, sign and return a written proxy card in the pre-stamped envelope provided.

Attend and vote at the meeting.

Internet and telephone voting are available 24 hours a day, and if you use one of those methods, you do not need to return a proxy card. Unless you are planning to vote at the meeting, your vote must be received on or before May 8, 2007.

Even if you submit your vote by one of the first three methods mentioned above, you may still vote at the meeting if you are the record holder of your shares or hold a legal proxy from the record holder. Your vote at the meeting will constitute a revocation of your earlier voting instructions.

Q: What if I want to vote in person at the Annual Meeting?

A: The Notice of Meeting provides details of the date, time and place of the 2007 Annual Meeting, if you wish to vote in person.

Table of Contents

Q: How does the Board of Directors recommend voting?

A: The Board of Directors recommends voting:

FOR each of the three nominees to the Board of Directors. Biographical information for each nominee is outlined in this Proxy Statement under Election of Directors .

FOR approval of PricewaterhouseCoopers LLP as SCI's independent registered public accounting firm (the independent accountants) for the 2007 fiscal year.

FOR approval of the Amended 1996 Incentive Plan.

Although the Board of Directors does not contemplate that any nominee will be unable or unwilling to serve, if such a situation arises, the proxies that do not withhold authority to vote for directors will be voted for a substitute nominee(s) chosen by the Board.

Q: If I give my proxy, how will my stock be voted on other business brought up at the Annual Meeting?

A: By submitting your proxy, you authorize the persons named on the proxy card to use their discretion in voting on any other matter properly brought before the Annual Meeting. At the date hereof, SCI does not know of any other business to be considered at the Annual Meeting.

Q: Why is it important to vote via the internet or telephone, or send in my proxy card so that it is received on or before May 8, 2007?

A: The Company cannot conduct business at the Annual Meeting unless a quorum is present. A quorum will only be present if a majority of the outstanding shares of SCI common stock as of March 15, 2007 is present at the meeting in person or by proxy. It is for this reason that we urge you to vote via the internet or telephone or send in your completed proxy card(s) as soon as possible, so that your shares can be voted even if you cannot attend the meeting.

Q: Can I revoke my proxy once I have given it?

A: Yes. Your proxy, even though executed and returned, may be revoked any time prior to the time that it is voted at the Annual Meeting by a later-dated proxy or by written notice of revocation filed with the Secretary, James M. Shelger. Alternatively, you can attend the Annual Meeting, revoke your proxy in person, and vote at the meeting itself.

Q: How will the votes be counted?

A: Each properly executed proxy received in time for the 2007 Annual Meeting will be voted as specified therein, or if a shareholder does not specify how the shares represented by his or her proxy are to be voted, such shares shall be voted for the nominees listed therein (or for other nominees as provided above), for approval of the selection of PricewaterhouseCoopers LLP as the Company's independent accountants and for approval of the Amended 1996 Incentive Plan. Holders of SCI common stock are entitled to one vote per share on each matter considered at the Annual Meeting. In the election of directors, a shareholder has the right to vote the number of his or her shares for as many persons as there are to be elected as directors. Shareholders do not have the right to cumulate votes in the election of directors. Abstentions are counted towards the calculation of a quorum. An abstention has the same effect as a vote against a proposal, or in the case of the election of directors, as shares to which voting power has been withheld.

Q: What if my SCI shares are held through a bank or broker?

A: If your shares are held through a broker or bank, you will receive voting instructions from your bank or broker describing how to vote your stock. A broker non-vote refers to a proxy that votes on one matter, but indicates that the

holder does not have the authority to vote on other matters. Broker non-votes will have the following effects at our Annual Meeting: for purposes of determining whether a quorum is present, a broker non-vote is deemed to be present at the meeting; for purposes of the election of directors and other matters to be voted on at the meeting, a broker non-vote will not be counted.

Q: How does a shareholder or interested party communicate with the Board of Directors, committees or individual directors?

A: Any shareholder or interested party may communicate with the Board of Directors, any committee of the Board, the non-management directors as a group or any director, by sending written communications addressed

to the Board of Directors of Service Corporation International, a Board committee, the non-management directors or such individual director or directors, c/o Corporate Secretary, Service Corporation International, 1929 Allen Parkway, Houston, TX 77019. Table of Contents

Board Composition and Meetings

The Board of SCI is comprised of a majority of independent directors. The Audit, Compensation and Nominating and Corporate Governance Committees of the Board are all comprised entirely of directors who are independent within the meaning of Securities and Exchange Commission regulations and the listing standards of the New York Stock Exchange. The Board of Directors held five meetings in 2006. Each Board member attended at least 75% of the total number of meetings of the Board and Board committees on which he served. Although the Board does not have a policy on director attendance at annual meetings, eight Board members attended the Company's 2006 Annual Meeting of Shareholders.

Consideration of Director Nominees

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. The Committee may also retain a third-party executive search firm to identify candidates. A shareholder who wishes to recommend a prospective nominee for the Board should notify the Company's Corporate Secretary in writing with whatever supporting material the shareholder considers appropriate. To be considered, the written recommendation from a shareholder must be received by the Company's Corporate Secretary at least 120 calendar days prior to the anniversary of the date of the Company's Proxy Statement for the prior year's Annual Meeting of Shareholders.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Committee will consider the available information concerning the nominee, including the Committee's own knowledge of the prospective nominee, and may seek additional information or an interview. If the Committee determines that further consideration is warranted, the Committee will then evaluate the prospective nominee against the standards and qualifications set out in the Company's Corporate Governance Guidelines, including:

- the prospective nominee's integrity, character and accountability;
- the prospective nominee's ability to provide wise and thoughtful counsel on a broad range of issues;
- the prospective nominee's financial literacy and ability to read and understand financial statements and other indices of financial performance;
- the prospective nominee's ability to work effectively as part of a team with mature confidence;
- the prospective nominee's ability to provide counsel to management in developing creative solutions and in identifying innovative opportunities; and
- the commitment of the prospective nominee to prepare for and attend meetings and to be accessible to management and other directors.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. After completing this process, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

Director Independence

In August 2003, the Board adopted its Corporate Governance Guidelines. The Guidelines incorporate the director independence standards of the New York Stock Exchange. The portion of the Guidelines addressing director independence is as follows:

3.1 Board Independence

The majority of the Board of Directors of SCI will be comprised of independent directors, meaning directors who have no material relationship with SCI (either directly or as a partner, shareholder, or officer of an organization that has a material relationship with SCI). In addition, the Audit, Compensation, and

Table of Contents

Nominating and Corporate Governance Committees of SCI will be comprised entirely of independent directors.

The Nominating and Corporate Governance Committee of SCI will review the independence of SCI's directors on an ongoing basis to ensure that Board and Board committee composition is consistent with these principles and with the rules of the New York Stock Exchange and/or other applicable rules.

Pursuant to the Guidelines, the Board undertook a review of director independence in February 2007. For this review, the Board considered the findings and recommendations of the Nominating and Corporate Governance Committee. The Board and the Committee considered transactions and relationships between each director or any member of his immediate family and the Company and its subsidiaries and affiliates, including those reported under "Certain Transactions" below.

As a result of this review, the Board affirmatively determined that all of the directors are independent of the Company and its management under the standards set forth in the Guidelines, with the exception of R. L. Waltrip, Thomas L. Ryan and W. Blair Waltrip. Messrs. R. L. Waltrip and Ryan are considered inside directors because of their employment as senior executives of the Company. Mr. W. Blair Waltrip is considered a non-independent director because he is the son of an executive officer, Mr. R. L. Waltrip.

With respect to Dr. Williams, the column also includes a portion of earnings on his deferred meeting fees. Of the total \$14,941 in interest accrued for Dr. Williams' deferred account, \$2,886 is considered above market under SEC rules and included in this column.

(2) Amounts in this column are discussed under Use of Company Aircraft below.

Stock Award: Annual Retainer

Under the Amended and Restated Director Fee Plan, all outside directors receive an annual retainer of 10,000 shares of Common Stock of SCI or, at each director's option, deferred Common Stock equivalents. The award is made once a year on the date of the Annual Meeting of Shareholders. Accordingly, each outside director received 10,000 shares of Common Stock or deferred Common Stock equivalents on May 11, 2006. The fair market value of the award is set forth in the column Stock Awards in the table above. For dividends pertaining to a director's deferred Common Stock equivalents, the dividends are reinvested in additional deferred Common Stock equivalents based on the fair market value of Common Stock on the dividend record date.

Meeting Fees

In addition to the annual retainer, all outside directors receive \$10,000 for each Board meeting attended and receive a further attendance fee for each Committee meeting attended as follows: Audit Committee Chair \$6,000, each other

committee chair \$5,000, Audit Committee members \$4,000, and each other committee member \$3,000. The total meeting fees for each director is set forth in column Fees earned or paid in cash in the table above.

Directors may elect to defer all or any of their meeting fees. The account balance of any deferred fees accrue interest at a rate equal to the weighted average interest rate of SCI's consolidated debt as published in our Annual Report.

Directors Retirement Plan

Effective January 1, 2001, the Non-Employee Directors Retirement Plan was amended such that only years of service prior to 2001 are considered for vesting purposes. Non-employee directors who served on the Board prior to that time and were participants in the plan are entitled to receive annual retirement benefits of \$42,500 per year for ten years, subject to a vesting schedule, based on their years of Board service. Retirement benefits vested in 25% increments at the end of five, eight, eleven and fifteen years of credited service, except that the benefits vest completely in the event of death while the participant is still a member of the Board or in the event of a change of control of SCI (as defined in the plan). The increases in the actuarial present values of benefits under the plan are reflected in the column Change in Pension Value and Nonqualified Deferred Compensation Earnings in the table above.

Use of Company Aircraft

Each outside director is allowed to use two aircraft leased by the Company under cancelable leases for a maximum of 25 flight hours per year for personal reasons. The director must reimburse the Company for any such usage at an hourly rate pursuant to a time-sharing agreement governed by Federal Aviation Regulations. The Company also values such usage on the basis of the incremental cost to the Company of such use. The cost includes the average cost of fuel used, direct costs incurred such as flight planning services and food, and an hourly charge for maintenance of engine and airframe. For 2006, the incremental cost of personal use of Company aircraft, less the amounts reimbursed from the directors to the Company, are reflected in the column All Other Compensation in the table above.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Company's executive compensation policies are designed to provide aggregate compensation opportunities for our executives that are competitive in the business marketplace and that are based upon Company and individual performance. Our foremost objectives are to:

align executive pay and benefits with the performance of the Company; and

attract, motivate, reward and retain the broad-based management talent required to achieve our corporate directives.

Role of the Compensation Committee

The Compensation Committee of the Company reviews the executive compensation program of the Company to ensure that it is adequate to attract, motivate and retain well-qualified executive officers who will maximize shareholder returns and that it is directly and materially related to the short-term and long-term objectives of the Company and its stockholders as well as the operating performance of the Company. To carry out its role, among other things, the Compensation Committee:

reviews appropriate criteria for establishing performance targets for executive compensation;

determines appropriate levels of executive compensation by annually conducting a thorough competitive evaluation, reviewing proprietary and proxy information, and consulting with and receiving advice from an independent executive compensation consulting firm;

ensures that the Company's executive stock plan, long-term incentive plan, annual incentive compensation plan and other executive compensation plans are administered in accordance with compensation objectives; and

approves all new equity-based compensation programs.

Compensation Philosophy and Process

The Company's compensation philosophy as implemented through the Compensation Committee is to match executive compensation with the performance of the Company and the individual by using several compensation components for our executives. The components of our compensation program for our executives consist of:

annual base salaries;

annual performance-based incentives paid in cash;

long-term performance-based incentives delivered in stock options, restricted stock and performance units;

retirement plans providing for financial security.

Our overall compensation philosophy is to target our direct compensation for executives within the range of the market median of the Comparison Group as discussed below, with opportunities to exceed the targeted median

compensation levels through annual performance-based incentives paid in cash and through long-term performance-based incentives. We believe these targeted levels are appropriate in order to motivate, reward, and retain our executives, who each have leadership talents and expertise that make them attractive to other companies.

Compensation decisions are made by our Compensation Committee, based in part on input from Towers Perrin, the Compensation Committee's third-party independent consultant. Towers Perrin is retained by and reports directly to the Compensation Committee, which has the authority to approve Towers Perrin's fees and any other terms of engagement. Clark Consulting is retained by and reports directly to the Compensation Committee and provides advice as to executive benefit programs such as executive life insurance benefits and deferred

Table of Contents

compensation arrangements. Annually, the Compensation Committee reviews the fee structure and services provided by their compensation and benefits independent consultants in order to affirm their continuation as consultants or to assist the Compensation Committee in the selection of new consultants, if appropriate.

In November of each year, Towers Perrin presents to the Compensation Committee comparative data, including benchmarking results discussed below. For the Chairman and the CEO, the Compensation Committee is exclusively responsible for the determination of all components of compensation and does not receive input or recommendations from Company management. For other Named Executive Officers, the Compensation Committee receives additional recommendations from our CEO and our Vice President Human Resources for base salary and long-term incentive compensation. In February, the Compensation Committee reviews the data and recommendations and sets the compensation components of annual base salary, annual performance-based incentives and long-term incentives for that year.

Named Executive Officers

The summary compensation tables set forth in this proxy statement show total compensation for our chief executive officer, our chief financial officer, the three next most highly compensated executive officers, and our former chief financial officer, who served in such capacity until June 30, 2006. The references to Named Executive Officers in this discussion exclude Mr. Curtiss, our former chief financial officer. A discussion of his compensation is set forth separately below under **Certain Information with Respect to Officers and Directors** **Executive Employment Agreements** **Former Executive Officer**.

Benchmarking Tools

In reviewing the appropriate range of overall compensation and the appropriate ranges of the components of compensation, the Compensation Committee uses benchmarking tools and surveys presented by Towers Perrin. The published and private survey sources consisted of Towers Perrin 2006 Executive Compensation Database and 2006 Long-Term Incentive Plan Report. Competitive data from the published/private survey sources represent pay rates for similar positions in general industry companies with annual revenues that are similar to SCI. We refer to those companies as the **Comparison Group**. Where available, Towers Perrin uses single regression data to develop the compensation statistics used for comparison purposes.

In addition, Towers Perrin performs a proxy comparison analysis of the top five officer positions among the group of 36 companies which comprise the Value Line Diversified Companies Index (the **Value Line Group**). The Company's Performance Unit Plan measures total shareholder return (**TSR**) relative to the Value Line Group as discussed below, while all other components of our compensation program use the Comparison Group as the reference point.

Annual Base Salaries

We pay annual base salaries to our Named Executive Officers under employment agreements. Each November, we review the list and terms of Named Executive Officers and other officers with employment agreements in effect and determine whether to extend, modify or allow the agreements to expire. See **Certain Information with Respect to Officers and Directors** **Executive Employment Agreements** below. These agreements provide that the base salaries of the Named Executive Officers may be increased at the sole discretion of the Compensation Committee.

Based on the review of the benchmarking and survey data from the Comparison Group, we determined that the current targeted salary levels of the Named Executive Officers are within range of the market median of salaries of the Comparison Group, except for Mr. Tanzberger, who became our CFO on June 30, 2006 and whose salary falls below the 25th percentile. Mr. Tanzberger's base salary will be moved progressively towards the target base salary level over

time based on performance in his new role. We target the base salary levels of our Named Executive Officers at the 50th percentile because we believe that level is appropriate to motivate and retain our Named Executive Officers, who each have leadership talents and business expertise that make them attractive to other companies.

Table of Contents

Effective January 1, 2006, none of the Named Executive Officers received a salary adjustment as it was determined their existing salaries were appropriate based on the competitive market data. The only Named Executive Officer receiving a salary adjustment was Mr. Tanzberger, who received a salary increase of \$50,000 to \$300,000, which was effective on April 1, 2006 in anticipation of his new role as Senior Vice President and CFO effective on June 30, 2006. The fact that some Named Executive Officers did not receive a salary increase in 2006 does not indicate dissatisfaction with their performance, but simply a recognition that their salary level was already at the target level.

Effective January 1, 2007, the Compensation Committee made the following salary adjustments: Mr. Ryan received an adjustment of \$100,000 to \$900,000; Mr. Webb received an adjustment of \$25,000 to \$600,000; and Mr. Tanzberger received an adjustment of \$75,000 to \$375,000.

Annual Performance-Based Incentives Paid in Cash

We use annual performance-based incentives paid in cash to focus our executive officers on financial and operational objectives that the Compensation Committee believes are primary drivers of our common stock price over time. In February, 2006 when the target annual performance-based incentive awards were established, we used the following performance measures for all of our Named Executive Officers:

Normalized earnings per share, which we define as the Company's fully-diluted earnings per share calculated in accordance with US Generally Accepted Accounting Principles for the measurement period as reported in the Company's financial results utilizing a 35% effective tax rate. The earnings per share for such bonus calculation is adjusted to exclude the following:

1. Special restructuring charges
2. The cumulative effect of any changes in accounting principles
3. Any extraordinary gain or loss or correction of an error
4. Any gain or loss recorded in association with the sale of a business or excess land
5. The gain or loss associated with the repurchase of debt
6. Currency gains or losses

Consolidated operating cash flow, which we calculate by adjusting Cash Flows from Operating Activities calculated in accordance with US Generally Accepted Accounting Principles to exclude:

1. Non-recurring transactional related tax refunds or payments
2. Cash payments associated with material litigation settlements
3. Elective cash receipts or payments that are non-recurring included in cash flow from operations
4. The non-cash impact on Cash Flow from Operations of FAS 123 implementation related to accounting for deferred taxes on stock options
5. The tender premiums paid on early extinguishment of debt

Comparable revenue growth, which we define as comparable same store revenue (that is, revenue of locations that were owned for the entire measurement period) as of December 31, 2006 for comparable North American funeral and cemetery locations and excludes:

1. Revenues associated with (i) Kenyon International Emergency Services, and (ii) floral transactions, which revenues are non-comparable to prior years

For 2006, we weighted the performance measures as follows: 50% Normalized earnings per share and 25% each for Consolidated operating cash flow and Comparable revenue growth. The Compensation Committee

Table of Contents

established performance targets based on these measures during the first quarter of 2006 for the performance period from January 1 through December 31, 2006. The targets for these specific performance measures were:

- Normalized earnings per share at \$0.34
- Consolidated operating cash flow at \$303,000,000
- Comparable revenue growth at 2.5%.

The Compensation Committee established target performance-based incentive award levels for 2006 generally between the 50th and 75th percentile level of the Comparison Group for the Named Executive Officers. This is consistent with our overall compensation philosophy to target direct compensation of our Named Executive Officers within the range of the market median of the Comparison Group, to recognize achievement for greater levels of performance and to motivate and retain the executive level talent. As such, if SCI achieves the performance targets established by the Compensation Committee, executive officers would receive incentive awards at this targeted level. Actual incentive awards are proportionately decreased or increased on the basis of SCI's performance relative to the performance targets, subject to maximum award amounts of 200% of targeted incentive levels. The maximum individual annual performance-based incentive award that could have been granted for 2006 was \$4,000,000. The award is based on base salary on the last day of the measurement period.

For 2006, SCI performed significantly above each of the performance measures resulting in the Named Executive Officers receiving annual performance-based incentives paid in cash at 184% of the target performance-based incentive award levels.

For 2007, the Compensation Committee established in February 2007 target annual performance-based incentives between the 50th and 75th percentile level of the Comparison Group for the Named Executive Officers, which results in target awards as follows:

	Target Award (% of Base Salary)
R.L. Waltrip	100%
Thomas L. Ryan	100%
Michael R. Webb	100%
James M. Shelger	60%
Eric D. Tanzberger	60%

For 2007, we will use performance measures of Normalized earnings per share (as previously defined) and a modified cash flow measure. We elected not to utilize Comparable revenue growth because of measurement considerations stemming from the Alderwoods acquisition and from our planned divestitures. Our modifications to the cash flow measure include the necessary capital investment component of our recurring cash flows. As modified, the cash flow measure is:

Free cash flow, which we calculate by adjusting Cash Flows From Operating Activities calculated in accordance with US Generally Accepted Accounting Principles by:

- (1) Excluding:
 - (a) Cash federal and state income taxes paid

- (b) Cash payments to terminate remaining SCI and Alderwoods pension plans
 - (c) Alderwoods merger-related transition costs that are included in Cash Flows From Operating Activities
- (2) Deducting capital expenditures for capital improvements at existing facilities and capital expenditures to develop cemetery property

We will weight each performance measure at 50%. The targets for the 2007 performance measures are generally consistent with or within range of the guidance in the financial outlook for 2007 that we set forth in our Form 8-K furnished February 20, 2007. Actual incentive awards will be proportionately decreased or increased on the basis of SCI's performance relative to the performance targets, subject to maximum award amounts of 200% of

Table of Contents

targeted incentive levels which can only be realized if we reach or exceed the upper ranges of our guidance for 2007.

Long-Term Incentive Compensation

In 2006, our long-term incentive compensation program consisted of three components to provide greater balance and focus for the Named Executive Officers and represents a competitive growing practice of using various types of long-term incentive devices. Each form of long term incentive is designed to ensure that appropriate focus is given to driving the Company's stock price appreciation, managing the ongoing operations and implementing strategy and ensuring superior total shareholder returns. The program consists of equal targeted expected value delivered for long-term incentives in the form of:

- (i) Stock Options
- (ii) Restricted Stock and
- (iii) Performance Units

The total targeted expected value of the three awards for our Named Executive Officers was generally established within range of the market median of the Comparison Group, with exceptions by individual. We believe that the grant of significant annual equity awards further links the interests of senior management and the Company's stockholders. Therefore, the grant of stock options and the award of restricted stock are important components of annual compensation. Although the Compensation Committee does not consider current stock ownership levels in determining equity awards, we do annually review the ownership levels and progress towards established ownership guidelines that we established in 2004, as discussed below.

Stock Options

The purpose of using stock options is to reward executive officers based on an increase in our stock price. In February of each year, the Compensation Committee sets the components of the long-term incentive compensation for that year. Stock options are granted at an exercise price equal to 100% of the fair market value of SCI common stock on the grant date. Stock options vest at a rate of one third per year and have an eight-year term. The Compensation Committee establishes an economic value of stock options to be awarded and relies on Towers Perrin to calculate the number of stock options substantially equivalent to those economic values. For the February 2006 grant, Towers Perrin utilized a Black-Scholes calculation to determine the stock option grant amounts. Subsequently, Towers Perrin changed its option valuing methodology and now uses a binominal option pricing ratio model. Utilizing the Towers Perrin option valuing methodology allows better comparison of SCI option grants to market rates as reflected in the Towers Perrin database.

Restricted Stock

The purpose of using restricted stock with vesting provisions is to assist in retaining our executive officers and encouraging stock ownership. The restricted stock awards are made at the same time as the stock option grants, vest at a rate of one-third per year and are based on the estimated grant date value of the restricted shares.

Performance Units

The purpose of using performance units is to reward executive officers for effective management of the business over a multi-year period. In addition, the performance units allow executive officers to retain or build their SCI stock ownership by providing liquidity that can be applied to taxes associated with option exercises and restricted stock vestings. The performance unit component is settled in cash at the end of a three-year performance period. Each performance unit is valued at \$1.00 and the actual payout may vary by a range of 0% to 200% of the targeted award

established by the Compensation Committee. The Performance Unit Plan measures the 3 year total shareholder return (TSR) relative to the companies in the Value Line Group. The Value Line Group consists of a diversified group of 36 companies, many of which are in service related industries. These companies range in size and industries, and provide a reasonable cross-section of companies and results for comparison purposes. TSR is defined as \$100 invested in SCI common stock on the first day of the performance cycle, with dividends

Table of Contents

reinvested, compared to \$100 invested in each of the companies in the Value Line Group, with dividend reinvestment during the same period.

For the 2004 – 2006 performance cycle, the closing stock price determinations as of December 31, 2003 and December 31, 2006 were used to calculate the awards due participants. For this performance cycle, the participants earned the maximum award of 200% based on TSR greater than 30% and at the 75th percentile or better ranking relative to the Value Line Group.

For the 2006 – 2008 performance cycle, the Compensation Committee granted performance units with performance awards ranging from 0% to 200% as set forth below in the Grants of Plan-Based Awards table. A target award is earned if SCI's TSR relative ranking is at the 50th percentile of the TSR of the Value Line Group and total SCI shareholder return is positive.

For the 2007 – 2009 performance cycle, the plan provisions for the grants covering the 2006 – 2008 performance cycle were utilized.

2007 Long-Term Incentive Awards

In February 2007, we awarded grants of stock options, restricted stock and performance units to Named Executive Officers as set forth in the table below. These amounts are not reflected in the compensation tables elsewhere in this proxy statement

Name	2007 Grants		
	Stock Options Grant (Shares)	Restricted Stock Grant (Shares)	Performance Units Grant (Units)
R. L. Waltrip	224,000	56,400	713,400
Thomas L. Ryan	420,000	106,000	1,338,000
Michael R. Webb	210,000	52,900	668,800
James M. Shelger	56,000	14,100	178,300
Eric D. Tanzberger	84,000	21,100	267,500

Stock Ownership Guidelines

In 2004, we established stock ownership guidelines for officers. Share ownership is achieved through open market purchases of SCI stock, shares acquired in the company sponsored 401(k) plan, vesting of restricted stock, shares retained after exercise of stock options, beneficial shares held in trust and gifted shares. The table below sets forth our ownership guidelines for 2006 – 2007 for the Named Executive Officers.

Title	Target Holdings (# of Shares)
Chairman of the Board	680,000
President and Chief Executive Officer	570,000
Executive Vice President and Chief Operating Officer	250,000

Senior Vice President	160,000
Vice President	60,000

At March 15, 2007, Messrs. Waltrip, Shelger and Webb had attained or exceeded their ownership guideline levels. The other Named Executive Officers have not served in their roles long enough yet to achieve those ownership levels.

Employment Agreements

The Company has employment agreements with Messrs. R.L. Waltrip, Thomas L. Ryan, Michael R. Webb, James M. Shelger and Eric D. Tanzberger. These agreements have current terms expiring December 31, 2007. Annually, the Company may extend each agreement for an additional year unless notice of nonrenewal is given by either party.

Table of Contents

For further discussion of these agreements, refer to Certain Information with Respect to Officers and Directors Executive Employment Agreements below.

Retirement Plans

We believe that financial security during retirement can be as important as financial security before retirement. We previously maintained a Cash Balance Plan and a Supplemental Executive Retirement Plan for Senior Officers, both of which ceased accruing benefits in 2000. In 2005, we implemented an Executive Deferred Compensation Plan for our executive officers which includes a Company contribution for retirement.

Our Cash Balance Plan is a defined benefit plan under which our Named Executive Officers accrued benefits until December 31, 2000. No further contributions are made by the Company, but plan accounts continue to accrue interest. At retirement or termination, the participant may choose to receive his vested benefit as a lump-sum distribution, a monthly payment or a rollover to an IRA or other tax qualified plan. In August of 2006, the Board of Directors authorized the termination of the Cash Balance Plan. The participant's account balance will be distributed to participants during 2007 in the form of an annuity or a rollover to the company's 401(k) Plan or an IRA at the participant's election.

Our Supplemental Executive Retirement Plan for Senior Officers is a non-qualified plan under which our Named Executive Officers accrued benefits until December 31, 2000. No additional benefits will accrue after 2000. Each participant is entitled at age 60 to the annual payment of the full amount of his benefit.

In an effort to provide a more competitive compensation package to retain and recruit executive level talent, the Compensation Committee approved a supplemental retirement and deferred compensation plan for its executive officers, the 2005 Executive Deferred Compensation Plan. This plan allows for an annual retirement contribution of 7.5% and a performance-based contribution targeted at 7.5%, with a range of 0% to 15% based on achievement of Company performance measures established in the first quarter of each year. These are the same performance measures described in the Annual Performance-Based Incentives Paid In Cash above. The percentages are applied to the combined eligible compensation of base salary and annual performance-based incentive paid in cash. The plan allows for individual deferral of base salary, annual performance-based incentives paid in cash, and long-term incentive program components payable in cash (performance unit awards). The plan also allows for the restoration of Company matching contributions that are prohibited in the Company's 401(k) plan due to tax limits on contributions to qualified plans. In February 2007, the Company made the following contributions under the plan:

Name	7.5% Retirement Contribution	13.8% Performance Contribution	Total
R.L. Waltrip	NA	NA	NA
Thomas L. Ryan	\$ 170,366	\$ 313,370	\$ 483,736
Michael R. Webb	122,450	225,235	347,685
James M. Shelger	63,110	116,084	179,194
Eric D. Tanzberger	47,332	87,063	134,395

We also offer a 401(k) plan to our employees, including our executive officers. In 2001, the Company initiated the 401(k) Retirement Savings Plan for elective contributions by participants and matching contributions by the Company up to prescribed limits established by the Board of Directors and specific IRS limitations as a replacement for the

Cash Balance Plan. Participants may elect to defer up to 50% of salary and bonus into the Plan subject to the annual IRS contribution limit of \$15,000 excluding the \$5,000 catch-up contributions for eligible for participants age 50 and older. The Company's match ranges from 75% to 135% of employee deferrals based on their years of company service up. Perquisites and Personal Benefits

We provide various personal benefits to our executive officers which are generally provided by other companies and become an expected component of the overall remuneration for executive talent, including:

personal use of Company aircraft officers are entitled to certain hours of use of the Company's leased aircraft for personal reasons in accordance with the Company's usage policy approved by the Board of Directors and pursuant to a signed time-sharing agreement which is governed by FAA regulations. Each officer is required to sign the time-sharing agreement prior to using the Company aircraft. In accordance with the agreement, officers are required to reimburse the Company for operating costs associated with personal aircraft usage which are based on an hourly rate and include estimates for costs that are specifically defined by the FAA regulations pursuant to time-sharing agreements. Catering and pilot travel expenses are charged as incurred. Hours allowed are based on title and approved by the Board. Such personal use is treated as taxable compensation to the executive to the extent the IRS valuation of the personal aircraft usage exceeds the value submitted to the Company from the executive pursuant to the time-sharing agreement.

security and transportation services provided to the Chairman of the Board as approved by the Compensation Committee

club memberships provided to officers and select members of management who have a recurring job related need to entertain outside clients or prospective clients. Monthly dues are reimbursable, but expressly excluded are initiation fees, food service and general assessments.

financial and legal planning and tax preparation provided to officers to encourage critical document preparation and financial planning advice for effective tax and retirement planning

supplemental medical reimbursements provided to officers and managing directors. The insured benefit product covers out of pocket medical expenses, exclusive of required premium contributions by participants in the Company's medical and dental plans, and is a valued benefit provided at modest annual cost per participant.

enhanced long-term disability insurance In 2006, the Compensation Committee approved enhancements to this program to a more common design to protect the officer in the event of a long-term disability determination, replacing 60% of the executive's annual cash compensation in the event of disability.

enhanced life insurance In 2006, the committee approved the executive life insurance program for officers to more accurately reflect the competitive offerings in the marketplace. The program covers 3.5 times the executive's annual salary and bonus.

Personal benefit amounts are not considered annual salary for bonus purposes, deferred compensation purposes or 401(k) contribution purposes.

(3) This column sets forth the change in the actuarial present value of each executive's accumulated benefit in 2006 for the following plans:

	Cash Balance Plan	Supplemental Executive Retirement Plan for Senior Officers
R.L. Waltrip	0	0
Thomas L. Ryan	\$ 1,785	\$ 3,629

In the table above, the four lines pertaining to each Named Executive Officer relate to the following:

First line Annual Performance-Based Incentives Paid in Cash

Second line Performance Units

Third line Restricted Stock

Fourth line Stock Options

The material terms of each such element of compensation are described previously in the Compensation Discussion and Analysis.

The performance units are settled in cash at the end of a three-year performance period. In addition the performance units provide for pro rata vesting in the event of (i) death, (ii) disability, (iii) retirement at age 60 with ten years of service or retirement at age 55 with 20 years of service, or (iv) termination by the Company not for cause. The pro rata vesting is determined by the number of months of service by the executive during the three-year performance period, divided by 36 (which is the number of months in a performance period). For a change of control of the Company, the performance units vest 100% and will be paid at target.

The restricted stock grants and stock option grants vest one-third per year. In addition, the restricted stock grants and stock option grants vest 100% in the event of (i) death, (ii) disability, (iii) retirement at age 60 with ten years

of service or retirement at age 55 with 20 years of service, (iv) termination by the Company not for cause, or (v) change of control of the Company.

Holders of restricted stock receive dividend payments at the same rate as holders of outstanding shares of SCI common stock.

- (1) The assumptions made for calculating the present value of accumulated benefit are set forth in note 17 to the consolidated financial statements included in the SCI 2006 Annual Report.

SCI Cash Balance Plan

The SCI Cash Balance Plan is a defined benefit plan which we amended effective January 1, 2001 to provide that the Company would not make any further contributions under the plan after 2000. Each participant in the plan has an account which, until December 31, 2000, was credited each year that a participant qualified with a Company contribution (based on annual compensation and years of benefit service) and interest. Plan accounts continue to accrue interest and, for 2006, interest for each account was credited at the annual rate of 5.35%. We are in the process of terminating the Cash Balance Plan. We expect to liquidate all plan assets and complete the plan termination in 2007.

At retirement or termination, the participant may elect to receive his or her vested benefit as a lump sum distribution, a monthly payout or a rollover to an IRA or other tax qualified plan. Normal Retirement Age is

Table of Contents

defined in the SCI Cash Balance Plan as (1) the date upon which a member attains age 65 or (2) in the case of an employee who becomes a member of the SCI Cash Balance Plan after the age of 60, it will be the fifth anniversary of the date that such member became a participant.

Supplemental Executive Retirement Plan for Senior Officers

In 2000, we amended the Supplemental Executive Retirement Plan for Senior Officers (SERP for Senior Officers) effective January 1, 2001. Under the amendment, no additional benefits will accrue and no employees shall become eligible to participate in the plan after 2000.

The SERP for Senior Officers is a non-qualified plan which covers certain executive officers and certain regional operating officers, including the Named Executive Officers. Benefits under the SERP for Senior Officers do not consist of compensation deferred at the election of participants. The amounts of benefits under the plan were previously set by the Compensation Committee from time to time. The Compensation Committee previously set guidelines such that the annual benefits would generally equal a percentage (75% for the CEO and lesser percentages for the other officers) of a participant's 1997 annual base salary and target bonus, with the benefits being reduced to the extent of the participant's benefits under Social Security and the SCI Cash Balance Plan. The participant will be entitled at age 60 to the annual payment of the full amount of his benefit; if his employment terminates earlier than age 60, he will be entitled to the annual payment of the amount of his benefit multiplied by a fraction of which the numerator is the participant's years of service and the denominator is the number of years from the participant's hire date until he reaches age 60.

Benefit payments will be made in the form of 180 monthly installments commencing at the later of severance of employment or the attainment of age 55. Prior to retirement, if a participant dies or in the event of a change of control of the Company (as defined in the SERP for Senior Officers), the Company will promptly pay to each beneficiary or participant a lump sum equal to the present value of the benefit that the participant would have been entitled to receive if he had continued to accrue benefit service from the date of death or the date of the change of control to the date of his 65th birthday. Participants may elect to begin receiving monthly benefits at age 55, while still employed, provided the participant gives written notice at least twelve months prior to the attainment of age 55. Such installments will be reduced for early commencement to reasonably reflect the time value of money.

Table of Contents

The 2005 Executive Deferred Compensation Plan is a supplemental retirement and deferred compensation plan for executive officers. The plan allows for Company contributions, including contributions of 7.5% and performance-based contributions targeted at 7.5%, with a range of 0% to 15% based on achievement of Company performance measures established in the first quarter of each year. These are the same performance measures described in Compensation Discussion and Analysis Annual Performance-Based Incentives Paid in Cash. The percentages are applied to the combined eligible compensation of base salary and annual performance-based incentive paid in cash. The plan also allows for the restoration of Company matching contributions that are prohibited in the Company's 401(k) plan due to tax limits on contributions to qualified plans.

Company contributions to the plan generally vest over three years, except that 401(k) restoration matches vest 100% when contributed. If a participant dies, becomes disabled, retires on or after age 60 with five years of service, or in the event of a change of control of the Company as defined in the plan, the participant immediately vests 100% in the Company's contributions.

In addition, the plan allows for an individual participant to defer portions of his or her base salary, annual performance-based incentives paid in cash and performance units. The participant may defer up to 80% to 90% of such amounts. All of these amounts are 100% vested.

Each participant may elect measurement funds, which are based on certain mutual funds, for the purpose of crediting or debiting additional amounts to his or her account balance. A participant may change his or her measurement funds election at any time. The Compensation Committee determines which measurement funds will be available for participants. For 2006, the available measurement funds, and their respective returns, were as follows:

Fund Name	2006 Calendar Year Return
Alger American Small Cap	20.02%
Davis Value	15.00%
Fidelity VIP Contrafund	11.72%
Fidelity VIP Index 500	15.73%
Fidelity VIP Mid Cap	12.70%
Fidelity VIP Overseas	18.08%

PIMCO VIT Total Return bond	3.85%
Royce Small-Cap	15.57%

A participant may generally elect to receive distribution at termination in a lump sum or in installments of up to five-fifteen years. With regard to the participant's contributions, the participant may schedule other distribution dates.

For death, disability or change of control of the Company, the participant is entitled to a lump sum payment within 60 days.

Executive Employment Agreements

Current Executive Officers

The Company has employment agreements with Messrs. R.L. Waltrip, Thomas L. Ryan, Michael R. Webb, James M. Shelger and Eric D. Tanzberger. These agreements have current terms expiring December 31, 2007. Annually, the Company may extend each agreement for an additional year unless notice of nonrenewal is given by either party. If such notice of nonrenewal is given by the Company or if notice is not given of the Company's decision to authorize renewal, the employment agreement will not be extended.

These agreements provide for base salaries which may be increased by the Compensation Committee in its sole discretion, and the right to participate in bonus and other compensation and benefit arrangements. As of March 15, 2007, the base salaries for Messrs. R.L. Waltrip, Ryan, Webb, Shelger and Tanzberger were \$950,000, \$900,000, \$600,000, \$400,000 and \$375,000, respectively.

Pursuant to the agreements, in the event of termination of employment due to the executive's voluntary termination, the executive will be entitled to receive (i) salary earned to the date of termination and (ii) any incentive compensation that had been determined by the Compensation Committee but not yet paid. In the event of termination of employment due to disability or death, the executive or his estate will be entitled to receive (i) his salary through the end of his employment term, and (ii) a pro rata portion (based on the portion of the year elapsed at the date of termination) of the annual performance-based incentive bonus the executive would have received if he had remained an employee through his employment term (*Pro Rated Bonus*). In the event of termination by the Company without cause, the executive will be entitled to receive two years salary in a lump sum, *Pro Rated Bonus* and continuation of health benefits for two years. In the event of termination by the Company for cause, the executive will not be entitled to any further payments under the employment agreement. *Cause* includes conviction of a crime involving moral turpitude, failure to follow Company policy or directives, willful and persistent failure to attend to his duties, gross negligence or willful misconduct, and violation of his obligations under the employment agreement.

In the event of a change of control of the Company (as defined below) and the subsequent termination of the executive without cause or voluntary termination by the executive for *Good Reason* (as defined below) during the two years following the change of control, the executive will be entitled to the following.

A lump sum equal to three, multiplied by the sum of the executive's annual salary plus target annual performance-based incentive bonus (*Target Bonus*).

An amount equal to his target annual performance-based incentive bonus, prorated to the date of the change of control (*Partial Bonus*).

Continuation of health benefits for three years.

Good Reason means relocation of the executive by more than 50 miles, reduction in base salary or bonus or other compensation programs, or reduction in the executive's aggregate benefits.

If any payments under the employment agreement or under the benefit plans of the Company would subject the executive to any excise tax under the Internal Revenue Code, the executive will also be entitled to receive an additional payment in an amount such that, after the payment of all taxes (income and excise), he will be in the same after-tax position as if no excise tax had been imposed. The agreements have incorporated language requiring compliance with IRC §409A which could result in delays of the payments discussed above.

Upon termination of his employment, each executive (other than Mr. R.L. Waltrip) will be subject, at the Company's option, to a non-competition obligation for a period of one year which the Company may extend for one additional year. If the Company elects to have the non-competition provisions apply, the Company will make payments to the executive during the non-competition period at a rate equal to his base salary at the time of termination, unless such termination was for cause or the executive terminates his employment (other than within twenty-four months after a change of control for certain specified reasons), in which case the executive will be bound by the non-competition provisions without the Company making the corresponding payments.

Table of Contents

With regard to Mr. R.L. Waltrip, his employment agreement provides that he will be subject to a 10 year non-competition obligation. However, SCI will not be required to make any further payments to Mr. Waltrip for the non-competition obligation.

Change of Control

Under the employment agreements, a change in control would include any of the following:

Any individual, entity or group acquires 20 percent or more of our common stock or voting securities (excluding certain acquisitions involving SCI or an SCI benefit plan or certain reorganization, merger or consolidation transactions);

Our incumbent directors cease to constitute a majority of our directors (our incumbent directors include persons nominated by the existing Board or Executive Committee);

Our shareholders approve certain reorganizations, mergers or consolidations; or

Our shareholders approve certain liquidations, dissolutions or sales of substantially all assets of SCI.

However, such a reorganization, merger, consolidation or sale of assets would not constitute a change of control if:

- (1) More than 60% of the surviving corporation's common stock and voting shares is owned by our shareholders (in the same proportion that our shareholders owned shares in SCI before the transaction);
- (2) No person (excluding SCI, any benefit plan of SCI or the surviving corporation, and a person owning 20% of SCI common stock or voting securities before the transaction) owns 20% or more of the common stock or voting shares of the surviving corporation; and
- (3) A majority of the surviving corporation's Board members were incumbent SCI directors when the transaction agreement was entered.

Former Executive Officer

Jeffrey E. Curtiss retired as Senior Vice President and Chief Financial Officer on June 30, 2006. He has remained and will remain an employee for a transitional period ending in February 2008. In connection therewith, the Company replaced Mr. Curtiss' employment agreement which had contained the same terms as those of the current executives discussed above. Under the new agreement, Mr. Curtiss' annual base salary for July 1, 2006 to December 31, 2006 was reduced to \$100,000 and thereafter his annual base salary is \$50,000. Mr. Curtiss is not entitled to receive further participation in annual incentives or grants of restricted stock, stock options or performance units. His participation in stock options, restricted stock and performance units granted prior to 2006 will continue until his new employment agreement terminates in February 2008.

Table of Contents**Potential Payments Upon Termination**

The Company has entered into certain agreements and maintains certain plans that will require the Company to provide compensation to Named Executive Officers in the event of a termination of employment. The amount of compensation payable to each Named Executive Officer in each situation is listed in the tables below. In addition, each Named Executive Officer will be entitled to receive his benefits described in the preceding tables titled Pension Benefits and 2006 Nonqualified Deferred Compensation.

Table of Contents

Below is a description of the assumptions that were used in creating the tables above.

Base Salary and Annual Performance-Based Incentive Paid in Cash

The amounts of these elements of compensation are governed by the employment agreements. See *Executive Employment Agreements* herein above. At December 29, 2006, each of the employment agreements had a term expiring December 31, 2007, except that Mr. Curtiss' agreement expires February 9, 2008. In addition, the meaning of *change of control* as used in the tables is set forth in the employment agreements.

Performance Units, Stock Options and Restricted Stock

The amounts pertaining to the performance units, stock options and restricted stock are governed by the terms of their respective awards. See the discussion following the table *Grants of Plan-Based Awards* herein above.

As discussed previously, performance units vest 100% upon a change of control and are paid at target. For other terminations (including death, disability, certain retirements and termination not for cause), the performance units become vested pro rata, but are not paid until after the expiration of their three year periods. For purposes of the tables above, these pro rata payments are estimated based upon calculations which assume the performance period of each performance unit ended December 29, 2006. Regarding the performance units for the 2004-2006 performance period, the amounts reported in the columns for terminations other than Change of Control represent the awards actually payable at the end of the three year performance period and do not represent any enhancements due to termination of employment.

For stock option amounts, the tables provide values for options which would become vested upon a termination event. The values are based upon the difference between the closing market price of SCI stock of \$10.25 per share on December 29, 2006, and the actual exercise prices of the options. The amounts of unvested options and their exercise prices are set forth in the table *Outstanding Equity Awards at Fiscal Year-End 2006* herein above.

For restricted stock amounts, the tables provide values for restricted stock which would become vested upon termination events shown in the tables. The values are calculated by multiplying the unvested amounts of restricted stock by \$10.25, the closing market price of SCI stock on December 29, 2006. The amounts of unvested restricted stock are set forth in the table *Outstanding Equity Awards at Fiscal Year-End 2006* herein above.

Other Benefits

In the tables, the amounts of Nonqualified Deferred Compensation are the unvested amounts pertaining to each executive's interest in the 2005 Executive Deferred Compensation Plan. For a discussion of vesting, see the discussion following the table *2006 Nonqualified Deferred Compensation* herein above.

The amounts of Post-retirement Health Care represent Company estimates of the value of these benefits.

The amounts of Disability Insurance Benefits are based upon the present value of the future stream of disability payments the executive would receive if he remained disabled for the maximum period covered by the insurance policies. The present value calculations were made using an assumed interest rate of 5.5% per year.

280G Tax Gross-up

Upon a change in control of the Company the executive may be subject to certain excise taxes pursuant to Section 280G of the Internal Revenue Code. The Company has agreed to reimburse the executive for all excise taxes

that are imposed on the executive under Section 280G and any income and excise taxes that are payable by the executive as a result of any reimbursements for Section 280G excise taxes. The total 280G tax gross-up amount in the above tables assumes that the executive is entitled to a full reimbursement by the Company of (i) any excise taxes that are imposed upon the executive as a result of the change in control, (ii) any income and excise taxes imposed upon the executives as a result of the Company's reimbursement of the excise tax amount and (iii) any additional income and excise taxes that are imposed upon executive as a result of the Company's

Table of Contents

reimbursement of the executive for any excise or income taxes. The calculation of the 280G gross-up amount in the above tables is based upon a 280G excise tax rate of 20%, a 35% federal income tax rate and a 1.45% medicare tax rate. For purposes of the 280G calculation it is assumed that no amounts will be discounted as attributable to reasonable compensation and no value will be attributed to executive executing a non-competition agreement.

Compensation of Directors

The compensation of directors is described under Election of Directors Director Compensation herein above.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Board members who served on the Compensation Committee during 2006 were Messrs. Alan R. Buckwalter, III, Anthony L. Coelho, S. Malcolm Gillis, Victor L. Lund and John W. Mecom, Jr. No member of the Compensation Committee in 2006 or at present was or is an officer or employee of the Company or any of its subsidiaries, or was formerly an officer of the Company or any of its subsidiaries or had any relationships requiring disclosure by the Company.

The Company granted the option to Mr. Cruger in October 2001.

For 2006, SCI paid \$128,605 in compensation and 401(k) plan contributions to Mr. Kevin Mack in his capacity as an employee of the Company. Mr. Mack is the brother of Mr. Stephen M. Mack, Senior Vice President Middle Market Operations of the Company.

In 1996, the family of Mr. Sumner James Waring, III, Senior Vice President Major Market Operations, sold its business to SCI. In the transaction, the Company issued, among other consideration, to Mr. Waring's father convertible debentures which matured in 2006 and for which the Company paid \$102,172 in interest and \$2,120,000 in principal in 2006 to Mr. Waring's father. Also in the transaction, Mr. Waring's father entered a noncompetition agreement under which the Company paid him \$100,000 per year for ten years. These payments ended in 2006. Mr. Waring's father also has a Consulting Agreement expiring in 2007 under which the Company paid him fees (and an automobile allowance) of \$81,000 for 2006 and will pay him \$81,000 in 2007. In addition, Mr. Waring's father and mother own a company that leases an office building to SCI under a lease expiring in 2007 and providing for rent of \$65,400 in 2006 and in 2007. Mr. Waring's father and mother also own a company that leases funeral homes to SCI under a lease expiring in 2016, for which the Company paid rent of \$200,000 in 2006.

Barrow, Hanley, Mewhinney & Strauss, Inc. (BHMS) is a holder of more than 5% of the outstanding shares of Common Stock of the Company. During 2006, BHMS was one of the investment managers of portfolios of independent trusts which hold funds collected from consumers in connection with preneed funeral sales and preneed cemetery sales. The process by which such portfolio managers are chosen and overseen is outlined above under the section entitled Board of Directors Board Committees Investment Committee . During 2006, BHMS managed on

average approximately \$190,863,000 for such trusts and was managing approximately \$195,169,000 at the end of 2006. Such trusts are prohibited from investing in SCI stock or other SCI securities. For such services, the trusts paid fees of \$508,165 to BHMS for 2006. It is expected that BHMS will continue to act as an investment manager for such trusts during 2007.

REPORT OF THE AUDIT COMMITTEE

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities to ensure the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent accountant's qualifications, independence and performance and the performance of the Company's internal audit function. The Audit Committee's functions are detailed in the section entitled "Board of Directors' Board Committees' Audit Committee" above. The Audit Committee Charter is available for viewing on the SCI's home page, www.sci-corp.com, and is also available in print to any shareholder who requests it.

Each member of the Audit Committee is independent and financially literate, as defined by the New York Stock Exchange rules, and is limited to serving on no more than three audit committees. The Board of Directors has appointed, and the Audit Committee has acknowledged, Mr. Victor L. Lund, Chairman of the Audit Committee, as the Audit Committee Financial Expert as defined by the rules of the Securities and Exchange Commission.

The Audit Committee has reviewed and discussed the audited financial statements with management of the Company and with the independent accountants. Specifically, the Committee has discussed with the independent accountants the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards), as modified or supplemented. The Committee received a written disclosure letter from the Company's independent accountants as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as modified and supplemented. The Committee has also reviewed the independence of the independent accountants considering the compatibility of non-audit services with maintaining their independence from the Company. Based on the preceding review and discussions contained in this paragraph, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the 2006 fiscal year for filing with the Securities and Exchange Commission.

The Audit Committee wishes to submit the selection of PricewaterhouseCoopers for shareholders' approval at the Annual Meeting. If the shareholders do not give approval, the Audit Committee will reconsider its selection.

- (3) provide that any shares of common stock withheld or reacquired by the Company in satisfaction of a tax withholding obligation will not be available for future grants under the Amended Plan,

Table of Contents

The Company is amending the Amended Plan because it believes that it must retain flexibility to respond to changes in the market for top executives and offer compensation packages that are competitive with those offered by others in the industry. Approval of this proposal is subject to the approval of a majority of the holders of shares of the Company's common stock present in person or represented by proxy and entitled to vote at the Annual Meeting. **THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE PROPOSAL TO AMEND THE AMENDED PLAN.**

The following description of the Amended Plan, as proposed to be amended by this proposal, is qualified in its entirety by reference to the full text of the Amended Plan, as proposed to be amended by this proposal, which is attached to this Proxy Statement as Annex A.

Description of the Amended Plan

Purpose

The purpose of the Amended Plan is to provide a means whereby certain key employees of the Company and its affiliates may develop a sense of proprietorship and personal involvement in the development and financial success of the Company, and to encourage them to remain with, and devote their best efforts to, the business of the Company, thereby advancing the interests of the Company and its shareholders. The Company believes that the possibility of participation in the Amended Plan through (i) receipt of incentive or nonqualified stock options (*Stock Options*), (ii) the grant of certain bonuses (*Bonus Awards*) based on achievement of pre-established performance goals (some or all of which Bonus Awards may be paid in Common Stock), (iii) the award of restricted stock (*Restricted Stock Awards*), (iv) the grant of stock equivalent units (*Stock Equivalent Units*), and (v) the grant of performance awards (*Performance Grants*) based on the achievement of pre-established performance goals (some or all of which Performance Grants may be paid in Common Stock) (*Stock Options, Bonus Awards, Restricted Stock Awards, Stock Equivalent Units and Performance Grants shall be collectively referred to herein as Awards*), will provide key employees an incentive to perform more effectively and will assist the Company in obtaining and retaining people of outstanding training and ability.

Term

The Service Corporation International 1996 Incentive Plan was effective February 15, 1996. The Amended Plan shall become effective May 9, 2007, if approved by shareholders. No Award may be granted under the Amended Plan after May 9, 2017.

Administration

The Amended Plan is administered by the Compensation Committee of the Board of Directors (the *Committee*). The Committee is comprised solely of at least two members who are both Disinterested Persons and Outside Directors (each as defined in the Amended Plan). No member of the Committee is eligible to participate in the Amended Plan. All questions of interpretation and application of the Amended Plan and Awards shall be determined by the Committee.

Participation

Participation in the Amended Plan is limited to key employees (*Employees*) selected by the Committee. The Company estimates approximately 250 Employees will be eligible to participate in the Amended Plan.

Shares of Stock Available For Awards

A total of 34,000,000 shares of Common Stock are available for issuance under, or in payment of, the Awards. The shares may be treasury shares or authorized but unissued shares. In the event an Award expires or terminates for any reason or is surrendered, the shares of Common Stock allocable to the unexercised portion of that Award may again be subject to an Award under the Amended Plan. However, any shares of Common Stock that are withheld or reacquired by the Company in satisfaction of a tax withholding obligation shall not be available for future Awards under the Amended Plan.

Table of Contents

The maximum number of shares of Common Stock which may be issued in payment of Bonus Awards payable in stock, Restricted Stock Awards, Stock Equivalent Units and Performance Grants payable in stock during the life of the Amended Plan is 4,500,000 shares. The maximum number of shares of Common Stock that may be issued on or after May 9, 2007 to any Employee during the term of the Amended Plan pursuant to a Restricted Stock Award, a Stock Equivalent Unit and a Performance Grant is an aggregate of 1,000,000 shares.

As of February 28, 2007, under the Amended Plan, an aggregate of 23,991,483 shares of Common Stock (i) have been issued under or in payment of Awards or (ii) are available for issuance under or in payment of Awards that have been made, leaving 8,517 shares of Common Stock currently available for use by the Company in making Awards. On February 28, 2007, the closing price of the Common Stock on the New York Stock Exchange was \$11.73 per share.

The Amended Plan provides that the number of shares subject thereto and shares covered by Stock Options outstanding shall be equitably adjusted in the event of stock dividends, stock splits, or other capital adjustments before delivery by the Company of all shares subject to the Amended Plan.

Compensation Deduction Limitation

In the Omnibus Budget Reconciliation Act of 1993 (OBRA), Congress enacted Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), which generally limits to \$1,000,000 per year per employee the tax deduction available to public companies for certain compensation paid to designated executives (covered employees). These covered employees include the Chief Executive Officer and the next four highest compensated officers of the Company.

OBRA provides an exception (Section 162(m)(4)(C)) from this deduction limitation for certain performance-based compensation if specified requirements are satisfied, including: (i) the establishment by a compensation committee comprised of outside directors of performance goals which must be met for the additional compensation to be earned, (ii) the approval of the material terms of the performance goals by the shareholders after adequate disclosure, and (iii) the certification by the compensation committee that the performance goals have been met. The Amended Plan is designed to satisfy these statutory requirements for Incentive Options and Nonqualified Options, Bonus Awards and Performance Grants. Therefore, if the Amended Plan is re-approved by shareholders, the Company anticipates being entitled to continue to deduct an amount equal to the ordinary income reportable by each optionee on exercise of a Nonqualified Option, the early disposition of shares of stock acquired by exercise of an Incentive Option, and the payment of Bonus Awards or Performance Grants in Common Stock or in cash.

Stock Options

The Committee may designate a Stock Option as an Incentive Option or as a Nonqualified Option. The terms of each Stock Option shall be set out in a written Award Agreement which incorporates the terms of the Amended Plan.

The Stock Option price may not be less than 100% of the Fair Market Value (as defined in the Amended Plan) of the Common Stock on the date of grant and may not be exercisable after 10 years from the date of grant. In the case of an Incentive Option issued to a 10% Shareholder (as defined in the Amended Plan) of the Company (i) the Incentive Option price may not be less than 110% of the fair market value of the Common Stock on the date of grant, and (ii) the period over which the Incentive Option is exercisable may not exceed five years.

Exercise of Options

Stock Options may be exercisable by written notice of exercise and payment of the Stock Option price in cash, or in previously owned shares of Common Stock or an attestation to ownership thereof valued at fair market value on the date of exercise, or in any other form of payment acceptable to the Committee. Special rules apply which limit the time of exercise of an Incentive Option following an Employee's termination of employment. The Committee may impose restrictions on the exercise of any Stock Option. In the event of a Change of Control

Table of Contents

(as defined in the Amended Plan), all Stock Options then outstanding become immediately exercisable in full. The Stock Options should qualify as performance-based compensation for purposes of Section 162(m).

Bonus Awards

The Committee may designate certain Employees who become eligible to earn a Bonus Award if certain pre-established performance goals are satisfied. In determining which Employees shall be eligible for a Bonus Award, the Committee will consider the nature of the Employee's duties, past and potential contributions to the success of the Company and its affiliates, and such other factors as the Committee deems relevant in connection with accomplishing the purposes of the Amended Plan.

The Committee shall determine the terms of a Bonus Award, if any, for each measurement period selected by the Committee, which shall not be greater than one year. The performance goals determined by the Committee may include, but are not limited to, increases in the following measures of performance: net profits, operating income, stock price, earnings per share, sales and/or return on equity. Before any Bonus Award may be paid, the Committee must certify in writing that the performance goal has been satisfied. The maximum amount of any Bonus Award payable to any one Employee in a single measurement period may not exceed \$5,000,000, and in each calendar year may not exceed \$6,000,000. The Committee retains the discretion to make downward adjustments to Bonus Awards otherwise payable if the performance goal is attained.

The Committee intends to establish performance goals in accordance with Section 162(m) to enable the Company to deduct in full the total payment of any Bonus Award as performance-based compensation.

Performance Grants

The Committee may designate certain Employees who become eligible to receive a Performance Grant if certain pre-established performance goals are satisfied. In determining which Employees shall be eligible for a Performance Grant, the Committee will consider the nature of the Employee's duties, past and potential contributions to the success of the Company and its affiliates, and such other factors as the Committee deems relevant in connection with accomplishing the purposes of the Amended Plan.

The Committee shall determine the terms of a Performance Grant, if any, for each performance cycle. The performance goals determined by the Committee may include, but are not limited to, increases in the following measures of performance: net profits, operating income, stock price, earnings per share, sales and/or return on equity. Before any Performance Grant may be paid, the Committee must certify in writing that the performance goal has been satisfied. The maximum amount of any Performance Grant payable to any Employee during a performance cycle may not exceed \$5,000,000. The Committee retains the discretion to make downward adjustments to Performance Grants otherwise payable if the performance goal is attained.

The Committee intends to establish performance goals in accordance with Section 162(m) to enable the Company to deduct in full the total payment of any Performance Grant as performance-based compensation.

Restricted Stock Awards

The Committee may grant Restricted Stock Awards to certain Employees of the Company. In determining which Employees shall be eligible for a Restricted Stock Award, the Committee will consider the nature of the Employee's duties, past and potential contributions to the success of the Company and its affiliates, and such other factors as the Committee deems relevant in connection with accomplishing the purposes of the Amended Plan.

The Committee shall determine the conditions and restrictions of a Restricted Stock Award, including forfeiture restrictions, forfeiture restriction periods, and performance criteria, if any, with respect to the Restricted Stock Award.

Table of Contents

Stock Equivalent Units

The Committee may grant Stock Equivalent Units to certain Employees of the Company. In determining which Employees shall be eligible for an award of Stock Equivalent Units, the Committee will consider the nature of the Employee's duties, past and potential contributions to the success of the Company and its affiliates, and such other factors as the Committee deems relevant in connection with accomplishing the purposes of the Amended Plan.

The Committee shall determine the conditions and restrictions of an award of Stock Equivalent Units, including the number of units, the terms of redemption, and the performance criteria, if any. The maximum number of Stock Equivalent Units which may be awarded to any Employee during the term of the Amended Plan is 400,000 units.

Limits on Transferability

Except as set forth below, the Awards granted under the Amended Plan will not be transferable by Employees, except by will or under the laws of descent and distribution, and will be exercisable only during the Employee's lifetime by the Employee. The Committee may grant Awards transferable, without payment of consideration, to immediate family members (as defined in the Amended Plan) of the Employee. In the event a Nonqualified Option is transferred as contemplated hereby, such Nonqualified Options may be subsequently transferred by the transferee only by will or under the laws of descent and distribution, or, without payment of consideration, to immediate family members of the Employee.

Amendment or Termination of Amended Plan

The Board of Directors of the Company may amend, terminate or suspend the Amended Plan at any time, in its sole and absolute discretion; provided, however, to the extent required under applicable stock exchange rules or other applicable rules or regulations, no amendment or modification shall be made to the Amended Plan without the approval of the Company's shareholders. To the extent required to maintain the status of any Incentive Option under the Code, no amendment that would (a) change the aggregate number of shares of Common Stock which may be issued under Incentive Options, (b) change the class of Employees eligible to receive Incentive Options, or (c) decrease the Incentive Option price for Incentive Options below the fair market value of the Common Stock at the time it is granted, shall be made without the approval of the Company's shareholders.

Federal Tax Consequences

This general tax discussion is intended for the information of the shareholders of the Company considering how to vote with respect to this proposal and not as tax guidance to participants in the Amended Plan. Different tax rules may apply to specific participants and transactions under the Amended Plan.

The grant of Incentive Options to an Employee does not result in any income tax consequences. The exercise of an Incentive Option generally does not result in any income tax consequences to the Employee if the Incentive Option is exercised by the Employee during his employment with the Company or a subsidiary, or within a specified period after termination of employment. However, the excess of the fair market value of the shares of Common Stock as of the date of exercise over the Incentive Option price is a tax preference item for purposes of determining an Employee's alternative minimum tax, if applicable. An Employee who sells shares acquired pursuant to the exercise of an Incentive Option after the expiration of (i) two years from the date of grant of the Incentive Option, and (ii) one year after the transfer of the shares to him (the "Waiting Period") will generally recognize a long-term capital gain or loss on the sale.

An Employee who disposes of his Incentive Option shares prior to the expiration of the Waiting Period (an Early Disposition) generally will recognize ordinary income in the year of sale in an amount equal to the excess, if any, of (a) the lesser of (i) the fair market value of the shares as of the date of exercise or (ii) the amount realized on the sale, over (b) the Incentive Option price. Any additional amount realized on an Early Disposition should be treated as capital gain to the Employee, short or long term, depending on the Employee's holding period for the shares. If the shares are sold for less than the Incentive Option price, the Employee will not

Table of Contents

recognize any ordinary income but will recognize a capital loss, short or long term, depending on the holding period.

The Company will not be entitled to a deduction as a result of the grant of an Incentive Option, the exercise of an Incentive Option, or the sale of Incentive Option shares after the Waiting Period. If an Employee disposes of Incentive Option shares in an Early Disposition, the Company would be entitled to deduct the amount of ordinary income recognized by the Employee.

The grant of Nonqualified Options under the Amended Plan will not result in the recognition of any taxable income by the Employee. In addition, the transfer of Nonqualified Options granted under the Amended Plan by the Employee to the Employee's immediate family members will not result in the recognition of any taxable income by the Employee at the time of the transfer. An Employee will recognize ordinary income on the date of exercise of the Nonqualified Option (whether by the Employee or by the Employee's immediate family members with respect to transferred Nonqualified Options) equal to the excess, if any, of (i) the fair market value of the shares received on exercise (determined as of the exercise date), over (ii) the exercise price. The tax basis of these shares received on exercise of the Nonqualified Options (whether by the Employee or by the Employee's immediate family members with respect to transferred Nonqualified Options) for purposes of a subsequent sale of the shares is equal to the sum of (i) the Nonqualified Option price paid for the shares and (ii) the ordinary income recognized on exercise of the Nonqualified Option (i.e., the fair market value of the shares on the exercise date). The income reported by the Employee on exercise of a Nonqualified Option (whether by the Employee or by the Employee's immediate family members with respect to transferred Nonqualified Options) is subject to federal income tax and employment tax withholding.

Generally, the Company will be entitled to a deduction in the amount reportable as income by the Employee on the exercise of a Nonqualified Option (whether by the Employee or by the Employee's immediate family members with respect to transferred Nonqualified Options) in the year in which the Employee reports such income, subject to the \$1,000,000 per year per Employee compensation deduction limitation for covered employees as discussed hereinabove.

Bonus Awards, Performance Grants and Stock Equivalent Units paid in cash generally result in taxable income to the recipient and a compensation deduction by the Company at the time the cash payment is made. Bonus Awards and Performance Grants paid in shares of Common Stock result in taxable income to the recipient at the fair market value of the Common Stock on the date of transfer and result in a corresponding compensation deduction for the Company. Bonus Awards, Performance Grants and Stock Equivalent Units are subject to federal income and employment tax withholding.

Restricted Stock Awards are not subject to taxation at the time of grant because the shares are subject to forfeiture if the vesting criteria are not met. Accordingly, the Company is not entitled to a compensation deduction at that time. When the Restricted Stock vests the employee will have taxable income based upon the fair market value on the date vesting occurs. The Company will then be entitled to a corresponding compensation deduction.

Plan Benefits

The Company is not currently able to determine the amount of Awards that will be received in the future by any of the persons eligible to receive an Award under the Amended Plan. With respect to annual performance-based incentives paid in cash, restricted stock, stock options and performance units granted in 2006 to the Named Executive Officers, see the table above under the caption Grants of Plan-Based Awards. For grants in 2007, see the tables in the Compensation Discussion and Analysis above under the captions Annual Performance-Based Incentives Paid in Cash and 2007 Long-Term Incentive Awards.

GENERAL PROVISIONS RELATING TO AWARDS

4.1 **Authority to Grant Awards.** The Committee may grant Awards to those Employees as it shall determine from time to time under the terms and conditions of the Plan. Subject only to any applicable limitations set out in the Plan, the amount of any Award and the number of shares of Stock to be covered by any Award to be granted to an Employee shall be as determined by the Committee. Except for Bonus Awards, each Award shall be evidenced by an Award Agreement which shall set forth the terms and conditions of the Award. Except as otherwise provided herein, no Award granted pursuant to the Plan shall vest in whole or in part in less than six months after the date the Award is granted. An Employee who has received an Award in any year may receive an additional Award or Awards in the same year or in subsequent years. After considering the effects of any action on Section 162(m) of the Code, the Committee may, in its discretion, waive or accelerate any restrictions to which the Options, Restricted Stock Awards and Stock Equivalent Units may be subject; provided, however that the Committee may not alter, amend or modify pre-established performance based criteria to which any Award may be subject.

4.2 Dedicated Shares. The total number of shares of Stock with respect to which Awards may be granted under the Plan shall be 34,000,000 shares. The shares of Stock may be treasury shares or authorized but unissued shares. The maximum number of shares of Stock and Stock Equivalent Units with respect to which Awards may be granted during the life of the Plan as Bonus Awards payable in stock, Restricted Stock Awards, Stock Equivalent Units, and Performance Grants payable in stock is an aggregate of 4,500,000 shares. 1,000,000 shares. The numbers of shares of Stock stated in this Section 4.2 shall be subject to adjustment in accordance with the provisions of Section 4.5.

In the event that any Award shall expire or terminate for any reason or any Award is surrendered, the shares of Stock allocable to that Award may again be subject to an Award under the Plan. Any shares of Stock withheld or reacquired by the Company in satisfaction of a tax withholding obligation, as permitted in Section 12.3, will not again be subject to an Award under the Plan.

4.3 Non-Transferability. Except as otherwise determined by the Committee in compliance with Rule 16b-3 under the Exchange Act, the Awards granted hereunder shall not be transferable by the Employee otherwise than by will or under the laws of descent and distribution, and shall be exercisable, during the Employee's lifetime, only by the Employee. The Committee may grant Awards that are transferable, without payment of consideration, to immediate family members of the Employee; the Committee may also amend outstanding Awards to provide for such transferability. A transfer of a Nonqualified Option pursuant to this Section may only be effected by the Company at the written request of an Employee and shall become effective only when recorded in the Company's record of outstanding Nonqualified Options. In the event a Nonqualified Option is transferred as contemplated hereby, such Nonqualified Option may be subsequently transferred by the transferee only by will or the laws of descent and distribution or, without payment of consideration, to immediate family members of the Employee. In the event a Nonqualified Option is transferred as contemplated hereby, such Nonqualified Option will continue to be governed by and subject to the terms of this Plan and the relevant grant, and the transferee shall be entitled to the same rights as the Employee hereunder, as if no transfer had taken place. As used herein, "immediate family members" shall mean with respect to any person, such person's child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the Employee's household (other than a tenant or employee), a trust in which these persons have more than 50% of the beneficial interest, a foundation in which these persons (or the Employee) control the management of assets, and any other entity in which these persons (or the Employee) own more than 50% of the voting interests. With respect to all options outstanding under the Service Corporation International 1996 Incentive Plan which prior to the effective date of this Plan have been approved to be or become transferable to immediate family members, such options are hereby amended to be transferable to immediate family members pursuant to and in accordance with the provisions of this Section 4.3.

4.4 Requirements of Law. The Company shall not be required to sell or issue any Stock under any Award if issuing that Stock would constitute or result in a violation by the Employee or the Company of any provision of any law, statute, or regulation of any governmental authority. Specifically, in connection with any applicable statute or regulation relating to the registration of securities pursuant to any Award, the Company shall not be required to issue any Stock unless the Committee has received evidence satisfactory to it to the effect that the holder of that Award will not transfer the Stock except in accordance with applicable law, including receipt of an opinion of counsel satisfactory to the Company to the effect that any proposed transfer complies with applicable law. The determination by the Committee on this matter shall be final, binding and conclusive. The Company may, but shall in no event be obligated to, register any Stock covered by the Plan pursuant to applicable securities laws of any country or any political subdivision. In the event the Stock issuable pursuant to an Award is not registered, the Company may imprint on the certificate evidencing the Stock any legend that counsel for the Company considers necessary or advisable to comply with applicable law. The Company shall not be obligated to take any other affirmative action in order to cause the exercise of, or the issuance of shares under, an Award to comply with any law or regulation of any governmental authority.

4.5 Changes in the Company's Capital Structure.

(a) The existence of the Plan and the Awards granted hereunder shall not affect or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of bonds, debentures, preferred or prior preference stocks ahead of or affecting the Stock or the rights thereof, the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding.

(b) In the event of any change in the outstanding shares of Stock of the Company by reason of any stock split, stock dividend, split-up, split-off, spin-off, recapitalization, merger, consolidation, liquidation, rights offering, share offering, reorganization, combination or exchange of shares, a sale by the Company of all of part of its assets, any distribution to shareholders other than a normal cash dividend, or other extraordinary or unusual event, the Committee shall make equitable adjustments in the terms of any Award or the number of shares of Stock available for Awards, subject to Section 162(m) of the Code, and such adjustments shall be final, conclusive and binding for all purposes of the Plan.

4.6 Termination of Employment. Except as specifically provided herein, the Committee shall set forth in the Award Agreement the status of any Award or shares of Stock underlying any Award upon the termination of the Employee's employment for any reason.

4.7 Election Under Section 83(b) of the Code. No Employee shall exercise the election permitted under Section 83(b) of the Code without written approval of the Committee. Any Employee doing so shall forfeit all Awards issued to the Employee under the Plan.

(a) all outstanding Options shall become immediately exercisable to the full extent of the grant. From and after a Change of Control, Nonqualified Options shall remain exercisable for the lesser of (x) the balance of their original term and (y) (i) six months and one day after termination of an Employee's employment other than due to death, Disability or retirement at or after age 55 or (ii) one year after termination of an Employee's employment due to death, Disability or retirement at or after age 55. From and after a Change of Control, Incentive Options shall remain exercisable for three months after termination of an Employee's employment;

(b) all Bonus Awards shall become immediately payable to the fullest extent of the Award regardless of whether the Measurement Period (hereinafter defined) upon which it is based has been completed;

(c) all forfeiture restrictions and forfeiture restriction periods with respect to Restricted Stock Awards shall expire immediately;

(d) all Stock Equivalent Units shall be redeemed by the Company on the twentieth business day after the Change of Control at a price per Stock Equivalent Unit equal to the Fair Market Value per share of the Stock on the date prior to the date of redemption; and

(e) all Performance Grants shall become immediately payable to the fullest extent of the Award regardless of whether the Performance Cycle (hereinafter defined) upon which it is based has been completed.

ARTICLE V

OPTIONS

5.1 Type of Option. The Committee shall specify whether a given Option shall constitute an Incentive Option or a Nonqualified Option.

5.2 Option Price. The price per share at which shares of Stock may be purchased under an Incentive Option shall not be less than the greater of (a) 100% of the Fair Market Value per share of Stock on the date the Option is granted or (b) the per share par value of the Stock on the date the Option is granted. The Committee in its discretion may provide

that the price per share at which shares of Stock may be purchased shall be more than 100% of Fair Market Value per share. In the case of any 10% Shareholder, the price per share at which shares of Stock may be purchased under an Incentive Option shall not be less than the greater of: (a) 110% of the Fair Market Value per share of Stock on the date the Incentive Option is granted or (b) the per share par value of the Stock on the date the Incentive Option is granted.

The price per share at which shares of Stock may be purchased under a Nonqualified Option shall not be less than the greater of: (a) 100% of the Fair Market Value per share of Stock on the date the Option is granted or

A-6

Table of Contents

(b) the per share par value of the Stock on the date the Option is granted. The Committee in its discretion may provide that the price per share at which shares of Stock may be purchased shall be more than 100% of Fair Market Value per share.

5.3 Duration of Options. No Option shall be exercisable after the expiration of 10 years from the date the Option is granted. In the case of a 10% Shareholder, no Incentive Option shall be exercisable after the expiration of five years from the date the Incentive Option is granted.

5.4 Amount Exercisable. Each Option may be exercised from time to time, in whole or in part, in the manner and subject to the conditions the Committee, in its discretion, may provide in the Award Agreement, as long as the Option is valid and outstanding. To the extent that the aggregate Fair Market Value (determined as of the time an Incentive Option is granted) of the Stock with respect to which Incentive Options first become exercisable by the optionee during any calendar year (under the Plan and any other incentive stock option plan(s) of the Company or any Affiliate) exceeds \$100,000, the Incentive Options shall be treated as Nonqualified Options. In making this determination, Incentive Options shall be taken into account in the order in which they were granted.

5.5 Exercise of Options. Options shall be exercised by the delivery of written notice to the Company setting forth the number of shares with respect to which the Option is to be exercised, together with: (a) cash, check, certified check, bank draft, or postal or express money order payable to the order of the Company for an amount equal to the Option Price of the shares, (b) if acceptable to the Company, Stock at its Fair Market Value equal to the Option Price of the shares on the date of exercise, (c) an executed attestation form acceptable to the Company attesting to ownership of Stock at its Fair Market Value equal to the Option Price of the shares on the date of exercise and/or (d) any other form of payment which is acceptable to the Committee, and specifying the address to which the certificates for the shares are to be mailed. As promptly as practicable after receipt of written notification and payment, the Company shall deliver to the Employee certificates for the number of shares with respect to which the Option has been exercised, issued in the Employee's name. If shares of Stock are used in payment, the Fair Market Value of the shares of Stock tendered must be less than the Option Price of the shares being purchased, and the difference must be paid by check. Delivery shall be deemed effected for all purposes when the Company or a stock transfer agent of the Company shall have deposited the certificates in the United States mail, addressed to the optionee, at the address specified by the Employee.

Whenever an Option is exercised by exchanging shares of Stock owned by the Employee, the Employee shall deliver to the Company certificates registered in the name of the Employee representing a number of shares of Stock legally and beneficially owned by the Employee, free of all liens, claims, and encumbrances of every kind, accompanied by stock powers duly endorsed in blank by the record holder of the shares represented by the certificates (with signature guaranteed by the Company or a commercial bank or trust company or by a brokerage firm having a membership on a registered national stock exchange). The delivery of certificates upon the exercise of Options is subject to the condition that the person exercising the Option provide the Company with the information the Company might reasonably request pertaining to exercise, sale or other disposition.

5.6 Substitution Options. Options may be granted under the Plan from time to time in substitution for stock options held by employees of other corporations who are about to become employees of or affiliated with the Company or any Affiliate as the result of a merger or consolidation of the employing corporation with the Company or any Affiliate, or the acquisition by the Company or any Affiliate of the assets of the employing corporation, or the acquisition by the Company or any Affiliate of stock of the employing corporation as the result of which it becomes an Affiliate of the Company.

5.7 No Rights as Stockholder. No Employee shall have any rights as a shareholder with respect to Stock covered by an Option until the date a stock certificate is issued for the Stock.

5.8 Limitations. The maximum number of Options which may be awarded under this Article V during the term of the Plan shall be 34,000,000 shares, and the maximum number of Options which may be awarded to any Employee under this Article V during the term of the Plan shall be 34,000,000 shares.

The Bonus Award may be paid in Stock, cash, or a combination of Stock and cash, in the sole discretion of the Committee. If paid in whole or in part in Stock, the Stock shall be valued at Fair Market Value as of the date the Committee directs payments to be made in whole or in part in Stock. However, no fractional shares of Stock shall be issued, and the balance due, if any, shall be paid in cash.

The maximum amount which may be paid to any Employee pursuant to one or more Bonus Awards under this Article VI for any single Measurement Period shall not exceed \$5,000,000; and the maximum amount of any Bonus Awards payable to any one Employee in any calendar year shall not exceed \$6,000,000.

Upon the grant of a Restricted Stock Award, the Employee may be required to provide such further assurance and documents as the Committee may require to enforce the restrictions.

7.3 Voting and Dividend Rights. The Employee shall have the right to receive dividends during any forfeiture restriction period, to vote the Stock subject thereto and to enjoy all other shareholder rights, except that (i) the Employee shall not be entitled to delivery of the stock certificate until any forfeiture restriction period shall have expired, (ii) the Company shall retain custody of the stock certificate during the forfeiture restriction period, and (iii) the Employee may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of the Stock during any forfeiture restriction period.

ARTICLE VIII

STOCK EQUIVALENT UNITS

8.1 Stock Equivalent Units and Eligibility. The Committee, in its sole discretion, may grant Stock Equivalent Units to certain Employees of the Company. In determining which Employees shall be eligible for an Award of Stock Equivalent Units, the Committee may, in its discretion, consider the nature of the Employee's duties, past and potential contributions to the success of the Company and its Affiliates, and such other factors as the committee deems relevant in accomplishing the purposes of the Plan. Awards of Stock Equivalent Units shall be subject to such conditions and restrictions as are established by the Committee and set forth in the Award Agreement, including, without limitation, the number of units, performance criteria, if any, and terms of redemption of the Stock Equivalent Units (whether in connection with the termination of employment or otherwise).

8.2 Voting and Dividend Rights. No Employee shall be entitled to any voting rights or to receive any dividends with respect to any Stock Equivalent Units.

8.3 Redemption of Stock Equivalent Units. The Committee shall provide in each Award Agreement pertaining to Stock Equivalent Units a procedure for the redemption by the Company of the Stock Equivalent Units. The amount to be paid in cash to an Employee upon redemption of each Stock Equivalent Unit shall be the Fair Market Value of one share of Stock on the date of redemption.

8.4 Valuation of Stock Equivalent Units. Each Stock Equivalent Unit shall be initially valued at the Fair Market Value of one share of Stock on the date the Stock Equivalent Unit is granted. The value of each Stock Equivalent Unit shall fluctuate with the daily Fair Market Value of one share of Stock. Payment for redemption of Stock Equivalent Units shall be made to the Employee subject to the other applicable provisions of the Plan, including, but not limited to, all legal requirements and tax withholding.

8.5 Limitations. The maximum number of Stock Equivalent Units which may be awarded to any Employee under this Article VIII during the term of the Plan shall be 400,000 units.

ARTICLE IX

PERFORMANCE GRANTS

9.1 Performance Grants and Eligibility. The Committee, in its sole discretion, may designate certain Employees of the Company who are eligible to receive a Performance Grant if certain pre-established performance goals are met. In determining which Employees shall be eligible for a Performance Grant, the Committee may, in its discretion, consider the nature of the Employee's duties, past and potential contributions to the success of the Company and its

Affiliates, and such other factors as the Committee deems relevant in connection with accomplishing the purposes of the Plan.

9.2 Establishment of Performance Grant. The Committee shall determine the terms of the Performance Grant, if any, to be made to an Employee for a period in excess of one year designated by the Committee (the

Table of Contents

Performance Cycle). The Committee shall have the discretion to make downward adjustments to Performance Grants otherwise payable if the performance goals are attained.

9.3 Criteria for Performance Goals. The performance goals shall be pre-established by the Committee in accordance with Section 162(m) of the Code and regulations issued thereunder. Performance goals determined by the Committee may include, but are not limited to, increases in net profits, operating income, Stock price, earnings per share, sales and/or return on equity.

9.4 Committee Certification. The Committee must certify in writing that a performance goal has been met prior to payment to any Employee of the Performance Grant by issuance of a certificate for Stock or payment in cash. If the Committee certifies the entitlement of an Employee to the performance based Performance Grant, the payment shall be made to the Employee subject to other applicable provisions of the Plan, including but not limited to, all legal requirements and tax withholding.

9.5 Payment and Limitations. Performance Grants shall be paid on or before the 90th day following both (a) the end of the Performance Cycle, and (b) certification by the Committee that the performance goals and any other material terms of the Performance Grant and the Plan have been satisfied, or as soon thereafter as is reasonably practicable. The Performance Grant may be paid in Stock, cash, or a combination of Stock and cash, in the sole discretion of the Committee. If paid in whole or in part in Stock, the Stock shall be valued at Fair Market Value as of the date the Committee directs payments to be made in whole or in part in Stock. However, no fractional shares of Stock shall be issued, and the balance due, if any, shall be paid in cash.

The maximum amount which may be paid to any Employee pursuant to one or more Performance Grants under this Article IX for a Performance Cycle shall not exceed \$5,000,000.

ARTICLE X

ADMINISTRATION

The Plan shall be administered by the Committee. All questions of interpretation and application of the Plan and Awards granted thereunder shall be subject to the determination of the Committee. A majority of the members of the Committee shall constitute a quorum. All determinations of the Committee shall be made by a majority of its members. Any decision or determination reduced to writing and signed by a majority of the members shall be as effective as if it had been made by a majority vote at a meeting properly called and held. The Plan shall be administered in such a manner as to permit the Options granted under it which are designated to be Incentive Options to qualify as Incentive Options. In carrying out its authority under the Plan, the Committee shall have full and final authority and discretion, including but not limited to the following rights, powers and authorities, to:

- (a) determine the Employees to whom and the time or times at which Awards will be made,
- (b) determine the number of shares and the purchase price of Stock covered in each Award, subject to the terms of the Plan,
- (c) determine the terms, provisions and conditions of each Award, which need not be identical,
- (d) define the effect, if any, on an Award of the death, Disability, retirement, or termination of employment of the Employee,

(e) subject to Article XI, adopt modifications and amendments to the Plan or any Award Agreement, including, without limitation, any modifications or amendments that are necessary to comply with the laws of the countries in which the Company or its Affiliates operate,

(f) prescribe, amend and rescind rules and regulations relating to administration of the Plan, and

(g) make all other determinations and take all other actions deemed necessary, appropriate, or advisable for the proper administration of the Plan.

The actions of the Committee in exercising all of the rights, powers, and authorities set out in this Article and all other Articles of the Plan, when performed in good faith and in its sole judgment, shall be final, conclusive and binding on all parties.

ARTICLE XI

AMENDMENT OR TERMINATION OF PLAN

The Board of Directors of the Company may amend, terminate or suspend the Plan at any time, in its sole and absolute discretion; provided, however, to the extent required under applicable stock exchange rules or other applicable rules or regulations, no amendment or modification shall be made to the Plan without the approval of the Company's shareholders; provided further, however, that to the extent required to maintain the status of any Incentive Option under the Code, no amendment that would (a) change the aggregate number of shares of Stock which may be issued under Incentive Options, (b) change the class of Employees eligible to receive Incentive Options, or (c) decrease the Option price for Incentive Options below the Fair Market Value of the Stock at the time it is granted, shall be made without the approval of the Company's shareholders. Subject to the preceding sentence, the Board shall have the power to make any changes in the Plan and in the regulations and administrative provisions under it or in any outstanding Incentive Option as in the opinion of counsel for the Company may be necessary or appropriate from time to time to enable any Incentive Option granted under the Plan to continue to qualify as an incentive stock option or such other stock option as may be defined under the Code so as to receive preferential federal income tax treatment.

ARTICLE XII

MISCELLANEOUS

12.1 No Establishment of a Trust Fund. No property shall be set aside nor shall a trust fund of any kind be established to secure the rights of any Employee under the Plan. All Employees shall at all times rely solely upon the general credit of the Company for the payment of any benefit which becomes payable under the Plan.

12.2 No Employment Obligation. The granting of any Award shall not constitute an employment contract, express or implied, nor impose upon the Company or any Affiliate any obligation to employ or continue to employ any Employee. The right of the Company or any Affiliate to terminate the employment of any person shall not be diminished or affected by reason of the fact that an Award has been granted to him.

12.3 Tax Withholding. The Company or any Affiliate shall be entitled to deduct from other compensation payable to each Employee any sums required by federal, state, or local tax law to be withheld with respect to the grant or exercise of an Option, the cash payment of a Performance Grant, Bonus Award or redemption of a Stock Equivalent Unit, or issuance of Stock in payment of Restricted Stock, a Performance Grant or a Bonus Award. In the alternative, the Company may require the Employee (or other person exercising the Option or receiving Stock) to pay the sum directly to the employer corporation or, except as the Committee may otherwise provide in an Award, the Employee may satisfy such tax obligations in whole or in part by delivery of Stock, including shares of Stock retained from the Award creating the obligation, valued at Fair Market Value. If the Employee (or other person exercising the Option or receiving the Stock) is required to pay the sum directly, payment in cash or by check of such sums for taxes shall be delivered within 10 days after (a) the date of exercise, or (b) notice of the Committee's decision to pay all or part of a Performance Grant or Bonus Award in Stock, whichever is applicable. The Company shall have no obligation upon exercise of any Option, or notice of the Committee's decision to pay all or part of the Performance Grant or Bonus Award in Stock, until payment has been received, unless withholding (or offset against a cash payment) as of or prior to the date of exercise or issuance of Stock is sufficient to cover all sums due with respect to that exercise or issuance

of Stock. The Company and its Affiliates shall not be obligated to advise an Employee of the existence of the tax or the amount which the employer corporations will be required to withhold.
