NOTE 1. BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information. They should be read in conjunction with the annual financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002. In the opinion of management, the interim consolidated financial statements include all adjustments (consisting of normal recurring accruals) necessary for the fair presentation of the results for interim periods presented. Operating results for the three months ended March 31, 2003 are not necessarily indicative of the operating results for the year ended December 31, 2003.

Certain reclassifications have been made to the consolidated financial statements as of December 31, 2002 and for the three months ended March 31, 2002 to conform to the presentation used as of and for the three months ended March 31, 2003. Such reclassifications had no effect on net earnings or stockholders' equity as previously reported.

NOTE 2. NOTE PAYABLE

On October 31, 2002, the Company entered into a revolving line of credit with Merrill Lynch Business Financial Services, Inc. (the "Merrill Loan") to refinance the Company's working capital facility with Coast Business Credit. The initial maturity date for the Merrill Loan is August 31, 2003 and, subject to certain terms, is renewable. The maximum borrowings available on the Merrill Loan are the lesser of \$2,750,000, or 80% of the Company's trade accounts receivable less than 90 days old. The Merrill Loan bears interest at the one-month LIBOR rate plus 2.35% (effective rate of 3.65% and 3.77% at March 31, 2003 and at December 31, 2002). Borrowings under the Merrill Loan are collateralized by substantially all of the Company's assets. The Company is also required to comply with certain quarterly financial covenants, including covenants related to the Company's minimum tangible net worth, total liabilities to tangible net worth and fixed charge coverage. The Company was in compliance with all of its financial covenants at March 31, 2003.

NOTE 3. STOCK-BASED COMPENSATION

The Company utilizes the intrinsic value method of accounting for its stock based employee compensation plans. All options granted had an exercise price equal to the market value of the underlying common stock on the date of grant and accordingly, no compensation cost is reflected in net earnings for the three months ended March 31, 2003 and 2002. The following table illustrates the effect on net earnings and earnings per share if the Company had applied the fair value method of accounting for stock options:

		Three Month March
		----- 2003 -----
Net earnings, as reported		\$267,980
Less: Compensation expense determined under the fair value method, net of tax		(12,170)
Proforma net earnings		255,810

The fair value of each option grant is estimated on the grant date using the Black-Scholes option-pricing model with the following assumptions and results for the grants:

	2003

Dividend yield	None
Expected volatility	90%
Expected life of option	4 years
Risk-free interest rate	2.9%
Weighted average fair value of options on grant date	\$0.26

NOTE 4. INCOME TAXES

Income taxes are calculated based on management's estimate of the Company's effective tax rate. Income taxes for the three months ended March 31, 2002 include a reduction of the deferred tax asset valuation allowance totaling \$625,300, offset by \$114,300 of income tax expense, and the recording of management's estimate of minimum state income taxes and federal taxes due because of alternative minimum tax calculations.

NOTE 5. RECENT ACCOUNTING PRONOUNCEMENTS

In January 2003, the Financial Accounting Standards Board issued Financial Interpretations No. 46 (FIN 46), "Consolidation of Variable Interest Entities." FIN 46 is an interpretation of Accounting Research Bulletin No. 51, "Consolidated Financial Statements," and addresses consolidation by business enterprises of variable interest entities. FIN 46 applies immediately to variable interest entities created or obtained after January 31, 2003 and applies in the first fiscal year or interim period beginning after June 15,

Edgar Filing: HEALTH FITNESS CORP /MN/ - Form 10-Q

2003, to variable interest entities in which an enterprise holds a variable interest that it acquired before February 1, 2003. This pronouncement is not anticipated to have an impact on the Company's financial position or results of operations.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

GENERAL. Health Fitness Corporation and its wholly owned subsidiaries (the Company), provide fitness and wellness management services and programs to corporations, hospitals, communities and universities located in the United States and Canada. Fitness and wellness management services include the development, marketing and management of corporate, hospital, community and university based fitness centers, injury prevention and work-injury management consulting, and on-site physical therapy and occupational health services. Programs include wellness and health programs for individual customers, including health risk assessments, nutrition and weight loss programs, smoking cessation, massage therapy, back care and ergonomic injury prevention.

RESULTS OF OPERATIONS FOR THE QUARTER ENDED MARCH 31, 2003 COMPARED TO THE QUARTER ENDED MARCH 31, 2002.

REVENUE. Revenues increased \$831,000 or 12.4% to \$7,518,000 for the three months ended March 31, 2003, from \$6,687,000 for the three months ended March 31, 2002. Management fee and consulting revenues increased \$783,000 or 12.2% while on-site and occupational health services revenues increased \$48,000 or 18.6% for the three months ended March 31, 2003, compared to the same period in 2002. These increases are attributed to the addition of new contracts.

GROSS PROFIT. Gross profit increased \$180,000 or 12.2% to \$1,654,000 for the three months ended March 31, 2003, from \$1,474,000 for the three months ended March 31, 2002. Management fee and consulting gross profit increased \$151,000 or 10.6% while on-site and occupational health services gross profit increased \$29,000 or 52.3% for the three months ended March 31, 2003, compared to the same period in 2002. These increases are attributed to the addition of new contracts.

OPERATING EXPENSES AND OPERATING INCOME. Operating expenses increased \$115,000 to \$1,193,000 from \$1,078,000 for the three months ended March 31, 2003 as compared to the three months ended March 31, 2002. The increase is mainly due to increased salary expense of \$118,000. The increase in salary expense is primarily attributed to increased employee benefits costs and an investment in additional sales and marketing staff that the Company made during 2002. Operating expenses as a percentage of revenue decreased to 15.9% for the three months ended March 31, 2003 compared to 16.1% for the three months ended March 31, 2002.

Operating income increased \$65,000 to \$461,000 from \$396,000 for the three months ended March 31, 2003 as compared to the three months ended March 31, 2002. This increase is the net result of the changes in gross profit and operating expenses discussed previously.

OTHER INCOME AND EXPENSE. Interest expense decreased \$88,000 or 89.3% to \$11,000 for the three months ended March 31, 2003, compared to \$99,000 for the same

Edgar Filing: HEALTH FITNESS CORP /MN/ - Form 10-Q

period in 2002. This decrease is due to decreased levels of borrowing and a lower interest rate. The Company's cost of borrowed funds decreased from 9.0% for the first quarter of 2002, to approximately 3.8% for the first quarter of 2003.

INCOME TAXES. Income taxes increased \$674,000 to an expense of \$182,000 for the three months ended March 31, 2003 compared to a benefit of 492,000 for the same period in 2002. The increase is primarily due to the tax benefit related to a \$625,300 reduction of the Company's deferred tax asset valuation allowance for the three months ended March 31, 2002.

NET EARNINGS. As a result of the above, net earnings for the three months ended March 31, 2003 decreased \$519,000 to \$268,000 for the three months ended March 31, 2003, compared to \$787,000 for the same period in 2002.

LIQUIDITY AND CAPITAL RESOURCES The Company had working capital of \$1,550,000 at March 31, 2003, compared to working capital of \$1,250,000 at December 31, 2002. The increase in working capital is primarily due to the increase in accounts receivable.

7

On October 31, 2002, the Company entered into a revolving line of credit with Merrill Lynch Business Financial Services, Inc. (the "Merrill Loan") to refinance the Company's working capital facility with Coast Business Credit. The initial maturity date for the Merrill Loan is August 31, 2003 and, subject to certain terms, is renewable. The maximum borrowings available on the Merrill Loan are the lesser of \$2,750,000, or 80% of the Company's trade accounts receivable less than 90 days old. The Merrill Loan bears interest at the one-month LIBOR rate plus 2.35% (effective rate of 3.65% and 3.77% at March 31, 2003 and at December 31, 2002). Borrowings under the Merrill Loan are collateralized by substantially all of the Company's assets. The Company is also required to comply with certain quarterly financial covenants, including covenants related to the Company's minimum tangible net worth, total liabilities to tangible net worth and fixed charge coverage. The Company was in compliance with all of its financial covenants at March 31, 2003.

As of March 31, 2003, the Company has no off-balance sheet arrangements or transactions with unconsolidated, limited purpose entities. Refer to the footnotes in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 for disclosure related to the Company's "Commitments and Contingencies."

On a short and long-term basis, the Company believes that sources of capital to meet future obligations will be provided by cash generated through operations and the Company's revolving line of credit. The Company does not believe that inflation has had a significant impact on the results of its operations.

RECENTLY ISSUED ACCOUNTING POLICIES

As indicated in our notes to the financial statements, we are not aware of any recently issued accounting pronouncements that will have a material impact on the Company's financial position or results of operations.

RECENTLY PASSED LEGISLATION

Edgar Filing: HEALTH FITNESS CORP /MN/ - Form 10-Q

SARBANES-OXLEY. On July 30, 2002, President Bush signed into law the Sarbanes-Oxley Act of 2002 (the "Act"), which immediately impacts Securities and Exchange Commission registrants, public accounting firms, lawyers and securities analysts. This legislation is the most comprehensive securities legislation since the passage of the Securities Acts of 1933 and 1934. It has far reaching effects on the standards of integrity for corporate management, board of directors, and executive management. Additional disclosures, certifications and procedures will be required of the Company. We do not expect any material adverse effect on the Company as a result of the passage of this legislation; however, the full scope of the Act has not yet been determined. The Act provides for additional regulations and requirements of publicly traded companies, which have yet to be issued.

Refer to management's certifications contained elsewhere in this report regarding the Company's compliance with Sections 302 and 906 of the Sarbanes-Oxley Act of 2002.

HIPPA. The Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") require group health plans and health care providers who conduct certain administrative and financial transactions electronically ("Standard Transactions") to (a) comply with a certain data format and coding standards when conducting electronic transactions; (b) use appropriate technologies to protect the security and integrity of individually identifiable health information transmitted or maintained in an electronic format; and (c) protect the privacy of patient health information. The Company's occupational health line of business, which accounts for approximately five percent of the Company's total revenue, and the group health plan the Company sponsors for its employees are subject to HIPAA's requirements. The Company expects to be in compliance with HIPAA requirements within the timeline specified for the Company's affected business areas. The Company's corporate, hospital, community and university based fitness center management lines of business are not subject to the requirements of HIPAA.

CAUTIONARY STATEMENT

This Form 10-Q contains forward-looking statements within the meaning of federal securities laws. These statements include statements regarding intent, belief, or current expectations of the Company and its management and specifically include the statement regarding cash expected to be available from operations. These forward-looking statements are not guarantees of the future performance and involve a number of risks and uncertainties that may cause the Company's actual results to differ materially from the results discussed in these statements. Please refer to Management's Discussion and Analysis contained within the Company's Annual Report on Form 10-K for the year ended December 31, 2002, for

cautionary statements on important factors to consider in evaluating the forward-looking statements included in this Form 10-Q.

9

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Edgar Filing: HEALTH FITNESS CORP /MN/ - Form 10-Q

The Company has no history of, and does not anticipate in the future, investing in derivative financial instruments, derivative commodity instruments or other such financial instruments. Transactions with international customers are entered into in U.S. dollars, precluding the need for foreign currency hedges. As a result, the exposure to market risk is not material.

ITEM 4. CONTROLS AND PROCEDURES

The Company's Chief Executive Officer and Chief Financial Officer (collectively, the "Certifying Officers") are responsible for establishing and maintaining disclosure controls and procedures for the Company. The Certifying Officers have concluded (based upon their evaluation of these controls and procedures as of a date within 90 days of the filing of this report) that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Company in this report is accumulated and communicated to the Company's management, including its principal executive officers as appropriate, to allow timely decisions regarding required disclosure. The Certifying Officers also have indicated that there were no significant changes in the Company's internal controls or other factors that could significantly affect such controls subsequent to the date of their evaluation, and there were no corrective actions with regard to significant deficiencies and material weaknesses.
