CRESCENT REAL ESTATE EQUITIES COMPANY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

SEGMENTS

The assets and operations of the Company were divided into four investment segments at June 30, 2003, as follows:

- o Office Segment;
- o Resort/Hotel Segment;
- o Residential Development Segment; and
- o Temperature-Controlled Logistics Segment.

Within these segments, the Company owned in whole or in part the following real estate assets (the "Properties") as of June 30, 2003:

- o OFFICE SEGMENT consisted of 73 office properties, including three retail properties (collectively referred to as the "Office Properties"), located in 25 metropolitan submarkets in six states, with an aggregate of approximately 29.5 million net rentable square feet. 61 of the Office Properties are wholly-owned and 12 are owned through joint ventures, five of which are consolidated and seven of which are unconsolidated.
- o RESORT/HOTEL SEGMENT consisted of six luxury and destination fitness resorts and spas with a total of 1,306 rooms/guest nights and four upscale business-class hotel properties with a total of 1,771 rooms (collectively referred to as the "Resort/Hotel Properties"). Eight of the Resort/Hotel Properties are wholly-owned, one is owned through a joint venture that is consolidated, and one is owned through a joint venture that is unconsolidated.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

- o RESIDENTIAL DEVELOPMENT SEGMENT consisted of the Company's ownership of real estate mortgages and voting and non-voting common stock representing interests of 98% to 100% in five residential development corporations (collectively referred to as the "Residential Development Corporations"), which in turn, through partnership arrangements, owned in whole or in part 23 upscale residential development properties, 21 of which are consolidated and two of which are unconsolidated (collectively referred to as the "Residential Development Properties").

- o TEMPERATURE-CONTROLLED LOGISTICS SEGMENT consisted of the Company's 40% interest in Vornado Crescent Portland Partnership (the "Temperature-Controlled Logistics Partnership") and a 56% interest in the Vornado Crescent Carthage and KC Quarry L.L.C. The Temperature-Controlled Logistics Partnership owns all of the common stock, representing substantially all of the economic interest, of AmeriCold Corporation (the "Temperature-Controlled Logistics Corporation"), a REIT. As of June 30, 2003, the Temperature-Controlled Logistics Corporation directly or indirectly owned 88 temperature-controlled logistics properties (collectively referred to as the "Temperature-Controlled Logistics Properties") with an aggregate of approximately 441.5 million cubic feet (17.5 million square feet) of warehouse space. As of June 30, 2003, the Vornado Crescent Carthage and KC Quarry, L.L.C. owned two quarries and the related land. The Company accounts for its interests in the Temperature-Controlled Logistics Partnership and in the Vornado Crescent Carthage and KC Quarry L.L.C. as unconsolidated equity investments.

See Note 3, "Segment Reporting," for a table showing total revenues, operating expenses, equity in net income (loss) of unconsolidated companies and funds from operations for each of these investment segments for the three and six months ended June 30, 2003 and 2002, and total assets, consolidated property level financing, consolidated other liabilities, and minority interests for each of these investment segments at June 30, 2003 and December 31, 2002.

For purposes of segment reporting as defined in Statement of Financial Accounting Standards ("SFAS") No. 131, "Disclosures About Segments of an Enterprise and Related Information," and this Quarterly Report on Form 10-Q, the Resort/Hotel Properties, the Residential Development Properties and the Temperature-Controlled Logistics Properties are considered three separate reportable segments, as described above. However, for purposes of investor communications, the Company classifies its luxury and destination fitness resorts and spas and Residential Development Properties as a single group referred to as the "Resort and Residential Development Sector" due to the similar characteristics of targeted customers. This group does not contain the four business-class hotel properties. Instead, for investor communications, the four business-class hotel properties are classified with the Temperature-Controlled Logistics Properties as the Company's "Investment Sector."

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

The accompanying unaudited financial statements have been prepared in conformity with generally accepted accounting principles in the United States ("GAAP") for interim financial information, as well as in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, the information and footnotes required by GAAP for complete financial statements are not included. In management's opinion, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the unaudited interim financial statements are included. Operating results for interim periods reflected do not necessarily indicate the results that may be expected for a full fiscal year. You should read these financial statements in conjunction with the financial statements and the accompanying notes included in the Company's Form 10-K for the year ended December 31, 2002.

Certain amounts in prior period financial statements have been reclassified to conform to current period presentation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This section should be read in conjunction with the more detailed information regarding the Company's significant accounting policies contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

ADOPTION OF NEW ACCOUNTING STANDARDS

SFAS NO. 145. In April 2002, the Financial Accounting Standards Board ("FASB") issued SFAS No. 145, "Rescission of FASB Statements 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections." SFAS No. 145 requires the reporting of gains and losses from early extinguishment of debt be included in the determination of net income unless criteria in Accounting Principles Board Opinion No. 30, "Reporting the Results of Operations," which allows for extraordinary item classification, are met. The provisions of this Statement related to the rescission of Statement No. 4 are to be applied in fiscal years beginning after May 15, 2002. The Company adopted this Statement for fiscal 2003 and expects no impact in 2003 beyond the classification of costs related to early extinguishments of debt, which were shown in the Company's 2001 Consolidated Statements of Operations as an extraordinary item.

SFAS NOS. 148 AND 123. In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure," effective for fiscal years ending after December 15, 2002, to amend the transition and disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation." In addition to the prospective transition method of accounting for Stock-Based Employee Compensation using the fair value method provided in SFAS No. 123, SFAS No. 148 permits two additional transition methods, both of which avoid the ramp-up effect arising from prospective application of the fair value method. The Retroactive Restatement Method requires companies to restate all periods presented to reflect the Stock-Based Employee Compensation under the fair value method for all employee awards granted, modified, or settled in fiscal years beginning after December 15, 1994. The Modified Prospective Method requires companies to recognize Stock-Based Employee Compensation from the beginning of the fiscal year in which the recognition provisions are first applied as if the fair value method in SFAS No. 123 had been used to account for employee awards granted, modified, or settled in fiscal years beginning after December 15, 1994. Also, in the absence of a single accounting method for Stock-Based Employee Compensation, SFAS No. 148 expands disclosure requirements from those existing in SFAS No. 123, and requires disclosure of whether, when, and how an entity adopted the preferable, fair value method of accounting.

Effective January 1, 2003, the Company adopted the fair value expense recognition provisions of SFAS No. 123 on a prospective basis as permitted, which requires that the value of stock options at the date of grant be amortized

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

ratably into expense over the appropriate vesting period. During the six months ended June 30, 2003, the Company granted stock options and recognized compensation expense that was not significant to its results of operations. With respect to the Company's stock options which were granted prior to 2003, the Company accounted for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," and related Interpretations ("APB No. 25"). Under APB No. 25, compensation cost is measured as the excess, if any, of the quoted market price of the Company's common shares at the date of grant over the exercise price of the option granted. Compensation cost for stock options, if any, is recognized ratably over the vesting period. During the six months ended June 30, 2003, no compensation cost was recognized for grants of stock options made prior to 2003 under the Company stock option plans because the Company's policy is to grant stock options with an exercise price equal to the quoted closing market price of the Company's common shares on the grant date. Had compensation cost for the Plans been determined based on the

SFAS NO. 149. In April 2003, the FASB issued SFAS No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities." SFAS No. 149 amends and clarifies the financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities." In general, SFAS No. 149 is effective for contracts entered into or modified after June 30, 2003 and for hedging relationships designated after June 30, 2003. The adoption of this statement is not expected to have a material impact, if any, on the Company's financial condition or its results of operations.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

SFAS NO. 150. In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity." SFAS No. 150 establishes standards for how an issuer should classify and measure certain financial instruments that have both liability and equity characteristics. The provisions of this Statement are to be applied to financial instruments entered into or modified after May 31, 2003 and to existing instruments as of the beginning of the first interim financial reporting period after June 15, 2003. The adoption of this statement is not expected to have a material impact, if any, on the Company's financial condition or its results of operations.

FASB INTERPRETATION 45. In November 2002, the FASB issued Interpretation 45, "Guarantors' Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others" ("FIN 45"), which elaborates on the disclosures to be made by a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued, and liability-recognition requirements for a guarantor of certain types of debt. The new guidance requires a guarantor to recognize a liability at the inception of a guarantee which is covered by the new requirements whether or not payment is probable, creating the new concept of a "stand-ready" obligation. Initial recognition and initial measurement provisions are applicable on a prospective basis to guarantees issued or modified after December 31, 2002. See Note 10, "Commitments and Contingencies," for disclosure of the Company's guarantees at June 30, 2003. The Company adopted FIN 45 effective January 1, 2003.

FASB INTERPRETATION 46. On January 15, 2003, the FASB approved the issuance of Interpretation 46, "Consolidation of Variable Interest Entities" ("FIN 46"), an interpretation of Accounting Research Bulletin No. 51, "Consolidated Financial Statements." Under FIN 46, consolidation requirements are effective immediately for new Variable Interest Entities ("VIEs") created after January 31, 2003. The consolidation requirements apply to existing VIEs in the first fiscal year or interim period beginning after June 15, 2003. VIEs are generally a legal structure used for business enterprises that either do not have equity investors with voting rights, or have equity investors that do not provide sufficient financial resources for the entity to support its activities. The objective of the new guidance is to improve reporting by addressing when a company should include in its financial statements the assets, liabilities and activities of another entity such as a VIE. FIN 46 requires a VIE to be consolidated by a company if the company is subject to a majority of the risk of loss from the VIE's activities or entitled to receive a majority of the entity's residual returns or both. FIN 46 also requires disclosures about VIEs that the company is not required to consolidate but in which it has a significant variable interest. Certain of the

11

CRESCENT REAL ESTATE EQUITIES COMPANY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

disclosure requirements apply in all financial statements issued after January 31, 2003, regardless of when the VIE was established. These disclosure requirements are as follows: (a) the nature, purpose, size, and activities of the variable interest entity; and, (b) the enterprise's maximum exposure to loss as a result of its involvement with the VIE. FIN 46 may be applied prospectively with a cumulative effect adjustment as of the date on which it is first applied or by restating previously issued financial statements for one or more years with a cumulative effect adjustment as of the beginning of the first year restated. The Company is assessing the impact of this Interpretation, if any, on

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

its existing entities and does not believe the impact will be significant on its liquidity, financial position, and results of operations. The Company did not create any VIEs subsequent to January 31, 2003.

SIGNIFICANT ACCOUNTING POLICIES

EARNINGS PER SHARE. SFAS No. 128, "Earnings Per Share," ("EPS") specifies the computation, presentation and disclosure requirements for earnings per share.

Basic EPS is computed by dividing net income available to common stockholders by the weighted average number of shares outstanding for the period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock, where such exercise or conversion would result in a lower EPS amount. The Company presents both basic and diluted earnings per share.

The following tables present reconciliations for the three and six months ended June 30, 2003 and 2002 of basic and diluted earnings per share from "Income before discontinued operations and cumulative effect of a change in accounting principle" to "Net (loss) income available to common shareholders." The table also includes weighted average shares on a basic and diluted basis.

3. SEGMENT REPORTING

For purposes of segment reporting as defined in SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information," the Company currently has four major investment segments based on property type: the Office Segment; the Resort/Hotel Segment; the Residential Development Segment; and the Temperature-Controlled Logistics Segment. Management utilizes this segment structure for making operating decisions and assessing performance.

The Company uses funds from operations ("FFO") as the measure of segment profit or loss. FFO, as used in this document, is based on the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT") and means:

- o Net Income (Loss) - determined in conformity with GAAP;
- o excluding gains (losses) from sales of depreciable operating property;
- o excluding extraordinary items (as defined by GAAP);
- o including depreciation and amortization of real estate assets; and
- o after adjusting for unconsolidated partnerships and joint ventures.

NAREIT developed FFO as a relative measure of performance of an equity REIT to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. The Company considers FFO an appropriate measure of performance for an equity REIT and for its investment segments. However, FFO should not be considered as an alternative to net income determined in accordance with GAAP as an indication of the Company's operating performance.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

CRESCENT REAL ESTATE EQUITIES COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Company's measure of FFO may not be comparable to similarly titled measures of other REITs if those REITs apply the definition of FFO in a different manner than the Company.

4. DISCONTINUED OPERATIONS

In August 2001, the FASB issued SFAS No. 144, which requires that the results of operations of assets sold or held for sale, and any gains or losses recognized on assets sold and held for sale, be disclosed separately in the Company's Consolidated Statements of Operations. The Company adopted SFAS No. 144 on January 1, 2002. In accordance with SFAS No. 144, the results of operations of the assets sold or held for sale have been presented as "Discontinued operations - income (loss) on assets sold and held for sale," and gain or loss and impairments in the assets sold or held for sale have been presented as "Discontinued operations - (loss) gain on assets sold and held for sale" in the accompanying Consolidated Statements of Operations for the three and six months ended June 30, 2003 and 2002. The impairment charges represent the difference between the carrying value of assets sold or held for sale and the actual or estimated sales price, less costs of sale. The carrying value of the assets held for sale has been reflected as "Properties held for disposition, net" in the accompanying Consolidated Balance Sheets as of June 30, 2003 and December 31, 2002.

ASSETS HELD FOR SALE

OFFICE SEGMENT

As of June 30, 2003, the 1800 West Loop South Office Property located in the West Loop/Galleria submarket in Houston, Texas was held for sale. During the six months ended June 30, 2003, the Company recognized an approximately \$12.7 million impairment charge, net of minority interests, on the 1800 West Loop South Office Property.

As of June 30, 2003, the Company determined that the North Dallas Athletic Club, a building adjacent to the Stanford Corporate Centre Office Property in the Far North Dallas submarket in Dallas, Texas was no longer held for sale due to the Company's negotiations to contract a new operator. The Property has been reclassified from "Properties held for disposition, net" to "Building and improvements," "Furniture, fixtures and equipment" and "Accumulated depreciation" in the accompanying Consolidated Balance Sheets with a book value of \$0.6 million, net of accumulated depreciation of \$0.8 million. The impairment charge of \$1.0 million, net of minority interest, recorded during the first quarter of 2003, has been reclassified from "Discontinued operations - (loss) gain on assets sold and held for sale" to "Impairment and other charges related to real estate assets" in the accompanying Consolidated Statement of Operations.

BEHAVIORAL HEALTHCARE PROPERTIES

On February 27, 2003, the Company sold a behavioral healthcare property for \$2.0 million, consisting of \$1.3 million in cash and a \$0.7 million note receivable. The Company recognized a loss on the sale of this property of approximately \$0.3 million. A \$2.3 million impairment charge, net of minority interest, had been recognized during 2002 related to this property.

On May 2, 2003, the Company sold one additional behavioral healthcare property for \$2.1 million. The Company recognized a loss on the sale of this property of approximately \$0.1 million. A \$0.7 million impairment charge, net of minority interest, was recognized during the first quarter of 2003 related to this property.

The Company also recognized a \$0.8 million impairment charge, net of minority interest, during the second quarter of 2003 on a behavioral healthcare property held for sale and under contract for sale at June 30, 2003. This property was sold on July 10, 2003.

As of June 30, 2003, the Company owned five behavioral healthcare properties.

5. OTHER ASSET DISPOSITIONS

INVESTMENT LAND DISPOSITIONS

On April 24, 2003, the Company completed the sale of approximately one-half acre of undeveloped land located in Dallas, Texas. The sale generated net proceeds and a net gain of approximately \$0.3 million. This land was wholly-owned by the Company.

On May 15, 2003, the Company completed the sale of approximately 24.8 acres of undeveloped land located in Coppell, Texas. The sale generated net proceeds of \$3.0 million and a net gain of approximately \$1.1 million. This land was wholly-owned by the Company.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

As of June 30, 2003, the Company sold approximately 3.5 acres of undeveloped land located in Houston, Texas. Subsequent to the end of the second quarter, the sale agreement was modified. Under the terms of the modified sale agreement, the Company generated proceeds of \$2.1 million, net of closing costs, and a note receivable in the amount of \$11.8 million, with annual installments of principal and interest payments beginning June 27, 2004 through maturity on June 27, 2010. The principal payment amounts are calculated based upon a 20-year amortization and the interest rate is 4% for the first two years and thereafter the prime rate, as defined in the note, through maturity. Based on the terms of the modified sale agreement, the Company will fully recognize a net gain of approximately \$8.9 million in the third quarter of 2003. This land was wholly-owned by the Company.

6. TEMPERATURE-CONTROLLED LOGISTICS SEGMENT

TEMPERATURE-CONTROLLED LOGISTICS PROPERTIES

As of June 30, 2003, the Company held a 40% interest in the Temperature-Controlled Logistics Partnership, which owns the Temperature-Controlled Logistics Corporation, which directly or indirectly owns the 88 Temperature-Controlled Logistics Properties, with an aggregate of approximately 441.5 million cubic feet (17.5 million square feet) of warehouse space.

The Temperature-Controlled Logistics Corporation leases the Temperature-Controlled Logistics Properties to AmeriCold Logistics, a limited liability company owned 60% by Vornado Operating L.P. and 40% by a subsidiary of Crescent Operating, Inc. ("COPI"). The Company has no economic interest in AmeriCold Logistics. See Note 15, "COPI," for information on the proposed acquisition of COPI's 40% interest in AmeriCold Logistics by a new entity to be owned by the Company's shareholders.

AmeriCold Logistics, as sole lessee of the Temperature-Controlled Logistics Properties, leases the Temperature-Controlled Logistics Properties from the Temperature-Controlled Logistics Corporation under three triple-net master leases, as amended. On February 22, 2001, the Temperature-Controlled Logistics Corporation and AmeriCold Logistics agreed to restructure certain financial terms of the leases, including a reduction of the rental obligation for 2001 and 2002, the increase of the Temperature-Controlled Logistics Corporation's share of capital expenditures for the maintenance of the properties (effective January 1, 2000) and the extension of the date on which deferred rent is required to be paid to December 31, 2003. On March 7, 2003, the Temperature-Controlled Logistics Corporation and AmeriCold Logistics amended the leases to further extend the date on which deferred rent is required to be paid to December 31, 2004.

AmeriCold Logistics deferred \$18.5 million of the total \$76.4 million of rent payable for the six months ended June 30, 2003. The Company's share of the deferred rent was \$7.4 million. The Company recognizes rental income from the Temperature-Controlled Logistics Properties when earned and collected and has not recognized the \$7.4 million of deferred rent in equity in net income of the Temperature-Controlled Logistics Properties for the six months ended June 30, 2003. As of June 30, 2003, the Temperature-Controlled Logistics Corporation's deferred rent and valuation allowance from AmeriCold Logistics were \$59.1 million and \$52.8 million, respectively, of which the Company's portions were \$23.6 million and \$21.1 million, respectively.

VORNADO CRESCENT CARTHAGE AND KC QUARRY, L.L.C.

As of June 30, 2003, the Company held a 56% interest in Vornado

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

Crescent Carthage and KC Quarry, L.L.C. ("VCQ"). The assets of VCQ include two quarries and the related land. The Company accounts for this investment as an unconsolidated equity investment because the Company does not control the joint venture.

On December 31, 2002, VCQ purchased \$5.7 million of trade receivables from AmeriCold Logistics at a 2% discount. The Company contributed approximately \$3.1 million to VCQ for the purchase of the trade receivables. The receivables were collected during the three months ended March 31, 2003.

On March 28, 2003, VCQ purchased \$6.6 million of trade receivables from AmeriCold Logistics at a 2% discount. VCQ used cash from collection of trade receivables previously purchased from AmeriCold Logistics and a \$2.0 million contribution from its owners, of which approximately \$0.8 million represented the Company's contribution, for the purchase of the trade receivables. The receivables were collected during the three months ended June 30, 2003.

On May 22, 2003, VCQ distributed cash of \$3.2 million to the Company.

7. INVESTMENTS IN REAL ESTATE MORTGAGES AND EQUITY OF UNCONSOLIDATED COMPANIES

The Company has investments of 20% to 50% in seven unconsolidated joint ventures that own seven Office Properties. The Company does not have control of these joint ventures, and therefore, these investments are accounted for using the equity method of accounting.

The Company, through ownership interests of 50% or less, or ownership of non-voting interests only, has other unconsolidated investments which it does not control; these investments are accounted for using the equity method of accounting.

The following is a summary of the Company's ownership in significant unconsolidated joint ventures and equity investments as of June 30, 2003.

- (14) The SunTx Fulcrum Fund, L.P.'s ("SunTx") objective is to invest in a portfolio of acquisitions that offer the potential for substantial capital appreciation. The remaining 71.9% of SunTx is owned by a group of individuals unrelated to the Company. The Company's ownership percentage will decline by the closing date of SunTx as capital commitments from third parties are secured. The Company's projected ownership interest at the closing of SunTx is approximately 7.5% based on SunTx manager's expectations for the final SunTx capitalization. The Company accounts for its investment in SunTx under the cost method. The Company's investment at June 30, 2003 was \$6.3 million.
- (15) G2 Opportunity Fund, L.P. ("G2") was formed for the purpose of investing in commercial mortgage backed securities and other commercial real estate investments. Goff-Moore Strategic Partners, L.P. ("GMSP") and GMACCM each own 21.875% of G2, with the remaining 43.75% owned by parties unrelated to the Company. See Note 14, "Related Party Transactions," for information regarding the ownership interests of trust managers and officers of the Company in GMSP.

SUMMARY FINANCIAL INFORMATION

The Company reports its share of income and losses based on its ownership interest in its respective equity investments, adjusted for any preference payments. As a result of the Company's transaction with COPI on February 14, 2002, certain entities that were reported as unconsolidated entities in 2002 prior to February 14, 2002 are consolidated in the June 30, 2003 financial statements. Additionally, certain unconsolidated subsidiaries of the newly consolidated entities are now shown separately as unconsolidated entities of the Company. As a result of the Company's January 2, 2003 purchase of the remaining 2.56% economic interest, representing 100% of the voting stock, in DBL Holdings, Inc. ("DBL"), DBL is consolidated in the June 30, 2003 financial statements. Because DBL owns a majority of the voting stock of MVDC and HADC, these two Residential Development Corporations are consolidated in the June 30, 2003 financial statements.

The unconsolidated entities that are included under the headings on the following tables are summarized below.

Total Notes Payable

- (1) The outstanding balance of this note at maturity will be approximately \$224.1 million.
- (2) In August 2007, the interest rate will increase, and the Company is required to remit, in addition to the monthly debt service payment, excess property cash flow, as defined, to be applied first against principal and thereafter against accrued excess interest, as defined. It is the Company's intention to repay the note in full at such time (August 2007) by making a final payment of approximately \$221.7 million.
- (3) This includes both a Deutsche Bank-CMBS note and a Fleet-Mezzanine note. The notes are due May 2004 and bear interest at the 30-day LIBOR rate plus a spread of (i) 164.7 basis points for the CMBS note (at June 30, 2003, the interest rate was 5.147%), and (ii) 600 basis points for the Mezzanine note (at June 30, 2003, the interest rate was 9.5%). The blended rate at June 30, 2003 for the two notes was 5.84%. Both notes have a LIBOR floor of 3.5%. The notes have three-year interest only terms and two one-year extension options. The Fleet-Mezzanine note is

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

secured by the Company's interests in Funding X and Crescent Spectrum Center, L.P. and the Company's interest in their general partner.

- (4) In October 2006, the interest rate will adjust based on current interest rates at that time. It is the Company's intention to repay the note in full at such time (October 2006) by making a final payment of approximately \$177.8 million.
- (5) In March 2006, the interest rate will increase, and the Company is required to remit, in addition to the monthly debt service payment, excess property cash flow, as defined, to be applied first against principal and thereafter, against accrued excess interest, as defined. It is the Company's intention to repay the note in full at such time (March 2006) by making a final payment of approximately \$154.5 million.
- (6) During the first quarter of 2003, the Company paid the \$63.5 million Cigna Note, bearing interest at 7.47%, which matured in March 2003, in full with a draw under the Company's credit facility.
- (7) This facility is a \$51.8 million line of credit secured by certain DMDC land and improvements ("vertical facility"), club facilities ("club loan"), notes receivable ("warehouse facility") and additional land ("short-term facility"). The line restricts the vertical facility and club loan to a maximum outstanding amount of \$40.0 million and is subject to certain borrowing base limitations and bears interest at prime (at June 30, 2003, the interest rate was 4.00%). The warehouse facility bears interest at prime plus 100 basis points (at June 30, 2003, the interest rate was 5.00%) and is limited to \$10.0 million. The short-term facility bears interest at prime plus 50 basis points (at June 30, 2003, the interest rate was 4.50%) and is limited to \$1.8 million. The blended rate at June 30, 2003 for the vertical facility and club loan, the warehouse facility and the short-term facility was 4.21%.
- (8) The outstanding principal balance of this loan at maturity will be approximately \$36.1 million.
- (9) The outstanding principal balance of this loan at maturity will be approximately \$8.2 million.
- (10) In July 2010, the interest rate due under the note will change to a 10-year Treasury yield plus 500 basis points or, if the Company so elects, it may repay the note without penalty at that date by making a final payment of approximately \$6.1 million.
- (11) The Company's joint venture partner, which owns a 19.9% interest in the Sonoma Mission Inn & Spa, has a commitment to fund \$10.0 million of future renovations at the Sonoma Mission Inn & Spa through a mezzanine loan. The Net Operating Income Hurdle Date, as defined in the loan agreement, is the date as of which the Sonoma Mission Inn & Spa has achieved an aggregate Adjusted Net Operating Income, as defined in the loan agreement, of \$12 million for a period of 12 consecutive calendar months.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

- (12) In June 2003, CRDI entered into an interest rate cap agreement with Bank of America for a loan with an initial notional amount of \$0.8 million, increasing monthly to up to \$28.3 million in September 2004, based on the amount of the loan. Under the Agreement, in the event the prime rate, as defined in the agreement, exceeds 4.1%, Bank of America will reimburse the interest paid in excess of such rate.
- (13) The Notes were issued in offerings registered with the Securities and Exchange Commission.
- (14) The \$400.0 million credit facility with Fleet is an unsecured revolving line of credit to Funding VIII and guaranteed by the Operating Partnership. Availability under the line of credit is subject to certain covenants including limitations on total leverage, fixed charge ratio, debt service coverage, minimum tangible net worth, and specific mix of office and hotel assets and average occupancy of Office Properties. At June 30, 2003, the maximum borrowing capacity under the credit facility was \$372.3 million. The outstanding balance excludes letters of credit issued under the Company's credit facility of \$15.2 million which reduce the Company's maximum borrowing capacity.
- (15) The JP Morgan Loan Sales Facility is an uncommitted \$50.0 million unsecured credit facility. The Operating Partnership maintains sufficient availability under the Fleet Facility to repay this loan at any time due to lack of obligation by the lender to fund the loan.

The following table shows information about the Company's consolidated fixed and variable rate debt and does not take into account any extension options, hedging arrangements or the Company's anticipated payoff dates.

(1) These amounts do not reflect the effect of a one-year extension option on the credit facility and two one-year extension options on the Deutsche Bank-CMBS Loan.

The Company has \$21.7 million of secured debt maturing through December 31, 2003, consisting primarily of debt related to the Residential Development Segment. The Company plans to meet these maturing debt obligations, primarily through cash from operations, construction loan refinancings, and additional borrowings under the Company's credit facility.

Any uncured or unwaived events of default under the Company's loans can trigger an acceleration of payment on the loan in default. In addition, an event of default by the Company or any of its subsidiaries with respect to any indebtedness in excess of \$5.0 million generally will result in an event of default under the credit facility and the Fleet Fund I and II Term Loan after the notice and cure periods for the other indebtedness have passed. As of June 30, 2003, no event of default had occurred, and the Company was in compliance with all of its covenants related to its outstanding debt. The Company's debt facilities generally prohibit loan prepayment for an initial period, allow prepayment with a penalty during a following specified period and allow prepayment without penalty after the expiration of that period. During the six months ended June 30, 2003, there were no circumstances that required prepayment penalties or increased collateral related to the Company's existing debt.

9. CASH FLOW HEDGES

The Company uses derivative financial instruments to convert a portion of its variable rate debt to fixed rate debt and to manage its fixed to variable rate debt ratio. As of June 30, 2003, the Company had entered into five cash flow hedge agreements which are accounted for in conformity with SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended by SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities - an Amendment of FASB Statement No. 133."

The following table shows information regarding the Company's cash flow hedge agreements during the six months ended June 30, 2003, and additional interest expense and unrealized gains (losses) recorded in Accumulated Other Comprehensive Income ("OCI").

				=====	=====	=====

(1) During 2002, the Company entered into agreements for three cash flow hedges, two of which were effective in the first quarter of 2003, and one of which will be effective in the third quarter of 2003. These three cash flow hedges replace the Company's cash flow hedges with maturity dates of September 2, 2003 and February 3, 2003.

(2) In June 2003, the Company terminated its \$200 million interest rate swap with Salomon Brothers prior to its September 2, 2003 stated maturity by prepaying the interest that would have been due at maturity. The remaining unrealized gains in OCI and the prepaid interest amounts will be amortized through the September 2, 2003 maturity date.

The Company has designated its five cash flow hedge agreements as cash flow hedges of LIBOR-based monthly interest payments on a designated pool of variable rate LIBOR indexed debt that re-prices closest to the reset dates of each cash flow hedge agreement. For retrospective effectiveness testing, the Company uses the cumulative dollar offset approach as described in DIG Issue E8. The DIG is a task force designed to assist the FASB in answering questions that companies have resulting from implementation of SFAS No. 133 and SFAS No. 138. The Company uses the change in variable cash flows method as described in DIG Issue G7 for prospective testing as well as for the actual recording of ineffectiveness, if any. Under this method, the Company will compare the changes

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

in the floating rate portion of each cash flow hedge to the floating rate of the hedged items. The cash flow hedges have been and are expected to remain highly effective. Changes in the fair value of these highly effective hedging instruments are recorded in OCI. The effective portion that has been deferred in OCI will be reclassified to earnings as interest expense when the hedged items impact earnings. If a cash flow hedge falls outside 80%-125% effectiveness for a quarter, all changes in the fair value of the cash flow hedge for the quarter will be recognized in earnings during the current period. If it is determined based on prospective testing that it is no longer likely a hedge will be highly effective on a prospective basis, the hedge will no longer be designated as a cash flow hedge and no longer qualify for accounting in conformity with SFAS Nos. 133 and 138.

29

CRESCENT REAL ESTATE EQUITIES COMPANY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

CRDI, a consolidated subsidiary of the Company, also uses derivative financial instruments to convert a portion of its variable rate debt to fixed rate debt. As of June 30, 2003, CRDI had two cash flow hedge agreements in place which are accounted for in conformity with SFAS Nos. 133 and 138.

The following table shows information regarding CRDI's cash flow hedge agreements and additional capitalized interest thereon as of June 30, 2003. Unlike the additional interest on the Company's cash flow hedges, which was expensed, the additional interest on CRDI's cash flow hedges was capitalized, as it is related to debt incurred for projects that are currently under development. Also presented are the unrealized gains in OCI for the six months ended June 30, 2003.

ISSUE DATE	NOTIONAL AMOUNT	MATURITY DATE	REFERENCE RATE	FAIR MARKET VALUE	ADDITIONAL CAPITALIZED INTEREST
-----	-----	-----	-----	-----	-----
(in thousands)					
9/4/01	\$ 4,650	9/4/03	4.12%	\$ 36	\$ 33
9/4/01	3,700	9/4/03	4.12%	28	26
				-----	-----
				\$ 64	\$ 59
				=====	=====

In June 2003, CRDI entered into an interest rate cap agreement with Bank of America for a loan with an initial notional amount of \$0.8 million, increasing monthly to up to \$28.3 million in September 2004, based on the amount of the loan. Under the agreement, in the event the prime rate, as defined in the agreement, exceeds 4.1%, Bank of America will reimburse the interest paid in excess of such rate.

CRDI uses the shortcut method described in SFAS No. 133, which eliminates the need to consider ineffectiveness of the hedges, and instead assumes that the hedges are highly effective.

COMMITMENTS

GUARANTEE COMMITMENTS

The FASB issued Interpretation 45 requiring a guarantor to disclose its guarantees. The Company's guarantees in place as of June 30, 2003 are listed in the table below. For the guarantees on indebtedness, no triggering events or conditions are anticipated to occur that would require payment under the guarantees and management believes the assets associated with the loans that are guaranteed are sufficient to cover the maximum potential amount of future payments and therefore, would not require the Company to provide additional collateral to support the guarantees.

OTHER COMMITMENTS

A consolidated subsidiary of the Company, CRDI, has a purchase commitment of \$12.1 million related to a purchase agreement for a tract of land in Eagle County, Colorado. The amount will be paid at closing of the transaction, which is anticipated to occur in the third quarter of 2003.

See Note 15, "COPI," for a description of the Company's commitments related to the agreement with COPI, executed on February 14, 2002.

CONTINGENCIES

ENVIRONMENTAL MATTERS

All of the Properties have been subjected to Phase I environmental assessments, and some Properties have been subjected to Phase II soil and ground water sampling as part of the Phase I assessments. Such assessments have not revealed, nor is management aware of, any environmental liabilities that management believes would have a material adverse effect on the financial position or results of operations of the Company.

LITIGATION

The Company is involved from time to time in various claims and legal actions in the ordinary course of business. Management does not believe that the impact of such matters will have a material adverse effect on the Company's financial position or its results of operations when resolved.

CRESCENT REAL ESTATE EQUITIES COMPANY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

11. MINORITY INTEREST

Minority interest in the Operating Partnership represents the proportionate share of the equity in the Operating Partnership of limited partners other than the Company. The ownership share of limited partners other than the Company is evidenced by Operating Partnership units. The Operating Partnership pays a regular quarterly distribution to the holders of Operating Partnership units.

Each Operating Partnership unit may be exchanged for either two common shares of the Company or, at the election of the Company, cash equal to the fair

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

market value of two common shares at the time of the exchange. When a unitholder exchanges a unit, the Company's percentage interest in the Operating Partnership increases. During the six months ended June 30, 2003, there were 3,940 units exchanged for 7,880 common shares of the Company.

Minority interest in real estate partnerships represents joint venture or preferred equity partners' proportionate share of the equity in certain real estate partnerships. The Company holds a controlling interest in the real estate partnerships and consolidates the real estate partnerships into the financial statements of the Company. Income in the real estate partnerships is allocated to minority interest based on weighted average percentage ownership during the year.

The following table summarizes the minority interest liability as of June 30, 2003 and December 31, 2002:

13. INCOME TAXES

TAXABLE CONSOLIDATED ENTITIES

Deferred income taxes reflect the net effects of temporary differences between the carrying amounts of assets and liabilities of taxable consolidated entities for financial reporting purposes and the amounts used for income tax purposes. For the six months ended June 30, 2003, the taxable consolidated entities were comprised of the taxable REIT subsidiaries of the Company.

The Company intends to maintain its qualification as a REIT under Section 856 of the U.S. Internal Revenue Code of 1986, as amended (the "Code"). As a REIT, the Company generally will not be subject to federal corporate income taxes as long as it satisfies certain technical requirements of the Code, including the requirement to distribute 90% of REIT taxable income to its shareholders. Accordingly, the Company does not believe that it will be liable for current income taxes on its REIT taxable income at the federal level or in most of the states in which it operates. The Company consolidates certain taxable REIT subsidiaries, which are subject to federal and state income tax. For the six months ended June 30, 2003 and 2002, the Company's federal income tax benefit was \$5.6 million and \$4.0 million, respectively. The Company's \$5.6 million income tax benefit at June 30, 2003 consists primarily of \$3.4 million for the Residential Development Segment and \$2.1 million for the Resort/Hotel Segment.

The Company's total net tax asset of approximately \$50.3 million at June 30, 2003 includes \$33.1 million of net deferred tax assets. SFAS No. 109, "Accounting for Income Taxes," requires a valuation allowance to reduce the deferred tax assets reported if, based on the weight of the evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized. There was no change in the valuation allowance during the six months ended June 30, 2003.

14. RELATED PARTY TRANSACTIONS

DBL HOLDINGS, INC. ("DBL")

Since June 1999, the Company contributed approximately \$23.8 million to DBL. The contribution was used by DBL to make an equity contribution to DBL-ABC, Inc., which committed to purchase a limited partnership interest representing a 12.5% interest in G2. G2 was formed for the purpose of investing in commercial mortgage backed securities and other commercial real estate investments and is managed and controlled by an entity that is owned equally by GMSP and GMACCM. The ownership structure of GMSP consists of an approximately 86% limited partnership interest owned directly and indirectly by Richard Rainwater, Chairman of the Board of Trust Managers of the Company, and an approximately 14% general partnership interest, of which approximately 6% is owned by Darla Moore, who is married to Mr. Rainwater, and approximately 6% is owned by John Goff, Vice-Chairman of the Company's Board of Trust Managers and Chief Executive Officer of the Company. The remaining approximately 2% general partnership interest is owned by parties unrelated to the Company. At June 30, 2003, DBL had an approximately \$13.4 million investment in G2.

On January 2, 2003, the Company purchased the remaining 2.56% economic interest, representing 100% of the voting stock, in DBL from Mr. Goff. Total consideration paid for Mr. Goff's interest was \$0.4 million. The Board of Trust Managers of the Company, including all the independent trust managers, approved the transaction based in part on an appraisal of the assets of DBL by an independent appraisal firm. As a result of this transaction, DBL is wholly-owned by the Company and is consolidated in the Residential Development Segment as of and for the six months ended June 30, 2003. Also, because DBL owns a majority of the voting stock in MVDC and HADC, the Company consolidated these two Residential Development Corporations as of and for the six months ended June 30, 2003.

LOANS TO EMPLOYEES AND TRUST MANAGERS OF THE COMPANY FOR EXERCISE OF STOCK OPTIONS AND UNIT OPTIONS

As of June 30, 2003, the Company had approximately \$37.8 million of loans outstanding to certain employees and trust managers of the Company on a recourse basis pursuant to the Company's stock incentive plans and unit incentive plans pursuant to an agreement approved by the Board of Trust Managers and the Executive Compensation Committee of the Company. The proceeds of these loans were used by the employees and the trust managers to acquire common shares of the Company pursuant to the exercise of vested stock and unit options. Pursuant to the loan agreements, these loans may be repaid in full or in part at any time without premium or penalty. Mr. Goff had a loan representing \$26.3 million of the \$37.8 million total outstanding loans at June 30, 2003. Approximately \$0.3 million of interest was outstanding related to these loans as of June 30, 2003. No conditions exist at June 30, 2003 which would cause any of the loans to be in default. Effective July 29, 2002, the Company ceased offering to its employees and trust managers the option to obtain loans pursuant to the Company's stock and unit incentive plans.

OTHER

On June 28, 2002, the Company purchased, and is holding for sale, the home of an executive officer of the Company for approximately \$2.7 million, which approximates fair market value of the home. This purchase was part of the

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

officer's relocation agreement with the Company.

15. COPI

In April 1997, the Company established a new Delaware corporation, COPI. All of the outstanding common stock of COPI, valued at \$0.99 per share, was distributed in a spin-off, effective June 12, 1997, to those persons who were limited partners of the Operating Partnership or shareholders of the Company on May 30, 1997.

COPI was formed to become a lessee and operator of various assets to be acquired by the Company and to perform the intercompany agreement between COPI and the Company, pursuant to which each party agreed to provide the other with rights to participate in certain transactions. The Company was not permitted to operate or lease these assets under the tax laws in effect and applicable to REITs at that time. In connection with the formation and capitalization of COPI, and the subsequent operations and investments of COPI since 1997, the Company made loans to COPI under a line of credit and various term loans.

34

CRESCENT REAL ESTATE EQUITIES COMPANY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

On January 1, 2001, The REIT Modernization Act became effective. This legislation allows the Company, through its taxable REIT subsidiaries, to operate or lease certain of its investments that had previously been operated or leased by COPI.

On February 14, 2002, the Company executed an agreement (the "Agreement") with COPI, pursuant to which COPI transferred to subsidiaries of the Company, in lieu of foreclosure, COPI's lessee interests in the eight Resort/Hotel Properties leased to subsidiaries of COPI and, pursuant to a strict foreclosure, all of COPI's voting interests in three of the Company's Residential Development Corporations and other assets. The Company agreed to assist and provide funding to COPI for the implementation of a pre-packaged bankruptcy of COPI. In connection with the transfer, COPI's rent and debt obligations to the Company were reduced.

The Company holds the lessee interests in the eight Resort/Hotel Properties and the voting interests in the three Residential Development Corporations through three newly organized entities that are wholly-owned taxable REIT subsidiaries of the Company. The Company has included these assets in its Resort/Hotel Segment and its Residential Development Segment, and fully consolidated the operations of the eight Resort/Hotel Properties and the three Residential Development Corporations, beginning on the dates of the transfers of the assets.

The Agreement provides that COPI and the Company will jointly seek to have a pre-packaged bankruptcy plan for COPI, reflecting the terms of the Agreement, approved by the bankruptcy court. Under the Agreement, the Company has agreed to provide approximately \$14.0 million to COPI in the form of cash and common shares of the Company to fund costs, claims and expenses relating to the bankruptcy and related transactions, and to provide for the distribution of the Company's common shares to the COPI stockholders. The Company also agreed, however, that it will issue common shares with a minimum dollar value of approximately \$2.2 million to the COPI stockholders, even if it would cause the total costs, claims and expenses that it pays to exceed \$14.0 million.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

Currently, the Company estimates that the value of the common shares that will be issued to the COPI stockholders will be between approximately \$2.2 million and \$4.0 million. The actual value of the common shares issued to the COPI stockholders will not be determined until the confirmation of COPI's bankruptcy plan and could vary from the estimated amounts, but will have a value of at least \$2.2 million.

In addition, the Company has agreed to use commercially reasonable efforts to assist COPI in arranging COPI's repayment of its \$15.0 million obligation to Bank of America, together with any accrued interest. The Company expects to form and capitalize a new entity ("Crescent Spinco"), to be owned by the shareholders of the Company. Crescent Spinco then would purchase COPI's interest in AmeriCold Logistics for between \$15.0 million and \$15.5 million. COPI has agreed that it will use the proceeds of the sale of the AmeriCold Logistics interest to repay Bank of America in full.

COPI obtained the loan from Bank of America primarily to participate in investments with the Company. At the time COPI obtained the loan, Bank of America required, as a condition to making the loan, that Richard E. Rainwater, the Chairman of the Board of Trust Managers of the Company, and John C. Goff, Vice-Chairman of the Board of Trust Managers and Chief Executive Officer of the Company, enter into a support agreement with COPI and Bank of America. Pursuant to the support agreement, Messrs. Rainwater and Goff agreed to make additional equity investments in COPI if COPI defaulted on payment obligations under its line of credit with Bank of America and if the net proceeds of an offering of COPI securities were insufficient to allow COPI to repay Bank of America in full. Effective December 31, 2001, the parties executed an amendment to the line of credit providing that any defaults existing under the line of credit on or before March 8, 2002 are temporarily cured unless and until a new default occurs.

Previously, the Company held a first lien security interest in COPI's entire membership interest in AmeriCold Logistics. REIT rules prohibit the Company from acquiring or owning the membership interest that COPI owns in AmeriCold Logistics. Under the Agreement, the Company agreed to allow COPI to grant Bank of America a first priority security interest in the membership interest and to subordinate its own security interest to that of Bank of America.

On March 6, 2003, the stockholders of COPI approved the pre-packaged bankruptcy plan for COPI. On March 10, 2003, COPI filed the plan under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Northern District of Texas.

If the COPI bankruptcy plan is approved by bankruptcy court, the holders of COPI's common stock will receive the Company's common shares. As stockholders of COPI, Mr. Rainwater and Mr. Goff will also receive the Company's common shares.

CRESCENT REAL ESTATE EQUITIES COMPANY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Pursuant to the Agreement, the current and former directors and officers of COPI and the current and former trust managers and officers of the Company also have received a release from COPI of liability for any actions taken prior to February 14, 2002, and, depending on various factors, will receive certain liability releases from COPI and its stockholders under the COPI

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

bankruptcy plan.

Completion and effectiveness of the pre-packaged bankruptcy plan for COPI is contingent upon a number of conditions, including the approval of the plan by certain of COPI's creditors and the confirmation of the plan by the bankruptcy court.

FORWARD-LOOKING STATEMENTS

You should read this section in conjunction with the consolidated interim financial statements and the accompanying notes in Item 1, "Financial Statements," of this document and the more detailed information contained in the Company's Form 10-K for the year ended December 31, 2002. In management's opinion, all adjustments (consisting of normal and recurring adjustments) considered necessary for a fair presentation of the unaudited interim financial statements are included. Capitalized terms used but not otherwise defined in this section have the meanings given to them in the notes to the consolidated financial statements in Item 1, "Financial Statements."

This Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The words "anticipates," "believes," "expects," "intends," "future," "may," "will," "should," "plans,"

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

"estimates," "potential," or "continue," or the negative of these terms, or other similar expressions, identify forward-looking statements.

Although the Company believes that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, the Company's actual results could differ materially from those described in the forward-looking statements.

The following factors might cause such a difference:

- o The Company's ability, at its Office Properties, to timely lease unoccupied square footage and timely re-lease occupied square footage upon expiration on favorable terms, which may continue to be adversely affected by existing real estate conditions (including changes in vacancy rates in a particular market or markets, decreases in rental rates, increased competition from other properties or by a general downturn in the economy);
- o Adverse changes in the financial condition of existing tenants;
- o Further deterioration in the resort/business-class hotel markets or in the market for residential land or luxury residences, including single-family homes, townhomes and condominiums, or in the economy generally;
- o Financing risks, such as the ability to generate revenue sufficient to service and repay existing or additional debt, increases in debt service associated with increased debt and with variable rate debt, the ability to meet financial covenants, the Company's ability to fund the share repurchase program and the Company's ability to consummate financings and refinancings on favorable terms and within any applicable time frames;
- o The ability of the Company to implement planned operating expense and capital expenditure reductions within anticipated time frames;
- o The ability of the Company to consummate anticipated office acquisitions and investment land and other dispositions on favorable terms and within anticipated time frames;
- o Further or continued adverse conditions in the temperature-controlled logistics business (including both industry-specific conditions and a general downturn in the economy which may further jeopardize the ability of the tenant to pay all current and deferred rent due);
- o The inability of the Company to complete the distribution to its shareholders of the shares of a new entity to purchase the AmeriCold Logistics tenant interest from COPI;
- o The concentration of a significant percentage of the Company's assets in Texas;
- o The existence of complex regulations relating to the Company's status as a REIT, the effect of future changes in REIT requirements as a result of new legislation and the adverse consequences of the failure to qualify as a REIT; and
- o Other risks detailed from time to time in the Company's filings with the Securities and Exchange Commission.

Given these uncertainties, readers are cautioned not to place undue reliance on such statements. The Company is not obligated to update these

forward-looking statements to reflect any future events or circumstances.

COMPARISON OF THE THREE MONTHS ENDED JUNE 30, 2003 TO THE THREE MONTHS ENDED
JUNE 30, 2002

PROPERTY REVENUES

Total property revenues decreased \$42.2 million, or 15.3%, to \$233.2 million for the three months ended June 30, 2003, as compared to \$275.4 million for the three months ended June 30, 2002. The primary components of the decrease in total property revenues are discussed below.

- o Office Property revenues decreased \$11.0 million, or 8.0%, to \$127.3 million, due to:
 - o a decrease of \$8.2 million resulting from the contribution of two Office Properties to joint ventures in the third quarter of 2002; and
 - o a decrease of \$7.6 million from the 65 consolidated Office

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

Properties (excluding 2002 acquisitions and properties held for sale) that the Company owned or had an interest in, primarily due to a decline in occupancy resulting in decreases in both rental revenue and operating expense recoveries, and a decrease in antenna revenue and other revenue; partially offset by

- o an increase of \$3.3 million from the Johns Manville Office Property acquired in August 2002; and
- o an increase of \$1.3 million resulting from third party management services provided to joint ventures and related direct expense reimbursements.
- o Residential Development revenues decreased \$29.3 million, or 35.1%, to \$54.2 million, primarily due to:
 - o a decrease of \$20.2 million primarily due to the sale of 16 fewer units and 138 fewer lots at CRDI;
 - o a decrease of \$14.1 million primarily due to the sale of 14 fewer lots at Desert Mountain; partially offset by
 - o an increase of \$4.2 million due to consolidation of MVDC and HADC in 2003.

PROPERTY EXPENSES

Total property expenses decreased \$24.5 million, or 13.8%, to \$152.9 million for the three months ended June 30, 2003, as compared to \$177.4 million for the three months ended June 30, 2002. The primary components of the decrease in total property expenses are discussed below.

- o Office Property expenses increased \$1.5 million, or 2.5%, to \$62.5 million, primarily due to:
 - o an increase of \$2.3 million from the 65 consolidated Office Properties (excluding 2002 acquisitions and properties held for sale) that the Company owned or had an interest in, due to:
 - o \$4.2 million increase in utilities expense, primarily attributable to a new utility contract for the Texas Office Properties; and
 - o \$0.6 million increase in bad debt expense; partially offset by
 - o \$1.3 million decrease in building repairs and maintenance expense; and
 - o \$1.2 million decrease in property taxes and other taxes and assessments;
 - o an increase of \$1.3 million due to the acquisition of the Johns Manville Office Property in August 2002; and
 - o an increase of \$0.9 million attributable to the cost of providing third party management services to joint venture properties, which are recouped by increased third party fee income and direct expense reimbursements; partially offset by
 - o a decrease of \$3.4 million due to the contribution of two Office Properties to joint ventures in 2002.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

- o Residential Development Property expenses decreased \$26.5 million, or 35.6%, to \$47.8 million, primarily due to:
 - o a decrease of \$18.4 million primarily due to a reduction in cost of sales related to the sale of 16 fewer units and 138 fewer lots at CRDI;
 - o a decrease of \$12.6 million primarily due to a reduction in cost of sales related to the sale of 14 fewer lots at Desert Mountain; partially offset by
 - o an increase of \$2.5 million primarily due to increased cost of sales from the consolidation of MVDC and HADC.

40

OTHER INCOME/EXPENSE

Total other expenses decreased \$0.5 million, or 0.7%, to \$80.7 million for the three months ended June 30, 2003, as compared to \$81.3 million for the three months ended June 30, 2002. The primary components of the decrease in total other expenses are discussed below.

OTHER INCOME

Other income decreased \$1.2 million, or 14.0%, to \$7.4 million for the three months ended June 30, 2003, as compared to \$8.6 million for the three months ended June 30, 2002. The primary components of the decrease in other income are discussed below.

- o Equity in net income of unconsolidated companies decreased \$2.1 million, or 32.1%, to \$4.6 million, primarily due to:
 - o a decrease of \$4.6 million in Residential Development Property equity in net income due to a reduction in lot and acreage sales at the Woodlands Land Development Company, L.P. and consolidation of MVDC and HADC in 2003; partially offset by
 - o an increase of \$1.4 million in Resort/Hotel Property equity in net income, primarily due to a series of transactions in October 2002 in which the Company increased its equity interest in the entity that owns the Ritz Carlton Palm Beach Hotel from 25% to 50% and the Company's \$1.1 million portion of a payment received from the operator of the Resort/Hotel Property pursuant to the terms of the operating agreement because the Property did not achieve the specified net operating income level for 2002;
 - o an increase of \$0.7 million in other unconsolidated companies due primarily to losses recognized for the three months ended June 30, 2002; and
 - o an increase of \$0.4 million in Office Property equity in net income.
- o Interest and other income decreased \$0.7 million, or 35.7%, to \$1.2 million due to the payoff of two notes receivable, with an aggregate principal balance of \$19.9 million, in 2002.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

- o Income from investment land sales, net increased \$1.6 million, due to net income from the sales of two parcels of undeveloped land, located in Dallas, Texas and Coppell, Texas, in 2003.

OTHER EXPENSES

Other expenses decreased \$1.7 million, or 2.0%, to \$88.1 million for the three months ended June 30, 2003, as compared to \$89.9 million for the three months ended June 30, 2002. The primary components of the decrease in other expenses are discussed below.

- o Interest expense decreased \$3.4 million, or 7.3%, to \$43.1 million due to a decrease of \$17.8 million in the weighted average debt balance and a decrease of 0.74% in the weighted average interest rate.
- o Depreciation and amortization expense increased \$1.5 million, or 4.4%, to \$36.0 million, primarily due to an increase of \$1.7 million in Residential Development Property and Resort/Hotel Property depreciation and amortization expense.

DISCONTINUED OPERATIONS

Income from discontinued operations on assets sold and held for sale decreased \$1.3 million, or 121.9%, to a loss of \$0.2 million, primarily due to:

- o a decrease of \$1.6 million due to the gain on the sale of two office properties in 2002; and
- o a decrease of \$0.8 million, due to the impairment of a behavioral healthcare property in 2003; partially offset by
- o an increase of \$1.2 million due to net operating loss in 2002 from six office properties and two transportation companies sold during 2002.

41

COMPARISON OF THE SIX MONTHS ENDED JUNE 30, 2003 TO THE SIX MONTHS ENDED JUNE 30, 2002

The following comparison of the results of operations for the six months ended June 30, 2003 and the six months ended June 30, 2002 reflects the consolidation of eight of the Resort/Hotel Properties and three of the Residential Development Properties commencing on February 14, 2002, as a result of the COPI transaction. Prior to February 14, 2002, the results of operations of the Resort/Hotel Properties were reflected in the Company's consolidated financial statements as lease payments and as equity in net income for the Residential Development Properties. Because the results of operations of these Properties are consolidated for the full period in 2003, as compared to a partial period in 2002, the Company's financial statements do not provide a direct comparison of the results of operations of the Resort/Hotel Properties or the Residential Development Properties for the full periods in 2003 and 2002. Additional information on the results of operations of the Resort/Hotel Properties or the Residential Development Properties for the full periods in both 2003 and 2002 is provided below under the captions "Resort/Hotel Properties" and "Residential Development Properties."

PROPERTY REVENUES

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

Total property revenues decreased \$35.6 million, or 7.2%, to \$461.0 million for the six months ended June 30, 2003, as compared to \$496.6 million for the six months ended June 30, 2002. The components of the decrease in total property revenues are discussed below.

- o Office Property revenues decreased \$21.9 million, or 7.9%, to \$256.1 million, due to:
 - o a decrease of \$17.0 million from the 65 consolidated Office Properties (excluding 2002 acquisitions and properties held for sale) that the Company owned or had an interest in, primarily due to a decline in occupancy resulting in decreases in both rental revenue and operating expense recoveries, and a decrease in antenna revenue and other revenue;
 - o a decrease of \$16.0 million resulting from the contribution of two Office Properties to joint ventures in the third quarter of 2002; and
 - o a decrease of \$0.1 million in other revenues; partially offset by
 - o an increase of \$6.7 million from the Johns Manville Office Property acquired in August 2002;
 - o an increase of \$2.3 million attributable to third party management services and related direct expense reimbursements;
 - o an increase of \$1.2 million in net lease termination fees to \$3.0 million in 2003; and
 - o an increase of \$1.0 million attributable to non-recurring revenue received in 2003.
- o Resort/Hotel Property revenues increased \$23.3 million, or 25.3%, to \$115.4 million, primarily due to the consolidation of the operations of eight of the Resort/Hotel Properties for the full period in 2003 as compared to a partial period in 2002 as a result of the COPI transaction (prior to February 14, 2002 the Company recognized lease payments related to these properties).
- o Residential Development revenues decreased \$37.0 million, or 29.2%, to \$89.6 million, primarily due to a reduction in lot and unit sales at Desert Mountain and CRDI.

PROPERTY EXPENSES

Total property expenses decreased \$7.8 million, or 2.6%, to \$296.6 million for the six months ended June 30, 2003, as compared to \$304.4 million for the six months ended June 30, 2002. The components of the decrease in total property expenses are discussed below.

- o Office Property expenses decreased \$1.2 million, or 1.0%, to \$123.4 million, primarily due to:
 - o a decrease of \$6.7 million due to the contribution of two Office Properties to joint ventures in 2002; and
 - o a decrease of \$0.7 million from the 65 consolidated Office Properties (excluding 2002 acquisitions and properties held for sale) that the Company owned or had an interest in, due to:
 - o \$3.0 million decrease in property taxes;

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

- o \$2.2 million decrease in building repairs and maintenance expense; and
- o \$0.8 million decrease in management fee expenses; partially offset by
- o \$5.3 million increase in utilities expense, primarily attributable to a new utility contract for the Texas Office Properties; partially offset by
- o an increase of \$2.6 million due to the acquisition of the Johns Manville Office Property in August 2002;

42

- o an increase of \$2.0 million attributable to the cost of providing third party management services to joint venture properties, which are recouped by increased third party fee income and direct expense reimbursements;
- o an increase of \$0.9 million in taxes/assessments related to various land parcels; and
- o an increase of \$0.4 million of other expenses.
- o Resort/Hotel Property expense increased \$26.3 million, or 39.8%, to \$92.4 million, primarily due to the consolidation of the operations of eight of the Resort/Hotel Properties for a full period in 2003 as compared to a partial period in 2002 as a result of the COPI transaction on February 14, 2002.
- o Residential Development Property expenses decreased \$32.9 million, or 29.0%, to \$80.8 million, primarily due to a reduction in lot and unit sales and related costs at Desert Mountain and CRDI.

OTHER INCOME/EXPENSE

Total other expenses increased \$14.1 million, or 9.2%, to \$167.4 million for the six months ended June 30, 2003, as compared to \$153.3 million for the six months ended June 30, 2002. The primary components of the increase in total other expenses are discussed below.

OTHER INCOME

Other income decreased \$7.6 million, or 36.7%, to \$12.8 million for the six months ended June 30, 2003, as compared to \$20.2 million for the six months ended June 30, 2002. The primary components of the decrease in other income are discussed below.

- o Equity in net income of unconsolidated companies decreased \$8.1 million, or 49.1%, to \$8.2 million, primarily due to:
 - o a decrease of \$16.2 million in Residential Development Property equity in net income due to the consolidation of the operations of three of the Residential Development Corporations for the full period in 2003 as compared to a partial period in 2002 as a result of the COPI transaction on February 14, 2002; partially offset by

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

- o an increase of \$3.7 million in other unconsolidated companies due primarily to losses recognized in the six months ended June 30, 2002;
- o an increase of \$2.1 million in Resort/Hotel Property equity in net income, primarily due to a series of transactions in October 2002 in which the Company increased its equity interest in the entity that owns the Ritz Carlton Palm Beach Hotel from 25% to 50% and the Company's \$1.1 million portion of a payment received from the operator of the Resort/Hotel Property pursuant to the terms of the operating agreement because the Property did not achieve the specified net operating income level for 2002;
- o an increase of \$1.8 million in Temperature-Controlled Logistics Property equity in net income, primarily due to an increase in other income, partially offset by a decrease in interest expense resulting from a decrease of \$3.0 million in the overall debt balance and a decrease in administrative expenses; and
- o an increase of \$0.5 million in Office Property equity in net income.
- o Interest and other income decreased \$1.2 million, or 29.9%, to \$2.9 million due to the payoff of two notes receivable, with an aggregate principal balance of \$19.9 million, in 2002.
- o Income from investment land sales, net increased \$1.7 million, due to net income from the sales of two parcels of undeveloped land, located in Dallas, Texas and Coppell, Texas, in 2003.

43

OTHER EXPENSES

Other expenses increased \$6.5 million, or 3.8%, to \$180.2 million for the six months ended June 30, 2003, as compared to \$173.5 million for the three months ended June 30, 2002. The primary components of the increase in other expenses are discussed below.

- o Depreciation expense increased \$7.6 million, or 11.3%, to \$74.7 million, due to:
 - o an increase of \$4.9 million in Residential Development Property and Resort/Hotel Property depreciation expense.
 - o an increase of \$2.7 million in Office Property depreciation expense, primarily attributable to:
 - o an increase of \$4.6 million due to the write-off of tenant improvements and lease commissions due to early termination of leases; and
 - o an increase of \$1.0 million from Johns Manville Office Property acquired in August 2002; partially offset by
 - o a decrease of \$3.0 million associated with the contribution of two Office Properties to joint ventures in 2002.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

- o Corporate, general and administrative expenses increased \$0.9 million, or 7.5%, to \$12.6 million, primarily due to increased legal expenses, shareholder services, and consulting costs related to compliance with the Sarbanes-Oxley Act.
- o Other expenses increased \$0.3 million due to a loss resulting from the sale of marketable securities in 2003.
- o Interest expense decreased \$2.4 million, or 2.7%, to \$86.3 million primarily due to a decrease of 0.38%, from 7.69% to 7.31%, in the weighted average interest rate.

DISCONTINUED OPERATIONS

Income from discontinued operations on assets sold and held for sale decreased \$18.5 million, or 409.0%, to a loss of \$14.0 million, primarily due to:

- o a decrease of approximately \$12.7 million due to the impairment in 2003 of the 1800 West Loop South Office Property;
- o a decrease of \$5.4 million due to the gain on the sale of three office properties in 2002; and
- o a decrease of approximately \$1.5 million due to the impairment in 2003 of two of the behavioral healthcare properties; partially offset by
- o an increase of \$1.1 million due to the impairment in 2002 of two transportation companies sold in 2002.

RESORT/HOTEL PROPERTIES

The following provides a comparison of the results of operations of the Resort/Hotel Properties for the six months ended June 30, 2003 and 2002.

(in thousands)	For the six months ended June 30,		
	2003	2002	Variance
Lease revenues	\$ 2,542	\$ 7,913

Operating expenses	(92,399)	(66,102)	
Net Operating Income	\$ 22,954	\$ 25,945	\$ (2,991)
	=====	=====	=====

The net operating income for the Resort/Hotel Properties decreased \$3.0 million, or 11.5%, to \$22.9 million, primarily due to an increase of \$2.9 million in Resort/Hotel Property operating expenses, primarily consisting of insurance and workers' compensation expenses.

RESIDENTIAL DEVELOPMENT PROPERTIES

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

The following provides a comparison of the results of operations of the Residential Development Properties for the six months ended June 30, 2003 and 2002.

Discontinued operations	--	(1,205)	
Net Income	\$ 8,340	\$ 22,013	\$ (13,673)

Net income for the Residential Development Properties decreased \$13.7 million, or 62.1%, to \$8.3 million, primarily due to:

- o a decrease of approximately \$7.8 million due to lower lot, unit and acreage sales at Desert Mountain, CRDI and The Woodlands in 2003;
- o a decrease of approximately \$6.0 million as a result of gains recognized on the disposition of two properties at The Woodlands in 2002; and
- o a decrease of \$1.1 million due to the sale of two transportation companies in December 2002 by CRDI; partially offset by
- o an increase of \$1.4 million due to a goodwill impairment at CRDI in 2002 resulting from the adoption of Statement of Financial Accounting Standards No. 142.

OPERATING ACTIVITIES

The Company's cash provided by operating activities of \$38.5 million is attributable to Property operations.

45

INVESTING ACTIVITIES

The Company's cash used in investing activities of \$15.0 million is primarily attributable to:

- o \$28.6 million for revenue and non-revenue enhancing tenant improvement and leasing costs for Office Properties;
- o \$15.2 million for Residential Development Property investments;
- o \$11.3 million for property improvements for rental properties, primarily attributable to non-recoverable building improvements for the Office Properties and replacement of furniture, fixtures and equipment for the Resort/Hotel Properties;
- o \$3.3 million of additional investment in unconsolidated companies, consisting primarily of investments in the Residential Development Properties, Temperature-Controlled Logistics Properties, and SunTx, a private equity fund;
- o \$2.7 million resulting from an increase in restricted cash, due primarily to an increase in escrow deposits for capital expenditures at the Company's Office Properties;
- o \$2.0 million for the acquisition of rental properties; and
- o \$1.1 million for development of investment properties.

The cash used in investing activities is partially offset by:

- o \$20.5 million resulting from a decrease in notes receivable, primarily due to payment on a short-term seller financing note attributable to the sale of two Office Properties in The Woodlands and collections on developer financing notes at the Residential Development Properties related to lot and unit sales in 2002;
- o \$11.4 million in cash resulting from the consolidation of entities;
- o \$6.4 million of proceeds from property sales;
- o \$5.4 million from return of investments in SunTx;
- o \$3.2 million from return of investments in Temperature-Controlled Logistics Properties; and

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

- o \$2.3 million from return of investments in Office Properties.

FINANCING ACTIVITIES

The Company's cash used in financing activities of \$30.0 million is attributable to:

- o \$99.0 million of payments under the Company's credit facility, primarily from proceeds from the new Cigna note;
- o \$92.4 million of payments under other borrowings, partially resulting from the payoff of the Cigna Note;
- o \$87.7 million of distributions to common shareholders and unitholders;
- o \$47.8 million of Residential Development Property note payments;
- o \$13.2 million of distributions to preferred shareholders;
- o \$7.8 million of net capital distributions to joint venture partners;
- o \$1.9 million of debt financing costs; and
- o \$0.9 million for common shares purchased under a compensation plan.

The cash used in financing activities is partially offset by:

- o \$187.0 million of proceeds from borrowings under the Company's credit facility, a portion of which were used to pay off the Cigna Note and for investment in Residential Development Properties and tenant improvements, leasehold commissions and property improvements for the Office Segment;
- o \$92.4 million of proceeds from other borrowings, primarily as a result of the new Cigna note; and
- o \$41.3 million of proceeds from borrowings for construction costs for infrastructure development on Residential Development Properties.

 - (4) Located within the Houston Center Office Property complex.
 - (5) Represents capital expenditures for infrastructure and amenities. The Tahoe Mountain Properties and Club project costs exclude costs for projects in which the Company anticipates sales to occur over the next 18 months.
 - (6) The Company has a purchase commitment of \$12.1 million related to a purchase agreement for a tract of land in Eagle County, Colorado. The guaranteed amount of \$12.1 million will be paid by the Company at closing of the transaction, which is anticipated to occur in the third quarter of 2003.
 - (7) The Company committed to fund a construction loan to the purchaser of the land which will be secured by 20 developed lots and a \$0.6 million letter of credit.
 - (8) This commitment is related to the Company's investment in a private equity fund.
 - (9) The Company expects to form and capitalize Crescent Spinco, which will be a separate entity to be owned by the Company's shareholders and unitholders, and to cause the new entity to commit to acquire COPI's entire membership interest in AmeriCold Logistics.

In addition, the Company has entered into a contract to acquire an

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

office property for approximately \$52 million, consisting of \$14 million in cash and assumption of a \$38 million loan. The acquisition is anticipated to close in the third quarter of 2003 and is subject to customary closing conditions.

LIQUIDITY OUTLOOK

The Company expects to fund its short-term capital requirements of approximately \$69.2 million through a combination of cash, construction financing, net cash flow from operations, and borrowings under the Company's credit facility or the JP Morgan Facility. The Company plans to meet its maturing debt obligations, through June 30, 2004, of approximately \$540.5 million, primarily through refinancing of the Credit Facility, refinancing or electing the extension option on the Deutsche Bank-CMBS loan, and refinancing of the Northwestern Life Note.

The Company expects to meet its other short-term liquidity requirements, consisting of normal recurring operating expenses, debt service requirements, non-revenue enhancing capital expenditures and revenue enhancing capital expenditures (such as property improvements, tenant improvements and leasing costs), distributions to shareholders and unitholders, and unfunded expenses related to the COPI bankruptcy, primarily through cash flow provided by operating activities and return of capital from the Residential Development Segment. To the extent that the Company's cash flow from operating activities and return of capital from the Residential Development Segment are not sufficient to finance such short-term liquidity requirements, the Company expects to finance such requirements with borrowings under the Company's credit facility, the JP Morgan Facility, or new debt facilities, and proceeds from the sale or joint venture of Properties.

48

The Company's long-term liquidity requirements as of June 30, 2003 consist primarily of debt maturities after June 30, 2004, which totaled approximately \$1.9 billion. The Company also has \$10.3 million of long-term capital expenditure requirements. The Company expects to meet these long-term liquidity requirements primarily through long-term secured and unsecured borrowings and other debt and equity financing alternatives as well as cash proceeds received from the sale or joint venture of Properties and return of capital investment from the Residential Development Segment.

Debt and equity financing alternatives currently available to the Company to satisfy its liquidity requirements and commitments for material capital expenditures include:

- o Additional proceeds from the Company's Credit Facility under which the Company has up to \$105.1 million of borrowing capacity available as of June 30, 2003;
- o Additional proceeds from the refinancing of the Company's Credit Facility and other existing secured and unsecured debt;
- o Additional debt secured by existing underleveraged properties;
- o Issuance of additional unsecured debt;
- o Equity offerings including preferred and/or convertible securities; and
- o Proceeds from joint ventures and Property sales.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

The following factors could limit the Company's ability to utilize these financing alternatives:

- o The reduction in net operating income of the Properties supporting the Company's Credit Facility to a level that would reduce the availability under the Credit Facility;
- o The Company may be unable to obtain debt or equity financing on favorable terms, or at all, as a result of the financial condition of the Company or market conditions at the time the Company seeks additional financing;
- o Restrictions on the Company's debt instruments or outstanding equity may prohibit it from incurring debt or issuing equity on terms available under then-prevailing market conditions or at all; and
- o The Company may be unable to service additional or replacement debt due to increases in interest rates and a decline in the Company's operating performance.

The Company's portion of unconsolidated debt maturing through June 30, 2004 is \$47.6 million. The Company's portion of unconsolidated debt maturing after June 30, 2004 is \$516.5 million. Unconsolidated debt is the liability of the unconsolidated entity, is typically secured by that entity's property, and is non-recourse to the Company except where a guarantee exists.

agreements, the overall weighted average interest rate would have been 7.19%.

50

In April 2003, the Company received modifications to certain definitions relating to financial and other covenants in the \$400 million Fleet Revolving Credit Facility and \$275 million Fleet Fund I and II Term Loan. The modifications do not alter the Company's borrowing capacity, scheduled principle payments, interest rates, or maturity dates.

As of June 30, 2003, no event of default had occurred, and the Company was in compliance with all of its financial covenants related to its outstanding debt.

Failure to comply with covenants under the credit facility or other debt instruments could result in an event of default under one or more of the Company's debt instruments. Any uncured or unwaived events of default under the Company's loans can trigger an increase in interest rates or an acceleration of payment on the loan in default and could cause the credit facility to become unavailable to the Company. In addition, an event of default by the Company or any of its subsidiaries with respect to any indebtedness in excess of \$5.0 million generally will result in an event of default under the credit facility and the Fleet Fund I and II Term Loan after the notice and cure periods for the other indebtedness have passed. Any uncured or unwaived event of default could have an adverse effect on the Company's business, financial condition, or liquidity.

The Company's debt facilities generally prohibit loan prepayment for an initial period, allow prepayment with a penalty during a following specified period and allow prepayment without penalty after the expiration of that period. During the six months ended June 30, 2003, there were no circumstances that required prepayment penalties or increased collateral related to the Company's existing debt.

The Company's policy with regard to the incurrence and maintenance of debt is based on a review and analysis of the following:

- o investment opportunities for which capital is required and the cost of debt in relation to such investment opportunities;
- o the type of debt available (secured or unsecured; variable or fixed);
- o the effect of additional debt on existing covenant ratios;
- o the maturity of the proposed debt in relation to maturities of existing debt; and
- o exposure to variable rate debt and alternatives such as interest-rate swaps and cash flow hedges to reduce this exposure.

UNCONSOLIDATED DEBT ARRANGEMENTS

As of June 30, 2003, the total debt of the unconsolidated joint ventures and equity investments in which the company has ownership interests was \$1.4 billion, of which the Company's share was \$564.1 million. The Company had guaranteed \$78.1 million of this debt as of June 30, 2003. Additional

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

information relating to the Company's unconsolidated debt financing arrangements is contained in Note 7, "Investments in Real Estate Mortgages and Equity of Unconsolidated Companies," of Item 1, "Financial Statements."

GUARANTEE COMMITMENTS

The Company's guarantees in place as of June 30, 2003 are listed in the table below. For the guarantees on indebtedness, no triggering events or conditions are anticipated to occur that would require payment under the guarantees and management believes the assets associated with the loans that are guaranteed are sufficient to cover the maximum potential amount of future payments and therefore, would not require the Company to provide additional collateral to support the guarantees.

 - (2) The Company provides a full guarantee up to \$82.5 million for the construction loan on 5 Houston Center, which was completed in 2002. The guarantee amount reduces to \$41.3 million upon achievement of specified conditions, including specified tenants occupying space and obtaining a certificate of occupancy; further reduction to \$20.6 million upon achievement of 90% occupancy and 1.3x debt service coverage.
 - (3) The Company provides a \$15.2 million letter of credit to support the payment of interest and principal of the Eagle Ranch Metropolitan District Revenue Development Bonds and Limited Tax Bonds.
 - (4) A fully consolidated entity of CRDI, of which CRDI owns 88.3%, provides a guarantee of 70% of the outstanding balance of up to a \$9.0 million loan to Blue River Land Company, L.L.C. There was approximately \$7.7 million outstanding at June 30, 2003 and the amount guaranteed was \$5.4 million.

- (5) The Company and its joint venture partner each provide a \$4.3 million letter

of credit to guarantee repayment of up to \$8.5 million of the loan to Main Street Partners, L.P.

- (6) The Company and its joint venture partner each provide a \$3.0 million letter of credit to guarantee repayment of up to \$6.0 million of the Manalapan debt with Corus Bank.

DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

The Company's objective in using derivatives is to add stability to interest expense and to manage its exposure to interest rate movements or other identified risks. Derivative financial instruments are used to convert a portion of the Company's variable rate debt to fixed rate debt and to manage its fixed to variable rate debt ratio. To accomplish this objective, the Company primarily uses interest rate swaps as part of its cash flow hedging strategy. Interest rate swaps designated as cash flow hedges involve the payment of fixed rate amounts in exchange for variable rate payments over the life of the agreements without exchange of the underlying principal amount. For the six months ended June 30, 2003, such derivatives were used to hedge the variable cash flows associated with existing variable rate debt.

The following table shows information regarding the Company's cash flow hedge agreements during the six months ended June 30, 2003, and additional interest expense and unrealized gains (losses) recorded in Accumulated Other Comprehensive Income ("OCI").

(1) During 2002, the Company entered into agreements for three cash flow hedges, two of which were effective in the first quarter of 2003, and one of which will be effective in the third quarter of 2003. These three cash flow hedges replace the Company's cash flow hedges with maturity dates of September 2, 2003 and February 3, 2003.

(2) In June 2003, the Company terminated its \$200 million interest rate swap with Salomon Brothers prior to its September 2, 2003 stated maturity by prepaying the interest that would have been due at maturity. The remaining unrealized gains in OCI and the prepaid interest amounts will be amortized through the September 2, 2003 maturity date.

CRDI, a consolidated subsidiary of the Company, also uses derivative financial instruments to convert a portion of its variable rate debt to fixed

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

rate debt.

The following table shows information regarding CRDI's cash flow hedge agreements and additional capitalized interest thereon as of June 30, 2003. Unlike the additional interest on the Company's cash flow hedges, which was expensed, the additional interest on CRDI's cash flow hedges was capitalized, as it is related to debt incurred for projects that are currently under development. Also presented are the unrealized gains in OCI for the six months ended June 30, 2003.

In June 2003, CRDI entered into an interest rate cap agreement with Bank of America for a loan with an initial notional amount of \$0.8 million, increasing monthly to up to \$28.3 million in September 2004, based on the amount of the loan. Under the agreement, in the event the prime rate, as defined in the agreement, exceeds 4.1%, Bank of America will reimburse the interest paid in excess of such rate.

RECENT DEVELOPMENTS

ASSETS HELD FOR SALE

OFFICE SEGMENT

As of June 30, 2003, the 1800 West Loop South Office Property located in the West Loop/Galleria submarket in Houston, Texas was held for sale. During the six months ended June 30, 2003, the Company recognized an approximately \$12.7 million impairment charge, net of minority interests, on the 1800 West Loop South Office Property.

BEHAVIORAL HEALTHCARE PROPERTIES

On February 27, 2003, the Company sold a behavioral healthcare property for \$2.0 million, consisting of \$1.3 million in cash and a \$0.7 million note receivable. The Company recognized a loss on the sale of this property of approximately \$0.3 million. A \$2.3 million impairment charge, net of minority interest, had been recognized during 2002 related to this property.

On May 2, 2003, the Company sold one additional behavioral healthcare property for \$2.1 million. The Company recognized a loss on the sale of this property of approximately \$0.1 million. A \$0.7 million impairment charge, net of minority interest, was recognized during the first quarter of 2003 related to

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

this property.

The Company also recognized a \$0.8 million impairment charge, net of minority interest, during the second quarter of 2003 on a behavioral healthcare property held for sale and under contract for sale at June 30, 2003. This property was sold on July 10, 2003.

As of June 30, 2003, the Company owned five behavioral healthcare properties.

INVESTMENT LAND DISPOSITIONS

On April 24, 2003, the Company completed the sale of approximately one-half acre of undeveloped land located in Dallas, Texas. The sale generated net proceeds and a net gain of approximately \$0.3 million. This land was wholly-owned by the Company.

On May 15, 2003, the Company completed the sale of approximately 24.8 acres of undeveloped land located in Coppell, Texas. The sale generated net proceeds of \$3.0 million and a net gain of approximately \$1.1 million. This land was wholly-owned by the Company.

As of June 30, 2003, the Company sold approximately 3.5 acres of undeveloped land located in Houston, Texas. Subsequent to the end of the second quarter, the sale agreement was modified. Under the terms of the modified sale agreement, the Company generated proceeds of \$2.1 million, net of closing costs, and a note receivable in the amount of \$11.8 million, with annual installments of principal and interest payments beginning June 27, 2004 through maturity on June 27, 2010. The principal payment amounts are calculated based upon a 20-year amortization and the interest rate is 4% for the first two years and thereafter the prime rate, as defined in the note, through maturity. Based on the terms of the modified sale agreement, the Company will fully recognize a net gain of approximately \$8.9 million in the third quarter of 2003. This land was wholly-owned by the Company.

RELATED PARTY TRANSACTIONS

DBL HOLDINGS, INC.

Since June 1999, the Company contributed approximately \$23.8 million to DBL. The contribution was used by DBL to make an equity contribution to DBL-ABC, Inc., which committed to purchase a limited partnership interest representing a 12.5% interest in G2. G2 was formed for the purpose of investing in commercial mortgage backed securities and other commercial real estate investments and is managed and controlled by an entity that is owned equally by GMSP and GMACCM. The ownership structure of GMSP consists of an approximately 86% limited partnership interest owned directly and indirectly by Richard Rainwater, Chairman of the Board of Trust Managers of the Company, and an approximately 14% general partnership interest, of which approximately 6% is owned by Darla Moore, who is married to Mr. Rainwater, and approximately 6% is owned by John Goff, Vice-Chairman of the Company's Board of Trust Managers and Chief Executive Officer of the Company. The remaining approximately 2% general partnership interest is owned by parties unrelated to the Company. At June 30, 2003, DBL had an approximately \$13.4 million investment in G2.

On January 2, 2003, the Company purchased the remaining 2.56% economic interest, representing 100% of the voting stock, in DBL from Mr. Goff. Total

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

consideration paid for Mr. Goff's interest was \$0.4 million. The Board of Trust Managers of the Company, including all the independent trust managers, approved the transaction based in part on an appraisal of the assets of DBL by an independent appraisal firm. As a result of this transaction, DBL is wholly-owned by the Company and is consolidated in the Residential Development Segment as of and for the six months ended June 30, 2003. Also, because DBL owns a majority of the voting stock in MVDC and HADC, the Company has consolidated these two Residential Development Corporations as of and for the six months ended June 30, 2003.

UNCONSOLIDATED INVESTMENTS

INVESTMENTS IN REAL ESTATE MORTGAGES AND EQUITY OF UNCONSOLIDATED COMPANIES

The Company has investments of 20% to 50% in seven unconsolidated joint ventures that own seven Office Properties. The Company does not have control of these joint ventures, and therefore, these investments are accounted for using the equity method of accounting.

The Company, through ownership interests of 50% or less, or ownership of non-voting interests only, has other unconsolidated investments which it does not control; these investments are accounted for using the equity method of accounting.

- (13) The remaining 35% interest in Canyon Ranch Las Vegas, L.L.C. is owned by an affiliate of the management company of two of the Company's Resort/Hotel Properties.
- (14) The SunTx Fulcrum Fund, L.P.'s ("SunTx") objective is to invest in a portfolio of acquisitions that offer the potential for substantial capital appreciation. The remaining 71.9% of SunTx is owned by a group of individuals unrelated to the Company. The Company's ownership percentage will decline by the closing date of SunTx as capital commitments from third parties are secured. The Company's projected ownership interest at the closing of SunTx is approximately 7.5% based on SunTx manager's expectations for the final SunTx capitalization. The Company accounts for its investment in SunTx under the cost method. The Company's investment at June 30, 2003 was \$6.3 million.
- (15) G2 was formed for the purpose of investing in commercial mortgage backed securities and other commercial real estate investments. GMSP and GMACCM each own 21.875% of G2, with the remaining 43.75% owned by parties unrelated to the Company. See Note 14, "Related Party Transactions," in Item 1, "Financial Statements," for information regarding the ownership interests of trust managers and officers of the Company in GMSP.

TEMPERATURE-CONTROLLED LOGISTICS SEGMENT

As of June 30, 2003, the Company held a 40% interest in the Temperature-Controlled Logistics Partnership, which owns the Temperature-Controlled Logistics Corporation, which directly or indirectly owns the 88 Temperature-Controlled Logistics Properties, with an aggregate of approximately 441.5 million cubic feet (17.5 million square feet) of warehouse space.

The Temperature-Controlled Logistics Corporation leases the Temperature-Controlled Logistics Properties to AmeriCold Logistics, a limited liability company owned 60% by Vornado Operating L.P. and 40% by a subsidiary of COPI. The Company has no economic interest in AmeriCold Logistics. See Note 15, "COPI," of Item 1, "Financial Statements," for information on the proposed acquisition of COPI's 40% interest in AmeriCold Logistics by a new entity to be owned by the Company's shareholders.

AmeriCold Logistics, as sole lessee of the Temperature-Controlled Logistics Properties, leases the Temperature-Controlled Logistics Properties from the Temperature-Controlled Logistics Corporation under three triple-net master leases, as amended. On February 22, 2001, the Temperature-Controlled Logistics Corporation and AmeriCold Logistics agreed to restructure certain financial terms of the leases, including a reduction of the rental obligation for 2001 and 2002, the increase of the Temperature-Controlled Logistics Corporation's share of capital expenditures for the maintenance of the properties (effective January 1, 2000) and the extension of the date on which deferred rent is required to be paid to December 31, 2003. On March 7, 2003, the Temperature-Controlled Logistics Corporation and AmeriCold Logistics amended the leases to further extend the date on which deferred rent is required to be paid to December 31, 2004.

AmeriCold Logistics deferred \$18.5 million of the total \$76.4 million of rent payable for the six months ended June 30, 2003. The Company's share of the deferred rent was \$7.4 million. The Company recognizes rental income from the Temperature-Controlled Logistics Properties when earned and collected and has not recognized the \$7.4 million of deferred rent in equity in net income of the Temperature-Controlled Logistics Properties for the six months ended June 30, 2003. As of June 30, 2003, the Temperature-Controlled Logistics Corporation's deferred rent and valuation allowance from AmeriCold Logistics were \$59.1 million and \$52.8 million, respectively, of which the Company's portions were \$23.6 million and \$21.1 million, respectively.

VORNADO CRESCENT CARTHAGE AND KC QUARRY, L.L.C.

As of June 30, 2003, the Company held a 56% interest in VCQ. The assets of VCQ include two quarries and the related land. The Company accounts for this investment as an unconsolidated equity investment because the Company does not control the joint venture.

On December 31, 2002, VCQ purchased \$5.7 million of trade receivables from AmeriCold Logistics at a 2% discount. The Company contributed approximately \$3.1 million to VCQ for the purchase of the trade receivables. The receivables were collected during the three months ended March 31, 2003.

On March 28, 2003, VCQ purchased \$6.6 million of trade receivables from AmeriCold Logistics at a 2% discount. VCQ used cash from collection of trade

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

receivables previously purchased from AmeriCold Logistics and a \$2.0 million contribution from its owners, of which approximately \$0.8 million represented the Company's contribution, for the purchase of the trade receivables. The receivables were collected during the three months ended June 30, 2003.

On May 22, 2003, VCQ distributed cash of \$3.2 million to the Company.

SIGNIFICANT ACCOUNTING POLICIES

CRITICAL ACCOUNTING POLICIES

The Company's discussion and analysis of financial condition and results of operations is based on its consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires the Company to make estimates and judgments that affect the reported amounts of assets, liabilities, and contingencies as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. The Company evaluates its assumptions and estimates on an ongoing basis. The Company bases its estimates on historical experience and on various other assumptions that it believes to be reasonable under the circumstances. These estimates form the basis for making judgments about the carrying values of assets and liabilities where that information is available from other sources. Certain estimates are particularly sensitive due to their

56

significance to the financial statements. Actual results may differ significantly from management's estimates. The Company believes that the most significant accounting policies that involve the use estimates and assumptions as to future uncertainties and, therefore, may result in actual amounts that differ from estimates are the following:

- o Valuation for impairment of the Company's assets and investments,
- o Relative Fair Value Method/Cost of Sales (Residential Development entities),
- o Capitalization of Interest (Residential Development entities), and
- o Allowance for doubtful accounts.

IMPAIRMENTS. Real estate and leasehold improvements are classified as long-lived assets held for sale or long-lived assets to be held and used. In accordance with Statement No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," the Company records assets held for sale at the lower of carrying value or sales price less costs to sell. For assets classified as held and used, these assets are tested for recoverability when events or changes in circumstances indicate that the estimated carrying amount may not be recoverable. An impairment loss is recognized when expected undiscounted future cash flows from a Property are less than the carrying value of the Property. The Company's estimates of cash flows of the Properties require the Company to make assumptions related to future rental rates, occupancies, operating expenses, the ability of the Company's tenants to perform pursuant to their lease obligations and proceeds to be generated from the eventual sale of the Company's Properties. Any changes in estimated future cash flows due to changes in the Company's plans or views of market and economic conditions could result in recognition of additional impairment losses.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

If events or circumstances indicate that the fair value of an investment accounted for using the equity or cost method has declined below its carrying value and the Company considers the decline to be "other than temporary," the investment is written down to fair value and an impairment loss is recognized. The evaluation of impairment for an investment would be based on a number of factors, including financial condition and operating results for the investment, inability to remain in compliance with provisions of any related debt agreements, and recognition of impairments by other investors. Impairment recognition would negatively impact the recorded value of our investment and reduce net income.

RELATIVE SALES METHOD AND PERCENTAGE OF COMPLETION. The Company recognizes earnings from the sale of Residential Development Properties when a third-party buyer has made an adequate cash down payment and has attained the attributes of ownership. The cost of residential property sold is defined based on the type of product being purchased. The cost of sales for residential lots is generally determined as a specific percentage of the sales revenues recognized for each Residential Development project. The percentages are based on total estimated development costs and sales revenue for each Residential Development project. These estimates are revised annually and are based on the then-current development strategy and operating assumptions utilizing internally developed projections for product type, revenue and related development costs. The cost of sale for residential units (such as townhomes and condominiums) is determined using the relative sales value method. If the residential unit has been sold prior to the completion of infrastructure cost, and those uncompleted costs are not significant in relation to total costs, the full accrual method is utilized. Under this method, 100% of the revenue is recognized and a commitment liability is established to reflect the allocated estimated future costs to complete the residential unit. If the Company's estimates of costs or the percentage of completion is incorrect, it could result in either an increase or decrease in cost of sales expense or revenue recognized and therefore, an increase or decrease in net income.

CAPITALIZATION OF INTEREST. The Company commences capitalization of interest when development activities and expenditures begin and ceases to capitalize interest upon "completion," which is defined as the time when the asset is ready for its intended use. The Company uses judgment in determining the time period over which to capitalize such interest and these assumptions have a direct impact on net income because capitalized costs are not subtracted in calculating net income. If the time period is extended, more interest is capitalized, thereby increasing net income.

ALLOWANCE FOR DOUBTFUL ACCOUNTS. The Company's accounts receivable balance is reduced by an allowance for amounts that may become uncollectible in the future. The Company's receivable balance is composed primarily of rents and operating cost recoveries due from its tenants. The Company also maintains an allowance for deferred rent receivables which arise from the straight-lining of rents. The allowance for doubtful accounts is reviewed at least quarterly for adequacy by reviewing such factors as the credit quality of the Company's tenants, any delinquency in payment, historical trends and current economic conditions. If the assumptions regarding the collectibility of accounts receivable prove incorrect, the Company could experience write-offs in excess of its allowance for doubtful accounts, which would result in a decrease in net income.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

SFAS NO. 145. In April 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections." SFAS No. 145 requires the reporting of gains and losses from early extinguishment of debt be included in the determination of net income unless criteria in Accounting Principles Board Opinion No. 30, "Reporting the Results of Operations," which allows for extraordinary item classification, are met. The provisions of this Statement related to the rescission of Statement No. 4 are to be applied in fiscal years beginning after May 15, 2002. The Company adopted this Statement for fiscal 2003 and expects no impact in 2003 beyond the classification of costs related to early extinguishments of debt, which were shown in the Company's 2001 Consolidated Statements of Operations as an extraordinary item.

SFAS NOS. 148 AND 123. In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure," effective for fiscal years ending after December 15, 2002, to amend the transition and disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation." In addition to the prospective transition method of accounting for Stock-Based Employee Compensation using the fair value method provided in SFAS No. 123, SFAS No. 148 permits two additional transition methods, both of which avoid the ramp-up effect arising from prospective application of the fair value method. The Retroactive Restatement Method requires companies to restate all periods presented to reflect the Stock-Based Employee Compensation under the fair value method for all employee awards granted, modified, or settled in fiscal years beginning after December 15, 1994. The Modified Prospective Method requires companies to recognize Stock-Based Employee Compensation from the beginning of the fiscal year in which the recognition provisions are first applied as if the fair value method in SFAS No. 123 had been used to account for employee awards granted, modified, or settled in fiscal years beginning after December 15, 1994. Also, in the absence of a single accounting method for Stock-Based Employee Compensation, SFAS No. 148 expands disclosure requirements from those existing in SFAS No. 123, and requires disclosure of whether, when, and how an entity adopted the preferable, fair value method of accounting.

Effective January 1, 2003, the Company adopted the fair value expense recognition provisions of SFAS No. 123 on a prospective basis as permitted, which requires that the value of stock options at the date of grant be amortized ratably into expense over the appropriate vesting period. During the six months ended June 30, 2003, the Company granted stock options and recognized compensation expense that was not significant to its results of operations. With respect to the Company's stock options which were granted prior to 2003, the Company accounted for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," and related Interpretations ("APB No. 25"). Under APB No. 25, compensation cost is measured as the excess, if any, of the quoted market price of the Company's common shares at the date of grant over the exercise price of the option granted. Compensation cost for stock options, if any, is recognized ratably over the vesting period. During the six months ended June 30, 2003, no compensation cost was recognized for grants of stock options made prior to 2003 under the Company stock option plans because the Company's policy is to grant stock options with an exercise price equal to the quoted closing market price of the Company's common shares on the grant date. Had compensation cost for the Plans been determined based on the fair value at the grant dates for awards under the Plans consistent with SFAS No. 123, the Company's net (loss) income and (loss) earnings per share would have been reduced to the following pro forma amounts:

SFAS NO. 149. In April 2003, the FASB issued SFAS No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities." SFAS No. 149 amends and clarifies the financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities." In general, SFAS No. 149 is effective for contracts entered into or modified after June 30, 2003 and for hedging relationships designated after June 30, 2003. The adoption of this statement is not expected to have a material impact, if any, on the Company's financial condition or its results of operations.

SFAS NO. 150. In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity." SFAS No. 150 establishes standards for how an issuer should classify and measure certain financial instruments that have both liability and equity characteristics. The provisions of this Statement are to be applied to financial instruments entered into or modified after May 31, 2003 and to existing instruments as of the beginning of the first interim financial reporting period after June 15, 2003. The adoption of this statement is not expected to have a material impact, if any, on the Company's financial condition or its results of operations.

FASB INTERPRETATION 45. In November 2002, the FASB issued Interpretation 45, "Guarantors' Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others" ("FIN 45"), which elaborates on the disclosures to be made by a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued and liability-recognition requirements for a guarantor of certain types of debt. The new guidance requires a guarantor to recognize a liability at the inception of a guarantee which is covered by the new requirements whether or not payment is probable, creating the new concept of a "stand-ready" obligation. Initial recognition and initial measurement provisions are applicable on a prospective basis to guarantees issued or modified after December 31, 2002. See Note 10, "Commitments and Contingencies" in Item 1, "Financial Statements," for disclosure of the Company's guarantees at June 30, 2003. The Company adopted FIN 45 effective January 1, 2003.

FASB INTERPRETATION 46. On January 15, 2003, the FASB approved the issuance of Interpretation 46, "Consolidation of Variable Interest Entities" ("FIN 46"), an interpretation of Accounting Research Bulletin No. 51, "Consolidated Financial Statements." Under FIN 46, consolidation requirements

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

are effective immediately for new Variable Interest Entities ("VIEs") created after January 31, 2003. The consolidation requirements apply to existing VIEs in the first fiscal year or interim period beginning after June 15, 2003. VIEs are generally a legal structure used for business enterprises that either do not have equity investors with voting rights, or have equity investors that do not provide sufficient financial resources for the entity to support its activities. The objective of the new guidance is to improve reporting by addressing when a company should include in its financial statements the assets, liabilities and activities of another entity such as a VIE. FIN 46 requires a VIE to be consolidated by a company if the company is subject to a majority of the risk of loss from the VIE's activities or entitled to receive a majority of the entity's residual returns or both. FIN 46 also requires disclosures about VIEs that the company is not required to consolidate but in which it has a significant variable interest. Certain of the disclosure requirements apply in all financial statements issued after January 31, 2003, regardless of when the VIE was established. These disclosure requirements are as follows: (a) the nature, purpose, size, and activities of the variable interest entity; and, (b) the enterprise's maximum exposure to loss as a result of its involvement with the VIE. FIN 46 may be applied prospectively with a cumulative effect adjustment as of the date on which it is first applied or by restating previously issued financial statements for one or more years with a cumulative effect adjustment as of the beginning of the first year restated. The Company is assessing the impact of this Interpretation, if any, on its existing entities and does not believe the impact will be significant on its liquidity, financial position, and results of operations. The Company did not create any VIEs subsequent to January 31, 2003.

FUNDS FROM OPERATIONS

FFO, as used in this document, means:

- o Net Income (Loss) - determined in conformity with GAAP;
- o excluding gains (losses) from sales of depreciable operating property;
- o excluding extraordinary items (as defined by GAAP);
- o including depreciation and amortization of real estate assets; and
- o after adjusting for unconsolidated partnerships and joint ventures.

NAREIT developed FFO as a relative measure of performance of an equity REIT to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. The Company considers FFO an appropriate measure of performance for an equity REIT, and for its investment segments. However, FFO should not be considered as an alternative to net income determined in accordance with GAAP as an indication of the Company's operating performance.

The Company has historically distributed an amount less than FFO, primarily due to reserves required for capital expenditures, including leasing costs. The aggregate cash distributions paid to shareholders and unitholders for the six months ended June 30, 2003 and 2002 were \$87.7 million, and \$99.5 million, respectively. The Company reported FFO of \$77.9 million and \$117.3 million for the six months ended June 30, 2003 and 2002, respectively.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

An increase or decrease in FFO does not necessarily result in an increase or decrease in aggregate distributions because the Company's Board of Trust Managers is not required to increase distributions on a quarterly basis unless necessary for the Company to maintain REIT status. However, the Company must distribute 90% of its REIT taxable income (as defined in the Code). Therefore, a significant increase in FFO will generally require an increase in distributions to shareholders and unitholders although not necessarily on a proportionate basis.

Accordingly, the Company believes that to facilitate a clear understanding of the consolidated historical operating results of the Company, FFO should be considered in conjunction with the Company's net income and cash flows reported in the consolidated financial statements and notes to the consolidated financial statements. However, the Company's measure of FFO may not be comparable to similarly titled measures of other REITs because these REITs may apply the definition of FFO in a different manner than the Company.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

No material changes in the Company's market risk occurred from December 31, 2002 through June 30, 2003. Information regarding the Company's market risk at December 31, 2002 is contained in Item 7A, "Quantitative and Qualitative Disclosures About Market Risk," in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

ITEM 4. CONTROLS AND PROCEDURES

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's reports under the Exchange Act of 1934, as amended (the "Exchange Act") is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and its Chief Financial and Accounting Officer, as appropriate, to allow timely decisions regarding required disclosure based closely on the definition of "disclosure controls and procedures" in Rule 13a-15(e) promulgated under the Exchange Act. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As of June 30, 2003, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including its Chief Executive Officer and its Chief Financial and Accounting Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on the foregoing, the Company's Chief Executive Officer and its Chief Financial and Accounting Officer concluded that the Company's disclosure controls and procedures were effective.

During the three months ended June 30, 2003, there was no change in the Company's internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

During the three months ended June 30, 2003, the Company issued an aggregate of 1,284 common shares to holders of Operating Partnership units in exchange for 642 units. The issuances of common shares were exempt from registration as private placements under Section 4(2) of the Securities Act of 1933, as amended (the "Securities Act"). The Company has registered the resale of such common shares under the Securities Act.

62

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

The annual meeting of shareholders of the Company was held on June 2, 2003.

Three proposals were submitted to a vote of shareholders as follows:

- (1) The shareholders approved the election of the following individuals as trust managers of the Company:
