**VERITAS Software Reports First Quarter Results**

***Revenue of \$559 Million, 15% Growth Year-Over-Year***

**MOUNTAIN VIEW, Calif. May 3, 2005** VERITAS Software Corporation (NASDAQ: VRTS) today announced financial results for the quarter ended March 31, 2005. Revenue was \$559 million, compared to revenue of \$486 million for the same period a year ago, representing 15 percent growth year over year.

GAAP net income for the quarter ended March 31, 2005 was \$105 million, or \$0.24 per diluted share, compared to GAAP net income of \$100 million, or \$0.22 per diluted share, for the same period a year ago. Included in GAAP net income were non-cash charges of \$8.5 million, net of taxes, for the quarter ended March 31, 2005 related to amortization of intangibles, stock-based compensation and gains on strategic investments. Net income for the quarter ended March 31, 2005 also included approximately \$12 million of expenses related to our pending merger with Symantec Corporation. For the quarter ended March 31, 2004, GAAP net income included \$2.2 million, net of taxes, related to amortization of intangibles, in-process research and development, stock-based compensation and gains on strategic investments.

Our results this quarter demonstrate the overall strength of our business, a continuation of the momentum we built exiting the fourth quarter and our customers' confidence with our strategic direction, said Gary Bloom, chairman, president and CEO, VERITAS Software. License revenue was up seven percent and service revenue was up 29 percent year-over-year, driven by strength in our EMEA and Asia Pacific/Japan regions, which were up 48 percent and 28 percent, respectively.

*VERITAS Software Reports First Quarter Results*

During the quarter, we generated a record \$257 million in cash from operating activities and we exited the quarter with \$2.4 billion in cash and short-term investments, after retiring \$381 million of debt during the quarter, said Ed Gillis, executive vice president and chief financial officer, VERITAS Software.

With the combination of our strong performance in Q1, the normal seasonality of the second quarter and the ongoing activities related to the pending merger with Symantec, we are being cautious with our outlook for the June quarter, said Bloom. As a result, our revenue expectations for the quarter ending June 30, 2005 are in the range of \$500 to \$540 million, and diluted earnings per share are in the range of \$0.15 to \$0.20 on a GAAP basis. In addition for calendar year 2005 we continue to expect an annual revenue growth rate of approximately 11% to 12%.

The expectations for GAAP diluted earnings per share for the June quarter include the impact of certain expenses related to the company's planned merger with Symantec, which are estimated to be approximately \$15 million.

The company will hold a conference call today at 2:00 p.m. Pacific Time, 5:00 p.m. Eastern Time, to review the results and business outlook. The conference call will be available to all investors. The telephone dial-in number for listen-only access to the live call is (719) 457-2692, passcode: 4554106.
