Table of Contents**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

(e) See Item 8.01 below for information related to compensation arrangements for certain executive officers of Lam Research Corporation (the Company).

Item 8.01 Other Events.**409A Liability**

As disclosed in the Company's Form 10-K for the year ended June 24, 2007, filed on March 31, 2008, a special committee of the Company's Board of Directors (the Independent Committee) concluded its voluntary review into the historical stock option granting process followed by the Company. As a result of that review and conclusions reached by the Company, on March 30, 2008 the Board of Directors of the Company (Board) authorized the Company (i) to satisfy the potential Internal Revenue Code Section 409A liability to current and past employees arising as a result of their exercise of misdated stock options, which vested after December 31, 2004, in 2006 or 2007 (misdated options) and, as applicable, similar state tax laws, inclusive of applicable penalties and interest (collectively, the 409A Liability), and (ii) if necessary, to compensate such employees for the additional tax liability associated with the Company's assumption of the 409A Liability (gross-up payment).

The Board currently expects that the cash cost to the Company to satisfy all 409A Liabilities, inclusive of the gross-up payments, will be in the range of \$50 million to \$55 million.

The table below lists the estimated cost to the Company to satisfy the 409A Liabilities and the gross-up payments for our executive officers who exercised misdated options. It also presents the additional financial statement compensation expense incurred by the Company for those misdated options; i.e. the difference between the exercise price assumed on the date of the original grant and the closing price of our common stock on the new measurement date determined by the Independent Committee and the Company. Unlike the financial statement compensation expense, the estimated 409A Liability is calculated on the entire amount of income recognized by the executive as a result of the exercise of the misdated options, not just on the difference between the exercise price assumed on the date of the original grant and the closing price of our common stock on the new measurement date determined by the Independent Committee and the Company.

Name	Title	Estimated Cash 409A Liability, including gross-up \$ million	Non-Cash Compensation Expense to the Company \$ million
Stephen G. Newberry	President and Chief Executive Officer	\$10.3	\$0.3
Richard A. Gottscho	Group VP & General Manager, Etch Businesses	\$0.5	\$0.1
Abdi Hariri	Group VP Customer Support Business Group	\$0.2	\$0.03
Thomas J. Bondur	Vice President, Global Field Operations	\$0.1	\$0.01

The 409A Liability inclusive of the gross-up payment for Mr. Newberry relates to his new-hire option grant of August 12, 1997, a portion of which vested after December 31, 2004. Mr. Newberry's new-hire option grant provided him with the right to purchase 900,000 shares of the Company's common stock, calculated on a post-stock-split basis, at \$18.48 per share. The Independent Committee and Company determined that the proper measurement date for financial accounting purposes related to Mr. Newberry's new hire option grant was August 29, 1997. The closing price of the Company's common stock on August 29, 1997, was \$18.83 per share. Since the aggregate exercise price of Mr. Newberry's new hire option is less than the exercise price that would have been used if the Company had established the exercise price based upon the closing price of the Company's common stock on the financial accounting measurement date by \$312,415, a portion of Mr. Newberry's new hire option grant is a misdated option.

The 409A Liability inclusive of the gross-up payment for each of Messrs. Gottscho, Hariri and Bondur relate to misdated options issued in connection with the 2002 annual grant to executives that occurred on February 27, 2002, as part of the Company's customary executive compensation practices, and in the case of Messrs. Hariri and Gottscho, a portion of the 409A Liability relates to a misdated stock option made pursuant to the Company's Executive Pay Reduction Program.

NASDAQ Compliance

On April 1, 2008, the Company received a letter from the NASDAQ Stock Market, Inc (NASDAQ) advising that the NASDAQ Listing and Hearing Review Council, after consultation with NASDAQ Listing Qualification staff, has determined that the Company has demonstrated compliance with NASDAQ 's filing requirements under the NASDAQ Marketplace Rules. This determination was based on the Company having filed on March 31, 2008 its Annual Report on Form 10-K for the year ended June 24, 2007, Quarterly Report on Form 10-Q for the quarter ended September 23, 2007 and Quarterly Report on Form 10-Q for the quarter ended December 23, 2007. Consequently, the matter has been closed and the Company 's securities will continue to be listed on the NASDAQ Global Select Market.
