INFORMATION CONCERNING SOLICITATION AND VOTING

General

The Board of Directors of SCM Microsystems, Inc. (*SCM* , *SCM Microsystems* , the *Company* , *we* or *us*) is furnishing this proxy statement to you in connection with our solicitation of proxies for use at our 2008 Annual Meeting of Stockholders (the *Annual Meeting*) to be held on July 1, 2008, at 10:00 a.m., local time, at our U.S. office, located at 41740 Christy Street, Fremont, California 94538, or any adjournment(s) or postponement(s) thereof, for the purposes set forth herein and in the accompanying notice of our 2008 Annual Meeting of Stockholders.

These proxy solicitation materials are being mailed on or about May 6, 2008 to all SCM Microsystems stockholders entitled to notice of and to vote at the Annual Meeting.

Record Date

Our Board of Directors has fixed the close of business on May 2, 2008 as the record date (*Record Date*) for the determination of our stockholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment(s) or postponement(s) thereof.

Shares Outstanding

As of April 15, 2008, we had issued and outstanding 15,743,515 shares of common stock, par value \$0.001 per share. The Company's common stock is listed on the NASDAQ Global Market, which is referred to in this proxy statement as *NASDAQ* . For information regarding holders of more than 5% of the outstanding common stock and the security ownership by management, see *Securities Ownership of Certain Beneficial Owners and Management*.

Voting Rights

Each stockholder of record on the Record Date will be entitled to one vote per share of common stock held on the Record Date on all matters submitted for consideration of, and to be voted upon by, the stockholders at the Annual Meeting. The election of directors shall be determined by a plurality of the votes cast: each stockholder will be entitled to vote for up to three nominees to our Board of Directors, and the three nominees with the greatest number of votes will be elected to the Board of Directors. All other matters shall be determined by a majority of the votes cast, except as otherwise required by law. No stockholder will be entitled to cumulate votes at the Annual Meeting for the election of any members of our Board of Directors.

Voting Procedures

You may vote by mail, by telephone, over the Internet or in person at the meeting.

Voting by Mail. By signing and returning the proxy card in the enclosed prepaid and addressed envelope, you are authorizing individuals named on the proxy card (known as *proxies*) to vote your shares at the meeting in the manner you indicate. We encourage you to sign and return the proxy card even if you plan to attend the meeting. In this way, your shares will be voted if you are unable to attend the meeting. If you received more than one proxy card, it is an

indication that your shares are held in multiple accounts. Please sign and return all proxy cards to ensure that all of your shares are voted.

Table of Contents

Voting by Telephone. To vote by telephone, please follow the instructions included with your proxy card. If you vote by telephone, you do not need to complete and mail your proxy card.

Voting over the Internet. To vote over the Internet, please follow the instructions included with your proxy card. If you vote over the Internet, you do not need to complete and mail your proxy card.

Voting in Person. If you plan to attend the meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, that is, you hold a share certificate, you are considered the shareholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in street name. As a beneficial owner, if you wish to vote at the meeting, you will need to bring with you to the meeting a legal proxy from your broker or other nominee authorizing you to vote such shares. Contact your broker or other record holder of the shares for assistance if this applies to you.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is one-third (1/3) of the shares of our common stock issued and outstanding as of the Record Date. Shares voted FOR, AGAINST or WITHHELD from a matter voted upon by the stockholders at the Annual Meeting will be treated as being present at the Annual Meeting for purposes of establishing a quorum for the transaction of business, and will also be treated as shares represented and voting at the Annual Meeting (the Votes Cast) with respect to any such matter.

Abstentions will be counted for purposes of determining both (i) the presence or absence of the quorum for the transaction of business, and (ii) the total number of Votes Cast with respect to a proposal. Accordingly, abstentions will have the same effect as a vote against a proposal submitted for consideration of the stockholders at the Annual Meeting. Consequently, votes AGAINST and WITHHELD and abstentions will have no effect on the election of the Class I directors and will be counted as votes against the proposals to ratify the appointment of our independent registered public accountants.

Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, but will not be counted for purposes of determining the number of Votes Cast with respect to a proposal. Broker non-votes include shares for which a bank, broker or other nominee holder has not received voting instructions from the beneficial owner and for which the nominee holder does not have discretionary power to vote on a particular matter. Under the rules that govern brokers who are record owners of shares that are held in brokerage accounts for the beneficial owners of the shares, brokers who do not receive voting instructions from their clients have the discretion to vote uninstructed shares on routine matters but have no discretion to vote the uninstructed shares on non-routine matters. Both proposals to be voted on at the Annual Meeting are routine matters.

Vote Required

The election of directors at the Annual Meeting requires the affirmative vote of a plurality of the votes cast at the Annual Meeting.

Each other item to be voted on at the Annual Meeting requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting.

All votes will be tabulated by the inspector of elections appointed for the Annual Meeting. The inspector of elections will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Solicitation of Proxies

The cost of soliciting proxies will be borne by us. We may reimburse brokerage firms, banks and other persons representing the beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile or personal solicitation by our directors, officers or regular employees without additional compensation.

Revocability of Proxies

Your proxy is revocable at any time before it is voted at the Annual Meeting either by delivering to us a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. If you have executed and returned a proxy and are present in person at the Annual Meeting and wish to vote at the Annual Meeting, you may elect to do so by notifying the Inspector of Elections, thereby suspending the power of the proxy holders to vote the proxy previously delivered by you. Attendance at the Annual Meeting, however, will not by itself revoke a proxy previously delivered to us.

Stockholder Proposals for 2009 Annual Meeting of Stockholders

We anticipate that our 2009 Annual Meeting of Stockholders will take place in late June 2009, more than thirty days from the date of the 2008 Annual Meeting, and that we will mail our proxy materials for the 2009 Annual Meeting of Stockholders in early May 2009. Therefore, Stockholder proposals that are intended to be presented by our stockholders at our 2009 Annual Meeting must be received by us no later than January 7, 2009, which is 120 days prior to our anticipated mailing date of May 6, 2009, in order to be considered for inclusion in the proxy statement and form of proxy relating to our 2009 Annual Meeting. Such proposals may be included in next year's Proxy Statement if they comply with applicable requirements of Rule 14a-8 of Regulation 14A promulgated by the Securities and Exchange Commission and the Company's Bylaws. If the Company is not notified of a stockholder proposal by March 22, 2009, then the proxy solicited by the Board of Directors for the 2009 Annual Meeting will confer discretionary authority to vote against the stockholder proposal.

CORPORATE GOVERNANCE

SCM and our Board of Directors, which is also referred to in this proxy statement as the Board, regularly review and evaluate SCM's corporate governance practices. SCM's corporate governance documents are posted on the investor relations page of our website at www.scmmicro.com.

Table of Contents

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that include, without limitation, guidelines relating to Board composition, director qualifications and selection process, director independence, Board committees and auditor independence. The Corporate Governance Guidelines are available on the Corporate Governance page within the Investor Relations section of our website at www.scmmicro.com. The Nominating Committee and the Board of Directors review the Corporate Governance Guidelines annually and the Board may amend the Corporate Governance Guidelines at any time.

Code of Conduct and Ethics

The Board of Directors has adopted a Code of Conduct and Ethics for all of our employees, including our Chief Executive Officer, Chief Financial Officer and any other principal accounting officer, and for the members of our Board of Directors. Our Code of Conduct and Ethics is posted on the Corporate Governance page within the Investor Relations section of our website, at www.scmmicro.com. The Board of Directors may amend the Code of Conduct and Ethics at any time and has the sole authority to approve any waiver of the Code of Conduct and Ethics relating to the activities of any of our senior financial officers, other executive officers and directors.

SCM MICROSYSTEMS BOARD OF DIRECTORS

Director Independence

Our Board of Directors has reviewed the independence of each of our directors and each director nominee and considered whether any director or nominee has had a material relationship with our company or our management that could compromise his ability to exercise independent judgment in carrying out his duties and responsibilities. As a result of this review, our Board of Directors affirmatively determined that each non-employee director nominee and all of our non-employee directors are independent under the corporate governance standards of the Marketplace Rules of the NASDAQ Stock Market and Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act).

In connection with the determination of independence of Dr. Hans Liebler, the Board of Directors considered Dr. Liebler's relationship with the Company's largest stockholder, Lincoln Vale European Partners, of which Dr. Liebler is a founder and member of the investment committee. The Board of Directors determined that such relationship would not compromise Dr. Liebler's ability to exercise independent judgment in carrying out his duties and responsibilities. In agreeing to serve as a member of our Board of Directors, Dr. Liebler must act independently of Lincoln Vale European Partners in discharging his fiduciary duties to stockholders of the Company and also is obligated not to disclose to Lincoln Vale European Partners or use for his own benefit any confidential information that he may obtain during his service on the board. Dr. Liebler disclaims shared voting or dispositive power over any securities held by the fund.

Board of Directors Meetings

Our Board of Directors held four physical meetings and eight telephonic meetings in fiscal 2007. During 2007, we had four standing committees: an Audit Committee, a Compensation Committee, a Nominating Committee and a Strategy Committee. The Strategy Committee was dissolved in February 2008. Each current committee has a written charter which is available on the Corporate Governance page within the Investor Relations section of our website at www.scmmicro.com. All members of these committees are appointed by the Board of Directors and are non-employee directors. From time to time the Board of Directors may choose to create additional committees. Each of our directors attended at least 75% of the meetings of the Board of Directors and applicable committee meetings

during fiscal 2007, except for Dr. Cubero, who attended 60% of the meetings held by the Board of Directors and applicable committees during the period in which he served as a Director. Dr. Cubero resigned from the Board effective November 9, 2007.

When necessary, our independent directors meet without SCM management present to address any issues they determine to be appropriate.

Table of Contents**Contacting the Board of Directors**

The Investor Relations staff will forward such communication to the Board of Directors or to any individual director or directors to whom the communication is directed as applicable, if the communication is relevant to SCM's business and financial operations, policies or corporate philosophy. If the communication is unduly hostile, threatening, illegal or similarly inappropriate, or advertisements, solicitations for periodicals or other subscriptions, and other similar communications are received, the Investor Relations staff has the authority to discard the communication or take appropriate legal action regarding the communication.

The Compensation Committee is authorized to delegate any portion of its authority to subcommittees. During the first three months of fiscal 2007, the Compensation Committee was comprised of Messrs. Cubero, Humphreys and Turner, and Mr. Humphreys served as the committee's Chairman. Following a change in committee assignments, during the last nine months of fiscal 2007, the Compensation Committee included Messrs. Cubero, Hultsch, Koepf and Turner. Each of these directors is currently a member of the committee, except for Dr. Cubero, who resigned from the committee and our Board of Directors in November 2007. independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards. The Compensation Committee held two physical meetings and one telephone meeting during fiscal 2007.

Nominating Committee. The Nominating Committee assists in identifying individuals qualified to become members of the Board of Directors. During the first three months of fiscal 2007, the nominating Committee included Messrs. Cubero, Hultzs, Humphreys and Turner, with Mr. Humphreys serving as Chairman. Following a change in committee assignments, during the last nine months of fiscal 2007 the Nominating Committee was comprised of Messrs. Cubero, Humphreys, Koepf and Turner and Mr. Koepf served as the committee's Chairman. Each of these directors is currently a member of the committee, except for Dr. Cubero, who resigned from the committee and our Board of Directors in November 2007. The Board of Directors has determined that each of the members of the Nominating Committee during fiscal 2007 was independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards. The Nominating Committee held two physical meetings during fiscal 2007.

Strategy Committee. In February 2006, the Board of Directors appointed a Strategy Committee to consider possible strategic alternatives and opportunities. The Strategy Committee was dissolved in February 2008. During fiscal 2007, the Strategy Committee was comprised of Messrs. Hultzs, Humphreys, Koepf and Turner. Mr. Humphreys served as the committee's Chairman from February 2006 through February 2008. The Board of Directors has determined that during 2007, each member of the Strategy Committee was independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards. The Strategy Committee met periodically in the course of Board of Director meetings during fiscal 2007.

Policy for Director Recommendations and Nominations

The primary role of the Nominating Committee is to develop and recommend to the Board criteria for identifying and evaluating director candidates and to establish a procedure for consideration of director candidates recommended by our stockholders. The Nominating Committee periodically assesses the appropriate size of the Board of Directors and whether any vacancies are expected due to retirement or otherwise. In the event that vacancies are anticipated, the Nominating Committee seeks to identify and evaluate potential candidates at meetings of the Nominating Committee, which can take place at any point during the year.

Candidates may come to the attention of the Board through current Board members, professional search firms, shareholders or other parties. All candidates are evaluated based on a review of the individual's qualifications, skills, independence and expertise. The Nominating Committee will consider candidates submitted by stockholders as nominees for election as Directors of the Company. Stockholders wishing to have the Nominating Committee consider a candidate should submit the name(s) and supporting information to Corporate Secretary, SCM Microsystems, Inc., Oskar-Messter-Str. 13, 85737 Ismaning, Germany and should include the following information: (a) all information relating to the candidate that is required to be disclosed pursuant to Regulation 14A under the Exchange Act (including the person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the name(s) and address(es) of the shareholder(s) making the recommendation and the number of shares of common stock that are owned beneficially and of record by the shareholder(s); and (c) appropriate biographical information and a statement as to the qualifications of the candidate. Written notice of a nomination must be received by us within the timeframe described under "Stockholder Proposals for 2009 Annual Meeting of Stockholders" above.

As part of its selection process, the Nominating Committee may consider recommendations of director candidates with diverse backgrounds and experience who are expected to enhance the quality of the Board, serve stockholders long-term interests and contribute to our overall corporate goals. While the Nominating Committee has not established specific minimum criteria for candidates, the philosophy of the committee is that directors should possess the highest personal and professional ethics, integrity and values, informed judgment, and sound business experience and be

committed to representing the long-term interests of our stockholders. Candidates must also have an inquisitive and objective perspective, the ability to make independent analytical inquiries, practical wisdom and mature judgment. In evaluating candidates, the Nominating Committee may consider a candidate's work experience related to our business, general professional experience and overall expected contributions to the Board of Directors in relation to other directors already serving on the Board. When evaluating existing directors for

Table of Contents

nomination for re-election, the Nominating Committee may also consider the directors' past Board and committee meeting attendance and participation. We endeavor to have a Board representing diverse experience at policy-making levels in various areas that are relevant to our global activities.

The Nominating Committee evaluates shareholder-recommended candidates using the same process and the same criteria it uses to evaluate candidates from other sources.

The Nominating Committee has the authority to retain outside counsel, experts, and other advisors as it determines appropriate to assist it in the full performance of its functions, including sole authority to retain and terminate any search firm used to identify director candidates, and to approve the search firm's fees and other retention terms.

Director Attendance at Stockholder Meetings

We do not have a policy regarding director attendance at stockholder meetings. The majority of our directors reside in Europe and our Annual Meetings are typically held at our U.S. office in Fremont, California. No directors attended the 2007 Annual Meeting of Stockholders and it is not expected that any of our directors will attend the 2008 Annual Meeting of Stockholders.

PROPOSAL ONE: ELECTION OF CLASS I DIRECTORS

Our Board of Directors is divided into three director classes with staggered three-year terms. Currently, our Board consists of seven directors, of which three directors serve in Class I, two directors serve in Class II and two directors serve in Class III. The Board of Directors has authorized up to eight directors. If in the future the Board of Directors elects to fill the current vacancies on the Board of Directors, it is expected that at least one new director would be designated as a Class II director.

Each director elected at the Annual Meeting of Stockholders will serve for a term ending on the date of the third annual meeting after his or her election when his or her successor has been elected and duly qualified or upon the date of his or her earlier resignation or removal. Stockholders may not cumulate votes in the election of directors.

The Nominating Committee of the Board of Directors has recommended, and the Board of Directors has proposed, that Steven Humphreys, Hans Liebler and Stephan Rohaly be elected as Class I directors at the Annual Meeting. Unless otherwise instructed, the proxy holders named in the enclosed proxy will vote the proxies received by them for Messrs. Humphreys, Liebler and Rohaly, each of whom currently serves as a Class I director of the Company, except for Dr. Liebler, who has been appointed to the Board effective June 1, 2008. We do not expect, however, that either Mr. Humphreys, Dr. Liebler or Mr. Rohaly will decline to serve as a director at the Annual Meeting, as each has agreed to serve if elected.

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who beneficially own more than ten percent of a registered class of our equity securities (10% stockholders), to file reports on Forms 4 and 5 reflecting transactions affecting their beneficial ownership of our equity securities with the Securities and Exchange Commission and with the National Association of Securities Dealers. Such officers, directors and 10% stockholders are also required by the Securities and Exchange Commission's rules and regulations to provide us with copies of all such reports on Forms 4 and 5 that they file under Section 16(a) of the Exchange Act.

Based solely on our review of copies of such reports on Forms 4 and 5 received by us, and on written representations from our officers, directors and the 10% stockholders known to us, we believe that, during the period from January 1,

2007 to December 31, 2007, our executive officers, directors and the 10% stockholders known to us filed all required reports under Section 16(a) of the Exchange Act on a timely basis.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General Philosophy/Objectives

The primary goals of our compensation program, including our executive compensation program, are to attract and retain employees whose abilities are critical to our long-term success and to motivate employees to achieve superior performance.

To achieve these goals, we attempt to:

offer compensation packages that are competitive regionally and that provide a strong base of salary and benefits;

maintain a portion of total compensation at risk, particularly in the case of our executive officers, with payment of that portion tied to achievement of specific financial, organizational or other performance goals; and

reward superior performance.

Our compensation program includes salary, performance-based quarterly and annual bonuses, long-term compensation in the form of stock options and various benefits and perquisites.

Role of the Compensation Committee

Our Compensation Committee oversees all aspects of executive compensation. The committee plays a critical role in establishing our compensation philosophy and in setting and amending elements of the compensation package offered to our Named Executive Officers. In 2007, our Named Executive Officers included our current Chief Executive Officer, Felix Marx; our former Chief Executive Officer, Robert Schneider; our Chief Financial Officer, Stephan Rohaly and our Executive Vice President, Strategic Sales and Business Development, Manfred Mueller (formerly our Vice President Sales EMEA).

On an annual basis, or in the case of promotion or hiring of an executive officer, the Compensation Committee determines the compensation package to be provided to our Chief Executive Officer, our other executive officers and our directors. On an annual basis, the Compensation Committee undertakes a review of the base salary, bonus targets and equity awards of each of our Named Executive Officers and evaluates their respective compensation based on the

committee's overall evaluation of their performance toward the achievement of our financial, strategic and other goals, with consideration given to comparative executive compensation data, primarily from a small group of companies of similar size and within a similar segment of the security industry to our Company (as described in more detail below). Based on its review, from time to time the Compensation Committee has increased the salary, potential bonus amounts and/or equity awards for our executive officers.

In addition to conducting its annual evaluation of executive compensation, during 2007 the Compensation Committee developed and put in place a new executive bonus plan that ties cash incentives for our executives to the

Table of Contents

operational performance of the Company, supporting the Company's focus on operating profit as a primary corporate goal.

At the beginning of 2007, annual salary levels, target bonus amounts and option amounts were established by the Compensation Committee for our executive staff, which at that time consisted of three executives: Mr. Schneider, Mr. Rohaly and Dr. Mueller. Compensation amounts were determined in part based on the outcome of annual performance reviews, and in the case of Mr. Rohaly and Dr. Mueller, on performance in the prior year against individual objectives established by Mr. Schneider. Objectives for Mr. Rohaly included supporting the transition of the Company's corporate financial functions from the U.S. to Germany; building up corporate finance capabilities in Germany; and reducing operating expenses, including developing a framework to plan, execute and measure cost reduction activities. Objectives for Dr. Mueller primarily related to the Company's transfer of manufacturing operations from Singapore to contract manufacturers and to the reduction of overall expenses and included increasing product margins through inventory reduction, competitive component sourcing and product design cost reductions; supporting development of new processes to manage external contract manufacturers; and reducing sales and marketing program costs.

Compensation for our current Chief Executive Officer, Felix Marx, was established by the Compensation Committee at the time of his engagement, and is described in more detail below.

Overview of Compensation Program

SCM was originally formed in Germany in 1990 and has continued to have an active presence in Germany and throughout Europe in our target product markets. Since our initial public offering in October 1997, our common stock has been dually traded on the U.S. NASDAQ Global Market and the German exchange, previously on the Neuer Markt and now on the Prime Standard. As a result, although we are a small company, we have maintained a relatively high level of visibility in the German marketplace and financial markets. Additionally, for the past several years the majority of our executive staff has operated from our European headquarters in Ismaning, Germany, which has been our corporate headquarters since late 2006. Currently, all of our executive officers operate out of our headquarters in Germany. Our German corporate culture directly influences the elements of our compensation program.

We do not employ an overall model or policy to allocate among the compensation elements we utilize. In general, we employ cash bonuses to motivate and reward our executive officers for the achievement of annual and quarterly or other short-term performance objectives and we employ annual grants of stock options that vest over time to motivate and reward contributions to the Company's performance over the longer term. From time to time, however, we also utilize stock options with shorter vesting periods to provide additional incentives for the achievement of short-term objectives that are seen as critical to the Company's success. For example, we awarded stock option grants to certain of our Named Executive Officers for the achievement of operating profit in the fourth quarter of 2006 after several months of implementing difficult cost reduction actions.

We believe that our compensation practices, as described below, allow us to achieve an appropriate balance of compensation elements for our executive officers that supports our overall compensation program goals.

Compensation Elements

Base Salary. Base salary provides fixed compensation based on competitive market practice and is intended to acknowledge and reward core competence in the executive role relative to skills, experience and contributions to the Company. Base salaries for executives are reviewed annually, or more frequently should there be any changes in responsibilities.

The Compensation Committee reviewed base salary levels for Mr. Schneider, Mr. Rohaly and Dr. Mueller at the beginning of fiscal 2007. In conducting their reviews, the Compensation Committee (1) gave significant consideration to each officer's salary history with previous employers; (2) considered informal data on salaries of executive officers in similar positions based on general benchmarking data for the technology industry from the Economic Research Institute and Salary.com; (3) reviewed specific salary data for the chief executive officers and chief financial officers at two companies the Compensation Committee considered to be most comparable in size

Table of Contents

and industry focus to the Company, Vasco Data Systems and ActivIdentity; (4) relied on the professional experience of the Compensation Committee and Board members related to compensation practices in Europe; (5) considered the recommendations of Mr. Schneider in the case of Mr. Rohaly and Dr. Mueller; (6) considered the scope of responsibility, prior experience and past performance of each officer; and (7) considered the specific needs of SCM at the time and in the foreseeable future.

Based on its evaluation, the Compensation Committee left unchanged the annual base salary of Mr. Schneider, as it was determined to be competitive and to reflect Mr. Schneider's experience and responsibilities. The Compensation Committee increased Mr. Rohaly's annual base salary from 200,000 to 240,000 in order to bring it into a more comparable range with Mr. Rohaly's compensation package at his previous employer and in line with the salaries paid to the chief financial officers of comparable companies. The Compensation Committee also increased Dr. Mueller's annual base salary from 145,000 to 150,000 in light of his anticipated responsibilities for fiscal 2007. The new salary levels for Mr. Rohaly and Dr. Mueller were effective as of April 1, 2007. The Compensation Committee conducted a similar evaluation to set the annual salary of our current Chief Executive Officer, Felix Marx when he joined the Company in October 2007. Based on their review of the salary levels of chief executive officers at comparable companies and Mr. Marx's responsibilities, skills and experience, the Compensation Committee set the annual base salary for Mr. Marx at 240,000.

Incentive Cash Bonuses. Incentive cash bonuses are intended to motivate and reward executives for their contributions towards achieving corporate performance targets as well as specific corporate objectives that support the Company's short-term goals. During 2007, the primary goal of the Company was operating profitability, with focus both on revenue generation and on cost and expense containment. Therefore, incentive bonuses in 2007 were designed to reward corporate operational performance alone.

On April 12, 2007, the Board of Directors approved a new Executive Bonus Plan for 2007 (the 2007 Plan) as recommended by the Compensation Committee. The 2007 Plan was effective as of January 1, 2007. Payments under the 2007 Plan were based both on the achievement of quarterly and annual operating profit goals by the Company. Under the Plan, operating profit is defined as gross margin, less research and development, sales and marketing, and general and administrative expenses, as well as various expenses determined by the Company to be extraordinary. No such extraordinary expenses were excluded from the calculation of operating profit in fiscal 2007.

Executive officers eligible to participate in the 2007 Plan with respect to both the quarterly and annual bonus components were Mr. Schneider, Mr. Marx and Mr. Rohaly.

Dr. Mueller was eligible to participate in the 2007 Plan with respect to the quarterly bonus component for the first quarter of 2007 only, during which he served as Vice President Marketing. Following his promotion to Vice President Sales EMEA in April 2007, Dr. Mueller was instead eligible to receive quarterly bonus payments under the Company's Sales Commission Plan, which is described below. In both executive roles, Dr. Mueller remained eligible to receive an annual bonus payment under the 2007 Plan.

Quarterly Component. Under the quarterly bonus component of the 2007 Plan, executive officers of the Company were eligible to receive quarterly cash bonuses amounting to 10% of their respective annual base salaries, if the Company achieved positive operating profit for that quarterly period. The maximum amount that any executive officer could earn in quarterly bonus payments in the fiscal year was 40% of his respective annual base salary.

Annual Component. Under the annual bonus component of the 2007 Plan, executive officers were eligible to receive additional variable bonuses amounting to between 20% and 40% of their respective annual base salaries, based upon the achievement by the Company of the following annual operating profit targets:

20% of annual base salary would be paid if the Company recorded at least \$1.0 million of annual operating profit;

30% of annual base salary would be paid if the Company recorded at least \$1.5 million of annual operating profit; and

40% of annual base salary would be paid if the Company recorded at least \$2.0 million of annual operating profit.

Table of Contents

The maximum amount that any executive officer could earn in combined quarterly and annual bonus payments under the 2007 Plan in the fiscal year was 80% of his respective annual base salary.

Incentive Cash Payouts under the 2007 Plan. The Company achieved positive operating profit in the first and fourth quarters of fiscal 2007 and cash bonuses were awarded to eligible executive officers under the 2007 Plan for these periods.

Mr. Schneider received a cash award of \$35,000 for the first quarter of 2007 (10% of his annual base salary). No cash award was paid to Mr. Schneider for the fourth quarter of 2007, as Mr. Schneider resigned in June 2007.

Mr. Marx joined the Company in late October 2007 and therefore did not receive a cash award for the first quarter of 2007. For the fourth quarter of 2007, Mr. Marx received a cash award of \$18,581, which is a prorated portion of 10% of his annual base salary.

Mr. Rohaly received a cash award of \$20,000 for the first quarter of 2007 (10% of his then-current annual base salary). For the fourth quarter of 2007, Mr. Rohaly received a cash award of \$24,000 (10% of his then-current annual base salary).

Dr. Mueller received a cash award of \$14,500 for the first quarter of 2007 (10% of his then-current annual base salary).

The Company did not achieve positive operating profit in the second or third quarters of fiscal 2007 or for the year as a whole, and no cash bonuses were awarded under the 2007 Plan for these periods.

The Company did not achieve positive operating profit for the full year fiscal 2007, and no cash bonuses were awarded under the annual component of the 2007 Plan.

Incentive Cash Payouts under the Sales Commission Plan. As noted above, during the second, third and fourth quarters of 2007, Dr. Mueller was eligible to receive quarterly cash awards under the Company's Sales Commission Plan. Under this plan, two-thirds of each quarter's potential bonus amount was based on the achievement of quarterly revenue targets set forth in the Company's budget and sales forecasts and approved by the Board at the beginning of the year, and one-third was based upon the achievement of individual quarterly objectives approved by the Compensation Committee at the beginning of each quarter.

For the second quarter of 2007, Dr. Mueller's aggregate target quarterly bonus was 10% of his then-current annual base salary, or \$15,000, of which \$10,000 was possible under the revenue generation portion of the plan and \$5,000 was possible under the individual objectives portion of the plan. The revenue target for Dr. Mueller in the second quarter of 2007 was \$2.6 million. Individual objectives for Dr. Mueller in the second quarter of fiscal 2007 included the renegotiation of certain distributor agreements; the establishment of a supplier relationship with a target customer; launching our time recording product line into UK market; and creating a business plan to sell chip products into a new channel. For the second quarter of 2007, Dr. Mueller achieved 65.4% of his revenue target and 70.5% of his personal objectives, resulting in an award equal to 67.1% of his target award, or \$10,069.

Following adjustments to the Sales Commission Plan in August 2007, a minimum threshold of 80% was implemented for the revenue generation component of the plan, and no limit was established for the maximum amount of bonus that could be earned for revenue generation. For the third and fourth quarters of 2007, Dr. Mueller was eligible to receive a quarterly bonus payment of up to 10% of his annual base salary based on 100% achievement of quarterly revenue goals and individual objectives. Two-thirds of this potential bonus amount was based on the achievement of at least 80% of quarterly revenue targets set forth in the Company's budget and sales forecasts as approved by the Board for

each year, and one-third of which is based upon the achievement of personal quarterly objectives as approved by the Compensation Committee for each quarter. Additionally, if revenue targets were achieved above the 100% level in any quarter, then Dr. Mueller's potential bonus for that quarter would be increased by an additional 2.5% for every percentage point achieved above 100%. At 100% achievement of quarterly revenue targets, Dr. Mueller's target quarterly bonus was \$10,000 for revenue generation and \$5,000 for individual objectives.

The revenue target for Dr. Mueller in the third quarter of 2007 was \$2.9 million. Individual objectives for Dr. Mueller in the third quarter of fiscal 2007 included the development of a Key Account sales strategy for the

Table of Contents

Company; implementing a chip sales program based upon Dr. Mueller's business plan from the second quarter of 2007; increasing revenues from the sale of time recording products into the UK and launching the products in France; renegotiating a supplier contract; and filling key open sales positions. For the third quarter of 2007, Dr. Mueller achieved 89.7% of his revenue target, resulting in a payout of 74.2% under the revenue portion of the plan, and he achieved 85.7% of his personal objectives. This resulted in an aggregate payout equal to 78.0% of his target award, or 11,707.

The revenue target for Dr. Mueller in the fourth quarter of 2007 was 4.0 million. Individual objectives for Dr. Mueller in the fourth quarter of fiscal 2007 included the further development of a Key Account strategy for the Company; completing the implementation of a chip sales program from the third quarter and securing additional revenue under this program; increasing revenue from time recording product sales in the UK and France; negotiating a licensing agreement with a supplier; and developing a sales strategy to enter new vertical markets. For the fourth quarter of 2007, Dr. Mueller achieved 50% of his revenue target, resulting in a payout of 0% under the revenue portion of the plan, and he achieved 87.5% of his personal objectives. This resulted in a payout equal to 29.2% of his target award, or 4,358.

Additional Performance Cash Bonuses. In October 2007, the Compensation Committee approved the payment of one-time cash bonuses for Mr. Rohaly and Dr. Mueller in recognition of their expanded responsibilities following Mr. Schneider's departure from the Company at the end of June 2007. Mr. Rohaly received a cash bonus in the amount of \$50,000 for his service as interim Chief Executive Officer from July 1, 2007 through October 22, 2007, on which date SCM's new Chief Executive Officer, Felix Marx, joined the Company. Dr. Mueller received a cash bonus in the amount of \$30,000 for his service during the same period in managing key customer accounts that previously had been personally managed by Mr. Schneider.

2008 Executive Bonus Plan. In February 2008, the Board of Directors approved the Executive Bonus Plan for 2008 (the 2008 Bonus Plan) as recommended by the Compensation Committee. The 2008 Bonus Plan is effective as of January 1, 2008. The terms of the 2008 Bonus Plan are unchanged from the Company's 2007 Plan, reflecting the Company's continued emphasis on the achievement of operating profit.

Executive officers eligible to receive quarterly awards under the 2008 Bonus Plan are Mr. Marx, Mr. Rohaly and our Executive Vice President Strategy, Marketing and Engineering, Eang Sour Chhor. The executives named above as well as Dr. Mueller are eligible to receive annual awards under the 2008 Bonus Plan.

2008 Sales Commission Plan. In February 2008, the Board of Directors approved the Sales Commission Plan for 2008 (the 2008 Sales Plan) as recommended by the Compensation Committee. The 2008 Sales Plan is effective as of January 1, 2008. The terms of the 2008 Sales Plan are unchanged from the Sales Commission Plan established in August 2007, described above, with the exception that the 2008 Sales Plan establishes threshold of 75% achievement of quarterly revenue target, before any bonuses will be paid under the revenue generation component of the 2008 Sales Plan. Dr. Mueller is currently our only executive officer eligible to receive quarterly awards under the 2008 Sales Plan.

Long-Term Equity Incentives. Our stock option program is designed to attract, retain and reward talented employees and executives through long-term compensation that is directly linked to long-term performance. As the bulk of our employees are in Germany and India, where stock options are not commonly awarded to non-executive employees, we regard stock options as a competitive tool in our overall compensation program.

We grant equity incentives in the form of stock options to each of our executive officers, at the time of hiring, on an annual basis and from time to time as an incentive to achieve specific performance objectives. The exercise price of all options awarded is the closing price of our stock on the NASDAQ Stock Market on the date of grant.

The number of stock options granted to newly hired executive officers is determined by the Compensation Committee, based on the Company's historical practices and on the position of the new executive. Initial options vest $1/4$ after one year and then $1/48^{\text{th}}$ per month for the next three years, at which time they are fully vested. Annual top-up grants are made based on the positive results of annual performance reviews and are generally in an amount ranging between 25% and 33% of the options received in the executive officer's initial grant. Annual top-up options must be held for four years before they begin to vest, and then vest at a rate of $1/12$ per month over one year. Beginning in 2008, annual top-up grants made under the 2007 plan will vest at a rate of $1/48^{\text{th}}$ per month over four

Table of Contents

years, commencing at the date of grant. As options are granted annually, some portion of an executive officer's options vest each year, rewarding the executive for past service, while an often greater portion remains unvested, creating a long-term incentive to remain with the Company.

Based on the desire of the Compensation Committee that a significant portion of Mr. Marx's compensation package be comprised of at-risk compensation and on historical option grants to executive officers at the Company, Mr. Marx was granted a total of 60,000 initial stock options when he joined the Company in October 2007.

In February 2007, the Compensation Committee awarded special one-year vesting, performance-based option grants to Mr. Schneider, Mr. Rohaly and Dr. Mueller as incentive awards for the achievement of positive operating profit in the first quarter of 2007.

In February 2008, the Compensation Committee determined that special one-time incentive option grants should be given to Mr. Marx and Mr. Rohaly in lieu of annual salary increases and to bring equity compensation for these officers into alignment with peer companies. In making its determination, the Compensation Committee reviewed salary and equity data for the chief executive officer and chief financial officer at six companies that operate in similar segments of the security industry to our Company, and which the committee believes are comparable for the purposes of compensation comparison. These companies included ActivIdentity, Entrust, L-1 Identity Solutions, Secure Computing Tumbleweed Communications and Vasco Data Security.

Benefits and Perquisites. Because we have a strong regional presence in Germany and the majority of our executives and key employees have been based in Germany, we follow the standard European practice of providing either a company car or a car allowance to our executive officers in Germany. We lease BMW cars or provide a comparable allowance for our executive officers.

Retirement Payments. On behalf of our executive officers in Germany, we make payments to a government-managed pension program, to government-managed or private health insurance programs, and in some cases for unemployment insurance, as mandated under German employment law.

Severance Benefits

We do not have a policy regarding severance or change of control agreements for our executive officers and historically have not offered severance as part of our employment contracts. Under standard employment practice in Germany, notice of termination is required to be given by either the employer or the employee, and the employer is required to continue to compensate the employee for salary and eligible bonus amounts during this period. The length of the notice period varies from company to company. Our policy for executive officers generally is to require a notice period of three to six months, following a trial period of initial employment of three to six months. The length of individual notice and trial periods for each executive officer is stated in his employment contract. In lieu of continuing the employment relationship for six months, our employment agreements provide that we can cash out the employee who has given notice. Alternatively, we can require that the employee continue to work his or her six month notice period. This practice is included in the majority of our employment agreements with our executive officers. Additionally, under German labor practices, terminated employees also are eligible to continue to receive health and unemployment insurance coverage, pension contributions, car leasing expenses or car allowance, or other benefits provide during their employment, for the duration of the notice period. Further, under German labor practices, terminated employees may also be entitled to receive quarterly or annual bonus payments, the amount of which would be determined based on a variety of factors, including the employee's length of service and perceived contributions to past or future company performance, as well as other factors. Actual bonus payments for which individual employees may become eligible are determined at or following termination, and cannot be projected.

In recognition of the additional risks involved and the further effort and commitment required from our executive officers due to our various restructuring and strategic actions in 2006, during 2006 we entered into employment agreements containing severance or change of control provisions with Mr. Schneider, Mr. Rohaly and Dr. Mueller. The purpose of these agreements was to provide additional incentives for each executive officer to remain with the Company during a challenging time and to motivate our executive officers to work towards those strategic initiatives that were determined to be in the best long-term interests of the Company and of our stockholders, even if not beneficial to individual executive officers.

Table of Contents

In 2007, we entered into a resignation and severance agreement with Mr. Schneider to ensure a smooth transition of the chief executive officer position. As is customary in Germany, we have entered into employment agreements with each of our Named Executive Officers, and we entered into an employment agreement with Mr. Marx. The terms of each of these agreements are discussed below under Termination / Change in Control Payments.

- 1) Refers to the potential payouts for 2007 under our 2007 Plan, and in the case of Dr. Mueller, our Sales Commission Plan, as well as additional performance bonus targets established during 2007, as further discussed in Compensation Discussion and Analysis. Target amounts are calculated based on 100% achievement of quarterly target bonuses only. Maximum amounts reflect total potential payout based on 100% achievement of both quarterly and annual targets. In the case of Messrs. Schneider and Marx, potential bonuses amounts are prorated based on each executive's length of employment with us during 2007. Actual bonus amounts paid to our executives for 2007 are shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.
- 2) Amounts shown in dollars are converted from euros, in which currency our German-based executives are paid, and were derived using exchange rates that correspond to the period in which award payments would typically be made, which generally is the quarter after they were earned. Exchange rates used in this conversion are therefore: 0.745 per dollar for the second quarter of 2007, 0.736 per dollar for the third quarter of 2007, 0.701 per dollar for the fourth quarter of 2007 and 0.681 per dollar for the first quarter of 2008.
- 3) During 2007, we granted options to our executives under our 1997 Stock Option Plan, our 2000 Stock Option Plan and our 2007 Stock Option Plan. All options have an exercise price that is the closing price of our common stock on the NASDAQ stock market on the date of grant and expire ten years from the date of grant, except for options granted under our 2007 Stock Option Plan, which expire seven years from the date of grant.

Table of Contents

- 4) The grant date fair value of the options awards is calculated using the Black-Scholes-Merton valuation model using the following assumptions: a dividend rate of zero, an interest rate for the expected life of the option at the date of grant, an expected option life of 4.00 years, and volatility based on historical averages at the date of grant. See Note 2 to the financial statements in our Annual Report on Form 10-K for the year ended December 31, 2007 for more information about how we account for stock-based compensation.
- 5) Reflects initial options to purchase shares of our common stock, granted upon joining the Company. These options vest 25% one year from the date of grant and then vest 1/48th per month for 36 months.
- 6) Reflects performance-based incentive options tied to the achievement of operating profit in the first quarter of 2007. These options vest 100% one year from the date of grant.
- 7) Reflects annual options that vest 1/12th per month commencing on the fourth anniversary of the date of grant.
- 8) Under the Sales Commission Plan, there is no limit to the amount of bonus that can be earned for the achievement of revenue above target levels.

Pension Benefits

We do not offer pension benefits and have, therefore, omitted the Pension Benefits table. As described in Compensation Discussion and Analysis, on behalf of our executives in Germany, we make payments to a government-managed pension program, to government-managed or private health insurance programs, and in some cases for unemployment insurance, as mandated under German employment law. These payments were detailed under the All Other Compensation column of the summary compensation table. Any use of the term pension in the Compensation Discussion and Analysis or the related tables are references to the government-managed pension program.

Termination/Change in Control Payments

The information below describes certain compensation that would have become payable under contractual arrangements assuming a (i) termination of employment, or (ii) a Take Over and termination of employment occurred on December 31, 2007, based upon the Named Executive Officers' compensation and service levels as of such date.

We have entered into employment agreements containing severance, and in the case of Mr. Rohaly, change of control provisions, with each of our current executive officers. Below are the material terms of each agreement. None of our current or former executive officers included below are of retirement age and none of their respective agreements contain provisions for additional payments upon retirement. The Company does not offer our executive officers severance benefits in the case of death, disability or voluntary termination.

Employment Agreement with Felix Marx

On July 31, 2007, through our wholly owned subsidiary, SCM Microsystems GmbH, we entered into an employment agreement with Felix Marx, who became our Chief Executive Officer and Managing Director of SCM Microsystems GmbH, effective October 22, 2007. During the first six months of his employment, either Mr. Marx or SCM Microsystems GmbH may terminate the agreement and Mr. Marx's employment with us upon at least three months prior written notice. Thereafter, either party may terminate the agreement with six months prior written notice. If Mr. Marx had been so terminated as of December 31, 2007, under his employment agreement, he would have been entitled to receive a salary payment of 60,000, or approximately \$87,977, and a payment of approximately 4,180 for car leasing, or approximately \$6,129, based on the average exchange rate for December 2007 of one dollar being equal to 0.682 euros. Additionally, under German labor practices, Mr. Marx might also have been entitled to receive quarterly or annual bonus payments, the amount of which would be determined based on a variety of factors, including his length of service and perceived contributions to past or future company performance. Following any termination, under his employment agreement, Mr. Marx agrees to keep as secret all confidential information related to SCM, including but not limited to operational and business secrets and he is subject to a 2 year non-solicitation provision.

Employment Agreements with Stephan Rohaly

On March 14, 2006, through our wholly owned subsidiary, SCM Microsystems GmbH, we entered into an employment agreement with Stephan Rohaly, who became our Chief Financial Officer on March 21, 2006. Either Mr. Rohaly or SCM Microsystems GmbH may terminate the agreement and Mr. Rohaly's employment with us upon at least six months prior written notice. Under the terms of his employment agreement, had Mr. Rohaly been terminated

as of December 31, 2007 for reasons other than a Take Over (as described below), he would have been entitled to receive a salary payment of 120,000, or approximately \$175,953, and a payment of approximately 10,455 for employee savings support and car leasing, or approximately \$15,331, based on the average exchange rate for December 2007 of one dollar being equal to 0.682 euros. Additionally, under German labor practices, Mr. Rohaly might also have been entitled to receive quarterly or annual bonus payments, the amount of which would

Table of Contents

be determined based on a variety of factors, including his length of service and perceived contributions to past or future company performance.

On December 12, 2006, through SCM Microsystems GmbH, we entered into a supplemental employment agreement (the Supplement) with Mr. Rohaly, which provides Mr. Rohaly with the right to a severance payment under various circumstances following a Take Over of the Company, which is defined in the Supplement as the completed acquisition of the majority of voting stock of SCM Microsystems, Inc. or the completed acquisition of all or substantially all assets of the Company by a third party buyer.

Pursuant to the Supplement, Mr. Rohaly is eligible to receive a one-time severance payment equal to 174,000 in the event that we, or the buyer in a Take Over, terminate Mr. Rohaly's employment for any reason other than severe and avoidable conduct or for cause within six months of such Take Over (the Notice Period). The severance amount is payable in a lump sum, through SCM Microsystems GmbH. The supplement further provides that Mr. Rohaly is eligible to receive the severance amount if, during the Notice Period following a Take Over, he gives ordinary notice of termination of his employment due to either a significant change in his tasks and responsibilities that is unacceptable to Mr. Rohaly, or a change in his place of employment to a location outside of Europe or to a location within Europe that is more than 100 kilometers from an international airport.

Mr. Rohaly's rights to any Severance Amount provided for by the Supplement shall be terminated if, during the Notice Period, the Company, the buyer in a Take Over, or an affiliate of either, offers Mr. Rohaly a position with the surviving company that is monetarily similar or better compared to his current position and within Europe and not more than 100 kilometers from an international airport, regardless of whether or not he accepts such an offer. Had Mr. Rohaly been terminated due to a Take Over as of December 31, 2007, he would have been entitled to receive approximately \$255,132, based on the average exchange rate for December 2007 of one dollar being equal to 0.682 euros.

Following any termination, under his employment agreement, Mr. Rohaly agrees to keep as secret all confidential information related to SCM, including, but not limited to, operational and business secrets.

On January 21, 2008, through our wholly owned subsidiary, SCM Microsystems GmbH, we entered into an employment agreement with Sour Chhor, who became our Executive Vice President, Strategy, Marketing and Engineering effective February 1, 2008. During the first six months of his employment, either Mr. Chhor or SCM Microsystems GmbH may terminate the agreement and Mr. Chhor's employment with us upon at least one month's prior written notice. Thereafter, either party may terminate Mr. Chhor's employment with three months' prior written notice. Mr. Chhor is also subject to the provisions of German labor practices concerning the payment of bonus following notice of termination as described above. Following any termination, under his employment agreement, Mr. Chhor agrees to keep as secret all confidential information related to SCM, including but not limited to operational and business secrets.

Employment Agreement with Dr. Manfred Mueller

On June 8, 2006, through our wholly owned subsidiary, SCM Microsystems GmbH, we entered into an amended employment agreement with Dr. Manfred Mueller, currently our Executive Vice President, Strategic Sales and Business Development. Either Dr. Mueller or SCM may terminate the agreement and Dr. Mueller's employment with us upon at least six months' prior written notice. Additionally, should Dr. Mueller be terminated without cause, he is also entitled to receive a severance payment at the time of termination equal to 12 months of his then-current base salary and target bonus, payable in a lump sum by SCM Microsystems GmbH. If Dr. Mueller had been so terminated as of December 31, 2007, he would have been entitled to receive a salary payment of 225,000, or approximately \$329,912, a bonus payment of 90,000, or approximately \$131,965 and a payment of approximately 12,250 for

pension, employee savings support, unemployment and health insurance, and car leasing, or approximately \$17,962. Figures in dollars are based on the average exchange rate for December 2007 of one dollar being equal to 0.682 euros.

Following any termination, under his employment agreement, Dr. Mueller agrees to keep as secret all confidential information related to SCM, including, but not limited to, operational and business secrets.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transaction Policy

The Audit Committee of our Board of Directors, among its other duties and responsibilities, reviews and monitors all related party transactions and in February 2007 adopted our Related Party Transaction Policies and Procedures (the Policy). Under the Policy, our Board of Directors is required to review and approve the material terms of all Interested Transactions involving a related party (including directors, director nominees, executive officers, greater-than-5% beneficial owners, and their respective immediate family members), subject to certain exceptions. An Interested Transaction is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which

Table of Contents

(1) the aggregate amount involved will or may be expected to exceed \$100,000 per year or \$30,000 in any quarter, (2) the Company is a participant and (3) any related party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity). In determining whether to approve or ratify an Interested Transaction, our Board of Directors is required to take into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

Exceptions to the Policy include Interested Transactions for which standing pre-approval has been authorized, such as the hiring of executive officers and the payment of compensation to directors, where such compensation is required to be disclosed in the Company's annual, quarterly or current filings; transactions involving competitive bids; and regulated transactions, such as for the rendering of regulated services, for example with a public utility. At least annually, a summary of new transactions covered by the standing pre-approvals described above is provided to the Committee for its review.

To ensure the Policy is being followed, we require each of our non-employee directors and each of our executive officers to provide and update information about related party relationships and related party transactions on a quarterly and annual basis. This information is reviewed by our Corporate Accounting personnel, which also reviews our sales and purchasing transactions on an ongoing basis to identify any transactions with known related parties.

Our Related Party Transaction Policy is in writing and has been communicated by management to our employees.

OTHER MATTERS

We do not intend to bring any matters before the Annual Meeting other than those set forth herein, and our management has no present knowledge that any other matters will or may be brought before the Annual Meeting by others.
