Item 1.02 Termination of a Material Definitive Agreement.

On April 28, 2008, the San Juan Basin Royalty Trust (the Trust) issued a press release, a copy of which is attached hereto as Exhibit 99.1, announcing that it has received notice from Burlington Resources Oil & Gas, L.P. (Burlington), the principal operator of the properties subject to the Trust s net overriding royalty interest, of the termination of two of the three contracts for the purchase of gas produced from the properties. Burlington currently sells the gas to ChevronTexaco, Coral Energy Resources, L.P., and PNM Gas Services under contracts which permit either party to terminate on 12 months notice to the other. Both ChevronTexaco and Coral have elected to terminate effective as of March 31, 2009. The remaining contract with PNM has been automatically extended through March 31, 2010.

Item 8.01 Other Events.

The Trust also announced, in the same press release, that it has filed a suit against Burlington in a cause styled San Juan Basin Royalty Trust vs. Burlington Resources Oil & Gas, L.P., No. D1329-CV-08-751, in the District Court of Sandoval County, New Mexico, 13th Judicial District. The suit alleges breach of contract and of the covenant of good faith and fair dealing in connection with an arbitration award in favor of the Trust issued in November 2005, and seeks a judgment for damages in the amount of \$5,025,000, plus interest and punitive damages.
