MEETINGS AND COMMITTEES OF THE BOARD

The Board of Directors has three standing committees: an Audit Committee, a Governance Committee, and a Human Resources Committee.

The Audit Committee is comprised of three directors, none of whom may be employed on a full-time basis by Castle. All of the members of the Audit Committee, Messrs. McCartney, Hall and Puth, are considered independent and are qualified as financial experts as those terms are defined in Item 401 of Regulation S-K and the American Stock Exchange's listing standards. The Audit Committee is charged with the engagement of Castle's independent auditors, consulting with the independent auditors, reviewing the results of internal audits and the audit report of the independent auditors engaged by Castle and meets on a regular basis with management to review and discuss financial matters. The Audit Committee also has oversight responsibilities for investment strategies of Castle's pension plan investments. Further, the Audit Committee is empowered to make independent investigations and inquiries into all financial reporting or other financial matters of Castle as it deems necessary. The Audit Committee meets at least four times a year. The Board of Directors has adopted a written charter for the Audit Committee, which further describes the duties and responsibilities of the Audit Committee and a copy was attached as an Appendix to the 2004 proxy statement. The Audit Committee's report to stockholders is provided below under Audit Committee's Report to Stockholders.

The Human Resources Committee, comprised of five directors, reviews and recommends compensation with respect to Castle's officers and administers and directs operation of the 2000 Restricted Stock and Stock Option Plan, the 2004 Restricted Stock, Stock Option and Equity Compensation Plan and other compensation benefits granted to various officers. The Human Resources Committee is also charged with making recommendations to the Board of Directors concerning institution, continuation or discontinuation of benefit

compensation plans and programs for officers and succession planning for officers and key managers. The Human Resources Committee's report to stockholders on executive compensation is provided below under Human Resources Committee's Report to Stockholders.

The Governance Committee was established by the Board in 2002. It is comprised of three (3) Directors, all of whom are considered independent as defined in the American Stock Exchange Listing Standard and the regulations under the Securities Exchange Act of 1934. The Committee monitors, reviews, and recommends to the Board of Directors matters relating to Board operations such as nominations for the Board of Directors, appropriate size, composition, and organizational structure. The Board of Directors has adopted a written Charter for the Governance Committee which further describes the duties and responsibilities of the Governance Committee and was attached as an Appendix to the 2004 proxy statement.

The Committee has established a Code of Ethics for both the Board and senior management, which has been adopted by the Board of Directors and was attached as an Appendix to the 2004 proxy statement. The Committee has adopted the following principles upon which candidates would be evaluated:

Integrity and compliance with the Company's Code of Ethics

Relevant experience

Absence of any conflict or potential conflict of interest with the Company and its shareholders.

The Committee will consider candidates suggested by stockholders applying the principles described above. Any stockholder who wishes to recommend individuals for nomination to the Board of Directors is invited to do so in writing, to our Corporate Secretary and include:

A statement that the writer is a stockholder and is proposing a candidate for consideration by the Committee

The name of and contact information for the candidate

A statement of the candidate's business and educational background

A statement detailing any relationship between the candidate and any customer, supplier or competitor of Castle.

Detailed information about any relationship or understanding between the proposing stockholder and the candidate

A statement that the candidate is willing to be considered and willing to serve as a Director if nominated and elected.

When seeking candidates for Director, the committee may solicit suggestions from incumbent Directors, management or others. After conducting an initial evaluation of a candidate, the committee will interview that candidate if it believes the candidate might be suitable to be a Director. The committee may also ask the candidate to meet with management. If the committee believes a candidate would be a valuable addition to the Board, it will recommend to the full Board that candidate's election.

During 2004, the Board of Directors held eleven (11) total meetings, which included its four (4) regularly scheduled quarterly meetings. Also, there were six (6) meetings of the Audit Committee, three (3) meetings of the Governance Committee and four (4) meetings of the Human Resources Committee during 2004. All the directors attended at least 75 percent or more of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings of any committee on which they served during 2004.

Director Attendance at Annual Meeting

Castle typically schedules its Quarterly Board Meeting in conjunction with the Annual Meeting of Stockholders and expects that our Directors and Director nominees will attend, absent a valid reason. Last year all but one Director,

who had a scheduling conflict, attended our Annual Meeting.

AUDIT COMMITTEE S REPORT TO STOCKHOLDERS

Board Communication

The Audit Committee has established an electronic communication method on Castle s website (<http://www.amcastle.com>) entitled Board Communications which provides for electronic communication, either anonymously or identified, with the Audit Committee. Stockholders may also communicate with the Board of Directors or Audit Committee by writing:

A. M. Castle & Co.
Board Communication or Audit Committee
3400 N. Wolf Road
Franklin Park, Illinois 60131
Attn: Corporate Secretary

All communications are distributed to the Lead Director or other members of the Board of Directors as appropriate depending on the facts and circumstances outlined in the communication received. For example, if any complaints regarding accounting, internal accounting control and auditing matters are received, then they will be forwarded by the Secretary to the Chairman of the Audit Committee for review, while matters relating to Governance would be forwarded to the Chairman of the Governance Committee for review.

The Audit Committee of the Board of Directors duties and responsibilities are outlined in the Audit Committee s charter, which was attached as an Appendix to the 2004 proxy statement and includes the selection and engagement of independent auditors for Castle. The Audit Committee also ascertains the independence and competence of the independent auditors. Prior to making its decision and recommendations to the stockholders, the Audit Committee reviewed with the independent auditors all relationships between the independent auditors, its related entities and Castle and its subsidiaries. In performing this function, the Audit Committee evaluated the written disclosures received from the independent auditors, such as the letter from the independent auditors required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and discussed with the independent auditors, including whether the provision of non-audit services referred to below under Proposal Two Ratification of Appointment of Independent Auditors is compatible with maintaining their independence.

The Audit Committee met over the past year with management to review and monitor the Company s progress in complying with Section 404 of the Sarbanes-Oxley act relating to the adequacy, reliability and effectiveness of Castle s internal controls on financial reporting.

The Audit Committee met after the close of the fiscal year with the independent auditors and management and reviewed and discussed the results of the annual audit, proposed improvements in accounting practices of Castle and the results and proposed plan of Castle s internal audit process. The Audit Committee further discussed with the independent auditors all matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards AU380).

As a result of the discussions with the independent auditors and management and the Audit Committee s review and discussion of the fiscal year-end financial statements and in reliance on the information furnished by management, Castle s internal auditors and the independent auditors, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended December 31, 2004 be included in Castle s Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the SEC.

RELATED PARTY TRANSACTIONS

On November 22, 2002, the Company concluded a sale of 12,000 shares of newly created Series A Cumulative Convertible Preferred Stock (the Series A Preferred) for an aggregate purchase price of \$12,000,000. Castle sold the Series A Preferred in a private placement to a number of current shareholders mainly comprising W.B. & Co., an Illinois partnership. The Series A Preferred stock has an initial conversion price of \$6.69 per share of common stock. The Series A Preferred is entitled to a quarterly dividend equal to the greater of 8% per annum or the total dividends declared and paid on the common stock calculated on a converted basis each year. Castle has agreed in connection with the sale to register the common stock when converted under the Securities Act of 1933 and have it listed on the stock exchanges over which Castle stock is traded. The common stock ownership reported in this proxy is calculated and shown as if the Series A Preferred was converted to common stock. The 12,000 shares of Series A Preferred would convert at \$6.69 a share into 1,793,722 shares of common stock.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Castle's executive officers and directors and beneficial owners of more than 10% of Castle's common stock to file initial reports of ownership and reports of changes in ownership of Castle's common stock with the Securities and Exchange Commission and to furnish Castle with a copy of those reports. Based solely on a review of the copies of these forms furnished to Castle and written representations from Castle's executive officers and directors and stockholders, all officers met Section 16(a) filing requirements with respect to any trades made in 2004.

DIRECTOR S COMPENSATION

Directors who are not officers of Castle or of a subsidiary of Castle receive an annual retainer of \$25,000 and \$1,500 for each meeting of the Board of Directors and \$1,000 for each committee meeting that they attend. Directors who chair a committee of the Board of Directors receive an additional retainer of \$4,000 annually. Lead Director receives an additional retainer of \$4,000.00 annually.

Under the Director's Deferred Compensation Plan, directors who are not officers of Castle have the option to defer payments of the retainer and meeting fees in either a stock equivalent unit account or an interest account. Fees held in the interest account are credited with interest at the rate of six percent per year compounded annually. Fees deferred in the stock equivalent accounts are divided by Castle's common stock price on the 15th day after the meeting for which payment is made to yield a number of stock equivalent units. The stock equivalent account is credited on the dividend payment date with stock equivalent units equal to the product of the declared dividend per share multiplied by the number of stock equivalent units in the director's account on the record date of the dividend. Disbursement of the interest account and the stock equivalent unit account can be made only upon a director's resignation, retirement or death. If payment from the stock equivalent unit account is made in shares of Castle's common stock, it will be made as of the date of the request or termination event, whichever occurs last.

Under the 2004 Restricted Stock, Stock Option and Equity Compensation Plan, non-employee directors are granted an option to purchase 7,500 shares of Castle's common stock on the first business day in June of each year at a price equal to the closing price of Castle's common stock as reported by the American Stock Exchange and/or Chicago Stock Exchange for that date or, if no trade occurred on that date, the next preceding date for which there was a reported sale. The option expires ten years after the date on which it is granted. The option also expires upon the outside director's termination of service from the Board of Directors, unless it is due to death, disability or retirement, in which case the option may be exercised for a period of one year. On June 1, 2004 options were granted to all outside Directors in the amount of 7,500 shares at an exercise price of \$8.58 which was the closing stock price on the American Stock Exchange on June 1, 2004.

Table of Contents**HUMAN RESOURCES COMMITTEE S REPORT TO STOCKHOLDERS**

The executive compensation program is administered by the Human Resources Committee of the Board of Directors, which is comprised of the individuals listed below who are members of the Board of Directors with responsibilities for all compensation matters for Castle s senior management. The Human Resources Committee has overall responsibility to review and recommend broad-based compensation plans to the Board of Directors and annual compensation, including salary, cash bonus programs, long-term incentive plans and executive benefits for Castle s officers.

The Human Resources Committee and Castle s management are committed to the principle that remuneration should be commensurate with performance and the attainment of pre-determined financial and strategic objectives, while at the same time externally competitive in order to attract and keep highly qualified personnel. In carrying out this objective, the compensation for executives is broken down into three categories: base compensation, short-term incentive compensation and long-term incentive compensation.

Base Compensation

The base salary is set in the middle of the range of base salaries paid by companies of comparable size. In establishing base salaries, the Human Resources Committee utilizes outside consultants and industrial surveys to assure that the base salaries are proper and externally competitive. In 2004, after examination and discussion by the independent members of the Board of Directors, the base salary of Mr. McKane, who is Castle s Chairman and Chief Executive Officer, was set at \$520,000 per annum based on Mr. McKane s salary history, professional experience, Castle s performances during 2003 and surveys of base salaries paid by companies of comparable size to their chief executive officers.

Short-Term Incentive Compensation

Castle s Management Incentive Plan provides short-term incentive compensation opportunities. The Management Incentive Plan pays annual cash incentives upon achievement of short-term financial objectives which are set by the Board of Directors. Each year, the Board of Directors reviews and approves the business plan developed by management. Incentive compensation, which is an integral part of Castle s compensation plan, is targeted to award a payout of 50% of an individual incentive opportunity upon meeting the profit goals in the approved business plan. Incentive payouts are prorated from a maximum which is above and a minimum which is below the business plan profit goals based upon performance. The maximum incentive opportunity is determined for each individual and, based on specific job title, can range from 50% to 100% of base compensation. Total incentive opportunity is based in part on the performance of the business segment for which the executive officer is responsible and in part on Castle as a whole. There are two components of Mr. McKane s and other corporate officers incentives: working capital utilization and earnings, relative to the approved business plan. Under the plan, if the minimum established objectives are not met, no incentive compensation is paid. For 2004, the business plan profit goals were exceeded and the maximum payout was made based upon return on the working capital and earnings.

Long-Term Incentive Compensation

Castle s long-term incentive compensation for executive officers consists of restricted stock and stock options granted under the 2000 Restricted Stock and Stock Option Plan and 2004 Restricted Stock, Stock Option and Equity Compensation Plan.

Stock Options

Stock options are granted at an exercise price equal to the average closing price of Castle s common stock for the ten (10) day period preceding the date of the grant. Each stock option becomes exercisable over a three-year period, with 1/3 becoming exercisable after each year. Each stock option expires ten years after the date of grant. The Human Resources Committee has generally granted stock options to officers each year and to other senior management and key employees every other year (even-numbered years).

Table of Contents

In 2004 no stock options were granted. The Human Resources Committee granted stock options in prior years as reflected in the tables that follow this report. The number of options granted by the Human Resources Committee to Mr. McKane and other officers reflects competitive industry practice as reported and analyzed by independent industrial surveys, based on position, responsibilities and performance of the recipient.

The tables which follow and the accompanying narrative and footnote reflect the decisions covered by the above discussion.

Pension Plan Table

The following table shows the estimated pension benefits payable to a covered participant at normal retirement age under Castle's qualified defined benefit pension plan, as well as nonqualified supplemental pension plans that provide benefits that would otherwise be denied participants by reason of Internal Revenue Code limitations on qualified plan benefits, based on remuneration that is covered under the plan and years of service with Castle and its subsidiaries:

The pension benefits shown in the table above are determined by the remuneration, which is the average of the highest cash compensation paid (approximately base salary plus bonus as shown in the Summary Compensation Table) for any five consecutive years of service prior to retirement. Pensions are paid as a straight-life annuity and are

subject to reduction for a joint and survivor benefit, if elected by the participant. The amounts shown in the table above are prior to reduction for social security benefits. Benefits are reduced based on one-half of the social security benefits for the individual attributable to the working period with Castle. The current fully accredited years of service for Messrs. McKane, Hooks, Boik, Culliton, Garrett, and Lafontaine under the plan are 4, 32, 1, 40, 16, and 29 years respectively.

Change in Control Agreements

Castle has entered into change in control agreements with its key executive officers. Mr. McKane's employment agreement requires an acquisition of 50% of the equity or voting power of Castle and his termination without cause within the first twelve months following the date of the change in control before any payments are required. The termination without cause would also be deemed to have occurred if Mr. McKane's duties, compensation or responsibilities were materially changed or reduced within the first twelve months. This is commonly referred to as a double trigger. In such an event, Mr. McKane would be entitled to payment of a lump sum equal to the higher of \$800,000 or 2.99 times his total average annual compensation over the prior five years pursuant to a change in control agreement described below. In addition, all options previously granted to him would vest immediately.

The change in control agreement between Castle and Messrs. Hooks and Boik also requires two events to occur before any payments are required. Upon the occurrence of the two events (the double trigger), this agreement provides for payment of a lump sum, based on total compensation paid over the twelve-month period prior to the occurrence of the change in control event, to be paid upon the executive officer's termination of employment. The amount paid under the agreement cannot exceed 2.99 times his total average annual compensation over the prior five years. The agreement provide that, if the lump sum payment exceeds 2.99 times the prior year compensation due to an acceleration of vesting and exercise of previously granted stock options, the amount paid will be increased to cover the amount of any excise tax which may be levied on the amount paid.

The change in control event set forth in the agreements is either (1) a change in ownership, direct or indirect, in excess of 25% of Castle's outstanding shares by a group or person who did not own that amount of shares on January 25, 1996; (2) the occurrence of any transaction relating to Castle required to be described pursuant to the requirements of Item 5.01 of Form 8-K under the Securities Exchange Act of 1934; or (3) any change in the compositions of the Board of Directors over a two-year period that results in the directors at the beginning of that period not constituting a majority of the Board of Directors at the end of that period, excluding any new directors who are elected by or by recommendation of the then present majority of the Board of Directors.

The executive officer's right to payment arises if, within 24 months after the change in control event, (1) the duties or responsibilities of the executive officer are substantially changed or reduced, the executive officer is transferred or relocated or the compensation rate of the executive officer is reduced and the executive officer terminates his/her employment; or (2) the executive officer is discharged for any reason other than cause, death or disability.

FIVE-YEAR STOCKHOLDER RETURN COMPARISON

The SEC requires Castle to include in this proxy statement a line graph comparing the yearly percentage change in the cumulative total stockholder return on Castle's common stock to those of the S&P 500 Stock index and either a published industry group consisting of metal service centers or specialty metal distributors, or a peer group. Since there are three competitors of Castle which are publicly held and have been actively traded on a national exchange for a period of more than one year, the Board of Directors has selected a peer group which includes those three competitors and also includes durable goods manufacturers and distributors with comparable market capitalizations (both more and less than Castle's). A list of these companies follows the graph below.

Table of Contents**PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

The Audit Committee has, subject to ratification by the stockholders, appointed Deloitte & Touche to examine the consolidated financial statements and other records of Castle for the fiscal year ending December 31, 2005, and Castle's management will present a proposal at the annual meeting that the stockholders ratify that appointment.

During 2004, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (collectively referred to as "Deloitte & Touche") examined the financial statements of Castle and its subsidiaries, including those contained in the annual report to stockholders, and consulted on annual and quarterly reports filed with the SEC and others.

Each year the Audit Committee reviews and approves in advance the scope of the annual audit by Castle's independent auditors. The Audit Committee also approves all non-audit professional services, including the examination of the financial statements of the Employee Retirement Plan, Profit Sharing Plan and review of tax returns. The Audit Committee approved the non-audit services and considered the possible effect on the auditors independence at its October meeting prior to those services being performed.

As in past years, representatives of Deloitte & Touche are expected to be present at the annual meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions from stockholders.

Audit Fees

The fees billed by Deloitte & Touche for Castle's annual financial statements and the review of its quarterly financial statements on Form 10-Q (audit fees) and other services for the years 2003 and 2004 are shown below:

Audit Fees		Other Services(1)

	\$ 438,676	\$ 49,503	\$ 21,900
			Other

(1) The billing for other services is comprised of Sarbanes-Oxley work and attestation and other consulting fees relating to LIFO, review of SEC filings (S-8's & 10Q's) and other minor matters.

Financial Information Systems Design and Implementation Fees

Castle did not incur any fees to Deloitte & Touche during 2004 or 2003 for professional services with respect to financial information systems design and implementation.

Vote Required

The favorable vote of the holders of a majority of the shares of Castle's common stock and Series A Preferred Stock on a converted basis represented in person or by proxy at the annual meeting will be required to ratify the appointment. If the appointment is not ratified at the annual meeting, the matter will be referred back to the Audit Committee which, under SEC regulations, has the ultimate authority to engage an independent auditor. Under such event, it is possible for the Audit Committee to still engage Deloitte & Touche.

OTHER MATTERS

The Board of Directors does not know of any matters to be presented at the annual meeting other than the matters set forth in the notice and described in this proxy statement. However, if any other matters properly come before the annual meeting, it is intended that the holders of the proxies will vote on those matters in their discretion.
