PROXY STATEMENT
FOR THE
ANNUAL MEETING OF SHAREHOLDERS OF
PENTAIR, INC.

TO BE HELD ON THURSDAY, APRIL 30, 2009
Solicitation

This Proxy Statement, the accompanying proxy card and our Annual Report to Shareholders are being mailed on or about March 24, 2009. Our Board of Directors (the Board) is soliciting your proxy to vote your shares at the Annual Meeting. The Board is soliciting your proxy to give all shareholders of record the opportunity to vote on matters that will be presented at the Annual Meeting. This Proxy Statement provides you with information on these matters to assist you in voting your shares.

What is a proxy?

A proxy is your legal designation of another person (the proxy) to vote on your behalf. By voting your proxy, you are giving the persons named on the proxy card the authority to vote your shares in the manner you indicate on your proxy card. You vote your proxy by submitting the enclosed proxy card, by telephone or over the Internet.

Why did I receive more than one proxy card?

You will receive multiple proxy cards if you hold your shares in different ways (for example, joint tenancy, trusts, custodial accounts) or in multiple accounts. If your shares are held by a broker (in street name), you will receive your proxy card or other voting information from your broker, and you will return your proxy card or cards or otherwise vote your proxy as indicated in the materials you receive with this Proxy Statement. You should vote your proxy for each separate account you have.

Voting Information

Who is qualified to vote?

You are qualified to receive notice of the Annual Meeting and to vote if you own shares of our Common Stock at the close of business on our record date of March 2, 2009.

How many shares of Common Stock may vote at the Annual Meeting?

As of March 2, 2009, there were 98,255,202 shares of Common Stock outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on each matter presented.

What is the difference between a shareholder of record and a street name holder?

These terms describe how your shares are held. If your shares are registered directly in your name with Wells Fargo Bank, N.A., our transfer agent, you are a shareholder of record. If your shares are held in the name of a brokerage, bank, trust or other nominee on your behalf, you are a street name holder.

How do I vote my shares?

If you are a shareholder of record, you have three choices. You can vote your proxy:

by mailing in the enclosed proxy card;

over the telephone; or

via the Internet.

Please refer to the specific instructions set forth on the enclosed proxy card. For security reasons, our electronic voting system has been designed to authenticate your identity as a shareholder.

If you hold your shares in street name, your broker/banker/trustee/nominee will provide you with materials and instructions for voting your shares.

Table of Contents

Can I vote my shares in person at the Annual Meeting?

If you are a shareholder of record, you may vote your shares in person at the Annual Meeting. If you hold your shares in street name, you must obtain a proxy from your broker, banker, trustee or nominee, giving you the right to vote the shares at the Annual Meeting.

What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

- Proposal 1 **FOR** the election of three nominees for election to our Board with terms expiring at the 2012 Annual Meeting of Shareholders.
- Proposal 2 **FOR** the approval of our Executive Officer Performance Plan for purposes of Internal Revenue Code Section 162(m).
- Proposal 3 **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009.

What are my choices when voting?

Proposal 1 You may cast your vote in favor of or against electing a nominee as a director, or you may elect to abstain from voting for one, two or all nominees.

Proposals 2 and 3 You may cast your vote in favor of or against each proposal, or you may elect to abstain from voting your shares.

How would my shares be voted if I do not specify how they should be voted?

If you submit your signed proxy without indicating how you want your shares to be voted, the persons named on the proxy card will vote your shares according to the Board's recommendations that are listed above.

As to any other business that may properly come before the Annual Meeting, the persons named on the proxy card will vote in accordance with their best judgment. We do not presently know of any other business.

If your shares are held in the name of a brokerage firm, the brokerage firm has the discretionary authority to vote your shares in connection with the election of directors and the ratification of our independent registered public accounting firm if you do not timely provide your proxy because these matters are considered routine under the New York Stock Exchange (NYSE) listing standards.

How many shares of Common Stock constitute a quorum for the Annual Meeting?

A majority of the shares of Common Stock outstanding as of March 2, 2009, or 49,127,602 shares, will constitute a quorum at the Annual Meeting.

What vote is required to approve each proposal?

For approval, each proposal requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote at the Annual Meeting.

How are abstentions and broker non-votes treated?

Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting. Minnesota law and our Articles of Incorporation provide that abstentions are counted in determining the total number of the votes cast on proposals presented to shareholders, but that abstentions are not treated as votes in favor of proposals voted upon at the Annual Meeting. Broker non-votes are not counted for purposes of determining the total number of votes cast on proposals presented to shareholders.

Can I change my vote after I have submitted my proxy?

You may revoke your proxy by doing one of the following:

Table of Contents

by sending a written notice of revocation to our Secretary that is received before the Annual Meeting, stating that you revoke your proxy;

by delivering a later-dated proxy by telephone, on the Internet, or in writing so that it is received before the Annual Meeting in accordance with the instructions included in the proxy card(s); or

by attending the Annual Meeting and voting your shares in person.

Who will count the votes?

Representatives from Wells Fargo Bank, N.A., our transfer agent, will count the votes and serve as our Inspectors of Election. The Inspectors of Election will be present at the Annual Meeting.

Who pays the cost of this proxy solicitation?

We pay the costs of soliciting proxies sought by the Board. Upon request, we will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares of our Common Stock. Morrow & Co., 470 West Avenue, Stamford, Connecticut, is assisting us in the solicitation of proxies at a cost to us of \$8,500 plus expenses.

Table of Contents**CORPORATE GOVERNANCE MATTERS****Board Governance**

The Board has adopted and regularly reviews and, if appropriate, revises its Corporate Governance Principles and written charters for its Audit Committee, Compensation Committee, Governance Committee and International Committee in accordance with rules of the Securities and Exchange Commission (SEC) and the NYSE. We and our Board continue to be committed to the highest standards of corporate governance and ethics. The Board has adopted Pentair's Code of Business Conduct and Ethics (Code of Conduct) and has designated it as the code of ethics for our Chief Executive Officer and senior financial officers. Copies of all of these documents are available, free of charge, on our website at www.pentair.com/About-Us/Our-Values.aspx or in print to any shareholder who requests them in writing from our Secretary.

Independent Directors

The Board determines the independence of each director and nominee for election as a director. The Board makes these determinations in accordance with the NYSE rules for independence of directors and our categorical standards of independence included in the Corporate Governance Principles, which are attached as Appendix A. Based on these standards, at its meeting held on February 24, 2009, the Board affirmatively determined that each of the following non-employee directors and non-employee director nominees is independent and has no material relationship with us, except as a director or shareholder:

- | | |
|-----------------------|-------------------------|
| (1) Leslie Abi-Karam | (6) Charles A. Haggerty |
| (2) Glynis A. Bryan | (7) David H. Y. Ho |
| (3) Jerry W. Burris | (8) David A. Jones |
| (4) T. Michael Glenn | (9) Ronald L. Merriman |
| (5) Barbara B. Grogan | (10) William T. Monahan |

In addition, based on the NYSE standards and our categorical standards of independence included in the Corporate Governance Principles, the Board affirmatively determined that Randall J. Hogan is not independent because he is our Chief Executive Officer.

In determining the independence of directors, our Governance Committee considers circumstances where one of our directors also serves as a director or executive officer of a company that is our customer or supplier. The Governance Committee has reviewed each of these relationships, which are set forth below. In each case, the relationship involves sales to or purchases from the organization indicated which (i) amount to less than the greater of \$1 million or 2% of that organization's consolidated gross revenues during each of 2008, 2007 and 2006; and (ii) during all relevant years were not of an amount or nature that impeded the director's exercise of independent judgment.

Committees of the Board

The Board has four standing committees: the Audit Committee, the Compensation Committee, the Governance Committee and the International Committee. Charter: You can find the Audit Committee Charter at:
www.pentair.com/Assets/Audit-Committee-Charter.aspx.

In reviewing our compensation programs, the Compensation Committee also considers other sources to evaluate external market, industry and peer company practices. During 2008, we did not employ any member of the Compensation Committee as an officer or employee and there were no interlock relationships.

Policies and Procedures Regarding Related Person Transactions

Our Board has adopted written policies and procedures regarding related person transactions. For purposes of these policies and procedures:

a related person means any of our directors, executive officers or five-percent shareholders or any of their immediate family members; and

a related person transaction generally is a transaction (including any indebtedness or a guarantee of indebtedness) in which we were or are a participant and the amount involved exceeds \$50,000, and in which a related person had or will have a direct or indirect material interest.

Potential related person transactions must be brought to the attention of the Governance Committee directly or to the General Counsel for transmission to the Governance Committee. Disclosure to the Governance Committee should occur before, if possible, or as soon as practicable after the related person transaction is effected, but in any event as soon as practicable after the executive officer or director becomes aware of the related person transaction. The Governance Committee's decision whether or not to approve or ratify a related person transaction is to be made in light of a number of factors, including the following:

whether the terms of the related person transaction are fair to us and on terms at least as favorable as would apply if the other party was not or did not have an affiliation with any of our directors, executive officers or five-percent shareholders;

whether there are demonstrable business reasons for us to enter into the related person transaction;

whether the related person transaction could impair the independence of a director under the Corporate Governance Principles' standards for director independence; and

whether the related person transaction would present an improper conflict of interest for any of our directors or executive officers, taking into account the size of the transaction, the overall financial position of the director or executive officer, the direct or indirect nature of the interest of the director or executive officer in the transaction, the ongoing nature of any proposed relationship, and any other factors the Committee deems relevant.

We had no related person transactions during 2008. To our knowledge, no related person transactions are currently proposed.

PROPOSAL 1
Election of Certain Directors

Information About Directors

Board Composition

Our Articles of Incorporation currently provide for a Board of eleven members. The Board is divided into three classes with directors serving three-year terms. The beginning date for each term is staggered so that, in any particular year, the term of only one class expires. Vacancies may be filled through appointment by the Board or through election by shareholders at a special meeting of shareholders called for that purpose. Any director appointed by the Board is required to stand for election at the next annual meeting of shareholders or next special meeting of shareholders called for that purpose. Incumbent directors Charles A. Haggerty, Randall J. Hogan and David A. Jones are standing for election at the Annual Meeting. There is one fewer nominee for election to the Board than there are available positions on the Board. Regardless of this vacancy, you may vote your shares only for the number of nominees for director named in this Proxy Statement.

Directors Attendance

The Board held eight meetings in 2008. In each of those meetings, the independent directors also met in executive session, without management or Mr. Hogan present. All directors attended at least 75% of the aggregate of all meetings of the Board and all meetings of the Committees on which they served during the fiscal year ended December 31, 2008. We expect our directors to attend our annual meetings of shareholders. In May 2008, all of the directors then in office attended the 2008 annual meeting of shareholders. William T. Monahan has served as the Board's Lead Director since January 1, 2008 and acts as the presiding director for all executive sessions of the independent directors.

Director Qualifications

The Governance Committee searches for qualified candidates to be a director, reviews the qualifications of each candidate and recommends to the Board the names of qualified candidates to be nominated for election or re-election as directors. The Board reviews the candidates recommended by the Governance Committee and nominates candidates for election or re-election by the shareholders. The Governance Committee recognizes that the contribution of the Board will depend both on the character and capacities of the directors taken individually and on their collective strengths. With this in mind, the Governance Committee evaluates candidates in light of a number of criteria. Directors are chosen with a view to bringing to the Board a variety of experience and backgrounds and establishing a core of business advisers with financial and management expertise. The Governance Committee also considers candidates who have substantial experience outside the business community, such as in the public, academic or scientific communities.

When they consider possible candidates for appointment or election as directors, the Governance Committee and the Board are also guided by the following principles:

the Corporate Governance Principles and the rules adopted by the SEC and the NYSE require that at least a majority of the Board consist of independent directors;

each director should be chosen without regard to sex, sexual orientation, race, religion or national origin;

each director should possess the highest character and integrity and have an inquiring mind, vision and the ability to work well with others;

each director should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;

Table of Contents

each director should possess substantial and significant experience which would be of particular importance to us in the performance of the duties of a director and would increase the diversity of experience, expertise and training of the Board taken as a whole;

each director should have sufficient time available to devote to our affairs in order to carry out the responsibilities of a director; and

each director should be committed to enhancing long-term shareholder value and be willing and able to represent the balanced, best interests of the shareholders as a whole rather than the interests of a special interest group or constituency.

Shareholder Nominees

Shareholders submitted to the Governance Committee no candidates for nomination for election as a director at the 2009 Annual Meeting. According to our By-Laws, a shareholder must give advance notice and furnish certain information in order to submit a nomination for election as a director. Any shareholder who wishes to present a candidate for consideration by the Governance Committee should send a letter identifying the name of the candidate and summary of the candidate's qualifications, along with the other supporting documentation described in Article 1, Section 10 of our By-Laws, to the Governance Committee. This letter should be addressed c/o Corporate Secretary, Pentair, Inc., 5500 Wayzata Boulevard, Suite 800, Golden Valley, MN 55416 no earlier than January 13, 2010 and no later than February 7, 2010 for consideration at the 2010 Annual Meeting. You can find a copy of our By-Laws on file with the SEC by searching the EDGAR archives at www.sec.gov/edgar/searchedgar/webusers.htm. You may also obtain a copy from us free of charge by submitting a written request to the Corporate Secretary, Pentair, Inc., 5500 Wayzata Boulevard, Suite 800, Golden Valley, MN 55416.

The Board, upon recommendation of the Governance Committee, has nominated incumbent directors Charles A. Haggerty, Randall J. Hogan and David A. Jones for three-year terms that expire at the 2012 Annual Meeting of Shareholders. Seven directors have terms of office that do not expire at this time and we expect that they will continue to serve their full terms.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The Compensation Committee (the Committee) of our Board sets and administers the policies that govern our executive compensation, including:

establishing and reviewing executive base salaries;

overseeing our annual incentive compensation plans;

overseeing our long-term equity-based compensation plan;

approving all awards under those plans; and

annually approving and recommending to the Board all compensation decisions for executive officers, including those for the Chief Executive Officer and the other officers named in the Summary Compensation Table below (all, collectively, the Named Executive Officers).

The Committee seeks to assure that compensation paid to the Named Executive Officers is fair, reasonable and competitive, and is linked to increasing long-term shareholder value. Only independent directors serve on the Committee.

Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation program aligns executive initiatives with shareholders' economic interests. The Committee seeks to accomplish this by rewarding the achievement of specific annual, longer-term and strategic goals that create lasting shareholder value. The Committee evaluates both executive performance and executive compensation to attract and retain superior employees in key positions at compensation levels competitive in the marketplace. To achieve the objectives stated below, the Committee provides executive compensation packages containing both cash and equity-based compensation components that reward performance as measured against established goals. The Committee's specific objectives include:

to motivate and reward executives for achieving financial and strategic objectives;

to provide rewards commensurate with individual and company performance;

to encourage innovation and growth;

to attract and retain top-quality executives and key employees; and

to align our employee and shareholder interests by encouraging employee stock ownership.

To balance these objectives, our executive compensation program uses the following elements:

base salary, to provide a fixed compensation level competitive in the marketplace;

annual incentive compensation, to reward short-term performance against specific financial targets and individual goals;

long-term incentive compensation, to link management incentives to long-term value creation and shareholder return; and

retirement, perquisites and other benefits, to attract and retain management and other employees over the longer term.

We discuss each of these components below under the topics 2008 Compensation Program Elements and Changes in Compensation Program Mix for 2009 on pages 14 and 18 of this Proxy Statement.

Compensation Committee Practices

The Committee meets regularly to review, discuss and approve executive compensation and employee benefit plan matters. To ensure it is able to address all of its responsibilities, the Committee establishes an annual agenda at the beginning of each year. In 2008, the Committee held five regular meetings and one special meeting. The Committee has scheduled five regular meetings for 2009.

Committee members generally receive written materials approximately one week prior to each regularly scheduled meeting. In addition to the regularly scheduled meetings, the Committee holds additional meetings when necessary. At the close of each regularly scheduled Committee meeting, the Committee conducts an executive session without management present. When appropriate, the Committee also meets in executive session at the close of special meetings. At the Committee's request, the Committee's external compensation consultant reviews committee meeting materials and attends meetings.

In making changes to our compensation programs, the Committee considers our compensation philosophy and objectives, as well as external market, industry and peer company practices. The Committee reviews each element of the executive compensation program annually for continuing appropriateness and reasonableness.

In December 2007 and February 2008, the Committee reviewed and approved executive salaries, equity plan incentive grants, and performance measures and related targets for our annual incentive program for 2008. When reviewing awards, the Committee considered our corporate performance for the year and the prior three-year period against the peer group of companies identified as the Comparator Group in the section below entitled Comparative Framework. The Committee also considered our corporate performance compared to our strategic objectives. The Committee reviewed and approved equity grants for newly hired and promoted employees as required throughout the year. Committee actions relating to executive salary, incentive awards and long-term compensation, as well as changes to our compensation programs, were submitted to the full Board for ratification and approval.

Role of Executive Officers in Compensation Decisions

At the request of the Committee, the Chief Executive Officer and the Senior Vice President, Human Resources, generally attend meetings of the Committee but are not present in executive sessions, and do not participate in deliberations of their own compensation. Our human resources group assists the Committee as requested on specific topics regarding compensation, as well as on specific recommendations for compensation for management throughout the Company.

The Chief Executive Officer annually reviews with the Committee the performance of each executive officer (other than himself) and presents compensation recommendations based on these reviews to the Committee. The Committee reviews these recommendations with its external compensation consultant and exercises its discretion in adopting, rejecting or changing the compensation proposals. The Committee then recommends the final compensation proposals for all Named Executive Officers, including the Chief Executive Officer, to the full Board for its approval.

The Committee employs a formal rating process to evaluate the Chief Executive Officer's performance. As part of this process, the Committee reviews financial and other relevant data related to the performance of the Chief Executive Officer at each meeting of the Board throughout the year. At the end of the year, each independent director provides an evaluation and rating of the Chief Executive Officer's performance in various categories. The Committee Chair submits a consolidated rating report and the Committee's recommendations regarding the Chief Executive Officer's compensation to the independent directors for review and ratification. The Lead Director chairs a discussion with independent Board members in executive session without the Chief Executive Officer present. From that discussion, the Committee finalizes the Chief Executive Officer's performance rating. The Committee Chair and the Lead Director review the final rating results and commentary with the Chief Executive Officer. The Committee takes the performance rating and financial data into account in determining the Chief Executive Officer's compensation and the Board's adoption of goals and objectives for the Chief Executive Officer for the following year.

Setting Executive Compensation

The Committee recognizes the importance of maintaining sound principles for developing and administering compensation and benefits programs. The Committee seeks to carry out its responsibilities by:

holding executive sessions (without management present) at every regular Committee meeting;

requiring clear communication of compensation policy and actions to employees and the shareholders;

annually reviewing detailed tally sheets of executive compensation for all executive officers; and

establishing appropriate guidelines for executive change-in-control agreements.

In addition, the Committee retains an external compensation consultant (the Compensation Consultant) to advise the Committee on executive compensation issues. The Compensation Consultant provides no services to our company other than those commissioned by the Committee. The Committee provides the Compensation Consultant with preliminary instructions regarding the goals of our compensation program and the parameters of the competitive review of our executive compensation programs to be conducted by the Compensation Consultant. The Compensation Consultant provides the Committee with comparative market data on position-specific compensation structures, policies and programs based on analyses of relevant survey data and of the practices of the Comparator Group defined below under the heading Comparative Framework. The Compensation Consultant also provides guidance on industry best practices and advises the Committee in determining appropriate ranges for base salaries, annual incentives and equity compensation for each senior executive position.

Comparative Framework

In making its recommendations to the Board concerning executive officer compensation, the Committee annually reviews and evaluates our corporate performance and our executive officers' compensation and equity ownership. The Committee also obtains and reviews comparative data from the Compensation Consultant and a number of third-party sources, including proxy statements, publicly available information and surveys by consulting firms.

The Committee uses external competitive benchmarks that it believes support the guiding principles outlined above for each element of compensation. For 2008, the market for assessing compensation was defined as companies with revenue comparable to ours (revenues of approximately \$1 billion - \$6 billion), publicly traded, headquartered in the U.S., and engaged in one or more manufacturing sectors (the Comparator Group). The Committee identified these companies as our Comparator Group based upon the analysis and recommendations of the Compensation Consultant. The Comparator Group consisted of business competitors, similarly structured broadly diversified organizations, and competitors for executive talent: American Standard, Inc., Amphenol Corporation, Cooper Industries LTD, Crane Company, Danaher Corporation, Donaldson Corporation, Inc., Dover Corporation, Eaton Corporation, Flowserve Corporation, Hubbell Inc., ITT Industries, Inc., Pall Corporation, Parker Hannifin Corporation, Rockwell Automation, Inc., A.O. Smith Corporation, SPX Corporation, Thomas & Betts Corporation.

2008 Compensation Program Elements

For the fiscal year ended December 31, 2008, the principal components of compensation for Named Executive Officers were:

Base salary;

Annual incentive compensation;

Long-term incentive compensation;

Retirement and other benefits; and

Perquisites and other personal benefits.

Table of Contents**Base Salaries**

We provide Named Executive Officers and other employees with a fixed salary. Focusing on the market value of each job, the Committee's goal is to target the 50th percentile (the Midpoint) of the Comparator Group for executives' base salary ranges based on available market data. Market data include published survey data and proxy statement data for our Comparator Group. The Committee establishes each Named Executive Officer's salary within a range of 20% of the Midpoint. Differences in base salaries among the Named Executive Officers and the extent to which a Named Executive Officer's base salary is set at a level other than the Midpoint are decided by the Committee based on various factors, including competitive conditions for the Named Executive Officer's position within the Comparator Group and in the broader employment market, as well as the Named Executive Officer's length of employment, level of responsibility, experience and individual performance. For each Named Executive Officer, the Committee determined 2008 base salaries in accordance with the Committee's Midpoint-based guideline.

Annual Incentive Compensation Plan

To achieve the objective of providing competitive compensation to attract and retain top talent while linking pay to annual performance, we pay a portion of our executives' cash compensation as incentive compensation tied to annual business performance as measured against annual goals established by the Committee. We pay cash incentive compensation under one of two annual incentive plans, the Executive Officer Performance Plan (EOPP) and the Management Incentive Plan (MIP). The Committee has the sole discretion to determine in which plan eligible employees participate. Whereas the terms of the MIP permit the Committee to increase or decrease executives' formula-derived incentive compensation, the Committee has no discretion to increase formula-derived incentive compensation under the EOPP. For 2008, the only participants in the EOPP were the executive officers.

For each EOPP participant, the Committee determined a percentage of that executive's base salary as a targeted level of incentive compensation opportunity, based on the Committee's review of the Compensation Consultant's recommendations, relevant survey data and, in the case of Named Executive Officers other than the Chief Executive Officer, the recommendations of the Chief Executive Officer. Differences in target levels of incentive compensation opportunity among the Named Executive Officers are decided by the Committee based on various factors, including competitive conditions for the Named Executive Officer's position within the Comparator Group and in the broader employment market, as well as the Named Executive Officer's length of employment, level of responsibility and experience. An executive's base salary multiplied by the incentive compensation opportunity percentage establishes the target incentive compensation for which he or she is eligible. The Committee determined incentive compensation targets in 2008 for all Named Executive Officers. These incentive compensation targets were as follows:

	Target as a Percent of Salary	Target in Dollars
Randall J. Hogan	150%	\$ 1,505,400
John L. Stauch	80%	363,200
Michael V. Schrock	100%	535,000
Frederick S. Koury	60%	232,800
Louis L. Ainsworth	60%	229,200

Actual incentive compensation awarded to each Named Executive Officer may range from 0 to 2 times the target, depending on actual company and individual performance, as described below. The Committee approves business goals (described below) for each year and sets each executive's incentive compensation opportunity so that if we attain our annual performance goals, annual cash incentive levels will be between the 50th and 75th percentiles of our Comparator Group. If we attain superior performance levels, cash incentive compensation will exceed the 75th percentile of the Comparator Group; if we do not attain any of the targeted performance goals, cash incentive compensation will be between zero and the 50th percentile of our Comparator Group.

Table of Contents

To establish the performance measures and related targets applied to EOPP payments for the Named Executive Officers, the Committee examined goals that were recommended by the Chief Executive Officer, after consultation with the Chief Financial Officer and certain other executive officers, and that were based solely on objectively determinable financial performance measures. The Committee then assessed these recommendations in light of comparable data of the Comparator Group and relevant survey data. In February 2008, the Committee established the performance goals for 2008 for both the EOPP and the more broadly-based MIP, which the Board then ratified. The EOPP performance goals, which applied to all Named Executive Officers, consisted of four quantitative measures:

Sales performance, which means revenue obtained from net sales to third parties. For all Named Executive Officers, the 2008 sales performance target was \$3.4 billion.

Free cash flow, which means cash from operating activities less capital expenditures, including both continuing and discontinued operations, plus proceeds from sale of property and equipment. For all Named Executive Officers, the 2008 free cash flow performance target was \$235 million.

Operating income, which means the excess of revenues over expenses for normal operating activities. For all Named Executive Officers, the 2008 operating income target was \$426 million.

Earnings before interest, depreciation and amortization (EBITDA). For all Named Executive Officers, the 2008 EBITDA target was \$469 million.

To provide an added performance incentive, the Committee determined that the amount of incentive compensation related to each performance measure other than EBITDA would be scaled according to the amount by which the measure exceeded or fell short of the target. The Committee also determined that the target measures for free cash flow and operating income should also have a threshold level below which no incentive compensation would be earned. In the case of the free cash flow and operating income performance measures, the amount of incentive compensation for each target measure was scaled from 0.75 (at the threshold) to 2.0 times (at the maximum) the measure according to a formula that was based solely on our corporate performance and was not subject to adjustment or discretion.

In the case of EBITDA, the Committee determined that attainment of this performance goal alone would not trigger an incentive compensation award. If the EBITDA target were not attained, no award would be made at all for this performance goal. However, if the EBITDA target was attained, the Committee retained the discretion to reduce, but not to increase, the amount of any award to a Named Executive Officer, based upon a strategy deployment factor (SDF). The SDF factor measures an individual executive's performance against expectations in the attainment of corporate strategic goals set by the Board. The SDF factor is determined by the Committee for each Named Executive Officer based on its assessment of individual performance following consultation with the Chief Executive Officer.

The Committee determined that, for 2008, the performance measures applied to EOPP payments for all Named Executive Officers were to be weighted as follows: sales performance: 10%; free cash flow: 25%; operating income: 50%; and EBITDA: 15%. The actual incentive compensation of each Named Executive Officer was determined by multiplying the eligible target incentive compensation amount by a multiplier determined as noted above.

We pay EOPP awards in cash following the final audit of the year's performance and the approval of the Committee and the Board. In February 2009, the Committee certified corporate performance against 2008 goals. For 2008, for all Named Executive Officers, the measure for sales performance was below target, the measure for EBITDA exceeded its target amount, and the measures for free cash flow and operating income fell below their respective threshold amounts. The Committee approved a portion of the EOPP award based upon sales performance at the level achieved.

The Committee then reviewed the Chief Executive Officer's assessment of each individual Named Executive Officer's performance against expectations established for that officer. The Committee applied an SDF factor to the potential incentive compensation amount for this goal for each Named Executive Officer. The Committee also determined that the individual performance of each Named Executive Officer in 2008 met or exceeded expectations.

The Committee granted EOPP awards to the Named Executive Officers, based on their respective SDF factors set by the Committee. This element of their incentive compensation, plus the portion of the EOPP award attributable to the sales performance measure, resulted in awards reflected in the Summary Compensation Table, column (g) Non-Equity Incentive Plan Compensation, on page 26.

Table of Contents

Because sales performance and free cash flow were adversely impacted by several discretionary actions we took during 2008 after discussion and approval by the Board, the Committee considered adjustments in the results for sales performance and free cash flow. These adjustments reflect the impact of Board-approved acquisitions, divestitures, and other non-recurring and unusual items, that have traditionally been taken into account in the annual MIP bonus calculations for our broader management team. These adjustments had not been contemplated at the time performance goals were set in February 2008. Following a detailed review of each item, the Committee approved these adjustments for purposes of measuring performance for our MIP for management other than EOPP participants.

The Committee then evaluated the calculated bonuses that Named Executive Officers would have earned under the EOPP if the recommended adjustments had been made under the EOPP as well. Based on this review, the Committee approved grants of restricted shares for the EOPP participants, including the Named Executive Officers, in an amount equal to the incremental difference between (1) the bonuses that would have been earned under the EOPP if the recommended adjustments had been made under the EOPP, and (2) the approved EOPP awards without taking into account the recommended adjustments. These awards were granted on March 3, 2009, and valued at the closing stock price on that date, and they will vest one-half on the first anniversary, and one-quarter on the second and third anniversaries, of the date of grant. The number of restricted shares granted to each of the Named Executive Officers was as follows: Mr. Hogan 19,594 shares, Mr. Stauch 4,727 shares, Mr. Schrock 6,963 shares, Mr. Koury 3,030 shares, and Mr. Ainsworth 2,983 shares.

2008 Long-term Incentive Compensation

The Committee emphasizes executive compensation that is tied to building and sustaining our company's value through stock performance over time. We provide long-term compensation to our executives to further the objectives of:

motivating and rewarding executives through share price appreciation;

encouraging innovation and growth;

aligning management and shareholder interests; and

attracting and retaining key executive talent.

In keeping with this philosophy, the Committee awards participants with grants of long-term incentive compensation having a value falling between the 50th and 75th percentiles of competitive compensation programs, based on the Committee's assessment of both published survey data and data from our Comparator Group. If we build and sustain long-term shareholder value through superior performance, ongoing long-term incentive values may exceed the 75th percentile of our Comparator Group.

In 2008, the Committee awarded long-term incentive compensation in the form of stock options and restricted shares granted under the Pentair, Inc. Omnibus Stock Incentive Plan (the 2004 OSIP). As it does each year, the Committee used benchmark data (including compensation surveys, Comparator Group information and other data provided by the Compensation Consultant) to set competitive target dollar award levels for each individual Named Executive Officer and for each position or grade level. Differences in target dollar award levels among the Named Executive Officers were decided by the Committee based on various factors, including competitive conditions for the Named Executive Officer's position within the Comparator Group and in the broader employment market, as well as the Named Executive Officer's length of employment, level of responsibility, experience and individual performance. Individual awards generally range between 80 and 120 percent of the target award level, with actual award amounts determined by the Committee based on its assessment of both the executive's individual performance against his or her individual performance goals in the previous year and company performance in the previous year against our strategic plan.

Awards to Named Executive Officers under the 2004 OSIP consisted of stock options and restricted shares and were delivered as a mix of approximately two-thirds of their total award value in stock options and one-third of their total award value in restricted shares. The Committee determined this mix based on market data provided by the Compensation Consultant for comparable positions and functions. The Committee determined the value of options

using the Black-Scholes valuation method and determined the value of restricted shares using the average fair market value of our Common Stock during the month preceding the date on which the awards were determined.

Table of Contents

The stock options granted in 2008 vest one-third in each year on the first, second and third anniversary of the date of grant and expire ten years from the date of grant. The restricted shares granted in 2008 vest in one-half increments on the third and fourth anniversaries of the date of grant. The value of stock options and restricted shares granted to the Named Executive Officers in 2008 is reflected in the Grants of Plan-Based Awards Table on page 28. The value of restricted shares that vested for each Named Executive Officer in 2008 (reflecting grants made to them in 2004 and 2005) and the value of options exercised by each Named Executive Officer in 2008 are shown in the Option Exercises and Stock Vested Table on page 31.

The Committee reviewed and approved the 2008 grants of long-term incentive compensation for executive officers in December 2007. For all other recipients, in February 2008, the Committee reviewed and approved grants that were effective on March 3, 2008. The Committee reviews and approves all equity awards to newly hired or promoted executives at regular meetings throughout the year. As a rule, the Committee grants awards to newly hired or promoted executives that are effective the earlier of the 15th day of the month following the date of hire or promotion or the 15th day of the month following the date of the Committee meeting at which the grant is approved. The Committee has also given the Committee Chair and the Chief Executive Officer discretion to grant equity awards to newly hired or promoted executives as required throughout the year, within the guidelines of the long-term incentive plan. The Committee then ratifies these grants at its next meeting. All options are granted at fair market value based on the closing stock price on the effective day of grant.

Changes in Compensation Program Mix for 2009

The Committee believes that one of the strengths of our compensation program is its consistency; therefore, for 2009, the Committee has not changed our compensation philosophy or objectives as described on pages 12-14 above. In light of current economic and market conditions, however, the Committee did revise the mix of elements of the compensation program for the Named Executive Officers and the broader management team for 2009. After review of our short- and long-term incentive plans, our preliminary 2009 operating plan, our financial position and current market trends for executive compensation prepared by the Compensation Consultant, the Committee modified our compensation program from that in 2008 as follows:

to freeze base salaries at 2008 levels for the Named Executive Officers;

to reduce the equity-based portion of long-term incentive compensation; and

to establish a cash-settled performance unit as a part of long-term incentive compensation.

The Committee believes that these changes will further management alignment with shareholder interests.

Base Salaries

The Committee undertook its annual review of base salaries for the Named Executive Officers and other management personnel, in accordance with its normal procedures. Following a market review by the Compensation Consultant, the Committee, with the Board's concurrence, adopted the Chief Executive Officer's recommendation to temporarily freeze base salaries for most upper management personnel, including all Named Executive Officers, at 2008 levels, pending the Committee's future assessment of market and economic conditions.

Annual Incentive Compensation

The Committee also reviewed the Company's cash incentive plans and approved performance measures and goals for 2009. The Committee determined that operating income and cash flow generation would be the two primary operating measures used to determine cash incentive compensation amounts in 2009. These measures correlate strongly with two primary corporate objectives: to improve the financial return from our businesses, and to strengthen our balance sheet through cash flow improvement and debt reduction. In addition, the Committee also approved an EBITDA target to be used with SDF factors in assessing individual performance for the year. The performance measures applicable to EOPP awards for 2009 for all Named Executive Officers will be weighted as follows: operating income 40%, cash flow 40% and EBITDA (SDF) 20%.

Table of Contents

No changes are being made in the administration of the EOPP, the setting of incentive compensation opportunity targets, the methodology for calculating actual incentive compensation payouts or the Committee's procedures for reviewing and approving awards under the plan, as described above on pages 14-18.

Long-term Incentive Compensation

The Committee approved the elements and mix of long-term incentive compensation under the 2008 Pentair, Inc. Omnibus Stock Incentive Plan (the "2008 OSIP") approved by our shareholders last year. The Committee granted all Named Executive Officers a mix of three components: stock options, restricted stock units and cash-settled performance units.

Stock options: The Committee determined that it would award ten-year stock options, with one third of the options vesting on each of the first, second and third anniversaries of the grant date, as in prior years, though the mix of stock options will be reduced for the 2009 grant from two-thirds of the long-term incentive award's total value to 30%.

Restricted stock units: The Committee determined that it would grant restricted stock units rather than restricted shares in 2009. Consistent with past grants of restricted shares, restricted stock units will vest one-half on each of the third and fourth anniversaries of the grant date. Each restricted stock unit represents the right to receive one share of our Common Stock upon vesting and includes one dividend equivalent unit, which, upon vesting, entitles the holder to a cash payment equal to all cash dividends declared on a share of our Common Stock from the date of grant to the date of vesting. An executive officer may elect to defer receipt of restricted stock units and receipt of payments related to dividend equivalent units upon vesting under our Non-Qualified Deferred Compensation Plan. For the 2009 grant, restricted stock units will also constitute 30% of the long-term incentive award's total value.

Cash-settled performance units: The Committee determined that it would also grant cash-settled performance units in 2009, in order to diversify the components of our long-term incentive compensation program, to reduce the number of shares and options granted under the 2008 OSIP and to tailor our long-term incentive compensation program to specific company performance goals. Each performance unit entitles the holder to a cash payment following the end of a three-year performance period, if we achieve specified company performance goals set forth in the 2008 OSIP. The performance goals are selected by the Committee at the beginning of the performance period. For 2009, the performance metric selected was achievement of an EBITDA target.

Depending on actual company performance over the annual performance period, a maximum of 125%, and a minimum of 0%, of one-third of the total cash-settled performance units will vest in each of the three one-year performance periods contingent upon also being employed by the company on the third anniversary of the grant date or having retired at or after age 60 with a minimum of ten years' service. Eligible executive officers may elect to defer receipt of the cash payment under our Non-Qualified Deferred Compensation Plan. For the 2009 grant, cash-settled performance units will constitute 40% of the long-term incentive award's total value.

Stock Ownership Guidelines

The Committee and the Board have established stock ownership guidelines for the Named Executive Officers and other executives to motivate them to become significant shareholders and to further encourage long-term performance and growth. The Committee monitors our executives' compliance with these stock ownership guidelines and periodically reviews the definition of "stock ownership" to reflect the practices of companies in the Comparator Group. For 2008, "stock ownership" included stock owned by the officer both directly and indirectly, the pro-rated portion of unvested restricted stock, and shares held in our employee stock ownership plan or our employee stock purchase plan. The Committee determined that, over a period of five years from appointment, key employees should accumulate and hold Common Stock equal to a multiple of base salary as follows:

Table of Contents

Executive Level	Stock Ownership Guidelines (as a multiple of salary)
Chief Executive Officer	5x base salary
President, Chief Operating Officer Executive Vice President and Chief Financial Officer	3x base salary
Senior Vice President, Human Resources Senior Vice President and General Counsel	2.5x base salary
Other key executives	2x base salary

Pension Plan, the Pentair Retirement Savings and Stock Incentive Plan, the Pentair Supplemental Executive Retirement Plan and the Pentair Restoration Plan. We also provide other benefits such as medical, dental and life insurance and disability coverage to employees, including the Named Executive Officers. We aim to provide employee and executive benefits at levels that reflect competitive market levels at the 50th percentile of similar benefits given by our Comparator Group.

The Pentair, Inc. Pension Plan, the Pentair Retirement Savings and Stock Incentive Plan, the Pentair Supplemental Executive Retirement Plan and the Pentair Restoration Plan were all amended in 2008 to comply with final regulations under Internal Revenue Code Section 409A. As a result of these amendments, benefits vested prior to January 1, 2005 are separated from benefits earned after January 1, 2005, and may offer different distribution or other options to participants as described below.

The Pentair, Inc. Pension Plan

The Pentair, Inc. Pension Plan (the Pension Plan) is a funded, tax-qualified, noncontributory defined-benefit pension plan that covers certain employees, including the Named Executive Officers. Participation in the Pension Plan is restricted to those Named Executive Officers and other employees who were hired on or before December 31, 2007.

Benefits under the Pension Plan are based upon an employee's years of service and highest average earnings in any five-year period during the ten-year period preceding the employee's retirement (or, in the case of an employee with more than five years but less than ten years of service, during any five-year period preceding the employee's retirement). No additional benefits may be earned under the Pension Plan after December 31, 2017. Benefits under the Pension Plan are payable after retirement in the form of an annuity.

Compensation covered by the Pension Plan for the Named Executive Officers equals the amounts set forth in the Salary column of the Summary Compensation Table on page 26 and 2007 incentive compensation paid in March 2008 set forth in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 26. The amount of annual earnings that may be considered in calculating benefits under the Pension Plan is limited by law. For 2008, the annual limitation was \$230,000.

Table of Contents

Benefits under the Pension Plan are calculated as an annuity equal to the sum of:

1.0 percent of the participant's highest final average earnings multiplied by years of service; and

0.5 percent of such earnings in excess of Primary Social Security compensation.

Years of service under these formulas cannot exceed 35. Contributions to the Pension Plan are made entirely by us and are paid into a trust fund from which the benefits for all participants will be paid.

The Pentair Supplemental Executive Retirement and Restoration Plan

The Pentair Supplemental Executive Retirement Plan (SERP) and the Pentair Restoration Plan (Restoration Plan) are unfunded, nonqualified defined benefit pension plans for all executive officers and other key executives selected by the Committee. Benefits under these two Plans vest upon the completion of five years of benefit service (all service following initial participation). These Plans are combined for all administrative, accounting and other purposes. The Named Executive Officers all participate in the SERP and the Restoration Plan. Each Named Executive Officer other than Mr. Stauch is fully vested in these Plans.

Benefits under the SERP are based upon the number of an employee's years of service following initial participation and the highest average earnings for a five calendar-year period (ending with retirement). Benefits vested as of December 31, 2004, are payable after retirement in the form of either a 15-year certain annuity or, at the participant's option, a 100% joint and survivor annuity. Benefits earned after December 31, 2004, are payable after retirement in the form of a 15-year certain annuity. Compensation covered by the SERP and the Restoration Plan for the Named Executive Officers equals the amounts set forth in the 2008 Salary and Non-Equity Incentive Plan Compensation columns of the Summary Compensation Table on page 26.

Benefits under the SERP are calculated as:

final average compensation as defined above; multiplied by

benefit service percentage, which equals 15% multiplied by years of benefit service.

As discussed above, the Pension Plan limits retirement benefits for compensation earned in excess of the annual limitation imposed by Internal Revenue Code Section 401(a)(17), which was \$230,000 in 2008. The Restoration Plan is designed to provide retirement benefits based on compensation earned by participants in excess of this annual limitation. Only executive officers and key executives hired on or before December 31, 2007 are eligible to participate in the Restoration Plan.

The only participants in the Restoration Plan are those executive officers and other selected key leaders who participate in the SERP. Restoration Plan benefits are combined and administered with those payable under the SERP and are paid in the same manner and at the same time.

Benefits under the Restoration Plan are calculated as:

final average compensation as defined above, less compensation below the annual limitation amount in each year; multiplied by

earned benefit service percentage (which is weighted based on age at the time of service), in accordance with the following table:

Service Age	Percentage
Under 25	4%
25-34	5.5%
35-44	7%
45-54	9%
55 or over	12%

Table of Contents

The benefit percentages calculated above are added and the resulting percentage is multiplied by the covered compensation amount. Benefits vested as of December 31, 2004 are payable after retirement in the form of a 15-year certain annuity or, at the participant's option, a 100% joint and survivor annuity. Benefits earned after December 31, 2004 are payable after retirement in the form of a 15-year certain annuity. No additional benefits may be earned under the Restoration Plan after December 31, 2017.

The present value of the combined accumulated benefits for the Named Executive Officers under both the SERP and the Restoration Plan is set forth in the Pension Benefits table on page 31.

The Pentair Retirement Savings and Stock Incentive Plan

The Pentair Retirement Savings and Stock Incentive Plan (RSIP/ESOP Plan) is a tax-qualified 401(k) retirement savings plan, with a companion Employee Stock Ownership Plan (ESOP) component. Participating employees may contribute up to 50 percent of base salary and incentive compensation on a before-tax basis and 15 percent of compensation on an after-tax basis, into their 401(k) plan (RSIP). We match an amount equal to one dollar for each dollar contributed to the RSIP by participating employees on the first one percent, and 50 cents for each dollar contributed to the RSIP by participating employees on the next five percent, of their regular earnings. In addition, after the first year of employment, we contribute to the ESOP an amount equal to 1 1/2 % of cash compensation (salary and incentive compensation) for each participant in the RSIP, to incent employees to make contributions to our retirement plan. The RSIP/ESOP Plan limits the amount of cash compensation considered for contribution purposes to the maximum imposed by Internal Revenue Code Section 401(a)(17), which was \$230,000 in 2008.

Participants in the RSIP/ESOP Plan are allowed to invest their account balances in a number of possible mutual fund investments. Our Common Stock is not a permitted investment choice under the RSIP. Fidelity Investments Institutional Services Co. provides these investment vehicles for participants and handles all allocation and accounting services for the Plan. We do not guarantee or subsidize any investment earnings under the Plan. We make ESOP contributions in our Common Stock. However, participants may sell and immediately reinvest stock contributions within the RSIP/ESOP Plan in other investment vehicles offered under the RSIP/ESOP Plan.

Amounts deferred, if any, under the Pentair RSIP/ESOP Plan by the Named Executive Officers are included in the Salary and Non-Equity Incentive Plan Compensation columns of the Summary Compensation Table on page 26. Pentair matching contributions allocated to the Named Executive Officers under the RSIP/ESOP Plan are included in the All Other Compensation column of the Summary Compensation Table.

Medical, Dental, Life Insurance and Disability Coverage

Employee benefits such as medical, dental, life insurance and disability coverage are available to all U.S.-based participants through our active employee plans. In addition to these benefits to active employees, we provide post-retirement medical, dental and life insurance coverage to certain retirees in accordance with the legacy company plans which applied at the time the employees were hired. We provide up to one and a half times annual salary (up to \$2,000,000) in life insurance, and up to \$10,000 per month in long-term disability coverage. The cost of the active employee benefits in 2008 for the Named Executive Officers was as follows:

Officer	Cost of Benefits
Randall J. Hogan	\$13,394
John L. Stauch	\$13,359
Michael V. Schrock	\$12,971
Frederick S. Koury	\$12,497
Louis L. Ainsworth	\$ 9,491

The value of these benefits is not required to be included in the Summary Compensation Table since they are made available to all of our U.S. salaried employees.

Table of Contents***Other Paid Time-Off Benefits***

We also provide vacation and other paid holidays to all employees, including the Named Executive Officers, which we have determined to be comparable to those provided at other large companies.

Deferred Compensation

We sponsor a non-qualified deferred compensation program, called the Sidekick Plan, for our U.S. executives within or above the pay grade that has a median annual salary of \$111,900 in 2008. This plan permits executives to defer up to 25% of their base salary and 100% of their annual cash incentive compensation. We make contributions to the Sidekick Plan on behalf of participants similar to our contributions under the RSIP/ESOP Plan with respect to each participant's contributions from that portion of his or her income above the maximum imposed by Internal Revenue Code Section 401(a)(17), which was \$230,000 in 2008, but below the Sidekick Plan's compensation limit of \$700,000.

Participants in the Sidekick Plan are allowed to invest their account balances in a number of possible mutual fund investments. Fidelity Investments Institutional Services Co. provides these investment vehicles for participants and handles all allocation and accounting services for the Plan. We do not guarantee or subsidize any investment earnings under the Plan, and our Common Stock is not a permitted investment choice under the Plan.

Amounts deferred, if any, under the Sidekick Plan by the Named Executive Officers are included in the Salary and Non-Equity Incentive Plan Compensation columns of the Summary Compensation Table on page 26. Our contributions allocated to the Named Executive Officers under the Sidekick Plan are included in the All Other Compensation column of the Summary Compensation Table.

Perquisites and Other Personal Benefits

We provide Named Executive Officers with a perquisite program (the Flex Perq Program) under which the Named Executive Officers receive a cash perquisite allowance in an amount that the Committee believes is customary, reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. The Committee periodically reviews market data provided by the Compensation Consultant to assess the levels of perquisites provided to Named Executive Officers.

For 2008, the total aggregate annual allowance under the Flex Perq Program was \$35,000 for the Chief Executive Officer and the President and Chief Operating Officer, and \$30,000 for all other participants. In addition to the allowance provided under the Flex Perq Program, we provided reimbursement for an annual executive physical and related expenses for the Chief Executive Officer.

These amounts are included in the Summary Compensation Table, in the column labeled All Other Compensation, on page 26 and are set forth in more detail in footnote 5 to that table.

Severance and Change-in-Control Benefits

We provide severance and change-in-control benefits to selected executives to provide for continuity of management upon a threatened or completed change in control. These benefits are designed to provide economic protection to key executives following a change in control of our company so that our executives can remain focused on our business without undue personal concern. We believe that the security that these benefits provide helps our key executives to remain focused on our on-going business and reduces the key executive's concerns about future employment. We also believe that these benefits allow our executives to consider the best interests of our company and its shareholders due to the economic security afforded by these benefits.

We provide the following severance and change-in-control benefits:

We have entered into agreements with our key corporate executives and other key leaders (including all Named Executive Officers) that provide for contingent benefits upon a change in control.

The EOPP and the MIP each provide that, upon a change in control, each EOPP or MIP participant is entitled to receive any outstanding and unpaid award for the year before the change of control as well as an award for the then-current year calculated on the basis of the executive's base salary immediately before the change of control and assuming that the year's EOPP or MIP targets have been attained.

Table of Contents

The 2004 OSIP and the 2008 OSIP provide that, upon a change in control, all outstanding options granted under such plans that are unvested become fully vested.

The 2004 OSIP and the 2008 OSIP provide that, upon a change in control, all restrictions applicable to outstanding shares of restricted stock granted under such plans shall automatically lapse and any dividends declared but unpaid with respect to such restricted stock shall be paid to the executive within 10 days of the date of the change of control.

The 2008 OSIP provides that, upon a change in control, all restrictions applicable to outstanding restricted stock units and dividend equivalent units granted under the Plan shall automatically lapse and any dividends declared but unpaid with respect to such dividend equivalent units shall be paid to the executive within 10 days of the date of the change of control.

The 2008 OSIP provides that, upon a change in control, all cash-settled performance units for which the performance period has not expired will be cancelled in exchange for a cash payment equal to the amount that would have been due under such awards if the performance goals measured at the time of the change of control were to continue to be achieved at the same rate through the end of the performance period, or if higher, assuming the target performance goals had been met at the time of the change of control.

Upon certain types of terminations of employment (other than a termination following a change in control), severance benefits may be paid to the Named Executive Officers at the discretion of the Committee.

We explain these benefits more fully under **Potential Payments Upon Termination Or Change In Control** on page 33.

Retention Agreements

We entered into a Confidentiality and Non-Competition Agreement dated as of January 6, 2005, with Michael Schrock, our President and Chief Operating Officer. The Confidentiality and Non-Competition Agreement requires Mr. Schrock to devote his full-time and energy to furthering our business and prohibits Mr. Schrock, during or after his term of employment, from disclosing or using, for his own benefit or the benefit of another party, confidential information that he may learn or acquire during his employment. The Confidentiality and Non-Competition Agreement also contains a covenant against competition by Mr. Schrock for two years following his last day of employment with us. It does not contain severance provisions.

Impact of Tax Considerations

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to each of our five most highly paid executive officers. There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements, including periodic shareholder approval of the benefit plans under which we pay such performance-based compensation. Annual cash incentive compensation generally is performance-based compensation meeting those requirements and, as such, is fully deductible. If our shareholders approve Proposal 2 concerning the deductibility of payments under our Executive Officer Performance Plan, we may continue to fully deduct incentive compensation awards paid under the objective performance criteria established under the EOPP as we have done in the past. If our shareholders fail to approve Proposal 2, we may be unable to deduct incentive compensation awards paid under the EOPP.

The Committee also considers the impact of other tax provisions, such as the restrictions on deferred compensation set forth in Section 409A of the Internal Revenue Code, and attempts to structure compensation in a tax-efficient manner, both for the Named Executive Officers and for our company. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee has not adopted a policy requiring all compensation to be deductible.

PENSION BENEFITS

Listed below are the number of years of credited service and present value of accumulated pension benefits as of December 31, 2008 for each of the Named Executive Officers under the Pentair, Inc. Pension Plan, the Pentair Supplemental Executive Retirement Plan and the Pentair Restoration Plan, which are described in detail in the Compensation Discussion and Analysis beginning on page 12 above. The disclosed amounts are actuarial estimates

only and do not necessarily reflect the actual amounts that will be paid to the Named Executive Officers, which will only be known at the time that they become eligible for payment.

	Pentair, Inc. Supplemental Executive Retirement Plan	12	1,590,904	0

(1) The Supplemental Executive Retirement Plan Benefits, which include amounts under the Restoration Plan, are payable following retirement at age 55 or later in the form of an annuity. The actuarial present values above were calculated using the following methods and assumptions:

Pension Plan present values were based on the accrued benefit payable at age 65 and were calculated as of December 31, 2008.

Present values for the Pension Plan are based on a life-only annuity. Present values for the Supplemental Executive Retirement Plan are based on a 180-month-certain only annuity.

The present value of Pension Plan benefits as of December 31, 2008 was calculated assuming a 6.5% interest rate and the male and female RP2000 mortality table, projected 15 years.

Table of Contents

The present value of Supplemental Executive Retirement Plan benefits as of December 31, 2008 was calculated assuming a 6.5% interest rate.

The actual amount of pension benefits ultimately paid to a Named Executive Officer may vary based on a number of factors, including differences from the assumptions used to calculate the amounts.

NONQUALIFIED DEFERRED COMPENSATION TABLE

The following table sets forth the contributions, earnings, distributions and year-end balances for each of the Named Executive Officers under our Sidekick Plan described under **Deferred Compensation** on page 23. Contributions we make to the Sidekick Plan are intended to make up for contributions to our RSIP/ESOP Plan (including our matching contributions) for cash compensation above the maximum imposed by Internal Revenue Code Section 401(a)(17), which was \$230,000 in 2008. Because the Internal Revenue Code does not permit contributions on amounts in excess of that limit under a tax-qualified plan, the Sidekick Plan is designed to permit matching contributions on compensation in excess of the maximum imposed by Internal Revenue Code Section 401(a)(17). We make these matching contributions to the Sidekick Plan on amounts in excess of the maximum imposed by Internal Revenue Code Section 401(a)(17), but below the \$700,000 compensation limit contained in our Sidekick Plan (such contributions by a Named Executive Officer, **Covered Sidekick Compensation**).

Name	Executive Contributions in 2008 (\$)	Registrant Contributions in 2008 (\$)	Aggregate Earnings/(Loss) in 2008 (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at December 31, 2008 (\$)
Randall J. Hogan	51,045	19,000	(805,542)	0	1,470,806
John L. Stauch	124,853	5,672	(37,544)	0	109,196

Louis L. Ainsworth	87,143	11,017	(443,852)	0	942,825

The amounts set forth in the column **Executive Contributions in 2008** reflect the amount of cash compensation each Named Executive Officer deferred in 2008 under the Sidekick Plan.

The amounts set forth in the column **Registrant Contributions in 2008** are the totals of contributions we made in 2008 under the Sidekick Plan for the account of each Named Executive Officer. These amounts, in addition to contributions we made under the RSIP/ESOP Plan, are included in the Summary Compensation Table on page 26 in the column labeled **All Other Compensation**. The contributions we made are derived from some or all of the following sources:

Matching contributions equal to one dollar for each dollar contributed up to one percent of Covered Sidekick Compensation, and 50 cents for each incremental dollar contributed up to six percent, deferred in 2007 by each Named Executive Officer; we normally make these contributions one year in arrears.

A discretionary contribution of up to 1 1/2 % of Covered Sidekick Compensation earned in 2007 for each Named Executive Officer; we normally make these contributions one year in arrears.

Table of Contents

The amounts set forth in the column *Aggregate Earnings in 2008* reflect the amount of investment earnings realized by each Named Executive Officer on the mutual fund investments chosen that are offered to participants in our RSIP/ESOP Plan and Sidekick Plan. Fidelity Investments Institutional Services Co. provides these investment vehicles for participants and handles all allocation and accounting services for these plans. We do not guarantee or subsidize any investment earnings in either Plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Except for the following items, we have no agreements, arrangements, or plans that entitle executive officers to severance, perquisites, or other enhanced benefits upon termination of their employment; such payments or benefits (other than following a change in control) would be in the discretion of the Compensation Committee.

Restricted stock vesting: Restriction periods on grants of restricted stock under the 2004 OSIP automatically lapse upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 55. Restriction periods on grants of restricted stock under the 2008 OSIP automatically lapse upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 60. The value of such restricted stock is reflected in the *Outstanding Equity Awards at December 31, 2008* table above. As of December 31, 2008, Mr. Ainsworth was the only Named Executive Officer who had attained 10 years of service and age 55.

Stock option vesting: Upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 55, unvested options granted under the 2004 OSIP continue to vest according to the schedule in effect prior to retirement and, once vested, remain exercisable until the earlier of the expiration or the five-year anniversary of the Named Executive Officer's retirement date. Upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 60, unvested options granted under the 2008 OSIP continue to vest according to the schedule in effect prior to retirement and, once vested, remain exercisable until the earlier of the expiration or the five-year anniversary of the Named Executive Officer's retirement date. All such options are reflected in the *Stock Option Vesting* column of the table under the heading *Quantification of Compensation Payable upon Change in Control* below. As of December 31, 2008, Mr. Ainsworth was the only Named Executive Officer who had attained 10 years of service and age 55.

Restricted stock unit vesting: Restriction periods on grants of restricted stock units under the 2008 OSIP automatically lapse upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 60. As of December 31, 2008, no restricted stock units have been granted. As of December 31, 2008, Mr. Ainsworth was the only Named Executive Officer who had attained 10 years of service and age 60.

Cash-settled performance unit vesting: Restriction periods on grants of cash-settled performance units granted under the 2008 OSIP automatically lapse upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 60. As of December 31, 2008, no cash-settled performance units have been granted. As of December 31, 2008, Mr. Ainsworth was the only Named Executive Officer who had attained 10 years of service and age 60.

Certain benefits upon a change in control described under the heading *Change in Control Agreements* below.

Change in Control Agreements

We have entered into agreements with certain key corporate executives and business division leaders (including all Named Executive Officers) that provide for contingent benefits upon a change in control. These agreements are intended to provide for continuity of management upon a change in control. The agreements provide that covered executive officers could be entitled to certain severance benefits following a change in control. If, following such a change in control, the executive officer is involuntarily terminated for any reason, other than for disability or for cause, or if such executive officer terminates his or her employment for good reason, then the executive officer is entitled to certain severance payments.

Under these agreements, a *change in control* is deemed to have occurred if:

any person is or becomes the beneficial owner of securities representing 20% or more of our outstanding shares of Common Stock or combined voting power;

Table of Contents

a majority of our board of directors changes in a manner that has not been approved by at least two-thirds of the incumbent directors or successor directors nominated by at least two-thirds of the incumbent directors;

we consummate a merger, consolidation or share exchange with any other entity (or the issuance of voting securities in connection with a merger, consolidation or share exchange) which our shareholders have approved and in which our shareholders control less than 50% of combined voting power after the merger, consolidation or share exchange; or

we consummate a plan of complete liquidation or dissolution or an agreement for the sale or disposition of all or substantially all of our assets which our shareholders have approved.

Under these agreements, the term **cause** means:

engaging in intentional conduct that causes us demonstrable and serious financial injury;

conviction of a felony; or

continuing willful and unreasonable refusal by an officer to perform his or her duties or responsibilities.

Under these agreements, the term **good reason** means:

a breach of the agreement by us;

any reduction in an officer's base salary, percentage of base salary available as incentive compensation or bonus opportunity or benefits;

an officer's removal from, or any failure to reelect or reappoint him or her to serve in, any of the positions held with us on the date of the change in control or any other positions to which he is thereafter elected, appointed or assigned, except in the event that such removal or failure to reelect or reappoint relates to our termination of an officer's employment for cause or by reason of disability;

a good faith determination by an officer that there has been a material adverse change in his or her working conditions or status relative to the most favorable working conditions or status in effect during the 180-day period prior to the change in control, or, to the extent more favorable to him or her, those in effect at any time while employed after the change in control, including but not limited to a significant change in the nature or scope of his or her authority, powers, functions, duties or responsibilities or a significant reduction in the level of support services, staff, secretarial and other assistance, office space and accoutrements, but in each case excluding for this purpose an isolated, insubstantial and inadvertent event not occurring in bad faith that we remedy within 10 days after receipt of notice thereof⁽¹⁾;

relocation of an officer's principal place of employment to a location more than 35 miles from his or her principal place of employment on the date 180 days prior to the change in control;

imposition of a requirement that an officer travel on business 20% in excess of the average number of days per month he was required to travel during the 180-day period prior to the change in control;

our failure to cause a successor to assume an officer's agreement; or

only in the case of the Chief Executive Officer, a voluntary termination for any reason within 30 days following the first anniversary of any change of control.

⁽¹⁾ This provision applies to the agreements of all Named Executive Officers other than John L. Stauch.

The benefits under these agreements include:

upon any change in control:

incentive compensation awards for the year in question to be paid at target under the MIP or, in the case of the Named Executive Officers, under the EOPP⁽²⁾;

immediate vesting of all unvested stock options and termination of all restrictions on shares issued under the 2004 OSIP or 2008 OSIP, without regard to either plan's forfeiture provision⁽²⁾; and

reimbursement of any excise taxes triggered by payments to the executive and any additional taxes on this reimbursement.

⁽²⁾ Benefits pursuant to these compensation plans are also applicable to all other participants.

Table of Contents

upon termination of the executive by us other than for death, disability or cause or by the executive for good reason, after a change in control:

severance payable upon termination in an amount equal to 300% (for the Chief Executive Officer) or 250% (for the other Named Executive Officers) of annual base salary plus the greater of the executive's target bonus for the year in question or bonus received in the prior year;

replacement coverage for company-provided group medical, dental and life insurance policies for up to three years;

the cost of an executive search agency not to exceed 10% of the executive's annual base salary;

the accelerated accrual and vesting of benefits under the SERP (for those executives who have been made participants of such plan); and for executives having fewer than seven years of participation in the SERP, up to three additional years of services can be credited, up to a maximum of seven years of service.

up to \$15,000 in fees and expenses of consultants and legal or accounting advisors.

In the case of each Named Executive Officer, the agreement also requires the executive to devote his or her best efforts to us or our successor during the three-year period, to maintain the confidentiality of our information during and following employment and to refrain from competitive activities for a period of one year following termination of employment with us or our successor.

Change in Control Provisions of Incentive Plans

The EOPP also contains provisions that apply in the event of a change in control. For the year in which a change in control occurs, awards for such year are determined by using the participants' annual base salary as in effect immediately before the change in control and by assuming the performance goals for that year have been attained at target levels. Such awards must be paid to the participant within 10 days of the change in control. In addition, certain requirements are modified or eliminated, including the requirement that a participant remain employed through the end of the applicable incentive period, completion of an annual audit, review and approval by the Compensation Committee. The EOPP also includes a provision that eliminates the Compensation Committee's discretion to reduce awards.

The 2004 OSIP provides that, upon a change in control:

all outstanding options granted under the 2004 OSIP that are unvested become fully vested; and

all restrictions applicable to outstanding shares of restricted stock granted under the Plan shall automatically lapse and any dividends declared but unpaid with respect to such restricted stock shall be paid to the executive within 10 days of the date of the change of control.

The 2008 OSIP provides that, upon a change in control:

all outstanding options granted under the 2008 OSIP that are unvested become fully vested;

all restrictions applicable to outstanding shares of restricted stock granted under the 2008 OSIP shall automatically lapse and any dividends declared but unpaid with respect to such restricted stock shall be paid to the executive within 10 days of the date of the change of control;

all restrictions applicable to outstanding restricted stock units and dividend equivalent units granted under the 2008 OSIP shall automatically lapse and any dividends declared but unpaid with respect to such dividend equivalent units shall be paid to the executive within 10 days of the date of the change of control; and

all cash-settled performance units for which the performance period has not expired will be cancelled in exchange for a cash payment equal to the amount that would have been due under such awards if the performance goals measured at the time of the change of control were to continue to be achieved at the same rate through the end of the performance period, or if higher, assuming the target performance goals had been met at the time of the change of control.

Table of Contents**Quantification of Compensation Payable upon Change in Control**

The amount of compensation payable to each Named Executive Officer upon a change of control and termination of the executive by us other than for death, disability or cause or by the executive for good reason after a change in control is shown below. The amounts shown assume that such termination was effective as of December 31, 2008, and thus are estimates of the amounts that would be paid out to the executives upon a change in control or their termination following a change in control. The actual amounts to be paid out can only be determined at the time of such change in control or executive's separation.

- (1) Triggered only upon a change of control and a termination of the executive officer by us other than for death, disability or cause or by the executive for good reason.

- (2) Triggered solely upon a change of control.

The amounts above assume that:

our Common Stock was valued at \$23.67, the closing market price for our Common Stock on December 31, 2008;

outplacement services fees are the maximum possible under the change in control agreements (10% of annual base salary) for each executive officer, except for Mr. Hogan and Mr. Schrock, for which outplacement services are assumed to be \$50,000;

legal and accounting advisor fees are the maximum possible under the change in control agreements for each executive officer; and

medical, dental and life insurance coverage will continue for three years after termination at the current cost per year for each executive.

In determining the amount of any excise tax gross up included in the tables above, we made the following material assumptions: an excise tax rate of 20% under Section 280G of the Internal Revenue Code, a combined federal and state individual tax rate of 41.9%, and we would be able to overcome any presumption that stock option and restricted stock grants in 2008 were made in contemplation of a change in control pursuant to regulations promulgated under the Internal Revenue Code. In addition, the change in control agreements provide that if the payments would not be subject to the excise tax if the payments were reduced by an amount that is less than 10% of the portion of the payments that would be treated as parachute payments under the Internal Revenue Code, then payments will be reduced so that the excise tax will not apply and the executive will not receive a gross up. Under the assumptions used for the calculations set forth above, this provision would not have been applicable to any of the Named Executive Officers. Furthermore, it was assumed that no value will be attributed to any non-competition agreement. At the time of any such change in control, a value may be attributed, which would result in a reduction of amounts subject to the excise tax.

Table of Contents**DIRECTOR COMPENSATION**

We use a combination of cash and equity-based incentive compensation to attract and retain qualified directors. Compensation of our directors reflects our belief that a significant portion of directors' compensation should be tied to long-term growth in shareholder value.

Mr. Hogan, our only employee-director, is not and will not be separately compensated for service as a member of the Board.

In 2008, non-employee directors were compensated as set forth below.

Annual Retainers

Annual retainers for non-employee directors' service on the Board and Board Committees are as follows:

Board Retainer	\$40,000
Lead Director Supplemental Retainer	20,000
Audit Committee Chair Supplemental Retainer	20,000
Compensation Committee Chair Supplemental Retainer	10,000
Governance Committee Chair Supplemental Retainer	5,000
International Committee Chair Supplemental Retainer	5,000
Audit Committee Retainer	9,000
Other Committee Retainer (per committee)	4,000

Attendance Fees

For Board meetings, we paid each director \$2,000 for personal attendance and \$500 for attendance by telephone (or video conference). For committee meetings lasting less than two hours, we paid directors \$1,500 for personal attendance (\$2,000 for committee Chairs), and \$500 for attendance by telephone (or video conference). For committee meetings lasting longer than two hours, we paid the directors \$2,500 (\$3,000 for committee Chairs) for personal attendance and \$1,000 for attendance by telephone (or video conference). We paid each director \$2,000 to attend our management's annual strategic planning meeting.

Deferred Compensation

Under the current Compensation Plan for Non-Employee Directors, our non-employee directors may elect to defer payment of all or a portion of their annual retainer and meeting fees in the form of share units. The value of a share unit is equal to the market value of a share of Common Stock. Share units carry no voting or investment power. We currently match 15% of the amount of the annual retainer that is deferred. A portion of our directors' fees also may be paid directly in the form of share units under the equity compensation provisions of the Plan; however, no director was paid in that manner in 2008.

Stock Options

Non-employee directors also receive an equity grant as a part of their compensation. Under the Outside Directors Nonqualified Stock Option Plan, which expired in January 2008, non-employee directors received each year options to purchase 10,000 shares of Common Stock, without regard to the grant date fair value. The options were exercisable at the closing price of our stock on the date of grant, had a ten-year term and vested in one-third increments on the first, second and third anniversaries of the grant date. Eight of our ten non-employee directors received option grants in 2008 under the Outside Directors Nonqualified Stock Option Plan.

One director was appointed to the Board following termination of the Plan and was granted a similar option as of the date of her appointment, subject to ratification by the shareholders of the proposed 2008 Pentair, Inc. Omnibus Stock Incentive Plan (the 2008 OSIP), which was approved by shareholders in May 2008. Future grants of equity awards for non-employee directors will also be made under the 2008 OSIP, including those granted in January 2009.

Table of Contents**Stock Ownership Guidelines**

Within five years after election, non-employee directors are expected to acquire and hold our Common Stock or stock equivalents having a value equal to five times the annual board retainer for non-employee directors.

Table of Contents**PROPOSAL 2****The Approval of our Executive Officer Performance Plan for Purposes of Internal Revenue Code Section 162(m)**

We are asking shareholders to approve the Pentair, Inc., Executive Officer Performance Plan (the EOPP). As described under the heading Annual Incentive Compensation Plan on page 15, the EOPP is a component of our overall compensation program that closely aligns annual incentive pay with the achievement of our financial objectives; key executives earn annual bonuses if we achieve specific performance goals established by the Compensation Committee.

As explained more fully under Impact of Tax Considerations on page 24, under Section 162(m) of the Internal Revenue Code (the Code), we are not entitled to a deduction for certain executive compensation in excess of \$1,000,000. To enable us to continue to pay compensation under the EOPP that will constitute qualified performance-based compensation for purposes of Section 162(m) of the Code, we must, at the Annual Meeting, obtain shareholder approval of the EOPP. This approval would also apply with respect to awards under the EOPP tied to the achievement of performance goals for 2009 that the Compensation Committee adopted on February 23, 2009. These awards are described below under the heading New Plan Benefits.

Below is a summary of the principal provisions of the EOPP. Capitalized terms have the meanings set forth in the Amended and Restated EOPP that was adopted by the Compensation Committee on February 23, 2009, to be effective January 1, 2009. The following description of the Amended and Restated EOPP is qualified in its entirety by reference to the Amended and Restated EOPP attached to this Proxy Statement as Appendix B.

General. The EOPP is administered by the Compensation Committee. Committee members must qualify as outside directors under Section 162(m) of the Code in order for cash awards under the EOPP to qualify as deductible performance-based compensation under the Code. Each Committee member meets this requirement. Subject to the terms of the EOPP, the Committee has the sole discretion to determine the key employees who will participate in the EOPP and the amounts, terms and conditions of each award.

Eligibility. In selecting participants for the EOPP, the Committee chooses those senior executives the Committee believes are most likely to make significant contributions to our success. The actual number of employees who receive awards under the EOPP cannot be determined in advance because eligibility for participation is at the discretion of the Committee. All of our current executive officers participate in the EOPP. An individual's participation in future years is at the discretion of the Committee. An employee who participates in the EOPP is not eligible for an incentive award under our Management Incentive Plan, or MIP, a more broadly-based cash bonus plan, with respect to the same performance period.

EOPP Awards and Performance Goals. The Committee establishes for each performance period (a) the performance goals based on business criteria and the target levels of performance, and (b) a formula for calculating a participant's award based on actual performance compared to the pre-established performance goals. The Committee has the discretion to choose one or more appropriate standards for measuring performance from among the following: net income; income from continuing operations; stockholder return; stock price appreciation; earnings per share (including diluted earnings per share); net operating profit (including after tax); revenue growth; sales; sales growth (including organic sales growth); return on equity; return on investment; return on invested capital (including after-tax); earnings before interest, taxes, depreciation and amortization; operating income; operating margin; market share; return on sales; asset reduction, cost reduction; return on equity; cash flow (including free cash flow); and new product releases. In addition, the EOPP provides that no amounts shall be payable for a performance period if our operating income in that period is zero or less. The Committee has historically set thresholds for each target measure below which no incentive compensation would be earned.

Table of Contents

As to each performance goal, the relevant measurement of performance will be computed in accordance with generally accepted accounting principles, if applicable, except that, unless the Committee determines otherwise at the time of establishing the performance goals, the effects of discontinued operations and dispositions will be included and the effects of any or all of the following will be excluded: charges for reorganizing and restructuring, including severance costs; asset write-downs; gains or losses on the disposition of a business or business segment; changes in tax or accounting principles, regulations or laws; extraordinary, unusual and/or non-recurring items of gain or loss; mergers or acquisitions; litigation, claims, judgments or settlements; the effects of changes in other laws or regulations affecting reported results; cash flow associated with the funding of pension plans; and accruals of any amounts for payment under the EOPP or any other compensation arrangements that we maintain.

The Committee may set performance periods and performance goals that differ from participant to participant. For example, the Committee may designate performance goals based on either corporate-wide or business unit results, as appropriate for the participant's specific responsibilities. After the end of each performance period, the Committee determines the extent to which the performance goals for each participant were achieved. The Committee then determines the actual award, if any, for each participant by the level of actual performance achieved. The Committee, however, retains discretion to eliminate or reduce the actual award payable to any participant below that which otherwise would be payable under the applicable formula, but may not increase the award. Awards under the EOPP are generally payable in cash after the end of the performance period during which the award was earned.

Maximum Award. During any fiscal year no participant may receive an award of more than \$3,500,000.

Amendments and Termination. The Committee may amend or terminate the EOPP at any time and for any reason. To maintain the plan's qualification under Section 162(m), material amendments of the EOPP require shareholder approval.

Change in Control. We have entered into agreements with our key corporate executives and business division leaders (including all Named Executive Officers) that provide for contingent benefits upon a change in control. These agreements, which are described under *Change in Control Agreements* on page 33, provide that, in the event of a change in control, a participant in the EOPP as of the date of such change in control is entitled to receive (a) payment of any outstanding but unpaid award for the prior year and (b) an award for the fiscal year in effect as of the change in control using the annual base salary rate as in effect immediately before the change in control and assuming the EOPP goals for such year have been attained. Such amounts are payable within 10 days of the change in control, subject to any irrevocable deferral election then in effect. In addition, certain other provisions or requirements applying to awards under the EOPP are modified or eliminated in the event of a change in control, including the authority of the Committee to reduce an award, the minimum operating income requirement, the requirement of an annual audit and the requirement that a participant remain employed through the end of the incentive period.

Federal Income Tax Information. As discussed under *Impact of Tax Considerations* on page 24, we are not entitled to a deduction under Section 162(m) of the Code for certain executive compensation in excess of \$1,000,000. This limitation, however, does not apply to compensation that qualifies as performance-based compensation under Section 162(m). If our shareholders approve this proposal, bonus awards paid under the objective performance criteria established under the EOPP will continue to so qualify. If our shareholders fail to approve this proposal, we may be unable to deduct some or all of any bonus awards paid under the objective performance criteria established under the EOPP.

New Plan Benefits. On February 23, 2009, the Committee approved EOPP awards and related performance goals for 2009. At this meeting, the Committee identified eligible participants for 2009, as well as a formula for calculating each participant's 2009 award based on actual performance compared to his or her performance goals. The New Plan Benefits Table below sets forth the minimum, threshold, target and maximum dollar value of awards for 2009 under the EOPP to (i) each of our Named Executive Officers, (ii) all of our current executive officers as a group, and (iii) all participating employees who are not executive officers as a group. Non-executive directors are not eligible to participate in the EOPP. Because EOPP awards are subject to adjustment as described under the heading *Annual Incentive Compensation Plan* on page 15, the performance awards that will be granted under the EOPP in the future to any single employee or group of employees are not determinable.

PROPOSAL 3

**The Ratification of Appointment of Deloitte & Touche LLP
as our Independent Registered Public Accounting Firm for 2009**

At its February 23, 2009 meeting, our Audit Committee approved the appointment of Deloitte & Touche LLP as our independent registered public accounting firm to audit our consolidated financial statements for the year ending December 31, 2009. We are seeking the shareholders' ratification of such action. If the shareholders do not ratify the appointment of Deloitte & Touche LLP, the Audit Committee will make another appointment effective for the subsequent fiscal year. Even if the shareholders ratify the appointment, the Audit Committee, in its discretion, may select a new independent auditor at any time that it believes such change would be in our best interests and in the best interests of our shareholders.

We expect that representatives of Deloitte & Touche LLP will attend the Annual Meeting and be available to make a statement or respond to appropriate questions.

Table of Contents**AUDIT COMMITTEE DISCLOSURE****Audit Committee Pre-approval Policy**

The Audit Committee reviews and approves the external auditor's engagement and audit plan, including fees, scope, staffing and timing of work. In addition, the Audit Committee Charter limits the types of non-audit services that may be provided by the independent auditor. Any permitted non-audit services to be performed by the independent auditor must be pre-approved by the Audit Committee after the Committee is advised of the nature of the engagement and particular services to be provided. The Committee pre-approved audit fees and all permitted non-audit services of the independent auditor in 2008. Responsibility for this pre-approval may be delegated to one or more members of the Committee; all such approvals, however, must be disclosed to the Audit Committee at its next regularly scheduled meeting. The Audit Committee may not delegate authority for pre-approvals to management.

The Board itself is responsible for selecting its own members and recommending them for election by the shareholders. The Board delegates the screening process involved to the Governance Committee, which recommends to the Board the names of qualified candidates to be nominated for election or re-election as Directors in accordance with the criteria set forth in these Corporate Governance Principles and the Governance Committee Charter. The Board and the Company have implemented an orientation process for new Directors that includes background material, meetings with senior management and visits to Company facilities.

The Governance Committee will consider persons recommended by shareholders to become nominees for election as Directors in accordance with the criteria set forth in these Corporate Governance Principles. Recommendations for consideration by the Governance Committee should be sent to the Secretary of the Company in writing together with appropriate biographical information concerning each proposed nominee. The Company's bylaws also set forth certain requirements for shareholders wishing to nominate director candidates directly for consideration by shareholders.

3) Extending the Invitation to a Potential Director to Join the Board

The invitation to join the Board should be extended by the Board itself via the Chairman of the Board and Chief Executive Officer of the Company, together with an independent director, when appropriate.

Board Leadership

4) Selection of Chairman and Chief Executive Officer

The By-Laws of the Company permit the Chairman of the Board and the Chief Executive Officer to be the same or different persons. The Board is free to make this choice in any way that the Board deems to be in the best interests of the Company and its shareholders.

Therefore, the Board does not have a policy, one way or the other, on whether or not the role of the Chairman of the Board and Chief Executive Officer should be separate or combined and, if it is to be separate, whether the Chairman should be selected from the non-employee Directors or be an employee.

Board Composition and Performance

5) Size of the Board

The Board is limited to eleven members by the By-Laws of the Company. The consensus of the Board is that this is an appropriate size. Any change to the size of the Board would require an amendment to the By-Laws of the Company in such a way that shareholder approval of that change would be required.

6) Mix of Management and Independent Directors

At least a majority of the Board shall be Independent Directors. The Board believes that management should encourage executive officers to understand that Board membership is not necessary or a prerequisite to any higher management position in the Company. Executive officers other than the Chief Executive Officer currently attend portions of Board meetings on a regular basis even though they are not members of the Board.

7) Board Definition of What Constitutes Independence for Directors

For a Director to qualify as Independent :

- a. The Board of Directors must affirmatively determine that the Director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a material relationship with the Company) that would prevent the Director from acting independently of management of the Company, taking into account all relevant facts and circumstances. The Board shall consider both from the standpoint of the Director and from the standpoint of the persons or organizations with which the Director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others.

- b. Presently and within the immediately preceding three (3) year period:

A- 2

Table of Contents

- (i) the Director shall not be or have been an employee of the Company or any affiliate of the Company, other than as interim CEO or Chairman; an Immediate Family Member shall not be an executive officer of the Company or any affiliate of the Company;
 - (ii) the Director shall not be or have been affiliated with or employed by a present or former (during the immediately preceding three (3) year period) internal or external auditor of the Company; an Immediate Family Member shall not be or have been affiliated with or employed in a professional capacity by a present or former (during the immediately preceding three (3) year period) internal or external auditor of the Company;
 - (iii) neither the Director nor an Immediate Family Member shall be or have been employed (during the immediately preceding three (3) year period) as an executive officer of another company where an executive officer of the Company serves on the compensation committee of such other company;
 - (iv) the Director shall not be an executive officer or an employee of another company (A) that accounts for at least \$1 million or two percent (2%), whichever is greater, of the Company's consolidated gross revenues or (B) for which the Company accounts for at least \$1 million or two percent (2%), whichever is greater, of such other company's consolidated gross revenues; an Immediate Family member shall not be an executive officer of another company (A) that accounts for at least \$1 million or two percent (2%), whichever is greater, of the Company's consolidated gross revenues or (B) for which the Company accounts for at least \$1 million or two percent (2%), whichever is greater, of such other company's consolidated gross revenues; or
 - (v) neither the Director nor an Immediate Family Member shall receive or have received more than \$100,000 per year during the immediately preceding three (3) year period in direct compensation from the Company (other than director and committee fees and pension or other forms of deferred compensation, so long as such compensation is not contingent in any way on continued service).
- c. For purposes of the independence determination,

Immediate Family Member includes a Director's spouse, parents, children, siblings, mothers and father-in-law, sons and daughters-in-law and brothers and sisters-in-law and anyone who shares the same home as such Director (other than domestic employees).

Company includes any parent or subsidiary in a consolidated group with the Company.

8) Former Chairman/Chief Executive Officer's Board Membership

The Board believes this is a matter to be decided in each individual instance. When a Chairman of the Board or Chief Executive Officer resigns from that position, he or she shall submit his or her resignation from the Board at the same time. Whether the individual continues to serve on the Board is a matter to be determined by the Governance Committee and the Board. A former Chairman or Chief Executive Officer serving on the Board will not be considered an independent Director.

9) Directors Who Change Their Present Job Responsibility

When a Director's principal occupation or business association changes substantially from the position he or she held when originally invited to join the Board, the Director shall tender a letter of resignation for the Governance Committee to consider. The Committee will review whether the new occupation, or retirement, of the Director is consistent with the specific rationale for originally selecting that individual and the guidelines for Board membership. The Committee will recommend to the Board any action to be taken in connection therewith.

All Directors are encouraged to limit the number of other boards (excluding non-profits) on which they serve, taking into account potential board attendance, participation and effectiveness on these boards. In order to permit more effective participation by every Director, the Board has determined to limit the number of Boards of Directors on which any Director may sit to four Boards in addition to the Company's. All Directors shall advise the Chief Executive

Officer, the Chairman of the Board and the Chairman of the Governance Committee in advance of accepting an invitation to serve on another board or the audit committee of another board. The Company will review any potential conflicts of interest or other matters that may affect the Director's independence and advise the Chairman of the Governance Committee as to the results of the review. The Chairman of the Governance Committee will confirm suitability of the proposed directorship or audit committee membership with the Director prior to his or her acceptance of the position. If a Director desires to accept a position on the Board or the audit committee of another public company, that Director must confirm to the Board of the Company that he or she has the time and the capability, notwithstanding the new position, to fulfill his or her responsibilities as a Director of the Company.

Table of Contents

10) Term Limits

The Board has not adopted term limits for non-employee Directors.

11) Election of Directors Following Appointment

The Board may, but need not, appoint Directors at any time to fill vacancies on the Board. Pentair's Articles of Incorporation require that each appointed Director must stand for election at the next succeeding annual meeting of shareholders for the remaining term of the class of Directors to which he or she was appointed.

12) Retirement Age

A Director must retire at the first annual meeting of the Company's shareholders immediately following such Director's 70th birthday.

13) Board Compensation and Stock Ownership Guidelines

It is appropriate for the staff of the Company to report once a year to the Governance Committee the status of the Pentair Board compensation in relation to its peers and the targeted comparable companies. As part of a Director's total compensation and to create a direct linkage with corporate performance, the Board believes that a meaningful portion of a Director's compensation should be provided and held in stock options and/or common stock units. Within five years after election, Directors are expected to acquire and hold Company stock or stock equivalents having a value equal to five times the annual retainer for Directors.

Compensation for non-employee Directors and Committee chairpersons shall be consistent with the market practices of other reasonably comparable companies, but shall not be at a level or in a form that would call into question the Board's objectivity. Directors who are employees of the Company will receive no additional compensation for serving as a Director of the Company.

Changes in Board compensation, if any, should come at the suggestion of the Governance Committee, but with full discussion and concurrence by the Board.

14) Executive Sessions of Independent Directors

The non-management Directors of the Board will meet in Executive Session at each regular meeting of the Board and as needed at each special meeting of the Board. If the non-management Directors include directors who are not Independent Directors, then the Independent Directors will meet at least once a year in Executive Session including only Independent Directors. Executive Sessions will be chaired by the Lead Director selected by the Board.

15) Assessing the Board's Performance

The Governance Committee is responsible to report annually to the Board an assessment of the Board's performance. In addition, each Committee is responsible to report annually to the Board an assessment of that Committee's performance. These assessments will be discussed with the full Board, which will evaluate whether the Board and its committees are functioning effectively. This should be done following the end of each fiscal year and at the same time as the report on Board membership criteria.

These assessments should be of the Board's contribution as a whole and specifically review areas in which the Board and/or the management believes a better contribution could be made in order to increase the effectiveness of the Board.

16) Director Continuing Education

All Directors are encouraged to attend appropriate director continuing education programs. The fees for one such program per year, including reasonable travel and out-of-pocket expenses, will be paid by the Company to the extent not paid or reimbursed by any other organization.

Table of Contents

Responsibilities of the Board

17) Responsibilities and Duties

The primary responsibility of the Board is to oversee the performance of the Company, its plans and prospects, as well as immediate issues facing the Company. Directors are expected to attend all scheduled meetings of the Board and the Committees on which they serve and all meetings of shareholders. In addition to its general oversight of management, the Board (either directly or through its committees) also performs a number of specific functions, including:

- a. Representing the interests of the Company's shareholders in maintaining and enhancing the success of the Company's business, including optimizing long-term returns to increase shareholder value;
- b. Selecting, evaluating and compensating a well-qualified Chief Executive Officer of high integrity, and overseeing Chief Executive Officer succession planning;
- c. Providing counsel and oversight on the selection, evaluation, development and compensation of senior management;
- d. Reviewing, approving and interacting with senior management with respect to the Company's fundamental financial and business strategies and major corporate actions, including strategic planning, management development and succession, operating performance and shareholder returns;
- e. Assessing major risks facing the Company and reviewing options for their mitigation;
- f. Ensuring processes are in place for maintaining the integrity of the Company, the integrity of its financial statements, the integrity of its compliance with law and ethics, the integrity of its relationships with customers and suppliers and the integrity of its relationships with other stakeholders; and
- g. Providing general advice and counsel to the Chairman of the Board, Chief Executive Officer and other senior management personnel.

18) Board Access to Independent Advisors

The Board and each committee are authorized to retain and consult with independent advisors, as is necessary and appropriate, without consulting management.

19) Shareholder Communications with Directors

Shareholders and other interested parties may communicate with the full Board, non-management Directors as a group or individual Directors, including the Lead Director, if any, or the Director who chairs Executive Sessions, by providing such communication in writing to the Company's Secretary, who will directly provide such communication to the full Board or specified Directors, as the case may be.

Board Relationship to Senior Management

20) Regular Attendance of Non-Directors at Board Meetings

Senior management non-Board members may attend the meetings of the Board at its discretion. In addition, the Board may request the attendance of other individuals as necessary or appropriate.

21) Board Access to Senior Management

Board members have complete access to the Company's management. Board members will use their judgment to be sure that this contact is not distracting to the business operation of the Company.

Furthermore, the Board encourages the management to, from time to time, bring managers into Board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas, and/or (b) are managers with future potential that the senior management believes should be given exposure to the Board.

Table of Contents

Meeting Procedures

22) Selection of Agenda Items for Board Meetings

The Chairman of the Board will establish the agenda for each Board meeting in consultation with the Lead Director. Each Board member is free to request the inclusion of additional items on the agenda.

23) Board Materials Distributed in Advance

Information and data that is important to the Board's understanding of the business will be distributed in writing to the Board before the Board meets with reasonable time provided for review.

24) Board Presentations

As a general rule, presentations on specific subjects should be sent to the Board members in advance so that Board members are adequately informed and prepared and discussion time focused on questions that the Board has about the material.

Committee Matters

25) Number, Structure and Independence of Committees

From time to time, the Board may want to form a new committee or disband a current Committee depending upon the circumstances. The current four committees are Audit and Finance, Compensation, Governance, and International. The Audit and Finance, Compensation and Governance committees shall be composed solely of Independent Directors.

26) Assignment and Rotation of Committee Members

The Governance Committee is responsible, after consultation with the Chairman of the Board and with consideration of the desires of individual Board members, for the assignment of Board members to various committees.

It is the sense of the Board that consideration should be given to rotating Committee members periodically, but the Board does not believe that such a rotation should be mandated as a policy since there may be reasons at a given point in time to maintain an individual Director's committee membership for a longer period.

Any Board member is welcome to attend the meetings of any Committee of the Board, whether or not a member of such Committee.

27) Frequency and Length of Committee Meetings

The Committee Chair, in consultation with committee members, will determine the frequency and length of the meetings of the Committee.

28) Committee Agenda

The Chair of the Committee, in consultation with the appropriate members of the Committee and management, will develop the Committee's agenda.

Leadership Development

29) Formal Evaluation of the Chairman and the Chief Executive Officer

The Compensation Committee and the other Independent Directors shall make this evaluation annually, and it should be communicated to the Chief Executive Officer by the Chair of the Compensation Committee and the Lead Director. The evaluation should be based on objective criteria including performance of the business, accomplishment of long-term strategic objectives, development of management, etc. The evaluation will be used by the Compensation Committee in the course of its deliberations when considering the compensation of the Chief Executive Officer.

30) Succession Planning

The Governance Committee and the Chief Executive Officer will provide to the Board an annual report on succession planning.

Table of Contents

There should also be available to the Governance Committee Chair and the Lead Director, on a continuing basis, the Chief Executive Officer's recommendation as a successor should the Chief Executive Officer be unexpectedly disabled. If such a vacancy occurs, the Governance Committee shall recommend a successor, whether interim or permanent, to the Board.

Nothing in these Corporate Governance Principles is intended to expand the fiduciary duty or other legal obligations of Board members or officers of the Company beyond those provided for under applicable law or regulation.

AS AMENDED AND RESTATED

Table of Contents

- (b) adopt such rules, regulations, agreements and instruments as it deems necessary for its proper administration;
 - (c) select key employees to receive Awards;
 - (d) determine the terms of Awards;
 - (e) determine amounts subject to Awards (within the limits prescribed in the Plan);
 - (f) determine whether Awards will be granted in replacement of or as alternatives to any other incentive or compensation plan of Pentair or one of its business units;
 - (g) grant waivers of Plan or Award conditions (but, with respect to Awards intended to qualify under Code Section 162(m), only as permitted under that Section);
 - (h) accelerate the payment of Awards (but, with respect to Awards intended to qualify under Code Section 162(m), only as permitted under that Section);
 - (i) correct any defect, supply any omission, or reconcile any inconsistency in the Plan, any Award, or any Award notice;
 - (j) take any and all other actions it deems necessary or advisable for the proper administration of the Plan;
 - (k) adopt such Plan procedures, regulations, and sub-plans as it deems are necessary to enable Plan participants to receive Awards; and
 - (l) amend the Plan at any time and from time to time, provided, however, that no amendment to the Plan shall be effective unless approved by Pentair stockholders, to the extent such stockholder approval is required under Code Section 162(m) with respect to Awards which are intended to qualify under that Section.
- 3.2 The Committee may delegate its authority to grant and administer Awards to a separate committee; however, only the Committee may grant and administer Awards which are intended to qualify as performance-based compensation under Code Section 162(m).

IV. ELIGIBILITY AND PARTICIPATION

The Committee shall determine the key employees of Pentair eligible to participate under the Plan. Eligibility shall be determined by the magnitude and scope of the employee's position. An employee who participates in the Plan with respect to a Performance Period is not eligible for an incentive award under the Pentair Management Incentive Plan with respect to the same period.

Table of Contents

V. PERFORMANCE GOALS AND AWARDS

5.1 Prior to the start of a Performance Period, the Committee shall establish the Performance Goals for a Participant with respect to such period; provided, however, such goals may be established after the start of the Performance Period, and while achievement of such goals is substantially uncertain, and within such time periods as are permitted by Treasury Regulations issued under Code Section 162(m). As to each Performance Goal, the relevant measurement of performance shall be computed in accordance with generally accepted accounting principles, if applicable, except that, unless the Committee determines otherwise at the time of establishing the Performance Goals:

(a) the effects of discontinued operations and dispositions shall be included, and

(b) the effects of (i) charges for reorganizing and restructuring, including severance costs, (ii) asset write-downs, (iii) gains or losses on the disposition of a business or business segment, (iv) changes in tax or accounting principles, regulations or laws, (v) extraordinary, unusual and/or non-recurring items of gain or loss, (vi) mergers or acquisitions, (vii) litigation, claims, judgments or settlements, (viii) the effects of changes in other laws or regulations affecting reported results, (ix) cash flow associated with the funding of pension plans, and (x) accruals of any amounts for payment under this Plan or any other compensation arrangements maintained by Pentair, shall in each case be excluded.

5.2 Regardless of the Performance Goals so established and achieved, no amount shall be payable under an Award for a Performance Period if Pentair's operating income (after corporate charges) is zero or less or if Pentair or one of its business units fails to satisfy any other minimum performance requirement imposed by the Committee.

5.3 The maximum amount payable to a Participant under an Award with respect to a Performance Period, expressed as a percentage of base salary, shall be set by the Committee at the time it sets the Performance Goal(s) for such period; provided, however, in no event shall the aggregate amount payable to any Participant under all Awards granted with respect to the same Performance Period exceed three and one-half million dollars (\$3,500,000).

5.4 The amount payable under an Award as measured by achievement of the Performance Goals may be reduced or eliminated by the Committee in its sole discretion.

5.5 A Participant shall not be entitled to receive an Award unless actively employed by Pentair or one of its business units on the last day of the Performance Period to which the Award relates. The Committee may make exceptions to this requirement in the case of retirement, death, or disability as determined in its sole discretion.

VI. PAYMENT OF PERFORMANCE AWARDS

The amount payable under an Award shall be paid in cash as soon as administratively feasible after written certification by the Committee that the Performance Goals and other material terms of the Performance Award for the Performance Period have been satisfied, and the amount of the Award has been finally determined, but in no event later than March 15 following the year in which the Performance Period ends.

VII. PLAN AMENDMENT AND TERMINATION

Notwithstanding any provision herein to the contrary, the Committee may, at any time, terminate or, from time to time, amend, modify or suspend the Plan. No Award may be granted during any suspension of the Plan or after its termination. No such termination or amendment shall alter a Participant's right to receive an amount finally awarded but unpaid to such participant at the time of the termination or amendment.

Table of Contents

VIII. GENERAL PROVISIONS

8.1 The Plan shall become effective for Performance Periods beginning on or after January 1, 2009, subject to stockholder approval of this amended and restated Plan document. Any Award that is intended to qualify under Code Section 162(m) and that is granted prior to the date the Pentair stockholders approve this Plan shall be ineffective unless the Plan is approved by such stockholders.

8.2 Nothing contained herein shall be construed to limit or affect in any manner or degree the normal and usual powers of management, including the right at any time to terminate the employment of a Participant or remove him or her from Plan participation.

8.3 The judgment of the Committee in administering the Plan shall be final, conclusive, and binding upon all officers and employees of Pentair and its subsidiaries, and their heirs, executors, personal representatives, and assigns.

8.4 In the event of death, a Participant's designated beneficiary shall be entitled to the Award. If a Participant does not designate a beneficiary in writing, the Participant's beneficiary(ies) will be the Participant's estate.

8.5 A Participant does not have the right to assign, transfer, encumber, or dispose of any Award under the Plan until it is distributed to the Participant. No Award is liable to the claims of any creditor of the Participant until it is distributed to him or her.

8.6 Calculations will exclude the impact of periodic change in accounting methods required by the Financial Accounting Standards Board after the Performance Goals for a Performance Period are established.

8.7 Except to the extent superseded by the laws of the United States, the laws of the State of Minnesota, without regard to its conflict of laws principles, shall govern in all matters relating to the Plan.

8.8 In the event any provision of the Plan shall be held to be illegal or invalid for any reason, such illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if such illegal or invalid provisions had never been contained in the Plan.

8.9 Amounts payable under the Plan shall be subject to such tax and other withholding as required by law.

8.10 Except as otherwise expressly determined by the Committee with respect to a particular Award, the Plan shall be construed to the extent possible as providing for remuneration which is performance-based compensation within the meaning of Section 162(m) of the Code.

IX. CHANGE IN CONTROL

9.1 Change in Control means, with respect to a Participant, a change in control of Pentair as defined in such Participant's Key Executive Employment and Severance Agreement (KEESA) in effect with Pentair. If a Participant does not have a KEESA in effect, then a Change in Control with respect to such Participant means a change in control of Pentair as defined in the most recent KEESA entered into by Pentair with any employee prior to the change in control transaction.

9.2 If a Participant is employed by Pentair or one of its business units on the date of a Change in Control, or if a Participant or former Participant who has entered into a KEESA terminates employment before a Change in Control but is entitled to benefits under Section 2(b) of the KEESA, then the following provisions shall apply:

(a) If the Change in Control occurs prior to the end of the Performance Period to which an Award relates, the Award for such period shall be (i) determined by using the Participant's annual base salary rate as in effect immediately before the Change in Control and by assuming the Performance Goals for such period have been fully achieved, and (ii) paid to the Participant in cash within ten (10) days of the Change in Control, subject to any irrevocable deferral election then in effect.

Table of Contents

(b) If the Change in Control occurs at such time as the Participant or former Participant has not received payment of an Award for a prior Performance Period, such Award (based upon achievement of the Performance Goals for such period) shall be paid to the Participant or former Participant in cash within ten (10) days of the Change in Control, subject to any irrevocable deferral election then in effect.

(c) The requirement that the Participant remain employed through the end of the Performance Period to which the Award relates shall not apply.

(d) The requirement that an Award be paid after completion of an annual audit and completion of a review and approval by the Committee shall not apply.

(e) The Pentair operating income requirement, or any other minimum performance requirement imposed by the Committee, shall not apply.

(f) The Committee shall not have the discretion to directly or indirectly reduce or eliminate an Award.

(g) The dollar limit of Section 5.4 shall remain in effect.

These Change in Control provisions shall apply to the extent any other provision of the Plan may be in conflict with them. In the case of any conflict between the terms and provisions of this Plan and the terms and provisions of the KEESA entered into by a Participant or former Participant, the terms of such KEESA shall control to the extent more beneficial to the Participant or former Participant, and the obligations of Pentair under such KEESA shall be in addition to any of its obligations under the Plan.
