**7. BUSINESS SEGMENTS**

We provide our services to healthcare organizations, pharmaceutical and medical device companies, and other members within the healthcare industry. Our services are primarily focused on the delivery of education and training products and services (HealthStream Learning), as well as survey and research services (HealthStream Research). The accounting policies of the segments are the same as those described in the summary of significant accounting policies in our Annual Report on Form 10-K for the year ended December 31, 2007.

We measure segment performance based on operating income (loss) before income taxes and prior to the allocation of certain corporate overhead expenses, interest income, interest expense, and depreciation. We have revised our measure of segment performance and are now allocating building and utility expenses to Learning, which had previously been included in Unallocated. We have also restated historical periods for both Learning and Unallocated to reflect the allocation of these corporate overhead expenses. The following is our business segment information as of and for the three and six months ended June 30, 2008 and 2007.
