1. BACKGROUND INFORMATION

American Commerce Solutions, Inc. was incorporated in Rhode Island in 1991 under the name Jaque Dubois, Inc., and was re-incorporated in Delaware in 1994. In July 1995, Juque Dubois, Inc. changed its name to JD American Workwear, Inc. In December 2000, the stockholders voted at the annual stockholders meeting to change the name of JD American Workwear, Inc. to American Commerce Solutions, Inc. (the "Company")

The Company is primarily a holding company whose wholly owned subsidiary is engaged in the machining and fabrication of parts used in industry, and parts sales and service for heavy construction equipment.

2. GOING CONCERN

The Company has incurred substantial operating losses since inception. The Company recorded losses from continuing operations of \$251,260 and \$469,671 for the three-month periods ended May 31, 2003 and 2002, respectively. Current liabilities exceed current assets by \$1,495,550 at May 31, 2003. Additionally, the Company has been unable to meet obligations to its creditors as they have become due and is in default on several notes payable. The ability of the Company to continue as a going concern is dependent upon its ability to reverse negative operating trends, raise additional capital, and obtain debt financing.

Management has revised its business strategy to include expansion into other lines of business through the acquisition of other companies in exchange for the Company's stock. Although management has reduced debt, new financing to finance operations and to complete additional business acquisitions is still being sought. However, there can be no assurance that the Company will be able to raise capital, obtain debt financing, or improve operating results sufficiently to continue as a going concern.

The accompanying consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary if the Company is unable to continue as a going concern.

3. BASIS OF PRESENTATION

In the opinion of management, all adjustments consisting only of normal recurring adjustments necessary for a fair statement of (a) the results of operations for the three month periods ended May 31, 2003 and 2002, (b) the financial position at May 31, 2003, and (c) cash flows for the three month periods ended May 31, 2003 and 2002, have been made.

The unaudited consolidated financial statements and notes are presented as permitted by Form 10-QSB. Accordingly, certain information and note disclosures normally included in condensed financial statements prepared in accordance with accounting principles generally accepted in the United States of America have

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10QSB

been omitted. The accompanying consolidated financial statements and notes should be read in conjunction with the audited financial statements and notes of the Company for the fiscal year ended February 28, 2003. The results of operations for the three month period ended May 31, 2003 are not necessarily indicative of those to be expected for the entire year.

The Company records a common stock payable at the time consideration is received or the obligation is incurred.

This FILING contains forward-looking statements. The words "anticipated," "believe," "expect," "plan," "intend," "seek," "estimate," "project," "will," "could," "may," and similar expressions are intended to identify forward-looking statements. These statements include, among others, information regarding future operations, future capital expenditures, and future net cash flow. Such statements reflect the Company's current views with respect to future events and financial performance and involve risks and uncertainties, including, without

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10QSB

limitation, general economic and business conditions, changes in foreign, political, social, and economic conditions, regulatory initiatives and compliance with governmental regulations, the ability to achieve further market penetration and additional customers, and various other matters, many of which are beyond the Company's control. Should one or more of these risks or uncertainties occur, or should underlying assumptions prove to be incorrect, actual results may vary materially and adversely from those ANTICIPATED, believed, estimated, or otherwise indicated. Consequently, all of the forward-looking statements made in this FILING are qualified by these cautionary statements and there can be no assurance of the actual results or developments.

The Company cautions readers that in addition to important factors described elsewhere, the following important facts, among others, sometimes have affected, and in the future could affect, the Company's actual results, and could cause the Company's actual results during 2003 and beyond, to differ materially from those expressed in any forward-looking statements made by, or on behalf of, the Company.

This Management's Discussion and Analysis or Plan of Operation presents a review of the consolidated operating results and financial condition of the Company for the three month periods ended May 31, 2003 and 2002. This discussion and analysis is intended to assist in understanding the financial condition and results of operation of the Company and its subsidiaries. This section should be read in conjunction with the consolidated financial statements and the related notes.

MANUFACTURING SUBSIDIARY

The manufacturing subsidiary generates its revenues from three divisions. Division 1 provides specialized machining and repair services to heavy industry and original equipment manufacturers. Division 2 provides repair and rebuild services on heavy equipment used in construction and mining as well as sales of used equipment. Division 3 provides parts sales for heavy equipment directly to

the customer. The primary market of this segment is the majority of central and south Florida with parts sales expanding its market internationally. The current operations can be significantly expanded using the 38,000 square foot structure owned by International Machine and Welding, Inc.

The Company does not have discrete financial information on each division, nor does the Company make decisions on the divisions separately; therefore, they are not reported as segments.

COMPARISON OF THE RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED MAY 31, 2003 AND 2002.

RESULTS OF OPERATIONS

The Company owns one subsidiary that operated in the manufacturing segment during the three months ended May 31, 2003 and 2002. To facilitate the readers understanding of the Company's financial performance, this discussion and analysis is presented on a segment basis.

THREE MONTHS ENDED MAY 31, 2003 COMPARED TO MAY 31, 2002

General

The Company's consolidated net sales decreased to \$468,650 for the three months ended May 31, 2003 a decrease of \$47,406 from \$516,056 for the three months ended May 31, 2002, a decrease of 9%. This decrease was due to economic sluggishness in the area during the period.

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10QSB

Gross profit for the consolidated operations decreased to \$177,241 for the three months ended May 31, 2003 from \$214,571 for the three months ended May 31, 2002. Gross profit decreased as a percentage of sales to 37.82% from 41.58%. This change was due to the mix of sales recorded. Consolidated interest expenses for the three months ended May 31, 2003 was \$47,380 compared to \$77,477 for the three months ended May 31, 2002. The decrease in interest expense is due to successful debt refinancing and reduction of debt. The company incurred a net consolidated loss of \$251,260 for the three months ended May 31, 2003 compared to a loss of \$469,671 for the three months ended May 31, 2002. The decrease in the net consolidated loss is due to tighter controls exercised by management coupled with decreased interest expense.

Selling, general and administrative expenses decreased to \$388,166 for the three months ended May 31, 2003 from \$615,592 for the three months ended May 31, 2002, a decrease of \$227,426 or 36.94%. The decrease was mainly attributable to elimination of all non-essential expenses and staff reduction.

The company incurred a net consolidated loss of \$251,260 for the three months ended May 31, 2003 compared to a loss of \$469,671 for the three months ended May 31, 2002. The decrease in the net consolidated loss is due to tighter controls exercised by management, coupled with decreased interest expense. Despite this

improvement over the preceding year and because of these continuing losses the Company's ability to continue as a going concern is dependent upon its ability to raise additional capital and/or debt financing.

Manufacturing Subsidiary

The Manufacturing operation provided net sales of \$468,650 for the three months ended May 31, 2003 compared to \$516,056 for the three months ended May 31, 2002. The machining operations provided \$156,696 or 33.4% of net sales with parts and service providing \$311,954 or 66.6% of net sales for the three months ended May 31, 2003 as compared to machining operations contributing \$198,483 or 38.5% of net sales with parts and service providing \$317,573 or 61.5% of net sales for the three months ended May 31, 2002. This increase in the lower margin machining division partially accounts for the decrease in gross profit margin.

Gross profit from the Manufacturing operation was \$177,241 for the three months ended May 31, 2003 compared to \$214,571 for the three months ended May 31, 2002 providing gross profit margins of 37.8% and 41.6%, respectively.

Selling, general and administrative expenses were \$388,166 for the three months ended May 31, 2003 compared to \$615,592 for the three months ended May 31, 2002. Interest expenses were \$47,380 for the three months ended May 31, 2003 compared to \$77,477 for the three months ended May 31, 2002.

LIQUIDITY AND CAPITAL RESOURCES

During the three months ended May 31, 2003 and May 31, 2002, the Company provided (used) net cash for operating activities of \$77,468 and (\$56,676), respectively. Accounts receivable decreased to \$106,038 at May 31, 2003 from \$169,040 at February 28, 2003, a decrease of \$63,002, or 37.3%.

During the three months ended May 31, 2003 and 2002, the Company used funds for capital expenditures of \$6,149 and \$5,979, respectively. Cash flows from operations and loans or the sale of equity provided for working capital needs and principal payments on long-term debt through May 31, 2003. To the extent that the cash flows from operations are insufficient to finance the Company's anticipated growth, or its other liquidity and capital requirements during the next twelve months, the Company will seek additional financing from alternative sources including bank loans or other bank financing arrangements, other debt financing, the sale of equity securities (including those issuable pursuant to

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10QSB

the exercise of outstanding warrants and options), or other financing arrangements. However, there can be no assurance that any such financing will be available and, if available, that it will be available on terms favorable or acceptable to the Company.

SEASONALITY

The diversity of operations in the Manufacturing Segment protects it from seasonal trends except in the sales of agricultural processing where the majority of the revenue is generated while the processors await the next harvest.
