PROXY STATEMENT

GENERAL INFORMATION

This proxy statement is furnished to shareholders in connection with the solicitation of proxies by the Board of Directors of Transmation, Inc. (the Company) to be used at the Annual Meeting of Shareholders of the Company, which will be held at the Hutchinson House, 930 East Avenue, Rochester, New York, on Tuesday, August 20, 2002 at 12:00 noon, local time, and at any adjournments thereof (the Meeting). This proxy statement and accompanying form of proxy are being first mailed to shareholders on or about July 17, 2002. The proxy, when properly executed and received by the Secretary of the Company prior to the Meeting, will be voted as therein specified unless revoked by filing with the Secretary prior to the Meeting a written revocation or a duly executed proxy bearing a later date. Unless authority to vote for one or more of the director nominees is specifically withheld according to the instructions, a signed proxy will be voted FOR the election of the two director nominees named herein and, unless otherwise indicated, FOR the proposal to approve and ratify the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending March 31, 2003.

As of July 1, 2002, the record date for the Meeting, there were 6,161,484 shares of the Company's Common Stock, par value \$.50 per share (the Common Stock), issued and outstanding. Only shareholders of record on the books of the Company at the close of business on July 1, 2002 are entitled to notice of and to vote at the Meeting. Each such shareholder is entitled to one vote for each share of Common Stock registered in his or her name. A majority of the outstanding Common Stock, represented in person or by proxy at the Meeting, will constitute a quorum for the transaction of all business. Directors are elected by a plurality of the votes cast at the Meeting with a quorum present. The affirmative vote of at least a majority of the shares of Common Stock present at the Meeting, in person or by proxy, and entitled to vote, without regard to broker non-votes, is required for approval of the other proposal described in this proxy statement and the accompanying notice of meeting. Shares as to which Abstain has been selected on the accompanying proxy will be counted as shares present and entitled to vote for purposes of establishing a quorum, and will have the same effect as a vote against the matter.

Shareholders are entitled to cumulate votes in the election of directors, provided a shareholder gives the President, a Vice President or the Secretary of the Company notice that he or she desires that voting at the Meeting be cumulative. Such notice must be in writing and must be given at least 48 hours before the time fixed for holding the Meeting. In addition, a formal announcement must be made at the commencement of the Meeting by the Chairman, the Secretary or by or on behalf of the shareholder, stating that such notice has been given. In the event the Company does not receive such notice within the prescribed time, shareholders will not be entitled to cumulate votes.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by use of the mails, directors, officers or regular employees of the Company, without extra compensation, may solicit proxies personally or by telephone or other telecommunication. The Company has requested persons holding stock for

Employment Agreements

The provisions of the Company's employment agreement with Robert G. Klimasewski covering Fiscal 2002 are described in EXECUTIVE COMPENSATION REPORT OF THE COMPENSATION, BENEFITS AND STOCK OPTIONS COMMITTEE WITH RESPECT TO EXECUTIVE COMPENSATION CHIEF EXECUTIVE OFFICER COMPENSATION below.

Report of the Compensation, Benefits and Stock Options Committee**With Respect to Executive Compensation**

The following report of the Compensation, Benefits and Stock Options Committee (the Committee) applies to the compensation of all of the Company's senior executives, including Robert G. Klimasewski, who served as the Company's Chief Executive Officer during Fiscal Year 2002, except to the extent that certain elements of Mr. Klimasewski's compensation are fixed pursuant to contract with the Company (see CHIEF EXECUTIVE OFFICER COMPENSATION later in this Report and EXECUTIVE COMPENSATION EMPLOYMENT AGREEMENTS above).

Executive Compensation Philosophy. The goals of the Company's executive compensation program are to align compensation with business objectives and performance, and to enable the Company to attract, retain and reward executives who contribute to the short-term and long-term success of the Company and contribute to increasing shareholder value. The Company attempts to compensate its executives competitively. To ensure that compensation is competitive, the Company periodically compares its compensation practices with those of comparable companies and adjusts its compensation parameters based on this review. More importantly, the Company's executive compensation program is intended to compensate sustained performance. Executives are rewarded based upon both corporate performance and individual performance. Corporate performance is evaluated by reviewing the extent to which strategic and business plan goals are met, including such factors as operating profit and performance relative to benchmarks. Individual performance is evaluated by reviewing organizational and management development progress against set objectives and goals. The primary criteria for the awarding of incentive compensation are as follows:

Company-wide profitability in excess of an annually predetermined amount is generally a prerequisite to the payment of any incentive compensation, so that every executive is motivated to achieve profitability for the entire

Company.

Incentive compensation is measured by the Company's success in meeting key line items in the Company's budget, particularly profits.

Leadership is rewarded, as is the extent to which an individual sets, meets and exceeds goals that are beneficial to the Company's long-term success.

Controlling expenses, as measured against budget, is rewarded.

Annually, the Committee reviews with the Chief Executive Officer and approves, with any modifications it deems appropriate, an annual salary plan for the executives other than those officers whose salaries are fixed by contract approved by the Board of Directors. This salary plan is developed under the ultimate direction of the Chief Executive Officer based on industry peer group information and performance judgments as to the past and expected future contributions of each executive.

Prior to the start of each fiscal year, the Chief Executive Officer sets individualized objectives and key goals for each of the Company's executives in keeping with the criteria set forth above. During each fiscal year, the Chief Executive Officer gives executives ongoing feedback on performance. After the end of the fiscal year, the Chief Executive Officer evaluates each executive's accomplishment of objectives and attainment of key goals and provides summaries of performance appraisals to the Committee along with recommendations on salary, bonuses and stock options. The performance appraisals and recommendations are considered by the Committee in deciding whether to grant performance awards and in establishing the base salary for executives for the next fiscal year. Similar objective-setting, feedback and evaluation with respect to the Chief Executive Officer's performance are provided by the Chairman of the Board.

Executive Compensation Program. The Company's executive compensation program is structured to attract and retain key executives capable of improving products and services, promoting technological innovation, fostering teamwork, motivating employees and accomplishing and integrating acquisitions, all with the ultimate goal of improving profitability and enhancing shareholder value.

The annual compensation paid to executives consists of a base salary, cash bonuses and, in some circumstances, performance awards and stock bonuses. Salaries are reviewed by the Committee at least annually, and may be changed based on (i) information derived from the evaluation procedures described above and a determination that an individual's contributions to the Company have increased or decreased, (ii) changes in competitive compensation levels, and/or (iii) changes in the Company's business prospects.

The Company's Annual Executive Bonus Plan, which is formulated and approved annually by the Committee, provides for the payment of cash bonuses. Under this Plan, the Company must first make a profit at a level determined annually by the Committee before any bonuses are paid to executives. Once that threshold is reached, a bonus pool is established from which a participating executive receives a bonus at a predetermined percentage of the pool. Based on the Company's financial performance in Fiscal 2002, two executive officers were each awarded a cash bonus for Fiscal 2002 in the amount of \$25,000.

In addition, performance awards may be granted by the Committee in the case of unique performance contributing to the Company's long-term success. No such awards were paid during Fiscal 2002.

Long-term incentives are intended to be provided through the grant of stock options under the Company's Amended and Restated 1993 Stock Option Plan (the "Option Plan"). The Committee views stock options as a means of aligning the long range interests of all employees, including executives, with those of the shareholders by providing them with the opportunity to build a meaningful stake in the Company. On occasion, the Company also grants options to employees pursuant to agreements not covered by the Option Plan. During Fiscal 2002, the Committee granted to an aggregate of 81 employees, at all levels of employment, options to purchase an aggregate of 54,520 shares of Common Stock.

Executives and other employees are also entitled to participate in the Company's Long-Term Savings and Deferred Profit Sharing Plan, a 401(k) plan.

Chief Executive Officer Compensation. Robert G. Klimasewski, who served as the President and Chief Executive Officer during Fiscal 2002, and the Company were parties to an employment agreement, which expired on March 31, 2002, providing for an annual salary of \$275,000 during the first year of the agreement's term, \$300,000 during the second year of the agreement's term. In addition, the employment agreement provided for an annual cash bonus under the Company's Annual Executive Bonus Plan, and certain other benefits that are provided to the Company's other senior executives. A bonus of \$25,000 was payable to Mr. Klimasewski under the Annual Executive Bonus Plan for Fiscal 2002. If the Company terminated the employment agreement without cause (as defined therein), Mr. Klimasewski would be entitled to severance in an amount equal to the greater of the total compensation (including bonuses, benefits and other compensation, if any) payable to him during the

12 months immediately preceding the termination date or the total compensation that would have been payable from the date of termination to the expiration of the contract. Mr. Klimasewski's employment agreement prohibited him from engaging in any business that is in competition with the Company, and required him indefinitely to keep confidential the Company's trade secrets.

Based on its study and review of comparable companies, the Committee believes that Mr. Klimasewski's employment agreement fixed his total compensation for Fiscal 2002 at a level that is commensurate with amounts paid to other chief executive officers with comparable qualifications, experience, responsibilities and prior results at similarly positioned companies. It was approved by the Board of Directors on the Committee's recommendation, reflecting the Committee's assessment of Mr. Klimasewski's prior performance as the Company's Chief Executive Officer, and his proven ability and dedication to provide the leadership and vision necessary to return the Company to profitability and enhance the Company's long-term value.

New Chief Executive Officer. As noted earlier in this proxy statement, Mr. Klimasewski resigned as President and Chief Executive Officer of the Company effective March 31, 2002. The Board of Directors selected Mr. Sassano to replace Mr. Klimasewski as the Company's President and Chief Executive Officer, and Mr. Sassano began serving in these capacities effective April 1, 2002. At this time, Mr. Sassano and the Company are not parties to an employment agreement. Mr. Sassano serves as the Company's President and Chief Executive Officer at the pleasure of the Board of Directors. Pursuant to his employment arrangement with the Company, Mr. Sassano receives an annual salary of \$250,000 and is eligible for an annual performance bonus based upon the attainment by the Company of certain financial goals. On April 30, 2002, Mr. Sassano was also granted an option to purchase 200,000 shares of Common Stock at \$1.00 per share. Mr. Sassano's stock option vests in 50,000 share increments on specified dates provided that the market price of the Common Stock reaches and maintains certain specified levels. In any event, Mr. Sassano's option vests and becomes exercisable with respect to all 200,000 shares of Common Stock no later than April 30, 2006.

Insider Participation in Compensation, Benefits and Stock Options Committee

In his capacity as Chief Executive Officer, Mr. Klimasewski consulted with the Committee. He participated in discussions of the Committee and made recommendations to it, but he did not vote or otherwise participate in the Committee's ultimate determinations. As the Company's new Chief Executive Officer, Mr. Sassano will participate similarly in the operations of the Committee. The Board of Directors believes that it is wise and prudent to have the Chief Executive Officer so participate in the operations of the Committee because the Chief Executive Officer's evaluations and recommendations with respect to the compensation and benefits paid to executives other than the Chief Executive Officer are extremely valuable to the Committee. However, the Chief Executive Officer neither participates nor is otherwise involved in the deliberations of the Committee with respect to his own compensation and benefits.

RELATED TRANSACTIONS

In 1996, the Company acquired Altek Industries Corp. (Altek) from E. Lee Garelick (now a director of the Company) and James N. Wurtz. SELECTION OF INDEPENDENT AUDITORS

The firm of PricewaterhouseCoopers LLP, certified public accountants, served as the independent auditors of the Company for Fiscal 2002. In addition to the audit of the Fiscal 2002 financial statements, the Company engaged PricewaterhouseCoopers LLP to perform certain services for which it was paid professional fees. The Audit Committee of the Board of Directors considered the possible effect of such professional services on the independence of PricewaterhouseCoopers LLP and approved such services prior to their being rendered.

The Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending March 31, 2003. This selection will be presented to the shareholders for their approval at the Meeting. The Board of Directors recommends a vote in favor of the proposal to approve and ratify this selection, and the persons named in the enclosed proxy (unless otherwise instructed therein) will vote such proxies FOR this proposal. If the shareholders do not approve this selection, the Board of Directors will reconsider its choice.

The Company has been advised by PricewaterhouseCoopers LLP that a representative will be present at the Meeting and will be available to respond to appropriate questions. In addition, the Company intends to give such representative an opportunity to make any statements if he or she should so desire.
