WESCO INTERNATIONAL, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

1. ORGANIZATION

WESCO International, Inc. and its subsidiaries (collectively, WESCO or the Company), headquartered in Pittsburgh, Pennsylvania, is a full-line distributor of electrical supplies and equipment and is a provider of integrated supply procurement services with operations in the United States, Canada, Mexico, the United Kingdom, Nigeria, United Arab Emirates and Singapore. WESCO currently operates more than 400 full service branch locations and seven distribution centers (five in the United States and two in Canada.)

2. ACCOUNTING POLICIES

Basis of Presentation

The unaudited condensed consolidated financial statements of WESCO have been prepared in accordance with Rule 10-01 of Regulation S-X of the Securities and Exchange Commission (the SEC). The unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in WESCO s 2007 Annual Report on Form 10-K filed with the SEC. The December 31, 2007 condensed balance sheet data was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States.

The unaudited condensed consolidated balance sheet as of March 31, 2008, the unaudited condensed consolidated statements of income for the three months ended March 31, 2008 and 2007, respectively, and the unaudited condensed consolidated statements of cash flows for the three months ended March 31, 2008 and 2007, respectively, in the opinion of management, have been prepared on the same basis as the audited consolidated financial statements and include all adjustments necessary for the fair statement of the results of the interim periods. All adjustments reflected in the unaudited condensed consolidated financial statements are of a normal recurring nature unless indicated. Results for the interim periods presented are not necessarily indicative of the results to be expected for the full year.

Recent Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board (the FASB) issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements* (SFAS 157) which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement applies whenever other accounting standards require or permit assets or liabilities to be measured at fair value but does not expand the use of fair value to new accounting transactions and does not apply to pronouncements that address share-based payment transactions. On February 12, 2008, the FASB issued FASB Staff Position (FSP) SFAS No. 157-2, Effective Date of SFAS No. 157. The FSP amends SFAS 157 to delay the effective date of SFAS 157 for all nonfinancial assets and liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis (that is, at least annually) to fiscal years beginning after November 15, 2008. Except for the delay for nonfinancial assets and liabilities, SFAS 157 was effective for fiscal years beginning after November 15, 2007. Consistent with its requirements, WESCO adopted SFAS 157 for its financial assets and liabilities on January 1, 2008. WESCO s financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable, bank overdrafts and debt. The Company believes that the recorded values of its financial instruments, except for long-term debt, approximate fair value because of their nature and respective duration. The adoption of SFAS 157 did not impact WESCO s financial position, results of operations, or cash flows. WESCO is currently evaluating the effect that the implementation of FSP 157-2 will have on its financial position, results of operations and cash flows.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Liabilities* (SFAS 159) which provides companies with an option to report certain financial assets and liabilities at fair value, with changes in value recognized in earnings each reporting period. SFAS 159 establishes presentation and disclosure requirements designed to facilitate comparisons between companies that choose different measurement attributes for similar types of assets and liabilities. SFAS 159 was effective for fiscal years beginning after November 15, 2007. Consistent with its requirements, WESCO adopted SFAS 159 on January 1, 2008. WESCO did not elect to value its debt with the fair value option in accordance with SFAS 159. Therefore, the adoption of SFAS 159 did not impact

WESCO s financial position, results of operations, or cash flows.

In December 2007, the FASB issued SFAS No. 141 (revised 2007), *Business Combinations* (SFAS 141R) which establishes additional principles and requirements for how the acquirer in a business combination recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed and any noncontrolling interest in the acquiree at the acquisition date fair value. SFAS 141R is designed to improve the relevance,

Table of Contents

representational faithfulness, and comparability of the financial information that a reporting entity provides in its financial reports about a business combination and its effects. SFAS 141R applies prospectively to business combinations for which the acquisition date is in or after the beginning of the first annual reporting period beginning after December 15, 2008. WESCO is currently evaluating the effect that the implementation of SFAS 141R will have on its financial position, results of operations and cash flows.

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements an Amendment of ARB No. 51* (SFAS 160). This statement amends Accounting Research Bulletin No. 51, *Consolidated Financial Statements* (ARB 51) to establish accounting and reporting standards for a noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. It clarifies that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. SFAS 160 is effective for fiscal years beginning after December 15, 2008. WESCO is currently evaluating the effect that the implementation of SFAS 160 will have on its financial position, results of operations and cash flows.

3. STOCK-BASED COMPENSATION

WESCO s stock-based employee compensation plans are comprised of stock options and stock-settled stock appreciation rights. During the year ended December 31, 2003, WESCO adopted the provisions of SFAS No. 123, *Accounting for Stock-Based Compensation*. Beginning January 1, 2006, WESCO adopted SFAS No. 123 (revised 2004), *Share-Based Payment*(SFAS 123R) , using the modified prospective method. Under SFAS 123R, compensation cost for all stock-based awards is measured at fair value on the date of grant and compensation cost is recognized, net of estimated forfeitures, over the service period for awards expected to vest. The fair value of stock-based awards is determined using the Black-Scholes valuation model. The forfeiture assumption is based on WESCO s historical employee behavior that is reviewed on an annual basis. No dividends are assumed.

During the three months ended March 31, 2008, WESCO granted the following stock-settled stock appreciation rights at the following weighted average assumptions:

	Three Months Ended March 31, 2008
Stock-settled appreciations rights granted	1,800
Risk free interest rate	2.5%
Expected life	4 years
Expected volatility	38%

There were no stock-settled stock appreciation rights granted during the three months ended March 31, 2007. For the three months ended March 31, 2008, the weighted average fair value per equity award granted was $13.03.

WESCO recognized $3.2 million and $3.3 million of non-cash stock-based compensation expense, which is included in selling, general and administrative expenses, for the three months ended March 31, 2008 and 2007, respectively. As of March 31, 2008, there was $16.4 million of total unrecognized compensation cost related to non-vested stock-based compensation arrangements for all awards previously made, of which approximately $7.6 million is expected to be recognized over the remainder of 2008, $6.5 million in 2009, $2.2 million in 2010 and $0.1 million in 2011.

During the three months ended March 31, 2008 and 2007, the total intrinsic value of awards exercised was $5.5 million and $42.7 million, respectively, and the total amount of cash received from the exercise of options was $2.2 million and $5.5 million, respectively. The tax benefit associated with the exercise of awards for the three months ended March 31, 2008 and 2007 totaled $1.6 million and $14.9 million, respectively, and was recorded as a credit to additional paid-in capital.

The following table sets forth a summary of both stock options and stock appreciation rights and related information for the three months ended March 31, 2008:

	Awards	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (In Years)	Aggregate Intrinsic Value (In Thousands)
Outstanding at December 31, 2007	4,213,863	$ 28.85		
Granted	1,800	38.94		
Exercised	(208,749)	11.22		
Forfeited	(5,416)	59.31		
Outstanding at March 31, 2008	4,001,498	29.74	5.8	$ 55,899
Exercisable at March 31, 2008	2,764,269	$ 18.47	4.5	$ 54,381

4. EARNINGS PER SHARE

Basic earnings per share are computed by dividing net income by the weighted average common shares outstanding during the periods. Diluted earnings per share are computed by dividing net income by the weighted average common shares and common share equivalents outstanding during the periods. The dilutive effect of common share equivalents is considered in the diluted earnings per share computation using the treasury stock method, which includes consideration of stock-based compensation required by SFAS No. 123R and SFAS No. 128, *Earnings Per Share*.

The following table sets forth the details of basic and diluted earnings per share:

	Three Months Ended March 31,	
	2008	2007
Amounts in thousands, except share and per share data		
Net income reported	$ 44,830	$ 48,158
Weighted average common shares outstanding used in computing basic earnings per share	42,741,818	48,901,184
Common shares issuable upon exercise of dilutive stock options	1,291,654	1,893,300
Common shares issuable from contingently convertible debentures (see note below for basis of calculation)		1,212,411
Weighted average common shares outstanding and common share equivalents used in computing diluted earnings per share	44,033,472	52,006,895
Earnings per share:		
Basic	$ 1.05	$ 0.98
Diluted	$ 1.02	$ 0.93

For the three months ended March 31, 2008 and 2007, the computation of diluted earnings per share excluded stock-settled stock appreciation rights of approximately 1.1 million and 0.5 million at weighted average exercise prices of $63.19 per share and $68.88 per share, respectively. These amounts were excluded because their effect

would have been antidilutive.

Under EITF Issue No. 04-8, *The Effect of Contingently Convertible Instruments on Diluted Earnings Per Share*, and EITF Issue No. 90-19*, Convertible Bonds with Issuer Option to Settle for Cash upon Conversion*, and because of WESCO s obligation to settle the par value of the 2.625% Convertible Senior Debentures due 2025 (the 2025 Debentures) and the 1.75% Convertible Senior Debentures due 2026 (the 2026 Debentures and collectively with the 2025 Debentures, the Debentures) in cash, WESCO is not required to include any shares underlying the Debentures in its diluted weighted average shares outstanding until the average stock price per share for the period exceeds the conversion price of the respective Debentures. At such time, only the number of shares that would be issuable (under the treasury method of accounting for share dilution) would be included, which is based upon the amount by which the average stock price exceeds the conversion price. The conversion prices of the 2026 Debentures and 2025 Debentures are $88.15 and $41.86, respectively. Share dilution is limited to a maximum of 3,403,110 shares for the 2026 Debentures and 3,583,080 shares for the 2025 Debentures. Since the average stock price for the three months ended March 31, 2008 was less than the conversion prices, there was no impact of the Debentures on diluted earnings per share. For the three months ended March 31, 2007, the effect of the 2025 Debentures on diluted earnings per share was a decrease of $0.02.

Table of Contents

5. ACCOUNTS RECEIVABLE SECURITIZATION

WESCO maintains a $500 million accounts receivable securitization program (the Receivables Facility) that has a three year term and is subject to renewal in May 2010. Under the Receivables Facility, WESCO sells, on a continuous basis, an undivided interest in all domestic accounts receivable to WESCO Receivables Corporation, a wholly owned, special purpose entity (SPE). The SPE sells, without recourse, a senior undivided interest in the receivables to third-party conduits and financial institutions for cash while maintaining a subordinated undivided interest in a portion of the receivables, in the form of overcollateralization. WESCO has agreed to continue servicing the sold receivables for the third-party conduits and financial institutions at market rates; accordingly, no servicing asset or liability has been recorded.

Prior to December 2006, WESCO accounted for transfers of receivables pursuant to the Receivables Facility as a sale and removed them from the consolidated balance sheet. In December 2006, the Receivables Facility was amended and restated such that WESCO effectively maintains control of receivables transferred pursuant to the Receivables Facility; therefore the transfers no longer qualify for sale treatment under SFAS No. 140. As a result, all transfers are accounted for as secured borrowings and the receivables sold pursuant to the Receivables Facility are included on the balance sheet as trade receivables, along with WESCO s retained subordinated undivided interest in those receivables.

As of March 31, 2008 and December 31, 2007, accounts receivable eligible for securitization totaled approximately $602.7 million and $604.0 million, respectively. The consolidated balance sheets as of March 31, 2008 and December 31, 2007 reflect $483.0 million and $480.0 million, respectively, of account receivable balances legally sold to third parties, as well as the related borrowings for equal amounts.

Interest expense and other costs associated with the Receivables Facility totaled $5.5 million and $6.2 million for the three months ended March 31, 2008 and 2007, respectively. At March 31, 2008, the interest rate on borrowings under this facility was approximately 4.2%.

6. EQUITY INVESTMENT

During the quarter ended March 31, 2008, WESCO and Deutsch Engineering Connecting Devices, Inc. (Deutsch) completed a previously announced transaction with respect to WESCO s LADD operations, which resulted in a joint venture in which Deutsch owns a 60% interest and WESCO owns a 40% interest. Deutsch paid to WESCO aggregate consideration of approximately $75 million, consisting of $60 million in cash plus a $15 million promissory note, which is included in other assets in the consolidated balance sheet. Deutsch is entitled, but not obliged, to acquire the remaining 40% after January 1, 2010. As a result of this transaction, WESCO recognized an after-tax loss of approximately $2.1 million and removed from the consolidated balance sheet net assets of approximately $119.6 million, of which $68.8 million was related to goodwill and $37.7 million was related to intangible assets. WESCO accounts for its investment in the joint venture using the equity method of accounting as prescribed by Accounting Principles Board No. 18, *The Equity Method of Accounting for Investments in Common Stock*. Accordingly, earnings from the joint venture are recorded as other income in the consolidated statement of income.

7. EMPLOYEE BENEFIT PLANS

A majority of WESCO s employees are covered by defined contribution retirement savings plans for their services rendered subsequent to WESCO s formation. WESCO also offers a deferred compensation plan for select individuals. For U.S. participants, WESCO will make contributions in an amount equal to 50% of the participant s total monthly contributions up to a maximum of 6% of eligible compensation. For Canadian participants, WESCO will make contributions in an amount ranging from 1% to 7% of the participant s eligible compensation based on years of continuous service. In addition, employer contributions may be made at the discretion of the Board of Directors. For the three months ended March 31, 2008 and 2007, WESCO incurred charges of $5.8 million and $6.5 million, respectively, for all such plans. Contributions are made in cash to employee retirement savings plan accounts. Employees then have the option to transfer balances allocated to their accounts into any of the available investment options, including WESCO common stock.

8. COMMITMENTS AND CONTINGENCIES

WESCO is a co-defendant in a lawsuit filed in a state court in Indiana in which a customer alleges that WESCO sold defective products manufactured or remanufactured by others and is seeking monetary damages in the amount of $52 million. WESCO has denied any liability, believes that it has meritorious defenses and intends to vigorously

defend itself against these allegations.

Table of Contents

9. COMPREHENSIVE INCOME

The following tables set forth comprehensive income and its components:

	Three Months Ended March 31,	
Amounts in thousands	**2008**	**2007**
Net income	$ 44,830	$ 48,158
Foreign currency translation adjustment	(6,757)	3
Comprehensive income	$ 38,073	$ 48,161

10. SHARE REPURCHASE PLAN

On September 28, 2007, WESCO announced that its Board of Directors authorized a stock repurchase program in the amount of up to $400 million with an expiration date of September 30, 2009. The shares may be repurchased from time to time in the open market or through privately negotiated transactions. The stock repurchase program may be implemented or discontinued at any time by WESCO. During the three month period ended March 31, 2008, WESCO repurchased approximately 0.6 million shares for $24.8 million.

In addition, during the three months ended March 31, 2008, WESCO purchased 3,637 shares from employees for approximately $0.1 million in connection with the settlement of tax withholding obligations arising from the exercise of common stock options and stock-settled stock appreciation rights.

11. INCOME TAXES

The following tables set forth the reconciliation between the federal statutory income tax rate and the effective rate:

	Three Months Ended March 31,	
	2008	**2007**
Federal statutory rate	35.0%	35.0%
State taxes, net of federal tax benefit	2.6	2.6
Nondeductible expenses	0.5	0.5
Domestic tax benefit from foreign operations	(0.5)	(0.2)
Foreign tax rate differences[1]	(6.4)	(5.2)
Federal tax credits		(0.3)
Domestic production activity deduction	(0.2)	(0.2)
Adjustment related to uncertain tax positions	(0.5)	
Other	0.8	(0.7)
	31.3%	31.5%

[1] Includes a benefit of $3.7 million and $3.6 million for the three months ended March 31, 2008 and 2007, respectively, from the

recapitalization
of Canadian
operations.

In accordance with FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109*, WESCO analyzes its filing positions for all open tax years in all jurisdictions. The Company is currently under examination in several tax jurisdictions, both within the United States and outside the United States, and remains subject to examination until the statute of limitations expires for the respective tax jurisdictions. The following summary sets forth the tax years that remain open in the Company s major tax jurisdictions:

United States Federal	1999 and forward
United States States	2003 and forward
Canada	1996 and forward

The total amounts of unrecognized tax benefits were $9.7 million and $10.0 million as of March 31, 2008 and December 31, 2007, respectively. If these tax benefits were recognized in the consolidated financial statements, the portion of these amounts that would reduce the

Table of Contents

Company s effective tax rate would be $7.8 million and $8.1 million, respectively. WESCO records interest related to uncertain tax positions as a part of interest expense in the consolidated statement of income. Any penalties are recognized as part of income tax expense. As of March 31, 2008 and December 31, 2007, WESCO had an accrued liability of $4.7 million and $4.4 million, respectively, for interest related to uncertain tax positions. As of March 31, 2008, WESCO had a liability for tax penalties of $0.5 million.

12. OTHER FINANCIAL INFORMATION

WESCO Distribution, Inc. issued $150 million in aggregate principal amount of 7.50% Senior Subordinated Notes due 2017 (the 2017 Notes), and WESCO International, Inc. issued $150 million in aggregate principal amount of 2025 Debentures and $300 million in aggregate principal amount of 2026 Debentures. The 2017 Notes are fully and unconditionally guaranteed by WESCO International, Inc. on a subordinated basis to all existing and future senior indebtedness of WESCO International, Inc. The 2025 Debentures and 2026 Debentures are fully and unconditionally guaranteed by WESCO Distribution, Inc. on a senior subordinated basis to all existing and future senior indebtedness of WESCO Distribution, Inc.

Condensed consolidating financial information for WESCO International, Inc., WESCO Distribution, Inc. and the non-guarantor subsidiaries is as follows:

13. SUBSEQUENT EVENT

During the month of May, WESCO repurchased approximately 0.9 million shares for $36.1 million under its share repurchase program.

Item 2. Management s Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the information in the unaudited condensed consolidated financial statements and notes thereto included herein and WESCO International Inc. s Financial Statements and Management s Discussion and Analysis of Financial Condition and Results of Operations included in its 2007 Annual Report on Form 10-K.

Company Overview

We are a full-line distributor of electrical supplies and equipment and a provider of integrated supply procurement services. We have more than 400 full service branches and seven distribution centers located in the United States, Canada, Mexico, the United Kingdom, Nigeria, United Arab Emirates and Singapore. We serve over 110,000 customers worldwide, offering over 1,000,000 products from over 24,000 suppliers. Our diverse customer base includes a wide variety of industrial companies; contractors for industrial, commercial and residential projects; utility companies, and commercial, institutional and governmental customers. Approximately 87% of our net sales are generated from operations in the United States., 11% from Canada and the remainder from other countries.

Our financial results for the first three months of 2008 reflect sales growth in our markets served, along with the positive impact of higher commodity prices, favorable exchange rates and the acquisitions completed in the latter half of 2007. Sales increased $14.7 million, or 1.0%, over the same period last year. Last year s comparable period included sales of $26.2 million related to the LADD operations. Cost of goods sold as a percentage of net sales was 79.8% and 79.4% for the first three months of 2008 and 2007, respectively. Operating income decreased by $5.5 million, or 6.6%, primarily from the partial divestiture of our LADD operations. Net income for the three months ended March 31, 2008 and 2007 was $44.8 million and $48.2 million, respectively.

Cash Flow

We generated $91.4 million in operating cash flow for the first three months of 2008. Included in this amount was net income of $44.8 million. Investing activities included proceeds of $60 million from our recent divestiture, and capital expenditures of $11.3 million. Financing activities consisted of borrowings and repayments of $241.5 million and $323.8 million, respectively, related to our revolving credit facility, $24.9 million related to stock repurchases, and net borrowings of $3.0 million related to our accounts receivable securitization facility (the Receivables Facility), whereby we sell, on a continuous basis, an undivided interest in all domestic accounts receivable to WESCO Receivables Corp., a wholly owned, special purpose entity (SPE).

Financing Availability

As of March 31, 2008, we had $228.7 million in available borrowing capacity under our revolving credit facility, of which $164.0 million is the U.S. sub-facility borrowing limit and $64.7 million is the Canadian sub-facility borrowing limit.

Outlook

We believe that acquisitions and improvements in operations and our capital structure made in 2006 and 2007 have positioned us well for 2008. We continue to see macroeconomic data and input from internal sales management, customers and suppliers that suggest activity levels in our major end markets will be somewhat softer than that experienced in 2007. We believe that there are opportunities in the industrial and commercial construction end markets, and that we are well positioned to participate in these large fragmented markets. Our strong market position, combined with our continued focus on margin, productivity improvement, and selling and marketing initiatives, should enable us to perform well in comparison to the market throughout the remainder of 2008.

Table of Contents

Critical Accounting Policies and Estimates

During the three month period ended March 31, 2008, there were no significant changes to our Critical Accounting Policies and Estimates referenced in the 2007 Annual Report on Form 10-K.

Results of Operations

First Quarter of 2008 versus First Quarter of 2007

The following table sets forth the percentage relationship to net sales of certain items in our condensed consolidated statements of income for the periods presented:

	Three Months Ended March 31,	
	2008	**2007**
Net sales	100.0%	100.0%
Cost of goods sold	79.8	79.4
Selling, general and administrative expenses	14.4	14.3
Depreciation and amortization	0.5	0.6
Income from operations	5.3	5.7
Interest expense	1.0	0.9
Other income	(0.2)	
Income before income taxes	4.5	4.8
Provision for income taxes	1.4	1.5
Net income	3.1%	3.3%

Net sales in the first quarter of 2008 totaled $1,465.2 million versus $1,450.6 million in the comparable period for 2007, an increase of $14.7 million, or 1.0%, over the same period last year. Sales were positively impacted by higher commodity prices, favorable exchange rates and the acquisitions completed in the second half of 2007. These increases were partially offset by $26.2 million of sales recognized in last year s comparable period for the LADD operations.

Cost of goods sold for the first quarter of 2008 was $1,169.6 million versus $1,151.5 million for the comparable period in 2007, and cost of goods sold as a percentage of net sales was 79.8% in 2008 versus 79.4% in 2007. The cost of goods sold was negatively impacted by the divestiture of the LADD operations, which was partially offset by a favorable sales mix.

Selling, general and administrative (SG&A) expenses in the first quarter of 2008 totaled $211.6 million versus $207.6 million in last year s comparable quarter. As a percentage of net sales, SG&A expenses were 14.4% in the first quarter of 2008 compared to 14.3% in the first quarter of 2007, reflecting an increase in sales personnel, the impact from the recent acquisitions and the transaction loss on the LADD divestiture.

SG&A payroll expenses for the first quarter of 2008 of $145.1 million increased by $4.2 million compared to the same quarter in 2007. The increase in payroll expenses was primarily due to an increase in salaries and wages of $5.1 million and an increase in incentive compensation costs of $1.3 million, offset by a decrease in benefit costs of $1.8 million. Other SG&A related payroll expenses decreased $0.4 million.

The remaining SG&A expenses for the first quarter of 2008 of $66.5 million decreased by approximately $0.2 million compared to same quarter in 2007. Contributing to the change was a charge of $6.8 million recognized in last years comparable period for a legal settlement. Included in this year s SG&A expenses was a charge of $3.0 million for the partial sale of the LADD operations, an increase in bad debt expense of $1.5 million primarily related to a customer bankruptcy filing, an increase in travel expenses of $0.7 million and an increase in other SG&A expenses of $1.4 million.

Depreciation and amortization for the first quarter of 2008 was $6.9 million versus $8.9 million in last year s comparable quarter. Of the $2.0 million decrease, $1.6 million is related to the recent divestiture.

Interest expense totaled $14.6 million for the first quarter of 2008 versus $12.2 million in last year s comparable quarter, an increase of approximately 19.2%. Last year s comparable period included a pre-tax gain of $2.4 million related to the change in the accounting treatment of the Receivables Facility. Overall, interest expense for the first quarter of 2008 was impacted by the reduction in interest rates offset by the increase in debt.

Other income totaled $2.7 million for the first quarter of 2008. As a result of selling a majority interest, the investment in LADD is now accounted for on an equity basis, and earnings are reported as other income in the consolidated statement of income. There was no other income recorded for the first quarter of 2007.

Income tax expense totaled $20.4 million in the first quarter of 2008, and the effective tax rate was 31.3% compared to 31.5% in the same quarter in 2007. The current quarter s effective tax rate differed from the statutory rate primarily as a result of a lower tax rate from foreign operations.

For the first quarter of 2008, net income decreased by $3.3 million to $44.8 million, or $1.02 per diluted share, compared with $48.2 million, or $0.93 per diluted share, for the first quarter of 2007. The decrease in net income was primarily due to the increase in SG&A costs and the partial divestiture of the LADD operations.

Liquidity and Capital Resources

Total assets were approximately $2.8 billion at March 31, 2008, compared to $2.9 billion at December 31, 2007. The decrease in total assets was principally attributable to the LADD divestiture. Total liabilities at March 31, 2008 compared to December 31, 2007 decreased by $89.9 million to $2.2 billion. Contributing to the decrease in total liabilities was a decrease in short-term and long-term debt of $79.6 million; decrease in bank overdrafts of $14.9 million; decrease in accrued payroll and benefit costs of $14.6 million due to the payment in 2008 of the 2007 management incentive compensation; and a decrease in deferred income taxes of $8.9 million due to the LADD divestiture. This decrease was offset by an increase in other current liabilities of $15.8 million related to an increase in accrued income taxes and an increase in accounts payable of $12.5 million due to the increase in the cost of sales. Stockholders equity increased 3.3% to $628.6 million at March 31, 2008, compared with $608.5 million at December 31, 2007, primarily as a result of net earnings of $44.8 million offset by stock repurchases, which totaled $24.9 million for the three months ended March 31, 2008. Also contributing to the change in stockholders equity was a loss of $6.8 million from foreign currency translation adjustments offset by benefits of $3.7 million from the exercise of stock options and $3.2 million from stock-based compensation expense.

Our liquidity needs arise from working capital requirements, capital expenditures, acquisitions and debt service obligations. As of March 31, 2008, we had $228.7 million in available borrowing capacity under our revolving credit facility.

We finance our operating and investing needs, as follows:

Accounts Receivable Securitization Facility

We maintain a $500 million accounts receivable securitization program that has a three year term and is subject to renewal in May 2010. Under the Receivables Facility, we sell, on a continuous basis, an undivided interest in all domestic accounts receivable to WESCO Receivables Corporation, a wholly owned, SPE. The SPE sells, without recourse, a senior undivided interest in the receivables to third-party conduits and financial institutions for cash while maintaining a subordinated undivided interest in a portion of the receivables, in the form of overcollateralization. We have agreed to continue servicing the sold receivables for the third-party conduits and financial institutions at market rates; accordingly, no servicing asset or liability has been recorded.

Prior to December 2006, we accounted for transfers of receivables pursuant to the Receivables Facility as a sale and removed them from the consolidated balance sheet. In December 2006, the Receivables Facility was amended and restated such that we effectively maintain control of receivables transferred pursuant to the Receivables Facility; therefore the transfers no longer qualify for sale treatment under SFAS No. 140. As a result, all transfers are accounted for as secured borrowings and the receivables sold pursuant to the Receivables Facility are included on the balance sheet as trade receivables, along with our retained subordinated undivided interest in those receivables.

As of March 31, 2008 and December 31, 2007, accounts receivable eligible for securitization totaled approximately $602.7 million and $604.0 million, respectively. The consolidated balance sheets as of March 31, 2008 and December 31, 2007 reflect $483.0 million and $480.0 million, respectively, of account receivable balances legally sold to third parties, as well as the related borrowings for equal amounts.

Mortgage Financing Facility

In February 2003, we finalized a $51 million mortgage financing facility, $43.3 million of which was outstanding as of March 31, 2008. Borrowings under the mortgage financing are collateralized by 75 domestic properties and are subject to a 22-year amortization schedule with a balloon payment due at the end of the 10-year term. Interest rates on

borrowings under this facility are fixed at 6.5%.

Revolving Credit Facility

The revolving credit facility provides for an aggregate borrowing limit of up to $375 million and matures on November 1, 2013. During the first three months of 2008, we borrowed $241.5 million and made repayments of $323.8 million in the aggregate. At March 31, 2008, we had $105.0 million outstanding under the facility, of which $3.0 million is classified as short-term debt. We were in compliance with all covenants and restrictions as of March 31, 2008.

7.50% Senior Subordinated Notes due 2017

At March 31, 2008, $150 million in aggregate principal amount of the 7.50% Senior Subordinated Notes due 2017 (the 2017 Notes) was outstanding. The 2017 Notes were issued by WESCO Distribution, Inc. under an indenture dated as of September 27, 2005 with The Bank of New York, as successor to J.P. Morgan Trust Company, National Association, as trustee, and are unconditionally guaranteed on an unsecured basis by WESCO International, Inc. The 2017 Notes accrue interest at the rate of 7.50% per annum and are payable in cash semi-annually in arrears on each April 15 and October 15.

2.625% Convertible Senior Debentures due 2025

At March 31, 2008, $150 million in aggregate principal amount of the 2.625% Convertible Senior Debentures due 2025 (the 2025 Debentures) was outstanding. The 2025 Debentures were issued by WESCO International Inc. under an indenture dated as of September 27, 2005 with The Bank of New York, as successor to J.P. Morgan Trust Company, National Association, as trustee, and are unconditionally guaranteed on an unsecured senior subordinated basis by WESCO Distribution, Inc. The 2025 Debentures accrue interest at the rate of 2.625% per annum and are payable in cash semi-annually in arrears on each April 15 and October 15. Beginning with the six-month interest period commencing October 15, 2010, we also will pay contingent interest in cash during any six-month interest period in which the trading price of the 2025 Debentures for each of the five trading days ending on the second trading day immediately preceding the first day of the applicable six-month interest period equals or exceeds 120% of the principal amount of the 2025 Debentures. During any interest period when contingent interest shall be payable, the contingent interest payable per $1,000 principal amount of 2025 Debentures will equal 0.25% of the average trading price of $1,000 principal amount of the 2025 Debentures during the five trading days immediately preceding the first day of the applicable six-month interest period. As defined in SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133), the contingent interest feature of the 2025 Debentures is an embedded derivate that is not considered clearly and closely related to the host contract. The contingent interest component had no significant value at March 31, 2008 or at December 31, 2007.

The 2025 Debentures are convertible into cash and, in certain circumstances, shares of WESCO International, Inc. s common stock, $0.01 par value, at any time on or after October 15, 2023, or prior to October 15, 2023 in certain circumstances. The 2025 Debentures will be convertible based on an initial conversion rate of 23.8872 shares of common stock per $1,000 principal amount of the 2025 Debentures (equivalent to an initial conversion price of approximately $41.86 per share). The conversion rate and the conversion price may be adjusted under certain circumstances.

At any time on or after October 15, 2010, we may redeem all or a part of the 2025 Debentures at a redemption price equal to 100% of the principal amount of the 2025 Debentures plus accrued and unpaid interest (including contingent interest and additional interest, if any) to, but not including, the redemption date. Holders of 2025 Debentures may require us to repurchase all or a portion of their 2025 Debentures on October 15, 2010, October 15, 2015 and October 15, 2020 at a cash repurchase price equal to 100% of the principal amount of the 2025 Debentures, plus accrued and unpaid interest (including contingent interest and additional interest, if any) to, but not including, the repurchase date. If we undergo certain fundamental changes prior to maturity, holders of 2025 Debentures will have the right, at their option, to require us to repurchase for cash some or all of their 2025 Debentures at a repurchase price equal to 100% of the principal amount of the 2025 Debentures being repurchased, plus accrued and unpaid interest (including contingent interest and additional interest, if any) to, but not including, the repurchase date.

1.75% Convertible Senior Debentures due 2026

At March 31, 2008, $300 million in aggregate principal amount of the 2026 Debentures was outstanding. The 2026 Debentures were issued by WESCO International, Inc. under an indenture dated as of November 2, 2006, with The

Bank of New York, as Trustee, and are unconditionally guaranteed on an unsecured senior subordinated basis by WESCO Distribution, Inc. The 2026 Debentures accrue interest at the rate of 1.75% per annum and are payable in cash semi-annually in arrears on each May 15 and November 15. Beginning with the six-month interest period commencing November 15, 2011, we also will pay contingent interest in cash during any six-month interest period in which the trading price of the 2026 Debentures for each of the five trading days ending on the second trading day immediately preceding the first day of

the applicable six-month interest period equals or exceeds 120% of the principal amount of the 2026 Debentures. During any interest period when contingent interest shall be payable, the contingent interest payable per $1,000 principal amount of 2026 Debentures will equal 0.25% of the average trading price of $1,000 principal amount of the 2026 Debentures during the five trading days immediately preceding the first day of the applicable six-month interest period. As defined in SFAS 133, the contingent interest feature of the 2026 Debentures is an embedded derivate that is not considered clearly and closely related to the host contract. The contingent interest component had no significant value at March 31, 2008 or at December 31, 2007.

The 2026 Debentures are convertible into cash and, in certain circumstances, shares of WESCO International, Inc. s common stock, $0.01 par value, at any time on or after November 15, 2024, or prior to November 15, 2024 in certain circumstances. The 2026 Debentures will be convertible based on an initial conversion rate of 11.3437 shares of common stock per $1,000 principal amount of the 2026 Debentures (equivalent to an initial conversion price of approximately $88.15 per share). The conversion rate and the conversion price may be adjusted under certain circumstances.

At any time on or after November 15, 2011, we may redeem all or a part of the 2026 Debentures at a redemption price equal to 100% of the principal amount of the 2026 Debentures plus accrued and unpaid interest (including contingent interest and additional interest, if any) to, but not including, the redemption date. Holders of 2026 Debentures may require us to repurchase all or a portion of their 2026 Debentures on November 15, 2011, November 15, 2016 and November 15, 2021 at a cash repurchase price equal to 100% of the principal amount of the 2026 Debentures, plus accrued and unpaid interest (including contingent interest and additional interest, if any) to, but not including, the repurchase date. If we undergo certain fundamental changes, as defined in the indenture governing the 2026 Debentures, prior to maturity, holders of 2026 Debentures will have the right, at their option, to require us to repurchase for cash some or all of their 2026 Debentures at a repurchase price equal to 100% of the principal amount of the 2026 Debentures being repurchased, plus accrued and unpaid interest (including contingent interest and additional interest, if any) to, but not including, the repurchase date.

Cash Flow

Operating Activities. Cash provided by operating activities for the first three months of 2008 totaled $92.0 million compared with $75.8 million of cash generated for the first three months of 2007. The increase in cash flow is primarily attributable to net income of $44.8 million, an inventory reduction of $26.9 million, and an accounts payable increase of $23.4 million, resulting from the increase in the cost of sales. Additional items generating cash flow in the first three months of 2008 were an increase in other current and noncurrent liabilities of $9.9 million and a reduction in prepaid expenses and other current assets of $8.2 million. The cash inflow generated from these items was primarily due to the increase in accrued taxes. Cash used by operating activities in the first three months of 2008 included: $16.9 million for the increase in trade and other receivables, resulting from the increase in sales; and $14.5 million for the decrease in accrued payroll and benefit costs, resulting from the payment of the 2007 management incentive compensation. In the first three months of 2007, primary sources of cash were net income of $48.2 million; an increase in accounts payable of $55.9 million, resulting from the increase in the cost of sales; a reduction in prepaid and other current assets of $27.7 million; and a reduction in inventory of $7.8 million. Cash used by operating activities in the first three months of 2007 included $34.6 million for the increase in trade and other receivables reflecting the impact of the increase in sales, and $28.8 million for the decrease in accrued payroll and benefit costs resulting from the payment of the 2006 management incentive compensation.

Investing Activities. Net cash provided by investing activities for the first three months of 2008 was $48.6 million, compared with $6.4 million of net cash used during the first three months of 2007. Included in 2008 were proceeds of $60.0 million from the partial divestiture of LADD. Capital expenditures were $11.3 million and $2.8 million in the first three months of 2008 and 2007, respectively.

Financing Activities. Net cash used by financing activities for the first three months of 2008 and 2007 was $116.1 million and $87.3 million, respectively. During the first three months of 2008, borrowings and repayments of long-term debt of $241.5 million and $323.8 million, respectively, were made to our revolving credit facility. Borrowings and repayments of $83.0 million and $80.0 million, respectively, were applied to our Receivables Facility, and there were repayments of $0.3 million to our mortgage financing facility. During the first three months of

2007, borrowings and repayments of long-term debt of $272.0 million and $213.5 million, respectively, were made to our revolving credit facility. Borrowings and repayments of $60.0 million and $10.5 million, respectively, were applied to our Receivables Facility, and there were repayments of $0.3 million to our mortgage financing facility. In addition, during the first three months of 2008 and 2007, we purchased shares of our stock under our share repurchase plan for approximately $24.8 and $197.9 million, respectively. The exercise of stock-based compensation arrangements resulted in proceeds of $2.2 million and $5.5 million during the first three months of 2008 and 2007, respectively.

Table of Contents

Contractual Cash Obligations and Other Commercial Commitments

There were no material changes in our contractual obligations and other commercial commitments that would require an update to the disclosure provided in our 2007 Annual Report on Form 10-K. Management believes that cash generated from operations, together with amounts available under our revolving credit facility and the Receivables Facility, will be sufficient to meet our working capital, capital expenditures and other cash requirements for the foreseeable future. There can be no assurances, however, that this will be or will continue to be the case.

Inflation

The rate of inflation affects different commodities, the cost of products purchased and ultimately the pricing of our different products and product classes to our customers. On an overall basis, our pricing related to inflation comprised an estimated $16 million of our sales growth for the three months ended March 31, 2008.

Seasonality

Our operating results are not significantly affected by certain seasonal factors. Sales during the first quarter are generally less than 2% below the sales of the remaining three quarters due to reduced level of activity during the winter months of January and February. Sales typically increase beginning in March with slight fluctuations per month through December.

Impact of Recently Issued Accounting Standards

In September 2006, the Financial Accounting Standards Board (the FASB) issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements* (SFAS 157) which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement applies whenever other accounting standards require or permit assets or liabilities to be measured at fair value but does not expand the use of fair value to new accounting transactions and does not apply to pronouncements that address share-based payment transactions. On February 12, 2008, the FASB issued FASB Staff Position (FSP) SFAS No. 157-2, Effective Date of SFAS No. 157. The FSP amends SFAS 157 to delay the effective date of SFAS 157 for all nonfinancial assets and liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis (that is, at least annually) to fiscal years beginning after November 15, 2008. Except for the delay for nonfinancial assets and liabilities, SFAS 157 was effective for fiscal years beginning after November 15, 2007. Consistent with its requirements, we adopted SFAS 157 for our financial assets and liabilities on January 1, 2008. Our financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable, bank overdrafts and debt. We believe that the recorded values of our financial instruments, except for long-term debt, approximate fair value because of their nature and respective duration. The adoption of SFAS 157 did not impact our financial position, results of operations, or cash flows. Nonfinancial assets and liabilities for which we have not applied the provisions of FAS 157 include those measured at fair value in goodwill and indefinite lived intangible asset impairment testing, and assets acquired and liabilities assumed in a business combination. We are currently evaluating the effect that the implementation of FSP 157-2 will have on our financial position, results of operations and cash flows.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Liabilities* (SFAS 159) which provides companies with an option to report certain financial assets and liabilities at fair value, with changes in value recognized in earnings each reporting period. SFAS 159 establishes presentation and disclosure requirements designed to facilitate comparisons between companies that choose different measurement attributes for similar types of assets and liabilities. SFAS 159 was effective for fiscal years beginning after November 15, 2007. Consistent with its requirements, we adopted SFAS 159 on January 1, 2008. We did not elect to value our debt with the fair value option in accordance with SFAS 159, Therefore, the adoption of SFAS 159 did not impact our financial position, results of operations, or cash flows.

In December 2007, the FASB issued SFAS No. 141 (revised 2007), *Business Combinations* (SFAS 141R) which establishes additional principles and requirements for how the acquirer in a business combination recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed and any noncontrolling interest in the acquiree at the acquisition date fair value. SFAS 141R is designed to improve the relevance, representational faithfulness and comparability of the financial information that a reporting entity provides in its financial reports about a business combination and its effects. SFAS 141R applies prospectively to business

combinations for which the acquisition date is in or after the beginning of the first annual reporting period beginning after December 15, 2008. We are currently evaluating the effect that the implementation of SFAS 141R will have on our financial position, results of operations and cash flows.

Table of Contents

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements an Amendment of ARB No. 51* (SFAS 160). This statement amends Accounting Research Bulletin No. 51, *Consolidated Financial Statements (* ARB 51) to establish accounting and reporting standards for a noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. It clarifies that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. SFAS 160 is effective for fiscal years beginning after December 15, 2008. We are currently evaluating the effect that the implementation of SFAS 160 will have on our financial position, results of operations and cash flows.

Forward-Looking Statements

From time to time in this report and in other written reports and oral statements, references are made to expectations regarding our future performance. When used in this context, the words anticipates, plans, believes, estimates, intends, expects, projects, will and similar expressions may identify forward-looking statements, altho not all forward-looking statements contain such words. Such statements including, but not limited to, our statements regarding our business strategy, growth strategy, productivity and profitability enhancement, new product and service introductions and liquidity and capital resources are based on management s beliefs, as well as on assumptions made by, and information currently available to, management, and involve various risks and uncertainties, certain of which are beyond our control. Our actual results could differ materially from those expressed in any forward-looking statement made by or on our behalf. In light of these risks and uncertainties there can be no assurance that the forward-looking information will in fact prove to be accurate. Factors that might cause actual results to differ from such forward-looking statements include, but are not limited to, an increase in competition, the amount of outstanding indebtedness, the availability of appropriate acquisition opportunities, availability of key products, functionality of information systems, international operating environments and other risks that are described in our Annual Report on Form 10-K for our fiscal year ended December 31, 2007, or other documents subsequently filed with the Securities and Exchange Commission. We have undertaken no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Table of Contents

Item 3. Quantitative and Qualitative Disclosures about Market Risks

There have not been any material changes to our exposures to market risk during the quarter ended March 31, 2008 that would require an update to the disclosures provided in our 2007 Annual Report on Form 10-K.

Item 4. Controls and Procedures

Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures as such term is defined under Rule 13a-15(e) promulgated under the Exchange Act. Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

Changes in Internal Control Over Financial Reporting

During the first quarter of 2008, there were no changes in our internal control over financial reporting identified in connection with management s evaluation of the effectiveness of our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

Part II Other Information

Item 1. Legal Proceedings

From time to time, a number of lawsuits and claims have been or may be asserted against us relating to the conduct of our business, including routine litigation relating to commercial and employment matters. The outcome of any litigation cannot be predicted with certainty, and some lawsuits, may be determined adversely to us. However, management does not believe, based on information presently available, that the ultimate outcome of any such pending matters is likely to have a material adverse effect on our financial condition or liquidity, although the resolution in any quarter of one or more of these matters may have a material adverse effect on our results of operations for that period.

As previously reported in our Annual Report on Form 10-K , we are a co-defendant in a lawsuit filed in a state court in Indiana in which a customer alleges that we sold defective products manufactured or remanufactured by others and is seeking monetary damages in the amount of $52 million. We have denied any liability, continue to believe that we have meritorious defenses and intend to vigorously defend ourselves against these allegations.

Information relating to legal proceedings is included in Note 8, Commitments and Contingencies of the Notes to the Condensed Consolidated Financial Statements and is incorporated herein by reference.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table provides a summary of all repurchases by us of our common stock during the three months ended March 31, 2008.

Period	Total Number of Shares Purchased (In Thousands) [3]	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (In Thousands)[1]	Approximate Dollar Value of Shares That May Yet Be Purchased Under the Plans or Programs (In Millions) [1],[2]
January 2008	341.9	$39.05	339.2	$ 356.2
February 2008	290.3	$39.82	289.4	$ 344.7
March 2008				$ 344.7
Total	632.2	$39.41	628.6	

(1) On September 28, 2007, we announced that our Board of Directors authorized a stock repurchase program in the amount of up to $400 million

with an expiration date of September 30, 2009.

(2) Excludes commission fees of $10.2 thousand and $8.7 thousand for the months of January and February, respectively.

(3) Of the 0.6 million shares acquired, 3,637 shares were purchased from employees for approximately $0.1 million in connection with the settlement of tax withholding obligations arising from the exercise of common stock options and stock-settled stock appreciation rights.

Item 6. Exhibits

(a) ***Exhibits***

31.1 Certification of Chief Executive Officer pursuant to Rules 13a-14(a) promulgated under the Exchange Act.

31.2 Certification of Chief Financial Officer pursuant to Rules 13a-14(a) promulgated under the Exchange Act.

32.1 Certification of Chief Executive Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

32.2 Certification of Chief Financial Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
