Alamosa Announces Second Quarter Results

Second Quarter Highlights

- o Net loss for the second quarter totaled \$28.7 million or \$0.31 per share.
- o Second consecutive quarter of positive EBITDA (earnings before interest, taxes, depreciation and amortization).
- o Subscribers increase by approximately 20,000, to approximately 571,000 total subscribers.
- o \$147.2 million in available funding, including \$122.2 million in cash, cash equivalents and short-term investments, (of which \$59.2 million represents restricted cash in escrow accounts for bond interest payments) and \$25 million in undrawn bank borrowings.
- o Network upgrade to 3G is complete.

LUBBOCK, Texas (August 7, 2002) - Alamosa Holdings, Inc. (NYSE: APS), the largest PCS affiliate of Sprint based on number of subscribers, today reported results for the second quarter ended June 30, 2002. The Company reported positive EBITDA of \$6.4 million, after a one-time \$5.4 million access revenue adjustment relating to a July 3rd FCC ruling and before a non-cash equipment impairment. EBITDA, excluding the access revenue adjustment, was \$11.8 million. The FCC ruling specifically addresses wireless carriers attempts to collect access charges from long distance carriers for terminating calls on the company's network. As previously reported, Alamosa added approximately 20,000 net new subscribers, bringing total subscribers to approximately 571,000. Customer churn was within revised guidance at 3.2 percent. Subscriber revenue, before the access revenue adjustment, increased approximately 5 percent from first quarter of 2002.

"Our highest priority is running our business to achieve free cash flow in 2003, and Alamosa is on track to achieve that goal," stated David E. Sharbutt, Chief Executive Officer of Alamosa Holdings, Inc. "We are very pleased with our growth in positive EBITDA during the second quarter. With every quarter, our overall business moves one step closer toward our ultimate goal of profitability. Our funding position also remains strong as we continue to expect to be over-funded in excess of \$50 million dollars at the point of achieving free cash flow in 2003. Our business plan is proving successful as we continue to strive for operational excellence throughout all levels of our operations."

"As the result of both seasonal and marketing factors, we believe the demand for our wireless services will improve in the third and fourth quarters," Sharbutt added. "The launch of third generation services should create increased excitement and demand for our wireless services. Our network is now converted to accommodate 3G services and we are eagerly anticipating its launch. Fiscal Year 2002 has already proven to be a positive year for Alamosa as we achieved positive EBITDA one quarter ahead of expectations and substantially improved upon that trend into the second quarter. We're excited about the balance of this year and the continued

Edgar Filing: ALAMOSA HOLDINGS INC - Form 424B3

overall improvement in our financial performance."

FINANCIAL HIGHLIGHTS

Total revenue for the second quarter was approximately \$130.8 million, including subscriber revenue of \$92.6 million, roaming revenue of \$33.5 million and product sales of \$4.7 million. Roaming revenue increased 26 percent compared to first quarter of 2002, due to the increased seasonal volume of inbound traffic.

EBITDA, excluding non-cash equipment impairment, was a positive \$6.4 million (or \$11.8 million before the access revenue adjustment relating to the July 3rd FCC ruling) compared to positive \$3.1 million for the first quarter and a negative \$9.1 million for the second quarter of 2001. EBITDA, before selling and marketing expenses, was a positive \$37.7 million for the quarter. The net loss for the second quarter totaled \$28.7 million or \$0.31 per share compared to the net loss of \$28.1 million or \$0.30 per share in the first quarter of 2002 and the net loss of \$34.3 million or \$0.37 per share for the second quarter of 2001.

At the end of the second quarter, Alamosa had available funding of \$147.2 million. This included approximately \$122.2 million of cash, cash equivalents and short-term investments, of which \$59.2 million represents restricted cash escrowed for the payment of bond interest, and committed but unused credit facilities at the end of the second quarter of \$25 million. Capital expenditures for the second quarter were \$29.6 million.
