PROSPECTUS SUMMARY

The following summary highlights selected information contained in this prospectus. This summary does not contain all the information you should consider before investing in the securities. Before making an investment decision, you should read the entire prospectus carefully, including the "risk factors" section, the financial statements and the notes to the financial statements.

ONE VOICE TECHNOLOGIES, INC.

OUR BUSINESS

We are a voice recognition technology company with over \$43 million invested in research and development and deployment of more than 20 million products worldwide in seven languages. To date, our customers include: Walt Disney Internet Group, Warner Home Video, Golden State Cellular, Inland Cellular, Eloqui Wireless, Cell One of Amarillo, Panhandle Telephone Cooperative, Plateau Wireless, West Central Wireless, Telispire PCS, NewEgg.com, PC Alchemy, CompUSA, Dell.com and Cannon PC. Based on our patented technology, we offer voice solutions for the Telecom and Interactive Multimedia markets. Our telecom solutions allow business and consumer phone users to voice dial, group conference call, read and send e-mail and instant message, all by voice. We offer PC Original Equipment Manufacturers (OEM's) the ability to bundle a complete voice interactive computer assistant which allows PC users to talk to their computers to quickly play digital media (music, videos, DVD), along with read and send e-mail messages, SMS text messaging to mobile phones, PC-to-Phone calling (VoIP) and PC-to-PC audio/video. We believe that we are strongly positioned across these markets with our patented voice technology.

We believe that the presence of voice technology as an interface in mobile communications and PC computing is of paramount importance. Voice interface technology makes portable communications products mobile, more effective and safer to use and it makes communicating with a PC to play digital content, such as music, videos and photos, easier for consumers. Our development efforts currently are focused on the Telecom and PC multimedia markets and more specifically on mobile communications from a cell phone, directory assistance and in-home digital media access.

We are listed on the Over-The-Counter Bulletin Board under the symbol "ONEV". We are incorporated in the State of Nevada and we commenced operations on July 14, 1999. Our principal executive offices are located at 4275 Executive Square, Suite 200, La Jolla, California 92037, and our telephone number is (858) 552-4466.

The above information regarding common stock to be outstanding after the offering is based on 471,507,020 shares of common stock outstanding as of May 8, 2006 and assumes the subsequent conversion of our issued secured convertible notes and exercise of warrants by our selling stockholders, although there can be no assurances that any warrants will be exercised.

EXPLANATORY NOTE: In addition to the shares of our common stock underlying our secured convertible notes issued under our March and May 2006 Subscription Agreements, and shares underlying our Class A common stock purchase warrants issued under our March 2006 Subscription Agreement, all of which we are initially registering in this prospectus, we are also re-registering shares of our common stock underlying the remaining principal amount of our convertible notes in the amount of \$300,000 and \$10,000, issued under our March 2005 and 2004 Subscription Agreements, respectively, together with the remaining Class A and Class B warrants, which we previously registered on Form SB-2 (File Nos. 333-124132 and 333-118831) to update the registration of the remaining amount of such shares. Further, we are registering shares of our common stock underlying our Class B common stock purchase warrants which were granted piggy-back registration rights under our March 2005 Subscription Agreement.

MAY 2006 SUBSCRIPTION AGREEMENT

On May 5, 2006, we completed a private placement pursuant to a Subscription Agreement which we entered into with several accredited and/or qualified institutional investors pursuant to which the investors subscribed to purchase an aggregate principal amount of \$324,000 in 6% secured convertible promissory notes.

The secured convertible notes bear simple interest at 6% per annum payable upon each conversion, June 1, 2006 and semi-annually thereafter, and mature 2 years after the date of issuance. Each investor shall have the right to convert the secured convertible notes after the date of issuance at any time, until paid in full, at the election of the investor into fully paid and nonassessable shares of our common stock. The conversion price per share shall be the lower of (i) \$0.043 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date as reported by Bloomberg, L.P. on any principal market or exchange where our common stock is listed or traded. The conversion price is adjustable in the event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the conversion price of the secured convertible notes will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets.

We are obligated to file a registration statement registering the shares of our common stock issuable upon conversion of the secured promissory notes and exercise of the Class A warrants no later than 45 days after the closing date and cause it to be declared effective within 120 days after the closing date. If we do not meet the aforementioned filing and effectiveness deadlines, we shall pay to each investor an amount equal to 1% for the first 30 days or part thereof of the pendency of such non-registration event and 2% for each 30 days or part thereof thereafter, of the purchase price of the secured convertible notes remaining unconverted and purchase price of the shares of our common stock issued upon conversion of the notes.

MARCH 2006 SUBSCRIPTION AGREEMENT

On March 20, 2006, we completed a private placement pursuant to a Subscription Agreement which we entered into with several accredited and/or qualified institutional investors dated as of March 17, 2006, pursuant to which

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

the investors subscribed to purchase an aggregate principal amount of \$700,000 in 6% secured convertible promissory notes and 1 Class A common stock purchase warrant for each 1 share which would be issued on the closing date assuming full conversion of the secured convertible notes issued on the closing date.

8

The secured convertible notes bear simple interest at 6% per annum payable upon each conversion, June 1, 2006 and semi-annually thereafter, and mature 2 years after the date of issuance. Each investor shall have the right to convert the secured convertible notes after the date of issuance at any time, until paid in full, at the election of the investor into fully paid and nonassessable shares of our common stock. The conversion price per share shall be the lower of (i) \$0.043 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date as reported by Bloomberg, L.P. on any principal market or exchange where our common stock is listed or traded. The conversion price is adjustable in the event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the conversion price of the secured convertible notes will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets. Our obligation to repay all principal, and accrued and unpaid interest under the convertible notes is secured by all of our assets pursuant to a certain Security Agreement dated as of February 16, 2006, which also secures the remaining principal amount of our convertible notes in the aggregate amount of \$1,115,000 which we issued on March 18, 2005 and July 13, 2005 to certain of the investors participating in this new private placement.

We issued an aggregate of 50,972,111 Class A common stock purchase warrants to the investors, representing 1 Class A warrant issued for each 1 share which would be issued on the closing date assuming full conversion of the secured convertible notes issued on the closing date. The Class A warrants are exercisable until four years from the closing date at an exercise price of \$0.045 per share. The exercise price of the Class A warrants will be adjusted in the event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the exercise price of the warrants will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets.

We are obligated to file a registration statement registering the shares of our common stock issuable upon conversion of the secured promissory notes and exercise of the Class A warrants no later than 45 days after the closing date and cause it to be declared effective within 120 days after the closing date. If we do not meet the aforementioned filing and effectiveness deadlines, we shall pay to each investor an amount equal to 1% for the first 30 days or part thereof of the pendency of such non-registration event and 2% for each 30 days or part thereof thereafter, of the purchase price of the secured convertible notes remaining unconverted and purchase price of the shares of our common stock issued upon conversion of the notes.

On May 5, 2006, we entered into a letter agreement with the investors under which the parties agreed to extend the date we are required to file the registration statement to May 9, 2006 in order to permit the registration of the shares underlying our secured convertible notes issued on May 5, 2006.

MARCH 2005 SUBSCRIPTION AGREEMENT

In addition, we are registering shares of our common stock in this

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

prospectus underlying our convertible notes in the remaining principal amount of \$300,000 and our remaining Class A and Class B common stock purchase warrants which we issued pursuant to our March 2005 Subscription Agreement.

The convertible notes bear simple interest at 6% per annum payable upon each conversion, June 1, 2005 and semi-annually thereafter and mature 3 years after the date of issuance. Each investor shall have the right to convert the convertible notes after the date of issuance and at any time, until paid in full, at the election of the investor into fully paid and nonassessable shares of our common stock. The conversion price per share shall be the lower of (i) \$0.047 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date as reported by Bloomberg, L.P. on any principal market or exchange where our common stock is listed or traded. The conversion price is adjustable in the event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the conversion price of the convertible notes will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets.

The Class A warrants are exercisable until four years from the initial closing date at an exercise price of \$0.013 per share. The Class B warrants are exercisable until four years from the initial closing date at an exercise price of \$0.013 per share. The holder of the Class B warrants will be entitled to purchase one share of common stock upon exercise of the Class B warrants for each share of common stock previously purchased upon exercise of the Class A warrants. The exercise price of the Class A and Class B warrants will be adjusted in the event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the exercise price of the warrants will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets.

2004 SUBSCRIPTION AGREEMENTS

Further, we are registering shares of our common stock in this prospectus underlying our convertible notes in the remaining principal amount of \$10,000 and our remaining Class A and Class B common stock purchase warrants which we issued pursuant to our 2004 Subscription Agreements. The convertible notes bear simple interest at 7% per annum payable upon each conversion, June 1, and semi-annually thereafter, and mature 2 years after the date of issuance. Each investor shall have the right to convert the secured convertible notes after the date of issuance at any time, until paid in full, at the election of the investor into fully paid and nonassessable shares of our common stock. The conversion price per share shall be the lower of (i) \$0.043 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date as reported by Bloomberg, L.P. on any principal market or exchange where our common stock is listed or traded.

The Class A warrants are exercisable until four years from the initial closing date at an exercise price of \$0.013 per share. The Class B warrants are exercisable until four years from the initial closing date at an exercise price of \$0.013 per share. The holder of the Class B warrants will be entitled to purchase one share of common stock upon exercise of the Class B warrants for each share of common stock previously purchased upon exercise of the Class A warrants. The exercise price of the Class A and Class B warrants will be adjusted in the event of any stock split or reverse stock split, stock dividend,

reclassification of common stock, recapitalization, merger or consolidation. In addition, the exercise price of the warrants will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets.

**With respect to all the financing arrangements set forth above, we claim an exemption from the registration requirements of the Act for the private placement of these securities pursuant to Section 4(2) of the Act and/or Regulation D promulgated thereunder since, among other things, the transaction did not involve a public offering, the investors were accredited investors and/or qualified institutional buyers, the investors had access to information about us and their investment, the investors took the securities for investment and not resale, and we took appropriate measures to restrict the transfer of the securities.

10

RISK FACTORS

This investment has a high degree of risk. Before you invest you should carefully consider the risks and uncertainties described below and the other information in this prospectus. If any of the following risks actually occur, our business, operating results and financial condition could be harmed and the value of our stock could go down. This means you could lose all or a part of your investment.

RISKS RELATED TO OUR BUSINESS AND INDUSTRY

WE HAVE A HISTORY OF LOSSES. WE EXPECT TO CONTINUE TO INCUR LOSSES, AND WE MAY NEVER ACHIEVE AND SUSTAIN PROFITABILITY.

Since inception, we have incurred significant losses and have negative cash flows from operations. For the three months ended March 31, 2006 and 2005, we incurred a net loss of \$5,816,617 and \$2,064,816, respectively. For the year ended December 31, 2005 and 2004, we incurred a net loss of \$1,546,000 and \$8,752,000, respectively. These factors, among others discussed in Note 1 to the financial statements, raise substantial doubt about the ability to continue as a going concern. We expect to continue to incur net losses until sales generate sufficient revenues to fund our continuing operations. We may fail to achieve significant revenues from sales or achieve or sustain profitability. There can be no assurance of when, if ever, we will be profitable or be able to maintain profitability.

IF WE DO NOT BECOME PROFITABLE WE MAY NOT BE ABLE TO CONTINUE OUR OPERATIONS.

Our future sales and profitability depend in part on our ability to demonstrate to prospective customers the potential performance advantages of using voice interface software. To date, commercial sales of our software have been limited.

WE HAVE A LIMITED OPERATING HISTORY WHICH MAKES IT DIFFICULT TO EVALUATE OUR BUSINESS.

Our current corporate entity commenced operations in 1999 and has a limited operating history. We have limited financial results on which you can

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

assess our future success. Our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by growing companies in new and rapidly evolving markets, such as voice recognition software, media delivery systems and electronic commerce.

To address the risks and uncertainties we face, we must:

- o establish and maintain broad market acceptance of our products and services and convert that acceptance into direct and indirect sources of revenues;
- o maintain and enhance our brand name;
- o continue to timely and successfully develop new products, product features and services and increase the functionality and features of existing products;
- o successfully respond to competition, including emerging technologies and solutions; and
- o develop and maintain strategic relationships to enhance the distribution, features and utility of our products and services.

IF WE ARE UNABLE TO OBTAIN ADDITIONAL FUNDING OUR BUSINESS OPERATIONS WILL BE HARMED.

We believe that our available short-term assets and investment income will be sufficient to meet our operating expenses and capital expenditures through the end of fiscal year 2006. We do not know if additional financing will be available when needed, or if it is available, if it will be available on acceptable terms. Insufficient funds may prevent us from implementing our business strategy or may require us to delay, scale back or eliminate certain contracts for the provision of voice interface software.

OUR OPERATING RESULTS ARE LIKELY TO FLUCTUATE SIGNIFICANTLY.

As a result of our limited operating history and the rapidly changing nature of the markets in which we compete, our quarterly and annual revenues and operating results are likely to fluctuate from period to period. These fluctuations may be caused by a number of factors, many of which are beyond our control. These factors include the following, as well as others discussed elsewhere in this section:

- o how and when we introduce new products and services and enhance our existing products and services;
 - o our ability to attract and retain new customers and satisfy our customers' demands;
- 11
- o the timing and success of our brand-building and marketing campaigns;
 - o our ability to establish and maintain strategic relationships;
 - o our ability to attract, train and retain key personnel;

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

- o the demand for voice recognition applications;
- o the emergence and success of new and existing competition;
- o varying operating costs and capital expenditures related to the expansion of our business operations and infrastructure, domestically and internationally, including the hiring of new employees;
- o technical difficulties with our products, system downtime, system failures or interruptions in Internet access;
- o changes in the mix of products and services that we sell to our customers;
- o costs and effects related to the acquisition of businesses or technology and related integration; and
- o costs of litigation and intellectual property protection.

In addition, because the market for our products and services is relatively new and rapidly changing, it is difficult to predict future financial results.

For these reasons, you should not rely on period-to-period comparisons of our financial results, if any, as indications of future results. Our future operating results could fall below the expectations of public market analysts or investors and significantly reduce the market price of our common stock. Fluctuations in our operating results will likely increase the volatility of our stock price.

We are in the starting stages of our business plan and are therefore more vulnerable to unexpected or uncontrollable business and economic forces. Unknown software errors may not be corrected in time to develop a sustainable customer base. Unfavorable product reviews or news reports could squelch early sales efforts. A competitor may quickly release a better version of a similar product before we can complete our development efforts. Economic conditions such as a national or world recession, international trade restrictions on computer product sales, or a slowdown in new technology growth could reduce our revenues below financially-healthy levels. The risks of a development-stage company include the possible loss of all investment funds by investors.

OUR CURRENT AND POTENTIAL COMPETITORS, SOME OF WHOM HAVE GREATER RESOURCES THAN WE DO, MAY DEVELOP PRODUCTS AND TECHNOLOGIES THAT MAY CAUSE DEMAND FOR, AND THE PRICES OF, OUR PRODUCTS TO DECLINE.

A number of companies have developed, or are expected to develop, products that compete with our products. Competitors in the voice interface software market include IBM, Scansoft and Nuance. We expect additional competition from other companies such as Microsoft, who has recently made investments in, and acquired, voice interface technology companies. Furthermore, our competitors may combine with each other, and other companies may enter our markets by acquiring or entering into strategic relationships with our competitors. Current and potential competitors have established, or may establish, cooperative relationships among themselves or with third parties to increase the abilities of their advanced speech and language technology products to address the needs of our prospective customers.

Many of our current and potential competitors have longer operating histories, significantly greater financial, technical, product development and marketing resources, greater name recognition and larger customer bases than we do. Our present or future competitors may be able to develop products comparable

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

or superior to those we offer, adapt more quickly than we do to new technologies, evolving industry trends and standards or customer requirements, or devote greater resources to the development, promotion and sale of their products than we do. Accordingly, we may not be able to compete effectively in our markets, competition may intensify and future competition may harm our business.

ANY INABILITY TO ADEQUATELY PROTECT OUR PROPRIETARY TECHNOLOGY COULD HARM OUR ABILITY TO COMPETE.

Our future success and ability to compete depends in part upon our proprietary technology and our trademarks, which we attempt to protect with a combination of patent, copyright, trademark and trade secret laws, as well as with our confidentiality procedures and contractual provisions. These legal protections afford only limited protection and are time-consuming and expensive to obtain and/or maintain. Further, despite our efforts, we may be unable to prevent third parties from infringing upon or misappropriating our intellectual property.

12

We have recently been issued three patents covering the United States, Australia, China and parts of Europe. Any patents that are issued to us could be invalidated, circumvented or challenged. If challenged, our patents might not be upheld or their claims could be narrowed. Our intellectual property may not be adequate to provide us with competitive advantage or to prevent competitors from entering the markets for our products. Additionally, our competitors could independently develop non-infringing technologies that are competitive with, equivalent to, and/or superior to our technology. Monitoring infringement and/or misappropriation of intellectual property can be difficult, and there is no guarantee that we would detect any infringement or misappropriation of our proprietary rights. Even if we do detect infringement or misappropriation of our proprietary rights, litigation to enforce these rights could cause us to divert financial and other resources away from our business operations. Further, we license our products internationally, and the laws of some foreign countries do not protect our proprietary rights to the same extent as do the laws of the United States.

OUR PRODUCTS MAY INFRINGE UPON THE INTELLECTUAL PROPERTY RIGHTS OF OTHERS AND RESULTING CLAIMS AGAINST US COULD BE COSTLY AND REQUIRE US TO ENTER INTO DISADVANTAGEOUS LICENSE OR ROYALTY ARRANGEMENTS.

The software industry is characterized by the existence of a large number of patents and frequent litigation based on allegations of patent infringement and the violation of intellectual property rights. Although we attempt to avoid infringing upon known proprietary rights of third parties, we may be subject to legal proceedings and claims for alleged infringement by us or our licensees of third-party proprietary rights, such as patents, trade secrets, trademarks or copyrights, from time to time in the ordinary course of business. Any claims relating to the infringement of third-party proprietary rights, even if not successful or meritorious, could result in costly litigation, divert resources and management's attention or require us to enter into royalty or license agreements which are not advantageous to us. In addition, parties making these claims may be able to obtain injunctions, which could prevent us from selling our products. Furthermore, former employers of our employees may assert that these employees have improperly disclosed confidential or proprietary information to us. Any of these results could harm our business. We may be increasingly subject to infringement claims as the number of, and number of features of, our products grow.

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

IF THE STANDARDS WE HAVE SELECTED TO SUPPORT ARE NOT ADOPTED AS THE STANDARDS FOR SPEECH-ACTIVATED SOFTWARE, BUSINESSES MIGHT NOT USE OUR SPEECH-ACTIVATED SOFTWARE PLATFORM FOR DELIVERY OF APPLICATIONS AND SERVICES, AND OUR REVENUE GROWTH COULD BE NEGATIVELY AFFECTED.

The market for speech-activated services software is new and emerging. Certain industry software standards have, however, been established but may change as the technology evolves. We may not be competitive unless our products support changing industry software standards. The emergence of industry standards other than those we have selected to support, whether through adoption by official standards committees or widespread usage, could require costly and time consuming redesign of our products. If these standards become widespread and our products do not support them, our clients and potential clients may not purchase our products, and our revenue growth could be adversely affected. Multiple standards in the marketplace could also make it difficult for us to design our products to support all applicable standards, which could also result in decreased sales of our products.

OUR FAILURE TO RESPOND TO RAPID CHANGE IN THE MARKET FOR SPEECH-ACTIVATED SERVICES SOFTWARE COULD CAUSE US TO LOSE REVENUE AND HARM OUR BUSINESS.

The speech-activated services software industry is relatively new and rapidly evolving. Our success will depend substantially upon our ability to enhance our existing products and to develop and introduce, on a timely and cost-effective basis, new products and features that meet changing end-user requirements and incorporate technological advancements. If we are unable to develop new products and enhanced functionalities or technologies to adapt to these changes, or if we cannot offset a decline in revenue from existing products with sales of new products, our business will suffer.

Commercial acceptance of our products and technologies will depend, among other things, on: o the ability of our products and technologies to meet and adapt to the needs of our target markets; o the performance and price of our products as compared to our competitors' products; o our ability to deliver customer service directly and through our resellers; and o the ability of our customers to utilize our product.

RISKS RELATING TO OUR CURRENT FINANCING ARRANGEMENTS

THERE ARE A LARGE NUMBER OF SHARES UNDERLYING OUR SECURED CONVERTIBLE NOTES AND WARRANTS THAT MAY BE AVAILABLE FOR FUTURE SALE AND THE SALE OF THESE SHARES MAY DEPRESS THE MARKET PRICE OF OUR COMMON STOCK.

As of May 8, 2006, we had 471,507,020 shares of common stock issued and outstanding, secured convertible notes outstanding in the aggregate principal amount of \$1,024,000 under our March and May 2006 Subscription Agreements that may be converted into an estimated 52,100,000 shares of common stock at current market prices and outstanding warrants to purchase 51,972,111 shares of common stock pursuant to our March 2006 Subscription Agreement. In addition, the number of shares of common stock issuable upon conversion of the outstanding secured convertible notes may increase if the market price of our stock declines. All of the shares, including all of the shares issuable upon conversion of the secured convertible notes and upon exercise of our warrants, may be sold without restriction. The sale of these shares may adversely affect the market price of our common stock.

THE CONTINUOUSLY ADJUSTABLE CONVERSION PRICE FEATURE OF OUR SECURED CONVERTIBLE NOTES COULD REQUIRE US TO ISSUE A SUBSTANTIALLY GREATER NUMBER OF SHARES, WHICH

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

WILL CAUSE DILUTION TO OUR EXISTING STOCKHOLDERS.

Our obligation to issue shares upon conversion of our secured convertible notes under our March and May 2006 Subscription Agreements is essentially limitless. The following is an example of the amount of shares of our common stock that are issuable, upon conversion of our secured convertible notes (excluding accrued interest), based on market prices 25%, 50% and 75% below the market price, as of May 8, 2006 of \$0.027.

% Below Market	Price Per Share	Discount of 40%	Number of Shares Issuable
25%	\$.0203	\$.0162	63,209,877
50%	\$.0135	\$.0108	94,814,815
75%	\$.0068	\$.0054	189,629,630

As illustrated, the number of shares of common stock issuable upon conversion of our secured convertible notes will increase if the market price of our stock declines, which will cause dilution to our existing stockholders.

THE CONTINUOUSLY ADJUSTABLE CONVERSION PRICE FEATURE OF OUR SECURED CONVERTIBLE NOTES MAY HAVE A DEPRESSIVE EFFECT ON THE PRICE OF OUR COMMON STOCK.

The secured convertible notes are convertible into shares of our common stock at a 20% discount to the trading price of the common stock prior to the conversion. The significant downward pressure on the price of the common stock as the selling stockholders convert and sell material amounts of common stock could have an adverse effect on our stock price. In addition, not only the sale of shares issued upon conversion or exercise of secured convertible notes and warrants, but also the mere perception that these sales could occur, may adversely affect the market price of the common stock.

THE ISSUANCE OF SHARES UPON CONVERSION OF THE SECURED CONVERTIBLE NOTES AND EXERCISE OF OUTSTANDING WARRANTS MAY CAUSE IMMEDIATE AND SUBSTANTIAL DILUTION TO OUR EXISTING STOCKHOLDERS.

The issuance of shares upon conversion of the secured convertible notes and exercise of warrants may result in substantial dilution to the interests of other stockholders since the selling stockholders may ultimately convert and sell the full amount issuable on conversion. Although the selling stockholders may not convert their secured convertible notes and/or exercise their warrants if such conversion or exercise would cause them to own more than 9.99% of our outstanding common stock, this restriction does not prevent the selling stockholders from converting and/or exercising some of their holdings and then converting the rest of their holdings. In this way, the selling stockholders could sell more than this limit while never holding more than this limit. There is no upper limit on the number of shares that may be issued which will have the effect of further diluting the proportionate equity interest and voting power of holders of our common stock, including investors in this offering.

IF WE ARE REQUIRED FOR ANY REASON TO REPAY OUR OUTSTANDING SECURED CONVERTIBLE NOTES, WE WOULD BE REQUIRED TO DEplete OUR WORKING CAPITAL, IF AVAILABLE, OR RAISE ADDITIONAL FUNDS. OUR FAILURE TO REPAY THE SECURED CONVERTIBLE NOTES, IF REQUIRED, COULD RESULT IN LEGAL ACTION AGAINST US, WHICH COULD REQUIRE THE SALE OF SUBSTANTIAL ASSETS.

In March and May 2006, we entered into a Subscription Agreement for the sale of an aggregate of \$1,024,000 principal amount of secured convertible notes. The secured convertible notes are due and payable, with 6% interest, two years from the date of issuance, unless sooner converted into shares of our common stock. Any event of default such as our failure to repay the principal or interest when due, our failure to issue shares of common stock upon conversion

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

by the holder, our failure to timely file a registration statement or have such registration statement declared effective, breach of any covenant, representation or warranty in the Subscription Agreement or related convertible note, the assignment or appointment of a receiver to control a substantial part of our property or business, the filing of a money judgment, writ or similar

14

process against our company in excess of \$50,000, the commencement of a bankruptcy, insolvency, reorganization or liquidation proceeding against our company and the delisting of our common stock could require the early repayment of the secured convertible notes, including a default interest rate of 15% on the outstanding principal balance of the notes if the default is not cured with the specified grace period. We anticipate that the full amount of the secured convertible notes will be converted into shares of our common stock, in accordance with the terms of the secured convertible notes. If we were required to repay the secured convertible notes, we would be required to use our limited working capital and raise additional funds. If we were unable to repay the notes when required, the note holders could commence legal action against us and foreclose on all of our assets to recover the amounts due. Any such action would require us to curtail or cease operations.

IF AN EVENT OF DEFAULT OCCURS UNDER THE SECURITIES PURCHASE AGREEMENT, SECURED CONVERTIBLE NOTES, WARRANTS, SECURITY AGREEMENT OR INTELLECTUAL PROPERTY SECURITY AGREEMENT, THE INVESTORS COULD TAKE POSSESSION OF ALL OUR GOODS, INVENTORY, CONTRACTUAL RIGHTS AND GENERAL INTANGIBLES, RECEIVABLES, DOCUMENTS, INSTRUMENTS, CHATTEL PAPER, AND INTELLECTUAL PROPERTY.

In connection with the March and May 2006 Subscription Agreements, we executed a Security Agreement in favor of the investors granting them a security interest in all of our goods, inventory, contractual rights and general intangibles, receivables, documents, instruments, chattel paper, and intellectual property. The Security Agreement states that if an event of default occurs under the Subscription Agreement, Secured Convertible Notes, Warrants, or Security Agreement, the investors have the right to take possession of the collateral, to operate our business using the collateral, and have the right to assign, sell, lease or otherwise dispose of and deliver all or any part of the collateral, at public or private sale or otherwise to satisfy our obligations under these agreements.

RISKS RELATING TO OUR COMMON STOCK

IF WE FAIL TO REMAIN CURRENT ON OUR REPORTING REQUIREMENTS, WE COULD BE REMOVED FROM THE OTC BULLETIN BOARD WHICH WOULD LIMIT THE ABILITY OF BROKER-DEALERS TO SELL OUR SECURITIES AND THE ABILITY OF STOCKHOLDERS TO SELL THEIR SECURITIES IN THE SECONDARY MARKET.

Companies trading on the OTC Bulletin Board, such as us, must be reporting issuers under Section 12 of the Securities Exchange Act of 1934, as amended, and must be current in their reports under Section 13, in order to maintain price quotation privileges on the OTC Bulletin Board. If we fail to remain current on our reporting requirements, we could be removed from the OTC Bulletin Board. As a result, the market liquidity for our securities could be severely adversely affected by limiting the ability of broker-dealers to sell our securities and the ability of stockholders to sell their securities in the secondary market.

OUR COMMON STOCK IS SUBJECT TO THE "PENNY STOCK" RULES OF THE SEC AND THE TRADING MARKET IN OUR SECURITIES IS LIMITED, WHICH MAKES TRANSACTIONS IN OUR STOCK CUMBERSOME AND MAY REDUCE THE VALUE OF AN INVESTMENT IN OUR STOCK.

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

The Securities and Exchange Commission has adopted Rule 15g-9 which establishes the definition of a "penny stock," for the purposes relevant to us, as any equity security that has a market price of less than \$5.00 per share or with an exercise price of less than \$5.00 per share, subject to certain exceptions. For any transaction involving a penny stock, unless exempt, the rules require:

- o that a broker or dealer approve a person's account for transactions in penny stocks; and
- o the broker or dealer receive from the investor a written agreement to the transaction, setting forth the identity and quantity of the penny stock to be purchased.

In order to approve a person's account for transactions in penny stocks, the broker or dealer must:

- o obtain financial information and investment experience objectives of the person; and
- o make a reasonable determination that the transactions in penny stocks are suitable for that person and the person has sufficient knowledge and experience in financial matters to be capable of evaluating the risks of transactions in penny stocks.

The broker or dealer must also deliver, prior to any transaction in a penny stock, a disclosure schedule prescribed by the Commission relating to the penny stock market, which, in highlight form:

- o sets forth the basis on which the broker or dealer made the suitability determination; and

15

- o that the broker or dealer received a signed, written agreement from the investor prior to the transaction.

Generally, brokers may be less willing to execute transactions in securities subject to the "penny stock" rules. This may make it more difficult for investors to dispose of our common stock and cause a decline in the market value of our stock.

Disclosure also has to be made about the risks of investing in penny stocks in both public offerings and in secondary trading and about the commissions payable to both the broker-dealer and the registered representative, current quotations for the securities and the rights and remedies available to an investor in cases of fraud in penny stock transactions. Finally, monthly statements have to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks.

USE OF PROCEEDS

This prospectus relates to shares of our common stock that may be offered and sold from time to time by the selling stockholders. We will not receive any proceeds from the sale of shares of common stock in this offering. However, we will receive the sale price of any common stock we sell to the selling stockholder upon exercise of the warrants. We expect to use the proceeds received from the exercise of the warrants, if any, for general working capital

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

purposes. However, the selling stockholders will be entitled to exercise the warrants on a cashless basis one year after the closing date if the shares of common stock underlying the warrants are not then registered pursuant to an effective registration statement. In the event that the selling stockholders exercise the warrants on a cashless basis, then we will not receive any proceeds from the exercise of those warrants.

MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Our common stock began trading on the NASDAQ SmallCap Market on October 24, 2000, under the symbol ONEV. Our common stock is currently traded on The Over-The-Counter Bulletin Board under the symbol ONEV.OB. The Over-The-Counter Bulletin Board is sponsored by the National Association of Securities Dealers (NASD) and is a network of security dealers who buy and sell stocks.

For the periods indicated, the following table sets forth the high and low bid prices per share of common stock. These prices represent inter-dealer quotations without retail markup, markdown, or commission and may not necessarily represent actual transactions.

HOLDERS

As of May 8, 2006, our common stock were held by 174 stockholders of record and we had 471,507,020 shares of common stock issued and outstanding. We believe that the number of beneficial owners is substantially greater than the number of record holders because a significant portion of our outstanding common stock is held of record in broker street names for the benefit of individual investors. The transfer agent of our common stock is Corporate Stock Transfer, Inc., 3200 Cherry Creek Drive South, Suite 430, Denver, Colorado 80209.

We have not declared any dividends to date. We have no present intention of paying any cash dividends on our common stock in the foreseeable future, as we intend to use earnings, if any, to generate growth. The payment by us of dividends, if any, in the future, rests within the discretion of our Board of Directors and will depend, among other things, upon our earnings, our capital requirements and our financial condition, as well as other relevant factors. There are no restrictions in our articles of incorporation or bylaws that restrict us from declaring dividends.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Some of the information in this prospectus contains forward-looking statements that involve substantial risks and uncertainties. You can identify these statements by forward-looking words such as "may," "will," "expect," "anticipate," "believe," "estimate" and "continue," or similar words. You should read statements that contain these words carefully because they:

- o discuss our future expectations;
- o contain projections of our future results of operations or of our financial condition; and
- o state other "forward-looking" information.

We believe it is important to communicate our expectations. However, there may be events in the future that we are not able to accurately predict or over which we have no control. Our actual results and the timing of certain events could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including those set forth under "Risk Factors," "Business" and elsewhere in this prospectus. See "Risk Factors."

OVERVIEW

We are a voice recognition technology company with over \$43 million invested in research and development and deployment of more than 20 million products worldwide in seven languages. To date, our customers include: Walt Disney Internet Group, Warner Home Video, Golden State Cellular, Inland Cellular, Eloqui Wireless, Cell One of Amarillo, Panhandle Telephone Cooperative, Plateau Wireless, West Central Wireless, Telispire PCS, NewEgg.com, PC Alchemy, CompUSA, Dell.com and Cannon PC. Based on our patented technology, we offer voice solutions for the Telecom and Interactive Multimedia markets. Our telecom solutions allow business and consumer phone users to voice dial, group conference call, read and send e-mail and instant message, all by voice. We offer PC Original Equipment Manufacturers (OEM's) the ability to bundle a complete voice interactive computer assistant which allows PC users to talk to their computers to quickly play digital media (music, videos, DVD) along with read and send e-mail messages, SMS text messaging to mobile phones, PC-to-Phone calling (VoIP) and PC-to-PC audio/video. We feel we are strongly positioned across these markets with our patented voice technology.

We believe that the presence of voice technology as an interface in mobile communications and PC computing is of paramount importance. Voice interface technology makes portable communications products mobile, more effective and safer to use and it makes communicating with a PC to play digital content, such as music, videos and photos, easier for consumers. Our development efforts currently are focused on the Telecom and PC multimedia markets and more specifically on mobile communications from a cell phone, directory assistance and in-home digital media access.

TELECOM SECTOR

In the Telecom sector, the Mobile Messaging market, which has both business and consumer market applications including: e-mail, instant messages, and SMS (Short Message Service), is extremely large and is growing at an astonishing rate. Over six trillion text messages are sent globally every year, and messaging has also shown the consistent ability to generate significant revenue for carriers. Our solutions enable users to send, intelligently route and receive text messages using voice from any type of phone (wired or wireless) anywhere in the world.

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

Our strategy, in the telecom sector, is to continue aggressive sales and marketing activities for our voice solutions which we believe may result in increased deployments and revenue stream. The product offerings will encompass both MobileVoice(TM) suite of solutions as well as our ADA(TM) Alternative to Directory Assistance(TM).

17

PC SECTOR

In the PC sector, digital in-home entertainment is rapidly growing with the wide acceptance of digital photography, MP3 music and videos, along with plasma and LCD TV's. Companies including Apple, Microsoft and Intel are actively creating products and technology, which allow consumers to experience the next generation of digital entertainment. Our Media Center Communicator(TM) product works with Microsoft Windows XP Media Center Edition 2005 to add voice-navigation and a full suite of communication features allowing consumers to talk to their Media Center PC to play music, view photo slideshows, watch and record TV, place Voice-Over-IP (VoIP) phone calls, read and send e-mail and instant message friends and family, all by voice.

Our strategy, in the PC Sector, is to continue our aggressive marketing efforts to sign-up system integrators, such as those engaged in the business of home theatre installation and value-added resellers under our reseller program launched in 2005. We will continue to pursue OEMs for bundling agreements of our Media Center Communicator product. These OEM agreements may include revenue share business models as well as discounted individual user license fees. We will continue to use industry associations, forums and tradeshow events such as CES, CEDIA, EHX and Digital Life to promote awareness of our products and build strategic alliances.

We have recently teamed up with Intel Corporation to launch an online training program for Intel Resellers worldwide. The Intel Reseller Channel represents hundreds of thousands of certified resellers of Intel products and solutions. The training program, entitled "How to Sell Intel Digital Home Platforms" is designed to educate Intel Resellers on the products and solutions currently available to build the ultimate Digital Home experience. This training program will also highlight our Media Center Communicator(TM) product.

In the first quarter of 2006, the company signed a multi-year contract with Nex-Tech Wireless; launched MobileVoice(TM) services with Panhandle Telecommunication Services, Inc.(PTSI), Plateau Telecommunications, Inc. and DTC Wireless(formerly Advantage Cellular Systems, Inc.); and launched the Alternative to Directory Assistance(TM) service for PTSI subscribers. The management team remains committed to generating near and long term revenues significant enough to fund daily operations, building shareholder value, expand the intellectual property portfolio and developing cutting edge solutions and applications for the emerging speech recognition market sector.

CRITICAL ACCOUNTING POLICIES

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an ongoing basis, we evaluate our estimates, including those related to impairment of property, plant and equipment, intangible assets, deferred tax assets and fair value computations using Black Scholes option pricing model. We base our estimates on historical experience and on various other assumptions, such as the trading value of our common stock and estimated future undiscounted cash flows, that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions; however, we believe that our estimates, including those for the above-described items, are reasonable.

RESULTS OF OPERATIONS

The following table sets forth selected information from the statements of operations for the three months ended March 31, 2006 and 2005.

SELECTED STATEMENT OF OPERATIONS INFORMATION

	Three Months Ended March 31,	
	2006	2005
	-----	-----
Gross revenues	\$ 61,298	\$ 10,363
Cost of sales	(20,509)	(1,128)
General and administrative expenses	(990,975)	(1,017,302)
Other income (expenses)	(4,866,431)	(1,056,749)
	-----	-----
Net loss	\$ (5,816,617)	\$ (2,064,816)
	=====	=====

DISCUSSION OF THE THREE MONTHS ENDED MARCH 31, 2006 COMPARED WITH THE THREE MONTHS ENDED MARCH 31, 2005.

Gross revenues amounted to \$61,000 and \$10,000 for the three months ended March 31, 2006 and 2005, respectively. The increase in revenues compared with the prior year period resulted from the addition of three MobileVoice customers and one Alternative to Directory Assistance customer.

General and administrative expenses decreased to \$991,000 for the three months ended March 31, 2006 from \$1,017,000 for the same period in 2005. Salary and wage expense was \$382,000 for the three months ended March 31, 2006 as compared to \$327,500 for the same period in 2005. Depreciation and amortization expenses decreased to \$32,000 for the three months ended March 31, 2006 from \$51,000 for the same period in the prior year, primarily due to the retirement of fixed assets. Amortization and Depreciation expenses consisted of patent and trademarks, computer equipment and software development fees. Interest expense decreased to \$893,000 in 2006, as compared to \$1,057,000 in 2005

We had a net loss of \$5,817,000, or basic and diluted net loss per share of \$0.01, for the three months ended March 31, 2006 compared to \$2,065,000, or

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

basic and diluted net loss per share of \$0.01, for the same period in 2005.

DISCUSSION OF THE YEAR ENDED DECEMBER 31, 2005 COMPARED WITH THE YEAR ENDED DECEMBER 31, 2004.

Revenues totaled \$142,000 for the year ended December 31, 2005. Revenues of \$2,100 were earned for the year ended December 31, 2004. The recognition of increased revenues for the year ended 2005 resulted primarily from work performed in the MobileVoice/ADA sector.

Operating expenses decreased to \$3,433,000 for the year ended December 31, 2005 from \$3,734,000 for the same period in 2004.

18

Salary and wage expense was \$1,326,000 for the year ended December 31, 2005 as compared to \$1,229,000 for the same period in 2004. Advertising and promotion expense totaled \$77,000 for the year ended December 31, 2005 as compared to \$27,000 for the same period in 2004. Advertising and promotion expense increase resulted from us increasing our travel budget. Legal and consulting expenses decreased to approximately \$231,000 for the year ended December 31, 2005 from approximately \$263,000 for the same period in 2004. Depreciation and amortization expenses decreased to approximately \$172,000 for the year ended December 31, 2005 from approximately \$499,000 for the same period in the prior year. Amortization and depreciation expenses consisted of patent and trademarks, computer equipment, consultant fees, and tradeshow booth.

For the year ended December 31, 2005, other income was approximately \$1,776,000 compared to other expense of approximately \$5,018,000 for the same period in 2004. Other income (expenses) consisted of interest expense, settlement expense and gain (loss) on warrant derivative liability. Interest expense increased to approximately \$2,487,000 for the year ended December 31, 2005, as compared to approximately \$1,650,000 for the same period in 2004, primarily due to a warrant re-pricing in October 2005. Settlement expense increased to approximately \$760,000 for the year ended December 31, 2005, as compared to \$0 for the same period in 2004, due to a settlement agreement liability we entered into in the beginning of 2006. Gain on warrant derivative increased to approximately \$5,070,000 for the year ended December 31, 2005, as compared to a loss of approximately \$3,369,000 for the same period in 2004, due to a change in warrant valuation.

We had a net loss of \$1,546,000 or basic and diluted net loss per share of \$0.01 for the year ended December 31, 2005 compared to a net loss of \$8,752,000 or basic and diluted net loss per share of \$0.05 for the same period in 2004.

LIQUIDITY AND CAPITAL RESOURCES

At March 31, 2006, we had a negative working capital of \$7,755,000 as compared to a negative working capital of \$3,731,000 at December 31, 2005.

In March 2006, the Company received \$60,000 through a private placement of 3,000,000 shares of common stock and an aggregate of 6,000,000 warrants.

Additionally, in March 2006, we received \$700,000 through a private placement of convertible notes and 50,972,110 Class A warrants.

In addition, for the three months ended March 31, 2006, the Company

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

received approximately \$300,000 from the exercise of 20,550,000 warrants.

Net cash used in operating activities was \$800,000 for the 2006 Period compared to \$822,000 for the 2005 Period. We believe that our average monthly cash requirements approximate \$270,000.

Net cash used in investing activities was \$20,000 for the 2006 Period compared to \$18,000 for the 2005 Period. During the three months ended March 31, 2005, cash was primarily used for capitalized computer equipment and patents.

Net cash provided by financing activities was \$1,000,000 for the 2006 Period compared to \$920,000 for 2005 Period.

We incurred a net loss of \$5,817,000 during the 2006 Period and had an accumulated deficit of \$48,481,000. Our losses through March 31, 2006 included interest and amortization expenses, development costs and operational and promotional expenses.

At December 31, 2005, we had a working capital deficit of \$3,731,000 as compared with a working capital deficit of \$5,752,000 at December 31, 2004.

Net cash used for operating activities was \$3,149,000 for the year ended December 31, 2005 compared to \$2,644,000 for the year ended December 31, 2004.

Net cash used for investing activities was \$58,000 for the year ended December 31, 2005 compared to net cash used of \$151,000 for the year ended December 31, 2004.

Net cash provided by financing activities was \$3,011,000 for the year ended December 31, 2005 and resulted from sales by us of convertible debt securities and common stock, and proceeds from the exercise of warrants during the year. This compares to proceeds of \$3,277,000 from financing activities for the year ended December 31, 2004.

We incurred a net loss of \$1,546,000 during the year ended December 31, 2005 and had an accumulated deficit of \$42,664,000. Our losses through December 2005 included interest expense, amortization of software licensing agreements and development costs and operational and promotional expenses.

FINANCING TRANSACTIONS

On August 18, 2004, we entered into a securities purchase agreement with four accredited investors, Alpha Capital Aktiengesellschaft, Greenwich Growth Fund Limited, Whalehaven Capital, LP and Whalehaven Fund Limited for the issuance of 7% convertible debentures in the aggregate amount of \$700,000. The notes bear interest at 7% (effective interest rate of 146% on the aggregate amount), mature on August 18, 2007, and are convertible into our common stock, at the holders' option, at the lower of (i) \$0.085 or (ii) 80% of the average of the three lowest closing bid prices for the common stock on a principal market for the 30 trading days before but not including the conversion date. The note may not be paid, in whole or in part, before August 18, 2007 without the consent of the holder. The full principal amount of the convertible notes is due upon default under the terms of convertible notes. In addition, we issued an aggregate of 7,063,774 warrants to the investors (3,531,887 Class A warrants and 3,531,887 Class B warrants). The Class A warrants are exercisable until August 18, 2009 at a purchase price of \$.0935 per share. The Class B warrants are exercisable until August 18, 2009 at a purchase price of \$.10625 per share. Net proceeds amounted to approximately \$621,000, net of debt issue cash cost of \$79,000. The fair value of the warrants of \$323,000 using Black Scholes option pricing model and the beneficial conversion feature of approximately \$298,000

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

will be amortized over the life of the debt using the interest method. Upon conversion of the debt, unamortized debt issue costs are charged to expense.

19

On October 28, 2004, we entered into a securities purchase agreement with four accredited investors, Alpha Capital Aktiengesellschaft, Stonestreet Limited Partnership, Ellis International Ltd. and Momona Capital Corp. for the issuance of 7% convertible debentures in the aggregate amount of \$596,000. The notes bear interest at 7% (effective interest rate of 100% on the aggregate amount), mature on October 28, 2007 and are convertible into our common stock, at the holders' option, at the lower of (i) \$0.074 or (ii) 80% of the average of the three lowest closing bid prices for the common stock on a principal market for the 30 trading days before but not including the conversion date. The note may not be paid, in whole or in part, before October 28, 2007 without the consent of the holder. The full principal amount of the convertible note is due upon default under the terms of convertible notes. In addition, we issued an aggregate of 11,825,398 Class A warrants and 11,825,398 Class B warrants to the investors. The warrants are exercisable until October 28, 2009 at a purchase price of \$0.07 per share. Net proceeds amounted to approximately \$532,000, net of debt issue cash cost of \$64,000. The relative value (limited to the face amount of the debt) of all the warrants of \$276,000 using Black Scholes option pricing model and the beneficial conversion feature of approximately \$319,000 will be amortized over the life of the debt using the interest method. As of December 31, 2004, the balance owed was \$266,000 and the unamortized discount amounted to \$250,000. Upon conversion of the debt mentioned above, any unamortized debt issue costs will be charged to expense.

On December 23, 2004, we entered into a securities purchase agreement with Alpha Capital Aktiengesellschaft, Stonestreet Limited Partnership, Ellis International Ltd. and Momona Capital Corp. for the issuance of 7% convertible debentures in the aggregate amount of \$894,000. The notes bear interest at 7% (effective interest rate of 100% on the aggregate amount), mature on December 23, 2007 and are convertible into our common stock, at the holders' option, at the lower of (i) \$0.074 or (ii) 80% of the average of the three lowest closing bid prices for the common stock on a principal market for the 30 trading days before but not including the conversion date. The note may not be paid, in whole or in part, before December 23, 2007 without the consent of the holder. The full principal amount of the convertible note is due upon default under the terms of convertible notes. In addition, we issued an aggregate of 22,183,622 Class A warrants and 22,183,622 Class B warrants to the investors. The warrants are exercisable until December 23, 2009 at a purchase price of \$0.07 per share. Net proceeds amounted to approximately \$835,000, net of debt issue cash cost of \$59,000. The relative value (limited to the face amount of the debt) of all the warrants of \$682,000 using Black Scholes option pricing model and the beneficial conversion feature of approximately \$210,000 will be amortized over the life of the debt using the interest method. As of December 31, 2004, the balance owed was \$854,000 and the unamortized discount amounted to \$848,000. Upon conversion of the debt mentioned above, any unamortized debt issue costs will be charged to expense.

On March 18, 2005, we held our first closing pursuant to a subscription agreement we entered into with several accredited investors as of March 18, 2005, pursuant to which the investors subscribed to purchase an aggregate principal amount of \$2,000,000 in 6% convertible promissory notes, and 100 Class A and Class B common stock purchase warrants for each 100 shares which would be issued on each closing date assuming full conversion of the convertible notes issued on each such closing date. We received \$1,000,000 of the purchase price on the initial closing date of March 18, 2005 and received an additional \$1,000,000 of the purchase price pursuant to the second closing (as described

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

below). The convertible notes bear simple interest at 6% per annum payable June 1, 2005 and semi-annually thereafter and mature 3 years after the date of issuance. Each investor shall have the right to convert the convertible notes after the date of issuance at any time, until paid in full, at the election of the investor into fully paid and nonassessable shares of our common stock. The conversion price per share shall be the lower of (i) \$0.047 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date. We issued an aggregate of 29,069,768 Class A common stock purchase warrants and 29,069,768 Class B common stock purchase warrants to the investors, representing 100 Class A and Class B warrants issued for each 100 shares which would be issued on each closing date assuming full conversion of the convertible notes issued on each such closing date. The Class A warrants are exercisable until four years from the initial closing date at an exercise price of \$0.045 per share. The Class B warrants are exercisable until four years from the initial closing date at an exercise price of \$0.06 per share. The holder of the Class B warrants will be entitled to purchase one share of common stock upon exercise of the Class B warrants for each share of common stock previously purchased upon exercise of the Class A warrants.

20

On July 13, 2005, we held our second closing pursuant to the Subscription Agreement we entered into with several accredited investors dated as of March 18, 2005. On the second closing date, we received approximately \$935,000, net of debt issue cash cost of approximately \$65,000. The convertible notes bear simple interest at 6% per annum payable upon each conversion, June 1, 2005 and semi-annually thereafter and mature 3 years after the date of issuance. Each investor shall have the right to convert the convertible notes after the date of issuance and at any time, until paid in full, at the election of the investor into fully paid and nonassessable shares of our common stock. The conversion price per share shall be the lower of (i) \$0.043 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date as reported by Bloomberg, L.P. on any principal market or exchange where our common stock is listed or traded. We issued an aggregate of 38,461,537 Class A common stock purchase warrants and 38,461,537 Class B common stock purchase warrants to their investors. The Class A warrants are exercisable until four years from the initial closing date at an exercise price of \$0.045 per share. The Class B warrants are exercisable until four years from the initial closing date at an exercise price of \$0.06 per share. The fair value of the warrants of approximately \$675,000 using Black Scholes option pricing model and the beneficial conversion feature of approximately \$325,000 will be amortized over the life of the debt using the interest method.

On January 24, 2006, we issued nonstatutory options to purchase an aggregate of 57,200,000 shares of our common stock at a price equal to \$0.016 per share to certain of our employees, directors and consultants. The aforementioned options were issued pursuant to our 2005 Stock Incentive Plan.

On February 15, 2006, we voluntarily determined to reduce the exercise prices of 29,069,968 Class A warrants issued pursuant to the first closing of our March 2005 Subscription Agreement from an exercise price of \$0.02 to \$0.014 per share.

On March 16, 2006, we held a closing with one accredited investor pursuant to which the investor subscribed to purchase an aggregate of 3,000,000

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

shares of restricted common stock for a total purchase price of \$60,000. In addition, the investor received an aggregate of 3,000,000 Class A common stock purchase warrants and 3,000,000 Class B common stock purchase warrants to the investor, representing 100 Class A and Class B warrants issued for each 100 shares which were issued on the closing date. The Class A warrants are exercisable until four years from the closing date at an exercise price of \$0.045 per share. The Class B warrants are exercisable until four years from the closing date at an exercise price of \$0.06 per share. The holder of the Class B warrants will be entitled to purchase one share of common stock upon exercise of the Class B warrants for each share of common stock previously purchased upon exercise of the Class A warrants.

On March 20, 2006, we completed a private placement pursuant to a Subscription Agreement which we entered into with several accredited and/or qualified institutional investors dated as of dated as of March 17, 2006, pursuant to which the investors subscribed to purchase an aggregate principal amount of \$700,000 in 6% secured convertible promissory notes and one Class A common stock purchase warrant for each one share which would be issued on the closing date assuming full conversion of the secured convertible notes issued on the closing date.

The secured convertible notes bear simple interest at 6% per annum payable upon each conversion, June 1, 2006 and semi-annually thereafter, and mature 2 years after the date of issuance. Each investor shall have the right to convert the secured convertible notes after the date of issuance and at any time, until paid in full, at the election of the investor into fully paid and nonassessable shares of our common stock. The conversion price per share shall be the lower of (i) \$0.043 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date as reported by Bloomberg, L.P. on any principal market or exchange where our common stock is listed or traded. The conversion price is adjustable in the event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the conversion price of the secured convertible notes will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets. Our obligation to repay all principal, and accrued and unpaid interest under the convertible notes is secured by all of our assets pursuant to a certain Security Agreement dated as of February 16, 2006, which also secures the remaining principal amount of our convertible notes in the aggregate amount of \$1,115,000 which we issued on March 18, 2005 and July 13, 2005 to certain of the investors participating in this new private placement.

21

We issued an aggregate of 50,972,111 Class A common stock purchase warrants to the investors, representing one Class A warrant issued for each one share which would be issued on the closing date assuming full conversion of the secured convertible notes issued on the closing date. The Class A warrants are exercisable until four years from the closing date at an exercise price of \$0.045 per share. The exercise price of the Class A warrants will be adjusted in the event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the exercise price of the warrants will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets.

On May 5, 2006, the Company held a closing pursuant to a subscription

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

agreement it entered into with several accredited investors as of May 5, 2006, pursuant to which the investors subscribed to purchase an aggregate principal amount of \$324,000 in 6% convertible promissory notes. The Company received \$299,500 of the purchase price on May 5, 2006.

We anticipate maintaining a cash balance through our financial partners that will sustain operations through August 2006. We continue to rely heavily on our current method of convertible debt and equity funding, which has financed us since 2001, until we are operationally cash flow positive. The losses through the quarter ended March 31, 2006 were due to minimal revenue and our operating expenses, with the majority of expenses in the areas of: salaries, legal fees, consulting fees, as well as amortization expense relating to software development, debt issue costs and beneficial conversion features. We face considerable risk in completing each of our business plan steps, including, but not limited to: a lack of funding or available credit to continue development and undertake product rollout; potential cost overruns; a lack of interest in its solutions in the market on the part of wireless carriers or other customers; potential reduction in wireless carriers which could lead to significant delays in consummating revenue bearing contracts; and/or a shortfall of funding due to an inability to raise capital in the securities market. Since further funding is required, and if none is received, we would be forced to rely on our existing cash in the bank or secure short-term loans. This may hinder our ability to complete our product development until such time as necessary funds could be raised. In such a restricted cash flow scenario, we would delay all cash intensive activities including certain product development and strategic initiatives described above.

OFF BALANCE SHEET ARRANGEMENTS

We do not have any off balance sheet arrangements that are reasonably likely to have a current or future effect on our financial condition, revenues, results of operations, liquidity or capital expenditures.

BUSINESS

INTRODUCTION

We are a voice recognition technology company with over \$43 million invested in Research and Development and deployment of more than 20 million products worldwide in seven languages. To date, our customers include: Walt Disney Internet Group, Warner Home Video, Golden State Cellular, Inland Cellular, Eloqui Wireless, Cell One of Amarillo, Panhandle Telephone Cooperative, Plateau Wireless, West Central Wireless, Telispire PCS, NewEgg.com, PC Alchemy, CompUSA, Dell.com and Cannon PC. Based on our patented technology, we offer voice solutions for the Telecom and Interactive Multimedia markets. Our telecom solutions allow business and consumer phone users to voice dial, group conference call, read and send e-mail and instant message, all by voice. We offer PC Original Equipment Manufacturers (OEM's) the ability to bundle a complete voice interactive computer assistant which allows PC users to talk to their computers to quickly play digital media (music, videos, DVD) along with read and send e-mail messages, SMS text messaging to mobile phones, PC-to-Phone calling (VoIP) and PC-to-PC audio/video. We believe that we are strongly positioned across these markets with our patented voice technology.

We are listed on the Over-The-Counter Bulletin Board under the symbol "ONEV". We are incorporated in the State of Nevada and we commenced operations on July 14, 1999. Our principal executive offices are located at 4275 Executive Square, Suite 200, La Jolla, California 92037, and our telephone number is (858) 552-4466.

MARKET OPPORTUNITY

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

We believe that the presence of voice technology as an interface in mobile communications and PC computing is of paramount importance. Voice interface technology makes portable communications products mobile, more effective and safer to use and it makes communicating with a PC to play digit content, such as music, videos and photos, easier for consumers. Our development efforts currently are focused on the Telecom and PC multimedia markets and more specifically on mobile communications from a cell phone and in-home digital media access.

22

In the Telecom sector, we believe that the mobile messaging market, which has both business and consumer market applications including: e-mail, instant messages, and SMS (Short Message Service), is extremely large and is growing at a rapid rate. Over six trillion text messages are sent globally every year, and messaging has shown the consistent ability to generate significant revenue for wireless carriers. Our solutions enable users to send, intelligently route and receive text messages using voice from any type of phone (wired or wireless) anywhere in the world.

In the PC sector, we believe that digital in-home entertainment is rapidly growing with the wide acceptance of digital photography, MP3 music and videos, along with plasma and LCD TV's. Companies including Apple, Microsoft and Intel are actively creating products and technology, which allows consumers to experience the next generation of digital entertainment. Our Media Center Communicator product works with Microsoft Windows XP Media Center Edition 2005 to add voice-navigation and communication features allowing consumers to talk to their Media Center PC to play music, view photo slideshows, watch and record TV, place Voice-Over-IP (VoIP) phone calls, read and send e-mail and instant messages, all by voice.

ONE VOICE PRODUCTS

MOBILEVOICE PLATFORM

Our messaging and voice-activated dialing applications are built on our MobileVoice(TM) platform, which combines patented natural language speech processing with the scalability, redundancy and fault-tolerance of a server based, telco-ready architecture. The result is a completely integrated solution that allows people to:

- o Send free-format voice-to-text messages;
- o Make voice-activated dialing calls; and
- o Access their E-mail from mobile environments - using voice.

MOBILEVOICE ACTIVATED DIALING(TM)

MobileVoice Activated Dialing is server-based and we believe it delivers higher levels of accuracy and reliability than other solutions on the market today. It was designed with a high capacity for contact lists, advanced functionality such as synchronization and import tools that interface with Microsoft Outlook and Lotus Notes, and we believe it requires less setup time than other solutions. It was designed to meet the challenges of today's mobile environments while delivering high accuracy for native and non-native speaking individuals.

We believe an opportunity exists for the adoption of MobileVice

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

Activated Dialing by wireless carriers, as more safety legislation is introduced for hands free communications while operating motor vehicles. MobileVice Activated Dialing allows a user to place calls to members of a contact list using voice commands while employing safe driving techniques.

MOBILECONFERENCE (TM)

On-the-fly group conferencing is a new addition to our MobileVoice solution. MobileConference allows users to connect up to 64 people on a single conference call by speaking their name, group name or phone number.

MOBILEVOICE EMAIL (TM)

A unique Voice-to-Text Email solution that let's subscribers send free-form email messages to PCs, mobile phones or wireless alphanumeric paging devices while on the road. Available for English and Spanish it delivers some of the highest levels of accuracy in the industry.

MOBILEVOICE SMS (TM)

Short Message Service (SMS) has gained wide popularity in major markets throughout the world. MobileVoice SMS is a mobile Voice-to-Text SMS solution that let's subscribers send free-form messages from phone-to-phone with only their voice. Subscribers can avoid triple-tapping their text messages by dictating the message through the MobileVoice SMS interface. Subscribers can send messages within network or to subscribers on other networks.

MOBILEVOICE INSTANT MESSAGING (TM)

Instant messaging has long been a popular way for friends and colleagues to communicate on their computers. MobileVoice Instant Messaging takes instant messaging mobile, allowing people to chat and send quick messages using free form dictation. Targeted at subscribers and enterprise customers, MobileVoice Instant Messaging allows for voice based instant communications in mobile environments.

23

MOBILEVOICE VOICE MAIL (TM)

MobileVoice Voice Mail lets subscribers record and send messages in their own voice. The voice recording of a message will be sent as an e-mail attachment to the recipient or group of recipients. These messages may be retrieved from any computer or phone.

MOBILEVOICE EMAIL READER (TM)

MobileVoice Email Reader allows subscribers to fully manage their Email accounts from any phone. Subscribers can sort and find important messages from specific contacts. The MobileVoice Email Reader offers management tools such as "Reply", "Reply to "All", "Forward", "Skip" and "Delete" functionality. Subscribers can access personal and corporate Email accounts from any phone.

MEDIACENTER COMMUNICATOR VERSION 2

Media Center Communicator Version 2 uses voice recognition to control Windows (R) XP Media Center Edition 2005. Features include:

- o Voice Navigate Windows XP Media Center Edition 2005;

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

- o Send e-mail;
- o Read e-mail;
- o SMS text messaging;
- o Text instant messaging;
- o PC-to-PC calls;
- o Video conferencing; and
- o PC-to-Phone calling.

COMMUNICATOR VOICE NAVIGATION

We believe that our Media Center Communicator(TM) Version 2 makes managing digital content easier and more efficient by using voice recognition technology. The user can play a particular song by saying its title, watch TV, read and send e-mail, place a phone call from a PC or instant message a friend using intuitive voice commands. Media Center Communicator(TM) Version 2 eliminates the need to navigate through numerous drop down menus to access favorite content which we believe makes the experience faster and more user friendly. The request of a particular song or artist can be done without turning on the television.

Our Media Center Communicator utilizes an open microphone solution where the user has the ability to control his/her media center without using a remote control. It can be set up whereby a microphone is constantly scanning the room for a keyword that the user has set. The keyword is a personalized system name used whenever the user wishes to make a command. The default is "One Voice." Example: "One Voice, play artist The Rolling Stones."

COMMUNICATOR E-MAIL

Communicator's E-Mail reader will speak the user's E-Mail messages to him/her eliminating the need to use confining keyboard and mouse interfaces. The user has the ability to control everything using only voice. Communicator's E-Mail reader works with widespread E-Mail accounts, including, but not limited to, Yahoo, EarthLink, Lycos, and SBC.

COMMUNICATOR PC-TO-PHONE

Media Center Communicator's PC-to-phone calling allows full-duplex, high quality phone calling to preset contacts or keyed entries.

COMMUNICATOR INSTANT MESSENGER

Media Center Communicator's Instant Messenger allows for online chat sessions with other users on our network. Users can text message, talk or video chat using Communicator's high quality, full-duplex PC-to-PC audio and video.

COMMUNICATOR SMS TEXT MESSAGING

Media Center Communicator(TM) allows the user to send a quick message to someone on the road. Users can send SMS text messages to cellular telephones by speaking the name of a contact or entering the cellular phone number, entering or speaking the message and saying the "Send" command.

PATENT PROTECTION

We own exclusive rights to three United States patents on our software. We have filed for international patent protection as well. These patents define the primary features and unique procedures that comprise our products and solutions.

Our future success and ability to compete depends in part upon the proprietary technology and trademarks, which we attempt to protect with a combination of patent, copyright, trademark and trade secret laws, as well as with our confidentiality procedures and contractual provisions. These legal protections afford only limited protection and are time-consuming and expensive to obtain and/or maintain. Further, despite our efforts, we may be unable to prevent third parties from infringing upon or misappropriating our intellectual property. Additionally, there can be no assurances that others will not develop market and sell products substantially equivalent to our products or utilize technologies similar to those used by us. Although we believe that our products do not infringe on any third-party patents and our patents offer sufficient protection, there can be no assurance that we will not become involved in litigation involving patents or proprietary rights. Patent and proprietary rights litigation entails substantial legal and other costs, and there can be no assurance that we will have the necessary financial resources to defend or prosecute our rights in connection with any litigation. Responding to, defending or bringing claims related to our rights to our intellectual property may require our management to redirect its resources to address these claims, which could have a material adverse effect on our business, financial condition and results of operations.

EMPLOYEES

At May 3, 2006, we employed 12 full-time employees and 5 consultant/part-time employees. None of these employees is subject to a collective bargaining agreement, and there is no union representation within our company. We maintain various employee benefit plans and believe our employee relations are good.

DESCRIPTION OF PROPERTY

Our headquarters are located at 4275 Executive Square, Suite 200, La Jolla, California. We lease our facility under a lease that expires in November 2010. The size of our office is 5,162 square feet. Rent expense, net of sublease income, amounted to \$193,503 for the year ended December 31, 2005.

LEGAL PROCEEDINGS

There has been no bankruptcy, receivership or similar proceedings.

There have been no material reclassifications, mergers, consolidations, or purchase or sale of a significant amount of assets not in the ordinary course of business.

As previously disclosed to the public in our reports filed with the Securities and Exchange Commission, we were the subject of a legal proceeding in the San Diego County Superior Court (the "Court") entitled La Jolla Cove Investors, Inc. vs. One Voice Technologies, Inc., Case No. GIC850038 (the "Action") which was filed with the Court for an unspecified amount of damages. La Jolla held our convertible debentures related to our past financings. La Jolla claimed that we failed to honor its conversion notices resulting in damages. La Jolla filed a similar suit in 2004 and dismissed the suit after we transferred shares pursuant to conversion notices and an interim settlement

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

agreement. In particular, we agreed to and did register 8,425,531 shares of our common stock to honor the past conversion notice and an additional 8,425,531 shares pursuant to such interim settlement agreement. Part of the resolution of the first lawsuit restrained La Jolla from tendering additional conversion notices for a specified period of time. During that time period, La Jolla requested that we amend the terms of the outstanding debentures, but we refused to do so. We tendered back the outstanding debenture amounts to La Jolla on two occasions. We secured alternative financing and did not honor further conversion notices from La Jolla. The Action was thereafter commenced by La Jolla.

On January 6, 2006, La Jolla and we entered into a Settlement Agreement and Mutual Release in which La Jolla and we agreed to forever settle, resolve and dispose of all claims, demands and causes of action asserted, existing or claimed to exist between the parties because of or in any way related to the Action. Under the Settlement Agreement, La Jolla and we agreed that the parties shall bear their own costs and attorney's fees associated with the Action. In addition, we agreed to pay to La Jolla:

- o 10,000,000 restricted shares of our common stock upon the execution of the Settlement Agreement;
- o \$300,000 was paid by us on May 5, 2006; and
- o \$400,000 within 150 days of the date of the Settlement Agreement.

25

Interest shall accrue on the \$700,000 unpaid balance at 8% per annum commencing on the date of the Settlement Agreement until paid in full. If any payment is not made within 30 days of its due date, La Jolla may enter a judgment against us for the then unpaid balance, plus accrued interest and \$100,000, upon the filing of a declaration of default by La Jolla.

In exchange for the aforementioned settlement payments, La Jolla shall cause a request for dismissal with prejudice to be filed with the Court which will dismiss the Action subject to our compliance with the terms of the Settlement Agreement.

MANAGEMENT

EXECUTIVE OFFICERS, DIRECTORS AND KEY EMPLOYEES

The following table sets forth information about our executive officers, key employees and directors as of May 3, 2006.

Name	Age	Position
----	---	-----

James Hadzicki	44	Chief Financial Officer
Bradley J. Ammon	42	Director
Rahoul Sharan	44	Director

Directors serve until the next annual meeting and until their

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

successors are elected and qualified. Officers are appointed to serve for one year until the meeting of the board of directors following the annual meeting of stockholders and until their successors have been elected and qualified. There are no family relationships between any of our directors or officers.

The principal occupations for the past five years (and, in some instances, for prior years) of each of our executive officers and directors, followed by our key employees, are as follows:

DEAN WEBER - CHAIRMAN OF THE BOARD, PRESIDENT, CHIEF EXECUTIVE OFFICER AND DIRECTOR. Dean Weber brings an extensive background to our company with over 20 years of technology and management experience. He is responsible for developing our strategic vision and pioneering our products, patented technology and business strategies. He was elected to our Board of Directors in July of 1999 as Chairman. Before founding our company in 1998, Mr. Weber played key roles in many high profile technology companies including Northrop, United Technologies and Xerox. Throughout his career, Mr. Weber has developed a comprehensive knowledge of Human Computer Interaction, Cognitive Science, Artificial Intelligence and Natural Language Processing. Mr. Weber currently has numerous patents in Artificial Intelligence, Natural Language Processing and other related technologies. As our CEO, Mr. Weber has been instrumental in the growth and development of the company, successfully raising over \$30 million of institutional funding, taking us public, winning the Deloitte and Touche Technology Fast 50 award, and has been featured in Forbes, Time, and on CNN. Mr. Weber holds a Bachelor of Science degree in Computer Science from Central Connecticut State University.

JAMES HADZICKI - CHIEF FINANCIAL OFFICER. James Hadzicki has been our Vice President of Operations since June 2002. From January 2000 to June of 2002, Mr. Hadzicki served as Director of Operations for our company. Mr. Hadzicki is actively involved in all financial, administrative and operational decisions regarding accounting, quarterly and annual audits, public filings and SEC activities. Prior to joining our team, James served as the United States Directing Manager for HPK, a multi-national marketing company. In this role, Jim opened and oversaw seven regional offices throughout the U.S. and led many key promotional efforts with major retailers, including Wal-Mart, K-Mart, and Target. Mr. Hadzicki received a B.S. in New Venture Management/Entrepreneurial Sciences from the University of Southern California in 1984.

BRADLEY J. AMMON - DIRECTOR. Bradley J. Ammon is a tax attorney in the Washington, D.C. office of Deloitte Tax LLP. Mr. Ammon specializes in international tax planning, including restructuring of international operations, domestic mergers and acquisitions, and developing business plans to minimize worldwide taxation. Prior to joining the firm, Mr. Ammon was with SAIC as an International Tax Manager. He previously was with KPMG, LLP in the International Corporate Services department since 1998 where his principal practice consisted of clients in the information, communications and entertainment ("ICE") industry. Prior to joining KPMG, Mr. Ammon worked from 1995 to 1998 at Deloitte & Touche, LLP in their tax services department where he provided corporate, partnership, and personal tax and business planning services to clients. Mr. Ammon also worked several years as a staff accountant where his responsibilities included the compilation and consolidation of monthly financial statements for multiple subsidiaries. Mr. Ammon has a Juris Doctor and a Master's of Law in taxation (LL.M.) from the University of San Diego, and received his undergraduate degree from the University of California, San Diego. He is admitted to the California Bar. Mr. Ammon is a member of our Audit Committee and Compensation Committee and was appointed to our Board on June 9, 2000.

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

RAHOUL SHARAN- DIRECTOR. Rahoul Sharan brings over 18 years of finance and accounting experience to our company. He was elected to our Board of Directors in July of 1999. Prior to joining our, Mr. Sharan was a partner of the S&P Group, which specializes in investment financing for venture capital projects, real estate development and construction. At S&P Group, Mr. Sharan led the successful financing efforts for over 15 companies in several industries. Mr. Sharan was also the President of KJN Management Ltd., which provides a broad range of administrative, management and financial services. He also worked in public accounting for six years with Coopers & Lybrand. At C&L, Mr. Sharan worked in both the tax and audit groups for a wide variety of large and small clients. Mr. Sharan holds a Bachelor of Commerce degree from the University of British Columbia and is a member of the Institute of Chartered Accountants of British Columbia.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

During the year ended December 31, 2005, there were certain directors, officers or beneficial owners of more than 10 percent of any class of our equity securities registered pursuant to Section 12 of the Exchange Act that failed to file on a timely basis, reports required by Section 16(a) of the Exchange Act during the year ended December 31, 2005. With the exception of the Form 4 filed for Dean Weber on December 5, 2005, none of our officers or Directors have filed form 4's which they were required to file for fiscal year ended December 31, 2005. The aforementioned is based solely upon a review of Form 3, Form 4 and Form 5 filings furnished to us during the year ended December 31, 2005, certain written representations and shareholders who, to the best of our knowledge, hold 10 percent or more of our shares.

COMMITTEES OF THE BOARD

We currently have no audit committee, compensation committee, nominations and governance committee of our board of directors.

DIRECTOR COMPENSATION

Non-employee directors receive \$1,000 for each Board of Directors meeting attended. We pay all out-of-pocket expenses of attendance.

INDEBTEDNESS OF EXECUTIVE OFFICERS AND DIRECTORS

No executive officer, director or any member of these individuals' immediate families or any corporation or organization with whom any of these individuals is an affiliate is or has been indebted to us since the beginning of our last fiscal year.

FAMILY RELATIONSHIPS

There are no family relationships among our executive officers and directors.

LEGAL PROCEEDINGS

As of the date of this prospectus, there are no material proceedings to which any of our directors, executive officers, affiliates or stockholders is a party adverse to us.

CODE OF ETHICS

We have adopted a Code of Ethics within the meaning of Item 406(b) of Regulation S-B of the Securities Exchange Act of 1934. This Code of Ethics applies to our chief executive officer and our senior financial officers.

OPTIONS/SAR GRANTS IN THE LAST FISCAL YEAR

No individual grants of stock options, whether or not in tandem with stock appreciation rights ("SARs") and freestanding SARs have been made to any executive officer or any director during our fiscal year ended December 31, 2005.

AGGREGATED OPTION/SAR EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR END OPTION/SAR VALUES

No individual exercises of stock options, whether or not in tandem with stock appreciation rights ("SARs") and freestanding SARs have been made by executive officer or any director during our fiscal year ended December 31, 2005.

LONG-TERM INCENTIVE PLANS - AWARDS IN LAST FISCAL YEAR

We had no long-term incentive plans and made no stock awards during our fiscal year ended December 31, 2005.

However, on July 29, 2005, we adopted the 2005 Stock Incentive Plan and reserved 60,000,000 shares of our common stock for issuance under the 2005 Plan.

EMPLOYMENT AGREEMENT

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

On February 15, 2006, we entered into an Employment Agreement with Dean Weber, our Chief Executive Officer. Pursuant to the Employment Agreement, we will employ Mr. Weber unless the Agreement is terminated by either party as set forth therein. Mr. Weber will be paid an annual base salary of \$282,000 (the "Base Salary"). In addition, Mr. Weber will be eligible to earn an annual cash bonus as may be deemed appropriate by our Board of Directors. Further, Mr. Weber may be awarded incentive stock options pursuant to the Company's stock option plan as may be deemed appropriate by our Board of Directors.

If the Employment Agreement is terminated as set forth therein, Mr. Weber will be entitled to a severance package equal to no more than 100% of his Base Salary for up to two years after the date of termination. In addition, all unvested stock options shall immediately vest on the date of termination. During the term of his employment, Mr. Weber will be subject to non-competition and non-solicitation provisions, subject to standard exceptions.

AMENDED AND RESTATED 1999 STOCK OPTION PLAN

Our Amended and Restated 1999 Stock Option Plan authorizes us to grant to our directors, employees, consultants and advisors both incentive and non-qualified stock options to purchase shares of our Common Stock. As of December 31, 2001, our Board of Directors had reserved 3,000,000 shares for issuance under the 1999 Plan, of which 1,900,500 shares were subject to outstanding options and 1,099,500 shares remained available for future grants. Our Board of Directors or a committee appointed by the Board (the Plan Administrator) administers the 1999 Plan. The Plan Administrator selects the recipients to whom options are granted and determines the number of shares to be awarded. Options granted under the 1999 Plan are exercisable at a price determined by the Plan Administrator at the time of the grant, but in no event will the option price for any incentive stock option be lower than the fair market value for our Common Stock on the date of the grant. Options become exercisable at such times and in such installments as the Plan Administrator provides in the terms of each individual option agreement. In general, the Plan Administrator is given broad discretion to issue options and to accept a wide variety of consideration (including shares of our Common Stock and promissory notes) in payment for the exercise price of options. The 1999 Plan was authorized by the Board of Directors and stockholders.

28

2005 INCENTIVE STOCK PLAN

On July 29, 2005 the Company adopted the 2005 Stock Incentive Plan and reserved 60,000,000 shares of the Company's common stock for issuance under the 2005 Plan. Two types of options may be granted under the 2005 Plan: (1) Incentive Stock Options (also known as Qualified Stock Options) which may only be issued to employees of the Company and whereby the exercise price of the option is not less than the fair market value of the common stock on the date it was reserved for issuance under the Plan; and (2) Nonstatutory Stock Options which may be issued to either employees or consultants of the Company and whereby the exercise price of the option is greater than 85% of the fair market value of the common stock on the date it was reserved for issuance under the plan. Grants of options may be made to employees and consultants without regard to any performance measures. All options issued pursuant to the Plan vest at a rate of at least 20% per year over a 5-year period from the date of the grant or sooner if approved by the Board of Directors. All options issued pursuant to the Plan are nontransferable and subject to forfeiture. In addition, Stock Awards and restricted Stock Purchase Offers may be granted under the 2005 Stock Incentive Plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

There were no material related transactions which we entered into during the past two fiscal years.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following tables sets forth, as of May 8, 2006, the number of and percent of our common stock beneficially owned by:

- o all directors and nominees, naming them,
- o our executive officers,
- o our directors and executive officers as a group, without naming them, and
- o persons or groups known by us to own beneficially 5% or more of our common stock:

We believe that all persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned by them.

A person is deemed to be the beneficial owner of securities that can be acquired by him within 60 days from May 8, 2006 upon the exercise of options, warrants or convertible securities. Each beneficial owner's percentage ownership is determined by assuming that options, warrants or convertible securities that are held by him, but not those held by any other person, and which are exercisable within 60 days of May 8, 2006 have been exercised and converted.

Shares Beneficially Owned (1) Name and Address of Beneficial Owner -----	Number -----	Percent -----
Dean Weber, CEO, President and Chairman of the Board (2)	12,473,800	2.66%
IVantage, Inc. (2)	900,200	*
James Hadzicki, CFO	2,782,300	*

Bradley J. Ammon, Director	959,000	*
Jocobo Kaloyan	21,050,000	4.49%
Total securities held by officers and directors as a group (4 people):	18,501,300	3.95%

*Less than one percent.

(1) Beneficial Ownership is determined in accordance with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. Shares of common stock subject to options or warrants currently exercisable or convertible, or exercisable or convertible within 60 days of May 8, 2006 are deemed outstanding for computing the percentage of the person holding such option or warrant but are not deemed outstanding for computing the percentage of any other person.

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

(2) IVantage, Inc. is wholly owned by Dean Weber, Chairman of the Board, CEO, and President of our company. Mr. Weber is the beneficial owner of the 900,200 shares in the name of IVantage, Inc. and those shares are also included in the amount presented in this table for Mr. Weber.

DESCRIPTION OF SECURITIES

Our Amended Articles of Incorporation authorize the issuance of 990,000,000 shares of common stock, \$.001 par value per share. Holders of shares of common stock are entitled to one vote for each share on all matters to be voted on by the stockholders. Holders of common stock have cumulative voting rights. Holders of shares of common stock are entitled to share ratably in dividends, if any, as may be declared, from time to time by the Board of Directors in its discretion, from funds legally available therefor. In the event of a liquidation, dissolution, or winding up of the Company, the holders of shares of common stock are entitled to share pro rata all assets remaining after payment in full of all liabilities. Holders of common stock have no preemptive or other subscription rights, and there are no conversion rights or redemption or sinking fund provisions with respect to such shares.

In addition, our Amended Articles of Incorporation authorize the issuance of 10,000,000 shares of preferred stock, \$.001 par value per share. The shares of preferred stock may be issued in series, and shall have such voting powers, full or limited, or no voting powers, and such designations, preferences and relative participating, optional or other special rights, and qualifications, limitations or restrictions thereof, as shall be stated and expressed in the resolution or resolutions providing for the issuance of such stock adopted from time to time by the board of directors. Our board of directors are expressly vested with the authority to determine and fix in the resolution or resolutions providing for the issuances of preferred stock the voting powers, designations, preferences and rights, and the qualifications, limitations or restrictions thereof, of each such series to the full extent now or hereafter permitted by the laws of the State of Nevada.

COMMISSION'S POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES

Under the Nevada General Corporation Law and our Articles of Incorporation, as amended, and our Bylaws, our directors will have no personal liability to us or our stockholders for monetary damages incurred as the result of the breach or alleged breach by a director of his "duty of care." This provision does not apply to the directors' (i) acts or omissions that involve intentional misconduct or a knowing and culpable violation of law, (ii) acts or omissions that a director believes to be contrary to the best interests of the corporation or its stockholders or that involve the absence of good faith on the part of the director, (iii) approval of any transaction from which a director derives an improper personal benefit, (iv) acts or omissions that show a reckless disregard for the director's duty to the corporation or its stockholders in circumstances in which the director was aware, or should have been aware, in the ordinary course of performing a director's duties, of a risk of serious injury to the corporation or its stockholders, (v) acts or omissions that constituted an unexcused pattern of inattention that amounts to an abdication of the director's duty to the corporation or its stockholders, or (vi) approval of an unlawful dividend, distribution, stock repurchase or redemption. This provision would generally absolve directors of personal liability for negligence in the performance of duties, including gross negligence.

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

The effect of this provision in our Articles of Incorporation and Bylaws is to eliminate the rights of our Company and our stockholders (through stockholder's derivative suits on behalf of our Company) to recover monetary damages against a director for breach of his fiduciary duty of care as a director (including breaches resulting from negligent or grossly negligent behavior) except in the situations described in clauses (i) through (vi) above. This provision does not limit nor eliminate the rights of our Company or any stockholder to seek non-monetary relief such as an injunction or rescission in the event of a breach of a director's duty of care. In addition, our Bylaws provide that if the Nevada General Corporation Law is amended to authorize the future elimination or limitation of the liability of a director, then the liability of the directors will be eliminated or limited to the fullest extent permitted by the law, as amended. The Nevada General Corporation Law grants corporations the right to indemnify their directors, officers, employees and agents in accordance with applicable law.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act" or "Securities Act") may be permitted to directors, officers or persons controlling our Company pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

PLAN OF DISTRIBUTION

The selling stockholders and any of their respective pledgees, donees, assignees and other successors-in-interest may, from time to time, sell any or all of their shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The selling stockholders may use any one or more of the following methods when selling shares:

- o ordinary brokerage transactions and transactions in which the broker-dealer solicits the purchaser;
- o block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- o purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- o an exchange distribution in accordance with the rules of the applicable exchange;
- o privately-negotiated transactions;
- o broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;
- o a combination of any such methods of sale; and
- o any other method permitted pursuant to applicable law.

The selling stockholders may also sell shares under Rule 144 under the Securities Act, if available, or Regulation S, rather than under this

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

prospectus. The selling stockholders shall have the sole and absolute discretion not to accept any purchase offer or make any sale of shares if they deem the purchase price to be unsatisfactory at any particular time.

The selling stockholders or their respective pledgees, donees, transferees or other successors in interest, may also sell the shares directly to market makers acting as principals and/or broker-dealers acting as agents for themselves or their customers. Such broker-dealers may receive compensation in the form of discounts, concessions or commissions from the selling stockholders and/or the purchasers of shares for whom such broker-dealers may act as agents or to whom they sell as principal or both, which compensation as to a particular broker-dealer might be in excess of customary commissions. Market makers and block purchasers purchasing the shares will do so for their own account and at their own risk. It is possible that a selling stockholder will attempt to sell shares of common stock in block transactions to market makers or other purchasers at a price per share which may be below the then market price. The selling stockholders cannot assure that all or any of the shares offered in this prospectus will be issued to, or sold by, the selling stockholders. The selling stockholders and any brokers, dealers or agents, upon effecting the sale of any of the shares offered in this prospectus, may be deemed to be "underwriters" as that term is defined under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, or the rules and regulations under such acts. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

We are required to pay all fees and expenses incident to the registration of the shares, including fees and disbursements of counsel to the selling stockholders, but excluding brokerage commissions or underwriter discounts.

The selling stockholders, alternatively, may sell all or any part of the shares offered in this prospectus through an underwriter. No selling stockholder has entered into any agreement with a prospective underwriter and there is no assurance that any such agreement will be entered into.

The selling stockholders may pledge their shares to their brokers under the margin provisions of customer agreements. If a selling stockholders defaults on a margin loan, the broker may, from time to time, offer and sell the pledged shares. The selling stockholders and any other persons participating in the sale or distribution of the shares will be subject to applicable provisions of the Securities Exchange Act of 1934, as amended, and the rules and regulations under such act, including, without limitation, Regulation M. These provisions may restrict certain activities of, and limit the timing of purchases and sales of any of the shares by, the selling stockholders or any other such person. In the event that the selling stockholders are deemed affiliated purchasers or distribution participants within the meaning of Regulation M, then the selling stockholders will not be permitted to engage in short sales of common stock. Furthermore, under Regulation M, persons engaged in a distribution of securities are prohibited from simultaneously engaging in market making and certain other activities with respect to such securities for a specified period of time prior to the commencement of such distributions, subject to specified exceptions or exemptions.

We have agreed to indemnify the selling stockholders, or their transferees or assignees, against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the selling stockholders or their respective pledgees, donees, transferees or other

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

successors in interest, may be required to make in respect of such liabilities.

If the selling stockholders notify us that they have a material arrangement with a broker-dealer for the resale of the common stock, then we would be required to amend the registration statement of which this prospectus is a part, and file a prospectus supplement to describe the agreements between the selling stockholders and the broker-dealer.

PENNY STOCK

The Securities and Exchange Commission has adopted Rule 15g-9 which establishes the definition of a "penny stock," for the purposes relevant to us, as any equity security that has a market price of less than \$5.00 per share or with an exercise price of less than \$5.00 per share, subject to certain exceptions. For any transaction involving a penny stock, unless exempt, the rules require:

- o that a broker or dealer approve a person's account for transactions in penny stocks; and
- o the broker or dealer receive from the investor a written agreement to the transaction, setting forth the identity and quantity of the penny stock to be purchased.

In order to approve a person's account for transactions in penny stocks, the broker or dealer must

- o obtain financial information and investment experience objectives of the person; and
- o make a reasonable determination that the transactions in penny stocks are suitable for that person and the person has sufficient knowledge and experience in financial matters to be capable of evaluating the risks of transactions in penny stocks.

The broker or dealer must also deliver, prior to any transaction in a penny stock, a disclosure schedule prescribed by the Commission relating to the penny stock market, which, in highlight form:

- o sets forth the basis on which the broker or dealer made the suitability determination; and
- o that the broker or dealer received a signed, written agreement from the investor prior to the transaction.

Disclosure also has to be made about the risks of investing in penny stocks in both public offerings and in secondary trading and about the commissions payable to both the broker-dealer and the registered representative, current quotations for the securities and the rights and remedies available to an investor in cases of fraud in penny stock transactions. Finally, monthly statements have to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks.

SELLING STOCKHOLDERS

The table below sets forth information concerning the resale of the shares of common stock by the selling stockholders. We will not receive any proceeds from the resale of the common stock by the selling stockholders. We will receive proceeds from the exercise of the warrants. Assuming all the shares registered below are sold by the selling stockholders, none of the selling stockholders will continue to own any shares of our common stock.

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

The following table also sets forth the name of each person who is offering the resale of shares of common stock by this prospectus, the number of shares of common stock beneficially owned by each person, the number of shares of common stock that may be sold in this offering and the number of shares of common stock each person will own after the offering, assuming they sell all of the shares offered.

* This column represents an estimated number based on a conversion price as of a recent date of May 8, 2006 of \$.02 divided into the principal amount.

** These columns represent the aggregate maximum number and percentage of shares that the selling stockholders can own at one time (and therefore, offer for resale at any one time) due to their 9.99% limitation.

*** Less than 1%

The number and percentage of shares beneficially owned is determined in accordance with Rule 13d-3 of the Securities Exchange Act of 1934, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rule, beneficial ownership includes any shares as to which the selling stockholders has sole or shared voting power or investment power and also any shares, which the selling stockholders has the right to acquire within 60 days. The actual number of shares of common stock issuable upon the conversion of the secured convertible notes is subject to adjustment depending on, among other factors, the future market price of the common stock, and could be materially less or more than the number estimated in the table.

33

(1) Includes a good faith estimate (150%) of the shares issuable upon conversion of the secured convertible notes and exercise of warrants, based on current market prices. Because the number of shares of common stock issuable upon conversion of the secured convertible notes is dependent in part upon the market price of the common stock prior to a conversion, the actual number of shares of common stock that will be issued upon conversion will fluctuate daily and cannot be determined at this time. Under the terms of the secured convertible notes, if the secured convertible notes had actually been converted on May 8, 2006, the secured convertible notes would have had a conversion price of \$.02. The actual number of shares of common stock offered in this prospectus, and included in the registration statement of which this prospectus is a part, includes such additional number of shares of common stock as may be issued or issuable upon conversion of the secured convertible notes and exercise of the related warrants by reason of any stock split, stock dividend or similar transaction involving the common stock, in accordance with Rule 416 under the Securities Act of 1933. However the selling stockholders have contractually agreed to restrict their ability to convert their secured convertible notes or exercise their warrants and receive shares of our common stock such that the number of shares of common stock held by them in the aggregate and their affiliates after such conversion or exercise does not exceed 9.99% of the then issued and outstanding shares of common stock as determined in accordance with Section 13(d) of the Exchange Act. Accordingly, the number of shares of common stock set forth in the table for the selling stockholders exceeds the number of shares of common stock that the selling stockholders could own beneficially at any given time through their ownership of the secured convertible notes and the warrants. In that regard, the beneficial ownership of the common stock by the selling stockholder set forth in the table is not determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended.

TERMS OF SECURED CONVERTIBLE NOTES AND THE WARRANTS

On March 20, 2006, we completed a private placement pursuant to a Subscription Agreement which we entered into with several accredited and/or qualified institutional investors dated as of March 17, 2006, pursuant to which the investors subscribed to purchase an aggregate principal amount of \$700,000 in 6% secured convertible promissory notes and 1 Class A common stock purchase warrant for each 1 share which would be issued on the closing date assuming full conversion of the secured convertible notes issued on the closing date.

In addition, on May 5, 2006 we completed a private placement pursuant to a Subscription Agreement which we entered into with several accredited and/or qualified institutional investors pursuant to which the investors subscribed to purchase an aggregate principal amount of \$324,000 in 6% secured convertible promissory notes.

The secured convertible notes bear simple interest at 6% per annum payable upon each conversion, June 1, 2006 and semi-annually thereafter, and mature 2 years after the date of issuance. Each investor shall have the right to convert the secured convertible notes after the date of issuance at any time,

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

until paid in full, at the election of the investor into fully paid and nonassessable shares of our common stock. The conversion price per share shall be the lower of (i) \$0.043 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date as reported by Bloomberg, L.P. on any principal market or exchange where our common stock is listed or traded. The conversion price is adjustable in the event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the conversion price of the secured convertible notes will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets. Our obligation to repay all principal, and accrued and unpaid interest under the convertible notes is secured by all of our assets pursuant to a certain Security Agreement dated as of February 16, 2006, which also secures the remaining principal amount of our convertible notes in the aggregate amount of \$1,115,000 which we issued on March 18, 2005 and July 13, 2005 to certain of the investors participating in this new private placement.

35

We issued an aggregate of 50,972,111 Class A common stock purchase warrants to the investors, representing 1 Class A warrant issued for each 1 share which would be issued on the closing date assuming full conversion of the secured convertible notes issued on the closing date. The Class A warrants are exercisable until four years from the closing date at an exercise price of \$0.045 per share. The exercise price of the Class A warrants will be adjusted in the event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the exercise price of the warrants will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets.

We are obligated to file a registration statement registering the shares of our common stock issuable upon conversion of the secured promissory notes and exercise of the Class A warrants no later than 45 days after the closing date and cause it to be declared effective within 120 days after the closing date. If we do not meet the aforementioned filing and effectiveness deadlines, we shall pay to each investor an amount equal to 1% for the first 30 days or part thereof of the pendency of such non-registration event and 2% for each 30 days or part thereof thereafter, of the purchase price of the secured convertible notes remaining unconverted and purchase price of the shares of our common stock issued upon conversion of the notes.

We claim an exemption from the registration requirements of the Act for the private placement of these securities pursuant to Section 4(2) of the Act and/or Regulation D promulgated thereunder since, among other things, the transaction did not involve a public offering, the investors were accredited investors and/or qualified institutional buyers, the investors had access to information about us and their investment, the investors took the securities for investment and not resale, and we took appropriate measures to restrict the transfer of the securities.

The Purchasers have agreed to restrict their ability to convert their secured convertible notes or exercise their warrants and receive shares of our common stock such that the number of shares of common stock held by them in the aggregate and their affiliates after such conversion or exercise does not exceed 9.99% of the then issued and outstanding shares of common stock.

A complete copy of the Subscription Agreement and related documents are incorporated by reference as exhibits to our Form SB-2 registration statement

relating to this prospectus.

SAMPLE CONVERSION CALCULATION

The number of shares of common stock issuable upon conversion of the secured convertible notes issued pursuant to our March and May 2006 Subscription Agreements is determined by dividing that portion of the principal of the notes to be converted and interest, if any, by the conversion price. For example, assuming conversion of the \$1,02,000 of secured convertible notes on May 8, 2006, at a conversion price of \$0.02, the number of shares issuable upon conversion would be:

$$\$1,024,000/\$0.02 = 51,200,000 \text{ shares}$$

The following is an example of the amount of shares of our common stock that are issuable, upon conversion of the principal amount of our secured convertible notes, based on market prices 25%, 50% and 75% below the market price as of May 8, 2006 of \$0.027.

% Below Market	Price Per Share	Discount of 40%	Number of Shares Issuable
25%	\$.0203	\$.0162	63,209,877
50%	\$.0135	\$.0108	94,814,815
75%	\$.0068	\$.0054	189,629,630

CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

On April 19, 2004, we notified Stonefield Josephson, Inc., ("SJ ") that we had engaged Peterson & Co., LLP as our auditor and as a consequence, was dismissed as our auditors. On April 12, 2004, we engaged Peterson & Co., LLP as our independent auditor for the fiscal year ending December 31, 2004. The action to engage Peterson & Co., LLP was taken upon the unanimous approval of the Audit Committee of our Board of Directors.

During the two fiscal years ended December 31, 2003 and December 31, 2002 and through April 19, 2004, (i) there were no disagreements between us and SJ on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of SJ would have caused SJ to make reference to the matter in its reports on our financial statements, and (ii) SJ's reports did not contain an

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

adverse opinion or a disclaimer of opinion, or was qualified or modified as to uncertainty, audit scope, or accounting principles. During the two fiscal years ended December 31, 2003 and 2002 and through April 19, 2004, there were no reportable events as the term described in Item 304(a)(1)(iv) of Regulation S-B. SJ 's opinion in its report on our financial statements for the years ended December 31, 2002 and 2003, included an explanatory paragraph which expressed substantial doubt with respect to our ability to continue as a going concern.

We obtained a letter from SJ addressed to the Securities and Exchange Commission stating whether they agreed with the above statements, as it relates to them. A copy of such letter, dated April 28, 2004, is filed as Exhibit 16.1 to the Form 8-K filed with the Commission on May 3, 2004 and is hereby incorporated by reference.

During the two fiscal years ended December 31, 2003 and 2004, we have not consulted with Peterson & Co. LLP regarding either:

1. the application of accounting principles to any specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and neither a written report was provided to us nor oral advice was provided that Peterson & Co., LLP concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or

2. any matter that was either subject of disagreement or event, as defined in Item 304(a)(1)(iv)(A) of Regulation S-B and the related instruction to Item 304 of Regulation S-B, or a reportable event, as that term is explained in Item 304(a)(1)(iv)(A) of Regulation S-B.

We obtained a letter from SJ addressed to the Securities and Exchange Commission stating whether they agreed with the above statements, as it relates to them. A copy of such letter, dated April 28, 2004, is filed as Exhibit 16.1 to the Form 8-K filed with the Commission on May 3, 2004 and is hereby incorporated by reference.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
One Voice Technologies, Inc.

We have audited the accompanying balance sheets of One Voice Technologies, Inc. (the "Company") as of December 31, 2005 and 2004, and the related statements of operations, stockholders' equity (deficit), and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of One Voice Technologies, Inc. as of December 31, 2005 and 2004, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has reported recurring losses from operations aggregating \$42,644,000, and had a working capital deficit of \$3,731,000. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans as to these matters are described in Note 1. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

ONE VOICE TECHNOLOGIES, INC.

NOTES TO FINANCIAL STATEMENTS

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

ORGANIZATION AND BASIS OF PRESENTATION:

One Voice Technologies, Inc. is incorporated under the laws of the State of Nevada. The Company develops voice recognition software and it commenced operations in 1999.

Prior to the fourth quarter of 2005, the Company's financial statements had been prepared and presented as those of a development stage enterprise. Based on the commercialization of its Mobile Voice product during 2005, the Company believes that such presentation is no longer necessary. Cumulative disclosures required for development stage enterprises that were included in the previously filed December 31, 2004 financial statements have been omitted in the comparative financial statements presented here in.

GOING CONCERN:

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

Company has incurred significant losses since inception of \$42,664,000 and used cash for operations of \$ 3,149,000 during the year ended December 31, 2005. The Company also has a working capital deficit of \$3,731,000 and a stockholders' deficit of \$3,739,000 as of December 31, 2005. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management is currently seeking additional equity or debt financing. Additionally, management is currently pursuing revenue-bearing contracts utilizing various applications of its technology including wireless technology. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

RESTATEMENT TO PRIOR YEAR FINANCIAL STATEMENTS

Subsequent to the issuance of the financial statements for the years ended December 31, 2004 and 2003, management determined that the Company's previous accounting for its warrants did not comply with Emerging Issues Task Force 00-19, Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock ("EITF 00-19"). As a result, the Company determined that the fair value of the warrants should have been reclassified from additional paid in capital, to a current liability, and that the warrant fair value should have been marked to market as of the balance sheet date with the corresponding non-cash gain or loss reflected in the results of operations. Accordingly, the accompanying financial statements for the years ended December 31, 2004 and 2003 have been restated from the amounts previously reported.

The impact of this restatement will change net income within the various periods covered. This correction in the accounting for its warrants had no impact on the Company's net sales, net cash flows, cash balances or debt covenant compliance.

A summary of the significant effects of the restatements is as follows:

ONE VOICE TECHNOLOGIES, INC.

NOTES TO FINANCIAL STATEMENTS

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

BUSINESS ACTIVITY:

The Company develops voice recognition based software for both the Telecom and Interactive Multimedia PC sectors.

RECLASSIFICATIONS:

Certain reclassifications have been made to prior years' disclosures to conform to current year classifications.

USE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the amount of revenue and expense reported during the period. Actual results could differ from those estimates.

FAIR VALUE:

The Company's financial instruments consist principally of cash and cash equivalents, accounts receivable, accounts payable and notes payable and convertible debt. The carrying value of cash and cash equivalents, accounts receivable and accounts payable, approximates their fair value due to their short term nature. The carrying value of notes payable and convertible debt approximate their fair value, as interest approximates market rates.

CASH AND CASH EQUIVALENTS:

For purposes of the statement of cash flows, cash equivalents include all highly liquid debt instruments with original maturities of three months or less which are not securing any corporate obligations.

CONCENTRATION:

The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts.

REVENUE RECOGNITION:

The Company recognizes revenues when earned in the period in which the service is provided.

Service and license fees are deferred and recognized over the life of the agreement. Revenues from the sale of products will be recognized upon shipment of the product.

ADVERTISING AND PROMOTION COSTS:

Advertising and promotion costs are expensed as incurred. For the years ended December 31, 2005 and 2004, advertising and promotion costs were \$77,000 and \$27,000 respectively.

PROPERTY AND EQUIPMENT:

Property and equipment are recorded at cost. Depreciation is being provided by use of the straight-line method over the estimated useful lives of the assets, ranging from three to seven years.

ONE VOICE TECHNOLOGIES, INC.

NOTES TO FINANCIAL STATEMENTS

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

INVENTORIES:

Inventories are valued at the lower of cost or market based on actual cost.

WARRANT DERIVATIVE LIABILITY

The Company accounts for warrants issued in connection with financing arrangements in accordance with Emerging Issues Task Force ("EITF") Issue No. 00-19, "Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock ("EITF 00-19"). Pursuant to EITF 00-19, an evaluation of specifically identified conditions is made to determine whether the fair value of warrants issued is required be classified as a derivative liability. The fair value of warrants classified as derivative liabilities is adjusted for changes in fair value at each reporting period, and the corresponding non-cash gain or loss is recorded in current period earnings.

DEBT WITH STOCK PURCHASE WARRANTS:

Proceeds received from debt issued with stock purchase warrants are allocated between the debt and the warrants, based upon the relative fair values of the two securities. The balance allocated to warrants is accounted for either as additional paid-in capital or as a warrant derivative liability. The resulting debt discount is amortized to expense over the term of the debt instrument, using the interest method. In the event of settlement of such debt in advance of the maturity date, an expense is recognized for the remaining unamortized discount.

DEBT WITH BENEFICIAL CONVERSION FEATURE:

We account for convertible debt in accordance with Financial Accounting Standards Board Emerging Issues Task Force ("EITF") Issue No. 98-5 and Issue 00-27. These pronouncements require the use of the intrinsic value method for recognition of the beneficial conversion feature included with indebtedness, and requires amortization of the amount associated with the convertibility feature over the life of the debt instrument. Upon conversion of the debt, any unamortized beneficial conversion discount will be charged to expense.

SOFTWARE DEVELOPMENT COSTS:

The Company accounts for their software development costs in accordance with Statement of Financial Accounting Standards No. 86, "Accounting for the Costs of Computer Software to be Sold, Leased or Otherwise Marketed," ("SFAS No. 86"). SFAS No. 86 requires the Company to capitalize the direct costs and allocate overhead associated with the development of software products. Initial costs are charged to operations as research prior to the development of a detailed program design or a working model. Costs incurred subsequent to the product release, and research and development performed under contract are charged to operations. Capitalized costs are amortized over the estimated product life of four years on the straight-line basis. The Company evaluates for impairment losses annually or when economic circumstances necessitate. The Company will recognize an

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

impairment loss in the amount by which the unamortized capitalized cost of a computer software product exceeds the net realizable value of that asset. No impairment losses were recognized during the years ended December 31, 2005 and 2004.

Amortization expense totaled \$37,000 and \$338,000 for the years ended December 31, 2005 and 2004, respectively. Accumulated amortization as of December 31, 2005 amounted to \$1,635,000.

ONE VOICE TECHNOLOGIES, INC.

NOTES TO FINANCIAL STATEMENTS

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

TRADEMARKS AND PATENTS:

The Company's trademark costs consist of legal fees paid in connection with trademarks. The Company amortizes trademarks using the straight-line method over the period of estimated benefit, generally four years. Amortization expense charged for the years ended December 31, 2005 and 2004 totaled \$8,000 and \$34,000, respectively. Accumulated amortization as of December 31, 2005 amounted to \$238,000.

The Company's patent costs consist of legal fees paid in connection with patents pending. The Company amortizes patents using the straight-line method over the period of estimated benefit, generally five years. Amortization expense charged for the years ended December 31, 2005 and 2004 totaled \$36,000 and \$25,000, respectively. Accumulated amortization as of December 31, 2005 amounted to \$93,000.

In accordance with SFAS 142, the Company periodically evaluates whether events or circumstances have occurred that may affect the estimated useful life or the recoverability of the remaining balance of the patent and trademarks. Impairment of the assets is triggered when the estimated future undiscounted cash flows do not exceed the carrying amount of the intangible asset. If the events or circumstances indicate that the remaining balance of the assets may be permanently impaired, such potential impairment will be measured based upon the difference between the carrying amount of the assets and the fair value of such assets, determined using the estimated future discounted cash flows generated.

NET LOSS PER COMMON SHARE:

Basic earnings per share is calculated using the weighted-average number of outstanding common shares during the period. Diluted earnings per share is calculated using the weighted-average number of outstanding common shares and dilutive common equivalent shares outstanding during the period, using either the as-converted method for convertible notes and convertible preferred stock or the treasury stock method for options and warrants.

The net loss per common share for the years ended December 31, 2005 and 2004 is based on the weighted average number of shares of common stock outstanding during the periods. Potentially dilutive securities include options, warrants and convertible debt; however, such securities have not been included in the calculation of the net loss per common share as their effect is antidilutive.

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

INCOME TAXES:

Deferred income taxes are reported using the asset/liability method. Deferred tax assets are recognized for deductible temporary differences and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES CONTINUED:

INCENTIVE AND STOCK BASED COMPENSATION:

Pro forma information regarding the effect on operations as required by SFAS 123 and SFAS 148, has been determined as if the Company had accounted for its employee stock options under the fair value method of those statements. Pro forma information, using the Black-Scholes method at the date of grant, is based on the following assumptions:

Expected life	3 Years
Risk-free interest rate	5.0%
Dividend yield	-
Volatility	100%

This option valuation model requires input of highly subjective assumptions. Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing model does not necessarily provide a reliable single measure of fair value of its employee stock options.

For purposes of SFAS 123 pro forma disclosures, the estimated fair value of the options is amortized to expense over the option's vesting period. No expense was recognized under APB 25. The Company's pro forma information is as follows:

	December 31, 2005	December 31, 2004
Net loss, as reported	\$ (1,546,293)	\$ (8,751,890)
Stock compensation calculated under SFAS 123	\$ (1,000)	\$ (51,500)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES CONTINUED:

NEW ACCOUNTING PRONOUNCEMENTS:

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections" ("SFAS No. 154"), which replaces APB Opinion No. 120, "Accounting Changes," and SFAS No. 3, "Reporting Accounting Changes in Interim Financial Statements." SFAS No. 154 changes the requirements for accounting and reporting a change in accounting principle, and applies to all voluntary changes in accounting principles, as well as changes required by an accounting pronouncement. In the unusual instance it does not include specific transition provisions. Specifically, SFAS No. 154 requires retrospective application to prior periods' financial statements, unless it is impracticable to determine the period-specific effects or the cumulative effect of the change. When it is impracticable to determine the effects of the change, the new accounting principle must be applied to the balances of assets and liabilities as of the beginning of the earliest period for which retrospective application is practicable and a corresponding adjustment must be made to the opening balance of retained earnings for that period rather than being reported in an income statement. When it is impracticable to determine the cumulative effect of the change, the new principle must be applied as if it were adopted prospectively from the earliest date practicable. SFAS No. 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. SFAS No. 154 does not change the transition provisions of any existing pronouncements. The Company has evaluated the impact of SFAS No. 154 and does not expect the adoption of this statement to have a significant impact on its statement of income or financial condition. The Company will apply SFAS No. 154 in future periods, when applicable.

In December 2004, the Financial Accounting Standards Board issued SFAS No. 123(R), "Share-Based Payment". SFAS No. 123(R) replaces SFAS No. 123 "Accounting for Stock-Based Compensation", and supersedes APB Opinion No. 25, "Accounting for Stock Issued to Employees". SFAS No. 123(R) requires compensation costs related to share-based payment transactions to be recognized in the financial statements over the period that an employee provides service in exchange for the award. SFAS No. 123(R) is effective for fiscal year beginning after June 15, 2005. The Company plans to adopt SFAS No. 123(R) on January 1, 2006. SFAS 123(R) eliminates the alternative to use the intrinsic value method of accounting that was provided in SFAS 123 as originally issued. In accordance with SFAS No. 148, the Company has been disclosing the impact on net income and earnings per share had the fair value based method been adopted.

(4) NOTES PAYABLE:

On August 8, 2003 the Company entered into a note payable in the amount of \$100,000, with principal and interest at 8.0% per annum, due on August 8, 2008. At December 31, 2005 and 2004 the balance on the note payable was \$100,000.

(5) LICENSE AGREEMENT LIABILITY

In March 2000 the Company entered into a Software License Agreement ("License Agreement") with Philips Speech Processing, a division of Philips Electronics North America ("Philips"). Pursuant to the License Agreement, the Company received a world-wide, limited, nonexclusive license to certain speech

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

recognition software owned by Philips. The initial term of the License Agreement was three (3) years, and the License Agreement included an extended term provision under which the License Agreement was automatically renewable for successive one (1) year periods, unless terminated by either party upon a minimum of sixty (60) days written notice prior to the expiration of the initial term or any extended term.

The License Agreement provides for the Company to pay a specified commission on revenues from products incorporating licensed software, and includes minimum royalty payment obligations over the initial three (3) year term of the License Agreement in the aggregate amount of \$1,100,000.

Under an amendment to the License Agreement entered into in March 2002, the initial term of the License Agreement was extended for two (2) years, and the aggregate minimum royalty payment was increased to \$1,500,000. The amendment also included a revised payment schedule of the minimum royalty payment obligation that provided for semi-annual payments of \$250,000 (due on June 30th and December 31st of each year). In lieu of scheduled payments, in May, 2003, based on a verbal agreement with Philips, the Company began making monthly payments of \$15,000, of which \$10,000 is being applied against the remaining minimum royalty payment due and \$5,000 is being applied as interest.

As of December 31, 2005 and 2004, the outstanding minimum royalty obligations pursuant to the License Agreement were \$930,000 and \$1,050,000, respectively.

(6) SETTLEMENT AGREEMENT LIABILITY

On January 6, 2006, La Jolla Cove Investors, Inc. ("La Jolla") and the Company entered into a Settlement Agreement and Mutual Release (the "Settlement Agreement") in which La Jolla and we agreed to forever settle, resolve and dispose of all claims, demands and causes of action asserted, existing or claimed to exist between the parties because of or in any way related to the Action. Under the Settlement Agreement, La Jolla and the Company agreed that the parties shall bear their own costs and attorney's fees associated with the Action and that the outstanding principle balance of convertible notes payable and accrued interest owed to La Jolla in the aggregate amount \$159,613, would be extinguished. In addition, we agreed to pay to La Jolla:

- o 10,000,000 restricted shares of our common stock upon the execution of the Settlement Agreement;
- o \$300,000 within 90 days of the date of the Settlement Agreement; and
- o \$400,000 within 150 days of the date of the Settlement Agreement.

Interest shall accrue on the \$700,000 unpaid balance at 8% per annum commencing on the date of the Settlement Agreement until paid in full. If any payment is not made within 30 days of its due date, La Jolla may enter a judgment against us for the then unpaid balance, plus accrued interest and \$100,000, upon the filing of a declaration of default by La Jolla.

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

As the finalization of the Settlement Agreement provided additional evidence with respect to conditions that existed at the balance sheet date, the effects of the Settlement agreement, as discussed below, have been reflected in the December 31, 2005 financial statements.

Balance Sheet- As of December 31, 2005, a total of \$900,000 has been accrued as a Settlement Agreement liability, and included as a current liability, based on the cash obligation and the estimated fair value of the stock to be issued. In addition, convertible notes and accrued interest payable have been reduced by a total of \$159,613.

Statement of Operations- A Settlement Expense totaling \$760,387, which represents the net amount of the \$920,000 payout obligation and the \$159,613 reduction of notes payable and accrued interest payable, has been recorded as a component of Other Income (Expense) for the year ended December 31, 2005.

(7) WARRANT DERIVATIVE LIABILITY

During the years ended December 31, 2005 and 2004 the Company issued warrants in connection with convertible debt agreements and private placements that required analysis in accordance with EITF 00-19. EITF 00-19 specifies the conditions which must be met in order to classify warrants issued in a company's own stock as either equity or as a derivative liability. Evaluation of these conditions under EITF 00-19 resulted in the determination that these warrants are classified as a derivative liability. In accordance with EITF 00-19, warrants which are determined to be classified as derivative liabilities are marked-to-market each reporting period, with a corresponding non-cash gain or loss charged to the current period. The Company valued all warrant derivative liabilities as of December 31, 2005 using a Black-Scholes option pricing model using the following assumptions: expected dividend yield of 0.0%, expected stock price volatility of 100%, risk free interest rate of 4.35% and a remaining contractual life ranging from 0.30 years to 4.00 years. The Company valued all warrant derivative liabilities as of December 31, 2004 using a Black-Scholes option pricing model using the following assumptions: expected dividend yield of 0.0%, expected stock price volatility of 215%, risk free interest rate of 5.50% and a remaining contractual life ranging from 1.30 years to 5.00 years. The valuation conducted as of December 31, 2005 resulted in a non-cash gain of \$5,070,000 with a corresponding decrease in the warrant derivative liability. The valuation conducted as of December 31, 2004 resulted in a non-cash loss of \$3,369,000 with a corresponding increase in the warrant derivative liability. As of December 31, 2005 and 2004, the fair value of the warrant derivative liability was \$2,032,000 and \$4,941,000, respectively.

(8) CONVERTIBLE NOTES PAYABLE:

On March 18, 2005, the Company held its first closing pursuant to a Subscription Agreement it entered into with several accredited investors dated as of March 18, 2005, pursuant to which the investors subscribed to purchase an aggregate principal amount of \$2,000,000 in 6% convertible promissory notes, and 100 Class A and Class B common stock purchase warrants for each 100 shares which would be issued on each closing date assuming full conversion of the convertible notes issued on each such closing date. Net proceeds amounted to \$920,000, net of debt issue cash cost of \$80,000.

The convertible notes bear simple interest at 6% per annum payable upon each conversion, June 1, 2005 and semi-annually thereafter and mature 3 years after the date of issuance. Each investor shall have the right to convert the convertible notes after the date of issuance and at any time, until paid in full, at the election of the investor into fully paid and nonassessable shares of our common stock. The conversion price per share shall be the lower of (i) \$0.047 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date as reported by Bloomberg, L.P. on any principal market or exchange where our common stock is listed or traded. In addition, the company issued an aggregate of 29,069,768 Class A common stock purchase warrants and 29,069,768 Class B common stock purchase warrants to the investors, representing 100 Class A and Class B warrants issued for each 100 shares which would be issued on the each closing date assuming full conversion of the convertible notes issued on each such closing date. The Class A warrants are exercisable until four years from the initial closing date at an exercise price of \$0.045 per share. The Class B warrants are exercisable until four years from the initial closing date at an exercise price of \$0.06 per share. The holder of the Class B warrants will be entitled to purchase one share of common stock upon exercise of the Class B warrants for each share of common stock previously purchased upon exercise of the Class A warrants.

On July 13, 2005, we held our second closing pursuant to the Subscription Agreement we entered into with several accredited investors dated as of March 18, 2005.

On the second closing date, the Company received approximately \$935,000, net of debt issue cash cost of approximately \$65,000. The convertible notes bear simple interest at 6% per annum payable upon each conversion, June 1, 2005 and semi-annually thereafter and mature 3 years after the date of issuance. Each investor shall have the right to convert the convertible notes after the date of issuance and at any time, until paid in full, at the election of the investor into fully paid and nonassessable shares of our common stock. The conversion price per share shall be the lower of (i) \$0.043 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date as reported by Bloomberg, L.P. on any principal market or exchange where our common stock is listed or traded. In addition, the Company issued an aggregate of 38,461,537 Class A common stock purchase warrants and 38,461,537 Class B common stock purchase warrants to their investors. The Class A warrants are exercisable until four years from the initial closing date at an exercise price of \$0.045 per share. The Class B warrants are exercisable until four years from the initial closing date at an exercise price of \$0.06 per share. The fair value of the warrants of

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

approximately \$675,000 using Black Scholes option pricing model and the beneficial conversion feature of approximately \$325,000 have been recorded as debt discount and is being amortized over the life of the debt using the interest method. Upon conversion of the debt, any unamortized discount will be charged to expense.

Rent expense, net of sublease income, amounted to \$193,503 for the year ended December 31, 2005.

(12) INCENTIVE AND NONQUALIFIED STOCK OPTION PLAN:

On July 14, 1999, the Company adopted an Incentive and Nonqualified Stock Option Plan (the "Plan") for its employees and consultants under which a maximum of 3,000,000 options (Amendment to increase the available shares from 1,500,000 to 3,000,000 approved by the shareholders in December 2001) and approved by the shareholders may be granted to purchase common stock of the Company. On July 29, 2005 the Company adopted the 2005 Stock Incentive Plan and reserved 60,000,000 shares of the Company's common stock for issuance under the 2005 Plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

(12) INCENTIVE AND NONQUALIFIED STOCK OPTION PLAN, CONTINUED

Two types of options may be granted under the 2005 Plan: (1) Incentive Stock Options (also known as Qualified Stock Options) which may only be issued to employees of the Company and whereby the exercise price of the option is not less than the fair market value of the common stock on the date it was reserved for issuance under the Plan; and (2) Nonstatutory Stock Options which may be issued to either employees or consultants of the Company and whereby the exercise price of the option is greater than 85% of the fair market value of the common stock on the date it was reserved for issuance under the plan. Grants of options may be made to employees and consultants without regard to any performance measures. All options issued pursuant to the Plan vest at a rate of at least 20% per year over a 5-year period from the date of the grant or sooner if approved by the Board of Directors. All options issued pursuant to the Plan are nontransferable and subject to forfeiture.

The Company has elected to follow Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" (APB 25) and related interpretations in accounting for its employee stock options because the alternative fair value accounting provided for under SFAS No. 123, "Accounting for Stock-Based Compensation," requires use of option valuation models. Under APB 25, because the exercise price of the Company's employee stock options equals the market price of the underlying stock on the date of grant, no compensation expense is recognized. The Company follows SFAS No. 123 for stock options granted to non-employees and records a consulting expense equal to the fair value of the options at the date of grant.

During the year ended December 31, 2005 the Company granted 225,000 stock options at an average exercise price of \$0.032 to employees and consultants of the Company. Throughout 2005, 25,000 options were terminated.

The number and weighted average exercise prices of options granted under the plan for the years ended December 31, 2005 and 2004 are as follows:

	2005		2004	
	Number	Average Exercise Price	Number	Average Exercise Price
Outstanding at beginning of the year	1,721,500	\$ 2.70	1,900,500	\$ 1.54
Granted during the year	225,000	.04	--	--
Terminated during the year	25,000	.09	179,000	1.12
Exercised during the year	--	--	--	--
Outstanding at end of the year	1,921,500	1.47	1,721,500	2.70
Exercisable at end of the year	1,720,806	1.61	1,701,361	2.70

The exercise prices for options outstanding as of December 31, 2005 range from \$0.03 to \$12.80. The weighted average remaining contractual life of these options is approximately 6 years.

(13) WARRANTS:

At December 31, 2004, the Company had warrants outstanding that allow the holders to purchase up to 215,373,361 shares of common stock.

The number and weighted average exercise prices of the warrants for the years ended December 31, 2005 and 2004 are as follows:

	2005		2004	
	Number	Average Exercise Price	Number	Average Exercise Price
Outstanding at beginning of the year	79,429,673	\$ 0.10	16,355,921	\$ 0.22
Granted during the year	169,062,610	0.05	75,081,815	0.07
Terminated during the year	1,566,400	--		--
Exercised during the year	31,552,522	0.02	12,008,063	0.03
Outstanding at end of the year	215,373,361	0.05	79,429,673	0.10
Exercisable at end of the year	181,373,361	0.05	79,429,673	0.10

As an incentive to exercise warrants early, the Company reduced the exercise price to \$0.02 Per share for Series A warrants issued in 2005. As a result, the Company raised approximately \$540,000. In connection with the re-pricing of warrants to the investors, the Company recorded a charge of approximately \$272,000 to reflect the additional benefit created for these investors.

At December 31, 2005, the weighted average remaining contractual life of the warrants was approximately 42 months.

(14) SUBSEQUENT EVENTS:

Subsequent to December 31, 2005, note holders converted additional note principal into common shares as follows:

ONE VOICE TECHNOLOGIES, INC. NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF BUSINESS

One Voice Technologies, Inc. is incorporated under the laws of the State of Nevada. The Company develops voice recognition software and it commenced operations in 1999.

Prior to the fourth quarter of 2005, the Company's financial statements had been prepared and presented as those of a development stage enterprise. Based on the commercialization of its Mobile Voice product during 2005, the Company believes that such presentation is no longer necessary.

Located in San Diego, California, the Company has 12 full-time employees and 5 consultant/part-time employees. The company is traded on the NASD OTC Electronic Bulletin Board ("OTCBB") under the symbol ONEV.OB. One Voice commenced operations on July 14, 1999.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

INTERIM FINANCIAL STATEMENTS:

The accompanying financial statements include all adjustments which are, in the opinion of management, necessary for a fair presentation of the results of operations for the periods presented. Interim results are not necessarily indicative of the results to be expected for the full year ending December 31, 2006. The financial statements should be read in conjunction with the financial statements included in the Company's annual report on Form 10-KSB for the year

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

ended December 31, 2005.

GOING CONCERN:

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has incurred significant losses since inception of \$48,481,000 and used cash for operations of \$800,000 during the quarter ended March 31, 2006. The Company also has a working capital deficit of \$7,755,000 and a stockholders' deficit of \$7,542,000 as of March 31, 2006. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management is currently seeking additional equity or debt financing and is pursuing revenue-bearing contracts utilizing various applications of its technology including wireless technology. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

RECENT ACCOUNTING PRONOUNCEMENTS:

In February 2006, the Financial Accounting Standards Board ("FASB") released Statement No. 155, Accounting for Certain Hybrid Financial Instruments, ("SFAS No. 155") was released. SFAS No.155 is an amendment of Statement No. 133, Accounting for Derivative Instruments and Hedging Activities, and Statement No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities. SFAS No. 155 establishes, among other items, the accounting for certain derivative instruments embedded within other types of financial instruments; and, eliminates a restriction on the passive derivative instruments that a qualifying special-purpose entity may hold. Effective for the Company beginning January 1, 2007, SFAS No. 155 is not expected to have any impact on the Company's financial position, results of operations or cash flows.

In March 2006, the FASB released Statement No. 156, Accounting for Servicing of Financial Assets, an amendment of FASB Statement No. 140, ("SFAS No. 156") was released. SFAS No. 156 amends SFAS No. 140 to require that all separately recognized servicing assets and liabilities in accordance with SFAS No. 140 be initially measured at fair value, if practicable. Furthermore, this standard permits, but does not require, fair value measurement for separately recognized servicing assets and liabilities in subsequent reporting periods. SFAS No. 156 is also effective for the Company beginning January 1, 2007; however, the standard is not expected to have an impact on the Company's financial position, results of operation or cash flows.

F-28

ONE VOICE TECHNOLOGIES, INC. NOTES TO FINANCIAL STATEMENTS

In the first quarter of 2006, the Company adopted Statement No. 154, Accounting for Changes and Error Corrections--a replacement of APB Opinion No. 20 and FASB Statement No. 3, ("SFAS No. 154") which changed the requirements for the accounting for and reporting of a voluntary change in accounting principle. The Company also adopted Statement No. 151, Inventory Costs--an amendment of ARB No. 43, Chapter 4 ("SFAS No. 151") which, among other changes, requires certain abnormal expenditures to be recognized as expenses in the current period versus capitalized as a component of inventory. The adoption of SFAS No. 154 did not impact the results presented and the impact on any future periods will depend on the nature and significance of any future accounting changes subject to the provisions of the statement. The adoption of SFAS No. 151 did not have any

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

impact on the Company's financial position, results of operations or cash flows.

(3) SETTLEMENT AGREEMENT LIABILITY:

On January 6, 2006, the Company entered into a Settlement Agreement and Mutual Release (the "Settlement Agreement") with La Jolla Cove Investors, Inc. ("La Jolla") in which the Company and La Jolla agreed to forever settle, resolve and dispose of all claims, demands and causes of action asserted, existing or claimed to exist between the parties because of or in any way related to the Action. Under the Settlement Agreement, La Jolla and the Company agreed that each shall bear their own costs and attorney's fees associated with the Action and that the outstanding principle balance of convertible notes payable and accrued interest owed to La Jolla in the aggregate amount \$159,613, would be extinguished. In addition, the Company agreed to pay to La Jolla:

- o 10,000,000 restricted shares of the Company's common stock on January 6, 2006
- o \$300,000, which was paid on May 5, 2006; and
- o \$400,000 within 150 days of the date of the Settlement Agreement

Interest shall accrue on the \$700,000 unpaid balance at 8% per annum commencing on the date of the Settlement Agreement until paid in full. If any payment is not made within 30 days of its due date, La Jolla may enter a judgment against the Company for the then unpaid balance, plus accrued interest and \$100,000, upon the filing of a declaration of default by La Jolla. As of March 31, 2006, the outstanding balance due under the Settlement Agreement was \$700,000.

(4) LICENSE AGREEMENT LIABILITY:

In March 2000 the Company entered into a Software License Agreement ("License Agreement") with Philips Speech Processing, a division of Philips Electronics North America ("Philips"). Pursuant to the License Agreement, the Company received a world-wide, limited, nonexclusive license to certain speech recognition software owned by Philips. The initial term of the License Agreement was three (3) years, and the License Agreement included an extended term provision under which the License Agreement was automatically renewable for successive one (1) year periods, unless terminated by either party upon a minimum of sixty (60) days written notice prior to the expiration of the initial term or any extended term.

F-29

ONE VOICE TECHNOLOGIES, INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED)

The License Agreement provides for the Company to pay a specified commission on revenues from products incorporating licensed software, and includes minimum royalty payment obligations over the initial three (3) year term of the License Agreement in the aggregate amount of \$1,100,000.

Under an amendment to the License Agreement entered into in March 2002, the initial term of the License Agreement was extended for two (2) years, and the aggregate minimum royalty payment was increased to \$1,500,000. The amendment also included a revised payment schedule of the minimum royalty payment obligation that provided for semi-annual payments of \$250,000, through December 31, 2004 (due on June 30th and December 31st of each year). In lieu of scheduled payments, in May, 2003, based on a verbal agreement with Philips, the Company began making monthly payments of \$15,000, of which \$10,000 is being applied against the remaining minimum royalty payment due and \$5,000 is being applied as interest. The Company is currently in discussions with Philips to restructure

the agreement and settle past due balances. As of March 31, 2006 and December 31, 2005, the outstanding minimum royalty obligations pursuant to the License Agreement were \$900,000 and \$930,000 respectively.

(5) WARRANT DERIVATIVE LIABILITY

During the period ended March 31, 2006 the Company issued warrants in connection with convertible debt agreements and private placements that required analysis in accordance with EITF 00-19. EITF 00-19 specifies the conditions which must be met in order to classify warrants issued in a company's own stock as either equity or as a derivative liability. Evaluation of these conditions under EITF 00-19 resulted in the determination that these warrants should be classified as a derivative liability. In accordance with EITF 00-19, warrants which are determined to be classified as derivative liabilities are marked-to-market each reporting period, with a corresponding non-cash gain or loss charged to the current period. The Company valued all warrant derivative liabilities as of March 31, 2006 using a Black-Scholes option pricing model using the following assumptions: expected dividend yield of 0.0%, expected stock price volatility of 110%, risk free interest rate of 4.83% and a remaining contractual life ranging from 1.40 years to 4.00 years. The Company valued all warrant derivative liabilities as of December 31, 2005 using a Black-Scholes option pricing model using the following assumptions: expected dividend yield of 0.0%, expected stock price volatility of 100%, risk free interest rate of 4.35% and a remaining contractual life ranging from 0.30 years to 4.00 years. The valuation conducted as of March 31, 2006 resulted in a non-cash loss of \$3,877,509 with a corresponding increase in the warrant derivative liability. As of March 31, 2006, the fair value of the warrant derivative liability was \$6,424,006 respectively.

(6) NOTES PAYABLE:

On August 8, 2003 the Company entered into a note payable in the amount of \$100,000, with principal and interest at 8.0% per annum, due on August 8, 2008. At March 31, 2006 the balance on the note payable was \$100,000.

(7) CONVERTIBLE NOTES PAYABLE:

On March 17, 2006, we completed a private placement pursuant to a Subscription Agreement which we entered into with several institutional investors, pursuant to which the investors subscribed to purchase an aggregate principal amount of \$700,000 in 6% secured convertible promissory notes and one Class A common stock purchase warrant for each one share which would be issued on the closing date assuming full conversion of the secured convertible notes issued on the closing date.

F-30

ONE VOICE TECHNOLOGIES, INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED)

The secured convertible notes bear simple interest at 6% per annum payable June 1, 2006 and semi-annually thereafter, and mature 2 years after the date of issuance. Each investor shall have the right to convert the secured convertible notes after the date of issuance and at any time, until paid in full into shares of our common stock. The conversion price per share shall be the lower of (i) \$0.043 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date as reported by Bloomberg, L.P. on any principal market or exchange where our common stock is listed or traded. The conversion price is adjustable in the

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the conversion price of the secured convertible notes will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets. Our obligation to repay all principal and accrued and unpaid interest under the convertible notes is secured by all of our assets pursuant to a certain Security Agreement dated February 16, 2006, which also secures the remaining principal amount of our convertible notes in the aggregate amount of \$1,115,000 which we issued on March 18, 2005 and July 13, 2005 to certain of the investors participating in this new private placement.

We issued an aggregate of 50,972,111 Class A common stock purchase warrants to the investors, representing one Class A warrant issued for each one share which would be issued on the closing date assuming full conversion of the secured convertible notes issued on the closing date. The Class A warrants are exercisable until four years from the closing date at an exercise price of \$0.045 per share. The exercise price of the Class A warrants will be adjusted in the event of any stock split or reverse stock split, stock dividend, reclassification of common stock, recapitalization, merger or consolidation. In addition, the exercise price of the warrants will be adjusted in the event that we spin off or otherwise divest ourselves of a material part of our business or operations or dispose all or a portion of our assets. The fair value of the warrants of \$457,000 using the Black Scholes option pricing model is recorded as a derivative liability. The beneficial conversion feature of approximately \$243,000 will be amortized over the life of the debt using the interest method.

During the three months ended March 31, 2006, \$992,000 of notes payable was converted into approximately 71,383,000 shares of the Company's common stock at an average conversion price of \$0.014 per share.

Convertible notes payable at March 31, 2006 consists of the following:

During the three months ended March 31, 2006, Osher Capital Inc. converted approximately \$15,600 of notes payable into approximately 1,134,000 shares of the Company's common stock at an average conversion price of \$0.014.

During the three months ended March 31, 2006, an accredited investor purchased an aggregate of 3,000,000 shares of restricted common stock for a total purchase price of \$60,000. In addition, the investor received an aggregate of 3,000,000 Class A and 3,000,000 Class B common stock purchase warrants with an exercise price of \$0.045 and \$0.06 per share respectively.

(9) ACCOUNTING FOR STOCK-BASED COMPENSATION

On January 1, 2006 the Company adopted Statement of Financial Accounting Standards ("SFAS") No.123 (Revised 2004), "Share Based Payment," ("SFAS 123"), using the modified prospective method. In accordance with SFAS No. 123, the Company measures the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award. That cost is recognized over the period during which an employee is required to provide service in exchange for the award - the requisite service period. The Company determines the grant-date fair value of employee share options using the Black-Scholes option-pricing model.

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

Under the modified prospective approach, SFAS 123 applies to new awards and to awards that were outstanding on January 1, 2006 that are subsequently modified, repurchased or cancelled. Under the modified prospective approach, compensation cost recognized for the first quarter of fiscal 2006 includes compensation cost for all share-based payments granted prior to, but not yet vested on, January 1, 2006, based on the grant-date fair value estimated in accordance with the pro forma provisions of SFAS 123, and compensation cost for all share-based payments granted subsequent to January 1, 2006, based on the grant-date fair value estimated in accordance with the provisions of SFAS 123R. Prior periods were not restated to reflect the impact of adopting the new standard. During the period ended March 31, 2006, the Company recorded \$155,000 in non-cash charges for the implementation of SFAS 123R. As of March 31, 2006, there was approximately \$317,000 of total unrecognized compensation costs related to unvested options.

The fair value of stock options at date of grant was estimated using the Back-Scholes model with the following assumptions: expected volatility of 90.9%, expected term of 2.0 years, risk-free interest rate of 5.27%, and expected dividend yield of 0%. Expected volatility is based on the historical volatilities of the Company's common stock. The expected life of employee stock options is determined using historical data of employee exercises and represents the period of time that stock options are expected to be outstanding. The risk free interest rate is based on the U.S. Treasury Moody AAA for the expected life of the stock option.

ONE VOICE TECHNOLOGIES, INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED)

The following table summarizes the stock option transactions during the three months ended March 31, 2006:

	March 31, 2006		
Shares	Weighted average exercise price	Weighted average remaining contractual life (in years)	
Options outstanding 1/1/2006	1,921,500	\$ 1.47	5.63
Options granted	57,700,000	\$ 0.016	9.82
Options exercised	--	--	--
Options terminated	--	--	--
Options outstanding 3/31/2006	59,521,500	\$.06	9.71
Options exercisable 3/31/2006	20,848,583	\$.15	

Prior to January 1, 2006, the Company accounted for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. Had compensation cost for the plan been determined based on the fair value of the options at the grant dates consistent with the method of SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an Amendment of SFAS No. 123," the Company's net earnings and earnings per share would have been:

Edgar Filing: ONE VOICE TECHNOLOGIES INC - Form 424B3

	For the three months ----- Ended March 31, 2005 -----
Net income as reported	\$(2,064,816)
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of related tax effects	\$ (100)

Pro forma income net income	\$(2,064,916) =====
Basic and diluted loss per share	\$ (.01)
Pro forma basic and diluted loss per share	\$ (.01)

The pro forma compensation costs presented above were determined using the weighted average fair values of options granted under the Company's stock option plans. The fair value of the grants was estimated using the Black-Scholes option pricing model with the following weighted-average assumptions. See the 2005 assumptions below:

Expected life	3 Years
Risk-free interest rate	5.0%
Dividend yield	-
Volatility	100%

(10) SUBSEQUENT EVENTS:

On May 5, 2006, we voluntarily determined to reduce the exercise prices of 19,968,783 Class A warrants and 67,531,305 Class B warrants issued pursuant to the March 2005 Subscription Agreement from an exercise price of \$0.016 to \$0.013 per share.

On May 5, 2006, the Company held a closing pursuant to a subscription agreement it entered into with several accredited investors as of May 5, 2006, pursuant to which the investors subscribed to purchase an aggregate principal amount of \$324,000 in 6% convertible promissory notes. The Company received \$299,500 of the purchase price on May 5, 2006. The convertible notes bear simple interest at 6% per annum payable June 1, 2006 and semi-annually thereafter and mature 2 years after the date of issuance. Each investor shall have the right to convert the convertible notes after the date of issuance at any time, until paid in full, into shares of our common stock. The conversion price per share shall be the lower of (i) \$0.043 or (ii) 80% of the average of the three lowest closing bid prices for our common stock for the 30 trading days prior to, but not including, the conversion date.
