Item 1.01 Entry into a Material Definitive Agreement.

On July 15, 2014, Applied Optoelectronics, Inc. (the “Company”) entered into the Business Loan Agreement, the Commercial Security Agreement and the Promissory Note (the “Loan Agreements”) with East West Bank. The Loan Agreements provide that the Company may from time to time prior to July 15, 2017, borrow up to an aggregate amount of \$15 million.

The Company is required to repay all outstanding principal plus all accrued unpaid interest on or prior to July 15, 2017. In addition, the Company will pay regular monthly payments of all accrued unpaid interest due as of each payment date, beginning August 5, 2014, with all subsequent interest payments to be due on the same day of each month thereafter. The Company may pay without penalty all or a portion of the amount owed earlier than due.

Under the Loan Agreements, the loan bears interest at an annual rate based on the London Interbank Offered Rate (LIBOR) for deposits in U.S. Dollars plus 2.75%.

The Company’s obligations under the Loan Agreements will be secured by substantially all of the Company’s tangible and intangible property, including but not limited to the Company’s inventory, accounts, instruments, and equipment.

The Loan Agreements shall be subject to customary financial covenants, including the maintenance of a minimum adjusted current ratio, measured on a quarterly basis, of 1.35 to 1.00, and minimum Adjusted EBITDA, measured quarterly on a rolling-4-quarter basis, of greater than or equal to \$3.5 million for each reporting period ending June 30, 2014 and September 30, 2014, and \$5.5 million for reporting period ending December 31, 2014 to December 31, 2015. The covenant levels for reporting period ending March 31, 2016 and thereafter are to be reset annually based on Company projections.

The Loan Agreements contain customary events of default that include, among others, non-payment of principal, interest or fees, violation of certain covenants, defective collateralization, inaccuracy of representations and warranties, and insolvency events. The occurrence of an event of default will increase the applicable rate of interest by 2.00% and could result in the acceleration of the Company’s obligations under the Loan Agreements.

The foregoing description of the Loan Agreements does not purport to be a complete statement of the parties’ rights and obligations under the Loan Agreements and is qualified in its entirety by reference to the full text of the Loan

Agreements, copies of which are attached as Exhibits 10.1, 10.2 and 10.3 to this Current Report on Form 8-K and incorporated by reference herein.

Item 1.02 Termination of a Material Definitive Agreement.

In connection with entering into the Loan Agreements described in Item 1.01 of this report, the Company terminated on July 15, 2014 its existing Amended and Restated Loan and Security Agreement with East West Bank, last amended on December 11, 2013.
