WORLD FUEL SERVICES CORPORATION

Miami Springs, Florida 33166

ANNUAL MEETING OF SHAREHOLDERS
to be held on August 27, 2002

INTRODUCTION

This Proxy Statement is furnished to the shareholders of WORLD FUEL SERVICES CORPORATION, a Florida corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for the Annual Meeting of Shareholders (the "Annual Meeting") to be held at the place and time and for the purposes set forth in the attached Notice of Meeting.

This Proxy Statement and the accompanying proxy form are first being

Edgar Filing: WORLD FUEL SERVICES CORP - Form DEF 14A

sent to shareholders on or about August 1, 2002.

Pursuant to the By-Laws of the Company, the Board of Directors has ordered the Annual Meeting of Shareholders to be held on August 27, 2002, and has fixed the close of business on July 16, 2002, as the record date (the "Record Date") for the determination of shareholders entitled to receive notice of, and to vote at, the Annual Meeting or any adjournment or postponement thereof.

Proxies in the accompanying form, properly executed, duly returned to us and not revoked, will be voted in the manner specified. If no instructions are specified in the proxy, proxies will be voted in favor of the election of the Director nominees named in this Proxy Statement. Returning a signed proxy will not affect your right to attend the Annual Meeting and to vote in person, since proxies are revocable. A proxy for the Annual Meeting may be revoked at any time prior to its use by submission of a later dated proxy, by delivery of written notice of revocation to the President of the Company, or by voting in person at the Annual Meeting. Presence at the Annual Meeting does not of itself revoke a proxy.

The Annual Report of the Company for the fiscal year ended March 31, 2002, including the consolidated financial statements, is being mailed to each shareholder together with this Proxy Statement.

1

OUTSTANDING VOTING STOCK

On July 16, 2002, the Company had 10,438,985 outstanding shares of common stock (net of treasury stock), par value \$.01 per share (the "Common Stock"), which constitute the only class of voting securities of the Company. The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum at the meeting. Each holder of Common Stock on the Record Date is entitled to cast one vote per share, exercisable in person or by proxy, at all meetings of shareholders. Directors are elected by a plurality vote of the shares of Common Stock present in person or represented by proxy at the Annual Meeting. All other matters to be considered at the Annual Meeting shall be approved if the votes cast in favor of the action exceed the votes cast opposing the action.

As of July 16, 2002, the nine nominees for Director of the Company beneficially owned a total of 394,475 shares of Common Stock, or approximately 3.8% of the shares of Common Stock outstanding. The nominees have informed the Company that they intend to vote their shares of Common Stock to elect themselves to the Board of Directors. See "Principal Shareholders and Security Ownership of Management" below.

COSTS OF SOLICITATION

The entire cost of soliciting proxies for the Annual Meeting will be borne by the Company. Solicitation of proxies may be made through personal calls upon, or telephone or other communications with, shareholders or their representatives by officers and other employees of the Company, who will receive no additional compensation therefor.

ELECTION OF DIRECTORS

Nine individuals have been nominated to serve as Directors for the ensuing year and until their successors shall have been duly elected and

Edgar Filing: WORLD FUEL SERVICES CORP - Form DEF 14A

The persons named in the accompanying proxy form have advised management that unless authority is withheld in the proxy, they intend to vote for the election of the individuals listed in the table on the following page. Management does not contemplate that any of the nominees named in the table will be unable, or will decline, to serve; however, if any of the nominees is unable to serve, or declines to serve, the persons named in the accompanying proxy form may vote for another person, or persons, in their discretion. The following table sets forth certain information with respect to each nominee for election to the Board of Directors. All of the nominees, except Ken Bakshi and Richard Kassar, currently serve as Directors of the Company. Except for one director who missed one Board meeting, all of the Directors attended all of the meetings of the Board of Directors and all of the meetings of the committees on which they served during the fiscal year ended March 31, 2002.

The Audit Committee

The Audit Committee consists of John R. Benbow, Chairman, Ralph R. Feuerring and Myles Klein. The Audit Committee held six formal meetings during the fiscal year ended March 31, 2002.

The Audit Committee operates pursuant to a written charter first adopted in 1990. The charter was last amended by the Board of Directors in October 2001, and is reviewed and updated at least annually. The current version of the charter is attached to this Proxy Statement as Appendix A.

Company management is responsible for preparing the Company's consolidated financial statements and for the financial reporting process. The independent auditors are responsible for expressing an opinion on the conformity of the Company's consolidated financial statements to accounting principles generally accepted in the United States. Acting for the Board of Directors, the Audit Committee provides oversight of the financial reporting process and the internal control system. More specifically, the Audit Committee performs the following principal functions:

5

recommends to the Board of Directors the engagement of independent auditors for the ensuing year; reviews the scope and budget for the annual audit; reviews with independent auditors the results of the audit engagement, including review of the consolidated financial statements and the management letter; reviews the scope of, and compliance with, the Company's internal controls; and recommends to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K.

The Company's securities are listed on the New York Stock Exchange,

Edgar Filing: WORLD FUEL SERVICES CORP - Form DEF 14A

Inc. ("NYSE") and are subject to its listing standards. The Board of Directors has determined that each Audit Committee member is "independent" as defined in Sections 303.01(B)(2)(a) and (3) of the NYSE listing standards.

Report of the Audit Committee

The Audit Committee has reviewed and discussed with management and with the independent auditors the audited consolidated financial statements for the fiscal year ended March 31, 2002. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees. Additionally, the Audit Committee (i) has received from the independent auditors the written disclosures required by Independence Standards Board No. 1, Independence Discussions with Audit Committees, (ii) has considered whether the provision of tax and accounting research and other non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence, and (iii) has discussed with the independent auditors their independence from the Company and its management.

In reliance on the foregoing reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements referred to above be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2002, for filing with the Securities and Exchange Commission ("SEC").

John R. Benbow, Chairman

The Compensation Committee is responsible for establishing and administering the Company's executive compensation programs. The Committee annually reviews the total compensation for the Company's two most senior executives and makes recommendations to the Board of Directors, which has final approval for their compensation. The Committee also reviews senior management's recommendations regarding the compensation of other executives of the

6

Company and its subsidiaries. The Compensation Committee's report on executive compensation is set forth in the "Compensation of Officers" section of this Proxy Statement.

Compensation of Directors

Directors who are not Company employees are generally members of at least one Committee of the Board of Directors and, with the exception of the Chairman of the Audit Committee and Compensation Committee, receive a monthly fee of \$2,500. The Chairman of the Audit and Compensation Committees receives a monthly fee of \$3,125. During the fiscal year ended March 31, 2002, the Chairman of the Audit and Compensation Committees and Myles Klein also received \$9,100 each for additional services performed by them in assisting the Board of Directors, over and above their normal duties, in matters relating to corporate governance and in the increased responsibilities of serving on both the Audit and Compensation Committees. Luis R. Tinoco, a non-employee Director of the Company, received an additional monthly fee of \$4,000 for serving as sole

Edgar Filing: WORLD FUEL SERVICES CORP - Form DEF 14A

director of two of the Company's subsidiaries, Trans-Tec International S.R.L. and World Fuel International S.R.L. Directors of the Company who are employed by the Company do not receive additional compensation for serving as Directors.

Pursuant to the 1993 Non-Employee Directors Stock Option Plan (the "1993 Plan"), each Director who is not employed by the Company receives annual stock options to purchase Common Stock in the Company pursuant to the following formula. Each non-employee Director will receive a non-qualified option to purchase 5,000 shares when such person is first elected to the Board of Directors and will receive a non-qualified option to purchase 5,000 shares each year that the individual is re-elected.

All options granted under the 1993 Plan fully vest and are exercisable twelve months after the date of grant. Under the 1993 Plan, each grant of options to a non-employee Director remains exercisable for a term of five years from the grant date so long as such non-employee Director remains a member of the Board of Directors. The exercise price for options granted under the 1993 Plan may not be less than the fair market value of the Common Stock, which is defined as the closing price for the Common Stock at the end of the day preceding the grant. The exercise price must be paid in cash or in Common Stock.

As of March 31, 2002, options to purchase 60,000 shares of the Company's Common Stock remain outstanding under the 1993 Plan and 41,250 shares are available for future grant. The exercise prices of the options granted and outstanding under the 1993 Plan range from \$7.00 to \$14.88 per share. The outstanding options at March 31, 2002 expire between August 2002 and August 2006.

On August 24, 2001, the five non-employee Directors who were Directors during the fiscal year ended March 31, 2002 (i.e., Messrs. Benbow, Feuerring, Klein, Sidel and Tinoco) received options to purchase 5,000 shares at an exercise price of \$12.97 per share. During the fiscal year ended March 31, 2002, the non-employee Directors as a group exercised options to purchase an aggregate of 27,500 shares of Common Stock at exercise prices ranging from \$7.00 per share to \$14.88 per share.

7

The following table sets forth information regarding stock options held by the non-employee Directors under the 1993 Plan as of March 31, 2002:

Non-Employee Directors Stock Option Plan

Name	Number of Shares Underlying Unexercised Options at Fiscal Year-End		Value of Unex In-the-Money at Fiscal Yea

(1) Based on a fair market value of \$19.60 per share for the Common Stock, as determined by using the closing price on the NYSE on March 28, 2002. Value is calculated by multiplying (a) the difference between \$19.60 and the option exercise price, by (b) the number of shares of Common Stock underlying the option.

To further promote Director stock ownership, the Board of Directors has adopted a plan pursuant to which the Company issues to each of the five non-employee Directors 500 shares of Common Stock (the "Stock Grant") each year, upon his re-election to the Board of Directors, at no cost to the Director. All of these shares vest immediately. The Stock Grants are in addition to, and not in lieu of, options granted under the 1993 Plan. The Stock Grants for 2002 will be made immediately after the Annual Meeting.

During the fiscal year ended March 31, 2002, the Company did not provide the Directors with any other compensation in connection with their participation on the Board of Directors or Board Committees or with respect to special assignments.

The following table sets forth, as of July 16, 2002, the number of shares of Common Stock of the Company owned beneficially by each nominee for Director of the Company, the five most highly compensated executive officers of the Company during the fiscal year ended March 31, 2002, and all nominees and executive officers of the Company as a group. - (7) Effective July 1, 2002, Mr. Bradley resigned as Chief Executive Officer of the Aviation Fuel Services Segment, and advised the Company that he did not wish to be nominated to serve another term on the Company's Board of Directors. See "Certain Employment Agreements" below.

Stock Option Information

In 2001, the Company adopted a new incentive plan (the "2001 Omnibus

Edgar Filing: WORLD FUEL SERVICES CORP - Form DEF 14A

Plan"), under the terms of which options to purchase Common Stock of the Company are awarded to employees of the Company. The 2001 Omnibus Plan allows the Company to remain competitive in the market for executive talent, in both hiring and retention, and increases the proportion of total compensation paid in Common Stock, by authorizing the grant of more options, which only have a five-year term (the term of options granted under the 1996 Plan was ten years). The 2001 Omnibus Plan also allows the Committee to use a broader range of stock incentives, such as stock appreciation rights, performance share awards and restricted stock, as well as non-stock performance awards. In addition to options issued pursuant to the 2001 Omnibus Plan, the Company has stock options outstanding pursuant to the 1996 Employee Stock Option Plan (the "1996 Plan") and the 1986 Employee Stock Option Plan, which expired in January 1996, and non-qualified stock options granted prior to the adoption of the 1996 Plan.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

Phillip S. Bradley was the only named executive officer who exercised any stock options during the fiscal year ended March 31, 2002. On December 4, 2001, Mr. Bradley exercised options to purchase 25,000 shares of the Company's Common Stock at an exercise price of \$11.63 per share. None of the other named executive officers exercised any stock options during the fiscal year ended March 31, 2002.

15

The table below sets forth certain information pertaining to stock options exercised and held by the named executive officers as of March 31, 2002:

Name	Shares Acquired On Exercise	Value Realized	Number of Shares Underlying Unexercised Options at Fiscal Year-End		Value at Exercise

Value is calculated by multiplying (a) the difference between \$19.60 and the option exercise price, by (b) the number of shares of Common Stock underlying the option.

(2) Based on a fair market value of \$16.01 per share for the Common Stock, as determined by using the closing price on the NYSE on December 4, 2001. Value is calculated by multiplying (a) the difference between \$16.01 and the option exercise price, by (b) the number of shares of Common Stock underlying the option.

Certain Employment Agreements

Two of the named executive officers, Paul Stebbins and Michael Kasbar, are employed pursuant to contracts that expire March 31, 2005. These contracts contain substantially similar terms, and provide for: (a) a base salary of \$500,000 for Mr. Stebbins and \$437,500 for Mr. Kasbar, during the most recent fiscal year; and (b) an annual bonus payable upon achievement of performance goals, that are based on basic earnings per share growth from the preceding fiscal year. The bonus cannot exceed a maximum of 150% of base salary, which amount would be payable if the target goal is exceeded by 20% or more. In addition, the bonus cannot exceed \$1,500,000 per year. Performance targets are

Edgar Filing: WORLD FUEL SERVICES CORP - Form DEF 14A

set by the Compensation Committee each year, pursuant to an Annual Incentive Plan adopted by the Board of Directors effective April 1, 2002 (the "Annual Incentive Plan"). See "Compensation Committee Report on Executive Compensation," below.

Pursuant to their employment agreements, Messrs. Stebbins and Kasbar each is entitled to receive a cash severance payment if: (a) the Company terminates the executive for any reason other than death, disability or cause; (b) the executive resigns for good reason (generally a reduction in his responsibilities or compensation, or a breach by the Company), or resigns for any reason following a change of control of the Company; or (c) the Company elects not to renew the executive's employment agreement upon expiration, for any reason other than cause. The severance payment is

16

equal to two times the executive's average salary and bonus during the three-year period preceding termination; provided, if (i) the termination occurs within three years after a change of control the multiple set forth above will be three instead of two, and (ii) in the case of a non-renewal, as described in item (c) above, the multiple will be one and the severance will be paid in 26 equal installments over a one year period. In addition, the Company has agreed to make a "gross-up" payment to each executive to the extent necessary to cover any excise tax due under Section 4999 of the Internal Revenue Code by reason of the severance payment. Upon any such termination the Company will continue to provide coverage to the executive under its group insurance plans for up to three years, and all of the executive's stock options and stock grants will immediately vest. For purposes of these employment agreements, a "change of control" of the Company is defined as set forth in Section 8(c) of the 2001 Omnibus Plan.

The employment agreements with Messrs. Stebbins and Kasbar prohibit them from competing with the Company for a period of three years following the termination of employment for any reason.

The payment of any portion of the bonus causing the compensation of Messrs. Stebbins or Kasbar to exceed \$1,000,000 during any fiscal year will be deferred and accrue interest at the prime rate, until a fiscal year during the employment term in which the executive earns less than \$1,000,000; provided, however, that in the event of the executive's death, the termination of the executive for any reason, or the expiration of the employment agreement, the deferred portion of any bonus, including any interest earned thereon, shall be paid to the executive within ten days of such death, termination or expiration. As of March 31, 2002, \$12,000 and \$109,375 was deferred under the employment agreements for Mr. Stebbins and Mr. Kasbar, respectively, for the fiscal year ending March 31, 2002.

The Company employed Jerrold Blair, its former Chairman of the Board, pursuant to an employment agreement which was scheduled to expire on March 31, 2005. Mr. Blair's employment agreement is substantially the same as the agreements with Messrs. Stebbins and Kasbar, described above, except that Mr. Blair's required severance payment is equal to three times his average salary and bonus during the five fiscal years preceding any termination of his employment. On July 26, 2002, the Board of Directors elected Paul Stebbins as the Company's Chairman of the Board, and agreed to employ Mr. Blair as an advisor to the new Chairman of the Board for a term of two years. During this two-year period, Mr. Blair will receive a salary of \$100,000 per year, and he will not be an officer or director of the Company. Pursuant to the terms of Mr. Blair's employment agreement, the change in Mr. Blair's compensation and responsibilities entitles him to receive the severance payment described above,

Edgar Filing: WORLD FUEL SERVICES CORP - Form DEF 14A

plus all deferred compensation. The amount of the severance payment is \$3,644,446, and Mr. Blair's deferred compensation totaled \$1,649,672 as of July 31, 2002. These amounts will be paid in the first half of August 2002.

Effective July 1, 2002, Phillip S. Bradley resigned as Chief Executive Officer of the Aviation Fuel Services Segment, and signed a new employment agreement under the terms of which he will be employed as a special advisor to the Company for a period of four years. Pursuant to the new agreement, Mr. Bradley received a one-time bonus of \$600,000, and will be paid a salary of

17

\$350,000 per year. Mr. Bradley also received a loan of \$150,000 from the Company, bearing interest at 6% per year, to be repaid in a single installment on July 1, 2006. The Company agreed to forgive this loan at the end of the four year term if Mr. Bradley remains employed by the Company for the full term of his new employment agreement. The new employment agreement prohibits Mr. Bradley from competing with the Company's aviation fuel business for a period of two years following the termination of his employment agreement. Following the execution of his new employment agreement, Mr. Bradley advised the Company that he did not wish to be nominated to serve another term on the Company's Board of Directors.

Michael Clementi, President of the Aviation Fuel Services Segment, is employed pursuant to an employment agreement effective July 1, 2002, which expires on March 31, 2007. Mr. Clementi's employment agreement provides him with an annual base salary of \$425,000. In addition, pursuant to the Company's Annual Incentive Plan, Mr. Clementi is eligible to receive an annual bonus, calculated as a percentage of base salary, if certain performance goals set by the Compensation Committee are achieved. Upon execution of his employment agreement, Mr. Clementi received a grant of 10,000 restricted shares of Common Stock, 5,000 of which vest in July 2006 and the balance vest in March 2007. The employment agreement prohibits Mr. Clementi from competing in the Company's business for a period of one year following the termination of his employment with the Company.

Compensation Committee Report on Executive Compensation

General. The Compensation Committee is responsible for establishing and administering the Company's executive compensation programs, with the objective of making such compensation reasonable relative to the shareholder value created. The Committee annually reviews the total compensation for the Company's two most senior executives and makes recommendations to the Board of Directors, which has final approval for their compensation. The Committee also reviews senior management's recommendations regarding the compensation of other executives of the Company and its subsidiaries.

In its review of executive compensation the Committee considers a number of factors, including: (1) the executive's individual performance and the performance of the business unit for which the executive is responsible; (2) the Company's operating performance and the achievement of its strategic objectives; (3) business conditions in general and in the Company's lines of business during the year; (4) the Company's performance during the year in light of such conditions; and (5) market compensation for executives of similar background and experience.

18

In evaluating compensation levels the Committee has found few other

Edgar Filing: WORLD FUEL SERVICES CORP - Form DEF 14A

public companies with which close comparisons to the Company can be made, and therefore does not rely solely on surveys to set compensation. However, the Committee does review pay levels at several other publicly held companies which are of a comparable size in terms of assets, number of employees and market capitalization. The Committee also sought advice from an independent international compensation consulting firm, which the Committee has engaged to assist it in reviewing and refining various Company compensation plans.

Compensation Components. Executive compensation consists primarily of base salary, performance-based annual bonus and periodic grants of stock options and restricted stock. Base salaries are designed to be competitive in relation to industry standards and corporations of comparable size and complexity. All of the named executive officers and certain other executives are compensated under employment contracts with different levels of base salary. Employment agreements generally extend for two to five years.

With the assistance of our independent compensation consultants, the Committee has developed and approved a new Annual Incentive Plan, effective April 1, 2002, to replace the several different bonus arrangements used in the past for senior executives. All of the named executive officers and certain other executives, will be eligible to earn bonuses if performance goals, established at the beginning of each fiscal year, are achieved. The principal measure of performance is increased earnings per share, but the Committee may use other measures. The Committee also retains discretion to adjust results each year to account for extraordinary items or events, to consider the effect of bonus payments on return on equity, and to take any other actions necessary to preserve the incentive features of the plan and maintain its market-competitiveness.

Under the Annual Incentive Plan, target award levels are established for each participant, expressed as a percentage of base salary. Target awards range from 75% of base salary for the Chief Executive Officer to 35% of base salary for more junior executives. Payouts may range from one-half of the target award if at least 80% of the annual goal is achieved, to two times the target award if results exceed the goal by 20% or more. For example, in the case of the Chief Executive Officer, if the goal is exceeded by 20% or more, his bonus would be equal to two times his target award of 75% of base salary, or a total bonus equal to 150% of his base salary. The performance goals are based on growth in earnings per share after deduction of bonuses and taxes.

Stock options are awarded to executives as an element of long-term compensation, with the objective of encouraging the executives to become substantial shareholders. Options limit the amount of cash compensation expense for the Company and yield a profit to the executive only when other shareholders benefit. Options are awarded at market price, or higher at the discretion of the Committee, thus providing the optionee with an incentive to create value for the Company's shareholders, as reflected in stock price appreciation. Option grants to executive officers are dependent upon many factors, including the individual's prior and expected performance, its effect upon the Company, the level of position and responsibility, and potential for promotion. In order for an executive to exercise an option, he must remain in the employ of the Company at the time the options vest, which is usually one to three years after the option is awarded. During the 2002 fiscal

year, options were granted to the following named executive officers: Michael Kasbar received options to purchase 55,000 shares and Michael Clementi received options to purchase 25,000 shares. See "Option Grants During Last Fiscal Year" above. None of the other named executive officers were granted options.

Edgar Filing: WORLD FUEL SERVICES CORP - Form DEF 14A

Restricted stock grants are awarded to executives as an element of performance-based compensation. In general, restricted stock is a grant of stock that is subject to forfeiture if specified vesting requirements are not satisfied. Typically, the vesting requirements will relate to the continued employment of the recipient. Vesting of the restricted stock or restricted stock units may occur over a period of one to four years and may be based on achievement of performance targets for one or more years. Accelerated vesting may occur upon a change in control of the Company, death, disability, or involuntary termination of employment. During the 2002 fiscal year, Michael Kasbar received 25,000 restricted shares of Common Stock. None of the other named executive officers were granted restricted shares.

The Committee has established stock ownership guidelines for all executives that participate in the Annual Incentive Plan, based on multiples of base salary. Pursuant to these guidelines, the Chief Executive Officer and the Chief Operating Officer are expected to own Common Stock having a value of at least three times their base salary. Other participants are expected to own Common Stock having a value that is at least equal to their base salary. The Committee also established guidelines for non-employee directors to maintain ownership of Common Stock having a value at least equal to the director's annual cash retainer.

Chief Executive Officer Compensation. Jerrold Blair, the Company's former Chairman of the Board, was Chief Executive Officer during the fiscal year ended March 31, 2002. Mr. Blair's compensation was changed at the time of his promotion to Chairman of the Board in July 2000. His salary was increased to \$600,000 from \$262,000, the amount he had received annually since 1993 under a long-term employment agreement, and his bonus was changed to a formula based on increases in earnings per share above 10%, in lieu of a formula based on pre-tax earnings above a threshold amount.

For the last year Mr. Blair's salary was not changed but he earned a bonus equal to 100% of his base salary as a result of a 66% increase in the Company's basic earnings per share. In view of the large option grants made in the 2001 fiscal year due to his promotion in 2000, no awards were made this year.

Stock Performance Graph

In accordance with Securities and Exchange Commission regulations, the following graph compares the cumulative total shareholder return to the Company's shareholders, during the five-year period ended March 31, 2002, to the Russell 2000 Index and the Standard & Poor's Energy Index. One of the indices used in last year's Proxy Statement, the Standard & Poor's Transportation Index, is no longer published. Accordingly, the Company has replaced that index with the Standard & Poor's Energy Index. The graph assumes an initial investment of

COMPANY'S RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors, upon recommendation of its Audit Committee, has engaged PricewaterhouseCoopers LLP ("PricewaterhouseCoopers") to act as the Company's independent public accountants, effective March 25, 2002. Arthur Andersen LLP ("Arthur Andersen") had been the Company's independent public accountants prior to March 25, 2002. On March 26, 2002, the Company filed a Current Report on Form 8-K, reflecting this change in its independent public accountants. Representatives of PricewaterhouseCoopers are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they desire, and will be available to respond to questions. We do not expect that representatives of Arthur Andersen will attend the meeting.

During the fiscal year ended March 31, 2002, Arthur Andersen billed the Company approximately \$150,000 for audit services and \$1,000,401 for other professional services. Arthur Andersen's audit services fees relate to the fiscal year ended March 31, 2001 and the three quarterly reviews during the fiscal year ended March 31, 2002.

During the fiscal year ended March 31, 2002, PricewaterhouseCoopers did not bill the Company any amount for audit services and billed \$2,361 for other

Edgar Filing: WORLD FUEL SERVICES CORP - Form DEF 14A

professional services. PricewaterhouseCoopers will bill the Company during the 2003 fiscal year for audit services provided in connection with the audit of the Company's financial statements for the fiscal year ended March 31, 2002.

The audit report of PricewaterhouseCoopers on the consolidated financial statements of the Company as of and for the fiscal year ended March 31, 2002 did not contain any adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles.

The audit reports of Arthur Andersen on the consolidated financial statements of the Company as of and for the fiscal years ended March 31, 2000 and 2001 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal year ended March 31, 2002, there were no disagreements between the Company and PricewaterhouseCoopers on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to PricewaterhouseCoopers' satisfaction, would have caused PricewaterhouseCoopers to make reference to the subject matter of the disagreement in connection with its reports.
