[ ], 2006

To the Stockholders of Engelhard Corporation:

As you know, on January 9, 2006, BASF Aktiengesellschaft ("BASF") and its indirect wholly-owned subsidiary Iron Acquisition Corporation, a Delaware corporation ("IAC"), commenced a tender offer (the "Offer") to purchase all the issued and outstanding shares of common stock, par value \$1.00 per share (the "Common Stock"), of Engelhard Corporation, a Delaware corporation (the "Company"), and the associated Series A Junior Participating Preferred Stock purchase rights (the "Rights," and together with the Common Stock, the "Shares"), for \$37.00 per Share, net to the seller in cash (subject to applicable withholding taxes), without interest, upon the terms and subject to the conditions set forth in the offer to purchase, dated January 9, 2006 (together with any amendments or supplements thereto, the "Offer to Purchase") and in the related letter of transmittal (which, together with the Offer to Purchase, collectively constitute the "Offer").

The purpose of the Offer is for us to acquire control of, and the entire equity interest in, the Company. We currently intend, as soon as practicable following consummation of the Offer, to seek to have the Company consummate a merger or other similar business combination with IAC or another direct or indirect subsidiary of BASF (the "Merger").

We are sending you the enclosed proxy statement and the accompanying WHITE proxy card because we are soliciting proxies from the Company's stockholders to be used at the 2006 annual meeting of stockholders of the Company (along with any adjournments, postponements or continuations thereof, the "Annual Meeting"). The bylaws of the Company (most recently filed by the Company as Exhibit 3(a) to the Form 10-Q filed with the Securities and Exchange Commission on May 7, 2004) require the Annual Meeting to be held on May 4, 2006, the first Thursday in May. This proxy statement and the accompanying WHITE proxy card are first being furnished to stockholders on or about [ ], 2006. At the Annual Meeting two Class I directors of the Company will be elected.

We are seeking your support for the election of two persons that we have nominated to the Company's Board of Directors (the "Board"). On January 27, 2006, in accordance with the Company's deadline for director nominations by stockholders of the Company, we nominated Julian A. Brodsky and John C. Linehan to stand for election at the Annual Meeting to replace the current Class I directors whose terms expire at such meeting.

Prior to the commencement of the Offer, we made efforts to negotiate a transaction with the Board, and we indicated to the Company that we were prepared to meet with the Company to see whether the Company could demonstrate value in addition to that discernible from the publicly available information that might enable us to increase the price that we proposed to pay by as much as \$1.00 per Share. Those efforts were rebuffed, and on January 9, 2006, we commenced the Offer. On January 23, 2006, the Board of Directors of the Company rejected the Offer and recommended that its stockholders not tender their Shares in the Offer. The Company also announced that the Board had authorized the exploration of strategic alternatives to maximize stockholder value and committed itself to do so expeditiously.

We are pleased that the Board has determined that the exploration of strategic alternatives, which may include the sale of the Company, is in the best interests of its stockholders, and we hope that the Board lives up to its commitment to do so expeditiously. Electing our nominees gives you, the owners of the Company, a mechanism to replace two of the current members of the Board if you believe the Board has failed to live up to its commitment. We believe election of our nominees will send a clear message to the current members of the Board that stockholders holding a majority of the outstanding Shares support the removal of any obstacles to, and the prompt consummation of, the Offer. In addition, if the Board does not live up to its commitment or if we conclude that the exploration of strategic alternatives is not being conducted in the best interests of the Company's stockholders, we currently intend to solicit written consents of the Company's stockholders to (i) amend the Company's bylaws to expand the size of the Board and provide that any newly created vacancies on the Board shall be filled by the stockholders of the Company and (ii) fill the newly created vacancies on the Board with individuals selected by us (the "Consent Nominees"). If the consent solicitation is successful and our nominees are elected at the Annual Meeting, the current members of the Board would no longer constitute a majority of the Board.

## Edgar Filing: ENGELHARD CORP - Form PRN14A

We continue to believe that the Offer provides the Company's stockholders with an opportunity to realize a significant and timely return that, in the absence of our Offer, the Company has otherwise been unable to achieve for its stockholders, either on a stand-alone basis or in connection with an alternative transaction. Prior to our Offer, the Shares never traded above \$33 per Share in the history of the Company. In the absence of our Offer, we have yet to see any information publicly disclosed by the Company, either before or after the announcement of our Offer, that we believe could account for a Share price increase of the magnitude that followed the announcement of our Offer. The information recently disseminated by the Company in connection with the release of its 2005 earnings is not inconsistent with information that the Company's management has presented in the past and was fully reflected in our Offer price, despite Company statements to the contrary. The Company's Chairman and Chief Executive Officer Mr. Perry acknowledged as much when he stated in a recent analyst call that "We continue to be on track with the plan we have been communicating for six quarters." That plan, as Mr. Perry clearly indicated, had been in the marketplace long before the public announcement of our Offer, but at that time the Shares were trading at around \$30 per Share. We do note, however, that a number of the Company's assumptions are significantly more aggressive than those of independent equity research analysts that regularly report on the Company, particularly with respect to increases in the Company's sales growth, revenue from environmental technology and the Company's market share.

We believe that any increases in the Share price in excess of our Offer have been fueled by the speculation that a bidding war, along the lines of those in other recent highly publicized transactions, could erupt and not as a result of additional value being delivered to the Company's stockholders by its management or the Board. This speculation has been fueled in part by the Company's statements about the levels of interest of unnamed parties. However, when specifically asked during the Company's February 2, 2006 conference call whether the Company had received any inquiries that would provide the Company's stockholders with greater value than that being offered by us, Mr. Perry definitively responded, "No, I have been very clear that we have not" and indicated that if such a bid had been received, it would have been disclosed. Since his comment, no such bid has been disclosed.

We reaffirm our belief that our \$37 all cash offer, as outlined in the Offer to Purchase, represents a full price for the Shares and provides compelling value for you as the Company's stockholders. Despite our indication that we would be willing to increase our price by as much as \$1 per Share, the Company has yet to make available any new information, either publicly or privately, that supports such an increase.

Our strategy for growth is long-term oriented and does not depend upon any single acquisition. In accordance with that approach, we carefully evaluated the publicly available information relating to the Company and believe that the Company will be an excellent strategic fit for BASF at a price that can be supported by an appropriate valuation. Our valuation is driven by the Company's growth potential, not the opportunity to achieve synergies. The Company has pointed to an analysis of certain precedent transactions completed since 1998 with total realized or expected annual pretax cost savings averaging 10.7% of target sales as an indication of the measure of the synergies that should be expected from our proposed transaction. We believe this analysis is misleading and overstates possible synergies. The transactions selected by the Company had significant operational overlaps unlike our proposed transaction. In addition, the Company's analysis is expressed as a percentage of total sales, which we believe is overly simplistic and does not properly take into account the nature of the Company's business. In evaluating potential synergies, we, unlike the Company, took into account the fact that the Company's materials services business, which accounted for approximately \$2.1 billion, or 45.6% of the Company's 2005 revenues, and consists of 84 employees globally, does not offer the potential for meaningful cost savings. In addition, it would be unreasonable to assume that we would be able to achieve further significant operational savings in addition to those already achieved by the Company's own cost-cutting initiatives. We expect that available synergies will be significantly less than the levels suggested by the Company and more consistent with transactions in which there are no significant operational overlaps, as is the case with our proposed transaction. Without access to additional information from the Company, we are unable to determine whether even our assumptions of available synergies are overly optimistic.

The Offer represents a significant premium to the trading levels prior to the public announcement of the Offer, and is higher than even the Company's all-time high Share trading price prior to the Offer. Moreover, our price also reflects our forecast for the Company's fourth-quarter and 2005 results that the Company confirmed in its announcement on February 2, 2006, and our expectation that the Company's financial performance will continue to be strong in the future. While we were encouraged by the growth in the Company's Process Technologies sector, we were disappointed by the Company's inability to stem the continuing deterioration of operating margins experienced by both the Appearance & Performance Technologies and the Environmental Technologies segments. While sales in the Environmental Technologies segment were 25.5% higher in the fourth quarter of 2005 than in the fourth quarter of the previous year, the increase was primarily due to higher substrate costs which are passed through to customers. Operating income for that segment was 4.3% lower than in the fourth quarter of 2004, with the result that operating margins fell from 15.8% in the fourth quarter of 2004 to 12.0% in the fourth quarter of 2005. The Appearance and Performance Technologies segment also reported a decline in operating profit (3.2%), the third consecutive

## Edgar Filing: ENGELHARD CORP - Form PRN14A

quarterly decline in 2005. While the Appearance and Performance Technologies segment revenue for the fourth quarter of 2005 was 6.5% higher than in the fourth quarter of the previous year, operating margins fell from 6.2% in the fourth quarter of 2004 to 5.7% in the fourth quarter of 2005.

Despite the fact that the Offer represents a compelling premium for the Company's stockholders, a number of obstacles to consummation of the Offer presently exist. We believe that the Company's stockholders, the true owners of the Company, are entitled to make a decision about whether or not to accept the Offer without the burden of conditions that remain unsatisfied and are outside our control and the control of the Company's stockholders. Our Offer is subject to certain conditions that will not be satisfied unless the Board takes action to (i) redeem the Rights (or amend the Rights Agreement to make the Rights inapplicable to the Offer and the Merger) and (ii) ensure that the Offer and the Merger are not subject to the supermajority voting provisions of Article Seventh of the Company's Restated Certificate of Incorporation. We believe that, if elected, our nominees would, subject to fulfillment of the fiduciary duties that they would have as directors of the Company, consider taking action to satisfy these conditions so that the success of our Offer is in the hands of the Company's stockholders.

Tell the Board what you think! You can take immediate steps to help obtain the maximum value for your Shares by voting to elect our nominees to replace two current members of the Board. Your vote is important, no matter how many or how few Shares you own.

THE NOMINEES ARE COMMITTED TO MAXIMIZING STOCKHOLDER VALUE. YOUR VOICE IN THE FUTURE OF THE COMPANY CAN BE EXPRESSED BY ELECTING DIRECTORS THAT WILL ALLOW STOCKHOLDERS, NOT THE BOARD, TO DETERMINE THE OUTCOME OF THE OFFER! WE URGE YOU TO VOTE YOUR WHITE PROXY CARD FOR JULIAN A. BRODSKY AND JOHN C. LINEHAN.

IF YOUR SHARES ARE HELD IN THE NAME OF A BROKERAGE FIRM, BANK, BANK NOMINEE OR OTHER INSTITUTION ON THE RECORD DATE, ONLY IT CAN VOTE SUCH SHARES AND ONLY UPON RECEIPT OF YOUR SPECIFIC INSTRUCTIONS. ACCORDINGLY, PLEASE CONTACT THE PERSON RESPONSIBLE FOR YOUR ACCOUNT AND INSTRUCT THAT PERSON TO EXECUTE ON YOUR BEHALF THE WHITE PROXY CARD AS SOON AS POSSIBLE.

**PROXY STATEMENT  
OF  
IRON ACQUISITION CORPORATION  
an indirect wholly owned subsidiary of  
BASF AKTIENGESELLSCHAFT**

This proxy statement and the accompanying WHITE proxy card are being furnished by BASF Aktiengesellschaft, a stock corporation organized under the laws of the Federal Republic of Germany ("BASF"), and its indirect wholly-owned subsidiary Iron Acquisition Corporation, a Delaware corporation ("IAC"), in connection with the solicitation of proxies from you, the holders of common stock, par value \$1.00 per share (the "Common Stock"), of Engelhard Corporation, a Delaware corporation (the "Company"). IAC intends to vote such proxies for the election of Julian A. Brodsky and John C. Linehan (each, a "Nominee" and, collectively, the "Nominees") at the 2006 annual meeting of the Company's stockholders (along with any adjournments, postponements or continuations thereof, the "Annual Meeting") to replace the current Class I directors of the Company whose terms expire at the Annual Meeting.

At the Annual Meeting, IAC will seek to elect the Nominees to the Board of Directors of the Company (the "Board"), in order to expedite the prompt consummation of our offer to acquire the Company, which is described below. Each of the Nominees has consented, if elected, to serve as a director of the Company and to be named in this proxy statement and in other soliciting materials as a Nominee.

The bylaws of the Company (most recently filed by the Company as Exhibit 3(a) to the Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission (the "Commission") on May 7, 2004) require the Annual Meeting to be held on May 4, 2006, the first Thursday in May. The Company has set [ ], 2006 as the record date (the "Record Date") for determining stockholders entitled to vote at the Annual Meeting. The Company has not yet selected the time or the location of the Annual Meeting.

This proxy statement and the accompanying WHITE proxy card are first being sent or given on or about [ ], 2006 to all holders of record of Common Stock on the Record Date. On that date, IAC beneficially owned 100 shares of Common Stock, or less than one percent of the outstanding Common Stock.

**THIS SOLICITATION IS BEING MADE BY BASF AND IAC, AND NOT ON BEHALF OF THE BOARD OF DIRECTORS OF THE COMPANY.**

On January 9, 2006, BASF through IAC commenced a fully funded all-cash tender offer to purchase all the issued and outstanding shares of Common Stock and the associated Series A Junior Participating Preferred Stock purchase rights (the "Rights," and together with the Common Stock, the "Shares") issued pursuant to the Rights Agreement, dated as of October 1, 1998, between the Company and ChaseMellon Shareholder Services, L.L.C., as Rights Agent (the "Rights Agreement"), for \$37.00 per Share, net to the seller in cash (subject to applicable withholding taxes), without interest, upon the terms and conditions set forth in our offer to purchase, dated January 9, 2006 (together with any amendments or supplements thereto, the "Offer to Purchase") and in the related letter of transmittal (which, together with the Offer to Purchase, collectively constitute the "Offer"). The purpose of the Offer is to enable BASF to acquire control of, and the entire equity interest in, the Company. We currently intend, as soon as practicable following consummation of the Offer, to seek to have the Company consummate a merger or other similar business combination with IAC or another direct or indirect subsidiary of BASF (the "Merger"). There are currently a number of obstacles to the consummation of the Offer that only the Board can remove. This proxy solicitation is one of the measures that IAC and BASF are taking to remove those obstacles and allow the Company's stockholders to determine for themselves whether to accept the Offer.

In addition to this proxy solicitation, if, in our opinion, the Board does not live up to its commitment to expeditiously explore strategic alternatives or if we conclude that the exploration of strategic alternatives is not being conducted in the best interests of the Company's stockholders, we currently intend to solicit written consents of the Company's stockholders to (i) amend the Company's Bylaws to expand the size of the Board and provide that any newly created vacancies on the Board shall be filled by the stockholders of the Company and (ii) fill the newly created vacancies on the Board with individuals selected by Parent (the "Consent Nominees"). If the consent solicitation is successful and all the Consent Nominees are elected to fill the newly created vacancies, six of twelve members of the Board would be nominees of IAC and BASF. If the Nominees are also elected at the Annual Meeting (and two Consent Nominees are re-elected) nominees of BASF and IAC

## Edgar Filing: ENGELHARD CORP - Form PRN14A

would constitute a majority of the Board and would be in a position to remove the obstacles to the consummation of the Offer. As a result, the election of the Nominees at the Annual Meeting is an important step to towards the prompt consummation of the Offer.

For a complete description of the terms of the Offer, including, without limitation, the conditions of the Offer, the Company's stockholders are referred to the Offer to Purchase. Complete information about the Offer is contained in the Offer to Purchase, which is available on request from Innisfree M&A Incorporated, the Information Agent for the Offer, at (877) 750-5837 (toll free from the U.S. and Canada) or 00-800-7710-9971 (toll free from Europe), at no charge, and in our tender offer statement on Schedule TO, which was filed with the Commission on January 9, 2006, and is available, along with any amendments thereto, including exhibits, on the Commission's website at <http://www.sec.gov>.

THIS PROXY STATEMENT IS NEITHER A REQUEST FOR THE TENDER OF SHARES NOR AN OFFER WITH RESPECT THERETO. WE ARE MAKING THE OFFER ONLY BY MEANS OF THE OFFER TO PURCHASE AND THE RELATED LETTER OF TRANSMITTAL.

WE BELIEVE THAT THE COMPANY'S STOCKHOLDERS THE OWNERS OF THE COMPANY ARE ENTITLED TO DECIDE FOR THEMSELVES WHETHER OR NOT TO ACCEPT THE OFFER. THE ELECTION OF THE NOMINEES TO THE BOARD IS AN IMPORTANT STEP TOWARD PROMPT CONSUMMATION OF THE OFFER. ACCORDINGLY, WE URGE YOU TO PROMPTLY SIGN, DATE AND RETURN THE ENCLOSED WHITE PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED.

AS WE EXPLAIN LATER IN THIS PROXY STATEMENT, BY TAKING THESE STEPS, YOU WILL GIVE THE BOARD A CLEAR MESSAGE THAT THEY SHOULD TAKE ALL NECESSARY STEPS TO ALLOW YOU TO HAVE THE OPPORTUNITY TO RECEIVE THE CONSIDERATION TO BE RECEIVED BY THE COMPANY'S STOCKHOLDERS IN THE OFFER.

YOU MUST SEPARATELY TENDER YOUR SHARES PURSUANT TO THE OFFER IF YOU WISH TO PARTICIPATE IN THE OFFER. EXECUTING A PROXY DOES NOT OBLIGATE YOU TO TENDER YOUR SHARES PURSUANT TO THE OFFER, AND YOUR FAILURE TO EXECUTE A PROXY DOES NOT PREVENT YOU FROM TENDERING YOUR SHARES PURSUANT TO THE OFFER.

BASF and IAC have retained Innisfree M&A Incorporated to assist in the solicitation of proxies for the election of the Nominees.

If your Shares are registered in your own name, please sign, date and return the enclosed WHITE proxy card to Innisfree in the postage-paid envelope provided. If your Shares are held in the name of a broker, dealer, commercial bank, trust company or other nominee, only it can execute a WHITE proxy card with respect to your Shares and only upon receipt of your specific instructions. Accordingly, it is critical that you promptly contact the person responsible for your account and give instructions to promptly mark, sign, date and return the enclosed WHITE proxy card in favor of the election of the Nominees. We urge you to confirm in writing your instructions to the person responsible for your account and provide a copy of those instructions to IAC, in care of Innisfree M&A Incorporated, so that we will be aware of all instructions given and can attempt to ensure that those instructions are followed.

## QUESTIONS AND ANSWERS RELATING TO THIS PROXY SOLICITATION

The following are some of the questions you, as a stockholder, may have and the answers to those questions. The following is not a substitute for the information contained in this proxy statement, and the information contained below is qualified in its entirety by the more detailed descriptions and explanations contained elsewhere in this proxy statement. We urge you to read this proxy statement carefully and in its entirety.

### WHO IS MAKING THE SOLICITATION?

Iron Acquisition Corporation and BASF Aktiengesellschaft. IAC is a newly formed Delaware corporation and an indirect wholly owned subsidiary of BASF. IAC has been organized in connection with the Offer and has not carried on any activities other than in connection with the Offer.

BASF is a stock corporation organized under the laws of the Federal Republic of Germany. BASF is a transnational chemical company, and its product range includes high-performance products, including chemicals, plastics, coatings systems, dispersions, agricultural products, fine chemicals as well as crude oil and natural gas. BASF and its 159 consolidated subsidiaries have customers in more than 160 countries and operate production sites in 41 countries.

### WHAT ARE WE ASKING YOU TO VOTE FOR?

We are asking you to replace the Company's incumbent Class I directors by electing our nominees, Julian A. Brodsky and John C. Linehan, at the 2006 annual meeting of the Company's stockholders. Our nominees have indicated that they will act in your best interests in accordance with their fiduciary duties.

### WHY ARE WE SOLICITING YOUR VOTE?

On January 9, 2006, BASF through IAC commenced a fully funded all-cash offer to purchase all the issued and outstanding Shares for \$37.00 per Share. The purpose of the Offer is for BASF to acquire control of, and the entire equity interest in, the Company. Prior to commencement of our tender offer, we made efforts to negotiate a transaction with the Board, and we indicated to the Company that we were prepared to meet with the Company to see whether the Company could demonstrate value in addition to that discernible from the publicly available information that might enable us to increase the price that we proposed to pay for the Company by as much as \$1.00 per Share. Those efforts were rebuffed, and on January 9, 2006, we commenced the Offer. On January 23, 2006, the Board formally recommended that its stockholders not tender their Shares in the Offer. The Company also announced that the Board had authorized the exploration of strategic alternatives to maximize stockholder value and committed itself to do so expeditiously.

We are pleased that the Board has determined that the exploration of strategic alternatives, which may include the sale of the Company, is in the best interests of its stockholders, and we hope that the Board lives up to its commitment to do so expeditiously. Electing our nominees gives you, the owners of the Company, an additional mechanism to monitor this process. If the Board does not live up to its commitment, election of our nominees will send a clear message to the Board that they are not acting in the interests of the Company's stockholders and could expedite removal of any obstacles and the prompt consummation of the Offer.

We continue to believe that the Offer provides the Company's stockholders with an opportunity to realize a significant and timely return that the Company would otherwise be unable to achieve for its stockholders, either on a stand-alone basis or in connection with an alternative transaction. For further information, see "Reasons to Vote For Our Nominees." However, a number of obstacles to consummation of the Offer presently exist. We believe that the Company's stockholders, the true owners of the Company, are entitled to make a decision about whether or not to accept the Offer. We believe that, if elected, our nominees would, subject to fulfillment of the fiduciary duties that they would have as directors of the Company, consider taking action to remove certain obstacles to the stockholders of the Company being able to decide for themselves whether to accept the Offer or otherwise consummate the Offer.

### HOW DOES YOUR VOTE AFFECT OUR TENDER OFFER?

Even if the stockholders elect our nominees to the Board, IAC does not intend to purchase Shares tendered unless the conditions to the Offer are either satisfied or waived. Although our nominees have not given BASF any commitments with respect to the Offer or otherwise, and BASF has not sought any commitments from them, BASF anticipates that our nominees

## Edgar Filing: ENGELHARD CORP - Form PRN14A

would act in the best interests of the Company's stockholders to attempt to cause the Board to meet with BASF to discuss the merits of the Offer and consider taking action to satisfy certain conditions to the Offer.

### WHAT MUST HAPPEN TO COMPLETE OUR TENDER OFFER?

The Offer is subject to the satisfaction or waiver of certain conditions, including:

that there be validly tendered and not withdrawn prior to the expiration of the Offer at least the number of Shares that, when added to the Shares already owned by BASF or any of its subsidiaries, including IAC, shall constitute a majority of the then outstanding Shares on a fully diluted basis;

the expiration or termination of any applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, prior to the expiration of the Offer;

the receipt of any applicable approval under the Council Regulation (EC) No. 139/2004 of 20 January 2004;

that we are satisfied, in our sole discretion, that the Board has redeemed the Rights or the Rights have been invalidated or are otherwise inapplicable to the Offer and the Merger; and

that we are satisfied, in our sole discretion, that the Offer and the Merger have been approved by the Board for purposes of Article Seventh of the Company's Restated Certificate of Incorporation or the provisions of Article Seventh are otherwise inapplicable to the Offer and the Merger.

The Offer to Purchase contains a complete description of all of the conditions to the Offer.

### IF YOU ELECT OUR NOMINEES, ARE YOU AGREEING TO TENDER YOUR SHARES IN THE OFFER?

No. Your vote to elect our nominees does not obligate you to tender your Shares in the Offer.

Although the election of our nominees of the Board is an important step toward prompt consummation of the Offer and the Merger, we are not asking the Company's stockholders to tender their Shares by means of this proxy solicitation or to consent to or vote on the Merger at this time.

### WHO ARE IAC'S DIRECTOR NOMINEES?

We are proposing that Julian A. Brodsky and John C. Linehan be elected as Class I directors of the Company. Our nominees are independent within the meaning of the New York Stock Exchange listing standards and, except as described herein, are not affiliated with BASF, IAC or any other subsidiary of BASF, or with the Company or any subsidiary of the Company. They are highly qualified individuals who will fully discharge the fiduciary obligations they would owe to the Company and its stockholders under Delaware law. The principal occupation and business experience of each Nominee is set forth in this proxy statement under the section entitled "The Nominees", which we urge you to read.

### WHO CAN VOTE AT THE ANNUAL MEETING?

If you owned Shares at the close of business on [ ], 2006, the Record Date, you are entitled to vote for our nominees at the Annual Meeting.

### HOW MANY SHARES MUST BE VOTED IN FAVOR OF OUR NOMINEES TO ELECT THEM?

Assuming a quorum is present at the Annual Meeting, the affirmative vote of a majority of the votes cast at the Annual Meeting is required for the election of directors.

### WHAT SHOULD YOU DO TO VOTE FOR OUR NOMINEES?

Each of the Nominees has consented, if elected, to serve as a director of the Company and to be named in this proxy statement and in other soliciting materials as a Nominee. We do not expect that either of the Nominees will be unable to stand for election or serve as a director, but if any vacancy in the slate of candidates nominated by us occurs for any reason (including if the Company makes or announces any changes to its bylaws or takes or announces any other action that has, or if consummated would have, the effect of disqualifying any or all of the Nominees), the Shares represented by the enclosed WHITE proxy card will be voted for a substitute candidate nominated by IAC in compliance with the rules of the Commission and any other applicable law.

### Compensation of Directors of the Company

We anticipate that each Nominee, upon election, will receive director's fees, consistent with the Company's past practice, for services as a director of the Company. According to the Company's public filings, directors who are not also employees of the Company received an annual retainer of \$50,000 for the fiscal year ended December 31, 2004 and a fee for each Board or committee meeting attended (\$1,500). The chairmen of the audit and compensation committees each received an additional retainer of \$10,000, while the chairmen of each of the other committees of the Board received an additional retainer of \$7,500 for each committee meeting that they chaired. Each non-employee director received an annual retainer of \$5,000 for each committee on which he or she served. In addition, directors who were not also employees were granted \$20,000 worth of deferred stock units. According to the Company's public filings, each person who becomes a non-employee director prior to June 30, 2006 will be awarded 7,593 Shares effective as of such person's election to the Board and each director also receives options to purchase 3,000 Shares with an exercise price equal to the fair market value of such Shares at the date of grant of the options, which become exercisable in four equal installments, commencing on the first anniversary of the date of grant and annually thereafter. We are not aware of any other arrangement pursuant to which any director of the Company was to be compensated for services during the Company's last fiscal year.

Other than as described herein, neither IAC nor BASF is aware of any other arrangements pursuant to which non-employee directors of the Company were to be compensated for services as a director during the Company's last fiscal year.

All information regarding the Company's director compensation and benefits arrangements set forth in this proxy statement is derived solely from the Company's public filings. IAC and BASF have relied upon the accuracy of such information and have not made any independent attempt to verify the accuracy of such information.

### Arrangements between BASF and the Nominees

Each Nominee has received a fee of \$40,000 from BASF for agreeing to stand for election as a director of the Company. BASF has agreed to indemnify each Nominee, to the fullest extent applicable law permits, from and against any and all expenses, judgments, fines, settlements and other amounts arising out of any threatened or filed action, suit or proceeding, whether civil, criminal, administrative or investigative, asserted against or incurred by the Nominee in his capacity as a nominee for election as a director of the Company, or arising out of his status in that capacity. BASF has also agreed to hire, and pay the reasonable out-of-pocket expenses associated with, one independent law firm to represent the Nominees, and to reimburse each Nominee for other reasonable out-of-pocket expenses.

**Additional Information Concerning the Nominees**

The Nominees have also furnished additional information located in Annex I of this proxy statement as required by the Commission.

**PROPOSAL 1: ELECTION OF DIRECTORS**

According to publicly available information, the Board currently consists of six members divided into three classes. Each member of a class of directors holds office until the third succeeding annual meeting after his election and until his successor is elected and qualified or until he shall resign or shall have been removed. Two Class I directors will be elected at the Annual Meeting for terms of three years. According to publicly available information, the terms of office of the two Class I directors, Marion H. Antonini and Henry R. Slack, will expire at the Annual Meeting.

At the Annual Meeting, IAC will propose that the Company's stockholders elect Julian A. Brodsky and John C. Linehan as Class I directors of the Company. Each Nominee, if elected, would hold office until the 2009 annual meeting of the Company's stockholders and until a successor has been duly elected and qualified.

**Each Nominee shall, upon election to the Board, exercise his independent judgment in accordance with his fiduciary duties in all matters that come before the Board.**

The current Board has refused to take certain steps that would allow the Company's stockholders to decide for themselves whether to accept the Offer. Although the Nominees have not given BASF any commitments with respect to the Offer or otherwise, and BASF has not sought any commitments from them, BASF anticipates that the Nominees would attempt to cause the Board to meet with BASF to discuss the merits of the Offer in accordance with their fiduciary duties and would consider taking action to satisfy certain conditions of the Offer, which conditions are fully described in the Offer to Purchase.

WE STRONGLY URGE YOU TO VOTE FOR THE ELECTION OF JULIAN A. BRODSKY AND JOHN C. LINEHAN BY SIGNING, DATING AND RETURNING THE ENCLOSED WHITE PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED TO YOU WITH THIS PROXY STATEMENT. IF YOU HAVE SIGNED THE WHITE PROXY CARD AND NO MARKING IS MADE, YOU WILL BE DEEMED TO HAVE GIVEN A DIRECTION TO VOTE ALL THE SHARES REPRESENTED BY THE WHITE PROXY CARD FOR THE ELECTION OF JULIAN A. BRODSKY AND JOHN C. LINEHAN.

**REASONS TO VOTE FOR OUR NOMINEES**

BASF and IAC urge all stockholders of the Company to vote FOR the election of the Nominees.

**A vote in favor of the Nominees represents a vote in support of the Offer**

By voting to elect the Nominees to replace two current members of the Board, we believe that stockholders of the Company can demonstrate to the other members of the Board their support for the Offer.

The stockholders of the Company themselves should have the right to decide whether to accept the Offer free from any obstacles that must be removed by the Board. The Offer is subject to a number of conditions that will not be satisfied unless the Board takes action to (i) redeem the Rights (or amend the Rights Agreement to make the Rights inapplicable to the Offer and the Merger) and (ii) ensure that the Offer and the Merger are not subject to the supermajority voting provisions of Article Seventh of the Company's Restated Certificate of Incorporation. We believe that, if elected, the Nominees would, subject to fulfillment of the fiduciary duties that they would have as directors of the Company, consider taking action to satisfy these conditions so that the success of the Offer is in the hands of the Company's stockholders, not the Board.

If, in our opinion, the Board does not live up to its commitment to explore strategic alternatives expeditiously or if we conclude that the exploration of strategic alternatives is not being conducted in the best interests of the Company's stockholders, we currently intend to solicit written consents of the Company's stockholders to (i) amend the Company's bylaws to expand the size of the Board and provide that any newly created vacancies on the Board shall be filled by the stockholders of the Company and (ii) fill the newly created vacancies on the Board with individuals selected by us (the "Consent Nominees"). If the consent solicitation is successful and the Nominees are elected at the Annual Meeting, persons

## Edgar Filing: ENGELHARD CORP - Form PRRN14A

selected by BASF would constitute a majority of the Board and, subject to fulfillment of the fiduciary duties that they would have as directors of the Company, would have the ability to remove certain obstacles to the Offer and the Merger requiring Board action.

## Edgar Filing: ENGELHARD CORP - Form PRN14A

Although the Nominees have not given BASF any commitments with respect to the Offer or otherwise, and BASF has not sought any commitments from them, BASF anticipates that the Nominees will cause the Board to meet with BASF to discuss the merits of the Offer in accordance with their fiduciary duties.

### **The Offer is an opportunity for the Company's stockholders to realize a significant and timely return that would otherwise be unavailable**

We continue to believe that the Offer provides the Company's stockholders with an opportunity to realize a significant and timely return that the Company has otherwise been unable to achieve for its stockholders, either on a stand-alone basis or in connection with an alternative transaction.

The Offer price represents a significant premium to the Share price levels prior to the public announcement of the Offer and is higher than even the Company's all-time high Share trading price. The \$37 per Share price to be paid in the Offer represents a 23% premium above the \$30.05 New York Stock Exchange ("NYSE") closing price of the Shares on December 20, 2005 (the day before BASF's first meeting with the Company), a 23% premium above the \$30.15 NYSE closing price of the Shares on December 30, 2005 (the last trading day before BASF announced its intention to make the Offer), a 30% premium above the NYSE 90-day average share price (Volume Weighted Average Price) of \$28.42 as of December 20, 2005 and a 12% premium to the all-time intraday high NYSE Share trading price of \$33.00 on April 11, 2002.

The information recently disseminated by the Company in connection with the release of its 2005 earnings is not inconsistent with information that the Company's management has presented in the past and was fully reflected in both the Offer price, despite Company statements to the contrary. The Company's Chairman and Chief Executive Officer Mr. Perry acknowledged as much when he stated in the Company's February 2, 2006 conference call that "We continue to be on track with the plan we have been communicating for six quarters." That plan, as Mr. Perry clearly indicated, had been in the marketplace long before the public announcement of our Offer, but at that time the Shares were trading at around \$30 per Share.

We believe that any increases in the Share price in excess of the Offer price have been fueled by the speculation that a bidding war, along the lines of those in other recent highly publicized transactions, could erupt. This speculation has been fueled in part by the Company's statements about the levels of interest of unnamed parties. However, when specifically asked during the Company's February 2, 2006 conference call whether the Company had received any inquiries that would provide the Company's stockholders with greater value than that being offered by BASF, Mr. Perry definitively responded, "No, I have been very clear that we have not" and indicated that if such a bid had been received, it would have been disclosed. Since his comment, no such bid has been disclosed.

### **The Offer price is a full price based upon publicly available information**

In formulating the Offer, we took into account all publicly available information regarding the Company, including the plans that the Company has disclosed to the marketplace over at least the past six quarters. Despite our indication that we would be willing to increase our price by as much as \$1 per Share, the Company has yet to make available any new information, either publicly or privately, that supports such an increase.

While the Company has released certain long-range projections, we do note that a number of the Company's assumptions included therein are significantly more aggressive than those of independent equity research analysts and the Company's competitors, particularly with respect to increases in the Company's sales growth, revenue from environmental technology and the Company's market share.

The Offer price also reflects our forecast for the Company's fourth-quarter and 2005 year end results that the Company confirmed in its announcement on February 2, 2006, and our expectation that the Company's financial performance will continue to be strong in the future.

While we were encouraged by the growth in the Company's Process Technologies sector, we were disappointed that the Company was unable to stem the continuing deterioration in operating margins experienced by both the Appearance & Performance Technologies and the Environmental Technologies segments. While sales in the Environmental Technologies segment were 25.5% higher in the fourth quarter of 2005 than in the fourth quarter of the previous year, the increase was primarily due to higher substrate costs which are passed through to customers. Operating income for that segment was 4.3% lower than in the fourth quarter of 2004, with the result that operating margins fell from 15.8% in the fourth quarter of 2004 to 12.0% in the fourth quarter of 2005. The Appearance and Performance Technologies segment also reported a decline in operating profit (3.2%), the third consecutive quarterly decline in 2005. While the Appearance and Performance Technologies segment revenue for the fourth quarter of 2005 was 6.5% higher than in the fourth quarter of the previous year, operating margins fell from 6.2% in the fourth quarter of 2004 to 5.7% in the fourth quarter of 2005.

**Our valuation is driven by the Company's growth potential, not synergies**

Our strategy for growth is long-term oriented and does not depend upon any single acquisition. In accordance with that approach, we carefully evaluated the publicly available information relating to the Company and believe that the Company will be an excellent strategic fit for BASF at a price that can be supported by an appropriate valuation. Our valuation is driven by the Company's growth potential, not the opportunity to achieve synergies.

We believe the Company's analysis of certain precedent transactions completed since 1998 as an indication of the measure of the synergies that should be expected from our transaction is misleading and overstates possible synergies. The transactions selected by the Company had significant operational overlaps unlike our proposed transaction in which there are no significant operational overlaps.

The Company's analysis expressed expected synergies as a percentage of total sales. We, unlike the Company, took into account the fact that the Company's materials services business, which accounted for approximately \$2.1 billion, or 45.6% of the Company's 2005 revenues, and consists of 84 employees globally, does not offer the potential for meaningful cost savings.

In addition, we believe it would be unreasonable to assume that we would be able to achieve further significant operational savings in addition to those already achieved by the Company's own cost-cutting initiatives.

We expect that available synergies will be significantly less than the levels suggested by the Company and more consistent with transactions in which there are no significant operational overlaps, as is the case with our proposed transaction. Without access to additional information from the Company, we are unable to determine whether even our assumptions of available synergies are overly optimistic.

**A vote for the Nominees gives the Company's stockholders a mechanism to replace two current members of the Board if the Company's stockholders believe that the current Board has failed to live up to its commitment to explore strategic alternatives expeditiously**

BASF is pleased that the Board has determined that the exploration of strategic alternatives, which may include the sale of the Company, is in the best interests of its stockholders and we hope that the Board lives up to its commitment to do so expeditiously. If the Board does not fulfill its commitment, we believe election of the Nominees will send a clear message to the current members of the Board that stockholders holding a majority of the outstanding Shares support the removal of the obstacles to, and the prompt consummation of, the Offer and the Merger.

The Nominees are independent of BASF and have indicated that they will act in stockholders' best interests in accordance with their fiduciary duties. They have considerable experience working with other corporations and in connection with significant acquisitions, and have acted to create significant value for stockholders.

## VOTING AND PROXY PROCEDURES

### Eligibility to Vote

According to publicly available information, the Shares constitute the Company's only class of voting securities, and each Share entitles its record holder to one vote. Only holders of Shares as of the Record Date are entitled to vote at the Annual Meeting and execute proxies with respect to matters to be voted upon at the Annual Meeting. The Company has set [ ], 2006 as the Record Date for the Annual Meeting. If you were a stockholder of record on the Record Date, you may vote your Shares at the Annual Meeting even if you have sold your Shares before or after the Record Date, subject to the rights, if any, of your transferees under applicable law. Accordingly, please vote the Shares held by you on the Record Date, or grant a proxy to vote such Shares, on the WHITE proxy card.

### Quorum Requirements

The bylaws of the Company provide that the holders of a majority of the Shares that are issued and outstanding on the Record Date and entitled to vote, whether present in person or by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions, votes withheld and broker non-votes will be counted as present for purposes of determining whether a quorum is present. "Broker non-votes" are shares for which a bank, broker or other nominee holder has not received voting instructions and which the nominee holder does not have discretionary power to vote on a particular matter. IAC does not believe that banks, brokers or other nominee holders will have discretion to vote on any matter voted at the Annual Meeting. Shares that voted "For," "Abstain" or "Withheld" on a matter are treated as shares voted at the Annual Meeting with respect to such matter. Broker non-votes are not treated as votes cast at the Annual Meeting.

### Vote Requirements

According to the Company's Solicitation/Recommendation Statement on Schedule 14D-9 filed with the Commission on January 23, 2006, as of January 16, 2006, there were 122,381,079 Shares outstanding. IAC currently owns 100 Shares beneficially and of record.

The affirmative vote of a majority of the votes cast is required for the election of directors. Broker non-votes will not be counted in the election of directors and therefore will have no effect on the election since the directors are elected by a majority of the votes cast at the Annual Meeting, assuming a quorum is present. Stockholders of the Company do not have cumulative voting rights in the election of directors.

### Revocation of Proxies

Proxies may also be revoked at any time prior to voting by: (i) delivering to the Company (Attention: [Corporate Secretary]) a written notice stating that the proxy is revoked; (ii) delivering a duly executed proxy bearing a later date than the proxy delivered previously; or (iii) attending the Annual Meeting and voting in person.

## OTHER INFORMATION

### Solicitation of Proxies

This proxy solicitation is being made by IAC and BASF. Proxies may be solicited by mail, facsimile, courier services, Internet, telephone, telegraph, in person and by advertisements. Solicitations may be made by certain directors, officers and employees of IAC and BASF, none of whom will receive additional compensation for the proxy solicitation. Information regarding directors, officers and certain employees of IAC and BASF who may solicit proxies is set forth on Annex III of the proxy statement.

In addition, IAC has retained Innisfree M&A Incorporated for solicitation and advisory services in connection with the proxy solicitation and the Offer, for which Innisfree will receive a fee of not more than \$[ ] together with reimbursement for its reasonable out-of-pocket expenses and will be indemnified against certain liabilities and expenses, including certain liabilities under the federal securities laws. As part of the solicitation, IAC and BASF, the Nominees and Innisfree M&A Incorporated may communicate with stockholders of the Company by mail, facsimile, courier services, Internet, advertising, telephone or telecopier, in person, or by advertisements but it is not anticipated that stockholders will be asked to submit proxies by telephone or Internet. Innisfree M&A Incorporated will solicit proxies from individuals, brokers, banks, bank nominees and other institutional holders. It is anticipated that Innisfree will employ approximately [50] persons to solicit the stockholders for their proxies.

IAC has requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all materials related to the proxy solicitation to the beneficial owners of Shares they hold of record. IAC will reimburse these record holders for their reasonable out-of-pocket expenses in so doing.

Lehman Brothers (which collectively refers to Lehman Brothers Holdings Inc. and its affiliates) is acting as dealer manager in connection with the Offer and has provided certain financial advisory services to IAC and BASF in connection with the solicitation and the Offer. BASF has agreed to pay Lehman Brothers reasonable and customary compensation for its services as financial advisor in connection with the Offer (including the services of Lehman Brothers as dealer manager). BASF has also agreed to reimburse Lehman Brothers (in its capacity as dealer manager and financial advisor) for all reasonable out-of-pocket expenses incurred by Lehman Brothers, including the reasonable fees and expenses of legal counsel, and to indemnify Lehman Brothers against certain liabilities and expenses in connection with its engagement, including certain liabilities under the federal securities laws.

Lehman Brothers does not admit that it or any of its directors, officers, employees or affiliates is a "participant," as defined in Schedule 14A promulgated under the Securities Exchange Act of 1934, as amended, by the Commission in the solicitation of proxies, or that Schedule 14A requires the disclosure of certain information concerning them. However, in connection with Lehman Brothers' role as financial advisor to BASF and IAC, the following investment banking employees of Lehman Brothers may communicate in person, by telephone or otherwise with a limited number of institutions, brokers or other

## Edgar Filing: ENGELHARD CORP - Form PRN14A

persons who are stockholders of the Company and may solicit proxies from these institutions, brokers or other persons: Senior Vice President, Kevin Blum and Managing Directors, Carlos A. Fierro and Paul Collins. The business address of each such person is c/o Lehman Brothers Inc., 745 Seventh Avenue, New York, NY 10019 and the telephone number for each such person at that address is (888) 610-5877. Lehman Brothers engages in a full range of investment banking, securities trading, market-making and brokerage services for institutional and individual clients. In the normal course of its business, Lehman Brothers may trade securities of the Company for its own accounts and the accounts of its customers, and, accordingly, may at any time hold a long or short position in such securities. Lehman Brothers has informed BASF that, as of January 31, 2006, it held a net long position of approximately 45,000 Shares for its own account. Lehman Brothers may have voting and dispositive power with respect to certain Shares held in asset management, brokerage and other accounts. Lehman Brothers and its affiliates disclaim beneficial ownership of such Shares.

BASF and IAC will bear the costs of this solicitation and will not seek reimbursement of those costs from the Company. The total expenditures for, in furtherance of, or in connection with the solicitation of proxies, including costs related to the Offer and to the solicitation of proxies, include expenditures for attorneys, accountants, financial advisors, proxy solicitors, public relations advisors, printing, advertising, transportation, postage, litigation and related expenses and filing fees and, other than the payment for Shares under the Offer, are expected to aggregate approximately \$[ ] million, of which \$[ ] has been paid to date. The portion of those costs allocable solely to the solicitation of proxies is not readily determinable.

Annex III sets forth information about the directors and executive officers of IAC and BASF who may solicit proxies and their employees and other representatives, if any, who may also assist Innisfree in soliciting proxies. Annex III also sets forth certain information relating to Shares these participants, IAC and BASF own and certain transactions between any of them and the Company.

### Appraisal Rights

No appraisal rights are available in connection with this proxy solicitation or the Offer. However, if the Merger is subsequently consummated between IAC and the Company, stockholders who have not tendered their Shares in the Offer will have certain rights under Delaware law to dissent from the Merger and demand appraisal of, and to receive payment in cash of the fair value of, their Shares. The preservation and exercise of dissenters' rights in connection with the Merger will require strict adherence to the applicable provisions of Delaware law.

EXECUTING A WHITE PROXY CARD IN FAVOR OF THE ELECTION OF THE NOMINEES WILL NOT PREVENT A HOLDER OF SHARES AFTER CONSUMMATION OF THE OFFER FROM SUBSEQUENTLY DEMANDING APPRAISAL OF THOSE SHARES IN CONNECTION WITH THE CONSUMMATION OF ANY MERGER.

### Stockholder Proposals

Pursuant to the Definitive Proxy Statement, dated April 1, 2005, filed by the Company with the Commission, to be considered for inclusion in the proxy statement relating to the Annual Meeting, stockholder proposals must have been received not later than January 31, 2006 nor earlier than January 1, 2006. Proposals received after January 31, 2006 will not be voted on at the Annual Meeting. If a proposal is received before that date, the proxies that management solicits for the meeting may still exercise discretionary voting authority on the proposal under circumstances consistent with the proxy rules of the Commission.
