PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held Tuesday, May 20, 2008

We are furnishing this proxy statement in connection with the solicitation of proxies by the Board of Directors of Hawaiian Holdings, Inc., a Delaware corporation, for use at our annual meeting of stockholders to be held at The Hawaii Prince Hotel Waikiki, 100 Holomoana Street, Honolulu, HI 96815, on Tuesday, May 20, 2008, at 10:00 AM, local time, and any and all adjournments thereof (collectively, the "Annual Meeting"). We are holding the Annual Meeting for the purposes described in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement, the proxy card and the Notice of Annual Meeting of Stockholders are being mailed to stockholders beginning on or about April 14, 2008. As used herein, unless the context requires otherwise, the terms "Holdings", "Company", "we", "our", and "us" refer only to Hawaiian Holdings, Inc., and the term "Hawaiian" refers only to Hawaiian Airlines, Inc., Holdings' primary operating subsidiary.

GENERAL INFORMATION

Solicitation of Proxies

Our Board of Directors is soliciting the enclosed proxy. We will make proxy solicitations by mail, and also by telephone, facsimile transmission or otherwise, as we deem necessary. We will bear the costs of this solicitation. We will request banks, brokerage houses, nominees and other fiduciaries nominally holding shares of our common stock, par value \$0.01 per share (the "Common Stock"), to forward the proxy soliciting materials and stockholder questionnaires to the beneficial owners of such Common Stock and to obtain authorization for the execution of proxies. We will, upon request, reimburse such parties for their reasonable expenses in forwarding proxy materials and stockholder questionnaires, to the beneficial owners. We do not currently expect to engage an outside firm to solicit votes.

Record Date, Quorum and Voting Requirements

Holders of shares of Common Stock and our Series B Special Preferred Stock, Series C Special Preferred Stock and Series D Special Preferred Stock (collectively, the "Special Preferred Stock") at the close of business on April 7, 2008 (the "Record Date"), are entitled to notice of, and to vote at, the Annual Meeting. On that date, approximately 47,304,670 shares of Common Stock and one share each of the Series B Special Preferred Stock, the Series C Special Preferred Stock and the Series D Special Preferred Stock were outstanding. Each share of Common Stock and Special Preferred Stock outstanding on the Record Date is entitled to one vote on each matter presented at the Annual Meeting. The presence, in person or by proxy, of the holders of a majority of all outstanding shares of stock entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. The election of directors requires a plurality of the votes cast by the holders of shares of Common Stock and Special Preferred Stock at a meeting at which a quorum is present. Our Common Stock is listed on the American Stock Exchange ("AMEX") under the symbol "HA."

Shares of Common Stock and Special Preferred Stock represented by all properly executed proxies received in time for the Annual Meeting will be voted, unless revoked, in accordance with the choices specified in the proxy, subject to our receipt of the stockholder questionnaires described below. See "Restriction on Foreign Ownership of Voting Stock." Unless contrary instructions are indicated on the proxy, the shares will be voted FOR the election of the nine director nominees named in this proxy statement. Representatives of our transfer agent will assist us in the tabulation of the votes. Abstentions and broker non-votes are counted as shares represented at the meeting and entitled to vote for purposes of

determining a quorum. Abstentions have the same legal effect as a vote "against" election of the directors. Brokers do not have the discretionary power to vote with respect to the election of directors, absent the receipt from the beneficial owners of such shares of specific voting instructions, as well as a completed stockholder questionnaire as described below.

Restriction on Foreign Ownership of Voting Stock

Our Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") prohibits the ownership or control by non-U.S. citizens of more than 25% of our issued and outstanding voting stock, pursuant to the Aviation and Transportation Security Act. In order to comply with this requirement, we maintain a Foreign Stock Record to keep track of transfers of our voting stock to non-U.S. citizens. At no time will the ownership or control of shares representing more than 25% of our voting stock be registered on the Foreign Stock Record. If, at any time, we determine that the number of shares of our voting stock purportedly registered on the Foreign Stock Record exceeds 25% of the total number of shares of our voting stock, we shall remove sufficient shares from the Foreign Stock Record in reverse chronological order so that the number of shares of our voting stock registered on the Foreign Stock Record does not exceed 25% of our issued and outstanding voting stock. Shares of our voting stock that we know to be owned or controlled by non-U.S. citizens and that are not registered on the Foreign Stock Record shall not be entitled to vote until so registered.

Before any stockholder (including any natural person, as well as any corporation or other entity) of the Company is permitted to vote its shares at the Annual Meeting, that stockholder must complete and return a stockholder questionnaire (included on the proxy card) to establish its citizenship. If any stockholder is determined not to be a U.S. citizen, that stockholder's stock will be registered on the Foreign Stock Record and voted in accordance with the Certificate of Incorporation, subject to the limitations and procedures described above.

Special Preferred Stock Designees

As described in greater detail in the section below entitled "Security Ownership of Certain Beneficial Owners and Management Special Preferred Stock," the International Association of Machinists and Aerospace Workers (the "IAM"), the Association of Flight Attendants (the "AFA") and the Air Line Pilots Association (the "ALPA") (collectively, the "Unions") hold one share of the Company's Series B Special Preferred Stock, Series C Special Preferred Stock and Series D Special Preferred Stock, respectively, that, in accordance with our Amended By-Laws, entitle each Union to nominate one director (each such director, a "Special Preferred Stock Designee"). Mr. Sean Kim is the IAM's designee to the Board of Directors, Mr. William S. Swelbar is the AFA's designee to the Board of Directors and Mr. Eric C.W. Nicolai is the ALPA's designee to the Board of Directors. The Special Preferred Stock Designees are not elected by the holders of the Common Stock, and their election is, accordingly, not to be considered at the Annual Meeting.

Dissenters' Rights

Under Delaware law, you are not entitled to any dissenters' rights with respect to the election of directors described in this proxy statement.

Revocability of Proxy

Giving the enclosed proxy does not preclude your right to vote in person if you so desire. You may revoke your proxy at any time prior to its exercise by notifying our Secretary in writing, by giving us a later-dated proxy, or by attending the Annual Meeting and voting in person.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

We are committed to adopting and adhering to sound corporate governance principles. Having such principles is essential to operating our business efficiently and to maintaining our integrity and reputation in the marketplace. Our Board of Directors has been active in corporate governance initiatives. All of the charters of our Board Committees and our Code of Ethics are available on the Investor Relations section of our website at <http://www.hawaiianairlines.com>.

Board Independence

The Board of Directors assesses the independence of its members at least annually. The Board of Directors' assessment is based upon the listing standards of the AMEX, the federal securities laws and the regulations promulgated by the Securities and Exchange Commission (the "SEC") thereunder. During the annual assessment of director independence, the Board of Directors considers transactions and relationships between the Company or its subsidiaries or affiliates, on the one hand, and each director, members of his or her immediate family, or other entities with which he or she is affiliated, on the other hand. The Board of Directors has affirmatively determined that a majority of its members and each member of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee are independent within the meaning of the AMEX's and the SEC's director independence standards. The independent directors are named below under "Election of Directors."

Meetings of the Board and Committees

The Board of Directors has established the following committees: the Audit Committee, the Compensation Committee, the Governance and Nominating Committee and the Executive Committee. The Board of Directors held 4 formal meetings and acted by unanimous written consent 5 times during the year ended December 31, 2007. Each director attended at least 75% of the meetings of the Board of Directors and Committee meetings that he or she was obligated to attend. Our policy regarding attendance at Board of Directors meetings is that we expect directors to make every effort to attend all Board of Directors meetings, recognizing that scheduling difficulties may at times arise. We do not have a policy with regard to the attendance by directors at the Company's annual meeting of stockholders. The membership and function of each committee during the last fiscal year are described below.

Members acting on the committees of the Board of Directors during the year were:

	Audit Committee	Compensation Committee	Governance and Nominating Committee	Executive Committee
Gregory S. Anderson(1)	Chairperson		Chairperson	
L. Todd Budge	Member		Member	
Donald J. Carty(1)	Chairperson	Member		Member
Mark B. Dunkerley				Member
Thomas B. Fargo		Chairperson		
Lawrence S. Hershfield				Chairperson
Bert T. Kobayashi, Jr.	Member	Member	Member	
Crystal K. Rose		Member	Member	Member

(1)

Mr. Carty resigned from the Board of Directors and from each committee on which he served in February 2007. Mr. Anderson replaced Mr. Carty as Chairperson of the Audit Committee in February 2007. In April 2008, Mr. Carty was re-appointed to the Board of Directors and to each of the Audit Committee and the Executive Committee of the Board of Directors.

Audit Committee

On March 8, 2005, the Board of Directors adopted an Amended and Restated Charter for the Audit Committee. A copy of this document is available on our website (www.hawaiianairlines.com), upon written request to the Secretary of Hawaiian Holdings, Inc. at 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819 or by calling (808) 835-3700. We have a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Pursuant to the Audit Committee charter, the Audit Committee is responsible for the appointment, compensation, retention, and oversight of the work of our independent registered public accounting firm. Its principal functions are to: (i) oversee the integrity of our financial statements and other financial information provided by us to any governmental body or the public; (ii) oversee our systems of internal controls and procedures regarding finance, accounting, disclosures and legal compliance with applicable laws and regulations; and (iii) monitor the performance of the internal auditors and the independence, qualifications and performance of the independent registered public accounting firm and pre-approve services provided by the independent registered public accounting firm. The Board of Directors has also determined that Mr. Anderson and Mr. Carty satisfy the criteria set forth in Item 407(d)(5) of Regulation S-K promulgated under each of the Exchange Act to serve as an "audit committee financial expert" on the Audit Committee. The Audit Committee met 8 times in 2007 and did not act by unanimous written consent during 2007. The report of the Audit Committee is included on page 46 of this proxy statement.

Compensation Committee

On February 8, 2007, the Board of Directors adopted an Amended and Restated Charter for the Compensation Committee. A copy of this document is available on our website (www.hawaiianairlines.com), upon written request to the Secretary of Hawaiian Holdings, Inc. at 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819 or by calling (808) 835-3700. The Compensation Committee has overall responsibility for evaluating and approving executive officer and director compensation plans, policies and programs of the Company, as well as all equity-based and incentive compensation plans and policies. The Compensation Committee oversees the annual review and approval of corporate goals and objectives relevant to the compensation of executive officers, the evaluation of the performance of the executive officers in light of those goals and objectives, and the determination and approval of such officers' compensation based on the evaluations. The Compensation Committee met 12 times and did not act by unanimous written consent during 2007. The report of the Compensation Committee is included on page 22 of this proxy statement.

Governance and Nominating Committee

On May 31, 2007, the Board of Directors adopted an Amended and Restated Charter for the Governance and Nominating Committee. A copy of this document is available on our website (www.hawaiianairlines.com), upon written request to the Secretary of Hawaiian Holdings, Inc. at 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819 or by calling (808) 835-3700. The principal functions of the Governance and Nominating Committee are to: (i) monitor and oversee matters of corporate governance, including the evaluation of Board of Director performance and processes and the independence of directors, and (ii) identify, select, evaluate and recommend to the Board of Directors qualified candidates for election or appointment to the Board of Directors.

The Governance and Nominating Committee will consider potential nominees brought to its attention by any director or officer of the Company and will consider such candidates based on their achievement in business, education or public service, experience (including management experience in a public company), background, skills, expertise, accessibility and availability to serve effectively on the Board of Directors. The Governance and Nominating Committee will also consider nominees recommended in good faith by stockholders. As described further herein under the section entitled "Stockholder Proposals," stockholders

should submit the candidate's name, credentials, contact information and his or her written consent to be considered as a candidate to the Governance and Nominating Committee to the Secretary of the Company at 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819 no earlier than 120 days or later than 90 days prior to the first anniversary of the Annual Meeting. The proposing stockholder should also include his or her contact information and a statement of his or her share ownership (how many shares owned and for how long). Such stockholder recommended candidates will be evaluated in the same manner as candidates nominated by any other person. We do not pay any fees to any third parties for assisting us with nominations and evaluations of candidates for director, nor do we obtain such services from third parties.

Executive Committee

The Executive Committee is empowered to act for the full Board of Directors in intervals between Board of Directors meetings, with the exception of certain matters that by law may not be delegated. The Executive Committee meets as necessary, and all actions by the Executive Committee are reported at the next Board of Directors meeting. The Executive Committee met twice in 2007 and did not act by unanimous written consent in 2007.

The Governance and Nominating Committee recommends to the Board of Directors the assignment of directors to committees, including the designation of committee chairs. The Governance and Nominating Committee also recommends to the Board of Directors the amount and form of compensation payable to the directors. The Governance and Nominating Committee met once and did not act by unanimous written consent during 2007.

Executive Sessions of the Board of Directors

The independent directors meet on a regular basis to review the performance of management and the Company. The presiding director at such sessions is rotated among the independent directors.

Communications with the Board of Directors

Stockholders may send communications to the Board of Directors at the following address: 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819, specifying whether the communication is directed to the entire Board of Directors, the independent directors or to a particular director.

Compensation of Directors

The Company's compensation policy for directors has been in effect since January 1, 2005. Under the Company's policy for directors, each non-employee director receives an annual retainer of \$30,000 plus \$1,500 for each meeting of the Board of Directors that he or she attends in person and \$500 for each meeting he or she attends telephonically. The chairman of the Audit Committee receives an annual retainer of \$10,000 and the chairmen of the Compensation Committee and the Governance and Nominating Committee each receive an additional annual retainer of \$2,000. Non-employee directors also receive annual grants of stock options under the terms of the Hawaiian Holdings, Inc. 2005 Stock Incentive Plan, as amended (the "Stock Incentive Plan"). Upon joining the Board of Directors, each new director who is not compensated as an executive officer will receive options for 5,000 shares. In addition, each such director will receive options for 10,000 shares of Common Stock on an annual basis, with the exception of the Chairman of the Board of Directors who will receive options for 15,000 shares of Common Stock on an annual basis. All such options shall have exercise prices equal to the fair market value of the Common Stock on the date of grant, a ten-year term and a vesting schedule of three years.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

We operate in a highly competitive industry and recognize that effective compensation strategies are critical to retain key employees and maximize stockholder value creation. The primary objective of our compensation program, including executive compensation, is to attract, retain and motivate the best people available. Our compensation program is designed to reward the achievement of specific goals set for the Company as well as those set for individual executives. We seek to reward executive performance which meets or surpasses these established goals in order to align the interests of our executives with the long term interests of our stockholders. We also seek to ensure that total compensation provided to our key executives remains competitive relative to the compensation paid to similarly situated executives of our peer companies. As used herein, the phrase "our executives" refers to the executive officers of Hawaiian and Holdings.

Employment Agreements

The compensation paid in 2007 to our named executive officers, i.e., Messrs. Dunkerley, Ingram, Osborne, Taniguchi and Ms. Falvey is determined, in part, by the terms set forth in employment agreements that were negotiated at arm's length between the Company and each such executive officer. We believe that having employment agreements with our named executive officers, in select cases, provides the Company and such executives with valuable expectations regarding the employment relationship and the potential benefits named executive officers may receive based on their contributions to the success of the Company. The Compensation Committee reviews and approves any such employment agreements (and any amendments thereto, as applicable) prior to execution.

Pursuant to Mr. Dunkerley's employment agreement, as amended, Mr. Dunkerley is entitled to an annual base salary of \$580,000, and can expect to receive an annual incentive compensation payment of one hundred percent (100%) for satisfactory performance and a maximum of two hundred percent (200%) of his annual base salary, if he achieves certain targets to be established by our Board of Directors. Mr. Dunkerley's employment agreement initially provided for grants of 1,044,000 stock options to Mr. Dunkerley. Mr. Dunkerley's agreement was amended on December 26, 2007 to among other things, extended the term of his agreement. In addition, under such amendment, Mr. Dunkerley was granted additional stock options to purchase 225,000 shares of our Common Stock, 550,000 deferred stock units ("DSUs") and 225,000 shares of restricted stock which vests if specified stock prices, discussed below, are attained. Mr. Dunkerley's 2007 grants are described more fully under the heading "Long-Term Incentive Compensation," below. The potential severance and change in control benefits payable to Mr. Dunkerley

under his employment agreement are described below under the heading "Potential Payments Upon Termination or Change-in-Control."

Pursuant to Mr. Ingram's employment agreement, Mr. Ingram is entitled to an annual base salary, currently \$330,000, and can expect to receive a target incentive compensation payment of seventy-five percent (75%) of his annual base salary, if he achieves certain targets to be established by our Board of Directors. Pursuant to Mr. Ingram's employment agreement, Mr. Ingram was entitled to grants of 300,000 stock options, in three equal grants of 100,000 stock options on November 16, 2005 (shortly following the effective date of Mr. Ingram's employment agreement) and on the first and second anniversary of his employment with the Company. Accordingly, Mr. Ingram was granted his third installment, i.e., an option to purchase 100,000 shares of our Common Stock, on November 12, 2007. Mr. Ingram's 2007 grant is described more fully under the heading "Long-Term Incentive Compensation," below. In addition, Mr. Ingram's employment agreement provided him with a housing allowance in the amount of \$2,500 per month for the first twenty-four (24) months of employment thereunder. As discussed below, upon the expiration of this provision of Mr. Ingram's employment agreement, the Company increased Mr. Ingram's base salary in order to continue to compensate him for the loss of the housing allowance benefit. The potential severance and change in control benefits payable to Mr. Ingram under his employment agreement are described below under the heading "Potential Payments Upon Termination or Change-in-Control."

Pursuant to Mr. Osborne's employment agreement, Mr. Osborne is entitled to an annual base salary of \$300,000, and can expect to receive a target incentive compensation payment of seventy-five percent (75%) of his annual base salary, if he achieves certain targets to be established by our Board of Directors. Upon entering into the employment agreement with Mr. Osborne, the Company agreed to grant him approximately 106,000 stock options, which were granted in two substantially equal installments on June 10, 2005 and July 25, 2005 and vested at the rate of 50% per year following the date of grant. The potential severance and change in control benefits payable to Mr. Osborne under his employment agreement are described below under the heading "Potential Payments Upon Termination or Change-in-Control."

Pursuant to Ms. Falvey's employment agreement, Ms. Falvey is entitled to an annual base salary, currently \$280,000, and can expect to receive a target incentive compensation payment of sixty percent (60%) of her annual base salary, if she achieves certain targets to be established by our Board of Directors. Ms. Falvey's employment agreement provided for grants of 166,000 stock options, which were granted on July 25, 2005 and vest at the rate of 33 $\frac{1}{3}$ % per year following the date of grant. In addition, Ms. Falvey's employment agreement provided her with a housing allowance in the amount of \$2,500 per month for the first twenty-four (24) months of employment thereunder. As discussed below, upon the expiration of this provision of Ms. Falvey's employment agreement, the Company increased Ms. Falvey's base salary in order to continue to compensate her for the loss of the housing allowance benefit. The potential severance and change in control benefits payable to Ms. Falvey under her employment agreement are described below under the heading "Potential Payments Upon Termination or Change-in-Control."

Pursuant to Mr. Taniguchi's employment agreement, Mr. Taniguchi is entitled to an annual base salary, currently \$250,000, and is eligible to participate in our annual incentive compensation program. The potential severance and change in control benefits payable to Mr. Taniguchi under his employment agreement are described below under the heading "Potential Payments Upon Termination or Change-in-Control."

Objectives and Philosophy of Our Compensation Program

The Compensation Committee works closely with management to design an executive compensation program to assist us in attracting and retaining outstanding executives and senior management personnel. The design and implementation of such program continually evolves as we grow, but is based primarily on

two elements: (i) providing compensation opportunities that are competitive with competing companies; and (ii) linking executives' compensation with our financial, operating and competitive performance. Our compensation program is designed to reward individual and corporate performance and to create incentives for both operating performance in the current year and for the long-term benefit of our business so as to align the interests of management with the long term interests of stockholders.

Elements of Compensation

Currently, the principal components of our executive compensation program (each discussed more fully below) are:

annual base salary,

short-term incentive compensation in the form of performance incentive payments payable in cash and/or stock units each year,

long-term incentive compensation in the form of equity-based awards,

severance and change in control benefits,

personal benefits or perquisites, and

general benefits.

Determination of the Amount of Each Element of Compensation

In negotiating the terms of employment agreements with our named executive officers and determining the amount of any incentive, equity-based or other additional compensation, we review publicly available information regarding other companies with which we compete; evaluate appropriate compensation based on the location of our principal offices in Honolulu, Hawaii; assess our overall financial condition and the financial condition of the airline industry in general; consult, when appropriate, with an independent compensation consultant; and, for compensation payable to other named executive officers, consult with the Chief Executive Officer. Although some elements of named executive officers' compensation that may result from such negotiation may vary due to specific requirements and concerns of such named executive officers, we strive to set an overall compensation package informed by the processes described above.

During 2007, we retained the services of Watson Wyatt Worldwide, an independent compensation consulting firm, to consult with and advise the Compensation Committee in developing a new incentive compensation program and a systematic approach to reviewing the performance of the Company and each named executive officer for purposes of determining the performance compensation such named executive officer may receive. The compensation consultant reviewed the Company's existing performance compensation program with the Compensation Committee, Chief Executive Officer and Chief Financial Officer and compared the Company's program with a group of companies in the airline industry, including AirTran Holdings, Inc., Alaska Air Group, AMR Corp., Inc., Continental Airlines, Inc., Delta Air Lines Inc., Northwest Airlines, Southwest Airlines Co., United Airlines and US Airways Group, Inc., as well as a group of other large Hawaii-based organizations, composed of Alexander & Baldwin, Inc., Bank of Hawaii, Central Pacific Bank, Hawaii Electric Industries, and Maui Land and Pineapple Company, Inc. The compensation consultant used the data from its peer analysis, together with other information, including the economic challenges and instability of the airline industry and our location in Honolulu, Hawaii, to recommend a program for 2008 that would appropriately motivate and reward executive performance while, at the same time, seek to protect the Company from a loss of deduction under Section 162(m) of the Internal Revenue Code of 1986 (the "Code"). The Company's 2008 incentive plan is described more fully below under the heading "Short-Term Incentive Compensation."

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

Also during 2007, the Compensation Committee sought the advice of its independent compensation consultant regarding structuring appropriate equity incentives. As discussed in more detail below, the Compensation Committee's consultant advised the Compensation Committee that members of its peer group typically granted stock options, but that other equity incentives may be more desirable in certain cases depending on their tax implications, the need for executives to raise funds to exercise the award, and the ability to attract and retain talented executives. Accordingly, and as discussed in more detail below, the Compensation Committee approved grants of restricted stock and DSUs to Mr. Dunkerley in 2007. The Compensation Committee will determine the appropriateness of specific forms of equity-based awards for other named executive officers as it considers future grants.

Annual Base Salary

Base salary levels for our named executive officers are designed to be reflective of competitive conditions in the marketplace for executives of comparable talent and experience, are based on each named executive officer's responsibility and are subject to increase based upon individual and Company performance. Base salaries for named executive officers (other than the Chief Executive Officer) are recommended by the Chief Executive Officer for the review and approval of the Compensation Committee and the Board of Directors (subject to applicable employment agreements). The base salary of the Chief Executive Officer is reviewed annually by the Chairman of the Compensation Committee with the Compensation Committee and the Board of Directors and may be increased by the Compensation Committee in its sole and absolute discretion. Each named executive officer's base salary for 2007 is reported in the Summary Compensation Table below.

As described above, we entered into employment agreements with our named executive officers, Mark B. Dunkerley, Peter R. Ingram, David J. Osborne, Barbara D. Falvey and Glenn G. Taniguchi which provide for, among other things, an initial annual base salary and an annual target incentive payment (expressed as a percentage of base salary) for each executive (with the exception of Mr. Taniguchi, whose annual target incentive payment was determined by the Board to be 60% of base salary). In 2007, the Company increased the base salary of Mr. Dunkerley, Mr. Ingram, Ms. Falvey and Mr. Taniguchi, as discussed below.

In 2007, the Company entered into an amendment to Mr. Dunkerley's employment agreement to increase Mr. Dunkerley's base salary by \$30,000 per year. The Compensation Committee determined that this increase in base salary was appropriate and sufficient to compensate Mr. Dunkerley for the cost of procuring on his own a supplemental disability insurance policy.

In 2007, the Compensation Committee approved a \$30,000 increase in each of Mr. Ingram's and Ms. Falvey's base salaries. Under a provision in each of Mr. Ingram's and Ms. Falvey's existing employment agreements, they were entitled to a housing allowance of \$2,500 per month, which provision was set to expire in 2007. The Compensation Committee and the Chief Executive Officer concluded that, based on Mr. Ingram's and Ms. Falvey's job performance, each of their base salary would be increased by \$30,000 in order to compensate them for the loss of the housing allowance benefit.

In November 2006, the Compensation Committee approved an \$87,500 increase in Mr. Taniguchi's base salary for 2007 in recognition of his promotion to the position of Senior Vice President, Sales and Marketing, of the Company.

Short-Term Incentive Compensation

Short-term incentive compensation consists of annual performance incentives. Annual performance incentives are awarded under our 2006 Management Incentive Plan (the "2006 Incentive Plan"), which was approved by our stockholders at our May 31, 2006 stockholders meeting. The 2006 Incentive Plan is administered by the Compensation Committee. The Compensation Committee has the authority to select the executives to participate in the 2006 Incentive Plan (after consideration of the recommendations of the

Chief Executive Officer), to establish the length of the annual and long-term performance periods, to establish the performance goals and to determine the amounts of incentive compensation payable to any participant, to provide for payment of incentives in cash, in stock or in units, and to make all determinations and take all other actions necessary or appropriate for proper administration and operation of the 2006 Incentive Plan.

2007 Annual Incentive Compensation.

In 2007, each of our named executive officers was chosen to participate in the 2006 Incentive Plan. Annual performance payments are based upon an assessment of corporate performance, as well as an assessment of the individual executive's performance.

For 2007, the Compensation Committee approved the objectives upon which to measure corporate performance and assigned a weighting factor to each objective based upon its relative importance as determined by the Compensation Committee. These corporate objectives (discussed more fully below) were based on the following categories: outsourcing; cost structure overhaul; developments in IT; interisland market position; development of long-term fleet, brand and product plans; labor relations; aligning corporate culture with strategic plans; 2007 revenue budget; 2007 expense budget; operations; and review of strategic opportunities. Based on the Company's performance, specific goals under each of the objectives were evaluated to determine a quantified scoring measure on the following scale, pro rated for achievement at levels between these measures: Below Expectations 0.0; Needs improvement 0.5; Meets expectations 1.0; Exceeds expectations 1.25; Outstanding 1.5.

For each of the categories above, the Company's CEO evaluated the Company's performance and recommended to the Compensation Committee scores for each performance measure. The Compensation Committee then met and designated the final scores.

Although the Company posted some impressive accomplishments in 2007, including being the only airline among those against which it competes to post a share price appreciation in 2007, our overall scores, as determined by our CEO and Compensation Committee recognize the Company's inability to fully meet overall financial objectives. Accordingly, pursuant to the weighting assigned to each performance category listed above, and after review and discussion with our CEO, the Compensation Committee then met and determined that the overall corporate performance score was 0.903.

Regarding individual performance, our CEO recommended quantified scoring measures (on the same scale outlined above) for each of our other named executive officers and the Compensation Committee independently evaluated our CEO on the same scale. Our CEO met with and evaluated each other named executive officer's performance on three separate occasions during 2007 and recommended overall individual performance scores to the Board for approval. The score for Mr. Dunkerley was based on his efforts to achieve financial and operational results while managing the challenges of the market, including increased competition and escalating fuel costs. The score for Mr. Ingram was the result of his efforts to improve financial processes and to manage the financial administration of the Company. Mr. Osborne's rating was the result of initiatives around IT infrastructure and business transformation. Ms. Falvey was scored on her management of the services and activities related to employees. Mr. Taniguchi was scored based on the Company's revenue budget.

Based upon the corporate and individual performance scores, the Compensation Committee calculated bonuses for each of the named executive officers by multiplying each named executive officer's target bonus by a factor determined by adding the corporate performance score to the individual performance score, and reducing this amount by 1. This formula was constructed to ensure that, in order to receive their bonus at the target level or above, individual and corporate performance would have to achieve at least the "Meets Expectations" score.

2008 Annual Incentive Compensation.

In 2007, the Company retained Watson Wyatt Worldwide to consult with the Compensation Committee regarding the development of a new incentive compensation program that would provide a systematic approach to reviewing the performance of the Company and each named executive officer and protect the Company from a loss of deduction under Section 162(m) of the Code. The Company expects that the corporate objectives under its incentive compensation program for years after 2007 will meet the requirements of "performance-based compensation" under Section 162(m) of the Code (which limits a public company's ability to deduct certain compensation in excess of \$1 million paid to its chief executive officer or other four most highly compensated executive officers), and that the Company will be able to structure compensation pursuant to that program that will be fully deductible by the Company regardless of amount. The Company's Compensation Committee, Chief Executive Officer and Chief Financial Officer, informed by the Company's compensation consultant, collaborated in determining the financial and non-financial performance criteria to be used to implement the Company's 2008 incentive compensation program.

The financial criteria established by the Company are: a stock appreciation objective to measure the one year stock performance of the Company against a peer group of airline public companies (the measurement period increases annually to a maximum of three years), the Company's revenue per available seat mile (RASM) relative to objectives, the Company's cost per available seat mile (CASM) relative to objectives, the Company's RASM growth minus CASM growth relative to its peers and the Company's return on invested capital. The non-financial performance criteria established by the Company are: customer value (to be measured through the Company's competitive ranking in third party surveys, annual quality ratings and customer satisfaction scores), operational excellence (to be measured through flight punctuality, cancellations, baggage handling and passenger safety) and confidence among stakeholders (to be measured through employee surveys, average monthly lost time hours due to occupational injuries, sick pay as a percentage of payroll, overhead as a percentage of revenue and implementation of strategic and tactical deliverables, such as IT projects). The Compensation Committee determined that the financial and non-financial criteria would be weighted equally for purposes of determining whether or not annual goals were achieved. The Company's compensation consultant helped develop a scorecard for use in evaluating the achievement of financial and non-financial goals.

The Compensation Committee recommended that an incentive payment pool would be established for the payment of incentives pursuant to the new incentive compensation program, which incentive payment pool would be subject to certain limitations, established by the Compensation Committee, expressed as a function of EBITDAR (a non-GAAP financial measure, defined as the Company's earnings before interest, taxes, depreciation, amortization and rent).

Long-Term Incentive Compensation

Historically, we have paid long-term incentive compensation principally in the form of stock options exercisable to purchase shares of our Common Stock and, to a lesser extent, in DSUs and restricted stock, pursuant to the Company's Stock Incentive Plan. Such stock options are granted with an exercise price equal to the fair market value of our Common Stock on the date of grant, which is the closing sale price of our Common Stock on the American Stock Exchange. Generally, the stock options become exercisable in equal yearly increments over three years and expire either five or ten years from the date of grant. The Company intends this vesting schedule to reward long-term contributions and create an incentive for executives to remain with us. The Compensation Committee believes that granting equity-based awards creates an incentive to promote our long-term interests and aligns the economic benefit to be derived therefrom by our executives with those of the stockholders. Equity-based awards are granted by the Compensation Committee to key employees based on recommendations of the Chief Executive Officer, and levels of participation in the plan generally vary based upon the employee's position with the

Company. The Stock Incentive Plan authorizes the issuance of options, restricted stock, stock appreciation rights, DSUs, dividend rights and other stock-based awards.

2007 Long-Term Incentive Compensation.

As described above, Mr. Dunkerley is entitled to certain equity-based awards pursuant to the terms of his employment agreement, as amended. Under the terms of Mr. Dunkerley's employment agreement (prior to the amendment), the Company was obligated to discuss renewing Mr. Dunkerley's employment agreement in August 2007, one year before its expiration. The Compensation Committee determined that, based on Mr. Dunkerley's valuable contributions and demonstrated commitment to the Company's success the Company would provide additional equity-based compensation to Mr. Dunkerley in exchange for his agreement to extend the employment agreement until November 9, 2010 and in recognition of the Compensation Committee's determination that Mr. Dunkerley's equity-based compensation has been less valuable than similar compensation paid to chief executive officers of the Company's peers. Accordingly, the Compensation Committee approved the following equity-based grants to Mr. Dunkerley:

A five year option to purchase 225,000 shares of the Company's common stock, which option vests ratably over three years of Mr. Dunkerley's continued service with the Company, or, if earlier, upon a change in control of the Company.

550,000 DSUs, to vest in equal installments on January 1, 2009, November 8, 2009 and November 8, 2010 and be distributed on the first date in calendar years 2010, 2011 and 2012, respectively, on which Mr. Dunkerley can freely sell the common stock. Vesting of the DSUs is accelerated upon a change in control of the Company and distribution is to be made on the first date thereafter on which Mr. Dunkerley can freely sell the common stock.

225,000 shares of restricted stock, vesting ratably over three years of Mr. Dunkerley's continued service with the Company if the average closing price of the Company's common stock equals or exceeds \$6.50 per share over a period of at least 20 days during each 12-month vesting period, provided that if the \$6.50 closing price is attained in the second or third year, any portion of the restricted stock that did not vest in a prior year will vest. Vesting of the restricted stock is accelerated upon a change in control of the Company if the stockholders receive \$6.50 or more per share in connection with such change in control, or under certain circumstances, following Mr. Dunkerley's termination.

As described above, Mr. Ingram is entitled to certain option grants pursuant to the terms of his employment agreement. Accordingly, Mr. Ingram was granted an option to purchase 100,000 shares of the Company's common stock on November 12, 2007, which options vest and become exercisable in three equal installments on the first, second and third anniversaries of the grant date. Under the terms of Mr. Ingram's employment agreement, the Compensation Committee agreed to grant Mr. Ingram options to purchase 300,000 shares of the Company's common stock in equal 100,000 share grants in November of 2005, 2006 and 2007.

On August 29, 2007, the Compensation Committee granted options to purchase 40,000 shares of the Company's common stock to Mr. Osborne, Ms. Falvey and Mr. Taniguchi. The Compensation Committee determined that the grant of 40,000 options to Mr. Osborne, Ms. Falvey and Mr. Taniguchi was appropriate in order to provide an opportunity to increase their ownership interest in the Company to levels commensurate (based on their responsibilities and experience) with that of the Company's other named executive officers. Pursuant to the terms of the options granted to Mr. Osborne, Ms. Falvey and Mr. Taniguchi the options vest and become exercisable in three equal installments on the first, second and third anniversaries of the grant date.

Each grant of an equity-based award in 2007 is reported in the applicable columns of the Grants of Plan-Based Awards Table and the compensation expense recognized by the Company with respect to each

named executive officer's outstanding equity-based awards is reported in the applicable columns of the Summary Compensation Table, both below.

2008 Long-Term Incentive Compensation.

In February 2008, the Compensation Committee awarded grants of options and DSUs to Mr. Ingram, Mr. Osborne, Ms. Falvey and Mr. Taniguchi as part of the Company's annual grant practice (described more fully under the heading "Determination of Equity-Based Awards Grant Dates," below). Mr. Ingram and Mr. Osborne each received options to purchase 60,000 shares of the Company's common stock and 25,000 DSUs and Ms. Falvey and Mr. Taniguchi received options to purchase 40,000 shares of the Company's common stock and 17,500 DSUs. The options and DSUs described above vest in 33¹/₃% increments on each of the first three anniversaries of the grant date, with the DSUs being payable within 90 days following the applicable annual vesting date.

Severance, Loss of Income and Change in Control Benefits

The Compensation Committee believes that certain severance and change in control benefits provide a valuable retention tool for its named executive officers.

Through severance benefits, the Company seeks to ensure each named executive officer's commitment to the Company by providing income stability and protection in the event of such named executive officer's termination of employment. In addition to the general benefits available to all employees (described below), the Company maintains an executive long-term disability plan for its executives, in which the named executive officers are eligible to participate. Pursuant to the Company's executive long-term disability plan, the Company's executives, including named executive officers, are entitled to a disability benefit of up to 60% of base salary, capped at \$11,000 per month for non-occupational injury or illness up until such executive reaches age 65. The Company also agreed, in negotiating Mr. Dunkerley's employment agreement, to pay a \$300,000 death benefit to Mr. Dunkerley's beneficiary in the event of his death during the term of his employment agreement, as amended. In addition, and as described above, the Company granted Mr. Dunkerley a \$30,000 increase in base salary in 2007 in order to compensate him for the cost of procuring on his own a supplemental disability insurance policy.

Through change in control benefits, the Company seeks to provide the applicable named executive officer with an incentive to remain with the Company throughout a potential period of uncertainty presented by a change in control scenario. Accordingly, pursuant to the terms of the applicable equity-based award agreements entered into with named executive officers, outstanding equity-based awards become fully vested and/or exercisable upon a change in control.

Pursuant to the terms of his agreement, as amended, all of Mr. Dunkerley's outstanding equity-based awards become fully vested and/or exercisable upon his termination of employment by the Company without cause or by Mr. Dunkerley for good reason. Finally, and as discussed under the heading "Potential Payments Upon Termination or Change-in-Control," below, the Company agreed that Mr. Dunkerley would be entitled to a lump sum severance payment in the amount of three times his annual base salary and incentive payments for the 12 months preceding the date of such change in control (but in no event exceeding \$2.5 million) and would be entitled to an additional gross-up payment for any excise tax liability imposed on him by Section 4999 of the Code.

The amount of benefits payable to each named executive upon termination or a change in control pursuant to the terms of their employment agreements are reported more fully under the heading "Potential Payments Upon Termination or Change-in-Control," below.

In June 2007, the Company and Mr. Davies entered into an amendment to Mr. Davies' employment agreement to provide him with severance for a period of 12 months following his retirement. Similarly, the

amendment to Mr. Davies agreement provides him continued fringe benefits for 12 months following his retirement. Mr. Davies retired effective June 30, 2007.

Personal Benefits

The Company provides certain personal benefits to named executive officers which it believes are necessary to the recruitment and retention of valuable executive officers. For example, the Company has previously agreed to housing and automobile allowances upon hiring an executive officer in order to ease the expenses associated with such executive's relocation and living in Hawaii.

In addition, the Company provides certain personal benefits to named executive officers which it believes promote such executives' use of Company services. Accordingly, pursuant to Company policy, and as reflected in each named executive officer's employment agreement with the Company, each named executive officer and certain members of his or her immediate family may be entitled to free travel benefits on the Company's non-chartered flights.

General Benefits

The Company's named executive officers, like all eligible employees of the Company, are eligible to participate in the Company's health and welfare benefit plans and retirement savings plan (a 401(k) plan). The availability of such plans to the Company's employees generally is essential to attracting and retaining a productive workforce.

Allocating Between Long-Term/Short-Term and Cash/Non-Cash Compensation

The Compensation Committee considers various factors in designing a compensation program that provides the appropriate mix of short-term/long-term and cash/non-cash compensation. These factors include the value our executives place on the various forms of compensation; the tax, economic and financial impact associated with providing the various forms of compensation; and whether providing the various forms of compensation will help us achieve our long-term corporate objectives. This allows us to direct our resources to the incentives that are most likely to retain top executives and motivate desired behaviors improving the likelihood of enhanced financial performance and shareholder value creation. We award long-term incentive compensation in order to achieve a variety of long-term objectives, including retaining talented executives, aligning executives' financial interests with the interests of stockholders, rewarding the achievement of our long-term corporate goals and lengthening executives' time horizons and focusing their attention on creating shareholder value. In determining the appropriate mix of compensation, the Compensation Committee also considers the accounting costs and dilutive impact of the various forms of compensation, as well as our ability to pay compensation in cash, as opposed to stock or other forms of non-cash compensation.

Specific Items of Corporate Performance We Consider in Making Compensation Decisions

As previously described in greater detail under the heading "Short-Term Incentive Compensation," for 2007, the Compensation Committee approved certain categories for performance objectives, including outsourcing; cost structure overhaul; developments in IT; interisland market position; development of long-term fleet, brand and product plans; labor relations; aligning corporate culture with strategic plans; 2007 revenue budget; 2007 expense budget; operations; and review of strategic opportunities. Under these categories, the Compensation Committee evaluated the Company's 2007 performance and awarded 2007 Annual Incentive Compensation in the amounts reported in the Summary Compensation Table below and as detailed in the discussion under the subheading "2007 Annual Incentive Compensation."

Compensation Committee Discretion

Under the 2006 Incentive Plan, the Compensation Committee retains discretion (i) to select the executives to participate in the 2006 Incentive Plan, (ii) to establish performance goals, (iii) to establish the length of time over which to measure whether an executive has satisfied his or her performance goals, (iv) to establish the amount of incentive compensation payable to any executive, and (v) to make all determinations and take all other actions necessary or appropriate for the proper administration and operation of the 2006 Incentive Plan.

Under the Stock Incentive Plan, the Compensation Committee retains discretion (i) to select the participants who will receive awards pursuant to the Stock Incentive Plan, (ii) to determine the type or types of awards to be granted to each participant, (iii) to determine the number of shares of stock to which an award will relate, the terms and conditions of any award granted under the Stock Incentive Plan and all other matters to be determined in connection with an award; (iv) to determine whether, to what extent, and under what circumstances an award may be settled, or the exercise price of an award may be paid, in cash, stock, other awards or other property, or an award may be canceled, forfeited, or surrendered; (v) to determine whether, and to certify that, performance goals to which the settlement of an award is subject are satisfied; (vi) to correct any defect or supply any omission or reconcile any inconsistency in the Stock Incentive Plan, and to adopt, amend and rescind such rules and regulations as, in its opinion, may be advisable in the administration of the Stock Incentive Plan; and (vii) to make all other determinations as it may deem necessary or advisable for the administration of the Stock Incentive Plan.

In addition, and as discussed under the heading "Short-Term Incentive Compensation," above, the Compensation Committee has determined that in administering the Company's new incentive compensation program for fiscal years after 2007, the Compensation Committee must retain discretion to reduce the amount of incentives payable to named executive officers in the event a purely mathematical application of the performance criteria under such program results in potential incentive payments that are not reflective of the Company's financial performance or such executives' performance for such year.

Determination of Equity-Based Awards Grant Dates

The Compensation Committee has discretion to determine the time and amount of any equity-based awards, but has generally granted stock options and other equity-based compensation at the following times: (i) on the date the executive receiving the grant is hired, and (ii) once annually under the Stock Incentive Plan (the Compensation Committee decided that, for 2008, such grants should be made immediately following the Company's annual earnings release). For discretionary equity-based awards to executives other than the Chief Executive Officer, awards are recommended by the Chief Executive Officer for the review and approval of the Compensation Committee. In certain circumstances, for example, in connection with renewing the employment agreement with Mr. Dunkerley, the Compensation Committee has granted equity-based awards or committed to the future grant of equity-based awards as a tool for retaining the services of named executive officers. The Compensation Committee endeavors to avoid granting equity-based awards in advance of the release of news which might affect the price of our Common Stock.

Tax and Accounting Treatment

Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for non-performance-based compensation over \$1 million paid for any fiscal year to the Company's chief executive officer or any of the four other most highly compensated executive officers. Performance-based compensation is not subject to the deduction limit if certain requirements are met. The Stock Incentive Plan and the 2006 Incentive Plan have been structured to permit the Company to pay compensation in excess of \$1 million per year to its executive officers without compromising the

deductibility of such compensation under Section 162(m). All stock awards granted during fiscal year 2007 under the Stock Incentive Plan qualify as performance-based compensation. The Compensation Committee anticipates and is endeavoring to structure the corporate objectives of its incentive compensation program for 2008 to comply with the requirements of Section 162(m) and be fully deductible thereunder. However, it retains the flexibility to pay compensation to senior executives based on other considerations if it believes that doing so is in the stockholders' interests.

In 2007, the Compensation Committee determined that Mr. Dunkerley was the only executive who could be affected by the Section 162(m) limitations for that year. A portion of the corporate performance objectives of his bonus were structured to fall within the Section 162(m) guidelines and therefore to qualify as objective performance-based compensation, while several of his objectives for 2007 did not so qualify. The Compensation Committee determined that even if a small portion of his compensation would be non-deductible by the Company, such amount should nonetheless be paid to Mr. Dunkerley in recognition of his efforts on the Company's behalf and in order to adhere to a key principle of the Company's executive compensation practices - rewarding exemplary performance. During 2007, the Compensation Committee also engaged a compensation consultant to consult with the Company regarding the development of a new incentive compensation program that would protect the Company from a loss of deduction under Section 162(m) of the Code.

Section 409A

Section 409A of the Code imposes a penalty tax on "nonqualified deferred compensation" that fails to satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Accordingly, as a general matter, the Company attempts to structure its compensation and benefits plans and arrangements for all of our employees, including our named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A.

Section 280G

In negotiating the 2007 amendment and renewal of Mr. Dunkerley's employment agreement, the Company agreed to provide Mr. Dunkerley with additional compensation in the event such change in control payments result in an excise tax to Mr. Dunkerley as a result of Section 4999 of the Code (imposing an excise tax on "excess parachute payments," as defined in Section 280G of the Code). The amount of such additional compensation is the amount necessary to put Mr. Dunkerley in the financial position he would be in if no such excise tax were imposed. The Company determined that this benefit was appropriate for Mr. Dunkerley because many other companies in the Company's peer group provide similar excise tax protection to their chief executive officers. The value of Mr. Dunkerley's potential benefit, if a change in control of the Company were to have occurred on December 31, 2007, is provided below under the heading "Potential Payments Upon Termination or Change-in-Control."

Accounting Treatment

In December 2004, the Financial Accounting Standards Board issued SFAS No. 123 (revised 2004), "Share Based Payment" (SFAS 123R), which replaces SFAS 123, and supersedes APB 25. SFAS 123R requires that all stock-based payments to employees, including grants of employee stock options, be recognized as compensation expense in the financial statements based on their fair values. SFAS 123R also requires that tax benefits associated with these stock-based payments be classified as financing activities in the statement of cash flows rather than operating activities as previously permitted.

We adopted SFAS 123R effective January 1, 2006. It is effective for all awards granted after that date. For stock option awards granted prior to January 1, 2006 but for which the vesting period was not complete, we adopted the modified prospective transition method permitted by SFAS 123R. Under this method, we accounted for such awards on a prospective basis, with expense recognized in our statement of

operations beginning in the first quarter of 2006 using the grant-date fair values. We recognize the related compensation cost not previously recognized in the SFAS 123 pro forma disclosures over the remaining vesting period.

Security Ownership Guidelines; Policies Regarding Hedging the Risk of Security Ownership

While the Compensation Committee encourages equity ownership by our executives, we currently do not have any requirements or guidelines with respect to our equity or security ownership. We do not have any policies regarding hedging the economic risk of such ownership, although our code of ethics strictly prohibits trading while in the possession of material, non-public information regarding the Company.

The Role of Executive Officers in the Compensation Process

The Chief Executive Officer makes recommendations to the Compensation Committee as to the base salary and incentive compensation of all executive officers other than himself. The Compensation Committee annually reviews the base salary of the Chief Executive Officer and the base salary of the Chief Executive Officer may be increased by the Compensation Committee in its sole and absolute discretion. Other than the Chief Executive Officer, no executive officer participates in setting compensation for named executive officers. As discussed above, however, our Chief Financial Officer assists the Company in setting financial performance goals on which annual incentive compensation may be based.

Compensation Recovery Policy (Clawback)

Other than complying with the applicable provisions of the Sarbanes-Oxley Act of 2002, we do not have a policy providing for the return of compensation or benefits previously made to our executives. The Compensation Committee intends to reexamine the circumstances under which compensation may be denied or withheld or may be required to be returned in the event of certain conduct or other circumstances.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis, which appears in this proxy statement, with the Company's management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's proxy statement.

Potential Payments Upon Termination or Change-in-Control

We have entered into agreements that will require us to provide compensation to the officers named in the Summary Compensation Table in the event of such executive officer's termination of employment or a change in control of the Company. Each named executive officer is required pursuant to the terms of his or her employment agreement to adhere to certain restrictive covenants, including a non-competition covenant of 12 months in duration, in order to receive the severance payments specified below. The amount of compensation payable to each such executive in each situation is listed in the tables below, and is calculated assuming that the applicable event (termination for the reasons specified below or a change in control) occurred on December 31, 2007.

Mr. Dunkerley.

The following table describes and quantifies the estimated payments and benefits (in addition to accrued but unpaid base salary and bonus and vested benefits pursuant to the Company's employee benefits plans) that would be provided upon termination or a change in control of the Company as of December 31, 2007 for Mr. Dunkerley. Mr. Dunkerley is bound by the terms of the noncompetition provisions of his employment agreement for a period of 12 months following the effective date of his termination of employment with the Company.

- (1) Mr. Dunkerley's employment agreement provides him with severance payments in a lump sum of \$2,500,000 and continued payment for life, disability and medical benefits and continued travel benefits for the remainder of the term of his agreement (through November 8, 2010) upon (1) termination of employment by the Company without "Cause" (2) termination of employment by Mr. Dunkerley for "Good Reason," and (3) termination following a failure of the Company to offer Mr. Dunkerley a new employment agreement on terms comparable in all material respects with his current employment agreement within 6 months prior to the expiration of the term of his current agreement. Mr. Dunkerley's continued insurance premiums and travel benefits are calculated based on the Company's fiscal 2007 expense for such benefits. Under Mr. Dunkerley's employment agreement: (a) "Cause" means (i) a material breach by Mr. Dunkerley of his obligations under Mr. Dunkerley's employment agreement, after Mr. Dunkerley has been given written notice specifying the breach and has been provided a thirty day opportunity to cure, including, without limitation, willful neglect of Mr. Dunkerley's duties or Mr. Dunkerley's willful failure (other than any such failure resulting from the termination of Mr. Dunkerley's employment for death, disability, retirement or "Good Reason") to implement or adhere to policies established by, or directives of, the Board of

Directors, (ii) Mr. Dunkerley is convicted of, or pleads guilty or no contest to a felony, or written evidence is presented to the Board of Directors that Mr. Dunkerley engaged in a crime that may have an adverse impact on the Company's reputation and standing in the community, and (iii) Mr. Dunkerley has committed fraud in connection with the business affairs of the Company, regardless of whether such conduct is designed to defraud the Company or others; and (b) "Good Reason" means (i) the assignment to Mr. Dunkerley of any duties that are materially inconsistent with, or reflect a material reduction of, Mr. Dunkerley's powers and responsibilities, or a change of Mr. Dunkerley's reporting responsibilities, or a negative change of Mr. Dunkerley's title and responsibilities, (ii) the Company's material breach of any of the provisions of Mr. Dunkerley's employment agreement, or a material change in the conditions of Mr. Dunkerley's employment, including, without limitation, a failure by the Company to provide Mr. Dunkerley with incentive compensation and benefit plans that provide comparable benefits and amounts as such type of programs in effect as of the effective date of Mr. Dunkerley's employment agreement as provided to other Company executive officers, (iii) the relocation of the Company's principal executive offices to a location outside of the Honolulu area or the Company's requiring that Mr. Dunkerley be based anywhere other than the Company's principal executive offices, except for travel on Company business to an extent substantially consistent with Mr. Dunkerley's position and responsibilities, (iv) a Change in Control of the Company (as defined in note 4 below) or (v) a failure by the Company to maintain Directors' and Officers' insurance as set forth in Mr. Dunkerley's employment agreement.

(2) The Company is self-insured with respect to the life insurance covering Mr. Dunkerley. The Company will be required to pay \$300,000 in a lump sum in the event of Mr. Dunkerley's death.

(3) Pursuant to Mr. Dunkerley's employment agreement, he is entitled to participate in the Company's executive long-term disability plan, pursuant to which, if Mr. Dunkerley's employment were terminated as a result of his disability on December 31, 2007, Mr. Dunkerley would be entitled to a supplemental disability benefit of up to \$11,000 per month, as described in the Compensation Discussion and Analysis section above.

(4) In the event of a "Change in Control," Mr. Dunkerley has the right, on written notice to the Company given at any time within sixty days after such "Change of Control," to elect to terminate his employment with the Company, which termination will be deemed a termination by Mr. Dunkerley for "Good Reason." The dollar value in the table assume that Mr. Dunkerley has elected to terminate his employment for "Good Reason" on December 31, 2007.

Under Mr. Dunkerley's employment agreement, a "Change in Control" means any of the following (a) any person or persons acting together that would constitute a "group" for purposes of Section 13(d) of the Securities Exchange Act of 1934, beneficially own 30% or more of the total voting power of the stock of the Company entitled to vote for the Board of Directors (the "Voting Stock") or economic interests in the Company, (b) the sale, transfer, assignment or other disposition (including by merger or consolidation) by the stockholders of the Company, in one transaction or a series of related transactions, with the result that the beneficial owners of the Voting Stock of or economic interests in the Company immediately prior to the transaction (or series) do not, immediately after such transaction (or series) beneficially own Voting Stock representing more than 50% of the voting power of all classes of Voting Stock of the Company or any successor entity of the Company or economic interests in the Company representing more than 50% of the economic interests in the Company or any successor entity of the Company; (c) the approval by the stockholders of the Company of any sale or other transfer (in one or a series of transactions) of all or substantially all of the assets of the Company, (d) the dissolution or liquidation of the Company or (e) a change in the composition of the Board of Directors, as a result of which, fewer than one-half of the incumbent directors (without including directors who are appointed as part of the union contract) are directors who either (i) had been directors, other than directors who are appointed as part of the union contract, of the Company on the effective date of Mr. Dunkerley's employment agreement

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

(the "Original Directors") or (ii) were elected, or nominated for election, to the Board of Directors with the affirmative votes of at least a majority of the aggregate of the Original Directors who were still in office at the time of the election or nomination or directors whose election or nomination was previously so approved.

- (5) Pursuant to Mr. Dunkerley's employment agreement, if Mr. Dunkerley's employment is terminated as a result of his death, disability, by the Company without "Cause" or by Mr. Dunkerley for "Good Reason," Mr. Dunkerley shall be entitled to receive a performance/incentive bonus for services rendered during the year in which Mr. Dunkerley's employment is terminated. The dollar value in the table represents the bonus earned by Mr. Dunkerley for fiscal 2007.
- (6) Pursuant to Mr. Dunkerley's employment agreement, all unvested equity benefits granted to Mr. Dunkerley become immediately fully vested and/or exercisable upon a termination without "Cause" or "Good Reason" or upon a change in control of the Company, provided that, Mr. Dunkerley's restricted stock will only vest upon a change in control if the Company's stockholders receive at least \$6.50 per share. Regarding stock options, the dollar values in the table assume that the benefit of acceleration of stock options equals the difference between the closing sales price of the Company's Common Stock on December 31, 2007 (\$5.10) and the exercise price of the unvested awards, multiplied by the number of shares of Common Stock underlying the unvested options held by Mr. Dunkerley at December 31, 2007. Regarding restricted stock and DSUs, the dollar values in the table are calculated by multiplying the closing sales price of the Company's Common Stock on December 31, 2007 (\$5.10) by the number of shares of Common Stock underlying the unvested restricted stock and DSUs held by Mr. Dunkerley at December 31, 2007. (For purposes of this calculation, it is assumed that all of Mr. Dunkerley's restricted stock will vest upon a change in control.)
- (7) Pursuant to the Company's executive long-term disability plan, Mr. Dunkerley would be eligible for a benefit of up to \$11,000 per month until he reaches age 65. The Company's payments would be subject to reduction for other disability benefits received by Mr. Dunkerley during such period.
- (8) Mr. Dunkerley's 50,000 DSUs are payable on the earlier of his death or disability, a change in control of the Company, or January 2, 2008.
- (9) Mr. Dunkerley is entitled to additional compensation in the event his change in control payments result in an excise tax under Section 4999 of the Code (imposing an excise tax on "excess parachute payments," as defined in Section 280G of the Code). The amount of such additional compensation is the amount necessary to put Mr. Dunkerley in the financial position he would be in if no such excise tax were imposed, based upon a hypothetical change in control on December 31, 2007.

Mr. Ingram.

The following table describes and quantifies the estimated payments and benefits (in addition to accrued but unpaid base salary and bonus and vested benefits pursuant to the Company's employee benefits plans) that would be provided upon termination or a change in control of the Company as of December 31, 2007 for Mr. Ingram. Mr. Ingram's receipt of any severance payments below is subject to his execution and non-revocation of a general release and waiver of claims against the Company. Mr. Ingram

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

is bound by the terms of the noncompetition provisions of his employment agreement for a period of 12 months following the effective date of his termination of employment with the Company.

Benefits and Payments	Termination			
	Without Cause(1)	Death	Disability(2)	Change in Control(3)
Lump Sum Payment	\$ 330,000	\$	\$	\$
Stock Options (Accelerated Vesting)				117,666
Insurance Proceeds			3,080,000	
Total	\$ 330,000	\$	\$ 3,080,000	\$ 117,666

- (1) Mr. Ingram's employment agreement provides him with a lump sum severance payment upon termination of employment by the Company without "Cause" equal to his current annual base salary. Under Mr. Ingram's employment agreement, "Cause" means (i) a material breach of the agreement by Mr. Ingram, including without limitation, repeated neglect of Mr. Ingram's duties, Mr. Ingram's repeated material lack of diligence and attention in performing services as provided in the agreement, or Mr. Ingram's repeated failure to implement or adhere to Company policies, in each case after notice to Mr. Ingram stating the reason for such breach and providing Mr. Ingram thirty (30) days opportunity to cure, (ii) commission of a crime (other than a petty offense or traffic violation) that has a material adverse impact on the Company's reputation and standing in the community, (iii) fraudulent conduct in connection with the business affairs of the Company, regardless of whether such conduct is designed to defraud the Company or others, (iv) conduct in material violation of the Company's corporate compliance rules, practices, procedures and ethical guidelines and (v) material violation(s) of the Company's *House Rules* (as defined in the agreement).
- (2) Pursuant to Mr. Ingram's employment agreement, he is entitled to participate in the Company's executive long-term disability plan, pursuant to which, if Mr. Ingram's employment were terminated as a result of his disability on December 31, 2007, Mr. Ingram would be entitled to a supplemental disability benefit of up to \$11,000 per month, as described in the Compensation Discussion and Analysis section above.
- (3) Pursuant to Mr. Ingram's stock option agreements, all unvested options granted to Mr. Ingram become immediately fully vested and exercisable upon a "Change in Control" of the Company. Regarding stock options, the dollar values in the table assume that the benefit of acceleration of stock options equals the difference between the closing sales price of the Company's Common Stock on December 31, 2007 (\$5.10) and the exercise price of the unvested awards, multiplied by the number of shares of Common Stock underlying the unvested options held by Mr. Ingram at December 31, 2007.
- Under the Company's stock option agreements with named executive officers (other than Mr. Dunkerley), a "Change in Control" means any of the following (a) the acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934 (the "Exchange Act")), other than by an employee benefit plan or in certain restructurings or combinations that do not affect the effective control of the Company by the stockholders immediately prior thereto, of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of more than 50% of the combined voting power of the voting securities of the Company entitled to vote generally in the election of directors (the "Voting Securities"); (b) the occurrence of a reorganization, merger or consolidation, other than a reorganization, merger or consolidation with respect to which all or substantially all of the individuals and entities who were the beneficial owners, immediately prior to such reorganization, merger or consolidation, of the Common Stock and Voting Securities beneficially own, directly or indirectly, immediately after such reorganization, merger or consolidation 50% or more of the then outstanding

common stock and voting securities (entitled to vote generally in the election of directors) of the corporation resulting from such reorganization, merger or consolidation in substantially the same proportions as their respective ownership, immediately prior to such reorganization, merger or consolidation, of the Common Stock and Voting Securities; (c) the occurrence of (i) a complete liquidation or substantial dissolution of the Company, or (ii) the sale or other disposition of all or substantially all of the assets of the Company, in each case other than to a subsidiary, wholly-owned, directly or indirectly, by the Company or to a holding company of which the Company is a direct or indirect wholly owned subsidiary prior to such transaction; or (d) during any period of twelve (12) consecutive months, the individuals at the beginning of any such period who constitute the Board and any new director (other than a director designated by a person or entity who has entered into an agreement with the Company or other person or entity to effect a transaction described above) whose election by the Board or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors at the beginning of any such period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority of the Board.

Special Preferred Stock

The IAM, the AFA and the ALPA hold one share of Series B Special Preferred Stock, Series C Special Preferred Stock and Series D Special Preferred Stock, respectively, that entitle each Union to nominate one director. The Special Preferred Stock Designees are not elected by the holders of the Common Stock, and their election is, accordingly, not to be considered at the Annual Meeting. The Unions previously had nominated representatives to the Board of Directors, which nominees had been elected to the Board of Directors. On January 31, 2004, the persons nominated by the Unions to serve on the Board of Directors resigned from the Board of Directors. On September 29, 2005, the Board of Directors appointed the ALPA's nominee to the Board of Directors, on November 16, 2005 the Board of Directors appointed the AFA's nominee to the Board, and on May 31, 2006 the Board of Directors appointed the IAM's nominee to the Board of Directors. Each Union, as a holder of Special Preferred Stock, has the right to designate a nominee to fill a vacancy on the Board of Directors caused by the removal, resignation or death of a director whom such holder is entitled to nominate pursuant to our Amended By-laws. If such vacancy is not filled by the Board of Directors within 30 days of such nomination, such vacancy may be filled by the written consent of the applicable holder of Special Preferred Stock. In addition to the rights described above, each series of the Special Preferred Stock, unless otherwise specified: (1) ranks senior to the Common Stock and ranks pari passu with each other such series of Special Preferred Stock with respect to the liquidation, dissolution and winding up of the Company and will be entitled to receive \$0.01 per share before any payments are made, or assets distributed to holders of any stock ranking junior to the Special Preferred Stock; (2) has no dividend rights unless a dividend is declared and paid on the Common Stock, in which case the Special Preferred Stock would be entitled to receive a dividend in an amount per share equal to two times the dividend per share paid on the Common Stock; (3) is entitled to one vote per share of such series and votes with the Common Stock as a single class on all matters submitted to holders of the Common Stock; and (4) automatically converts into the Common Stock on a 1:1 basis at such time as such shares are transferred or such holders are no longer entitled to nominate a representative to our Board of Directors pursuant to their respective collective bargaining agreements.

Changes In Control

We are not aware of any arrangement that might result in a change in control in the future.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Person Transactions

We review all relationships and transactions in which the Company and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. The Company's legal staff is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether the Company or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in the Company's proxy statement. In addition, the Governance and Nominating Committee monitors and reviews any issues regarding the "independence" of directors or involving potential conflicts of interest, and evaluates any change of status or circumstance with respect to a director and determines the propriety of the director's continued service in light of that change.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors reviews the Company's financial reporting process, its system of internal controls, its audit process and its process for monitoring compliance with laws and regulations. Each of the Audit Committee members satisfies the definition of independent director as established in the AMEX listing standards and applicable SEC regulations. All members are financially literate and at least one member of the Audit Committee has accounting or related financial management expertise, as that term is used in applicable SEC regulations, and is financially sophisticated, as that term is used in the AMEX listing standards. The Board of Directors has determined that Mr. Anderson meets the SEC's criteria for Audit Committee financial experts.

The Audit Committee has reviewed the audited financial statements of the Company and discussed such statements with management. The Audit Committee has discussed with Ernst & Young LLP ("Ernst & Young"), the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees AU Section 380), as currently in effect.

The Audit Committee received from Ernst & Young the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed with Ernst & Young its independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, and be filed with the SEC. The Audit Committee also appointed Ernst & Young to serve as the Company's independent registered public accounting firm for the year 2008.

This report of the Audit Committee shall not be deemed to be soliciting material or incorporated by reference by any general statement incorporating by reference the proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically requests that this information be treated as soliciting material or specifically incorporates this information by reference, nor shall it be deemed filed under such Acts.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Ernst & Young as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008. The Company's financial statements for the 2007 fiscal year were audited and reported upon by Ernst & Young.

Representatives of Ernst & Young will be present at the Annual Meeting and will be available to respond to appropriate questions from stockholders and make a statement should they so desire.

The amounts set forth below include all fees paid to Ernst & Young for services provided to the Company during 2007 and 2006.

Audit Fees

Fees for audit services rendered by Ernst & Young to the Company totaled \$1.8 million and \$2.6 million for 2007 and 2006, respectively. Audit fees consist primarily of fees for the audits of our consolidated financial statements and the financial statements of Hawaiian, the audit of our internal control over financial reporting, the review of the interim condensed consolidated financial statements included in our quarterly reports, attestation services required by statute or regulation, consents, assistance with and review of documents filed with the SEC, work performed by tax professionals in connection with the audits and quarterly reviews, and accounting and financial reporting consultations and research work necessary to comply with generally accepted auditing standards. All of the foregoing services rendered by Ernst & Young were pre-approved by the Audit Committee.

Audit Related Fees

Fees for audit-related services rendered by Ernst & Young to the Company totaled \$0.2 million and \$0.1 million in 2007 and 2006, respectively, consisting entirely of fees for the audit of Hawaiian's employee benefit plans and for certain services provided in 2007 for proposed corporate transactions. All of the foregoing services rendered by Ernst & Young were pre-approved by the Audit Committee.

Tax Fees

Fees for tax services rendered by Ernst & Young to the Company totaled \$0.1 million and \$0.5 million in 2007 and 2006, respectively. Tax fees consist primarily of fees for the preparation of federal and state tax returns, review of tax returns prepared by the Company, assistance in assembling data to respond to governmental reviews of past tax filings, and tax advice, exclusive of tax services rendered in connection with the audits. All of the foregoing services rendered by Ernst & Young were pre-approved by the Audit Committee.

Other Fees

Fees for other services rendered by Ernst & Young to the Company in 2007 were de minimus (i.e., less than \$5,000) and related to services provided in connection with certain legal matters. Ernst & Young did not provide any professional services during fiscal 2007 and 2006 other than those described under the captions "Audit Fees," "Audit-Related Fees" and "Tax Fees."

Audit Committee Pre-Approval Policies

The Audit Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy, whereby it may pre-approve the provision of services to us by the independent auditors. The policy of the Audit Committee is to pre-approve the audit, audit-related, tax and non-audit services to be performed during the year on an annual basis, in accordance with a schedule of such services approved by the Audit Committee. The annual audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. Audit-related services and tax services to be provided by the

auditors will be subject to general pre-approval by the Audit Committee. The Audit Committee may grant specific case-by-case approval for permissible non-audit services. The Audit Committee will establish pre-approval fee levels or budgeted amounts for all services to be provided on an annual basis. Any proposed services exceeding those levels or amounts will require specific pre-approval by the Audit Committee. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee, who will report any such pre-approval decisions to the Audit Committee at its next scheduled meeting.

OTHER MATTERS

We know of no other matters to come before the Annual Meeting other than those stated in the Notice of the Annual Meeting. To date, we have not received any stockholder proposals. However, if any other matters are properly presented to the stockholders for action, it is the intention of the proxyholders named in the enclosed proxy to vote in their discretion on all matters on which the shares represented by such proxy are entitled to vote.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our Common Stock and other equity securities. Such persons are also required to provide us with copies of all such reports filed with the SEC. Based solely upon the information supplied to us by these persons, we are required to report any known failure to file these reports within the specified period. To our knowledge, based solely upon a review of the Section 16(a) reports furnished to us and the written representations of these reporting persons, these persons complied with all filing requirements in a timely fashion for fiscal year 2007, except that Mr. Bert T. Kobayashi did not timely file a Form 4 in connection with stock option grants on May 30, 2007, and Ms. Barbara Falvey and Mr. Hoyt Zia did not timely file their Form 3. Such reports were subsequently filed.

STOCKHOLDER PROPOSALS

Our Secretary must receive written notification of any proposal that a stockholder submits for inclusion in our proxy statement and proxy for the 2009 annual meeting of stockholders by no later than December 15, 2008, in accordance with the provisions of Rule 14a-8 under the Exchange Act. In accordance with our Amended By-Laws, such written notice must set forth: (A) as to each person, if any, whom such stockholder proposes to nominate for election as a director (i) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to and in accordance with Regulation 14A under the Exchange Act and (ii) such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; (B) as to any other business that such stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and in the event that such business includes a proposal to amend the Amended By-laws, the language of the proposed amendment), the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (C) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such stockholder, as they appear on the Company's books, and of such beneficial owner, (ii) the class and number of shares of capital stock of the Company which are owned beneficially and of record by such stockholder and such beneficial owner, (iii) a representation that such stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose such business or

nomination, (iv) a representation that such stockholder intends to continue to hold, through the date of the 2009 annual meeting of stockholders, the requisite amount of the Company's securities entitled to be voted on the proposal at the annual meeting pursuant to Rule 14a-8(b)(1) under the Exchange Act, and (v) a representation whether such stockholder or the beneficial owner, if any, or is part of a group which intends (x) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to approve or adopt the proposal or elect the nominee and/or (y) otherwise to solicit proxies from stockholders in support of such proposal or nomination.

In accordance with our Amended By-Laws, for a matter not included in our proxy materials to be properly brought before the 2009 annual meeting of stockholders, the written notice described above must be delivered to our Secretary at the principal executive offices of the Corporation not less than 90 nor more than 120 days prior to the first anniversary of the 2008 Annual Meeting. Accordingly, any notice given by or on behalf of a stockholder pursuant to these provisions of our Amended By-Laws (and not pursuant to the SEC's Rule 14a-8) must be received by no later than the close of business on February 19, 2009 and no earlier than January 20, 2009; provided, however, that in the event that the date of the 2009 annual meeting is earlier than April 20, 2009 or later than July 29, 2009, notice by such stockholder must be so delivered to our Secretary not earlier than the close of business on the one hundred twentieth (120th) day prior to the 2009 Annual Meeting and not later than the close of business on the later of the ninetieth (90th) day prior to the 2009 annual meeting or the tenth (10th) day following the day on which public announcement of the date of such meeting is first made by the Company.

If a stockholder submits a proposal for the 2009 annual meeting of stockholders other than in accordance with Rule 14a-8 and that stockholder does not provide notice of such proposal to us by February 19, 2009 (unless such date has been extended as set forth above), the holders of any proxy solicited by the Board of Directors for use at that meeting will have discretionary authority to vote on that proposal without a description of that proposal in our proxy statement for that meeting.
