Consolidated Communications Holdings, Inc.

Our Company

We are a regional communications service provider offering a wide range of communications services in consumer, commercial, and carrier channels in California, Illinois, Iowa, Kansas, Minnesota, Missouri, North Dakota, Pennsylvania, South Dakota, Texas, and Wisconsin. Depending on the market, we operate as either the Incumbent Local Exchange Carrier ("ILEC") or as a Competitive Local Exchange Carrier ("CLEC"). We offer an array of integrated communications services to residential and business customers, including: high-speed broadband Internet access, video services, local and long distance service, Voice over Internet Protocol ("VoIP") and custom calling features. Additionally, services to our business customers also include private line services, carrier grade access services, network capacity services over our regional fiber optic networks, data center and managed services, directory publishing, cloud services, and equipment sales. We deliver these services over our technologically advanced broadband network which gives us the ability to deliver high-quality communications services in all of the markets we serve. We have made significant investments in our technologically advanced telecommunications networks and continue to enhance and expand our network by deploying technologies to provide additional capacity to our customers. We believe our investment to extend our fiber network closer, and in select cases directly to, the customer premises enables us to provide our customers with innovative solutions that meet their bandwidth and service quality requirements. We also own minority equity interests in five wireless partnerships with Verizon Wireless that overlap with our ILEC and CLEC service markets. We were organized in 2002 and are the successor to businesses engaged in providing telecommunications services since 1894.

As of June 30, 2015, we had 1,064,639 total connections, including 493,540 voice connections, 448,944 data connections and 122,155 video connections.

Our Competitive Strengths

Technologically Advanced Network

We have made significant investments, building technologically-advanced telecommunications networks. As a result, we are able to deliver high-quality, reliable data, video and voice services in the markets we serve. Our wide-ranging network and extensive use of fiber provide an easy reach into existing and new areas. By bringing the fiber network closer to the customer premises, we can increase our service offerings, quality and bandwidth services. Our existing network enables us to efficiently respond and adapt to changes in technology and is capable of supporting the rising customer demand for bandwidth in order to support the growing amount of wireless data devices in the home.

Our internet protocol ("IP") backbone network provides a high-quality, flexible platform that allows us to deliver broadband applications to our customers at both competitive speeds and prices. Our existing network supports the delivery of standard and IPTV services to approximately 75% of the homes in our market. We have deployed an extensive MPLS (multi-protocol label switching) core network that is highly scalable in order to more efficiently deliver Metro- Ethernet, VoIP services and other additional IP services.

Table of Contents

Our networks are supported by advanced 100% digital switches, with a fiber network connecting in all but one of our exchanges. We continue to enhance our copper network to increase bandwidth in order to provide additional products and services to our marketable homes. In addition to our copper plant enhancements, we have deployed fiber-optic cable extensively throughout our network, resulting in a 100% fiber backbone network that supports all of the inter-office and host-remote links, as well as the majority of business parks within our ILEC and CLEC service areas. In addition, this fiber infrastructure provides the connectivity required to provide video service, Internet and long-distance services to all Consolidated residential and enterprise customers. Our fiber network utilizes fiber-to-the-home ("FTTH") and fiber-to-the-node ("FTTN") networks to offer bundled residential and commercial services.

In our CLEC markets, we operate fiber networks which we own or have entered into long-term leases for fiber network access. Our CLEC's operate approximately 7,200 route-miles of fiber, which includes approximately 4,200 miles of fiber network in Minnesota and surrounding areas, 2,000 miles of fiber network in Texas, approximately 600 route-miles of fiber-optic facilities in the Pittsburgh metropolitan area, approximately 350 route-miles of fiber optic facilities in California that cover large parts of the greater Sacramento metropolitan area and over 60 route-miles of fiber optic facilities in Kansas City that service the greater Kansas City area including both Kansas and Missouri. Our CLEC operations provide both residential and commercial services. Residential service includes VoIP, data and video service. For commercial services, we sell competitive wholesale capacity on our fiber network to other carriers, wireless providers, CLECs and large commercial customers. We also provide carrier hotel space and data center space in the various markets we serve. In all the markets we serve, we have launched initiatives to support fiber backhaul services to cell sites. As of June 30, 2015, we had 1,124 cell sites under contract with 865 connected and approximately 180 scheduled for completion in 2015.

Attractive Markets

The geographic areas we serve are characterized by a balanced mix of growing suburban areas and stable, rural territories. Our ILECs in central Illinois, Texas, Pennsylvania, California, Minnesota and Iowa have an established brand associated with, and reputation for, providing high quality communications services and responsive, local customer service.

Our rural markets are characterized by low population and business employment growth, low customer density and are predominately residential. Our rural markets include central Illinois, Lufkin, Texas, south-central Minnesota, specifically Mankato, Minnesota, and in northwest Iowa.

Our suburban markets are characterized by above-average population and business employment growth, higher customer density, high average householder income and a balanced mix between residential and business customers. Our suburban markets include Conroe and Katy, Texas markets (suburbs of the Houston metropolitan area), Roseville, California (suburb of the Sacramento metropolitan area), Gibsonsia, Pennsylvania (suburb of Pittsburgh metropolitan area), and Johnson County, Kansas with cities such as Lenexa, Overland Park and Shawnee (suburbs of Kansas City).

Given the greater number of business customers operating near our suburban ILEC territories, we will leverage our broadband networks and established brand identity of high quality service to provide communication services primarily targeting businesses customers in adjacent territories to our ILEC footprint in Pennsylvania, California and the greater Kansas City, Kansas and Missouri areas. We also provide competitive services in the regions of northern Minnesota and the Minneapolis-Saint Paul metropolitan area, southern Minnesota, Des Moines, Iowa and Fargo, North Dakota. We will continue to invest in our CLEC operations for opportunities that present attractive financial returns on our investment.

Table of Contents

Product Offerings

We are able to leverage our technologically advanced networks and long-standing relationship with our customers to introduce new products and services to the market. We market services to our residential customers either individually or as a bundled package. Our "triple play" bundle includes our voice, video and data services. Data and Internet connections continue to increase as a result of consumer trends toward increased Internet usage and our enhanced product and service offerings, such as our progressively increasing consumer data speeds. We introduced data speeds of up to 1 Gbps to approximately 20,000 of our fiber-to-the-home customers in our Kansas market in December 2014, our Texas market in the first quarter of 2015 and a limited portion of our Pennsylvania market in December 2014, with our California market to follow in late 2015 and 2016. Where 1 Gbps speeds are not yet offered, the maximum broadband speed is 100 Mbps, depending on the geographic market availability. As of June 30, 2015, approximately 29% of the homes in the areas we serve subscribe to our data service.

We tailor our services to business customers by developing solutions to fit their specific needs, providing services to a wide range of commercial enterprises from sole proprietors and other small businesses to multi-location corporations and telecommunications carriers. Our business suite of services include local and long distance calling plans, hosted voice services using cloud network servers, the added capacity for multiple phone lines, scalable broadband Internet, online back-up, business directory listings, and equipment sales.

For larger businesses, we offer data services including dedicated Internet access through our Metro Ethernet network. Wide Area Network ("WAN") products include point-to-point and multi-point deployments from 2.5 Mbps to 10 Gbps, accommodating the growth patterns of our business customers. Our data centers provide redundant, scalable bandwidth over a self-healing fiber-optic backbone that is protected by uninterrupted power supplies and generator back-ups with direct connection to broadband. We also offer wholesale services to regional and national interexchange and wireless carriers, including cellular backhaul and other fiber transport solutions.

Experienced Management Team with Proven Track Record

On average our management team has more than 25 years of experience in both regulated and non-regulated telecommunications businesses. Our management team has demonstrated that it can deliver profitable growth while providing high levels of customer satisfaction. Specifically, our management team has a proven track record of:

Providing superior quality services to rural customers in a regulated environment;

Launching and growing new services, such as high speed internet services and TV Everywhere;

Managing CLEC and complementary businesses, such as transport, business systems and directory publishing; and

Implementing successful business acquisitions and integrations.

Business Strategy

Diversify Revenues and Increase Revenues per Customer

We continue to transform our business and diversify our revenue streams as we adapt to changes in the regulatory environment and advances in technology. As a result of acquisitions, our wireless partnerships and increases in the consumer and commercial demand for data services, we continue to reduce our reliance on subsidies and access revenue. Utilizing our existing network and strategic network expansion initiatives, we are able to acquire and serve a more diversified business customer base and create new long-term revenue streams such as wireless carrier backhaul services. We will

Table of Contents

continue to focus on growing our broadband and commercial services through the expansion and extension of our fiber network to communities and corridors near our primary fiber routes where we believe we can offer competitive services and increase market share.

We continue to focus on increasing our revenue per customer, primarily by improving our data and market penetration, by increasing the sale of other value-added services and by encouraging customers to subscribe to our service bundles, higher data speeds, and additional products and services to our commercial customers.

Improve Operating Efficiency

We continue to seek to improve operating efficiency through technology, better practices and procedures and through cost containment measures. Our current focus is on the integration of Enventis into our existing operations and creating operating synergies for the combined company. In recent years, we have made significant operational improvements in our business through the centralization of work groups, processes and systems, which has resulted in significant cost savings and reductions in headcount. Because of these efficiencies, we are better able to deliver a consistent customer experience, service our customers in a more cost-effective manner and lower our cost structure. We continue to evaluate our operations in order to align our cost structure with operating revenues while continuing to launch new products and improve the overall customer experience.

Maintain Capital Expenditure Discipline

Across all of our service territories, we have successfully managed capital expenditures to optimize returns through disciplined planning and targeted investment of capital. For example, investments in our networks allows significant flexibility to expand our commercial footprint, offer new service offerings and provide services in a cost-efficient manner while maintaining our reputation as a high-quality service provider. We will continue to invest in strategic growth initiatives to expand our fiber network to new markets and customers in order to optimize new business, backhaul and wholesale opportunities.

Pursue Selective Acquisitions

We have in the past taken, and expect to continue to take in the future, a disciplined approach in pursuing company acquisitions. When we evaluate potential transactions, important factors include:

The market;

The quality of the network;

The ability to integrate the acquired company efficiently;

Existence of significant potential operating synergies; and

The transaction will be cash flow accretive from day one.

We believe all of the above criteria were met in connection with the Enventis acquisition. In the long term, we believe that the Enventis acquisition gives us additional scale and better positions us financially, strategically and competitively to pursue additional acquisitions.

Please see page 24 for a reconciliation of EBITDA, which is a non-GAAP financial measure, to net income. The Company, which is the Issuer of the Original Notes, is a wholly-owned subsidiary of Consolidated and is the parent of all of Consolidated's operating subsidiaries. The principal executive offices of the Company are located at 121 South 17th Street, Mattoon, Illinois 61938.

The Exchange Offer

On September 18, 2014, Consolidated Communications Finance II Co. ("Finance Co."), a wholly-owned subsidiary of the Company, completed the offering (the "Initial Offering") of \$200.0 million aggregate principal amount of the Original Notes (the "Initial Notes"). On October 16, 2014, Finance Co. merged with and into the Company, and the Company succeeded Finance Co. as the obligor under the Initial

of the Original Notes were sold to qualified institutional buyers in accordance with Rule 144A under the Securities Act and outside the United States only to non-U.S. persons in accordance with Regulation S under the Securities Act. In addition, some Original Notes were sold to "accredited investors" (as defined in Rule 501 under the Securities Act). As part of each of the Initial Offering and the Additional Offering, we entered into separate registration rights agreements with the respective initial purchasers of the Original Notes in which we agreed, among other things, to deliver this prospectus and to complete an exchange offer for the Original Notes, under certain circumstances, if the restrictive legend initially contained on the New Notes has not been removed and any Original Notes are not freely transferable by non-affiliates pursuant to Rule 144 under the Securities Act as of the 366th day after the date the Initial Notes (September 18, 2015) were issued. The summary below describes the principal terms of the exchange offer. The section of this prospectus entitled "The Exchange Offer" contains a more detailed description of the terms and conditions of the exchange offer.

Securities Offered

Up to \$500.0 million aggregate principal amount of 6.50% Senior Notes due 2022 which have been registered under the Securities Act, which we refer to as the "Exchange Notes". The form and terms of the Exchange Notes are identical in all material respects to those of the Original Notes. The Exchange Notes, however, will not contain transfer restrictions and registration rights applicable to the Original Notes.

The Exchange Offer

The Company is offering to exchange \$1,000 principal amount of the Exchange Notes for each \$1,000 principal amount of outstanding Original Notes. In order to be exchanged, an Original Note must be properly tendered and accepted. All Original Notes that are validly tendered and not validly withdrawn will be exchanged. As of the date of this prospectus, there are \$500.0 million in aggregate principal amount of the Original Notes outstanding. The Company will issue Exchange Notes promptly after the expiration of the exchange offer.

Resales

We are registering the exchange offer in reliance on the position enunciated by the staff of the SEC in Exxon Capital Holdings Corp., SEC No-Action Letter (May 13, 1988), Morgan Stanley & Co, Inc., SEC No-Action Letter (June 5, 1991), and Shearman & Sterling, SEC No-Action Letter (July 2, 1993). Based on interpretations by the staff of the SEC, as set forth in these no-action letters issued to third parties not related to us, we believe that the Exchange Notes issued in the exchange offer may be offered for resale, resold or otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act as long as:

you are acquiring the Exchange Notes in the ordinary course of your business;

you are not engaged in, and do not intend to engage in, and have no arrangement or understanding with any person to participate in, the distribution of the Exchange Notes; and

you are not our affiliate.

Substantially all of the Original Notes are held in book-entry form through The Depository Trust Company ("DTC"). If you are a broker, dealer, commercial bank, trust company or other owner that holds Original Notes in book-entry form through DTC for your own account and you wish to accept the exchange offer, you must tender such Original Notes through DTC's automated tender offer program. If you are an owner of Original Notes that are held in book-entry form by a broker, dealer, commercial bank, trust company or other nominee on your behalf and you wish to accept the exchange offer, you must contact the broker, dealer, commercial bank, trust company or other nominee through which you own your Original Notes and instruct such nominee to tender on your behalf through DTC's automated tender offer program.

See "The Exchange Offer Procedures for Tendering".

By tendering your Original Notes, you will be deemed to represent to us, among other things, (1) that you are, or the person or entity receiving the Exchange Notes is, acquiring the Exchange Notes in the ordinary course of business, (2) that neither you nor any such other person or entity are engaged in, or intend to engage in, or has any arrangement or understanding with any person to participate in, the distribution of the Exchange Notes within the meaning of the Securities Act and (3) that neither you nor any such other person or entity is our affiliate within the meaning of Rule 405 under the Securities Act.

Because substantially all of the Original Notes are held in book-entry form, we have not provided guaranteed delivery procedures.

Contemporaneously with the Initial Offering and the Additional Offering of the Original Notes, we entered into separate registration rights agreements with the initial purchasers of the Original Notes pursuant to which we agreed, among other things, (1) to consummate an exchange offer under certain circumstances, if the restrictive legend initially contained on the Original Notes have not been removed and any Original Notes are not freely transferable by non-affiliates pursuant to Rule 144 under the Securities Act as of the 366th day after the date the Initial Notes (September 18, 2015) were issued, and (2) if required, to have a shelf registration statement declared effective with respect to resales of the Original Notes. This exchange offer is intended to satisfy our obligations set forth in the registration rights agreements. After the exchange offer is complete, except in limited circumstances with respect to specific types of holders of Original Notes, we will have no further obligation to provide for the registration under the Securities Act of such Original Notes. See the section entitled "The Exchange Offer."

Federal Income Tax Considerations	The exchange pursuant to the exchange offer will generally not be a taxable event for U.S. federal income tax purposes. For more details, see the section entitled "The Exchange Offer Tax Consequences of the Exchange Offer."
Consequences of Failure to Exchange	If you do not exchange the Original Notes, they will remain entitled to all the rights and preferences and will continue to be subject to the limitations contained in the indenture governing the Original Notes. However, following the exchange offer, except in limited circumstances with respect to specific types of holders of Original Notes, we will have no further obligation to provide for the registration under the Securities Act of such Original Notes.
Absence of an Established Market for the Notes	The Exchange Notes will be a new class of securities for which there is currently no market. We do not intend to apply for listing of the Exchange Notes on any securities exchange or for quotation of such notes. Although we understand that the initial purchaser of the Original Notes intends to make a market in the Exchange Notes, they are not obligated to do so, and may discontinue market-making activities at any time without notice. Accordingly, we cannot assure you that a liquid market for the Exchange Notes will develop or be maintained.
Use of Proceeds	We will not receive any proceeds from the exchange offer. For more details, see the "Use of Proceeds" section.
Exchange Agent	Wells Fargo Bank, National Association is serving as the exchange agent in connection with the exchange offer. The address, telephone number and facsimile number of the exchange agent are listed under the heading "The Exchange Offer Exchange Agent."

The Exchange Notes

The form and terms of the Exchange Notes are the same as the form and terms of the Original Notes for which they are being exchanged, except that the Exchange Notes will be registered under the Securities Act. As a result, the Exchange Notes will not bear legends restricting their transfer and will not have provisions providing for the benefit of the registration rights or the obligation to pay additional interest because of our failure to register the Exchange Notes and complete this exchange offer as required. The Exchange Notes represent the same debt as the Original Notes for which they are being exchanged. Both the Original Notes and the Exchange Notes are governed by the same indenture. The summary below describes the principal terms of the Exchange Notes. Certain of the terms and conditions described below are subject to important limitations and exceptions. The "Description of the Notes" section of this prospectus contains a more detailed description of the terms and conditions of the Exchange Notes. We use the term "Notes" in this prospectus to collectively refer to the Original Notes and the Exchange Notes.

The Issuer may redeem the Exchange Notes, in whole or in part, at any time prior to
October 1, 2017, in each case at the redemption prices plus an applicable

At any time on or after October 1, 2017, the Issuer may redeem the Exchange Notes, in whole or in part, at redemption prices described under the heading "Description of the Notes Optional Redemption," together with any accrued and unpaid interest to, but excluding, the date of such redemption.

At any time prior to October 1, 2017, the Issuer may redeem up to 35% of the aggregate principal amount of the Notes at the redemption price described in this prospectus under the heading "Description of the Notes Optional Redemption," together with any accrued and unpaid interest to, but excluding, the date of such redemption, with the net cash proceeds of one or more equity offerings, provided that at least 65% of the Notes remain outstanding after any redemption and the redemption must occur within 90 days of the closing of such equity offering.

Upon the occurrence of a change of control (as defined in the indenture for the Notes), holders of the Exchange Notes will have the right to require the Issuer to repurchase all or a portion of the Exchange Notes at a price equal to 101% of the aggregate principal amount of the Exchange Notes repurchased, together with any accrued and unpaid interest to the date of purchase. In connection with certain asset sales, the Issuer will be required to use the net cash proceeds of the asset sale to make an offer to purchase the Exchange Notes at 100% of the principal amount, together with any accrued and unpaid interest to the date of purchase.

The indenture limits the Issuer's and its restricted subsidiaries' ability to:

incur additional indebtedness or issue certain preferred stock;

pay dividends or make other distributions on capital stock or prepay subordinated indebtedness;

purchase or redeem any equity interests;

make investments;

create liens;

sell assets;

enter into agreements that restrict dividends or other payments by restricted subsidiaries;

consolidate, merge or transfer all or substantially all of its assets;

engage in transactions with the Issuer's affiliates; or

enter into any sale and leaseback transactions.

	However, during any period that both Standard and Poor's Ratings Services and Moody's Investors Service, Inc. have assigned the Exchange Notes an investment grade rating and no default has occurred and is continuing with respect to the Exchange Notes, most of the covenants will cease to be in effect. These covenants are subject to important exceptions and qualifications, which are described under "Description of the Notes - Certain Covenants."
Additional Notes	The Issuer may from time to time create and issue additional notes having the same terms as the Notes, so that such additional notes shall be consolidated and form a single series with the Notes.
No Prior Market	The Exchange Notes will be new securities for which there is no market. Although the initial purchasers of the Original Notes have informed the Issuer that they intend to maintain a market for the Notes and, if the Exchange Notes are issued, make a market for such Exchange Notes, the initial purchasers are not obligated to do so and may discontinue market maintaining or making at any time without notice. Accordingly, a liquid market for the Notes and, if issued, the exchange notes, may not be maintained or develop, as the case may be.
Governing Law	The Exchange Notes offered hereby and the indenture relating to the Notes are governed by New York law.
Risk Factors	Holding the Exchange Notes involves risks. Please see "Risk Factors" beginning on page 14 of this prospectus, as well as the other cautionary statements throughout this prospectus, for a discussion of factors you should carefully consider before deciding to participate in this exchange offer.

Table of Contents

RISK FACTORS

Investing in the Exchange Notes involves risk. Please see the "Risk Factors" section in Consolidated's 2014 Annual Report on Form 10-K, which is incorporated by reference in this prospectus. Prospective participants in the exchange offer should carefully consider all of the information contained or incorporated by reference in this prospectus, including the risks and uncertainties described below, in evaluating your participation in the exchange offer. The risks set forth below (with the exception of the "Risk Factors Associated with the Exchange Offer") are generally applicable to the Original Notes as well as the Exchange Notes.

Risk Factors Associated with the Exchange Offer

If you fail to follow the exchange offer procedures, your Original Notes will not be accepted for exchange.

We will not accept your Original Notes for exchange if you do not follow the exchange offer procedures as set forth in the letter of transmittal. We will issue Exchange Notes as part of this exchange offer only after timely receipt of your properly executed letter of transmittal and Original Notes or a proper "Agent's Message" and all other required documents. Therefore, if you want to tender your Original Notes, please allow sufficient time to allow for completion of the delivery procedures. If we do not receive your properly executed letter of transmittal and Original Notes or an Agent's Message and all other required documents by the expiration date of the exchange offer, we will not accept your Original Notes for exchange. We are under no duty to give notification of defects or irregularities with respect to the tenders of Original Notes for exchange. If there are defects or irregularities with respect to your tender of Original Notes, we will not accept your Original Notes for exchange unless we decide in our sole discretion to waive such defects or irregularities.

If you fail to exchange your Original Notes for Exchange Notes, they will continue to be subject to the existing transfer restrictions and you may not be able to sell them.

We did not register the Original Notes under the Securities Act or any applicable state or foreign securities laws, nor do we intend to do so following the exchange offer. Original Notes that are not tendered in the exchange offer will therefore continue to be subject to the existing transfer restrictions and may be transferred only in limited circumstances under applicable securities laws. As a result, if you hold Original Notes after the exchange offer, you may not be able to sell them. To the extent any Original Notes are tendered and accepted in the exchange offer, the trading market, if any, for the Original Notes that remain outstanding after the exchange offer may be adversely affected due to a reduction in market liquidity.

Because there is no public market for the Exchange Notes, you may not be able to resell them.

The Exchange Notes will be registered under the Securities Act but will constitute a new issue of securities with no established trading market, and there can be no assurance as to the liquidity of any trading market that may develop, the ability of holders to sell their Exchange Notes or the price at which the holders will be able to sell their Exchange Notes.

We understand that the initial purchasers of the Original Notes intend to make a market in the Exchange Notes. However, they are not obligated to do so, and any market-making activity with respect to the Exchange Notes may be discontinued at any time without notice. In addition, any market-making activity will be subject to the limits imposed by the Securities Act and the Exchange Act and may be limited during the exchange offer or the pendency of an applicable shelf registration statement. There can be no assurance that an active market will exist for the Exchange Notes or that any trading market that does develop will be liquid.

Table of Contents

If you are a broker-dealer, your ability to transfer the Exchange Notes may be restricted.

A broker-dealer that purchased the Original Notes for its own account as part of market-making or trading activities must comply with the prospectus delivery requirements of the Securities Act when it sells the Exchange Notes. Our obligation to make this prospectus available to broker-dealers is limited. Consequently, we cannot guarantee that a proper prospectus will be available to broker-dealers wishing to resell their Exchange Notes.

Risk Factors Related to the Notes

We have a substantial amount of debt outstanding and may incur additional indebtedness in the future, which could restrict our ability to pay dividends and fund working capital and planned capital expenditures.

As of June 30, 2015, we had \$1,411.5 million of long-term debt and \$5.1 million of capital leases outstanding, along with \$286.1 million of stockholders' equity. This amount of leverage could have important consequences, including:

we may be required to use a substantial portion of our cash flow from operations to make interest payments on our debt, which will reduce funds available for operations, future business opportunities and dividends;

we may have limited flexibility to react to changes in our business and our industry;

it may be more difficult for us to satisfy our other obligations;

we may have a limited ability to borrow additional funds or to sell assets to raise funds if needed for working capital, capital expenditures, acquisitions, dividends or other purposes;

we may become more vulnerable to general adverse economic and industry conditions, including changes in interest rates; and

we may be at a disadvantage compared to our competitors that have less debt.

We cannot guarantee that we will generate sufficient revenues to service our debt and have adequate funds left over to achieve or sustain profitability in our operations, meet our working capital and capital expenditure needs, compete successfully in our markets, or pay dividends to our stockholders.

If we cannot generate sufficient cash from our operations to meet our debt service obligations, we may need to reduce or delay capital expenditures, the development of our business generally and any acquisitions. If we became unable to meet our debt service and repayment obligations, we would be in default under the terms of our credit agreement and the indenture governing the Notes, which would allow our lenders and holders of the Notes to declare all outstanding borrowings to be due and payable. If the amounts outstanding under our credit facilities or the Notes were to be accelerated, we cannot assure you that our assets would be sufficient to repay in full the money owed, including the Notes.

Our credit agreement and the indenture governing the Notes contain operating and financial restrictions that may restrict our business and financing activities.

Our credit agreement and the indenture governing the Notes contain, and any future indebtedness we incur may contain, a number of restrictive covenants that will impose significant operating and financial restrictions on us, including restrictions on our ability to, among other things:

make investments and prepay or redeem debt;

incur additional indebtedness or issue preferred stock;

Table of Contents

make restricted payments, including paying dividends on, redeeming, repurchasing, or retiring our capital stock;

create liens;

sell or otherwise dispose of assets, including capital stock of subsidiaries;

enter into agreements restricting our subsidiaries' ability to pay dividends, make loans, or transfer assets to us;

consolidate, merge or transfer all or substantially all of the assets of our company;

engage in transactions with our affiliates;

engage in sale and leaseback transactions;

make capital expenditures; and

engage in a business other than telecommunications.

As a result of these covenants, we will be limited in the manner in which we conduct our business, and we may be unable to engage in favorable business activities or finance future operations or capital needs.

Our ability to comply with some of the covenants and restrictions contained in our credit agreement and the indenture governing the Notes may be affected by events beyond our control. If market or other economic conditions deteriorate, our ability to comply with these covenants may be impaired. A failure to comply with the covenants, ratios or tests in our credit agreement, the indenture or any future indebtedness could result in an event of default under our credit agreement, the indenture or our future indebtedness, which, if not cured or waived, could have a material adverse effect on our business, financial condition and results of operations.

In addition, our credit agreement requires us to comply with specified financial ratios, including ratios regarding total leverage and interest coverage. Our ability to comply with these ratios may be affected by events beyond our control. These restrictions limit our ability to plan for or react to market conditions, meet capital needs, or otherwise constrain our activities or business plans. They also may adversely affect our ability to finance our operations, enter into acquisitions, or engage in other business activities that would be in our interest.

A breach of any of the covenants contained in our credit agreement, in any future credit agreement or the indenture governing the Notes or our inability to comply with the financial ratios could result in an event of default, which would allow the lenders to declare all borrowings outstanding to be due and payable. If the amounts outstanding under our credit facilities, the indenture or other future indebtedness were to be accelerated, we cannot assure that our assets would be sufficient to repay in full the money owed, including the Notes. In such a situation, the lenders could foreclose on the assets and capital stock pledged to them. See "Description of the Notes" and "Description of Other Indebtedness."

We may not be able to refinance our existing debt if necessary, or we may only be able to do so at a higher interest expense.

We may be unable to refinance or renew our credit facilities and our failure to repay all amounts due on the maturity dates would cause a default under the credit agreement. Alternatively, any renewal or refinancing may occur on less favorable terms. If we refinance our credit facilities on terms that are less favorable to us than the terms of our existing debt, our interest expense may increase significantly, which could impact our results of operations and impair our ability to use our funds for other purposes, such as to pay dividends.

Table of Contents

Your right to receive payments on the Notes is effectively subordinated to the rights of our and the guarantors' existing and future secured creditors.

Holders of our secured indebtedness and the secured indebtedness of the guarantors will have claims that are prior to your claims as holders of the Notes to the extent of the value of the assets securing that other indebtedness. Notably, we and the subsidiary guarantors are parties to our credit agreement, which is secured by liens on substantially all of our assets and the assets of the guarantors. The Notes will be effectively subordinated to the extent of the value of the assets constituting collateral securing such indebtedness. In the event of any distribution or payment of our or any guarantor's assets in any foreclosure, dissolution, winding-up, liquidation, reorganization or other bankruptcy proceeding, holders of secured indebtedness will have prior claim to assets constituting collateral securing such indebtedness. Holders of Notes will participate ratably with all holders of our unsecured indebtedness that is deemed to be of the same class as the Notes, and potentially with all of our or any guarantor's other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the Notes. As a result, holders of Notes may receive less, ratably, than holders of secured indebtedness.

As of June 30, 2015, we had \$916.7 million of secured indebtedness outstanding under our credit agreement and revolving credit facility thereunder, \$5.1 million of capital leases and approximately \$49.4 million of available borrowing capacity under the revolving credit facility. In addition, we will be permitted to borrow additional secured indebtedness in the future under the terms of the indenture governing the Notes. See "Description of the Notes Certain Covenants Incurrence of Indebtedness" and "Description of the Notes Certain Covenants Liens."

Because all of our operations are conducted through our subsidiaries, our ability to service our debt is largely dependent on our receipt of distributions or other payments from our subsidiaries.

As a holding company, we have no direct operations, and our principal assets are the equity interests we hold in our subsidiaries. However, our subsidiaries are legally distinct and have no obligation to transfer funds to us. As a result, we are dependent on our subsidiaries' results of operations and distributions to us from our subsidiaries to meet our obligations and to pay dividends will be subject to restrictions under, among other things, existing and future debt agreements of such subsidiaries, governing federal or state law and regulatory requirements. Our subsidiaries have no obligations, contingent or otherwise, to make funds available, whether in the form of loans, dividends or other distributions to us. Any inability to receive distributions from our subsidiaries could materially adversely affect our business, results of operations and financial conditions, and our ability to satisfy our obligations under the Notes.

Claims of creditors of any existing and future subsidiaries which do not guarantee the Notes will be structurally senior and have priority over holders of the Notes with respect to the assets and earnings of such subsidiaries.

All liabilities of any of our existing and future subsidiaries that do not guarantee the Notes will be structurally senior to the Notes to the extent of the value of the assets of such non-guarantor subsidiaries. Accordingly, claims of holders of the Notes will be structurally subordinate to the claims of creditors of such non-guarantor subsidiaries, including trade creditors. All obligations of our non-guarantor subsidiaries will have to be satisfied before any of the assets of such subsidiaries would be available for distribution, upon a liquidation or otherwise, to the Company or a guarantor of the Notes. For each of the six months ended June 30, 2015 and the year ended December 31, 2014, the Company's non-guarantor subsidiaries represented 7.6% and 10.1% of our revenues and 13.8% and 13.6% of our EBITDA, respectively. At June 30, 2015, the Company's non-guarantor subsidiaries represented 6.0% of our total assets and 2.3% of our total liabilities.

Table of Contents

Servicing our debt requires a significant amount of cash, and we may not have sufficient cash flow from our business to pay our substantial debt.

Our ability to make scheduled payments of the principal of, to pay interest on or to refinance our indebtedness, including the Notes, will depend upon our future operating performance, which is subject to general economic and competitive conditions and to financial, business and other factors, many of which we cannot control. If we do not have sufficient funds on hand to pay our debt, we may be required to seek a waiver or amendment from our lenders, refinance our indebtedness, sell assets or sell additional shares of securities. Our ability to refinance our indebtedness will depend on the capital markets and our financial condition at the time. We may not be able to obtain such financing or complete such transactions on terms acceptable to us, or at all. In addition, we may not be able to consummate an asset sale to raise capital or sell assets at prices that we believe are fair, and proceeds that we do receive may not be adequate to meet any debt service obligations then due. Our credit agreement and the indenture under which the Notes are issued restrict our ability to use the proceeds from asset sales. Our failure to generate sufficient funds to pay our debts or to undertake any of these actions successfully could result in a default on our debt obligations, which would materially adversely affect our business, results of operations and financial condition and our ability to satisfy our obligation under the Notes.

Despite our current leverage, we may still be able to incur substantially more debt. This could further exacerbate the risks that we and our subsidiaries face.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future. The terms of our credit agreement and the indenture governing the Notes restrict, but will not prohibit, us from doing so. The indenture governing the Notes allows us to issue additional Notes under certain circumstances which will also be guaranteed by the guarantors. The indenture governing the Notes allows us to incur certain other additional secured debt and allows our subsidiaries that do not guarantee the Notes to incur additional debt, which would be structurally senior to the Notes. In addition, the indenture governing the Notes does not prevent us from incurring other liabilities that do not constitute indebtedness. See "Description of the Notes." If new debt or other liabilities are added to our current debt levels, the related risks that we and our subsidiaries now face could intensify.

A subsidiary guarantee could be voided if it constitutes a fraudulent transfer under U.S. bankruptcy or similar state law, which would prevent the holders of the Notes from relying on that subsidiary to satisfy claims.

Under U.S. bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee can be voided, or claims under the guarantee may be subordinated to all other debts of that guarantor if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee or, in some states, when payments become due under the guarantee, received less than reasonably equivalent value or fair consideration for the incurrence of the guarantee and:

is insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction for which the guarantors' remaining assets constituted unreasonably small capital;
or

intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

A guarantee may also be voided, without regard to the above factors, if a court finds that the guarantor entered into the guarantee with the actual intent to hinder, delay or defraud its creditors.

A court would likely find that a guarantor did not receive reasonably equivalent value or fair consideration for its guarantee if the guarantor did not substantially benefit directly or indirectly from

Table of Contents

the issuance of the guarantees. If a court were to void a guarantee, you would no longer have a claim against the guarantor.

Sufficient funds to repay the Notes may not be available from other sources, including the remaining guarantors, if any. In addition, the court might direct you to repay any amounts that you already received from the subsidiary guarantor.

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law. Generally, a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, were greater than the fair saleable value of all its assets;

the present fair saleable value of its assets is less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

Each subsidiary guarantee will contain a provision intended to limit the guarantors' liability to the maximum amount that it could incur without causing the incurrence of obligations under its subsidiary guarantee to be a fraudulent transfer. This provision may not be effective to protect the subsidiary guarantees from being voided under fraudulent transfer law or may eliminate the guarantors' obligations or reduce the guarantors' obligations to an amount that effectively makes the guarantee worthless. In a Florida bankruptcy case, this kind of provision was found to be ineffective to protect the guarantees.

Holders of the Notes may not be able to determine when a change of control giving rise to their right to have the Notes repurchased has occurred following a sale of "substantially all" of our assets.

The definition of change of control in the indenture that governs the Notes includes a phrase relating to the sale of "all or substantially all" of our assets. There is no precise established definition of the phrase "substantially all" under applicable law. Accordingly, the ability of a holder of Notes to require us to repurchase its Notes as a result of a sale of less than all our assets to another person may be uncertain.

Upon a change of control, we may not have the ability to raise the funds necessary to finance the change of control offer required by the indenture governing the Notes, which would violate the terms of the Notes.

Upon the occurrence of a change of control, holders of the Notes have the right to require the Company to purchase all or any part of such holders' Notes at a price equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of purchase. Additionally, certain changes of control constitute an event of default under the credit agreement that allows the lenders to accelerate the maturity of borrowings under such facility and terminate their commitments to lend. There can be no assurance that either we or our subsidiary guarantors would have sufficient financial resources available to satisfy all of our or their obligations under these Notes in the event of a change in control. Our failure to purchase the Notes as required under the indenture governing the Notes would result in a default under such indenture, which could have material adverse consequences for us and the holders of the Notes.

We cannot assure you that an active trading market will be maintained for the Notes.

Prior to this offering, there has been no trading market for the Exchange Notes. We do not intend to apply for listing of the Exchange Notes on any securities exchange or to arrange for quotation of the Exchange Notes on any automated dealer quotation system. We have been informed by the initial

Table of Contents

purchasers that they intend to maintain a market in the Exchange Notes after the exchange offer is completed. However, the initial purchasers are not obligated to make or maintain a market in the Exchange Notes and, if commenced, may cease their market-maintaining activities at any time without notice.

In addition, the liquidity of the trading market in the Exchange Notes, and the market price quoted for the Exchange Notes, may be adversely affected by changes in the overall market for this type of security and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. As a result, we cannot assure you that an active trading market will be maintained for the Exchange Notes. If an active trading market is not maintained, the market price and liquidity of the Exchange Notes may be adversely affected. In that case, you may not be able to sell your Exchange Notes at a particular time, or you may not be able to sell your Exchange Notes at a favorable price.

The market price for the Notes may be volatile.

Even if an active trading market for the Exchange Notes does develop, there is no guarantee that an active trading market for the Exchange Notes will continue. Historically, the market for non-investment grade debt has been subject to severe disruptions that have caused substantial volatility in the prices of securities similar to the Exchange Notes. The market, if any, for the Exchange Notes may experience similar disruptions, and any such disruptions may adversely affect the liquidity in that market or the prices at which you may sell your Exchange Notes. In addition, the Exchange Notes may trade at a discount from their face amount, depending upon prevailing interest rates, the market for similar notes, our performance and other factors.

Any rating downgrade for the Notes may cause the price of the Notes to fall.

We have received credit ratings from certain rating services for the Notes. In the event a rating service were to lower its rating on the Notes below the rating initially assigned to the Notes or otherwise announce its intention to put the Notes on credit watch, the price of the Notes could decline.

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreements that we entered into with the initial purchasers in connection with the private offerings of the Original Notes. We will not receive any cash proceeds from the issuance of the Exchange Notes. The Original Notes that are surrendered in exchange for the Exchange Notes will be retired and cancelled and cannot be reissued. As a result, the issuance of the Exchange Notes will not result in any increase or decrease in our indebtedness.

The Initial Notes in the Initial Offering were priced at par, which resulted in total gross proceeds of \$200 million. We used the net proceeds from the private offering of the Initial Notes in the Initial Offering to partially finance the acquisition of Enventis, including related fees and expenses and for the repayment of the existing indebtedness of Enventis, and to repurchase a portion of our then-outstanding 10.875% Senior Notes due 2020.

The net cash proceeds from the private offering of the New Notes in the Additional Offering were approximately \$294.8 million. We used the net proceeds from the private offering of the New Notes in the Additional Offering to redeem all of our then-outstanding 10.875% Senior Notes due 2020, to repay a portion of outstanding borrowings under our revolving credit facility and to pay related fees and expenses.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated.

For the purpose of calculating the ratio of earnings to fixed charges, earnings consist of income from continuing operations before provision (benefit) for income taxes excluding income or loss from equity investments, adjusted for fixed charges and distributed income from equity investments. Fixed charges consist of interest, whether expensed or capitalized, amortization of debt expenses and estimated by management interest expense associated with operating leases.

On October 16, 2014, we completed our acquisition of Enventis Corporation ("Enventis") in which we acquired all the issued and outstanding shares of Enventis in exchange for shares of our common stock. The financial results for Enventis have been included in our consolidated financial statements as of the acquisition date. Our consolidated financial statements for the six months ended June 30, 2014 do not reflect the acquisition of Enventis on a pro forma basis.

(2)

In July 2012, we acquired 100% of the outstanding shares of SureWest Communications ("SureWest") in a cash and stock transaction. SureWest results of operations have been included in our consolidated financial statements as of the acquisition date of July 2, 2012.

Table of Contents

- (3) Acquisition and other transaction costs includes costs incurred related to acquisitions, including severance costs.
- (4) In 2014, we redeemed \$72.8 million of the original \$300.0 million aggregate principal amount of our 10.875% Senior Notes due 2020 (the "2020 Notes"). During the six months ended June 30, 2015, we redeemed the remaining \$227.2 million of the aggregate principal amount of the 2020 Notes. In connection with the redemption of the 2020 Notes, we recognized a loss on the extinguishment of debt of \$41.2 million and \$13.8 million during the six months ended June 30, 2015 and the year ended December 31, 2014, respectively.
- (5) In 2013, we entered into a Second Amended and Restated Credit Agreement to restate our term loan credit facility. In connection with entering into the restated credit agreement, we incurred a loss on the extinguishment of debt of \$7.7 million during the year ended December 31, 2013.
- (6) In 2012, we entered into a \$350.0 million Senior Unsecured Bridge Loan Facility ("Bridge Facility") to fund the SureWest acquisition. During 2012, we incurred \$4.2 million of amortization related to the financing costs and \$1.5 million of interest related to ticking fees associated with the Bridge Facility. In addition, in 2012 we entered into a Second Amendment and Incremental Facility Agreement to amend our term loan facility. As a result, we incurred a loss on the extinguishment of debt of \$4.5 million related to the repayment of our outstanding term loan.
- (7) In September 2013, we completed the sale of the assets and contractual rights of our prison services business for a total cash price of \$2.5 million, resulting in a gain of \$1.3 million, net of tax. The financial results and net gain from the sale of the prison services business are included in income from discontinued operations for the years ended on or before December 31, 2013.
- (8) In addition to the results reported in accordance with accounting principles generally accepted in the United States ("US GAAP" or "GAAP"), we also use certain non-GAAP measures such as EBITDA and adjusted EBITDA to evaluate operating performance and to facilitate the comparison of our historical results and trends. These financial measures are not a measure of financial performance under US GAAP and should not be considered in isolation or as a substitute for net income (loss) as a measure of performance and net cash provided by operating activities as a measure of liquidity. They are not, on their own, necessarily indicative of cash available to fund cash needs as determined in accordance with GAAP. The calculation of these non-GAAP measures may not be comparable to similarly titled measures used by other companies. Reconciliations of these non-GAAP measures to the most directly comparable financial measures presented in accordance with GAAP are provided below.

EBITDA is defined as net earnings before interest expense, income taxes, and depreciation and amortization. Adjusted EBITDA is comprised of EBITDA, adjusted for certain items as permitted or required under our credit facility as described in the reconciliations below. These measures are a common measure of operating performance in the telecommunications industry and are useful, with other data, as a means to evaluate our ability to fund our estimated uses of cash.

Non-GAAP Reconciliation

We have presented a ratio of our EBITDA to EBITDA for our non-guarantor subsidiaries. EBITDA is defined as net earnings before interest expense, income taxes, and depreciation and amortization. We believe this EBITDA ratio provides holders of the Notes with a measure of the earnings capacity of the non-guarantor subsidiaries, which is useful because the holders will not have the benefit of guarantees from such subsidiaries. EBITDA is not a measure of performance under US GAAP and should not be considered in isolation from, or as a substitute measure of performance for, net income as set forth in our consolidated statements of operations contained in our 2014 Annual Report on Form 10-K incorporated herein by reference, net income amounts as set forth in our condensed consolidating statements of operations set forth in Note 14 to our consolidated financial statements contained in such Form 10-K, net income as set forth in our condensed consolidated statements of operations contained in our Quarterly report on Form 10-Q for the quarter ended June 30, 2015 incorporated herein by reference or net income amounts as set forth in our condensed consolidating statements of operations set forth in Note 12 to our condensed consolidated financial statements contained in such Form 10-Q.

ENVENTIS CORPORATION

Notes to Consolidated Financial Statements (Unaudited)

September 30, 2014

Note 1. Basis of Presentation and Consolidation

On June 29, 2014, Enventis Corporation, a Minnesota corporation ("Enventis"), entered into an Agreement and Plan of Merger (the "Merger Agreement"), by and among Enventis, Consolidated Communications Holdings, Inc., a Delaware corporation ("Consolidated"), and Sky Merger Sub Inc., a Minnesota corporation and wholly owned subsidiary of Consolidated ("Merger Sub"), pursuant to which Merger Sub will merge with and into Enventis (the "Merger"). See Note 15 "Pending Merger."

The accompanying unaudited consolidated financial statements of Enventis Corporation, formerly Hickory Tech Corporation, and its subsidiaries have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") for interim financial information and with the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and disclosures normally included in annual financial statements prepared in accordance with GAAP have been omitted or condensed pursuant to such rules and regulations. In the opinion of management, the unaudited consolidated financial statements reflect all adjustments (consisting only of normal and recurring accruals) considered necessary for the fair presentation of the financial statements and present fairly the results of operations, financial position and cash flows for the interim periods presented as required by Regulation S-X, Rule 10-01. These unaudited interim consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto, together with the audited consolidated financial statements and notes thereto contained in Enventis' Form 10-K for the year ended December 31, 2013.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, expenses and related disclosures at the date of the financial statements and during the reporting period. Actual results may differ from these estimates. The results of operations for the interim periods presented are not necessarily indicative of the results that may be expected for the fiscal year as a whole or any other interim period.

Our consolidated financial statements report the financial condition and results of operations for Enventis Corporation and its subsidiaries in three reportable segments: Fiber and Data, Equipment and Telecom. Intercompany transactions have been eliminated from the consolidated financial statements.

Recent Accounting Developments

In June 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-12, "*Compensation - Stock Compensation*" providing explicit guidance on how to account for share-based payments granted to employees in which the terms of the award provide that a performance target that affects vesting could be achieved after the requisite service period. The amendments in this Update are effective for annual periods and interim periods within those annual periods beginning after December 15, 2015. Early adoption is permitted. We are currently evaluating the impact this guidance may have on our consolidated financial statements.

In May 2014, the FASB issued ASU 2014-09, "*Revenue from Contracts with Customers*" and created a new topic in the FASB Accounting Standards Codification ("ASC"), Topic 606. The new standard provides a single comprehensive revenue recognition framework for all entities and supersedes nearly all existing U.S. GAAP revenue recognition guidance, including industry-specific guidance. The core principle of the revenue model is that an entity should recognize revenue in a manner that depicts the

transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard is designed to create greater comparability for financial statement users across industries and also requires enhanced disclosures. The amendments are effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period. Early application is not permitted. We are currently evaluating the impact this guidance may have on our consolidated financial statements and related disclosures.

We have reviewed other recently issued accounting pronouncements and determined they are either not applicable to our business or no material effect is expected on our financial position, results of operations, cash flows or disclosures.

Note 2. Earnings and Dividends per Share

We compute earnings per share pursuant to the two-class method. Under the two-class method, unvested restricted shares that contain non-forfeitable rights to dividends are participating securities and therefore, are included in the computation of basic earnings per share. The two-class method includes an earnings allocation formula to determine earnings per share for common stock and participating securities according to dividends and their respective participation rights in undistributed earnings. Our unvested restricted shares issued under the Long-Term Executive Incentive Program ("LTEIP"), which contain the non-forfeitable right to receive dividends, are considered participating securities.

Basic earnings per share ("EPS") is calculated by dividing net income applicable to common shares by the weighted average number of shares of common stock outstanding during each respective period. Any dividends paid on participating securities and any undistributed earnings considered to be attributable to participating securities are excluded from the numerator. The related participating securities are similarly excluded from the denominator. Diluted earnings per share are calculated by dividing net income applicable to common shares by the weighted average number of shares outstanding during the period increased by potentially dilutive common equivalent shares. Potentially dilutive common shares include stock options, stock subscribed under the Enventis Corporation Amended and Restated Employee Stock Purchase Plan ("ESPP"), retention stock awards and stock awarded under the LTEIP.

The computation of basic and diluted earnings per share for the three and nine months ended September 30, 2014 and 2013 using the two-class method is as follows:

Dividends per share	\$ 0.15	\$ 0.145	\$ 0.45	\$ 0.435

There were no anti-dilutive shares for the three and nine months ended September 30, 2014 and 2013.

Cash dividends are based on the number of common shares outstanding at their respective record dates. The number of shares outstanding as of the record date for the first three quarters of 2014 and 2013, respectively, are as follows:

Shares outstanding on record date	2014	2013
First quarter (February 15)	13,612,913	13,586,903
Second quarter (May 15)	13,654,438	13,559,043
Third quarter (August 15)	13,665,701	13,544,964

Dividends per share are based on the quarterly dividend per share as declared by our Board of Directors. During the first nine months of 2014 and 2013, shareholders elected to reinvest \$227,000 and \$229,000 respectively of dividends into Enventis common stock pursuant to the Enventis Corporation Dividend Reinvestment Plan.

There were no share repurchases in the first nine months of 2014. During the nine months ended September 30, 2013, we acquired and retired 124,285 shares as part of our stock repurchase plan.

Note 3. Long-Lived Assets

There were no asset impairment charges during the first nine months of 2014. Total impairment charges for the nine months ended September 30, 2013 was \$638,000.

Table of Contents**ENVENTIS CORPORATION****Notes to Consolidated Financial Statements (Unaudited) (Continued)****September 30, 2014****Note 4. Goodwill and Other Intangible Assets**

We have goodwill in each of our reportable segments. Fiber and Data Segment goodwill resulted from our acquisitions of IdeaOne Telecom in 2012, CP Telecom in 2009 and Enventis Telecom in 2005. Equipment Segment goodwill also resulted from our acquisition of Enventis Telecom in 2005 and the Telecom Segment goodwill resulted from our acquisition of Heartland Telecommunications in 1997. The tax deductible portion of goodwill is \$26,964,000.

Fiber and Data	\$ 5,384	\$ 5,384
Equipment	596	596
Telecom	23,048	23,048
Total goodwill	\$ 29,028	\$ 29,028

Intangible assets with finite lives are amortized over their respective estimated useful lives. Identifiable intangible assets that are subject to amortization are evaluated for impairment.

The components of intangible assets are as follows:

(Dollars in thousands)	Useful Lives	September 30, 2014		December 31, 2013	
		Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
Definite-lived intangible assets					
Customer relationships	1 - 8 years	\$ 8,459	\$ 6,542	\$ 8,459	\$ 6,061
Other intangible assets	1 - 5 years	3,312	1,600	3,130	1,440
Total		\$ 11,771	\$ 8,142	\$ 11,589	\$ 7,501

Amortization expense related to the definite-lived intangible assets was \$641,000 and \$663,000 for the nine months ended September 30, 2014 and 2013, respectively.

Note 5. Fair Value of Financial Instruments

Fair value of financial and non-financial assets and liabilities is the price that would be received for an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants. The three levels of the fair value hierarchy for assessing the inputs used in fair value measurements are as follows:

Level 1 quoted prices in active markets for identical assets and liabilities

Level 2 observable inputs other than quoted prices in active markets for identical assets and liabilities

Edgar Filing: Heartland Telecommunications Co of Iowa, Inc. - Form S-4/A

Level 3 unobservable inputs in which there is little or no market data available and require the entity to develop its own assumptions

The highest priority is given to quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority is given to unobservable inputs (Level 3).

Table of Contents**ENVENTIS CORPORATION****Notes to Consolidated Financial Statements (Unaudited) (Continued)****September 30, 2014****Note 5. Fair Value of Financial Instruments (Continued)**

The carrying value of cash and cash equivalents, net accounts receivables, payables, and other short-term monetary assets and liabilities was estimated by management to approximate fair value due to the relatively short period of time to maturity for these instruments.

Our long-term debt agreement allows us to select short-term LIBOR pricing options, which we have elected. Therefore, the carrying amounts of our long-term debt approximate fair value. The fair value estimate of our interest rate swaps represent the net present value of future cash flows based on projections of the three-month LIBOR rate over the life of each swap. It also incorporates credit valuation adjustments to appropriately reflect both our own non-performance risk and the non-performance risk of the respective counterparties. See Note 9 "Financial Derivative Instruments" for further discussion regarding our interest rate swaps.

The carrying amount and the fair value of our long-term debt, after deducting current maturities, interest rate swaps and our investments are as follows:

(Dollars in thousands)	Input Level	September 30, 2014		December 31, 2013	
		Carrying Amount	Fair Value	Carrying Amount	Fair Value
Long-term debt	2	\$ 136,610	\$ 136,610	\$ 133,621	\$ 133,621
Interest rate swaps	2	\$ 614	\$ 614	\$ 1,426	\$ 1,426
Investments	3	\$ 3,594	n/a	\$ 3,414	n/a

Our investments at September 30, 2014 and December 31, 2013 consist primarily of minority positions in various cooperatives and our investment in CoBank, ACB ("CoBank") and are accounted for under the cost method. It is impractical to determine fair value of these investments because there is no established market for these equity interests. We did not evaluate any of the investments for impairment during the nine months ended September 30, 2014 and 2013 as there were no events or changes in circumstances indicating impairment may be present.

Note 6. Accrued Expenses and Other

The following table shows the Company's Consolidated Balance Sheets detail for accrued expenses and other:

(Dollars in thousands)	September 30, 2014	December 31, 2013
Accrued incentive compensation	\$ 1,911	\$ 1,792
Accrued wages and commissions	3,036	3,543
Other accrued expenses	5,687	5,108
Total accrued expenses and other	\$ 10,634	\$ 10,443

Other accrued expenses are primarily made up of accrued real estate and use taxes, accrued interest, the current portion of post-retirement benefits and other accrued expenses.

Enterprise Integration Services, Inc. ("EIS"), a wholly owned subsidiary of Enventis, has a \$25,000,000 wholesale financing agreement with a financing company to fund equipment purchases from certain approved vendors. Advances under this financing arrangement are collateralized by the inventory and accounts receivable of our Equipment Segment and a guarantee of an amount up to \$2,500,000 by Enventis. The agreement requires EIS to maintain specific levels of collateral relative to the outstanding balance due, provide select monthly financial information, and make all payments when due or on demand in the event of a collateral shortfall, among other requirements. A default on the financing agreement by EIS would require Enventis to perform under the guarantee. The financing agreement provides 60 day, interest-free payment terms for working capital and can be terminated at any time by either party. The balance outstanding under the financing arrangement was \$15,539,000 and \$8,879,000 at September 30, 2014 and December 31, 2013, respectively. The balance fluctuates on a quarterly basis dependent upon timing of customer orders. These balances are classified as current liabilities in the accompanying Consolidated Balance Sheets and are not considered part of our debt financing.

Note 8. Debt and Other Obligations

Our long-term obligations were as follows:

(Dollars in thousands)	September 30, 2014	December 31, 2013
Debt (current and long-term)	\$ 137,917	\$ 134,932
Capital leases	144	275
Total debt	138,061	135,207
Current portion of:		
Debt	1,353	1,353
Capital leases	98	233
Current maturities of long-term obligations	1,451	1,586
Long-term debt obligations, net of current maturities	\$ 136,610	\$ 133,621

On October 30, 2013 we amended our credit facility with a syndicate of banks, led by CoBank, ACB which provides us the option to pay interest at LIBOR or at a Base Rate, as defined in the agreements, plus an applicable margin. The maturity date of our amended credit facility is December 31, 2019. Our amended credit facility is comprised of a \$30,000,000 revolving credit component (\$4,000,000 outstanding as of September 30, 2014, along with \$20,000 reserved for letters of credit) and a \$135,270,000 term loan component (\$133,917,000 outstanding as of September 30, 2014).

At September 30, 2014, we are in full compliance with specified financial ratios and tests required by our credit facility. The credit facility includes allowances for continued payment of dividends and specific limits on common stock repurchases.

Table of Contents**ENVENTIS CORPORATION****Notes to Consolidated Financial Statements (Unaudited) (Continued)****September 30, 2014****Note 9. Financial Derivative Instruments**

We utilize interest-rate swap agreements to manage our exposure to interest rate fluctuations on a portion of our variable-interest rate debt. We have effectively changed our exposure to varying cash flows on the variable-rate portion of our debt into fixed-rate cash flows, therefore reducing the impact of interest rate changes on future cash interest payments. We do not enter into derivative instruments for any purpose other than to manage interest rate exposure. We do not engage in interest rate speculation using derivative instruments.

We account for derivatives in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 815, "Derivatives and Hedging." ASC 815 requires all derivative instruments be recorded on the balance sheet as either an asset or a liability measured at its fair value, and changes in the derivatives' fair value be recognized in earnings unless specific hedge accounting criteria are met. If a derivative is designated as a hedge, the effective portion of changes in the fair value of derivatives is recorded as a component of accumulated other comprehensive income in shareholders' equity, net of tax, which is subsequently, reclassified into earnings when the underlying hedged transaction is recognized in earnings. Amounts related to our derivatives will be reclassified from accumulated other comprehensive income to interest expense as interest payments are accrued or made on our variable rate debt. The estimated amount expected to be reclassified as an increase to interest expense within the next twelve months is \$48,000 at September 30, 2014. The ineffective portion of the fair value of derivatives is recognized directly in earnings. Hedge ineffectiveness is attributable to the swaps having a non-zero fair value at the time they were designated. If we were to terminate our interest rate swap positions, any related balance in accumulated other comprehensive income would immediately be recognized in earnings or reclassified into earnings as the interest payments are made dependent on the facts and circumstances of the termination. The changes in the fair value of derivatives that are not designated as hedges are recognized immediately in earnings.

The fair value of our interest rate swap agreements were determined based on level 2 inputs. Listed below are the interest rate swap agreements outstanding as of September 30, 2014 which were designated as cash flow hedges of interest rate risk and have the effect of locking our interest rates on a portion of our existing variable interest rate debt.

Interest-Rate Swap Agreement Effective Dates	Notional Amount	Rate
September 2011 - March 2015	\$ 24,000,000	1.91%
September 2011 - September 2015	\$ 24,000,000	2.14%

The following table presents the fair value of our derivative instruments included in our Consolidated Balance Sheets as either current or long-term liabilities.

Note 10. Employee Post-Retirement Benefits

Enventis provides post-retirement health care and life insurance benefits for eligible employees. We are currently not funding these post-retirement benefits, but have accrued these liabilities. We are required to recognize the funded status of our post-retirement benefit plans on our Consolidated Balance Sheets and recognize as a component of accumulated other comprehensive income, net of tax, the gains or losses and prior service costs or credits that arise during the period but are not recognized as components of net periodic benefit cost. Employees hired on or after January 1, 2007 are not eligible for post-retirement health care and life insurance benefits.

The components of net periodic benefit cost were as follows:

(Dollars in thousands)	Three Months Ended September 30		Nine Months Ended September 30

(a)

These accumulated other comprehensive income components are included in the computation of net periodic benefit cost. See Note 10 "Employee Post-Retirement Benefits."

Note 12. Income Taxes

The effective income tax rate from operations was 40.5% for the third quarter of 2014 and 2013, respectively. The effective tax rate from operations differs from the federal statutory rate primarily due to state income taxes.

As of September 30, 2014, we had unrecognized tax benefits totaling \$240,000 (net of tax) excluding interest. The amount of the unrecognized tax benefits, if recognized, that would affect the effective income tax rates of future periods is \$213,000. Due to expirations of statute of limitations, it is reasonably possible that the total amount of unrecognized tax benefits will not decrease during the next 12 months.

We file consolidated income tax returns in the United States federal jurisdiction and combined or separate income tax returns in various state jurisdictions. In general, we are no longer subject to United States federal income tax examinations for the years prior to 2010 except to the extent of losses utilized in subsequent years.

Note 13. Stock Compensation

Our stock award plans provide for granting non-qualified stock options, stock awards and restricted stock awards to employees. We recognize stock compensation charges related to stock award plans

based on management's best estimates and assumptions that the performance and service requirements of the plan will be achieved. Such compensation charges are recorded based upon the grant date fair value or settlement date fair value (as applicable) of our stock and are recognized over the requisite service period specified by the specific award plans. Share-based compensation expense includes amounts recognized related to the Company Employee Stock Purchase Plan. This plan allows participating employees to acquire shares of common stock at 85% of the average closing price for the five days previous to the purchase date. Stock-based compensation expense was \$615,000 and \$616,000, respectively, in the nine months ended September 30, 2014 and 2013. This includes compensation expense for share-based payment awards granted prior to, but not vested as of September 30, 2014. Note 15. Pending Merger

On June 29, 2014, Enventis Corporation, a Minnesota corporation ("Enventis"), entered into an Agreement and Plan of Merger (the "Merger Agreement"), by and among Enventis, Consolidated Communications Holdings, Inc., a Delaware corporation ("Consolidated"), and Sky Merger Sub Inc., a Minnesota corporation and wholly owned subsidiary of Consolidated ("Merger Sub"), pursuant to which Merger Sub will merge with and into Enventis (the "Merger").

Pursuant the terms of the Merger Agreement, each share of our common stock issued and outstanding immediately prior to the closing of the Merger will be converted into the right to receive 0.7402 shares of Consolidated common stock.

Completion of the merger is subject to various customary closing conditions, including, but not limited to, approval and adoption by Enventis' and Consolidated's shareholders and certain regulatory approvals.

We incurred \$932,000 and \$1,843,000 in the three and nine months ended September 30, 2014, respectively, of transaction fees related to entering into the Merger Agreement.

Note 16. Commitments and Contingencies

In April 2014, we received a notice from a large interexchange carrier disputing approximately \$486,000 of interstate and intrastate switched access charges that we billed them. We do not agree with this dispute and cannot predict the outcome of such proceedings nor their impact, if any, to the Company. The interexchange carrier has initiated litigation in the states of Minnesota and Iowa. The

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENT

The following unaudited pro forma condensed combined financial statements ("pro forma financial statements") of Consolidated Communications Holdings, Inc. ("Consolidated") and Enventis Corporation, formerly known as Hickory Tech Corporation ("Enventis"), have been prepared to reflect Consolidated's acquisition of Enventis (the "Merger") and related financing transactions, based on the acquisition method of accounting, with Consolidated treated as the acquirer. The pro forma financial statements also give effect to the June 2015 issuance of \$300.0 million aggregate principal amount of 6.50% Senior Notes due 2022 (the "New Notes") and the subsequent redemption of the Company's remaining \$227.2 million of our original \$300.0 million aggregate principal amount of 10.875% Senior Notes due 2020 (the "2020 Notes"), (collectively, the "Senior Note Transactions"). The pro forma financial statements utilize the historical consolidated financial statements of Consolidated and Enventis. The historical consolidated financial statements have been adjusted to give effect to pro forma events that are directly attributable to the Merger and the Senior Note Transactions and that are factually supportable and, in the case of the statement of income, that are expected to have a continuing impact. The unaudited pro forma condensed combined statement of income for the year ended December 31, 2014, gives effect to the Merger and the Senior Note Transactions as if they had occurred on January 1, 2014. The unaudited pro forma condensed combined balance sheet has been prepared as of December 31, 2014 and gives effect to the Senior Note Transactions as if they had occurred on that date.

The pro forma adjustments related to the Merger are based upon preliminary estimates, and are pending the completion of the valuations of the tangible and intangible assets acquired and liabilities assumed as of June 30, 2015. Actual results may differ from these preliminary estimates once Consolidated has completed the valuation studies necessary to finalize the fair value estimates. There can be no assurances that such finalization of the valuation studies will not result in material changes. The pro forma financial statements are not intended to represent or be indicative of the consolidated results of operations or financial condition of the combined company that would have been reported had the Merger and the Senior Note Transactions been completed as of the dates presented and should not be taken as representative of the future consolidated results of operations or financial condition of the combined company. The pro forma financial statements also do not include the realization of future cost savings or synergies or restructuring charges that are expected to result from the Merger.

These pro forma financial statements should be read in conjunction with Consolidated's historical consolidated financial statements and accompanying notes included in its Annual Report on Form 10-K for the year ended December 31, 2014, as revised by Exhibit 99.2 to Consolidated's Current Report on Form 8-K filed on August 10, 2015 and its Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2015 and June 30, 2015. Additionally, these pro forma financial statements should be read in conjunction with the historical consolidated financial statements and accompanying notes of Enventis included in its Annual Report on Form 10-K for the year ended December 31, 2013 and its Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2014 and June 30, 2014.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

(amounts in thousands, except per share amounts)

1. Description of the Transactions

On October 16, 2014, Consolidated Communications Holdings, Inc. ("Consolidated") completed its acquisition of Enventis Corporation, formerly Hickory Tech Corporation ("Enventis") and acquired all the issued and outstanding shares of Enventis in exchange for shares of Consolidated's common stock (the "Merger"). As a result of the Merger, Enventis became a wholly-owned subsidiary of Consolidated.

At the effective time of the Merger, each share of Enventis common stock converted into the right to receive 0.7402 shares of common stock, par value \$0.01 per share, of Consolidated common stock and cash in lieu of fractional shares, as set forth in the merger agreement. Based on the closing price of Consolidated's common stock of \$25.40 per share on the date preceding the Merger, the total value of the purchase consideration exchanged was \$257.7 million, excluding the repayment of Enventis' outstanding debt of \$149.9 million. On the date of the merger, we issued an aggregate total of 10.1 million shares of our common stock to the former Enventis shareholders.

In conjunction with the acquisition, on September 18, 2014, Consolidated completed an offering of \$200.0 million aggregate principal amount of 6.50% senior notes due in 2022 (the "Initial Notes"). The net proceeds from the issuance of the Initial Notes were used to finance the acquisition of Enventis, including related fees and expenses, and to pay the existing indebtedness of Enventis. A portion of the proceeds together with cash on hand and borrowings under our credit facility, was also used to repurchase \$72.8 million of our \$300.00 million original aggregate principal amount of 10.875% Senior Notes due 2020 (the "2020 Notes") during the fourth quarter of 2014.

On June 8, 2015, we issued an additional \$300.0 million in aggregate principal amount of 6.50% Senior Notes due 2022 (the "New Notes" and together with the Initial Notes, the "2022 Notes"). The New Notes were priced at 98.26% of par and resulted in total gross proceeds of approximately \$294.8 million, excluding accrued interest. The net proceeds from the issuance of the New Notes were used, in part, to redeem the remaining \$227.2 million of the original aggregate principal amount of the 2020 Notes, to pay related fees and expenses and to reduce the outstanding balance of our revolving credit facility.

The acquisition of Enventis was accounted for using the acquisition method of accounting for business combinations. The tangible and intangible assets acquired and liabilities assumed were recorded at their estimated fair values as of the date of the acquisition. The unaudited pro forma condensed combined statement of income for the year ended December 31, 2014 gives effect to the Merger and related financing, the issuance of the New Notes and the redemption of the remaining \$227.2 million of the original aggregate principal amount of the 2020 Notes (collectively, the "Senior Note Transactions") as if they had occurred on January 1, 2014. The unaudited pro forma condensed combined balance sheet as of December 31, 2014 gives effect to the Senior Note Transactions completed in 2015 as if they had occurred on that date.

The unaudited pro forma condensed combined statement of income includes certain accounting adjustments related to the Merger and the Senior Note Transactions that are expected to have a continuing impact on the combined results, such as increased depreciation and amortization on the acquired tangible and intangible assets, decreased interest expense from the Senior Note Transactions completed in 2015 offset, in part, by increased interest expense on the additional debt incurred to complete the Merger and the tax impact of these pro forma adjustments.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS (Continued)

(amounts in thousands, except per share amounts)

1. Description of the Transactions (Continued)

The summary pro forma financial information does not include the realization of future cost savings or synergies or restructuring charges that are expected to result from the Merger. The transaction is expected to generate annual operating synergies of approximately \$17,000, which are expected to be achieved on a run-rate basis by the end of the second year after close. Consolidated also expects to incur merger and integration costs, excluding closing costs, of approximately \$8,200 in operating expenses and \$5,200 in capital expenditures over the first two years following the close. However, no assurance can be given with respect to the ultimate level of such synergies or costs or the timing of their realization.

2. Pro Forma Adjustments Statements of Income

The following pro forma adjustments included in the unaudited pro forma condensed combined statement of income for the year ended December 31, 2014 gives effect to the Merger and the Senior Note Transactions as if they had occurred on January 1, 2014:

(a)

Accounting Policies and Presentation

In connection with the Merger, a review of the accounting policies and presentation of the financial statements of Enventis has been performed. Based on this review, no adjustments were necessary to conform the Enventis statement of income to the Consolidated accounting policies and presentation.

(b)

Transaction Costs

The pro forma adjustment reflects the removal of transaction costs as well as payments under certain change in control agreements or other contingent payments to certain Enventis employees that were incurred by Consolidated and Enventis directly related to the Merger during the year ended December 31, 2014. These costs have been excluded from the unaudited pro forma condensed combined statement of income since they are considered to be of a non-recurring nature.

(c)

Depreciation and Amortization

The pro forma adjustments to depreciation and amortization reflect the removal of the historical basis of depreciation and amortization for the Enventis assets and the recognition of the new depreciation and amortization expense for property and equipment and finite-lived intangible assets acquired in the Merger, based on the estimated fair value of these. The following table summarizes the pro forma adjustments to depreciation and amortization:

	Year Ended December 31, 2014
Remove historical depreciation and amortization	\$ (23,760)
Record new depreciation and amortization	36,855
	\$ 13,095

In connection with the Merger, on September 18, 2014, Consolidated completed the offering of \$200.0 million aggregate principal amount of the 2022 Notes and the net proceeds, of which, were used to finance the acquisition of Enventis, including related fees and expenses, and to pay the existing indebtedness of Enventis. A portion of the proceeds together with cash on hand and borrowings under our credit facility, was also used to redeem \$72.8 million of our \$300.00 million original aggregate principal amount of 2020 Notes during the fourth quarter of 2014. We paid \$84.1 million in connection with the partial redemption of the 2020 Notes, which resulted in a loss on the extinguishment of debt of \$13.8 million during the year ended December 31, 2014. The unaudited pro forma condensed combined statement of income includes a pro forma adjustment of \$13.8 million to exclude the loss on the extinguishment of debt as it is considered to be nonrecurring.

On June 8, 2015, we issued an additional \$300.0 million aggregate principal amount of the 2022 Notes. The New Notes were priced at 98.26% of par and resulted in total gross proceeds of approximately \$294.8 million, excluding accrued interest. The net proceeds from the issuance of the New Notes were used, in part, to redeem the remaining \$227.2 million of the original aggregate principal amount of the 2020 Notes, to pay related fees and expenses and to reduce the outstanding balance of our revolving credit facility. In connection with the redemption of the 2020 Notes, we paid \$261.9 million and recognized a loss on the extinguishment of debt of \$41.2 million during the quarter and six months ended June 30,

As anticipated, financing for the Merger was completed through the offering of the Initial Notes, which replaced the Bridge Facility on the date of the Merger.

THE EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

On September 18, 2014, Finance Co. sold \$200.0 million in aggregate principal amount of the outstanding Initial Notes in a private placement. The Initial Notes were sold to the initial purchasers thereof, who in turn resold the Initial Notes to "Qualified Institutional Buyers," as defined under the Securities Act, to certain non-U.S. persons in offshore transactions and to a limited number of "accredited investors", as defined under the Securities Act. On October 16, 2014, Finance Co. merged with and into the Company, and the Company succeeded Finance Co. as the obligor under the Initial Notes.

On June 8, 2015, the Company sold \$300.0 million aggregate principal amount of the outstanding New Notes in a private placement. The New Notes were sold to the initial purchasers thereof, who in turn resold the New Notes to "Qualified Institutional Buyers," as defined under the Securities Act and to certain non-U.S. persons in offshore transactions.

The exchange offer is designed to provide holders of all of the Original Notes with an opportunity to acquire Exchange Notes which, unlike the Original Notes, will not be restricted securities and will be freely transferable at all times, subject to any restrictions on transfer imposed by state "blue sky" laws and provided that the holder is not our affiliate within the meaning of the Securities Act and represents that the Exchange Notes are being acquired in the ordinary course of the holder's business and the holder is not engaged in, and does not intend to engage in, and has no arrangement or understanding with any person to participate in, the distribution of the Exchange Notes.

The outstanding Initial Notes in the aggregate principal amount of \$200.0 million were originally issued and sold on September 18, 2014, the issue date, to Morgan Stanley & Co. LLC, Wells Fargo Securities, LLC and RBS Securities Inc. as initial purchasers, pursuant to the purchase agreement dated as of September 14, 2014. The outstanding New Notes in the aggregate principal amount of \$300.0 million were originally issued and sold on June 8, 2015, the issue date, to Morgan Stanley & Co. LLC, Wells Fargo Securities, LLC and Mizuho Securities USA Inc. as initial purchasers, pursuant to the purchase agreement dated as of June 3, 2015.

All of the Original Notes were issued and sold in transactions not registered under the Securities Act in reliance upon the exemption provided by Section 4(2) of the Securities Act. The concurrent resale of the Original Notes by the respective initial purchasers thereof to Qualified Institutional Buyers and non-U.S. persons was accomplished in reliance upon the exemption provided by Rule 144A and Regulation S under the Securities Act. The Original Notes are restricted securities and may not be reoffered, resold or transferred other than pursuant to a registration statement filed pursuant to the Securities Act or unless an exemption from the registration requirements of the Securities Act is available. Pursuant to Rule 144 under the Securities Act, the Original Notes may generally be resold (a) commencing six months after the respective issue date thereof, in an amount up to, for any three-month period, the greater of 1% of the Original Notes then outstanding or the average weekly trading volume of the Original Notes during the four calendar weeks preceding the filing of the required notice of sale with the SEC so long as Consolidated remains current in its periodic filing obligations and (b) commencing one year after the respective issue date thereof, in any amount and otherwise without restriction by a holder who is not, and has not been for the preceding three months, our affiliate. Certain other exemptions may also be available under other provisions of the federal securities laws for the resale of the Original Notes.

In connection with the sale of the Initial Notes, we and the initial purchasers thereof entered into a registration rights agreement, dated September 18, 2014 (the "initial registration rights agreement"). A copy of the initial registration rights agreement has been filed as an exhibit to the registration statement of which this prospectus is a part. Under the initial registration rights agreement, the

Company and the guarantors agreed that if (1) the Initial Notes are not freely transferable by the holders thereof that are not affiliates of the Company in accordance with Rule 144 (or any similar provision then in force) under the Securities Act or otherwise where no conditions of Rule 144 are then applicable (other than the holding period requirement in paragraph (d)(1)(ii) of Rule 144 so long as such holding period requirement is satisfied) and (2) the restrictive legend has not been removed from the Initial Notes, in each case, by the 366th day following the original issuance date the Initial Notes to file an exchange offer registration statement to allow holders to exchange Initial Notes for the same principal amount of a new issue of Initial Notes with substantially identical terms, except they will generally be freely transferable under the Securities Act. In addition, the Company and the guarantors agreed to file, under certain circumstances, a shelf registration statement to cover resales of the Initial Notes. If the Company fails to complete the registered exchange offer or the shelf registration statement has not been declared effective within 475 days after the initial issuance of the Initial Notes, or either registration statement is declared effective but thereafter ceases to effective or usable in connection with resales or exchanges of Initial Notes during the time periods specified in the initial registration rights agreement, the Company will be required to pay additional interest on the Initial Notes. With respect to the first 90-day period immediately following the occurrence of the first registration default, additional interest shall be payable in an amount equal to 0.25% per annum on the principal amount of Initial Notes. The amount of the additional interest will increase by an additional 0.25% per annum on the principal amount of Initial Notes with respect to each subsequent 90-day period until all registration defaults have been cured, up to a maximum amount of additional interest for all registration defaults of 1.5% per annum.

In connection with the sale of the New Notes, we and the initial purchasers thereof entered into a registration rights agreement, dated as of June 8, 2015 (the "new registration rights agreement"). A copy of the new registration rights agreement has been filed as an exhibit to the registration statement of which this prospectus is a part. Under the new registration rights agreement, the Company and the guarantors agreed that if (1) the New Notes are not freely transferable by the holders thereof that are not affiliates of the Company in accordance with Rule 144 (or any similar provision then in force) under the Securities Act or otherwise where no conditions of Rule 144 are then applicable (other than the holding period requirement in paragraph (d)(1)(ii) of Rule 144 so long as such holding period requirement is satisfied) and (2) the restrictive legend has not been removed from the New Notes, in each case, by the 366th day following the original issuance date the Initial Notes to file an exchange offer registration statement to allow holders to exchange the Original Notes for the same principal amount of a new issue of Original Notes with substantially identical terms, except they will generally be freely transferable under the Securities Act. In addition, the Company and the guarantors agreed to file, under certain circumstances, a shelf registration statement to cover resales of the New Notes. If the Company fails to complete the registered exchange offer or the shelf registration statement has not been declared effective within 475 days after the original issuance of the Initial Notes, or either registration statement is declared effective but thereafter ceases to effective or usable in connection with resales or exchanges of Original Notes during the time periods specified in the new registration rights agreement, the Company will be required to pay additional interest on the New Notes. With respect to the first 90-day period immediately following the occurrence of the first registration default, additional interest shall be payable in an amount equal to 0.25% per annum on the principal amount of Original Notes. The amount of the additional interest will increase by an additional 0.25% per annum on the principal amount of Original Notes with respect to each subsequent 90-day period until all registration defaults have been cured, up to a maximum amount of additional interest for all registration defaults of 1.5% per annum.

In addition, in connection with any resales of Exchange Notes, any broker dealer (a "Participating Broker Dealer") which acquired the Exchange Notes for its own account as a result of market making or other trading activities must deliver a prospectus meeting the requirements of the Securities Act. The SEC has taken the position that Participating Broker Dealers may fulfill their prospectus delivery

requirements with respect to the Exchange Notes (other than a resale of an unsold allotment from the offering of the Original Notes) with the prospectus contained in the exchange offer registration statement. We have agreed to make available, for a period ending on the earlier of (i) 180 days after consummation of the exchange offer and (ii) the date on which all broker-dealers have disposed of all their registrable securities, a prospectus meeting the requirements of the Securities Act to any Participating Broker Dealer and any other persons with similar prospectus delivery requirements, for use in connection with any resale of Exchange Notes. A Participating Broker Dealer or any other person that delivers such a prospectus to purchasers in connection with such resales will be subject to certain of the civil liability provisions under the Securities Act and will be bound by the provisions of the registration rights agreement (including certain indemnification rights and obligations thereunder).

Each holder of Original Notes who wishes to exchange them for Exchange Notes in the exchange offer will be required to make certain representations to us, including representations that:

any Exchange Notes to be received by it will be acquired in the ordinary course of its business;

it is not engaged in, and does not intend to engage in, and has no arrangement or understanding with any person to participate in, the distribution (within the meaning of the Securities Act) of the Exchange Notes;

it is not an "affiliate" (as defined in Rule 405 under the Securities Act) of the Company or, if it is such an affiliate, it will comply with the registration and prospectus delivery requirements of the Securities Act, to the extent applicable; and

it is not acting on behalf of any person who could not truthfully make the foregoing representations.

In addition, each registration rights agreement provides that in the event that (i) any changes in law or the applicable interpretations of the staff of the SEC do not permit us to effect the exchange offer, (ii) for any other reason the exchange offer is not consummated on or before the 456th day after the closing of the offering of the Initial Notes, or (iii) any beneficial owner of the Original Notes notifies us it is not eligible to participate in the exchange offer, the Company and the guarantors will, at our expense, (a) file with the SEC a shelf registration statement covering resales of the Original Notes, (b) use our reasonable best efforts to cause the shelf registration statement to be declared effective under the Securities Act on or prior to the 456th day following the closing of the offering of the Initial Notes and (c) use our reasonable best efforts to keep the shelf registration statement effective until the earlier of one year from the date of effectiveness of the shelf registration statement or until the date all Original Notes covered by the shelf registration statement have been sold pursuant thereto, are no longer outstanding or cease to be transfer restricted. We will, in the event of the filing of the shelf registration statement, provide to each holder of the Original Notes copies of the prospectus which is a part of the shelf registration statement, notify each such holder when the shelf registration statement has become effective and take certain other actions as are required to permit unrestricted resales of the Original Notes. A holder of Original Notes that sells its Original Notes pursuant to the shelf registration statement generally (i) will be required to be named as a selling securityholder in the related prospectus and to deliver a prospectus to purchasers, (ii) will be subject to certain of the civil liability provisions under the Securities Act in connection with such sales and (iii) will be bound by the provisions of the registration rights agreement that is applicable to such a holder (including certain indemnification rights and obligations thereunder). In addition, each holder of Original Notes will be required to deliver information to be used in connection with the shelf registration statement and to provide comments on the shelf registration statement within the time periods set forth in the registration rights agreements to have its Original Notes included in the shelf registration statement and to benefit from the provisions regarding additional interest described in the following paragraph.

Table of Contents

In the event that (i) the exchange offer is not consummated on or before the 475th day after the closing of the offering of the Initial Notes, (ii) a shelf registration statement is required to be filed pursuant to the registration rights agreement but has not been declared effective on or before the 475th day after the closing of the offering of the Initial Notes or (iii) the exchange offer registration statement or the shelf registration statement is declared effective but shall thereafter become unusable (subject to certain exceptions), the interest rate borne by the Notes will be increased by 0.25% per annum, beginning the day after the date specified in clause (i), (ii) or (iii) above, as applicable. Thereafter, the interest rate borne by the Notes will be increased by an additional 0.25% per annum for each 90 day period that elapses before additional interest ceases to accrue in accordance with the following sentence; provided that the aggregate increase in such annual interest rate may in no event exceed 1.50%. Following the cure of all defaults specified in clauses (i), (ii) and (iii) above, the additional interest will cease to accrue and the interest will revert to the original rate; provided, however, that if, after any such reduction in interest rate, a different event specified in clause (i), (ii) or (iii) above occurs, the interest rate may again be increased pursuant to the foregoing provisions.

This summary of certain provisions of the registration rights agreements does not purport to be complete and is subject to, and is qualified in its entirety by, the complete provisions of the registration rights agreements, copies of which have been filed as an exhibit to the registration statement of which this prospectus is a part.

Resale of the Exchange Notes

We have not requested, and do not intend to request, an interpretation by the staff of the SEC as to whether the Exchange Notes issued pursuant to the exchange offer in exchange for the Original Notes may be offered for sale, resold or otherwise transferred by any holder without compliance with the registration and prospectus delivery provisions of the Securities Act. Instead, under existing interpretations of the Securities Act by the staff of the SEC contained in the Exxon Capital Holdings Corp., SEC No-Action Letter (May 13, 1988), Morgan Stanley & Co, Inc., SEC No-Action Letter (June 5, 1991), and Shearman & Sterling, SEC No-Action Letter (July 2, 1993) issued to third parties not related to us and subject to the immediately following sentence, we believe that you may exchange Original Notes for Exchange Notes in the ordinary course of business and that the Exchange Notes would generally be freely transferable by holders thereof after the exchange offer without further registration under the Securities Act and without delivering to purchasers of the Exchange Notes a prospectus that satisfies the requirements of Section 10 of the Securities Act (subject to certain representations required to be made by each holder of the Original Notes, as set forth above). However, any purchaser of the Original Notes who is an "affiliate" of us and any purchaser of the Original Notes who intends to participate in the exchange offer for the purpose of distributing the Exchange Notes (i) will not be able to rely on the interpretations of the staff of the SEC, (ii) will not be able to tender its Original Notes in the exchange offer and (iii) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the Notes unless such sale or transfer is made pursuant to an exemption from such requirements.

In addition, if:

you are a broker-dealer tendering Original Notes purchased directly from us for your own account; or

you acquire Exchange Notes in the exchange offer for the purpose of distributing or participating in the distribution of the Exchange Notes,

you cannot rely on the position of the staff of the SEC contained in such no-action letters and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction, unless an exemption from registration is otherwise available.

Table of Contents

Each broker-dealer that receives Exchange Notes for its own account in exchange for Original Notes, which the broker-dealer acquired as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the Exchange Notes. The letter of transmittal states that by so acknowledging and delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. A broker-dealer may use this prospectus, as it may be amended or supplemented from time to time, in connection with resales of Exchange Notes received in exchange for Original Notes which the broker-dealer acquired as a result of market-making or other trading activities. See "Plan of Distribution" for a discussion of the exchange and resale obligations of broker-dealers in connection with the exchange offer.

Terms of the Exchange Offer

This prospectus and the accompanying letter of transmittal together constitute the exchange offer. Upon the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal, we will accept for exchange Original Notes which are properly tendered on or before the expiration date and are not validly withdrawn as permitted below. The expiration date for this exchange offer is 5:00 p.m., New York City time, on _____, 2015, or such later date and time to which we, in our sole discretion, extend the exchange offer (the "Expiration Date").

As of the date of this prospectus, \$500.0 million in aggregate principal amount at maturity of the Original Notes are outstanding. This prospectus, together with the letter of transmittal, is being sent to all registered holders of the Original Notes as of the date of this prospectus. There will be no fixed record date for determining registered holders of the Original Notes entitled to participate in the exchange offer; however, holders of the Original Notes must cause their Original Notes to be tendered by book-entry transfer before the Expiration Date of the exchange offer to participate.

The form and terms of the Exchange Notes being issued in the exchange offer are the same as the form and terms of the Original Notes, except that:

the Exchange Notes being issued in the exchange offer will have been registered under the Securities Act;

the Exchange Notes being issued in the exchange offer will not bear the restrictive legends restricting their transfer under the Securities Act; and

the Exchange Notes being issued in the exchange offer will not contain provisions providing for registration rights or the obligation to pay additional interest because of our failure to register the Exchange Notes and complete this exchange offer as required.

Outstanding Original Notes being tendered in the exchange offer must be in a minimum principal amount of \$2,000 and integral multiples of \$1,000 in excess thereof.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement and applicable federal securities laws. Original Notes that are not tendered for exchange under the exchange offer will remain outstanding and will be entitled to the rights under the indenture governing the Notes. Except in limited circumstances, any Original Notes not tendered for exchange will not retain any rights under the registration rights agreement and will remain subject to transfer restrictions. See "Consequences of Failure to Exchange Original Notes."

We will be deemed to have accepted validly tendered Original Notes when, as and if we give oral or written notice of their acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the Exchange Notes from us. If any tendered Original Notes are not accepted for exchange because of an invalid tender, the occurrence of other events set forth in this prospectus, or otherwise, those unaccepted Original Notes will be returned

Table of Contents

without expense to the tendering holder of those Original Notes (or in the case of Original Notes tendered by book-entry transfer into the exchange agent's account at DTC pursuant to the procedures described below, such non-exchanged Original Notes will be credited to an account maintained with DTC) promptly after the withdrawal or termination of the exchange offer. See " Procedures for Tendering."

Subject to the instructions in the letter of transmittal, those who tender Original Notes in the exchange offer will not be required to pay brokerage commissions or fees or transfer taxes with respect to the exchange under the exchange offer. Except as set forth in instructions in the letter of transmittal, we will pay all charges and expenses, other than transfer taxes described below, in connection with the exchange offer. See " Fees and Expenses."

Expiration Date; Extensions, Amendments

The Expiration Date is 5:00 p.m., New York City time on _____, 2015, unless we, in our sole discretion, extend the Expiration Date. To extend the Expiration Date, we will notify the exchange agent of any extension by oral or written notice and we will notify the holders of Original Notes, or cause them to be notified, by making a public announcement of the extension, prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion (1) to refuse to accept any Original Notes, to extend the Expiration Date or to terminate this exchange offer and not accept any Original Notes for exchange if any of the conditions set forth herein under " Conditions to the Exchange Offer" shall not have been satisfied or waived by us prior to the Expiration Date, by giving oral or written notice of such delay, extension or termination to the exchange agent; or (2) to amend the terms of this exchange offer in any manner deemed by us to be advantageous to the holders of the Original Notes. Any such refusal to accept, extension, termination or amendment will be followed as promptly as practicable by oral or written notice thereof to the exchange agent. If this exchange offer is amended in a manner determined by us to constitute a material change, or if we waive a material condition, we will promptly disclose the amendment or waiver in a manner reasonably calculated to inform the holders of Original Notes of the amendment or waiver, and extend the offer if required by law.

Without limiting the manner in which we may choose to make a public announcement of any delay, extension, amendment or termination of the exchange offer, we will have no obligation to publish, advertise or otherwise communicate that public announcement, other than by making a timely release to an appropriate news agency.

Conditions to the Exchange Offer

Without regard to other terms of the exchange offer, we are not required to accept for exchange, or to issue Exchange Notes in the exchange offer for, any Original Notes, and we may terminate or amend the exchange offer, at any time before the acceptance of Original Notes for exchange, if:

any federal law, statute, rule or regulation is proposed, adopted or enacted which, in our judgment, might reasonably be expected to impair our ability to proceed with the exchange offer;

any action or proceeding is instituted or threatened in any court or by or before any governmental agency with respect to the exchange offer that, in our judgment, might impair our ability to proceed with the exchange offer;

any stop order is threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939;

Table of Contents

any governmental approval or approval by holders of the Original Notes has not been obtained if we, in our reasonable judgment, deem this approval necessary for the consummation of the exchange offer; or

there occurs a change in the current interpretation by the staff of the SEC which permits the Exchange Notes to be issued in the exchange offer to be offered for resale, resold and otherwise transferred by the holders of the Exchange Notes, other than broker-dealers and any holder which is an "affiliate" of ours within the meaning of Rule 405 under the Securities Act, without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that the Exchange Notes acquired in the exchange offer are acquired in the ordinary course of that holder's business and that holder is not engaged in, does not intend to engage in, and has no arrangement or understanding with any person to participate in, the distribution of the Exchange Notes to be issued in the exchange offer.

The preceding conditions are for our sole benefit and we may assert them regardless of the circumstances giving rise to any such condition. The failure by us at any time to exercise any of the foregoing rights shall not be deemed a waiver of any such right, and each such right shall be deemed an ongoing right which may be asserted any time and from time to time by us. If we determine that any of these conditions is not satisfied, we may:

refuse to accept any Original Notes and return all tendered Original Notes to the tendering holders by crediting those Original Notes to an account maintained with DTC;

extend the Expiration Date and retain all Original Notes tendered before the Expiration Date of the exchange offer, subject, however, to the rights of the holders who have tendered the Original Notes to withdraw their Original Notes; or

waive unsatisfied conditions with respect to the exchange offer and accept all properly tendered Original Notes that have not been withdrawn. If the waiver constitutes a material change to the exchange offer, we will promptly disclose the waiver by means of a prospectus supplement that will be distributed to the registered holders of the Original Notes, and we will extend the exchange offer for a period of up to ten business days, depending on the significance of the waiver and the manner of disclosure of the registered holders of the Original Notes, if the exchange offer would otherwise expire during this period.

Procedures for Tendering

Any tender of Original Notes that is not withdrawn prior to the Expiration Date will constitute a binding agreement between the tender holder and us upon the terms and subject to the conditions set forth in this prospectus and the accompanying letter of transmittal. A holder of Original Notes who wishes to tender Original Notes in the exchange offer must do either of the following:

Complete, sign and date the letter of transmittal in accordance with the instructions set forth in the letter of transmittal, together with any other documents required by the letter of transmittal; have the signature guaranteed, if the letter of transmittal so requires; and mail or deliver that letter of transmittal and other required documents to the exchange agent at the address listed below under " Exchange Agent" on or before the Expiration Date; or

If the Original Notes are tendered under the book-entry transfer procedures described below, transmit to the exchange agent, on or before the Expiration Date, an "Agent's Message" as defined below.

In addition, one of the following must occur:

the exchange agent must receive certificates representing your Original Notes, along with the letter of transmittal, on or before the Expiration Date; or

Table of Contents

the exchange agent must receive a timely confirmation of book-entry transfer of the Original Notes into the exchange agent's account at DTC under the procedure for book-entry transfers described below, along with the letter of transmittal or a properlytransmitted agent's message, on or before the Expiration Date.

Any broker, dealer, commercial bank, trust company or other owner who holds Original Notes for their own account in book-entry form and who wishes to tender the Original Notes in the exchange offer should tender the Original Notes by book-entry transfer. Any beneficial owner whose Original Notes are held in book-entry form through a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender Original Notes in the exchange offer should contact such broker, bank, dealer or other nominee and instruct such nominee to tender the Original Notes on such beneficial owner's behalf by book-entry transfer. In some cases, the bank, broker, dealer or other nominee may request submission of such instructions on a Beneficial Owner's Instruction Form. Please check with your nominee to determine the procedures for such firm.

To effectively tender Original Notes by book-entry transfer to the account maintained by the exchange agent at DTC, a DTC participant must electronically transmit acceptance of the exchange offer through DTC's Automated Tender Offer Program ("ATOP"). DTC will then edit and verify the acceptance and send an agent's message (an "Agent's Message") to the exchange agent for its acceptance. An Agent's Message is a message transmitted by DTC to, and received by, the exchange agent and forming a part of the Book-Entry Confirmation (as defined below), which states that DTC has received an express acknowledgment from the DTC participant tendering Original Notes on behalf of the holder of such Original Notes that such DTC participant has received and agrees to bound by the terms and conditions of the exchange offer as set forth in this prospectus and the related letter of transmittal and that we may enforce such agreement against such participant. A timely confirmation of a book-entry transfer of the Original Notes into the exchange agent's account at DTC (a "Book-Entry Confirmation"), pursuant to the book-entry transfer procedures described below, as well as an Agent's Message pursuant to DTC's ATOP system, and any other documents required by the letter of transmittal, must be received by the exchange agent on or prior to 5:00 p.m., New York City time, on the Expiration Date.

Any acceptance of an Agent's Message through DTC's ATOP system is at the election and risk of the person transmitting an Agent's Message, and delivery will be deemed made only when actually received or confirmed by the exchange agent. **Holders tendering Original Notes through DTC's ATOP system must allow sufficient time for completion of the ATOP procedures during the normal business hours of DTC.**

No Original Notes, Agent's Messages or other required documents should be sent to us. Delivery of all Original Notes, Agent's Messages and other documents must be made to the exchange agent.

The tender by a holder of Original Notes will constitute an agreement between such holder and us in accordance with the terms and subject to the conditions set forth herein and in the letter of transmittal. Holders of Original Notes registered in the name of a broker, dealer, commercial bank, trust company or other nominee who wish to tender must contact such registered holder promptly and instruct such registered holder how to act on such non-registered holder's behalf.

All questions as to the validity, form, eligibility, time of receipt and withdrawal of the tendered Original Notes will be determined by us in our sole discretion, which determination will be final and binding. We reserve the absolute right to reject any and all Original Notes not validly tendered or any Original Notes which, if accepted, would, in the opinion of our counsel, be unlawful. We also reserve the absolute right to waive any irregularities or conditions of tender as to particular Original Notes. Our interpretation of the terms and conditions of this exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Original Notes must be cured within such time as we shall determine.

Table of Contents

None of us, the exchange agent, or any other person shall be under any duty to give notification of defects or irregularities with respect to tenders of Original Notes, nor shall any of them incur any liability for failure to give such notification. Tenders of Original Notes will not be deemed to have been made until such irregularities have been cured or waived. Any Original Notes received by the exchange agent that are not validly tendered and as to which the defects or irregularities have not been cured or waived will be returned without cost to such holder by the exchange agent, unless otherwise provided in the letter of transmittal, promptly after the termination or withdrawal of the exchange offer.

We reserve the right, in our sole discretion, to purchase or make offers for any Original Notes after the Expiration Date, from time to time, through open market or privately negotiated transactions, one or more additional exchange or tender offers, or otherwise, as permitted by law, the indenture and our other debt agreements. Following consummation of this exchange offer, the terms of any such purchases or offers could differ materially from the terms of this exchange offer.

By tendering, each holder will be required to make certain representations to us, as more fully described above under " Purpose and Effect of the Exchange Offer." In addition, see above the discussion set forth under the section entitled " Resale of the Exchange Notes" for restrictions and limitations applicable to any holder or any such other person who is an "affiliate" (as defined under Rule 405 of the Securities Act) of us or is engaged in, or intends to engage in, or has an arrangement or understanding with any person to participate in, the distribution of Exchange Notes to be acquired in the exchange offer.

Acceptance of Original Notes for Exchange; Delivery of Exchange Notes Issued in the Exchange Offer

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, promptly after the Expiration Date, all Original Notes properly tendered and will issue Exchange Notes registered under the Securities Act. For purposes of the exchange offer, we will be deemed to have accepted properly tendered Original Notes for exchange when, as and if we have given oral or written notice to the exchange agent, with written confirmation of any oral notice to be given promptly thereafter. See " Conditions to the Exchange Offer" for a discussion of the conditions that must be satisfied before we accept any Original Notes for exchange.

For each Original Note accepted for exchange, the holder will receive an Exchange Note registered under the Securities Act having a principal amount equal to that of the surrendered Original Note. Accordingly, registered holders of Exchange Notes issued in the exchange offer on the relevant record date for the first interest payment date following the completion of the exchange offer will receive interest accruing from the most recent date to which interest has been paid. Original Notes that we accept for exchange will cease to accrue interest from and after the date of completion of the exchange offer. Under the registration rights agreement, we may be required to make additional payments in the form of additional interest to the holders of the Original Notes under circumstances relating to the timing of the exchange offer.

In all cases, we will issue Exchange Notes in the exchange offer for Original Notes that are accepted for exchange only after the exchange agent timely receives:

a timely Book-Entry Confirmation of such Original Notes into the exchange agent's account at DTC or, in the case of certificated Original Notes, the certificate or certificates representing the Original Notes;

an Agent's Message or, in the case of certificated Original Notes, a duly executed letter of transmittal; and

all other required documents.

Table of Contents

If for any reason set forth in the terms and conditions of the exchange offer we do not accept any tendered Original Notes, or if a holder submits Original Notes for a greater principal amount than the holder desires to exchange, we will return such unaccepted or non-exchanged Original Notes without cost to the tendering holder by crediting them to an account maintained with DTC promptly after the termination or withdrawal of the exchange offer.

Book-Entry Transfer

The exchange agent will establish an account with respect to the Original Notes at DTC for purposes of this exchange offer within two business days after the date of this prospectus. Any financial institution that is a participant in DTC's ATOP system may use DTC's ATOP procedures to tender Original Notes. Such participant may make book-entry delivery of Original Notes by causing DTC to transfer such Original Notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer. However, although delivery of Original Notes may be effected through book-entry transfer at DTC, an Agent's Message pursuant to the ATOP procedures and any other required documents must, in any case, be transmitted to and received by the exchange agent on or prior to the Expiration Date. Delivery of documents to DTC will not constitute valid delivery to the exchange agent.

No Guaranteed Delivery Procedures

We have not provided guaranteed delivery provisions in connection with the exchange offer. Holders must tender their Original Notes in accordance with the procedures set forth under " Procedures for Tendering."

Withdrawal of Tenders

Tenders of Original Notes may be properly withdrawn at any time prior to 5:00 p.m., New York City time, on the Expiration Date.

For a withdrawal of a tender to be effective, a written notice of withdrawal delivered by hand, overnight by courier or by mail, or a manually signed facsimile transmission, or a properly transmitted "Request Message" through DTC's ATOP system, must be received by the exchange agent prior to 5:00 p.m., New York City time, on the Expiration Date. Any such notice of withdrawal must:

specify the number of the account at DTC from which the Original Notes were tendered and specify the name and number of the account at DTC to be credited with the properly withdrawn Original Notes and otherwise comply with the procedures of such facility;

identify the Original Notes to be properly withdrawn, including the principal amount of such Original Notes; and

contain a statement that such holder is withdrawing its election to have such Original Notes exchanged for Exchange Notes.

All questions as to the validity, form, eligibility and time of receipt of such notice will be determined by us, and our determination shall be final and binding on all parties. Any Original Notes so properly withdrawn will be deemed not to have been validly tendered for exchange for purposes of this exchange offer and no Exchange Notes will be issued with respect thereto unless the Original Notes so withdrawn are validly re-tendered thereafter. Any Original Notes that have been tendered for exchange but are not exchanged for any reason will be returned to the tendering holder thereof without cost to such holder by crediting such Original Notes to an account maintained with DTC for the Original Notes promptly after the termination or withdrawal of the exchange offer. Properly withdrawn Original Notes may be re-tendered by following the procedures described above at any time on or prior to 5:00 p.m. New York City time on the Expiration Date.

Termination of Certain Rights

All rights given to holders of Original Notes under the registration rights agreement will terminate upon the consummation of the exchange offer except with respect to our duty:

to use our reasonable best efforts to keep the shelf registration statement effective, if requested by one or more broker-dealers, for a period ending on the earlier of (a) one year from the date of effectiveness of the shelf registration statement and (b) the date all Notes covered by the shelf registration statement have been sold pursuant thereto, are no longer outstanding or cease to be transfer restricted;

our obligation to make available for a period of up to 180 days after consummation of the exchange offer a prospectus meeting the requirements of the Securities Act to any Participating Broker Dealer and any other persons with similar prospectus delivery requirements, for use in connection with any resale of Exchange Notes; and

under certain limited circumstances with respect to specific types of holders of Original Notes, we may have a further obligation to provide for the registration under the Securities Act of Original Notes held by such holders.

Exchange Agent

We have appointed Wells Fargo Bank, National Association, as exchange agent in connection with the exchange offer. In such capacity, the exchange agent has no fiduciary duties to the holders of the Notes and will be acting solely on the basis of our directions. Agent's Messages, Request Messages and all correspondence in connection with this exchange offer should be sent or delivered to the exchange agent through DTC's ATOP system or at the addresses set forth below, as applicable. We will pay the exchange agent reasonable and customary fees for its services, will reimburse it for its reasonable out-of-pocket expenses in connection therewith and subject to certain limitations will indemnify, defend and hold it and its directors, officers, employees, and agents harmless in its capacity as the exchange agent against any loss, liability, cost or expense arising out of or in connection with the exchange offer.

The expense of soliciting tenders pursuant to the exchange offer will be borne by us. The principal solicitation is being made by mail. Additional solicitations may, however, be made by facsimile transmission, telephone, email or in person by our officers and other employees and those of our affiliates.

We have not retained any dealer-manager in connection with the exchange offer and we will not make any payments to brokers, dealers or other persons soliciting acceptances of the exchange offer.

Table of Contents

We will, however, pay the exchange agent reasonable and customary fees for its services and will reimburse it for its related reasonable out-of-pocket expenses. We may also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of this prospectus, letters of transmittal and related documents to the beneficial owners of the Original Notes and in handling or forwarding tenders for exchange.

Except as set forth below, holders who tender their Original Notes for exchange will not be obligated to pay any transfer taxes. A tendering holder handling the transaction through its broker, dealer, commercial bank, trust company or other institution may be required to pay brokerage fees or commissions. If Original Notes are to be issued for principal amounts not tendered or accepted for exchange in the name of any person other than the tendering holder, or if a transfer tax is imposed for any reason other than the exchange of Original Notes pursuant to the exchange offer, then the amount of any such transfer taxes, whether imposed on the registered holder or any other persons, will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted, the amount of such transfer taxes will be billed directly to such tendering holder.

Consequences of Failure to Exchange Original Notes

Holders who desire to tender their Original Notes in exchange for Exchange Notes registered under the Securities Act should allow sufficient time to ensure timely delivery. Neither the exchange agent nor we are under any duty to give notification of defects or irregularities with respect to the tenders of Original Notes for exchange.

Original Notes that are not tendered, tendered but subsequently withdrawn or are tendered but not accepted will, following the completion of the exchange offer, continue to be subject to the provisions in the indenture regarding the transfer and exchange of the Original Notes and the existing restrictions on transfer set forth in the legend on the Original Notes, in the offering memorandum dated September 14, 2014, relating to the Initial Notes, and the offering memorandum dated June 3, 2015, relating to the New Notes. The Original Notes that are not exchanged for Exchange Notes pursuant to the exchange offer will remain restricted securities within the meaning of Rule 144 under the Securities Act. Accordingly, such Original Notes may be resold only (i) to us or our subsidiaries, (ii) to a qualified institutional buyer in compliance with Rule 144A under the Securities Act, (iii) to non-U.S. Persons that occur outside the United States in compliance with Regulation S under the Securities Act, (iv) in a principal amount not less than \$100,000 to an institutional accredited investor that, prior to such transfer, furnishes to the trustee (which is Wells Fargo Bank, National Association) a signed letter containing certain representations and agreements relating to the restrictions on transfer of the Original Notes (the form of which is an exhibit to the indenture), (v) pursuant to an effective registration statement under the Securities Act or (vi) pursuant to any other available exemption from the registration requirement of the Securities Act. The liquidity of the Original Notes could be adversely affected by the exchange offer.

Except in limited circumstances with respect to specific types of holders of Original Notes, we will have no further obligation to provide for the registration under the Securities Act of such Original Notes or pay Additional Interest and, except under certain limited circumstances, we do not currently anticipate that we will take any action to register the Original Notes under the Securities Act or under any state securities laws.

Holders of the Exchange Notes issued in the exchange offer and any Original Notes which remain outstanding after completion of the exchange offer will vote together as a single class for purposes of determining whether holders of the requisite percentage of the class have taken certain actions or exercised certain rights under the indenture.

Table of Contents

Tax Consequences of the Exchange Offer

The exchange of Original Notes for Exchange Notes will not be treated as a taxable transaction for U.S. federal income tax purposes because the Exchange Notes will not be considered to differ materially in kind or in extent from the Original Notes. Rather, the Exchange Notes received by a holder of Original Notes will be treated as a continuation of such holder's investment in the Original Notes. As a result, there will be no material U.S. federal income tax consequences to holders exchanging Original Notes for Exchange Notes.

Accounting Treatment

The Exchange Notes will be recorded at the same carrying value as the Original Notes, as reflected in our accounting records on the date of the exchange. Accordingly, no gain or loss for accounting purposes will be recognized.

Neither we nor our board of directors make any recommendation to holders of Original Notes as to whether to tender or refrain from tendering all or any portion of their Original Notes pursuant to the exchange offer. Moreover, no one has been authorized to make any such recommendation. Holders of Original Notes must make their own decision whether to tender pursuant to the exchange offer and, if so, the aggregate amount of Original Notes to tender, after reading this prospectus and the letter of transmittal and consulting with their advisors, if any, based on their own financial position and requirements.

Table of Contents

DESCRIPTION OF CERTAIN INDEBTEDNESS

The following is a summary of certain provisions of the instruments evidencing our material indebtedness. This summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all of the provisions of the agreements, including the definitions of certain terms therein that are not otherwise defined in this prospectus.

Credit Agreement

In December 2013, we, through certain of our wholly owned subsidiaries, entered into a Second Amended and Restated Credit Agreement with Wells Fargo Bank, National Association, as administrative agent, and various financial institutions (the "Credit Agreement") to replace our previously amended credit agreement. The Credit Agreement consists of a \$75.0 million revolving credit facility and initial term loans in the aggregate amount of \$910.0 million ("Term 4"). The proceeds from the Credit Agreement were used to repay the outstanding term loans from the previous agreement in its entirety. The Credit Agreement also includes an incremental term loan facility which provides the ability to request to borrow up to \$300.0 million of incremental term loans subject to certain terms and conditions. Borrowings under the senior secured credit facility are secured by substantially all of our and our subsidiaries' assets, with the exception of Illinois Consolidated Telephone Company and our majority-owned subsidiary, East Texas Fiber Line Incorporated.

The Term 4 loan was issued in an original aggregate principal amount of \$910.0 million with a maturity date of December 23, 2020. The Term 4 loan contains an original issuance discount of \$4.6 million, which is being amortized over the term of the loan. The Term 4 loan requires quarterly principal payments of \$2.3 million, which commenced March 31, 2014, and has an interest rate of LIBOR plus 3.25% subject to a 1.00% LIBOR floor.

Our revolving credit facility has a maturity date of December 23, 2018 and an applicable margin (at our election) of between 2.50% and 3.25% for LIBOR-based borrowings or between 1.50% and 2.25% for alternate base rate borrowings, depending on our leverage ratio. Based on our leverage ratio at June 30, 2015, the borrowing margin for the next three month period ending September 30, 2015 will be at a weighted-average margin of 3.00% for a LIBOR-based loan or 2.00% for an alternate base rate loan. The applicable borrowing margin for the revolving credit facility is adjusted quarterly to reflect the leverage ratio from the prior quarter-end. As of June 30, 2015 and December 31, 2014, borrowings of \$24.0 million and \$39.0 million were outstanding under the revolving credit facility, respectively. Interest is payable at least quarterly. A stand-by letter of credit of \$1.6 million, issued primarily in connection with the Company's insurance coverage, was outstanding under our revolving credit facility as of June 30, 2015. The stand-by letter of credit is renewable annually and reduces the borrowing availability under the revolving credit facility.

The weighted-average interest rate on outstanding borrowings under our credit facility was 4.14% and 4.20% at June 30, 2015 and December 31, 2014, respectively. Interest is payable at least quarterly.

Net proceeds from asset sales exceeding certain thresholds, to the extent not reinvested, are required to be used to repay loans outstanding under the Credit Agreement.

The Credit Agreement limits or restricts our ability (and the ability of certain of our subsidiaries) to:

Incur additional debt and issue preferred stock;

Make restricted payments, including paying dividends on, redeeming, repurchasing, or retiring our capital stock;

Make investments and prepay or redeem debt;

Table of Contents

Enter into agreements restricting our subsidiaries' ability to pay dividends, make loans, or transfer assets to us;

Create liens;

Sell or otherwise dispose of assets, including capital stock of, or other ownership interests in, subsidiaries;

Engage in transactions with affiliates;

Engage in sale and leaseback transactions;

Engage in a business other than telecommunications; and

Consolidate or merge.

We have agreed to maintain certain financial ratios, including interest coverage and total net leverage ratios, all as defined in the Credit Agreement. As of June 30, 2015, we were in compliance with the Credit Agreement covenants.

In general, our Credit Agreement restricts our ability to pay dividends to the amount of our Available Cash as defined in our Credit Agreement. As of June 30, 2015, and including the \$19.6 million dividend declared in May 2015 and paid on August 1, 2015, we had \$214.5 million in dividend availability under the credit facility covenant.

Under our Credit Agreement, if our total net leverage ratio (as defined in the Credit Agreement), as of the end of any fiscal quarter, is greater than 5.10:1.00, we will be required to suspend dividends on our common stock unless otherwise permitted by an exception for dividends that may be paid from the portion of proceeds of any sale of equity not used to fund acquisitions, or make other investments. During any dividend suspension period, we will be required to repay debt in an amount equal to 50.0% of any increase in Available Cash, among other things. In addition, we will not be permitted to pay dividends if an event of default under the Credit Agreement has occurred and is continuing. Among other things, it will be an event of default if our total net leverage ratio and interest coverage ratio as of the end of any fiscal quarter is greater than 5.25:1.00 and less than 2.25:1.00, respectively. As of June 30, 2015, our total net leverage ratio under the Credit Agreement was 4.39:1.00, and our interest coverage ratio was 3.82:1.00.

Enventis Indebtedness

Enterprise Integration Services, Inc., our wholly-owned subsidiary, is party to an inventory financing agreement with GE Commercial Distribution Finance Corporation ("GE Commercial"), dated October 16, 2014 (the "Inventory Financing Agreement"), pursuant to which Enterprise borrows funds from GE Commercial to purchase equipment from Cisco Systems, Inc. and its affiliates to be used in Enventis' business. The current Inventory Financing Agreement allows for up to \$25.0 million of indebtedness to be incurred under it.

DESCRIPTION OF THE NOTES

In this description, the word "*Company*" or "*Issuer*" refers only to Consolidated Communications, Inc. and not to any of its Subsidiaries or Affiliates (as defined below). Unless the context otherwise requires, the term "*Notes*" refers to the Original Notes and the Exchange Notes.

Consolidated Communications Finance II Co. (the "*Initial Issuer*") previously issued the Initial Notes pursuant to the provisions of an indenture dated as of September 18, 2014 (the "*Original Indenture*") between the Initial Issuer, Wells Fargo Bank, National Association, as trustee (the "*Trustee*"), and the Company, by way of merger with the Initial Issuer, assumed all obligations of the Initial Issuer under the Initial Notes and the Original Indenture pursuant to the first supplemental

Table of Contents

indenture dated as of October 16, 2014 (the "*First Supplemental Indenture*"). Certain subsidiaries of the Company became guarantors to the Initial Notes pursuant to the second supplemental indenture dated as of November 14, 2014 (the "*Second Supplemental Indenture*" and the Original Indenture, as supplemented by the First Supplemental Indenture and Second Supplemental Indenture, the "*Existing Indenture*"). All of the Initial Notes are outstanding as of the date of this prospectus. On June 8, 2015 the Company issued the New Notes under the same indenture as the Initial Notes pursuant a third supplemental indenture dated as of June 8, 2015 (the "*Third Supplemental Indenture*" and the Existing Indenture, as supplemented by the Third Supplemental Indenture, the "*Indenture*"). The New Notes constituted "*Additional Notes*" under the Indenture.

The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the "*Trust Indenture Act*").

The New Notes have the same terms as the Initial Notes (other than the date of original issuance, the date from which interest will initially begin to accrue and the first interest payment date) and are part of the same class as the Initial Notes for all purposes under the Indenture. The New Notes bear the same CUSIP number at all times as the CUSIP number governing the Initial Notes (except that any New Notes offered and sold in offshore transactions in reliance on Regulation S were issued under a new CUSIP number to be used during the distribution compliance period pursuant to Regulation S). The New Notes rank pari passu in right of payment with the Initial Notes and Holders of the New Notes vote together with Holders of the Initial Notes on any matter submitted to a vote of the Holders of the Notes under the Indenture.

The following description is a summary of the material provisions of the Indenture. It does not restate those agreements in their entirety. We urge you to read the Indenture because it, and not this description, will define your rights as Holders. Anyone who receives this prospectus may obtain a copy of the Indenture without charge by writing to the address set forth under "Where You Can Find Additional Information."

You can find the definitions of some of the terms used in this description below under the caption " Certain Definitions." The defined terms used in this description but not defined below have the meanings assigned to them in the Indenture.

Brief Description of the Notes

The Notes

The Notes are:

general unsecured obligations of the Issuer;

effectively subordinated to all existing and future secured Indebtedness of the Issuer (including Indebtedness under the Credit Agreement) to the extent of the value of the assets securing such Indebtedness;

structurally subordinated to any existing and future Indebtedness and other liabilities of the Issuer's subsidiaries that are not Guarantors;

equal in right of payment with all existing and future senior Indebtedness of the Issuer (including Indebtedness under the Credit Agreement);

senior in right of payment to any future subordinated Indebtedness of the Issuer; and

guaranteed on a senior unsecured basis by each Guarantor.

Table of Contents

The Note Guarantees

The Guarantors have, jointly and severally, unconditionally Guaranteed the Notes and the Indenture on a senior unsecured basis. See "Guarantees."

Each Note Guarantee is:

a general unsecured obligation of the Guarantor;

equal in right of payment with any existing and future senior Indebtedness (including Indebtedness under the Credit Agreement) of the Guarantor;

effectively subordinated to all secured Indebtedness of the Guarantor (including Indebtedness under the Credit Agreement) to the extent of the value of the assets securing such Indebtedness; and

senior in right of payment to any future subordinated Indebtedness of the Guarantor.

General

As of June 30, 2015, the Company and the Guarantors had approximately \$1,416.7 million of consolidated indebtedness outstanding, approximately \$921.8 million of which was secured indebtedness. For each of the six months ended June 30, 2015 and the year ended December 31, 2014, the non-Guarantor Subsidiaries represented 7.6% and 10.1% of our revenues and 13.8% and 13.6% of our EBITDA, respectively. At June 30, 2015, the non-Guarantor Subsidiaries represented 6.0% of our total assets and 2.3% of our total liabilities.

All of the Company's Subsidiaries are currently "Restricted Subsidiaries." However, under the circumstances described below under the caption "Certain Covenants Designation of Restricted and Unrestricted Subsidiaries," the Company will be permitted to designate certain of its Subsidiaries as "Unrestricted Subsidiaries." Any Unrestricted Subsidiaries will not be subject to any of the restrictive covenants in the Indenture and will not Guarantee the Notes. Each of Holdings and each Restricted Subsidiary of the Company that Guarantees any Indebtedness under the Credit Agreement is a Guarantor.

Principal, Maturity and Interest

The Indenture provides for the issuance of Notes in an unlimited principal amount, of which \$500,000,000 will be issued in this offering. The Issuer may issue additional Notes (the "Additional Notes") from time to time. Any offering of Additional Notes is subject to the covenant described below under the caption "Certain Covenants Incurrence of Indebtedness." The Notes and any Additional Notes subsequently issued under the Indenture would be treated as a single class for all purposes under the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase; *provided* that the Additional Notes may be issued at different prices from the issue price of the Notes issued in this offering; *provided further* that, if the Additional Notes are not fungible with the Notes for U.S. federal income tax purposes, the Additional Notes will have a separate CUSIP number. The Notes were issued in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes will mature on October 1, 2022.

Interest on the Notes accrues at the applicable rate set forth on the cover page of this prospectus and be payable semi-annually in arrears on April 1 and October 1, commencing on October 1, 2015, in the case of the New Notes, to the Holders of record on the immediately preceding March 15 and September 15. Any Additional Interest due will be paid to Holders of record on the same dates as interest on the Notes. See "The Exchange Offer Purpose and Effect of the Exchange Offer" for a description of the payment of Additional Interest.

Table of Contents

Interest on the Notes will accrue from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a Holder has given wire transfer instructions to the Issuer and the Paying Agent at least 10 Business Days prior to the applicable payment date, the Issuer or the Paying Agent will pay all principal, interest and premium and Additional Interest, if any, on that Holder's Notes in accordance with those instructions. All other payments on Notes will be made by check mailed to the Holders at their addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest (including Additional Interest, if any) with respect to the Global Notes registered in the name of or held by The Depository Trust Company ("*DTC*") or its nominee will be made by wire transfer of immediately available funds to the account specified by DTC.

Paying Agent and Registrar for the Notes

The Trustee will initially act as Paying Agent and Registrar. The Issuer may change the Paying Agent or Registrar without prior notice to the Holders, and the Issuer or any of its Subsidiaries may act as Paying Agent or Registrar.

Transfer and Exchange

A Holder may transfer or exchange Notes in accordance with the Indenture and the procedures described in "Notice to Investors". The Registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and the Issuer may require a Holder to pay any taxes and fees required by law or permitted by the Indenture. The Issuer is not required to transfer or exchange any Note selected for redemption. Also, the Issuer is not required to transfer or exchange any Note for a period of 15 days before the sending of a notice of redemption of Notes to be redeemed.

The registered Holder of a Note will be treated as the owner of it for all purposes.

Note Guarantees

Holdings and each Restricted Subsidiary of the Company that Guarantees any Indebtedness under the Credit Agreement have fully and unconditionally Guaranteed the Notes and the Indenture, jointly and severally, on a senior unsecured basis. However, such Guarantee by Holdings is only a Guarantee of the due and punctual payment of the principal of, premium, if any, and interest, and Additional Interest, if any, on the Notes, whether at maturity, by acceleration, redemption or otherwise. Holdings will not be subject to any of the covenants in the Indenture that restrict the Guarantors.

The obligations of each Guarantor under its Note Guarantee will be limited as necessary to prevent that Note Guarantee from constituting a fraudulent conveyance under applicable law, but it is uncertain whether such provision would be effective to prevent a Note Guarantee from constituting a fraudulent conveyance under applicable law. Fraudulent conveyance laws may void the Notes and/or the Note Guarantees or subordinate the Notes and/or the Note Guarantees. See "Risk Factors Risks Factors Related to the Notes."

In the event that any Restricted Subsidiary that is not a Guarantor Guarantees certain other Indebtedness, it will be required to provide a Note Guarantee. See " Certain Covenants Guarantees."

No Notes of \$2,000 or less will be redeemed in part. Notices of optional redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder of Notes to be redeemed at its registered address or sent to DTC in accordance with its procedures applicable to Global Notes. Notices of redemption may not be conditional.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each Holder will have the right to require the Issuer to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that Holder's Notes pursuant to an offer (a "*Change of Control Offer*") on the terms set forth in the Indenture. In the Change of Control Offer, the Issuer will offer payment (a "*Change of Control Payment*") in cash equal to not less than 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest and Additional Interest, if any, thereon, to the date of repurchase (the "*Change of Control Payment Date*"), subject to the rights of Holders of Notes on the relevant record date to receive interest due on the relevant interest payment date.

No later than 30 days following any Change of Control (unless the Issuer has exercised its right to redeem all of the Notes as described under "Optional Redemption"), the Issuer will mail (or with respect to Global Notes, to the extent permitted or required by applicable DTC procedures or regulations, send electronically) a notice to each Holder with a copy to the Trustee describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control Payment Date specified in such notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is sent, pursuant to the procedures required by the Indenture and described in such notice. The notice, if sent prior to the consummation of the Change of Control, will state that the Change of Control Offer is conditioned on the Change of Control being consummated on or prior to the Change of Control Payment Date.

The Issuer will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the "*Exchange Act*"), and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

On the Change of Control Payment Date, the Issuer will, to the extent lawful:

- (i) accept for payment all Notes or portions thereof properly tendered pursuant to the Change of Control Offer;
- (ii) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and
- (iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officers' Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

The Paying Agent will promptly mail or wire transfer to each Holder of Notes so tendered the Change of Control Payment for such Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each Holder a new Note equal in principal amount to any

Table of Contents

unpurchased portion of the Notes surrendered, if any, provided that each such new Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

The Issuer will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The Credit Agreement provides that certain change of control events with respect to the Company would constitute a default under the Credit Agreement. Any future credit agreements or other similar agreements to which the Company or its Subsidiaries become party may contain similar restrictions and provisions and may limit the Company's ability to purchase Notes. In the event a Change of Control occurs at a time when the Issuer is prohibited from purchasing the Notes, the Issuer could seek the consent of its lenders to the purchase of the Notes or could attempt to refinance the borrowings that contain such prohibition. If the Issuer does not obtain such a consent or repay such borrowings, the Issuer will remain prohibited from purchasing the Notes. In such case, the Issuer's failure to purchase tendered Notes would constitute an Event of Default under the Indenture which would, in turn, constitute a default under such other agreements.

The provisions described above that require the Issuer to make a Change of Control Offer following a Change of Control will be applicable regardless of whether any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the Holders of the Notes to require that the Issuer repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Issuer will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition of "all or substantially all" of the properties or assets of the Issuer and its Restricted Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of Notes to require the Issuer to repurchase such Notes as a result of a sale, transfer, conveyance or other disposition of less than all of the assets of the Issuer and its Restricted Subsidiaries taken as a whole to another Person or group may be uncertain.

In addition, Holders may not be entitled to require the Issuer to repurchase their Notes in certain circumstances involving a significant change in the composition of the Board of Directors of the Issuer, including in connection with a proxy contest, where the Issuer's Board of Directors does not endorse a dissident slate of directors but approves them as Continuing Directors for purposes of the Indenture.

Asset Sales

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

- (1) the Issuer (or the Restricted Subsidiary, as the case may be) receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the assets or Equity Interests issued or sold or otherwise disposed of; and

Table of Contents

(2)

at least 75% of the consideration therefor received by the Issuer or such Restricted Subsidiary is in the form of cash, Cash Equivalents or Replacement Assets or a combination of both. For purposes of this provision, each of the following will be deemed to be cash:

(a)

any liabilities (as shown on the most recent balance sheet of the Issuer or its Restricted Subsidiaries) of the Issuer or any Restricted Subsidiary (other than contingent liabilities, Indebtedness that is by its terms subordinated to the Notes or any Note Guarantee and liabilities to the extent owed to the Issuer or any Subsidiary of the Issuer) that are assumed by the transferee of any such assets or Equity Interests pursuant to a written assignment and assumption agreement that releases the Issuer or such Restricted Subsidiary from further liability therefor;

(b)

any securities, notes or other obligations received by the Issuer or any Restricted Subsidiary of the Issuer from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash, Cash Equivalents or Replacement Assets within 90 days of the receipt thereof (to the extent of the cash, Cash Equivalents or Replacement Assets received in that conversion); and

(c)

any Designated Noncash Consideration received by the Issuer or any of its Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Noncash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed the greater of (x) 5.0% of Total Assets or (y) \$50.0 million (with the Fair Market Value of each item of Designated Noncash Consideration being measured at the time received and without giving effect to subsequent changes in value).

Within 365 days after the receipt by the Issuer or any of its Restricted Subsidiaries of any Net Proceeds from an Asset Sale, the Issuer or such Restricted Subsidiary may apply such Net Proceeds at its option:

(1)

to repay (x) Indebtedness secured by assets of the Issuer or its Restricted Subsidiaries (to the extent of the value of the assets securing such Indebtedness), (y) Obligations under the Credit Agreement or (z) Indebtedness of a Restricted Subsidiary of the Issuer that is not a Guarantor (to the extent of the value of the assets of such Restricted Subsidiary); *provided* that in connection with any prepayment, repayment or purchase of Indebtedness pursuant to this clause (1), the Issuer or such Restricted Subsidiary will retire such Indebtedness and will cause the related commitment (if any) to be permanently reduced in an amount equal to the principal amount so prepaid, repaid or purchased; or

(2)

to purchase Replacement Assets.

Pending the final application of any such Net Proceeds, the Issuer or such Restricted Subsidiary may temporarily reduce revolving credit borrowings or otherwise invest such Net Proceeds in any manner that is not prohibited by the Indenture.

On the 366th day after an Asset Sale or such earlier date, if any, as the Issuer determines not to apply the Net Proceeds relating to such Asset Sale as set forth in the preceding paragraph (each such date being referred as an "*Excess Proceeds Trigger Date*"), such aggregate amount of Net Proceeds that has not been applied, or committed to be applied pursuant to a binding commitment (so long as the Issuer or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such amount of Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment), on or before the Excess Proceeds Trigger Date as permitted in the preceding paragraph ("*Excess Proceeds*") will be applied by the Issuer to make an offer (an "*Asset Sale Offer*") to all Holders of Notes, with a copy to the Trustee, and all holders of other Indebtedness that is *pari passu* with the Notes or any Note Guarantee containing provisions similar to those set forth in the Indenture with

Table of Contents

respect to offers to purchase with the proceeds of sales of assets, to purchase the maximum principal amount of Notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount (or accreted value) of the Notes and such other *pari passu* Indebtedness plus accrued and unpaid interest and Additional Interest, if any, to the date of purchase, and will be payable in cash.

The Issuer may defer the Asset Sale Offer until there are aggregate unutilized Excess Proceeds equal to or in excess of \$20.0 million resulting from one or more Asset Sales, at which time the entire unutilized amount of Excess Proceeds (not only the amount in excess of \$20.0 million) will be applied as provided in the preceding paragraph. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Issuer and its Restricted Subsidiaries may use such Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of Notes and such other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Notes and such other *pari passu* Indebtedness will be purchased on a pro rata basis based on the principal amount (or accreted value) of Notes and such other *pari passu* Indebtedness tendered. If the aggregate principal amount of Notes or the *pari passu* Indebtedness surrendered by such holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and the Issuer shall select such *pari passu* Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such *pari passu* Indebtedness tendered, subject to applicable DTC procedures with respect to Global Notes. Upon completion of each Asset Sale Offer, the Excess Proceeds subject to such Asset Sale will no longer be deemed to be Excess Proceeds.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with each repurchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sales provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the Indenture by virtue of such compliance.

The Credit Agreement provides that certain asset sale events trigger a mandatory prepayment under the Credit Agreement. Any future credit agreements or other similar agreements to which the Issuer becomes party may contain similar provisions and limits on the Issuer's ability to purchase Notes, and may provide that certain asset sales constitute an event of default. In the event an Asset Sale occurs at a time when the Issuer is prohibited from purchasing Notes, the Issuer could seek the consent of its lenders to the purchase of Notes or could attempt to refinance the borrowings that contain such prohibition. If the Issuer does not obtain such a consent or repay such borrowings, the Issuer will remain prohibited from purchasing Notes. In such case, the Issuer's failure to purchase tendered Notes would constitute an Event of Default under the Indenture which would, in turn, constitute a default under such other agreements.

Since the Credit Agreement currently requires a prepayment in the event of certain asset sales, it is expected that in instances where the Issuer does not purchase Replacement Assets, it will pay down the Credit Agreement as permitted by the Indenture and not make an Asset Sale Offer.

Certain Covenants

Set forth below are summaries of certain covenants that are contained in the Indenture.

Suspension of Covenants if Notes Rated Investment Grade

Following the first day:

- (a) the Notes are rated Investment Grade; and
- (b) no Default or Event of Default has occurred and is continuing under the Indenture,

then, beginning on that day and continuing until the Reversion Date (as defined below), the Issuer and its Restricted Subsidiaries will not be subject to the provisions of the Indenture summarized under the following headings (collectively, the "*Suspended Covenants*");

- (1) "Repurchase at the Option of Holders Asset Sales;"
- (2) " Restricted Payments;"
- (3) " Incurrence of Indebtedness;"
- (4) " Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries;"
- (5) " Transactions with Affiliates;" and
- (6) the provisions of clause (3) of the first paragraph of " Merger, Consolidation or Sale of Assets."

If at any time the Notes cease to be rated Investment Grade or if a Default or Event of Default occurs and is continuing, then the Suspended Covenants will thereafter be reinstated as if such covenants had never been suspended (the "*Reversion Date*") and be applicable pursuant to the terms of the Indenture (including in connection with performing any calculation or assessment to determine compliance with the terms of the Indenture), unless and until the Notes are subsequently rated Investment Grade and no Default or Event of Default is in existence (in which event the Suspended Covenants shall no longer be in effect for such time that the Notes maintain such Investment Grade rating and no Default or Event of Default is in existence); *provided, however*, that no Default, Event of Default or breach of any kind shall be deemed to exist under the Indenture, the Notes or the Note Guarantees with respect to the Suspended Covenants based on, and none of the Issuer or any of its Subsidiaries shall bear any liability for, any actions taken or events occurring during the Suspension Period (as defined below), or any actions taken at any time pursuant to any contractual obligation arising prior to the Reversion Date, regardless of whether such actions or events would have been permitted if the applicable Suspended Covenants remained in effect during such period. The period of time between the date of suspension of the covenants and the Reversion Date is referred to as the "*Suspension Period*."

On the Reversion Date, all Indebtedness Incurred during the Suspension Period will be classified as having been Incurred pursuant to the first paragraph of " Incurrence of Indebtedness" or one of the clauses set forth in the second paragraph of " Incurrence of Indebtedness" (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to the Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to the first and second paragraphs of " Incurrence of Indebtedness," such Indebtedness will be deemed to have been outstanding on the Original Issue Date, so that it is classified as permitted under clause (2) of the second paragraph of " Incurrence of Indebtedness." Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under " Restricted Payments" will be made as though the covenants described under " Restricted Payments" had been in effect since the Original

Issue Date and throughout the Suspension Period. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under clause (A) of " Restricted Payments," unless otherwise permitted by clause (B) thereof.

There can be no assurance that the Notes will ever be rated Investment Grade or will maintain such Investment Grade rating. The Issuer will provide an Officers' Certificate to the Trustee indicating the occurrence of any Suspended Covenants or Reversion Date. The Trustee will have no obligation to independently determine or verify if such events have occurred or notify the Holders of any Suspended Covenants or Reversion Date. The Trustee may provide a copy of such Officers' Certificate to any holder of Notes upon request.

Restricted Payments

(A)

The Issuer shall will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(i)

declare or pay any dividend or make any other payment or distribution on account of the Issuer's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving the Issuer or any of its Restricted Subsidiaries) or to the direct or indirect holders of the Issuer's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends, payments or distributions (x) payable in Equity Interests (other than Disqualified Stock) of the Issuer or (y) to the Issuer or a Restricted Subsidiary of the Issuer);

(ii)

purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving the Issuer or any of its Restricted Subsidiaries) any Equity Interests of the Issuer or any Restricted Subsidiary thereof held by Persons other than the Company or any of its Restricted Subsidiaries;

(iii)

make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Subordinated Debt, except (a) a payment of interest or principal at the Stated Maturity thereof, (b) the purchase, repurchase or other acquisition of any such Indebtedness in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of such purchase, repurchase or other acquisition or (c) intercompany Indebtedness permitted to be incurred pursuant to clause (6) of the second paragraph of the covenant described below under the caption " Incurrence of Indebtedness;" or

(iv)

make any Restricted Investment,

(all such payments and other actions set forth in clauses (i) through (iv) above being collectively referred to as "*Restricted Payments*") unless, at the time of and after giving pro forma effect to such Restricted Payment:

(1)

no Default or Event of Default will have occurred and be continuing or would occur as a consequence thereof;

(2)

the Issuer would, after giving pro forma effect to such Restricted Payment as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Leverage Ratio test set forth in the first paragraph of the covenant described below under the caption " Incurrence of Indebtedness;" and

(3)

such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Issuer and its Restricted Subsidiaries subsequent to May 30, 2012 (excluding

Restricted Payments permitted by clauses (2), (3), (4), (5), (6), (7), (10) and (11) of the next succeeding paragraph (B)), is less than the sum, without duplication, of:

- (a) 100% of the Issuer's Consolidated Cash Flow on a cumulative basis during the period (taken as one accounting period) from April 1, 2012 to the last day of the Issuer's last fiscal quarter ending prior to the date of such proposed Restricted Payment for which internal financial statements are available less 1.75 times the Issuer's Fixed Charges for the same period, *plus*
- (b) 100% of the aggregate net cash proceeds received by the Issuer since May 30, 2012 as a contribution to its common equity capital or from the issue or sale of Equity Interests (other than Disqualified Stock) of the Issuer or from the Incurrence of Indebtedness (including the issuance of Disqualified Stock) of the Issuer or any of its Restricted Subsidiaries that has been converted into or exchanged for such Equity Interests (other than Equity Interests sold to, or Indebtedness held by, a Subsidiary of the Issuer and except to the extent converted into or exchanged for Disqualified Stock), *plus*
- (c) with respect to Restricted Investments made by the Issuer and its Restricted Subsidiaries after May 30, 2012 pursuant to this paragraph (A), (i) the aggregate amount of cash equal to the return from such Restricted Investments in any Person resulting from repayments of loans or advances, or other transfers of assets, in each case to the Issuer or any Restricted Subsidiary or from the net proceeds received in cash from the sale of any such Restricted Investment (except, in each case, to the extent any such payment or proceeds are included in the calculation of Consolidated Net Income) or (ii) in the case of redesignations of Unrestricted Subsidiaries as Restricted Subsidiaries, the Fair Market Value of the Restricted Investments therein at the time of such redesignation.

As of June 30, 2015, the amount available for Restricted Payments pursuant to clause (3) above was approximately \$294.4 million.

(B)

The preceding provisions will not prohibit, so long as, in the case of clauses (5), (9) and (11) below, no Default has occurred and is continuing or would be caused thereby:

- (1) the payment of any dividend or the redemption of any Subordinated Debt within 60 days after the date of declaration thereof or the giving of such redemption notice, if at said date of declaration or giving of such notice such payment would have complied with the provisions of the Indenture;
- (2) the payment of any dividend or other distribution by a Restricted Subsidiary of the Issuer to the holders of its Equity Interests on a pro rata basis;
- (3) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of a contribution to the common equity of the Issuer or a substantially concurrent sale (other than to a Subsidiary of the Issuer) of, Equity Interests (other than Disqualified Stock) of the Issuer; *provided* that the amount of any such net cash proceeds that are utilized for any such Restricted Payment will be excluded from clause (3)(b) of the preceding paragraph (A);
- (4) the defeasance, redemption, repurchase or other acquisition of Indebtedness subordinated to the Notes or the Note Guarantees with the net cash proceeds from a substantially concurrent Incurrence (other than to a Subsidiary of the Issuer) of Permitted Refinancing Indebtedness;
- (5) the declaration and payment of dividends or distributions to holders of any class or series of Disqualified Stock of the Issuer or any Preferred Stock of its Restricted Subsidiaries issued or incurred in accordance with the covenant entitled " Incurrence of Indebtedness" to the extent such dividends are included in the definition of Fixed Charges;

- (6) the repurchase of Equity Interests deemed to occur upon the exercise of options or warrants to the extent that such Equity Interests represent all or a portion of the exercise price thereof;
- (7) the payment of cash in lieu of fractional Equity Interests pursuant to the exchange or conversion of any exchangeable or convertible securities; *provided* that such payments will not be for the purpose of evading the limitations of this covenant (as determined by the Board of Directors of the Issuer in good faith);
- (8) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of Holdings, the Issuer or any of its Restricted Subsidiaries held by any current or former employee, consultant or director of Holdings, the Issuer or any of its Restricted Subsidiaries pursuant to the terms of any employee equity subscription agreement, stock option agreement or similar agreement; *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests in any fiscal year will not exceed the sum of (a) \$5.0 million, with unused amounts in any fiscal year being carried over to succeeding fiscal years subject to a maximum of \$15.0 million in any fiscal year; plus (b) the aggregate net cash proceeds received by the Issuer since the Original Issue Date as a contribution to its common equity capital or from the issue or sale of Equity Interests (other than Disqualified Stock) of the Issuer to any current or former employee, consultant or director of the Issuer or any of its Restricted Subsidiaries; *provided* that the amount of any such net cash proceeds that are used to permit a repurchase, redemption or other acquisition under this subclause (b) will be excluded from clause (3)(b) of the preceding paragraph (A);
- (9) the repurchase of any Subordinated Debt at a purchase price not greater than 101% of the principal amount thereof in the event of (x) a change of control pursuant to a provision no more favorable to the holders thereof than the provision described under the caption of " Repurchase at the Option of Holders Change of Control" or (y) an Asset Sale pursuant to a provision no more favorable to the holders thereof than the provision described under the caption of " Repurchase at the Option of Holders Asset Sales;" *provided* that, in each case, prior to the repurchase, the Issuer has made a Change of Control Offer or Asset Sale Offer, as the case may be, and repurchased all Notes issued under the Indenture that were validly tendered for payment in connection therewith;
- (10) any Restricted Payment made pursuant to the terms of any agreement related to the Enventis Acquisition (as such agreement is in effect on the Original Issue Date or amended in a manner not materially adverse to the Holders);
- (11) the declaration and payment of dividends or making of distributions to, or the making of loans to, any parent company of the Issuer in amounts required for such direct or indirect parent entities to pay, in each case without duplication: (a) franchise taxes and other fees, taxes and all related expenses required to maintain the corporate existence or licenses of the Issuer and its direct and indirect parent entities; and (b) federal, state, and local income taxes of the direct or indirect parent entity or of or on a consolidated or combined tax group of which the direct or indirect parent is the common parent, in each case to the extent such income taxes are attributable to the income of the Issuer and its Restricted Subsidiaries and not directly payable by the Issuer or its Restricted Subsidiaries and, to the extent of the amount actually received from any of the Issuer's Unrestricted Subsidiaries, in amounts required to pay such taxes to the extent attributable to the income of such Unrestricted Subsidiaries of the Issuer; *provided* in no event will such dividends and loans exceed the amounts that the Issuer and its Restricted and/or Unrestricted Subsidiaries (as applicable) would have paid as a stand-alone group; and
- (12) other Restricted Payments in an aggregate amount not to exceed \$50.0 million.

Table of Contents

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued to or by the Issuer or such Subsidiary, as the case may be, pursuant to the Restricted Payment.

Incurrence of Indebtedness

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness; *provided, however*, that the Issuer or any of its Restricted Subsidiaries that are Guarantors may Incur Indebtedness, if the Issuer's Consolidated Leverage Ratio at the time of the Incurrence of such additional Indebtedness, and after giving effect to the Incurrence of such Indebtedness and the receipt and application of the proceeds therefrom, is less than 4.75 to 1.00.

The first paragraph of this covenant will not prohibit the Incurrence of any of the following items of Indebtedness (collectively, "*Permitted Debt*"):

- (1) the Incurrence by the Issuer or any of its Restricted Subsidiaries of Indebtedness under Credit Facilities (including letters of credit or bankers' acceptances issued or created under any Credit Facilities) in an aggregate principal amount at any one time outstanding pursuant to this clause (1) not to exceed 1,285.0 million, less the aggregate amount of all Net Proceeds of Asset Sales applied by the Issuer or any Restricted Subsidiary thereof to permanently repay any such Indebtedness pursuant to the covenant described above under the section entitled " Repurchase at the Option of Holders Asset Sales;"
- (2) the Incurrence of Existing Indebtedness;
- (3) the Incurrence by the Issuer of Indebtedness represented by the Initial Notes and the Exchange Notes in respect thereof and the related Guarantees;
- (4) the Incurrence by the Issuer or any Restricted Subsidiary thereof of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, Incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property (real or personal), plant or equipment used in the business of the Issuer or such Guarantor (whether through the direct acquisition of such assets or the acquisition of Equity Interests of any Person owning such assets), in an aggregate principal amount at any time outstanding, including all Permitted Refinancing Indebtedness Incurred to refund, refinance or replace any Indebtedness Incurred pursuant to this clause (4), not to exceed the greater of (x) 5.0% of Total Assets and (y) \$50.0 million;
- (5) the Incurrence by the Issuer or any Restricted Subsidiary thereof of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was permitted by the Indenture to be Incurred under the first paragraph of this covenant or clauses (2), (3), (4), (5) or (14) of this paragraph;
- (6) the Incurrence by the Issuer or any of its Restricted Subsidiaries of intercompany Indebtedness owing to and held by the Issuer or any of its Restricted Subsidiaries; *provided, however*, that (a) if the Issuer or any Guarantor is the obligor of such Indebtedness and such Indebtedness is held by a non-Guarantor (other than the Issuer), such Indebtedness must be unsecured and expressly subordinated in right of payment to the prior payment in full in cash of all Obligations with respect to the Notes, in the case of the Issuer, or the Note Guarantee, in the case of a Guarantor; and (b) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than the Issuer or a Restricted Subsidiary thereof and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either the Issuer or a Restricted Subsidiary thereof, will be deemed, in each

case, to constitute an Incurrence of such Indebtedness by the Issuer or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (6);

- (7) the Guarantee by the Issuer or any of its Restricted Subsidiaries of Indebtedness of the Issuer or a Restricted Subsidiary thereof that was permitted to be Incurred by another provision of this covenant;
- (8) the Incurrence by the Issuer or any of its Restricted Subsidiaries of Hedging Obligations that are Incurred for the purpose of fixing, hedging or swapping interest rate, commodity price or foreign currency exchange rate risk (or to reverse or amend any such agreements previously made for such purposes), and not for speculative purposes;
- (9) the Incurrence by the Issuer or any of its Restricted Subsidiaries of Indebtedness arising from agreements providing for indemnification, adjustment of purchase price or similar obligations, or Guarantees or letters of credit, surety bonds or performance bonds securing any obligations of the Issuer or any of its Restricted Subsidiaries pursuant to such agreements, in any case Incurred in connection with the disposition of any business, assets or Equity Interests of a Restricted Subsidiary (other than Guarantees of Indebtedness Incurred by any Person acquiring all or any portion of such business, assets or Equity Interests of a Restricted Subsidiary for the purpose of financing such acquisition), so long as the principal amount does not exceed the gross proceeds actually received by the Issuer or any Restricted Subsidiary thereof in connection with such disposition;
- (10) the Incurrence by the Issuer or any of its Restricted Subsidiaries of Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business, *provided, however*, that such Indebtedness is extinguished within five Business Days of its Incurrence;
- (11) the Incurrence by the Issuer or any of its Restricted Subsidiaries of Indebtedness constituting reimbursement obligations with respect to letters of credit in respect of workers' compensation claims or self-insurance obligations or bid, performance, appeal or surety bonds (in each case other than for an obligation for borrowed money);
- (12) the Incurrence by the Issuer or any of its Restricted Subsidiaries of Indebtedness constituting reimbursement obligations with respect to letters of credit issued in the ordinary course of business; *provided* that, upon the drawing of such letters of credit or the Incurrence of such Indebtedness, such obligations are reimbursed within 30 days following such drawing or Incurrence;
- (13) the Incurrence by the Issuer or any Guarantor of Indebtedness to the extent that the net proceeds thereof are promptly deposited to defease or to satisfy and discharge the Notes;
- (14) the Incurrence of Acquired Debt, *provided* that after giving effect to the Incurrence thereof, the Issuer could Incur at least \$1.00 of Indebtedness under the Consolidated Leverage Ratio set forth in the first paragraph above;
- (15) the Incurrence by the Issuer or any of its Restricted Subsidiaries of Indebtedness under the Inventory Financing Agreement in an aggregate amount not to exceed \$40 million; and
- (16) the Incurrence by the Issuer or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount at any time outstanding, including all Permitted Refinancing Indebtedness Incurred to refund, refinance or replace any Indebtedness Incurred pursuant to this clause (16), not to exceed \$50.0 million.

For purposes of determining compliance with this covenant, in the event that any proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in

Table of Contents

clauses (1) through (16) above, or is entitled to be Incurred pursuant to the first paragraph of this covenant, the Issuer will be permitted to classify such item of Indebtedness at the time of its Incurrence in any manner that complies with this covenant; *provided* that any refinancing (a "Credit Facility Refinancing") of amounts incurred in reliance on the exception provided by clause (1) of the definition of Permitted Debt will be deemed to have been Incurred in reliance on such clause (1). Indebtedness under the Credit Agreement outstanding on the Original Issue Date is deemed to have been Incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt. Additionally, all or any portion of any item of Indebtedness (other than Indebtedness under the Credit Agreement Incurred on the Original Issue Date and Credit Facility Refinancings, which at all times will be deemed to have been Incurred under clause (1) above) may later be reclassified as having been Incurred pursuant to the first paragraph of this covenant or under any clause of Permitted Debt so long as such Indebtedness is permitted to be Incurred pursuant to such provision at the time of reclassification.

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that may be Incurred pursuant to this covenant will not be deemed to be exceeded with respect to any outstanding Indebtedness due solely to the result of fluctuations in the exchange rates of currencies.

The Issuer will not Incur any Indebtedness that is contractually subordinate in right of payment to any other Indebtedness of the Issuer unless it is contractually subordinate in right of payment to the Notes to the same extent. No Guarantor will Incur any Indebtedness that is contractually subordinate in right of payment to any other Indebtedness of such Guarantor unless it is contractually subordinate in right of payment to such Guarantor's Note Guarantee to the same extent. For purposes of the foregoing, no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness of the Issuer or any Guarantor, as applicable, solely by reason of any Liens or Guarantees arising or created in respect thereof or by virtue of the fact that the holders of any secured Indebtedness have entered into intercreditor agreements giving one or more of such holders priority over the other holders in the collateral held by them.

Liens

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, create, incur, assume or otherwise cause or suffer to exist or become effective any Lien of any kind securing Indebtedness (other than Permitted Liens) upon any of their property or assets, now owned or hereafter acquired, unless all payments due under the Indenture and the Notes are secured by a Lien on such property or assets on an equal and ratable basis with the obligations so secured (or, in the case of Indebtedness subordinated to the Notes or the related Note Guarantees, prior or senior thereto, with the same relative priority as the Notes will have with respect to such subordinated Indebtedness) until such time as such obligations are no longer secured by a Lien.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (a) pay dividends or make any other distributions on its Capital Stock (or with respect to any other interest or participation in, or measured by, its profits) to the Issuer or any of its Restricted Subsidiaries (it being understood that the priority of any Preferred Stock in receiving dividends or liquidating distributions prior to dividends or liquidating distributions being paid on any other Capital Stock will not be deemed a restriction on the ability to pay any dividends or make any other distribution);
- (b) pay any liabilities owed to the Issuer or any of its Restricted Subsidiaries;

Table of Contents

- (c) make loans or advances to the Issuer its Restricted Subsidiaries; or
- (d) transfer any of its properties or assets to the Issuer or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions:

- (1) existing under, by reason of or with respect to the Credit Agreement, Existing Indebtedness or any other agreements that were in effect on the Original Issue Date and any amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacements or refinancings thereof, *provided* that the encumbrances and restrictions in any such amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacement or refinancings are, in the good faith judgment of the Issuer's Board of Directors, no more restrictive, taken as a whole, than those contained in the Credit Agreement, Existing Indebtedness or such other agreements, as the case may be, as were in effect on the Original Issue Date;
- (2) set forth in the Indenture, the Notes and the Note Guarantees;
- (3) existing under, by reason of or with respect to applicable law, rule, regulation or order;
- (4) with respect to any Person or the property or assets of a Person acquired by the Issuer or any of its Restricted Subsidiaries existing at the time of such acquisition and not incurred in connection with or in contemplation of such acquisition, which encumbrance or restriction is not applicable to any Person or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired and any amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacements or refinancings thereof, *provided* that the encumbrances and restrictions in any such amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacement or refinancings are no more restrictive, taken as a whole, than those in effect on the date of the acquisition;
- (5) in the case of clause (d) of the first paragraph of this covenant:
 - (a) that restrict in a customary manner the subletting, assignment or transfer of any property or asset that is a lease, license, conveyance or contract or similar property or asset,
 - (b) existing by virtue of any transfer of, agreement to transfer, option or right with respect to, or Lien on, any property or assets of the Issuer or any Restricted Subsidiary thereof not otherwise prohibited by the Indenture,
 - (c) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on the property so acquired, or
 - (d) arising or agreed to in the ordinary course of business, not relating to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of property or assets of the Issuer or any Restricted Subsidiary thereof in any manner material to the Issuer or any Restricted Subsidiary thereof;
- (6) existing under, by reason of or with respect to any agreement for the sale or other disposition of all or substantially all of the Capital Stock of, or property and assets of, a Restricted Subsidiary that restrict distributions by that Restricted Subsidiary pending such sale or other disposition;
- (7)

on cash or other deposits or net worth imposed by customers or required by insurance, surety or bonding companies, in each case, under contracts entered into in the ordinary course of business;

- (8) existing under, by reason of or with respect to Permitted Refinancing Indebtedness; *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are no more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;
- (9) existing under, by reason of or with respect to provisions with respect to the disposition or distribution of assets or property, in each case contained in joint venture agreements, limited liability company agreements and other similar agreements and which the Issuer's Board of Directors determines will not adversely affect the Issuer's ability to make payments of principal or interest on the Notes; and
- (10) existing under, by reason of or with respect to Indebtedness of any Restricted Subsidiary; *provided* that the Issuer's Board of Directors determines in good faith at the time such encumbrances or restrictions are created that they do not adversely affect the Issuer's ability to make payments of principal or interest payments on the Notes.

Merger, Consolidation or Sale of Assets

The Issuer will not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not the Issuer is the surviving Person) or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties and assets of the Issuer and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to another Person, unless:

- (1) either: (a) the Issuer is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than the Issuer) or to which such sale, assignment, transfer, conveyance or other disposition will have been made (i) is a corporation or limited liability company organized or existing under the laws of the United States, any state thereof or the District of Columbia (*provided* that, if the Person formed by or surviving such consolidation or merger, or the transferee of such properties or assets is not a corporation, then there will be a co-obligor of the Notes that is a corporation) and (ii) assumes all the obligations of the Issuer under the Notes, the Indenture and the Registration Rights Agreement pursuant to agreements reasonably satisfactory to the Trustee;
- (2) immediately after giving effect to such transaction, no Default or Event of Default exists;
- (3) immediately after giving effect to such transaction on a pro forma basis, the Issuer or the Person formed by or surviving any such consolidation or merger (if other than the Issuer), or to which such sale, assignment, transfer, conveyance or other disposition will have been made, will either (x) be permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Leverage Ratio test set forth in the first paragraph of the covenant described above under the caption " Incurrence of Indebtedness" or (y) have a Consolidated Leverage Ratio that is lower than the Consolidated Leverage Ratio of the Issuer immediately prior to such transaction;
- (4) each Guarantor, unless such Guarantor is the Person with which the Issuer has entered into a transaction under this covenant, will have by amendment to its Note Guarantee confirmed that its Note Guarantee will apply to the obligations of the Issuer or the surviving Person in accordance with the Notes and the Indenture; and
- (5) the Issuer delivers to the Trustee an Officers' Certificate (attaching the arithmetic computation to demonstrate compliance with the clause (3) above) and Opinion of Counsel, in each case stating that such transaction and such agreement comply with this covenant and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

Upon any consolidation or merger, or any sale, assignment, transfer, conveyance or other disposition of all or substantially all of the assets of the Issuer in accordance with this covenant, the successor Person formed by such consolidation or into or with which the Issuer is merged or to which such sale, assignment, transfer, conveyance or other disposition is made will succeed to, and be substituted for (so that from and after the date of such consolidation, merger, sale, assignment, conveyance or other disposition, the provisions of the Indenture referring to the Issuer will refer instead to the successor person and not to the Issuer), and may exercise every right and power of, the Issuer under the Indenture with the same effect as if such successor Person had been named as the Issuer in the Indenture. In the event of any such transfer, the predecessor will be released and discharged from all liabilities and obligations in respect of the Notes and the Indenture and the predecessor may be dissolved, wound up or liquidated at any time thereafter.

In addition, the Issuer and its Restricted Subsidiaries may not, directly or indirectly, lease all or substantially all of the properties or assets of the Issuer and its Restricted Subsidiaries considered as one enterprise, in one or more related transactions, to any other Person.

Notwithstanding the foregoing, clauses (2) and (3) above will not apply to:

- (i) any merger, consolidation or sale, assignment, transfer, conveyance or other disposition of assets between or among the Company and any of its Restricted Subsidiaries; or
- (ii) any transaction if, in the good faith determination of the Board of Directors of the Issuer, the sole purpose of the transaction is to reincorporate the Issuer in another state of the United States.

Transactions with Affiliates

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into, make, amend, renew or extend any transaction, contract, agreement, understanding, loan, advance or Guarantee with, or for the benefit of, any Affiliate (each, an "Affiliate Transaction"), unless:

- (1) such Affiliate Transaction is on terms that are no less favorable to the Issuer or the relevant Restricted Subsidiary than those that would have been obtained in a comparable arm's-length transaction by the Issuer or such Restricted Subsidiary with a Person that is not an Affiliate of the Issuer or any of its Restricted Subsidiaries; and
- (2) the Issuer delivers to the Trustee:
 - (a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$15.0 million, a Board Resolution set forth in an Officers' Certificate certifying that such Affiliate Transaction or series of related Affiliate Transactions complies with this covenant and that such Affiliate Transaction or series of related Affiliate Transactions has been approved by a majority of the disinterested members of the Board of Directors of the Issuer (if any); and
 - (b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$25.0 million, an opinion as to the fairness to the Issuer or such Restricted Subsidiary of such Affiliate Transaction or series of related Affiliate Transactions from a financial point of view issued by an independent accounting, appraisal or investment banking firm of national standing.

Table of Contents

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

- (1) transactions between or among the Issuer and/or its Restricted Subsidiaries;
- (2) payment of fees to, and indemnification and similar payments on behalf of, directors of the Issuer;
- (3) Restricted Payments that are permitted by the provisions of the Indenture described above under the caption " Restricted Payments" and Permitted Investments (other than pursuant to clauses (3) and (8) thereof);
- (4) any issuance or sale of Equity Interests (other than Disqualified Stock) of the Issuer;
- (5) transactions pursuant to agreements or arrangements in effect on the Original Issue Date and as described in the Original Offering Memorandum, or any amendment, modification, or supplement thereto or replacement thereof, as long as such agreement or arrangement, as so amended, modified, supplemented or replaced, taken as a whole, is not more disadvantageous to the Issuer and its Restricted Subsidiaries than the original agreement or arrangement in existence on the Original Issue Date;
- (6) any employment, consulting, service or termination agreement, or reasonable and customary indemnification arrangements, entered into by the Issuer or any of its Restricted Subsidiaries with officers and employees of Holdings, the Issuer or any of its Restricted Subsidiaries and the payment of compensation to officers and employees of Holdings, the Issuer or any of its Restricted Subsidiaries (including amounts paid pursuant to employee benefit plans, employee stock option or similar plans);
- (7) payments or loans to employees or consultants in the ordinary course of business;
- (8) transactions with a Person that is an Affiliate of the Issuer solely because the Issuer, directly or indirectly, owns Equity Interests in, or controls, such Person; *provided* that no Affiliate other than the Issuer or its Restricted Subsidiary will have a beneficial interest or otherwise participate in such Affiliate; and
- (9) transactions with customers, clients, suppliers or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Indenture, which are fair to the Issuer and its Restricted Subsidiaries in the determination of a majority of the disinterested members of the Board of Directors or the senior management of the Issuer, or are on terms no less favorable than those that could reasonably have been obtained at such time from an unaffiliated party.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of the Issuer may designate any Restricted Subsidiary of the Issuer to be an Unrestricted Subsidiary; *provided* that:

- (1) any Guarantee by the Issuer or any Restricted Subsidiary thereof of any Non-Recourse Debt of the Subsidiary being so designated will be deemed to be an Incurrence of Indebtedness by the Issuer or such Restricted Subsidiary (or both, if applicable) at the time of such designation, and such Incurrence of Indebtedness would be permitted under the covenant described above under the caption " Incurrence of Indebtedness;"
- (2) the aggregate Fair Market Value of all outstanding Investments owned by the Issuer and its Restricted Subsidiaries in the Subsidiary being so designated (including any Guarantee by the Issuer or any Restricted Subsidiary thereof of any Indebtedness of such Subsidiary) will be deemed to be a Restricted Investment made as of the time of such designation and that such

Table of Contents

Investment would be permitted under the covenant described above under the caption " Restricted Payments;"

- (3) such Subsidiary does not hold any Capital Stock or Indebtedness of, or own or hold any Lien on any property or assets of, or have any Investment in, the Issuer or any other Restricted Subsidiary of the Issuer (other than a Subsidiary of the entity being designated);
- (4) the Subsidiary being so designated:
 - (a) is not party to any agreement, contract, arrangement or understanding with the Issuer or any Restricted Subsidiary thereof unless the terms of any such agreement, contract, arrangement or understanding are no less favorable to the Issuer or such Restricted Subsidiary than those that might be obtained at the time from Persons who are not Affiliates of the Issuer;
 - (b) is a Person with respect to which neither the Issuer nor any of its Restricted Subsidiaries has any direct or indirect obligation (i) to subscribe for additional Equity Interests or (ii) to maintain or preserve such Person's financial condition or to cause such Person to achieve any specified levels of operating results; and
 - (c) has not Guaranteed or otherwise directly or indirectly provided credit support for any Indebtedness of the Issuer or any of its Restricted Subsidiaries, except (i) to the extent such Guarantee or credit support would be released upon such designation or (ii) a pledge of the Equity Interests of the Unrestricted Subsidiary that is the obligor thereunder; and
- (5) no Default or Event of Default would be in existence following such designation.

Any designation of a Restricted Subsidiary of the Issuer as an Unrestricted Subsidiary or of an Unrestricted Subsidiary of the Issuer as a Restricted Subsidiary will be evidenced to the Trustee by filing with the Trustee the Board Resolution giving effect to such designation and an Officers' Certificate certifying that such designation complied with the preceding conditions and was permitted by the Indenture. If, at any time, any Unrestricted Subsidiary would fail to meet any of the preceding requirements described in clause (4) above, it will thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture and any Indebtedness, Investments, or Liens on the property, of such Subsidiary will be deemed to be Incurred or made by a Restricted Subsidiary of the Issuer as of such date and, if such Indebtedness, Investments or Liens are not permitted to be Incurred or made as of such date under the Indenture, the Issuer will be in default under the Indenture.

The Board of Directors of the Issuer may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; *provided* that:

- (1) such designation will be deemed to be an Incurrence of Indebtedness by a Restricted Subsidiary of the Issuer of any outstanding Indebtedness (including any Non-Recourse Debt) of such Unrestricted Subsidiary and such designation will only be permitted if such Indebtedness is permitted under the covenant described under the caption " Incurrence of Indebtedness;"
- (2) all outstanding Investments owned by such Unrestricted Subsidiary will be deemed to be made as of the time of such designation and such designation will only be permitted if such Investments would be permitted under the covenant described above under the caption " Restricted Payments;"
- (3) all Liens upon property or assets of such Unrestricted Subsidiary existing at the time of such designation would be permitted under the caption " Liens;" and
- (4) no Default or Event of Default would be in existence following such designation.

Table of Contents

Sale and Leaseback Transactions

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, enter into any Sale and Leaseback Transaction; *provided* that the Issuer or any Restricted Subsidiary thereof may enter into a Sale and Leaseback Transaction if:

- (1)
the Issuer or such Restricted Subsidiary, as applicable, could have (a) Incurred Indebtedness in an amount equal to the Attributable Debt relating to such Sale and Leaseback Transaction pursuant to the covenant described above under the caption " Incurrence of Indebtedness" and (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption " Liens" in which case such Indebtedness and Lien will be deemed to have been so incurred;
- (2)
the gross cash proceeds of that Sale and Leaseback Transaction are at least equal to the Fair Market Value of the property that is the subject of that Sale and Leaseback Transaction; and
- (3)
the transfer of assets in that Sale and Leaseback Transaction is permitted by, and the Issuer applies the proceeds of such transaction in compliance with, the covenant described above under the caption " Repurchase at the Option of Holders Asset Sales."

Guarantees

The Issuer will not permit any of its Restricted Subsidiaries (other than any Insignificant Subsidiary), directly or indirectly, to Guarantee Indebtedness of the Issuer or any Domestic Restricted Subsidiary unless such Restricted Subsidiary is a Guarantor or simultaneously executes and delivers to the Trustee an Opinion of Counsel, a joinder to the Registration Rights Agreement and a supplemental indenture providing for the Guarantee of the payment of the Notes by such Restricted Subsidiary, which Guarantee will be senior to or *pari passu* with such Subsidiary's Guarantee of such other Indebtedness.

A Guarantor may not sell, assign, transfer, convey or otherwise dispose of all or substantially all of its properties or assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than the Issuer or another Guarantor, unless:

- (1)
immediately after giving effect to that transaction, no Default or Event of Default exists; and
- (2)
either:
 - (a)
the Guarantor is the surviving corporation, the Person acquiring the property or assets in any such sale, assignment, transfer, conveyance or other disposition or the Person formed by or surviving any such consolidation or merger (if other than the Guarantor) is organized or existing under the laws of the United States, any state thereof or the District of Columbia and assumes all the obligations of that Guarantor under the Indenture and its Note Guarantee and the Registration Rights Agreement pursuant to a supplemental indenture satisfactory to the Trustee and joinder, respectively; or
 - (b)
such sale, assignment, transfer, conveyance or other disposition or consolidation or merger complies with the covenant described above under the caption " Repurchase at the Option of Holders Asset Sales."

The Note Guarantee of a Guarantor will be automatically released:

- (1)
in connection with any transaction permitted by the Indenture after which such Guarantor would no longer constitute a Restricted Subsidiary of the Issuer, if the sale of Capital Stock, if any, complies with the covenant described above under the caption " Repurchase at the Option of Holders Asset Sales;"

Table of Contents

- (2) if the Issuer properly designates any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary under the Indenture;
- (3) upon satisfaction and discharge of the Notes as set forth under " Satisfaction and Discharge" or upon defeasance of the Notes as set forth under " Legal Defeasance and Covenant Defeasance;" or
- (4) solely in the case of a Note Guarantee created pursuant to the first paragraph of this covenant, upon the release or discharge of the Guarantee which resulted in the creation of such Note Guarantee pursuant to this covenant, except a discharge or release by or as a result of payment under such Guarantee.

Business Activities

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, engage in any business other than Permitted Businesses, except to such extent as would not be material to the Issuer and its Restricted Subsidiaries taken as a whole.

Payments for Consent

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid and is paid to all Holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement; *provided* that this covenant will not be breached if consents, waivers or amendments are sought in connection with an exchange offer for all of the Notes where participation in such exchange offer (1) is limited to Holders who are "qualified institutional buyers", within the meaning of Rule 144A, or non-U.S. Persons, within the meaning of Regulation S and (2) is limited by excluding any Holder or beneficial owners in any jurisdiction where the inclusion of such Holder or beneficial owner would require the Issuer or such Subsidiary to comply with the registration requirements or similar requirements under any securities laws under such jurisdiction or where such solicitation or exchange would be unlawful, in each case as determined by the Issuer in its sole discretion.

Reports

The Issuer will furnish to the Trustee and, upon request, to beneficial owners and prospective investors a copy of all of the information and reports referred to in clauses (1) and (2) below within the time periods specified in the SEC's rules and regulations:

- (1) all quarterly and annual financial information that would be required to be contained in a filing with the SEC on Forms 10-Q and 10-K, if the Issuer were required to file such forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual information only, a report on the annual financial statements by the Issuer's certified independent accountants; and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K, if the Issuer were required to file such reports.

Whether or not required by the SEC, the Issuer will comply with the periodic reporting requirements of the Exchange Act and will file the reports specified in the preceding paragraph with the SEC within the time periods specified above unless the SEC will not accept such a filing. The Issuer agrees that it will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept the Issuer's filings for any reason, the

Table of Contents

Issuer will post the reports referred to in the preceding paragraph on its website within the time periods that would apply if the Issuer were required to file those reports with the SEC.

The reports, information and other documents required to be filed and provided as described above may be those of a parent of the Issuer, rather than those of the Issuer, so long as such filings would satisfy the SEC's requirements.

The Issuer and the Guarantors have agreed that, for so long as any Notes remain outstanding, they will furnish to the Holders and to prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Notwithstanding anything herein to the contrary, the Issuer will not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (5) under the caption " Events of Default" until 60 days after the date any report hereunder is due.

Events of Default and Remedies

Each of the following is an Event of Default with respect to the Notes:

- (1) default for 30 days in the payment when due of interest on, or Additional Interest with respect to, the Notes;
- (2) default in payment when due (whether at maturity, upon acceleration, redemption, required repurchase or otherwise) of the principal of, or premium, if any, on the Notes;
- (3) failure by the Issuer or any of its Restricted Subsidiaries to comply with the provisions described under the caption " Certain Covenants Merger, Consolidation or Sale of Assets;"
- (4) failure by the Issuer or any of its Restricted Subsidiaries for 30 days after written notice to the Issuer by the Trustee or to the Issuer and the Trustee by Holders representing 25% or more of the aggregate principal amount of Notes then outstanding to comply with the provisions described under the captions " Repurchase at the Option of Holders Change of Control" or " Repurchase at the Option of Holders Asset Sales" (other than a failure to purchase Notes in connection therewith, which will constitute an Event of Default under clause (2) above);
- (5) failure by the Issuer or any of its Restricted Subsidiaries for 60 days after written notice to the Issuer by the Trustee or to the Issuer and the Trustee by Holders representing 25% or more of the aggregate principal amount of Notes then outstanding to comply with any of the other agreements in the Indenture;
- (6) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness by the Issuer or any of its Restricted Subsidiaries (or the payment of which is Guaranteed by the Issuer or any of its Restricted Subsidiaries) whether such Indebtedness or Guarantee existed on the Original Issue Date, or was created after the Original Issue Date, if that default:
 - (a) is caused by a failure to make any principal payment when due at the final maturity of such Indebtedness and prior to the expiration of any grace period provided in such Indebtedness on the date of such default (a "*Payment Default*"); or
 - (b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$25.0 million or more;

Table of Contents

- (7) failure by the Issuer or any of its Restricted Subsidiaries to pay final judgments (to the extent such judgments are not paid or covered by insurance provided by a reputable carrier that has the ability to perform) aggregating in excess of \$25.0 million, which judgments are not paid, discharged or stayed for a period of 60 days;
- (8) except as permitted by the Indenture, any Note Guarantee with respect to the Notes will be held in any judicial proceeding to be unenforceable or invalid or will cease for any reason to be in full force and effect or any Guarantor, or any Person acting on behalf of any Guarantor, will deny or disaffirm its obligations under its Note Guarantee with respect to the Notes; and
- (9) certain events of bankruptcy or insolvency with respect to (i) the Issuer or (ii) any Significant Subsidiary of the Issuer (or any Restricted Subsidiaries that together would constitute a Significant Subsidiary).

In the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to (i) the Issuer or (ii) any Significant Subsidiary of the Issuer (or any Restricted Subsidiaries that together would constitute a Significant Subsidiary), all outstanding Notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the then outstanding Notes may declare all the Notes to be due and payable immediately by notice in writing to the Issuer (and to the Trustee if given by Holders) specifying the Event of Default. Upon such declaration, the Notes, together with accrued and unpaid interest (including Additional Interest), will become due and payable immediately.

In the event of a declaration of acceleration of the Notes because an Event of Default has occurred and is continuing as a result of the acceleration of any Indebtedness described in clause (6) above, the declaration of acceleration of the Notes will be automatically annulled if the holders of all Indebtedness described in clause (6) above have rescinded the declaration of acceleration in respect of such Indebtedness within 30 Business Days of the date of such declaration, if the annulment of the acceleration of the Notes would not conflict with any judgment or decree of a court of competent jurisdiction, all existing Events of Default, except non-payment of principal or interest on the Notes that became due solely because of the acceleration of the Notes, have been cured or waived, and all amounts owing to the Trustee have been paid. Holders of the Notes may not enforce the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders of the Notes notice of any Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest or Additional Interest) if it determines that withholding notice is in their interest.

The Holders of a majority in aggregate principal amount of the Notes then outstanding by notice to the Trustee may on behalf of the Holders of all of the Notes waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest or Additional Interest on, or the principal of, the Notes. The Holders of a majority in principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee with respect to the Notes. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the Trustee in personal liability, or that the Trustee determines in good faith may be unduly prejudicial to the rights of Holders of Notes not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from Holders of Notes. A Holder may not pursue any remedy with respect to the Indenture or the Notes unless:

- (1) the Holder gives the Trustee written notice of a continuing Event of Default;

Table of Contents

- (2) the Holders of at least 25% in aggregate principal amount of outstanding Notes make a written request to the Trustee to pursue the remedy;
- (3) such Holder or Holders offer the Trustee indemnity satisfactory to the Trustee against any costs, liability or expense;
- (4) the Trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and
- (5) during such 60-day period, the Holders of a majority in aggregate principal amount of the outstanding Notes do not give the Trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any Holder of a Note to receive payment of the principal of, premium or Additional Interest, if any, or interest on, such Note or to bring suit for the enforcement of any such payment, on or after the due date expressed in the Notes, which right will not be impaired or affected without the consent of the Holder.

The Holders of a majority in principal amount of the outstanding Notes may rescind any such acceleration with respect to the Notes and its consequences if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest, or Additional Interest, if any, on the Notes that have become due solely by such declaration of acceleration, have been cured or waived and all amounts owing to the Trustee have been paid.

The Issuer is required to deliver to the Trustee annually within 120 days after the end of each fiscal year a statement regarding compliance with the Indenture. Upon becoming aware of any Default or Event of Default, the Issuer is required to deliver to the Trustee, within 10 Business Days after the occurrence thereof, a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator, stockholder, member, manager or partner of the Issuer or any Guarantor, as such, has or will have any liability for any obligations of the Issuer or the Guarantors under the Notes, the Indenture, the Note Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding Notes and all obligations of the Guarantors discharged with respect to their Note Guarantees related to the Notes ("*Legal Defeasance*") except for:

- (1) the rights of Holders of outstanding Notes to receive payments in respect of the principal of, or interest or premium and Additional Interest, if any, on such Notes when such payments are due from the trust referred to below;
- (2) the Issuer's obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's and the Guarantors' obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

Table of Contents

In addition, the Issuer may, at its option and at any time, elect to have the obligations of the Issuer and the Guarantors released with respect to certain covenants that are described in the Indenture ("*Covenant Defeasance*") and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under "Events of Default" will no longer constitute Events of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants delivered to the Trustee, to pay the principal of, or interest and premium and Additional Interest, if any, on the outstanding Notes on the Stated Maturity or on the applicable redemption date, as the case may be, and the Issuer must specify whether the Notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, the Issuer will have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that (a) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Original Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel will confirm that, the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, the Issuer will have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default will have occurred and be continuing either: (a) on the date of such deposit; or (b) insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 123rd day after the date of deposit;
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;
- (6) the Issuer must have delivered to the Trustee an Opinion of Counsel to the effect that, assuming no intervening bankruptcy of the Issuer or any Guarantor between the date of deposit and the 123rd day following the deposit and assuming that no Holder is an "insider" of the Issuer under applicable bankruptcy law, after the 123rd day following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally, including Section 547 of the United States Bankruptcy Code and Section 15 of the New York Debtor and Creditor Law;
- (7) the Issuer must deliver to the Trustee an Officers' Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over the other creditors of the Issuer with the intent of defeating, hindering, delaying or defrauding creditors of the Issuer or others;

Table of Contents

- (8) if the Notes are to be redeemed prior to their Stated Maturity, the Issuer must deliver to the Trustee irrevocable instructions to redeem all of the Notes on the specified redemption date; and
- (9) the Issuer must deliver to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture or the Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes), and any existing default or compliance with any provision of the Indenture or the Notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes).

Without the consent of each Holder affected, an amendment or waiver may not (with respect to any Notes held by a non-consenting Holder):

- (1) reduce the principal amount of Notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any Note or alter the provisions, or waive any payment, with respect to the redemption of the Notes (other than the provisions relating to the covenants described under the caption " Repurchase at the Option of Holders" and other than the notice periods with respect to a redemption of the Notes);
- (3) reduce the rate of or change the time for payment of interest on any Note;
- (4) waive a Default or Event of Default in the payment of principal of, or interest or premium or Additional Interest, if any, on the Notes (except a rescission of acceleration of the Notes by the Holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration);
- (5) make any Note payable in money other than U.S. dollars;
- (6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of Holders of Notes to receive payments of principal of, or interest or premium or Additional Interest, if any, on the Notes;
- (7) release any Guarantor from any of its obligations under its Note Guarantee or the Indenture, except in accordance with the terms of the Indenture;
- (8) impair the right to institute suit for the enforcement of any payment on or with respect to the Notes or the Note Guarantees;
- (9) amend, change or modify the obligation of the Issuer to make and consummate an Asset Sale Offer with respect to any Asset Sale in accordance with the covenant described under the caption "Repurchase at the Option of Holders Asset Sales" after the obligation to make such Asset Sale Offer has arisen, or the obligation of the Issuer to make and consummate a Change of Control Offer in the event of a Change of Control in accordance with the covenant described under the caption "Repurchase at the Option of Holders Change of Control" after such Change of Control has occurred, including, in each case, amending, changing or modifying any definition relating thereto;

- (11) amend or modify any of the provisions of the Indenture or the related definitions affecting the ranking of the Notes or any Note Guarantee in any manner adverse to the Holders of the Notes or any Note Guarantee; or
- (12) make any change in the preceding amendment and waiver provisions.

- (2) to provide for uncertificated Notes in addition to or in place of certificated Notes;

- (8) to provide for the issuance of Additional Notes in accordance with the Indenture; or
- (9) to conform the text of the Indenture or the Notes to any provision of the "*Description of the Notes*" in the Original Offering Memorandum to the extent that such provision of the Indenture or the Notes was intended to conform to the text of the "*Description of the Notes*" section of the Original Offering Memorandum as evidenced by an Officers' Certificate.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when:

- (1) either:
 - (a) all Notes that have been authenticated (except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust and thereafter repaid to the Issuer) have been delivered to the Trustee for cancellation; or

(b)

all Notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the sending of a notice of redemption or otherwise or will become due and payable within one year and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, without consideration of any

- (2) no Default or Event of Default will have occurred and be continuing on the date of such deposit or will occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound;
- (3) the Issuer or any Guarantor has paid or caused to be paid all sums payable by it under the Indenture; and
- (4) the Issuer has delivered irrevocable instructions to the Trustee under the Indenture to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officers' Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the Trustee becomes a creditor of the Issuer or any Guarantor, the Indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise as provided in the Trust Indenture Act. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest (as defined in the Trust Indenture Act) it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Indenture provides that in case an Event of Default will occur and be continuing, the Trustee will be required, in the exercise of its rights and powers vested in it by the Indenture, to use the degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any Holder of Notes, unless such Holder will have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Governing Law; Jury Trial Waiver

The Indenture and the Notes, including any Note Guarantees, and the rights and duties of the parties thereunder shall be governed by and construed in accordance with the laws of the State of New York. The Indenture provides that the Company, the Guarantors and the Trustee, and each holder of a Note by acceptance thereof, irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to the Indenture, the Notes or any transactions contemplated thereby.

BOOK-ENTRY; DELIVERY AND FORM

The Global Notes

We will initially issue the Exchange Notes in the form of one or more registered notes in global form, without interest coupons (collectively, the "Global Notes"). The Global Notes will be deposited with, or on behalf of, DTC and registered in the name of Cede & Co. as nominee of DTC, or will remain in the custody of the trustee pursuant to the FAST Balance Certificate between DTC and the trustee. Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. You may hold your beneficial interests in a Global Note directly through DTC if you have an account with DTC or indirectly through organizations which have accounts with DTC. Beneficial interest in a Global Note may not be exchanged for notes in physical, certificated form ("Certificated Notes") except in the limited circumstances described below. All interests in a Global Note may be subject to the procedures and requirements of DTC.

Certain Book-Entry Procedures for the Global Notes

The descriptions of the operations and procedures of DTC set forth below are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to change by them from time to time. We do not take any responsibility for these operations or procedures, and investors are urged to contact the system or its participants directly to discuss these matter.

DTC has advised us as follows: DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the Uniform Commercial Code and a "Clearing Agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities of institutions that have accounts with the DTC (collectively, the "participants") and to facilitate the clearance and settlement of securities transactions amongst its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. Participants include securities brokers and dealers (including the initial purchaser under the purchase agreement), banks, trust companies, clearing corporations and certain other organizations. Indirect access to DTC's book-entry system is also available to others such as banks, brokers, dealers and trust companies (collectively, the "indirect participants") that clear through or maintain a custodial relationship with a participant, whether directly or indirectly. Investors who are not participants may beneficially own securities held by or on behalf of DTC only through participants or indirect participants.

We expect that pursuant to procedures established by DTC, upon the deposit of a Global Note with DTC, DTC will credit, on its book-entry registration and transfer system, the amount represented by such Global Note to the accounts of participants. Ownership of beneficial interests in a Global Note will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in a Global Note will be shown on, and the transfer of those ownership interests will be effected only through, records maintained by DTC (with respect to participant's interests), the participants and the indirect participants (with respect to the owners of beneficial interests in the Global Note other than participants).

The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of such securities in definitive form. Accordingly, the ability to transfer interests in the Exchange Notes represented by a Global Note to such persons may be limited. In addition, because DTC can act on behalf of its participants, who in turn act on behalf of persons who hold interest through participants, the ability of a person having an interest in Exchange Notes represented by a Global Note to pledge or transfer such interest to persons or entities that do not participate in DTC's

Table of Contents

system, or to otherwise take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC, or its nominee, is the registered holder and owner of the Global Notes, DTC or such nominee, as the case may be, will be considered the sole legal owner and holder of the Exchange Notes evidenced by the Global Note for all purposes under the indenture. Except as set forth below, as an owner of a beneficial interest in a Global Note, you will not be entitled to have the Exchange Note represented by such Global Note registered in your name, will not receive or be entitled to receive physical delivery of Certificated Notes and will not be considered to be the owner or holder thereof under the indenture for any purpose, including with respect to giving direction, instruction or approval to the Trustee thereunder. Accordingly, each holder owning a beneficial interest in a Global Note must rely on the procedures of DTC and, if such holder is not a participant or indirect participant, on the procedures of the participant through which such holder owns its interest, to exercise any rights of a holder of Exchange Notes under the indenture or such Global Note. We understand that under existing industry practice, in the event an owner of a beneficial interest in a Global Note desires to take any action that DTC, as the holder of such Global Note, is entitled to take, DTC would authorize the participants to take such action, and the participants would authorize beneficial owners owning through such participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them. Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of Exchange Notes by DTC, or for maintaining, supervising or reviewing any records of DTC relating to such notes.

We will make payments of principal of, premium, if any, and interest on Exchange Notes represented by a Global Note registered in the name of and held by DTC or its nominee on the applicable record date to or at the direction of DTC or its nominee, as the case may be, as the registered owner and holder of the Global Notes representing such Exchange Notes under the indenture. Under the terms of the indenture, we and the trustee may treat the persons in whose names the Exchange Notes, including the Global Notes, are registered as the owners thereof for the purpose of receiving payment thereon and for any and all other purposes whatsoever. We expect that DTC or its nominee, upon receipt of any payment of principal of, premium, if any, or interest on the Exchange Notes will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Exchange Notes, as shown on the records of DTC or its nominee. We also expect that payments by participants or indirect participants to owners of beneficial interests in a Global Note held through such participants or indirect participants be governed by standing instructions and customary practices and will be the responsibility of such participants or indirect participants. We will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Global Notes or for other aspects of the relationship between DTC and its participants or indirect participants or the participants or indirect participants and the owners of beneficial interests in a Global Note owning through such participants.

Transfers between participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

Certificated Notes

A Global Note is exchangeable for Certificated Notes, if:

- (1) DTC (a) notifies the Issuer that it is unwilling or unable to continue as depositary for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act, and in each case the Issuer fails to appoint a successor depositary;
- (2) the Issuer, at its option, notifies the Trustee in writing that it elects to cause the issuance of Certificated Notes (DTC has advised the Issuer that, in such event, under its current practices,

Table of Contents

DTC would notify its participants of the Issuer's request, but will only withdraw beneficial interests from a Global Note at the request of each DTC participant); or

(3)

there will have occurred and be continuing a Default or Event of Default with respect to the Notes and upon request from DTC.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the Trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Neither we nor the trustee shall be liable for any delay by DTC or any participant or indirect participant in identifying the beneficial owners of the related Exchange Notes and each such person may conclusively rely on, and shall be protected in relying on, instructions from DTC for all purposes (including with respect to the registration and delivery, and the respective principal amounts, of the Exchange Notes to be issued).

CERTAIN U.S. FEDERAL INCOME AND ESTATE TAX CONSIDERATIONS

The following is a discussion of certain U.S. federal income and estate tax consequences of the purchase, ownership, and disposition of the Notes. The discussion applies only to Notes held as capital assets (generally, property held for investment) and acquired at the price indicated on the cover of this prospectus. The summary does not address special classes of holders of Notes, such as dealers in securities or currencies, insurance companies, tax exempt entities, persons that hold a Note in connection with an arrangement that completely or partially hedges the Note, securities traders that use a mark- to-market method of accounting, banks or other financial institutions, persons liable for the alternative minimum tax, persons holding Notes as part of a conversion transaction, a constructive sale or a straddle, certain former citizens or residents of the United States, entities that are treated as partnerships for U.S. federal income tax purposes, or U.S. Holders (as defined below) whose functional currency is not the U.S. dollar. If a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) holds Notes, the U.S. federal income tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partnership. A partner of a partnership holding Notes should consult its own tax advisers.

The summary is based upon the Internal Revenue Code of 1986, as amended (the "Code"), and Treasury regulations, rulings and judicial decisions thereunder, all as of the date of this prospectus, and all of which are subject to change, possibly on a retroactive basis. Moreover, there is no assurance that the Internal Revenue Service ("IRS") will not challenge any of the conclusions reached herein. As a result, we cannot assure you that the U.S. federal income tax consequences described in this summary will not be challenged by the IRS or will be sustained by a court if challenged by the IRS.

Prospective purchasers of Notes should consult their own tax advisors concerning the U.S. federal income and estate tax and any state or local income or franchise tax consequences in their particular situations, as well as any consequences under the laws of any other taxing jurisdiction.

For a discussion of the U.S. federal income tax consequences of participation in the exchange offer, see "The Exchange Offer Tax Consequences of the Exchange Offer."

U.S. Holders

For purposes of this discussion, a "U.S. Holder" means a beneficial owner of a Note that is, for U.S. federal income tax purposes (i) an individual who is a citizen or resident of the United States, (ii) a corporation or other entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States, any State of the United States or the District of

Table of Contents

Columbia, (iii) an estate the income of which is subject to U.S. federal income tax regardless of its source and (iv) a trust, if either (A) a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more U.S. persons have the authority to control all substantial decisions of the trust or (B) a valid election is in effect under applicable Treasury regulations to treat such trust as a U.S. person. If you are neither a U.S. Holder, nor a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) you should refer to " Non-U.S. Holders" below.

Payments of Interest

It is expected, and the following discussion assumes, that the Notes will not be considered issued with original issue discount ("OID") for U.S. federal income tax purposes. Accordingly, payments of stated interest on a Note will be taxable to a U.S. Holder as ordinary interest income at the time they are received or accrued, depending on the U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

Contingent Payments

In certain circumstances described in the applicable registration rights agreement, the interest rate of the Notes may increase, and that possibility could cause the Notes to be treated as contingent payment debt instruments. See "The Exchange Offer." According to the applicable Treasury regulations, certain contingencies will not cause a debt instrument to be treated as a contingent payment debt instrument if each such contingency, as of the date of issuance, is either remote or incidental. Although the matter is not free from doubt, we intend to take the position that the possibility of these additional payments will not cause the Notes to be treated as contingent payment debt instruments under the applicable Treasury regulations. Because of the lack of directly applicable authority, however, we can provide no assurance that the Notes will not be treated as contingent payment debt instruments. Our position that the Notes are not contingent payment debt instruments is binding on each U.S. Holder unless such holder discloses its contrary position to the IRS in the manner required by applicable Treasury regulations.

Our position that the Notes are not contingent payment debt instruments is not, however, binding on the IRS. If the IRS were to successfully challenge our position, and the Notes were treated as contingent payment debt instruments, U.S. Holders would be required, among other potential adverse consequences, to accrue interest income at a rate slightly higher than the stated interest rate on the Notes (regardless of such U.S. Holder's regular method of accounting for U.S. federal income tax purposes), and to treat as ordinary income, rather than capital gain, any gain recognized on a sale, exchange or redemption of a Note. U.S. Holders are urged to consult their own tax advisors regarding the possibility that the Notes may be contingent payment debt instruments. The balance of this discussion assumes that the Notes are not treated as contingent payment debt instruments.

Disposition of the Notes

A U.S. Holder generally will recognize gain or loss upon the sale, retirement or other taxable disposition of a Note equal to the difference between the amount realized (less an amount equal to any accrued and unpaid interest, which will be taxable as ordinary interest income, as discussed above, to the extent not previously included in income by the U.S. Holder) and the U.S. Holder's adjusted tax basis in the Note at such time. A U.S. Holder's adjusted tax basis in a Note will generally equal the cost of such Note to the U.S. Holder, excluding any pre-issuance accrued interest and decreased by any amortized bond premium. The amount realized will equal the sum of cash and the fair market value of any other property received on the sale, retirement or other taxable disposition of the Note. Such gain or loss generally will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder's holding period of the Note exceeds one year. Net long-term capital gain of non-corporate U.S.

Table of Contents

Holders, including individuals, is currently eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations under the Code.

Backup Withholding and Information Reporting

A U.S. Holder may be subject to backup withholding on interest payments received on the Notes or on the proceeds received upon the sale, retirement or other taxable disposition of such Notes. Certain U.S. Holders (including, among others, corporations and certain tax-exempt organizations) generally are not subject to backup withholding. A U.S. Holder will be subject to backup withholding if such holder is not otherwise exempt from backup withholding and:

fails to furnish its taxpayer identification number ("TIN"), which, for an individual, is ordinarily his or her social security number;

furnishes an incorrect TIN;

is notified by the IRS that such holder is subject to backup withholding because it has failed to properly report payments of interest or dividends; or

fails to certify, under penalties of perjury, that it has furnished its correct taxpayer identification number and that the IRS has not notified the U.S. Holder that it is subject to backup withholding.

U.S. Holders should consult their personal tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption, if applicable. Backup withholding is not an additional tax, and taxpayers may use amounts withheld as a credit against their U.S. federal income tax liability or may claim a refund, if they timely provide certain information to the IRS.

In general, information reporting requirements will apply to payments of principal and interest on a Note and the proceeds of the sale of a Note before maturity within the United States to non-exempt U.S. Holders.

Medicare Tax on Net Investment Income

A U.S. Holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8% tax on the lesser of (1) the U.S. Holder's "net investment income" (in the case of individuals) or "undistributed net investment income" (in the case of estates and trusts) for the relevant taxable year and (2) the excess of the U.S. Holder's "modified adjusted gross income" (in the case of individuals) or "adjusted gross income" (in the case of estates and trusts) for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A U.S. Holder's net investment income generally will include its interest income on the Notes and its net gains from the disposition of the Notes, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. Holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the Notes.

Non-U.S. Holders

As used herein, a "Non-U.S. Holder" is a beneficial owner of a Note that, for U.S. federal income tax purposes, is neither a U.S. Holder nor a partnership (including an entity treated as a partnership for U.S. federal income tax purposes).

Table of Contents

Payments of Interest

If the interest income on the Notes is not effectively connected with the conduct of a trade or business within the United States (and if certain tax treaties apply, such interest is not attributable to a permanent establishment or fixed base in the United States) as described below, then payments of such interest by us or any paying agent to a Non-U.S. Holder will not be subject to withholding of U.S. federal income tax under the "portfolio interest" exemption if the Non-U.S. Holder (1) does not actually or constructively own 10% or more of the combined voting power of all classes of our stock, (2) is not a bank treated as receiving interest pursuant to a loan agreement entered into in the ordinary course of its trade or business, (3) is not a controlled foreign corporation related to us directly or constructively through stock ownership and (4) provides appropriate certification.

Under current law, the certification requirement will be met if either:

In accordance with specified procedures, the Non-U.S. Holder provides to us or our paying agent an IRS Form W-8BEN or IRS Form W-8BEN-E (or a suitable substitute or successor form) that is signed under penalties of perjury, includes its name and address, and contains a certification that the holder is not a U.S. person; or

(a) the Non-U.S. Holder provides an IRS Form W-8BEN or IRS Form W-8BEN-E (or a suitable substitute or successor form), signed under the penalties of perjury, to an institution such as a securities clearing organization, bank, or other financial institution who holds customers' securities in the ordinary course of its trade or business and holds the Notes on behalf of a beneficial owner, and (b) the institution certifies to us, or our paying agent, under the penalties of perjury, that such statement has been received by it from the beneficial owner, directly or through another intermediary financial institution, and furnishes us or our paying agent with a copy thereof.

The applicable Treasury regulations provide alternative documentation procedures for satisfying the certification requirement described above. Such regulations add intermediary certification options for certain qualifying agents.

Interest payments to a Non-U.S. Holder that do not qualify for the portfolio interest exemption will be subject to U.S. withholding tax at a 30% rate unless (A) such holder provides a properly completed IRS Form W-8BEN or IRS Form W-8BEN-E (or other appropriate form) claiming an exemption from or reduction in withholding under an applicable tax treaty, or (B) such interest is effectively connected with such holder's conduct of a U.S. trade or business (and, if certain tax treaties apply, is attributable to a permanent establishment or fixed base in the United States) and such holder provides a properly completed IRS Form W-8ECI (or other appropriate form).

Disposition of the Notes

A Non-U.S. Holder generally will not be subject to U.S. federal income tax or withholding tax on any gain realized on the sale, retirement or other taxable disposition of a Note unless (i) the gain is effectively connected with the conduct of a trade or business within the United States by the Non-U.S. Holder (and, if certain tax treaties apply, is attributable to a permanent establishment or fixed base in the United States) as described below, or (ii) in the case of a Non-U.S. Holder who is an individual, such Non-U.S. Holder is present in the United States for a period or periods aggregating 183 days or more during the taxable year of the disposition and certain other conditions are met (in which case the such Non-U.S. Holder will be subject to a 30% U.S. federal income tax on gain (reduced by certain capital losses) unless an applicable tax treaty provides otherwise).

Table of Contents

Effectively Connected Income or Gain

If any income or gain on the Notes is "effectively connected with the conduct of a trade or business within the United States" by a Non-U.S. Holder (and if an applicable treaty applies, such income or gain is attributable to a permanent establishment or fixed base in the United States of such Non-U.S. Holder), such income or gain will be subject to U.S. federal income tax essentially in the same manner as if the Notes were held by a U.S. Holder, as discussed above, unless an applicable income tax treaty provides otherwise. In the case of a corporate Non-U.S. Holder, the portion of its earnings and profits effectively connected with the conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, attributable to such holder's permanent establishment or fixed base in the United States) may also be subject to the branch profits tax, currently equal to 30% (or a reduced rate, if specified by an applicable income tax treaty) of its effectively connected earnings and profits.

Backup Withholding and Information Reporting

U.S. information reporting requirements and backup withholding will not apply to payments of principal and interest on a Note to a Non-U.S. Holder provided that a certification of Non-U.S. Holder status, as discussed above under " Payments of Interest on the Notes," has been received and neither the Company nor its paying agent has actual knowledge that the payee is not a Non-U.S. Holder. However, information reporting on an IRS Form 1042-S may still apply with respect to interest payments and payments of proceeds from a sale of a Note effected at a U.S. office of a broker.

Information reporting requirements and backup withholding will generally not apply to any payment of the proceeds of the sale of a Note effected outside the United States by a foreign office of a "broker" (as defined in applicable Treasury regulations), provided that such broker (1) is not a U.S. person, (2) derives less than 50% of its gross income for certain periods from the conduct of a trade or business in the United States, (3) is not a controlled foreign corporation as to the United States and (4) is not a foreign partnership doing business in the United States or in which U.S. persons own more than 50% of the income or capital interests (a person described in (1), (2), (3) and (4) being hereinafter referred to as a "foreign controlled person"). Payment of the proceeds of the sale of a Note effected outside the United States by a foreign office of any broker that is not a foreign controlled person will generally not be subject to backup withholding, but will generally be subject to information reporting requirements unless such broker has documentary evidence in its records that the beneficial owner is a Non-U.S. Holder and certain other conditions are met, or the beneficial owner otherwise establishes an exemption.

Non-U.S. Holders should consult their own tax advisors regarding application of withholding and backup withholding in their particular circumstance and the availability of any procedure for obtaining an exemption from withholding, information reporting and backup withholding under current Treasury regulations. Backup withholding is not an additional tax and taxpayers may use amounts withheld as a credit against their U.S. federal income tax liability or may claim a refund as long as they timely provide certain information to the IRS.

FATCA Withholding

Provisions commonly referred to as "FATCA" impose withholding tax at a rate of 30% on payments of U.S.-source interest, and, after December 31, 2016, on sales or redemption proceeds, in each case, paid to (i) "foreign financial institutions" (which generally includes investment funds) unless the institution enters into an agreement with the U.S. government to withhold on certain payments and to collect and provide to the U.S. tax authorities information regarding U.S. account holders of such institution (which would include certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners) or meets other exemptions and (ii) a foreign

Table of Contents

entity that is not a financial institution, unless such entity provides the withholding agent with a certification identifying the substantial U.S. owners of the entity (as defined for this purpose) or meets other exemptions. An intergovernmental agreement between the United States and the entity's jurisdiction may modify these requirements. If FATCA withholding is imposed, a beneficial owner that is not a foreign financial institution generally will be entitled to a refund of any amounts withheld by filing a U.S. federal income tax return (which may entail significant administrative burden). Prospective investors should consult their tax advisers regarding the effects of FATCA on their investment in the Notes.

U.S. Federal Estate Tax

If you are an individual and are not a U.S. citizen or a resident of the United States (as specially defined for U.S. federal estate tax purposes) at the time of your death, your Notes generally will not be subject to the U.S. federal estate tax, unless, at the time of your death:

you actually or constructively own 10% or more of the total combined voting power of all of our outstanding stock; or

your interest on the Notes is effectively connected with your conduct of a U.S. trade or business.

CERTAIN ERISA CONSIDERATIONS

General

The U.S. Employee Retirement Income Security Act of 1974, as amended ("ERISA"), imposes certain requirements on employee benefit plans subject to Title I of ERISA and on entities that are deemed to hold the assets of such plans ("ERISA Plans"), and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA's general fiduciary requirements, including, but not limited to, the requirement of investment prudence and diversification and the requirement that an ERISA Plan's investments be made in accordance with the documents governing the plan.

Section 406 of ERISA and Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts, or an entity deemed to hold the assets of such plans (together with ERISA Plans, "Plans")) and certain persons (referred to as "parties in interest" or "disqualified persons") having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code.

Any Plan fiduciary which proposes to cause a Plan to purchase the Notes should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and Section 4975 of the Code to such an investment, and to confirm that such purchase and holding will not constitute or result in a non-exempt prohibited transaction or any other violation of an applicable requirement of ERISA.

Non-U.S. plans, governmental plans as defined in Section 3(32) of ERISA and church plans as defined in Section 3(33) of ERISA that have not made an election under Section 401(d) of the Code, while not subject to the fiduciary responsibility provisions of ERISA or the prohibited transaction provisions of ERISA and Section 4975 of the Code, may nevertheless be subject to non-US, state, local or other federal laws or regulations that are similar to the foregoing provisions of ERISA and the Code ("Similar Law"). Fiduciaries of any such plans should consult with their counsel before purchasing the

Table of Contents

Notes to determine the need for, and the availability, if necessary, of any exemptive relief under any such law or regulations.

Prohibited Transaction Exemptions

The fiduciary of a Plan that proposes to purchase and hold any Notes should consider, among other things, whether such purchase and holding may involve (i) the direct or indirect extension of credit to a party in interest or a disqualified person, (ii) the sale or exchange of any property between a Plan and a party in interest or a disqualified person, or (iii) the transfer to, or use by or for the benefit of, a party in interest or disqualified person, of any Plan assets. Such parties in interest or disqualified persons could include, without limitation, the Company, the initial purchasers, the agents or any of their respective affiliates. Depending on the satisfaction of certain conditions which may include the identity of the Plan fiduciary making the decision to acquire or hold the Notes on behalf of a Plan, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code (relating to certain transactions by non-fiduciary service providers), Prohibited Transaction Class Exemption ("PTCE") 84-14 (relating to transactions effected by a "qualified professional asset manager"), PTCE 90-1 (relating to investments by insurance company pooled separate accounts), PTCE 91-38 (relating to investments by bank collective investment funds), PTCE 95-60 (relating to investments by insurance company general accounts) or PTCE 96-23 (relating to transactions directed by an in-house asset manager) (collectively, the "Class Exemptions") could provide an exemption from the prohibited transaction provisions of ERISA and the Code. However, there can be no assurance that any of these Class Exemptions or any other exemption will be available with respect to any particular transaction involving the notes. Moreover, the exemptions do not provide relief from the prohibitions in ERISA and the Code on self-dealing.

By its purchase of a Note, the purchaser thereof will be deemed to have represented and warranted that either :

- (i) no assets of a Plan or non-U.S., governmental or church plan have been used to acquire such Note or an interest therein or
- (ii) the purchase and holding of such Note, or an interest therein, by such person do not constitute a non-exempt prohibited transaction under ERISA or Section 4975 of the Code or a violation of Similar Law.

Each Plan fiduciary (and each fiduciary for non-U.S., governmental or church plans subject to Similar Law) should consult with its legal advisor concerning the potential consequences to the plan under ERISA, Section 4975 of the Code or such Similar Laws of an investment in the notes.

PLAN OF DISTRIBUTION

If you want to participate in the exchange offer, you must represent, among other things, that:

any Exchange Notes to be received by you will be acquired in the ordinary course of your business;

you are not engaged in, and do not intend to engage in, and you have no arrangement or understanding with any person to participate in, the distribution (within the meaning of the Securities Act) of the Exchange Notes;

you are not an "affiliate" (as defined in Rule 405 under the Securities Act) of us or, if you are such an affiliate, you will comply with the registration and prospectus delivery requirements of the Securities Act, to the extent applicable; and

you are not acting on behalf of any person who could not truthfully make the foregoing representations.

Table of Contents

If you fail to satisfy any of these conditions, you cannot rely on the position of the SEC set forth in the no-action letters issued to third parties not related to us referred to above under "The Exchange Offer Resale of the Exchange Notes" and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the Exchange Notes. Each broker-dealer that holds Original Notes and that were acquired for its own account as a result of market-making activities or other trading activities may exchange such Original Notes for Exchange Notes pursuant to the exchange offer; however, such broker-dealer may be deemed to be an "underwriter" within the meaning of the Securities Act and must, therefore, deliver a prospectus meeting the requirements of the Securities Act in connection with any resales of such Exchange Notes. This prospectus, as it may be amended or supplemented from time to time, may be used by such broker-dealer to satisfy such prospectus delivery requirement. We have agreed in the registration rights agreement to keep the exchange offer registration statement of which this prospectus forms a part continuously effective, supplemented and amended as required by the registration rights agreement to the extent necessary to ensure that it is available for resales of the Exchange Notes acquired by broker-dealers for their own accounts, if requested by one or more broker-dealers, as a result of market-making activities or other trading activities, and to ensure that it conforms with the requirements of the registration rights agreement, the Securities Act and the policies, rules and regulations of the SEC as announced from time to time, for a period ending on the earlier of (i) 180 days after the consummation of the exchange offer and (ii) the date on which all broker-dealers have disposed of all their registrable securities. In addition, until , 2015, all dealers effecting transactions in the Exchange Notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of Exchange Notes. Exchange Notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the Exchange Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such Exchange Notes. Any broker-dealer that resells Exchange Notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such Exchange Notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit of any such resale of Exchange Notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

During the 180-day (or shorter as provided in the second paragraph of this section) period, we will promptly provide sufficient copies of this prospectus and any amendment of the exchange offer supplement to this prospectus to any broker-dealer that requests such documents.

We have agreed to pay all expenses incident to this exchange offer (including the expenses of one counsel) other than discounts, commissions or transfer taxes of any brokers or dealers and will indemnify the holders of the Original Notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

PART II
INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers

Consolidated Communications Holdings, Inc. ("Consolidated") is incorporated under the laws of the State of Delaware. Section 145 ("Section 145") of the General Corporation Law of the State of Delaware, as the same exists or may hereafter be amended (the "DGCL"), provides that a Delaware corporation may indemnify any persons who were, are or are threatened to be made, parties to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was an officer, director, employee or agent of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation's best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his conduct was illegal. A Delaware corporation may indemnify any persons who are, were or are threatened to be made, a party to any threatened, pending or completed action or suit by or in the right of the corporation by reason of the fact that such person was a director, officer, employee or agent of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation's best interests, provided that no indemnification is permitted without judicial approval if the officer, director, employee or agent is adjudged to be liable to the corporation. Where an officer, director, employee or agent is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses which such officer or director has actually and reasonably incurred.

Section 145 further authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise, against any liability asserted against him and incurred by him in any such capacity, arising out of his status as such, whether or not the corporation would otherwise have the power to indemnify him under Section 145.

Section 102(b)(7) of the DGCL permits a corporation to include in its certificate of incorporation a provision eliminating or limiting the personal liability of a director of a corporation to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not eliminate or limit the liability of a director (i) for any breach of the directors' duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL (relating to unlawful payment of dividends and unlawful stock purchase and redemption) or (iv) for any transaction from which the director derived an improper personal benefit.

Consolidated's amended and restated certificate of incorporation provides that, to the fullest extent permitted by the DGCL and except as otherwise provided in Consolidated's amended and restated bylaws, none of Consolidated's directors will be liable to Consolidated or its stockholders for monetary damages for a breach of fiduciary duty. In addition, Consolidated's amended and restated certificate of incorporation permits indemnification of any person who was or is made, or threatened to be made, a party to any action, suit or other proceeding, whether criminal, civil, administrative or investigative,

Table of Contents

because of his or her status as a director or officer of Consolidated, or service as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise at Consolidated's request to the fullest extent authorized under the DGCL against all expenses, liabilities and losses reasonably incurred by such person. Further, Consolidated's amended and restated bylaws provide that such indemnification must be provided to directors and officers, and further provide that Consolidated may purchase and maintain insurance on Consolidated's own behalf and on behalf of any other person who is or was a director, officer or agent of Consolidated or was serving at Consolidated's request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise. Consolidated maintains such insurance.

The charters and other organizational documents of each of the Company and the subsidiary guarantor registrants allow for indemnification of the directors and officers thereof to the fullest extent permissible under applicable law. Furthermore, as directors and officers of subsidiaries of Consolidated, the directors and officers of each of the Company and the subsidiary guarantor registrant's are entitled to indemnification by Consolidated to the same extent as directors and officers of Consolidated and are covered by Consolidated's directors' and officers' liability insurance to the same extent as directors and officers of Consolidated.

Item 21. Exhibits and Financial Statement Schedules

The Exhibits filed herewith are set forth on the Exhibit Index filed as part of this registration statement.

Item 22. Undertakings

(a)

Each of the undersigned Registrants hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Table of Contents

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for the purpose of determining liability of the Registrants under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, each of the undersigned Registrants undertakes that in a primary offering of securities of the undersigned Registrants pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, each of the undersigned Registrants will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned Registrants relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrants or used or referred to by the undersigned Registrants;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrants or their securities provided by or on behalf of the undersigned Registrants; and

(iv) Any other communication that is an offer in the offering made by the undersigned Registrants to the purchaser.

(b) Each of the undersigned Registrants hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of Consolidated Communications Holdings, Inc.'s annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Each of the undersigned Registrants hereby undertakes:

(1) That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(2) That every prospectus: (i) that is filed pursuant to the immediately preceding paragraph, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such

Table of Contents

post-effective amendment shall be deemed to be a new registration statement relating to the securities offering therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(d) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of any Registrant pursuant to the foregoing provisions, or otherwise, the undersigned Registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by any Registrant of expenses incurred or paid by a director, officer or controlling person of such Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, such Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(e) Each of the undersigned Registrants hereby undertakes:

(1) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in the documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(2) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
