You may vote for all, some or none of the nominees for election to the Board. If any of the nominees are not candidates for election at the meeting, which is not presently anticipated, the persons named as proxies will vote for such other person or persons as they may, in their discretion, determine.

COMPENSATION OF DIRECTORS

The directors are paid a \$15,000 annual retainer. Directors have the option to receive \$10,000 of this annual retainer in cash or in shares of HickoryTech common stock, and \$5,000 of the retainer is paid solely in shares of HickoryTech common stock. In addition, directors receive \$750 for each Board and committee meeting they attend. These fees are waived if the director is a paid employee of HickoryTech. Beyond the meeting fees and annual retainers, beginning in 2004, the directors will receive a \$500 per day payment for non-Board or non-committee meetings associated with company business or required training sessions.

The Chairman of the Board, who is not an employee of HickoryTech, receives an additional annual retainer of \$24,000 which may be paid in cash or shares of HickoryTech common stock.

Directors who leave the Board will continue to receive their annual retainer, at the same rate, for three years after leaving the Board if they have served three consecutive Board terms, or, regardless of the length of service, after the occurrence of certain change in control and related events concerning HickoryTech.

The shareholders approved a Directors Stock Option Plan in 1998. Under this Plan, each director receives an option to purchase 5,000 shares of HickoryTech common stock at fair market value determined on a specific date as established in the Plan if HickoryTech meets pre-established financial objectives. The Plan also provides for acceleration of the issuance of options upon the occurrence of certain change of control and related events concerning HickoryTech. For 2003, the financial objectives were not met, and no director received an option to purchase shares of HickoryTech common stock.

In 2003, the Board approved an extension on the period of time Mr. Alton has to exercise previously granted stock options from December 31, 2003 to December 31, 2004. These options were granted to Mr. Alton during his ten-year employment as President and CEO of HickoryTech.

MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES

During the fiscal year 2003, the Board of Directors held twelve meetings. HickoryTech's Board is led by a non-executive Chairman. HickoryTech has five Board Committees.

The Audit Committee consists of Messrs. Bosacker, Jacobson, Holdrege, Kearney and Switz. The Audit Committee reviews internal controls of HickoryTech and its financial reporting, and meets with the independent auditors on these matters. It has the sole authority to appoint, review and discharge the Company's independent auditors. This Committee held four meetings in 2003.

The Compensation Committee consists of Messrs. Holdrege, Bosacker, Kirklin and Ms. Craig. The Compensation Committee is responsible for compensation for executive officers and non-employee Board directors. The Compensation Committee makes recommendations to the Board regarding compensation for top management of HickoryTech; three meetings were held in 2003.

The Corporate Development Committee consists of Messrs. Alton, Holdrege, Kearney, Kirklin and Switz. The Corporate Development Committee investigates potential expansion and new market opportunities for HickoryTech; two meetings were held in 2003.

The Governance/Nominating Committee, consisting of Ms. Craig, and Messrs. Jacobson, Kirklin and Kearney, held seven meetings in 2003. This Committee's objective is to maintain a strong Board for HickoryTech and to make recommendations on Board committee assignments and candidates for directorship.

The Finance Committee, consisting of Messrs. Kirklin, Alton, Holdrege, Jacobson and Switz, has an objective to support management in reviewing operational financial processes and to ensure the maximization of the financial resources of the Company. There were two meetings of this Committee in 2003.

Each director attended at least 75% of the Board meetings and meetings of the committees on which they serve with the exception of Mr. Switz. Each director is expected to make a reasonable effort to attend all Board and committee meetings and the annual meeting of shareholders. Eight of the directors attended the 2003 Annual Meeting.

NOMINATIONS

Our Governance/Nominating Committee, composed entirely of directors who qualify as independent under applicable NASDAQ rules, is the standing Committee responsible for determining the slate of director nominees for election by shareholders, which the Committee recommends for consideration by the Board. We have adopted a written Governance/Nominating Committee Charter, which is attached to this proxy statement as Appendix A. Any director elected to fill a vacancy shall have the same remaining term as that of such director's predecessor. Vacancies on the Board of Directors resulting from the death, resignation, removal or disqualification of the director may be filled by the affirmative vote of a majority of the remaining members of the Board of Directors.

Our Governance/Nominating Committee currently is utilizing the services of a third-party search firm to assist in the identification and evaluation of a new independent director.

Our Governance/Nominating Committee determines the required selection criteria and qualifications of director nominees based upon the needs of the Company at the time nominees are considered. A candidate must possess the ability to apply good business judgment and must be in a position to properly exercise his or her duties with loyalty and care. Candidates should also exhibit proven leadership capabilities, high integrity and experience with a high level of responsibilities within their chosen fields, and have the ability to quickly grasp complex principles of business, finance and communications technologies. In general, candidates will be preferred who hold an established executive level position in business, finance, strategic planning or telecommunications. The Governance/Nominating Committee will consider these criteria for nominees identified by the Committee, by shareholders, or through some other source. When current Board members are considered for reelection, the Governance/Nominating Committee also takes into consideration their prior HickoryTech Board contributions, performance and meeting attendance records.

The Governance/Nominating Committee will consider qualified candidates for possible nomination that are submitted by our shareholders. Shareholders wishing to make such a submission may do so by sending the following information to the Governance/Nominating Committee c/o Corporate Secretary at the address listed below: (1) name of the candidate, a brief biographical sketch and resume; (2) contact information for the candidate and a document evidencing the candidate's willingness to serve as a director if elected; and (3) a signed statement as to the submitting shareholder's current status as a shareholder including the number of shares currently held.

The Governance/Nominating Committee conducts a process of making a preliminary assessment of each proposed nominee based upon the resume and biographical information, an indication of the individual's willingness to serve and other background information. This information is evaluated against the criteria set forth above and the specific needs of the Company at that time. Based upon a preliminary assessment of the candidate(s), those who appear best suited to meet the needs of the Company may be invited to participate in a series of interviews, which are used as a further means of evaluating potential candidates. On the basis of information learned during this process, the Governance/Nominating Committee determines which nominee(s) to recommend to the Board to submit for election at the next annual meeting. The Governance/Nominating Committee uses the same process for evaluating all nominees, regardless of the original source of the nomination.

No candidates for director nominations were submitted to the Governance/Nominating Committee by any shareholder beneficially owning more than five percent of HickoryTech common stock in connection with the Annual Meeting to be held in 2004. Any shareholders desiring to present nominations for consideration by the Governance/Nominating Committee prior to the annual meeting held in 2005 must do so prior to 120 days prior to the one year anniversary of the date our 2004 proxy statement is mailed to shareholders in order to provide adequate time to duly consider the nominee and comply with our bylaws.

SHAREHOLDER COMMUNICATIONS WITH BOARD

The Board of Directors has implemented a process by which our shareholders may send written communications to the Board's attention. Any shareholder desiring to communicate with our Board, or one or more of our directors, may send a letter addressed to the HickoryTech Board of Directors c/o HickoryTech Corporate Secretary, David A. Christensen, HickoryTech Corporation, 221 East Hickory Street, P.O. Box 3248, Mankato, Minnesota 56002-3248. The Corporate Secretary has been instructed by the Board to promptly forward all communications so received to the full Board or the individual Board members specifically addressed in the communication.

LONG TERM INCENTIVE PLAN**AWARDS IN LAST FISCAL YEAR**

HickoryTech has implemented a Stock Award Program (the Program) each year since 1993 pursuant to the terms of HickoryTech's 1993 Stock Award Plan. This Plan was approved by the shareholders in 1993 and has been since amended. Each year the Compensation Committee establishes a range of shares that may be issued to the executives of HickoryTech contingent upon achievement of performance objectives. The objectives are based on achievement of budgeted EBITDA for HickoryTech as denoted in the five year strategic plan, as may be modified by the Compensation Committee.

Nordquist	-0-	2003-2005	2,000	4,000	6,000

(1) The numbers in this column represent the number of shares of common stock awarded to the named individual during fiscal year 2003 under the 2003-2005 Plan Year. Payments are made at the end of the applicable performance period if, and to the extent that, pre-determined performance objectives are achieved. No portion of this award is payable for less than threshold performance unless the Compensation Committee determines otherwise at its discretion.

(2) The award was not expressed in these terms.

(3) There is a potential range of shares established for each participant under the Program. The range has a separate threshold, target and maximum number of shares that can be awarded once the pre-established performance objectives of HickoryTech have been achieved. No shares under the Program will be issued if pre-established performance objectives are not achieved, unless the Compensation Committee determines otherwise at its discretion.

EMPLOYMENT CONTRACTS, CHANGE OF CONTROL AGREEMENTS, SEVERANCE AGREEMENTS AND OTHER AGREEMENTS

HickoryTech has Change of Control Agreements with the following named executive officers: John E. Duffy, Jon L. Anderson, David A. Christensen, John W. Finke, and Lane C. Nordquist. These agreements provide that if (1) within three years of a change in control of HickoryTech, the employment of any of the above-named officers is adversely affected and such officer terminates his employment with HickoryTech for a reason other than for cause, death or disability, or (2) within a thirty day period following the first anniversary of a change in control of HickoryTech, any of the above-named officers terminates his employment with HickoryTech for any reason other than for cause, death or disability, such officer is entitled to a lump-sum payment. Such lump-sum payment will be the relevant officer's annual compensation multiplied by 2.99 in the case of Mr. Duffy, and multiplied by two in the cases of Messrs. Anderson, Christensen, Finke and Nordquist. In the event of a change in control of HickoryTech and the subsequent termination of the officers, the approximate maximum amount of compensation that would be paid to Messrs. Duffy, Anderson, Christensen, Finke and Nordquist under their current agreements would be \$1,650,720, \$591,240, \$580,755, \$698,735, and \$605,425, respectively.

HickoryTech has a Supplemental Retirement Agreement with Mr. Christensen. The Supplement Retirement Plan was frozen in 1994. The funds in the Plan accrue interest each year. Mr. Christensen will be eligible for benefits under the Plan when he reaches age 65, is disabled or dies, whichever comes first.

**COMPENSATION COMMITTEE REPORT
ON EXECUTIVE COMPENSATION**

The compensation program for executives is the responsibility of the Compensation Committee of the Board of Directors (the Committee). In 2003, the Committee was composed of four outside directors, Messrs. Holdrege, Bosacker, Kirklin, and Ms. Craig. Mr. Holdrege is Chair of this Committee.

The Board of Directors has established the following ongoing principles and objectives for HickoryTech's executive compensation program:

1. Provide compensation opportunities that will attract, motivate and retain highly qualified managers and executives.
2. Link executives' total compensation to HickoryTech's financial performance and individual job performance.
3. Provide a balance between incentives focused on achievement of annual objectives and longer term incentives linked to increases in earnings and shareholder value.

There are three elements to the compensation plan: annual base salary, cash bonuses under an executive incentive plan (the Executive Incentive Plan), and longer term incentives under a stock award plan (the Stock Award Plan).

When setting annual base salaries and making awards under incentive plans, the Compensation Committee considers Company performance and compensation levels of comparable companies with a goal of remaining reasonably competitive with comparable companies. A thorough review of the executive compensation program was conducted in 2002, and some modifications were made in the total compensation program for 2003 in support of the above objectives.

The Executive Incentive Plan rewards an executive with a cash bonus for attainment of annually established financial objectives. The financial objectives are based on a combination of revenues and earnings. Prior to 2003, in addition to a cash bonus, each executive received a performance award equal to one-half of the cash compensation. This award was credited to a stock account used to acquire common stock of HickoryTech, which is held in a trust. The account is credited with additional shares equal to the dividends on the shares held in the account. Based on the financial results in 2003 not meeting the pre-established financial objectives, no bonuses were paid under this plan in 2003.

The Stock Award Plan allows HickoryTech to issue restricted shares, unrestricted shares, incentive stock options, and non-qualified stock options to executives of HickoryTech. The Stock Award Plan has two components: grants of options to purchase common stock and a long-term stock incentive program. The stock option component of the Stock Award Plan provides for the issuance of stock options to seven current executives of HickoryTech. The incentive stock options vest over a three-year period and must be exercised within ten years of their issuance. Stock options are designed to reward executives as the stock price increases. The long-term incentive component of the 2003 Stock

Edgar Filing: HICKORY TECH CORP - Form DEF 14A

Award Program established a range of shares that may be issued to each officer under the Program contingent upon the achievement of performance objectives. For the Stock Award Plan ending in 2003, the pre-established objective of three-year cumulative EBITDA was not met and there were no payouts made to executives under this Plan.

The Committee applied the above-described principles and objectives in determining the compensation of the Chief Executive Officer of HickoryTech, Mr. Duffy, in 2003 and adjusted his base salary and awarded him a stock option grant of 15,000 shares. Based on the Company's financial results not meeting the pre-established financial objectives, Mr. Duffy did not receive a bonus payment under the Executive Incentive Plan and did not receive a stock award under the Stock Award Plan. In determining the 2003 compensation, the Committee reviewed Mr. Duffy's total compensation program to ensure its relationship to the competitive market, as well as to the performance of HickoryTech, and the Committee specifically considered the results of HickoryTech in 2003 as compared to targeted financial objectives, shareholder value and the growth rate of operations.

In connection with our consolidated financial statements for the fiscal year ended December 31, 2003, the Audit Committee has:
