PRELIMINARY SUBJECT TO COMPLETION DATED JUNE 2, 2006

MERGER PROPOSED - YOUR VOTE IS VERY IMPORTANT

We are pleased to report that the boards of directors of MB Financial, Inc. and First Oak Brook Bancshares, Inc. have each approved a merger involving our two companies. We believe that the combination of our companies' strengths will create one of the leading Chicagoland bank franchises.

In the merger, First Oak Brook will merge into a wholly owned subsidiary of MB Financial. First Oak Brook stockholders will receive, in exchange for each share of First Oak Brook common stock they hold, consideration with a value equal to the sum of (1) 0.8304 multiplied by the average of the closing prices of MB Financial common stock during the five trading days ending on the second trading day before the completion date of the merger and (2) \$7.36. Each First Oak Brook stockholder will be entitled to elect to receive their merger consideration in the form of MB Financial common stock, cash or a combination of both, subject to limitations and prorations such that the aggregate merger consideration will be paid approximately 80% in MB Financial stock and approximately 20% in cash.

The value of the merger consideration will fluctuate with the market price of MB Financial common stock. As explained in more detail in this document, if you are a First Oak Brook stockholder, regardless of whether you receive cash or MB Financial stock, the value of the consideration provided to you will be substantially the same.

As an example, based on the average of the closing prices of MB Financial common stock for the five trading days ended [] of \$[], each share of First Oak Brook common stock would be converted into the right to receive either approximately \$[] in cash or approximately [] shares of MB Financial common stock, having a market value of approximately \$[] based on that average closing price. If the average of the closing prices of MB Financial common stock for the five trading days ending on the second trading day before the completion date of the merger is \$35.446, which was the average closing price of MB Financial common stock for the five trading days ended April 28, 2006, the second trading day prior to the day the merger agreement was publicly announced, each share of First Oak Brook common stock would be converted into the right to receive either approximately \$36.80 in cash or approximately 1.0382 shares of MB Financial common stock, having a market value of approximately \$36.80 based on that average closing price. A chart showing the cash and stock merger consideration at various hypothetical average closing prices of MB Financial common stock is provided on page [] of this document.

The market prices of both MB Financial common stock and First Oak Brook common stock will fluctuate before the merger. You should obtain current stock price quotations for MB Financial common stock and First Oak Brook common stock. MB Financial common stock trades on the

QUESTIONS AND ANSWERS ABOUT THE MERGER AND THE SPECIAL MEETINGS

Q: Why do MB Financial and First Oak Brook want to merge?

A: We believe that the complimentary nature of our respective strengths makes for a strategically compelling transaction. The combination of MB Financial's strong asset origination capabilities with First Oak Brook's deposit gathering abilities and expertise is expected to provide the combined company with significantly enhanced core deposit funding for future loan growth. The combined company is expected to have a top ten deposit market share for the entire Chicago metropolitan statistical area. We believe there is increased scale to be gained in a number of business areas in which both companies operate, including treasury management, merchant processing, asset management, trust, private client services, brokerage and leasing. We also believe that the merger presents enhanced earnings opportunities for both companies - for MB Financial, by reducing a portion of its wholesale borrowings and replacing them with generally lower costing core deposits gained from First Oak Brook, and for First Oak Brook, by replacing lower yielding loans and investments it currently holds with higher yielding commercial loans generated by MB Financial. In addition, the combined branch network of the two companies is expected to allow for more effective marketing and customer convenience and greater access to attractive middle-market business prospects.

For additional information regarding each company's reasons for the merger, see "The Merger" MB Financial's Reasons for the Merger; Recommendation of MB Financial's Board of Directors beginning on page [] and "First Oak Brook's Reasons for the Merger; Recommendation of First Oak Brook's Board of Directors beginning on page [].

Q: What will stockholders receive in the merger?

A: First Oak Brook stockholders will receive, in exchange for each share of First Oak Brook common stock they hold, consideration with a value equal to the sum of (1) 0.8304 multiplied by the average of the closing prices of MB Financial common stock during the five trading days ending on the second trading day before the completion date of the merger and (2) \$7.36. Each First Oak Brook stockholder will be entitled to elect to receive their merger consideration in the form of MB Financial common stock, cash or a combination of both, subject to limitations and prorations such that the aggregate merger consideration will be paid approximately 80% in MB Financial common stock and approximately 20% in cash.

The value of the merger consideration provided to First Oak Brook stockholders will fluctuate with the market price of MB Financial common stock. As explained in more detail in this document, if you are a First Oak Brook stockholder, regardless of whether you receive cash or MB Financial common stock, the value of the consideration provided to you will be substantially the same.

MB Financial stockholders will not receive anything in the merger in exchange for their shares. If you are an MB Financial stockholder, each share of MB Financial common stock that you hold before the merger will continue to represent one share of MB Financial common stock after the merger.

Q: What will MB Financial and First Oak Brook stockholders be voting on at the special meetings?

A: At the MB Financial special meeting, MB Financial stockholders will be asked to approve the issuance of shares of MB Financial common stock in the merger, as well as any proposal of the MB Financial board of directors to adjourn or postpone the MB Financial special meeting, if necessary. At the First Oak Brook special meeting, First Oak Brook stockholders will be asked to adopt the merger agreement, as well as any proposal of the First Oak Brook board of directors to adjourn or postpone the First Oak Brook special meeting, if necessary.

Q: What do I need to do now?

A: After you have carefully read this document and have decided how you wish to vote your shares, please vote your shares promptly. If you hold stock in your name as a stockholder of record, you must complete, sign, date and mail your proxy card in the enclosed postage paid return envelope as soon as possible. If you hold your

stock through a bank or broker (commonly referred to as held in street name), you must direct your bank or broker to vote in accordance with the instructions you have received from your bank or broker. Submitting your proxy card or directing your bank or broker to vote your shares will ensure that your shares are represented and voted at your company's special meeting.

Q: Why is my vote important?

A: If you do not vote by proxy or in person at your company's special meeting, it will be more difficult for your company to obtain the necessary quorum to hold its special meeting. In addition, if you are a First Oak Brook stockholder and fail to vote, by proxy or in person, it will have the same effect as a vote against adoption of the merger agreement. The merger agreement must be adopted by the holders of a majority of the outstanding shares of First Oak Brook common stock entitled to vote at the First Oak Brook special meeting.

Q: If my shares are held in street name with a broker, will my broker vote my shares for me?

A: If you hold MB Financial shares in street name with a broker, your broker will not be able to vote your shares without instructions from you on the proposal to approve the issuance of MB Financial shares in the merger. If you hold First Oak Brook shares in street name with a broker, your broker will not be able to vote your shares without instructions from you on the proposal to adopt the merger agreement. Your broker will vote your shares on these proposals only if you provide instructions on how to vote. You should follow the directions provided by your broker.

Q: What if I fail to instruct my broker?

A: If you hold MB Financial shares in street name with a broker and you fail to instruct your broker how to vote your shares on the share issuance proposal and the broker submits an unvoted proxy, the resulting broker non-vote will be counted toward a quorum at the MB Financial special meeting, but it will have no effect on the outcome of the vote on the proposal. If you hold First Oak Brook shares in street name with a broker and you fail to instruct your broker how to vote your shares on the proposal to adopt the merger agreement and the broker submits an unvoted proxy, the resulting broker non-vote will be counted toward a quorum at the First Oak Brook special meeting, but it will have the effect of a vote **against** the adoption of the merger agreement.

Q: I own shares of both MB Financial and First Oak Brook. Should I only vote once?

A: No. If you own shares of both companies, you will receive separate proxy cards, or voting instruction cards if you hold your shares in street name, for each special meeting. It is important that your vote be represented at both special meetings, so please vote promptly.

Q: Can I attend my company's special meeting and vote my shares in person?

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

A: Yes. All stockholders are invited to attend their company's special meeting. If you are a stockholder of record, you can vote in person at your company's special meeting. If you hold your shares in street name through a bank, broker or other nominee, then you must obtain a legal proxy from the holder of record by contacting your bank, broker or other nominee to vote your shares in person at your company's special meeting.

Q: Can I change my vote before my company's special meeting?

A: Yes. If you are a stockholder of record, there are three ways for you to revoke your proxy and change your vote. First, you may send written notice to the Corporate Secretary of your company stating that you would like to revoke your proxy. Second, you may complete and submit a new proxy card. Third, you may vote in person at your company's special meeting. Merely being present at your company's special meeting, without voting at the meeting, will not constitute revocation of a previously given proxy. If you hold your shares in street name with a bank or broker, you must follow the directions you receive from your bank or broker to change your vote. Your last vote will be the vote that is counted.

Q: When do you currently expect to complete the merger?

A: In the fourth quarter of 2006. However, we cannot assure you when or if the merger will occur. We must first obtain the approvals of MB Financial stockholders and First Oak Brook stockholders at the special meetings and the necessary regulatory approvals.

Q: If I am a First Oak Brook stockholder, when must I elect the type of merger consideration that I prefer to receive?

A: First Oak Brook stockholders who wish to elect the type of merger consideration they prefer to receive in the merger should carefully review and follow the instructions set forth in the election form that will be provided to First Oak Brook stockholders at a later date. If a First Oak Brook stockholder does not submit a properly completed and signed election form to the exchange agent by the election deadline, he or she will have no control over the type of merger consideration he or she may receive, and, consequently, may receive only cash, only MB Financial common stock or a combination of both.

Q: If I am a First Oak Brook stockholder, should I send in my First Oak Brook stock certificates now?

A: No. You should not send in your stock certificates at this time. The election form which will be provided to you separately will contain instructions for surrendering your First Oak Brook stock certificates with your election form.

Q: If I am an MB Financial stockholder, do I need to do anything with my MB Financial stock certificates?

A: No. MB Financial stockholders will not exchange their certificates in the merger. As indicated above, the certificates currently representing shares of MB Financial common stock will represent an equal number of shares of common stock of the combined company after the merger.

Q: Whom should I call with questions?

A: MB Financial stockholders should call Doria L. Koros at (847) 653-1992 with questions or to obtain additional copies of this document. First Oak Brook stockholders should call Rosemarie Bouman at (630) 571-1050 with questions or to obtain additional copies of this document.

MBFI Acquisition Corp. will survive the merger. It is expected that soon after the merger, MBFI Acquisition Corp. will be merged with and into MB Financial.

First Oak Brook Stockholders Will Receive Cash and/or Shares of MB Financial Common Stock in the Merger Depending on their Elections and any Prorations (see page [])

First Oak Brook stockholders will have the right to elect to receive merger consideration for each of their shares of First Oak Brook common stock in the form of cash or shares of MB Financial common stock (with cash paid in lieu of fractional share interests) or a combination of both, subject to proration in the circumstances described below. A First Oak Brook stockholder may specify different elections with respect to different shares that such stockholder holds (if, for example, a First Oak Brook stockholder owns 100 shares of First Oak Brook common stock, that stockholder could make a cash election with respect to 50 shares and a stock election with respect to the other 50 shares). In the event of proration, a First Oak Brook stockholder may receive a portion of the merger consideration in a form other than that which the stockholder elected.

The per share value of the merger consideration will fluctuate with the market price of MB Financial common stock, and will be equal to the sum of (1) 0.8304 multiplied by the average of the closing prices of MB Financial common stock on the Nasdaq Stock Market during the five trading days ending on the second trading day before the completion date of the merger and (2) \$7.36. Whether a First Oak Brook stockholder makes a cash election or a stock election, the value of the consideration that such stockholder receives as of the date of completion of the merger will be substantially the same based on the average MB Financial closing price used to calculate the merger consideration.

As an example, based on the average of the closing prices of MB Financial common stock for the five trading days ending on [], 2006, for each share of First Oak Brook common stock held, a First Oak Brook stockholder would receive either approximately \$[] in cash or [] shares of MB Financial common stock having a market value of approximately \$[] based on that average closing price. We will compute the actual amount of cash and number of shares of MB Financial common stock that each First Oak Brook stockholder will receive in the merger using the formula contained in the merger agreement. For a summary of the formula contained in the merger agreement, see The Merger Agreement Merger Consideration beginning on page [].

Set forth below is a table showing a hypothetical range of five-day average closing sale prices for shares of MB Financial common stock and the corresponding consideration that a First Oak Brook stockholder would receive in a cash election, on the one hand, or in a stock election (i.e., the exchange ratio), on the other hand, under the merger consideration formula. The table does not reflect the fact that cash will be paid instead of fractional shares. As described below, regardless of whether a First Oak Brook stockholder makes a cash election or a stock election, that First Oak Brook stockholder may nevertheless receive a mix of cash and stock.

Hypothetical Five-Day Average Closing Prices of MB Financial Common Stock	Cash Election: Cash Consideration Per Share	OR	Stock Election: Shares of MB Financial Common Stock (Exchange Ratio)	Market Value of MB Financial Common Stock(*)

*Market value based on hypothetical five-day average closing price of MB Financial common stock.

The examples above are illustrative only. The value of the merger consideration that a First Oak Brook stockholder actually receives will be based on the actual five-day average closing price of MB Financial common stock prior to completion of the merger, as described above. The actual average closing price may be outside the range of the amounts set forth above, and as a result, the actual value of the merger consideration per share of First Oak Brook common stock may not be shown in the above table.

Regardless of Whether a First Oak Brook Stockholder Makes a Cash Election or a Stock Election, the Stockholder May Nevertheless Receive a Mix of Cash and Stock (see page [])

The merger agreement provides that the aggregate number of shares of MB Financial common stock that will be issued in the merger for the stock portion of the merger consideration is fixed at 8,325,745, subject to adjustment as explained below, and the aggregate amount of cash that MB Financial will pay in the merger for the cash portion of the merger consideration is fixed at \$73,792,729, subject to adjustment as explained below. As a result, if more First Oak Brook stockholders make valid elections to receive either MB Financial common stock or cash than is available as merger consideration under the merger agreement, those First Oak Brook stockholders electing the over-subscribed form of consideration will have the over-subscribed consideration proportionately reduced and will receive a portion of their consideration in the other form, despite their election.

To the extent shares of First Oak Brook common stock are issued prior to the closing of the merger pursuant to purchases under First Oak Brook's employee stock purchase plan (a maximum of 3,766 shares), pursuant to exercises of First Oak Brook stock options outstanding as of May 1, 2006 or pursuant to conversions of First Oak Brook director stock units or restricted stock units outstanding as of May 1, 2006, the aggregate number of shares to be issued by MB Financial for the stock portion of the merger consideration and the aggregate amount of cash to be paid by MB Financial for the cash portion of the merger consideration will increase proportionately. As of the date of this document, a total of [] additional shares of First Oak Brook common stock have been issued (3,766 pursuant to purchases under the First Oak Brook employee stock purchase plan and [] pursuant to the exercise of First Oak Brook stock options), which, subject to further adjustments for subsequent First Oak Brook stock issuances prior to the merger, increases the total number of shares of MB Financial common stock to be issued in the merger for the stock portion of the merger consideration to [] and increases the total amount of cash to be paid by MB Financial in the merger for the cash portion of the merger consideration to \$[].

The number of shares to be issued by MB Financial and the amount of cash to be paid by MB Financial also are subject to adjustment if MB Financial elects to increase the aggregate stock or cash consideration to prevent First Oak Brook from terminating the merger agreement in the event of a specified decline in the market value of MB Financial common stock relative to the value of a designated market index or if necessary to ensure that the merger qualifies as a reorganization for United States federal income tax purposes in the event of a decline in the market value of MB Financial common stock. See The Merger Agreement Merger Consideration-Adjustments to Aggregate MB Financial Share Amount and Aggregate Cash Consideration on page [] and Termination of the Merger Agreement on page [].

What Holders of First Oak Brook Stock Options and Other Equity-Based Awards Will Receive (see page [])

Each outstanding option to purchase First Oak Brook common stock that has not been exercised prior to completion of the merger, or cancelled in exchange for MB Financial common stock as provided below, will be converted into an option to purchase MB Financial common stock on the same terms as the First Oak Brook option, with adjustments to the number of shares purchasable and the exercise price based on the exchange ratio for the stock portion of the merger consideration. No later than ten days prior to the anticipated date of completion of the merger, First Oak Brook will have the right, but not the obligation, to permit the holders of outstanding vested First Oak Brook stock options to elect to have all or a designated number of options canceled as of the effective time of the merger, for a per share cancellation price equal to the value of the per share merger consideration payable to First Oak Brook stockholders in the merger less the exercise price per share. This cancellation price will be paid in shares of MB Financial common stock. As of the date of this document, there were outstanding vested options to purchase

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

an aggregate of [] shares of First Oak Brook common stock at a weighted average exercise price of \$[] per share. As of the date of this document, options on an additional [] First Oak Brook shares with a weighted average exercise price of \$[] per share were unvested.

First Oak Brook director stock units and restricted stock units that are outstanding immediately before the merger will be assumed on the same terms by MB Financial upon completion of the merger, with adjustments to the number of underlying shares based on the exchange ratio. As of the date of this document, there were outstanding [] directors stock units and [] restricted stock units.

In Order To Make a Valid Election, First Oak Brook Stockholders Must Properly Complete and Deliver the Election Form that Will Be Sent at a Later Date (see page [])

If you are a record holder of First Oak Brook common stock, an election form together with transmittal material for surrendering your stock certificates will be mailed to you under separate cover no more than 40 business days and no less than 20 business days before the anticipated completion date of the merger (or on such earlier date as to which MB Financial and First Oak Brook may mutually agree). The election form will entitle you to elect to receive in exchange for your shares of First Oak Brook common stock, cash, shares of MB Financial common stock or a combination of both, or to elect no preference with respect to the merger consideration that you wish to receive. Because elections will be subject to the proration provisions of the merger agreement, a First Oak Brook stockholder may receive a form of consideration that is different from his or her election.

To make a valid election, a First Oak Brook stockholder must submit a properly completed election form to the exchange agent at or before 5:00 p.m., Central time, on the 25th day following the mailing of the election form unless this deadline is extended by MB Financial and First Oak Brook. An election form will be deemed properly completed only if accompanied by certificates representing all shares of First Oak Brook common stock covered by the election form (or by customary affidavits and indemnification for lost or destroyed certificates or by a proper notice of guaranteed delivery). First Oak Brook stockholders who hold their shares in street name through a bank, broker or other nominee should follow the instructions of the bank, broker or other nominee for making an election.

First Oak Brook stockholders should not forward their First Oak Brook stock certificates with their proxy cards.

The U.S. federal income tax consequences of the merger to First Oak Brook stockholders will depend upon whether they receive cash, MB Financial stock or both. (see page [])

If a First Oak Brook stockholder receives solely shares of MB Financial common stock and cash in lieu of a fractional share interest, then that stockholder generally will not recognize any gain or loss, except with respect to the fractional share interest.

If a First Oak Brook stockholder receives solely cash, then that stockholder generally will recognize gain or loss equal to the difference between the amount of cash the stockholder receives and the stockholder's basis in the stockholder's First Oak Brook shares. The tax treatment of any gain or loss will depend upon the stockholder's individual circumstances.

If a First Oak Brook stockholder receives a combination of MB Financial common stock and cash other than cash in lieu of a fractional share interest, then that stockholder will generally recognize gain in an amount equal to the lesser of the total amount of cash received or the amount of gain realized on the exchange, but the stockholder is not permitted to recognize a loss. Any gain recognized may be treated as a dividend or capital gain, depending on the stockholder's particular circumstances.

This tax treatment may not apply to all First Oak Brook stockholders. Determining the actual tax consequences of the merger to a First Oak Brook stockholder can be complicated. First Oak Brook stockholders should consult their personal tax advisors for a full understanding of the merger's tax consequences that are particular to them.

Appraisal Rights (see page [])

Under Delaware law, any First Oak Brook stockholder may dissent from the merger and elect to have the value of his or her shares appraised and paid in cash instead of receiving the merger consideration issuable to him or her pursuant to the merger agreement.

To dissent from the merger and demand appraisal, a First Oak Brook stockholder must satisfy the following conditions:

deliver a written demand for appraisal to First Oak Brook before the vote on the adoption of the merger agreement;

not vote in favor of the merger agreement (the return of a signed proxy which does not specify a vote against the merger agreement or a direction to abstain will constitute a waiver of the stockholder's right of appraisal); and

continuously hold the First Oak Brook shares from the date of the making of the demand through the time the merger is completed.

A copy of the relevant sections of Delaware law governing this process is attached to this document as Appendix D. MB Financial stockholders are not entitled to appraisal rights in connection with the merger.

Source of Funds

MB Financial's obligation to complete the merger is not conditioned upon MB Financial obtaining financing. MB Financial intends to finance approximately \$50.0 million of the cash merger consideration by issuing trust preferred securities and fund the remaining portion of the cash merger consideration through internal cash resources.

MB Financial's Financial Advisor Has Provided its Opinion as to the Fairness, from a Financial Point of View, to MB Financial of the Consideration to be Paid in the Merger (see page [])

In connection with the merger, MB Financial retained Goldman, Sachs & Co. (Goldman Sachs) as its financial advisor. In deciding to approve the merger agreement, the MB Financial board of directors considered the oral opinion of Goldman Sachs provided to the MB Financial board of directors on April 30, 2006. Goldman Sachs subsequently confirmed in writing that, as of the date of the opinion and based upon and subject to the considerations described in its opinion and other matters as Goldman Sachs considered relevant, the aggregate merger consideration to be paid by MB Financial pursuant to the merger agreement was fair from a financial point of view to MB Financial.

The full text of the written opinion of Goldman Sachs, dated May 1, 2006, which sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations on the review undertaken by Goldman Sachs in connection with the opinion, is attached to this document as Appendix B. Goldman Sachs provided its opinion for the information and assistance of the MB Financial board of directors in connection with its consideration of the transaction contemplated by the merger agreement. The Goldman Sachs opinion is not a recommendation as to how any holder of MB Financial common stock should vote with respect to issuance of MB Financial shares in the merger or any related matter. MB Financial agreed to pay a transaction fee of \$2.0 million to Goldman Sachs for its services in connection with the merger. The transaction fee is payable upon completion of the merger.

First Oak Brook's Financial Advisor has Provided its Opinion as to the Fairness of the Merger Consideration, from a Financial Point of View, to First Oak Brook's Stockholders (see page [])

In connection with the merger, First Oak Brook retained Keefe, Bruyette & Woods, Inc. (Keefe Bruyette) as its financial advisor. In deciding to approve the merger agreement, the First Oak Brook board of directors

considered the oral opinion of Keefe Bruyette provided to the First Oak Brook board of directors on May 1, 2006. Keefe Bruyette subsequently confirmed in writing, that, as of the date of the opinion and based upon and subject to the considerations described in its opinion and other matters as Keefe Bruyette considered relevant, the consideration to be provided to the holders of First Oak Brook common stock in the merger was fair, from a financial point of view, to such stockholders.

The full text of the written opinion of Keefe Bruyette, dated May 1, 2006, which sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations on the review undertaken by Keefe Bruyette in connection with the opinion, is attached to this document as Appendix C. Keefe Bruyette provided its opinion for the information and assistance of the First Oak Brook board of directors in connection with its consideration of the transaction contemplated by the merger agreement. The Keefe Bruyette opinion is not a recommendation as to how any holder of First Oak Brook common stock should vote with respect to the merger agreement or any related matter. First Oak Brook agreed to pay a fee of approximately \$1.9 million to Keefe Bruyette for its services in connection with the merger, of which \$50,000 became payable when Keefe Bruyette was initially engaged and \$100,000 of which became payable upon the delivery of the fairness opinion, with the balance to be paid upon completion of the merger.

In determining whether to approve the merger agreement, MB Financial's board of directors consulted with certain of its senior management and with its legal and financial advisors. In arriving at its determination, the MB Financial board of directors also considered the factors described under The Merger MB Financial's Reasons for the Merger; Recommendation of MB Financial's Board of Directors.

Bank Merger

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

As soon as practicable following the merger, Oak Brook Bank, a wholly owned subsidiary of First Oak Brook, will merge into MB Financial Bank, a wholly owned subsidiary of MB Financial, with MB Financial Bank as the surviving institution. We refer to the merger of our banks as the bank merger.

Board of Directors after the Merger (see page [])

Richard M. Rieser, Jr., the current President and Chief Executive Officer and a director of First Oak Brook, and Charles Gries, a director of First Oak Brook, will be appointed to the MB Financial board of directors effective upon completion of the merger. Mr. Rieser and John Ballantine, a director of First Oak Brook, will be appointed to the board of directors of MB Financial Bank effective upon completion of the bank merger.

Interests of First Oak Brook Executive Officers and Directors in the Merger (see page [])

Some of the executive officers and directors of First Oak Brook have interests in the merger that are in addition to, or different from, the interests of First Oak Brook stockholders generally. Aside from the benefits under the agreements and arrangements described below, these interests may arise from provisions of the merger agreement relating to director and officer indemnification and insurance and appointments to the boards of directors of MB Financial and MB Financial Bank. In addition, stock options and restricted stock units held by certain executive officers and directors will vest early as a result of the merger.

Mr. Rieser will enter into a five-year employment agreement with MB Financial immediately after completion of the merger, providing for Mr. Rieser's service as Vice Chairman, Executive Vice President and Chief Marketing and Legal Strategist of MB Financial. Mr. Rieser will receive a payment from First Oak Brook immediately before the merger or from MB Financial after the merger in consideration of the cancellation of his existing employment agreement with First Oak Brook. In connection with the change in control of First Oak Brook resulting from the merger, Mr. Rieser's existing Supplemental Pension Benefit Agreement will be modified by eliminating the prorated reduction in benefit that would otherwise occur if his employment were terminated under certain circumstances prior to his scheduled retirement date.

MB Financial has agreed to an amendment of the employment agreement between First Oak Brook and Rosemarie Bouman, Executive Vice President, Chief Operating Officer and Chief Financial Officer of First Oak Brook, to provide for Ms. Bouman's employment with MB Financial during the post-merger transition period on substantially the same economic terms and conditions as in effect at the time of the merger. Upon completion of the post-merger transition period, regardless of whether her employment with MB Financial continues after that point, Ms. Bouman will be entitled to the change in control severance benefit under her employment agreement.

MB Financial will be assuming the employment agreements between First Oak Brook and George C. Clam, Vice President and Chief Banking Officer of First Oak Brook and Vice Chairman of Oak Brook Bank, and Frank M. Paris, a former executive officer of First Oak Brook who currently serves as Vice Chairman of the boards of directors of First Oak Brook and Oak Brook Bank and as a non-executive employee of First Oak Brook. Messrs. Clam and Paris will be entitled to change in control severance benefits under their employment agreements if, within three years after the merger, their employment is involuntarily terminated (other than for cause or due to death or disability) or they resign under circumstances which constitute a constructive discharge.

The First Oak Brook and MB Financial boards of directors were aware of these interests and considered them, among other matters, in approving the merger agreement and the transactions contemplated by the merger agreement.

Regulatory Approvals

Under federal law, the merger must be approved by the Board of Governors of the Federal Reserve System and the bank merger must be approved by the Office of the Comptroller of the Currency. Under Illinois law, the change in control of Oak Brook Bank must be approved by, and notice of the bank merger must be filed with, the Illinois Department of Financial and Professional Regulation. The U.S. Department of Justice may review the impact of the merger and the bank merger on competition. In addition, the ownership change of First Oak Brook's registered broker-dealer subsidiary is subject to review by various regulatory and self-regulatory organizations, including the Securities and Exchange Commission and the National Association of Securities Dealers, Inc.

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

Once the Federal Reserve Board approves the merger, we must wait for up to 30 days before we can complete the merger. If, however, there are no adverse comments from the U.S. Department of Justice and we receive permission from the Federal Reserve Board to do so, the merger may be completed on or after the 15th day after approval from the Federal Reserve Board. Similarly, after we receive approval of the bank merger from the Office of the Comptroller of the Currency, we must wait for up to 30 days before we can complete the bank merger. If, however, there are no adverse comments from the U.S. Department of Justice and we receive permission from the Office of the Comptroller of the Currency to do so, the bank merger may be completed on or after the 15th day after approval from the Office of the Comptroller of the Currency.

As of the date of this document, all of the required applications have been filed. There can be no assurance as to whether all regulatory approvals will be obtained or as to the dates of the approvals. There also can be no assurance that the regulatory approvals received will not contain a condition or requirement that results in a failure to satisfy the conditions to closing set forth in the merger agreement. See The Merger Agreement Conditions to Completion of the Merger.

Conditions to Completion of the Merger (see page [])

The completion of the merger depends on a number of conditions being satisfied or, where permitted, waived, including:

adoption of the merger agreement by First Oak Brook stockholders and approval of the issuance of the shares of MB Financial common stock in the merger by MB Financial stockholders;

receipt of all required regulatory approvals without any condition that would have a material adverse effect on the combined company or materially impair the value of First Oak Brook to MB Financial;

absence of any injunction or other legal restraint blocking the merger or the bank merger;

approval for listing on the Nasdaq Stock Market of the shares of MB Financial common stock to be issued in the merger;

exercise of appraisal rights by the holders of not more than 10% of the outstanding shares of First Oak Brook common stock;

the receipt by MB Financial of an opinion of First Oak Brook's legal counsel, and the receipt by First Oak Brook of an opinion of MB Financial's legal counsel, as to the federal income tax consequences of the merger;

accuracy of MB Financial's and First Oak Brook's respective representations and warranties in the merger agreement on the date of the merger agreement and the closing date of the merger; and

performance in all material respects by MB Financial and First Oak Brook of their respective obligations under the merger agreement.

No assurance can be given as to when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Non-Solicitation (see page [])

First Oak Brook has agreed that it will not solicit or encourage any inquiries or proposals regarding any acquisition proposals by third parties. First Oak Brook may respond to unsolicited proposals in certain circumstances if required by the First Oak Brook board of directors' fiduciary duties. First Oak Brook must promptly notify MB Financial if it receives any acquisition proposals.

Termination of the Merger Agreement (see page [])

MB Financial and First Oak Brook can jointly agree to terminate the merger agreement at any time. Either company may also terminate the merger agreement:

if the other company materially breaches its representations and warranties or obligations under the merger agreement and does not timely cure the violation, provided that the party seeking termination is not itself in material breach of the merger agreement;

if a regulatory or other governmental authority does not permit completion of the merger or the bank merger, provided that the denial is not due to the failure of the company seeking termination to fulfill its obligations under the merger agreement, or if a court or other governmental body issues a final, non-appealable order prohibiting the merger or the bank merger;

if MB Financial's stockholders do not approve the issuance of MB Financial shares in the merger at the MB Financial special meeting or if First Oak Brook's stockholders do not adopt the merger agreement at the First Oak Brook special meeting; or

if the merger has not been completed by December 31, 2006, unless the company seeking termination is in material breach of the merger agreement.

In addition to the circumstances described above, MB Financial will be entitled to terminate the merger agreement if:

MB Financial receives a report from an independent environmental expert concluding that First Oak Brook could be required to expend more than \$3.5 million for remediation of any environmental problems at its headquarters facility; or

First Oak Brook's board of directors withdraws, modifies or qualifies in any manner adverse to MB Financial the board's recommendation that First Oak Brook stockholders vote in favor of adoption of the merger agreement and First Oak Brook's stockholders fail to adopt the merger agreement at the First Oak Brook special meeting (or the meeting is not held), provided that this termination right does not apply if, prior to the First Oak Brook special meeting, MB Financial's stockholders failed to approve the MB Financial share issuance in the merger at the MB Financial special meeting. If MB Financial terminates the merger agreement under this circumstance, First Oak Brook must pay MB Financial a \$13.0 million termination fee.

First Oak Brook can also terminate the merger agreement:

if MB Financial's board of directors fails to recommend that MB Financial stockholders approve the MB Financial share issuance in the merger or withdraws, modifies or qualifies that recommendation in any manner adverse to First Oak Brook and MB Financial's stockholders fail to approve the MB Financial share issuance at the MB Financial special meeting (or the meeting is not held), provided that this termination right does not apply if, prior to the MB Financial special meeting, First Oak Brook's stockholders failed to adopt the merger agreement at the First Oak Brook special meeting. If First Oak Brook terminates the merger agreement under this circumstance, MB Financial must pay First Oak Brook a \$13.0 million termination fee unless First Oak Brook has sued MB Financial for a willful material breach of the merger agreement;

in order to enter into an agreement prior to the First Oak Brook special meeting for a proposed third party acquisition of First Oak Brook determined by the First Oak Brook board of directors in good faith to be more favorable than the merger with MB Financial to First Oak Brook stockholders from a financial point of view which is not matched by MB Financial, provided that First Oak Brook concurrently pays MB Financial a \$13.0 million termination fee; or

if (1) the average closing price per share of MB Financial common stock over the five-trading day period ending on the last trading day before the date on which the last required regulatory approval for the merger and bank merger has been received (referred to as the determination date) is less than \$29.24, **and** (2) the percentage decline in value of MB Financial common stock determined by dividing that average price by \$35.446, which was the average closing price of MB Financial common stock for the five-day trading period ended April 28, 2006 (referred to as the start date), is more than 17.5% greater than the percentage decline in value from the start date to the determination date of the SNL Midwest Bank Index, **unless** MB Financial elects to pay additional merger consideration, in the

form of MB Financial common stock, cash or a combination of both, pursuant to the formula set forth in the merger agreement.

First Oak Brook will also be required to pay MB Financial a \$13.0 million termination fee if, within one year after MB Financial exercises its right to terminate the merger agreement due to an uncured material breach of First Oak Brook's representations and warranties or obligations for which it has not sued First Oak Brook for willful material breach, First Oak Brook enters into a definitive agreement for, or completes, a change in control of First Oak Brook or Oak Brook Bank or substantially all of the assets of either entity.

Differences in Stockholder Rights (see page [])

MB Financial is incorporated under the laws of the State of Maryland, and First Oak Brook is incorporated under the laws of the State of Delaware. The rights of holders of MB Financial common stock are governed by Maryland law and MB Financial's charter and bylaws, and the rights of holders of First Oak Brook common stock are governed by Delaware law and First Oak Brook's certificate of incorporation and bylaws. Key differences between Maryland law and Delaware law and between MB Financial's charter and bylaws and First Oak Brook's certificate of incorporation and bylaws include the following:

the total number of shares of authorized capital stock of MB Financial is 41,000,000 shares (40,000,000 common and 1,000,000 preferred), compared to 16,100,000 shares for First Oak Brook (16,000,000 common and 100,000 preferred);

MB Financial's board of directors has the power to amend MB Financial's charter to change the number of authorized shares of capital stock without stockholder approval; such an amendment to First Oak Brook's certificate of incorporation would require approval by First Oak Brook's stockholders;

MB Financial's charter provides that no stockholder beneficially owning more than 14.9% of the outstanding shares of MB Financial common stock may vote his or her shares in excess of that amount, and that certain business combinations with persons owning more than 14.9% of its outstanding shares require approval of the holders of at least 80% of the outstanding shares of common stock, unless either a majority of the disinterested directors have approved the transaction or certain fair price and procedure requirements are satisfied; no such provisions or similar provisions are contained in First Oak Brook's certificate of incorporation; and

under MB Financial's bylaws, special meetings of stockholders may be called by stockholders owning at least a majority of all votes entitled to be cast at the meeting; under First Oak Brook's bylaws, only the board of directors or an officer acting at the direction of the board of directors may call a special meeting of stockholders.

The First Oak Brook board of directors has amended the First Oak Brook Rights Agreement dated as of May 4, 1999 to provide that the merger and related transactions will not cause the stock purchase rights attached to each outstanding share of First Oak Brook common stock to separate

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

MB Financial does not have a rights plan.

First Oak Brook intends, subject to future operating results, capital requirements, regulatory standards and other factors, to declare and pay cash dividends on First Oak Brook common stock at a quarterly rate of \$0.18 per share in a manner consistent with past practice. With respect to the payment of its last dividend prior to completion of the merger, however, First Oak Brook is required to coordinate such payment with MB Financial to preclude any loss or duplication of dividend payments. Under the merger agreement, First Oak Brook may not declare or pay any other dividends or make any other distributions with respect to its capital stock without the prior written consent of MB Financial. See The Merger Agreement Conduct of Business Pending the Merger. First Oak Brook's board of directors is under no obligation to declare dividends on First Oak Brook common stock.

The holders of MB Financial common stock receive dividends if and when declared by the MB Financial board of directors out of legally available funds. Following the completion of the merger, MB Financial plans to increase its quarterly dividend to \$0.18 per share. However, the declaration and payment of dividends following the merger will depend upon business conditions, operating results, capital and reserve requirements, regulatory limitations and consideration by the MB Financial board of directors of other relevant factors. The primary source for dividends paid to MB Financial stockholders is dividends paid to it from its subsidiary banks. MB Financial has an internal policy which provides that dividends paid to it by a subsidiary bank cannot exceed an amount that would cause the bank's total risk-based capital, Tier 1 risk-based capital and Tier 1 leverage capital ratios to fall below 11%, 8% and 7%, respectively. The minimum ratios required for a bank to be considered well capitalized for regulatory purposes are 10%, 6% and 5%, respectively. At March 31, 2006, MB Financial's subsidiary banks could pay a combined \$50.1 million in dividends and comply with MB Financial's internal policy regarding minimum regulatory capital ratios.

RISK FACTORS

In addition to the other information contained in or incorporated by reference into this document, including MB Financial's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 and First Oak Brook's Annual Report on Form 10-K for the fiscal year ended December 31, 2005, you should carefully consider the following risk factors in deciding how to vote your shares.

Because the market price of MB Financial common stock will fluctuate, First Oak Brook stockholders cannot be sure of the value of the merger consideration they will receive.

Upon completion of the merger, each share of First Oak Brook common stock will be converted into the right to receive merger consideration consisting of shares of MB Financial common stock and/or cash pursuant to the terms of the merger agreement. The value of the merger consideration to be received by First Oak Brook stockholders will be based on the average closing price of MB Financial common stock on the Nasdaq Stock Market during the five trading days ending on the second trading day before the completion date of the merger. This average price may vary from the closing price of MB Financial common stock on the date we announced the merger, on the date that this document was mailed to MB Financial stockholders and First Oak Brook stockholders, on the date of the special meetings of the MB Financial and First Oak Brook stockholders and on the date the merger is completed. Any change in the market price of MB Financial common stock prior to completion of the merger will affect the value of the merger consideration that First Oak Brook stockholders will receive upon completion of the merger. Accordingly, at the time of the First Oak Brook special meeting and prior to the election deadline, First Oak Brook stockholders will not necessarily know or be able to calculate the amount of the cash consideration they would receive or the exchange ratio used to determine the number of any shares of MB Financial common stock they would receive upon completion of the merger. While First Oak Brook will have the right to terminate the merger agreement in the event of a specified decline in the market value of MB Financial common stock relative to the value of a designated market index unless MB Financial elects to increase the aggregate merger consideration (see "The Merger Agreement - Termination of the Merger Agreement"), neither company is otherwise permitted to terminate the merger agreement or resolicit the vote of either company's stockholders solely because of changes in the market prices of either company's stock. Stock price changes may result from a variety of factors, including general market and economic conditions, changes in our respective businesses, operations and prospects, and regulatory considerations. Many of these factors are beyond the control of our companies. You should obtain current market prices for shares of MB Financial common stock and for shares of First Oak Brook common stock.

MB Financial may fail to realize all of the anticipated benefits of the merger.

The success of the merger will depend on, among other things, MB Financial's ability to realize anticipated cost savings and to combine the businesses of MB Financial and First Oak Brook in a manner that does not materially disrupt the existing customer relationships of our companies or result in decreased revenues from our customers. If MB Financial is not able to successfully achieve these objectives, the anticipated benefits of the merger may not be realized fully or at all or may take longer to realize than expected.

MB Financial and First Oak Brook have operated and, until the completion of the merger, will continue to operate, independently. It is possible that the integration process could result in the loss of key employees, the disruption of each company's ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect our ability to maintain relationships with clients, customers, depositors and employees or to achieve the anticipated benefits of the merger. Integration efforts between the two companies will also divert management attention and resources. These integration matters could have an adverse effect on each of MB Financial and First Oak Brook during the transition period and on the combined company following completion of the merger.

As of [], 2006, the outstanding shares of MB Financial common stock were owned by approximately [].

As of [], 2006, the outstanding shares of MB Financial common stock were owned by approximately []

The market price of MB Financial common stock after the merger may be affected by factors different from those affecting the shares of MB Financial or First Oak Brook currently.

The businesses of MB Financial and First Oak Brook differ in some respects and, accordingly, the results of operations of the combined company and the market price of the combined company's shares of common stock may be affected by factors different from those currently affecting the independent results of operations of each of MB Financial or First Oak Brook. For a discussion of the businesses of MB Financial and First Oak Brook and of certain factors to consider in connection with those businesses, see the documents incorporated by reference in this document and referred to under [Where You Can Find More Information](#).

The fairness opinions obtained by MB Financial and First Oak Brook from their respective financial advisors will not reflect changes in circumstances between signing the merger agreement and the merger.

MB Financial and First Oak Brook have not obtained updated opinions as of the date of this document from Goldman Sachs, MB Financial's financial advisor, or Keefe Bruyette, First Oak Brook's financial advisor. Changes in the operations and prospects of MB Financial or First Oak Brook, general market and economic conditions and other factors which may be beyond the control of MB Financial and First Oak Brook, and on which the fairness opinions were based, may alter the value of MB Financial or First Oak Brook or the prices of shares of MB Financial common stock or First Oak Brook common stock by the time the merger is completed. The opinions do not speak as of the time the merger will be completed or as of any date other than the dates of such opinions. Because MB Financial and First Oak Brook currently do not anticipate asking their respective financial advisors to update their opinions, the May 1, 2006 opinions do not address the fairness of the merger consideration, from a financial point of view, at the time the merger is completed. For a description of the opinions that MB Financial and First Oak Brook received from their respective financial advisors, please refer to [The Merger Opinion of Goldman, Sachs & Co. Financial Advisor to MB Financial](#) and [The Merger Opinion of Keefe, Bruyette & Woods, Inc. Financial Advisor to First Oak Brook](#). For a description of the other factors considered by the boards of directors of MB Financial and First Oak Brook in determining to approve the merger, please refer to [The Merger MB Financial's Reasons for the Merger; Recommendation of MB Financial's Board of Directors](#) and [The Merger First Oak Brook's Reasons for the Merger; Recommendation of First Oak Brook's Board of Directors](#).

The merger agreement limits First Oak Brook's ability to pursue alternatives to the merger.

The merger agreement contains non-solicitation provisions that, subject to limited exceptions, limit First Oak Brook's ability to discuss, facilitate or commit to competing third-party proposals to acquire all or a significant part of First Oak Brook. Although First Oak Brook's board of directors is permitted to take certain actions in connection with receipt of a competing acquisition proposal if it determines in good faith that the failure to do so would violate its fiduciary duties, taking such actions or similar actions (including withdrawing or modifying in a way adverse to MB Financial its recommendation to First Oak Brook stockholders that they vote in favor of adoption of the merger agreement) would entitle MB Financial to terminate the merger agreement and receive a termination fee of \$13.0 million. See [The Merger Agreement Third Party Proposals](#) and [Termination of the Merger Agreement](#). These provisions might discourage a potential competing acquiror that might have an interest in acquiring all or a significant part of First Oak Brook from considering or proposing that acquisition even if it were prepared to pay consideration with a higher per share price than that proposed in the merger, or might result in a potential competing acquiror proposing to pay a lower per share price to acquire First Oak Brook than it might otherwise have proposed to pay.

First Oak Brook stockholders may receive a form of consideration different from what they elect.

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

While each First Oak Brook stockholder may elect to receive all cash or all MB Financial common stock in the merger, the pools of cash and MB Financial common stock available for all First Oak Brook stockholders will be fixed amounts. As a result, if either a cash or stock election proves to be more popular among First Oak Brook stockholders and you choose the form of election that is more popular, you might receive a portion of your consideration in the form you did not elect. If you receive less MB Financial common stock than you elected, you will likely recognize more gain than you would have recognized had you received more MB Financial common stock.

If you are a First Oak Brook stockholder and you surrender shares of First Oak Brook common stock to make an election, you will not be able to sell those shares, unless you revoke your election prior to the election deadline.

If you are a stockholder of record of First Oak Brook and want to make a valid cash or stock election, you will have to deliver your stock certificates (or follow the procedures for guaranteed delivery) with a properly completed and signed election form to the exchange agent. You will not be able to sell any shares of First Oak Brook common stock that you have delivered as part of your election unless you revoke your election before the deadline by providing written notice to the exchange agent. If you do not revoke your election, you will not be able to liquidate your investment in First Oak Brook common stock for any reason until you receive cash and/or MB Financial common stock in the merger. In the time between the election deadline and the closing of the merger, the trading price of First Oak Brook or MB Financial common stock may decrease, and you might otherwise want to sell your shares of First Oak Brook common stock to gain access to cash, make other investments, or reduce the potential for a decrease in the value of your investment. The date that you will receive your merger consideration depends on the completion date of the merger, which is uncertain. The completion date of the merger might be later than expected due to unforeseen events, such as delays in obtaining regulatory approvals.

First Oak Brook executive officers and directors have financial interests in the merger that are different from, or in addition to, the interests of MB Financial and First Oak Brook stockholders.

Executive officers of First Oak Brook negotiated the terms of the merger agreement with MB Financial, and First Oak Brook's board of directors unanimously approved and recommended that First Oak Brook stockholders vote to adopt the merger agreement. In considering these facts and the other information contained in this document, you should be aware that certain First Oak Brook executive officers and directors have financial interests in the merger that are different from, or in addition to, the interests of First Oak Brook's stockholders generally. Please see "The Merger - Interests of First Oak Brook Executive Officers and Directors in the Merger" for information about these financial interests.

The merger is subject to the receipt of consents and approvals from regulatory and other authorities that may impose conditions that could have an adverse effect on MB Financial.

Before the merger may be completed, various approvals or consents must be obtained from various bank regulatory and other authorities. These authorities may impose conditions on the completion of the merger or require changes to the terms of the merger. While MB Financial and First Oak Brook do not currently expect that any such conditions or changes would be imposed, there can be no assurance that they will not be, and such conditions or changes could have the effect of delaying completion of the merger or imposing additional costs on or limiting the revenues of MB Financial following the merger, any of which might have a material adverse effect on MB Financial following the merger. MB Financial is not obligated to complete the merger if the regulatory approvals received in connection with the completion of the merger include any conditions or restrictions that would reasonably be expected to have a material adverse effect on the combined company or materially impair the value of First Oak Brook to MB Financial.

FORWARD-LOOKING STATEMENTS

This document contains or incorporates by reference a number of forward-looking statements regarding the financial condition, results of operations, earnings outlook and business prospects of MB Financial, First Oak Brook and the potential combined company and may include statements for the period following the completion of the merger. You can find many of these statements by looking for words such as expects, projects, anticipates, believes, intends, estimates, strategy, plan, potential, possible and other similar expressions. Statements about timing, completion and effects of the proposed merger and all other statements in this document or in the documents incorporated by reference in this document other than historical facts constitute forward-looking statements.

Forward-looking statements involve certain risks and uncertainties. The ability of either MB Financial or First Oak Brook to predict results or actual effects of its plans and strategies, or those of the combined company, is inherently uncertain. Accordingly, actual results may differ materially from those expressed in, or implied by, the forward-looking statements. Some of the factors that may cause actual results or earnings to differ materially from those contemplated by the forward-looking statements include, but are not limited to, those discussed under Risk Factors and those discussed in the filings of each of MB Financial and First Oak Brook that are incorporated herein by reference, as well as the following:

cost savings and synergies from the merger might not be realized within the expected time frames and costs or difficulties relating to integration matters might be greater than expected;

the requisite stockholder and regulatory approvals for the merger might not be obtained;

the credit risks of lending activities, including changes in the level and direction of loan delinquencies and write-offs and changes in estimates of the adequacy of the allowance for loan losses;

competitive pressures among depository institutions;

interest rate movements and their impact on customer behavior and net interest margin;

the impact of repricing and competitors' pricing initiatives on loan and deposit products;

changes in both companies' businesses during the period between now and the completion of the merger may have adverse impacts on the combined company;

the ability to adapt successfully to technological changes to meet customers' needs and developments in the market place;

MB Financial's ability to realize the residual values of its direct finance, leveraged and operating leases;

the ability to access cost-effective funding;

changes in financial markets; changes in economic conditions in general and in the Chicago metropolitan area in particular;

the costs, effects and outcomes of litigation;

new legislation or regulatory changes, including but not limited to changes in federal and/or state tax laws or interpretations thereof by taxing authorities;

MB Financial's deposit growth and deposit mix resulting from its new deposit gathering strategy may be less favorable than expected;

the impact of the guidance recently proposed by the federal banking regulators regarding concentrations in real estate lending; and

future acquisitions by MB Financial of other depository institutions or lines of business.

Because these forward-looking statements are subject to assumptions and uncertainties, MB Financial's and First Oak Brook's actual results may differ materially from those expressed or implied by these forward-looking statements. You are cautioned not to place undue reliance on these statements, which speak only as of the date of this document or the date of any document incorporated by reference in this document.

All subsequent written and oral forward-looking statements concerning the merger or other matters addressed in this document and attributable to MB Financial or First Oak Brook or any person acting on their behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. MB Financial and First Oak Brook undertake no obligation to update these forward-looking statements to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events, unless obligated to do so under the federal securities laws.

SELECTED HISTORICAL AND PRO FORMA FINANCIAL INFORMATION

Selected Historical Financial Data of MB Financial and First Oak Brook

The following tables set forth selected historical financial and other data of MB Financial and First Oak Brook for the periods and at the dates indicated. The information at December 31, 2005 and 2004 and for the years ended December 31, 2005, 2004 and 2003 is derived in part from and should be read together with the audited consolidated financial statements and notes thereto of MB Financial incorporated by reference in this document from its Current Report on Form 8-K filed with the Securities and Exchange Commission on June 1, 2006 and of First Oak Brook incorporated by reference in this document from its Annual Report on Form 10-K for the year ended December 31, 2005. The information at and for the three months ended March 31, 2006 and 2005 is derived in part from and should be read together with MB Financial's and First Oak Brook's unaudited financial statements and notes thereto incorporated by reference in this document from their Quarterly Reports on Form 10-Q for the quarter ended March 31, 2006. In the opinion of management of each of MB Financial and First Oak Brook, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the results of operations of the respective companies for the unaudited periods have been made. The selected data presented below for the three months ended March 31, 2006 are not necessarily indicative of the results that may be expected for future periods.

In the first quarter of 2006, both MB Financial and First Oak Brook adopted Statement of Financial Accounting Standards No. 123R, Share-Based Payment (SFAS 123R). SFAS 123R requires that the grant date fair value of equity awards to employees be recognized as compensation expense over the period during which an employee is required to provide service in exchange for such award. MB Financial elected to adopt SFAS 123R using modified retrospective application, which requires the restatement of prior period financial information to show what the effects on those prior periods would have been had SFAS 123R then been in effect, based on the amounts previously included in pro forma disclosures for those periods required prior to the adoption of SFAS 123R under Statement of Financial Accounting Standards No. 123, Accounting for Stock-Based Compensation. As a result, the prior period selected historical financial information of MB Financial presented below has been restated accordingly. First Oak Brook elected to adopt SFAS 123R using the modified prospective transition method, which does not require restatement of prior period financial information.

Certain of the selected financial data of MB Financial and First Oak Brook in the tables below contain information determined by methods other than in accordance with accounting principles generally accepted in the United States of America (referred to as GAAP). In the case of MB Financial, these measures include net interest margin on a fully tax equivalent basis, tangible equity, tangible book value per common share, tangible equity to assets ratio and cash return on average tangible equity, and in the case of First Oak Brook, these measures include net interest margin on a fully tax equivalent basis. The tax equivalent adjustment to net interest margin recognizes the income tax savings when comparing taxable and tax-exempt assets and assumes a 35% tax rate for both companies. Tangible book value per common share, tangible equity and tangible equity to assets ratio measures exclude the ending balances of acquisition-related goodwill and other intangible assets, net of tax benefit, in determining tangible stockholders' equity. Banking and financial institution regulators also exclude goodwill and other intangible assets, net of tax benefit, from stockholders' equity when assessing capital adequacy. The management of MB Financial believes the presentation of the financial measures excluding the impact of acquisition-related goodwill and other intangible assets provides useful supplemental information that is helpful in understanding the financial results of MB Financial, as they provide a method to assess MB Financial's success in utilizing its tangible capital. These measures are not shown for First Oak Brook because First Oak Brook did not have any acquisition-related goodwill or other intangible assets as of the dates or during the periods shown. This disclosure should not be viewed as a substitute for the results determined to be in accordance with GAAP, nor is it necessarily comparable to non-GAAP performance measures that may be presented by other companies.

Only holders of record of shares of First Oak Brook common stock as of the close of business on that date will be entitled to vote at the First Oak Brook special meeting and at any adjournment or postponement of that meeting. At the close of business on the record date, there were [] shares of First Oak Brook common stock outstanding, held by approximately [] holders of record.

Each holder of shares of First Oak Brook common stock outstanding on the record date will be entitled to one vote for each share held of record upon each matter properly submitted at the First Oak Brook special meeting and at any adjournment or postponement of that meeting. In order for First Oak Brook to satisfy its quorum requirements, the holders of at least a majority of the total number of outstanding shares of First Oak Brook common stock entitled to vote at the First Oak Brook special meeting must be present. You will be deemed to be present if you attend the meeting or if you submit a proxy card that is received at or prior to the First Oak Brook special meeting (and not revoked as described below).

If your proxy card is properly executed and received by First Oak Brook in time to be voted at the First Oak Brook special meeting, the shares represented by your proxy card will be voted in accordance with the instructions that you mark on your proxy card. If you execute your proxy but do not provide First Oak Brook with any instructions, your shares will be voted FOR the adoption of the merger agreement and FOR any proposal of the First Oak Brook board of directors to adjourn or postpone the First Oak Brook special meeting.

Vote Required

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

Adoption of the merger agreement requires the affirmative vote of the holders of a majority of the outstanding shares of First Oak Brook common stock. Shares of First Oak Brook common stock as to which the abstain box is selected on a proxy card will be counted as present for purposes of determining whether a quorum is present. **The required vote of First Oak Brook stockholders on the merger agreement is based upon the number of outstanding shares of First Oak Brook common stock, and not the number of shares that are actually voted. Accordingly, the failure to submit a proxy card or to vote in person at the First Oak Brook special meeting or the abstention from voting by First Oak Brook stockholders, or the failure of any First Oak Brook stockholder who holds shares in street name through a bank or broker to give voting instructions to such bank or broker, will have the same effect as an AGAINST vote with respect to the adoption of the merger agreement.**

As of the record date:

First Oak Brook directors and executive officers and their affiliates owned and were entitled to vote approximately [] shares of First Oak Brook common stock, representing approximately []% of the outstanding shares of First Oak Brook common stock; and

MB Financial directors and executive officers and their affiliates owned and were entitled to vote less than []% of the outstanding shares of First Oak Brook common stock. MB Financial owns [] shares of First Oak Brook common stock.

Each of the directors of First Oak Brook has and certain executive officers of First Oak Brook have entered into a voting agreement with MB Financial under which he or she has agreed to vote all of the shares over which he or she has voting power for adoption of the merger agreement.

Approval of any proposal to adjourn or postpone the meeting, if necessary, for the purpose of soliciting additional proxies may be obtained by the affirmative vote of a majority of the votes cast by holders of shares of First Oak Brook common stock present in person or by proxy at the special meeting, whether or not a quorum is present.

Revocability of Proxies

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

The presence of a First Oak Brook stockholder at the First Oak Brook special meeting will not automatically revoke that First Oak Brook stockholder's proxy. However, a First Oak Brook stockholder may revoke a proxy at any time prior to its exercise by:

submitting a written revocation to the First Oak Brook corporate secretary that is received prior to the meeting;

submitting another proxy by mail that is dated later than the original proxy and that is received prior to the meeting; or

attending the First Oak Brook special meeting and voting in person if the stockholder's shares of First Oak Brook common stock are registered in the stockholder's name rather than in the name of a broker, bank or other nominee.

If your shares of First Oak Brook common stock are held by a broker or bank, you must follow the instructions on the form you receive from your broker or bank with respect to changing or revoking your proxy.

Voting Electronically or by Telephone

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

In addition to voting by submitting your proxy card by mail, many stockholders who hold their shares of First Oak Brook common stock through a broker or bank will have the option to submit their voting instruction cards electronically through the Internet or by telephone. If you hold your shares through a broker, bank or other holder of record, you should check your voting instruction card forwarded by your broker, bank or other holder of record to see which options are available.

THE MERGER

Background of the Merger

First Oak Brook's board of directors and management have from time to time reviewed the company's strategic plan and alternatives, including, but not limited to organic growth through building the loan portfolio and other earnings-enhancement activities and growth through continuation of its de novo branching strategy, acquisitions of other institutions and/or mergers with other institutions. Management and the board of directors also engage in the preparation of a business plan and budget on an annual basis. In recent years, the board of directors and management have noted the negative impact increased competition for customers and employees was having on the company's ability to achieve its business objectives.

MB Financial's board of directors and management also periodically review MB Financial's strategic plan and continually seek potential merger and acquisition candidates to enhance its competitive position and the value of its franchise. For many years, MB Financial has been very successful in growing its commercial loan portfolio. Recently, however, MB Financial has found it increasingly difficult to grow its core deposits at a sufficient rate to fund that loan growth, having to rely more on generally higher costing wholesale borrowings as a source of funds. For this reason, MB Financial was particularly interested in exploring a merger with or acquisition of another institution of significant size with a solid core deposit base.

In November 2005, Richard M. Rieser, Jr., First Oak Brook President and Chief Executive Officer, was approached first, by a very large, Midwest-based financial institution, and then by a Chicago-based financial institution of similar size to First Oak Brook, each seeking to discuss a possible acquisition of First Oak Brook by that institution.

In December 2005, in the course of meeting regarding a possible joint investment opportunity, Mitchell Feiger, MB Financial's President and Chief Executive Officer, inquired of Mr. Rieser as to First Oak Brook's interest in discussing a possible business combination.

During the remainder of December 2005 and the first part of January 2006, Mr. Rieser had occasional conversations with the three institutions, including MB Financial, regarding their inquiries and ranges of their preliminary proposed valuation of First Oak Brook. During this time, Mr. Rieser discussed with Eugene Heytow, First Oak Brook's Chairman, and representatives of the investment banking firm of Keefe Bruyette, the inquiries and proposed valuations. On January 23, 2006, MB Financial sent First Oak Brook a letter containing a preliminary indication of interest in a merger transaction at a price of \$35 to \$37 per First Oak Brook share.

At a First Oak Brook board of directors meeting on January 24, 2006, Mr. Rieser made a presentation regarding the inquiries. Representatives of Keefe Bruyette briefed the board with respect to recent merger and acquisition activity in the Midwest, gave some background information with respect to the inquiring institutions and provided a preliminary evaluation of the \$33.00 to \$37.50 per share range of values placed on First Oak Brook by the three institutions, including MB Financial, which had provided preliminary indications of interest, and other matters. Following consideration and discussion of the presentations, the board concluded that Mr. Rieser should continue exploratory discussions with these potential merger partners.

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

On January 25, 2006, at a meeting of the MB Financial board of directors, Mr. Feiger informed the board of his discussions with Mr. Rieser and submission of a preliminary indication of interest to First Oak Brook. The board responded positively to these developments, and authorized Mr. Feiger to continue to pursue a potential transaction with First Oak Brook.

Following the First Oak Brook board meeting on January 24, 2006, Mr. Rieser scheduled meetings with representatives of MB Financial and the large Midwest-based institution. On February 1, 2006, Mr. Rieser, Rosemarie Bouman, First Oak Brook's Chief Operating Officer and Chief Financial Officer, and a representative of the law firm of Vedder, Price, Kaufman & Kammholz, P.C., legal advisor to First Oak Brook, met with Mr. Feiger, Jill E. York, MB Financial's Chief Financial Officer, and other members of MB Financial senior management. On February 10, 2006, Mr. Rieser, Ms. Bouman and a representative of Vedder Price met with senior officers of the

large Midwest-based financial institution. Each of the meetings centered on an exchange of information, the form and value of consideration to be offered to First Oak Brook stockholders, discussion of the benefits of a transaction to First Oak Brook, its stockholders, customers and employees and post-transaction matters, such as the continuing role First Oak Brook management, employees and directors would play in the combined company, as well as systems integration and cost-savings. On February 28, 2006, Mr. Rieser and Ms. Bouman met with the Chief Executive Officer of the other Chicago-based financial institution and a representative of that company's financial advisor during which the same topics were discussed.

Ms. York and Ms. Bouman also met a second time in February, primarily for the purpose of reviewing MB Financial's acquisition models for a potential transaction with First Oak Brook, with topics of discussion including the companies' loan and securities portfolios, properties and trust preferred securities, loan and deposit yield analyses, staffing data and cost savings estimates. Subsequent to that meeting, MB Financial sent another letter to First Oak Brook providing further detail on its preliminary offer and explaining MB Financial's strategic rationale for a merger of the two companies. In this letter, MB Financial proposed a purchase price of \$36.00 per First Oak Brook share, with approximately 80% of the merger consideration to be paid in stock, with a fixed exchange ratio, and approximately 20% to be paid in cash.

During March 2006, conversations between First Oak Brook and the three institutions continued, with the large Midwest-based financial institution and MB Financial undertaking preliminary financial due diligence. During the course of this process, the large Midwest-based financial institution, by letter dated March 1, 2006, firmed up its preliminary indication of value at the low end of its original range of \$35.50 to \$37.50 per share in an all stock transaction; MB Financial increased its preliminary indication of value to \$36.60 per share, with the right to increase the cash portion of the merger consideration from 20% to 30%; and the other Chicago-based financial institution, by letter dated March 6, 2006, increased its preliminary indication of value based upon publicly-available information to \$38.00 per share from a range of \$33.00 to \$35.00 per share in a 50% to 70% stock and 50% to 30% cash transaction.

During this period, a series of informational meetings were held by Mr. Rieser, Ms. Bouman, representatives of Keefe Bruyette and/or Vedder Price on an individual or small group basis with each of the members of the First Oak Brook board of directors to keep them apprised of the discussions, provide additional information regarding the potential merger partners, familiarize them with the approaches to evaluating the indications of interest and to obtain guidance with respect to the process.

As a result of the on-going discussions with the prospective merger partners and conversations with the directors, management of First Oak Brook and Keefe Bruyette sought from each of the merger partners a written non-binding indication of interest setting forth the terms of a proposed transaction, including each institution's vision with respect to the operation of the post-combination entity, and offered each institution an opportunity to make a presentation to the First Oak Brook board of directors.

During the week of April 3, 2006, each of the prospective merger partners provided its non-binding indication of interest and expressed its desire to meet with the First Oak Brook board. The large Midwest-based financial institution reconfirmed a value for First Oak Brook at \$35.50 per share in an all stock transaction, proposing, however to use a floating exchange ratio in lieu of the fixed exchange ratio previously discussed, reiterated its commitment to honor existing employment and other agreements in place with First Oak Brook's management and its desire to employ Mr. Rieser following the transaction. The Midwest-based financial institution advised that its proposal was subject to the completion of detailed due diligence.

MB Financial's non-binding indication of interest reiterated the information it conveyed to First Oak Brook in March 2006, which proposed a value of \$36.60 per share, with the consideration to consist of approximately 80% stock and 20% cash, with a fixed exchange ratio for the stock component, stated its intention to increase the annual rate of its per share dividend from \$0.60 to \$0.72 following the transaction, and confirmed its commitments to honor the existing First Oak Brook employment agreements, plans and programs, to secure its desire for Mr. Rieser's involvement in the post-merger company by offering to enter into a five-year employment agreement to replace his existing agreement, and to

use a best practices, best systems and best people approach to integrating the two entities. MB Financial's proposal was also subject to the completion of more detailed due diligence.

The other Chicago-based financial institution's non-binding indication of interest reiterated its proposed value of \$38.00, with consideration in the form of 50% to 70% stock and 50% to 30% cash, with a fixed exchange ratio for the stock component. The other Chicago-based financial institution indicated that it would honor First Oak Brook's existing contracts and agreements, subject to obtaining tax efficiencies, expressed confidence in its ability to raise necessary capital to complete the transaction and stated that its proposal was subject to due diligence.

An all-day special meeting of the First Oak Brook board of directors was held on April 10, 2006, during which representatives of Keefe Bruyette and Vedder Price were present. The prospective merger partners made presentations to the board of directors. Each of the presenters discussed the form and value of the consideration offered, its plans for the post-merger entity and the benefits the proposed transaction would have for First Oak Brook's stockholders, customers and employees. Each of the institutions responded to questions from the directors and Keefe Bruyette relating to future valuation of the institution's shares, execution and integration plans and risks, and other factors.

Following consideration and discussion of the presentations and responses and after receiving input from Keefe Bruyette regarding its evaluation of the three proposals and a remain independent scenario, it was the sense of the First Oak Brook board of directors that pursuing a possible transaction was appropriate and that MB Financial had made the strongest presentation and represented the best proposal, the large Midwest-based financial institution's proposal had merit, although its offer was the lowest, and the other Chicago-based financial institution, although nominally the highest offer, was the least compelling due to concerns about future valuation and execution and integration risks. The First Oak Brook board of directors directed management and Keefe Bruyette to continue the dialogue with each of the prospective parties and expressed an intention to consider identifying a preferred merger partner at the regularly-scheduled board of directors meeting to be held on April 18, 2006. At that point, the board of directors voted to formally retain Keefe Bruyette as its financial advisor and approved entry into an engagement letter with Keefe Bruyette.

Over the course of the following week, Mr. Rieser, Ms. Bouman and/or First Oak Brook's financial and legal advisors held meetings or had conversations with members of senior management and financial and legal advisors of the three interested institutions. As a result of those conversations, MB Financial increased its proposed valuation to \$36.80 per share. There was no change in the proposed valuation from the other prospective merger parties, although the other Chicago-based financial institution indicated that it might increase its valuation to \$39.00, subject to its extensive evaluation relating to certain accounting and tax issues.

At the regularly-scheduled meeting on April 18, 2006, the First Oak Brook board of directors reviewed with senior management, Keefe Bruyette and Vedder Price the results of the discussions and the terms of the proposals. Following a presentation by Keefe Bruyette regarding its analysis of the three proposals and by Vedder Price regarding the board's fiduciary duties, a robust discussion reaffirmed the analysis which the directors had made at the April 10, 2006 meeting that the transaction proposed by MB Financial was the superior proposal and the directors present (Mr. Heytow was unexpectedly unable to attend the meeting) unanimously authorized Mr. Rieser, Ms. Bouman, Keefe Bruyette and Vedder Price to commence the negotiation with senior management of MB Financial and its financial and legal advisors of definitive documentation with respect to the proposed merger transaction.

On April 19, 2006, at a meeting of the executive committee of the MB Financial board of directors, Mr. Feiger presented the preliminary terms of the proposed merger with First Oak Brook and the strategic rationale for the transaction. After discussing the matter, the executive committee concurred with Mr. Feiger that management should continue to pursue the transaction, subject to further review of due diligence findings, negotiation of open items and final approval by the full MB Financial board.

Over the course of the following 12 days, MB Financial and its advisors conducted a detailed due diligence investigation of First Oak Brook, and First Oak Brook and its advisors conducted a detailed due diligence investigation of MB Financial. Each of the parties' respective financial and legal advisors also negotiated the terms of the definitive documentation. In addition, during this period each of the other two prospective merger partners, or its advisors, periodically contacted Keefe Bruyette to ascertain their status in the process. Keefe Bruyette made each party

aware that, at that point, it was not the preferred merger partner. The larger Midwest-based financial

institution subsequently indicated orally to Keefe Bruyette that it could raise its proposed valuation to \$36.00 from \$35.50, but would go no higher.

On April 26, 2006, at a regularly-scheduled meeting of the MB Financial board of directors, the board extensively discussed the proposed transaction with First Oak Brook, including the terms of the transaction, the employment agreement to be entered into with Mr. Rieser and the results of MB Financial's due diligence investigation. In addition, Goldman Sachs, MB Financial's financial advisor, made a preliminary presentation to the board regarding the terms of the proposed transaction and discussed a range of matters, including, among other things, the amount and form of merger consideration, relevant business and financial information regarding the parties, First Oak Brook's and MB Financial's historical stock price performance and preliminary financial analyses regarding the proposed transaction. The board authorized management to continue its negotiation of remaining unresolved issues, but decided to defer voting on the merger agreement pending the satisfactory resolution of these issues.

On April 30, 2006, the board of directors of First Oak Brook held a special meeting. Mr. Rieser reviewed with the board the results of the due diligence investigation of MB Financial as outlined in his due diligence report which had been circulated to the directors in advance of the meeting. Representatives of Keefe Bruyette then made a presentation to the board regarding the terms of the proposed transaction and discussed a range of matters, including the amount and form of merger consideration, the structure of the transaction, relevant business and financial information regarding the parties, First Oak Brook's and MB Financial's historical stock price performance, valuation methodologies and other matters set forth in *Opinion of Keefe, Bruyette & Woods, Inc. Financial Advisor to First Oak Brook*.

Following the presentation from Keefe Bruyette, Vedder Price reviewed for the board a summary of the material terms of the transaction, the closing conditions, including regulatory and other filing requirements, MB Financial's ability to terminate the agreement if a review indicated that required environmental costs relating to the First Oak Brook's headquarters would exceed \$3.5 million, the requirement that First Oak Brook cease conversations with other potential merger partners, subject to its fiduciary duties to consider unsolicited offers, each party's commitment to recommend approval of the merger to its respective stockholders and the voting agreements to be executed by the directors of each party and the proposed termination fee of \$13 million payable by a party who fails to so support the transaction. Vedder Price also reviewed the provisions in the agreement relating to continuing indemnification and insurance protection for First Oak Brook's directors and officers, the proposed post-merger employment arrangements for Mr. Rieser and invitations to Mr. Rieser and Mr. Gries to join MB Financial's board of directors and the provisions of the merger agreement regarding the treatment of First Oak Brook's employees and employee benefit plans.

After Vedder Price's presentation and discussion, Keefe Bruyette described for the board its opinion issuance process and indicated that based on the terms of the transaction as discussed it was prepared to give its oral opinion (to be subsequently confirmed in writing) that, as of the date of the opinion, and based upon and subject to the various matters set forth in that opinion, the merger consideration was fair to First Oak Brook's stockholders from a financial point of view. After discussion, the consensus of the board was that it was in the best interest of First Oak Brook that senior management and the advisors continue to negotiate with MB Financial with respect to certain issues identified during the meeting, including the provisions relating to protecting the value of the transaction should MB Financial's stock price drop significantly, relaxation of certain operating restrictions on First Oak Brook contained in the merger agreement and clarification regarding Ms. Bouman's post-merger employment.

On April 30, 2006, the board of directors of MB Financial held a special meeting by telephone to consider the proposed transaction. A representative of the law firm of Silver, Freedman & Taff, L.L.P., MB Financial's legal advisor, reviewed the terms of the merger agreement with the board and answered questions raised by the directors. Representatives of Goldman Sachs were then asked to evaluate the fairness of the merger consideration to MB Financial from a financial point of view. Goldman Sachs referred to its presentation made on April 26, 2006 (an updated version of which was delivered to the board on April 30, 2006), noting the changes made to the merger agreement since that presentation, and gave its oral opinion (subsequently confirmed in writing) that, as of that date, and based upon and subject to the various matters set forth in that opinion, the aggregate merger consideration to be paid by MB Financial pursuant to the merger agreement was fair to MB Financial from a financial point of view.

With the remaining unresolved issues not believed by the board to be significant and authorizing management to satisfactorily resolve these remaining issues, the board determined that the merger agreement and the proposed merger were advisable and in the best interests of MB Financial and its stockholders and unanimously approved entering into the merger agreement with First Oak Brook.

On May 1, 2006, a special meeting of First Oak Brook's board of directors was held to review with senior management and the financial and legal advisors the results of the discussions with MB Financial. Vedder Price reported on changes made to the proposed merger agreement, including an improvement in the provisions relating to the operating restrictions placed on First Oak Brook, a favorable change to the protections should MB Financial's stock drop significantly when compared to an index of bank stocks, and an agreement relating to the terms of post-merger employment of Ms. Bouman. Representatives of Keefe Bruyette were then asked to evaluate the fairness of the proposed transaction. Keefe Bruyette referred to its analysis of the previous day, noted the improvements in the terms of the proposed merger agreement, and gave its oral opinion (subsequently confirmed in writing), that, as of that date, and based upon and subject to the various matters set forth in that opinion, the merger consideration was fair to First Oak Brook's stockholders from a financial point of view. The meeting continued with discussions and questions among the board members, senior management and the financial and legal advisors. Following those discussions, the First Oak Brook board determined that the proposed merger was advisable and in the best interests of First Oak Brook and its stockholders, and unanimously approved entering into the merger agreement with MB Financial.

The parties executed the definitive transaction documents on May 1, 2006 and publicly announced the transaction by joint press release dated May 2, 2006.

MB Financial's Reasons for the Merger; Recommendation of MB Financial's Board of Directors

In reaching its decision to approve the merger agreement and recommend that MB Financial stockholders approve the issuance of shares of MB Financial common stock in the merger, the MB Financial board of directors consulted with MB Financial's management, as well as its financial and legal advisors, and considered a number of factors, including:

its knowledge of MB Financial's business, operations, financial condition, earnings and prospects and of First Oak Brook's business, operations, financial condition, earnings and prospects, taking into account the results of MB Financial's due diligence review of First Oak Brook, including MB Financial's assessments of First Oak Brook's credit policies, asset quality, adequacy of loan loss reserves, interest rate risk and litigation;

its belief that the combination of MB Financial's strong asset origination capabilities with First Oak Brook's deposit gathering abilities and expertise would provide for significantly enhanced core deposit funding for future loan growth;

the increased scale expected to be gained in a number of business areas in which both companies operate, including treasury management, merchant processing, asset management, trust, private client services, brokerage and leasing;

the fact that the combination of First Oak Brook's top five deposit market share in DuPage County, Illinois, with MB Financial's top ten deposit market share in Cook County, Illinois, is expected to result in the combined company having a top ten deposit market share for the entire Chicago metropolitan statistical area (based on data as of June 30, 2005 provided by SNL Financial);

the combined branch network of the two companies, which is expected to allow for more effective marketing and customer convenience and greater access to middle-market business prospects in DuPage and Cook Counties;

First Oak Brook's experience and expertise in establishing de novo branch offices;

the belief of MB Financial management that the merger will result in pre-tax annual cost savings of approximately \$12.6 million, 80% of which are expected to be achieved in 2007 and the remainder of which are expected to be achieved in 2008, with approximately \$7.2 million of the expected savings resulting from reduced expenses for salaries and employee benefits, approximately \$2.2 million resulting from reduced occupancy and equipment expense and the remaining \$3.2 million resulting from reduced general, administrative and other expenses;

the belief of MB Financial that the merger will produce earnings enhancement opportunities for both companies for MB Financial, by reducing a portion of its wholesale borrowings and replacing them with core deposits gained from First Oak Brook, and for First Oak Brook, by replacing its lower yielding loans and investments with higher yielding commercial loans generated by MB Financial;

the estimation by MB Financial's management that the merger will be approximately 2.2% and 4.0% accretive to GAAP earnings per share in 2007 and 2008, respectively, and approximately 4.6% and 6.0% accretive to cash earnings per share (which exclude from GAAP earnings per share the impact of core deposit amortization under purchase accounting) in 2007 and 2008, respectively;

the likelihood of a successful integration of First Oak Brook's business, operations and workforce with those of MB Financial and of successful operation of the combined company despite the challenges of such integration, and the belief that customer disruption in the transition phase would not be significant due to the complementary nature of the markets served by MB Financial and First Oak Brook,

the anticipated ability to retain key First Oak Brook management personnel;

the historical and current market prices of MB Financial common stock and First Oak Brook common stock;

the large size of the transaction relative to MB Financial's market capitalization, that the per share value of the merger consideration, based on the average closing price of MB Financial common stock for the five-trading day period ended on the second trading day prior to the day on which the merger agreement was publicly announced, represented a premium of approximately 36.1% based on the closing price of First Oak Brook common stock on May 1, 2006, the last trading day prior to public announcement of the merger agreement, that the merger consideration represented a premium to core deposits of 18.7% excluding the impact of purchase accounting adjustments and 19.2% including the impact of purchase accounting adjustments, that the merger consideration represented a multiple of 22x GAAP earnings per share in 2005, 30.4x and 21.6x estimated GAAP earnings per share for 2006 and 2007, respectively, and 18.5x and 15.5x estimated earnings per share excluding purchase accounting adjustments for 2006 and 2007, respectively, and that the merger consideration represented a multiple of 2.8x tangible book value including purchase accounting adjustments and 2.9x excluding purchase accounting adjustments;

the fact that First Oak Brook stockholders would own approximately 23.0% of the combined company on a fully diluted basis;

the financial and other terms and conditions of the merger agreement, including the fact that the total number of shares of MB Financial common stock to be issued in the merger and the total amount of cash to be paid in the merger are essentially fixed, subject to adjustment for issuances of shares of First Oak Brook common stock prior to closing pursuant to certain benefit plan awards outstanding as of the date of the merger agreement, provisions designed to limit the ability of the First Oak Brook board of directors to entertain third party acquisition proposals, a provision giving First Oak Brook the right to terminate the merger agreement in the event of a specified decline in the market value of MB Financial common stock relative to a designated market index unless MB Financial agrees to pay additional merger consideration, and provisions providing for payment of a \$13.0 million termination fee if the merger agreement is terminated under certain circumstances;

the board's belief that MB Financial will be able to finance the cash portion of the merger consideration on substantially the terms contemplated by it;

the financial analyses presented by Goldman Sachs, MB Financial's financial advisor, and the opinion dated as of May 1, 2006 delivered to the MB Financial board of directors by Goldman Sachs, to the effect that, as of that date, and subject to and based on the qualifications and assumptions set forth in the opinion, the consideration to be paid by MB Financial in the merger was fair, from a financial point of view, to MB Financial;

the interests of First Oak Brook's directors and executive officers in the merger, in addition to their interests generally as stockholders, as described under "Interests of First Oak Brook Executive Officers and Directors in the Merger"; and

the need to obtain First Oak Brook stockholder, MB Financial stockholder and regulatory approvals in order to complete the transaction.

The foregoing discussion of the factors considered by the MB Financial board of directors is not intended to be exhaustive, but rather includes the material factors considered by the MB Financial board of directors. In reaching its decision to approve the merger agreement, the merger and the other transactions contemplated by the merger agreement, the MB Financial board of directors did not quantify or assign any relative weights to the factors considered, and individual directors may have given different weights to different factors. The MB Financial board of directors considered all these factors as a whole, including discussions with, and questioning of, MB Financial management and MB Financial's financial and legal advisors, and overall considered the factors to be favorable to, and to support, its determination. The MB Financial board of directors also relied on the experience of Goldman Sachs, as its financial advisor, for analyses of the financial terms of the merger and for its opinion as to the fairness, from a financial point of view, to MB Financial of the consideration to be paid by it in the merger.

For the reasons set forth above, the MB Financial board of directors unanimously determined that the merger, the merger agreement and the transactions contemplated by the merger agreement are advisable and in the best interests of MB Financial and its stockholders, and unanimously approved and adopted the merger agreement. The MB Financial board of directors unanimously recommends that the MB Financial stockholders vote FOR the approval of the issuance of MB Financial shares in the merger.

First Oak Brook's Reasons for the Merger; Recommendation of First Oak Brook's Board of Directors

In reaching its decision to approve the merger agreement and recommend that First Oak Brook stockholders adopt the merger agreement, the First Oak Brook board of directors consulted with First Oak Brook's management, as well as its financial and legal advisors, and considered a number of factors, including:

its knowledge of First Oak Brook's business, operations, financial condition, earnings and prospects and of MB Financial's business, operations, financial condition, earnings and prospects, taking into account the results of First Oak Brook's due diligence review of MB Financial, including First Oak Brook's assessments of MB Financial's management, asset size, capital, branch office footprint, credit policies, asset quality, adequacy of loan loss reserves, interest rate risk and relationship with its bank regulators;

its belief that the combination of MB Financial's strong asset origination capabilities with First Oak Brook's deposit gathering abilities and expertise would provide the combined company with significantly enhanced core deposit funding for future loan growth;

the increased scale expected to be gained in a number of business areas in which both companies operate, including treasury management, merchant processing, asset management, trust, private client services, brokerage and leasing;

the fact that the combination of First Oak Brook's top five deposit market share in DuPage County, Illinois, with MB Financial's top ten deposit market share in Cook County, Illinois, is expected to result in the combined company having a top ten deposit market share for the entire Chicago metropolitan statistical area (based on data as of June 30, 2005 provided by SNL Financial);

the combined branch network of the two companies, which is expected to allow for more effective marketing and customer convenience and greater access to middle-market business prospects in DuPage and Cook Counties;

MB Financial's strengths in commercial lending and leasing;

the belief of First Oak Brook that the merger will produce earnings enhancement opportunities for both companies for MB Financial, by reducing a portion of its wholesale borrowings and replacing them with core deposits gained from First Oak Brook, and for First Oak Brook, by replacing its lower yielding loans and investments with higher yielding commercial loans generated by MB Financial;

the lack of MB Financial's involvement in any other currently pending acquisitions;

MB Financial's success in the past in integrating its prior acquisitions, the likelihood of a successful integration of First Oak Brook's business, operations and workforce with those of MB Financial and of successful operation of the combined company despite the challenges of such integration, and the belief that customer disruption in the transition phase would not be significant due to the complementary nature of the markets served by MB Financial and First Oak Brook;

the anticipated willingness and ability of MB Financial to retain key First Oak Brook management personnel and appoint two First Oak Brook directors to MB Financial's board after the merger;

MB Financial's philosophy and commitment of working with the best people, best practices and best systems from each organization after the merger;

the historical and current market prices and trading volume of MB Financial common stock and First Oak Brook common stock;

MB Financial's intention to increase the dividend it pays on its common stock after the merger to an annual rate of \$0.72 per share;

that the per share value of the merger consideration, based on the average closing price of MB Financial common stock for the five-trading period ended on the second trading day prior to the day on which the merger agreement was publicly announced, represented a premium of approximately 36.1% based on the closing price of First Oak Brook common stock on May 1, 2006, the last trading day prior to public announcement of the merger agreement, that the merger consideration represented a premium to core deposits of 18.7% excluding the impact of purchase accounting adjustments and 19.2% including the impact of purchase accounting adjustments, that the merger consideration represented a multiple of 22x GAAP earnings per share in 2005, 30.4x and 21.6x estimated GAAP earnings per share for 2006 and 2007, respectively, and 18.5x and 15.5x estimated earnings per share excluding purchase accounting adjustments for 2006 and 2007, respectively, and that the merger consideration represented a multiple of 2.8x tangible book value including purchase accounting adjustments and 2.9x excluding purchase accounting adjustments;

the fact that First Oak Brook stockholders would own approximately 23.0% of the combined company on a fully diluted basis, and the anticipated attractiveness of the combined company to future potential merger partners;

the financial and other terms and conditions of the merger agreement, including the fact that the total number of shares of MB Financial common stock to be issued in the merger and the total amount of

cash to be paid in the merger are essentially fixed, subject to adjustment for issuances of shares of First Oak Brook common stock prior to closing pursuant to certain benefit plan awards outstanding as of the date of the merger agreement, a provision giving First Oak Brook the right to terminate the merger agreement in the event of a specified decline in the market value of MB Financial common stock relative to a designated market index unless MB Financial agrees to pay additional merger consideration, and provisions providing for payment of a \$13.0 million termination fee if the merger agreement is terminated under certain circumstances;

the financial analyses presented by Keefe Bruyette, First Oak Brook's financial advisor, and the opinion dated as of May 1, 2006 delivered to the First Oak Brook board of directors by Keefe Bruyette, to the effect that, as of that date, and subject to and based on the qualifications and assumptions set forth in the opinion, the consideration to be received by First Oak Brook's stockholders in the merger was fair, from a financial point of view, to First Oak Brook's stockholders;

the interests of First Oak Brook's directors and executive officers in the merger, in addition to their interests generally as stockholders, as described under Interests of First Oak Brook Executive Officers and Directors in the Merger; and

the need to obtain First Oak Brook stockholder, MB Financial stockholder and regulatory approvals in order to complete the transaction.

The foregoing discussion of the factors considered by the First Oak Brook board of directors is not intended to be exhaustive, but rather includes the material factors considered by the First Oak Brook board of directors. In reaching its decision to approve the merger agreement, the merger and the other transactions contemplated by the merger agreement, the First Oak Brook board of directors did not quantify or assign any relative weights to the factors considered, and individual directors may have given different weights to different factors. The First Oak Brook board of directors considered all these factors as a whole, including discussions with, and questioning of, First Oak Brook management and First Oak Brook's financial and legal advisors, and overall considered the factors to be favorable to, and to support, its determination. The First Oak Brook board of directors also relied on the experience of Keefe Bruyette, as its financial advisor, for analyses of the financial terms of the merger and for its opinion as to the fairness, from a financial point of view, to First Oak Brook's stockholders of the consideration to be received by them in the merger.

For the reasons set forth above, the First Oak Brook board of directors unanimously determined that the merger, the merger agreement and the transactions contemplated by the merger agreement are advisable and in the best interests of First Oak Brook and its stockholders, and unanimously approved and adopted the merger agreement. The First Oak Brook board of directors unanimously recommends that the First Oak Brook stockholders vote FOR adoption of the merger agreement.

Opinion of Goldman, Sachs & Co. Financial Advisor to MB Financial

Goldman Sachs, financial advisor to MB Financial, delivered its oral opinion to the MB Financial board of directors, subsequently confirmed in writing, that, as of May 1, 2006 and based upon and subject to the considerations described in its opinion and other matters as Goldman Sachs considered relevant, the aggregate merger consideration to be paid by MB Financial to the holders of shares of First Oak Brook common stock

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

pursuant to the merger agreement was fair from a financial point of view to MB Financial.

The full text of the written opinion of Goldman Sachs, dated May 1, 2006, which sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations on the review undertaken by Goldman Sachs in connection with the opinion, is attached to this document as Appendix B. Goldman Sachs provided its opinion for the information and assistance of the MB Financial board of directors in connection with its consideration of the transaction contemplated by the merger agreement. The Goldman Sachs opinion is not a recommendation as to how any stockholder should vote with respect to the merger or any related matter.

In connection with its opinion, Goldman Sachs reviewed, among other things:

the merger agreement;

annual reports to stockholders and annual reports on Form 10-K of MB Financial and First Oak Brook for the five fiscal years ended December 31, 2005;

certain interim reports to stockholders and quarterly reports on Form 10-Q of MB Financial and First Oak Brook;

certain other communications from MB Financial and First Oak Brook to their respective stockholders;

certain internal financial analyses and forecasts for First Oak Brook prepared by the management of First Oak Brook; and

certain financial analyses and forecasts for MB Financial and certain financial analyses and forecasts for First Oak Brook prepared by the management of MB Financial, including cost savings and operating synergies projected by the managements of MB Financial and First Oak Brook to result from the merger.

Goldman Sachs also held discussions with members of the senior management of MB Financial and First Oak Brook regarding their assessment of the strategic rationale for, and the potential benefits of, the merger and the past and current business operations, financial condition and future prospects of MB Financial and First Oak Brook.

In addition, Goldman Sachs:

reviewed the reported price and trading activity for the shares of MB Financial common stock and the shares of First Oak Brook common stock;

compared certain financial and stock market information for MB Financial and First Oak Brook with similar information for certain other selected companies, the securities of which are publicly traded;

reviewed the financial terms of certain recent business combinations in the banking industry specifically and in other industries generally; and

performed other studies and analyses, and considered other factors, as Goldman Sachs considered appropriate.

Goldman Sachs relied upon the accuracy and completeness of all of the financial, accounting, legal, tax and other information discussed with or reviewed by it and assumed the accuracy and completeness of this information for purposes of rendering its opinion. In that regard, Goldman Sachs assumed, with the consent of the MB Financial board of directors, that the forecasts prepared by MB Financial management, including the synergies, were reasonably prepared on a basis reflecting the best currently available estimates and judgments of MB Financial. Goldman Sachs is not an expert in the evaluation of loan and lease portfolios for purposes of assessing the adequacy of the allowances for losses with respect to such portfolios and, accordingly, Goldman Sachs assumed that the allowances for losses are in the aggregate adequate to cover those losses. In addition, Goldman Sachs did not review individual credit files nor did it make an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or off-balance-sheet assets and liabilities) of MB Financial or First Oak Brook or any of their respective subsidiaries, and Goldman Sachs was not furnished with any such evaluation or appraisal. Goldman Sachs also assumed that all governmental, regulatory or other consents and approvals necessary for the completion of the merger would be obtained without any adverse effect on MB Financial or First Oak Brook or on the expected benefits of the merger in any way meaningful to its analysis. Goldman Sachs' opinion did not address the underlying business decision of MB Financial to engage in the merger. In addition, Goldman Sachs did not express any opinion as to the prices at which shares of MB Financial common stock will trade at any time.

Goldman Sachs' opinion was necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to it, as of the date of its opinion.

The following is a summary of the material financial analyses delivered by Goldman Sachs to the MB Financial board of directors in connection with providing its opinion to the MB Financial board of directors. The following summary, however, does not purport to be a complete description of the financial analyses performed by Goldman Sachs. The order of analyses described does not represent relative importance or weight given to the analyses performed by Goldman Sachs. Some of the summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and alone are not a complete description of Goldman Sachs' financial analyses. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before April 28, 2006, and is not necessarily indicative of current market conditions.

Discounted Cash Flow Analysis. Goldman Sachs performed a discounted cash flow analysis with respect to First Oak Brook of the after-tax cash flow projected to be available for use at the discretion of First Oak Brook's management, or free cash flow. The analysis is designed to represent the present value of a company based on its projected future cash flows. The discounted cash flow analysis gives effect to the synergies projected to result from the merger and related merger costs. Goldman Sachs performed this analysis based on projections for First Oak Brook as prepared by MB Financial management and publicly available information.

In performing this discounted cash flow analysis, Goldman Sachs used estimates of First Oak Brook's free cash flows for the period from 2006 through 2011 and applied discount rates ranging from 8.0% to 12.0% and terminal multiples ranging from 12.0x to 16.0x. This analysis indicated a range of implied equity values per share of First Oak Brook common stock of between \$34.79 and \$51.62.

Pro Forma Merger Analysis. Goldman Sachs prepared illustrative pro forma analyses of the potential financial impact of the merger using 2007 and 2008 First Call consensus earnings estimates for MB Financial, 2007 and 2008 earnings projections for First Oak Brook as prepared by MB Financial management, and based on the following assumptions provided by MB Financial management:

pre-tax synergies of \$10.1 million (75% phased in for 2007 and 100% phased in for 2008);

an after-tax restructuring charge of \$10.8 million;

core deposit intangibles equal to 3.00% of First Oak Brook's transaction account deposits (equal to total deposits less total time deposits), amortized using a 150% declining method over a 10 year period; and

\$50 million of the cash portion of the merger consideration would be financed through the capital markets at a pre-tax cost of 7.0%.

For each of the years 2007 and 2008, Goldman Sachs compared the projected GAAP and cash earnings per share of MB Financial common stock, on a standalone basis, to the projected pro forma GAAP and cash earnings per share of MB Financial common stock after the merger. Based on these analyses, the proposed transaction would be accretive to GAAP earnings per share and cash earnings per share in 2007 and 2008.

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary described above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Goldman Sachs' analyses and opinion. In arriving at its fairness determination, Goldman Sachs considered the results of all the analyses and did not attribute any particular weight to any factor or analysis considered by it; rather, Goldman Sachs made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all the analyses. No company or transaction used in the above analyses as a comparison is directly comparable to MB Financial, First Oak Brook or the contemplated

transaction.

Goldman Sachs prepared these analyses for purposes of providing an opinion to the MB Financial board of directors as to the fairness, from a financial point of view, to MB Financial of the aggregate merger consideration to be paid by MB Financial pursuant to the merger agreement. These analyses do not purport to be appraisals or to necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. Because these analyses are inherently subject to uncertainty and are based upon numerous factors or events beyond the control of the parties or their respective advisors, none of MB Financial, First Oak Brook or Goldman Sachs assumes responsibility if future results are materially different from those forecast.

As described above, the opinion of Goldman Sachs to the MB Financial board of directors was one of many factors taken into consideration by the MB Financial board in making its determination to approve the merger agreement. The foregoing summary does not purport to be a complete description of the analyses performed by Goldman Sachs.

Goldman Sachs and its affiliates, as part of their investment banking business, are continually engaged in performing financial analyses with respect to businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and other transactions as well as for estate, corporate and other purposes. Goldman Sachs has acted as financial advisor to MB Financial in connection with, and have participated in some of the negotiations leading to, the merger.

Goldman Sachs is a full-service securities firm engaged, either directly or through its affiliates, in securities trading, investment management, financial planning and benefits counseling, and financing and brokerage activities for both companies and individuals. In the ordinary course of these activities, Goldman Sachs and its affiliates may provide these services to MB Financial, First Oak Brook and their affiliates, may actively trade the debt and equity securities (or related derivative securities) of MB Financial and First Oak Brook for their own account and for the accounts of their customers and may at any time hold long and short positions of such securities.

MB Financial selected Goldman Sachs as its financial advisor because Goldman Sachs is an internationally recognized investment banking firm that has substantial experience in transactions similar to the merger. Pursuant to a letter agreement, dated January 26, 2006, MB Financial engaged Goldman Sachs to act as its financial advisor in connection with a potential transaction with First Oak Brook. Pursuant to this letter agreement, MB Financial agreed to pay Goldman Sachs a transaction fee of \$2.0 million, payable upon completion of the merger. MB Financial has also agreed to indemnify Goldman Sachs against certain liabilities, including certain liabilities under the federal securities laws.

Opinion of Keefe, Bruyette & Woods, Inc. Financial Advisor to First Oak Brook

In April 2006, the First Oak Brook board of directors retained Keefe Bruyette as its financial advisor in connection with First Oak Brook's consideration of a possible merger transaction with a third party and, if requested, to render an opinion with respect to the fairness from a financial point of view of the consideration to be received by First Oak Brook's stockholders. As First Oak Brook's financial advisor, Keefe Bruyette assisted First Oak Brook in evaluating potential acquirors, in analyzing MB Financial's proposal and negotiating certain terms of the merger included in the merger agreement. In connection with Keefe Bruyette's engagement, First Oak Brook asked Keefe Bruyette to evaluate the fairness of the merger consideration to First Oak Brook's stockholders from a financial point of view. On May 1, 2006, Keefe Bruyette delivered its oral opinion to First Oak Brook's board of directors, subsequently confirmed in writing, that, as of May 1, 2006, and based upon and subject to various matters set forth in that opinion, the merger consideration was fair to First Oak Brook's stockholders from a financial point of view.

With Keefe Bruyette's consent, the full text of Keefe Bruyette's opinion, dated May 1, 2006, which sets forth a description of the procedures followed, assumptions made, matters considered and limits on the review undertaken in connection with such opinion, is attached to this document as Appendix C and is incorporated herein by reference. First Oak Brook stockholders are urged to read the opinion in its entirety. Keefe Bruyette's opinion is directed to First Oak Brook's board of directors and relates only to the fairness of the consideration provided in the merger agreement from a financial point of view and does not address any other aspect of the proposed merger or any related transaction, and does not constitute a recommendation to any stockholder as to how such a stockholder should vote with respect to the merger or any other matter. The following summary of the opinion is qualified in its entirety by reference to the full text of the opinion. This summary does not purport to be a complete description of the analysis performed by Keefe Bruyette and should not be construed independent of the other information considered by Keefe Bruyette in rendering its opinion. Selecting portions of Keefe Bruyette's analysis or isolating certain aspects of the comparable transactions without considering all analyses and factors, could create an incomplete or potentially misleading view of the

evaluation process.

In rendering its opinion, Keefe Bruyette reviewed, analyzed and relied upon the following material relating to the financial and operating condition of First Oak Brook and MB Financial:

a draft of the merger agreement;

historical financial and other information concerning MB Financial, including MB Financial's annual reports to stockholders and annual reports on Form 10-K for the two fiscal years ended December 31, 2005, and certain quarterly reports on Form 10-Q;

historical financial and other information concerning First Oak Brook, including annual reports to stockholders and annual reports on Form 10-K for the two fiscal years ended December 31, 2005, and certain quarterly reports on Form 10-Q;

discussions with senior management of First Oak Brook and MB Financial with respect to their past and current business operations, regulatory matters, financial condition and future prospects;

consensus earnings per share estimates for First Oak Brook for the years ending December 31, 2006 and 2007, as prepared by management and published by I/B/E/S;

consensus earnings per share estimates for MB Financial for the years ending December 31, 2006 and 2007 published by I/B/E/S and discussed with MB Financial management;

historical stock prices and trading volumes of the common stock of First Oak Brook and MB Financial;

the pro forma financial impact of the merger on MB Financial, based on assumptions relating to transaction expenses, purchase accounting adjustments, cost savings and other synergies determined by the senior management of MB Financial and First Oak Brook;

certain publicly available information of other financial institutions that Keefe Bruyette deemed comparable or otherwise relevant to its inquiry, and compared First Oak Brook and MB Financial from a financial point of view with certain of those institutions;

financial terms of certain recent business combinations in the banking industry that Keefe Bruyette deemed comparable or otherwise relevant to its inquiry; and

other financial studies, analyses and investigations and such other information as Keefe Bruyette deemed appropriate to enable it to render its opinion.

Keefe Bruyette also held discussions with the respective senior management of and advisors to First Oak Brook and MB Financial concerning each company's past and current operations, financial condition, prospects and regulatory relationships. Keefe Bruyette also considered such financial and other factors as it deemed appropriate under the circumstances and took into account its assessment of general economic, market and financial conditions and its experience in similar transactions, as well as its experience in securities valuation and its knowledge of financial institutions, including banks, bank holding companies, thrifts and other financial services companies generally. Keefe Bruyette's opinion was based upon conditions as they existed on the date of the opinion and could only be evaluated as of such date thereof. In addition, the opinion was based upon information made available to Keefe Bruyette through the date of its opinion. The analyses performed by Keefe Bruyette are not necessarily indicative of actual value or future results, which may be significantly more or less favorable than suggested by such analyses and do not purport to be appraisals or reflect the prices at which a business may be sold.

In conducting its review and arriving at its opinion, Keefe Bruyette relied upon and assumed the accuracy and completeness of all of the financial and other information provided to it or publicly available, and Keefe Bruyette did not attempt to verify such information independently. Keefe Bruyette relied upon the management of First Oak Brook as to the reasonableness and achievability of the financial and operating forecasts (and the assumptions and bases therefor) provided to Keefe Bruyette, and assumed that such forecasts reflected the best

available estimates and judgments of First Oak Brook's management and that such forecasts would be realized in the amounts and in the time periods estimated by management. Keefe Bruyette also assumed, without independent verification, that First Oak Brook's aggregate allowance for loan losses is adequate to cover such losses. Keefe Bruyette did not make or obtain any evaluations or appraisals of the property of First Oak Brook or MB Financial, nor did Keefe Bruyette examine any individual loan credit files.

For purposes of rendering its opinion, Keefe Bruyette assumed that, in all respects material to its analyses:

the merger will be completed substantially in accordance with the terms set forth in the merger agreement;

the representations and warranties of each party in the merger agreement and in all related documents and instruments referred to in the merger agreement are true and correct;

each party to the merger agreement and all related documents will perform all of the covenants and agreements required to be performed by such party under such documents;

all conditions to the completion of the merger will be satisfied without any waivers; and

in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the merger, no restrictions, including any divestiture requirements or amendments or modifications will be imposed that will have a material adverse effect on the future results of operations or financial condition of First Oak Brook, MB Financial or the combined entity, as the case may be, or the contemplated benefits of the merger.

The following summary contains the material financial analyses employed by Keefe Bruyette in connection with providing its opinion, including summaries relating to the consideration structure and transaction overview, selected comparable public company analysis for First Oak Brook, a pro forma merger analysis, selected merger transactions comparison and discounted cash flow analysis. For purposes of such analyses, the financial information used by Keefe Bruyette for First Oak Brook and the comparable companies was as of, and for the quarter and twelve months, ended March 31, 2006, and market price information was as of April 28, 2006, unless otherwise noted. This summary does not purport to be a complete description of all analyses employed by Keefe Bruyette.

Transaction Overview. In providing an overview of the merger, Keefe Bruyette noted that each First Oak Brook stockholder would be receiving \$36.80 per share (based on the average closing price of MB Financial common stock for the five-trading day period ended April 28, 2006) or an implied total consideration of \$376.9 million (based on the number of First Oak Brook common shares outstanding on April 28, 2006 of 10,002,372, and an additional 168,339 shares representing 367,212 options based on the treasury method).

Keefe Bruyette calculated the following multiples:

The following table compares information derived by Keefe Bruyette with respect to the selected transactions and transaction multiples as of their announcement dates. For purposes of this analysis, transaction multiples from the MB Financial/First Oak Brook merger were derived from the assumed \$36.80 per First Oak Brook share transaction price for First Oak Brook and from other financial data primarily determined as of March 31, 2006.

	First Oak Brook / MB Financial	Midwest Bank Median	Chicagoland Median
Transaction Price to:

Keefe Bruyette considered the information derived from these comparable groups to be statistically significant for the purposes of comparison, based on the above criteria producing 35 transactions with reported pricing metrics in the comparable groups. Keefe Bruyette viewed the six resulting metrics from the comparable transaction groups on a median basis, as the key metrics used to evaluate the fairness, from a financial point of view, of the transaction.

No company or transaction used as a comparison in the above analysis is identical to First Oak Brook or the merger. Accordingly, a review of these results is not solely mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and transactions examined.

Discounted Cash Flow and Terminal Value Analysis. Keefe Bruyette estimated the present value of First Oak Brook's common stock based on continued independence and control sale scenarios by calculating the present value of First Oak Brook's projected cash flows. Keefe Bruyette's analysis assumes that excess capital above a 6.5% tangible equity/tangible assets ratio represents free cash flow available for dividends. For purposes of this analysis, Keefe Bruyette applied discount rates ranging from 11.5% to 15.5%. Keefe Bruyette relied on financial projections provided by First Oak Brook's management and assumed terminal values of 13 to 20 times projected forward earnings representing a range from an independence scenario to a control sale scenario. The analysis resulted in values ranging from \$20.23 to \$36.35, representing a range of continued independence to control sale scenarios.

Keefe Bruyette stated that the discounted cash flow present value analysis is widely used valuation methodology, but noted that it relies on numerous assumptions including asset and earnings growth rates, terminal values and discount rates. The analysis did not purport to be indicative of the actual values or expected values of First Oak Brook common stock.

Keefe Bruyette was selected to act as First Oak Brook's financial advisor based upon its qualifications, expertise and reputation. Keefe Bruyette specializes in rendering a range of investment banking services to financial services companies and regularly engages in the valuation of banking businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes.

In April 2006, First Oak Brook executed an engagement letter with Keefe Bruyette relating to the services to be provided by Keefe Bruyette in connection with the merger. Keefe Bruyette received a cash fee of \$50,000 (the Retainer Fee) at the time the letter was executed. Under that engagement letter, Keefe Bruyette will receive a fee (the Contingent Fee) of approximately 0.50% of the aggregate consideration to be paid to First Oak Brook stockholders, or approximately \$1,860,000, for services rendered to First Oak Brook in connection with the merger. In addition, First Oak Brook agreed to pay Keefe Bruyette a fee of \$100,000 concurrently with the delivery of Keefe Bruyette's opinion (the Opinion Fee). The Engagement Fee and the Opinion Fee paid prior to the Contingent Fee payment will be credited against the Contingent Fee. First Oak Brook also has agreed to reimburse Keefe Bruyette for certain reasonable out-of-pocket expenses incurred in connection with its engagement and to indemnify Keefe Bruyette and Keefe Bruyette's affiliates and their respective directors, officers, employees, agents and controlling persons against certain expenses and liabilities, including liability under the federal securities laws.

Material U.S. Federal Income Tax Consequences of the Merger

The following section describes the anticipated material U.S. federal income tax consequences of the merger to U.S. holders (as defined below) of First Oak Brook common stock who exchange their shares of First Oak Brook common stock for shares of MB Financial common stock or cash in the merger. This discussion addresses only those holders who hold their First Oak Brook common stock as a capital asset within the meaning of Section 1221 of the Internal Revenue Code, and does not address all the U.S. federal income tax consequences that may be relevant to particular holders in light of their individual circumstances or to holders who are subject to special rules, such as:

financial institutions;

insurance companies;

mutual funds;

tax-exempt organizations;

dealers in securities or currencies;

persons whose functional currency is not the U.S. dollar;

traders in securities that elect to use a mark to market method of accounting;

persons who are not citizens or residents of the United States;

persons that hold First Oak Brook common stock as part of a straddle, hedge, constructive sale or conversion transaction; and

U.S. holders who acquired their shares of First Oak Brook common stock through the exercise of an employee stock option or otherwise as compensation.

The following is based upon the Internal Revenue Code, its legislative history, Treasury regulations promulgated pursuant to the Internal Revenue Code and published rulings and decisions, all as currently in effect as of the date of this document, and all of which are subject to change, possibly with retroactive effect, and to differing interpretations. Tax considerations under state, local and foreign laws, or federal laws other than those pertaining to income tax, are not addressed in this document.

Holders of First Oak Brook common stock should consult with their own tax advisors as to the tax consequences of the merger in their particular circumstances, including the applicability and effect of the alternative minimum tax and any state, local or foreign and other tax laws and of changes in those laws.

For purposes of this discussion, the term "U.S. holder" means a beneficial owner of First Oak Brook common stock that is:

a U.S. citizen or resident, as determined for federal income tax purposes;

a corporation, or entity taxable as a corporation, created or organized in or under the laws of the United States; or

otherwise subject to U.S. federal income tax on a net income basis.

Tax Consequences of the Merger Generally. MB Financial and First Oak Brook have structured the merger to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. Silver, Freedman & Taff, L.L.P., counsel to MB Financial, and Vedder, Price, Kaufman & Kammholz, P.C., counsel to First Oak Brook, have each rendered opinions, attached as Exhibits 8.1 and 8.2, respectively, to the Registration Statement on Form S-4 filed with the SEC of which this document is a part, to the effect that the merger will be treated for federal income tax purposes as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code, and that each of First Oak Brook and MB Financial will be a party to that reorganization within the meaning of Section 368(b) of the Internal Revenue Code. It is a condition to MB Financial's obligation to complete the merger that MB Financial receive an opinion of Vedder, Price, Kaufman & Kammholz, P.C., and it is a condition to First Oak Brook's obligation to complete the merger that First Oak Brook receive an opinion of Silver, Freedman & Taff, L.L.P., to the foregoing effect, each dated the date of completion of the merger. In rendering their opinions filed as exhibits to the Registration Statement counsel relied upon, and in rendering their opinions to be delivered at the time of the completion of the merger, counsel will rely upon, certain assumptions and representations contained in letters and certificates from MB Financial and First Oak Brook.

None of the tax opinions given in connection with the merger or described herein will be binding on the Internal Revenue Service. Neither MB Financial nor First Oak Brook intends to request any ruling from the Internal Revenue Service as to the U.S. federal income tax consequences of the merger. Consequently, no assurance can be given that the Internal Revenue Service will not assert, or that a court would not sustain, a position contrary to any of those set forth below. In addition, if any of the representations or assumptions upon which those opinions are based is inconsistent with the actual facts, the U.S. federal income tax consequences of the merger could be adversely affected. Based on the opinions of Silver, Freedman & Taff, L.L.P. and Vedder, Price, Kaufman & Kammholz, P.C., it is expected that the following material U.S. federal tax consequences will result from the merger:

for a U.S. holder who exchanges all of the holder's shares of First Oak Brook common stock solely for shares of MB Financial common stock in the merger, no gain or loss will be recognized, except with respect to cash received in lieu of a fractional share of MB Financial common stock (see discussion below under "Cash Received in Lieu of a Fractional Share of MB Financial Common Stock");

for a U.S. holder who exchanges all of the holder's shares of First Oak Brook common stock solely for cash in the merger or receives cash as a dissenting stockholder, capital gain or loss equal to the difference between the amount of cash received (other than, in the case of a dissenting stockholder, amounts, if any, which are or are deemed to be interest for U.S. federal income tax purposes, which amounts will be taxed as ordinary income) and the holder's tax basis in the First Oak Brook common stock generally will be recognized. Any capital gain or loss generally will be long-term capital gain or loss if the U.S. holder held the shares of First Oak Brook common stock for more than one year at the time the merger is completed. Long-term capital gain of an individual generally is subject to a maximum U.S. federal income tax rate of 15%. The deductibility of capital losses is subject to limitations. A dissenting stockholder will recognize any gain or loss for U.S. federal income tax purposes upon receipt of cash for the stockholder's shares. In some cases, such as if the U.S. holder

actually or constructively owns MB Financial common stock immediately before the merger, such cash received in the merger could be treated as having the effect of the distribution of a dividend, under the tests set forth in Section 302 of the Internal Revenue Code, in which case such cash received would be treated as ordinary dividend income. These rules are complex and dependent upon the specific factual circumstances particular to each U.S. holder. Consequently, each U.S. holder that may be subject to those rules should consult their own tax advisor as to the application of these rules to the particular facts relevant to such U.S. holder;

for a U.S. holder who exchanges the holder's shares of First Oak Brook common stock for a combination of MB Financial common stock and cash (other than cash received in lieu of a fractional share), gain (but not loss) will be recognized, and the gain recognized will be equal to the **lesser** of:

the amount of cash received; or

the excess, if any, of:

the sum of the cash and the fair market value of the MB Financial common stock the U.S. holder received in the merger, over

the tax basis in the shares of First Oak Brook common stock surrendered by the U.S. holder in the merger.

for a U.S. holder who acquired different blocks of First Oak Brook common stock at different times and at different prices, realized gain or loss for purposes of determining the recognized gain, if any, generally must be calculated separately for each identifiable block of shares exchanged in the merger;

if a U.S. holder has differing bases or holding periods in respect of shares of First Oak Brook common stock, the U.S. holder should consult his, her or its tax advisor prior to the exchange with regard to making the election to receive the merger consideration in cash, shares of MB Financial common stock or a combination of both, designating identifiable blocks of First Oak Brook common stock to be exchanged in the merger on the election form (see The Merger Agreement Election Procedures; Surrender of Stock Certificates) and identifying the bases or holding periods of the particular shares of MB Financial common stock received in the merger;

any capital gain or loss generally will be long-term capital gain or loss if the U.S. holder held the shares of First Oak Brook common stock for more than one year at the time the merger is completed. Long-term capital gain of an individual generally is subject to a maximum U.S. federal income tax rate of 15%. The deductibility of capital losses is subject to limitations. In some cases, such as if the U.S. holder actually or constructively owns MB Financial

common stock immediately before the merger, such gain could be treated as having the effect of the distribution of a dividend, under the tests set forth in Section 302 of the Internal Revenue Code, in which case such gain would be treated as ordinary dividend income. These rules are complex and dependent upon the specific factual circumstances particular to each U.S. holder. Consequently, each U.S. holder who may be subject to those rules should consult their advisor as to the application of these rules to the particular facts relevant to such U.S. holder; and

no gain or loss will be recognized by MB Financial or First Oak Brook in the merger.

Tax Basis and Holding Period. A U.S. holder's aggregate tax basis in the MB Financial common stock received in the merger, including any fractional share interests deemed received by the U.S. holder under the treatment described below, will equal his, her or its aggregate tax basis in the First Oak Brook common stock surrendered in the merger, increased by the amount of taxable gain or dividend income, if any, recognized in the merger (excluding any gain resulting from the deemed receipt and redemption of a fractional share interest), and decreased by the amount of cash, if any, received in the merger (excluding any cash received in lieu of a fractional

share interest). The holding period for the shares of MB Financial common stock received in the merger generally will include the holding period for the shares of First Oak Brook common stock exchanged therefor.

Cash Received in Lieu of a Fractional Share of MB Financial Common Stock. A U.S. holder who receives cash in lieu of a fractional share of MB Financial common stock will be treated as having received the fractional share of MB Financial common stock pursuant to the merger and then as having exchanged the fractional share of MB Financial common stock for cash in a redemption by MB Financial. As a result, assuming that the redemption of a fractional share of MB Financial common stock is treated as a sale or exchange and not as a dividend, a U.S. holder generally will recognize gain or loss equal to the difference between the amount of cash received and the basis in the holder's fractional share of MB Financial common stock as set forth above. This gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss if, as of the effective date of the merger, the holding period for the shares is greater than one year. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding. Cash payments received in the merger by a U.S. holder may, under certain circumstances, be subject to information reporting and backup withholding at a rate of 28% of the cash payable to the holder, unless the holder provides proof of an applicable exemption or furnishes its taxpayer identification number, and otherwise complies with all applicable requirements of the backup withholding rules. Any amounts withheld from payments to a holder under the backup withholding rules are not additional tax and will be allowed as a refund or credit against the U.S. holder's U.S. federal income tax liability, provided the required information is timely furnished to the Internal Revenue Service.

Reporting Requirements. A U.S. holder who receives MB Financial common stock as a result of the merger will be required to retain records pertaining to the merger and will be required to file with its United States federal income tax return for the year in which the merger takes place a statement setting forth certain facts relating to the merger.

Accounting Treatment

The merger will be accounted for using the purchase method of accounting with MB Financial treated as the acquiror. Under this method of accounting, First Oak Brook's assets and liabilities will be recorded by MB Financial at their respective fair values as of the date of completion of the merger. Financial statements of MB Financial issued after the merger will reflect these values and will not be restated retroactively to reflect the historical financial position or results of operations of First Oak Brook.

Regulatory Approvals

Under federal law, the merger must be approved by the Board of Governors of the Federal Reserve System and the bank merger must be approved by the Office of the Comptroller of the Currency. Under Illinois law, the change in control of Oak Brook Bank must be approved by, and notice of the bank merger must be filed with, the Illinois Department of Financial and Professional Regulation. The U.S. Department of Justice may review the impact of the merger and the bank merger on competition. In addition, the ownership change of First Oak Brook's registered broker-dealer subsidiary is subject to review by various regulatory and self-regulatory organizations, including the Securities and Exchange Commission and the National Association of Securities Dealers, Inc.

Once the Federal Reserve Board approves the merger, we must wait for up to 30 days before we can complete the merger. If, however, there are no adverse comments from the U.S. Department of Justice and we receive permission from the Federal Reserve Board to do so, the merger may be completed on or after the 15th day after approval from the Federal Reserve Board. Similarly, after we receive approval of the bank merger from the Office of the Comptroller of the Currency, we must wait for up to 30 days before we can complete the bank merger. If, however, there are no adverse comments from the U.S. Department of Justice and we receive permission from the Office of the Comptroller of the Currency to do so, the bank merger may be completed on or after the 15th day after approval from the Office of the Comptroller of the Currency.

As of the date of this document, all of the required applications have been filed. There can be no assurance as to whether all regulatory approvals will be obtained or as to the dates of the approvals. There also can be no

assurance that the regulatory approvals received will not contain a condition or requirement that results in a failure to satisfy the conditions to closing set forth in the merger agreement. See The Merger Agreement Conditions to Completion of the Merger.

Appraisal Rights

Delaware law entitles the holders of shares of First Oak Brook common stock, who follow the procedures specified in Section 262 of the Delaware General Corporation Law, to have their shares appraised by the Delaware Court of Chancery and to receive the fair value of their shares as of completion of the merger in place of the merger consideration, as determined by the court. In order to exercise these rights, a holder must demand and perfect the rights in accordance with Section 262.

The following is intended as a brief summary of the material provisions of the Delaware statutory procedures required to be followed in order for a First Oak Brook stockholder to dissent from the merger and perfect appraisal rights. This summary, however, is not a complete statement of all applicable requirements and is qualified in its entirety by reference to Section 262 of the Delaware General Corporation Law, the full text of which appears in Appendix D to this document.

Section 262 requires that First Oak Brook stockholders be notified that appraisal rights will be available not less than 20 days before the meeting of First Oak Brook stockholders to vote on the adoption of the merger agreement. A copy of Section 262 must be included with the notice. This document constitutes notice to the holders of shares of First Oak Brook common stock of the availability of appraisal rights in connection with the merger in compliance with the requirements of Section 262. If you are a First Oak Brook stockholder and wish to consider exercising your appraisal rights, you should carefully review the text of Section 262 contained in Appendix D to this document since failure to timely and properly comply with the requirements of Section 262 will result in the loss of your appraisal rights under Delaware law.

If you are a First Oak Brook stockholder and wish to exercise your right to demand appraisal under Section 262, you must satisfy the following three conditions:

deliver to First Oak Brook a written demand for appraisal of your shares of First Oak Brook common stock before the vote with respect to the adoption of the merger agreement is taken at the First Oak Brook special meeting;

not vote in favor of adoption of the merger agreement. A proxy that does not contain voting instructions will, unless revoked, be voted in favor of adoption of the merger agreement. Therefore, a First Oak Brook stockholder who votes by proxy and who wishes to exercise appraisal rights must vote against adoption of the merger agreement or abstain from voting on the merger agreement. Voting against, abstaining from voting on or failing to vote on the proposal to adopt the merger agreement will **not** constitute a written demand for appraisal within the meaning of Section 262. The written demand for appraisal must be made in addition to and separate from any proxy you deliver or vote you cast in person; and

continuously hold your shares of First Oak Brook common stock through the completion of the merger.

If you fail to comply with these three conditions and the merger is completed, you will be entitled to receive the merger consideration for your shares of First Oak Brook common stock as provided for in the merger agreement, but you will have no appraisal rights with respect to your shares of First Oak Brook common stock.

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

All demands for appraisal should be addressed to the Secretary of First Oak Brook at 1400 Sixteenth Street, Oak Brook, Illinois 60523 before the vote on the merger agreement is taken at the First Oak Brook special meeting, and should be executed by, or on behalf of, the record holder of the shares for which appraisal rights are being exercised. The demand must reasonably inform First Oak Brook of the identity of the holder and the intention of the holder to demand appraisal of his or her shares of First Oak Brook common stock. If your shares of First Oak Brook

common stock are held through a broker, bank or other nominee and you wish to demand appraisal rights, you must act promptly to instruct the applicable broker, bank or other nominee to follow the steps summarized in this section.

Within 10 days after the effective date of the merger, MB Financial must give written notice of the date that the merger became effective to each First Oak Brook stockholder who has properly filed a written demand for appraisal. At any time within 60 days after the effective date of the merger, any First Oak Brook stockholder who has demanded an appraisal has the right to withdraw the demand and to accept the merger consideration in accordance with the merger agreement for his or her shares of First Oak Brook common stock. Within 120 days after the effective date of the merger, either MB Financial or any First Oak Brook stockholder who has complied with the requirements of Section 262 may file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the shares held by all holders entitled to appraisal. MB Financial has no obligation to file such a petition in the event there are dissenting stockholders. Accordingly, the failure of a First Oak Brook stockholder to file such a petition within the period specified could nullify the First Oak Brook stockholder's previously written demand for appraisal.

If a petition for appraisal is duly filed by a holder and a copy of the petition is delivered to MB Financial, MB Financial will then be obligated, within 20 days after receiving service of a copy of the petition, to provide the Chancery Court with a duly verified list containing the names and addresses of all First Oak Brook stockholders who have demanded an appraisal of their shares and with whom agreements as to the value of their shares have not been reached by MB Financial. After notice to dissenting First Oak Brook stockholders, the Chancery Court is empowered to conduct a hearing upon the petition, and to determine those First Oak Brook stockholders who have complied with Section 262 and who have become entitled to the appraisal rights provided thereby. The Chancery Court may require the First Oak Brook stockholders who have demanded payment for their shares to submit their stock certificates to the Register in Chancery for notation on the certificates of the pendency of the appraisal proceedings; and if any First Oak Brook stockholder fails to comply with that direction, the Chancery Court may dismiss the proceedings as to that First Oak Brook stockholder.

After determination of the First Oak Brook stockholders entitled to appraisal of their shares, the Chancery Court will appraise the shares of First Oak Brook common stock, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger, together with a fair rate of interest, if any. When the value is determined, the Chancery Court will direct the payment of such value, with interest thereon accrued during the pendency of the proceeding, if the Chancery Court so determines, to the holders entitled to receive the amount, upon surrender by such holders of the certificates representing those shares of First Oak Brook common stock.

In determining fair value, the Chancery Court is required to take into account all relevant factors. If you are a First Oak Brook stockholder, you should be aware that the fair value of your shares as determined under Section 262 could be more, the same, or less than the value that you are entitled to receive under the terms of the merger agreement.

Costs of the appraisal proceeding may be imposed upon the parties participating in the appraisal proceeding by the Chancery Court as the Chancery Court deems equitable in the circumstances. Upon the application of a First Oak Brook stockholder, the Chancery Court may order all or a portion of the expenses incurred by any First Oak Brook stockholder in connection with the appraisal proceeding, including, but not limited to, reasonable attorneys' fees and the fees and expenses of experts, to be charged pro rata against the value of all shares entitled to appraisal. Any First Oak Brook stockholder who had demanded appraisal rights will not, after the effective date of the merger, be entitled to vote shares subject to that demand for any purpose or to receive payments of dividends or any other distribution with respect to those shares, other than with respect to payment as of a record date prior to the effective date; however, if no petition for appraisal is filed within 120 days after the effective date of the merger, or if the First Oak Brook stockholder delivers a written withdrawal of his or her demand for appraisal and an acceptance of the merger either within 60 days after the effective date of the merger or thereafter with the written approval of MB Financial, then the right of that First Oak Brook stockholder to appraisal will cease and that holder will be entitled to receive the merger consideration for his or her shares of First Oak Brook common stock pursuant to the merger agreement. Any withdrawal of a demand for appraisal made more than 60 days after the effective date of the merger may only be made with the written approval of MB Financial and must, to be effective, be made within 120 days after the effective date.

Under the merger agreement, if any dissenting First Oak Brook stockholder fails to perfect or has effectively withdrawn or lost his or her appraisal rights before the election deadline, each of that stockholder's shares of First Oak Brook common stock will be deemed to be non-election shares unless the stockholder makes a valid election before the election deadline. If any dissenting First Oak Brook stockholder fails to perfect or has effectively withdrawn or lost his or her appraisal rights after the election deadline, each of that stockholder's shares of First Oak Brook common stock will be deemed to be non-election shares. For further details on the election deadline, non-election shares, the effective time, stock consideration and cash consideration, see The Merger Agreement Merger Consideration and Election Procedures; Ex of Stock Certificates.

Any dissenting First Oak Brook stockholder who perfects his or her appraisal rights to be paid the fair value of his or her shares will recognize taxable gain or loss for federal income tax purposes upon receipt of cash for the shares. See Material U.S. Federal Income Tax Consequences of the Merger. Any cash ultimately paid to a dissenting First Oak Brook stockholder who perfects his or her appraisal rights to be paid the fair value of his or her shares will be considered cash consideration paid for purposes of the limit on cash to be paid to First Oak Brook stockholders in the merger described under The Merger Agreement Merger Consideration.

In view of the complexity of Section 262, holders of shares of First Oak Brook common stock who may wish to dissent from the merger and pursue appraisal rights should promptly consult their legal advisors.

Board of Directors of MB Financial After the Merger

MB Financial will take the actions necessary to appoint Richard M. Rieser, Jr., the current President and Chief Executive Officer and a director of First Oak Brook, and Charles Gries, a director of First Oak Brook, to the MB Financial board of directors, effective upon completion of the merger. MB Financial also will take the necessary actions to cause the appointment of Mr. Rieser and John Ballantine, a director of First Oak Brook, to the board of directors of MB Financial Bank, effective upon completion of the bank merger.

Interests of First Oak Brook Executive Officers and Directors in the Merger

Some of the directors and executive officers of First Oak Brook have interests in the merger that are in addition to, or different from, the interests of First Oak Brook stockholders generally, which are described below. The First Oak Brook and MB Financial boards of directors were aware of these interests and considered them, among other matters, in approving the merger agreement and the transactions contemplated by the merger agreement.

Employment Agreement of Richard M. Rieser, Jr. On May 1, 2006, MB Financial and Richard M. Rieser Jr., President and Chief Executive of First Oak Brook, entered into a letter of understanding whereby they agreed that they would enter into a five-year employment agreement immediately after completion of the merger providing for Mr. Rieser's service as Vice Chairman, Executive Vice President and Chief Marketing and Legal Strategist of MB Financial. The employment agreement with MB Financial will replace Mr. Rieser's existing transitional employment agreement with First Oak Brook. In consideration of the cancellation of his existing transitional employment agreement, Mr. Rieser will be paid \$3.0 million, either by First Oak Brook immediately before the merger or by MB Financial after the merger, subject to reduction to the extent necessary to avoid such payment being considered an excess parachute payment under Section 280G of the Internal Revenue Code and being subject to an excise tax under Section 4999 of the Internal Revenue Code.

Under the employment agreement with MB Financial, Mr. Rieser will receive an initial annual base salary of \$650,000, which will increase by \$50,000 on each of the first four anniversaries of the merger completion date. On the merger completion date and on each of first four anniversaries of that date, Mr. Rieser will receive a restricted stock grant under MB Financial's 1997 Omnibus Incentive Plan for a number of shares having a market value on the grant date of \$200,000. Each restricted stock grant will vest as of the later of the fifth anniversary of the merger completion date and the third anniversary of the grant date (or such shorter period as may be permitted under the Omnibus Incentive Plan at the time of grant), subject to full vesting in the event of Mr. Rieser's death, disability or retirement. If the Omnibus Plan is amended to permit the granting of restricted stock units, then Mr. Rieser will receive grants of restricted stock units instead of restricted stock, payable following termination of Mr. Rieser's employment in compliance with Section 409A of the Internal Revenue Code.

Under the employment agreement with MB Financial, Mr. Rieser will be eligible to earn an annual cash incentive bonus of \$300,000 for each of 2007 and 2008 if specified performance targets relating to post-merger transition and integration matters are met. Mr. Rieser may be considered for performance-based bonus programs in subsequent years. The employment agreement provides for mandatory deferral of all or a portion of any annual cash incentive bonus payable to Mr. Rieser if necessary to ensure the tax deductibility of the bonus by MB Financial. Interest will be paid on any deferred amounts at the average interest-bearing cost of funds of the Bank.

The employment agreement with MB Financial will provide that beginning in 2007, Mr. Rieser will be eligible to be considered for an award of stock options or other equity-based compensation under the MB Financial Omnibus Incentive Plan at such times as awards are granted to other senior executives of MB Financial. The vesting of the any options granted to Mr. Rieser will accelerate in the event of his death or disability or in the event of a change in control of MB Financial if the unvested portion of the option would otherwise terminate or cease to be enforceable, in whole or in part, by reason of the change in control. An option that vests as a result of a change in control of MB Financial under the circumstances described in the immediately preceding sentence will remain exercisable for at least one year after the change in control but not beyond the expiration date of the option; however, that any outstanding option awarded to Mr. Rieser (vested or unvested) will be forfeited in the event his employment is terminated for cause or due to specified misconduct on his part under the federal banking laws.

The employment agreement with MB Financial will entitle Mr. Rieser, while he is employed by MB Financial, to participate in other benefit plans and receive fringe benefits to the same extent as the other executive officers of MB Financial and MB Financial Bank, and will provide for the payment by MB Financial of certain club dues, the use of a company car and specified other fringe benefits consistent with what Mr. Rieser has been receiving from First Oak Brook. Mr. Rieser will be entitled to annual vacation of six weeks at full pay and, beginning after the second anniversary of the merger completion date, an additional ten weeks of vacation at half-pay. Mr. Rieser also will be entitled to take during 2008, four weeks of sabbatical leave at full pay accrued while employed by First Oak Brook prior to the merger.

Consistent with what he is entitled to under his existing transitional employment agreement with First Oak Brook, Mr. Rieser will be entitled to post-employment continuing health benefit coverage (referred to as the post-employment health benefit) consisting of (1) executive medical coverage for life for himself and his spouse at the sole cost of MB Financial and (2) at his election, or at his spouse's election if he predeceases her, group medical and dental continuation coverage under COBRA for life at the sole cost of Mr. Rieser and his spouse. MB Financial's obligation to provide the executive medical coverage benefit will end after the aggregate amount expended by MB Financial exceeds the specified coverage limit. The coverage limit will be \$300,000 upon termination of Mr. Rieser's employment, with the unused balance of that amount as of each calendar year end increased by 5% for the subsequent calendar year. Mr. Rieser will not be entitled to the post-termination health benefit if his employment is terminated for cause or due to specified misconduct on his part under the federal banking laws.

The employment agreement with MB Financial will provide that if Mr. Rieser is involuntarily terminated before the end of the agreement term, he will receive, as agreed-upon liquidated damages, the continuation of his salary, annual incentive bonus and specified fringe benefits for the remainder of the agreement term, provided that his annual bonuses for 2007 and 2008 will be \$300,000 for each such year regardless of the extent to which performance targets are met, the vesting of previously awarded restricted stock and a cash payment of \$200,000 on each anniversary of the merger completion date remaining in the employment agreement term in lieu of the restricted stock grants having that market value that would otherwise have been made to him on those dates. Mr. Rieser also will be entitled to receive all accrued and unpaid salary, any annual cash bonus earned and unpaid, any unpaid expense reimbursements, any unpaid deferred bonus amounts and restricted stock units and all vested benefits and amounts under any benefit plan, program or arrangement (together referred to as the accrued compensation). In addition, Mr. Rieser will be entitled to the post-employment health benefit. The term involuntary termination is defined in the agreement to include termination of Mr. Rieser's employment by MB Financial (other than for cause or due to death or specified misconduct on his part under the federal banking laws) without his consent, by Mr. Rieser following a material reduction of or interference with his duties, responsibilities or benefits without his consent, which includes, among other things, the failure of the board of directors or stockholders of MB Financial or MB Financial Bank to elect him as a director of MB Financial and MB Financial Bank or any board or stockholder action removing him as a director.

The employment agreement with MB Financial will provide that if Mr. Rieser voluntarily terminates his employment, other than for a reason constituting involuntary termination, he will be entitled to the post-employment health benefit and to his accrued compensation. In the event of Mr. Rieser's death during the term of the agreement and prior to any termination of employment, his estate will be paid his accrued compensation, his spouse, if she survives him or if not his beneficiaries, will be paid for a period of 18 months after his death his base compensation (salary plus the value of the scheduled annual restricted stock grants described above) and any bonuses earned, and his spouse, if she survives him, will be entitled to the post-employment health benefit. If Mr. Rieser becomes disabled, his salary under the employment agreement will be reduced to the extent of any disability benefits received such that, on an after-tax basis, the net amount he receives is the same as it would have been had his salary not been so reduced. MB Financial may terminate Mr. Rieser's employment if his disability is still continuing after one year, which will constitute an involuntary termination for purposes of the employment agreement. Any amounts paid to Mr. Rieser following such a termination will be reduced by the amount of disability benefits he receives. If Mr. Rieser is terminated for cause or due to specified misconduct under the federal banking laws, MB Financial's only obligation to him will be the payment of the accrued compensation.

Concurrent with entering into the employment agreement with MB Financial, Mr. Rieser and MB Financial will enter into a tax gross up agreement with MB Financial that will be generally in the same form as the tax gross up agreements between MB Financial and other of its executive officers. The tax gross up agreement will provide that if Mr. Rieser becomes entitled to receive payments or benefits in connection with a change in control of MB Financial, whether under his employment agreement or otherwise, then to the extent such payments or benefits constitute excess parachute payments under Section 280G of the Internal Revenue Code, he generally will be paid an additional amount (referred to as a gross up payment) that will offset on an after tax basis, the effect of any excise tax consequently imposed upon him under Section 4999 of the Internal Revenue Code. The tax gross up agreements currently in effect between MB Financial and certain of its executive officers provide that no gross up payment will be provided if the executive's employment is terminated for cause or is voluntarily terminated by the executive within one year before or after a change in control of MB Financial for any reason, other than: (i) death or disability, (ii) retirement after age 65, (iii) a requirement that the executive, without his or her consent, work at a location that is not within a 35 mile radius of downtown Chicago, Illinois, other than reasonable travel requirements, (iv) a reduction in the executive's base annual salary without his or her consent, unless the reduction occurs at least six months prior to a change in control and is applied on a uniform and equitable basis to all members of senior management, or (v) a material reduction in the executive's contractual incentive or bonus compensation or benefits, if any, without his or her consent. Under Mr. Rieser's tax gross up agreement with MB Financial, however, none of the restrictions described in the immediately preceding sentence will apply if his employment is involuntarily terminated (as defined in his employment agreement) within two years after the merger, and an involuntary termination under his employment agreement will not constitute a voluntary termination under his tax gross up agreement.

The employment agreement with MB Financial expressly provides that MB Financial will assume and honor the Agreement Regarding Post-Employment Restrictive Covenants between First Oak Brook and Mr. Rieser, entered into on October 19, 1994, under which, in consideration for a covenant not to solicit First Oak Brook customers or employees for two years after termination of employment, Mr. Rieser will be entitled to twelve annual payments of \$80,000 following the termination of his employment.

Supplemental Pension Benefit Agreement with Mr. Rieser. Mr. Rieser has a Supplemental Pension Benefit Agreement with First Oak Brook, which will be assumed by MB Financial in the merger, that provides for a gross annual benefit equal to 50% of his highest annual amount of base salary, payable in the form of a monthly life and 15-year certain annuity commencing January 15, 2015. The Supplemental Pension Benefit Agreement currently provides that to the extent Mr. Rieser has fewer than 20 years of credited service at the time of the termination of his employment (other than an involuntary termination without cause or due to death or disability or a voluntary termination that would constitute a constructive discharge under his existing employment agreement with First Oak Brook, regardless of whether a change in control has caused that agreement to become effective), his gross benefit will be prorated based on years of service from October 14, 1994 to the termination date. In connection with the change in control of First Oak Brook resulting from the merger, the Supplemental Pension Benefit Agreement will be modified to provide that Mr. Rieser will be deemed to have 20 years of credited service regardless of when or under what circumstances his employment is terminated, thereby eliminating the prorated reduction in benefit that might otherwise occur if his employment were terminated prior to October 2014.

Transitional Employment Agreements. In addition to its Transitional Employment Agreement with Mr. Rieser, which will be replaced by an employment agreement between Mr. Rieser and MB Financial as discussed above, First Oak Brook is a party to a Transitional Employment Agreement with each of Rosemarie Bouman, Executive Vice President, Chief Operating Officer and Chief Financial Officer of First Oak Brook, George C. Clam, Vice President and Chief Banking Officer of First Oak Brook, and Frank M. Paris, a former executive officer of First Oak Brook who currently serves as Vice Chairman of the board of directors of First Oak Brook and as a non-executive employee of First Oak Brook. In the event of a change in control of First Oak Brook (which will occur upon completion of the merger), the agreements provide for an employment term of three years from the date of the change in control with compensation (including director fees in the case of Mr. Paris) and benefits at essentially the same level as in effect immediately preceding the change in control, provided that under Mr. Paris' agreement, the rate of his annual salary and director fees is to be increased by at least four percent on each first day of January which occurs during the employment term.

The agreements with Ms. Bouman and Clam provide that if, during the three-year employment term, the employee's employment is involuntarily terminated (other than for cause or death or disability) or the employee resigns under circumstances which constitute a constructive discharge, then, as severance benefits, he or she is entitled to continue to receive salary and bonus payments, based on his or her average annual salary and bonuses during the five immediately preceding calendar years, and to continue to receive health benefits, for a period of 36 months from the date of such termination of employment, and to payment of previously-accrued, but deferred bonuses. The employee also is entitled to these payments if his or her employment terminates within six months prior to a change in control if the termination is in connection with the change in control. These change in control payments are subject to reduction to the extent necessary to avoid such payments being considered excess parachute payments under Section 280G of the Internal Revenue Code.

Mr. Paris' agreement provides that if, during the three-year employment term, his employment is involuntarily terminated (other than for cause or death or disability) or he resigns under circumstances which constitute a constructive discharge, then he is entitled to (1) continued salary, director fee and bonus payments for 36 months from the date of termination, plus a pro rata bonus for the calendar year in which the 36-month period ends; (2) continued health benefit coverage, and (3) the value of the stock options and other equity incentives and certain other benefits which he otherwise would have received if still employed for the remainder of the employment term. Mr. Paris also is entitled to these payments if his employment terminates within six months prior to a change in control if the termination is in connection with the change in control. To the extent these payments or benefits constitute excess parachute payments under Section 280G of the Internal Revenue Code that would subject Mr. Paris to excise tax under Section 4999 of the Internal Revenue Code, he will be paid an additional amount that will offset the effect of any such excise tax.

On May 1, 2006, MB Financial entered into a letter of understanding with Ms. Bouman whereby the parties agreed that Ms. Bouman's Transitional Employment Agreement will be amended on or before the merger completion date to provide that in return for Ms. Bouman's agreement to waive her right to resign due to constructive discharge, MB Financial will continue Ms. Bouman's employment during a post-merger transitional period (not to exceed one year after the merger) on substantially the same economic terms and conditions as in effect at the time of the merger, pay her 2006 bonus in full at the regularly scheduled January 2007 payment date (and all of her previously earned and accrued but deferred bonuses will be paid at that time as well) and, provided that she remains employed through the end of the post-merger transitional period, or such earlier date as the parties mutually agree, Ms. Bouman will be entitled to the change in control benefit under her Transitional Employment Agreement in the aggregate amount of \$853,185, subject to reduction to the extent necessary to avoid such payment being considered an excess parachute payment under Section 280G of the Internal Revenue Code. The change in control benefit will be paid in a lump sum during the month following the first anniversary of the merger completion date, regardless of whether her employment continues after the post-merger transitional period. In the event of Ms. Bouman's death during or after the post-merger transitional period but prior to payment of her change in control benefit, the benefit will be paid to her surviving spouse or other designated beneficiary.

Based on current compensation levels, if the employment of Mr. Clam and Mr. Paris were terminated within six months prior to the merger or within three years after the merger under the circumstances entitling them to the severance payments under their Transitional Employment

Agreements, salary and bonus continuation payments would total approximately \$825,000 for Mr. Clam, subject to reduction to the extent necessary to avoid

such payments being considered excess parachute payments under Section 280G of the Internal Revenue Code, and the salary, director's fee and bonus continuation payments would total approximately \$390,000 for Mr. Paris. In addition to his Transitional Employment Agreement, Mr. Paris has an Agreement Regarding Post-Employment Restrictive Covenants with First Oak Brook, entered into on October 19, 1994 (which will be assumed by MB Financial), under which, in consideration for a covenant not to solicit First Oak Brook customers or employees for two years after termination of employment, Mr. Paris will be entitled to twelve annual payments of \$25,000 following the termination of his employment.

In addition to the Transitional Employment Agreements with Ms. Bouman and Messrs. Clam and Paris, First Oak Brook has Transitional Employment Agreements with four non-executive officers that operate in a manner similar to the agreements with Ms. Bouman and Mr. Clam, except that the agreements with the four non-executive officers provide for severance benefits of salary and health benefits continuation for one-year, as opposed to three years. Based on current compensation levels, if the employment of each of these non-executive officers were terminated within six months prior to the merger or within one year after the merger under the circumstances entitling them to the severance benefits under their Transitional Employment Agreements, such salary continuation payments to all of such officers combined would total approximately \$720,000, subject to reduction to the extent necessary to avoid such payments being considered excess parachute payments under Section 280G of the Internal Revenue Code.

Accelerated Vesting of Stock Options and Restricted Stock Units. As described under *The Merger Agreement Stock Options and Other Stock-Based Awards*, unexercised First Oak Brook stock options will be converted into MB Financial stock options, subject to adjustment to the number of underlying shares and exercise price based on the exchange ratio for the stock portion of the merger consideration, provided that First Oak Brook may elect to offer to cancel these options effective upon the merger in exchange for shares of MB Financial common stock. First Oak Brook director stock units and restricted stock units that are outstanding immediately before the merger will be assumed on the same terms by MB Financial upon completion of the merger, with adjustments to the number of underlying shares based on the exchange ratio. Under the terms of the First Oak Brook 2001 Stock Incentive Plan, all unexercised options to purchase First Oak Brook common stock that are outstanding and unvested prior to the merger will vest in full upon completion of the merger. Under the terms of the First Oak Brook Incentive Compensation Plan, unless provided otherwise in the applicable award agreement between First Oak Brook and the award recipient, all unexercised options to purchase First Oak Brook common stock and all restricted stock units that are outstanding and unvested prior to the merger will vest in full upon completion of the merger. As a result of the merger, First Oak Brook restricted stock units will be paid (that is, the underlying shares will be distributed to the participant) on the second anniversary of the merger completion date, rather than the normal payment date of January of the calendar year following the participant's 59th birthday or, in the case of restricted stock units vesting after age 59, January following the year of vesting.

Based on outstanding awards currently held, if the merger were completed on October 31, 2006, Mr. Rieser, Mr. Clam, Ms. Bouman, Mr. Paris and all directors and executive officers as a group would vest as a result of the merger in options to purchase 20,000, 3,000, 4,000, 0 and 33,000 shares of First Oak Brook common stock, respectively, and in restricted stock units of 0, 1,271, 3,864, 0 and 5,135, respectively.

First Oak Brook Directors Becoming Directors of MB Financial and MB Financial Bank. As indicated under *Board of Directors of MB Financial After the Merger*, Mr. Rieser and First Oak Brook director Charles Gries will be appointed as directors of MB Financial, and Mr. Rieser and First Oak Brook director John Ballantine will be appointed as directors of MB Financial Bank.

Indemnification and Continuance of Officers and Directors Liability Insurance. As described under The Merger Agreement Indemnification and Continuance of Director and Officer Liability Coverage, MB Financial will maintain the existing rights to indemnification of the directors, officers, employees and agents of First Oak Brook with respect to claims pertaining to facts or events occurring at or prior to completion of the merger, which are made, asserted or arise within six years after the merger. MB Financial also has agreed, for a period of six years after completion of the merger, to maintain officers and directors liability insurance to reimburse persons currently covered by First Oak Brook s officers and directors liability insurance policy with respect to claims arising from facts or events occurring prior to completion of the merger.

Stock Listing

Listing of MB Financial Common Stock. It is a condition to the merger that the shares of MB Financial common stock to be issued in connection with the merger be authorized for listing on the Nasdaq Stock Market subject to official notice of issuance.

Delisting of First Oak Brook Common Stock. If the merger is completed, First Oak Brook common stock will be delisted from the Nasdaq Stock Market and deregistered under the Securities Exchange Act of 1934.

Restrictions on Resales by Affiliates

Shares of MB Financial common stock to be issued to First Oak Brook stockholders in the merger have been registered under the Securities Act of 1933, as amended, which we refer to as the Securities Act, and may be traded freely and without restriction by those stockholders not deemed to be affiliates (as that term is defined under the Securities Act) of First Oak Brook. Any subsequent transfer of shares, however, by any person who is an affiliate of First Oak Brook at the time the merger agreement is submitted for a vote of the First Oak Brook stockholders will, under existing law, require either:

the further registration under the Securities Act of the MB Financial common stock to be transferred;

compliance with Rule 145 promulgated under the Securities Act, which permits limited sales under certain circumstances; or

the availability of another exemption from registration.

An affiliate of First Oak Brook is a person who directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, First Oak Brook. These restrictions are expected to apply to the directors and executive officers of First Oak Brook and the holders of 10% or more of the outstanding First Oak Brook common stock. The same restrictions apply to the spouses and certain relatives of those persons and any trusts, estates, corporations or other entities in which those persons have a 10% or greater beneficial or equity interest.

MB Financial will give stop transfer instructions to the exchange agent with respect to the shares of MB Financial common stock to be received by persons subject to these restrictions, and the certificates for their shares will be appropriately legended.

Pursuant to the merger agreement, First Oak Brook has delivered to MB Financial a written agreement of each person believed to be an affiliate of First Oak Brook for purposes of Rule 145 under the Securities Act that is intended to ensure compliance with the Securities Act with respect to any subsequent transfers by such persons of shares of MB Financial common stock received in the merger.

THE MERGER AGREEMENT

The following is a summary of the material provisions of the merger agreement. This summary is qualified in its entirety by reference to the merger agreement, a copy of which is attached as Appendix A to this document and is incorporated into this document by reference. You should read the merger agreement in its entirety, as it is the legal document governing the merger.

The Merger

Each of the MB Financial board of directors and the First Oak Brook board of directors has unanimously approved the merger agreement, which provides for the merger of First Oak Brook into MBFI Acquisition Corp., a wholly owned subsidiary of MB Financial. MBFI Acquisition Corp. will be the surviving corporation in the merger. Each share of MB Financial common stock issued and outstanding at the effective time of the merger will remain issued and outstanding as one share of common stock of MB Financial, and each share of First Oak Brook common stock issued and outstanding at the effective time of the merger will be converted into either cash or MB Financial common stock, as described below. See Merger Consideration. As soon as practicable following the merger, Oak Brook Bank, a wholly owned subsidiary of First Oak Brook, will merge into MB Financial Bank, a wholly owned subsidiary of MB Financial, with MB Financial Bank as the surviving institution. We refer to the merger of our banks as the bank merger.

The merger agreement provides that MB Financial may change the structure of the merger if consented to by First Oak Brook. Without the prior approval of the First Oak Brook board of directors and, if required, the First Oak Brook stockholders, no such change may alter the value amount or kind of merger consideration to be provided under the merger agreement, adversely affect the tax consequences to First Oak Brook stockholders in the merger, or materially impede or delay completion of the merger.

Effective Time and Completion of the Merger

The merger agreement provides generally that unless both MB Financial and First Oak Brook agree to a later date, the filing necessary to make the merger effective, consisting of a certificate of merger to be filed with the Secretary of State of the State of Delaware, will be made on or before the third business day after all of the conditions to completion of the transaction have been satisfied or waived.

We currently expect that the merger will be completed in the fourth quarter of 2006, subject to MB Financial stockholders' approval of the issuance of MB Financial shares in the merger, First Oak Brook stockholders' adoption of the merger agreement, the receipt of all necessary regulatory approvals and the expiration of all regulatory waiting periods. However, completion of the merger could be delayed if there is a delay in obtaining the required regulatory approvals or in satisfying any other conditions to the merger. There can be no assurances as to whether, or when, MB Financial and First Oak Brook will obtain the required approvals or complete the merger. See Conditions to Completion of the Merger.

Merger Consideration

First Oak Brook stockholders will have the opportunity to elect to receive merger consideration in cash, shares of MB Financial common stock, or a combination of MB Financial common stock and cash for their shares of First Oak Brook common stock, subject to the proration provisions described below. A First Oak Brook stockholder also has the right to obtain the appraised value of his or her First Oak Brook shares in lieu of receiving the merger consideration by strictly following the procedures under the Delaware General Corporation Law, as discussed under "The Merger Appraisal Rights," beginning on page [].

The value of the merger consideration will fluctuate with the market price of MB Financial common stock and will be determined based on the average of the closing prices of MB Financial common stock for the five trading days ending on the second trading day before the date of completion of the merger. We sometimes refer to this average price as the **Final MB Financial Share Value**.

Whether a First Oak Brook stockholder makes a cash election or a stock election, the value of the consideration that such stockholder will receive for each share of First Oak Brook common stock will be substantially the same, based on the average MB Financial closing price used to calculate the merger consideration. That value will equal the sum of (1) .8304 multiplied by the Final MB Financial Share Value and (2) \$7.36. A chart showing the cash and stock merger consideration at various assumed average closing prices of MB Financial common stock is provided on page [] of this document.

An election form and transmittal materials will be mailed to First Oak Brook stockholders no more than 40 business days and no less than 20 business days before the anticipated completion date of the merger, as described more fully below under Election Procedures; Surrender of Stock Certificates. First Oak Brook stockholders must return their properly completed and signed election forms and First Oak Brook stock certificates to the exchange agent prior to the election deadline. If you are a First Oak Brook stockholder and you do not return your election form and First Oak Brook stock certificate(s) by the election deadline or improperly complete or do not sign your election form, you will receive cash, shares of MB Financial common stock or a mixture of cash and shares of MB Financial common stock, based on what is available after giving effect to the proper elections made by other First Oak Brook stockholders, as well as the adjustment described below.

If you are a First Oak Brook stockholder, you may specify different elections with respect to different shares held by you (for example, if you have 100 shares, you could make a cash election with respect to 50 shares and a stock election with respect to the other 50 shares).

Cash Election. The merger agreement provides that each First Oak Brook stockholder who makes a valid cash election will have the right to receive, in exchange for each share of First Oak Brook common stock held by such holder, an amount in cash equal to the Per Share Amount (determined as described below), subject to proration as described below. We sometimes refer to this cash amount as the **cash consideration**.

The **Per Share Amount** is defined in the merger agreement as the amount equal to (A) the total number of shares of MB Financial common stock to be issued in the merger, multiplied by (B) the Final MB Financial Share Value, plus (C) the aggregate cash consideration to be paid by MB Financial in the merger, divided by (D) the total number of shares of First Oak Brook common stock to be exchanged in the merger. The Per Share Amount also can be calculated as the sum of (1) .8304 multiplied by the Final MB Financial Share Value and (2) \$7.36. Based on the average of the closing prices of MB Financial common stock for the five trading days ended April 28, 2006 (the second trading day prior to May 2, 2006, the date on which the merger agreement was publicly announced) of \$35.446, if the merger had been completed on May 2, 2006, the per share cash consideration would have been approximately \$36.80. Based on the average of the closing prices of MB Financial common stock for the five trading days ended [], 2006, if the merger had been completed on [], 2006, the per share cash consideration would have been approximately \$[].

The merger agreement provides that the aggregate cash consideration to be paid by MB Financial to all First Oak Brook stockholders in the merger (exclusive of cash paid in lieu of fractional share interests for the stock consideration, as described below) is fixed at \$73,792,729, subject to adjustment as described below. As a result, even if a First Oak Brook stockholder makes a cash election, that holder may nevertheless receive a mix of cash and stock.

Stock Election. The merger agreement provides that each First Oak Brook stockholder who makes a valid stock election will have the right to receive, in exchange for each share of First Oak Brook common stock held, a number of shares of MB Financial common stock equal to the Exchange Ratio (determined as described below), subject to proration as described below. We sometimes refer to such number of shares of MB Financial common stock as the **stock consideration**.

The **Exchange Ratio** is defined in the merger agreement as the quotient, rounded to four decimal places, obtained by dividing the Per Share Amount (determined as described above) by the Final MB Financial Share Value (as described above).

If the merger had been completed on May 2, 2006, then based on the average of the closing prices of MB Financial common stock for the five trading days ended April 28, 2006 (the second trading day prior to May 2,

2006) of \$35.446, the per share stock consideration (i.e., the Exchange Ratio) would have been 1.0382 shares of MB Financial common stock for each First Oak Brook share held. Based on that average MB Financial price, 1.0382 MB Financial shares would have a value of \$36.80, the same as the Per Share Amount that would have been paid as cash consideration. See Cash Election. If the merger had been completed on [], 2006, then based on the average of the closing prices of MB Financial common stock for the five trading days ended [], 2006, the per share stock consideration (i.e., the Exchange Ratio) would have been [] shares of MB Financial common stock for each First Oak Brook share held. Based on that average MB Financial price, [] MB Financial shares would have a value of \$[], the same as the Per Share Amount that would have been paid as cash consideration.

The merger agreement provides that the total number of shares of MB Financial common stock that will be issued in the merger is fixed at 8,325,745, subject adjustment as described below. As a result, even if a First Oak Brook stockholder makes a stock election, that holder may nevertheless receive a mix of cash and stock.

No fractional shares of MB Financial common stock will be issued to any holder of First Oak Brook common stock upon completion of the merger. For each fractional share that would otherwise be issued, MB Financial will pay cash in an amount equal to the fraction multiplied by the Final MB Financial Share Value. No interest will be paid or accrued on cash payable to holders in lieu of fractional shares. The cash to be paid in respect of fractional shares is not included in the aggregate cash amount described above under Cash Election.

Non-Election Shares. If you are a First Oak Brook stockholder and you do not make a written election to receive cash or MB Financial common stock, your election form is not received by the exchange agent by the election deadline, your election form is improperly completed and/or not signed or you fail to surrender your First Oak Brook stock certificate(s) with your election form (or provide a proper notice of guaranteed delivery or required affidavits and indemnification for lost or destroyed certificates, as described under Election Procedures; Surrender of Stock Certificates), you will be deemed not to have made an election. First Oak Brook stockholders not making an election may be paid in only cash, only MB Financial common stock or a mix of cash and shares of MB Financial common stock depending on, and after giving effect to, the number of valid cash elections and stock elections that have been made by other First Oak Brook stockholders using the proration provisions described below.

Adjustments to Aggregate MB Financial Share Amount and Aggregate Cash Consideration. The merger agreement provides that the total number of shares of MB Financial common stock that will be issued for the stock consideration and the total amount of cash that will be paid for the cash consideration will be increased from the initial amounts of 8,325,745 shares and \$73,792,729, respectively, for issuances of First Oak Brook common stock before the completion of the merger pursuant to:

purchases of up to 3,766 shares under First Oak Brook's employee stock purchase plan;

exercises of First Oak Brook stock options outstanding as of the date of the merger agreement; and

conversions of First Oak Brook director stock units or restricted stock units outstanding as of the date of the merger agreement.

In the event of any such issuances, (a) the total number of shares of MB Financial common stock to be issued in the merger will be increased by 1.038 times the product of 80% and the number of additional First Oak Brook shares issued, and (b) the total amount of cash that MB Financial will pay for the cash portion of the merger consideration will be increased by \$36.80 times the product of 20% and the number of additional First Oak Brook shares issued. As of the date of this document, a total of [] additional shares of First Oak Brook common stock have been issued (3,766 pursuant to purchases under the First Oak Brook employee stock purchase plan and [] pursuant to the exercise of First Oak Brook stock options), which, subject to further adjustments for subsequent First Oak Brook stock issuances prior to the merger, increases the total number of shares of MB Financial common stock to be issued in the merger for the stock portion of the merger consideration to [] and increases the total amount of cash to be paid by MB Financial in the merger for the cash portion of the merger consideration to \$[].

The total number of shares of MB Financial common stock that will be issued as stock consideration may be increased, and the aggregate amount of cash that will be paid as cash consideration may be decreased, if such an adjustment is necessary to ensure that the merger qualifies as a reorganization for United States federal income tax purposes as described under The Merger Material U.S. Federal Income Tax Consequences of The Merger. This adjustment will only be made if the aggregate value of the cash consideration to be paid in the merger exceeds 55% of the total value of the merger consideration, based upon the Final MB Financial Share Value. In such case, the cash consideration will be reduced so that it represents 55% of the value of the total merger consideration and the stock consideration will be increased so that it represents 45% of the value of the total merger consideration. This adjustment will not result in a change in the per share value of the merger consideration, which, whether paid in cash or in stock, will be based on the Final MB Financial Share Value.

The total number of shares of MB Financial common stock that will be issued as stock consideration and the aggregate amount of cash that will be paid as cash consideration also are subject to adjustment if MB Financial elects to increase the aggregate stock or cash consideration to prevent First Oak Brook from terminating the merger agreement in the event of a specified decline in the market value of MB Financial common stock relative to the value of a designated market index. See Termination of the Merger Agreement. In addition, the total number of shares of MB Financial common stock that will be issued as stock consideration will be proportionately and appropriately adjusted in the event MB Financial effects a stock split, stock dividend, recapitalization, reclassification or similar event with respect to the outstanding MB Financial common stock, and the applicable record date is before the completion of the merger.

Proration. The total number of shares of MB Financial common stock that will be issued in the merger as stock consideration has been fixed at 8,325,745, subject to adjustment as described above, and the aggregate amount of cash that will be paid by MB Financial in the merger as cash consideration has been fixed at \$73,792,729, subject to adjustment as described above. As a result, if more First Oak Brook stockholders make valid elections to receive either MB Financial common stock or cash than is available as merger consideration under the merger agreement, those First Oak Brook stockholders electing the over-subscribed form of consideration will have the over-subscribed consideration proportionately reduced and will receive a portion of their consideration in the other form, despite their election. The cash and stock elections are subject to adjustment to preserve the limitations described above on the stock and cash to be issued and paid in the merger, which are meant to ensure that approximately 80% of the aggregate merger consideration is paid in shares of MB Financial common stock and that approximately 20% of the aggregate merger consideration is paid in cash. As a result, if you make a cash election or stock election, you may nevertheless receive a mix of cash and stock.

Adjustment if Stock Pool is Oversubscribed

Cash may be issued to First Oak Brook stockholders who make stock elections if the available stock pool is oversubscribed. The total number of shares of First Oak Brook common stock for which valid stock elections are made is referred to as the **Stock Election Number**. The number of shares of First Oak Brook common stock that will be converted into the right to receive stock in the merger, which we refer to as the **Stock Conversion Number**, is equal to the quotient obtained by dividing (1) the total number of shares of MB Financial common stock to be issued in the merger by (2) the Exchange Ratio. For example, if the Exchange Ratio were 1.0382 and the total number of shares of MB Financial common stock to be issued in the merger were 8,345,480 (8,325,745 shares plus 19,735 shares for assumed additional First Oak Brook stock issuances prior to the merger), the Stock Conversion Number would be approximately 8,038,413 ($8,345,480 / 1.0382$), meaning that approximately 8,038,413 shares of First Oak Brook common stock must be converted into the right to receive 1.0382 shares of MB Financial common stock for each First Oak Brook share held, regardless of whether First Oak Brook stockholders have made stock elections with respect to a greater or lesser number of shares of First Oak Brook common stock.

If the Stock Election Number is greater than the Stock Conversion Number, the stock election is oversubscribed. If the stock election is oversubscribed, then:

a First Oak Brook stockholder making a cash election or no election will receive the cash consideration for his or her shares of First Oak Brook common stock; and

a First Oak Brook stockholder making a stock election will receive:

the stock consideration for a number of shares of First Oak Brook common stock equal to the product obtained by multiplying (1) the number of shares of First Oak Brook common stock for which such stockholder has made a stock election by (2) a fraction, the numerator of which is the Stock Conversion Number and the denominator of which is the Stock Election Number; and

the cash consideration for the remaining shares of First Oak Brook common stock for which the stockholder made a stock election.

If an election form designates by stock certificate number the priority in which the stock election shares governed by the election form are to be reallocated to the cash consideration as described above, those stock election shares will be deemed reallocated in accordance with that priority. This may allow a First Oak Brook stockholder to direct that shares of First Oak Brook common stock in which he or she has a lower tax basis or a shorter holding period be allocated the stock consideration before shares in which he or she has a higher tax basis or a longer holding period. If you are a First Oak Brook stockholder, you should consult your own tax advisor prior to the election deadline with regard to making your election and making any such designation on your election form. See Election Procedures; Surrender of Stock Certificates and The Merger Material U.S. Federal Income Tax Consequences of the Merger.

Example of Oversubscription of Stock Pool

Assuming that:

the Stock Conversion Number was 8,038,413, and

the Stock Election Number was 9,000,000 (in other words, only 8,038,413 shares of First Oak Brook common stock can receive the stock consideration, but First Oak Brook stockholders have made stock elections with respect to 9,000,000 shares of First Oak Brook common stock),

then a First Oak Brook stockholder making a stock election with respect to 1,000 shares of First Oak Brook common stock would receive the stock consideration with respect to 893 shares of First Oak Brook common stock ($1,000 \times 8,038,413/9,000,000$) and the cash consideration with respect to the remaining 107 shares of First Oak Brook common stock. Because this example assumes that the Final MB Financial Share Value is equal to \$35.446, resulting in an Exchange Ratio of 1.0382 and a Per Share Amount of \$36.80, the First Oak Brook stockholder would in this instance receive stock consideration of 927 shares of MB Financial common stock (plus \$3.99 in lieu of a .1126 fractional share interest) and cash consideration of approximately \$3,937.60.

Adjustment if the Stock Pool is Undersubscribed

-

Stock may be issued to stockholders who make cash elections if the available stock pool is undersubscribed. If the Stock Election Number is less than the Stock Conversion Number, the stock election is undersubscribed. The amount by which the Stock Election Number is less than the Stock Conversion Number is referred to as the **Shortfall Number**. If the stock election is undersubscribed, then all First Oak Brook stockholders making a stock election will receive the stock consideration for all shares of First Oak Brook common stock as to which they made a stock election. First Oak Brook stockholders making a cash election or no election will receive the stock consideration for the number of shares of First Oak Brook common stock equal to the Shortfall Number, with the stock consideration first being allocated to the non-electing First Oak Brook shares, as described below.

Scenario 1: Undersubscription of Stock Pool and Shortfall Number is Less than or Equal to Number of Non-Election Shares. If the Shortfall Number is less than or equal to the number of non-election shares, then:

a First Oak Brook stockholder making a stock election will receive the stock consideration for each share of First Oak Brook common stock as to which he or she made a stock election;

a First Oak Brook stockholder making a cash election will receive the cash consideration for each share of First Oak Brook common stock as to which he or she made a cash election; and

a First Oak Brook stockholder who made no election will receive:

the stock consideration with respect to the number of shares of First Oak Brook common stock equal to the product obtained by multiplying (1) the number of non-election shares held by such First Oak Brook stockholder by (2) a fraction, the numerator of which is the Shortfall Number and the denominator of which is the total number of non-election shares; and

the cash consideration with respect to the remaining non-election shares held by such stockholder.

Example of Scenario 1

Assuming that:

the Stock Conversion Number is 8,038,413,

the Stock Election Number is 7,000,000 (in other words, 8,038,413 million shares of First Oak Brook common stock must be converted into stock consideration but First Oak Brook stockholders have made stock elections with respect to only 7,000,000 shares of First Oak Brook common stock, so the Shortfall Number is 1,038,413), and

the total number of non-election shares is 2,000,000,

then a First Oak Brook stockholder who has not made an election with respect to 1,000 shares of First Oak Brook common stock would receive the stock consideration with respect to 519 shares of First Oak Brook common stock ($1,000 \times 1,038,413/2,000,000$) and the cash consideration with respect to the remaining 481 shares of First Oak Brook common stock. Because this example, like the previous example, assumes that the Final MB Financial Share Value is equal to \$35.446, resulting in an Exchange Ratio of 1.0382 and a Per Share Amount of \$36.80, the First Oak Brook stockholder would in this instance receive stock consideration of 538 shares of MB Financial common stock (plus \$29.27 in lieu of a .8258 fractional share interest) and cash consideration of approximately \$17,700.80.

Scenario 2: Undersubscription of Stock Pool and Shortfall Number Exceeds Number of Non-Election Shares. If the Shortfall Number exceeds the number of non-election shares, then:

a First Oak Brook stockholder making a stock election will receive the stock consideration for each share of First Oak Brook common stock as to which he or she made a stock election;

a First Oak Brook stockholder who made no election will receive the stock consideration for each share of First Oak Brook common stock; and

a First Oak Brook stockholder making a cash election will receive:

the stock consideration with respect to the number of shares of First Oak Brook common stock equal to the product obtained by multiplying (1) the number of shares of First Oak Brook common stock with respect to which the stockholder made a cash election by (2) a fraction, the numerator of which is equal to the amount by which the Shortfall Number exceeds the number of non-election shares and the denominator of which is equal to the total number of cash election shares; and

cash consideration with respect to the remaining shares of First Oak Brook common stock held by such stockholder as to which he or she made a cash election.

Example of Scenario 2

Assuming that:

the Stock Conversion Number is 8,038,413,

the Stock Election Number is 5,000,000 million (in other words, 8,038,413 shares of First Oak Brook common stock must be converted into the stock consideration but First Oak Brook stockholders have made stock elections with respect to only 5,000,000 million shares of First Oak Brook common stock, so the Shortfall Number is 3,038,413 million),

the number of non-election shares is 2,000,000 (so the Shortfall Number exceeds the number of non-election shares by 1,038,413), and

the number of cash election shares is 3,049,886,

then a First Oak Brook stockholder who has made a cash election with respect to 1,000 shares of First Oak Brook common stock would receive the stock consideration with respect to 340 shares of First Oak Brook common stock ($1,000 \times 1,038,413/3,049,886$) and the cash consideration with respect to the remaining 660 shares of First Oak Brook common stock. Because this example, like the previous examples, assumes that the Final MB Financial Share Value is equal to \$35.446, resulting in an Exchange Ratio of 1.0382 and a Per Share Amount of \$36.80, the First Oak Brook stockholder would in this instance receive stock consideration of 352 shares of MB Financial common stock (plus \$35.02 in lieu of a .988 fractional share interest) and cash consideration of approximately \$24,288.

Stock Options and Other Stock-Based Awards

Each outstanding option to purchase First Oak Brook common stock that has not been exercised prior to completion of the merger, or cancelled in exchange for shares of MB Financial common stock as provided below, will be converted into an option to purchase MB Financial common stock on the same terms as the First Oak Brook option, except that the number of MB Financial shares underlying the converted option will be equal to the number of First Oak Brook shares underlying the option prior to the conversion multiplied by the Exchange Ratio for the stock portion of the merger consideration, rounded up or down to the nearest whole share, and the exercise price of the converted option will be adjusted by dividing the exercise price of the option prior to the conversion by the Exchange Ratio. No later than ten days prior to the anticipated date of completion of the merger, First Oak Brook will have the right, but not the obligation, to permit the holders of outstanding vested First Oak Brook stock options to elect to have all or a designated number of options canceled as of the effective time of the merger, for a per share cancellation price equal to the value of the per share merger consideration payable to First Oak Brook stockholders in the merger less the exercise price per share. This cancellation price will be paid in shares of MB Financial common stock. As of the date of this document, there were outstanding vested options to purchase an aggregate of [] shares of First Oak Brook common stock at a weighted average exercise price of \$[] per share. On the same date, options on an additional [] First Oak Brook shares with a weighted average exercise price of \$[] per share were unvested.

First Oak Brook director stock units and restricted stock units that are outstanding immediately before the merger will be assumed on the same terms by MB Financial upon completion of the merger, except that the number of MB Financial shares underlying the units after the merger will be equal to the number of First Oak Brook shares underlying the units prior to the merger multiplied by the Exchange Ratio. As of the date of this document, there were outstanding [] director stock units and [] restricted stock units.

Election Procedures; Surrender of Stock Certificates

An election form together with transmittal material for surrendering First Oak Brook stock certificates will be mailed no more than 40 business days and no less than 20 business days before the anticipated completion date of the merger (or on such earlier date as to which MB Financial and First Oak Brook may mutually agree) to each

holder of record of First Oak Brook common stock as of the fifth business day prior to the mailing date of the election form and transmittal materials (referred to as the election form record date). First Oak Brook will use reasonable efforts to make available up to two separate election forms, or such additional election forms as MB Financial may permit, to all persons who become holders of record of First Oak Brook common stock between the election form record date and the second business day prior to the election deadline referred to below. The election form will entitle First Oak Brook stockholders to elect to receive in exchange for their shares of First Oak Brook common stock, subject to the proration provisions of the merger agreement, cash, shares of MB Financial common stock or a combination of both, or to elect no preference with respect to the merger consideration that they wish to receive. The election form also will enable First Oak Brook stockholders electing the stock consideration for all or a portion of their First Oak Brook shares to designate, by stock certificate number, the priority in which their stock election shares are to be reallocated to the cash consideration in accordance with the proration provisions of the merger agreement in the event the available pool of stock consideration is oversubscribed. See Merger Consideration-Proration-Adjustment if Stock Pool is Oversubscribed. This may allow a First Oak Brook stockholder to direct that shares of First Oak Brook common stock in which he or she has a lower tax basis or a shorter holding period be allocated the stock consideration before shares in which he or she has a higher tax basis or a longer holding period. If you are a First Oak Brook stockholder, you are urged to consult your personal tax advisor prior to making your election and making any such priority designation. See The Merger Material U.S. Federal Income Tax Consequences of the Merger.

To make a valid election, a First Oak Brook stockholder must submit a properly completed election form to LaSalle Bank, N.A. (or such other financial institution mutually agreed upon by MB Financial and First Oak Brook), the exchange agent for the merger, at or before 5:00 p.m., Central time, on the 25th day following the mailing of the election form unless such deadline is extended by MB Financial and First Oak Brook. An election form will be deemed properly completed only if accompanied by certificates representing all shares of First Oak Brook common stock covered by the election form (or customary affidavits and indemnification for lost or destroyed certificates, as discussed below, or by a proper notice of guaranteed delivery, as described below). **First Oak Brook stockholders should not forward their First Oak Brook stock certificates with their proxy cards. Election forms will be mailed to First Oak Brook stockholders at a later date. First Oak Brook stock certificates should be returned to the exchange agent in accordance with the instructions contained in the election form.** First Oak Brook stockholders who hold their shares in street name through a bank, broker or other nominee should follow the instructions of the bank, broker or other nominee for making an election and should consult with their personal tax advisors with respect to making any priority designation to the bank, broker or other nominee of identifiable blocks of shares of First Oak Brook common stock as to which they have made a stock election in the event the available pool of stock consideration is oversubscribed.

A First Oak Brook stockholder may change or revoke his or her election at any time prior to the election deadline by providing written notice that is actually received by the exchange agent prior to the election deadline. The certificate(s) relating to any revoked election form will be promptly returned, without charge, to the First Oak Brook stockholder. First Oak Brook stockholders who hold their shares in street name through a bank, broker or other nominee should follow the instructions of the bank, broker or other nominee for changing or revoking an election. All elections will be revoked automatically and all previously surrendered First Oak Brook stock certificates will be returned to their holders if the merger agreement is terminated.

If certificates for First Oak Brook common stock are not immediately available or time will not permit the election form and other required documents to reach the exchange agent prior to the election deadline, a valid election may be made provided that:

elections are made by or through a member firm of the National Association of Securities Dealers, Inc., or another registered national securities exchange, or by a commercial bank or trust company having an office, branch or agency in the United States;

the exchange agent receives, prior to the election deadline, a properly completed and duly executed notice of guaranteed delivery substantially in the form provided with the election form; and

the exchange agent receives, prior to the third business day after the election deadline, the certificates for all exchanged First Oak Brook shares, or confirmation of the delivery of all such certificates into the exchange agent's account with The Depository Trust Company in accordance with the proper procedures for such transfer, together with a properly completed and duly executed election form and any other documents required by the election form.

If you are a First Oak Brook stockholder and you have a preference for receiving either MB Financial common stock and/or cash for your First Oak Brook common stock, you should properly complete and return the election form before the election deadline (or follow the instructions of your bank, broker or other nominee if your shares are held in street name). If you do not submit a properly completed election form prior to the election deadline, your shares will be treated as non-election shares, in which case you will be allocated MB Financial common stock and/or cash depending on the proper elections made by other First Oak Brook stockholders.

Within five business days after the completion of the merger, the exchange agent will send to each First Oak Brook stockholder who properly surrendered his or her stock certificate(s) to the exchange agent with an election form by the election deadline, the applicable cash and/or stock consideration to which the stockholder is entitled, without interest, including a check for any cash in lieu of a fractional share interest.

Within five business days after the date of completion of the merger, the exchange agent will send transmittal materials for surrendering stock certificates to each First Oak Brook stockholder who did not properly surrender his or her certificate(s) to the exchange agent by the election deadline. Upon proper surrender of the stockholder's certificate(s) to the exchange agent in accordance with the transmittal materials, the exchange agent will promptly send to the stockholder the applicable cash and/or stock consideration to which the stockholder is entitled, without interest, including a check for any cash in lieu of a fractional share interest.

Holders of unsurrendered certificates evidencing shares of First Oak Brook common stock to be exchanged for shares of MB Financial common stock will not be entitled to receive any dividends or other distributions with a record date after the completion of the merger payable with respect to MB Financial common stock until after their First Oak Brook stock certificates are properly surrendered. When those certificates are surrendered, any unpaid dividends or distributions with respect to MB Financial common stock will be paid, without interest.

If your First Oak Brook stock certificates have been either lost, stolen or destroyed, you will have to prove your ownership of these certificates and that they were lost, stolen or destroyed before you receive any consideration for your shares. You may also be required, in the discretion of MB Financial and/or the exchange agent, to post an indemnity bond at your expense. Upon request, the exchange agent will send you instructions on how to provide evidence of ownership.

Any portion of the cash or shares of MB Financial common stock made available to the exchange agent that remains unclaimed by First Oak Brook stockholders for six months after the completion of the merger will be returned to MB Financial, subject to abandoned property, escheat and other similar laws. Any First Oak Brook stockholder who has not exchanged shares of First Oak Brook common stock for the merger consideration in accordance with the merger agreement before that time may look only to MB Financial for payment of the merger consideration for those shares and any unpaid dividends or distributions after that time. Nonetheless, neither MB Financial nor the exchange agent will be liable to any First Oak Brook stockholder for any amount properly delivered to a public official under applicable abandoned property, escheat or other similar laws.

First Oak Brook Rights Plan

The First Oak Brook board of directors has amended the First Oak Brook Rights Agreement dated as of May 4, 1999 to provide that the merger and related transactions will not cause the stock purchase rights attached to each outstanding share of First Oak Brook common stock to separate or otherwise become exercisable. The First Oak Brook board of directors will further amend the First Oak Brook Rights Agreement to provide that the rights attached to the outstanding shares of First Oak Brook common stock will terminate upon completion of the merger. MB Financial does not have a stockholder rights plan.

Conduct of Business Pending the Merger

Pursuant to the merger agreement, First Oak Brook and MB Financial have agreed to certain restrictions on their activities until the merger is completed or terminated. In general, both companies have agreed not to knowingly and voluntarily take any actions that would result in a breach of their respective representations and warranties or obligations under the merger agreement, that would result in the merger not qualifying as a reorganization under Section 368 of the Internal Revenue Code or that would result in any of the conditions to completion of the merger not being satisfied, except as otherwise permitted under the agreement. MB Financial has also agreed not to amend its charter or bylaws in a way that would materially and adversely affect the rights or powers of its stockholders generally or to knowingly and voluntarily take any other action that could materially delay or affect MB Financial's ability to complete the merger. First Oak Brook has also agreed that, in addition to the other restrictions set forth in the merger agreement, it will conduct its business in the usual course consistent with past practice and use reasonable best efforts to preserve intact its business organization, employees and business relationships. First Oak Brook has further agreed that it will not, and will not permit any of its subsidiaries to, undertake any of the following activities, among others, without the prior written consent of MB Financial, subject to the exceptions noted below and the exceptions set forth in the merger agreement:

issue any additional shares of capital stock, stock options or other rights to acquire capital stock, other than (1) pursuant to the exercise of stock options outstanding as of the date of the merger agreement, the purchase of up to 3,766 shares under First Oak Brook's employee stock purchase plan and the conversion of First Oak Brook director stock units and restricted stock units outstanding on the date of the merger agreement, and (2) the issuance of stock options at fair market value or restricted stock units to newly hired officers consistent with past practice vesting over a five-year period and without acceleration of vesting for the merger;

issue any other capital securities, including trust preferred or other similar securities, or other securities, debentures or subordinated notes;

pay any dividends or other distributions on its capital stock, other than the payment by First Oak Brook of regular quarterly cash dividends of not more than \$0.18 per share and other than dividends from wholly owned subsidiaries;

Third Party Proposals

First Oak Brook has agreed that it will not initiate, solicit, encourage or knowingly facilitate any inquiries or proposals relating to, or engage in any negotiations or discussions with or provide any nonpublic information to any person concerning, any third party proposal for a merger or consolidation with, purchase or lease of substantially all of the assets of, purchase of securities representing 20% or more of the voting power of, or any similar transaction involving, First Oak Brook or Oak Brook Bank (referred to as an alternative proposal).

Notwithstanding this agreement, if First Oak Brook receives an unsolicited written alternative proposal that First Oak Brook's board of directors concludes in good faith is or may be more favorable from a financial point of view to First Oak Brook stockholders than the merger with MB Financial (referred to as a superior proposal), First Oak Brook may provide information to and negotiate with the third party which submitted the alternative proposal if First Oak Brook's board of directors determines in good faith, after receiving advice of its outside legal counsel, that the failure to do so may violate the board's fiduciary duties under Delaware law. In order to constitute a superior proposal, an alternative proposal which would entail the acquisition of the stock of First Oak Brook or Oak Brook

Bank must be for the acquisition of at least 50.1% of the outstanding voting power. First Oak Brook must promptly notify MB Financial of any alternative proposal received and apprise it of any related developments.

First Oak Brook's pursuit of a superior proposal could result in First Oak Brook's owing MB Financial a termination fee of \$13.0 million in cash. See Termination of the Merger Agreement.

Waiver; Amendment

MB Financial and First Oak Brook can agree to amend the merger agreement and each of them can waive their right to require the other party to adhere to the terms and conditions of the merger agreement, where law allows. However, no amendment or waiver of the merger agreement may change the amount or form of consideration to be received by First Oak Brook stockholders in the merger without the approval of the stockholders of First Oak Brook or MB Financial to the extent required by applicable law.

Termination of the Merger Agreement

MB Financial and First Oak Brook can jointly agree to terminate the merger agreement at any time. Either company may also terminate the merger agreement:

if the other company materially breaches its representations and warranties or obligations under the merger agreement and does not cure the violation within 30 days after being notified of the breach, provided that the party seeking termination is not itself in material breach of the merger agreement;

if a regulatory or other governmental authority does not permit completion of the merger or the bank merger, provided that the denial is not due to the failure of the company seeking termination to fulfill

its obligations under the merger agreement, or a court or other governmental body issues a final, non-appealable order prohibiting the merger or the bank merger;

if MB Financial's stockholders do not approve the MB Financial share issuance in the merger at the MB Financial special meeting or if First Oak Brook's stockholders do not adopt the merger agreement at the First Oak Brook special meeting, provided that termination under this clause will not be effective if, under the circumstances described below, MB Financial seeks to terminate as a result of First Oak Brook's board of directors changing its recommendation that First Oak Brook stockholders vote in favor of adopting the merger agreement or First Oak Brook seeks to terminate as a result of MB Financial's board of directors changing its recommendation that MB Financial stockholders vote in favor of approving the issuance of MB Financial shares in the merger; or

if the merger has not been completed by December 31, 2006, unless the company seeking termination is in material breach of the merger agreement.

In addition to the circumstances described above, MB Financial will be entitled to terminate the merger agreement:

within five business days after MB Financial receives a report from an independent environmental expert (to be delivered by July 15, 2006) concluding that, in its good faith estimation, First Oak Brook would be required to expend more than \$3.5 million for remediation and/or penalties relating to environmental problems at its headquarters facility; or

if First Oak Brook's board of directors withdraws, modifies or qualifies in any manner adverse to MB Financial the board's recommendation that First Oak Brook stockholder's vote in favor of adoption of the merger agreement and First Oak Brook's stockholders fail to adopt the merger agreement at the First Oak Brook special meeting (or the meeting is not held), provided that this termination right does not apply if, prior to the First Oak Brook special meeting, MB Financial's stockholders failed to approve the MB Financial share issuance in the merger at the MB Financial special meeting. If MB Financial terminates the merger agreement under this circumstance, First Oak Brook must pay MB Financial a \$13.0 million termination fee as liquidated damages.

First Oak Brook can also terminate the merger agreement:

if MB Financial's board of directors fails to recommend that MB Financial stockholders approve the MB Financial share issuance in the merger or withdraws, modifies or qualifies that recommendation in any manner adverse to First Oak Brook and MB Financial's stockholders fail to approve the MB Financial share issuance at the MB Financial special meeting (or the meeting is not held), provided that this termination right does not apply if, prior to the MB Financial special meeting, First Oak Brook's stockholders failed to adopt the merger agreement at the First

Oak Brook special meeting. If First Oak Brook terminates the merger agreement under this circumstance, MB Financial must pay First Oak Brook a \$13.0 million termination fee as liquidated damages unless First Oak Brook has sued MB Financial for willful material breach of the merger agreement;

prior to the First Oak Brook special meeting in order to enter into an agreement for a proposed third party acquisition of First Oak Brook determined by the First Oak Brook board of directors in good faith to be more favorable than the merger with MB Financial to First Oak Brook stockholders from a financial point of view which is not matched by MB Financial, provided that First Oak Brook concurrently pays MB Financial a \$13.0 million termination fee as liquidated damages; or

if (1) the average closing price per share of MB Financial common stock over the five-trading day period ending on the last trading day before the date on which the last required regulatory approval for the merger and bank merger has been received (referred to as the **determination date**) is less than \$29.24, **and** (2) the number obtained by dividing the average closing price referred to in clause (1) by \$35.446, which was the average closing price of MB Financial common stock for the five-day trading

period ended April 28, 2006 (referred to as the **start date**), is less than the quotient obtained by dividing the price of the SNL Midwest Bank Index on the determination date by \$633.64, which was the price of the SNL Midwest Bank Index on the start date (referred to as the **index ratio**), minus 0.175. If conditions (1) and (2) occur, First Oak Brook may notify MB Financial of its intention to terminate the agreement within ten business days after the determination date. MB Financial may prevent termination of the merger agreement by electing within five business days to pay additional merger consideration, in the form of MB Financial common stock, cash or a combination of both, pursuant to the formula described below.

The amount of the additional merger consideration must be such that the aggregate value of the total number of shares of MB Financial common stock to be issued in the merger (prior to any adjustment for the additional consideration) plus the value of the additional consideration (whether paid in cash or stock) will be no less than the **lesser** of (A) the product of \$29.24 and the total number of shares of MB Financial common stock to be issued in the merger (prior to any adjustment for the additional consideration) and (B) the product of (i) the index ratio and (ii) \$35.446 multiplied by the total number of shares of MB Financial common stock to be issued in the merger (prior to any adjustment for the additional consideration).

First Oak Brook will also be required to pay MB Financial a \$13.0 million termination fee if, within one year after MB Financial exercises its right to terminate the merger agreement due to an uncured material breach of First Oak Brook's representations and warranties or obligations for which it has not sued First Oak Brook for willful material breach, First Oak Brook enters into a definitive agreement for, or completes, a change in control of First Oak Brook or Oak Brook Bank or substantially all of the assets of either entity.

Employee and Benefit Plan Matters

The merger agreement calls for MB Financial to assume and continue most of First Oak Brook's employee benefit plans and arrangements, though MB Financial reserves the right to amend or terminate these plans and arrangements. Effective May 1, 2006, no additional employee contributions may be made to the First Oak Brook employee stock purchase plan, which will be terminated immediately prior to the merger. The First Oak Brook Director Stock Plan, under which directors may elect to have their fees paid in First Oak Brook common stock or deferred in the form of director stock units, was amended effective May 1, 2006 to provide that director fees payable after that date may not be paid in First Oak Brook common stock or in director stock units under the Director Stock Plan; instead, fees deferred under the Director Stock Plan will be credited with earnings at the same hypothetical investment return provided under the First Oak Brook Executive Deferred Compensation Plan (which will be honored and assumed by MB Financial upon completion of the merger), payable in cash at the time director stock units are payable. The First Oak Brook Director Stock Plan will be terminated immediately prior to the merger, and outstanding director stock units will be assumed by MB Financial. See Stock Options and Other Stock-Based Awards.

The merger agreement requires MB Financial to provide or cause to be provided to each continuing full-time employee of First Oak Brook and its subsidiaries the opportunity to participate without a waiting period (with participation commencing on the next entry date in the case of a qualified plan) in each MB Financial employee benefit and welfare plan which is generally available to similarly situated employees of MB Financial and its subsidiaries on a uniform and non-discriminatory basis. These continuing employees will be given credit for past service in determining eligibility for participation and vesting of benefits and, only with respect to severance and vacation plans, accrual of benefits. Continuing employees will not be subject to any waiting periods under the group health plan of MB Financial to the extent those periods are longer than the waiting periods under the First Oak Brook group health plan and MB Financial has agreed to use its reasonable efforts to cause its health insurance carrier to cover pre-existing conditions that were previously covered for a continuing employee under the First Oak Brook group health plan.

The merger agreement provides that before the merger completion date, First Oak Brook is to determine and award, consistent with past practice, pro rata employee bonuses (not to exceed the corresponding pro rata portion of the agreed-upon \$3.0 million bonus pool for all recipients) with respect to that portion of calendar year 2006 ending on the last day of the calendar month preceding the merger completion date. In January 2007, MB

Financial is to determine and award bonuses with respect to the remaining months of 2006, the recipients and amounts of which to be determined consistent with the pro rata bonuses awarded by First Oak Brook. First Oak Brook employees who are terminated, other than for cause or due to voluntary resignation by the employee, on or after the merger completion date but prior to the date on which MB Financial pays the bonuses awarded by it for the remainder of 2006 will be entitled to the remaining portion of their 2006 bonus through the month end prior to their termination date.

Transitional Severance Plan. On May 1, 2006, First Oak Brook adopted its Transitional Severance Plan, to be effective upon the completion date of the merger. The Transitional Severance Plan provides generally for severance benefits to be paid to eligible employees of First Oak Brook whose employment is terminated on or within one year after the merger completion date, either by the employer other than for cause or by the employee due to a reduction in base pay after the merger or a required office relocation after the merger of more than 25 miles. The severance benefit will be four weeks of base pay plus an additional week of base pay for each full year of service, subject to a minimum of 12 weeks and a maximum of 26 weeks base pay for employees who are not senior officers and a minimum of 26 weeks and a maximum of 52 weeks base pay for employees who are senior officers. The severance benefit will be paid in installments on MB Financial's regular pay dates. The severance pay provided under the Transitional Severance Plan will be reduced by the amount of any unemployment compensation received by the terminated employee during the period the severance pay is payable, and by the amount of any other severance benefits provided to the employee.

Indemnification and Continuance of Director and Officer Liability Coverage

The merger agreement provides that after the merger, MB Financial and its subsidiaries must maintain the rights to indemnification of the officers, employees, directors and agents of First Oak Brook and its subsidiaries to the maximum extent permitted under the certificate of incorporation and bylaws of First Oak Brook and the charter and bylaws of Oak Brook Bank and under applicable law with respect to claims pertaining to facts or events occurring at or prior to completion of the merger which are made, asserted or arise prior to or within six years after the merger. MB Financial or a subsidiary of MB Financial also is required to advance expenses to the fullest extent permitted by law to any individual having a right of indemnification. MB Financial also has agreed, for a period of six years after completion of the merger, to maintain officers and directors liability insurance to reimburse persons currently covered by First Oak Brook's officers and directors liability insurance policy with respect to claims arising from facts or events occurring prior to completion of the merger. The terms of the insurance are to be at least as favorable as the current First Oak Brook policy; however, MB Financial is not required to expend in the aggregate during the coverage period more than an amount equal to 250% of the annual premium most recently paid by First Oak Brook. If MB Financial is unable to maintain or obtain the insurance required, MB Financial must use its reasonable best efforts to obtain as much comparable insurance as is available for the amount specified, which may be in the form of tail coverage, or may request First Oak Brook to obtain tail coverage at its expense prior to completion of the merger.

Expenses

All expenses incurred in connection with the merger will be paid by the party incurring the expenses, except that MB Financial and First Oak Brook will each pay one-half of the costs (excluding legal and accounting fees) incurred in connection with the preparation of this document (including copying and printing) and except that MB Financial has paid the filing fee for the Registration Statement on Form S-4 of which this document is a part and is responsible for paying the fees for all other filings for the merger with governmental authorities.

**UNAUDITED PRO FORMA COMBINED CONDENSED
CONSOLIDATED FINANCIAL INFORMATION**

The following is the unaudited pro forma combined condensed consolidated financial information for MB Financial and First Oak Brook, giving effect to the merger. The unaudited pro forma combined condensed consolidated balance sheet as of March 31, 2006 gives effect to the merger as if it occurred on that date. The unaudited pro forma combined condensed consolidated income statements for the three months ended March 31, 2006 and the year ended December 31, 2005 give effect to the merger as if it occurred on January 1, 2006 and 2005, respectively.

In the transaction, First Oak Brook will merge with and into MBFI Acquisition Corp., a wholly owned subsidiary of MB Financial, with MBFI Acquisition Corp. as the surviving entity. First Oak Brook stockholders will receive, in exchange for each share of First Oak Brook common stock they hold, consideration with a value equal to the sum of (1) 0.8304 multiplied by the average of the closing prices of MB Financial common stock for the five consecutive trading days ending on the second trading day before the date of completion of the merger and (2) \$7.36. Each First Oak Brook stockholder will be entitled to elect to receive their merger consideration in the form of MB Financial common stock, cash or a combination of both, subject to limitations and prorations such that the aggregate merger consideration will be paid approximately 80% in MB Financial common stock and approximately 20% in cash. The total number of shares MB Financial will issue and the total amount of cash MB Financial will pay in the transaction have been fixed at approximately 8.3 million shares and \$73.8 million, respectively, subject to adjustment as provided in the merger agreement. See The Merger Agreement Merger Consideration-Adjustments to Aggregate MB Financial Share Amount and Aggregate Cash Consideration.

MB Financial expects that it will incur merger and integration charges as a result of the merger. The pro forma combined condensed consolidated financial information, while helpful in illustrating the financial characteristics of the combined company under one set of assumptions, may not reflect all of these anticipated financial expenses and does not reflect any possible financial benefits and, accordingly, does not attempt to predict or suggest future results. It also does not necessarily reflect what the historical results of the combined company would have been had our companies been combined during the periods presented.

The merger will be accounted for under the purchase method of accounting. Under the purchase method of accounting, the assets and liabilities of First Oak Brook, as of the completion date of the merger, will be recorded at their fair values and the excess of purchase price over the fair value of net assets will be allocated to goodwill. Financial statements of MB Financial issued after the consummation of the merger will reflect such values and will not be restated retroactively to reflect the historical position or results of operations of First Oak Brook. The operating results of First Oak Brook will be reflected in MB Financial's consolidated financial statements from and after the date the merger is completed.

The final allocation of the purchase price will be determined after the merger is completed and after completion of thorough analyses to determine the fair values of First Oak Brook's tangible and identifiable intangible assets and liabilities as of the date the merger is completed. In addition, estimates of merger-related charges are subject to final decisions related to combining the companies. Any change in the fair value of the net assets of First Oak Brook will change the amount of the purchase price allocable to goodwill. Additionally, changes to First Oak Brook's stockholders' equity, including net income and changes in the market value of MB Financial's common stock through the date the merger is completed, will also change the amount of goodwill recorded. As a result, the final adjustments may be materially different from the unaudited pro forma adjustments used in preparing the unaudited pro forma combined condensed consolidated financial information presented herein. The unaudited pro forma adjustments used in preparing the unaudited pro forma combined condensed consolidated financial information are described in greater detail in the notes thereto.

The unaudited pro forma combined condensed consolidated financial information is based on, and should be read together with, the historical consolidated financial statements and related notes of MB Financial incorporated into this document by reference from its Current Report on Form 8-K filed on June 1, 2006 and of First Oak Brook incorporated into this document by reference from its Annual Report on Form 10-K for the year ended December 31, 2005.

In the first quarter of 2006, MB Financial adopted Statement of Financial Accounting Standards No. 123R, Share-Based Payment (SFAS 123R), using modified retrospective application. As a result of using modified retrospective application, certain historical MB Financial information has been restated. The pro forma information provided for MB Financial below reflects the retrospective application of SFAS 123R.

Notes to Unaudited Pro Forma Combined Condensed Consolidated Financial Statements

Note 1 Basis of Presentation

The unaudited pro forma combined condensed consolidated financial information has been prepared assuming that the merger will be accounted for under the purchase method of accounting. The unaudited pro forma combined condensed consolidated statement of earnings for the year ended December 31, 2005 and three months ended March 31, 2006, is presented as if the merger occurred at the beginning of the period. The unaudited pro forma combined condensed balance sheet as of March 31, 2006 is presented as if the merger occurred as of that date. This information is not intended to reflect the actual results that would have been achieved had the merger actually occurred on those dates. MB Financial is in the process of completing its review of First Oak Brook's accounting policies. After this review is completed, MB Financial might determine that it is necessary to restate certain amounts in the financial statements of First Oak Brook to conform to MB Financial's accounting policies.

Certain historical data of First Oak Brook has been reclassified on a pro forma basis to conform to MB Financial's classifications. The common stock in the unaudited pro forma combined condensed consolidated balance sheet has been adjusted to reflect the par value amount of shares of MB Financial.

Note 2 Purchase Price

Under the terms of the merger agreement, approximately 80% of the shares of First Oak Brook common stock will be exchanged for shares of MB Financial common stock (with cash paid in lieu of fractional share interests), and approximately 20% of the shares of First Oak Brook common stock will be exchanged for cash. Assuming that, after the date of the merger agreement and prior to the completion of the merger, a total of 75,849 shares of First Oak Brook common stock are issued pursuant to purchases under the First Oak Brook employee stock purchase plan (3,766 shares) and conversions of director stock units (44,785 shares) and restricted stock units (27,298 shares), MB Financial will issue approximately 8.4 million shares of common stock in the merger, resulting in approximately 36.8 million shares of common stock outstanding after the merger, and pay aggregate cash consideration in the merger of approximately \$74.4 million. The foregoing assumption does not reflect any shares of First Oak Brook common stock that may be issued pursuant to stock option exercises after the date of the merger agreement and prior to completion of the merger, which will also result in proportionate increases in the number of MB Financial shares issued and amount of cash consideration paid in the merger.

Note 3 Allocation of Purchase Price of First Oak Brook

Under purchase accounting, First Oak Brook's assets and liabilities and any identifiable intangible assets are required to be adjusted to their estimated fair values. The estimated fair values have been determined by MB Financial based upon available information. MB Financial cannot be sure that such estimated values represent the fair value that would ultimately be determined as of the merger date. The following are the pro forma adjustments made to record the transaction and to adjust First Oak Brook's assets and liabilities to their estimated fair values at March 31, 2006.

Purchase Price of First Oak Brook (in thousands):	
Market value (assuming market value per share of \$35.45) of MB Financial common stock to be issued	\$ 297,404
Cash to be paid	74,351
Transaction costs, net of tax of \$5,215	11,435
	\$ 383,190
Historical net assets of First Oak Brook as of March 31, 2006	\$ 132,484
Fair market value adjustments as of March 31, 2006	
Loans (Adjustment Note B)	\$ (19,292)
Premises and Equipment (Adjustment Note B)	15,231
Goodwill (Adjustment Note B)	241,226
Core deposit intangibles (Adjustment Note B)	24,331
Junior subordinated debt issued to capital trusts (Adjustment Note B)	(5,686)
Deferred taxes on purchase accounting adjustments	(5,104)
	\$ 383,190
Deferred taxes on purchase accounting adjustments netted with the deferred taxes on transaction costs (Adjustment Note B)	\$ 111

All of the other asset and liability categories are either variable rate or short-term in nature and fair market value adjustments were considered to be immaterial to the financial presentation. The purchase price above includes cash paid and MB Financial common stock issued for the First Oak Brook shares issued prior to the merger under the First Oak Brook employee stock purchase plan, director stock units and restricted stock units but not for any exercises of First Oak Brook stock options that may occur prior to completion of the merger. See Note 2. Cash to be paid excludes cash to be paid in lieu of fractional share interests for the stock portion of the merger consideration.

The purchase price adjustments are subject to further refinement, including the determination of a core deposit intangible and its life for amortization purposes. For pro forma presentation purposes only, MB Financial has included an estimated core deposit intangible calculated as 3.0% of non-time deposits. In accordance with Statement of Financial Accounting Standards No. 141, Business Combinations and No. 142,

Goodwill and Other Intangible Assets, goodwill and intangible assets with indefinite lives are not amortized for acquisitions initiated after June 30, 2001; therefore, no goodwill amortization is presented in the pro forma financial statements. However, the core deposit intangible will be amortized over its estimated useful life and recorded as a charge to operations.

Adjustment Note C in the adjustments to the pro forma combined condensed consolidated financial information results in the elimination of First Oak Brook's stockholders' equity and reflects the issuance of MB Financial shares in the merger.

Note 4 Merger Costs of First Oak Brook

The table below reflects MB Financial's current estimate, for purposes of pro forma presentation, of the aggregate estimated merger costs of \$11.4 million (net of \$5.2 million of taxes, computed using the combined federal and state tax rate of 35%) expected to be incurred in connection with the acquisition. While a portion of these costs may be required to be recognized over time, the current estimate of these costs, primarily comprised of anticipated cash charges, include the following (in thousands):

Professional fees	\$	750(1)
Investment banker fees		4,000(2)
Severance		3,000
Data processing		500
Signage		200
Marketing		200
Change of control payments		6,000
Other		2,000
Pre-tax transactions costs		16,650
Taxes		5,215
Total transaction costs	\$	11,435

(1) None of this amount is tax deductible.

(2) Of this amount, \$1.0 million is not tax deductible.

MB Financial's cost estimates are forward-looking. While the costs represent MB Financial's current estimate of merger costs associated with the merger that will be incurred, the ultimate level and timing of recognition of these costs will be based on the final integration in connection with consummation of the merger. Readers are cautioned that the completion of this integration and other actions that may be taken in connection with the merger will impact these estimates. The type and amount of actual costs incurred could vary materially from these estimates if future developments differ from the underlying assumptions used by management in determining the current estimate of these costs.

Note 5 Sources of Funds

MB Financial intends to finance approximately \$50 million (Adjustment Note A) of the cash portion of the purchase price by issuing trust preferred securities and fund the remaining \$41 million (Adjustment Note A) of the cash portion of the purchase price and transaction costs through internal cash resources through the normal course of operations by an assumed \$15.0 million (Adjustment Note A) increase in short-term borrowings and an assumed \$26.0 million (Adjustment Note A) reduction in Fed Funds sold.

For purposes of the pro forma combined condensed consolidated financial information, trust preferred securities are assumed to be issued at a rate of 7%, resulting in interest expense of \$863 thousand (Adjustment Note E) for the three months ended March 31, 2006 and \$3.5 million (Adjustment Note E) for the year ended December 31, 2005.

For purposes of the pro forma combined condensed consolidated financial information, the increased short-term borrowings are assumed to be at a rate of 5%, resulting in interest expense of \$185 thousand (Adjustment Note E) for the three months ended March 31, 2006 and \$750 thousand (Adjustment Note E) for the year ended December 31, 2005. The assumed reduction in Fed Funds sold (assumed at a rate of 5%) is \$320 thousand (Note E) for the three months ended March 31, 2006 and \$1.3 million (Note E) for the year ended December 31, 2005.

Note 6 Pro Forma Condensed Combined Statement of Income Adjustments

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

For purposes of determining the pro forma effect of the merger on the statement of income, the following pro forma adjustments have been made as if the acquisition occurred as of January 1, 2005 and 2006 (in thousands):

	For the three months ended March 31, 2006		For the year ended December 31, 2005	
Yield adjustment for income on loans (Adjustment Note D)	\$	1,549	\$	5,914
Yield adjustment for income on investments (Adjustment Note D)		1,351		5,186
Amortization of core deposit intangible (Adjustment Note D)		(912)		(3,578)
Yield adjustment for interest expense on junior subordinated debt (Adjustment Note D)		285		1,137
Amortization of fixed assets (Adjustment Note D)		(63)		(254)
	\$	2,210	\$	8,405
Tax effect of pro forma adjustments		773		2,942
	\$	1,437	\$	5,463

Taxes were adjusted for pro forma purposes at a 35% rate for all income statement adjustments.

Basic and dilutive average shares outstanding (Adjustment Note F) were calculated by adding the shares assumed to be issued by MB Financial in the merger (8.4 million shares) to the historical average MB Financial shares outstanding for the three months ended March 31, 2006 and for the year ended December 31, 2005.

The following assumptions were used for purposes of determining the pro forma effect of the merger on the statement of income. In accordance with Statement of Financial Accounting Standards No. 142, Goodwill and Other Intangible Assets, goodwill will not be amortized, but will be reviewed for impairment at least annually.

	Weighted Average Remaining Term/ Useful Life (years)	Method of Amortization or Accretion
Loans	4.8	Accelerated
Investments	5	Accelerated
Non time deposits	10	Accelerated

The board of directors of MB Financial is authorized to designate the series and the number of shares comprising such series, the dividend rate on the shares of such series, the redemption rights, if any, any purchase, retirement or sinking fund provisions, any

The ability of MB Financial's board of directors to approve the issuance of preferred or other stock without stockholder approval could make an acquisition by an unwanted suitor of a controlling interest in MB Financial more difficult, time-consuming or costly, or otherwise discourage an attempt to acquire control of MB Financial.

Shares of preferred or other stock redeemed or acquired by MB Financial may return to the status of authorized but unissued shares, without designation as to series, and may be reissued by MB Financial upon approval of its board of directors.

Other Anti-Takeover Provisions

Pursuant to Delaware law, First Oak Brook may pay dividends on its common stock out of its surplus or, if there is no surplus, out of its net profits for the fiscal year in which the dividend is declared and/or for the preceding fiscal year. from voting shares in excess of this limit.

State Law. The Maryland General Corporation Law contains a control share acquisition statute which, in general terms, provides that where a stockholder acquires issued and outstanding shares of a corporation's voting stock (referred to as control shares) within one of several specified ranges (one-tenth or more but less than one-third, one-third or more but less than a majority, or a majority or more), approval by stockholders of the control share acquisition must be obtained before the acquiring stockholder may vote the control shares. The required stockholder vote is two-thirds of all votes entitled to be cast, excluding interested shares, defined as shares held by the acquiring person, officers of the corporation and employees who are also directors of the corporation. A corporation may, however, opt-out of the control share statute through a charter or bylaw provision, which MB Financial has done pursuant to its bylaws. Accordingly, the Maryland control share acquisition statute does not apply to acquisitions of shares of MB Financial common stock. Though not expected, MB Financial could decide to become subject to the Maryland control share acquisition statute by amending its bylaws to eliminate the opt-out provision. See Amendment of Corporate Governance Documents.

Amendment of Charter and Bylaws

Amendment of Charter. MB Financial's charter generally may be amended upon approval by the board of directors and the holders of a majority of the outstanding shares of MB Financial common stock. The amendment of certain provisions of MB Financial's charter, however, requires the vote of at least 80% of the outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class. These include provisions relating to: voting limitations on 14.9% or greater stockholders; the prohibition on stockholder action by written consent; the call of special stockholders' meetings; the number, classification, election and removal of directors; certain business combinations with greater than 14.9% stockholders; the prevention of greenmail; indemnification of directors and officers; limitation on liability of directors and officers; and amendments to the certificate of incorporation and bylaws. MB Financial's charter provides by its terms that it may be amended by MB Financial's board of directors, without a stockholder vote, to change the number of shares of capital stock authorized for issuance. Such an amendment to First Oak Brook's certificate of incorporation requires stockholder approval in addition to action by the board of directors.

Amendment of Charter. First Oak Brook's certificate of incorporation generally may be amended upon approval by the board of directors and the holders of a majority of the outstanding shares of First Oak Brook common stock. The amendment of certain provisions of First Oak Brook's certificate of incorporation, however, requires the vote of at least 75% of the outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class. These include provisions relating to: the number, classification, election and removal of directors; filling vacancies in the board of directors; prohibition on stockholders acting without a meeting; and amendment of the bylaws.

Amendment of Bylaws. MB Financial's bylaws may be amended either by the board of directors, by a vote of a majority of the whole board, or by MB Financial's stockholders, by the vote of the holders of 80% of the outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class.

Amendment of Bylaws. First Oak Brook's bylaws may be amended either by the board of directors or by First Oak Brook's stockholders by the vote of the holders of 75% of the outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class.

Business Combinations With Certain Persons

Charter Provision. MB Financial's charter provides that certain business combinations (e.g., mergers, share exchanges, significant asset sales and significant stock issuances) involving interested stockholders of MB Financial require, in addition to any vote required by law, the approval of at least 80% of the voting power of the outstanding shares of stock entitled to vote generally in the election of directors, voting together as a single class, unless either (i) a majority of the disinterested directors have approved the business combination or (ii) certain fair price and procedure requirements are satisfied. An interested stockholder generally means a person who is a greater than 14.9% stockholder of MB Financial or who is an affiliate of MB Financial and at any time within the past two years was a greater than 14.9% stockholder of MB Financial.

State Law. The Maryland General Corporation Law contains a business combination statute that prohibits a business combination between a corporation and an interested stockholder (one who beneficially owns 10% or more of the voting power) for a period of five years after the interested stockholder first becomes an interested stockholder, unless the transaction has been approved by the board of directors before the interested stockholder became an interested stockholder or the corporation has exempted itself from the statute pursuant to a charter provision. After the five-year period has elapsed, a corporation subject to the statute may not consummate a business combination with an interested stockholder unless (1) the transaction has been recommended by the board of directors and (2) the transaction has been approved by (a) 80% of the outstanding shares entitled to be cast and (b) two-thirds of the votes entitled to be cast other than shares owned by the interested stockholder. This approval

Charter Provision. Unlike the MB Financial charter, First Oak Brook's certificate of incorporation does not contain a business combination provision.

State Law. Section 203 of the Delaware General Corporation Law provides that if a person acquires 15% or more of the stock of a Delaware corporation, thereby becoming an interested stockholder (for purposes of Section 203), that person may not engage in certain business combinations with the corporation for a period of three years unless (1) the board of directors approved the acquisition of stock or the business combination transaction prior to the time that the person became an interested stockholder; (2) the person became an interested stockholder and 85% owner of the voting stock of the corporation in the same transaction, excluding voting stock owned by directors who are also officers and certain employee stock plans; or (3) the business combination transaction is approved by the board of directors and by the affirmative vote of two-thirds of the outstanding voting stock which is not owned by the interested stockholder at an annual or special meeting.

requirement need not be met if certain fair price and terms criteria have been satisfied. MB Financial has opted-out of the Maryland business combination statute through a provision in its charter.

A Delaware corporation may elect not to be governed by Section 203. First Oak Brook has not made such an election. Section 203 does not apply to the MB Financial-First Oak Brook merger.

Stockholder Rights Plans

MB Financial does not currently have a stockholder rights plan.

Pursuant to a Rights Agreement dated as of May 4, 1999, each outstanding share of First Oak Brook common stock has attached to it one right to

MB Financial

First Oak Brook

MB Financial's charter generally prohibits MB Financial from acquiring any of its own equity securities from a beneficial owner of 5% or more of MB Financial's voting stock unless: (i) the acquisition is approved by the holders of at least 80% of MB Financial's voting stock not owned by the seller, voting together as a single class; (ii) the acquisition is made as part of a tender or exchange offer by MB Financial or a subsidiary of MB Financial to purchase securities of the same class on the same terms to all holders of such securities; (iii) the acquisition is pursuant to an open market purchase program approved by a majority of the board of directors, including a majority of the disinterested directors; or (iv) the acquisition is at or below the market price of the MB Financial common stock and is approved by a majority of the board of directors, including a majority of the disinterested directors.

acquire First Oak Brook preferred stock or other securities that generally will separate and become exercisable in the event any person or group acquires 15% or more of the outstanding shares of First Oak Brook common stock, causing substantial dilution to the acquiring person. The rights plan is intended to encourage anyone seeking to acquire First Oak Brook to negotiate with its board of directors prior to attempting a takeover. The First Oak Brook board of directors amended the First Oak Brook Rights Agreement to provide that the merger and related transactions will not cause the rights to separate or otherwise become exercisable. The First Oak Brook board of directors will further amend the First Oak Brook Rights Agreement to provide that the rights attached to the outstanding shares of First Oak Brook common stock will terminate upon completion of the merger.

Prevention of Greenmail

No such provision is contained in First Oak Brook's certificate of incorporation or bylaws.

Super-Majority Stockholder Vote for Mergers, Acquisitions and Certain Other Transactions

MB Financial's charter and bylaws do not contain any provision requiring a super-majority vote for mergers and similar transactions, except with respect to business combinations with greater than 14.9% stockholders under certain circumstances. See

Business Combinations with Certain Persons. In addition, except for matters which under MB Financial's charter require a super-majority stockholder vote, MB Financial's charter specifically provides that notwithstanding any provision of law requiring action by stockholders by a vote of greater than a majority of the outstanding shares entitled to vote, the action will be valid if approved by the holders of at least a majority of the outstanding shares entitled to vote.

First Oak Brook's certificate of incorporation and bylaws do not contain any provision requiring a super-majority vote for mergers and similar transactions.

Non-Stockholder Constituency Provision

MB Financial's charter provides that when evaluating any offer of another person to (1) make a tender or exchange offer for any equity security of MB Financial, (2) merge or consolidate MB Financial with another corporation or entity or (3) acquire all or substantially all of the properties and assets of MB Financial, or when evaluating any other transaction which would or may involve a change in control of MB Financial, MB Financial's board of directors may, in exercising its business judgment as to what is in the best interests of MB Financial and its stockholders and in making any recommendation to MB Financial's stockholders, give due consideration to all relevant factors, including, but not limited to:

No such provision is contained in First Oak Brook's certificate of incorporation or bylaws.

the immediate and long-term economic effect upon MB Financial's stockholders, including stockholders, if any, who do not participate in the transaction;

the social and economic effect on the employees, creditors and customers of, and others dealing with, MB Financial and its subsidiaries and on the communities in which MB Financial and its subsidiaries operate or are located;

whether the proposal is acceptable based on the historical, current or projected future operating results or financial condition of MB Financial;

whether a more favorable price could be

obtained for MB Financial's stock or other securities in the future;

the reputation and business practices of the other entity to be involved in the transaction and its management and affiliates as they would affect the employees of MB Financial and its subsidiaries;

the future value of the stock or any other securities of MB Financial or the other entity to be involved in the proposed transaction;

any antitrust or other legal and regulatory issues that are raised by the proposal;

the business and historical, current or projected future financial condition or operating results of the other entity to be involved in the proposed transaction, including, but not limited to, debt service and other existing financial obligations, financial obligations to be incurred in connection with the proposed transaction, and other likely financial obligations of the other entity to be involved in the proposed transaction; and

the ability of MB Financial to fulfill its objectives as a financial institution holding company and on the ability of its subsidiary financial institution(s) to fulfill the objectives of a federally insured financial institution.

If MB Financial's board of directors determines that any proposed transaction of the type described above should be rejected, it may take any lawful action to defeat the transaction, including, but not limited to, any or all of the following:

advising stockholders not to accept the proposal;

instituting litigation against the party making the proposal;

filing complaints with governmental and regulatory authorities;

MB Financial

acquiring the stock or any other securities of MB Financial;

increasing the authorized capital stock of MB Financial;

selling or otherwise issuing authorized but unissued stock, other securities or granting options or rights with respect to authorized but unissued stock;

acquiring a company to create an antitrust or other regulatory problem for the party making the proposal; and

obtaining a more favorable offer from another individual or entity.

First Oak Brook

Action By Stockholders Without a Meeting

MB Financial's bylaws provide that, except as described in the following sentence, any action required or permitted to be taken at a meeting of stockholders may instead be taken without a meeting if a unanimous written consent which sets forth the action is signed by each stockholder entitled to vote on the matter. The bylaws also provide that, unless MB Financial's charter provides otherwise, the holders of any class of MB Financial stock, other than common stock, that is entitled to vote generally in the election of directors may act by written consent without a meeting if the consent is signed by the holders entitled to cast the minimum number of votes that would be necessary to approve the action at a meeting of stockholders.

First Oak Brook's certificate of incorporation provides that any action required or permitted to be taken by the holders of First Oak Brook common stock must be effected at a duly called annual or special meeting of stockholders and may not be effected by written consent.

Special Meetings of Stockholders

MB Financial's bylaws provide that special meetings of stockholders may be called by MB Financial's board of directors by vote of a majority of the whole board. In addition, MB Financial's bylaws provide that a special meeting of stockholders shall be called by the Secretary of MB Financial on the written request of stockholders entitled to cast at least a majority of all votes entitled to be cast at the meeting.

First Oak Brook's bylaws provide that special meetings of stockholders may be called by the board of directors or by any officer instructed by the board of directors to call the meeting.

MB Financial

First Oak Brook

Limitation on Directors and Officers Liability

Consistent with Maryland law, MB Financial's charter provides that an officer or director of MB Financial may not be liable to MB Financial or its stockholders for money damages, except to the extent:

it is proved that the person actually received an improper benefit, for the amount of the benefit; or

a final judgment or adjudication against the person is based on a finding that the person's action, or failure to act, was the result of active and deliberate dishonesty and was material to the cause of action against the person; or

otherwise provided by the Maryland General Corporation Law.

First Oak Brook's certificate of incorporation contains a provision limiting the personal liability of directors to the extent permitted by the Delaware General Corporation Law, which provides that no director will be personally liable to the company or its stockholders for monetary damages for any breach of fiduciary duty except as follows:

(1) A director may be liable under Section 174 of the Delaware General Corporation Law, which creates liability for unlawful payment of dividends and unlawful stock purchases or redemptions; and

(2) A director also may be liable for:

breaching his or her duty of loyalty to the company or its stockholders;

for acts and omissions not in good faith or which involve intentional misconduct or a knowing violation of law; or

deriving an improper personal benefit from a transaction with the company.

Indemnification

The Maryland General Corporation Law permits a corporation to indemnify its directors, officers, employees and agents against judgments, penalties, fines, settlements and reasonable expenses actually incurred unless it is proven that (1) the conduct of the person was material to the matter giving rise to the proceeding and the person acted in bad faith or with active and deliberate dishonesty, (2) the person actually received an improper personal benefit or (3) in the case of a criminal proceeding, the person had reason to believe that his conduct was unlawful. The Maryland General Corporation Law provides that where a person is a defendant in a derivative proceeding, the person may not be indemnified if the person is found liable to the corporation. The Maryland General Corporation Law also provides that a person may not be indemnified in respect of any

Under the Delaware General Corporation Law, a corporation may indemnify its directors, officers, employees and certain other individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with specified actions, suits or proceedings arising because of the person's relationship to the corporation. Generally, the indemnification will cover expenses regardless of whether the action stems from a civil, criminal, administrative or investigative proceeding if the individual acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful. A similar standard applies in an action or suit by or in the right

proceeding alleging improper personal benefit in
which the person was found liable on the grounds that
personal benefit was improperly

of the corporation (i.e., a stockholder derivative claim)
except that indemnification only extends to expenses
(including attorneys' fees) incurred in the defense or
settlement of such a

received. The person found liable in the derivative proceeding or in the proceeding alleging improper personal benefit may petition a court to nevertheless order indemnification for expenses if the court determines that the person is fairly and reasonably entitled to indemnification in view of all the relevant circumstances. Similar to the Delaware General Corporation Law, the Maryland General Corporation Law provides that unless otherwise provided in the corporation's charter, a director or officer (but not an employee or agent) who is successful on the merits or otherwise in defense of any proceeding must be indemnified against reasonable expenses.

The Maryland General Corporation Law provides that reasonable expenses incurred by a director, officer, employee or agent who is a party to a proceeding may be paid by the corporation in advance of the final disposition of the proceeding if the corporation receives a written affirmation from the person to receive the advancement of that person's good faith belief that he or she has met the standard of conduct necessary for indemnification and a written undertaking by the person to repay the advanced amount if it is ultimately determined that he or she has not met the standard of conduct.

MB Financial's charter provides that MB Financial will indemnify and advance expenses to its directors and officers to the fullest extent required or permitted by the Maryland General Corporation Law. MB Financial's charter also provides that MB Financial may indemnify other employees and agents to the extent authorized by its Board of Directors and permitted by law. MB Financial's charter further provides, consistent with the Maryland General Corporation Law, that the rights to indemnification and to the advancement of expenses conferred by MB Financial's charter are not exclusive of any other right which a person may have under any statute, the charter, MB Financial's bylaws, any agreement, any vote of stockholders or the Board of Directors, or otherwise.

First Oak Brook

proceeding. In cases involving the right of the corporation, the Delaware General Corporation Law requires court approval before there can be any indemnification when the person seeking the indemnification has been found liable to the corporation. To the extent that a person otherwise eligible to be indemnified is successful on the merits or otherwise in defense in any action, suit or proceeding described above, indemnification for expenses (including attorneys' fees) actually and reasonably incurred is mandatory under the Delaware General Corporation Law.

The Delaware General Corporation Law provides that a corporation may pay the expenses incurred by a director or officer in defending a proceeding in advance of the final disposition of that proceeding, provided that the corporation has received from the director or officer a written undertaking to repay the amount advanced if it is ultimately determined that the director or officer is not entitled to be indemnified for the expenses.

First Oak Brook's certificate of incorporation provides that First Oak Brook shall, to the fullest extent permitted by the Delaware General Corporation Law, indemnify any and all persons whom it has the power to indemnify against any and all liabilities referred to in the applicable section of the Delaware General Corporation Law, and advance expenses to officers and directors to the extent permitted by the Delaware General Corporation Law. First Oak Brook's certificate of incorporation also provides that the First Oak Brook board of directors may approve the advancement of expenses to employees and agents. First Oak Brook's certificate of incorporation further provides, consistent with Delaware law, that the right to indemnification and advancement of expenses conferred by First Oak Brook's certificate of incorporation is not exclusive of any other right which a person may have under First Oak Brook's bylaws, any agreement, any vote of stockholders or disinterested directors, or otherwise.

MB Financial**First Oak Brook****Appraisal Rights**

The Maryland General Corporation Law provides that, except in connection with a transaction governed by the Maryland business combination statute or exempted from that statute pursuant to the statute's fair price provisions, a stockholder is not entitled to demand the fair value of his or her shares of stock in any transaction if the stock is listed on a national securities exchange or the Nasdaq Stock Market National Market system or Capital Market system. Because, as described under Business Combinations with Certain Persons, MB Financial has opted-out of the Maryland business combination statute through a charter provision, and since MB Financial common stock is listed on the Nasdaq Stock Market, the holders of MB Financial common stock are not entitled to appraisal rights under any circumstances, regardless of the form of consideration to be paid for their shares.

Under the Delaware General Corporation Law, stockholders of a corporation who are voting on a merger or consolidation generally are entitled to dissent from the transaction and obtain payment of the fair value of their shares (so-called appraisal rights). Appraisal rights do not apply if, however, (1) the shares are listed on a national securities exchange or the Nasdaq Stock Market National Market system or are held by 2,000 or more holders of record and (2) except for cash in lieu of fractional share interests, the shares are being exchanged for the shares of the surviving corporation of the merger or the shares of any other corporation, which shares of such other corporation will, as of the effective date of the merger or consolidation, be listed on a national securities exchange or the Nasdaq Stock Market National Market system or held of record by more than 2,000 holders.

Because First Oak Brook stockholders may be required to accept cash for at least part of the consideration paid for their shares, First Oak Brook stockholders are entitled to appraisal rights in connection with the merger. See The Merger Appraisal Rights.

Stockholder Inspection Rights

Under the Maryland General Corporation Law, only a holder or group of holders of 5% or more of the corporation's stock for at least six months has the right to inspect the corporation's stock ledger, list of stockholders and books of account. Stockholders who have held their shares for less than six months and holders of fewer than 5% of the shares are entitled to inspect the corporation's bylaws, stockholder minutes, annual statement of affairs and any voting trust agreements.

The Delaware General Corporation Law provides that any stockholder, regardless of the number of shares held and how long he or she has held his or her shares, generally has the right to inspect the corporation's stock ledger, list of stockholders and other books and records, provided he or she has a proper purpose for doing so and satisfies certain procedural requirements.

To be considered for presentation at MB Financial's 2007 annual meeting, although not included in MB Financial's proxy materials for that meeting, a stockholder proposal must be received by MB Financial's Secretary by not earlier than the close of business on December 27, 2006 and not later than the close of business on January 26, 2007. If, however, the date of the 2007 annual meeting is before April 6, 2007 or after June 25, 2007, a stockholder proposal must instead be received by MB Financial's Secretary not earlier than the close of business on the 120th day prior to the date of the 2007 annual meeting and not later than the close of business on the later of the 90th day before the date of the 2007 annual meeting or the tenth day following the first to occur of the day on which notice of the date of the 2007 annual meeting is mailed or the day on which public announcement of the date of the 2007 annual meeting is first made by MB Financial.

First Oak Brook

First Oak Brook will hold an annual meeting of stockholders in 2007 only if the merger has not already been completed. To be considered for presentation at First Oak Brook's 2007 annual meeting, if held, but not for inclusion in First Oak Brook's proxy materials for that meeting, a stockholder proposal must be received by First Oak Brook no later than January 2, 2007. 2.3 Effective Date. (d) Merger Consideration. The consideration that any one FOBB shareholder may receive pursuant to Article III is referred to herein as the Merger Consideration and the

consideration that all of the FOBB shareholders are entitled to receive pursuant to Article III is referred to herein as the Aggregate Merger Consideration .

(e) Certain Additional Defined Terms Relating to Merger Consideration. For purposes of this Agreement, the following terms shall have the following meanings:

(i) Aggregate Cash Amount means, subject to Sections 3.2(g), the aggregate of (1) \$73,792,729, (2) such additional amount of cash as shall equal \$36.80 multiplied by the product of 20% and the number of shares of FOBB Common Stock that are issued, from and after the date hereof and prior to the Effective Time, pursuant to (A) purchases under the FOBB Employee Stock Purchase Plan, but only to the extent set forth in Section 7.16(b) or the exercise of FOBB Options outstanding as of the date hereof and (B) the conversion of DSUs and RSUs outstanding as of the date hereof to shares of FOBB Common Stock (collectively the Additional FOBB Shares), and (3) the Additional Consideration under Section 9.1(j)(ii) that is in the form of cash.

(iii) Aggregate MBFI Share Amount shall, subject to Section 3.2(g), be equal to the aggregate of (1) 8,325,745 shares of MBFI Common Stock, (2) such additional number of shares of MBFI Common Stock as shall equal 1.038 multiplied by the product of 80% and the number of Additional FOBB Shares and (3) the Additional Consideration under Section 9.1(j)(ii) that is in the form of MBFI Common Stock.

(iv) Exchange Ratio means that number of shares of MBFI Common Stock as shall be obtained by dividing the Per Share Amount by the Final MBFI Share Value, rounded to the nearest one ten-thousandth of a share.

(v) Final MBFI Share Value means the arithmetic average of the 4:00 p.m. Eastern Time closing sales prices of MBFI Common Stock reported on the Nasdaq for the five consecutive trading days immediately preceding but not including the trading day prior to the Effective Date.

(vi) Final Transaction Value means the sum of (A) the Aggregate Cash Amount and (B) the product obtained by multiplying the Aggregate MBFI Share Amount by the Final MBFI Share Value.

(vii) Per Share Amount means the amount obtained by dividing the Final Transaction Value by the Aggregate FOBB Share Amount.

(f) Adjustment to Aggregate MBFI Share Amount. In the event MBFI changes (or establishes a record date for changing) the number of, or provides for the exchange of, shares of MBFI Common Stock issued and outstanding prior to the Effective Time as a result of a stock split, stock dividend, recapitalization, reclassification, or similar transaction with respect to the outstanding MBFI Common Stock and the record date therefor shall be prior to the

Effective Time, the Aggregate MBFI Share Amount shall be proportionately and appropriately adjusted.

(g) Dissenting Shares.

(i) Each outstanding share of FOBB Common Stock the holder of which has perfected his right of appraisal under the DGCL and has not effectively withdrawn or lost such right as of the Effective Time (the Dissenting Shares) shall not be converted into or represent a right to receive the Merger Consideration, and the holder thereof shall be entitled only to such rights as are granted by the DGCL. FOBB shall give MBFI prompt notice upon receipt by FOBB of any such demands for payment of the fair value of such shares of FOBB Common Stock and of withdrawals of such notice and any other instruments provided pursuant to applicable law (any shareholder duly making such demand being hereinafter called a Dissenting Shareholder), and MBFI shall have the right to participate in all negotiations and proceedings with respect to any such demands. FOBB shall not, except with the prior written consent of MBFI, voluntarily make any payment with respect to, or settle or offer to settle, any such demand for payment, or waive any failure to timely deliver a written demand for appraisal or the taking of any other action by such Dissenting Shareholder as may be necessary to perfect appraisal rights under the DGCL. Any payments made in respect of Dissenting Shares shall be made in cash by the Surviving Corporation.

(ii) If any Dissenting Shareholder shall effectively withdraw or lose (through failure to perfect or otherwise) his right to such payment at or prior to the Effective Time, such holder's shares of FOBB Common Stock shall be converted into a right to receive cash or MBFI Common Stock in accordance with the applicable provisions of this Article III. If such holder shall effectively withdraw or lose (through failure to perfect or otherwise) his right to such payment after the Effective Time (or the Election Deadline), each share of FOBB Common Stock of such holder shall be treated as a Non-Election Share.

(h) Cancellation of FOBB Common Stock. After the Effective Time, shares of FOBB Common Stock shall be no longer outstanding and shall automatically be canceled and shall cease to exist, and shall thereafter by operation of this Section 3.1 represent the right to receive the Merger Consideration (or as to Dissenting Shares, such rights as provided by the DGCL) and any dividends or distributions with respect thereto or any dividends or distributions with a record date prior to the Effective Time that were declared or made by FOBB on such shares of FOBB Common Stock in accordance with the terms of this Agreement on or prior to the Effective Time and which remain unpaid at the Effective Time.

3.2 Election Procedures.

(a) General Provisions. Holders of FOBB Common Stock may elect to receive shares of MBFI Common Stock or cash (in either case without interest) in exchange for their shares of FOBB Common Stock in accordance with the procedures set forth herein. Shares of FOBB Common Stock as to which a Cash Election (including pursuant to a Mixed Election) has been made are referred to herein as Cash Election Shares. Shares of FOBB Common Stock

as to which a Stock Election has been made (including pursuant to a Mixed Election) are referred to as Stock Election Shares. Shares of FOBB Common Stock as to which no election has been made (or as to which an Election Form is not returned properly completed) are referred to herein as Non-Election Shares. For purposes of this Article III, any Dissenting Shares shall be deemed to be Cash Election Shares, and the holders thereof shall in no event receive consideration comprised of MBFI Common Stock with respect to such shares; provided; however, that for purposes of making the proration calculations provided for in this Section 3.2, only Dissenting Shares as existing at the Effective Time shall be deemed Cash Election Shares.

(b) Election Form and Transmittal Materials. An election form and other appropriate and customary transmittal materials (which shall specify that delivery shall be effected, and risk of loss and title to Certificates shall pass, only upon proper delivery of such Certificates to the Exchange Agent), in such form as FOBB and MBFI shall mutually agree (Election Form), shall be mailed no more than 40 business days and no less than 20 business days prior to the anticipated Effective Date or on such earlier date as MBFI and FOBB shall mutually agree (the Mailing Date) to each holder of record of FOBB Common Stock as of five business days prior to the Mailing Date (the Election Form Record Date). Each Election Form shall permit such holder, subject to the allocation and election procedures set forth in this Section 3.2, (i) to elect to receive the Cash Consideration for all of the shares of FOBB Common Stock held by such holder, (ii) to elect to receive the Stock Consideration for all of such shares, (iii) elect to receive the Stock Consideration for a part of such holder's FOBB Common Stock and the Cash Consideration for the remaining part of such holder's FOBB Common Stock, or (iv) to indicate that such record holder has no preference as to the receipt of cash or MBFI Common Stock for such shares. A holder of record of shares of FOBB Common Stock who holds such shares as nominee, trustee or in another representative capacity (an Agent) may submit multiple Election Forms, provided that each such Election Form covers all the shares of FOBB Common Stock held by such Agent for a particular beneficial owner. Any shares of FOBB Common Stock with respect to which the holder thereof shall not, as of the Election Deadline, have made an election by submission to the Exchange Agent of an effective, properly completed Election Form shall be deemed Non-Election Shares.

(c) Election Deadline. To be effective, a properly completed Election Form shall be submitted to the Exchange Agent on or before 5:00 p.m., Central time, on the 25th day following the Mailing Date (or such other time and date as MBFI and FOBB may mutually agree) (the Election Deadline); provided, however, that the Election Deadline may not occur on or after the Effective Date. FOBB shall use its reasonable efforts to make available up to two separate Election Forms, or such additional Election Forms as MBFI may permit, to all Persons who become holders of record of FOBB Common Stock between the Election Form Record Date and the close of business on the 2nd business day prior to the Election Deadline. FOBB shall provide to the Exchange Agent all information reasonably necessary for it to perform as specified herein. An election shall have been properly made only if the Exchange Agent shall have actually received a properly completed Election Form by the Election Deadline. An Election Form shall be deemed properly completed only if accompanied by one or more Certificates (or customary affidavits and indemnification regarding the loss or destruction of such Certificates or the guaranteed delivery of such Certificates) representing all shares of FOBB Common Stock covered by such Election Form, together with duly executed transmittal materials included with the Election Form. If an FOBB shareholder either (i) does not submit a

properly completed Election Form in a timely fashion or (ii) revokes its Election Form prior to the Election Deadline (without later submitting a properly completed Election Form prior to the Election Deadline), the shares of FOBB Common Stock held by such shareholder shall be designated as Non-Election Shares. Any Election Form may be revoked or changed by the Person submitting such Election Form to the Exchange Agent by written notice to the Exchange Agent only if such notice of revocation or change is actually received by the Exchange Agent at or prior to the Election Deadline. MBFI shall cause the Certificate or Certificates relating to any revoked Election Form to be promptly returned without charge to the Person submitting the Election Form to the Exchange Agent. Subject to the terms of this Agreement and of the Election Form, the Exchange Agent shall have discretion to determine when any election, modification or revocation is received and whether any such election, modification or revocation has been properly made. All elections shall be revoked automatically if the Exchange Agent is notified in writing by MBFI or FOBB, upon exercise by MBFI or FOBB of its respective or their mutual rights to terminate this Agreement to the extent provided under Section 9.1, that this Agreement has been terminated in accordance with Section 9.1.

(d) Stock Conversion Number. Notwithstanding any other provision contained in this Agreement, the total number of shares of FOBB Common Stock to be converted into Stock Consideration pursuant to Section 3.1(c)(ii) (the Stock Conversion Number) shall be equal to the quotient obtained by dividing (x) the Aggregate MBFI Share Amount by (y) the Exchange Ratio. All of the other shares of FOBB Common Stock shall be converted into Cash Consideration (in each case, excluding shares of FOBB Common Stock to be canceled as provided in Section 3.1(b)).

(e) Excess Stock Election Shares. If the aggregate number of shares of FOBB Common Stock with respect to which Stock Elections shall have been made (the Stock Election Number) exceeds the Stock Conversion Number, then all Cash Election Shares and all Non-Election Shares of each holder thereof shall be converted into the right to receive the Cash Consideration, and Stock Election Shares of each holder thereof will be converted into the right to receive the Stock Consideration in respect of that number of Stock Election Shares equal to the product obtained by multiplying (x) the number of Stock Election Shares held by such holder by (y) a fraction, the numerator of which is the Stock Conversion Number and the denominator of which is the Stock Election Number, with the remaining number of such holder's Stock Election Shares being converted into the right to receive the Cash Consideration.

(f) Excess Cash Election Shares. If the Stock Election Number is less than the Stock Conversion Number (the amount by which the Stock Conversion Number exceeds the Stock Election Number being referred to herein as the Shortfall Number), then all Stock Election Shares shall be converted into the right to receive the Stock Consideration and the Non-Election Shares and Cash Election Shares shall be treated in the following manner:

(i) If the Shortfall Number is less than or equal to the number of Non-Election Shares, then all Cash Election Shares shall be converted into the right to receive the Cash Consideration and the Non-Election Shares of each holder thereof shall convert into the right to receive the Stock Consideration in respect of that number of Non-Election Shares equal to the product obtained by multiplying (x) the number of Non-Election Shares held by such holder by (y) a fraction, the numerator of which is the Shortfall Number and the denominator of

which is the total number of Non-Election Shares, with the remaining number of such holder's Non-Election Shares being converted into the right to receive the Cash Consideration; or

(ii) If the Shortfall Number exceeds the number of Non-Election Shares, then all Non-Election Shares shall be converted into the right to receive the Stock Consideration and Cash Election Shares of each holder thereof shall convert into the right to receive the Stock Consideration in respect of that number of Cash Election Shares equal to the product obtained by multiplying (x) the number of Cash Election Shares held by such holder by (y) a fraction, the numerator of which is the amount by which (1) the Shortfall Number exceeds (2) the total number of Non-Election Shares and the denominator of which is the total number of Cash Election Shares, with the remaining number of such holder's Cash Election Shares being converted into the right to receive the Cash Consideration.

(g) Adjustment to Preserve Tax Treatment. In the event that the quotient obtained by dividing (x) the product of (i) the Aggregate MBFI Share Amount and (ii) the Final MBFI Share Value by (y) the sum of the Aggregate Cash Amount and the product of (i) the Aggregate MBFI Share Amount and (ii) the Final MBFI Share Value, is less than 0.45, the Aggregate MBFI Share Amount shall be increased by the Share Adjustment Amount (as defined in this Section 3.2.(g)) and the Aggregate Cash Amount shall be decreased by the product of (x) the Final MBFI Share Value and (y) the Share Adjustment Amount, where the Share Adjustment Amount shall be equal to the quotient obtained by dividing (x) the difference obtained by subtracting (i) the product of (a) 0.45 and (b) the sum of the Aggregate Cash Amount and the product of (1) the Aggregate MBFI Share Amount and (2) the Final MBFI Share Value from (ii) the product of (a) the Aggregate MBFI Share Amount and (b) the Final MBFI Share Value by (y) the Final MBFI Share Value. In the event that the Aggregate MBFI Share Amount and the Aggregate Cash Amount are adjusted as provided for in this Section 3.2.(g), all references in this Agreement to the Aggregate MBFI Share Amount and the Aggregate Cash Amount shall refer to the Aggregate MBFI Share Amount and the Aggregate Cash Amount as adjusted in this Section 3.2.(g).

(h) No Fractional Shares. Notwithstanding anything to the contrary contained herein, no certificates or scrip representing fractional shares of MBFI Common Stock shall be issued upon the surrender for exchange of Certificates, no dividend or distribution with respect to MBFI Common Stock shall be payable on or with respect to any fractional share interest, and such fractional share interest shall not entitle the owner thereof to vote or to any other rights of a shareholder of MBFI. In lieu of the issuance of any such fractional share, MBFI shall pay to each former holder of FOBB Common Stock who otherwise would be entitled to receive a fractional share of MBFI Common Stock, an amount in cash, rounded to the nearest cent and without interest, equal to the product of (i) the fraction of a share to which such holder would otherwise have been entitled and (ii) the Final MBFI Share Value. For purposes of determining any fractional share interest, all shares of FOBB Common Stock owned by a FOBB shareholder shall be combined so as to calculate the maximum number of whole shares of MBFI Common Stock issuable to such FOBB shareholder.

3.3 Delivery of Merger Consideration to Exchange Agent: Payment of Merger Consideration Relating to Certificates Surrendered at or Prior to the Election Deadline. Prior to the Effective Time, MBFI shall deliver to the Exchange Agent the Aggregate Merger

Consideration (less the Cash Consideration applicable to Dissenting Shares) which shall consist of (i) certificates representing the Aggregate MBFI Share Amount and (ii) the Aggregate Cash Amount less the Cash Consideration applicable to Dissenting Shares (collectively, the Exchange Fund). On an as required basis, MBFI shall promptly and timely tender to the Exchange Agent additional cash funds required for the payment of cash in lieu of fractional shares in the Merger, which amounts when paid shall constitute a part of the Exchange Fund. As soon as practicable after the Effective Date, but not later than the 5th business day after the Effective Date, the Exchange Agent shall tender to each shareholder of FOBB, who properly surrendered Certificates to the Exchange Agent with an Election Form at or prior to the Election Deadline (x) a certificate representing that number of shares of MBFI Common Stock (if any) to which such former holder of FOBB Common Stock shall have become entitled pursuant to the provisions of Section 3.1 or 3.2 hereof, (y) a check representing that amount of cash (if any) to which such former holder of FOBB Common Stock shall have become entitled pursuant to the provisions of Section 3.1 or 3.2 hereof and (z) a check representing the amount of cash (if any) payable in lieu of a fractional share of MBFI Common Stock, which such former holder has the right to receive in respect of the Certificate surrendered pursuant to the provisions of Section 3.2, and the Certificate so surrendered shall forthwith be cancelled. No interest will be paid or accrued on the cash payable in lieu of fractional shares. Certificates surrendered for exchange by any Person identified by FOBB pursuant to Section 7.7 as a Rule 145 Affiliate shall not be exchanged for shares of MBFI Common Stock until MBFI has received a written agreement from such Person as specified in Section 7.7.

3.4 Exchange and Other Procedures Relating to Certificates Surrendered after the Election Deadline.

(a) Transmittal and Deliveries. As promptly as practicable after the Effective Date, but not later than five (5) business days thereafter, with respect to FOBB shareholders (i) whose addresses have been furnished to MBFI or the Exchange Agent on or prior to the Effective Date and (ii) who did not surrender or improperly surrendered their Certificates to the Exchange Agent by the Election Deadline, MBFI shall cause the Exchange Agent to send to each such shareholder transmittal materials (which shall specify that risk of loss and title to Certificates shall pass only upon acceptance of such Certificates by MBFI or the Exchange Agent) for use in exchanging such shareholder's Certificates for the Stock Consideration and/or the Cash Consideration, whichever is applicable. Upon proper delivery to the Exchange Agent of Certificates (or indemnity reasonably satisfactory to MBFI and the Exchange Agent, if any of such certificates are lost, stolen or destroyed) owned by such shareholder, the Exchange Agent shall promptly deliver to such shareholder the Stock Consideration and/or Cash Consideration applicable thereto, and if appropriate, a check for any cash in lieu of a fractional share interest. No interest will be paid with respect to any of the foregoing. Certificates surrendered for exchange by a Person identified by FOBB pursuant to Section 7.7 as a Rule 145 Affiliate shall not be exchanged for the Stock Consideration until MBFI has received a written agreement from such Person as specified in Section 7.7. MBFI and the Exchange Agent shall be entitled to rely upon the stock transfer books of FOBB to establish the identity of those Persons entitled to receive the Merger Consideration pursuant to this Article III, which books shall be conclusive with respect thereto. In the event of a dispute with respect to ownership of stock represented by any Certificate, MBFI or the Exchange Agent shall be entitled to deposit any consideration in

respect thereof in escrow with an independent third party and thereafter be relieved with respect to any claims thereto.

(b) Restrictions on the Payment of Dividends. No dividends or other distributions with respect to MBFI Common Stock to be issued in the Merger with a record date occurring after the Effective Time shall be paid with respect to any unsurrendered or improperly surrendered Certificate until the holder thereof shall be entitled to receive the Stock Consideration in exchange therefor in accordance with the procedures set forth in this Section 3.4. After becoming so entitled in accordance with this Section 3.4, the record holder thereof shall be entitled to receive any such dividends or other distributions, without any interest thereon, which theretofore had become payable with respect to shares of MBFI Common Stock such holder had the right to receive upon the proper surrender of the applicable Certificate.

(c) Surrender by Persons Other than Record Holders. If the Person surrendering a Certificate and signing the accompanying letter of transmittal is not the record holder thereof, then it shall be a condition of the payment of the Merger Consideration that: (i) such Certificate is properly endorsed to such Person or is accompanied by appropriate stock powers, in either case signed exactly as the name of the record holder appears on such Certificate, and is otherwise in proper form for transfer, or is accompanied by appropriate evidence of the authority of the Person surrendering such Certificate and signing the letter of transmittal to do so on behalf of the record holder; and (ii) the Person requesting such exchange shall pay to the Exchange Agent in advance any transfer or other taxes required by reason of the payment to a Person other than the registered holder of the Certificate surrendered, or required for any other reason, or shall establish to the satisfaction of the Exchange Agent that such tax has been paid or is not payable.

(d) Closing of Transfer Books. From and after the Effective Time, there shall be no transfers on the stock transfer books of FOBB of the FOBB Common Stock that were outstanding immediately prior to the Effective Time. If, after the Effective Time, Certificates representing such shares are presented for transfer to the Exchange Agent or MBFI, they shall be exchanged for the Merger Consideration and canceled as provided in this Section 3.4.

3.5 Return of Exchange Fund. At any time following the six month period after the Effective Time, MBFI shall be entitled to require the Exchange Agent to deliver to it any portion of the Exchange Fund which had been made available to the Exchange Agent and not disbursed to holders of Certificates (including, without limitation, all interest and other income received by the Exchange Agent in respect of all cash funds made available to it), and thereafter holders of Certificates shall be entitled to look to MBFI (subject to abandoned property, escheat and other similar laws) with respect to any Merger Consideration that may be payable upon due surrender of the Certificates held by them. Notwithstanding the foregoing, neither MBFI nor the Exchange Agent shall be liable to any holder of a Certificate for any Merger Consideration delivered in respect of such Certificate to a public official pursuant any abandoned property, escheat or other similar law.

3.6 Withholding. MBFI or the Exchange Agent will be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement or the transactions contemplated hereby to any holder of FOBB Common Stock such amounts as MBFI

(or any of its affiliates) or the Exchange Agent are required to deduct and withhold with respect to the making of such payment under the Code, or any applicable provision of U.S. federal, state, local or non-U.S. tax law. To the extent that such amounts are property withheld by MBFI or the Exchange Agent, such withheld amounts will be treated for all purposes of this Agreement as having been paid to the holder of the FOBB Common Stock in respect of whom such deduction and withholding were made by MBFI or the Exchange Agent.

FOBB will immediately cease and cause to be terminated any activities, discussions or negotiations conducted before the date of this Agreement with any Persons other than MBFI with respect to any Alternative Proposal and will use its reasonable best efforts to enforce any confidentiality or similar agreement relating to an Alternative Proposal. (b) In addition to Section 7.15(a) above, from and after the Effective Date, MBFI shall, and shall cause its Subsidiaries to, maintain and preserve the rights to indemnification of FOBB's and its Subsidiaries' officers, employees, directors and agents to the maximum extent permitted by any of the FOBB Certificate, FOBB By-Laws and the charter and bylaws of OB Bank and applicable law as in effect on the date hereof with respect to indemnification for liabilities and claims arising out of claims, actions, suits, proceedings or investigations (each, a Claim) made, asserted or arising prior to or within six years after the Effective Time, if such Claim pertains to any acts, omissions, events, matters or circumstances occurring or existing at or prior to the Effective Time, including the Transactions and the matters referred to in Section 7.15(b) of FOBB's written disclosure schedule, to the extent such rights to indemnification are not in excess of that permitted by applicable state or federal laws or Regulatory Authorities.

(d) This Section 7.15 shall survive the Effective Time, is intended to benefit each indemnified Person (each of whom shall be entitled to enforce this Section against MBFI), and shall be binding on all successors and assigns of MBFI.

(e) In the event MBFI or any of its successors or assigns (i) consolidates with or merges into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger, or (ii) transfers all or substantially all of its properties and assets to one or more other Persons, then, and in each such case, proper provision shall be made so that the successors and assigns of MBFI assume the obligations set forth in this Section 7.15.

Except as otherwise provided in this Agreement, each such FOBB Employee Plan shall, to the extent permitted thereunder and by applicable law, be continued in effect by MBFI or an applicable MBFI Subsidiary after the Effective Time without a termination or discontinuance thereof as a result of the Transactions, subject to the power reserved to MBFI and each of its Subsidiaries to subsequently amend or terminate any such FOBB Employee Plan, which amendment or termination shall comply with applicable law.

(b) FOBB has taken all necessary action relating to the FOBB Employee Stock Purchase Plan to cause the date hereof to be a purchase date under the Plan and as a result thereof will cause 3,766 shares of FOBB Common Stock to be issued to Plan participants. On and after the date hereof, no contributions will be made to or accepted by the FOBB Employee Stock Purchase Plan and other than as described in the preceding sentence, no shares of FOBB Common Stock will be issued under the FOBB Employee Stock Purchase Plan. As soon as practicable after the date hereof, any payroll withholding amounts credited to the account of an eligible employee under the FOBB Employee Stock Purchase Plan which has not been applied to purchase FOBB Common Stock as provided above shall be returned to such eligible employee in cash. FOBB shall cause the FOBB Employee Stock Purchase Plan to be terminated immediately prior to the Effective Time.

(c) FOBB has taken all necessary action to amend the FOBB Director Stock Plan as of the date hereof such that no director fees payable after the date hereof shall be paid or payable for FOBB Common Stock or result in additional DSUs under the Plan. Fees payable after the date hereof the receipt of which would otherwise have been deferred shall continue to be deferred, with such deferred fees, together with earnings credited at the same hypothetical investment return applicable to amounts deferred under the FOBB Executive DCP, payable at the time DSUs held under the Plan are payable. FOBB shall cause the FOBB Director Stock Plan to be terminated immediately prior to the Effective Time and any DSUs outstanding thereunder shall be paid as contemplated by Section 7.18.

Continuing Employees shall not be subject to any waiting periods under the group health plan of MBFI or any applicable MBFI Subsidiary to the extent that such periods are longer than the periods imposed under the applicable FOBB group health plan and MBFI shall use its reasonable efforts to cause its health insurance carrier to cover pre-existing conditions that were previously covered for a Continuing Employee under the FOBB health plan. To the extent that the initial period of coverage for Continuing Employees under any plan of MBFI or a MBFI Subsidiary, whichever is applicable, that is an employee welfare benefit plan as defined in Section 3(1) of ERISA is not a full 12-month period of coverage, Continuing Employees shall be given credit under the applicable welfare plan for any deductibles and co-insurance payments made by such Continuing Employees under the corresponding FOBB welfare plan during the balance of such 12-month period of coverage. Nothing contained herein shall obligate MBFI or any MBFI Subsidiary to provide or cause to be provided any benefits duplicative to those provided under any benefit or welfare plan continued pursuant to Section 7.16(a), including extending participation in any plan which (i) is a qualified plan relative to any period of time with respect to which allocations are made to Continuing Employees under any qualified plan maintained or sponsored by FOBB or a FOBB Subsidiary that is continued by MBFI or an MBFI Subsidiary for the benefit of Continuing Employees or (ii) is an employee welfare benefit plan relative to any period of time that the FOBB group health plan is continued by MBFI or an MBFI Subsidiary for the benefit of Continuing Employees. MBFI agrees to continue the qualified plans of FOBB and the group health plan of FOBB (to the extent permitted by the insurance carrier) through calendar year 2006 for the benefit of Continuing Employees. Nothing herein shall alter the power of MBFI or any MBFI Subsidiary to amend or terminate any benefit or welfare plans of MBFI, FOBB or their respective Subsidiaries. Moreover, this subsection 7.16(d) shall not confer upon any Continuing Employee any rights or remedies hereunder and shall not constitute a contract of employment or create any rights, to be retained or otherwise, in employment at MBFI or any MBFI Subsidiary.

(e) Until the Effective Time, FOBB or a FOBB Subsidiary, whichever is applicable, shall be liable for all obligations for continued health coverage pursuant to Section 4980B of the Code and Section 601 through 609 of ERISA (COBRA) and 215 ILCS 5/367.2 with respect to qualified beneficiaries of FOBB or a FOBB Subsidiary, whichever is applicable, who incur a qualifying event before the Effective Time. MBFI or an MBFI Subsidiary, whichever is applicable, shall be liable for (i) all obligations for continued health coverage under COBRA and 215 ILCS 5/367.2 with respect to each qualified beneficiary of FOBB or a FOBB Subsidiary who incurs a termination on and after the Effective Time, and (ii) for continued health coverage under COBRA and 215 ILCS 5/367.2 from and after the

Effective Time for each qualified beneficiary of FOBB or a FOBB Subsidiary who incurs a qualifying event before the Effective Time.

(f) Neither Party shall take or refrain from taking any action or be required to take or refrain from taking any action with respect to any FOBB Employee Benefit Plan that would subject any participant thereunder to additional tax and interest under Code Section 409A. To the extent any of FOBB Employee Benefit Plan is subject to Section 409A of the Code, FOBB shall cause such Plan to be amended to comply with Section 409A of the Code not later than July 31, 2006.

(g) MBFI shall honor or cause its Subsidiaries to honor in accordance with their terms all FOBB Employee Benefit Plans including the FOBB Transitional Severance Plan adopted on the date hereof and the FOBB Executive DCP, in each case as Previously Disclosed.

(h) Prior to or concurrently with the execution of this Agreement, MBFI and the FOBB CEO shall enter into a letter of understanding addressing certain matters pertaining to the cancellation of the CEO Employment Agreement at the Effective Time and the FOBB CEO entering into a new Employment Agreement with MBFI immediately after the Effective Time, and MBFI shall enter into a letter of understanding for the benefit of the FOBB Chief Financial Officer relating to employment matters post-closing.

(i) Prior to the Effective Date, FOBB shall determine and award bonuses (the Pro Rata Bonus) with respect to that portion of calendar year 2006 ending on the last day of the calendar month preceding the Effective Date, the amounts and recipients of which shall be determined consistent with past practice. The amount of the Pro Rata Bonus has been and shall continue to be accrued monthly based upon anticipated performance. The aggregate amount of the Pro Rata Bonuses as awarded shall not exceed the corresponding pro rata portion of the annual bonus pool as Previously Disclosed. The actual amount of the Pro Rata Bonus shall be fully accrued as of the last day of the calendar month next preceding the Effective Date. In January 2007, MBFI shall determine and award bonuses (the Stub Period Bonus) with respect to portion of calendar year 2006 falling thereafter, the recipients and amounts of which shall be determined in a manner consistent with the determination and award of the Pro Rata Bonus, it being intended that the aggregate of the Pro Rata Bonus and Stub Period Bonus will reflect a full year bonus. Subject to the following sentence, the Pro Rata Bonus and Stub Period Bonus shall be paid no later than the regular payroll date next following January 31, 2007 to those employees who are then employed by MBFI or one of its Subsidiaries. For those employees whose employment terminated on or after the Effective Date but prior to such payment date for any reason other than termination by MBFI or one of its Subsidiaries for cause or voluntary resignation by the employee, they shall be entitled to the portion of the 2006 through the month end prior to their employment termination.

7.17 FOBB Stock Options.

(a) At the Effective Time, by virtue of the Merger and without any action on the part of any holder of a FOBB Stock Option, each FOBB Stock Option that is outstanding and unexercised immediately prior to the Effective Time will be converted into and become an option to purchase MBFI Common Stock (each an Assumed Option) on the same terms and

conditions as are in effect with respect to the FOBB Stock Option immediately prior to the Effective Time, except that (a) each such Assumed Option may be exercised solely for shares of MBFI Common Stock, (b) the number of shares of MBFI Common Stock subject to such Assumed Option will be equal to the number of shares of FOBB Common Stock subject to such FOBB Stock Option immediately prior to the Effective Time multiplied by the Exchange Ratio, the product being rounded, if necessary, up or down to the nearest whole share, and (c) the per share exercise price under each such Assumed Option will be adjusted by dividing the per share exercise price of the FOBB Stock Option by the Exchange Ratio, and rounding up or down to the nearest cent. It is intended that the foregoing assumption shall be undertaken consistent with and in a manner that will not constitute a modification under Code Section 409A. As soon as practicable after the Effective Time, MBFI shall file an appropriate registration statement with respect to the shares of MBFI Common Stock subject to Assumed Options and shall use its reasonable best efforts to maintain the effectiveness of such registration statement or registration statements (and maintain the current status of the prospectus or prospectuses contained therein) for so long as such options remain outstanding.

(b) Not later than ten days prior to the anticipated Effective Date, FOBB shall be entitled to make a written offer to the holders of vested FOBB Stock Options permitting such holders to irrevocably elect to have all or a designated number of their FOBB Stock Options cancelled at the Effective Time for a per share cancellation price equal to the Per Share Amount less the exercise price per share, which per share cancellation price shall be paid in shares of MBFI Common Stock having a value (based on the Final MBFI Share Value) equal to aggregate per share cancellation price payable for such cancelled FOBB Stock Options; provided that MBFI shall withhold shares having a value equal to any applicable tax withholding amount. In order to be binding, the written irrevocable election of an optionholder must be received by FOBB not later than the 2nd day prior to the anticipated Effective Date. Each written offer notice to be issued by FOBB and the written election document to be delivered by optionholders shall be in form and substance satisfactory to MBFI.

7.18 DSUs and RSUs. At the Effective Time, by virtue of the Merger and without any action on the part of any holder of DSUs and RSUs, the DSUs and RSUs outstanding immediately prior to the Effective Time shall be assumed by MBFI in accordance with terms of the agreements and plans applicable thereto as Previously Disclosed, except that the number DSUs and RSUs of each holder shall be converted to a number of DSUs or RSUs, as applicable, equal to the number of DSUs or RSUs, as applicable, held by such holder immediately prior to the Effective Time multiplied by the Exchange Ratio. At and after the Effective Time, each outstanding DSU and RSU shall represent the right to receive a share of MBFI Common Stock in accordance with the terms of the agreements and plans applicable thereto as Previously Disclosed. Upon the conversion of the DSUs or RSUs of a holder to MBFI Common Stock, cash shall be paid in lieu of any fractional share interest of such holder.

Each of FOBB and MBFI shall give prompt written notice to the other of any fact, event or circumstance known to it that (a) is reasonably likely, individually or taken together with all other facts, events and circumstances known to it, to result in any Material Adverse Effect with respect to it, or (b) has caused or constituted or is reasonably likely to cause or constitute, a material breach of (i) any of its representations or warranties as of the date of this Agreement, or (ii) any of its covenants or agreements contained

herein; provided, however, that no such notification shall affect the representations, warranties, covenants or agreements of the Parties (or remedies with respect thereto) or the conditions to the obligations of the Parties under this Agreement; and provided further that a failure to comply with this Section 7.20 shall not constitute a failure to satisfy any condition set forth in Article VIII unless the underlying untruth, inaccuracy, failure to comply or satisfy, or change or event would independently result in a failure to satisfy a condition set forth in Article VIII.

7.20 Litigation Matters. FOBB will consult with MBFI about any proposed settlement, or any disposition of, any material litigation affecting FOBB or any of its Subsidiaries.

7.21 Section 16(b) Exemption. MBFI and FOBB agree that, in order to most effectively compensate and retain Rule 16(b) Insiders (as defined below) in connection with the Merger, both prior to and after the Effective Time, it is desirable that Rule 16(b) Insiders not be subject to a risk of liability under Section 16(b) of the Exchange Act to the fullest extent permitted by applicable law in connection with the conversion of shares of FOBB Common Stock, FOBB Stock Options, DSUs and RSUs into shares of MBFI Common Stock in the Merger, and for that compensatory and retentive purpose agree to the provisions of this Section 7.21. Assuming that FOBB delivers to MBFI the FOBB Section 16 Information (as defined below) in a timely fashion prior to the Effective Time, the MBFI Board, or a committee of non-employee directors thereof (as such term is defined for purposes of Rule 16b-3(d) under the Exchange Act), shall reasonably promptly thereafter and in any event prior to the Effective Time adopt a resolution providing in substance that the receipt by the Rule 16(b) Insiders of MBFI Common Stock in exchange for shares of FOBB Common Stock, and of Assumed Options upon conversion of FOBB Stock Options, and assumed DSUs and RSUs upon conversion of the DSUs and RSUs of FOBB, in each case pursuant to the transactions contemplated hereby and to the extent such securities are listed in the FOBB Section 16 Information, are intended to be exempt from liability pursuant to Section 16(b) under the Exchange Act to the fullest extent permitted by applicable law. FOBB Section 16 Information shall mean information accurate in all material respects regarding the Rule 16(b) Insiders, the number of shares of FOBB Common Stock held by each such Rule 16(b) Insider and expected to be exchanged for MBFI Common Stock in the Merger, and the number and description of the options to purchase shares of FOBB Common Stock, and DSUs and RSUs held by each such MBFI Insider and expected to be converted into options to purchase shares or shares, as the case may be, of MBFI Common Stock in connection with the Merger; provided that the requirement for a description of any FOBB options shall be deemed to be satisfied if copies of all plans, and forms of agreements, under which such options have been granted have been made available to MBFI. Rule 16(b) Insiders shall mean those officers and directors of FOBB who are subject to the reporting requirements of Section 16(a) of the Exchange Act and who are listed in the FOBB Section 16 Information.

7.22 Reservation of Shares; Dividend. MBFI shall reserve for issuance such number of shares of MBFI Common Stock as is necessary to satisfy its obligations under this Agreement.

FORM OF FOBB AFFILIATE AGREEMENT

May 1, 2006

MB Financial, Inc.

6111 North River Road

Rosemont, Illinois 60018

Attention: Mitchell Feiger, President and Chief Executive Officer

Dear Mr. Feiger:

I have been advised that as of the date hereof I may be deemed to be an affiliate of First Oak Brook Bancshares, Inc., a Delaware corporation (FOBB), as that term is defined in Rule 145 promulgated by the Securities and Exchange Commission (the SEC) under the Securities Act of 1933, as amended (the Securities Act). I understand that pursuant to the terms of the Agreement and Plan of Merger, dated as of May 1, 2006 (the Merger Agreement), by and among FOBB, MB Financial, Inc. (MBFI) and MBFI Acquisition Corp. (Merger Sub), a wholly-owned subsidiary of MBFI, FOBB plans to merge with and into Merger Sub (the Merger).

I further understand that as a result of the Merger, I may receive shares of common stock, par value \$0.01 per share, of MBFI (MBFI Stock) (i) in exchange for shares of common stock, par value \$2.00 per share, of FOBB (FOBB Stock) over which I have dispositive power or (ii) as a result of the exercise of Rights (as defined in the Merger Agreement).

I have carefully read this letter and reviewed the Merger Agreement and discussed their requirements and other applicable limitations upon my ability to sell, transfer, or otherwise dispose of MBFI Stock to be received by me in the Merger, to the extent I felt necessary, with my counsel and/or counsel for FOBB.

I hereby represent, warrant and covenant with and to MBFI with respect to MBFI Stock to be received by me as a result of the Merger as follows:

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

1. I shall not make any sale, transfer, or other disposition of such MBFI Stock in violation of the Securities Act or the rules and regulations thereunder. I have been advised that the issuance of the MBFI Stock to me pursuant to the Merger shall be registered with the SEC pursuant to a Registration Statement on Form S-4. However, I have been advised that because (a) at the time the Merger shall be submitted to a vote of the shareholders of FOBB, I may be deemed an affiliate of FOBB, and (b) the distribution by me of the MBFI Stock has not been registered under the Securities Act, I cannot sell, transfer or otherwise dispose of the MBFI

EX C-1

Stock, unless (i) such sale, transfer or other disposition has been registered under the Securities Act, (ii) such sale, transfer or other disposition is made in conformity with the provisions of Rule 145(d) under the Securities Act, or (iii) in the opinion of counsel in form and substance reasonably satisfactory to MBFI, or under a no-action letter obtained by me from the staff of the SEC, such sale, transfer or other disposition will not violate or is otherwise exempt from registration under the Securities Act.

2. I understand that MBFI is under no obligation to register the sale, transfer or other disposition of any of my shares of MBFI Stock under the Securities Act or to take any other action necessary in order to make compliance with an exemption from such registration available.

3. I understand that stop transfer instructions will be given to MBFI's transfer agent with respect to shares of MBFI Stock issued to me in the Merger and that there will be placed on the certificates for such shares, or any substitutions therefore, a legend stating in substance:

The shares evidenced by this certificate were issued in a transaction to which Rule 145 under the Securities Act of 1933, as amended (the Securities Act) applies. The shares represented by this certificate may only be transferred in accordance with Rule 145(d) of the Securities Act or an effective registration statement under the Securities Act or an exemption from registration under the Securities Act.

4. I understand that, unless the sale or transfer by me of the MBFI Stock issued to me in the Merger has been registered under the Securities Act or such sale or transfer is made in conformity with the provisions of Rule 145(d) under the Securities Act, MBFI reserves the right, in its sole discretion, to place the following legend on the certificates issued to my transferee:

The shares evidenced by this certificate were acquired in a transaction that was not registered under the Securities Act of 1933, as amended (the Securities Act) and were acquired from a person who received such shares in a transaction to which Securities and Exchange Commission Rule 145 under the Securities Act applies. The shares have been acquired by the holder not with a view to, or for resale in connection with, any distribution thereof within the meaning of the Securities Act, and may not be offered, sold, pledged or otherwise transferred except in accordance with an exemption from the registration requirements of the Securities Act.

It is understood and agreed that the legends set forth in paragraphs (3) and (4) above shall be removed by delivery of substitute certificates without such legends if I shall have delivered to MBFI (i) a copy of a no action letter from the staff of the SEC, or an opinion of counsel in form and substance reasonably satisfactory to MBFI, to the effect that such legends are not required for purposes of the Securities Act, or (ii) evidence or representations satisfactory

EX C-2

to MBFI that the MBFI Stock represented by such certificates is being or has been sold in conformity with the provisions of Rule 145(d) under the Securities Act.

MBFI hereby agrees (i) to make available adequate public information with respect to itself as provided in Rule 144(c) under the Securities Act, (ii) to provide and pay for a legal opinion (prepared by in-house attorneys for MBFI or legal counsel to MBFI) with respect to compliance with Rule 144 and 145 if required for my transfer or sale of shares in accordance therewith, and (iii) to otherwise cooperate to the extent reasonably possible in order that I may legally transfer or sell my shares of MBFI Stock.

I further understand and agree that this Letter Agreement shall apply to all shares of MBFI Stock that I am deemed to have dispositive power over pursuant to applicable federal securities law.

I further recognize that in the event I become a director or officer of MBFI upon consummation of the Merger, any sale of MBFI Stock over which I have dispositive power may subject me to liability pursuant to Section 16(b) of the Securities Exchange Act of 1934, as amended.

Execution of this letter should not be construed as an admission on my part that I am an affiliate of FOBB as described in the first paragraph of this letter or as a waiver of any rights I may have to object to any claim that I am such an affiliate on or after the date of this letter. Furthermore, this letter shall be of no force or effect if I am not an affiliate of FOBB at the time of the meeting of stockholders of FOBB at which the stockholders of FOBB will vote to adopt the Merger Agreement and approve the Merger and related transactions.

This letter may be signed in one or more counterparts, each of which shall be deemed an original, but all of which taken together will constitute one and the same document.

Ladies and Gentlemen:

You have requested our opinion as to the fairness from a financial point of view to MB Financial, Inc. (the Company) of the Aggregate Consideration (as defined below) to be paid by the Company to the holders of shares of the common stock, par value \$2.00 per share (the First Oak Brook Common Stock), of First Oak Brook Bancshares, Inc. (First Oak Brook) pursuant to the Agreement and Plan of Merger, dated as of May 1, 2006 (the Agreement), by and among the Company, MBFI Acquisition Corp., a newly-formed wholly-owned subsidiary of the Company (Merger Sub), and First Oak Brook. Pursuant to the Agreement, First Oak Brook will be merged with and into Merger Sub (the Merger) and each outstanding share of First Oak Brook Common Stock will be converted into the right to receive, at the election of the holder thereof, (i) an amount in cash equal to the Per Share Amount (as defined in the Agreement) or (ii) that number of shares of the common stock, par value \$0.01 (the Company Common Stock), of the Company equal to the Exchange Ratio (as defined in the Agreement), but subject to certain pro ration procedures and limitations set forth in the Agreement. Under the Agreement, the aggregate maximum amount of cash required to be paid by the Company in the Merger (the Aggregate Cash Consideration) is equal to (A) \$73,792,729, plus (B) an amount of cash equal to \$36.80 multiplied by the product of 20% and the number of Additional FOBB Shares (as defined in the Agreement), and the aggregate number of shares of Company Common Stock required to be issued by the Company in the Merger (the Aggregate Stock Consideration and, together with the Aggregate Cash Consideration, the Aggregate Consideration) is equal to (x) 8,325,745, plus (y) that number of shares of Company Common Stock equal to 1.038 multiplied by the product of 80% and the number of Additional FOBB Shares.

Goldman, Sachs & Co. and its affiliates, as part of their investment banking business, are continually engaged in performing financial analyses with respect to businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and other transactions as well as for estate, corporate and other purposes. We have acted as financial

advisor to the Company in connection with, and have participated in certain of the negotiations leading to, the transaction contemplated by the Agreement (the Transaction). We expect to receive fees for our services in connection with the Transaction, all of which are contingent upon consummation of the Transaction, and the Company has agreed to indemnify us against certain liabilities arising out of our engagement. We also may provide investment banking services to the Company and First Oak Brook in the future. In connection with the above-described services we may receive compensation.

Goldman, Sachs & Co. is a full service securities firm engaged, either directly or through its affiliates, in securities trading, investment management, financial planning and benefits counseling, risk management, hedging, financing and brokerage activities for both companies and individuals. In the ordinary course of these activities, Goldman, Sachs & Co. and its affiliates may provide such services to the Company, First Oak Brook and their respective affiliates, may actively trade the debt and equity securities (or related derivative securities) of the Company and First Oak Brook for their own account and for the accounts of their customers and may at any time hold long and short positions of such securities.

In connection with this opinion, we have reviewed, among other things, the Agreement; annual reports to stockholders and Annual Reports on Form 10-K of the Company and First Oak Brook for the five fiscal years ended December 31, 2005; certain interim reports to stockholders and Quarterly Reports on Form 10-Q of the Company and First Oak Brook; certain other communications from the Company and First Oak Brook to their respective stockholders; certain internal financial analyses and forecasts for First Oak Brook prepared by its management; and certain internal financial analyses and forecasts for the Company and certain internal financial analyses and forecasts for First Oak Brook prepared by the management of the Company (collectively, the Forecasts), including certain cost savings and operating synergies projected by the management of the Company to result from the Transaction (the Synergies). We also have held discussions with members of the senior managements of the Company and First Oak Brook regarding their assessment of the strategic rationale for, and the potential benefits of, the Transaction and the past and current business operations, financial condition and future prospects of the Company and First Oak Brook. In addition, we have reviewed the reported price and trading activity for the shares of Company Common Stock and the shares of First Oak Brook Common Stock, compared certain financial and stock market information for the Company and First Oak Brook with similar information for certain other companies the securities of which are publicly traded, reviewed the financial terms of certain recent business combinations in the banking industry specifically and in other industries generally and performed such other studies and analyses, and considered such other factors, as we considered appropriate.

We have relied upon the accuracy and completeness of all of the financial, accounting, legal, tax and other information discussed with or reviewed by us and have assumed such accuracy and completeness for purposes of rendering this opinion. In that regard, we have assumed with your consent that the Forecasts, including the Synergies, have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the Company. We are not experts in the evaluation of loan and lease portfolios for purposes of assessing the adequacy of the allowances for losses with respect thereto and, accordingly, we have assumed that such allowances for losses are in the aggregate adequate to cover such losses. In addition, we have not reviewed individual credit files nor have we made an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or

off-balance-sheet assets and liabilities) of the Company, First Oak Brook or any of their respective subsidiaries and we have not been furnished with any such evaluation or appraisal. We also have assumed that all governmental, regulatory or other consents and approvals that are required in connection with the Transaction will be obtained without any adverse effect on the Company or First Oak Brook or on the expected benefits of the Transaction in any way meaningful to our analysis.

Our opinion does not address the underlying business decision of the Company to engage in the Transaction, nor are we expressing any opinion as to the prices at which shares of the Company Common Stock will trade at any time. Our opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Our advisory services and the opinion expressed herein are provided for the information and assistance of the Board of Directors of the Company in connection with its consideration of the Transaction and such opinion does not constitute a recommendation as to how any holder of Company Common Stock should vote with respect to the Transaction.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Aggregate Consideration to be paid by the Company to the holders of shares of First Oak Brook Common Stock pursuant to the Agreement is fair from a financial point of view to the Company.

Very truly yours,

Members of the Board:

You have requested our opinion as to the fairness, from a financial point of view, to the stockholders of First Oak Brook Bancshares, Inc. (FOBB) of the consideration offered in the proposed merger (the Merger) by and between MB Financial, Inc. (MBFI), MBFI Acquisition Corp., a newly formed Delaware corporation and wholly owned subsidiary of MBFI (Acquisition Corp.), pursuant to the Agreement and Plan of Merger, dated as of May 1, 2006, that FOBB, MBFI and Acquisition Corp. intend to enter into (the Agreement). Pursuant to the terms of the Agreement, each outstanding share of common stock, par value \$2.00 per share, of FOBB (the FOBB Common Stock) will be converted into MBFI Common Stock, par value \$0.01 per share (the MBFI Common Stock), cash, or a combination of MBFI Common Stock and cash (the Merger Consideration). The holders of FOBB Common Stock will be offered the opportunity to elect to receive the Merger Consideration in the form of cash, shares of MBFI Common Stock, or a combination of MBFI Common Stock and cash in exchange for each of their shares of FOBB Common Stock. All elections will be subject to allocation and proration procedures described in the Agreement. These procedures are intended to ensure that 8,325,745 shares of MBFI Common Stock (the Aggregate MBFI Share Amount) and \$73,792,729 (the Aggregate Cash Amount) (both of which are subject to adjustments for the exercise of outstanding options of FOBB as of the date of the Agreement and the conversion of director stock units awarded pursuant to the FOBB Director Stock Plan or the FOBB 2004 Stock Plan and restricted stock units awarded pursuant to the FOBB 2004 Stock Plan (the Additional FOBB Shares) or to increase the Merger Consideration in certain circumstances as described in the Agreement) will be exchanged for all of the outstanding shares of FOBB Common Stock. The actual per share value of the Merger Consideration for each outstanding share of FOBB Common Stock will be determined by dividing the Final Transaction Value (as defined below) by 10,026,186 shares of FOBB Common Stock (the Aggregate FOBB Shares) (subject to adjustments for issuance of the Additional FOBB Shares).

The Final Transaction Value shall mean the sum of the Aggregate Cash Amount and the product obtained by multiplying the Aggregate MBFI Share Amount by the arithmetic average of the 4:00 pm. Eastern Time closing sales prices of MBFI Common Stock reported on the NASDAQ for the five consecutive trading days immediately preceding but not including the trading day prior to the effective date of the Merger. The foregoing summary of the Merger is qualified in its entirety by reference to the Agreement.

Keefe, Bruyette & Woods, Inc., as part of its investment banking business, is continually engaged in the valuation of financial services companies and their securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements, competitive bidding processes, market making as a NASD market maker, and valuations for various other purposes. As specialists in the securities of financial services companies, we have experience in, and knowledge of, the valuation of these enterprises. In the ordinary course of our business as a broker-dealer, we may, from time to time purchase securities from, and sell securities to, FOBB and MBFI, and as an active trader of securities, we may from time to time have a long or short position in, and buy or sell, debt or equity

securities of FOBB and MBFI for our own account and for the accounts of our

C-1

customers. To the extent we have any such position as of the date of this opinion it has been disclosed to the Board of Directors of FOBB. KBW also disclosed that it may seek to earn investment banking fees from MBFI in the future. We have acted exclusively for the Board of Directors of FOBB in rendering this fairness opinion, and this opinion does not constitute a recommendation to any stockholder of FOBB as to how such stockholder should vote at any meeting of stockholders called to consider and vote upon the Merger. Our opinion does not in any manner address, FOBB's underlying business decision of FOBB to engage in the Merger nor are we expressing any opinion as to the prices at which shares of MBFI Common Stock will trade at any time. We also express no opinion with respect to the merits of the Merger as opposed to any alternative transactions. We will receive a fee from FOBB for our services.

In arriving at our opinion, we have reviewed, analyzed and relied upon material bearing upon the financial and operating condition of FOBB and MBFI and the Merger.

In the course of our engagement as financial advisor we have, among other things:

- i. reviewed the Agreement;
- ii. reviewed certain historical financial and other information concerning MBFI, including Annual Reports to Stockholders and Annual Reports on Form 10-K and interim reports on Form 10-Q;
- iii. reviewed certain historical financial and other information concerning FOBB, including Annual Reports to Stockholders and Annual Reports on Form 10-K and interim reports on Form 10-Q;
- iv. held discussions with senior management of FOBB and MBFI with respect to their past and current business operations, regulatory matters, financial condition and future prospects;
- v. reviewed and discussed with management of FOBB consensus earnings per share estimates for FOBB for the years ending December 31, 2006 and 2007 as produced by management and published by I/B/E/S;
- vi. reviewed consensus earnings per share estimates for MBFI for the years ending December 31, 2006 and 2007 published by I/B/E/S and discussed with management of MBFI;
- vii. reviewed and studied the historical stock prices and trading volumes of the common stock of FOBB and MBFI;

viii. reviewed the pro forma financial impact of the Merger on MBFI, based on assumptions relating to transaction expenses, purchase accounting adjustments, cost savings and other synergies determined by the senior management of MBFI and FOBB;

ix. analyzed certain publicly available information of other financial institutions that we deemed comparable or otherwise relevant to our inquiry, and compared FOBB and MBFI from a financial point of view with certain of those institutions;

x. reviewed the financial terms of certain recent business combinations in the banking industry that we deemed comparable or otherwise relevant to our inquiry; and

xi. conducted such other financial studies, analyses and investigations and reviewed such other information as we deemed appropriate to enable us to render our opinion.

In conducting our review and arriving at our opinion, we have relied upon the accuracy and completeness of all of the financial and other information provided to us or publicly available and we have not assumed any responsibility for independently verifying the accuracy or completeness of any such information. With respect to anticipated transaction costs, purchase accounting adjustments, expected cost savings and other synergies and other information prepared by and/or reviewed with the management of FOBB and MBFI and used by us in our analyses, FOBB's and MBFI's management confirmed to us that they reflected the best currently available estimates and judgments of the respective management with respect thereto and we assumed that such performances would be achieved. We express no opinion as to such matters or the assumptions on which they are based. We are not experts in the independent verification of the adequacy of allowances for loan and lease losses and we have assumed, with your consent, that the aggregate allowances for loan and lease losses for FOBB and MBFI are adequate to cover such losses. In rendering our opinion, we have not made or obtained any evaluations or appraisals of the property of FOBB or MBFI, nor have we examined any individual credit files.

In connection with rendering our opinion, we have also assumed that there has been no change material to our analysis in FOBB's or MBFI's assets, financial condition, results of operations, business or prospects since the date of the most recent financial statements made available to us. We have also assumed in all respects material to our analysis that FOBB and MBFI will remain as going concerns for all periods relevant to our analyses, that all of the representations and warranties contained in the Agreement and all related agreements are true and correct, that each party to the Agreement will perform all of the covenants required to be performed by such party under the Agreement, that the conditions precedent in the Agreement are not waived and that the Merger will qualify as a tax-free reorganization for federal income tax purposes.

We have considered such financial and other factors as we have deemed appropriate under the circumstances, including, among others, the following: (i) the historical and current financial position and results of operations of FOBB and MBFI; (ii) the assets and liabilities of FOBB and MBFI; and (iii) the nature and terms of certain other merger transactions involving financial institutions. We have also taken into account our assessment of general economic, market and financial conditions and our experience in other transactions, as well as our experience in securities valuation and knowledge of the financial services industry generally. Our opinion is necessarily based upon conditions as they exist and can be evaluated on the date hereof and the information made available to us through the date hereof. Events occurring after the date hereof could materially affect this opinion. We have not undertaken to update, revise, reaffirm or withdraw this opinion or otherwise comment upon events occurring after the date hereof.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration provided pursuant to the Merger is fair, from a financial point of view, to holders of the FOBB Common Stock.

Very truly yours,

/s/ Keefe, Bruyette & Woods, Inc.

DELAWARE GENERAL CORPORATION LAW

262. APPRAISAL RIGHTS.

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to §228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a stock corporation and also a member of record of a nonstock corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words and also membership or membership interest of a member of a nonstock corporation; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in one or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to §251 (other than a merger effected pursuant to §251(g) of this title), §252, §254, §257, §258, §263 or §264 of this title:

1. Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of §251 of this title.

2. Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

Edgar Filing: MB FINANCIAL INC /MD - Form S-4

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.

3. In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under §253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

D-1

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

1. If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

2. If the merger or consolidation was approved pursuant to §228 or §253 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the

date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

D-2

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) hereof and who is otherwise entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to borrow money during the pendency of the proceeding. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the

certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

PART II

INFORMATION NOT REQUIRED IN THE PROSPECTUS

ITEM 20. Indemnification of Directors and Officers.

Section 2-405.2 of the Maryland General Corporation Law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for monetary damages except: (1) to the extent it is proven that the director or officer actually received an improper benefit or profit, for the amount of the improper benefit or profit; or (2) to the extent a final judgment or adjudication against the director or officer is based on a determination that the director's or officer's act or failure to act was the result of active and deliberate dishonesty and was material to the cause of action against the director or officer. The Registrant's charter contains such a provision, thereby limiting the liability of its directors and officers to the maximum extent permitted by Maryland law.

Section 2-418 of the Maryland General Corporation Law permits a Maryland corporation to indemnify a director or officer who is made a party to any proceeding by reason of service in that capacity against judgments, penalties, fines, settlements and reasonable expenses actually incurred unless it is proven that: (1) the act or omission of the director or officer was material to the matter giving rise to the proceeding and was committed in bad faith or with active and deliberate dishonesty; (2) the director or officer actually received an improper personal benefit; or (3) in the case of a criminal proceeding, the director or officer had reason to believe that his conduct was unlawful. The Maryland General Corporation Law provides that where a director or officer is a defendant in a proceeding by or in the right of the corporation, the director or officer may not be indemnified if he or she is found liable to the corporation. The Maryland General Corporation Law also provides that a director or officer may not be indemnified in respect of any proceeding alleging improper personal benefit in which he or she was found liable on the grounds that personal benefit was improperly received. A director or officer found liable in a proceeding by or in the right of the corporation or in a proceeding alleging improper personal benefit may petition a court to nevertheless order indemnification if the court determines that the director or officer is fairly and reasonably entitled to indemnification in view of all the relevant circumstances.

Section 2-418 of the Maryland General Corporation Law provides that unless limited by the charter of a Maryland corporation, a director or officer who is successful on the merits or otherwise in defense of any proceeding must be indemnified against reasonable expenses. Section 2-418 also provides that a Maryland corporation may advance reasonable expenses to a director or officer upon the corporation's receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (b) a written undertaking by the director or officer or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

The Registrant's charter provides for indemnification of directors and officers to the maximum extent permitted by the Maryland General Corporation Law.

Under a directors' and officers' liability insurance policy, directors and officers of the Registrant are insured against certain liabilities.

Item 22. Undertakings.

(a) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at the time shall be deemed to be the initial bona fide offering thereof.

(b) The undersigned Registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(c) The undersigned Registrant undertakes that every prospectus (i) that is filed pursuant to paragraph (2) immediately preceding, or (ii) that purports to meet the requirements of section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(d) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(e) The undersigned Registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the

date of responding to the request.

(f) The undersigned Registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
